

# JAPANESE DEATH TOLL REACHES 500,000

## PRESIDENT COOLIDGE THROWS RESOURCES OF WHOLE NATION WIDE OPEN FOR THEIR RELIEF

Earth Shocks Continue in Tokio and River Changes Course; Martial Law Is in Force; Red Cross Will Spend Five Million in Relief Work; American Navy Now Loading Supplies; U. S. Embassy Officials Safe, Buildings Gone.

(Associated Press Summary)

Virtual destruction of Tokio and Yokohama are reported in the first direct communication received from Tokio by the outside world since the earthquake and tidal wave, followed in places by fire which laid waste to important sections of Hodoz island of Japan, last Saturday.

The first comprehensive review of the disaster appeared in cable advices from Osaka. It appears that the loss is far greater than the previous reports indicated.

The ministry of marines estimated a death loss in Tokio, alone, at 150,000; the death estimate placed the dead in Yokohama at 100,000. Virtual destruction of Nagoya, a town of 60,000, is reported and Yokosuka, a town of 70,000, is said to have been wiped out by the successive attacks of earthquakes and tidal waves and fire.

Martial law is effective in the stricken cities and one may not enter without the most urgent reason or without carrying their own food supplies.

Flames Visible 200 Miles.

HARRIS, Manchuria, Sept. 4.—The loss of life in Tokio is estimated to be 200,000. The flames from the blazing capital have been visible for 200 miles, according to reports received here. It is also said that the earth shocks are continuing while a volcano 10 miles from Tokio is still active.

The River Sumida has changed its course through the stricken city.

U. S. Red Cross to Help.

WASHINGTON, Sept. 4.—Inauguration by the American Red Cross of a \$5,000,000 fund for the relief of the Japanese earthquake sufferers was announced today by Elliott Wadsworth, treasurer of the organization, after a conference with President Coolidge and Secretary Hoover and Japanese Ambassador Hanihara.

Press Relief Measures.

WASHINGTON, Sept. 4.—President Coolidge was said at the White House today to be determined that the United States should put all its resources at the disposition of those endeavoring to aid the Japanese. Officials here are preparing to press their plans for sending everything possible to Japan upon receipt of fuller advices as to the needs of the situation and indications of the most effective measures of relief.

While Americans individually throughout the country were responding to the proclamation issued by President Coolidge, ships of the army and navy already were under way or loading with supplies for the relief of the afflicted fleet. In addition, the whole Asiatic fleet has been placed at the disposal of the Japanese minister of marines for any possible service.

Tokio Still in Flames.

SHANGHAI, China, Sept. 4.—Tokio is still in flames and the loss of life there alone is estimated at 150,000 and damage half a billion yen. These were the latest estimates received here this afternoon in a special dispatch by the Eastern News Agency from Osaka.

Restoration of telegraphic communication between Osaka and Tokio brought the capital a flood of delayed messages of condolence from the rulers and executives of the world's powers.

Casualties Total 500,000.

SAN FRANCISCO, Cal., Sept. 4.—Casualties from the earthquake and fire total 500,000, and 300,000 houses have been burned, it is estimated by the Metropolitan police of Tokio, according to a courier from Oyama, who reported today at Tomayoka. The report received in San Francisco this morning said the imperial palace was being guarded by soldiers, imperial guard and engineers.

Food Situation Acute.

WASHINGTON, Sept. 4.—All the members of the American embassy at Tokio are safe, Ambassador Woods advised the state department today in the first message received from him since the earthquake. He said that none of the staff were injured, although the embassy buildings were totally destroyed.

The ambassador said the food situation was very acute and asked that rations be sent at once from the Philippine islands. Coincidentally, the state department received a dispatch from American Consul Davis at Shanghai, saying that Tokio, Yokohama and Yo-

## Revolution Said to Be On in Athens, Greece

### LOCAL YOUTH KILLED LAST SATURDAY ON RY. CROSSING

Ernest Sheedlo and Girl Friend Were Motor Victims.

Accident Occurred in Detroit While Young People Were Returning Home From Outing.

Ernest J. Sheedlo, aged 27 years, son of Mrs. Anna Sheedlo, 207 Stephenson avenue, was instantly killed in a grade crossing accident in Detroit Saturday night, in company with Miss Sophia Bruch, with whom he was returning home after a supper at one of the city resorts outside the city.

According to reports they were riding in Mr. Sheedlo's coupe and did not see a Pierre Marquette passenger train at the Warren avenue crossing. Another theory advanced by Earl Hefferen, a friend, is that the brakes on the automobile did not work effectively, for he says he was riding with the unfortunate young man a few nights before and was told that the brakes needed attention.

Both Mr. Sheedlo and his companion, with whom he had been keeping company for the past five months, were instantly killed, so just what caused the accident will never be known. According to officials of the railroad company, the accident occurred at a few minutes after 10 o'clock.

The bodies were removed to an undertaking establishment and the friends of the young people located. In the same rooming house with Sheedlo were two friends, Earl Hefferen and Joseph Palko, the latter a local boy. When word reached them, they notified Walter Sheedlo, who had come to Grand Rapids to spend Sunday. Upon the return of Walter, arrangements were hurriedly completed for bringing the body to this city and it arrived last evening, accompanied by the brother and the two close friends of the deceased.

Ernest Sheedlo has been employed in Detroit for some time with the Tolson boys works and had been promoted until he held a responsible position with the company. His friends also held good positions and outside of working hours they spent a great deal of their time together.

Besides his mother the deceased is survived by three sisters, Eva, Leona and Ethel, and four brothers, Walter, Frank, Lawrence and Will. They all live in Escanaba, with the exception of Miss Ethel Sheedlo, who is engaged in teaching school at Akron, Ohio. She will return to Escanaba at once.

Funeral arrangements have been made for tomorrow morning at 9 o'clock from St. Joseph's church.

### LABOR OBSERVES DAY WITH A FINE ENTERTAINMENT

Speech by Eugene Brock of Detroit was Feature; Appeals to Capital and Labor to Co-operate.

Labor Day in Escanaba, as conducted by the Trades and Labor Council, was all that could be wished for in speaking and entertainment. The morning was taken up by a speech by Eugene Brock of Detroit, who pleased the audience with his concise logic and reasonable argument in talking about labor and capital.

He said that we are all of one class and that it is not only capital that makes mistakes. Often, he said, labor has erred in judgment as well as the other side and appealed to both capital and labor to work harmoniously and try to make their efforts a matter of accomplishment instead of strife.

Declaring that it was a good thing for the laboring men to start a bank, because it would give them a chance to see what the banker was up against. He said this same thing applied to all lines of business. He said the laboring man did not understand business well enough to appreciate what the business man is up against and that likewise the business man does not always know what the laboring man is up against.

"Therefore," he said, "it is time right now for all of us to get together and understand each other."

Mr. Aldrich, who was the program did not arrive in Escanaba, owing to unforeseen circumstances, so Lawrence Hartwig was the only speaker to appear whose name was on the program.

The afternoon at the park saw a large crowd who gathered there to listen to the music and watch the athletic contests. Many went down to meet and took a lunch along, thereby making a picnic of the day. Taken as a whole the day was full of interest without excitement and many of the laboring men declared it was the very best Labor Day they had ever spent.

### SCHOOL STARTS WITH NO DELAY IN THE PLANS

Crowded Condition Is Found in Many of the Rooms.

This Year There Will Be Kindergartens in Every Grade School With Two Sessions Daily.

The Escanaba public schools opened for work in all of the buildings this morning. High school pupils were at the High School at 8 o'clock.

