OLMSTEAD HAS ACE IN THE HOLE FOR WEEK-END SERIES

Milwaukee Pitcher Unable to Come But Fans Are Assured of Some Real Sport Anyhow.

Skipper Freddie Olmstead of the local ball team received a telegram this morning which rather put a kink in his plans.

Under the circumstances, there was but one thing to do—tell him not to come.

However, the management still has a hole card which looks mighty good, but it is not to be exposed before the game.

That is about all that is standing in the road of continued baseball in Escanaba—the weather.

One thing is sure—Freddie is going all the way in trying to give the fans a team of which they can be proud.

ESCAPED LEPER, WANDERS AFAR, GIVES SELF UP

(By the Associated Press) WASHINGTON, July 19.—John H. Early, whose detention as a leper caused a country wide sensation some years ago has escaped from confinement for the fourth time and has paid a visit to his old haunts around Washington.

Having completed his call here he reported to the district of Columbia authorities, who ordered him sent back to the national leprosiarium in Louisiana.

He said he had been living at a downtown hotel. He left the leprosiarium three weeks ago, he told the authorities and since then also had visited Chattanooga, Tenn., Asheville and Tryon, North Carolina, Chicago and Milwaukee.

MARCONI PREDICTS CHEAPER SENDING OF RADIO MESSAGES

LONDON, July 19.—Another great step in the development of wireless telegraphic transmission has been realized, says Senator Marconi, who has returned to London after a two months' experimental cruise in his yacht "Electra".

Senator Marconi explained that these advantages were gained by the utilization of waves that have not before been used.

Commenting on recent experiments conducted by American inventors looking to privacy in wireless telephonic conversation, Senator Marconi said he had heard such an achievement was still far off.

Senator Marconi proposes to go on another experimental trip in a few weeks' time, and later to try the new system of long-distance wireless from the coast of the United States to Europe.

Prayers For Rain Bring Downpour, Crops Are Saved

POTTSVILLE, Pa., July 19.—Prayers for rain in a number of churches in the agricultural districts were answered with a heavy downpour Sunday night all over the district affected by the drought.

It rained for several hours materially benefiting crops. It is believed the late crops have been saved.

COUNTRY GIRL, 21, HELD IN JAIL ON MURDER CHARGE

Accused of Slaying Ex-Pugilist, Fearing She Would Be Jilted.

KANSAS CITY, Mo., July 19.—Miss Margaret Allister, a 21-year-old country girl, was held in jail here Wednesday, accused of murdering Paul Murdock, ex-prize fighter and saloon keeper, whom she loved.

Margaret said she feared that Murdock was going to give her up for his wife's sake.

"Mrs. Murdock, who already has one small child, was expecting another, and I thought that would influence Paul to leave me," she said.

As he lay dying on the sidewalk, Murdock said: "Run, honey, don't let the police catch you here."

The girl walked two blocks, and surrendered. She said she had known Murdock since he came to Kansas City from Arma, Kansas, four years ago.

ARRESTED NURSE FAKES NAME OF DETROIT WOMAN

Pleads to Passing Thirty Checks that Proved to Be Worthless.

PHILADELPHIA, July 19.—A girl, arrested here in nurse's costume while passing an alleged fraudulent check, who gave her name to the police as "Mae Weaver, of Kane, Pa."

The girl, who is 23 years of age, said that she had given the name of the rightful nurse in an effort to conceal her own identity.

The real Mae Weaver came to this city from Detroit, where she is employed as a nurse in the Park General hospital.

The girl, who is 23 years of age, said that she had given the name of the rightful nurse in an effort to conceal her own identity.

Dope "Shot" Used By Marauders to Overcome Clerk

(By the Associated Press) KANSAS CITY, Mo., July 19.—Two robbers who held up a branch of the Feltman and Curme shoe store here Monday used a "shot" of morphine in overpowering the resistance of R. W. Tucker, a clerk.

Tucker attempted to fight the robbers but one shoved a hypodermic needle into the clerk's arm. The robbers escaped with \$500.

Physicians said Tucker was suffering the effects of an overdose of morphine.

MUST PLACARD 'SKIM' CHEESE

New Law Regulates Grocery and Restaurant Sales.

(By the Associated Press) LANSING, Mich., July 18.—After September 1 restaurant and hotel keepers and grocery and delicatessen store proprietors dealing in skimmed milk cheese must placard their dining rooms and stores in accordance with the "skimmed milk cheese" bill enacted by the legislature under the sponsorship of Senator Norman B. Horton.

The act specified as skimmed milk cheese that containing less than 50 per cent of butter fat in the water free substance. Skimmed milk cheese must be labeled when offered for sale.

