

AMERICAN DESTROYER FIRST IN RESCUE

FIRST TO GET TO TOKIO FOR RESCUE WORK

Were Told that the Trip Could Not Be Made, Ignored Advice.

Destroyer Went Up Bay and Brought Back Refugees to Comparative Safety; Given Praise.

London, Sept. 11.—The Kobe correspondent of the Central News says refugees arriving on the Empress of Australia, credit the commander and officers of the American naval destroyer 217 with the most outstanding act of heroism after the earthquake.

This was the dash of the craft up Tokyo bay to rescue foreigners in the Japanese capital. Ocean going vessels rarely attempt to steam further up the gulf than Yokohama and for the Americans to take their ship to Tokyo through the shallow waters of the upper bay after the seething upheaval involved unknown dangers.

Commanders of other ships in Yokohama warned the United States navy men that it was too early to attempt to reach Tokyo, but nevertheless the destroyer 217 made the run and were thus the first rescuers to reach the city. Refugees were taken on board from small boats and the destroyer returned to Yokohama, where the foreigners boarded liners.

Insurance Losses.
The insurance losses will be tremendous, the Nippon Jiji correspondent declared, the amount reaching 2,200,000,000 yen (\$1,700,000,000). Of this sum, eighty per cent of the losses will be paid by the government and twenty per cent by the insurance company.

Food is Arriving.
LONDON, Sept. 11.—The Japanese embassy here is in receipt of advice from the foreign office in Tokio stating, in effect, that the general situation in the earthquake zone is ameliorating. Large quantities of rice and other foodstuffs are arriving and the food situation has been greatly relieved. Railroad traffic has been completely restored, except on a portion of the Tokaido line, and in a few days complete repairs will be effected on the telephone system.

Refugees Landed.
SHANGHAI, Sept. 11.—Touching scenes were enacted when the steamer Empress of Canada, carrying approximately forty refugees from Japan docked here at noon yesterday. Most of the refugees were residents of Yokohama.

Refugees Kill Selves.
OSAKA, Sept. 11.—An eastern news agency dispatch to the Osaka paper from Tokio said that many of the hundreds of refugees gathered in Ueno park, Toledo, have committed suicide as a result of hunger and exposure. Most of the refugees are exhausted and only a few are able to walk and these are fleeing to Nippori, where tens of thousands of other refugees are collected. Large numbers of women and children are reported to be lying helpless near the Nippori railway station, unable to continue their flight.

Will Rebuild Cities at Once.
Thursday has been set as the day on which Tokio's reconstruction is to begin. The Japanese nation is to be called upon to bend every energy toward raising the capital from ashes and desolation.

The government will meet Thursday and make its plans for rebuilding this city and Yokohama. It has been decided that Tokio is to be restored as the national capital.

Meanwhile, Japanese and foreign life insurance companies, although many of their buildings here were destroyed, are beginning to make payment in full. Fire insurance companies cannot meet all their obligations but are negotiating to pay in part.

Local Couple Are Wedded in Detroit

Miss Mebel Winn, sister of Mrs. Ed. Wicking of Wells and Mrs. M. J. Tonkin of this city, and daughter of Dr. A. S. Winn, was married at the First M. E. church in Detroit last Saturday to Ewald Peterson, formerly of this city. The attendants were Mr. and Mrs. Charles Anderson of Detroit. After the ceremony which was held at 5 o'clock in the afternoon, the wedding party went to the Statler hotel, where a wedding dinner had been arranged for the young couple. Later they left for a wedding trip to Buffalo for the young couple. Later they left for a wedding trip to Buffalo and New York City and on their return will make their home in Detroit where Mr. Peterson is employed. Only intimate friends of the interested parties knew of the wedding so it will be a surprise to their many local friends who were not taken into their confidence.

SHIP IS TOTAL LOSS, BUT ALL BULLION SAVED

Torpedo Boat Destroyer Carries It to San Francisco.

The Cuba Is High and Dry on Rocks and Cannot Be Saved; Coffee Cargo Total Loss.

(By the Associated Press)
SANTA BARBARA, Sept. 11.—The Pacific mail liner, Cuba, is stranded on Point Bennett on the westerly side of San Miguel Island, Capt. Holland and four members of the crew being on the island itself, living in an abandoned fisherman's hut, while stationing a guard over the wreck.

All of the \$2,500,000 in silver bullion which the vessel carried, has been taken from the hull and is en route to San Francisco on the United States destroyer. The half a million dollar cargo of coffee is lost. The Cuba is entirely out of water and there is no hope of salvaging her, according to the reports of those who have made an investigation of her condition.

Among the homeless has decreased commensurably. The greatest problem still remains, disposing of the bodies of the dead, which lie everywhere. Huge fires are kept blazing and bodies are thrown to the flames in wholesale cremation with little attempt at identification. Such refugees as are able to make the trip, continue to leave the capital for Kobe and Osaka.