From all indications the Escanaba public schools will be in a much more crowded condition than they have been in the past. Last year it seemed as though the buildings were crowded to the limit but it will be absolutely necessary to accommodate more pupils this year than were taken care of last year and it is hoped and expected that the parents of the boys and girls of Escanaba will realize this condition and will do everything they can to assist in getting the school organized. All of the pupils will be taken care of in just as an efficient manner as is possible under conditions and it is hoped that the parents will realize that many pupils will have to be transferred from one building to another. It is not the desire of anyone connected with the school to do anything to provoke or antagonize the parents, but when it is absolutely necessary to transfer pupils the only thing to do is to transfer them and the method pursued this year will be the method that has been carried out during the past two years, that is, if one room has more pupils than can be possibly taken care of, the excess will be transferred to another building.

New Rooms Ready Soon.

The Webster building will be completed in about two months. This will relieve the congestion to a great extent in many of the crowded rooms in the grades. At the present time it is not possible to use the new addition to the Webster. This will be completed and ready for use in about two months. In the meantime we will have to do the best we can in taking care of all the boys and girls. The Webster building proper has been remodeled and is ready for use. When the building is completed, Escanaba will have one of the best arranged grade school buildings in this section of the country.

New Kindergartens.

There is a kindergarten in each of the grade buildings of the Escanaba public schools for the ensuing year. Each kindergarten will have a double session, that is, a forenoon and afternoon session. Each child will attend one session per day, for instance, a boy in the kindergarten will attend school either in the forenoon or in the afternoon. All boys and girls who are five years of age, or who will be five years of age on or before December 31, 1923, may be enrolled in the kindergarten. Pupils who will not be five years of age on or before December 31, 1923, will not be enrolled. Pupils who will be six years of age on or before the 31st day of December, would enroll in the first grade and not in the kindergarten.

Misdated Age of Child.

In the past some parents have been untruthful concerning the age of their children and have made out their enrollment slips stating they were five years of age and putting the date some time between now and the last of December. In most cases this untruth has been discovered and the pupils have been sent home. The ages of all the boys and girls are checked in various ways. Many parents think they are putting it over the school when they state their boys or girls will be five years of age or before December 31st. They do this and think they are getting ahead when the truth is they are handicapping their boys or girls. For many years school people have learned that boys or girls who enter school have been handicapped later on in their school course when entering under five years of age. Or in other words, these boys and girls come to a place in their school career when their work is a little too advanced—not that the pupils are not bright enough to carry the work, but the work is more advanced than pupils of that age can carry successfully.

### ALDRICH WRITES NICE LETTER TO LABORING MEN

Expresses His Regret at Not Being Able to Attend Celebration Monday and Deliver Address.

Frank H. Aldrich, whose name was on the program to speak at the Delta theatre on Labor Day, wrote a very nice letter which was read by C. N. Wood. The letter was as follows:

"Thank you for your cordial invitation to speak at your Labor Day celebration. Unfortunately I cannot attend as important business has called me to Lansing.

"I regret this very much, as I have been looking for an opportunity to express my deep appreciation to the laboring men and women of Delta county and Escanaba for the loyal support they gave me in the race for congress last fall.

"I hope your celebration will be a success, so that the public mind may be impressed with the importance of trade unions and the wholesome influence they exert in our community.

"The unions have done splendid work in raising the standard of living and furthering legislation for the protection of the lives and health of workers in mill, mine and factory. Every laboring man and woman should be proud to belong to their respective unions and assist in the good work. Their interest should also extend to the polls on election day and in union with the other great classes of workers on the farm so to it that men and women are elected to public office who will administer the government in the interest of the people instead of the great monopolies that now control the means of livelihood of one hundred and ten million people.

"In 1922 we demonstrated what can be done when workers in the city and the farm are united. I deem it a privilege to have led the fight in the eleventh district for the principles of progress and with the same support I am sure we can place this district in the progressive column in 1924.

"With many thanks for your splendid support I beg to remain, Yours faithfully, FRANK H. ALDRICH."

### FOURTEENTH ST. LIGHTS TURNED ON SATURDAY

Residents Along the Street Are Greatly Pleased; Trees Will Have to Be Trimmed Now.

The new street lighting on Fourteenth street blazed forth Saturday night for the first time and the street was inspected by hundreds of people who have been waiting to see the effect of the new lights. From one end of the street to the other there is not a dark spot, but the general efficiency of the lighting will be increased, it is said, by the careful pruning of many trees along the street.

There are 50 lights and they are so placed that no shadows are cast upon the street at any place, excepting where the trees interfere. Every part of the street is light. The wiring is all underground, which adds further to the appearance and beauty of those living on other streets who thoroughly sold on the new plan of street lighting.

There are few parents in Escanaba who have succeeded in getting their children into school before the age specified and in most every case the parents have afterwards admitted that it was a mistake and a detriment to the child. It is hoped this year that no pupils will be admitted to a kindergarten unless they are five years of age on or before December 31, 1923.

Much new equipment has been purchased for each of the kindergartens and the school authorities are looking for an excellent year. Boys and girls five years of age ought to attend one of the kindergartens in the city.

### CITY BANS ALL OUTSIDE NEWS TO THE WORLD

Italy Denies Criticizing League of Nations at Any Time.

The Republican Revolutionary Movement in Greece Said to Be Spreading Rapidly in Athens.

(By the Associated Press)

ROME, Italy, Sept. 4.—A counter revolutionary republican movement is under way in Greece, says a dispatch today. The movement is gaining ground despite drastic measures taken by the government, including the immediate arrest of all suspects and the confiscation of arms the telegram adds.

The followers of the late King Constantine's army are said to be preparing for action.

Athens, Greece, is completely isolated and the Greek government is allowing no reports concerning the "grave internal situation" to be sent from the city, says the dispatch. As an indication of the public opinion, the dispatch says, the march of Col. Goutaric, who was executed by the revolutionary government last November, is constantly covered with flowers in strong contrast with its previous neglected appearance.

Deny Criticizing League.

GENEVA, Switzerland, Sept. 4.—A member of the Italian delegation to the assembly of the League of Nations today authorized the league secretary to deny that Italy has ever officially repudiated the competency of the league to handle the Greco-Italian crisis. "We are awaiting the return of Mayor Giurliati from Rome and then we will determine a final official attitude," said the Italian spokesman to a member of the press retariat.

### MANY LOCAL BOYS LEAVE TO STUDY FOR PRIESTHOOD

Ten Leave for Cincinnati to Enter St. Francis Preparatory Seminary Last Night.

Ten happy, sturdy youngsters were at the Northwestern depot last night surrounded by friends and relatives, who were there to see them off for the St. Francis Preparatory Seminary at Cincinnati, where they will start study for the Franciscan priesthood. The boys were all about fourteen years of age and have been looking forward to the trip and the future school years for this past year.

Those who went were: Clarence Todd, son of Mrs. S. J. Todd; Milton Tonne, son of Mr. and Mrs. Philip Tonne; Robert Raymond, son of Mr. and Mrs. Claude Raymond; Lawrence Seidl, son of Mrs. Mary Seidl; Alfred Rousseau, son of Mrs. Anna Rousseau; Charles Gallagher, son of Mrs. Anna Gallagher; Clifford Frasher, son of Mr. and Mrs. Fred P. Frasher; and John and Ellis Blomstrom, sons of Mr. and Mrs. V. K. Blomstrom.

The boys will go from Chicago to Cincinnati over the "Big Four" railroad and it is planned that they will remain at the school until June, when they will come home for the summer vacation.

