STRICKEN COMMUNITY BURIES DEAD

BUT THREE LONE VICTIMS OF THE SOUTH CAROLINA SCHOOL HOUSE TRAGEDY HAVE BEEN IDENTIFIED

All But Eleven of the Victims Are Buried in One Grave Within Sight of Their Funeral Pyre, as Governor of the State Looks on and Expresses Sorrow.

Camden, S. C., May 19.—The disaster-stricken community of the Cleveland school house tragedy, near here, was burying the last of its dead today. Hardly a family in the community escaped the loss of a member and in several instances entire families were wiped out by the tragedy.

All but eleven of the victims were buried in one grave yesterday in the Buelah Methodist churchyard, which is in near view of the schoolhouse ruins in which they met their death. Only three of the 62 men, women and children who shared the same grave had been identified. The others were burned beyond recognition.

Three thousand persons, including Governor McLeod, of South Carolina, attended the open-air burial service, as the sun went down on the scene of the tragedy. The burning of the schoolhouse was caused by the falling of a lamp overhanging the stage upon which members of the graduating class were giving a play for an audience of about 300 men, women and children.

Kershaw county officials have announced that there will be no inquest because of the disaster having been definitely established by eye witnesses. In denying reports that the schoolhouse had been condemned, Alban B. Murchison, county superintendent of education, stated that the building was built but 15 years ago.

Think Su Chow Bandits Will Release Captives

Socialists Blame Taft For Taking Carnegie Annuity

NEW YORK, May 19.—The Socialist party in an annual convention today adopted a resolution demanding the impeachment of Chief Justice Taft of the United States Supreme Court because of his alleged acceptance of a \$10,000 annuity from the Carnegie Corporation, which the resolution declared was obviously for "services rendered."

Governor of Shantung Now Willing To Give Bandits Leaders Jobs In The Army

PEKING, China, May 19.—Telegrams received late today by the American legation have increased the hope that an agreement will be reached for the release of the foreign captives held by the Su Chow bandits.

Governor Tican Chung Yu of Shantung province has sent a messenger to hills with army commissions for the bandit chiefs and an agreement to incorporate the bandit forces into the Shantung army.

WASHINGTON, May 19.—A situation threatening defection among the government troops sent in pursuit of the bandit forces in the Shantung hills in China was reported today in state department advices. It was said that the soldiers had not been paid for 18 months and are reported to be replenishing theirarder by selling ammunition to the bandits.

LONDON, May 19.—Marcel Berube, recently released by the Su Chow train bandits, is journeying to Peking to present an ultimatum to the Chinese government on behalf of the bandits, says a Reuter's dispatch from Tsao Chwang.

The ultimatum, according to the dispatch, is that government troops besieging the bandits must be withdrawn by next Tuesday, failing which two of the Anglo-American captives will be killed.

PEKING, China, May 19.—Telegrams to the Chinese from Tsao Chwang near which 15 foreign captives are held by the mountain outlaws of Shantung, indicates that the government representatives are on the point of abandoning negotiations for the release of the hostages because of the bandits' extravagant demands. The latest terms are that troops be withdrawn from the entire province of Shantung, the bandits to constitute the provincial military force. It is intimated the Wu Yu Lin, minister of communication who has been in charge of the governmental parley will be recalled to Peking.

WOMEN'S DREAMS OF YESTERDAY REALITIES TODAY

Mrs. Dorian Russell, State Head of Women's Organization, Delivers Interesting Talk

The evolution of woman to her present status with equal suffrage rights with man was described last night by Mrs. Dorian Russell, of Grand Rapids, president of the State Federation of Women's clubs, who spoke at a special meeting of the Woman's Welfare club, held in the Peter White public library, in Marquette.

Mrs. George McCombs, recently elected head of the upper peninsula district organization, presided. As a token of esteem, the Welfare club presented her with a bouquet of roses. Miss Corinne Jacques sang "Carmena" and "In the Time of Roses." She was accompanied by Mrs. F. J. Kepler.

In the course of her talk, Mrs. Russell brought woman up to 1821, when her education first became an important factor. It was during this year that the anti-slavery movement was initiated and woman's suffrage first preached. In 1868, the speaker stated, the first step was made towards the formation of a national organization of women's clubs, which now has an enrollment of over 2,500,000 members. The Michigan body became a part of the General Federation of Women's clubs in 1890, when a meeting was held in Madison Square Garden, New York.

Present issues once dreams. "The vital issues of today were only dreams of long ago," the state president declared. "The kindergarten, realized from Froebel, who said, 'Let us live with our children,' child labor laws, woman suffrage and the recent Volstead act, were only visions at one time, but today are national institutions."

Mrs. Russell declared there is an urgent need of cooperation by all women's clubs and illustrated her argument by the suggestion of five circles, one within the other, with the general federation as the innermost one, expanding to the state, district, county and local clubs. The success of the general combination depends upon the work of each, particularly the local group, for without co-operation from individual clubs, the national organization could not function, she declared.

"To the state federation is due much credit for the passage of four bills in the state legislature," she said. "I have a letter from Dr. R. M. Olin, state health commissioner, in which he expresses appreciation and thanks to every organization for supporting the Shephard-Towner and the sterilization bills. The state organization has a legislative committee which meets when state sessions are in session, but during the last session, Mrs. Russell said, she learned that lobbying is not a woman's job. The need for lobbying is at home, the speaker stated.

House of David Quiz Takes a Recess Over the Week End Today

(By the Associated Press)
ST. JOSEPH, Mich., May 19.—The grand jury investigating charges of immorality in the House of David cult was in recess over the week end today, the fourth week of its endeavor closing with two members of the cult in jail for refusal to answer questions propounded by Judge Dingeman, the one-man jury, regarding the mysterious disappearance of Eldorado Smith Moore, wanted as a grand jury witness. The two in confinement are James Moore, 45 year-old stonemason, and Mrs. Elizabeth Rowe, another sect member.

Groesbeck Will Meet With Friday On Resignation

LANSING, May 19.—Governor Groesbeck and Prof. David Friday of the Michigan Agricultural college, are to confer early next week over the situation arising over the reported action at a secret meeting of the board of the school in seeking the resignation of Prof. Friday.

President Friday said he did not take the reported action of the board seriously. Members of the board refused to confirm or deny the report.

CASEYS' TO BEGIN ADDITION TO CLUB WITHIN SHORT TIME

Club House When Completed Will Be One of Most Complete in Wisconsin or Michigan.

Announcement is made by the officers of the Escanaba lodge, Knights of Columbus, that bids will be called for shortly, for the construction of a \$200,000 addition to the present club house at Ninth and First avenue south.

Plans have been under way this summer on club house improvement, which will make the Escanaba headquarters of this large and growing fraternal, among the most complete and commodious in this entire section of the northwest.

The Escanaba lodge is looked upon as one of the strongest and most progressive in northern Wisconsin and Michigan and in keeping with its reputation, the building plans now about to be consummated, will give Escanaba another splendid monument to civic and fraternal pride.

The plans under consideration call for a large auditorium, a swimming pool, shower baths, bowling alley, billiard rooms, council chambers, library and music rooms, dining room, grill and kitchen.

Modern in Every Way. All these departments will be furnished with the most modern equipment and the very best of material is to enter into the new construction work.

The Escanaba council is the most active in the Upper Peninsula. With a present membership of more than 650, plans are being made for the initiation of a class of 75 more on June 17. This remarkable growth has all been attained within the last few years, and the intention of the officers is to make it the largest and most progressive organization of its sort in all of northern Wisconsin and Michigan.

J. P. Kennally, Grand Knight, and J. R. Harris, Past Grand Knight, will represent the lodge at the state convention opening at Mount Clemens on Monday. Mr. Kennally will leave tonight for the convention city. Mr. Harris left yesterday afternoon from Marquette, where he has been serving on the federal grand jury.

Warren Wheeler Said to Be Showing Favorable Signs Today

Little Warren Wheeler, eight-year old son of Mr. and Mrs. C. F. Wheeler, 521 North Eighteenth street, who was run down by a car driven by Raymond Ford, in an unavoidable accident last Wednesday afternoon, is getting along very nicely, it was reported today. The child has, it was developed through an X-ray examination, a slight fracture at the base of the skull and although it is regarded as quite a serious injury, yet the indications are most favorable for a good recovery.

When the child was first knocked down, it was believed that he had sustained no serious injury, but after being taken to his home and from there to St. Francis hospital, the X-ray showed that his skull had been fractured.

MOTOR PLUNGE KILLS WOMAN, 45, OF IRON MTN.

