SINGLE COPIES, FIVE CENTS

## THE DAILY GOLDEN RULE COLUMN

Readers of The Mirror are asked to express their views on the observance of Sunday, December 2, as International Golden Rule Day, as explained below.

Write a short letter, 100 to 300 words, to the Golden Rule Editor, telling what you think of the idea. If you are going to observe the day, fill in the coupon below and mail it with your letter. A descriptive booklet will be sent you.

Letters will be published in this column, as space permits, up to December 2.

Yesterday The Mirror asked its readers for expression of opinion about Golden Rule Sunday, December 2, when people all over the world are asked to give for one meal on refuges and give the saving to Near East Relief work.

The Mirror wants to know how many people in Escanaba are going to observe December 2 in this way and why.

Here are some extracts from a letter written by Charles V. Vickrey, president of the International Near East Association and originator of the Golden Rule Day idea:

"International Golden Rule Sunday immediately follows Thanksgiving Day. It is hoped that many will use it as a day for reviewing the year's receipts and expenditures, measuring each item of the year's budget by the Golden Rule to ascertain whether we are practising the Golden Rule in our stewardship of funds which kindly Providence has placed at our command. The hope is entertained that in many homes there may be a sufficient recasting of expenditure to permit the family, or individual in the family, to adopt or assume the support throughout the year of one or more of those fatherless, motherless, helpless, innocent children."

### Why Observe International Golden Rule Sunday?

For the sake of our own country. "We must do something to resuscitate the spirit of sacrifice in America or we are gone," said Ambassador Motterman. "Nations like individuals, have souls that can be scared and trodden by selfishness. Never in the history of the world has any people been enthralled with such colossal wealth of material resources and moral power as the present generation in America. Freely we have received; freely we must share, or lose the best of that which we have received."

America today is a name to conjure with throughout the Near East, chiefly with a hand of ministry and not with a mailed fist. She has gone to give and not to grab, to help and not to hinder. She is known throughout the Near East for her colleges and educational institutions; her hospitals, relief agencies and philanthropies.

For the sake of our own sons. We cannot profess to believe in the Golden Rule and stand idly by while innocent children die. We cannot plead that we are blind while continuing to spend literally billions of dollars upon luxuries. No American can appreciate the incredible wealth of our nation and the priceless heritage of American citizenship until he has walked among the dead and the dying in the refugee camps in the lands of staking death.

For the sake of our own children. Few children in America have the slightest conception of the marvelous wealth with which they are surrounded. It will be a most wholesome thing to have the child seated for one meal during the year at a table where the accustomed luxuries or comforts are lacking, giving the mother or the father the opportunity to impress upon the child that most children in this world never know what it is to partake of the luxuries which our children experience every day as a matter of course.

For the sake of the orphans in the Near East. While endeavoring to save ourselves and our children spiritually, we must also save the children in the Near East physically, else all of our religious creeds and golden rules are hollow, mockery. Without our aid they perish."

What do you think of the idea?

Write a short letter to the Editor of the Golden Rules column giving your views and, if you are willing to eat a Golden Rule dinner.

### Pacific Flyer Runs Off Track; Two Are Hurt

CHICAGO, Nov. 27.—The Columbian, which is the crack Pacific coast passenger train of the Chicago, Milwaukee & St. Paul road, which left Seattle on November 23, went into an open switch less than a mile from the union passenger station today and demolished two empty coaches of a suburban train, injuring two employees and wrecking a small signal tower.

The locomotive of the train tele-scoped the suburban coaches and the 140 passengers were shaken up, but none of them were injured. The coach cleaners who were in the small coaches were slightly injured and the tower man was burned and bruised when his tower was wrecked.

# NO BRITISH PROTEST IN TOMAKA CASE

## WASHINGTON IS NOT WORRYING; MCCOY LAUGHS

"Rummy Bill" Tells Officials of Startling Adventures.

Declares He Was Only Making Two Dollars a Case on the Liquor He Has Been Selling.