### City Employee Is Minus His Thumb

Healy Holmes, employed by the city in street work, was taken to the hospital this morning when it was found necessary to amputate one of his thumbs. Holmes was being a cutting wedge while another man panned with a shovel. Holmes and in some manner his thumb was caught under the wheel of a car.

### THREE BOARDERS REGISTER FOR A 30 DAY STRETCH

Men Feel They Would Rather Get Free Board Than Pay Fines of Over \$30 for "Jags."

Sheriff Carney must have earned a reputation for running a good "boarding house" or for good treatment of something, for this morning in Justice Glaser's court, three of them in succession took the county jail sentence instead of the fine.

The first fellow up when told that the fine and costs would be \$35, said, "That's 25 cheaper than last time, but I can't pay it." "All right," said Justice Glaser, "you can have 30 days in jail." "That's five more days than last time, but I will take them," said the offender.

The next man up on the same charge took the 30 days, declaring he needed a rest. The third man had, in addition to getting his skin full of "hooch," gone about a section of the city pecking into windows. The judge gave him a good licking for that and also sent him up for 30 days, which he preferred to take in preference to "kicking in" the \$32, which represented the fine and costs.

### B. Casper, Aged Resident, Dies at Home in Garden

B. Casper, one of the pioneer residents of Garden and one of the oldest, if not the oldest, resident of the county, died at the home of his son in Garden yesterday afternoon. Mr. Casper was in his 97th year and up to a short time ago was enjoying the best of health.

The body will be brought to this city tomorrow and will be shipped on the morning train, after giving local friends an opportunity to pay their last respects to the aged gentleman. Mr. Casper is survived by two sons, Ben and Koolman, of Garden, and two daughters, Mrs. Robinsky, of Detroit, and Mrs. Klein of Sault Ste. Marie.

### ROISE HERE TO START PAVING ON TENTH STREET

Contractor Arrived in Escanaba Yesterday and Will Get Ready to Rush Work to Completion.

John Roise, who has the contract for paving Tenth street, arrived in the city yesterday and will start the work of paving Tenth street at once. He says that after once getting organized the actual work of putting down the paving will be rushed to completion and while he did not state how long it would take he said it would not be long.

The street railway company has about completed their part of the work, so there will be no delay to the actual street building on account of the car tracks.

### CITY HAS LOTS OF COKE BOUGHT AT \$4.50 A TON

Manager Harris Contracted for Winter's Supply Several Months Ago at a Good Figure.

Manager Fred R. Harris was congratulating himself today, when he read the advanced price on coke, because early in the year he figured that a strike was impending and the price in now could be high, so he got boys and bought enough to last all winter.

The price paid was \$4.50 a ton at the mine, but with the freight, which amounts to 75¢ a ton, the price in Escanaba was \$5.25. In looking over the market today's quotations for coke at the mine is \$6.50. By getting in when the market was low the city has already saved \$2 a ton or \$1,000 on the 500 tons now in storage.

Although the price at the mine is now quoted at \$6.50, there is no doubt but that it will advance rapidly as the supply gets lower.

### Milwaukee Elks Will Be in the City Tomorrow Night

City workmen were engaged today in stringing some lights on the old Merchant dock so that when the Milwaukee Elks arrive tomorrow night, they will be in no danger of injury. The Escanaba lodge has made plans for giving them a roasting reception and as Chauncey W. Yockey, a former Escanaba boy, is the Exalted Ruler of the Milwaukee lodge, the visit of the men to Escanaba is going to be of more than ordinary interest.

### ROMANTIC HISTORY IS CONNECTED WITH GRAND CIRCUS PARK

Was First Used as Dumping Place for Refuse and Then Given to the City by Owner.

DETROIT, Sept. 4.—Grand Circus Park, Detroit's principal downtown breathing place, has a romantic history behind its name as well as behind the fact that it is the congested spot of virtually all classes. Grand Circus Park takes the form of a half circle, but the original hope of earlier Detroiters was for a circular park, double the size of the present one.

The city fathers drained the section and after filling it in, planned a circular park as Detroit's recreation center. At its east end was the court house, and at the west end, the jail. But the city's population grew slowly and instead of expanding toward the park went the other way. Consequently the court house and jail never were built where it had been planned to erect them. August R. Woodward, one of Detroit's prominent citizens of earlier days, and a devoted classical student, secured the spot Grand Circus Park. A few years later the plan to make the place a circular park were wrecked when the city divided the recreation grounds in half, cutting a street through the center from east to west. The street later was named Adams avenue. The half circle Grand Circus Park today is the center of downtown Detroit and is surrounded by shops, theatres, hotels and office buildings.

### "Cincinnati" Tries Himself, Police Court

CINCINNATI, Sept. 4.—Cincinnati was tried in police court today and found "not guilty." He had been charged with parking his automobile too long in one place. But the strangest part of the proceeding was that he conducted his own trial. When the city prosecutor called out the name of Horace Williamson, a member of the Cincinnati fall festival committee, court spectators were surprised to see the figure of Cincinnati, garbed in a Roman toga, sandals, head dress and all, enter. Mr. Williamson explained that he had been officially designated to act as Cincinnati during the festivities, that while serving in that capacity he was arrested, and it was, therefore, only fair that he appear as such in court. Judge Joseph Woeste invited him to take the bench and conduct his own trial. Cincinnati accordingly did so, saying that he probably had parked too long in front of Music hall, but that he had done so because of the stress of business connected with boosting Cincinnati. He had been attending a committee meeting. He failed, however, to sentence himself, whereupon Judge Woeste reentered the bench and pronounced him "not guilty."

### Head Bouncer Is Tamed With Good Sound Spanking

(By the Associated Press) KANSAS CITY, Mo., Sept. 4.—Henry Costello, North Side baseball and racing handbook maker, approached manhood (many years ago) with a high regard for his ability to battle. His was a rough and ready ritual of deportment. He is the head bouncer in the old Costello saloon. The other day Henry tossed a youth out on the sidewalk in front of the

saloon. The youngster returned and blasted into the front of the saloon with a large revolver. The bullet narrowly missed Henry. But that was all in the business, Henry said. He would catch the youngster some day and crash him with his fists. So Henry continued his work as bouncer, imprinting his shoes on those who resisted. Until today—and Henry was tamed today. He entered a neighboring drug store on Fifth street. Bob Carey, six-footer and five pounds heavier than Henry's 205 pounds of weight, gave

Henry a lesson in bouncing. "I want a soda, make it snappy," Henry growled. "Get to you in a minute," Carey replied. "I guess I'll smash you in the jaw." So saying, Henry reached across the fountain and sent an uppercut to Carey's face. There was a pinwheel of arms and legs for about one minute. Carey ended the fight by sitting on a chair, draping the exhausted Henry across his lap, and administering a spanking. Later, when Costello caught his breath, he went back to see Carey.

"I want to sign you as a box fighter," he said. "Boy, you could whip Dempsey." They shook hands. TURKS APPROVE GOLD TEETH. CONSTANTINOPLE, Sept. 4.—The religious court of Constantinople has decided that it is not against the Mussulman religion for adherents to cover their teeth with gold or other metals. Nearly every successful man has debts. The failure's debts have him.

# An Official Statement by the Governor of South Dakota

On August 29, Governor McMaster, of South Dakota, issued the following statement:—

"At a meeting with Colonel Stewart, Chairman of the Board of Directors of the Standard Oil Company of Indiana and other Standard Oil Officials, held in Pierre this morning, Mr. Stewart expressed unqualifiedly the willingness of Standard Oil to comply with the wishes of the consumers of the State of South Dakota in so far as those wishes could be expressed and interpreted by the governor of this state. These Standard officials, although they contend that the present prices do not properly reflect the costs of production, refining and distribution, plus a reasonable profit, were willing, at my request, to do one of two things—raise the price of gasoline immediately in the State of South Dakota where it would represent a six and six-tenths cent reduction over former prices, or maintain, for the time being, sixteen cent gasoline in the State of South Dakota, using Mitchell as a base.

