CONFERENCE HELD ON LIQUOR SEIZURES

OFFICIALS IN SOME DOUBT AS TO NEXT STEP

Treasury and Prohibition Officials Hold Confab Today.

No Decision Announced Following Long Parley Held in Washington This Morning.

(By the Associated Press)
WASHINGTON, June 27. Seizure of the liquor by local law enforcement officials in Michigan is being considered by Treasury and Prohibition officials in Washington. It is reported that the big observatory may have been overlooked. Prof. Carrara reports that the flow of lava is progressing at the rate of one kilometer an hour.

OUTDOOR SERVICE AT LUBINGTON PARK BY LOCAL CHURCHES

Plans Now Being Made for a Patriotic Program Sunday Before July 4th.

Arrangements are now being forwarded through a representative group of several local churches for holding a patriotic service at Lubington park on Sunday, July 1, before July 4th. The idea is to give some of the Fourth of July spirit to the people of the city. The service will be held at 10 o'clock and will be a most interesting affair. The city administration will cooperate with the churches by furnishing chairs and doing whatever else may be necessary for the proper handling of the crowds.

THE WEATHER

For Escanaba and Vicinity: Partly overcast tonight and Thursday; cooler Thursday; moderate to fresh shifting winds becoming northerly.

YOUR POLICY WOULD COVER THIS CASE

It is not always the fault of the automobile or its driver. Here cars fall off the track and kill two people in car below.

NEW YORK, June 25. Seven persons were killed and forty-five injured today when two wooden cars plunged from a Brooklyn elevated structure into the borough's busiest traffic intersection. The dead included two persons in an automobile which was barred under the track.

The accident insurance policies issued by The Daily Mirror which is a member of the Newspaper Insurance League, would have protected every person killed or injured in the above accident. There are hundreds of ways you can get killed or hurt while traveling, and your life and safety is in jeopardy every minute.

New Eruption of Mt. Etna Is Now Plainly Visible

LONDON, Escanaba, June 27. A new and violent eruption broke out this morning over the summit of the volcano of Mt. Etna, plainly visible to the naked eye at Catania. A Rome dispatch to the Central News agency.

POLICE POSSE GETS SLAYER OF POLICEMAN

Capture of John Whitefield Ends a Long Search.

Fugitive Found Working in Detroit Lumber Yard where He Was a Foreman.

(By the Associated Press)
DETROIT, Mich., June 27. Coroner by twenty-five policemen and a Michigan avenue lumber yard where for several weeks past he has been working as foreman of drivers, John Whitefield, wanted in Cleveland, O., for the murder of Police Detective Griffin, was captured last night.

NEW LIGHTING SYSTEM FOR 14TH STREET

Concrete Foundations for Posts Are Being Laid Today.

The first step in the work of installing a boulevard lighting system on 14th street was taken today when city employees began putting in the concrete foundations for the iron posts. This lighting system is a part of the general program outlined for the city and will be followed next by the installation of a similar system on Hartnett and Stephenson avenues.

TRI-STATE MINERS PLAN U. P. MEET

Houghton, Mich., June 27. Arrangements are under way for the twenty-third annual meeting of the Lake Superior Mining Institute, to be held in Duluth and on the Minnesota range, August 29, 30 and 31.

Headquarters will be at the Spaulding hotel, Duluth, where all members and guests will register the first day of the meeting. Transportation may also be obtained there for the excursion trips to the steel plant, Duluth, and the towns on the Mesaba and Cuyuna ranges. A. J. Perrin, secretary of the Lake Superior Industrial Bureau, will act as the local secretary, with headquarters in Duluth.

The institute includes in its membership mining men of upper Michigan, northern Wisconsin and Minnesota.

Planning To Push "Ford For President" Move

Green Bay Business Man Commits Suicide In Hotel In Milwaukee This Morning

MILWAUKEE, June 27. H. R. Braune, 38, of Green Bay, Wis., was found dead in the Hotel Martin here this morning from poisoning. Authorities say that the circumstances of the death indicated that he committed suicide.