WASHINGTON, Nov. 27.—Complete confidence was in evidence in official circles today that seizure of the rum schooner, Tomaka, would not become a subject for controversy with the British government despite the unusual circumstances surrounding her capture.

The state, treasury and justice departments, which were equally interested in the seizure, all appeared to view the case as already a closed incident, so far as an international aspect was concerned. Treasury officials said the capture probably belonged to the classification accorded the celebrated Marshal case, in which the British government declined to interfere because the owner of the vessel failed to establish the validity of a British registry.

"Rummy Bill" Happy.—"Rummy Bill" McCoy, called "king of the rum runners," who was captured on board the Tomaka, after two U. S. revenue cutters had fired on the rum ship and subdued the crew in a hand-to-hand encounter, made a successful plea for restoration of \$68,000 which had been taken from him when he was arrested. The money, in \$100 and \$1,000 bills, he threw into a handbag, which appeared to contain solid gold.

The play, "A Tailor Made Man," has been very successful having long runs in New York, Chicago, Boston and other cities. Grand Marshall is the leading part in New York, and Charles Ray stars in it in the new town.

The first \$100,000 will go to the Athletic Field fund, so you can buy more courses. December, Dec. 16th at 8:00 p. m., "A Tailor Made Man."

The cast is a strong one, and for weeks and the members are as follows in the order of their appearance:

Mr. Hobart John Bangs  
Mr. Roselius Anthony Martin  
Peter McCorkle Bertrand Bevington  
Dr. Sonntag Kenneth Hodges  
Tanya Huber Ruth Scoville  
John Paul East Tracy S. Scott  
Pomeroy Orville Murphy  
Mrs. Stanhope Helen O'Brien

## FAILURE AT 56, DIES WEALTHY

BATTLE CREEK, Mich., Nov. 27.—Seventeen years ago there came to Battle Creek a man in the autumn of his life. He was of the age when successful men have made their fortunes and are ready to enjoy them.

Joseph Seaman was not so happily situated. One financial reverse after another had come upon him in Illinois and Indiana. He arrived in Battle Creek "bankrupt." He started a small ready-to-wear store.

Mr. Seaman is dead, after a long illness. The news was of interest in the far reaches of Michigan and Wisconsin. A man who had refused at 56 to consider himself a failure had amassed a fortune and had guided six sons on their way to financial independence.

The Seamans have six stores. Each one of Joseph Seaman's sons operates a store, and the buying, which is combined, runs into more than \$1,000,000 a year.

**Colleges Solving  
Problems to Aid  
Scientific Farmer**

BUCKSPORT, Nov. 27.—The agricultural experiment stations at the University of New Hampshire and Atlantic Island State College have puzled the scientific farmer. At the former investigations have been in progress to learn the contrary actions on different plants from the use of bordeaux mixture, a combination of copper and lime. This has been used universally to prevent plant disease.

Experiments have disclosed some head results in darker foliage, especially that in very dry soil, which was found to be helped by shade. The mixture when sprayed forms a film on the plants and the more it is used in the less transparent it becomes to the solar spectrum. On the other hand, the mixture while magnificently preventing the plant disease for which it is used, was found to be injurious to the health of some other plants which result more light and air.

The station at Rhode Island State College has devised the gospel of phosphorus-practiced as a corrective for old soils, by adding the injunction to add phosphate with it. This has been found will completely eliminate the soluble aluminum in the soil which poisons plants. The combination of lime and phosphate proved better than either alone.

Absorb the right knowledge and then use enough power to fit your knowledge. Your will may be weak, but you can develop strength of will as well as strength of body.

Long ago Seneca said: "Man does not die, he kills himself." Carelessness is one of the things that assist largely in this almost universal suicide.

