

# 15,000 ARE HOMELESS IN OKLAHOMA CITY

## FLOOD CLIMAX REACHED TODAY AT NOON HOUR

City Getting Ready to Check Up on the Damage Done.  
It is Thought No Lives Were Lost; Many Marooned People Rescued From Dangerous Places.

(By the Associated Press)  
Oklahoma City, Oct. 16.—A catastrophic flood hit this city today.  
With virtually the entire south side entirely inundated, flood waters of the North Canadian river rising rapidly, are creeping relentlessly upward from the lowlands, and literally are lapping at the thresholds of the retail business center of the city, with every prospect that the crest of the high water will not be reached until some time later.  
Sweeping savagely southward the raging torrent, swollen to unprecedented size by rains that have fallen almost without interruption for four days, the torrent broke through the municipal reservoir, ten miles west of here, early today and flung a pent-up nine-foot wall of water, down stream to spread further disaster to the already stricken lowlands of Oklahoma City.  
This volume reached here at about 4 o'clock this morning and within an hour had spread to within 15 blocks of the principal business district, both from the south and southwest portions. So far there has been no loss of life reported but numbers of persons are believed to be imperiled.  
Hard to Rescue People.  
The swollen current, with its powerful undertow, defeated the efforts of firemen to rescue 15 persons marooned in one spot in the lowlands. Rowboats were unable to break the heavy current, but some time before when the current was not quite so heavy several people were brought to safety. One man is said to be hanging desperately to the rafters in a church while the angry water sweeps through the room below. A family of 12, five of them small children, are marooned in a house in the Grove district, it is reported.  
High Mark at Noon.  
OKLAHOMA CITY, Oct. 16.—The fury of the North Canadian which lashed a foaming sea nearly to the center of the city's retail district, having reached its climax about noon today, Oklahoma City today accepted the task of caring for 15,000 homeless and waited for the angry river to recede and make possible a check of the damage.  
No Deaths Reported.  
Western, central and southern Oklahoma today were in the grip of the most disastrous flood ever recorded in the state. Rivers and streams, swollen by rains that have fallen virtually without intermission since Friday morning, were sweeping southeastward, carrying on their foaming crests bridges, houses and other property that had been caught in the terrific sweep of their maddened current.  
No authentic report of loss of life had been received here today. An unconfirmed account of the death of a railroad bridge worker at Camargo was a typical report of the kind that came out of the stricken area.  
Farm Houses Lost.  
Reports from Canton indicated that the river, burdened with its unprecedented volume of water, had straightened its course, sweeping through farm lands heretofore considered immune from flood damage and destroying many farm houses and other buildings.  
Oklahoma City today awaited with marked apprehension the onslaught of a wall of water in the North Canadian river which, according to an official warning of J. P. Slaughter, chief of the local United States weather bureau, will be between four and six feet higher than any that ever before beat at the city's waterworks or swirled through the lowlands that skirt the southern edge of the industrial district.

## Anniversary of John Brown's Raid

WASHINGTON, Oct. 16.—Sixty-four years ago today the entire nation was aroused by the news that John Brown had captured the arsenal at Harper's Ferry. The following day United States Marines, under the command of Colonel Robert E. Lee, captured the raider, who was afterward tried, convicted and hanged. Despite the insignificance of this event it led to tremendous consequences. Like the assassination of Archduke Francis Ferdinand provoked the European conflict, so the Harper's Ferry affair fanned the smoldering spark of public sentiment into the flame of the Civil War.

## TWENTY-TWO ARE READY TO FIGHT PLACE ON TEAM

Much Interest Is Shown This Year in High School Debating Team; Many Ready for Contest.

Twenty-two freshmen and sophomores are at present eagerly awaiting the date in the near future when they will compete for the declamatory honors of the local high school. The turnout this year is the largest since declamation was first instituted in the school three years ago, and for this reason the candidates will have to go through a number of elimination trials before the final contest decides the school declaimer.  
The winner of the school contest will, by right of his victory, represent Escanaba in the sub-district contest where he will compete with representatives of schools in this sub-district, Iron Mountain, Crystal Falls, Iron River, Vulcan, Norway and Stambaugh. The winner of the sub-district contest will go to the district contest and if successful, to the state contest for the state championship.  
It has been the practice to award declaimers and orators representing Escanaba high school in the sub-district contest, with silver and gold "E's" respectively. The Orange and Blue Society has taken the expense upon itself to award these medals each year.  
Only sophomores and freshmen are eligible for this contest, upper class men being eligible for the oratorical contestants must write their own speeches, instead of taking a selection from some great orator.  
Following are the contestants from the two classes:  
Sophomores—Esther Auerbach, Gordon Bennett, Verna Brotherton, Sheldon Cobb, Etna Granskog, Thorde Nelson, James Pryal, Ellen Wickland.  
Freshmen—Viola Barbeau, Helen Burns, Mary Buckbee, Gilbert Cotton, Celia Crowell, Ethel Gessner, Evelyn Harden, Louise Harder, Leonard Lahale, Dorothy Lemire, Janet Matthews, Marguerite Mileski, Joseph Pepin, Kathleen Roddy.

## Racine Contractor Killed on Crossing by Passenger Train

RACINE, Wis., Oct. 16.—Peter Olson, 54, cement contractor, was instantly killed at an early hour this morning when his automobile was struck by a Northwestern passenger train at the county line crossing eight miles north of here. His cousin, who was in the machine with him, escaped serious injury.

## SOUTHERN STATESMAN DEAD

GREENVILLE, Miss., Oct. 16.—Benjamin Grubb Humphreys, for more than twenty years a member of congress from the third Mississippi district, died suddenly at his home here today. Death was due to heart trouble.

## Prisoners and Booze Taken From Vessel

NEW YORK, Oct. 16.—Twenty-four prisoners were taken and \$25,000 worth of bottled whiskey by the police of the Westchester station in the capture of the seventy-five foot cabin cruiser, early today, Mirage, off Throg's Neck, Long Island Sound.

## INCOME TAX TO BE SUBJECT OF GRANGE MEETING

Much Interest in Muskegon Meeting This Month.  
Program Will Be Arranged for Legislative Committee to Get Behind and Have Passed.

LANSING, Mich., Oct. 16.—Considerable interest is shown by state officials in the annual convention of the Michigan State Grange to be held at Muskegon October 23-26. The convention, it is said, will show the temper of the farmers of the state on many political and administrative matters.  
The Grange, the Michigan State Farm Bureau and some other farm organizations, maintain what is known as a federated legislative committee. This committee each two years formulates and gets behind a legislative program. It is expected that legislative proposals to be embodied in the 1925 program will be discussed by the Grangers.

## Sentiment Will Be Shown

The meeting also is looked forward to as an event that will show to some extent the probable sentiment of the farmers in the 1924 election campaigns. The organization will probably go on record in regard to the action of the state administrative board in ordering a revision of the county agent system of the Michigan Agricultural College and in taking part of the responsibility for tubercular cattle inspections away from the department of agriculture and placing it with the secretary of state. According to many farmer members of the legislature, who have existed Lansing recently, most of whom are members either of the Grange or Farm Bureau, the agriculturists are "distinctly dissatisfied with the administration's interference in college and agricultural department affairs." The farmers are also "up in arms" over the governor's veto of the gasoline tax, they claim, and the Grange convention is expected to register its disapproval and discuss plans for obtaining a gasoline tax law by popular referendum.

## Lauches Tax Drive

The Grange already has launched its promised drive for a state income tax. The form for a proposed amendment to the constitution, providing a tax on all incomes over \$4,000, was submitted recently to the department of state by C. H. Bramble, overseer of the Grange, and approved by the secretary of state. It suggests a levy of 2 per cent on incomes from \$4,000 to \$20,000; 6 per cent from \$20,000 to \$40,000; 7 per cent from \$40,000 to \$60,000; 8 per cent from \$60,000 to \$80,000; 9 per cent from \$80,000 to \$100,000 and 10 per cent on all over \$100,000. The Grange, backed by other farm organizations, plans to circulate petitions and initiate the amendment for a vote in November, 1924.

## BERLIN POLICE STOP RIOTING; MANY INJURED

LONDON, Oct. 16.—A mob tried to force its way into the stock exchange at Berlin this morning, says a Central News dispatch, from the German capital. The doors were promptly closed and the police took up the task of dealing with the throng.  
They also tried to storm the city hall but the police proved to be too strong for them and seemed to be masters of the situation. After much fierce fighting, in which a number of persons were injured, several seriously, the city hall and the stock exchange was locked up and well guarded. The Wilhelmstrasse, Berlin's greatest street, was closed to all pedestrians and vehicles.

## Baldoy Removed As Menace; Fire Warden's Orders

On the last visit of the deputy state fire marshal to this city he ordered that the balcony in front of the Commercial hotel be removed as it was a menace in case the building got on fire. The balcony was never used and today is being removed. Several other old sheds were ordered removed and unless the owners attend to the matter in the given time, the city will do the tearing down and assess the cost to the property.

## Sheriff Dahl Winner in Fight Over Office

MADISON, Wis., Oct. 16.—Controversy between former Sheriff Dohrstein of Marinette county and Sheriff Oscar Dahl, over possession of that office was ended by the Wisconsin Supreme Court today, when it upheld the lower court's decision giving Dahl the position he took forcibly last winter when the former incumbent refused to turn over the office to him.

## INQUEST IN DEATH OF BABY DELAYED

Ishpeming Man Is Still Being Held in Jail in Gwinn. Pending Outcome.

GWINN, Mich., Oct. 16.—The inquest into the death of the three-month-old daughter of Mr. and Mrs. Hebe Wilson, killed Sunday when an automobile driven by Richard Markum, Ishpeming, struck the baby carriage in which the child was being wheeled by its mother, will not be held until Friday, it was announced by William Prin, coroner.