The important provisions of the law are: American or Cheddar cheese shall contain not more than 10 per cent moisture, and brick cheese not more than 42 per cent water.

Cheese containing less than 50 per cent butter fat in the water free substance shall be known and branded as skimmed milk cheese, except that known as Emmentaler domestic Swiss, Camembert, Eban and Fancy, which shall contain not less than 42 per cent of milk fat.

All skimmed milk cheese, except American or Cheddar shall be packed in containers on which shall appear the words "Made from Partly Skimmed Milk."

The proprietor or keeper of any hotel or restaurant, eating saloon, boarding house, or any place where American or Cheddar skimmed milk cheese is sold or furnished to persons paying for the same, shall have placed in the walls of every store or room where such cheese is sold or furnished, a white placard on which is printed in black Roman letters, not less than three inches high and two inches wide, the words: "Skimmed Milk Cheddar Cheese Sold or Used Here."

The law does not apply to cottage cheese. Penalty for violation are \$20 to \$500 fines and 90 days to two years' imprisonment.

REPORTERS' STRIKE SUCCEEDS. LONDON, July 19.—A valuable portraiture of the public of London was with out reports of the proceedings in the British parliament. The newspaper had boycotted parliament because of the grievances of the reporters.

The quarters for newspaper men were so inadequate, and the restrictions against them so onerous, that the reporters voted in boycott in which they were supported by the newspaper proprietors. In less than a week the difficulties were composed.

HUDSON PRINTS SOLD IN LONDON. DUBLIN, July 19.—For a week or two of "Hudson River Amateurs" has been recently marketed and sold at auction in this city. The portfolio was published in New York about 100 years ago and contains 20 fine colored engravings of the Hudson River. It brought 150 pounds sterling.

Sundstrand ADDING AND FIGURING MACHINE. Illustration of a woman operating the machine.

Long life is built into it!

SUNDSTRAND, from every standpoint, is an advanced type, quality adding machine. You find in it no maze of springs, levers, bolts, nuts, screws and other intricacies. Everything is simple—parts are strong and rugged, painstakingly machined, polished and fitted with micrometric accuracy. The final testing report must show 18,000 true and perfect calculations. Few fine watches are made and tested in a more careful way. Sundstrand is showing others the way in convenient size and weight—in speedy 10-key operation—in complete one-hand control—in automatic column selection—in improved correction facilities—in easy, rapid multiplication and in other important features. Write or phone for a demonstration. Also for free catalog and leaflet, "Testimony." No obligation to you, of course.

DELTA PRINTING CO., Agents Escanaba, Mich.

BOYS' AND GIRLS' CLUBS EXCEED THE FIRST ESTIMATES

Two More Than the Goal Set for the Season Already Enrolled in the Upper Peninsula.

A total of 242 boys and girls of Upper Michigan—two members more than the goal set for the present season—are enrolled in boys' and girls' club work according to the figures recently given out by A. G. Kettunen, assistant state leader of boys' and girls' club work. The work is in progress in twelve out of the fifteen counties throughout the peninsula, there being no extension work of any kind in the other three counties.

"We set our goal at an average of twenty club members for each of the twelve active counties," declared Mr. Kettunen, "and we have already surpassed that mark. We find that interest in the work is growing to such proportions that it is taxing the energies of the club leaders and other extension workers to handle the supervision of the work. The interest this year is extending more to the parents of the children, and to the industrial interests within the various communities, than ever before, and through the co-operation of these interests, we are able to accomplish tangible and practical results with the program."

Every club member is the owner of a pure-bred or high-grade dairy animal. The types of animals owned by the club members are apportioned as follows: Guernseys, 110; Holsteins, 87; Jerseys, 15. In a number of communities arrangements have been made through the banking institutions for extensions of loans to the boys, for the purchase of high-grade animals. In many such cases the banks have assumed the responsibility for such loans, and are trusting the boys to "make good" on their investment. Not a single case of failure has been reported to date.

Arrangements are now in progress for the annual boys' and girls' club camp, to be held August 4 to 11 at Chatham, in connection with the fifth annual farmers' round-up. It is expected that over 200 club members will be in attendance. Schools of instruction, judging contests and other similar activities will be carried on during the week, with the awards of the prizes for the various judging contests occurring on the last day of the round-up.

BLUEBERRY PICKERS.

The gasoline boat, *Violeta*, will leave the Hansen and Jensen dock at 7 o'clock Friday, July 20th, for Squaw Creek. Return at 4:30 o'clock. Round trip 50c.

