

SOCIETY

A. L. Wentworth left for Fort William, Ont., where he has accepted a position. Mrs. Wentworth will join him in a few days.

Alfred Lawrence of this city, now employed in Iron Mountain, visited at the home of his parents on South Fourth avenue, Sunday.

Miss Eleanor Carlson of Perkins, Mich., spent the weekend in Escanaba.

Mr. and Mrs. Axel Carlson, Perkins, Mich., visited friends in the city yesterday.

Verna Edberg of Wells, was in the city yesterday, returning from a visit at her home in Perkins.

William Leiper, Walter Jepson and Mr. Blackie returned from a three weeks' camping trip at their camp on the Ford River Road.

Caroline Hidenrack, who is a patient at St. Francis' hospital, is improving.

Paul Filmon, 316, south Broadway street and Bolan St., Mitchell, South Ninth avenue, returned from a trip to Cedar Grove yesterday afternoon.

Thomas Rapin, 318 South Tenth street, has recovered from a brief illness and resumed school today.

Miss Edith Sandberg, 421 South Seventeenth street, returned to her school at Pine Ridge today after spending a pleasant week here.

Mr. and Mrs. Fred Belange, 1291 Tenth avenue, South, plan to leave the city November 10th, for a visit at Cleveland, Ohio.

Mrs. Faust of Lincoln, Neb., is visiting at the home of her mother, Mrs. J. Moersch, 111 Second avenue, south.

Mr. and Mrs. Walter Nettel left this morning for Milwaukee after a brief visit with Mrs. Nettel's parents, Mr. and Mrs. Leopold, 191 South Sixteenth street.

Lula Moore, student at the Escanaba High School, spent the weekend with her parents at Nahma.

Mrs. F. M. McEwen has been a patient at St. Francis' hospital, but is improving. She is expected to be discharged today. Mrs. McEwen's address is 312 South Sixteenth street.

Paul and Ed, who are visiting at the home of Mrs. J. Moersch, 111 Second avenue, south, are expected to be discharged today.

Blaise K. Kewy, 214 First street, is expected to be discharged today. He is expected to be discharged today.

George O'Neil, 1414, who is a patient at St. Francis' hospital, is improving.

Miss Arvola Norman returned from Norway, where she visited her mother, Mrs. Joseph, 1414, who is a patient at St. Francis' hospital.

Elmer Dolan, Frank Nedow and "Bud" O'Connor of Oconto motored to this city yesterday and attended the football game.

Samuel Diller and Henry Lanaberg were among those who attended the Dokey festivities at Ishpeming Saturday, returning to this city last night.

Miss Stella Johnson, English teacher in the Escanaba High School, returned this morning from Madison, Wis., where she witnessed the Wisconsin-Minnesota homecoming game.

Edward Roach, 1519 South Eighth avenue, returned from Norway, Mich., Sunday night after a brief visit there.

Willard Hammond of Wells, who has been ill with pleurisy-pneumonia for about four weeks, resumed his school work this morning. He is a Sophomore at Escanaba High School.

Beatrice Wolfersheim, 116 South Thirteenth street, who visited Celestine and Nora Fleming at Marquette over the weekend, returned home Sunday night.

Mr. Joe Lambert, Thelma Lambert, Bertha Beudaad, Mrs. Victor, Constable and Tom Morgan, all of Nahma, arrived in this city yesterday.

Mr. Chenoweth, 117 Tenth avenue, south, left for a business trip this morning.

John Finny of Gladstone was in Escanaba Sunday to take in the local basketball game.

John Kewy was in Escanaba Sunday to attend the Oconto-Escanaba football game.

Mr. and Mrs. Grace, 1122 Tenth avenue, south, are expected to be discharged today.

Tom O'Brien of Iron Mountain was an occasional visitor Sunday.

Mr. and Mrs. Walter Nettel returned to Milwaukee today after a brief visit with Mrs. Nettel's parents, Mr. and Mrs. Leopold, 191 South Sixteenth street.

Lula Moore, student at the Escanaba High School, spent the weekend with her parents at Nahma.

