

# ENJOIN CHICAGO FROM TAKING WATER

## DRAINAGE CANAL ACTION FINALLY TAKEN BY COURT

Operation of Injunction, However, Suspended for Six Months.

City of Chicago Being Given Opportunity to Take Case to the Supreme Court.

(By the Associated Press)

CHICAGO, June 19.—Fifteen years of litigation was climaxed yesterday when the government obtained a federal injunction restraining the sanitary district of Chicago from diverting more than the authorized quota of water, through the drainage canal, from Lake Michigan. The government charges that the lake level has been lowered to the extent that it hampers navigation on the Great Lakes, through the action of the sanitary board in exceeding its outlet.

For the last several years, it is contended, the sanitary district has been diverting more than twice as much water as was allowed by the government. In answering the charges, the sanitary board declared that with the rapid growth of the city it had been necessary to use a great deal more water than the original grant allowed, in order to protect the residents of the city.

Police powers of the state gave the district the right, it was claimed, to take as much water from the lake as the purposes of sanitation required.

Because of the vital issue involved, United States District Judge Carpenter, who issued the restraining order, inserted a clause suspending operation of the injunction for six months so that the sanitary district might take the case to the supreme court.

## Many Teachers Will Take Summer Course

With the close of school for the summer vacation, many teachers of the Escanaba High School are leaving on their vacations for various points of interest. The majority are planning to attend courses in summer school in many of the prominent universities.

Miss Rosamond Rogers, instructor in history, will journey abroad and expects to visit all the leading cities and countries of Europe. Robert E. Selkirk, science instructor, left today for a tour of the west, his first stop being at Yellowstone National Park.

Those teachers attending summer courses in the University of Wisconsin are: W. J. Sullivan, Journalism; Donald Cook, Journalism; John A. Lemmer, will attend a summer course in the University of Michigan, while Albert O. Plambek will take a course in chemistry at the same institution. Lyle J. Shaw will take a course in advanced industrial arts at Kalamazoo Normal, while Miss Jackson and Miss Richards will take courses in domestic science, the former at M. A. C. and the latter at Michigan State Normal at Ypsilanti.

## And Of Course A Man Can Get Quite Seasick

WASHINGTON, June 19.—A part of the mystery which has surrounded the treasury move in the liquor controversy was explained today by a declaration in official circles that, hereafter, the ship doctors on a foreign ship will be given custody, in American waters, of such liquors as he is willing to certify to as being for "medicinal use."

Although no one at the treasury would discuss the development in detail, it was assumed that under the new order of things it would be possible for the foreign ships to bring in wine rations for their crew under seal, provided the doctor in charge was willing to regard the intoxicants so carried as "medicinal."

## SHARPS CLAIM HEAT WAVE TO REMAIN AWHILE

Toll of Death and Prostrations Is Showing Gradual Growth.

Green Bay Railroad Man Is Fatally Stricken During High Temperature This Morning.

CHICAGO, June 19.—Little relief was in prospect today from the hot weather in many of the southwestern, central and western states. Official forecasts as a whole predict generally unsettled weather with little change in temperature.

The heat wave descended early yesterday, taking a toll of death and heat prostrations. It had been forming for some time, the weather bureau reported, over the central and southern parts of the United States and is here to stay for a while.

The maximum temperature at St. Paul was 81 and that at Milwaukee, 90 degrees. In St. Louis, Mo., one man died from the heat, the record maximum there being 90 degrees.

**Green Bay Man Dies.**  
GREEN BAY, June 19.—James Hawley, 33, an employe of the Chicago & Northwestern railroad, was overcome by the heat here early this morning and died at a hospital about two hours later. Hawley, who was working on the inside of a boiler when he was prostrated, was taken to the hospital in an unconscious condition, where efforts to revive him with a pulsator were futile.

## Amherst College President Quits the Job Next June

AMHERST, Mass., June 19.—President Alexander Meckeljohn, of Amherst college, has resigned, the resignation to take effect next June. This announcement was made this afternoon by President George Plimpton of the board of trustees.

## KAZOO MAN APPOINTED TO CUBAN MANAGERSHIP

KALAMAZOO, June 19.—Leroy Bewsey, for two years general superintendent of the Michigan railway company lines in Kalamazoo, has left the employ of the company to become Cuban manager for the Electrical Bond and Chair company of New York City. His headquarters will be at Santa Clara. He will supervise electrical plants in 12 eastern Cuban cities. He will be succeeded by N. H. Smith, former superintendent of the Jackson and Saginaw lines, who will return to the position he vacated here about ten years ago.

## \$12,000,000 GIVEN BACK TO TAXPAYERS OF COUNTRY

WASHINGTON, June 19.—The government has refunded to taxpayers \$120,000,000 wrongfully collected in income, corporation and other taxes during this fiscal year, officials of the treasury department have announced. Treasury officials explained that the large sum thus paid back is due to efforts of the internal revenue bureau to clean up cases which have accumulated in the jam of litigation over the last five years. During the fiscal year beginning July 1, it is probable that equally large amounts will be refunded.

# Mt. Etna's Wave of Lava Is Steadily Advancing

## Mrs. Tesmer Identifies The Alleged Slayer of Husband; Man Masquerades As Woman

Chicago, June 19.—Woman or man, Mrs. Frances Carriek, also known as Fred G. Thompson, was identified today by Mrs. Richard Tesmer, as the supposed woman bandit who shot and killed her husband in a hold-up on June 5th.

First supposed to be a man, disguised as a woman, the prisoner was declared by Frank Carriek, who, with two others were arrested with the accused, to have lived as his wife for 14 years.

The suspect was identified by the smiling expression which Mrs. Tesmer said the bandit assumed until almost the instant of firing the shot that killed Tesmer. She positively declared that Mrs. Carriek or Thompson was the killer.

## SENIOR CLASS HOLDS REUNION AT FORD RIVER

Enjoyable Affair Held at Peterson Tea Room Last Evening.

Last evening at Peterson's Tea Room in South Ford River, members of the Senior class of '22 of Escanaba High School enjoyed their first reunion.