"After due consideration, the Standard Oil officials were asked by the governor to maintain the present price of 16 cents for the time being. I wish to accept full responsibility for this situation and state that Standard Oil, by deed and act, is working in fullest co-operation with the governor of this state and therefore can in no respect be blamed for 16 cents gasoline from this date.

"I realize that the independents who have viciously assailed and attacked me will raise bitter complaint against this condition. However, after due consideration and investigation, I wish to say that if the former gasoline prices of this state were excessive, the independents of this state were just as responsible for that condition and were just as guilty of taking excess profits as was Standard Oil.

"At no time during the period which former gasoline prices prevailed did any independent of this state raise one objection or bring one complaint to this office in an effort to bring about any reduction in price but they were perfectly willing to profit to the fullest extent.

"I realize that all sorts of charges will be made against me because of this action, but in view of the fact that gasoline can be purchased at various refineries today for approximately seven cents a gallon, it will not work injury to the public cause if the Independents are forced for the time being to do business on a small margin of profit. There is no particular reason why the State Government should guarantee to the Independent Oil Dealers of this state, at least for the time being, fixed profits, especially in view of the fact that they were perfectly willing and were a party to take excessive profits from the people."

This clearly defines the position which the Standard Oil Company (Indiana) has maintained throughout this controversy. Standard Oil Company (Indiana) 910 So. Michigan Ave., Chicago, Ill.

### Girl On Coast Holds Her Leg worth \$50,000

SAN FRANCISCO, Sept. 4.—A pair of legs worth \$100,000! Miss Sonny Summers, chorus girl at the Century theater, Oakland, claims hers are worth that and will seek within a short time to prove it to an Alameda county jury. One of the limbs was injured recently and today she brought suit against the Manheim-Mazer Company of Oakland, to recover \$50,150. Her complaint, prepared by Attorney Joseph L. Palmer, recites that her legs, "perfect in every respect, and which have been declared the most artistic in the west, are worth at the very best, \$50,000 apiece." Palmer states that the girl's legs have been declared "artistic and well shaped" by a number of critics in California and in New York. He recites that while Miss Summers was with the Ziegfeld chorus in New York each leg was insured for \$25,000. On August 18, the complaint recites, Miss Summers was walking along Oakland's Broadway, near Fifteenth street, when a sidewalk elevator swung open, striking her left leg and so severely crushing it that it "will no longer retain its perfect and beautiful shape." Miss Summers, her attorneys say, has received unusually large salaries because of her shapeliness, and that as a result of her injury, she will be forced to accept much less remunerative employment.

### RENOWN, WALES' CRUISER, TO BE REFITTED FOR WAR

LONDON, Sept. 4.—The battle cruiser Renown which carried the Prince of Wales on his tours of Canada, Australia and the Far East, is to undergo a refitting which will change her from a floating palace into a first class fighting ship. This ship and her sister-ship, the Repulse, were built on the theory that speed was above armament but after the performance of the similar ship, the Invincible, in the battle of Jutland, this theory has been put in the waste basket. The estimated cost of putting the Renown on a level with the best ship in her class will cost \$4,000,000. She cost originally \$15,000,000.

Battle Creek—A Hinton Gilmore Memorial scholarship has just been established in Berea College, Berea, Ky., by the widow of Hinton Gilmore, Chicago magazine writer. Gilmore, who died in 1921, formerly lived here.

### If Back Hurts Flush Kidneys

Drink Plenty of Water and Take Glass of Salts Before Breakfast Occasionally

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulate them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active. Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness. Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.

THE FUTURE OF THE FARM BLOC.

Efforts to read the political future are notoriously apt to fail, but there is much to support the prediction made by various Washington correspondents, that the farm bloc will not occupy the powerful place in the next congress that it held in the last.

One reason for taking this view is the wide divergence of opinion which has developed among some of the most prominent members who claim to represent agriculture. Senator Capper, the acknowledged head of the bloc, has been busy for the last three months telling why he does not agree with the gentlemen from Minnesota, North Dakota and Iowa on any of their projects for relieving the wheat farmer of the consequences of his unfortunate position. Unless senators like Shipstead and Brookhart back down utterly when they get to Washington, their principal business is likely to be fighting other members of the bloc.

But even if these differences can be patched up, the bloc still has its own record to contend with. For two years it flourished, and for one very long session it was a dominant factor in legislation. If the bloc could have done it the farmer would have been saved from any sort of economic bad luck through the agency of laws passed; but the notorious fact is that a considerable part of agricultural America has been complaining more loudly since the bloc finished its work than it did before there was any such thing as a bloc in congress.

To predict upon such grounds, as some have, that there will be no bloc hereafter it doubtless goes too far, but in view of the facts it is not unreasonable to guess that the bloc will not hereafter command the passionate allegiance it enjoyed in the last congress.

CLINIC FOR BAD CHILDREN.

The establishment of a clinic for unruly children at Rush Medical College, in Chicago, is said to be the second attempt of its kind in the world, and that may be taken as true, but in a way the problem of the unruly child has been dealt with by medical and social experts for many years. Frequently the investigator finds that where a child is unmanageable his parents are responsible because they are themselves mentally inferior, defective or unstable. Every judge of a jury, the court knows that class of cases, and that fact that well organized juvenile courts always have medical assistants in evidence of how great a share bad health has in producing bad conduct among children.

Still there is an immense amount of work to be done before the problem is brought as far under control as human limitation will permit, and the Chicago clinic is another evidence of how seriously the world is taking its duty in that regard. The movement began with the realization of the fact that a bad child is not the same thing as a criminal, even when he offends against the law, and is proceeding further and further along that line. Even the idea that children are "naughty" is receding before the advance of the view that a child is not good has something the matter with him or in his surroundings that ought to be cured.

THE RIGHT REMEDY.

Oklahoma judged by the amount of publicity it gets, is now the center of greatest activity on the part of those who believe that standards of conduct should be set in secret meetings and enforced by self-appointed executioners. The contest between secret society law and public law has become so acute that on more than one occasion the governor has felt himself constrained to call on the state troops.

However, it is gratifying to note that in Tulsa, at least, the law administered through the courts has proved itself capable of bringing three wielders of the midnight lash to justice, and three of the cotton nightshirt and hood fraternity are to exchange that costume for the uniform prescribed by a prison warden.

In any community where public sentiment is not seriously depraved that will always be the right and sufficient remedy. It teaches those who advocate the Klan conception of society that their practices are dangerous to themselves and demonstrates at the same time that their theory is fundamentally wrong, for they hold that society is not now sufficiently well organized to care for its own moral health.

THEY WANT MONEY.

Instead of receding, the flood of shady, crooked stories, plays and "shows" appears to be rising higher than ever. Those who are responsible in the sense that they are the writers, creators or producers, talk more or less glibly about "cross sections of life" and calling a spade a spade, and they indulge "frankness about realities" and all that sort of stuff; and some of them are quite clever in the way they dress up their output.

Occasionally they make even a very wary and hard-boiled person, habituated to the detection of fakes, rather uncertain. Often they are undeniably clever and interesting. But when you get to the bottom of the thing, there is just on reason why all of this morbidity, eroticism and filth is being exploited. That reason is money. A bunch of panders are on the job and they are getting rich at it.

As Mr. Coolidge's "intimate friend" says, the New England and southern votes in the Republican national convention do not constitute a majority; but they do make a very good foundation for any little presidential boom.