IRON MOUNTAIN, Mich., May 19.—The second automobile fatality in Dickinson county within five days occurred on the Quincees road when Mrs. Charles Anderson, 45 years old, was killed instantly when the car, in which she was riding plunged off the road and pinned her to the ground. The machine was driven by Leo DuFord, who escaped unhurt. He was arrested by Sheriff Cleveland pending inquest. He may face a criminal charge.

JOBS FOR 1700 MORE MEN AT MEMONINEE SOON

MEMONINEE, Mich., May 19.—The Lloyd Manufacturing Company announced today that construction work would start at once on a 70 per cent increase in factory capacity. Fifteen hundred additional men will be given employment.

BORAH MACES HARDING ON WORLD COURT

Says Its Scheme to Coax U. S. into League of Nations.

Insists that World Court Proposition Is Integral Part of the League Plans.

St. Louis, Mo., May 19.—The proposal of President Harding for the United States to become a member of the court of international justice was condemned as a scheme to coax this country into the League of Nations, by United States Senator Borah, of Idaho, in an address here last night.

Senator Borah insists that the world court is an integral part of the League of Nations; that the league is its foundation and that the proposal for the United States to enter it is for no other reason than to get the country into the league to bear the league's financial burdens.

BIKE THIEVES HAVE REACHED "END OF ROPE"

Will Be Taken into Probate Court in Future, Police State.

No more bicycles are to be shown boys who steal bicycles. This is flat, is the word with the bark on and may be regarded as the final word of the police department on this subject. Ten many bicycles have been picked up lately. If not stopped, Heroic force, the police have spent their time in tracing a bicycle thief, recovering it, turning it over to the owner and returning the boy who committed the theft.

In the future, the procedure is to be somewhat different. The boy who steals the wheel is to be arrested, taken before the probate court and the police department will earnestly recommend that the offender be committed to the reform school.

The police now know where several stolen wheels are located. The boys having them in their possession, will be given until Monday to return them to the rightful owner, or they will be brought in and taken before the probate court. After Monday there will be no such leniency shown.

Battle Creek Girl Wins Free-For-All Typewriting Race

KALAMAZOO, Mich., May 19.—First places in a typewriting and short hand contest held at the Western State Normal School, went to contestants from Three Rivers, Battle Creek, Owosso, Buchanan and Greenville.

A Battle Creek girl took the free for all typewriting contest by writing a fraction more than sixty-eight words a minute. Miss Iner of Owosso won the shorthand contest, taking dictation at the rate of 120 words a minute.

GOVERNOR'S VETO KILLS BAHORSKI'S BAIL BILL

LANSING, Mich., May 19.—In response to the appeal of Paul W. Voorhies, prosecuting attorney of Wayne county, Governor Groesbeck has vetoed the Bahorski bail bond bill, passed by the recent legislature, which Mr. Voorhies declared would have opened the way for the repetition of all the old abuses of bonding privileges in Detroit courts.

IF DIOGENES WERE ALIVE TODAY

Would hang up his lantern and find his honest man through a Want Ad in The Mirror Classified Column.

WHY CERTIFICATE OF TITLE TO CAR 'S OF BIG VALUE

Helps Police Trace Cars Which Have Been Stolen and Aids in Their Recovery.

One of the greatest difficulties of the local police in the matter of issuing permits for driver's licenses and approving applications for them, is to get the applicant to understand the value of the necessity for having a certificate of title to their car. Many arguments arise. A good many people seem to consider that the certificate of title is merely a sort of receipt and they put it away, lose it or mislay it somewhere, where it cannot be found. Then there is trouble in applying for a license. A license cannot be issued until the application is approved by the chief of police and he cannot approve the application until the certificate of title is produced.

Here is why a certificate of title is a safeguard for the owner of a car. It prevents the resale of his car if it is stolen. In the city of Detroit in the month of April, 191 cars were stolen. The report for the month of May shows that 7 of these cars were recovered and in every case it was because the owner and not the thief had a certificate of title through which rightful ownership could be and was traced.

TEACHER SAYS MOTHER NAILED HER IN SCHOOL

SANDUSKY, Mich., May 19.—Charging that Mrs. John Ingles, mother of one of her pupils, nailed the school door shut while she was inside the building Monday afternoon, Miss Gladys Montgomery, rural school teacher near here, today made a complaint against Mrs. Ingles, charging her with disturbing sessions of a public school.

STORK RIDES WITH OHIO AUTO TOURISTS

MARSHALL, Mich., May 19.—The Marshall Tourist Camp on the Calhoun fair ground was the scene of the first birth in the camp last night when Mr. and Mrs. Arthur Trellis, of Lima, O., en route to Jackson, became parents of a 10-pound boy.

THE WEATHER.
WASHINGTON, May 19.—The weather outlook for the week beginning Monday for the region of the Great Lakes: Considerable cloudiness, occasional showers and moderate temperature.

Mirror Publishes Resume Of Laws Passed in Lansing

Attention of Mirror readers today is called to the resume of laws passed by the state legislature in its last session. This synopsis of the legislative activities will be valuable for filing by those who desire to preserve a record of what is done by the state.

CLEVER YOUNG MUSICIANS IN A RECITAL HERE

Freeman Empson and Chapman Smith Please Select Audience.

Freeman Empson, son of G. R. Empson, Gladstone attorney, and Chapman Smith, son of C. B. Smith, treasurer of the Delta Hardware Co., appeared in a piano recital at the studio of their teacher, Mrs. W. H. Summers, yesterday, before an audience of invited guests. The following program was rendered and gave pleasure to those who heard it:

- Musette Bach
- Chorale Bach
- Sonatina, First Movement Kullak
- Minuet Bach
- Avallanche Heller
- Freeman Empson
- Midnight Torjussen
- The Race Lucas
- Chatter Lucas
- Hunting Song Ornstein
- Album Leaf Mitchell
- Song of India Rimsky Korsakov
- Freeman Empson
- Prelude No. 20 Opus
- Waltz in A Minor Greig
- Minuet Paderewski
- The Nightingale Kullak
- Chapman Smith
- Ghost in the Chimney Kullak
- Country Dance Beethoven
- Freeman Empson

A keen appreciation of the fine musicianship displayed was voiced by the auditors.

House of David Quiz Takes a Recess Over the Week End Today

(By the Associated Press)
ST. JOSEPH, Mich., May 19.—The grand jury investigating charges of immorality in the House of David cult was in recess over the week end today, the fourth week of its endeavor closing with two members of the cult in jail for refusal to answer questions propounded by Judge Dingeman, the one-man jury, regarding the mysterious disappearance of Eldorado Smith Moore, wanted as a grand jury witness. The two in confinement are James Moore, 45 year-old stonemason, and Mrs. Elizabeth Rowe, another sect member.

In Dickinson County
10 ACCIDENTS Since April 1.
2 KILLED Since April 1.
7 INJURED Since April 1.

Death claims and injuries in every one of these cases would have been paid under the terms of THE DAILY MIRROR TRAVEL ACCIDENT POLICY.

Has your policy expired?
Is your family's welfare endangered because you do not have a Mirror Policy?
COME IN AND LET US EXPLAIN.

CITY SCHOOLS HAVE RECEPTION DAY AND IT'S GREAT SUCCESS

More Than a Thousand Parents Visit the Various Grade Schools During Day.

Approximately 1,000 parents—parents of children attending the grade schools—visited the various buildings yesterday which had been set aside as "Reception Day" for the purpose of affording visitors an opportunity of seeing the children in the actual performance of their work, rather than inspecting prepared papers.

Teachers of the various rooms had prepared programs calculated to stress some one particular thing and the whole was so arranged that they did not conflict.

It is estimated that more than 100 visitors called at each building and at the Webster school there were more than 200 callers. Supt. Olds visited each building during the day and the reception was considered a great success inasmuch as it brought to the parents a more adequate conception of actual class room work.

CHILD'S SKULL IS FRACTURED; WILL RECOVER

Warren Wheeler Said to Be Showing Favorable Signs Today.

Little Warren Wheeler, eight-year old son of Mr. and Mrs. C. F. Wheeler, 521 North Eighteenth street, who was run down by a car driven by Raymond Ford, in an unavoidable accident last Wednesday afternoon, is getting along very nicely, it was reported today. The child has, it was developed through an X-ray examination, a slight fracture at the base of the skull and although it is regarded as quite a serious injury, yet the indications are most favorable for a good recovery.

CHURCH PILLAR "SQUEALS" ON HIS LIQUOR PATRONS

PORT HURON, Mich., May 19.—William L. Mann, manager of a collection agency, former pillar in a Pentecostal Mission here and a Sunday school teacher, has furnished Judge E. P. Shaw with a list of his liquor patrons.