Mirror Policy Covers Gladstone Girls in Wreck

Were not badly hurt, but will receive compensation for time they are confined in their homes; cost them a dollar each. Yes, we have about 500 insured in Gladstone.

The Misses Hazel Boyle and Hazel Peterson of Gladstone, escaped serious if not fatal injury last Sunday afternoon when the car they were riding in was struck by another car. Both cars were badly smashed up, but it is said neither of the two Gladstone girls were seriously injured. It was a narrow escape for all parties however, for they might have been killed.

The Mirror is ready to pay either of these thoughtful young women for their injuries, if they were injured. Both have policies, but recently taken out. They were riding in an enclosed car and might have lost an eye if they had been cut by flying glass. In that case the payment for the loss of an eye is \$500.

OWNERS ARE LIABLE WITH THE TENANTS

Prohibition Law Covers All Angles of Violation.

Notices Have Been Served on Number of Property Owners in City During the Week.

Many owners of buildings in Escanaba have leased to soft drink parlors without knowing that they are liable under the law to have their buildings closed for one year subject to an injunction by the court.

In Escanaba many soft drink parlor owners have been arrested and found guilty of violation of the prohibition laws. This week the police department is busy serving notices on the owners of buildings occupied by soft drink parlors calling their attention to the law. The notice is in the following form:

"To the Owner of the Premises Situated at No. _____ street, Escanaba, Mich.:
"You are advised that I was recently found guilty of a violation of the federal prohibition act as appears by the records and files of the federal court.

"The offense against the prohibition act occurred in the above described premises in which you are interested. We desire to call your attention to the terms of the federal prohibition act, which in terms provide that any room, house, building or other structure or place where intoxicating liquor is sold or kept is declared to be a common nuisance, and under the provision of section 22 of title 2, of the national prohibition act, an action lies to enjoin the nuisance. The court may enter judgment abating said nuisance and order the building to be not occupied or used for one year thereafter.

"The state prohibition act is substantially the same as the federal prohibition act, and provides a like penalty.
"This notice given you in writing, of the occurrence of the above described offense, is for the purpose of warning you that the use of your property may be subject to injunction by the court, and your building closed for one year, and that this department will move the court, either federal or state, for an injunction, if in the opinion of this department your building is in use in violation of either the federal or state prohibition statutes.

"Dated September 6, 1923.
"POLICE DEPARTMENT, CITY OF ESCANABA, MICH.
"By John J. Tolan,
"Chief of Police."

STATE POLICE GET EVIDENCE AT FAIR

Alger County Men Charged With the Handling of Moonshine.

While "visiting" the Alger county fair at Chatham last week, Michigan state police secured evidence against Saul Matson and Valmer Keitaanpa, of Munising, and Victor Erickson, of Chatham, which was responsible for their being arraigned before Charles F. Barton, United States court commissioner, yesterday on charges of violating the liquor law. Their hearing has been continued until 2 p. m. today.

After purchasing liquid evidence, the troopers searched a Studebaker touring car belonging to one of the men and obtained eight three-ounce bottles of moonshine whisky, similar to those they had bought for \$1 each. Five bottles were contained in a suitcase. The men were arrested and the car confiscated.

The case was given to federal officers for prosecution. Matson was arrested for a similar offense two years ago. The charge against him was nolle prossed, because witnesses could not be located. Keitaanpa also has had liquor violation charges preferred against him. He was found not guilty on one count at the Sault Ste. Marie, Mich., term of court in 1921 and the other count was nolle prossed, alleged purchasers failing to appear as witnesses.

Red Cross Goal Near at Hand

WASHINGTON, Sept. 11.—Contributions to the nation's relief fund for the Japanese relief fund was expected by Red Cross officials here to pass today the five million dollar minimum. It was hoped that the large returns and collections received here today would make up the approximately \$800,000 needed to reach that goal.

"CITY SLICKER" PASSES CHECKS IN NEARBY TOWN

Local People Go to Iron Mountain to Look Him Over.

No One Was Able However to Identify Him as Man Who Operated Here Last Week.

City and county officials went to Iron Mountain this morning, accompanied by Carl Johnson and others to look at a man who was arrested by the Iron Mountain police last night and charged with passing bogus checks.

According to the police at Iron Mountain, the man got about \$200 from Iron Mountain merchants, but he was captured before he got out of the city. He was much more careless in his operations in Iron Mountain than was the fellow who made the clean-up locally, but the police there thought he might be the same person, so they called up Chief Tolan last night.

This morning the officials and others who would be able to identify the prisoner, if he was the affable fellow who worked in Escanaba, went up to Iron Mountain, but the trip proved to be wasted, outside of the nice ride, for the prisoner did not resemble in any particular the one who was so pleased in his dealings in Escanaba last week.