C. CHRISTENSEN.

MODISH IN FLAT CREPE

Designers who unerringly choose the right material for each new costume created select flat crepe for this afternoon frock. The closing is at the left side, and the flowing sleeves fall in points at the outer edge. A gathered panel at the left side extends below the hem of the dress and is trimmed with straight bands. The girdle is laid in a series of soft folds. Medium size requires 4 1/2 yards, 36-inch material.

Pictorial Review Dress No. 1606. Sizes 16 to 20 years, and 34 to 48 inches bust. Price 35 cents.

STATE DAIRY HERD HANGS UP RECORD WHICH CAUSES PRIDE

Tests From Thirteen High Producing Animals at State Farm Most Satisfactory.

An unusual record of production has been "hung up" by the dairy herd at the Upper Peninsula Experiment Station at Chatham, according to a statement recently given out by D. L. McMillan, superintendent. A test of the thirteen high-producing animals maintained at the farm, for a period of one year, shows a total production of 188,295.5 pounds of milk, or an average of 14,484.2 pounds per animal. A similar test for butterfat, conducted on five of the animals, showed a total of 2,876.27 pounds, or an average of 575.25 for each animal during the year. First honors for production go to

Chatham Colantha Seg's DeKol, leader of the herd, with an annual production of 21,372 pounds of milk and 649.8 pounds of butterfat. The nearest approach to that record is the result achieved by Chatham Emblaagaard Colantha DeKol, with 18,097.4 pounds of milk and 586.85 pounds of butterfat.

The production records for the other eleven animals range from the high figure mentioned above to the 9,570.2 pounds of butterfat produced by Chatham Lady Colantha DeKol, the lowest producer of the herd.

It is emphasized that the Chatham herd is cared for and maintained under practical conditions such as may be experienced by the average dairy herd on any upper Michigan farm. They are pastured in the open, milked three times a day and, aside from the usual care exercised in their keeping, no effort is made to boost production by resorting to elaborate or extravagant methods.

"While it may be true that our present herd is the result of years of careful breeding, we are trying to carry on our dairy experiment work under precisely the same conditions as may exist on any modern farm throughout the peninsula," declared Mr. McMillan. "By doing this, we are clearly demonstrating the potential possibilities of modern and scientific dairying to every farmer in the district. More than that, our dairy herd is not only self-sustaining but is being maintained at a profit."

The Chatham herd is on the accredited list, having already passed two annual tests for bovine tuberculosis annual clean tests for bovine tuberculosis.

Cleveland has the largest proportion of population married, San Francisco the lowest.

St. Louis has approximately 1,000 factories and they employ from 150,000 to 200,000 persons.

PERSONAL

Misses Elva Roberts and Ethel Cook motored to Marinette today to visit with friends.

A son was born to Mr. and Mrs. Henry Peterson at St. Francis hospital. Mrs. Peterson was formerly Miss Helga Andrews.

Mr. and Mrs. Albert Larson and Miss Catherine Johnson motored from Rock Tuesday to spend the day in the city.

Mrs. Amanda LaBranche and Mrs. J. J. Sharkey of Rock were Escanaba callers Tuesday.

Miss Alice Black returned to her home at Negaunee, after a visit at the home of her aunt, Miss E. Welch, by resorting to elaborate or extravagant methods.

Mrs. Harry Hall returned to her home at Trombley, after a visit in this city.

Mrs. Emil Berg and daughter, Betty Jane, have returned to their home in Ironwood after visiting at the home of Mr. and Mrs. William McDonald, 513 South Thirteenth street in this city. She was accompanied as far as Crystal Falls, where Mr. Berg will meet her, by her mother, Mrs. William McDonald and her brother and sister, Henry and Miss Clara Moras. Mrs. Berg was formerly Miss Irene Moras of this city.

Miss Adel Murray of Lorettia, Mich., is visiting at the home of her aunt, Mrs. William McDonald of this city.

Mrs. George Propson, daughter, Sophie, and son, Leo, and their guest, Mrs. Wm. Everling and two children of Chicago will motor to Manistique, Garnet and Newberry today.

Mrs. Henry Carlson and two children of Perkins was in the city yesterday on business.

Miss Doris Wilson left yesterday for a visit at Marquette.

Mr. and Mrs. Peter Leveau left yesterday for a visit at Little Lake.

Mrs. Ben Rhoda of Two Rivers, Wis., is a guest at the home of Mr. and Mrs. Frank Kidd.

Miss Dorothy Murphy is visiting at the home of her uncle, J. Fisher, at Ishpeming.

Mrs. Sydney Lucas and baby returned to their home at Brampton after a brief visit in this city.