Mann pleaded guilty to a charge of selling and having liquor in his possession. Included in the list of patrons are several business men.

Robert Blomhuber, a charter member, Mrs. Nellie Mangum and Mrs. C. C. Wiggins, Mrs. George McCombs, and Mrs. George Homeier also attended.

FORD SALES PASS THE HALF MILLION MARK IN 120 DAYS

New Production Records Are Established by Gigantic Concern for the Week Ending May 8.

More than half a million Ford cars and trucks sold in 120 days. That is the astonishing record just established by the Ford Motor Company, eclipsing all previous sales figures and emphasizing more strongly than ever the right of Ford to the title "The Universal Car."

From January 1 to May 1 sales of Ford cars and trucks in the United States reached the enormous total of 561,544, nearly twice the number sold at retail during the same period a year ago when the total was 281,782.

Even with its huge production facilities, now operating on a schedule in excess of 6,500 cars and trucks a day, the company is unable to keep up with the unprecedented demand.

April set a new sales record for the month, just as has every other month this year, and was the fifteenth consecutive month in which sales have run over the 100,000 mark.

Sales during April totaled 163,582 Ford cars and trucks, 60,000 more than were delivered in the same month last year when 115,282 retail deliveries were made.

New production records were established by the Ford Motor Company for the week ending Tuesday, May 8, during which a total of 29,653 cars and trucks were turned out for the dealer's use, according to announcements by the Ford News. This exceeds by 192 the previous high record set the week before.

Daily production records went to a new high mark Friday, May 4, when 6,590 cars and trucks were assembled, beating the record of 6,271 established on Tuesday, April 17.

Ford's tractor production for the week ending Tuesday was 2,578. During the same week the Lincoln division of the Ford Motor Company produced 176 Lincoln cars.

FORD SEES WAY TO WHITE HOUSE FIRMLY BLOCKED

Says "Big Interests" of Country Will Keep Him Out.

(By the Associated Press) Poughkeepsie, N. Y., May 19.—Henry Ford Wednesday discounted his chances of becoming president of the United States by saying that the financial and political interests of the country would never allow him to enter the race.

Ford conferred with Edward E. Perkins, treasurer of the New York state democratic party. After the conference, he was asked his political significance. He replied: "They would never let me become president. They will never have me."

Perkins laughingly told Ford that if he would move to Dutchess county, he could easily become president. Ford then remarked that the question of his personal wealth should not become a campaign issue. He deprecated published stories of his great wealth. He left Wednesday afternoon for Roxbury to visit the grave of his old comrade, John Burroughs, the naturalist.

SAY EVERYONE CAN LIVE TO BE 152 YEARS OLD

British Doctor Describes Diet that Will Bring Ripe Old Age.

(By the Associated Press) LONDON, May 19.—The ripe old age of 152 years is within the grasp of any one, says Dr. Joseph Oldfield, the latest aspirant to the shoes of Ponce de Leon.

He believes in a diet of coarse bread, porridge, buttermilk, vegetables, butter, cheese and home brewed ale, and salutes Americans by saying that the last mentioned article is not essential to long life, although a potent factor in attaining it.

He asserts that the vitamins in the barley in the old home-brewed ale are responsible for the stamina of the English of the last five centuries.

NOTER GOTHAM CABARET CLOSED BY PROHIBITION

Murray's Roman Gardens Will Be Remodeled into Stores.

(By the Associated Press) NEW YORK, May 19.—Murray's Roman gardens, a familiar landmark of the white light district, will close its doors today. Prohibition did it.

A few weeks ago the government sought to close the cabaret as a public nuisance. Rather than go through with court litigations, the management has decided to shut up shop and remodel the building for stores.

YOUR SUNDAY DINNER

—if served here will prove to you that it is cheaper to bring your wife here than to eat at home. Every Sunday sees an increase in the number of dinners we serve. The reason for this is the kind of food we buy. Nothing but the very best of everything comes into our kitchen.

SUNDAY PRICES

Served from 11 to 8. Chicken dinner—Half a roast chicken with a soup course, vegetables and bread and butter only. 75 Cents

Roast Meat dinner—Your choice of two or three different kinds of roast meat with soup, vegetables, bread or rolls. 60 Cents

At these prices, we charge extra for pie or ice cream, but it is only 10 cents.

How about a quart of Chop Suey for your lunch at home. It costs but 60 cents for the regular meat kind and \$1.00 for chicken.

Chief Accomplishment of the Session Was the Definite Stand Against Tax-exempt Bonds and Securities.

(By WILLIAM LEE CALNON.) Lansing, Mich.

More public attention having been directed to battles over legislative bills that did not get through the mill in the 1923 regular session than to those which did, it may come as a surprise to know that the state has 335 new laws, or will have when they all take effect 90 days after the sine die adjournment on May 31.

Failure of the 2-cent gasoline tax bill and the subsequent defeat by "gas bloc" bitter-enders of the weight tax bill for motor cars, designed to substitute for it, leaves the state highway department short of funds for continued road development.

Failure to pass any reapportionment bill affecting senate and house seats, despite the constitutional mandate that this be done by the 1923 legislature, may result in the legislators being called back in special session later in the year. The gasoline tax-weight tax battle might be resumed again at such a session if the governor calls the matter up.

The senate buried in committee the income tax bill passed by the house despite the referendum vote against such a tax last November. The effort to reapportion primary school funds also failed.

Perhaps the chief accomplishment of the 1923 legislature was the taking of a definite stand against tax-exempt bonds and securities.

Of the 335 acts adopted by the legislators 154 originated in the senate and 181 in the house. Following is a digest of the bills that became session acts:

HOUSE ENROLLED ACTS

- 1-(McDonald) Amends act making it a misdemeanor to throw missiles at passenger trains so as to add motor vehicles, locomotives, freight trains and cabooses.
- 2-(Richard) Abolishes endorsement committee at Albion College and gives control of endowment funds to college trustees.
- 3-(J. E. Watson) Adds farm loan bonds issued by federal land banks to list of securities in which state savings banks may invest.
- 4-(Howarth) Applies to persons adjudged feeble minded or insane the same restrictions as to marriage as are applied to those who have been confined in asylums.
- 5-(Wells) Amends drainage act to permit supervisors to make up out of general fund a loss caused by embankment by county officials. Effective only until January 1, 1925, and intended to care for situation in one county of the state.
- 6-(Wade) Prohibits taking of fish from inland waters stocked at public expense if the public is excluded. Does not apply to small lakes of less than 250 acres.
- 7-(G. C. Watson) Provides for appointment by governor of one of the assistant attorneys general to be public administrator. He may name county administrators where necessary.
- 8-(Miles) Extends for one month the black bass season so that it opens January 1 instead of February 1.
- 9-(Baxter) Repeals 1921 act closing Reed and Pisk lakes in Kent county to fishermen.
- 10-(Culver) Regulates the business of furnishing towels and laundered articles for hire.
- 11-(Dykstra) Permits boards of education to provide advanced classes for high school graduates, the granting of 8-year teachers' certificates to junior college graduates and entitling such graduates to admission to the U. of M.
- 12-(Town) Prohibits sale of filled milk, cream, etc., when any fat or oil other than milk fat has been added to them.
- 13-(J. E. Watson) Relieves from four to three per cent the reports to the banking commissioner required from trust, deposit and security companies.
- 14-(Osborn) Provides that in counties that have no auditors the county clerk may draw warrants to pay out hospital fund moneys.
- 15-(Woodruff) Amends judiciary act to allow clerks of circuit court commissioners to sign the latter's name to summonses, citations and other court papers.
- 16-(Wade) Raises salary of circuit court stenographer in Allegan-Ottawa district from \$1,800 to \$2,500.
- 17-(J. E. Watson) Requires publication in newspapers of notice of proposed incorporation of any new bank and deposit with application for incorporation.
- 18-(Brown) Transfers from secretary of state to commissioner of health certain duties under the divorce act.
- 19-(C. F. Lewis) Permits township fire departments, expenditure of \$1,000 for apparatus, and \$500 annually for maintenance.
- 20-(Dacey) Allows boards of supervisors to send notices of meetings by registered mail at least ten days before the meeting.
- 21-(Thomas) Exempts bullhead, carp and suckers from operation of act prohibiting transportation of fish caught in Branch or St. Joseph counties.
- 22-(Miles) Limits the weight of fish that may be caught in Michigan waters.
- 23-(Woodruff) Arranges for the taking over by Eocese of schools in annexed territory.
- 24-(Barnard) Repeals act requiring metal discs on bottles of poison.
- 25-(Stevenson) Permits importation of rabbits killed in other states.
- 26-(Stevenson) Permits purchase or sale of white bass imported from Canada.
- 27-(Howarth) Increases salary of Oakland circuit court stenographers from \$2,500 to \$3,000 a year.
- 28-(Haight) Increases salary of Ingham circuit court stenographers from \$2,500 to \$3,000 a year.
- 29-(Recalled by house from governor after enactment.)
- 30-(Pitkin) Increases salary of stenographer of circuit court in Muskegon-Oceana district to \$3,000 a year.
- 31-(Richardson) Increases salary of circuit court stenographer in Marquette-Delta-Dickinson district from \$3,000 to \$3,500 a year.
- 32-(Braman) Provides for standard grading and inspection of grapes.
- 33-(Rowe) Amends department of agriculture act by merging the agricultural fair commission in the board of managers of state fairs.
- 34-(Hoad) Exempts from dipping such sheep as are brought into the state only for feeding purposes between August 21 and May 1.
- 35-(Warner) Aimed to place tax of 3 cents a gallon on gasoline. Vetted.
- 36-(Miles) Permits drawing of two extra jurors in protracted cases so that relief jurors can be called in cases of illness of regulars.
- 37-(Lennon) Amends act governing consolidation of three or more rural districts to establish rural agricultural schools. Requires signatures of 50 per cent of legal school electors in each district instead of 25 and requires assessed valuation of at least \$1,000,000 in entire area.
- 38-(Richard) Permits county treasurers to serve more than two consecutive terms.
- 39-(DeShazo) Authorizes county boards of supervisors to establish public markets.
- 40-(Wells) Applies to Barry county waters fish law affecting Cusa county.
- 41-(Minn) Amends law on taking of fish in Duncan bay.