## Ford to Give U.S. \$1,750,000 Profits

DETROIT—Henry Ford will return approximately \$1,750,000 to the government, his share of the Ford Motor Company's profits on war contracts.  
A letter from his secretary, E. G. Leibold, to United States Senator James Couzens, revealed that the Ford Motor Company made a total net profit of \$7,000,000 on \$90,000,000 worth of contracts. Mr. Ford owned only 21 per cent of the Ford Motor Company during the war and, accordingly, received only slightly more than half of the profits. He since has bought out the other stockholders. Deducting about 50 per cent of his \$3,500,000 for war taxes, Mr. Ford's profit was \$1,750,000, which he intends to return. He does not speak for the Ford stockholders he has since bought out.  
The war materials manufactured under the Ford contracts included all products except automobiles, trucks and tractors, and take in all such products as shells, caissons, helmets, Liberty engines and subchassis.

## Many Fill Quotas in Woods Monday

The partridge population was considerably decreased on the opening day of the hunting season, according to the reports of hunters who were in the woods early yesterday with a plentiful supply of ammunition. In almost every case the quota of five birds were shot. The woods were filled with birds, seemingly just waiting for some hunter to come along and shoot their heads off.  
Hunting from automobiles is against the law, but even if the hunting is not done from the car, for some reason the birds do not become alarmed at an approaching automobile and stand on the road until the wheels are almost upon them.

## High School Classes to Entertain Visitors From Menominee

The Senior and Junior classes of the Escanaba high school have completed plans for a dancing party to be given Saturday evening at 8 o'clock, after the Menominee-Escanaba football game, in honor of the visitors from that city. Only students of the Menominee and Escanaba high schools are invited and the admission will be 25 cents. It is expected that a large number of the students from both schools will attend.

## DECREASE SHOWN IN GERMAN BIRTH AND MORTALITY RATES

BERLIN, Oct. 16.—Germany's birth rate for the second quarter of 1923 shows a decided decline, according to official figures for 46 German cities. In the corresponding quarter of 1922 there were 75,762 children born, as against 65,224 this year. For the first quarter of 1923 the number of children born was 69,629. The birth rate is now down almost to the lowest level of the war period. Commenting on the figures the medical weekly says:  
"As there is a firm ratio between the dollar rate and the birth statistics a further big decline is expected." On the other hand the mortality rate is not so high for the second quarter of this year as it was in 1922. There were only 52,416 deaths in the second quarter of this year as contrasted with 55,345 for the same period last year.

## C. E. Glavin Leaves On Business Trip to London, England

Charles E. Glavin will leave tonight for New York City, where on Saturday he will embark on the Leviathan for a business trip to London, where he has been called to sit in conference with some of his business associates. Mr. Glavin says he expects to try and get the business over so he can make the return trip on the same steamer. The Leviathan remains in port four days, and Mr. Glavin hopes to get his business transacted in that length of time.

## LOYD GEORGE SAYS EUROPE NEEDS AMERICA

American Co-operation Needed to Make a Lasting Peace.  
"Little Welshman" Arrives in Chicago Today from Minneapolis and Is Given Warm Welcome.

CHICAGO, Oct. 16.—David Lloyd George, Britain's war time premier, reached Chicago at noon today to be greeted by great throngs as well as a reception committee headed by Brig. Gen. Dawes. The "Little Welshman" was escorted through the downtown streets, decorated with the American and British flags, with thousands of spectators waving and shouting their welcome as the distinguished visitor was taken to his hotel. Later he and his family were guests at a Chicago Association of Commerce luncheon.  
Appeal in First Address.  
An appeal for the United States to help Europe make peace was made in Minneapolis yesterday by David Lloyd George, the wartime prime minister of Great Britain. In his first public address in this country after concluding his tour of Canada.  
Speaking before many hundred persons at a luncheon given by the Minneapolis Civic and Commerce Associations, the former premier said:  
"I am not here on my mission but let me say to you one thing, that until the youthful America with its mighty influence, with its great power, with the moral command which it has in the world because of its past, with the great claim that you won by coming into the war without any selfish purpose but a hold ideal, sending millions of your best young men across to fight for liberty and for nothing else—until this war—casts its influence into the world for peace, I despair of the future."  
Referring to a statement that Americans were doing their best to forget the recent World war, he urged that they do not forget.  
"There is nothing," he said, "for you to forget—nothing. There is something, yes, something for you to be proud of. You came for nothing but at the will of a great purpose and a great ideal. It ought to be your pride. The part you took in it is one which is worthy of your greatest traditions. And my last word is that so far from forgetting that part, I trust that the United States of America will once more, in due time, in its great own way, cast its great might into the scales of peace."  
The address was the one formal public function on the program of the distinguished visitor during his day's visit to Minneapolis. Arriving early he was welcomed by huge crowds at the station and on the way to his hotel while thousands crowded the streets and greeted him with applause as he was escorted on a sight-seeing trip along the Mississippi river boulevard and to other points of interest.

## Decorate for Football Game

The Retailers' Committee of the Escanaba Chamber of Commerce urgently request that as many of the stores as possible suitably decorate their windows on Saturday, October 20th, the day on which the Escanaba football team plays the team from Menominee.  
Surely the success of our team should arouse the patriotism of every Escanaba citizen. For years Escanaba has never had such prospects for a championship team as she has this year, and it is the sense of the committee that the merchants, as a whole, should do their utmost to support the team in every way possible.

## COOLIDGE SAYS REDUCE RATE ON EXPORTED WHEAT

Also Make Same Rate of Export Coal That Is Made on Same Commodity for Local Use.

WASHINGTON, Oct. 16.—President Coolidge today suggested to Samuel Hays, president of the Pennsylvania railroad, that a freight rate reduction be put into effect by the railroads on wheat designed for export and that the railroads institute the same rate on export coal as on coal for domestic use.  
The suggestions were made by the president to Mr. Hays at a White House conference and the Pennsylvania president will probably consider them in conjunction with executives of other major railroads.

## Reorganization of St. Patrick's Brigade Held Last Evening

A complete reorganization of St. Patrick's Boys' and Girls' Brigade was held last night in the basement of the church.  
During the meeting a selection of officers took place. The officers of the Boys' Brigade are:  
Thomas F. Caplan, Captain.  
Victor Powell, First Lieutenant.  
John Hanson, Second Lieutenant.  
Ivan Savard, Quartermaster.  
The Girls' Brigade also elected their officers, and they are:  
Dorothy Gannon, Captain.  
Doris Leppia, First Lieutenant.  
Marion Finley, Second Lieutenant.  
Mary Hughes, Quartermaster.  
Both Fr. Noctair and Fr. Boyle, new priests at St. Patrick's parish, intend to continue the work of the brigade which the late Dr. F. X. Barth had organized.

## Superior Police Raid Soft Drink Place; 6 Pinched

SUPERIOR, Wis., Oct. 16.—Armed with ten search warrants, a squad of eighteen policemen raided a soft drink parlor and arrested six men and two women. In addition to a large quantity of alleged moonshine liquor the officers confiscated one still, three barrels of mash and a large amount of equipment used in making illicit liquor.  
Al Schmeitzer, 1122 Tenth avenue south, and Walter Carlson, 1413 Fifth avenue south, returned from a hunting trip at Marquette.

## OVER A MILLION

NEW YORK, Oct. 16.—The sum of \$1,066,415 was paid by 301,430 persons to see the world's series of 1923, called with the sixth game yesterday. The figures make a few records, the old record having been established in 1921, when the Giants and Yankees, in an eight game series, attracted 269,977 persons with receipts of \$1,002,271.  
Yesterday's Figures.  
Attendance, 341,712.  
Receipts, \$1,066,415.  
Advisory council's share, \$29,887.80.  
Each club's share, \$59,182.10.  
Figures for Six Games.  
Attendance, 301,430.  
Receipts, \$1,066,415.  
Advisory council's share, \$165,572.25.  
Each club's share, \$267,729.86.

## STANDARD OIL TO BLAME FOR PRICE ON GAS

Independents Say Big Company Will Cut Price If They Do.  
Therefore, It Is Declared There Is Little Use in Putting Price to Low Figure.

(By the Associated Press)  
CHICAGO, Oct. 16.—Independent oil companies in Wisconsin are restrained from making their own prices by fear of retaliation by the Standard Oil Company of Indiana, according to Herman L. Ekern, attorney general of Wisconsin, who is attending a conference of attorney generals of many states to inquire into the price regulation in the oil industry. Attorney Ekern said that the investigation in his state brought out the fact that prices are based on the standard oil prices.  
Half of the oil sold in the state is through the Standard Oil Company and the other half divided between about two hundred independent dealers.  
The independent dealer has nothing to gain by reducing his price because the Standard immediately meets the reduction.

## WOMAN DECLARES LOVER TO BLAME IN POISON PLOT

Mrs. Schaudt Will Withdraw Confession and Enter Plea of Not Guilty at the Hearing.

JANESVILLE, Wis., Oct. 16.—The Gazette of this city today prints the statement that Mrs. Schaudt, who is said to have made a confession of poisoning her husband and attempted poisoning of her four children, will not plead guilty, as was expected, when she is given a preliminary hearing on October 27.  
She will make a fight for her freedom, laying all the blame for mixing the poison and placing it where her husband could drink it, on Ernest Kupal, also held in the Eikhorn jail as an accessory.