Leaves a Note.
GREEN BAY, June 27.—"When you receive this I will be dead," was the opening paragraph of a special delivery letter received this morning by Dell Wright, assistant to H. R. Braune, district manager of the Richmond Clothes company of Cleveland, who was found dead in his room in the Hotel Martin at Milwaukee last night.

ESCANABA STORES DO BIG BUSINESS ON SPECIAL SALE

Prizes Awarded Each Day to Shoppers for Excelling in Some Particular Line.

Buying in Escanaba stores was again spirited today, the third day of the "Greater Escanaba Week" activities which started on Monday. The message of opportunity which was carried into thousands of homes in the shopping territory adjacent to this city was apparently read with understanding and has resulted in a fine line of business for a normally dull season. The awarding of prizes for various excellences, has attracted wide attention and is one of the most interesting features of the big sale now going on.

Tuesday's Winners.

The winners of yesterday's prizes were: Alfred Erickson, of Lehiella, who brought the largest load of shoppers to the largest distance. He brought a big party of 47 and was awarded the 100 bars of soap given by the Fair Savings Bank.

Today's Prizes.

Today's prizes are: \$5.00 purchase coupon to the shopper making the largest purchase in any or all of the cooperating stores. Given by the Boston Store.

Manual Training.

Since the Webster school is situated in a district which is greatly improved.

PIECES OF OLD CARPETS BECOME HATS IN LONDON

(By the Associated Press)
LONDON, June 27.—Small cloche and mushroom hats made out of pieces of old carpet are being shown. Boldly patterned pieces of carpet are cut up to cover these which are made in simple style, the brim and top of the crown bound with ribbon in the predominant color, the same ribbon forming the narrow band around the crown.

JUROR IN SMALL'S CASE IS TO BE TRIED

(By the Associated Press)
WAUKEGAN, Ill., June 27.—John H. Fields, one of the jurors who acquitted Governor Len Small of irregularly charges in the manipulation of state finances, will go on trial himself this week for conspiracy. It is alleged he planned to impede justice in the Small case. Two other men, alleged to be go-betweens, also will be tried.

NEW RULES AS TO COAL CARS TO HELP SOME

Stop Carriers from Giving Mines Additional Cars for Rail Coal.

Also Held That Big Companies Buying Cars Has Proven of No Material Benefit.

(By the Associated Press)
WASHINGTON, June 27. New regulations governing the distribution of railroad coal cars, especially in times of shortage, will go into effect on September 1, ending a protracted controversy between the carriers and the bituminous mine owners.

SHERIFF TAKES \$500 TO WIDOW OF FRANK CURRAN

Money Was Appropriated by County Board in Appreciation of Brave Man's Services.

Sheriff Joe Curran and Deputy Earl Donahue left this afternoon for Lehiella, where they went to take with them the \$500 check issued by the Delta County Board of Supervisors to Mrs. Frank Curran, widow of the courageous deputy sheriff who was slain by a bullet from the murderous gun of George Natchoff, escaped convict, who himself was killed by a posse last Sunday in a swamp near Perk.

TWO ARE SLAIN IN RENEWAL OF N. Y. GANG WAR

Four Wounded as Pistol Fights Are Waged in the Streets.

(By the Associated Press)
NEW YORK, June 27. Two persons were killed and four shot in pistol battles in the streets of New York as opposing gangsters renewed their vendetta Sunday.

JUGO-SLAV PREMIER TARGET FOR BULLET FROM AN ASSASSIN

(By the Associated Press)
LONDON, June 27.—A Central News dispatch from Belgrade says six shots were fired at the Jugo-Slavian premier, Nikola Tachitch, as he was leaving parliament. The dispatch says the premier was unharmed. Aman named Rajtsch was arrested.

Three Killed in Electrical Storm Tuesday Evening

NEW YORK, June 27. Miss Herbert Yall was killed and two others were injured during the height of the electrical storm in Brooklyn last night when the wind demolished a 1920 truck that fell upon an automobile in which they were riding.