NOTICE TO CONTRACTORS

Solicited bids will be received by Mr. Louis Schemel, Secretary of the Board of Education, Escanaba, Michigan, on or before the 29th day of May, 1923, at 1:30 P. M. for furnishing all labor and material to erect and complete an addition to the Webster Grade School at North Escanaba, Michigan, and do all such remodeling as the plans and specifications call for prepared by G. Arntzen, Architect, Escanaba, Michigan, exclusive of heating, plumbing, electric wiring and painting.

Plans and specifications for the above stated work may be inspected at the Architect's office, Escanaba, Michigan; at the Builders and Traders Exchange, Milwaukee, Wisconsin; at the office of the Secretary of the Board of Education.

Plans may be obtained from the Architect by depositing a certified check for Twenty (\$20.00) Dollars with a request for plans. The check will be returned to the bidder when the plans are returned to the Architect in good condition, otherwise the check will be forfeited.

The successful bidder whose bid is accepted will be required to furnish a bond equal to 100% of his bid to protect the School District of Escanaba, Michigan, and one bond equal to 50% to protect the People of the State of Michigan.

Each bid shall be accompanied by a certified check or a bidder's bond equal to 2% of the amount of the bid submitted. This check or bond must be made payable to the Secretary of the Board of Education and said check or bond shall be forfeited to the Board of Education as liquidated damage in case the bidder refuses or fails to enter into contract, and furnish satisfactory bond as specified within 15 days after notice is received of contract awarded.

The bids must be sealed and marked "Proposal" for the addition and remodeling of the Webster Grade School, Escanaba, Michigan, and addressed to the Secretary of the Board.

The Board of Education reserves the right to accept or reject any or all bids.

By order of the Board of Education of Escanaba, Michigan.
(Signed) G. ARNTZEN, Architect,
148 Escanaba, Mich.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and lustrous. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and lustrous.

RED PEPPERS END RHEUMATIC PAINS

When you are suffering with rheumatism so you can hardly get around just try Red Pepper Rub and you will have the quickest relief known.

Nothing has such concentrated, penetrating heat as red peppers. Instant relief - just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Frees the blood circulation, breaks up the congestion - and the old rheumatism torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Use it for lumbago, neuritis, backache, stiff neck, sore muscles, colds in chest. Almost instant relief awaits you. Be sure to get the genuine, with the name Rowles on each package.

Chemical analysis proved DANISH PRIDE MILK to contain 43% cream.

THE CHINESE ERUPTION.

China is so ancient and so bulky that she moves inches while other nations are moving yards, and it is always next to impossible to tell what is the significance or what is to be the end of any of her upheavals. An astronomer might say that her orbit is not determinable. But looking at her condition as it stands, without undertaking to guess what the end is going to be, we think it is tenable to say that most of her prevalent troubles are the result of western contact. This is emphatically the case in the political field. The attempt of "advanced" thinkers to inflict American and European methods on a people that have no preparation nor aptitude for them, in particular the endeavor to institute a "Republican form of government" has torn up the old anchorages without substituting new ones. Under normal conditions, such a procedure would have invited both governmental and social chaos. Consider the demoralization that has spread everywhere as a result of the World war, and you have a sufficient explanation for all the evil that has come upon the country.

The immediate occidental impulse is to inquire what's to be done. In the case of some small land, the reply of the Caucasian is intervention and supervision.

But while this sort of thing may be effective as a remedy even in a country as large as Egypt, it would be quite a different matter to apply it to the vast mass of humanity that lives and moves and has its being in what our fathers were wont to call The Celestial Empire.

It is a serious question whether there is anything to be done beyond providing for the reasonable safety of foreign residents and their property, and then allowing the situation to boil until it simmers down. Certainly armed intervention is impractical, or if it were practical, it would be of no real benefit because it would be anything more than the imposition of a foreign despotism. Possibly Japan might do something if it were allowed a free hand, but there is not much probability that the white nations would ever consent to anything of that sort even though their governments might be convinced in their hearts that this is the one practical positive move that can be made.

And after all, why should the outside world butt in. The Chinese keep to themselves. They do not molest people who remain beyond their borders. Haven't they a right to settle their affairs in their own way, which in the end is bound to be the best way?

MONEY IN UNCLE SAM'S POCKET.

As "deficit" is one of the most gloom-inspiring words in the lexicon of public affairs so is that glad noun "surplus" something to make the heart merry. When used by two such conservative men as the director of the budget and the secretary of the treasury the American public can take it at its face value. To such men as Gen. Lord and Mr. Mellon terms like "deficit" and "surplus" are very important and well-defined terms, never used jocularly nor even with casual intent.

The striking thing about recent financial statements from Washington has been that Mr. Mellon has been constantly more optimistic than Gen. Lord. When Gen. Lord says the deficit will be \$1, Mr. Mellon says no, it will be only fifty cents; and now when Gen. Lord concedes there will be a surplus of \$1, Mr. Mellon contradicts him again and says it will be \$4. Or to use the round totals, the budget director estimates the surplus of the national budget at \$60,000,000, while Secretary Mellon puts it at \$125,000,000. But on the main fact agreement is unanimous and a right hearty ring it has in the ears of the American people.

Even it seems that the war is over for the gross debt of the country is expected to be reduced \$1,600,000,000 by June 30, the result of two years' efforts; this year \$405,000,000 has been put into sinking fund and similar purposes. And in spite of it all these close-figuring national bookkeepers say there will be money in the pocket of Uncle Sam when the fiscal year ends.

THE MEXICAN CONFERENCE OPENS.

The conference which is expected to bring about new and better relations between Mexico and the United States is at work at last, under circumstances which ought to lead to an outcome satisfactory and honorable to both sides. No American can contemplate the history of Mexican relations for the last ten years without wishing that it had been different, and without feeling that it would have been different, if there had been more common sense in Washington. Of course, there was a plentiful lack of the same thing in Mexico, but the story of revolution and false pride on one side, met by blundering and blind adherence to inapplicable theories on the other, is all in the past.

The two nations face each other today without rancor. The people on both sides of the Rio Grande want to be friends, and their wishes are backed by evident and important interests. In that situation it is almost impossible to believe that the conference will fail, and certainly the people of this country will not be content with failure.

The alarmists are having considerable difficulty in convincing the people that it is an awful thing to live in a country suffering from too much prosperity.

An eastern writer has discovered that the colleges for girls in the United States are hot-beds of bolshevism. Has anybody investigated the old ladies' homes?

Congress will have to do a lot of hard thinking before it maps out a good program for managing a wet set that has three miles of dry margin.

How much of your supply of next winter's coal were you obliged to burn during the late relapse?

Just as China gets through apologizing, the bandits bob up and create a whole new flock of international complications.