Even if you do have your coal for this winter stowed in the bin, you must worry about whether you will be able to get more next spring for the following year.

Spain need not grieve over the fact that the largest dreadnaught in its navy has been wrecked. Spain's navy always gets thrashed sooner or later anyway.

A MIDWAY ATTRACTION

The mysteries of Egypt are vividly portrayed in one of the thrilling shows of the Great Midway, at the Michigan State Fair, which is being held in Detroit from August 31 to September 9, this year.

GROESBECK TO ISSUE NOTICE IN SHORT TIME

Purchase of Cement Plant Slated for Session.

Aids Declare Governor Has Yielded to Demands for Reapportionment Hearing in November.

LANSING, Sept. 3.—Governor Groesbeck will call a special session of the legislature some time in November, for the purpose of taking up the question of legislative reapportionment, which under the constitution, must be fixed this year for the next bi-year period.

Although there has been no formal or official announcement of his intention to call the lawmakers into extraordinary session, it was learned from reliable sources here Thursday that the governor practically has decided upon that course.

It also is understood the governor will ask the legislature to consider another matter at the same time and that in the passage of an act that will permit the state to erect and operate a cement mill for the purpose of supplying the state highway department.

During the last week Governor Groesbeck has been in conference with Lieutenant Governor Tom Road and other leaders of the two houses of the legislature. During these conferences the subject of a special session this fall has been discussed and practically decided upon. At no time since the close of the regular session, which ended without the reapportionment question being given any consideration, had the matter been permitted to sink into the background of state politics.

While Wayne county, which is suffering the most from lack of proper representation in the state legislature, has been most active in bringing about the calling of the special session, the matter has been discussed in all parts of the state.

Members Deny Opposition. Members of the legislature, who have been targets for censure for their failure to bring the reapportionment issue to a conclusion, have declared they were not opposed to a reapportionment and would have given the subject due consideration had there been time for it in the face of the hot battle which waged all session on the highway finance question and the matter of the gasoline tax.

Two months ago Governor Groesbeck issued a statement in which he said he would not call a special session of the legislature to consider reapportionment until he discovered a sentiment on the part of a majority of the legislature for a reapportionment bill.

It is understood the agitation and the response to it which has taken place since the issuance of that statement has convinced the governor there is sufficient favorable sentiment for the passage of a reapportionment bill if the legislature were called into session and given an opportunity to discuss the matter.

Cement Probe Results Seen. The proposal that the state build and operate its own cement plant is one of the results of the investigation being made into the cement industry in Michigan by the attorney general's office.

The state has large tracts of land

containing marl and clay deposits near water-borne transportation, making it possible for it to manufacture its own highway material at cost, with prison labor, and at least create competition for the highway department's business, which now is divided between the dozen mills operating in the state.

To engage in this cement manufacturing business, however, the state must have an appropriation and also an act authorizing the enterprise.

USE OF TELEGRAM IN TURKISH RELIGIOUS FETES IS CRITICIZED

(By the Associated Press) CONSTANTINOPLE, Sept. 1.—Religious enthusiasts throughout Turkey are much excited because the Minister of Religious Affairs has ordered the Religious Court has approved the sending of a telegram to six holy sites. Conservative newspapers oppose the method as "too progressive," a view which has many supporters.

The trouble began recently when a national religious feast day was observed. Customs provide that the feast upon which someone sees the new moon, but different Turkish cities see the new moon at different times, this year. So there was a succession of services which should have been simultaneous.

The Ankara government decided to effect this by putting all power in the hands of the religious minister, who, on being properly convinced someone had really seen the moon, could send out a general telegram. Other churches appealed the order, but the religious court upheld it.

WHY NOT LET UP ON HIM?

John Davidson, cashier of a bank, deacon in his church, and president of a civic club, was arrested the other day at the instance of a sixty count jury.

He was forced to sell his home, he lost his position in the bank, he was ostracized from society, and, at fifty-five had to start over again in the financial world. Everybody asked, "Why don't they let up on him?" There was quite a general feeling that since the bonding company had long ago taken a sporting chance on Davidson, collected premiums on his integrity bond, and stood the loss

which his forfeited bond represented, they ought to have allowed him to maintain his well-regained reputation in a new community, particularly since he seemed to have redeemed his past.

Not a surety company in America would have permitted this to occur. Why?

In the first place, Davidson had never made the slightest endeavor to restore to the bonding company the money they lost by trusting him. Repentance without restitution is vain. Moreover it is to the interest of every organization that bonds its employes to have such restoration made. The salvage on such losses averages from one-third to one-half of the sums stolen, and materially reduces the cost of bonding. Why should the thief go scot free financially, and his sureties meet the whole damage of his thefts? The known fact that such companies will pursue the delinquent and secure both his punishment and his disgorging keeps many a tempted man from going over the brink.

In the second place, Davidson had committed forgery, and it is the testimony of all criminologists that forgery is practically incurable. It is the easiest crime to execute, though by no means easy to execute successfully. But it seems especially to appeal to the sly type of man who would never attempt a downright embezzlement. Davidson was not a man to be trusted. It is true, his neighbors insisted he was. But when the officers of the bank, finding that no surety company would bond him again after his detection, asked them if they would sign a personal bond, none of them would do so. With one accord they passed the buck.

For, finally, this is a public service that is performed by the bonding concerns, who act as antidotes to local sentimentalism. Looking at the convict's family and children, thinking of his recent shame and failure, considering the meekness of his retribution, it is easy to ask for another chance. But, considering the opportunities and the temptations open to him, remembering that if he should again prove recalcitrant to his responsibilities he might ruin many other families and children, and recalling the imperative necessity of holding up before all men and especially our youth examples of unflinching trustworthiness in high places, the companies that guarantee integrity perform a needed duty when they demand restitution for theft and the filing of responsible pieces by officials with clean records. William Byron Forbush, National Honesty Bureau.

## GRADE TEACHERS FOR ALL SCHOOLS ARE ON THE JOB

Most of Them Have Been in Local Schools for More Than One Term and Are Well Known.

The Escanaba grade schools were ready for work this morning with the full teaching force on hand. Most of the teachers have been with the local teaching staff for more than one term and are well acquainted with parents and students. The list follows:

- Barr School.
- Luella T. Hendryx, principal.
- Luella T. Hendryx, Seventh grade.
- Olive Runner, assistant to principal.
- Valeria Scrantany, Sixth grade.
- Lucille Vanderboom, Fourth and Fifth grades.
- Ina Widell, Fourth grade.
- Agnes Leiper, Third grade.
- Ella Bacon, Second grade.
- Josephine S. Campbell, First grade.
- Mildred Sourwine, First grade.
- Charlotte O'Neare, kindergarten.
- Andrew Buckley, caretaker.
- Franklin School.
- Barbara Smer, principal.
- Barbara Smer, Eighth grade, English.
- Nellie McDermott, Eighth grade, arithmetic.
- Florence Londerville, Eighth grade, General Science.
- Dorothy Kiefer, Eighth grade, History.
- Agnes Burke, Seventh grade.
- Catherine Smith, Sixth grade.
- Helen Pytlak, Fifth grade.
- Margaret Ryan, Fourth grade.
- Dorothy Rose, Third grade.
- Adeline Henry, Second grade.
- Florence Eastwood, First grade.
- Alga Thompson, kindergarten.
- John Hartweg, caretaker.
- Jefferson School.
- Nora M. Jensen, principal.
- Nora M. Jensen, Seventh grade.
- Mildred Stromberg, Assistant Principal.
- Carrie Nolden, Sixth grade.
- Mrs. G. I. Beal, Fifth grade.
- Elythe Goudge, Fourth grade.
- Margaret Fitzsimmons, Second grade.
- Caroline Linn, First grade.
- Marion Lee, kindergarten.
- Patrick McAuley, caretaker.
- Washington School.
- Lenora Ryan, principal.
- Lenora Ryan, Seventh grade.
- Mildred Stromberg, Assistant Principal.
- Bernice Firkus, Sixth grade.
- Sina Soderbeck, Fifth grade.
- Nettie Swanson, Fourth grade.
- Pearl Pawlicki, Third grade.
- Helen Stanchina, Second grade.
- Ethel Barth, Second grade.
- Margaret Rigby, kindergarten.
- Washington School Annex.
- Reva Walker, First grade.
- Bertha Warner, First grade.
- Adelene Thust, Oral Deaf.
- Elizabeth Leiper, Open Air.
- Gust Isaacson, caretaker.
- Webster Building.
- C. W. Flanagan, principal.
- C. W. Flanagan, Seventh grade.
- Olive Runner, Assistant Principal.
- Irene Barron, Sixth grade.
- Anne Lahale, Fifth grade.
- Helen Bellmore, Fourth grade.
- Marie McGuire, Second grade.
- Mary Atkins, First grade.
- Elsie Lambert, First grade.
- Nina Mohr, Kindergarten.
- Webster Building Annex.
- Grace Moylan, Fourth and Fifth grades.
- Catherine Smolovitz, Third grade.
- Eleanor Jernstad, Third grade.
- Irene Beatson, Second grade.
- Louis Erickson, caretaker.

"Iowa girls demand military training." These stories are so exaggerated. All they ask is the right to bare arms.

## LEGION WILL BE A BUSINESS PROPOSITION

New State Commander Starts in With That Idea in Mind.

Says There Will Be No Delay in Putting His Program into Effect; Budget Committee Named.

ENTON HARBOR, Mich., Sept. 4.—A business administration is the program of Dr. Clarence V. Spawr of this city, recently elected state commander of the Michigan American Legion, he announced upon his return from the state convention at Ironwood. As an indication that he intends to brook no delay in putting his program into effect, Dr. Spawr appointed a budget committee immediately following his election, and this committee already has begun to function.

Erasure of geographical boundaries within the legion is another feature of the Spawr administration program. To bind the Michigan American Legion into a compact group, despite the territorial spread that hampers such compactness, is one of his aims, he said.

Dr. Spawr is the first sailor to head the state legion. During the World War he commanded the Fourth Division, 2nd Battalion, Michigan Naval Brigade. Prior to the war, for a period of 19 years, Dr. Spawr was a citizen sailor in the Michigan Naval Reserve brigade. Ten of these years he was just a "gob," and then he won promotion to ensign and then to lieutenant, junior grade. His war service was as both line officer and medical officer. He served first at Philadelphia, later aboard the battleship Rhode Island of the Atlantic Fleet and concluded 27 months of war service at the Great Lakes Training Station.

Dr. Spawr was a charter member of the Benton Harbor post, American Legion and later post commander. In 1922 he took his first active part in the state organization as a member of the board of control of Roosevelt American Legion hospital at Battle Creek. In this capacity he has taken an active part in development of the only American Legion hospital in the country.

Dr. Spawr was elected first vice commander of the Legion at the state convention at Ann Arbor in 1922. His election as state commander was by unanimous vote after withdrawal of William Winegar of Grand Rapids, the only other contestant.

## THERE ARE 5,188 SCHOOL CHILDREN BY LATEST COUNT

Census Shows There Are 267 More of School Age in the City Than in 1922.

The census for the Escanaba public schools has been completed and sent to the Superintendent of Public Instruction at Lansing. Many people say that the population of the City of Escanaba is not increasing. That might be true but it is a fact that the census list has been increasing very materially each year for the last four years. The census list is the list of all boys and girls living in the school district of the City of Escanaba between the ages of 5 and 20 years. The census taken in June, 1918, showed 4,282 names. The next June the census number dropped to 4,150, or a loss of 132. In June, 1920, the list contained 4,243, or a gain of 93. In June, 1921, there were 4,189 names. She writes saying she will be in Escanaba ready for her teaching work Monday, Sept. 24th. Mrs. Claud Farrell has been secured to substitute in the place of Miss Davis for the first three weeks of school.

All you need to run a summer resort is some kind of climate, an itching palm, and a supply of postcards.

Now that various church denominations are uniting, there should be no obstacle to a mere League of Nations.

The two best ways to succeed in business are to begin at the bottom and to select the right father-in-law.

A prominent educator says school teachers make the best wives. Ah, well; they are accustomed to bossing inferiors.

## NEGAUNEEES ARE DEFEATED BY THE BUCKEYES

Lose Two Close Games Played at Gladstone On Labor Day.

The Buckeye team of Gladstone defeated the Negaunee city team in two games played yesterday at Gladstone. The first game was played in the forenoon, as it was a postponed game from Sunday. Vandonghe and Hirn were the battery for the Buckeye team and Anderson and Jarvinau for Negaunee. In the seventh inning Anderson was succeeded by Peterson as pitcher for the Negaunee team. The final score was Gladstone 9, Negaunee 7.

The afternoon game was played before a large crowd and Gladstone won by a score of 3 to 2. It was hotly contested and the result was in doubt until the final inning. Jarvis pitched for Gladstone in his usual efficient manner and was also successful in his fielding and batting. Hirn caught the afternoon game also.

For the Negaunee side the battery was Goldworth and Jarvinau, who also made a good showing.

The final result was as follows: Negaunee . . . . . 010 000 001—2 Buckeye . . . . . 010 200 000—3

## Red Arrows Meet in Grand Rapids

GRAND RAPIDS, Mich., Sept. 4.—The four-day annual convention of the Red Arrow (32nd) Division opened here today, with delegations present from every part of Michigan and Wisconsin.

Registration of delegates and assignment to quarters occupied most of today, with no business sessions held. Many delegates were guests of local theatres this afternoon, while tonight they will be guests at the Venetian Night entertainment at the Grand Rapids Boat and Canoe Club.

The first business session will be held tomorrow morning. In the evening banquets will be given by various companies of the division.

Bishop John N. McCormick of the Western Michigan Episcopal diocese, will be the speaker at the business session Thursday morning. This will be followed by a parade in which all delegates are expected to take part. A boxing match at League park and entertainment at Romona park conclude the day.

The final business session will be held Friday morning, when officers for the coming year will be elected.

## Miss Davis Not Able to Arrive For the Opening

Miss Marguerite Davis, who has been employed by the Board of Education to teach in the Escanaba schools, was unable to report for duty today on account of an operation for appendicitis a couple of weeks ago. She writes saying she will be in Escanaba ready for her teaching work Monday, Sept. 24th. Mrs. Claud Farrell has been secured to substitute in the place of Miss Davis for the first three weeks of school.

## Iron Mountain to Vote On Buying the Water Plant

IRON MOUNTAIN, Mich., Sept. 4.—A proposal to bond the city for \$290,000 to purchase the Iron Mountain Water Works will be voted upon at a special election September 10.

While the purchase price, asked for the water works is considerably under the \$290,000, this sum is believed necessary to cover the purchase and make improvements necessitated by the increased demand made upon the source of the city's water supply.

## ASSOCIATION WILL MEET TO TALK TOURING

Many Things for Betterment of Roads Are Planned.

Delegates From All Over State Are Expected to Be in Grand Rapids for the Meeting.