RECREATION EXPERT PAYS A COMPLIMENT TO SUPT. W. E. OLDS

Is Here Making Survey of Playground and Recreation Work in U. S.

A. B. Wellington, representing the Playground Recreation Association of America, headquarters at 215 Fourth Avenue, New York City, was in Escanaba today. Mr. Wellington comes here for the purpose of making a survey and observations of what is being done in the matter of providing recreation facilities not only for children, but for the population as a whole, by the schools, the municipal government, and the various civic, church and fraternal organizations.

DECIDE ON PRICES TO BE CHARGED FOR DECORATING STREET

Chamber of Commerce Body Also Decides to Replace Torn and Frayed Decorations.

Members of the street decorations committee of the Chamber of Commerce met today and discussed various business matters concerning the decorating of Stephenson avenue and Ludington street. A uniform rate for any organization wishing to put up the decorations was decided upon. Fifteen dollars will be charged the first day the decorations are used and ten dollars for every day thereafter. This charge, however, does not include the money which must be paid to the city for putting up the decorations.

WISCONSIN SENATE DEFEATS INCOME TAX MEASURE BY SQUEAK

MADISON, Wis., June 27.—The Wisconsin senate refused, 16 to 15, to send to a third reading the Dahl general income tax bill as amended by the substitute amendment offered by Senator Henck of Racine. After killing the single remaining revenue measure, a measure was offered to reconsider the vote by which the third reading was refused.

CONVENTION TO BE CALLED FOR 'THIRD PARTY'

Proposition Is to Hold the Convention in Dearborn, Mich.

All "Ford Clubs" to Be Asked to Send Delegates to Form National Organization.

(By the Associated Press)
DETROIT, June 27. Planning vigorously to push a campaign to bring about the nomination of Henry Ford for president, probably through the medium of a third party, the Dearborn "Ford For President Club" is considering the calling of a convention of all the Ford clubs in Michigan. It was announced today by Roy William Dawes, leader of the movement in the home town of the Detroit manufacturer.

MUNISING COMING FOR SUNDAY FRAY WITH THE LOCALS

Team Is Being Strengthened and Important Changes Are Forecast for Future.

When Munising comes to this city Sunday to give battle to the locals, a rejuvenated team will oppose them. According to reports today, a new face will appear in the outfield in place of Perrin, and a new slasher will do the hurling.

Manager Freddie Olmstead did not announce today who he had in line for the two berths, but he intimated that he is longing for some real crack players.

The Alger county club brings a strong aggregation of a team which has won the majority of its games this year. Because of this fact Olmstead is hastening steps to bring about agreements with new players so that Escanaba will gain by swinging about in easy fashion.

Steps are being taken to correct the financial difficulty into which the local club has fallen, and although many obstacles have to be surmounted before all the difficulties have been overcome and before the team has been set on a firm financial basis.

Marguerite, perhaps, the strongest team of the Superior region will be here on the fourth of July as a part of the celebration on that day. Two great games are expected.

MANY CHANGES IN STATE LABOR LAWS EFFECTIVE SOON

In Some Cases Laws On Employment Are Made More Drastic; in Some There Is a Relaxation

(By The Associated Press)

PHILADELPHIA, June 27.—A number of changes in the state labor laws will go into effect soon, and in some cases the laws will be made more drastic, and in some there will be a relaxation.

The changes in the laws will be made effective on the first of July. In some cases the laws will be made more drastic, and in some there will be a relaxation.

COAL FAMINE PLOT IS SCENTED BY U. S.

Dangerous Trails Overseas Tip of Strike Facts.

(By The Associated Press)

WASHINGTON, June 27.—Attorney General Clegg has started an investigation into an alleged agreement between the United States Mine Workers of America and Miners' union organization in foreign countries designed to shut the United States off from 25 million tons of coal during a strike in the country.

The investigation is being conducted by the attorney general, and it is believed that the agreement, if it exists, is a plot to create a coal famine in the United States.