## State Auto Ferry Pulled Off Rocks

SAULT STE. MARIE, Mich., Oct. 16.—The steamer Ariel, Michigan's ferry at the Straits of Mackinac, was pulled off the rocks Friday by the tug Favorite. She has been high and dry since Thursday morning.  
Thirty passengers on the Ariel were taken off in row boats before noon Thursday. The eight automobiles were not taken off until the Favorite towed the damaged ferry on to the St. Ignace dock. In the absence of Captain May, who is in Boston, the Ariel was in charge of the first mate.  
Thursday's trip had been made from St. Ignace to Mackinac City and on returning in the fog the Ariel passed its dock at St. Ignace and crashed on the rocks. The tug Favorite pulled on the stranded boat for 24 hours.

## DRCP MURDER THEORY IN MISSING BABY CASE

ASHLAND—Murder theories were abandoned Saturday by officials who have been attempting to solve the mystery which surrounded the disappearance of Ralph Henry, 3, from the farm home of his parents near Meilen, three weeks ago. John Henry, father of the child, has been freed after questioning.

## RAGPICKER AT 80 GETS \$3,243 PENSION

WASHINGTON—A grateful government awarded a back pension, amounting to \$3,243.37, to Alfred Pettis, 80, rag picker, for his two-year service with the Second regiment, United States Colored infantry, during the Civil war. Beside this sum, Pettis will receive \$50 a month as long as he lives.  
Mrs. Katherine Manning and daughter, Mrs. Horace Provo, returned yesterday from Milwaukee, Chicago, Fond du Lac and Baraboo, after visiting for several weeks with relatives.

# HEALTH METHODS FOR OLDER CHILDREN DISCUSSED TODAY AT CHILD HEALTH MEETING

## "Boy of 12 Is Hardest Creature in World to Teach."

### Teacher Says Best Thing for Them is Hard Games and Lots of Athletic Work Out Doors.

DETROIT, Oct. 15.—Methods of teaching health in urban school children who have not been so trained in their earlier years were discussed today at the meeting of the American Child Health Association annual meeting in Detroit. Dr. Brown of the University of Michigan, in charge of the health section of the meeting, said that the best demonstration of the Commission on Child Health Education Program is being conducted in Detroit.

In today's address, Mrs. Brown dealt almost exclusively with the problem of teaching health to children of 12 or 13.

"The subject of my paper was 'Teaching Health to Older Children.'"

"Of all human creatures the most difficult for the average woman to understand," she said, "is the pre-adolescent male, hence he is the most difficult to appeal to successfully. The boy of 12 is the most male creature, psychologically, in the world. The woman teacher might as well be nonexistent. He merely tolerates his mother and sister as an irritating foreign body. The wise woman will combine with other wise women and see to it that there are available good men in public places.

"In teaching health then to the pre-adolescent male, the teacher, usually a woman, would do well to keep in the background, making her appeal to two outstanding psychological characteristics:

1. The boy is at this age an entirely self-centered egotistic male.
2. He is a member of a sex.

"Despite its dangers and abuses, the solution of the problem of teaching health to this boy lies chiefly in group games and athletics with some element of competition. To eliminate the dangers and keep the punch is one of the big health education problems."

"The inner urge the boy feels to assert his entity may be capitalized by the health teacher in loosing him into a sanitary survey of the city. Let the boys fix the blame for this adult inefficiency. A sanitary survey of the school building and grounds is valuable in the same way.

"With the connivance of the physical education teacher or the Scout Master a course in camp cookery can fill in the chink—and lo, the boy all unsuspecting has swallowed a large dose of health instruction. He will use this superior knowledge to paralyze his family when he loftily rejects the offerings of the frying pan or demands the milk but yesterday scorned as 'baby food.'"

In pleading that the health lesson for older children be made a part of a consistent school program, Miss Brown declared:

"Health may be taught to little people in the face of inconsistencies. But teaching health to older children must be consistent. It is wasted breath to teach fresh air when his nose knows that he never breathes fresh air either at school or at home and still, apparently, nothing happens."

**BANDITS LOOT HOTEL; HOLD CROWD AT BAY**

KANSAS CITY, MO.—Six bandits held up the Baltimore hotel here early Sunday and escaped in two automobiles with loot estimated at between \$2,000 and \$3,000. Two bus boys, two chauffeurs, an elevator operator, several guests, the house detective and three clerks were lined up, while four of the bandits removed the cash boxes from behind the desk.

**MANITOWOC MUST PAY FOR LIFE OF FIREMAN**

MANITOWOC—The city of Manitowoc must pay \$5,300 for the death of a city fireman, Frank Kopidansky, who was suffocated while fighting a fire in a west side grocery store, Feb. 23, 1922. The Dane county circuit court has upheld the decision of the Wisconsin industrial commission which awarded \$5,200 for the death and an additional \$100 for funeral expenses to Mary Kopidansky, sister of the deceased. Before the commission and the court, the city asserted the firemen did not die from suffocation, but from heart disease.

**GET THE HABIT!**

Undoubtedly you read a morning newspaper. What motive prompts you to go to your newsdealer each morning and pick up the newspaper that you do? Have you considered thoughtfully the service that it renders? Have you discovered that The Journal's New Morning Edition gives you best service? 259

**EMMY DISTAN SUEING MAKER OF HAIR TONIC**

PRAGUE, Oct. 16.—Emmy Distan, the noted opera star, is pressing a suit against a hair tonic manufacturer, claiming that her hair was ruined by a tonic guaranteed to improve the condition of her scalp. Many German experts have been summoned here to testify in the case. In answer the defendant company declares that Distan is asking more than the entire value of its factory, stock and patents.

## THIEVES TRY TO STEAL DEADLY COBRAS FROM ZOO

NEW YORK—A wild attempt at robbery was frustrated at the New York Zoo when two men with a violin case attempted to steal four deadly cobras from the East wing of the Reptile House. Dr. William P. Hornaday came forward with one of the men who made the attempt. They had hidden in the cellar and bored into the building. Photo shows headkeeper Toomy investigating the two-inch hole bored through the door, in the attempted raid, and insert, the deadly cobras ready to strike.

## PERSONAL

J. J. Boudreau, 1214 Tenth avenue south, left early this morning for Daggett and Rumley on business.

Ruth Mary Roche, 1619 Fifth avenue south, who is at St. Francis hospital, is rapidly recovering and will soon be able to leave for her home.

Hjalmer Norrell, of Chicago, is visiting friends in the city. He intends to return to Chicago Wednesday.

Mr. and Mrs. Charles Gunderson, 619 South 9th street, and J. R. Fallman, 630 South 10th street, motored to Marinette on a business trip this morning.

Art Peterson has returned to his home at Menominee, after a week-end visit in Escanaba.

The newly-organized St. Patrick's Brigade held its weekly meeting Monday night in the basement of the church.

Miss Ruth Loeffler, South 9th street, returned from Maple Ridge yesterday, where she had gone because of the death of her uncle.

Miss Marie Brown, 12th street, spent the week-end in Milwaukee.

Mr. Shanklin, leader of the high school band, visited Marinette over the week-end.

F. J. Martel, 214 North 11th street, motored to Daggett, this morning.

Ted Geniesse, Eighth avenue south, bagged his lawful quota of partridges yesterday. He claims that there are more birds in the woods now than there has been for many years. He also said that he says three prairie chickens, but he left them unmolested as the season is not open for them.

Mrs. John Kilstrom, 1705 Third avenue south, left Sunday night for an extended visit in Minneapolis, Omaha, and Kansas City, Kans.

P. J. Nolden, 329 North 15th street, is confined to his home with an attack of the gripe.

Mrs. Henry Dotch, Jepson building, returned yesterday from a short trip to Marinette.

Mr. and Mrs. R. J. Thomas, M. and Mrs. F. S. Staples and daughter, Roseve, of Milwaukee, and Mrs. Ben Burdick, of Racine, motored to their respective homes after spending the week-end at the F. W. Doak home, 616 South 10th street.

Sam R. Bushnell, superintendent of Wrigley Gum Co., of Sydney, Australia, accompanied by his mother, Mrs. H. L. Bushnell, of Rhinelander, Wis., motored to this city yesterday.

Word has been received in the city that Pauline Schmidt, of this city, has arrived safely in Petange, Luxemburg.

Mr. and Mrs. H. Roberge and two children, Janet and Francis, 1214 Third avenue south, spent Sunday in Green Bay.

W. V. Leppla, 14th street, and daughter, Doris, celebrated the opening of the partridge season by going hunting yesterday afternoon. They were rewarded with a nice fat bird and saw quite a number of others.

## STRESEMANN'S PAST EXPERIENCES HELPS IN DIFFICULT TASKS

### Is Backed by Prominent Magistrates and Politicians and Seeks Understanding With Enemies.

(By the Associated Press)

BERLIN, Oct. 16.—Doctor Gustav Stresemann, the new chancellor of the German republic, is a thoroughly experienced catch-as-catch-can politician. He is a ready stumper, and a facile writer on political subjects.

Unlike many of the German leaders who are heavy with degrees, long on political theories, and inexperienced in the ways of mankind, Chancellor Stresemann has had much training in practical politics.

He speaks the language of the ordinary man and makes extemporaneous speeches which are so terse and direct and so thoroughly characterized by a lack of big, jaw-breaking words that one would never suspect him of having passed through many of the toughest courses Berlin and Leipzig universities offer aspirants for doctorates.

But Stresemann has had a lot of hard experience since he deserted the universities. His first job was secretary of the Saxonian Association of Industrialists. He became a deputy of the Dresden town council and in 1907 was first elected a member of the Reichstag. He was a long time a managing member of the German-American Commercial Association and served as head of the German Association of Industrialists.

His work has thrown him with employers and employees alike. In the universities he specialized in economics and history and in active life he has had abundant opportunity to study the basic commercial and industrial problems which Germany faces.