Mrs. F. M. McEwen has been a patient at St. Francis' hospital, but is improving. She is expected to be discharged today.

Paul and Ed, who are visiting at the home of Mrs. J. Moersch, 111 Second avenue, south, are expected to be discharged today.

Blaise K. Kewy, 214 First street, is expected to be discharged today.

George O'Neil, 1414, who is a patient at St. Francis' hospital, is improving.

Miss Arvola Norman returned from Norway, where she visited her mother, Mrs. Joseph, 1414, who is a patient at St. Francis' hospital.

W. Flink, 416 South Twelfth street, was at Whitefish yesterday on a hunting trip.

Mrs. Mark Hanson, 323 North Fifteenth street, is visiting with friends and relatives in Oskosh, Wis., she expects to be gone a week.

Edna Valenka returned to Lawrence College, Appleton yesterday after having spent the weekend with her parents Mr. and Mrs. H. J. Valenka, 1408 South Second avenue.

BUY, 11, SLAIN; DEAF MUTE HELD

Man Is Charged With Blowing Off Child's Head With Shotgun.

MARINETTE, Wis., Aug. 29.—Frank Setunsky, 20, a deaf mute, is in the county jail, held on a charge of murder following the shooting of 11-year-old Bernard Prinz at Beaver late Saturday.

According to the story told Sheriff Oscar Dahl and Coroner Elmer Jensen, the Prinz boy and two other children were at play Saturday when Setunsky entered the yard and took an old automobile tire. As he was walking away with it Bernard and his playmates followed him and asked him for the tire.

Setunsky, it is alleged, placed the muzzle of the 12-gauge gun he was carrying to the child's face and fired. The shot entered at the side of Bernard's nose, blowing off the back of the head.

Setunsky does not seem to realize what he did. The body of the boy was taken to Coleman where an inquest will be held.

WORKING GIRLS' COSTLY DRESS SCORED BY WOMEN OF MEXICO

MEXICO CITY, Oct. 29.—Costly aimed at for the poor working girl is the target of a campaign just launched by the leaders of the Catholic Women's Societies. They claim that the profit-hungry employer insists that his factory operatives adopt more expensive dresses because they are "good business reasons." He does not know that the poor girl, who has to support her family on a meager wage, must skip on the job to buy the blouse, skirt, shoes, stockings and French heels, which are the fashion. The women of the Catholic Societies are now organizing a campaign to help the poor girl by providing her with a simple, yet attractive, dress. The women of the Catholic Societies are now organizing a campaign to help the poor girl by providing her with a simple, yet attractive, dress.

ETERNAL FLAME TO BURN FOR UNKNOWN SOLDIER

PARIS, Oct. 29.—A solemn ceremony will be held in the city of Paris today to mark the dedication of a new eternal flame. The flame will be kindled by a young soldier, who is a voluntary soldier of the French army. The flame will be kindled by a young soldier, who is a voluntary soldier of the French army.