N. Y. EXCHANGE CHIEF TO QUIT

President of Consolidated to Resign Over Wall Street Crisis Criticism.

NEW YORK, June 27.—William S. Sikowitz, president of the New York Consolidated stock exchange, has announced to the New York Evening Post that he would resign June 28. "I am resigning for the interest of the exchange," Sikowitz said. "I feel I have been made a target for personal abuse and that this has reacted to too great an extent upon the exchange itself."

It was understood on the street that Lawrence Twiss, vice president of the exchange, had been unofficially selected to succeed Sikowitz.

Two Firms Enjoined. Supreme Court Justice Waughover signed two orders, temporarily enjoining the stock brokerage firms of W. W. Weiss & Co. and J. H. Doherty & Co. from backing or offering the exchange in fraudulent stock transactions.

The order directed William W. Weiss and Joseph H. Doherty to appear and show cause why injunctions obtained by the attorney general should be made permanent.

New York, June 27.—With the market recovering from the slump into which it was thrown by the Diamond and Pochay failure, Wall Street was filled with rumors last week that another collapse may be imminent.

At a special meeting of the board of governors of the exchange, A. B. Morris, of A. B. Morris and Co., was suspended for one year and Benjamin Alexander was elected to fill the vacancy of the exchange.

Fisher Retained in N. Y. Meanwhile, Edward M. Fisher, confessed "bookie," is still in the low street jail because he refuses to tell the court what happened in the proceeds of his business. He will not be permitted to start serving his regular term of one to four years in Sing Sing until he tells investigators of the activities of Wall Street firms which recently failed are under way. Attorney General Sherman also has squandered work, ready to hand any brokers caught bookmaking.

THEM DAYS IS GONE FOREVER Liberate This From Your Larynx.

By Al Posen

Washington, June 27.—Legislation to prohibit dealing in stocks, bonds and securities projects by companies without adequate financial backing will be introduced in the next congress, it was announced here by Senator Duff of South Carolina.

The next few years will see a great growth in attendance at farmers' meetings beyond even the present statistics. Professor Cox, who spends a month or two of each summer touring Michigan to meet with different associations of farmers. "The Michigan farmer gradually is going to obtain a knowledge of state-wide agricultural conditions, and instead of going 20 miles to see a neighboring farmer, he will go 100 miles to see the best in the state and if necessary he will make this trip and return the same day, combining the point with an outing for his family in many cases."

—for these are necessary to make her beautiful and healthy we can get after you for it. These things are as serious in her life more valuable than gold, and justice demands she shall not be denied them because of your ignorance or negligence. We are going to get rid of much needless court procedure, we are going to have less of court and more of a place of human helpfulness. We are going to fight sin, not sinners. We are going to make it easy to get caught and easy to tell the truth. We are going to make it stupid to lie or do wrong. We are going to judge less and teach more."

value. The largest difference between feeding values was found to be in alfalfa hay. The experiment was made on a light, sandy and acid soil. The addition of two tons of limestone to the acre added 250 pounds of hay to the acre and increased the percentage of calcium content 250 per cent and the phosphorus 125 per cent. The second cutting of the same field showed continued feeding content value of the treated fields, although not as large as that recorded in the first cutting. Another limestone experiment showed higher feeding value when the seeding and liming were the same.

Experiments on three farms in different parts of the state with wheat showed an increase of yield for several kinds of treatment, and a large increase in the milling grade of the grain. A Cass county farm was found to produce a much better quality of rice under similar conditions of fertilizer than were possible to attain for wheat under the same conditions. The protein content of wheat remained the same under all conditions of fertilization, while the protein content of rice advanced rapidly for some fertilizers. The yield in bushels of rice also increased from 7 1/2 to 13 1/2 bushels an acre, above untreated fields, and the milling quality of the wheat advanced from poor to very good.

The deduction made by the soils department of the college is that some soils will not respond to treatment for certain plants, but that the right soil and the right treatment combined will add largely to the yield and food value of certain hays and grains.

