The Newspaper Insurance League Through The North American Accident Insurance Co., of Chicago, Ill. Paid \$5,584.98 to Subscribers In One Week. How The Newspaper Insurance League Came Into Being and Something About Its Rapid Growth. Accidents are not prearranged. No man's brilliancy or judgment is proof against them because he is always at the mercy of the "other fellow." Just last week this great organization of newspapers, of which The Escanaba Daily Mirror is proud to be a unit, paid out more than \$5,000 to those injured and to the families of those killed in auto and travel accidents. CAN YOU AFFORD TO BE WITHOUT THIS KIND OF PROTECTION? Aren't these newspapers rendering this service, doing something really big and vital for you... THE DAILY MIRROR IS THE ONLY NEWS-PAPER IN NORTHERN MICHIGAN GIVING THIS SERVICE. Last year alone, THE DAILY MIRROR PAID CLAIMS ON 40 PERCENT OF ALL THE ACCIDENTAL TRAVEL DEATHS IN DELTA COUNTY, AND 58 PERCENT OF ALL THE AUTOMOBILE ACCIDENTS IN THE COUNTY. What would it mean to the public if every paper in the country gave its subscribers the benefit of this protection...

How The Newspaper Insurance League Came Into Being and Something About Its Rapid Growth

What can we do to show our subscribers that they are something more than mere readers of our paper? How can we convince them that we look upon them as members of our family? How may we show to them our appreciation of their friendship and at the same time make them understand the obligation which rests upon us? These were a few of the considerations which, a few years ago, prompted a few newspapers to band together for the purpose of throwing about their subscribers a very real and a very necessary measure of protection at a cost which would not be burdensome and at the same time would be of great value and help in time of trouble. The outgrowth of this public-spirited effort to become more closely identified with the domestic life of readers; to assure them that their paper really tried to do something for them—has been a travel accident insurance policy. The insurance plan was evolved only after very careful consideration and investigation. In a few years, one paper after another has joined until, today, the organization which is authorized to protect its readers, covers virtually every state in the union.

THE DAILY MIRROR IS THE ONLY NEWS-PAPER IN NORTHERN MICHIGAN GIVING THIS SERVICE. Last year alone, THE DAILY MIRROR PAID CLAIMS ON 40 PERCENT OF ALL THE ACCIDENTAL TRAVEL DEATHS IN DELTA COUNTY, AND 58 PERCENT OF ALL THE AUTOMOBILE ACCIDENTS IN THE COUNTY. What would it mean to the public if every paper in the country gave its subscribers the benefit of this protection? How much of the enormous economic loss, what degree of human suffering and mental anguish would be alleviated, if the families of injured or killed bread winners had the benefit of this protection?