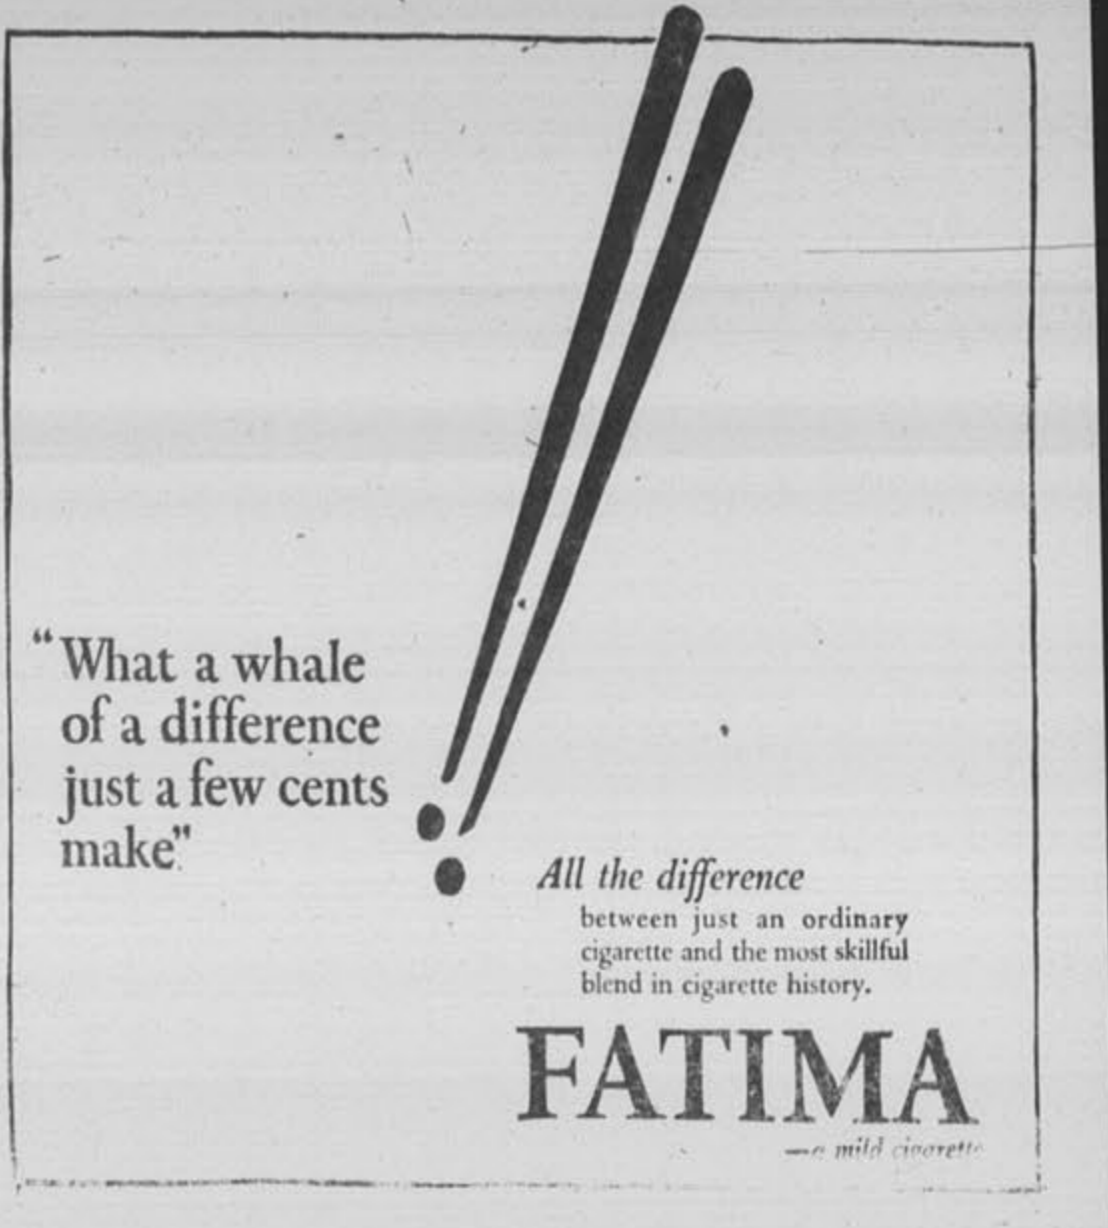

Better Health Sought Through Cleaner Air

WASHINGTON, Oct. 29.—Smoke nuisance in cities is again receiving the attention of civic authorities and organizations in their campaign for its elimination, reports to the Interior Department indicate. The campaign was suspended during the war, when most of the country's smoke ordinances were held in abeyance to allow industries to operate unrestrictedly when maximum production was necessary. With the return of normal conditions many cities have shown a determination to take up this matter seriously and work out a solution.

Residence smoke, while making probably less than 10 per cent of the total smoke of a city, is particularly objectionable because it is produced in the section where its damaging possibilities are at a maximum. Such smoke has a serious pathological aspect in addition to its destructive effect on property. Acute lung diseases, such as pneumonia, bronchitis and pleurisy, are affected by the corrosive fumes to a marked degree. Investigators agree that there is a direct relation between a heavy smoke-laden atmosphere and the morbidity of the population; moreover, it tends to lower efficiency and increase crime and suicide.