A supper was first served, after which speeches were made by Harriet McGuire, Ellen Nelson, Wendell Lund, Charles Primeau and Leo Lohdo. Robert Murphy acted as toastmaster.

Following the program the entertainment consisted of dancing, the music being furnished by Leo LeDuc's orchestra.

R. E. Selkirk and Miss Gertrude Hills, former class advisors, were present at the gathering.

## Students to Resume Their Foreign Letters

Recently students in the English department of the Escanaba High School engaged in foreign correspondence through the George Peabody College for teachers at Nashville, Tenn., but due to some error the return mail which carried the names of the students with which correspondence was to be carried on, was delayed and not received until today. Principal Cheney wishes to announce that seniors who have graduated may get their foreign correspondence at the High School Thursday morning, while all other students will receive theirs next September, when school convenes once more.

The work was to be taken up as a novel way of developing the students' insight, not only in his English, but also in the manners and customs of other countries.

## New London Priest Fatally Injured in an Automobile Accident

(By the Associated Press)  
APPLETON, Wis., June 19.—The Rev. Fr. John Kaster, of New London, who was injured Monday afternoon in an automobile accident near Hortonville, died here Monday night. General services will be held in New London on Thursday and at Green Bay on Friday.

Fr. Kaster, who was 29 years of age, has been a priest for 25 years.

## Head of W. B. A. Voted a Salary of \$20,000 Annually

(By the Associated Press)  
VANCOUVER, B. C., June 19.—Miss Bina M. West of Port Huron, Mich., was voted a salary of \$20,000 a year here yesterday by the Woman's Benefit Association, of which she is supreme commander. The vote was taken at the final session of the convention.

## "CONVERT" RETURNS \$50 IN THEFT 22 YEARS AGO

OWOSSO, Mich., June 19.—A man, claiming to be Bert Piney of Jackson, walked into the office of John P. Marshall, Grand Trunk local agent Friday, and handed him \$50. Piney declared that in 1901 he stole some coal from the railroad company while working on its coal dock, and said that since then he had been converted and that this theft had pricked his conscience. He now is active in the work of the Rescue Mission at Jackson, he said.

## THOUSANDS ARE HOMELESS IN STRICKEN AREA

Violence of Eruption Declared to Be Increasing Hourly.

Unusual Condition Found in Simultaneous Eruption of Mt. Vesuvius.

(By the Associated Press)

ROME, Italy, June 19.—The wave of lava from the violent eruption of Mt. Etna is advancing steadily today at Linguaglossa, dispatches from Catania state. Lava is flowing across the railway and has reached a point only a few hundred yards from the town. Castiglione is also menaced. The violence of the eruption is increasing.

**Great Damage Done.**  
CATANIA, Italy, June 19.—The eruption of Mt. Etna continues unabated, one stream of lava threatening Garre, a city of about 20,000 inhabitants, at the base of the volcano, and the population is beginning to leave.

About 50,000 persons have already been made homeless in the area surrounding the vomiting mountain. The ashes, cinders and stones from the volcano are so thick that the sun's rays are darkened.

Prof. Biondi, of the University of Catania, has gone to the mountain to ascertain whether greater openings have been made by the recent eruptions on the eastern slope, or if the crater that exploded in 1879 has again become active. Cardinal Francesco Nava, archbishop of Catania, has communicated with prelates in the stricken area to render all aid to the homeless. He is also doing all he can to help the refugees.

## Thousands Homeless.

ROME, Italy, June 19.—Gabriello Carnazza, the Italian minister of public works, has left for Mt. Etna to assist in caring for the thousands of homeless persons made destitute by the mighty eruption of Etna.

Three little towns, Picillo, Pallaselata and Poro have been completely wiped out. Refugees are pouring into Catania, where the people are doing their utmost to make the homeless comfortable. Some of those arriving from the menaced region last evening reported a continuance of the earth shocks that announced the first outpouring of lava.

**Mountain Is Split.**  
Eye witnesses of the eruption say that not only did the main crater of the mountain break into activity but several other sections of the mountain are now belching forth stones, ashes and lava, contributing to the flow of lava upon the orange, lemon and olive orchards. It is also declared that large tracts of timber have been destroyed.

Mt. Vesuvius continues moderately active, emitting much steam and lava. This, it is remarked, is unusual, for when Etna is active, Vesuvius is quiet and vice versa.

## Lions Plan Annual Picnic Early in July

An unusually fine luncheon was enjoyed by the Escanaba Lions Club at the Delta hotel at noon today. Entertainment was furnished by Hirn's quartet and George King at the piano. Club songs were enjoyed and a committee named to arrange for the annual picnic which probably will be held early in July. Last year's picnic will be remembered by those who participated as one of the most enjoyable outings in local history. Attorney George Carr was in charge of today's meeting.

## Auto Victims Are Badly Injured, But Likely to Survive

Nick and Charles Segan, victims of an automobile accident near Gladstone Sunday about noon, are both reported to be making favorable progress at St. Francis hospital today. The X-ray examination developed that Nick had a fractured skull while his brother, Charles, has a broken arm. The condition of neither man is regarded as being critical.

## Governor Preus Will Make Race For Nelson Toga

ST. PAUL, Minn., June 19.—Governor Preus, who defeated Magnus Johnson in the last gubernatorial election by a margin of 149,000 votes, again will oppose the latter in the July 16th election, when a successor to the late U. S. Senator Knute Nelson will be chosen.

The third man in the July election will be James A. Carley, a democrat. Political observers look for the main battle to be between the governor and Johnson, the latter depending on the farm-labor vote to win through.

## ESKY PYTHIANS ALL SET FOR A GLORIOUS WEEK

Delegates from all Parts of Peninsula Begin Arriving Today.

City Puts On Gala Attire to Welcome Visitors to Par-take of Real Escanaba Hospitality.

With flags and bunting proclaiming days of festivity, with all plans complete, Escanaba this evening stands prepared to receive from 1200 to 1500 Knights of Pythias and Pythian Sisters who will be guests of this city, Wednesday, Thursday, Friday and Saturday, in what promises to be the greatest Upper Peninsula convention ever held by that organization.