## Women of Berlin Aroused by Muzzle Your Dog Order

BERLIN, Nov. 27.—A war of words is raging in Berlin between women who insist dogs ought to be muzzled and the police and nonowners of dogs on the other. It was started when the police put into effect again an order requiring all dogs to be muzzled and kept under when in the street. The women dog owners charge that this is simply an attempt to prevent them from taking their animals off their little pets and letting them loose for a run in the neighborhood.

The police justify the order by charging that the dogs running loose about Berlin have become a nuisance and a menace to public health and the nonowners of dogs are organized against the unnecessary waste of food in maintaining the dogs.

The war of words is being conducted through the medium of communications to the newspapers.

## FACTORY COLLAPSES; WORKMEN ESCAPE

BATTLE CREEK, Nov. 27.—The entire north end of the new paper container factory of the Kellogg-Ford Cornflake Company collapsed Friday, causing damage estimated at \$100,000. Workmen had labored two months before for the roof.

The reason given for the fall is that the cement debt on the paper storage pit settled, throwing the weight of nearly 500,000 pounds of roll paper against the north wall, causing it to give way at the base. The building was cracked in three at the end of a garage-building and twisted like a cloud or mud.

## ANOTHER BIG GUKE PREDICTED BY EXPERT

WASHINGTON.—A prediction that the world's next catastrophe will occur in Central or South America was made in an interview last night by Father Tondorf, syndicatus of Georgetown University, when observing that the violent disturbance that followed last summer was found to have brought God's destruction in Japan. Father Tondorf recalled the Japanese catastrophe was forecast in 1921 by the hopeful astrologer, haruspex, which fixed the time within 15 years and by the same time predicted a second serious disturbance there, however, 1927 and 1933.

## FALL IS FATAL

SAGINAW—Martin Pfeifer, 46, died of a fractured skull suffered when he became faint and fell against the corner of a heavy machine in the Central foundry. His widow and three children survive.

More than 63,000 former service men of the World war have received appointments by the federal government.

## WOMAN SEEKS LOST ATLANTIS.

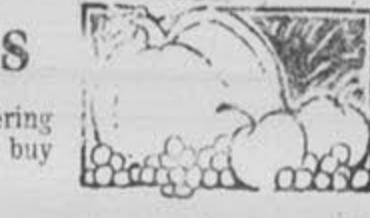

PLYMOUTH, England, Nov. 27.—Charlotte Cawson, the woman explorer, is headed for Mexico. She is reads pending eight months in that country studying Aztec ruins, and hopes to discover traces of the lost continent of Atlantis.

Etching on glass was the result of a glass cutter accidentally dropping some equaforte on his spectacles.

# Thanksgiving Suggestions

## For Men, Young Men and Boys

In accordance with the usual custom of dressing up for Thanksgiving we are offering below a few items which might be of interest to you as well as a suggestion what to buy in order to be well dressed for this holiday.

## The Trend Calls for OVERCOATS

of Different Type and Texture

Being abreast of fashion for the season; being in accord with what the best dressed men have adopted as Overcoat correctness for now, involves your discarding last winter's Coat and replacing it with one of the newer vogue so accurately expressed in our present display. Our greatest variety and values are featured in one interesting group at

\$40

Others, \$25 to \$65.

As indescribable as they are irresistible are these striking garments—rich foreign weaves of pronounced patterns and monogram effects—new models so different in character as to impress immediately upon you that last year's fashions are passe.

STORE OPEN  
WEDNESDAY  
EVENING

Young & Fillion

## Gentlemen's Fine Shoes

Smart Shoes reflect character in themselves as well as in the individual that wears them. The Premier, a wide tread Oxford for Men and Young Men, for Fall and Winter wear, can be had in black and tan calfskin, high and low.

We invite your inspection of footwear in our exclusive shop where men can be fitted with care and get something exclusive. Our Oxfords and Shoes sell from

\$5 to \$10

Men's Genuine Bengal Crepe Ties

\$1.00

Beautiful are the mixtures of colors in these ties, heathers and many colored stripes. The crepe ties are without a knot, replacing the knotted ties for service and they do not wrinkle.