E. P. Burke of the Pullman Company of Chicago transacted business in the city yesterday.

Miss Irene Lancoor of Perkins was a visitor in the city yesterday.

Richard Warner of Grand Rapids was in the city yesterday calling on the trade.

Frank Tromwell of Ishpeming is in the city on business.

Mrs. Geo. Powell and children left yesterday for a few days' visit at Little Saunee, Wis.

Mrs. H. J. Morgan and baby, Henry, left yesterday for their home at Beaver Dam, Wis., after a visit at the home of her mother, Mrs. A. T. Garland, at Ford River.

Miss Mabel Judstrom left Wednesday for Daggett, where she will spend a few weeks with relatives and friends.

Miss Alice Jaegers of Ford River is ill at her home.

Mrs. Carl Swanson left yesterday for a visit at Daggett.

Mrs. A. W. Norblad and daughter left for their home at Astoria, Ore., after a visit with relatives in this city.

Mrs. Wm. Embs and two daughters of Iron River are visiting with relatives and friends in the city.

Mr. and Mrs. Felix Mayotte returned from a motor trip to Marquette and Ishpeming.

To the Public:

LUMBER PRICES ARE BELOW 1920 LEVELS

Propaganda of one kind and another has led the average citizen to believe that lumber has not descended from war-time peak prices. The fallacy of this impression is conclusively demonstrated by a survey just completed by the Wisconsin Retail Lumbermen's Association.

The result of this survey, on figures submitted from every section of the state, shows that retail sales prices on typical lumber bills for ordinary dwelling construction on today's market are 24% less than in June 1920.

The lumber merchant is doing his full share to stabilize the construction program and to keep the cost down.

The prospective home builder has every reason to proceed with assurance and confidence.

Purchasers Installment Protective Service

FINAL PAYMENTS IN CASE OF DEATH MONTHLY PAYMENTS FOR ACCIDENTS

HERE'S HOW

No other dealer is making this unusual offer. There are a number of men in Escanaba who would like to own a brand new Chevrolet Automobile, but would have to buy it on the monthly payment plan. They hesitate for the reason that in case of accident or sickness the payments would be missed and they would get behind. This is the kind of a man we want to sell to—the man who is forward looking and wants to be SURE. With our plan he IS sure. He can rest assured that the monthly payments will be taken care of if he is ill or hurt, and further—

THE WHOLE BILL WILL BE PAID IN CASE OF DEATH

whether there are ten or two installments due. You can handle the monthly payments without trouble if you are well. If, through sickness or accident you are not able to do so, we do it for you.

You would feel safer in buying a **CHEVROLET** if you knew your payments would be made for you in case of sickness or accident.

SPECIAL PROGRAM FOR THE WOMEN AT CHATHAM ROUND-UP

State Home Demonstration Leader Has Outlined Most Interesting and Instructive Work.

A special program for the "women folk" who are planning to attend the fifth annual farmers' round-up, to be held at the Upper Peninsula Experiment Station August 6 to 11, is being arranged by Miss Ida Siehler, assistant state home demonstration leader.

Following is the order of events for the women, as tentatively outlined by Miss Siehler:

9:00 a. m. Canning demonstration, showing various approved methods of canning fresh meats and fish.

9:15 a. m. Demonstration and lecture on music in the home, to be supervised by the extension department of the Victor Talking Machine Company.

10:30 a. m. Lecture and demonstra-

tion on the care of poultry, by Mr. Forman, poultry specialist from the Michigan Agricultural College.

1:00 p. m. Lecture by Mrs. Campbell, state home demonstration leader.

2:30 p. m. Demonstration and lecture on the first-class cooker, by Miss Ida Siehler.

In addition to the program of lectures and demonstrations, an exhibit of the work being carried on in the home-demonstration department is being arranged.

"We believe that the women's program will prove both interesting and instructive," Miss Siehler declared, "and we urge the ladies of Marquette county to attend at least the last day of the round-up at Chatham. We are making every effort to make this part of the work as instructive and interesting as possible."

RECAPTURED MAN SLAYS UNITED STATES OFFICER

HARRISON, Ark., July 19.—Walter J. Casey, United States deputy marshal, was shot and killed by John Sullivan, a prisoner, during a scuffle in the county jail Monday. Sullivan, who was overpowered by tourists at Hot Springs, Ark., recently, when he attempted to rob them, escaped from the jail Monday morning. He was recaptured by a posse and Casey was about to place him in his cell when Sullivan grabbed the gun from the marshal's belt and shot him in the breast. Guards seized the prisoner and put him in chains.