The local lodge has for the past few weeks been striving hard to live up to this city's reputation for hospitality, and is satisfied that its efforts will be rewarded in the large gathering which has been prepared for.

City workmen, busily engaged the past few days in hanging decorations on the trolley span wires on Ludington street and on Stephenson avenue to the Northwestern depot, completed their work today, and with all business houses "dressing up" in emblematic flags and other decorative material, Escanaba is assuming a holiday aspect.

**Tomorrow First Day.**  
Tomorrow being the first day of the convention, it is expected that practically all delegates will come "on trains" this evening and tomorrow morning. Registrations will be made in the Toland building at 403 Ludington. It is urged that all Escanaba delegates register early.

So many visitors will be present during the convention that hotels and private homes, as well, will be filled. In fact, the Iron River lodge has arranged for a camp on the point near the lighthouse on the eastern end of Ludington street. Two tents, each accommodating 100 people, will be set up.

**Grand Lodge Men Coming.**  
Many distinguished visitors will attend the convention. Five members of the Michigan grand lodge and some from Wisconsin are expected to be present.

As a part of the entertainment, about 75 automobiles have been secured to take all the visiting Pythians on a sight-seeing trip Thursday afternoon, then to 14th street, and up to the Escanaba Paper Co., at Flat Rock, then to the Marble Arms Co., at Gladstone. Through the courtesy of the managers of the two manufacturing plants, guides will take the sight-seers through the buildings where the various processes of manufacture may be personally viewed.

**Big Crowd Thursday.**  
Perhaps the biggest part of the convention of interest to local people will be the big parade Thursday evening, when all degree teams and the "Dokeys" will march in uniform, preceded by Troop 12, North Escanaba Boy Scouts, sponsored by the local lodge, Knights of Pythias, and the Iron River Pythian band. The Iron River band is scheduled to give a number of concerts throughout the days of the convention.

Friday night will wind up with one of the biggest and liveliest balls ever seen in this city. The Coliseum has been resplendently decorated, music will be furnished by a ten-piece orchestra, while the Iron River "Dokey" quartette will sing several selections throughout the evening. Loving cups—24 in number, will be awarded for superiority in the exemplification of ritualistic work.

All Saturday will be "Dokey" day, and the "Dokeys" from Ishpeming will have charge of the program.

## We Paid This Man's Widow \$1,000!

The Newspaper Insurance League is doing a wonderful work all over the United States. The Mirror is glad to do its share.

About two weeks ago, Adolphus L. Webster, 136 Long St., Girard, Alabama, was riding his motorcycle along the bad piece of road and ran into a rat. He was thrown from his mount and sustained injuries which caused his death two days later.

Just four weeks previously he had become a subscriber to the Columbus (Georgia) Globe, which is a member of the Newspaper Insurance League, and his wife was handed a check for \$1,000 a few days after the death of her husband.

It is stated that he carried no other insurance.

Last week the Newspaper Insurance League paid claims for deaths and injuries totaling \$5,584.99. The accidents occurred in many cities scattered from the Atlantic to the Pacific and from the Canadian border to the Gulf of Mexico. Each week sees new newspapers taking up the work to stop the great economic loss due to traffic accidents.

## HENRY GEORGE WAS AN ECONOMIST

He believed that neglected, unattended land should be sold to people who would improve it. Whether they will improve it, we cannot say, but we do know that people will BUY your property through an Ad in The Mirror Classified Columns!

## THE WEATHER

For Escanaba and Vicinity: Partly cloudy and somewhat unsettled tonight and Wednesday; moderate to fresh winds, mostly southwest.

# MRS. JERRY MADDEN PASSES AWAY AFTER SERIOUS OPERATION

### Funeral Will Be Held Wednesday Morning in Menominee and Burial Will Be Made There.

Hundreds of Escanaba friends will learn with the most sincere and profound regret, of the death on Saturday, of Mrs. Jerry Madden of Menominee. She passed away at St. Mary's hospital, Rochester, Minn., at 4:15 Saturday afternoon, following a serious operation. At her bedside when the end came were her husband, and daughter, Louise, and sons, Arthur and Joseph, who had been summoned there by word from her physicians that her condition almost hopelessly precluded her recovery. Another daughter, Margaret, who is in New Mexico, was unable to reach Rochester in time.

**Delicate Operation.**  
Mrs. Madden, while around in her usual happy mood most of the time, had been in poor health for a year or more, bearing her suffering with remarkable Christian fortitude, but early in the present month she decided to undergo an operation, upon the advice of famous Chicago specialists. Upon the advice of her family she journeyed to the famous Mayo clinic.

**Born in Ontario.**  
She was born at Stratford, Ont., and when in her girlhood moved with her parents to Door county, Wisconsin. Before her marriage to Jerry Madden in Door county in 1885, she was Margaret E. McDermott. In 1890, thirty-three years ago, she and her husband took up their home in Menominee, establishing their residence at 215 Broadway, where the family resided at the present time. Previously to locating in Menominee the family resided for a short time at Arthur Bay.

In addition to her activities with the Menominee Charity Association, Mrs. Madden was a member of the Menominee Woman's Club, in which she served as a director, and was also prominent in the state organization of the Michigan Child Welfare League.

The survivors are her husband, Jerry Madden, prominent retired lumberman and president of the Commercial bank, two daughters, Margaret and Louise, and two sons, Arthur P. and Joseph Madden. One daughter, Eugene, passed away in 1906 at the age of 22 years.

The family left Rochester Sunday evening at 8:50 and arrived in Menominee with the body at 4 o'clock Monday morning.

The funeral will be held Wednesday morning from St. John's church with the Rev. Father D. Cleary as celebrant of the requiem mass. Sepulchre will be made in Riverside cemetery.

## NOTICE TO CONTRACTORS.

Sealed bids will be received by Mr. Louis Schempel, secretary of the Board of Education, Escanaba, Michigan, on or before the 25th day of June, 1923, at 1:30 p. m. for furnishing all labor and material to install and complete a new heating and ventilating system, the plumbing and electric wiring in the remodeling and new addition to the Webster Grade school at North Escanaba, Michigan, according to plans and specifications for same, prepared by G. Arntzen, architect, Escanaba, Mich.