Men's Wool and Silk and Wool Sox

\$1.00

These in solid, light, soft colors are just the thing for all winter wear. Come in terra cotta, leather mix and black mix. Most of these are silk-lined to insure you wear the best in comfortable.

Men's Imported Broadcloth Shirts

\$4.50

In banded and collared styles; plain white only. This is no doubt the dressiest and most serviceable shirt ever offered the public at such a price. All sizes.

Men's Sluggish Fishy Hats

\$5.00

As a wonderful showing of rough, slaty finishes in twill and cotton wear one. Browns and browns; gray-green mixture and the sand colors that are so popular.

## Boy's Suits and Overcoats

A boy doesn't mind being "all dressed up," if he can also have comfort and such sturdiness of fabric and construction that a few wrestling matches won't be torn clothing and a scolding.

### THANKSGIVING SPECIAL.

On

## BOYS' OVERCOATS

Beautiful heathers in gray and brown, made in the very latest styles, not sleeves and not belted around. A coat that will be warm as well as attractive. The boys will say, "We're pleased to wear it." Regular price, \$18.50. Thanksgiving offer, above, to \$14.

## LOY'S SUITS

These Boys' Suits are wonderful and bring out the sort of wear and service that you'll want to have. They come in two shades of brown. They come in the regular size, 36, 38, 40, 42, 44. These suits for boys regular, \$12.50. Thanksgiving offer, above, to \$11.

# MANY 'SMITHS' MAKE DETROIT A LARGER CITY

There Are 1200 to Be Found in the New Directory.

The First Telephone Directory Ever Published Contained But 124 Users of the Phone.

DETROIT, Nov. 27. There are 1200 "Smiths" in the latest issue of the Detroit directory of the Michigan State Telephone Company. In 1873 there was one.

A copy of one of the earliest Detroit telephone directories was uncovered recently in the excavation of an old building in the downtown section. It was for the year 1873. Across the top of the "dir-ctory" an eight-page leaflet, A. C. Smith's "The Speaking Telephone."

The early directory listed 124 telephone users. Only those telephones were located in private residences. Two hotels and post offices and various business and trade institutions agents were listed.

The directory carried a full page advertisement of the American Freight Carriage and Express Company. It stated that the company was in a position to furnish "a freight express and handled at all hours of the day and night, at the minimum rate of 6¢ cents an hour for day service within the city limits. The special rate for the express houses, going and coming, is 8¢, except where evening parties return after midnight, when the charge will be 25¢."

## FOUR INJURED ON NORTHWESTERN TRAIN

MADISON, Wis., Nov. 26.—Four persons were injured in a collision accident on Madison division of the Chicago-Northwestern railroad yesterday, according to reports received here. William O'Brien, veteran conductor of Madison, sustained a crushed toe which resulted in amputation when he was thrown under a passenger coach at Madison, Wis., according to reports.

Three passengers on the train were slightly injured by flying glass, says Sunday morning when they were on their train, its baggage and box car windows broken in a paroxysm of rain. No. 541, between Burlington, Ill., and Crystal Lake. The passengers who are identified are Prof. James T. Reed, of Winona, Minn.; Mrs. W. J. Schreiner, of Chillicothe, and an unidentified woman of Crystal Lake.

## OLD ROBBERY CLEARED. PRISONER CONFESSIONS

DODGEVILLE, Wis., Nov. 26.—Eltingen, merchant, suffered the loss of several hundred dollars worth of merchandise in a store sign when the store was broken into last night. The robbery was committed by two men.

Nor. 26.—Sullivan, of Jackson county, responded to the messages to come to Portage when a prisoner held there confessed to the robbery. It is said when released in the locality will be cleared up as a result of the confession.

## A GOOD FRIEND

A good friend stands by you when in need. Escanaba people tell how Dean's Kidney Pills have stood the test. Mrs. S. Gagnon, of corner Odgen and South 6th St., Escanaba, endorsed Dean's many years ago and again confirms the story. Could you ask for more convincing testimony?