Farm Owned Autos Revolutionize the Farmer's Problems

EAST LANSING, Mich., June 27.—Michigan's farm owned automobiles have revolutionized the problem of visiting the farmers of a given section of the country, according to Professor E. P. Cox, head of the farm department of the state agricultural college here. Especially in the case of farm organization and social work, the farm owned automobile has revolutionized the situation.

Where ten years ago a county meeting could only be attended by a few

QUALITY OF SOIL AFFECTS THE FOOD VALUE OF PRODUCT

EAST LANSING, Mich., June 27.—Quality of soil as well as adaptability of soil has considerable bearing upon food value of the product, according to experiments made at different points in the state by the soils department of the Michigan Agricultural College. A pound of hay is a pound of hay on the scales, but in the chemical laboratories here it is so many units of component parts. In commerce a bushel of wheat, except as it may come within the closer inspections of the miller, is so many pounds of wheat, but in the laboratory the same bushel is so much food

value.

FIGHT THE SINS OF WOMEN, AND NOT SINNERS, IS PLEA

Ben Lindsey Says Colorado Aims to Teach More and Judge Less.

DENVER, Colo., June 27.—We are going to fight sin, not sinners, and aim to teach more and judge less, declared Judge Ben B. Lindsey, of Denver juvenile court, Sunday, discussing Colorado's new maternity and welfare laws which became effective last week.

The world has become hysterical over the so-called morality of women but it has done little or nothing for the justice, health and beauty of women, Judge Lindsey declared. "Chief Virtue Not Paramount." "So much emphasis has been placed on the one virtue that the importance of others has been lost to view. I believe in one or two exaggerated, while others are ignored."

"But my experience of 25 years in domestic relations, and in children's courts convinces me that there are many women having the chief virtue who are far from creatures in parity with many of those without it."

It is his primary duty to the general public with these traditions which cause it to punish the offender rather than prevent the offense, for present conditions.

To Give Health Instruction. "The law may instruct about health food and diet," Judge Lindsey continued. "We may say to parents, if you do not see that your little child's teeth or legs are straight

Tonic Pills

The Old Reliable Family Remedy for Building Up the System, Nervous Disorders, Insomnia, etc.

Neglect of sleeplessness, depression and nervous disorders of any kind, is extremely dangerous. All too many men and women are obliged to go out into the world and battle for a living, neglect their health to such an extent that a nervous breakdown is the inevitable result. It is best to be warned in time, so that these nervous ailments may be checked. Read what Frank Spruvel of 42 W. Jefferson St., Valparaiso, Indiana, says:

"Dr. A. W. Chase's Tonic Pills are helping me in every way possible as I was in very bad shape when I began the use of them. I am feeling better every day. The treatment is working wonders in my case as my case is about thirty-eight years standing."

You can buy Dr. Chase's Tonic Pills at all drug stores. To be sure of getting the genuine, see that portrait and signature of A. W. Chase, M.D., are on each box - your protection against imitations.

Optimism Plus Confidence Plus Work Equals Prosperity

A "Boost Your Neighbor" Campaign in Escanaba is to start very soon in the columns of the Daily Mirror.

Once the local resident realizes where his interests lie, one need not speculate as to the results of this campaign. However, it is up to the individual firms to keep the public acquainted with their line of goods and service they are prepared to render by giving it the necessary publicity.

In other words, let us get better acquainted in our business and personal relations and above all else, Mr. Citizen, KNOW YOUR CITY.

"The idea is an excellent one," said one of our prominent citizens the other day. "The campaign will bring the attention of the community to the many advantages to be found in patronizing our own merchants. The campaign is principally designed to acquaint the people of Escanaba with the buying possibilities in their own community."

"Money is a medium of exchange—you cannot wear it—you cannot eat it—but it cannot be used as a medium of exchange unless you keep it here."