TRAINMEN VOTING ON WAGE INCREASE

Ballots Will Be Counted September 25th.

CLEVELAND, O., Sept. 11.—Members of the Brotherhood of Railroad Trainmen throughout the United States are balloting upon a demand for wage increase to be presented to railroad executives as soon as present contracts expire. It was learned at headquarters of the Brotherhood here, that ballots of the members will be counted and tabulated by September 25. Acting President Dodge said.

General chairman of the Brotherhood of Locomotive Firemen and the Switchmen's Union of North America were in session in Chicago last week preparatory to making a demand for increased wages.

Thus far the Brotherhood of Locomotive Engineers has taken no formal action looking to a revision of the wage schedule.

EXPECT APPEAL IN PAROCHIAL CASE

Cannot Add Signatures to Petitions, Is Deland's Decision.

LANSING, Mich., Sept. 11.—Another contest in the state supreme court over the anti-parochial school issue appears certain as a result of the decision today by Secretary of State DeLand.

He plans to inform James Hamilton, head of the Michigan Public School Defense League, that no additional cases can be made to petitions recently filed by Hamilton attempting to initiate the so-called anti-parochial school amendment to the constitution. The original petition did not have enough signatures to initiate. It was understood that the league will ask the supreme court for a mandamus and to compel the secretary of state to accept additions to the original petition.

AUTO SIGNAL MAY BE MADE IN THIS CITY

Only Thing Necessary Now Is to Buy Stock in It.

Meeting Was Held in City Hall Last Night and Details Outlined; Some Money Subscribed.

If the citizens of Escanaba want a nice, little factory here they can have it by subscribing \$20,000 towards a \$50,000 corporation. Details of the plan were outlined at a meeting which was held at the city hall last evening and those who were present were so well impressed with the idea, that about \$5,000 was subscribed.

On Market Now.
The Mack Auto Signal Company consisting of three brothers, have been trying to manufacture the appliances at Minneapolis. They have been unable to finance their operations, largely due to high factory rents in that city. Low rents and excellent rail facilities drew them to Escanaba, where they are seeking fresh capital.

The Citizens' Promoting Company, consisting of a number of prominent business and professional men of Escanaba, have, through a subcommittee, examined thoroughly the credentials of the concern. They have reported favorably. The device can be manufactured very cheaply and in a very small quantity will find a ready sale.

Bring Plant Here.
The Mack brothers, who own the patent rights, machinery, etc., agree to transfer all the holdings of the old Minneapolis concern to a Michigan corporation, to be located here. These holdings will consist of the patent rights, for which they have been offered \$50,000, their machinery and materials on hand.

They ask that Escanaba people subscribe for stock in the proposed \$50,000 corporation, to the amount of \$20,000. For their patent rights, machinery, etc., they ask \$25,100 worth of stock, a control interest. They agree that neither of the three brothers, who will manage the plant, will receive more than \$50 per week salary until 10 per cent of the capital stock has been paid in through actual earnings. They will not receive more than \$75 per week until 20 per cent has been paid in. Their stock will meanwhile be held in escrow and cannot be sold or transferred.

Nearly \$5,000 Subscribed.
Twenty-five business men met at the city hall last night and heard the reports of the committee and the plans for the formation of the concern. They subscribed nearly \$5,000 worth of stock on the spot. A number of others, who heard of the movement, after the meeting subscribed additional amounts.

FIUME WILL BE ANNEXED SOON BY ITALIANS

Report Says Jugo-Slavia Are Not Attempting to Check Move; Italy May Settle Direct.

(By the Associated Press)
PARIS, Sept. 11.—It is understood from information gathered from reliable sources that Premier Mussolini will proclaim the annexation of Fiume to Italy within a week, probably about September 15th.

The government of Jugo-Slavia is represented as being aware of Mussolini's intentions and is intending to make no serious protest, providing Porto Barres and Sussak, adjacent are not directly affected.

Will Settle Directly.
ROME, Sept. 11.—Best informed opinion here is that Italy will settle directly with Jugo-Slavia in line with the demand which has been made setting September 15 as the date for a reply from that country to a note recently sent.

Italy declares forceful means will be resorted to if necessary to end what she regards as an intolerable situation imperiling peace.

Newlyweds Back For Day's Visit

Mr. and Mrs. James F. McCormick are back in the city for a day's visit before returning to their home in Green Bay. Mrs. McCormick was formerly Miss Cecelia Ettenhoffer and the couple were married in this city Saturday morning at St. Joseph's church. They were attended by Mr. and Mrs. M. F. Ettenhoffer, the former a brother of the bride, and after the ceremony a wedding breakfast was served at the home of the bride's parents at 1017 South Twelfth street. The bride has made her home in Green Bay for the past few years where she was engaged as a trained nurse at one of the hospitals there. The groom is in business in Green Bay and is also known by a number of Escanaba people.