U. S. SENATORS INVADE EUROPE.

Determined to Obtain First-Hand Facts on the Conditions Abroad.

(By the Associated Press) WASHINGTON, May 19. When the senate of the sixty-eighth congress convenes next December, approximately one-third of its membership will be armed with international views obtained by personal inspection trips over Europe during the long recess.

Others to Leave. Senators McCornack, Republican of Illinois, and Walsh, Democrat of Massachusetts, are now enroute to Europe, and eight other senators are preparing to leave in a short time, among them Senator La Follette, of Wisconsin.

Announcement that La Follette will go abroad, following a similar declaration from Senator Borah, Republican of Idaho, was taken to indicate that the "irreconcilable" of the senate are seeking a full arsenal of ammunition for use in opposing all applicants for foreign alliances during the next congress. With La Follette and Borah about to go, and Senator Hiram Johnson, Republican of California, now on foreign soil, the big three of the irreconcilable camp will have visited Europe during the recess. Information gained on their visits abroad will be relayed to the American people from the floor of the senate in the next congress.

Senator Moses, Republican of New Hampshire, another irreconcilable, has just returned. Of those now abroad, besides Johnson, the irreconcilables can also claim Senators Brookhart, Republican of Iowa; Wheeler, Democrat of Montana, and Spencer, Republican of Missouri.

Friends Are Active. Friends of the League of Nations, however, are also in attendance at the European session. Senator Underwood of Alabama, Democratic leader during the league fight, and Senator Gerry, Democrat of Rhode Island, one of its ablest exponents, are now abroad, and going to join them in the near future will be Senators Robinson, of Arkansas, the next minority leader; King, Democrat of Utah, a warm friend of the league, and Swanson, Democrat of Virginia, close friend of former President Wilson.

Among others planning trips abroad are Senators Ladd, Republican, of North Dakota; Harrell, Republican, of Oklahoma; and McKinley, Republican, of Illinois. In addition to these Senators Owen, Democrat of Oklahoma; Harris, Democrat of Georgia, and Caraway, Democrat of Arkansas, have been to Europe in the last year, while Senators Tom Walsh, Democrat of Montana; Weller, Republican, of Maryland, and Lenroot, Republican, of Wisconsin, have been on tours of the Pacific.

Illinois leads all other states in American Legion membership for 1923. Other states, in relative order, follow: Pennsylvania, Iowa, Ohio, New York, Minnesota, California, Indiana, Wisconsin and Kansas.

After nearly 25 years, service, Sergeant William Rafter, of Scranton, Pa., has been honorably discharged from the United States army. During his army life he won 11 war medals and citations.

Two hundred and seventy-five thousand acres of public land were recently opened in five western states for entry by former service men.

Mission Circle—Friday, 2:30 p. m. Meets with Mrs. Clyde Hewett, 309 South Sixth street.
Rev. Harry W. Staver, Pastor.

Drugs Excite the Kidneys, Drink Water
Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.
When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.
This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders.
Jad Salts is inexpensive; can not injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine your kidneys at least twice a year.

HELP IS ASKED AGAINST FLOOD
Hot Springs, Ark., Will Appeal to Government for Preventive Measures.

(By the Associated Press)
HOT SPRINGS, Ark., May 19.—Hot Springs business interests, Wednesday, prepared to petition the department of the Interior to provide better drainage of the mountains surrounding this city as a prevention against a recurrence of the flood which swept down Monday night and, with a subsequent fire, caused the worst catastrophe in the history of this city.
Resolutions were adopted at a meeting of the Business Men's league in the midst of work of rehabilitation to restore Central avenue, main business thoroughfare, which bore the brunt of the flood's fury. Repairing of the street torn up by the rush of the water will begin as soon as materials can be assembled, it was announced, and plans were under way to aid merchants whose places of business were damaged by the rush of water from the mountains.

LAKEVIEW CEMETERY ASSOCIATION ANNUAL MEETING.
The annual meeting of the Lakeview Cemetery Association will be held Monday evening, May 28th, at the office of Judge Emil Glaser, 317 First Avenue South.
Theo. Farrell, Pres.
F. H. Atkins, Secy.
148

According to Brigadier General Amos A. Fries, chief of the chemical war service of the United States army, soldiers in the next war will be encased not only in a gas mask, but in a gas mask suit, which will protect them from the torturing burns of mustard gas.

WAR MEDALS GIVEN OUT TOTAL 8,392

D. S. C. Awarded to 6,151; Five of 92 Highest U. S. Honors Held by "Unknowns."

(By the Associated Press)
WASHINGTON, May 19.—A total number of 8,392 medals, including 95 congressional medals of honor, the highest American award for valor, had been issued by the war department for services rendered in the World war up to April 7, when the time limit fixed by congress on decorations for services during the war expired.
A recapitulation made public shows that in addition to the medals of honor, 6,151 distinguished service crosses, awarded only for valor, and 5,976 distinguished service medals, awarded for services of unusual merit in places of responsibility, were issued.

Five to Unknown Heroes.
Of the 95 medals of honor, five went to the unknown soldiers of the United States and its associates in the war—Great Britain, France, Italy and Belgium. A distinguished service cross also was placed on the casket of America's unknown soldier at Arlington by special authorization of congress.
The care taken in awarding medals of honor is brought out by the action of the board of general officers, charged with sifting the acts of heroism, in striking 911 names from the list of 2,633 recommendations for this honor. The remaining cases still are under review by the board. The medal of honor roll contains the names of 1,722 men for acts of heroism prior to the World war.

Of the group decorated with the distinguished service cross, 12 men performed acts which were held to entitle them a second time to that award. In those cases, however, the Oak Leaf cluster was issued in lieu of a second cross.
Enlisted Men Lead.
While the recapitulation did not indicate what proportion of crosses went to enlisted men, war department records show that most of them were awarded to the enlisted personnel.
The distinguished service medals awards were made as follows: To officers, 1,192; enlisted men, 2; army nurses, 24; navy and marine corps, 42; American civilians, including 10 welfare workers and one woman employee of the signal corps, 69; allied officers, 526; foreign civilians, 25. In addition, 195 medals and one with the Oak Leaf cluster were issued to holders of certificates of merit.
A silver star citation is authorized for acts of valor in connection with the forementioned general orders, but not warranting either the medal of honor or the cross. About 10,000 of these decorations have been issued and the roll in the case is open for additional awards.

FLETCHER SENTENCED TO ATLANTA PRISON
Gets 15 Months for Eloping With High School Girl.

RAY CITY, Mich., May 19.—Ross Fletcher, son of Richard H. Fletcher, former state labor commissioner and a candidate for the republican nomination for governor in 1922, was sentenced by Federal Judge Arthur J. Tuttle yesterday to 15 months in the federal penitentiary at Atlanta, Ga., for violation of the Mann act.
Fletcher, 27 years old, married, and the father of a son 4 years old, pleaded guilty to eloping to Chicago with Arlah Dean, a 17-year-old high school girl from Essexville, near here. The affair began when the girl rode as a passenger in Fletcher's motor bus from her home to the high school in this city.
Fletcher and his wife separated several times and last June Mrs. Fletcher brought suit for divorce. The case was thrown out, however, because she had not established a legal residence in Michigan. Mrs. Fletcher is now in Detroit.
In an appeal for clemency Fletcher begged the court to postpone sentence until he could get a divorce from his wife and marry the girl. He has fled suit for a divorce and the hearing is set for June 8.

PAPER PISTOL, 'HANDS UP' CRY, FREE PRISONER
Court Officials Crowd Bluffed, and Robber Escapes Trial.

NORTH BAY, Ont., May 19.—Whipping from his pocket a pistol made principally of cardboard and black paper, and crying "Hands up" Leo Rogers escaped Wednesday from a courtroom full of spectators and court officials where he was about to be placed on trial for robbery.
Still brandishing the paper pistol he stopped an automobile and compelled the driver to rush him at top speed for several blocks when he leaped out and disappeared.
He left the weapon in the car and court attaches were deeply chagrined when they learned the secret of its construction.

PERSONAL

Mrs. Peter Weydert returned from a visit at Marinette and Menominee.
New Hats with values up to \$6.50. For just a few days only, \$3.95 at Silverman's.

Mrs. Max Madalla and Alex, Madalla left yesterday for Chicago, where Mr. Madalla will transact business. Mrs. Madalla will visit relatives.

Mrs. A. H. Crebo left Friday for Norway on a brief visit.

New Dresses—Canton Crepes, Taffetas and Ratines, valued up to \$22.50, will be closed out at \$13.95 at Silverman's.