(By the Associated Press) MUSKEGON, Mich., Sept. 4.—Several subjects of vital interest to the resort and tourist trade of western Michigan are to be discussed at the annual meeting of the Michigan Tourist and Resort Association, to be held at Grand Rapids, probably on October 19 and 20. It is announced by Todd Lanford of Muskegon, chairman of the tourist and resort committee of the Greater Muskegon Chamber of Commerce, who is in charge of arrangements.

The week of the meeting will be set apart as "West Michigan Week" in each of the score or more of counties comprising the organization. Public mass meetings are to be held in all communities, while appropriate exercises will take place in public and parochial schools. The idea back of these observations is to foster a more intensive spirit of loyalty to western Michigan and a greater pride in the traditions and possibilities of the entire state.

Invitations to attend the Grand Rapids meeting have been extended to approximately 1,500 prominent western Michigan men and women. Among the subjects to be discussed are means for providing a more adequate information service for all tourists who come to Michigan, steps for making the Wolverine state even more widely known throughout the country as the nation's playground, and efforts to persuade the state highway department to provide better detours, at points where trunk line highways are closed.

"No trunk line should be closed until a good detour has been provided," said Mr. Lanford, who is a director of the association. "Many tourists coming to Michigan are inconvenienced by being obliged to drive over detours upon which no work has been done to place them in condition. This is discouraging to the tourist and constitutes a state liability."

## Miss Davis Not Able to Arrive For the Opening

Miss Marguerite Davis, who has been employed by the Board of Education to teach in the Escanaba schools, was unable to report for duty today on account of an operation for appendicitis a couple of weeks ago. She writes saying she will be in Escanaba ready for her teaching work Monday, Sept. 24th. ## Iron Mountain to Vote On Buying the Water Plant

IRON MOUNTAIN, Mich., Sept. 4.—A proposal to bond the city for \$290,000 to purchase the Iron Mountain Water Works will be voted upon at a special election September 10.

While the purchase price, asked for the water works is considerably under the \$290,000, this sum is believed necessary to cover the purchase and make improvements necessitated by the increased demand made upon the source of the city's water supply.

## Portland, Maine, Chamber of Commerce

DETROIT, Sept. 4.—Several Michigan cities will be visited by the delegation from the Portland, Maine, Chamber of Commerce which started a transcontinental tour September 2. Advice from Portland are that Detroit will be one of the stops on the coast-to-coast trip. Other Michigan cities at which stops are scheduled are Port Huron and Lansing. Several western Ontario cities are also on the delegation's itinerary.

## USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.

## N. C. ANDERSON CHIROPRACTOR

Palmer School Graduate  
Office Hours: 10 to 12 A. M.; 2 to 5 P. M.; 7 to 8 P. M.  
1201 Ludington St. Phone 779 Escanaba, Mich.

IT USED to be said that the average city man eats with his eyes and digests with his mind. This first statement, at least, seems to be due for a change. People in our great cities are paying more and more attention to the essentials and not to looks of the food they consume, and if this movement—brought about by thoughtful advertising and education, continues—the city's entire diet will undergo a material change in a few years. Right now we are learning—and better, practicing—that a meal composed of white bread, beefsteak and potatoes will fail to meet the requirements of the body—being highly deficient in the all-important vitamin. On the other hand, a small piece of meat, a vegetable like spinach or lettuce and a large glass of MILK nourishes, satisfies and PROMOTES all at one and the same time . . . and our digestions do not suffer in the least. There seems to be no doubt that at last many city folk are being "sold" on this idea. The evidence is clear at the restaurants where more milk is being demanded, while hundreds are making complete meals of MILK, bread and butter and a vegetable. It goes without saying, that those persons who are making this change will never return to the food messes they once thought necessary.

## Dr. A. W. Chase's Tonic Pills

The Old Reliable Family Remedy for Building Up the System, Nervous Afflictions, Insomnia, etc.

In this strenuous age, most people are afflicted with some form of nervous trouble. Hospital are overflowing with men and women seeking to win back health of body and mind. If you are nervous, irritable, "jumpy," if your system is run down, if you feel that you may be on the verge of a nervous breakdown, read what P. J. Cole, of 628 S. Lambert Street, Brazil, Indiana, says:

"It would be hard for me to tell how much good I have derived from the use of Dr. A. W. Chase's Tonic (nerve) Pills. I was so run down in health I could hardly go. I had no appetite. Could not sleep or rest. I was weak and so very nervous. I suffered some pain but the worst of my trouble was because being so weak and easy to get tired the nervous condition was worse than the pain."

"I decided to use your Tonic (nerve) Pills. A few boxes restored me to perfect health. I can eat and sleep well. I have never found anything better for a run-down nervous condition."

You can buy these Tonic Pills at all Drug Stores  
Be sure of getting the genuine, see that portrait and signature of A. W. Chase, M. D., are on each box—your protection against imitations.

237 Washington Street, Buffalo, N. Y.

## WATCH THE CHILDREN'S EYES

Children's eyes should be very carefully watched in the early school days.

Often a minor trouble will develop then that, if neglected, will cause poor vision all through life.

This can be prevented with proper glasses.

Let us examine your children's eyes.

Closed models equipped with straight side cord tires, sun visor, windshield wiper, and dash light.

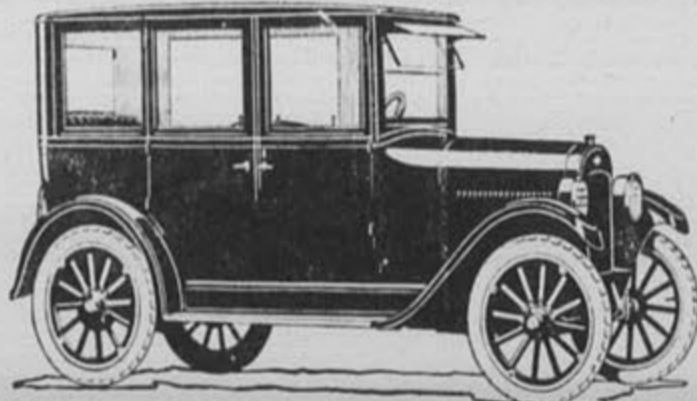

We reserve the right to make any changes in design or construction at any time. Prices subject to change without notice.

#### Main Quality Features.

- STANDARD TRANSMISSION**—Three speeds forward and one reverse.
  - FULL ELECTRICAL EQUIPMENT.**
  - MODERN COOLING SYSTEM,** insuring driving comfort in summer and efficient operation of motor.
  - LOW COST OF OPERATION.** Chevrolet leads among all automobiles in gasoline mileage. Oil consumption is so low as to surprise all new owners who have driven any other car. Tire mileage is unsurpassed.
  - DRIVING COMFORT.** All models are comfortably upholstered, have double ventilating windshields (Cernstedt regulated windows on all closed cars), and motors that are properly cooled.
  - CURTAINS OPEN WITH DOORS.** This modern convenience applies to all open models.
  - SUCTION FUEL FEED** on all passenger models, with tank in rear.
  - DEMOUNTABLE RIMS.** It is a simple, quick job to change rims on any Chevrolet.
  - ARTISTIC DESIGN.** High hood, crowned pannelled fenders, sloping windshield, plate-glass windows, large radiator and drum-type headlamps, stream lines and fine finish. Chevrolet stands in the best class of artistic cars, and can and will be a source of pride to every owner.
  - HIGH-GRADE BODIES.** All our closed cars have bodies of the highest type of construction, the same as found on the best grade of closed cars, even those selling at highest prices.
  - EXTENSIVE SERVICE FACILITIES.** There are Dealers and Maintenance Stations everywhere in the United States, operating repair work and parts replacement on a flat rate basis. State lists, corrected frequently, show the location and names of these dealers and stations.
- An examination of whatever model meets your requirements will disclose numerous quality features not here mentioned for lack of space.