TO IMPROVE RURAL DELIVERY.

WASHINGTON, Oct. 29.—Patterns of rural mail routes who reside within one mile of the post office or of the rural mail station from which their mail route is operated will receive special delivery mail immediately by a carrier other than the rural carrier, in accordance with recent orders issued by Postmaster General New.

“What a whale of a difference just a few cents make”

All the difference between just an ordinary cigarette and the most skillful blend in cigarette history.

FATIMA

Appearance Depends on a Number of Things

Every man's appearance generally is just what he allows his tailor to make it.

The selection of some fashionable, yet becoming patterns; the artistic draping to each individual form plus expert tailoring to put these combinations together—makes a man's appearance.

We are ready to outfit you for Fall.

Carl Jackson

Ford
THE UNIVERSAL CAR

New Roadster

Business men—with whom the runabout has always been very popular—are well pleased with the changes embodied in this model. Always rugged, the car has been made decidedly trimmer and more comfortable.

This result is obtained by raising the radiator and enlarging the cowl; making a decided improvement in looks and providing more leg room.

A well designed top and slanting windshield do their share toward adding a finished, clean-cut appearance.

Make it a point to see the other new models also on display in the nearest Ford dealer's show room.

These cars can be obtained through the Ford Weekly Purchase Plan.

CARNEGIE HERO FUND COMMITTEE CONFER REWARDS

Great Number Are Cited for Bravery and Other Acts of Heroism According to Lengthy List.

(By the Associated Press) PITTSBURGH, Oct. 29.—Thirty six acts of heroism were recognized by the Carnegie Hero Fund Commission at its fall meeting here today. Eight of the heroes lost their lives, and to their dependents the commission granted pensions. In five cases silver medals were awarded, while in 31 cases the commission bestowed bronze medals. In one instance where a hero was injured, he was granted disablement benefits. In eight other cases \$12,500 was appropriated for educational purposes and \$12,000 for other worthy purposes.

The eight heroes who sacrificed their lives in deeds of bravery were: James Benoit, 12-year old school boy, Collinsville, Conn., died attempting to rescue a girl playmate from drowning at Collinsville, July 19, 1922; bronze medal awarded father.

Harold L. Richard, 375 McKellar street, Chillieth, O., was drowned in Parrot Creek while trying to save a fellow student on May 30, 1922; bronze medal awarded father.

Arthur G. Sheridan, 319 McKellar avenue, Chillieth, O., a student, tried to assist Richard in his heroic act and also was drowned; bronze medal awarded father.

Joseph D. Shepard, R. D. 1, box 11, Sequim, Wash., aged 17, lost his life while attempting to rescue a man and a woman from drowning at Lone, Wash., June 25, 1922; bronze medal awarded father.

J. Dexter McCallan, 85 Twenty-second street, Oakland, Cal., an electrician, died attempting to save a fellow workman from drowning at Fruitland, Cal., Aug. 27, 1920; bronze medal awarded the widow, and death benefits of \$45 a month with \$9 a month additional on account of each of three children.

Samuel A. Spencer, 663 Hope St., Vancouver, B. C., a janitor, died while rescuing an indeterminate number of persons from burning in an apartment house fire in Vancouver on June 26, 1920. Spencer was burned to death. A silver medal was awarded to his daughter.

James Ballargeon, 21 Bench street, Fairhaven, Mass., died attempting to save a girl from drowning at New Bedford, Mass., August 27, 1922; a silver medal to his mother.

Joseph Fisher, 303 Wordin avenue, Bridgeport, Conn., was burned to death while trying to extinguish the flames of a fellow workman in a mill at Bridgeport, December 13, 1922. The widow received a silver medal, and in addition to workman's compensation, she was awarded benefits of \$45 a month and \$5 additional on account of a daughter.