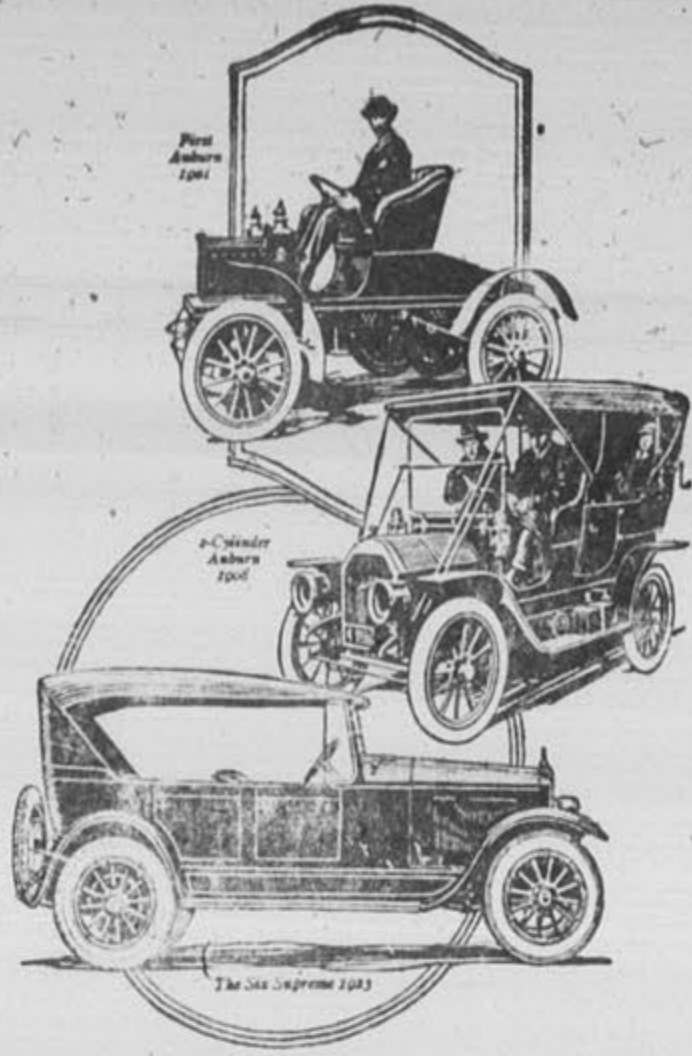

"Some people work for a living—others invest their savings wisely and permit their money to work for them. In every business enterprise, capital and labor are the prime necessities. Capital supplies the tools, machinery and equipment and works just the same as labor."

"If you felt like working, would you prefer to work in your own yard, or would you go into your neighbor's yard to work? Most assuredly you would work where you would receive the benefits. Then why should you send your money away to work for the advancement of some other part of the town?"

"All we have to do is to trace the dollar bill in Escanaba. When it is spent here, it goes to the merchant, and he in turn uses it for the rent and other expenditures, and the landlord in turn spends it with the grocery man, the butcher, the druggist, and so on."

"If Escanaba people could travel with a dollar bill for one week and see the number of hands through which it passed they would never hesitate in doing all their buying at home. The merchants need this support and above all, the community benefits by it. Such a liberal educational campaign will have a far-reaching effect and make the community better and greater for it."

THE DAILY MIRROR

AUBURN HISTORY PARALLELS MOTOR INDUSTRY

Quarter Century of Progress Graphically Portrayed

The story of the amazing development of the motor car industry is shown at a glance by these illustrations of Auburn cars.

The second is the 1908 Auburn, a car that had a host of proudest owners, who looked with contempt upon the original car, and wondered how anybody could have been satisfied with such a crude piece of mechanism.

The third is the Auburn Six Supreme of today, a wonder car, that is helping to establish the present day motor vehicle as the acme of mechanical ingenuity.

The Auburn Six Supreme is one of the finest examples of the automobile at its best with breathless speed at request, comfortable riding, freedom from annoyances and trouble, and in all a beautiful, distinctive creation from the standpoint of design.