Stresemann has been a receptive candidate for high political honors for years. He had an important part in the removal of Bethmann-Hollweg, and since that time his name has always been among "those mentioned" for prominent cabinet positions.

He was an adherent of the parliamentary system even when it was regarded as impossible in Germany, but he held himself in the background until the plan for the great coalition came to the fore. He was too canny a politician to let himself be the victim of an improvised government patched up without support from the more liberal elements.

Immediately after the revolution Stresemann became the leader of the German People's Party. Backed by the main industries, that party managed to gain a strong position. Stinnes and other magnates stood behind it, but Stresemann had many tiffs with the purely industrial sections of his own group.

He has always fought vigorously for the unity of the Reich, but has stood insistently for an understanding with Germany's former enemies, even if heavy financial sacrifices must be the price.

Stresemann was born in Berlin, May 16, 1878. He is above medium height, stockily-built, wears a closely cropped moustache, is erect and well set-up, has firm blue eyes, and carries himself with the pose and assurance that characterizes business-men of wide experience the world over. He is partly bald and has a large shapely head. In every way he has the appearance of a man of action who enjoys excellent health and radiates enthusiasm.

## RIVAL BOY GANGS STAGE BATTLE AT ROCK ISLAND

ROCK ISLAND, Ill., Oct. 16.—Kentucky feuds had nothing on a battle royal between two opposing gangs of boys here. "Bad blood" had surged between the gangs for some time and the river front was chosen for the battle ground. One gang came with rocks, expecting to be met with like weapons. A boy of the opposite gang shot a 22-caliber pistol. Police seized George Schuman, Raymond Grigsby and Walter Hedges. The other boys got away.

## WORKMEN CAUGHT IN HIS OWN MACHINE IS KILLED

GALESBURG, Ill., Oct. 16.—Robert Bollinger, 25, Abingdon, employed by the American Sanitary Company here, was caught in the flywheel of a lathe machine and whirled in the air until his left arm was dismembered. Bollinger died at St. Mary's hospital. He had lived here four years and was recently married.

## For Sale

5-room house on corner lot, in good location. Price only \$1500. This property is offered very much under value, the owner, a widow, is ill and wants to sell. If this is the class of property you are looking for, or if you want to buy only a real sure snap, you will have to act quick or you will lose this chance.

5-acre garden in city on County road, with buildings, worth \$1,000. Price only \$800. Good reason for selling.

Good 7-room house, semi-modern, fine central location. Price only \$3,000.

## DRUGGISTS RECOMMEND Dr. A.W. Chase's Medicines

THE WELL-KNOWN MEDICINES OF THE FAMOUS RECIPE BOOK AUTHOR

The druggist is the one family friend and adviser to whom everybody has implicit confidence. No druggist who values his reputation in his neighborhood will recommend any proprietary medicine unless he is absolutely sure it has outstanding merit. It would be business suicide for him to sell and endorse an inferior article. That's why we take great pride in presenting below the sincere opinions of a few of the many thousands of druggists who are now selling and recommending Dr. A. W. Chase's Medicines:

**The Vancouver Drug Co., Ltd., Victoria, B. C., writes:**  
"Dr. Chase's Medicines are always in demand, and there are many repeat orders. There is a reason—Dr. Chase's Medicines are reliable."

**Mr. T. T. Beattie, Druggist, 462 Bronson Ave., Ottawa, Ont., writes:**  
"I always recommend Dr. Chase's Medicines with perfect confidence, as I receive continual evidence that they are splendid result-producers. In particular I have found Dr. Chase's Kidney-Liver Pills very efficacious. They are among the very best staple sellers and the handling of these goods is highly satisfactory."

**Mr. Frank Hyde, Druggist, Woodstock, Ont., writes:**  
"Among our best selling proprietary medicines, Dr. Chase's have a foremost place. They are necessary in every drug store, as 'permanence' is the demand for them."

**Mr. A. P. Chown, Druggist, Kingston, Ont., writes:**  
"Dr. Chase's Medicines have for many years had a steady sale and give good results and satisfaction."

**Macartney's Drug Store, Stratford, Ont., writes:**  
"The demand for Dr. Chase's Medicines is very steady and in considerable proportion. Our investigation clearly shows that Dr. Chase's Medicines are recognized by the Druggists and the people as staple sellers and reliable medicines."

**Mr. Frank J. Hoag, Druggist, Kingston, Ont., writes:**  
"Having handled the Dr. Chase's line of family medicines for fully twenty-five years, I have no hesitancy in saying that we consider them among our best sellers, as well as most reliable family medicines."

**Mr. A. K. DuBerger, Druggist, Sherbrooke, Que., writes:**  
"I have handled Dr. Chase's line of medicines for years, and I find that, as proprietary medicines, this line is one of the ones—if not THE one—that gives the most general satisfaction to my customers."

**Mr. O. J. Gill, Druggist, Ingersoll, Ont., writes:**  
"Dr. Chase's Medicines have a steady sale with us the year round, and we have always found them to be very reliable medicines."

**Mr. E. G. Moxon, Druggist, Truro, N. S., writes:**  
"For a considerable length of time Dr. Chase's preparations have been one of our staple lines of medicines. Our patients find them highly reliable and satisfactory. We consider them among the leading sellers and we aim to always keep them for sale."

**Mr. C. A. McQuarrie, Druggist, Truro, N. S., writes:**  
"We have known Chase's Medicines from childhood. Their sales were great then, but greater now, and Chase's goods are among the fastest selling lines. The motto 'Chase's Goods are Good' seems to be upheld throughout their entire line."

**Mr. W. D. Mitchell, Druggist, Prince Albert, Sask., writes:**  
"We have handled Dr. Chase's Medicines for a considerable number of years, and find them one of the most satisfactory staple lines, and among the best sellers. They are easy to sell, and we feel that having made a sale of Dr. Chase's Medicines, we have gained a satisfied customer."

**TONIC PILLS:**—For insomnia, building up the system, and all nervous troubles.

**K-L PILLS:**—For kidney and liver troubles, constipation and kindred ills.

**ointment:**—For piles, eczema, phlegm, blackheads, and skin irritation.

**BIG TIM MURPHY LOSES 30 POUNDS AT LEAVENWORTH**

CEDAR RAPIDS, Ia., Oct. 16.—Big Tim Murphy, Chicago mail robber, now in Leavenworth prison, has lost thirty pounds and is doing more hard work than he has done in many years, according to a local newspaper man, who has just returned from a visit to the prison. The reporter said the Leavenworth warden denied that any special privileges were being shown the prisoner.

**TWIN GIRLS WILL HAVE SEPARATE BIRTHDAY DATES**

ROCKFORD, Ill., Oct. 16.—Twin girls, born on different days, have arrived at the Ward Pollock home. One was born at 11:50 p. m. and the other at 12:05 a. m. It is the first instance of this kind ever noted in Rockford.

## PEARS FOR CANNING

We have just received a car load of Michigan Keifer Pears—the best pear in the world for canning purposes. Ask your grocer for these pears. A car load is not much for a town the size of Escanaba, so you had better hurry. The price is exceptionally low—probably at its very lowest point right now.

**The GAMBLE-ROBINSON Co**

### TOPICS OF NATIONAL IMPORT WILL COME BEFORE GOVERNORS

WEST BADEN, Oct. 15.—The nation, pardoning prohibition enforcement, and agricultural problems are among the subjects to be considered by the conference of state governors to be held here October 15 to 19. Upon the completion of that program the state executives will leave on the night of October 19 to attend a conference with president Coolidge at Washington, concerning problems of prohibition, naturalization, immigration and narcotics.

The program of the governor's conference, announced by Miles C. Riley of Madison, Wis., secretary, shows that the executives are to concern themselves with a number of affairs of immediate importance. It appears, according to Mr. Riley, that Governor McCray of Indiana, as host, will have at least thirty governors as his guests.

Included on the business program are six scheduled addresses, while discussions will cover a number of subjects other than those touched upon in the regular schedule of talks.

Governor E. F. Morgan of West Virginia, is to talk on "Taxation," while a paper on "Executive Clemency and the Parole System," is to be read by Governor William E. Sweet of Colorado.

Governor John J. Blaine of Wisconsin, is to talk on "Valuation of Railroads and the State's Obligation." His address is to be followed by one delivered by Governor R. A. Scales of North Dakota.

Governor Gifford Pinchot of Pennsylvania is to talk on "Water Power Development and Interstate Exchange of Hydro-electric Power." The subject of "Agricultural Problems" is to be handled by Governor John M. Park of Louisiana.

The conference with President Coolidge is expected, according to Mr. Riley, to be of special significance and importance as a means of acquainting the president with views of the state executives and as a means by which the president can impart his ideas on immediate problems to the governors.

A social program of interest has been arranged by Governor McCray, the secretary announced.

#### IGNORES SUNDAY LABOR PROTESTS

LANSING, Oct. 16.—Governor Groesbeck is not particularly worried over reports that objections have been raised to working state prisoners on the highways Sundays.

"The men want to work Sundays," he said, "but we do not want to work them any more than necessary. However, it is important to finish those roads as to operate street cars or keep drug stores open. No prisoner has done enough Sunday work to hurt him, and the roads must be finished while the weather permits."

The prison workers on M-16, near Nivo, recently set what is believed to be a record for concrete paving. With one mixer they laid 76 feet in a day.

#### REPAIRING RAILROAD NEAR PELICAN LAKE

ANTIGO, Wis.—A crew of twenty-five men is employed in laying about six miles of new steel on the Ashland division of the Northwestern road near Pelican Lake. The crew will be increased to sixty as soon as the men can be obtained. Roadmaster C. S. McConnell is in charge. After this job is finished the crew will lay three miles of new steel south of Antwa.