Plans and specifications for the different branches of the work may be inspected at the architect's office, Escanaba, Michigan, at the Builders' and Traders' Exchange, Milwaukee, Wisconsin, and Duluth, Minnesota, and at the office of the Secretary of the Board of Education.

Plans may be obtained from the architect by depositing a certified check for twenty (\$20.00) dollars with a request for plans. The check will be returned to the bidder when the plans are returned to the architect in good condition, otherwise the check will be forfeited.

The successful bidder whose bid is accepted will be required to furnish a bond equal to 100 per cent of his bid to protect the School District of Escanaba, Michigan, and one bond equal to 50 per cent to protect the people of the state of Michigan.

Each bid shall be accompanied by a certified check or a bidder's bond equal to 5 per cent of the amount of the bid submitted. This check or bond must be made payable to the Secretary of the Board of Education and said check or bond shall be forfeited to the Board of Education as liquidated damage in case the bidder

refuses or fails to enter into contract, and furnish satisfactory bond as specified within 15 days after notice is received of contract awarded.

The bids must be sealed and marked "Proposal" for the addition and remodeling of the Webster Grade School, Escanaba, Michigan, and addressed to the Secretary of the Board.

The Board of Education reserves the right to accept or reject any or all bids.

By order of the Board of Education of Escanaba, Michigan.

Signed,  
G. Arntzen, Architect  
G. ARNTZEN, Architect,  
174 Escanaba, Mich.

## WHEN EVERY MOVE HURTS

Lame every morning, achy and stiff all day, worse when it's damp or chilly? Suspect your kidneys and try the remedy your neighbors use. Ask your neighbor!

Mrs. Clara Pearson, 429 South 15th St., Escanaba, says: "I was feeling badly with kidney trouble. My back bothered me and hurt severely at night. Sharp pains darted all through me. When I had any lifting to do, my back got stiff and lame and there was a steady, dull ache just above my kidneys. I thought it would never let up and the least work tired me out."

"I was weak and nervous and became depressed and irritable. I felt awfully dizzy and my kidneys were weak. I heard of Doan's Kidney Pills and bought a supply at the West End Drug Store. They rid me of all signs of kidney complaint."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Pearson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Miss Mollie Gaffney returned from a visit at Milwaukee.

Mrs. C. J. Kelleher left for a visit at Marinette being spent Monday with friends at Perkins.

## Detroit Shippers May Decide to Go Into Hot Battle

DETROIT, June 19.—Detroit shippers will hold a mass meeting here Thursday afternoon at the joint call of the Michigan Manufacturers' Association and the Detroit Board of Commerce to consider whether steps should be taken to combat the increases in switching charges for Detroit announced recently by the Michigan Central railway as effective July 5.

The new switching rates, a comparison shows, will be double the present charge in many instances. The switching rate for industrial carload lots jumps from \$6.50 to \$15.00, while that on shipments to town tracks is increased from \$5.50 to \$18.00.

Exceptions to these rates include coal and coke, sand, gravel, certain kinds of stone, slag, foundry sand, or

dirt. Those and a few other articles are not affected by the increase or else the increase is slight.

The Michigan Central is announced, obtained permission from the Interstate Commerce Commission to increase switching charges. Now the shippers are considering the advisability of sending legal representatives before the commission to ask that the order be rescinded.

Were the Commission to entertain any such appeal it would be necessary for public hearings to be held, at which both the railroad and the shippers would be given an opportunity to be heard. Then the commission would consider the testimony and make a new decision as to what rates should be for switching in this city.

## School Principals Form Organization Saturday Afternoon

Saturday afternoon at the home of Mrs. Charles Sauer, principal of the Franklin school, a "Principals' Club" was formed by principals of the six public schools in order that closer cooperation might be obtained between the schools composing the educational system of Escanaba.

At the meeting C. W. Flanagan of the Webster school was elected president and Mrs. Lucile Hendryx was chosen secretary.

It is planned to hold six meetings during each school year, each meeting being in charge of one of the principals of the six schools. One of the first moves of the organization will be to ask the executive board of the Upper Peninsula Educational Association for a principals' section at the annual meet of that body.

## Rub Rheumatic Pain From Aching Joints

Rub Pain right out with small trial bottle of old "St. Jacobs Oil."

Stop "dozing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia.

Limber up! Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment, you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

## Michigan Great Strawberry Patch Ready to Yield

(By the Associated Press)

DETROIT, June 19.—Michigan's "strawberry patch," extending along a large part of the western side of the state, is about ready to give up its annual harvest, according to reports to the Pere Marquette railway, which has begun its preparations to move a part of the crop.

Latest reports to the railroad are that early varieties of strawberries were beginning to turn red, and that

the first shipments might go forward in a few days. The cool weather has retarded ripening, but growers predict a rather heavy yield.

Cherry orchard owners in northwestern Michigan have advised the railroad officials that their crop has bright prospects. Refrigerator cars are being ordered from the railroads in larger numbers than was the case last year.

The Pere Marquette's summary of

business conditions shows increases in both inbound and outbound shipments at Detroit. Lumber and Flint over last year. Automobile shipments from these centers continue active.

Bituminous coal is moving into the state at about the same rate that it did at this time last year, while the anthracite movement is considerably heavier.

Grand Rapids furniture shipments have increased in volume.

## SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Lustre At Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it cures so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time—by morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

## Hotel Fort Shelby Detroit

If he hails from Michigan, look for him first in the Fort Shelby  
Lafayette Blvd. at First Street  
Three Blocks from Detroit's Busiest Corner.

The genial atmosphere of this hotel has won the sincere friendship of business men throughout all Michigan, and of their families as well.

Stay at the Fort Shelby when next you come to Detroit. Avail yourself of the many conveniences to be had here. Let us purchase your theatre tickets and perform other similar courtesies for you. Write us in regard to any errands we can do for you in advance of your arrival.