TOURIST SEASON IN FULL SWING IN STATE NOW

DETROIT, June 27.—The Michigan 1923 tourist season, which is the longest in the history of the state, is now in full swing.

Reports to E. J. Barron, secretary of the Detroit Tourist and Travel Bureau from every part of the state indicate that the tourist season is the greatest in the history of the state of year, and also that the volume of business is increasing.

STATE HAS HEAVY PERCENTAGE BEST MILK PRODUCERS

Many of the Honor Cows of the Country Are Found in Michigan Herds.

ST. LANSING, Mich., June 27.—Twenty per cent of the cows making high records among the Holstein Friesian milk givers of the United States are in Michigan, according to statistics prepared for the year 1922-23 by the National Association.

The state stood well up in the mature 365-day test in which 15 cows in the United States were listed in the records. Michigan took second, fourth, tenth, thirteenth, eighteenth and forty-second in this test.

The week's milk production (and the American thirty-day milk production) both are held by Faye Aggie Heegerman, Penton, owned by W. W. Mountain of Howell.

In this case, as in many of the high records, the result was under ordinary farm conditions. Mr. Mountain having his two cows on the test.

Members of herds at a number of Michigan State institutions are included among the honor cows of the country. Kalamazoo State Hospital being represented by one animal taking a fourth place in a class, the Newberry State Hospital has five cows on the honor roll, Iowa one, and Pontiac three.

ing color and wore a corsage of pink roses.

A wedding breakfast was served to the immediate relatives of both parties at the home of the bride's parents.

The couple left at 5 o'clock by motor for a trip to Milwaukee, Chicago and points in Wisconsin.

They will make their home in this city after July 15.

Jensen-Gain. As June is the month of brides an unusual number of weddings took place in this city recently, but among the prettiest weddings was the one of Tuesday afternoon when Miss Dora Jensen, daughter of Peter Jensen, of Charlevoix, Mich., became the bride of Herbert A. Cain, son of Mr. and Mrs. John A. Cain, of Ishpeming.

The wedding ceremony was performed at the home of the bride's sister, Mrs. Henry Johnson at Chandler Falls. In a beautiful bower of cedar boughs the entire porch of the home was converted into a pretty setting for the ceremony.

The bride was attended by Miss Esther Bloomberg, a close friend, while Reginald Cain, a brother of the bridegroom, was best man. The bride looked charming in a gown of turquoise blue tulle with white picture hat and a corsage of Ophelia roses and sweet peas.

A five-course wedding dinner was served at the home of Mr. and Mrs. Johnson, covers being laid for twenty-four guests.

The out-of-town guests who came here for the nuptials were Mr. and Mrs. Peter Jensen, Charlevoix, Mich.; Mr. and Mrs. Chris Jensen and family, Channing, Mich.; Mrs. John A. Cain and son, Reginald, Ishpeming; Mr. and Mrs. Robert Olson, Powers; Mr. and Mrs. James Cota, Powers.

The bride of yesterday was formerly employed as night toll operator for the Michigan State Telephone company, and has a large circle of friends in this city, she having been the honored guest at several pre-nuptial festivities during the last few weeks at which she received many beautiful and useful gifts.

They left this morning for a motor trip to Ishpeming and Saturday for a tour of the western states before returning to this city, where they will make their future home.

W. R. C. Social Meeting. Reservations for the social meeting and dinner to be held Thursday at Peterson's Team Room at Ford River must be made before this evening.

Whitburn-Vomastek. Among the June weddings of 1923 was the ceremony which was performed at Bessemer, Mich., at 3 o'clock Tuesday afternoon at the rectory at St. Sebastian's church when Miss Bella Whitburn, daughter of Mr. and Mrs. Fred Whitburn, of Bessemer was united in marriage to Mr. Charles Vomastek, of this city, son of Mrs. Anna Vomastek of Bessemer.

The ceremony was performed by Rev. Fr. Swaboda, pastor of St. Sebastian's Catholic church of Bessemer.