### PERSONAL

Mr. and Mrs. Paul Wagbe and Thomas Manebach returned from a motor trip to Greep Bay.

Mr. and Mrs. Hubert Manebach and son, Benedet, returned this morning from Green Bay and several points south, where they visited friends and relatives.

Born to Mr. and Mrs. Lachappelle, of 804 Second avenue, south, a seven-pound b-by girl.

Misses Lydia and Augusta Erickson left for Chicago after visiting at the home of Mr. and Mrs. Victor Larson for the past two weeks. They also visited at Iron Mountain, Spread Eagle, Manistique and other points.

Mr. and Mrs. C. H. Rutledge and family moved from Kankakee, Ill., to visit Mr. and Mrs. N. Bodette, Mrs. Rutledge was formerly Edurna Bodette.

Mrs. J. J. Graham left for Chicago to visit her daughter, Mrs. W. J. Plintson.

Seeler E. Kirby left Sunday for Detroit after a week's visit at the home of his parents, Mr. and Mrs. E. Kirby and relatives. His sister, Miss Kirby, accompanied him on his return trip. She expects to visit with him several weeks.

Mr. and Mrs. Fred Swanson left Saturday night for Milwaukee, where they will visit with friends and relatives.

Mr. and Mrs. A. Enlos and family, accompanied by Mrs. Froehlich, left Sunday for a motor trip to Appleton, where they spent Sunday and Labor Day.

Mrs. Arthur Martin of St. Louis, Mo., is visiting at the summer home of Glen Peterson on the Ford River road.

Mrs. James O'Brien and daughter, Eleanor and Marjorie of Chicago, are visiting at the home of Mrs. Carl Evert Anderson of this city.

Mr. and Mrs. N. Frechette of Niagara, Wis., have returned to their home after visiting friends and relatives in the city.

Mrs. W. Fahy has returned from trip to Chicago.

Howard Dufour, Earl Girard and Lawrence Roberts spent Sunday and Labor Day at Iron Mountain and Norway. They attended the Dickinson County Fair at the latter city.

Mr. and Mrs. Joseph Collins and daughter, Evelyn, and Mr. and Mrs. John Wilson, Sr., motored to Marquette and Michigamme. On their way home they visited at Antrim Falls and Munising.

Miss Florence Ridings has returned to Milwaukee after a visit with her parents, Mr. and Mrs. Charles Ridings of Eighteenth street, south.

James Greene, who has been visiting with his friends in Escanaba for the past two weeks, will leave tonight for his home on the Pacific Coast. He says he likes Escanaba all right, but coal is too expensive now for him to handle, as he is not used to working in a jewelry store.

Mrs. C. A. Anderson has returned from a visit at Green Bay.

Mrs. Claude Raymond and Miss Belle Quinn are spending a few days in Chicago.

**MRS. ETTA RICHER.**  
Mrs. Etta Richer, aged 62, died at her home at 523 First avenue, north, Sunday morning after an illness of over more than a year. The funeral services were held from the Alto Funeral Home this afternoon at 2:30, the Rev. Merrill of the First M. E. church, officiating. The deceased is survived by three sons and two daughters, Owen, Benjamin, William; Olive and Agnes.

### BRACE UP!

Do you feel old before your time? Is your back bent and stiff? Do you suffer urinary disorders? Don't despair—profit by Escanaba experiences. Escanaba people recommended Doan's Kidney Pills. Here's an Escanaba resident's statement.

Mrs. Charles Seymour, 310 North 18th St., says: "My back was weak and stiff after I got up mornings. If I did any stooping work around the house I was bothered with pains across my kidneys. When I did a hard day's work, my back became awfully weak and hurt every time I moved. I was tired out and often had black spots come before my eyes which made me dizzy. My kidneys were in a weak condition and I could get little sleep during the night. Doan's Kidney Pills were recommended and I used some which cured me satisfactorily."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Seymour had. Foster-Mulburn Co., Mfrs., Buffalo, N. Y.

**Election of Officers.**  
Delta Homestead No. 1284, Brotherhood of American Yeomen will hold a regular meeting in the North Star hall tonight at 8 o'clock at which officers for the ensuing year will be elected. After the business session a card party will be a card party and luncheon will be in progress. Prizes will be awarded the winners. All members are urgently requested to be in attendance.

### YOUR PERSONAL CREDIT

is greatly improved when you maintain a proper Checking Account and pay all your bills by check. Nothing has a greater bearing upon a man's reputation than the manner in which he transacts his business.

To PAY YOUR BILLS BY CHECK is to secure for yourself the good opinion of others. It will take you but five minutes to OPEN A CHECKING ACCOUNT in this Bank. Why not do so today!

For Escanaba and Vicinity. Partly cloudy tonight and Wednesday, not much change in temperature; gentle variable winds.

#### MARRIAGE LICENSES.

Marriage licenses have been issued to the following named persons:  
Miss Mary Seguin and Benjamin Young, both of Gladstone.  
Miss Anna Vinu of Escanaba and H. S. Smith of Chicago.  
Miss Lolla Gelvick and Arthur Thomascheky, both of Two Rivers, Wis.

**WANTED** — Two good waitresses. Will pay good wages for good help. Inquire at Chinese-American restaurant. 247-41

**FOR SALE**—Braes, bed, box spring and mattress, dresser and sheets. Inquire 712 South 10th St. Phone 268-W. 150

**LOST**—Black tan foxhound puppy. Six toes on hind feet. Return to G. R. Browy, 211 S. 11th St. Phone 919-R. 250

Mr. and Mrs. Joe Collins and daughter motored to Munising Saturday.

### YOUNG SOCIETY PEOPLE WEDDED IN CHICAGO

Word was received in the city of the marriage of Harold P. Lindsay, son of Mr. and Mrs. John S. Lindsay, to Miss Myrtle Laing, daughter of Dr. and Mrs. A. L. Laing.

The young people went to Chicago a few days ago in company with Miss Gertrude Lindsey and Miss Catherine Horton, and undoubtedly thought it a good time to spring a surprise on their friends in Escanaba. The license was issued early this morning. Mr. Lindsay is teaching in a college at Storm Lake, Iowa, and after a short wedding trip to Detroit and other points will resume his duties at the college.

### Wilkinson Family Back From Outing

Mr. and Mrs. T. B. Wilkinson returned Saturday night from a two month trip to their old homes in Canada where they were accompanied by their two sons, Tom and Jim, to spend the summer months. The first stop was at Toronto, where there was a reunion of the Stonehouse family to which Mrs. Wilkinson belonged. After that several cities were visited including the old home of Mrs. Wilkinson, where another big family picnic was held. The old log house is still standing that was built by the parents of Mrs. Wilkinson 25 years ago. Throughout their trip they were entertained by friends of bygone days, thoroughly enjoying every minute of the time.

**WANTED** — Two good waitresses. Will pay good wages for good help. Inquire at Chinese-American restaurant. 247-41

**Lenox-Gelina.**  
Mrs. Lya Gelina and Loris Lenox were married at St. Joseph's church yesterday morning at 4 o'clock, the attendants being Miss Ella Hadel and Louis Burton. Mr. Lenox is well known to a number of local people and has been running a shine parlor in the 900 block on Ludington street for a number of years. He says he and his wife are going to take a nice long wedding trip within a short time, but that business does not permit of him leaving right now.

The Ladies' Aid Society of the First Methodist church will hold their regular meeting in the church parlors Wednesday afternoon. The meeting will be called to order at three o'clock sharp.