Two of the heroic deeds were performed by girls. Lil S. Jarrell, 1329 Main St., Humboldt, Tenn., saved another girl from drowning at Humboldt, July 15, 1921. Iris V. M. Payne, 73 Smith St., Peterborough, Ontario, Canada, aged 15, saved a boy from drowning at Peterborough February 5, 1921. Both received bronze medals.

DANISH KING HELPS RESCUE DROWNING MAN DURING RACE

(By the Associated Press) COPENHAGEN, Oct. 29.—King Christian is the latest candidate for the Carnegie medal.

During a yacht race between the royal yacht "Rita" and another boat, "Carline," a sailor from the latter fell overboard. King Christian, who was at the "Rita's" helm, saw the accident and immediately put his helm up and went about. The "Rita" quickly bore alongside the drowning man and the King with others rescued the sailor.

The race, which was the last of a series, was afterwards resumed and won by the "Rita."

RED CROSS ADVANCING IN HEALTH CAMPAIGN

Extends Service to New Fields and Brings Healing Hope to Remote Sections.

"The supreme opportunity for leadership" for the American Red Cross is its health service. Thus a committee made up of prominent physicians, sanitarians and public health experts, after months of exhaustive study, reported and urged that not only should the Red Cross continue its present service, but should undertake a comprehensive educational campaign along public health lines. The annual report of the American Red Cross, just issued, discloses that it has grasped this opportunity in the fields of public health nursing, instruction in home hygiene and care of the sick, nutrition work, first aid to the injured and in water life-saving.

Health service is fundamentally, historically and practically an important function of the Red Cross, and each year marks its extension into new fields and along broader lines. In the Red Cross Nursing Service there are enrolled nearly 40,000 nurses, 29,000 of whom served during the World War. The past year Red Cross nurses were assigned to duty in isolated sections of Alaska and North Carolina and to work among the fishermen of Penobscot Bay, Me.

The Public Health Nursing Service, inaugurated by the American Red Cross in 1912, which operates chiefly in rural sections untouched by other public health agencies, has 1,933 Red Cross nurses working under the direction of chapters. This work has won so high a regard that many of the nurses are taken over by the local authorities to maintain health services for their communities. Instruction in Home Hygiene and Care of the Sick is noting a steady advance. Since 1914 certificates of proficiency have been given 304,427 women who completed the Red Cross course. In the last year 26,556 certificates were awarded and 65,901 students were under the instruction of 1,054 Red Cross nurses.

The benefits derived from meals balanced to meet each person's peculiar needs is winning widespread recognition through the work of the Red Cross Nutrition Service, particularly in the schools. During the school year 2,683 carried on regular instruction in nutrition, reached more than 10,000 children and adults. More than 2,250 volunteers assisted in this work. Throughout the country 33,283 health meetings were held under Red Cross auspices, attended by approximately 234,300 persons.

Annual Summons to Red Cross Banner On Armistice Day

America's great humanitarian effort in behalf of stricken Japan early in September gave the answer to the question, "What is there for the Red Cross to do in time of peace?" What the American Red Cross did at once when this crushing earthquake disaster came without warning showed that it was ready on the instant with country-wide team work to carry out quickly and effectively the request of the President to lead the national effort for the relief of the many thousands of sufferers. Preparedness to take the field when relief is needed is a charter duty of the Red Cross. Without a membership enrolled in every community in the land this readiness would be impossible. That is why your dollar membership is most important.

It is imperative that the structure of the American Red Cross be made up of millions of individual units. Opening Armistice Day, November 11, and closing with Thanksgiving Day,

Escanaba Lodge No. 98
No Meeting Wednesday, Oct. 31st—All Knights go to High School.

November 29, the Roll Call this year will penetrate to the ends of the earth and to the ships sailing the seven seas. The 3,600 Red Cross Chapters in the United States will have their busy volunteers enrolling members during this period imbued with renewed enthusiasm due to the recent revival of effort when the call came from Japan.