GEORGE W. KEERL, PIONEER, PASSES AWAY, MARINETTE

Worked More Than Half a Century for the Prescott Company.

(By the Associated Press)
MARINETTE, Sept. 11.—George W. Keerl, a pioneer resident of Marinette, died quite unexpectedly at 11 o'clock Sunday night at his home, 1332 Prescott street, Marinette.

Although Mr. Keerl had been poorly for some time, due to an internal cancer, for which he was operated upon several months ago, his condition was considered much improved of late. He was up and about Sunday, eating his breakfast with Mrs. Keerl and was out in the yard. About 11 o'clock he suffered a hemorrhage that proved fatal a few hours later.

Born in Baltimore.
Mr. Keerl was born in Baltimore, April 16, 1848. Hence he was 75 years old. He came to Marinette July 1, 1872, and started working for the Prescott Iron Works Company as machinist, and had been with the same institution ever since, coming with them to Menominee years ago, but retaining his residence in Marinette.

Major League Player.
In his early days Mr. Keerl was a professional ball player, being a member of the major league. His love for the game never wavered and he was an enthusiastic baseball fan as could be found.

The survivors are the widow, Mrs. Keerl, and four sons, Ralph and James, Milwaukee; Francis, Tacoma, Wash.; Clint, Spokane, Wash. The two sons from Milwaukee arrived five minutes after their father died, coming by automobile upon learning of their father's critical condition. The other two sons are enroute from the west. Pending their arrival the funeral arrangements have not been completed.

RECEPTION FOR TEACHERS WILL BE HELD FRIDAY

Parent-Teachers Association Council Arranges Reception at High School for Friday.

Members of the council for the local Parent Teachers' Association have arranged for a reception at the High School next Friday evening in honor of the teachers of all the schools. The reception will be held in the gymnasium and every one who is interested in the schools is invited to attend.

It is hoped to give the new teachers a very cordial welcome to Escanaba and make them all feel that they are now a part of the community and not an out-cast. These teachers will have been informed say they are most than pleased and that the council is doing a mighty fine thing.

THE WEATHER

For Escanaba and vicinity. Showers probably tonight and Wednesday; cooler for that, and new variable winds, mostly northerly.

Jack St. Vincent, Mose Sandvo, Mr. and Mrs. Henry Darnest and family returned to Escanaba from a visit with friends and relatives for the day.

MASKS OF KLAN WILL NOT KEEP TOWNS IN FEAR

Governor of Oklahoma Wins His Argument.

Grand Dragon Tells Members Not to Wear Robes or Masks in Public Places Hereafter.

OKLAHOMA CITY, Okla., Sept. 11.—The "Invisible Empire" laid aside its invisibility in Oklahoma today, submitting to the edict of Governor J. C. Walton against masked parades and meetings. All members of the Ku Klux Klan had orders from the Grand Dragon of the Oklahoma realm, that robes and hoods must no longer be worn in public.

The unmasking of the Klan, left Governor Walton in command of the field in his war on the secret organization, to which he attributes flagging and other outrages, but it was not without violent protest that state Klan officials consented to his ultimatum.

Grand Dragon J. West made it plain that only the governor's threat of martial law for communities in which Klan demonstrations were held led to the decision to discard robes and hoods in public.

TROTZKY AGAIN REPORTED DEAD

Frequent Rumors Continually 'Kill Off' Important Members of the Russian Regime.

LONDON, Sept. 11.—A Central News dispatch from Berlin says it is reported from Moscow that Leon Trotsky, the Russian Soviet war minister, has been assassinated. No details are given. There is no confirmation of the report.

Reports of the death, by violence or otherwise, of Leonid Lenin, War Minister Trotsky and other prominent members of the Russian Soviet government have been circulated right along, usually coming through dubious channels. Reports regarding the condition of Trotsky's health were current early this year, but the news dispatches since have shown him as pursuing his usual activities.

Conversations May Eventually End Ruhr Strife

PARIS, Sept. 11.—Conversations that are taking place between Jacques DeMarger, French ambassador to Germany, and Chancellor Stresemann of Berlin are considered by the French government as leading towards a settlement of the reparations question, although it is stated that the chancellor has not yet made a definite offer, either proposing the cessation of resistance in the Ruhr or what could be proposed afterwards.

The conference between DeMarger and Stresemann will be continued and any promise received by France from Stresemann will be communicated immediately to the British and other allied governments.

Escaped Prisoner Confesses to Old Chicago Slaying

CHICAGO, Sept. 11.—John E. Hale, who escaped from the Joliet prison on March 19th, today faced a charge of murder, following a confession which detectives said he made to them last night that he shot and killed Henry B. Rhoads, wealthy dry goods merchant, in his automobile on a lonely cross roads near Evanston, three years ago.