SOCIETY

Epworth League Social.

The Epworth League of the Swedish Methodist church will hold its monthly social Friday evening, July 20th, in the church parlors at 8 o'clock. A program will be given and refreshments served. Miss Ebba Berglund and Miss Alma Nelson will be the hostesses. The public is invited.

Pantry Sale.

On Saturday, July 21, at 9 o'clock, the Ladies' Aid of the Swedish Methodist church will hold a pantry sale at the Scandia Co-op. Store, 1210 Ludington street. Let these ladies do your Sunday baking. Come and buy.

Birthday Luncheon.

Mrs. B. Smith entertained at her home in honor of her niece, Mrs. Esther Regan of Seattle, Was., who is visiting in this city.

The function was a birthday luncheon on July 17th. Those who attended were Mrs. L. Carlson, of Milwaukee; Mrs. Ernest Carlson, Mrs. O. E. Olson, of Wells; Mrs. G. Leaf and daughter, Mrs. E. Stone, Miss Anna Nelson, Manistique.

Give Linen Shower.

Girl friends of Miss Genevieve Mannebach, who is to be married soon, gave a linen shower in her honor last evening at the South Park. A picnic supper was enjoyed, games were played, also other outdoor amusements. Much pretty and useful linen was presented to Miss Mannebach. The bride to be was formerly an employe of the Fair Store of this city.

F. R. A. Dance.

Hendrickson's orchestra has been engaged to play for a carnival dance which will be given at Terrace Gardens Friday night. The dance program will feature waltzes for every alternate number.

BULGARIAN PRINCESSES ENGAGE IN CHARITABLE WELFARE WORK

SOPIA, July 19.—The Princesses Nadejda (the name means Hope) and Evdokia, sisters of King Boris and daughters of Ferdinand, former king of the Bulgarians, are endeavoring themselves to the charitable workers of Sofia by their active interest in the welfare work in and around the Bulgarian capital.

Accompanied only by a servant the two sisters of the king make frequent visits to hospitals, nurseries and similar establishments. They paid a visit to the Red Cross Hospital, on the outskirts of the city, recently, spoke to every patient and inquired of the physicians and nurses as to the delicacies which the patients might be permitted to accept. These delicacies were afterwards sent from the palace.

DUKE OF YORK TOO BUSY TO ATTEND MEMORIAL UNVEILING

LONDON, July 19.—Members of the British royal family have announced that they will be obliged to decline future invitations to unveil war memorials.

This announcement was made when a reply of the Duke of York to an invitation to unveil a war memorial was made public. The duke said that he, in common with other members of the royal family, found it impossible to travel over the country, especially for these ceremonies, when he has so many other pressing and important demands on his time.

Members of the royal family have already unveiled more than three hundred war memorials which includes many national memorials, to which local ones are but supplementary.

MENTAL WORKERS FAIL TO UNITE IN CO-OPERATION

MEXICO CITY, July 19.—Formation of the "Federation of Mental Producers" was one of the principal works of the recently held National Congress of Writers. The convention, called to formulate measures to improve the lot of authors, dramatists and poets, invited the co-operation of the Reporters' Syndicate which, however, has not yet been conceded.

Another project approved by the convention was the formation of an Hispano-American Associated Press, dedicated to the ideal of hastening the intellectual union of Spain and her former American colonies.

The clash of ideas during the meeting, however, created such serious differences among the delegates that no practical steps were taken to carry out the convention's resolutions.

HARPER ASKS FOR MORE PRIVILEGES

But Warden Corgan Tells Killer He Has No Chance.

MARQUETTE, Mich., July 19.—Arthur "Gypsy Bob" Harper, who spent a year in a dungeon cell in the "bull pen" of the Marquette branch prison after he had participated in the murder of Warden Catlin and Deputy Menhennitt, and who later was put to work on the rock pile with a ball and chain on his ankle, now is confined in a screened punishment cell on the upper tier of one of the cell blocks.

Under orders from Warden Corgan, "Gypsy Bob" must not be allowed to go outside the four walls of his cell, except when he is taken out to work. On these occasions he wears the ball and chain. He has no privileges whatever, and is given no literature, except that which the prison chaplain desires that he should have.

Harper is not satisfied with his lot. He insists that he is not a "bad man" and complains because all privileges have been denied him.

"Is there no chance for me?" he asked Warden Corgan.

"Not as long as I am warden," Mr. Corgan informed him.

Cushway Very Much Alive.