Atty. N. C. Spencer returned from Marquette yesterday where he went on legal business.

Is it pure? Is it clean? Is it wholesome? Is it economical? Yes! It sure is! None better. DANISH PRIDE MILK. At your grocer.

Miss Helen Olson underwent an operation yesterday at St. Francis hospital and was resting easily, according to last reports this morning.

The Newest and Latest Sport Coats in all the novelty and plain colors with values up to \$22.50, Choice \$16.50 at Silverman's.

Mrs. M. Schnell of Marquette was in the city yesterday in the interests of the Michigan Children's Aid.

F. R. Donaldson of Detroit was a business caller here yesterday.

Hand Ironers wanted at the Escanaba Steam Laundry. Married women can be given half days' work. Inquire at once.

Fred Wallace of Eau Claire returned to his home after a business trip to the city.

It is in a class by itself and maintains a standard by which other brands can be measured. DANISH PRIDE MILK—at your grocer.

Mrs. L. J. Kohler of Racine returned to her home after spending a week in this city with friends and relatives.

New Dresses—Canton Crepes, Taffetas and Ratines, valued up to \$22.50, will be closed out at \$13.95 at Silverman's.

Miss Loretta Larson of Milwaukee was a visitor in the city yesterday enroute to the copper country where she will visit her parents.

Miss Della Lawrence of Ann Arbor returned to her home after a visit with friends.

New Hats with values up to \$6.50. For just a few days only, \$3.95 at Silverman's.

B. B. Keater was a business visitor at Iron Mountain Thursday.

A. J. Henry returned from Rochester, Minn., where he has been visiting his family.

Hand Ironers wanted at the Escanaba Steam Laundry. Married women can be given half days' work. Inquire at once.

Mrs. Gust Bodenu returned to her home at Nadeau after visiting at the home of Mrs. C. Fish and Mrs. C. Tolan.

A baby girl was born to Mr. and Mrs. Eli Sayen.

The Newest and Latest Sport Coats in all the novelty and plain colors with values up to \$22.50, Choice \$16.50 at Silverman's.

A daughter was born to Mr. and Mrs. Wm. Davis at St. Francis hospital Wednesday.

Babies thrive on DANISH PRIDE MILK.

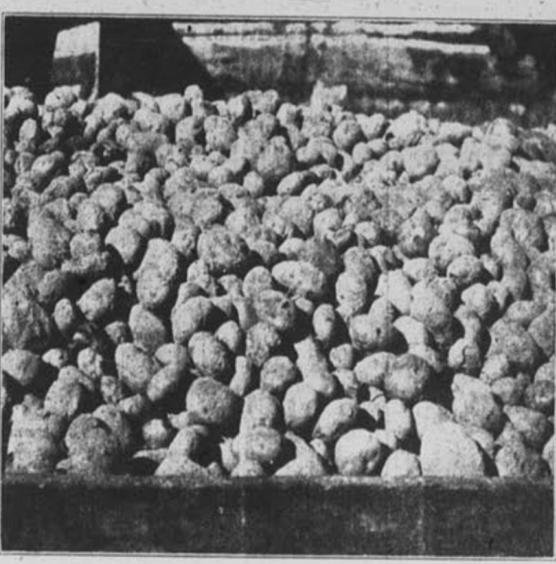

Mrs. Bernard Welter and children left yesterday afternoon for Marinette where they will visit Mrs. Welter's mother.

Mr. and Mrs. Theodore Farroll returned to this city yesterday, after spending the winter months in the West.

Blames Dry Act For Sugar Gouge
NEW YORK, May 19.—Prohibition has been blamed for many evils, but Edward F. Diercks, president of the New York Sugar Exchange, made the crowning charge when he said the high cost of sugar could be laid directly at the door of the Volstead act.
Eighteen members of the New York Women's Sugar committee visited the exchange and watched dozens of shouting wildly gesticulating traders buy and sell thousands of bags of sugar for fall delivery. The fact that the sugar cane had only just been planted, and that the sugar itself was being dealt in seemingly puzzled the women.
When they wanted to know whether sugar was bought and sold, Diercks prices soared because of non-existent gravely and patiently talked about prohibition.
A colonel in the Red army of Russia is paid \$2 a month.

None Too Late, Backward As Is The Season

You May Still Have Potatoes Like the Ones Pictured Below If You will but Warm Up Your Ground with SOIL MANNA.

Soil Manna Potatoes raised by Charles Lessar, of Hermanville, Mich.

The above statement is proven beyond all doubt by Mr. Frank Hartweg's communication wherein he says:

"This being the first year I have had a good yield of potatoes from my garden, I attribute it to the using of SOIL MANNA. The same may be said of corn and citron which were far beyond the average."

"My neighbors have often remarked as to the wonderful growth of my garden, which was far in advance of theirs in maturing. Needless to say I shall always boost SOIL MANNA from this year on."

"Yours very truly,
"FRANK HARTWEG,
Escanaba, Mich."

Many springs you have been through planting long before this.

Give your garden a chance.

SOIL MANNA will help overcome the backward season, in hastening the growth as well as the maturity of whatsoever you are going to plant.

SOIL MANNA will do more for your garden, your lawn, your shrubs and flowers than any fertilizer on the market, and does it for the small amount of \$1.00 for a hundred pounds, delivered to your door.

Call 975, or leave orders at—

ENGINEER DROPS DEAD IN CAB OF NEW YORK FLIER

Quit Wit of Conductor Saves Lives of Hundred Passengers.

(By the Associated Press)
CENTRAL ISLIP, N. Y., May 19.—While more than 100 passengers sat unconcerned on a Long Island train, and the fireman was too busy stoking his fires to notice anything wrong, Engineer George B. Cunningham dropped over in his seat in the cab, and the train ran wild.
When it kept up its mile-a-minute clip past the station at Central Islip, and raced over a grade crossing without its usual warning whistle, Conductor John J. McKeever knew something had happened, rushed forward, and stopped the train with the emergency brake.
The escape of the train load of passengers from disaster through the quick wit of the conductor became known today.
The fireman, Matthew Carranza, looked up from his fires when he felt the train rock to a stop, and found his engineer dead, his hand fallen from the throttle. A heart failure attack had caused the engineer's death.

According to reports a soldier bonus bill will be the first piece of legislation introduced when the Sixty-ninth congress is convened in December.

The ad-reading shopper knows what she wants, what it should cost, where to look for it. The other shoppers know what they want, perhaps; but guess at the rest of the problem.

SEES CONTEST FOR '25 SENATE

Chairman Moses Predicts a "Hard Fight" to Elect G. O. P. Upper House Members.

(By the Associated Press) WASHINGTON, May 19.—Republican senatorial candidates will have a "hard fight" in 1924 in eight states now represented by Republican senators in the opinion of Senator Moses, of New Hampshire, chairman of the Republican senatorial campaign committee, as expressed after a preliminary survey of present political tendencies.

Besides, the senator added, the Democrats are certain to retain at least 10 of the 11 Democratic senate memberships for which elections will be held next year, so that on the whole the Republican committee is "not at all comfortable over the outlook."

First Election is in Minnesota. "We are soon to throw our forces into the struggle which we must make to retain control of the senate," said Mr. Moses. "Although the big fight is not scheduled until the fall of 1924, we must see that Republicans are chosen whenever elections are held in all the states which may occur in the meantime. The first election of that kind is to come in Minnesota and we will bend every effort to assure the election of a Republican to succeed the late Senator Knute Nelson."

"We are not at all comfortable over the outlook for the senate which will meet March 4, 1925. Of the 11 senators to be elected to fill the seats now occupied by Democrats, I am willing to concede that the Democrats will be re-elected in 10 states, all in the south. There is some doubt as to whether they will elect the successor of Senator Stanley in Kentucky and Senator Owen in Oklahoma. My hope of Republican success in those states is not as great as it is for success in Massachusetts and Montana, where we are to be elected to fill the seats now occupied by the two Walshes, but it will be necessary to beat each of them."

Hard Fights in Prospect. A Republican majority in the senate in 1925 is more dependent, in my judgment, upon our electing Republicans to succeed the 15 Republican senators whose terms expire that year. I present it looks as though we are going to have a hard fight in electing Republican senators in New Jersey, Delaware, Illinois, Minnesota, Colorado, New Mexico, South Dakota and Oregon, where the Democrats secured victories in the elections last fall."

STATE TAXERS REDUCE IRONWOOD MINE VALUES

BESSEMER, Mich., May 19.—The Michigan State Tax Commission, holding a hearing here this morning, ordered a reduction of \$925,350 in the valuation of the ironwood mines and a total reduction in the county of \$1,255,418. The valuation of mines in Ironwood for 1923 is \$17,648,780 and the county valuation is \$46,544,818.