FLINGS AT FOLLY

Mountains in California are reported to be moving. Page Mahomet. Bad habits, like weeds, flourish without cultivation. Affluence: Keeping a furnace and fireplace going at the same time. The person who has struck out can usually see luck in the case of the one who has made a home run. In Paris, men are wearing earrings. What next will the followers of fashion get into their heads? With Tom Edison, whether Henry Ford should be sent to the White House and "a good man spoiled" seems to be another question. Autumn pep beats spring fever. Divorce decrees have reached quantity production. Paris says short skirts are coming back. How long? No man is in the forefront who did not have the background. Who will buy Dad a new motor car because plate for Christmas? Could the world manage to get together and hold a Sanity Week? Oklahoma should settle down. She sets a bad example for Mexico. Mary Garden says she is down to 120 pounds. No wonder she sings. It tickles a woman's vanity to see a man fall for her. Eventually Oklahoma will have to be placed on the sports pages. Finds pearl in oyster stew—headline. What about oysters?

SULPHUR CLEARS ROUGH, RED SKIN
Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fever, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowle's Mentho-Sulphur from any good druggist and use it like cold cream.

Legion Football Is Favorite With Peninsula Fans

ANN ARBOR, Mich., Oct. 29.—Football scores in the first Saturday of general play in the Western Conference season materially changed the conditions facing the Wolverine squad for the remainder of the season. The defeat of Iowa, while not lessening in any degree the desire of Michigan to defeat the team that accompanied it through last season without a defeat, prevents the game being heralded as the meeting of the two unbeaten teams of the conference.

Iowa's good showing against Illinois also warrants, and is receiving, the more earnest preparation of Michigan for the game at Iowa City.

Two weeks after the Iowa clash the Wolverines again take part in a conference game, their opponent being the Wisconsin team that settled the Big Ten by making a doormat of Indiana last Saturday. According to scouts who attended the Michigan-Ohio game here and who had previously watched Wisconsin, the Badgers looked like a powerful team in the making, but not like one capable of high scoring.

With the Michigan-M. A. C. game out of the way, Coach Yost will be able to concentrate on the Iowa game. Three Hawkeye scouts, watched the Michigan-Ohio scrap. They saw only one play not on the roster of the Michigan team in earlier games, and that, strangely enough, was a play that Ohio also flashed for the first time.

The play was a triple pass, consisting of two short passes behind the line of scrimmage, with the second receiver starting on a wide end run and then making a lateral pass to another back who had preceded him in the direction of the end run. With another week in which to perfect new offensive plays, Michigan is expected to travel to the Iowa headquarters with several surprises in addition to the standard plays that are the stock in trade of all Yost directed teams.

Following Iowa came the quarter Marine's spectacle and the game with the Badgers at Madison. Comparative scores indicate the Marines are about the same strength as Princeton. The scores of the two squads against Georgetown and the ground gained

were about the same. The great line of the Marines from tackle to tackle will give the Michigan forwards a test against heavy and experienced men, it should prove especially valuable training for the meeting a week later with the powerful forwards reported as being lined up at Wisconsin.

Thus far, Yost has been fortunate in having his men come through games without injuries. The veteran coach links this is due, largely to the physical fitness of his men. He has said that the men who entered the Ohio game were in the best shape physically of any Michigan team that ever stepped on a gridiron for him.

COMMERCE TO USE WAR HARBOR

DOVER, Oct. 27.—Constructed at a cost of \$25,000,000 between 1901 and 1908, the Admiralty harbor, which played such a conspicuous part during the war as the headquarters of the Dover patrol, has been handed over to the Dover Harbor Board for commercial purposes. The harbor, which encloses 619 acres of water, houses the fleet of destroyers and cruisers which conveyed troops and munitions across to France between 1914 and 1918.

Canadian Premiers Unite to Honor Francis Parkman

OTTAWA, Canada, Oct. 29.—Organization plans are well under way for an observance of the one hundredth anniversary of the birth of Francis Parkman, the American historian who won his fame as the chronicler of the early days of Canada.

A Canadian national committee has been organized headed by Sir Arthur Currie, principal of McGill University, with Lawrence J. Burpee, president of the Canadian Historical Association, as secretary. The committee, probably

McQuay Reasons Why

Michigan Pure Lake Copper, locked-seam, triangular tubes that allow for expansion and will not burst from freezing. Extra large water channels that allow free flow of an increased volume of water, assuring positive circulation and extraordinary cooling capacity.