Unusual accommodations for automobile parties. The Fort Shelby Garage service is unexcelled. It is important to remember that there is a shortage of garages in Detroit. For the accommodation of our guests we accept advance reservations for garage space.

The Fort Shelby, one of the newer hotels in Detroit, is conceded by many to be in a class by itself from the standpoint of service to the guest.

Rates per day: \$2, \$2.50, \$3, \$3.50, \$4, \$5. Double—\$3.50 to \$6

SETH E. FRYMIRE, Manager

## President Harding's Speeches On Tour Be Broadcast Thursday

When President Harding starts on his transcontinental tour to Mexico, arrives in St. Louis June 21, he will deliver the first of the important addresses to be made on that trip. This address will be broadcast by station KSD. It will be the first time a president of the United States has been heard over the radio.

A number of broadcasting stations throughout the country, as a courtesy to the president, will remain silent while he speaks. It is the intention to make this occasion a test to determine whether, under ideal conditions, the president of the United States can be heard in every state of the Union. Station KSD, during a midnight concert last September, received reports from all forty-eight states.

The address of President Harding will begin about 8 p. m. Central Standard time. There is no daylight saving in St. Louis. Listeners in this locality, who hear the president, are asked to send a report to the Radio Editor of the St. Louis Post-Dispatch, operators of KSD. Broadcasting will be on 516 meters, or 550 kilocycles.

Dr. A. J. Carlson left last night for Chicago on a business trip.

## Rub Rheumatism or Sore, Aching Joints

Rub Pain right out with small trial bottle of old "St. Jacobs Oil."

Rheumatism is "pain" only. Not one case in fifty requires internal treatment. Stop drugging. Rub soothing, penetrating "St. Jacobs Oil" right into your sore, stiff, aching joints and muscles, and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and cannot burn the skin. Limber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. "St. Jacobs Oil" has relieved millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains.

# New Service Fitted To New Possibilities

WE move swiftly in America—change is the order of the day—industrial economics are changing—labor relationships are changing. The size of the oil business is changing and the Standard Oil Company (Indiana) keeping step with progress, is changing its methods of doing business, to meet the new conditions as they arise.

We invent, and improve, and learn, and go ahead.

The Standard Oil Company (Indiana) developed the Burton Process to increase the recovery of gasoline to meet the demand caused by the increasing number of automotive machines. It improved merchandising methods until its distribution and marketing systems are the standard of efficiency for the industry.

The Standard Oil Company (Indiana) developed new methods of handling its business. Many of these are applied to administration inside the organization,—as for instance, the Industrial Relations Plan, the Annuity Plan, and the Stock Purchasing Plan, all of which have resulted in bringing the Company and its employees closer together.

Other methods have expanded the Company's activities in new directions,— as for instance, in the development of a chain of service stations located at convenient points throughout the ten Middle Western states where the motorist may secure his requirements of fuel and oil in such quantities as he may need.

This is but one of the many improvements which the Company has adopted to better the service which it is rendering the people of the Middle West.

All these methods tend to hold down prices. This is recognized in a recent article in Petroleum Age which says, "No other product or power of like value, obtained at such expense and under such hazardous conditions, is furnished the people at such reasonable prices at all points of the country, as oil and its products."

In the petroleum industry the real problem of the hour is service. The Standard Oil Company (Indiana) is continually fitting new service to new possibilities and adapting its established service to meet new conditions. This policy makes for prosperous business, without which no nation can hope for general prosperity.

As the demand for petroleum products increases, it will be found that the Standard Oil Company (Indiana) has put itself, by progressive development of new possibilities, in a position to give a service commensurate with the increasing demand.

## Beautify Your Lawn

Have Your Lawn Mower Sharpened by Machinery—  
Make Mowing a Pleasure Instead of a Drudge.

This Is the Machine That Does It.

It is a well known fact that owing to the peculiar shape of the blades it is next to impossible to sharpen a Lawn Mower with a file, and many first-class Mowers have been ruined in the attempt.

Your Mower ground with this machine will be sharp and stay sharp longer than the old style way which is usually done by inexperienced workmen with an emery wheel, file or emery dust, etc.

While the emery dust method is a cheap one it is not desirable. The clearance of the cutting blade is reduced, making more surface in contact with the lower bar, so that it TEARS the grass instead of SHEARING it, at the same time making it run harder than ever.

Next time your Mower needs sharpening, bring it in or notify us, and we will make it cut so nicely that it will surprise you.

YOUR MONEY BACK IF NOT SATISFACTORY

**E. J. VINETTE**

517 Ludington Street

## 'PA' HARDING'S 'FIT' ON 79TH BIRTHDAY

Old Mare's on Job as Warren's Father Celebrates Day.

By the Associated Press.  
MARION, Ohio, June 19.—Dr. Geo. T. Harding, father of the president, was up early Tuesday, hitched up his sorrel mare and, after a hearty breakfast, drove to the Marion Star building, where the president's newspaper is located, and prepared to receive congratulations.

For Dr. Harding is celebrating his seventy-ninth birthday. Just three years ago, he recalled as he came into the Star's editorial rooms he was perhaps the happiest man in the United States, for his son had been nominated as the standard-bearer of the Republican party.

"I'm a pretty good man," Dr. Harding commented as the "force" of the Star congratulated him.

Dr. Harding received from the president a gift of money. Congratulatory messages from all parts of the country came to his office.

Dr. Harding seemed most pleased at those received from comrades with whom he served in the Civil war.

Citizens of Marion in large numbers called at his office personally to congratulate him.

## DIVINE SARAH'S "FAMILY" OF 100 DOLLS IS SOLD

Souvenir Hunters Grab Puppets Collected by Bernhardt.

PARIS, June 19.—More than 100 dolls, collected by the late Sarah Bernhardt in all parts of the world, were sold at auction last week for 5,215 francs. This was the last of the sale of Bernhardt's effects. Most of the buyers were souvenir hunters. The sales brought 124,715 francs, making a total for the three days of 363,890 francs.

## Entomber Pony Sees the Daylight After 255 Hours

BICKUELL, Ind., June 19.—A Shetland pony, companion of three men entombed recently in the New mine, near here, was above ground Monday for the first time in 255 hours.