His accomplice, he said, was Harry H. Ward, hanged two years ago for two other murders.

KEEP ON WORKING.
EVELETH, Minn., Sept. 11.—Although suspended indefinitely in an order issued yesterday by Governor Press Mayer Victor Eskilgren and City Clerk A. E. VanBuren, charged with misconduct in office, today were back at their jobs in the city hall.

OAKLANDS START ON TOUR OF U. S. AS BLINDING OPERATION

Left Factory Last Saturday for All Parts of Country to Demonstrate Dependability.

In dispatching a fleet of their new 1924 models to every section of the United States and Canada from the factories at Pontiac, Mich., September 8, the Oakland Motor Car Company inaugurated one of the most unique and thorough demonstrations of a line of motor cars probably ever attempted in the automotive industry.

It was a rainy day in Pontiac, where nearly half the population of the city and the entire factory force of 2,500 turned out to wish the 1924 Oakland True Blue Travelers "Godspeed" as they whirled off on their journey to points on the Pacific and Atlantic coast, the Canadian border and the Gulf of Mexico.

DUMBELL DAN By STANLEY Mc GOVERN

Dan's a Better "Fumbler" Than

THE AUGUSTANA HARMONY FOUR AT SWEDISH LUTHERAN CHURCH THIS EVENING; ALL ARE ARTISTS

The Augustana Harmony Four, which will appear at the Swedish Lutheran church this evening, is a unique musical organization from Augustana College, Rock Island, Ill. It is the first and only musical group of its kind hitherto organized at Augustana, and is, as far as can be ascertained, the only musical organization of similar combination in the country.

Regina Meinen, Clifford Anderson, Palmer Nesterander, and Edna Nelson.

The familiar classical Swedish selections rendered will appeal especially to those of Scandinavian parentage and to those who love the charming northern melodies. Great care has been taken to select and arrange such a varied program as will be best suited and appropriate to the musical taste of the average congregation in the Augustana Synod.

Pastor Is Found Tied to Car Rail

WALDRON, Ind., Sept. 11.—Rev. J. S. Johnson, Baptist minister here, was found bound and tied to the rail of an interurban track.

Johnson said he was seized by a mob and tied to the track. When found by a train crew he had wriggled from the rail, but still was helpless. He recently was charged with arson in connection with the burning of his church.

Prisoners Direct Highway Workers

(By the Associated Press) LANSING, Mich., Sept. 11.—The reorganization of the existing force in charge of the state's highway building project on the Dixie Highway in this county, was completed by the appointment of W. C. Denick as supervising engineer, and the promotion of several inmates to positions as foremen, it was announced Thursday by Governor Grosbeck.

Road Department to Buy Rail Rock

(By the Associated Press) LANSING, Sept. 11.—The state highway department will take immediate steps to purchase from the G. R. and I. railway the dock at Mackinaw City for use of the state ferry, maintained there, it was announced Thursday.

Rhinoceros horns are chiefly used for handles for umbrellas or walking sticks.

Bankers are addressed in correspondence as "Esq." and tradesmen or subordinates as "Mr." in Great Britain.

SAGE TEA KEEPS YOUR HAIR DARK

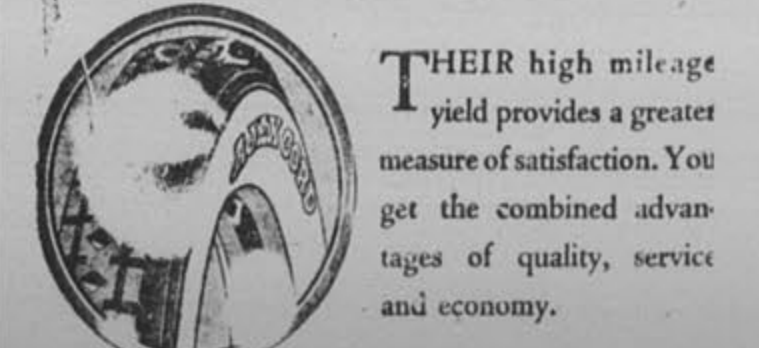

When Mixed With Sulphur It Brings Back Its Beautiful Lustre At Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It radiates or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur restores its appearance a hundred fold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wells' Sage and Sulphur Compound" which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation because it dries the hair beautifully, keeps it soft and possibly tells, as it dries, so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time, by morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

WHY SUFFER SO?