Some time ago "Slippery Jim" Cushway, escape "king" of Michigan prisons, was listed with about twelve other convicts for transfer to Iowa and isolation in a state hospital for tubercular criminals. Then it was believed that Cushway was suffering with acute infection of the lungs and was in a serious condition. The prison doctor had prescribed light outdoor work for him and this was provided. Garbed in the striped clothes he was forced to wear because he stole the prison steward's car and escaped while he was a trusty. Cushway performed his light duties and his health began to improve. For years Jim was thin and peaked, but today he is fleshy, with ruddy complexion and apparently is as strong as any normal man.

If Cushway is tubercular, he does not show it. Instead of being near death's door, as prison officers were inclined to believe a few months ago, he appears to be "doing nicely," as the warden expresses it. At any rate the idea of removing him to an isolation hospital has been abandoned.

Dope in Magazines.

A clever scheme for smuggling dope into the prison in magazines was discovered recently by officers of the institution. Many of the inmates were

addicted to the use of drugs before their commitment and the guards always are on the alert for signs that they are getting the stuff. The physical condition of one man indicated that he was taking drugs and an investigation was started. All parcels, letters and periodicals sent to him were carefully examined and finally it was discovered that morphine, in powder form, had been smuggled to him sealed up between the pages of a magazine.

This result of orders from Warden Corgan that no magazines would be given to inmates unless they were mailed direct from the publishers.

Hopi Indian Buildings Traced Back to 1620

FLAGSTAFF, Ariz., July 19.—Scientists have determined that the Hopi Indian buildings of many of the villages of the tribe northeast of Flagstaff date back to about 1620 when the Hopis revolted against the Spanish priests and tore down missions built by the Spaniards, using many timbers from the missions in constructing their own houses.

A party including Dr. E. E. Douglas of the University of Arizona and Dr. J. A. Jeancon of the Colorado State Museum returned recently from the Hopi pueblo villages, where they made a study of the wooden beams in the ancient structures.

Professor Douglas has specialized in the study of rings in Arizona trees, with the result that he has been able to determine the age of timbers.

The scientists' principal difficulty lay in securing the permission of the Indians to make borings in the beams which are held sacred by the Hopis.

When this permission was finally obtained a number of one-inch borings were made and the examination indicated that the beams had been cut about the year 1620 when tradition

says the Spanish built their missions in northeastern Arizona. Some 60 years later came the Hopi revolt and the missions were torn down. Many of the beams in the Indian dwellings are decorated with rich carvings which Dr. Douglas says are the work of the Spaniards.

SHEESLEY SHOWS PLEASE ISHPERING

Riot of Color, Model of Cleanliness and a Whirlwind of Entertainment.

Regarding the Greater Sheesley Shows, which come to this city next Monday for a week's visit under the auspices of Cloverland Post of the American Legion, the Ishpeming correspondent of the Marquette Mining Journal, pays the following high commendation to the shows:

"With resplendent wagons and clean canvas, gold leaf lavishly applied, with artistic and colorful embellishments in the execution of all attractions, with the gaily decorated and illuminated rides, with hundreds of brilliantly-lit electric bulbs, with continual 'bally-hoo's,' revealing handsomely-gowned women and clever men, with all wardrobe splik and span and an entire absence of that arch-enemy of outdoor amusements—dirt, the Greater Sheesley Shows' midway is a riot of color, life, pep and enthusiasm, a monster entertainment which whirls and throbs for the delight of thousands."

The general verdict on the opening night was that the Greater Sheesley Shows are by far the largest, most modern and wholesome carnival ever showing in this part of the peninsula."

Those Who Drink Japans should surely try

GREEN TEA It is green tea in perfection—fresh, clean and flavorful. Superior to the finest Japans you ever tasted. Sold by all Grocers.

COMB HAIR AND IT STAYS COMBED, GLOSSY

Greaseless Combing Cream Costs Only Few Cents a Jar at any Drug Store

Even obstinate, unruly or shampooed hair stays combed all day in any style you like. "Hair-Groom" is a dignified combing cream which gives that natural gloss and well-groomed effect to your hair—that final touch to good dress both in business and on social occasions. Millions use greaseless, stainless "Hair-Groom" because it does not show on the hair. It is absorbed by the scalp, therefore the hair remains so soft and pliable and so natural that no one can possibly tell you used it. Not sticky or smelly.

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place. Because of its germ-destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness. You do not have to wait for improvement. It quickly shows. You can get a little jar of Rowles Mentho-Sulphur at any drug store.

Splendid Showing for the Utilities

(Continued from Page One)
 Where Tax Dollar Grows.
 Another interesting feature of the meeting was a statement showing the distribution of the tax dollar in Escanaba. Here's where your dollar goes: County, 30 cents; schools, 30 cents; city, 25 cents; city interest and sinking fund, six and one-half cents; state purposes, seven and one-half cents.