When a cave-in caught the pony and three men, the latter were saved from serious effect of their imprisonment by sleeping against the animal's body.

The men were rescued after three days, but the hole through which they crawled was not large enough for the pony. Days more of dangerous labor were necessary to liberate it.

When it finally struggled out, the pony was led at the head of a parade to its stable. The pony was used in the mine to pull cars.

## Son of Kitchin Declines Father's Seat in Congress

ROCKY MOUNT, N. C., June 19.—The congressional appointment for the Second North Carolina district, which for two generations has rested in the hands of the Kitchin family, will not pass on to the third generation.

Mills Kitchin, son of the late Claude Kitchin, house minority leader, declined last week to accept the seat made vacant by the death of his father, when it was presented him by the Democratic committee.

The committee announced it would meet June 29, and name a successor.

## Stone On Grave Pleads Innocence Of Executed Boy

(By the Associated Press)  
CHATTANOOGA, Tenn., June 19.—The words, "justly executed," are chiseled on a monument just completed here for the grave of George M. Baker, who paid the extreme penalty April 27 in connection with the killing of a Walker county (Georgia) deputy sheriff. The stone also bears a few lines of verse, which, in effect, plead the innocence of the youth, and asks forgiveness for those who brought about his death.

## Take Salts If Stomach Isn't Acting Right

Says Indigestion Results from an Excess of Hydrochloric Acid.

Undigested food delayed in the stomach decays, or rather ferments, the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyperacidity meaning there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten soars in the stomach much like garbage soars in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest; we belch up gas; we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink it while it is effervescent, and furthermore, to continue this for a week. While relief often follows the first dose, it is important to help neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used for many stomach disorders with excellent results.

As the guest of Hotel Somerset, you will see Chicago at its best. Before it, brilliant with life, sweeps Chicago's most beautiful boulevard; and, for a background, Lake Michigan.

Private tub and shower for every room or apartment. Lake Michigan bathing. Restaurant, roof garden and solarium.

# Your Name May Be In The Casualty List Next Week

IF IT IS WILL YOU BE PROTECTED?

If it is, will you be protected? Are you carrying any kind of insurance? Will your family be left without means after you are gone?

## Newspapers Unite to Protect Readers

Three Hundred Newspapers in different parts of the United States have joined in a movement to force insurance to the utmost limit. These newspapers are mostly in the larger cities, but The Daily Mirror has been fortunate in getting in on the drive and last year we paid many casualty and mortuary claims.

## LAST WEEK'S CASUALTY LIST

Last week, the week from June 2 to 9, the following claims were paid by the North American Accident Insurance Company through the newspapers mentioned:

R-1297—Michael Sonovich, 330 S. Dargonees St., New Orleans, La. Mr. Sonovich was crossing the street to catch a car when he was struck by a motoreycle.

## MORE NEWSPAPERS TAKING UP WORK

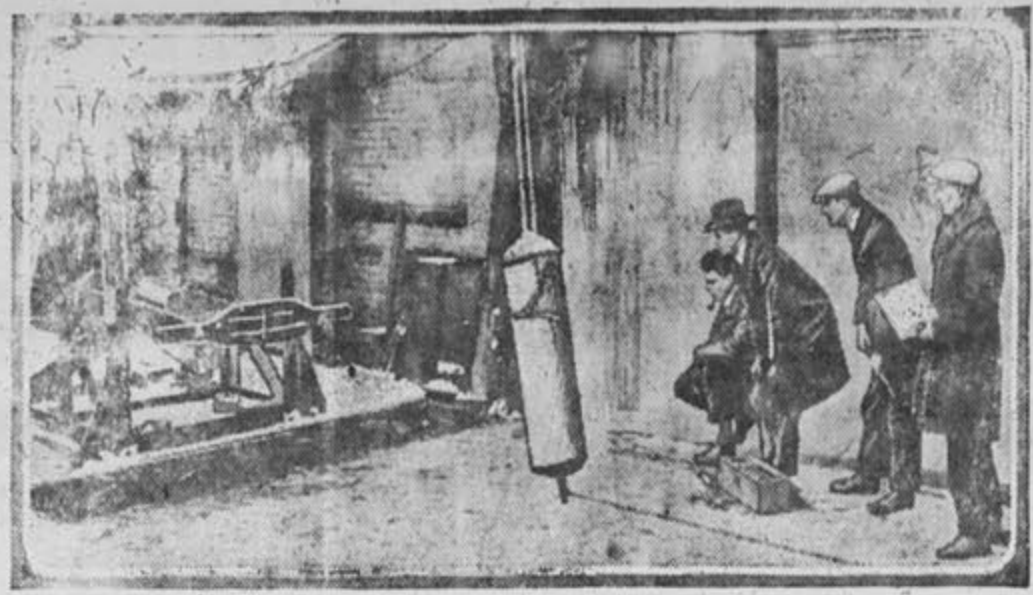

Starting with half a dozen newspapers a couple of years ago, the North American Accident Insurance Company, of Chicago, has entered a field that in insurance, is what the Ford car is in automobiles. They have issued a policy that every person can afford to own and to get it in the hands of the public, have gained the co-operation of a large list of representative newspapers throughout the United States.

## ESCANABA PEOPLE RESPOND

Last week The Mirror issued more than 100 policies. The small sum of 75 cents urges every eligible, intelligent person to have a policy.

GIVING THE BUMPER A BUMP

New Son Is Born to Mr. and Mrs. Tolan

A message was received this morning by local relatives, announcing the birth in Milwaukee, last night, of a nine-pound son to Mr. and Mrs. Gabriel J. Tolan. Mrs. Tolan is a daughter of Mr. and Mrs. John R. Harris of this city, and Mr. Tolan is a well known Milwaukee newspaper man who is the son of Chief of Police and Mrs. John J. Tolan of this city.

DELAND TO PROBE FARM AGENT 'DOPE'

Secretary of State Has Little Job of Investigating On Hand Just Now.