#### MAIDEN ROCK SHERIFF SEIZES STILL, FARMER

MAIDEN ROCK, Wis.—Sheriff F. L. Rolson found two large stills, a barrel of mash and seven gallons of moonshine in the farm home of Frank Niedermeyer in Diamond Bluff township. Niedermeyer was arrested and pleaded guilty to the charges before Justice J. M. Johnson and was bound over to the circuit court.

Will sell the two lots together for \$650.00, or separately for \$350.00 each. Apply to J. P. Care Mirror Office. (290)

### ELECTRIC ROADS CARRY MILLIONS DESPITE AUTOS

Many Electric Lines Are Now Using Automobiles as Feeders on Their Other Lines.

(By the Associated Press)

ANN ARBOR, Mich., Oct. 16.—Despite the fact that there are approximately 12,000,000 automobiles in the United States and that Michigan is "the" automobile state, 576,823,922 people were carried on the electric railways of Michigan in 1922, according to C. D. Emmons, president of the American Electric Railway Association. This figure, which is a new high record, appears in a statement prepared by the census bureau for the annual convention of the association held at Atlantic City last week.

Considerable attention was given by members of the association to the growing bus service as supplementary to rail operation. There is a growing tendency, it was shown, toward installation by electric railway companies of busses in cities where needed, and this plan was endorsed by leaders of the industry.

Manufacturers, it was declared, now prefer to sell to electric railways for the latter to coordinate their service with bus lines, rather than to sell to individuals for the purpose of competing with the electric railways. They claim the railways usually are in the best position to finance bus service, and they also have a better chance of continuing it than any individual who lays himself open to the charge that he is supplying duplicate service.

### WHY HAVE GOITER WHEN IODINE WILL PREVENT IT, ASKED

State Department of Health Says Cities Ought to Give General Treatment in Water.

LANSING, Oct. 16.—There can be little that is more tragic than a girl raffe with sore throat, than a child with hay fever, if there is it must be a girl with goiter. Girls capitalize on beauty and they are much more susceptible to goiter than are the rugged sex. "Although Michigan is in the

well known goiter belt, girls and women will be glad to know that enlarged thyroid is receiving ever-increasing attention from the medical profession," said Dr. R. H. Olin, state health commissioner.

The best method for treating goiter is with iodine, taken internally. Two Michigan cities have already started treating their water with sodium iodine. Sault Ste. Marie was the second city in the country to do this and Pontiac was not long in following their example. To Rochester, New York, goes the credit for having started the practice. If this method of goiter elimination is imitated by other cities and towns it will not be long before the ailment will be one solely confined to farming and rural communities. What treatment the latter obtain will have to be with capsules.

To establish iodine as a positive safeguard against goiter is a consideration desired by the medical and economic worlds alike. Toward that

end the state laboratories are receiving and examining water specimens from all over Michigan. Some of these indicate an iodine content, others none at all. Should locations entirely without iodine prove to be those most goiter afflicted, a medical supposition as well as an economic fact of considerable importance will be proved beyond a doubt.

### TRAIN MISSES TRAGEDY BY MATTER OF MINUTES

(By the Associated Press)

NEW YORK, Oct. 16.—Three minutes after a southbound train filled with commuters on the New York Central Saturday passed a point two miles south of Garrison, where four tracks are being laid, 400 feet of road-bed slid into the Hudson.

Engineers ascribe the slide to a falling away of the river bed. Sounding made in the river 40 feet from the bank showed 23 feet and efforts to reach bottom further out failed.

Advertisement for Candy Day at Hoyler's Tea Room. Includes illustration of a man and children, and text: "to the thoughtful father Candy day is every day".

# BATTERY AND ELECTRIC SERVICE-NO RENTAL CHARGE!

We are now prepared to recharge 100 Batteries every 24 hours. We have one of the largest and most up-to-date repair shops in the city. With our modern equipment we can recharge your storage battery in six hours, if necessary; however, we strongly discourage a hurried recharge, as it is injurious to your battery. We recommend a 24-hour charge. Many new batteries have come to our hands in a ruined condition, on account of either an over-charge or a hurried charge by inexperienced battery men. Your run-down battery will be recharged by us correctly. Remember—NO RENTAL CHARGE ON OUR LOANERS. We do not experiment; we correct all makes of batteries and ignition systems.

THE AUTO AND OUT-OF-DOORS.

Whatever economic and social evils there may have resulted from the wide-spread use of the automobile, it cannot be lost sight of that the automobile has established a new bond between the American people and its greatest heritage—the out-of-doors. Before decreasing automobile prices and increasing incomes in the United States brought the automobile within the reach of even the lowest wage earners, it was generally lamented that Americans—true children of the out-of-doors—no longer recognized this coveted birthright of their forebears and that the bulk of the nation's population was denying itself the forests, plains, streams, birds and flowers.

Thanks to the automobile all this has been changed. Immediate contact has been established by the automobile between the open spaces and the thousands who before saw the sky only through a haze of smoke and from between the canyon-like walls of city streets. There was a time when every American considered it his inalienable right to commune with nature at least part of each year, either in woodland camp, by coursing inland streams, with gun or rod, by outings for the day or overland travel on foot or by horse.

Then came a period when growing cities and expanding towns consumed all time with social and business cares and duties—the out-of-doors was forgotten except by the few who recognized the fallacy in sedentary civilization. The ranks of nature-lovers was gradually thinning year by year until the automobile industry assumed its enormous proportions and good roads drew continuous streams of motorists out of the cities into the country. Open automobiles carrying their own camping outfit have supplanted closed railroad cars and Pullman sleepers in touring the New World.

It is most evident that the automobile within the past decade has more than tripled the number of picnic parties, camping excursions, tourists and lovers of the out-of-doors and its trees, sky, fields, animals and flowers. Reformers frenzied with American morals should find solace in this back-to-nature movement and doctors may expect a vacation now and then in the future.

UNCLE SAM PAYS MILLIONS.

Washington is so essentially a city of government that to many persons it seems preposterous that many of the federal activities should be housed in rented quarters. That thousands of small postoffices (and some large ones) are on a rental basis is known chiefly because of recent agitation to abolish them in favor of the United States "owning its own home" everywhere.

It needs no argument to show that often, in the beginning, a rented place is satisfactory and, where postoffices are concerned, infinitely better than nothing. Where growth is uncertain or problematical that process is sound economy.

But there are activities of government which are permanent and have been permanent for these many years which, just as some of the important postoffices, are still housed in buildings rented by the government. The landlord has to get a return on his investment and he has to pay taxes on his earnings; those items, plus depreciation, the American people pay.

President Coolidge, it is suggested, views with misgivings extensive public building plans because of the traditional element of "pork." Yet indubitably there is a safe and sane course which can eliminate "pork" and yet remove the American people's business from the rental class. The \$23,000,000 now paid out yearly by the government in rentals would go a long way. A decade of such rents is more than double the amount asked, \$100,000,000, for public buildings.

The principle of the government owning its premises is an important one. Particularly should this be exemplified in the city of Washington, nonpariel among world capitals and the most remarkable visualization of public business in appropriate architecture to be found anywhere.

WE'LL WAG WORLD'S JAWS.

A writer for an American newspaper published in Japan busied himself—before the earthquake—with assembling figures intended to expose to all men the insidious conquest of the world by American chewing gum. Fortunately these tabulations and indictments found their way into the mails and safely to the high seas before the disaster. They have now reached this country and make fascinating reading.

The World war started it. The American soldier whiled away the tedium of enforced idleness or the monotony of long marches with chewing gum. Other nationalities tried it. It was passed along. As a result, in the year 1920, the investigator declared, the United States exported chewing gum to no less than 75 countries and colonies scattered the world over.

After setting forth figures which show that the Americans themselves spend more than \$1,000,000 a week on chewing gum the analyst places the Japanese purchases for a single year at \$75,000, which is twice what Australia takes and one-fourth of what goes to the Philippines. The writer believes the taste for it is mounting and that in a short time Japan will be as expert in gum chewing as the Filipinos.

Presumably the disaster may have set the nation back a little and perhaps even now Australia is within a few chews of equality with Japan. But, according to the survey, chewing gum is no longer a novelty anywhere but has become an international formula.

Mrs. Bergdoll says Grover is coming home. If he does, no unofficial person need worry about getting up a reception committee.

The liquor issue is being avoided in New Jersey, probably due to belief in the old maxim, "there's many a slip 'twixt the cup and the lip."

Somebody out in Kansas suggests that Oklahoma ought to be given back to the Indians, but would the Indians want it?

SIGNING OF BONDS MADE EASY FOR BUSY MAGNATES

(By the Associated Press)

NEW YORK, Oct. 16.—America boasts at least one labor-saving device against which no complaint ever has been directed. It is a signature machine by the use of which high-salaried corporation officials and national, state and municipal government officials are enabled to sign their names to checks, stocks, bonds and other documents from five to twenty times as fast as by hand.

So far as is known only one company controls or has such machines, and its small office in the financial district is almost continuously filled with men of national or international importance. Just now the Consul General of Argentina is spending an hour or so a day at this office, signing with one stroke 20 of the Argentine government's new short term notes recently offered on the New York market.

The machine is a ball bearing frictionless arrangement with a maximum of twenty fountain pens attached, in addition to the master pen which the individual operating it grasps. Practically all negotiable or other securities must be countersigned by a high official to make them legal.

With the exception of the five or six machines in the New York office of the company, and one in Chicago, none of the machines is known to be in use anywhere in the world. Numer-

ous smaller machines handling five to ten pens, however, have been manufactured for the use of officials who are required to sign almost countless checks to meet weekly or monthly payrolls.