Corrugated one-piece brass radiating plates that through metallic contact formed by the projecting lips of the radiating plates and the sides of the triangular tubes greatly facilitate heat radiation. Regular corrugations that increase radiating surface and allow heat radiation. Regular corrugations that increase radiating surface and allow for expansion and contraction of tubes.

Quality materials, superior workmanship, careful supervision. Every radiator individually inspected and as a further safeguard against possible flaws is tested under water by compressed air. Every possible precaution is taken and all possible effort made to make each separate radiator the best radiator that is manufactured.

Unique tube arrangement with patented spacing affording maximum cooling area and a diversified air circulation, that positively prevents eddies and dead air spots. All seams in known position and accessible from the surface of the core.

All-dipping interlocking core, completely tinned inside and out. The core is assembled by forcing the triangular tubes through the corrugated brass radiating plates on especially designed machinery operated by air pressure. An interlocking type of construction, designed to withstand vibration and heavy road shocks.

You are buying protection against clogging, corrosion, freezing and overheating. You are buying strength, rigidity, performance and superdurability. You are buying a McQuay Radiator that is guaranteed "Trouble-Proof" and will last the life of the car and through winter and summer afford you increasing satisfaction.

the most representative ever brought together in the Dominion, includes the prime minister of Canada, the leader of the opposition, premiers of the provinces, representatives of all Canadian universities and learned societies, and many Canadians prominent in public and business life.

At a public meeting to be held in Montreal November 12, Jules J. Jusserand, Ambassador of France to the United States, has been invited to be the principal speaker. Professor Bliss Perry, of Harvard, and Dr. C. W. Colby, former professor of history at McGill University also will be on the program.

A permanent Canadian memorial to Parkman also is being considered. Suggestions as to the form this shall take include research scholarships in Canadian history, a chair in Canadian history at some of the universities, or an appropriate monument at one of the Canadian cities associated with Parkman's historical writings.

Although Parkman was a New Englander he was born in Boston—the centenary of his birth is a significant occasion in Canada, of whose early days he was the greatest historian. Laboring under serious physical handicaps, including blindness, he brought a triumphant conclusion to a life's work and left to the world a picture New France which is a romance story of adventure, achievement and pathfinding.

It is surprising how QUICK eye inflammation is helped by camphor, hydrastis, witchhazel, etc., as mixed in Lavoptik eye wash. One lady whose eyes were weak and watery for three years was helped AT ONCE. Another case of red, inflamed eyes was also benefited. One small bottle Lavoptik usually helps ANY CASE, or, weak or inflamed eyes. Aluminum cup FREE. Ellsworth's Drug Store. xx completely changed her story, until officers are in doubt as to what is the truth. The girl is in a serious condition. xx

DECLARES HOSPITALS EXTEND SPAN OF LIFE BY TEACHING HEALTH

MILWAUKEE, Oct. 29.—People of the United States and Canada are living longer because of means employed by hospitals to promote health, according to Asa S. Bacon of Chicago, president of the American Hospital Association, who opened the twenty-fifth annual conference of hospital executives, trustees and nurses here today.

Mr. Bacon said that the thousands of people who pass through hospitals during a year become messengers of good health in their respective homes and communities, and thus spread the good work of the institutions.

"Hospitals make public health service possible and reduce the death rate in cities and towns," he continued. "Without the hospitals, physicians could not possibly make the great advances which are being recorded in medical science. Because of this steady advance of hospital science and the efficiency of hospitals the average stay of patients in hospitals is 15 days less than it was 25 years ago when this association was started."

"At that time the cost of caring for a sick person was about the same as that of caring for a well person, due to the physician's fees. Gradually the advance made in medical science called for the installation of laboratories with expensive equipment and high skilled persons in charge to aid the physicians in their work. Occupational therapy, social service, dietetics and other specialties were also added as departments of the hospital to increase efficiency and decrease suffering."