Why suffer from a bad back, from sharp shooting pains, headaches, dizziness and distressing urinary flow? Escanaba people recommended Doan's Kidney Pills. Ask your neighbor! Could you ask for stronger proof of merit? Mrs. Helena Eillon, 621 South 13th Street, Escanaba, says: "I had been bothered with my kidneys all my life until I used Doan's Kidney Pills. My back was weak and I couldn't get an account of the severe pains which caught me. I had a steady ache in my back and it made no difference whether I was working or standing still, my back hurt just the same. I was all worn out and always felt nervous, depressed and irritable. Black spots came before my eyes, and I lost my sight, and I suffered more at night with headaches. My hair turned weak and discolored. Doan's Kidney Pills were recommended and I got some at the City Drug Store. They entirely relieved the troubles. I am now at all doctors' orders. My name is Mrs. Paffels, 517 W. 13th St., Escanaba, Mich."

GEORGE D. MacKILLIGAN, Agent Telephone 490-W 611 Ludington Street

Milk--The Master Food

Ever since that day when human beings rose to a form of agriculture which included domesticated animals, milk has been considered a master food. In his attempt to trace the growth of habit in Man, H. B. Sill, in his Outline of History states that milk was regarded as an immature food, but that its evident effect on life and growth made it permanent. It would be easy to show how, again and again, down through history, the world has been saved or conquered by milk. In ancient times, milk became cultivated and gathered in cities. Then food habits changed and milk was largely abandoned from their diet. How it accounted for their mental and physical decline is not known, but it is a fact that milk is the master food.

The ancient Swedes who lived through Italy and Greece, and who were very strong and healthy, were very fond of milk. The people of the North Sea, the Finns, the Eskimos and the Indians who use milk freely in their diet have always been noted for their intelligence and spirit. This is true even in the case of the Zulus, noted as cattle breeders, are the leaders and the best of the world.

"BETTER DAIRY PRODUCTS" ESCANABA GLADSTONE MANISTIQUE PHONE 453-F1

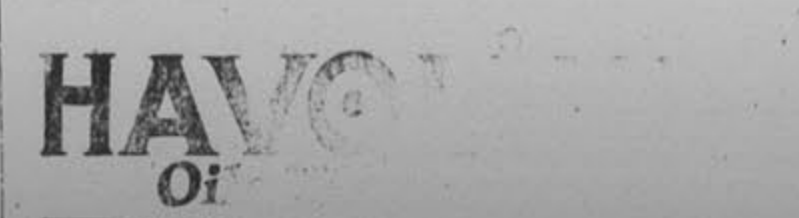

The Havoline dealers in your community are good men to do business with. They want to give you the most for your money. That's why they sell Havoline Oil.

There are thousands of them throughout the country--many of them have been selling Havoline for twenty years. They know that Havoline has brought them satisfied customers--and has kept them satisfied.

There is a Havoline dealer near you. He is ready to give you honest service and good value. He'll give you Havoline any way you want to buy it--from the quart measure, in one or five gallon cans, or in thirty and fifty-five gallon drums.

ESCANABA MOTOR COMPANY

"FABIOLA" WILL BE SHOWN HERE FOR FIRST TIME

Great Film Creation Has Been Leased by St. Joseph's Church for Two Showings Sunday.

The greatest and most lavish motion picture ever shown in the city of Escanaba will be exhibited at St. Joseph's auditorium on next Sunday, September 16th, afternoon and evening. This photo-play is entitled "Fabiola" and is based on the world-famous novel, bearing the same name, written by the eminent Cardinal Wiseman, depicting the profound faith of the early Christian martyrs. This story of Rome, which in book form has charmed and inspired millions, becomes a most powerful and stupendous photo-drama in the hands of the master producer.

fortune was lavished on this photo-play. Roman actors, gorgeous settings which include the famous Coliseum of Rome, the Catacombs, which were the burial places of the early Christians, the Thiermal, the fountain of Trevi, magnificent reproductions of the homes of wealthy patricians and magnificent costumes, all these are but a few of the reasons for the realism of this great photo-drama. In this film is portrayed most graphically the grandeur of imperial pagan Rome, the splendor of the imperial courts, the vast grandeur of the Coliseum which seated thousands of persons, the powerful sweep of the angry mob, comprising over 20,000 people, the sublime courage of those who surrendered life rather than renounce faith, the ardor of the lover. Throughout the whole, there runs a beautiful love-story surrounded by superb scenes, such as the pagan bacchanals, the arena scenes showing tier upon tier of spectators, gathered to witness the attack of the wild animals on human victims, the pageant of the emperor's soldiers marching by thousands.

Anthony Novelli, the gifted Italian actor known as the "John Barrymore" of Italy, plays the role of "Fulvius," the Asiatic spy, in which he reaches the height of dramatic power. The title-role, "Fabiola," is played by Elaine di Sangro, a graceful beauty of the pure Roman type and the most popular screen actress in Italy; Adelaide Pavetti plays "Annes," the innocent Christian girl, beloved by every reader of Cardinal Wiseman's famous

tales. The man of the mighty arms who astonishes spectators with his spectacular feats of strength is Hector Caesaro, the noted Italian athlete, who has won many medals in Olympic games for his discus and javelin throwing. In lifting a soldier off his horse with one arm, in hurling great tree trunks across the roadway, in pushing over the wall above the doorway in the Catacombs, Caesaro demonstrated his muscular power in "Fabiola."