Men with short names have found it possible, with these machines, to sign their name 12,000 to 15,000 times an hour, but longer names are signed at slower speed.

Only once in the history of the company has one of the signature machines been transported from New York for the convenience of the countersigning official. That was several years ago when the Chinese minister at Washington was too sick to leave his residence at the capital at the moment some Chinese securities were ready for public offering. One of the machines was taken to Washington, set up beside the sick official's bed, and several thousand bonds were signed in that way.

RETURN HOME CHINESE STUDENTS ARE URGED

(By the Associated Press)

MADISON, Wis., Oct. 16.—Chinese students in this country can perform a valuable service to their own republic by returning to their country on graduation and giving the home country the benefit of their training. T. T. Li, former student at the University of Wisconsin, declared at a banquet at the university in celebration of the twelfth anniversary of the founding of the celestial republic. "Public opinion in China is against any interference by foreign powers," he declared. "China will have a stable government. It may take time, but it will eventually come."

"OLD TIMERS" OF NORTHWESTERN TO MEET IN CHICAGO

President Sends Out Invitation Asking Them to Be Guests of the Company This Month.

As a mark of the seventy-fifth year of the founding of the Chicago & Northwestern railroad, President Finley has planned a celebration in Chicago, some time during the month and will ask that all employees of the system who have been in the service for 50 years or more to be guests of the company in Chicago. His letter which is explanatory, says:

"This month of October in the year of nineteen hundred twenty-three marks seventy-five years since the first locomotive, the Pioneer, was placed on the rails and the Chicago and North Western Railway began its operating career.

"Possibly much might be made of this occasion as commemorating the early accomplishments of the first railroad to run out of Chicago. While we have every reason, in view of the splendid history of the Chicago and North Western Railway Company as the pioneer road out of Chicago, to make this a big event, I believe that present conditions do not warrant the expenditure of the time and money such a celebration would require."

"I do feel, however, that the seventy-fifth anniversary of this company should not be allowed to pass without some recognition. With that in mind and with the thought that the older employes would like to celebrate by getting together and talking over old times, I have decided to issue an invitation to all employes now in the active service (including those who have been pensioned this year) of the Chicago and North Western and the Chicago, St. Paul, Minneapolis & Omaha Railway Companies, who the records show have been in the service for fifty or more years, to visit Chicago on some day in October, to be fixed later, as the guests of the North Western System and at its expense. I wish that it were possible to extend this list so as to include the large number now on the pension rolls or the many having service of a little less than fifty years.

"An invitation and program of entertainment will be mailed, on October 10th, to each of the employes, as above, and I sincerely hope that those receiving this invitation, about 100 in all, will find it possible to accept. If any have been overlooked please advise me, either direct or through the superintendent, and an invitation will be immediately forwarded.

"W. H. FINLEY.

YEOMEN NOTICE.

Pay dues at 411 South 15th street, after Oct. 15th.

By Josephine Berry, Correspondent.

Bessemer—The only consolidated rural school on the Gogebic range is being built in Bessemer township. The new school, which will accommodate the eight grammar grades and first year high school class, is to cost \$55,000.

The Japanese religion demanded that a man must worship "on the soil" every day. Princes and rich men evade this by sprinkling a little dirt in one corner of a room, sometimes on a square of cement made for the purpose.

Certain Mexican states have an interesting law affecting burglars. The culprit in cases of petty larceny is made to repay the plaintiff by working for him for so many days, the period varying according to the nature of the theft.

### RABBIS NEEDED TO CARRY ON JEWISH FAITH IN AMERICA

#### Would Raise a Million Dollars to Educate Young Men to Fill Pulpits of Jewish Synagogues.

Reports from all parts of the country indicating that the demand for rabbis for Jewish synagogues and qualified teachers for Jewish religious schools is ten fold greater than the supply has caused prominent leaders of that faith to issue an appeal to their coreligionists to raise an endowment fund of \$1,000,000 for the Jewish Theological Seminary of

America. In response to this appeal a campaign will be conducted all over the United States during the week beginning November 11th. The national committee of the campaign is headed by Louis Marshall, honorary chairman, Rabbi Max Drob, chairman, and includes Herman Gessner of this city. Among others of national importance on this committee are Felix M. Warburg, Judge Irving Lehman, Mortimer L. Schiff, David A. Broxton and Dr. Cyrus Adler.

Seminary Founded in New York. The Jewish Theological Seminary of America was founded thirty-six years ago in New York and has graduated 154 rabbis and the teachers institute 203 religious school teachers and principals. Its faculty includes some of the greatest Jewish scholars in the world. By its recent endorsement of the famous Elian Kaplan Adler collection its library has become the largest and most important in the history of the Jewish people, containing 105,000 volumes and 10,000 manuscripts.

many of them at least 1,000 years old and some of them dating back as far as the sixth century. One of the graduates of the Jewish Theological Seminary is Rev. Dr. Joseph H. Hertz, chief rabbi of the British Empire. "We are appealing to the Jews of the United States and Canada to contribute to this fund," Rabbi Drob says, "as part of their duty as loyal, patriotic Americans. It is a time honored adage that the better the Jew, the better the American. By making the spread of religion possible, by helping our young people to understand the tenets, traditions and history of their faith we are bound to raise the spiritual tone of this republic. That is the finest contribution the Jews of this country can make, as Jews, to the land which has given them, for the first time in centuries, the boon of religious liberty. Unless this million is raised the Jewish Theological Seminary is in danger of seriously curtailing its work and even of closing its doors. That would be a calamity to the Jews of this country and a setback to the spread of religion among the American people."

### FROM EAST AND WEST AND FROM FOREIGN COUNTRIES COME MANY TO THE UNIVERSITY OF MICHIGAN

#### Interesting Statistics are Prepared by Secretary. More Students Come From the West to Attend College Than From the West, Report Shows.

ANN ARBOR, Mich., Oct. 15.—Election of few residents of Michigan to the highly prized places as officers of graduating classes has called attention emphatically to the fact that the University of Michigan is attracting many students not only from outside the state, but that the students come from the east as well as the central west. Dr. Arthur G. Hall, registrar of the university, said today that if a line were drawn north and south through Ann Arbor, it would show as many out of state students coming from the east as from the west.

A canvass of four groups, small enough to be compared readily, fails to bear out the assertion that the eastern students are as numerous as the western, but does disclose some interesting facts. The first group includes all the officers of the classes in different departments; the second includes the 47 students now in the graduate school; the third includes the 209 men signed for freshmen football, and the final group includes the 174 pledges for the sororities. Considering only the non-Michigan students, the west of Ann Arbor students lead, 81 to 62. In football the west is ahead, 43 to 69; in sorority pledges the west leads, 31 to 18, while in class officers the east has the honors with 16, to 11. Considered from the standpoint of this state, the sororities are the most intensely Michigan of any of the groups canvassed. The 49 non-residents are surrounded by 125 who live in this state, several of the sororities not pledging a single student from outside the state.

The graduate school also is well represented in the state with 263 Wolverines against 184 from outside the state. A number of the students who name Ann Arbor as their home because of no other "official" residence. The football squad is nearly half and half, 97 residents of the state and 112 from outside.

One of the interesting facts developed by a study of the registrar's figures is that the graduate school and the freshman football squad draw their largest out-of-state membership from virtually the same sources. The graduate school has 19 members from Illinois; football, 30. Indiana presents 13 graduates and 9 football players; Massachusetts, eight graduates, five players; New York 18 graduates, 10 players; Ohio, 25 graduates, 20 players. Oklahoma is represented by three each.

The football ranks, however, fail to compare with the graduate school when it comes to foreign students. The graduates have one from the Philippines, one from South America, eight from Japan, two from Canada, 16 from China, and one each from England, India and Asia Minor. Three residents of Canada are among the freshmen football players. The sororities have one pledge from the Philippines and one from Canada, while the foreigners are represented among the class officers by a youth from South Africa.

While the figures do not prove that more students, or as many students reach Michigan from the east as from the west, they do show, as Registrar Hall points out, a wide-flung interest in Michigan.

### Grower Applies Burbank Method to the Watermelon

(By the Associated Press) DENTON, Tex., Oct. 16.—The boll weevil, foe of the cotton raiser and considered one of the biggest pests of the cotton districts, is responsible for a variety of watermelon which promises to make the dreams of the most ardent melon epicure come true.

Watermelons weighing more than 100 pounds may be common on the market in a few years. One tipping the scales at 123 pounds was raised this year by John P. Carter of Garza, Denton county. He says the boll weevil refused to let him raise cotton and he turned to watermelons. In 1916 he effected a cross of three well known varieties—the Triumph, the Mountain Sweet, and the Tom Watson. Size came from the Triumph, flavor and thin rind from the Mountain Sweet, and firmness of texture, toughness of rind, and also flavor from the Tom Watson. It was not until 1919, however, that Carter began to realize what he had succeeded in doing. That year his largest melon weighed 78 pounds; in 1920 the prize of the patch weighed the scales at 87 pounds. He then began a selection of seed for size and in 1921 obtained a melon 93 pounds and an entire crop average of more than 50 pounds each. It was last year that he topped the 100 pound mark with a melon weighing 102.

From one acre in 1922 Carter realized more than \$200. From four and a half acres this year Carter marketed about \$1,300 worth of melons, all at wholesale.

### FORTUNES MADE BY GERMANS.

BERLIN, Oct. 16.—A majority of the automobiles owned in Berlin are the property of persons between 20 and 25 years old. Youth has availed itself of the gambling chances which have presented themselves in the kaleidoscopic changes which have come in the financial situation in Germany, and most of the new rich are youngsters.

Many of them are not Germans. The fortunes earned by some of these young speculators are reported to be enormous, and their expenditures are lavish. But the methods of most of these get-rich-quick chaps are of a sort which will probably be wholly out of the picture when Berlin gets its currency stabilized.