LANSING, June 19.—Secretary of State Charles J. DeLand has been given the task by the state administrative board of inquiring into the connection of county farm agents with the Michigan State Farm Bureau, the nature of their work, and the charges that county agents, paid by the farm organization, have been used to spread propaganda affecting the management of the Michigan Agricultural College.

The assignment is a back fire from the recent controversy which waged around the action of the state board of agriculture, when it demanded the resignation of Dr. David Friday as president of the M. A. C. At that time it was called to Governor Grossbeck's attention, in connection with reports that farm organization members of the board were opposed to Dr. Friday, that the county agents were paid partially by the Farm Bureau. The governor received reports that they might have worked in the interests of the bureau and against Dr. Friday, spreading dissatisfaction among the farmers. The governor came out openly in support of Dr. Friday and urged him not to offer his resignation. Shortly after he resigned, he continued the fight by asking H. H. Halladay, secretary of the M. A. C., for a report as to the source of pay for county agents. The report showed 39 of the 61 agents received money from the Farm Bureau. According to college authorities this is in compliance with the federal law—the remainder of the money coming from the state and the federal government.

The report was submitted without comment to the state administrative board. It then was referred to Secretary DeLand for further investigation. He will make a report back to the board, and it is rumored that it may be of avolantile nature. It is considered not improbable that the governor will urge the board to withdraw from any arrangement which permits the partial payment of county agents by an outside organization.

SOCIETY

Clifford-Johnson. A pretty wedding ceremony took place this morning at 7:00 o'clock, when Miss Catherine Clifford, daughter of Mr. and Mrs. John Clifford, 701 South Fourteenth street, was united in marriage to Mr. Adolph F. Johnson at St. Joseph's rectory by Rev. Fr. Bertrand, O. F. M.

The bride was attended by her sister, Miss Clara Clifford, and Mr. Edward Clifford was best man. A wedding breakfast was served at the home of the bride's parents to the immediate relatives, after which the couple left for a trip to Chicago, Milwaukee and the Dells of the Wisconsin. They will be at home at 1121 Sixth avenue, south, after August 1st. Miss Clifford is a graduate of St. Joseph's High School and was a member of the class of 1907 and also a graduate of Lakeside Hospital, Milwaukee, with the class of 1912. She has been employed as a registered nurse in this city for the past ten years and has a host of friends in this city. Mr. Johnson is a mason contractor and like his bride has a large circle of friends.

They will be at home at 1121 Sixth avenue, south, after August 1st. Miss Clifford is a graduate of St. Joseph's High School and was a member of the class of 1907 and also a graduate of Lakeside Hospital, Milwaukee, with the class of 1912. She has been employed as a registered nurse in this city for the past ten years and has a host of friends in this city. Mr. Johnson is a mason contractor and like his bride has a large circle of friends.

Golf Club Program. A luncheon served promptly at 1 o'clock, and a card party is on the program at the Escanaba Golf Club for Wednesday afternoon. The first card tournament will be played off after the luncheon. Members who wish to enter are asked to notify Mrs. G. W. Moll, telephone 676. For those not desiring to participate in the tournament, cards will be available for other tables.

Yeomen Card Party. All plans have been completed for the card party to be given by Delta Homestead No. 1284, Brotherhood of American Yeomen in the North Star hall tonight. Prizes will be awarded the winners. Refreshments will be served in conclusion. This is to be a public affair and everybody is invited. The card party will take place immediately after the close of the regular meeting of the lodge which will be at 9 o'clock.

Royal Neighbor Meeting. Cloverland Camp, Royal Neighbors of America will hold a business meeting in Greiner's hall Wednesday afternoon at the usual hour. A good attendance is requested as business of importance will be discussed.

Auxiliary Meeting. The Ladies' Auxiliary to the R. of M. T. held a special meeting at the North Star hall this afternoon at 2:30 o'clock.

Mrs. Margaret Morrison, one of the Grand Lodge officers, was in the city. A pot luck supper was served.

Morning Star Party. The North Star hall will be the scene of a merry party given Saturday evening, June 23rd, by the members of the Morning Star Society when all members of the North Star Morning Star and Krouan Society of Gladstone and their friends will be entertained at an old-fashioned mid-summer affair. The program will be announced at a later date.

W. B. A. Meeting. There will be a business meeting of the Women's Benefit Association at Greiner's hall this evening at 8 o'clock sharp. All members are urged to attend and also to take this opportunity of paying their dues and assessments.

O. E. S. Meeting. R. C. Hathaway Chapter No. 49, O. E. S., will hold a meeting at the Masonic Temple this evening at 7:30 o'clock.

U. C. T. Party at Nahma. Members of the United Commercial Travelers and their guest enjoyed a dancing party at the Nahma Club House Saturday night. More than 300 persons participated in the affair, which was one of the most enjoyable social events of the year. Johnson's orchestra furnished the music. Following the return of the party to this city, the management of the Delta Hotel served a supper to the officers and members of the entertainment committee of the organization, which also was a pleasing function.

Evening Star Society Party.

The members of the Evening Star Society are making elaborate plans for the mid-summer party which will be given at the North Star hall Thursday evening, June 21st, when there will be old fashioned dances and many

other amusements for the young and old. An unusual lunch is being planned by the committees in charge and a good time is anticipated. The public is cordially invited. A good program of music will be rendered by a Gladstone orchestra.

**FUGITIVE FELON RETAKEN AT IONIA INSTITUTION**

(By the Associated Press) IONIA, Mich., June 19.—Posses, covering the entire country, Friday afternoon recaptured one of the three convicts who gained their liberty in a spectacular dash before dawn. The three climbed the walls of the state institution here and dashed across several open fields with bullets from the guns of five guards lying about them. Albert Szpak, serving a sentence for burglary in Charlevoix, was recaptured in less than an hour. The other two, Stanley Lubin, 18

years old, and Jean Jones, 25 years old, both serving short terms for burglary, apparently have made good their escape. Hiding in the prison yard Thursday night, the three scaled the wall early in the morning. After they shooed on your wooden overcoat you'll never have a chance to attend the Lohmiller Jewelry Auction Sale. Better go today. FOR SALE—Cheap, awning, tent size, 16x16. Inquire 1429 Second Ave. south, or phone 689-J.