The high cost of running modern hospitals on the one hand and the limited financial resources of many who resort to the other, compels us to look to charitable-minded persons in the community for help to finance the work. Every generation answers the health needs of its time, therefore it is right to lament that men and women bestow their wealth upon unmodernized hospitals of proved efficiency. It behooves us to keep the eyes of our institutions before such as the able persons to the end that health may be promoted and life be saved."

One of the features of the conference was the exhibit on covering two floors in the Milwaukee auditorium where scientific instruments and hospital equipment will be displayed.

German Poet Loses Home On New Italian Territory

BERLIN, Oct. 27.—Ludwig Fulda, the German poet and dramatist, built himself a little chalet fifteen years ago in the Tyrolean Alps, at Carezza, near Bozen. When the Italian government took over that part of Austria the assessors placed a valuation of 45,000 lira on Fulda's property and advised him that he would be allowed to retain the place and continue his literary work in peace.

But the poet was recently advised that the Italian state will expropriate his home as the Italian officials now say all of his furnishings and belongings, together with the house, are worth more than 50,000 lira, and that no German is allowed to retain property which exceeds that figure in value. Fulda was expelled from his home and not even permitted to remove his personal belongings.

While Fulda has written many plays and novels, he is known chiefly for his rendition of Shakespeare's sonnets into German with such skill that they became as popular with Germans as the Shakespearean plays are.

NIGHT SERVICE IS PLANNED ON LONDON-PARIS AIR ROUTE

LONDON, Oct. 29.—Plans have been completed for the inauguration of night flying service between London and Paris for carrying passengers and mail. The scheme is the latest addition to the popular Paris-London service and like all the English services will be subsidized by the government.

If Kidneys Act Bad Take Salts

Says Backache Often Means You Have Not Been Drinking Enough Water

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water seals and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jael Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jael Salts is inexpensive, can not injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.

This improvement was urged by the post office officials as necessary if the air mail idea is to be developed adequately. Some months ago the air ministry carried out night flying tests with much success on the London-Paris airway there is at present, a lighting arrangement on a fairly extensive scale. Each of the new night flying machines will carry two magnesium flares on the wing tip, which can be lighted at will, in addition to another flare which can be dropped, if necessary, for lighting up the landing ground and ascertaining the direction of the wind if other facilities are insufficient.

WOULD HONOR HENRI FABRE.

NEW YORK, Oct. 29.—Admirals of Henri Fabre, the Provencal naturalist, have revived a campaign started in 1911 but interrupted by the world war, to celebrate the hundredth anniversary of his birth and to erect a monument to him at his home, village of Serignan, France.

It is proposed to remove Fabre's ashes from the country churchyard and lay them at rest in his own "Harem," the garden he created in his writings as the setting for the greater part of his wonderful studies in the insect world. There the monument will be placed also, under the perpetual care of the government of the republic, which has taken over this old home of Fabre's as a national museum and entomological laboratory. The present movement is under the patronage of M. Millerand, president of the French republic. The chairman of the committee in charge of the project is Henry de La Padouane, Serignan, Vaucluse, France.

\$6.85

FOOT BALL LAST WEEK CHANGED THE CONDITIONS

Michigan Finds Different Situation Facing Them Than Appeared a Week Ago.

(By the Associated Press) ANN ARBOR, Mich., Oct. 29.—Foot ball squads of the University of Michigan have played the teams of 74 schools and clubs, according to a recent tabulation of all the games played.

Michigan's efforts in football have been expended largely against a small group. Twenty-nine of the 71 opponents have appeared on the Wolverine schedule only once.

Michigan's relations with a school represented in the present Western Conference began in 1896. Purdue appeared on the schedule for that year and losing to Michigan, 24-0.

Relations with the conference did not mean the end of the games with other schools. The latest institution to be listed was Tulane, which won its eleven to Ann Arbor from New Orleans in 1920 to see how football is played close to the Canadian line.

SOCIETY

St. Patrick's Brigade to Meet. The girls of Company E and the boys of Company A of St. Patrick's Brigade will hold their regular meeting this evening at 8:00 o'clock in St. Patrick's hall.