FINE PROGRAM FOR SUNDAY SCHOOL MEET IN CALUMET, MAY 22

Escanaba Sunday School Workers Looking Forward Eagerly to Great Three-Day Session.

Escanaba religious workers are deeply interested in the forthcoming convention of the Sunday schools of the Upper Peninsula, to be held in Calumet Tuesday, Wednesday and Thursday of next week. A most elaborate and comprehensive program has been prepared for the big event, the program being as follows:

Tuesday afternoon, 1:30—Registration; 2:00, worship; 2:30 to 4:30, conference of county, city and district officers; announcements.

Wednesday forenoon, 9:00—Worship; 9:30, survey of Sunday School conditions in the Upper Peninsula, conducted by J. H. Hagle; 10:30, Platform Hour; (a) Fraternal greetings from Minnesota; J. C. Garrison; (b) Address, G. S. Yapple; (c) lecture, R. A. Waite; announcements and adjournment.

Wednesday afternoon, 2:00, worship; 2:15, address, "The Divisions of our People," C. N. Wright; announcements; 2:30, sectional conferences; children's, young people's and adult; addressed by Miss Rockenbach, Mr. Wright and Mr. Mohr, respectively; adjournment; fellowship meals.

Wednesday evening, 7:30—Service of praise; 8:00, address, "Dad" Waite and Mr. Yapple.

Thursday forenoon, 9:00—Worship; 9:30, Plans for the New Year, J. H. Engle and Upper Peninsula committee; 10:30, Messages from Home Folks; Miss Irene Rockenbach and E. K. Mohr; Messages from our Guests, Garrison, Yapple, Waite.

Thursday afternoon, 2:00—Sectional conference sessions; children's, young people's, administration.

Thursday evening, 7:30—Pageant, "The Light of the World," by H. A. Smith. Presented by C. N. Wright and Calumet talent.

Remember This. The sectional conferences are the feature of the convention—the institute courses, for real instruction by experienced specialists; addresses informative; free participation of delegates; by question or comment, is desired.

Registration fee is one dollar, entitling to free lodging and breakfast, to some extent, to free admission to pageant; and in the self respect one feels in helping make the great event possible. Send registration card and fee in advance if possible, to Mrs. North, Calumet.

Event: Miss Irene Rockenbach, C. N. Wright, E. K. Mohr, J. H. Engle, members executive and field staff of the Michigan Sunday School Council of Religious Education, R. A. ("Dad") Waite, Associate Young People's Division, Superintendent, International Sunday School Council of Religious Education, Chicago; George S. Yapple, director of Religious Education, South Woodward Congregational church, Detroit; James C. Garrison, General Secretary Minnesota Sunday School Association, St. Paul; Mrs. Wm. H. Dietz, Chicago; Mrs. E. L. Morrison, Bangor, Mich., specialists Children's Division, school men, leaders, from all sections of the Upper Peninsula.

Headquarters—Presbyterian church; banquet, Y. M. C. A.; Pageant, Coliseum.

Port Huron—A large white Angora cat has adopted two black silver fox puppies. The puppies were without maternal care when their mother died and were given to the cat, who promptly accepted them as her own. The strange family is to be found in a local tire store window.

LEGION SPURNS DEMPSEY BOUT

Owsley Repudiates Connection with Match, Rapping Champion's Record.

INDIANAPOLIS, Ind., May 19.—Alvin Owsley, national commander of the American Legion, in a statement said he desired "to remove the impression the Legion is connected in any respect" with the Jack Dempsey-Tom Gibbons heavyweight championship match at Shelby, Mont., July 4.

Loy J. Molunby, commander of the Montana department and one of the promoters of the bout, is acting as a private individual, Mr. Owsley contends. His statement said:

"Molunby has never received authorization of the Legion to act as its representative in arranging the match."

"The American Legion can not permit its name to be used in connection with a mercenary undertaking of this nature to be held on a day sacred to the deeds of our forefathers, who courageously proclaimed the independ-

SEE GREAT GROWTH OF STATE AREA TO BE REFORESTED

Amount Appropriated for This Work Is About Twice as Much as Ever Set Aside Before.

LANSING, May 18.—Officials of the state conservation department believe that 100,000 or more acres will be registered under the Sargent act to encourage reforestation, enacted by the 1923 legislature.

According to Albert Stoll, Jr., secretary of the conservation commission, the state, as the result of the last session of the legislature, has made at least a start toward forest conservation and growth. The appropriation for fire protection was \$150,000 for the next two years—about twice as much as ever was allowed before.

The Sargent bill permits owners of cut over lands to register them as reforestation areas, and permits them to go tax exempt for an annual levy of five cents an acre while the timber crop is maturing.

That the fire protection fund is inadequate is not denied by state officials, nor is the fact that many private owners cannot be induced to devote their lands to reforestation by the terms of the Sargent act. But they consider the advance in the amount allowed for protection an encouraging sign, and believe that future legislatures will enlarge upon the Sargent act to stimulate forest growth.

There is, according to the conservation commission secretary, no immediate prospect of extensive reforestation. Private owners cannot be induced to go into the timber raising business, largely because it takes about 100 years for the crop to mature, and most of them cannot afford to carry the cost of maintenance for a profit that will go to future generations. But there are some owners who, if the tax is only five cents an acre, will permit their holdings to develop with natural second growth, whereas if the land was on an ad valorem basis they would dispose of them to escape the tax burden. If enough of them will allow their lands to develop naturally, sufficient fire protection will ultimately be offered by the state, it is predicted, to foster good stands of second growth timber.

Another sign of encouragement, according to state officials, was the recent visit of the United States senate reforestation committee to Michigan. As a result of hearings before the committee the idea was carried away that a recommendation will be made to congress to at least double the federal aid for fire protection. The state now gets about \$21,000 a year under the Weeks law.

It was estimated by forestry experts who attended the hearings that there are at least 15,000,000 acres in Michigan which should be reforested. The amount of money available for fire protection, it was pointed out, if spread over the entire area, would be about one and one-half cents an acre. However, the fire protection fund will probably be apportioned according to the value of the timber to be protected, and state officials have high hopes of securing steadily increasing amounts to keep pace with whatever increase in reforestation there may be.

It is understood that many persons interested in conservation and reforestation will urge upon the government, federal ownership of Michigan lands for reforestation purposes. They assert that private interests will never develop sufficient acres to have a noticeable effect on the state, because of the length of time it takes for the crop to mature, and declare that the problem is strictly one for the federal government to cope with.

Ann Arbor—Professor Eugene R. Leslie of the chemical engineering department of the University of Michigan says attempts to evolve a substitute for gasoline for use in automobile engines are useless, in a general way.

Port Huron—A large white Angora cat has adopted two black silver fox puppies. The puppies were without maternal care when their mother died and were given to the cat, who promptly accepted them as her own. The strange family is to be found in a local tire store window.

Battle Creek—In an address here, Dr. Norman E. Richardson of Northwestern University, said the Boy Scout movement will be one of the greatest factors in bringing about mutual friendship and understanding among nations.

ence of the United States and inspired in future generations reverence for all that is good, clean and true.

"The Legion has never opposed the manly art of boxing. The war proved it was possible to encourage this sport, but without lending approval to the tactics of gamblers, match fixers and other parasitical classes who have debased professional matches."

"The Legion holds no enmity for Dempsey, but its members can not forget that the heavyweight champion of the world remained safe in the shipyards in America, while the finest men of our nation were advancing in the face of almost certain death on the battlefields of Europe."

"The Legion will not be influenced by any promise that a hospital for disabled men will be built from a part of the proceeds of this fight. I believe that if a hospital is needed, the patriotic citizens of Montana will find a more appropriate manner of raising funds for the relief of men who were stricken on the battlefield while Dempsey was several thousand miles away."

TWO WOMEN SHARE HUSBAND IN QUIET LITTLE LOVE NEST

Wife No. 1 Cooks Dinner, No. 2 Prepares Lunch; Exchange Togs; Everybody Is Happy.

ANSONIA, Conn., May 19.—A love nest built for two, holds three in harmony in the oddest "triangle" of many a day, disclosed here by the principals.

Ray Cummings, knockabout comedian, is living in a bungalow with both his divorced wife and the present Mrs. Cummings. The women get along perfectly, he says, wear each other's clothes, take turns getting meals, and everything is lovely.