The 25 cents which the city receives out of every tax dollar its taxpayers pay in, is divided into various city funds, general, fire, public library, street, park, health, sewage disposal, contingent and general paving, and the saving on the budget estimate was \$12, or nearly four and one-half cents on every dollar portion of the tax dollar.

Chief report of permission to have the grant of another Kelvin published in pamphlet form and distributed to all consumers of gas, water and lights, so that they may know definitely just what is being done with not only what they pay for service, but also where their tax dollar is going.

Paving Matters.

Paving matters were again discussed, plans being talked over for building a stretch between Ludington street and First avenue, south, on seventh street, three blocks on South North street, the five stretch of about 1/2 block on Bay street, and Eighth avenue, south, from Bay street to Frank street, the Ninth street and Eighth avenue, south, jobs will be of concrete, and the 8-10th street block will be of the same material at each street bituminous concrete.

A proposition to issue \$1,000,000 bonds to pay the city's share of the Sixth and Tenth street paving jobs, was submitted and discussed. It is proposed to date the bonds Sept. 1, 1923, and they will be issued in denominations of \$1,000, \$500 and \$100. The bond will mature in installments of \$500,000 over a period of five years and will bear interest at 6 per cent, payable semi-annually.

There is a feeling that most of these bonds will be snapped up by local investors, and they, at least, will be given first opportunity to secure them.

SOCIETY

Swedish Epworth League.

The Epworth League of the Swedish Methodist church will hold its monthly social tomorrow, Friday, at 8:00 p. m., at the church parlors.

A program will be given and refreshments served. Miss Edna Berglund and Miss Alma Nelson will be the hostesses. A hearty invitation is extended to all.

Pantry Sale.

On Saturday, July 21, beginning at 9 o'clock, the Ladies Aid Society of the Swedish Methodist church will hold a Pantry Sale at the Scandinavia Store, 1219 Ludington street. Let these ladies do your Sunday baking for you. Come and buy.

DEALING WITH HUMAN BEINGS

We believe in the business of being human. We believe the general public is entitled to the best we can give. The man or woman with the small account is no less welcome in this bank than the man with a fortune.

To one and all, rich and poor alike, we extend the same invitation to make the fullest use of our facilities.

Why not open an account with us today? You'll like this bank.

FRED BELAND, 9, SUFFERS CRAMPS WHILE BATHING

Menominee Lad Probably Owes Life to Fact That He Was in Shallow Water.

MENOMINEE, Mich., July 19.—Frederick Beland, nine-year-old son of Mr. and Mrs. Fred Beland, 163 Conerville avenue, caused considerable excitement among the bathers and other people scattered along the local beach just north of the city pumping station Tuesday night about 7 o'clock when he was seized with cramps while bathing.

The incident might have resulted fatally had it not been that the lad was playing but a few feet from the shore in shallow water. His cries attracted the attention of persons nearby and he was dragged from the water, his body so blue that he was not recognized by a relative who was among the small crowd which immediately gathered. A physician arrived on the scene shortly after the lad had been removed from the water and after working on the boy for a while, ordered him taken home.

The lad had been in swimming seven times during the day and was somewhat exhausted when he took to the water last evening after eating a heavy meal.

Moslems Flock to Mecca for Holy Observances There

CAIRO, July 19.—Pilgrims are now converging on Mecca, their sacred city and the birthplace of Mohammed. Thousands are traveling from all parts of the Moslem world to be present on the day of sacrifice, July 21. Egyptian Mohammedans have strewn the sacred carpet to Mecca, with elaborate ceremonial and prayer.

Since the arrival of the Prophet Mohammed, more than a thousand years ago, Christians have been forbidden to enter the Holy City, which is surrounded with great mystery and veneration. But in spite of this interdiction, sixteen Christians are known to have entered the city in disguise. Death would have been their fate if they had been detected. Thus far no American has set foot within its sacred walls. The foreigners who have penetrated the city have been mostly Englishmen who spoke Arabic and disguised themselves as priests or peasants.

On arrival within a short distance of Mecca the pilgrim discards his ordinary clothing and assumes the garb of a "Hajj"—a garment consisting of a white apron with a piece of cloth thrown over the shoulder. Sandals may be worn, but the head must be kept uncovered.

In the city itself certain ablutions are performed, after which the "Black

is kissed, and the pilgrim runs seven times round the mosque. After special prayers and genuflections he then drinks from the Holy Well, and afterward kisses the stone.