The couple was attended by Miss Caroline Vomastek, sister of the bridegroom, and Mr. Albert Scavarda, a close friend.

Following the ceremony a five course dinner was served at the home of the bride's parents.

The couple will later motor to this city where the groom has furnished a cozy home for the reception of his bride at 320 South Twelfth street.

The bride of yesterday has been engaged as a teacher in the public school as Bessemer and enjoys the sincere friendship of a large circle of friends in that city.

SOCIETY

Banks-Ballard.

News of the wedding yesterday in Cheboygan of Miss Wanda R. Banks of that city to Ernest E. Ballard, for many of Escanaba, has been received here.

Cossette-Nohlat. A pretty wedding was solemnized at St. Anne's church Tuesday morning at 6:45 o'clock when Miss Florence Cossette, daughter of Mr. and Mrs. Albert Cossette, 311 South Eighth street, became the bride of Mr. Eugene Nohlat, son of Mr. and Mrs. John Nohlat of Gladstone, in the presence of a large number of relatives and friends.

The bride was attended by Miss Eugenia Porter of Menominee, a close friend, and Uldis Nohlat, brother of the bridegroom, was best man.

A wedding breakfast was served at the home of the bride's parents to the immediate relatives of both parties.

The couple left on the 10:30 train for Chicago, Vancouver and the Canadian Rockies.

The bride of yesterday is one of this city's popular young ladies and a former student at St. Anne's school, born and reared in this city. She numbers her friends by the score.

Mr. Nohlat is the agent at the Soo line depot at Gladstone, where he has been employed for a number of years. They will make their home at Gladstone.

"Petting Parties" in Park Defended By Wives' League

TOLEDO, June 27.—(Associated Press.) Toledo's wives' league today stands on the side of the prohibition of petting parties in city parks.

The league's resolution adopted after a from prospective parties and a resolution defending the right number than to give up the park.

As may be seen, the league is not in a hurry to be kissed. The Mr. Dixon from reports indicated by prohibition would city authorities for other tourists and would result in a protest against spoon and from recent and have women in the parks.

PEACE IN RUHR NEAR, U. S. TOLD

Mellon Is Visioned as Helping France and Britain to an Agreement.

(By the Associated Press.) WASHINGTON, June 27.—Negotiations behind the scenes of the big world capitals again have aroused hope of a reparations and Ruhr settlement between France and Germany in the not distant future, according to authoritative advices reaching Washington Sunday.

It is proposed in Europe, according to these advices, that a series of personal conversations be held between Premier Baldwin of Great Britain and Premier Poincaré of France, designed to pave the way to a solution of the Franco-German controversy.

Mellon Is Mentioned. Of great importance and significance, is the report, contained in these authoritative advices, that Paris believes these conversations should be under way about the same time the Secretary of the Treasury Mellon arrives in Europe.

Nothing has been learned officially of his coming, but there is said to be a general understanding among the principal European nations that Mr. Mellon's opinion should be sought as to the economic impact of the reparations and Ruhr question.

Observers here believe that the recent recognition of the Ruhr is not held as its real reason a desire for more business with the Ruhr.

The reason given for the Ruhr is that the Ruhr is a great industrial region and that it is essential to the economic stability of Europe.

It is believed that the Ruhr is a great industrial region and that it is essential to the economic stability of Europe.

It is believed that the Ruhr is a great industrial region and that it is essential to the economic stability of Europe.

Recreation Expert Compliments Olds

(Continued from Page One) Olds and others which makes bigger and better and happier communities and I consider it a great pleasure to have helped into him.

Shows Super City. When in the city, Mr. Wellington was shown the points of interest, very interesting indeed, especially those which would be used for recreation for play grounds, public and parks and other forms of recreation, and Mr. Olds was wonderfully pleased by the beautiful sites for just what he had in mind.

He had a conference with Mr. Olds and they agreed to have a conference in the near future to discuss the details of the proposed plan.

The plan for the city is a great one and it is hoped that it will be carried out in the near future.