### GRAIN THIEVES ARE ACTIVE.

WINNIPEG, Oct. 16.—Careful inspection of the floors of railway grain cars has been ordered because of the loss of vast quantities of grain through the operations of "plug thieves." Canadian railway officials state that "plug thieves" bore holes in the floors of grain cars, then allow the

wheat to trickle into their sacks and thereafter plug the holes with cork. Grand Rapids—With the addition of 19 carriers and clerks to the post-office force, all Grand Rapids residents hereafter will receive two mail deliveries each day, according to an announcement of Postmaster Robert G. Hill.

### Hotel Fort Shelby

400 Pleasant Rooms  
Lafayette Boulevard at First Street

### HONG KONG LO

American Chinese Cafe

### POISON WIDOW FIANCE OBTAINS CONTINUANCE

ELKHORN, Wis., Oct. 16.—Ernest H. Kufahl, fiance of Mrs. Myrtle Schaudt, Whitewater poison widow, today obtained continuance until Oct. 27 when arraigned before Justice of the Peace Williams on the charge of being an accessory before the fact in the woman's murder of her husband. The delay was granted after W. C. Zabel, former Milwaukee district attorney, counsel for Kufahl, agreed. Mrs. Schaudt who has been in serious nervous state since her arrest a month ago, did not appear.

### OSHKOSH'S "DROWNING" APPEARS TO BE HOAX

OSHKOSH—No search is to be made in Lake Winnebago for the body of Jerome Honeywell, reported missing Friday morning when his empty rowboat was found on Lake Winnebago. Honeywell is missing from Oshkosh, but there is reason to believe that he is still living and that the report of his supposed drowning was a hoax, and that he was the perpetrator of the hoax.

No reason has developed for his disappearance. He was owing only a small sum for room and board. It is believed that Honeywell has gone away to take work in a foundry in some town in the state. This belief is strengthened by the fact that when his room was searched it was found that Honeywell had taken nearly everything.

Prove It for Yourself!  
To give more news, better news, later news, of Upper Michigan, the nation, and the world—that is the aim of The Milwaukee Journal's New Morning Edition. And how well it achieves that pre-eminence you can prove for yourself by getting a copy at once from your newsdealer. You need this New Edition—the very best newspaper for morning readers obtainable in Upper Michigan. 289

### INTERNATIONAL CITY PLANNERS MAY CONVENE IN UNITED STATES

NEW YORK, Oct. 16.—The International City and Town Planning Conference may hold its 1924 session in the United States, according to Willard Reed Messenger, who was America's delegate to the meeting at Goteborg this year. Mr. Messenger said he was in cable communication with officials of the Conference and that his invitation had received almost unanimous support.

"The international conference never has been held in the United States," he said, "although it has met in nearly all of the European countries. I think it would be of benefit not only to this country, but to the others participating if the conference decides to come here in 1924."

### Escanaba Lodge No. 98

REGULAR MEETINGS EVERY WEDNESDAY EVENING, 8 O'CLOCK

### Something to Remember

#### Real Good Gravy

Don't forget that the secret of making real, good gravy is KITCHEN BOUQUET. Purely a vegetable product, it makes real, good gravy of any gravy stock, bringing out its full flavor and giving it a deep, rich brown color.

Add a tablespoonful just before taking off the stove.

Don't forget KITCHEN BOUQUET, use it often—probably you have it in your pantry, if not, ask your grocer for it.

### KITCHEN BOUQUET

### NOTICE O. E. S.

The regular meeting of the R. C. Hathaway Chapter No. 49, Order of the Eastern Star, will be held Tuesday evening, Oct. 16th, at 7:30 in the Masonic Temple. On account of the resignation of the secretary, Mrs. Carrie McNaughton, a secretary will be elected at this meeting. All members are requested to be present.

Signed,  
MRS. MARGARET J. FROST,  
288 Secretary, Pro Tem.

### KING GEORGE MAY HAVE TO EAT BY "COAL OIL"

LONDON, Oct. 16.—There is a possibility that King George may have to eat his meals by the light of kerosene if electricians carry out their threat to call out the workers employed in supplying light to government offices and buildings. The workmen allege that one contractor is using boy labor. An official of the union announces: "If blacklegs are introduced our entire electric staff may become involved. This means that Buckingham Palace may be affected."

### Like Editorials?

The editorials appearing every morning in the Milwaukee Journal's New Morning Edition strongly support all movements for the betterment of Upper Michigan, and are recognized for their timeliness, conciseness, and insight into the affairs of the day, and for their directness and sincerity. 289

In Nepal, a woman can divorce her husband at any time by simply placing a betel nut under his pillow and taking her departure.

### Society Brand Clothes

## The smartly cut Lonsdale

It's popular. Many well dressed men find that a two button, semi-fitted coat is smarter than anything they can wear, provided it is correctly cut. Naturally they choose the Society Brand Lonsdale; the cut is perfection.

A great variety at \$55 and \$60  
Others as Low as \$30.00

SMALL AUTOMOBILE POPULAR BECAUSE IT IS CONVENIENT

Owners of Large Type of Cars Buy Small Auxiliary for Quick and Safe Transportation.

Looming large as one of the important factors contributing to the improvement of traffic conditions, not only in metropolitan centers but on main traveled highways where congestion develops particularly on Sundays and holidays, is the increasing tendency toward the use of the small, light car.

Personal convenience, the element which enters strongly into the lives of all of us, appears as the principal incentive back of the growing swing of sentiment toward the more compact motor car unit.

The public, quick to respond to things which insure further comfort and safety in motoring, has been observant of the advantages the small car has in the traffic line, its ability to stop quick, the ease with which it gets in and out of parking places and its general flexibility.

The response is apparent in the constantly growing demand for the small car, a demand which has been unusually heavy since the first of the present year and which is further expressing itself as the enclosed car buying season approaches.

Men whose business keeps them on the move about town all day were long in discovering the exceptional facilities afforded by the small car and they were quick to adopt it as their standard motor car equipment.

Owners of large cars, finding their movements more and more restricted as traffic congestion increases, are rapidly reaching the conclusion that as an auxiliary motor transport when the small car is an essential business convenience.

Another interesting feature is the partially which women drivers are showing for the smaller car. They find it more convenient and less fatiguing to operate, affording them a quick and convenient means of transportation for the shopping trips, for the visits to the market, or for the many errands which are so necessary to the modern woman.

And new buyers, pointing to the experience of others, in investigating the merits of the small car, find it

and Albert Savagau, brother of the bride. The bride was charmingly attired in a gown of dark brown flat crepe with other accessories to match and carried a bride's bouquet of roses and Swansonia and the bridesmaid was attired in gray silk crepe with hat and other accessories of corresponding color. She also carried roses. A wedding breakfast was served at the home of the bride's parents, covers being laid for twenty-two. The guests were restricted to the immediate members of both families. The home was decorated in autumn leaves and valley lilies, forming a beautiful setting for the table which was elaborately decorated in cut flowers.

The bride has been employed as secretary for L. D. Goudard, while Mr. Wroblewski has been a member of the sales force of a large shoe store in Detroit, where they will make their home after a honeymoon through Illinois and points in the lower peninsula. They left on the 15:40 south-bound train and showers of rice and good wishes.

Hurricane On Way to Louisiana Was Forecast Warning

NEW ORLEANS, Oct. 16.—The Gulf hurricane reported yesterday, 200 miles off the Texas coast was headed for Louisiana this morning, according to warnings issued by the weather bureau, which said the storm would strike the mainland about midnight, 21 east. Warnings added that the storm had reached hurricane intensity.

Just a Reminder. Which is a real warning news that you should remember that there's a danger of catching cold in Upper Michigan for morning readers, which is a complete and authentic news. It is the latest and the world's largest. The Milwaukee Journal's New Edition Edition. 283

WANT TO Possibly the man who is working in a store, or in a factory, or in a very slow motion. The chain store is the real connection in today. All you need is a little more. H. E. Green can give you more. H. E. Green, Escanaba, Mich.

Lost. My gold watch will be paid for the shopping trips, for the visits to the market, or for the many errands which are so necessary to the modern woman. My gold watch will be paid for the shopping trips, for the visits to the market, or for the many errands which are so necessary to the modern woman.

SOCIETY

Feodella-Joint Nuptials.

St. Anne's church was the scene of a pretty marriage ceremony Monday morning at 8 o'clock when Miss Sophie Feodella was united in the holy bonds of matrimony to Mr. Joseph E. Joint, son of Mr. and Mrs. Flavian Joint, 301 South 15th street. The bride is the daughter of Mr. and Mrs. Peter Feodella, of Ford River.

The bride wore a traveling suit of peacock and velour with hat to match, and carried a bride's bouquet of roses. The bridesmaid, Miss Agnes Joint, sister of the bridegroom, wore a brown crepe dress with Jaquette of Ceres velour with hat to match. She also carried roses. Lency Clairmont, a close friend, was best man.

A reception was held at the home of Mr. and Mrs. F. Joint throughout the day, where a large number of guests were entertained. A wedding dinner and supper were served at the home and tables were decorated in ferns and cut flowers. The couple received many beautiful gifts from their many friends and relatives. The bride yesterday has been employed in the city for some time and the bridegroom is a junior member of the firm, Nu Way Paris Cleaners. They will be at home after October 20th at 207 North 14th street.

Savagau-Wroblewski.

Among the pretty autumn weddings was the beautiful ceremony performed by Rev. Fr. Albert Pellissier at 7 o'clock Monday morning at St. Anne's church in the presence of a large number of relatives and friends when he pronounced the words which united Miss Edith Savagau, daughter of Mr. and Mrs. John Savagau, 501 South 16th street, and Charles Wroblewski, son of Mr. and Mrs. Martin Wroblewski, 1255 Second avenue, south, in the holy bonds of wedlock.