On the following morning there takes place the quaint ceremony of putting the devil with stones, followed by the sacrifice, when a sheep, goat, cow, or camel is offered, according to the pilgrim's means. This concludes the pilgrimage.

The meat of the slaughtered animal is prepared for use on the return journey, and the pilgrim receives a certificate that he is now a "Hajj." As a mark of distinction he thereafter wears a green hand round his head, which proves to all the world that he has endured the hardships of the pilgrimage.

DENTAL SOCIETY MEETS FRIDAY IN MENOMINEE

Program Will Be Held in the Masonic Temple; Banquet at the Country Club in Evening.

MENOMINEE, July 19.—The tenth annual meeting of the Upper Peninsula Dental society will be held at the Menominee Masonic temple, Friday, July 20. Dr. A. J. Irving of the dental department of the University of Michigan, will lecture in the morning on "Removable Bridge-work," and Dr. Floyd S. Gardner, head of the dental department of the Mayo clinic, Rochester, Minn., will lecture on the position of dentistry, in group medicine and the significance of laboratory investigation.

The upper peninsula society has a membership of over 100. The society held its last meeting in Escanaba. Physicians of the Twin Cities are invited to listen to Dr. Gardner, as his paper, embracing as it does the focal infections, should be decidedly interesting to them.

The meeting will close with a banquet and business session at the Riverside Country club at 7 o'clock in the evening.

Heroic Naval Captain Dies Suddenly Today

(Continued from Page One)

Exhibition for these achievements. At the age of 58, Sigsbee was promoted to the rank of Rear Admiral. He rounded out his naval career during its last decade as chief intelligence officer; commander of the League Island Navy Yard, commander of the South Atlantic Squadron, and as commander of the 2nd division of the North Atlantic Fleet. On his 62nd birthday, January 16, 1907, he was placed on the retired list of rear admirals.

After leaving active service, he frequently appeared in public as a

lecturer and also on commissions pertaining to the Maine. He was the author of "Deep Sea Sounding and Drifting," "United States Coast Survey," and "Personal Narrative of the Battleship Maine, 1897."

While on shore duty as a professor at Annapolis in 1879, Admiral Sigsbee married Eliza Rogers Lockwood, daughter of General H. H. Lockwood, U. S. A.

OBITUARY

MRS. ANGELENE MEAD.

The body of Mrs. Angeline Mead, which has remained at the Anderson Funeral Parlors, was shipped to Cadillac, Mich., this morning over the Soo Line, accompanied by her son, Wm. E. Mead, his wife and daughter, Miss Neva Mead.

Funeral services will be held Friday afternoon at Clam Lake township hall, four miles from Cadillac, the former home of the family. Burial will be in Clam Lake cemetery.

CHRISTIAN M. RUUD.

Christian M. Ruud, for 47 years a resident of Ford River, died early Tuesday morning at the Mariette-Luther Home, where he has resided for the last six years. He had been ill for three years. No relatives are known in this district. The funeral was held at 3 o'clock this afternoon from the chapel of the Luther Home at Mariette, the Rev. C. A. Land of this city, officiating.

Stabbed in Heart, She's Back on Job After Six Weeks

(By the Associated Press)

NEW ORLEANS, La., July 19.—Belle Smith, 22 years old, stabbed in the heart six weeks ago by her fiancé, Joseph Mott, was back to work Monday at her place in the kitchen of a small restaurant here, authorities at Charity hospital announced.

The woman was taken to the hospital in a dying condition. Dr. Peter Graffagno made an eight-inch incision to the heart region and found that a cut one-half inch in length had been made in the organ. The stitches were made in the heart and about C C's of normal saline was injected with adrenalin added from time to time to strengthen the action of the organ, which had become weak from loss of blood.

Blood transfusion was resorted to the following day and for four weeks the woman fought for life, then began to improve rapidly.

STATE TO HEAR CASE AGAINST U. P. SHERIFF

(By the Associated Press)

LANSING, July 19.—J. E. Converse, assistant attorney general, is in Crystal Falls, where he will take evidence in the removal proceedings instituted against Sheriff Walt, of Iron county, by Prosecuting Attorney Murphy.

The testimony will be heard by the probate judge of Iron county and upon his findings will depend action to be taken by Governor A. J. Grossbeck. The prosecuting attorney has de-

manded the removal of the sheriff, claiming that he was drunk at a Hungarian wedding last winter and that he has been drunk on the streets of Iron River at two different times in the last year.

A general denial has been entered by the sheriff, who intimates a frame-up against him.

Miss Hilly Kapes, who has been at Ludington the visiting school department of the Trent Hospital in Chicago, is home on her vacation.