"Dean's Kidney Pills certainly are a fine kidney remedy and I am glad to endorse them," says Mrs. Gagnon. "Several years ago I was troubled with weakness in my back. My kidneys were out of order and every time I tried to bend, sharp, darting pain caught me. As Dean's Kidney Pills were so highly recommended I decided to try them. They soon relieved me of all the trouble and since then I have taken them occasionally for attacks of backache caused by a cold and they have never failed to give fine results." (Statement given Oct. 26, 1916).

On May 18, 1920, Mrs. Gagnon said: "My kidneys haven't given me any trouble for a long time. I still use Dean's occasionally and never yet have they failed to give the desired results."

## PASSENGER GRABS WHEEL, CAR WRECKED

MENOMINEE, Mich.—A man named Erickson lies at the point of death in St. Joseph's hospital as the result of one of the worst automobile wrecks ever recorded here. William Richards, owner of the car that went into the ditch near Birch Creek, was accompanying Richards from a trip north. Just this side of Birch Creek, Erickson, who is a one armed man, grabbed the steering wheel from Richards and the car was swerved into the ditch. The car turned over completely as it went into the ditch. The injured man was partly scalped and otherwise severely hurt.

## PERSONAL

Lyle Fuhrman, 712 South Third street, motored to his home in Perkins last night and returned this morning in Fred Browne's car.

Ruth Erickson, who is employed at Milwaukee, is visiting at the home of her parents, 322 South Twelfth street.

A. E. Ehrle, 325 South Seventeenth street, has recovered sufficiently from his illness to return to his work at the post office.

Buy your Christmas Greeting Cards now while you have plenty of time. A finer list than ever at Ellsworth's Drug Store.

The telephone book of the E. H. S. recently lists "R" and "S" for Detroit directory of the Michigan State Telephone Company. In 1873 there was one.

A copy of one of the earliest Detroit telephone directories was uncovered recently in the excavation of an old building in the downtown section. It was for the year 1873. Across the top of the "dir-ctory" an eight-page leaflet, A. C. Smith's "The Speaking Telephone."

The early directory listed 124 telephone users. Only those telephones were located in private residences. Two hotels and post offices and various business and trade institutions agents were listed.

"Mah Jongg" Sets, \$2.50 to \$15.00 each at Ellsworth's Drug Store.

## Wealthy Chinese Forced to Ransom Dead Kinsmen

PEKING, Nov. 27. A practice almost as old as China itself—that of extorting money from well-to-do Chinese by threatening to desecrate or actually desecrating ancestral graves—has been revived by Humanitarians.

Nanyang, in the middle of Hoan province, offers an outstanding example of this custom. Once a living town and the home of Ch'ieh Liang, names hero and martyr of the time of the T'ang Kingdom, has become a desolate village. All the wealthy Chinese have long since left this place to escape extortion. But the wealthy still have a grip on them.

By threatening to exhume the bones of their parents or other ancestors, the most wicked things conceivable to the mind of the Chinese, and to burn them or scatter them to the four winds, the bandits are virtually certain of receiving ransom money from these wealthy people. They are just as certain of the money as if they had possession of the victim himself or of his living relatives.

Moreover, even in the event a captive is killed, owing to delay on the part of friends or relatives in paying ransom money, the body still remains to be consumed to ashes from decomposition.

It is said there are at least 60 villages in the surrounding territory. The ganze ranges of number from 300 to 2,000 bandits each. Each is striving to attain the name of the infamous White Wolf, who ten years before died of natural causes, but whose memory is still held in high esteem.

"Wang the Bandit," "Wang the Monk," "Wang the Ninth" are the assumed names of three of these bandits. No apparent effort is being made by the military authorities to suppress these names.

"Wang the Bandit," "Wang the Monk," "Wang the Ninth" are the assumed names of three of these bandits. No apparent effort is being made by the military authorities to suppress these names.