The attendants were Miss Helen Wroblewski, sister of the bridegroom, meets all modern motoring demands with the additional advantage of easier handling in the traffic line, thereby effecting a greater element of safety.

Short wheelbase, small turning radius, ease of steering, the impossibility of failure to accomplish gear shift and do it noiselessly, positive brakes and a motor noted for its dependability are features of the Ford which have contributed largely in making it the most popular of all cars.

And a much higher degree of owner satisfaction has been effected in these cars by recent improvements in both open and enclosed types, resulting in better style and greater riding comfort.

Red Clover Troop to Meet. The Red Clover Troop of Girl Scouts will hold an important meeting at the Barr school Thursday afternoon at 4 o'clock.

Ladies' Aid Meeting. The Ladies' Aid Society of the Swedish Aid Society of the Swedish Mission church will meet Thursday afternoon at 2:30 o'clock in the church parlor. Mrs. Otto Christenson will be hostess.

The Loyal Bearer Class of the First Baptist church held a meeting this afternoon at the home of Mrs. August Söder, 519 South Eleventh street. Plans were made for an indoor picnic for the Sunday school.

Coliseum Thursday Evening. The "Big Tag" party at the Coliseum roller rink Thursday evening, Oct. 18th, is one of last season's popular numbers and it is anticipated that it will prove as equally well this season. The rink will also be open Thursday afternoon.

Yeomen's Children's Festival. Delta Homestead No. 1281 Brotherhood of American Yeomen will hold a regular meeting in the North Star hall tonight. After the business session the Children's Festival will be held. This is an annual affair and prizes will be awarded by the home office of the Brotherhood of American Yeomen in Des Moines, Iowa. All members are urgently requested to attend this meeting as business of importance will be transacted.

PURPLE GRAPE VINE RAISES WHITE ONES

OSHKOSH, Wis., Oct. 16.—Roy, page Lather, Baraboo, J. J. Ward here has for many years picked heavy clusters of purple grapes from a vine in his yard. When he went to pick them this year, however, he found instead of the standard blue or purple grapes a pure white variety. He does not know whether to blame it on the war, prohibition or the last legislature.

Homesick Apes Find Man Who'll Give 'Em Laugh

CHICAGO, Oct. 15.—A man who can talk to homesick gorillas at the zoo here has been found. Director George F. Morse says. Answering a plea for someone to prevent the newly acquired apes and gorillas from dying of loneliness, Dan Duncan, Lemaca, Calif., wrote to Morse.

"For years I was alone in the African jungles after being shipwrecked and learned to know the gorilla," Duncan wrote. "Gorillas were my only companions and I soon learned not only their customs and habits, but their language."

Mrs. Louise Ranquette has returned from Chicago after visiting at the home of her brother, Lemme. Her sister, Mrs. Stella Ranquette, will remain in Chicago for an extended visit.

Mrs. F. Sandermann and daughter, Adele, 312 South Sixteenth street, motored with friends to Munising Sunday. They are spending the week with them.

HOUSEWORK IS A BURDEN

Woman's lot is a weary one at best. But with backache and other distressing kidney ills life indeed becomes a burden. Doan's Kidney Pills have made life brighter for many Escanaba women. Ask your neighbor!

Mrs. John Carlson, 415 South 15th St., Escanaba, says: "My kidneys were not acting properly and as a result, my back ached and was often lame, causing me quite a bit of annoyance. Work about the house became burdensome and when I attempted to straighten after stooping, sharp pains caught me through my back. I was run down and often felt nervous and depressed. I was dizzy and headaches were troublesome. My kidneys were weak, but I heard so much of Doan's Kidney Pills I bought some at the City Drug Store and they cured me so I haven't needed a kidney remedy since."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Carlson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid! In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed with a cold or nasty catarrh—Relief comes so quickly.

OBITUARY

JOHN FORREST.

Funeral services for John Forrest, road foreman of Rock, were held this morning at the Catholic church at Rock, Mich., at 9 o'clock. Rev. Father Coignard was the celebrant at the requiem high mass. Burial was in Rock cemetery in the family lot. A large number of persons from this city attended the funeral.

ROBERT FREDERICK JAEGER. Funeral services were held Sunday afternoon at 2 o'clock at St. Joseph's church for Robert Frederick Jaegers, three-months-old son of Mr. and Mrs. Frederick Jaegers, 622 South Twelfth street. Rev. Fr. Daniel officiated at the services. Burial was in St. Joseph's cemetery.

MRS. J. C. STOTENBERG. The body of Mrs. J. C. Stotenberg, formerly Miss Ida Constantineau, of this city, arrived Monday morning via the C. & N. W. Ry. at 4:50 o'clock and was taken to the Allo Funeral Home. Later it was removed to the home of her parents, Mr. and Mrs. Deor Constantineau, 326 South Thirtieth street, where it remained until this morning at 9 o'clock when funeral services were held at St. Anne's church. Rev. Fr. Jacques was the celebrant at the solemn requiem high mass, assisted by two other priests. Burial was in the family lot at Flat Rock cemetery. Mrs. Stotenberg was ill only a few hours, death having been caused by convulsions. She died at her home in Chicago at 2:30 o'clock Saturday morning.

MRS. ANDREW BERCKMAN.

Impressive funeral services were held at Flat Rock at the Holy Family church Monday morning for Mrs. Andrew Berckman, prominent resident of that section of the county. Rev. Fr. Francis Geynot was the celebrant at the requiem high mass and delivered a beautiful oration, paying a high tribute to the memory of the woman who had been ill for seven years, but who, in spite of her illness, was a very charitable person and a good church worker. Burial was in Flat Rock cemetery in the family lot. Honorary pallbearers from this city represented the Croix Society, Grand No. 3, U. S. C. F.

MRS. JOHN WALLO.

Mrs. John Wallo passed away at her home last night after a long and lingering illness. The body was brought to the Allo funeral home to be prepared for burial and will be returned home this evening. No arrangements have been made for the funeral.

CHILD RESCUES FOUR FROM BURNING HOME

SUPERIOR—Four persons were saved from burning to death by the presence of mind of 4-year-old Lillian Cummings here Saturday. Lillian, her mother, Mrs. Charles Cummings, her infant sister, Margie, and her grandmother, Mrs. Aleck Larock, were asleep on the second floor of their home when a fire broke out in the kitchen. When Lillian awakened, she went to the kitchen, discovered the fire and warned the other sleepers. They escaped by an outside stairway.

SIMPLE SENSIBLE SYSTEMATIC

A Checking Account is all three of these things—and more. It is SIMPLE because all you need do is write your name on a bank check, place it in an envelope and mail it to the person you wish to pay. It is SENSIBLE because it enables you to pay your bills without waste of time and loss of money and it is SYSTEMATIC because it enables you to keep accurate account of where every penny goes.

Real Service! The world's great news services, maintaining thousands of reporters distributed all over the world, furnish The Journal's New Morning Edition with the very latest news. In addition all the available state news is featured. The Milwaukee Journal's extraordinary news services give The New Morning Edition its pre-eminence among newspapers available for morning readers in Upper Michigan.

He will follow the theatrical profession when he is graduated from the university in June, he said Friday.

The Canton, China, Times, which claimed the distinction of being the only English language newspaper in the world published and edited entirely by Chinese, has suspended publication to avoid trouble with the new revolutionary government.

STAR 'SOUBRETTE' OF 'U' TO INSURE LIMBS FOR \$25,000

Bay City Boy to Take Precaution Before Detroit Appearance of Opera.

(By the Associated Press.) ANN ARBOR, Oct. 16. Lionel E. Ames of Bay City, Mich., dancing "soubrette" of the 1922 Michigan Opera, will insure his feet and arms for \$25,000 before December 31, the opening date of the 1923 opera in Detroit. This decision was reached Friday following a conference of Michigan Union officials. Ames is a senior at the University of Michigan. Although just out of his teens, Ames was declared one of the best female impersonators in the country, following his work in the 1922 Union opera, and was besieged with vaudeville contracts at the close of the season.

HAIR STAYS COMBED, GLOSSY, WELL-GROOMED

Greaseless Combing Cream Costs Only Few Cents a Jar at any Drug Store

Even stubborn, unruly or shampooed hair stays combed all day in any style you like. "Hair-Groom" is a dignified combing cream which gives that natural gloss and well-groomed effect to your hair—that final touch to good dress both in business and on social occasions. Millions use greaseless, stainless "Hair-Groom" because it does not show on the hair. It is absorbed by the scalp, therefore the hair remains so soft and pliable and so natural that no one can possibly tell you used it. Not sticky or smelly.

YES!

It's Going To Be

Sundstrand COMBINATION CASH REGISTER

Cuts Out the High Cost of Guesswork

Isn't it time you eliminated guesswork from your business? You can't afford to guess which departments are paying, which are your productive clerks, whether cash sales, charge sales, goods in stock, goods bought, store expenses, etc., are in correct proportion to insure a normal profit.

You need to know EVERY DAY just what your business is doing. So you can eliminate errors, drive out carelessness—rid your business of all the leaks that drain your profits. The Sundstrand Cash Register makes the facts about your business clear—easily understood. Gives automatic control and full protection. Never forgets or lets clerks forget. Inexpensive, speedy, easy and simple to use. Always ready for adding or multiplying. Pays its way and makes a profit.

Make us prove all this. A demonstration will do it. We will submit sample page from the Sundstrand daily sales record book showing facsimile of register work and distribution of totals. Write or telephone at once.