Both the public and the press acclaim "Fabiola" one of the greatest masterpieces ever produced. May Time of the Chicago Tribune, placed "Fabiola" among the best photo-plays, and says that this film is "worth while." Genevieve Harris of the Chicago Post states that "Fabiola" is an historical production presented with sincerity and reverence. Margaret Crolls of the Chicago Daily News proclaims "Fabiola" a costly and masterful work of historic and educational value.

This photo-play has thus far been shown only in the larger cities such as New York, Chicago, Cincinnati, and Louisville. It completed a most successful run in Chicago at the Auditorium theatre, remaining there over a month by popular demand. It is claimed that over 100,000 people saw this picture at the premier showing in Chicago. On Friday afternoon of the first week here, thousands of people were turned away and a detail of police were called out to handle the traffic jam and to tell the peo-

ple that the theatre was completely filled. This is the first time this superb film has been shown in any part of the Upper Peninsula, and all, regardless of faith or denomination, are kindly invited to witness this magnificent photo-play which is highly endorsed not only by eminent bishops and priests, but also by preachers and ministers of great repute throughout the state.

Be sure to see "Fabiola," the great photo-drama of early Christianity, that has thrilled the hearts of thousands of people since being imported from Italy.

The Film: "Fabiola." The Place: St. Joseph's Auditorium. The Time: Sunday, Sept. 16th, (afternoon and evening). The Price: Children, 25c; adults, 50c.

Mr. and Mrs. E. Reynolds Gustafson, accompanied by Mrs. Nelson, returned from a motor trip to Iron River and Chicago Lake Resort.

The Misses Loretta and Catherine LeMire left last night for South Bend, Ind., where they will resume their studies at St. Mary's college.

Mr. and Mrs. Eugene Auger and children have returned from a Canadian motor tour in the course of which they visited Montreal, Quebec, Toronto and other points of interest.

TRUSTEES FOR SINKING FUND MAY BE NAMED

Money to Be Set Aside to Retire Outstanding Bonds.

City Now Has \$9,500 and More will be Added; Many Bonds Due in Few Short Years.

Escanaba is going to be ready to retire their bonds when they fall due. This is the declaration of the mayor and councilmen and in order to provide for it, an ordinance will be drafted by the city attorney to be presented at the next meeting, providing for the appointment of trustees to assume the stewardship of the money the administration wants to put away for the purpose of retiring bonds.

For many years Escanaba has been bonded and often when the bonds became due, the council would borrow a like amount of money to renew them. This was a temporary relief, as the bonds had to be paid some time and renewing was but putting off a necessary obligation.

If a certain amount is put away every year, not exactly put away, but invested so it will draw interest until needed, the city will be able to reduce its indebtedness by cutting out interest.

During the years 1920 and 1921 Escanaba will be called upon to meet the payments of bonds that will fall due. Unless the administration looks ahead, the city will have no money to pay them and more money will have to be borrowed.

The new ordinance will provide not only for the appointment of trustees, but also that the money put away for redeeming outstanding bonds cannot be used for any other purpose, unless by a vote of four, out of the five councilmen.

City Manager Harris says this system would undoubtedly be the means of finally getting the city out of debt. It cannot be done any other way for the city will never have enough money in any one year to buy the bonds, after other expenses are taken care of, but by putting aside a sufficient sum each year and arranging it so the money is not liable to be withdrawn for other purposes, the city will finally cease to pay interest on large loans.

POLICE PRACTICE WITH REVOLVERS; ARE GOOD SHOTS

All Men Are Required to Come Up to Certain Standards Provided for by State.

Yes, the cops must know how to shoot.

Not only shoot, but shoot well and make a certain score on a standard regulation revolver target at a distance of 75 feet. The target is ready at the police station and this afternoon and tomorrow, every man on the force will be required to step up to the mark and bang away many times at the target. If he is able to hit it enough times in the right place he is done, but if he falls down it is up to him to get busy at once and improve his shooting.

This is not liable to happen, however, on the local force, as the men are pretty good revolver shots. Chief Tolan, especially, is a real old "Texas Ranger" with a "Six Gun."

Minneapolis Man Shot By Bandit; Suspect Arrested

(By the Associated Press) MINNEAPOLIS, Minn., Sept. 11.—Mahlon Sidwell, a local grocer, who was shot by a bandit during a struggle at the rear of his store early yesterday, died at a hospital here today. Two bullets had entered his abdomen. Police today had no clue to identify his assailant.