Special drapery by your own druggist. That's just what it means. Over fifteen million bottles of the genuine original elixir have been sold on a money back guarantee to give satisfaction. Less than one bottle in every hundred sold on this iron clad guarantee, has ever been returned. That proves that original vinal has helped millions of tired, worn out, unhappy people on the way back to health and strength. This elixir will hold good—the dollar you pay for original vinal is safe. All you do is to trust us to give it a fair trial. Original vinal is delicious to taste, even the children like it. Don't gamble with your health. Take original vinal, but don't let any one tell you anything else, get the genuine original vinal, the world's greatest and best home remedy.

Maybe the name of the late fiction writer, "Bunk," was given it by a reviewer.

Governor Walton began life as a barber, but isn't having many dull moments right now.

Storage turkeys should be stamped showing in what decade they were stored.

A bigger idea of a complete knowledge of cookery is three kinds of salad dressing.

Most of foreign lecturers are kind enough not to make photographic records while here.

It is proposed in England to make insanity a cause for divorce. It does seem to be sort of a craze.

## PROMISE AVALANCHE OF AUTO MEASURES

MADISON—Although the next session of the legislature is still a year off, there is a promise of an avalanche of automobile bills to be presented.

Senator Bernard Gottlieben, Milwaukee, is one of a number of legislators who believe that more laws should be applied to motorists.

He will introduce a bill requiring every motorist who strikes a person to report the accident to the police or sheriff. He hopes that the measure will curb the common occurrence of motorists escaping after an accident.

To make Winter pass swiftly, sign a 30-day note.

## POPE MAY NAME NEW CARDINALS

Archbishops Hayes, Mundelein and Manning Mentioned.

OME, Nov. 2.—At the Vatica- re is coming to a close concerning the names of the new cardinals. Pope Pius XI may appoint at the second consistory to be held December 20. Since the nationality of those who are to receive the red hat has not been made known.

If any new American cardinals are to be appointed, Archbishop Hayes of New York, and archbishops Mundelein of Chicago, are mentioned as the pre-

lates most likely to be accorded the honor. If only one American cardinal is to be appointed, there are many persons who express the belief that it will be Archbishop Mundelein, because all the American cardinals in the past have been from the eastern states and they think the papal see has come for the appointment of a member of the clerical College from the middle west.

Some persons in Vatican circles are of the opinion that the Pope might like to have his cardinal, and it is the name of Archbishop Manning of San Francisco, that is often mentioned as the most probable candidate.

It is believed the pope may appoint another South American cardinal especially after the signs made by the king of Spain to the pontiff in his address when the pope received him several days ago. The archbishop of Toledo is considered

the prelate who most probably would receive the honor as the Brazilian government for a long time has been urging that he be given the red hat.

### Regulation of Winds By Tunnels Helm in Aeronautics Course

ANN ARBOR, Mich., Nov. 27.—Tunnels through which wind will blow into a wind-tunnel phys or, over into a "double barrel cyclone" with a velocity of 100 miles an hour, are part of the laboratory equipment for the University of Michigan's courses in aeronautics engineering. The tunnels, according to Prof. Felix W. Pawlowitzki, in charge of the aeronautics course, are the most efficient ever built for studying wind currents and other atmospheric conditions met in flying.

The tunnels for the graduate students are being used up to the maximum. The double barrel cyclone has not been installed. The wind tunnel, Prof. Pawlowitzki believes, will be used for the investigation of aeronautics problems, but its construction is not yet completed.

Because of the force of a 150-mile wind, it was necessary to install a ring of doorways next to the tunnel chamber. In each door, 5 feet high by 2 feet 6 inches, is a small valve, so that the valve of the outside door can be closed per cent. This valve is then closed and the second valve opened when the air in the two rooms is stable. His objective is to obtain through these chambers,

the tunnel is planned that

most of the experiments, preparatory will be done into the laboratory which is located in the basement of the building.

Two doors are to be used, one for the entrance of the wind tunnel and the other for the exit.