**HOT POLITICAL ROW ON AT POLLS TODAY**

**Third District Congressional Election in Progress at Kalamazoo.**

(By the Associated Press) KALAMAZOO, Mich., June 19.—Marking the end of a campaign that grew more hectic as its progressed, voters of the third congressional district went to the polls today to name a successor to the late Congressman J. M. C. Smith. The nominees were Arthur B. Williams of Battle Creek, a manufacturer, who is seeking the place on the republican ticket, and Claude S. Casey, Kalamazoo attorney, the democratic standard bearer.

When the campaign started immediately after the primary last month which resulted in the formal choice of nominees, the public in the third district viewed the race with rather an apathetic eye.

Then interest was aroused by the entrance of national organizations of both the republican and democratic parties, the former desiring to keep the district in the republican fold, and the latter seeking to add another member to the body in the national law making councils that generally is opposed to the present administration.

The republicans brought United States Senator James E. Watson of Indiana to Michigan in the closing days of the campaign. He spoke at Kalamazoo Saturday night, reviewing the achievements of the republican party, of which he is a leader, from its inception down to the present.

On the democratic side the national organization has been represented by Senator Woodbridge N. Ferris of the Rapids, Mich., who has been unsparring in his efforts to further the cause of Mr. Casey. Both the candidates have been conducting energetic campaigns, going to different cities and towns in the district to speak in behalf of their candidates.

Mr. Williams has made his plea for election largely on national lines, upholding the ideas of the present republican administration.

LOST—Beagle hound, part fox, mostly white, two brown ears, black spots on back. Finder please notify William Couillard, Wells post office, and receive reward. Phone 688-F1.

Don't put it off another day; get up to the Lohmiller Jewelry Auction and buy that diamond now at your own price.

**THIRD MYSTERY CORPSE RECOVERED FROM RIVER**

(By the Associated Press) ALGONAC, Mich., June 19.—The body of an unidentified man, presumably a sailor, was found floating in St. Clair river in the flats section opposite the hotel formerly conducted by Joseph Rogers, early Friday. The body had been in the water several months. There is a possibility that the body may be that of William Easton, 38 years old, drowned on the Canadian barge, Providence last fall. This is the third body to be taken from St. Clair river in the last two weeks between Port Huron and the flats ship canal. None of them has been identified.

**NOTICE.**

The Gray Motor Transit Company announces that until delivery can be made on additional equipment, starting Wednesday, June 20th, they will make only two trips daily between Escanaba, Iron Mountain and Marinette; busses leaving Escanaba at 9:50 A. M. and 9:10 P. M.

If you have misplaced your wife, you'll probably find her at the Lohmiller Jewelry Auction. Everybody's attending.

**It's Gittin' So You Can't Trust Nobody None o' the Time**

(By the Associated Press) DETROIT, Mich., June 19.—There is better than an even chance that liquor bought in Detroit is counterfeit, according to Canadian customs officials and peace officers on the American side. They claim that more liquor is made in Detroit and sold as Canadian whiskey than is smuggled across from Canada. Counterfeit labels, it is asserted, are made by the thousand in Detroit; and bottling plants, where bonded bottles frequently are filled with spurious holes drilled in their bottoms, are doing a thriving business. Most of the alleged Canadian liquor offered for sale in Detroit, is made from alcohol, flavored and colored, or from well-aged moonshine. A certain portion of it may be poisonous, officials declare.

The Harry J. Lohmiller stock of jewelry is one of the finest in the Upper Peninsula. You can buy it now at practically your own price at the big auction sale.

Eliza wanted what she wanted when she wanted it. As she was crossing the ice, she turned, defiantly shook her swagger stick at Simon Legree and shouted: "The onliest way y'all ever gwine ketch me is to come to Lohmiller's Auction Sale. Ise gwine git me some real bargains."

**OBITUARY**

**CURTIS BAKER, JR.**

Curtis Baker, Jr., infant son of Mr. and Mrs. Curtis Baker, died yesterday afternoon at a local hospital shortly after birth. The body was taken to the Alto funeral home to be prepared for burial. The funeral was held at 10 o'clock this morning with burial at Lakewood cemetery.

You'll be sitting pretty if you get one of those big bargains at the Diamond Day Auction Sale at Lohmiller's tomorrow.

**SOCIETY**

Sullivan-Zinn. Wedding announcements have been received in this city of the marriage at Minneapolis, Minn., of Miss Jessica Sullivan, formerly of this city, and Mr. J. E. Zinn. The ceremony was performed at a Catholic church at Minneapolis and a wedding dinner served at the Dykenau Hotel to a number of close friends of the bride and bridegroom. They will make their home in Minneapolis.

FOR RENT—Upstairs room. Inquire 714 First Ave. south. 172

Time is flying and you need a watch, but it's still time to get one at a wonderful bargain at the Lohmiller Auction Sale of Real Jewelry.

**Turtle Exists 12 Years Minus Food or Water**

CULPEPPER, Va., June 19.—An unusual instance of enforced hibernation is reported from Orange county. Twelve years ago a man there caught a small turtle and, for an experiment, placed it in a box, closing the lid tightly. He intended to open the box within a week but forgot it. It was opened this week. The turtle was still living, and was practically the same size as when placed in the box.

Mr. and Mrs. Alfred Casey of Wells are the proud parents of a baby girl, born June 16. Mrs. Casey was formerly Miss Jennie Way.

**Millions of Dollars Are Lost in This Country Each Year**

by people who carry large sums of money in their pockets. Such losses are unnecessary and inexcusable.

People who have Checking Accounts seldom, if ever, lose money. They don't need to carry currency in large amounts. They pay by check instead.

Do your business the SAFETY FIRST WAY. Open a Checking Account in this Bank right now—TODAY!

**RED PEPPER FOR RHEUMATIC PAIN**

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once. When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone. Ask any good druggist for a jar of Red Pepper Rub. Be sure to get the genuine, with the name Kowik on each package.