Arrest Suspect. RED WING, Minn., Sept. 11.—Red Wing police today were holding Walter Zehr of Milwaukee, for the Minneapolis authorities as a possible suspect in connection with the fatal shooting of Mahlon Sidwell in Minneapolis. Zehr denied any connection with the case.

Harvest Supper. The Ladies' Aid of the Methodist church will serve a Harvest supper the latter part of September to which the public is invited. The date of the supper will be announced later.

Rebekah Lodge to Give Dance. Plans are now under way for the dancing party to be given by the Rebekah lodge next Thursday evening, Sept. 13th, at the Odd Fellows' hall. This will be the first dance of the season to be given by this lodge and the members are looking forward to a very fine time. Boh's Kittens have been engaged to furnish the music for the occasion.

You Might as Well Try to Find the Pot of Gold at the End of the Rainbow

as to plan on saving "tomorrow." Tomorrow is an uncertainty. No man ever achieved success by waiting for it.

TODAY is the appointed time to SAVE. Decide to open a Savings Account in this Bank not tomorrow, or the day after, but RIGHT NOW.

NO MORE STREETS OILED UNTIL THE MONEY IS READY

Nothing Was Provided for in Budget; But This Will Be Arranged for Future Work.

At the last meeting of the council, Councilman L. A. Ross moved that the work of oiling the dusty streets be continued by the city and the cost taken from any available fund that had the sum necessary to spare. It was found, however, that there are no funds available for continuance of the oiling, but steps will be taken to provide money, so next year the city will be as near dustless as it can be made by a good coat of oil.

The oiling of the streets has been found to be very satisfactory to property owners and even on very soft streets, a couple of coats laid the dust permanently.

Miss Edna Bloom, cashier at the McClellan store, is ill at her home on South Ninth street.

ROOSEVELT TELLS FARMERS WHAT IS NEEDED BY THEM

Urges Closer Co-operation and Combinations for Disposal of Products; Money Needs.

(By the Associated Press) SYRACUSE, N. Y., Sept. 11.—Combination and co-operation is the hope of the American farmer, asserted Assistant Secretary of the Navy Roosevelt today in an address at the New York State Fair. "The government's part in aiding the agriculturalist," he said, "should be confined to legalizing fuller co-operation and assistance through the federal agencies of information, and in extending credit facilities to those places where it serves practical purposes."

FOR RENT—Furnished rooms. Inquire at 1810 Third Ave. South. 257

WANTED—Washings; am prepared to do washings for individuals, such as teachers and others boarding out. Phone 416-M. 267

Swedish Lutheran Ladies' Aid. The Ladies' Aid of the Swedish Lutheran church will hold their meeting Thursday afternoon at 3 o'clock at the church parlors. Mrs. August Blomquist and Mrs. Antone Shills will be hostesses.

ATTENTION. Members of the U. P. Tent No. 4, K. O. M.

Our regular review will be held Tuesday evening, Sept. 11, at 8 o'clock in Grenier's hall, 331 South Tenth street. As there is business of importance to be transacted every member is urgently requested to be present. D. P. MAC RAY, R. K.

A daughter was born yesterday to Mr. and Mrs. Arthur Weidman, 925 Sixteenth street, south.

Mrs. M. Thorsen, Marie Thorsen and Thurman Thorsen left this morning by motor for Chicago.

It's unlucky to bet \$13 and lose. Daughters of a millionaire always have fine figures.

Works Begins On the Mollatt Tunnel Through Rockies

DENVER, Sept. 11. With the bonds for financing the construction of the Mollatt tunnel through the Great Divide delivered to the New York buyers, the actual work on the big bore already has been started. Despite the fact that prospective bidders for the construction work were granted a short respite to prepare their estimates, work at the tunnel site has not been postponed, according to President William P. Robinson of the tunnel commission.

"The tunnel will be well underway before snow flies," President Robinson said. "Eighty men are employed, about 40 at each portal; a water system is being installed which will be adequate for all purposes, and a preliminary power line is being set up. All of these works are to be taken over by the successful bidder, and will have started long time in his start before winter sets in. After that the work can proceed without hindrance."

Electric power lines will be extended to both portals of the projected tunnel before October 15, instead of November 15 as planned originally, Mr. Robinson said. Dupli rate lines which will carry current for 1,000 horsepower are being run so that there will be little likelihood of interruption of work from that source.

Bicycle Rider Hit By Automobile Is Not Badly Hurt

This morning W. H. LeDuc, 18, was hit by an automobile on Stephenson avenue while he was riding a bicycle. Witnesses to the accident declared that the accident was unavoidable and both parties were probably equally guilty. The bicycle was badly demolished, but the youth was uninjured. The owner of the automobile said he was very glad nothing more serious had happened than the demolishing of the bike, which he said he would be glad to replace or pay for the necessary repairs.