Story of Triangle. The full story of the agreement by which the three Cummings live together in conformity with the laws of God and man, as they say, is outlined by Cummings something like this:

The comedian of fame on Broadway because of his eccentric dancing which has brought his name in light bulbs over theatre entrances, married Helen Gladys of Bridgeport, N. J., nine years ago. She is 23, "dark of the Spanish type, with fiery disposition," her husband says. They have a daughter, Edna, 5.

"So We Clashed." "I'm red headed, so we clashed," Cummings said.

In 1917 Mrs. Cummings obtained a divorce.

"I gave her \$1,029,999," the comedian said. "Cummings' car, a \$17,999 home, a \$3,500 car, a \$1,000,000 baby and a \$100,000."

But he had also in pay alimony of \$150 a week, which is one reason for the love nest having been widened.

In 1920 Cummings married Blanche Shaw of Orange, N. J. She is 25 years old.

The two women met on the beach and took an instant liking to each other. The present season rolled around with all the Cummings, past and present, on the friendliest possible footing.

With approach of the end of the theatrical season came the prospect of no pay days, no alimony.

Mrs. Cummings, No. 1 had decided on a bungalow at Freeport, while her ex-husband and her successor were going to camp on the banks of the Hudson river.

No. 1 Gets Idea. "About that time the first Mrs. Cummings had a bright idea," continued the comedian.

"She figured two women could live as cheaply as one, and since she saw no immediate prospect of alimony, Mrs. C. No. 2 saw no far coat next winter as I had a lot of back alimony to pay, we all got together and here we are."

The three Cummings live in a bungalow built in the shape of a malted cross. There is a red brick floor in the living room in the center and a cheery big fireplace and two pink bedrooms, with twin beds in each.

Wife No. 1 answers to the name of "Steve" and Wife No. 2 to "Bill." Little Edna is around, and likes her "Daddy's new wife."

No. 2 cooks lunches and No. 1 dinners. Cummings gets up and gets his own breakfasts.

As for clothes—"We wear everything the same size except gloves," says "Bill."

"The neighbors, Cummings says, are 'great.'"

"No one ever can say I cast a woman an adrift," he said with a grin.

Ann Arbor—Professor Eugene R. Leslie of the chemical engineering department of the University of Michigan says attempts to evolve a substitute for gasoline for use in automobile engines are useless, in a general way.

Port Huron—A large white Angora cat has adopted two black silver fox puppies. The puppies were without maternal care when their mother died and were given to the cat, who promptly accepted them as her own. The strange family is to be found in a local tire store window.

LOWER PENINSULA TRYING TO BREAK UP STREET GANGS

Concerted Drive to Be Made in All Lower State Cities to Reach Growing Evil.

(By the Associated Press) DETROIT, May 19.—"Break up the city street gangs!"

This was the slogan of several hundred delegates from Michigan urban centers who gathered here today for a two-day congress of the Young People's Division of the Salvation Army.

During the congress, which is to be featured by public mass meetings tonight and tomorrow night, plans will be mapped for a concerted drive on the part of the Salvation Army in all cities of the lower peninsula to improve the condition of "under privileged" boys and girls.

A definite plan was ready for study as the delegates went into their first business session today. This called for the formation of Salvation Army athletic clubs and the opening of community houses for boys and girls in all cities. By giving the youths places where enjoyable and wholesome entertainment may be provided, it is believed they willingly will forsake the streets.

The plan already is being worked out in several cities of the state, but so far it has been undertaken on a small scale. This year's congress of the Young People's organization plans to augment the effort until it will be one of the most important functions of the army in Michigan.

Speakers for the public meetings, to be held in the Elks temple, and for the business session, largely have been drawn from Salvation Army ranks. Among these are Commissioner William Perri, commander of the central states territory of the Salvation Army, and Brigadier G. W. Peacock, territorial Young People's secretary, each of whom has headquarters in Chicago.

Despite the fact that Joseph P. A. Hobbs of Appleton, Wis., a former service man in the American army during the World war, is alive, the government still has him listed as officially "dead," and has several times attempted to pay his parents the \$10,000 war insurance. Hobbs was wounded in action in the Argonne shortly before the armistice.

In the inter-called shooting tournament recently held by the British Army at Cologne, Germany, the rifle team representing the American forces made a clean sweep in all events. The final scores were: Americans, 510 points; British, 109; French, 303 and Belgians, 118.

Close School Year. Pupils of the Enshaw school of Ford River township, where Miss Margaret Beaton of this city has been engaged as teacher for the past year, celebrated the close of their school year with a picnic arranged by their teacher at South Park yesterday. All of the pupils of the school participated in an elaborate picnic dinner at the park at noon and yesterday afternoon they were the guests of their teacher at a greater party at the Delta theater. The school year just closed was considered one of the most successful in recent years at the Enshaw school and the high standard of the work re-established by Miss Beaton is reflected in the fact that she has been engaged to conduct a six weeks' term of school in May in Noe township and will leave today to take up her new duties there.

Marriage License. A marriage license was issued Thursday afternoon to Miss Rose Chartrand and Harold Weber, both of Escanaba.

Girl Scout Meeting. Girl Scouts of the Purple Panay Troop, of which Miss Anna England is leader met at the Franklin school Friday afternoon for work on the second class requirements. Plans for the annual camping trip were also discussed. Mrs. Mabel Snow and Mrs. Carrie McNaughton, members of the local chapter of the D. A. R., were present.

Groesbeck Would Use State Police as Canning Inspectors

LANSING, May 19.—Governor Groesbeck has asked Lt. Whitney Watkins, state agricultural commissioner, and Roy C. Vandercok, head of the public safety department, to report on the feasibility of placing part of the inspection work conducted by the agricultural department in the hands of the state police. It is the governor's belief that the police could take over the work of inspecting canning factories for insanitary practice, and rural gasoline filling stations for complaints of short measure, with economy to the state.

Representatives of the safety department, he points out, are now required to tour much of the state inspecting kerosene. They are scattered about in posts and details are constantly scouring the state for law violators. The governor is of the opinion that inspectors from the various departments cross each other's trails and cause needless expense to the state. He asserts that the state police can handle the inspections efficiently and that the concentration of inspection work in the safety department might permit reductions in the pay rolls of some departments.

Inquiry shortly will be made as to the possibility of placing the inspection of fisheries now conducted by the conservation department, in the safety department.

THE WEATHER For Escanaba and vicinity—Rain probably tonight and Sunday; not much change in temperature; fresh shifting winds, mostly southerly.

A CHECK BOOK on THIS BANK has the same value to you as the ready cash, yet it is useless to another if lost. It is a careless practice to carry much money on your person or to hide it around the house at home.

Pay by check. It not only gives you added prestige but affords absolute security for your funds. A check is a receipt.

OBITUARY

MILITARY BURIAL SUNDAY

Full military honors will be paid William Schoeneman Sunday afternoon when Cleveland Post of the American Legion will be in charge of the funeral of the young man who died in Alton, Ill., last week. Services will be conducted at the Alto Funeral Home at 2 o'clock and burial will be made in Lakeview cemetery.

MISS NELSON'S FUNERAL

Funeral services for Miss Frances Nelson, daughter of Mr. and Mrs. Ira Nelson, 1223 Hartnett avenue, will be held at the Alto Funeral Home Sunday afternoon at 3 o'clock. Rev. C. M. Merrill, pastor of the First Methodist church, officiating. Burial will be in Lakeview cemetery.

Miss Nelson was a devout member of the Methodist church and it is anticipated that a very large number of her friends will pay a last tribute of respect to her noble life.

Word was received here today of the death of an uncle of Miss Nelson in Bonfield, Minn., on the same day that Miss Nelson passed away.

FOR RENT—Nicely furnished and modern front room in desirable location near to car line. Inquire at 121 No. 19th St. 112

CARD OF THANKS. We desire to express our sincerest thanks to the many friends and neighbors whose kindly sympathy during the illness and death of our beloved daughter, Rosella, will always remain a cherished memory with us. We especially desire to thank those who sent so many beautiful flowers. May God bless you all. MR. and MRS. WILLIAM GALLAGHER. 317 No. 12th St.

FLUFF RUGS. Ladies, I am only here a few days longer for your carpet and rugs, so please call 178 W after 7 p. m. Monday and Tuesday evening. J. D. Thomas. 143

France will observe November 11, Armistice Day, with a simple and silent ceremony. In Paris there will be a parade of officers who will carry the battle flags from the Invalides to the Arch of Triumph through a lane of troops. At the arch, the officers will be received by the cabinet and other officials of the government. A salute will be given to the unknown soldier who is buried under the arch. Patriotic societies will then march past. There will be no speeches.
