Just Between
Ourselves

A MAN OF HEROIC MOULD.

That the human side of Washington was neglected by his earlier biographers is a commonplace. They made a rather stiff and starched figure of one who had his share of mortal frailties. Yet it was in a sense a sound instinct which made them dwell on his heroic achievements. These were the substance of his character; the gossipy touches later writers have added do not materially modify our general conception of it. The chief danger of the kind of adulation bestowed on Washington was that it made him too much a prig, and he was anything but that.

Yet if we take the evidence of his contemporaries there was something about him that was remote and apart. He had a warm affection, to be sure, for those whom he took to his heart; Lafayette's is a case in point. By the same token he could awake a warm affection for himself. The historic scene in Fraunces Tavern, where he bade farewell to the officers who had served under him so many years, illustrates this phase of his personality. But he would not be called in these days "a good mixer." The manners of his time were not free and easy, and he was characteristically a man of his time, bred in the Virginia traditions, which were those of the English country gentry.

Probably we understand him no better than our age understands him. Nevertheless he had the simplicity of true greatness. There was never anything complicated in his motives or his behaviour. It is idle to read into his character subtleties that did not exist. And why should we wish to do so? There is a dignity in its strong, firm outlines entirely harmonious with his military and civil achievements. The heroic is remote from common experience. And Washington was a hero for whom reverence is the natural tribute.

THIS WOLF SCENTS BLOOD.

The American people having been told much about the evil of capital punishment it was a refreshingly harborous and blood-thirsty sensation which Representative Wolff, Democrat of Montana, gave the nation when he introduced a bill in the house providing the death penalty for war profiteers and grafters. It is really in America of the Montana congressman to advocate bloodshed and execution in peace times.

Execution of profiteers and grafters would be made easy by the Wolff bill by the simple expedient of classifying them as traitors and condemning them for treason. Under existing laws profiting is no crime and grafting is an act of grand larceny.

Treason is the act of betraying one's country and is the bedfellow of the guillotine, the stake, the rack and the firing squad of despotic tyranny. The United States has never practiced the kindly act of murdering its betrayers. Major Andre was martyred in the eyes of succeeding American generations when he was shot during the Revolutionary war as a British spy.

American school histories are devoid of reference to any executions by the government of the United States of Americans guilty of treason. American principles find treason and firing squads incompatible. Death is too good for the traitors of Uncle Sam. Freedom of religion, opinion and speech are dear to us and all we ask of those who would betray us into the hands of the enemy is that they make the enemy's home their own.

Representative Wolff comes from the wild and woolly state of the wild and woolly West where they still believe in stringing up horse thieves, so his violent breach of American ethics, refinement and principles of liberty is quite pardonable. Let us hope he shall have the pleasure of seeing his bill go to committee, reserving for the rest of his countrymen the extreme pleasure of seeing the bill remain in committee.

THE WORLD'S AUTOS.

The latest statistics show that automobiles are multiplying as rapidly in the rest of the world as they are in the United States. In spite of the enormous increase in American cars our percentage of the world's cars is just what it was a year ago.

The total number of passenger cars and trucks for the United States is said to be 15,200,000, with only 3,670,000 for all countries together. Great Britain comes second with 6,500,000 cars, Canada third with 6,420,000 and France fourth with 4,600,000. Five of our states, New York, California, Illinois, Ohio and Pennsylvania, each have more cars than any foreign country.

Increase of motor cars, whatever else it may signify, is a good index to material progress. Thus these figures speak for themselves regarding the relative material welfare of the United States and other countries.

RESIGNATION DEMAND ABSURD

DAUGHERTY WAS
SENATE GUEST
THIS MORNING

Walked Calmly in and
Sat Down Electrify-
ing Gallery.

Just Stepped in to Listen to
Reading of Washington's
Farewell Letter by
Colleague.

WASHINGTON, Feb. 22.—Harry M. Daugherty, attorney general of the United States, threw down the gauntlet yesterday in front of the senators who are trying to force him out of public office and today walked calmly into the senate chamber and sat for an unperturbed half hour in the midst of his bitter foes. He told inquirers he had come to fulfill a long standing promise to listen to the reading of Washington's farewell address, by Willis, of Ohio, one of the few senators who publicly stood for his cause.

The unexpected appearance of the attorney general caused a stir in the galleries and electrified what would have been otherwise one of the quietest sessions of the senate for several months.

House and Senate
Only Are Working
in Capitol Today

WASHINGTON, Feb. 22.—Although the senate and house, pressed with urgent legislation, continued their session today, all other government departments were closed in memory of the ninth of George Washington.

President Coolidge tonight will pay his tribute in an address to be broadcast by radio. The president had no engagements listed for today.

Two stations will broadcast his speech: WEAF and WCAP at Washington.

TROOPERS AWAIT
CALL TO SCHOOL

Expect Orders to Go to Lan-
sing for Intensive
Training.

NEGAUNEE. The probability that they soon will be called to Lansing headquarters to attend a training school in which will be given a short intensive course in police work, was expressed yesterday by officers of the Negaunee detachment, Michigan State Police. Last winter the Lansing school opened on January 15, but no orders have thus far been received here to report for training.

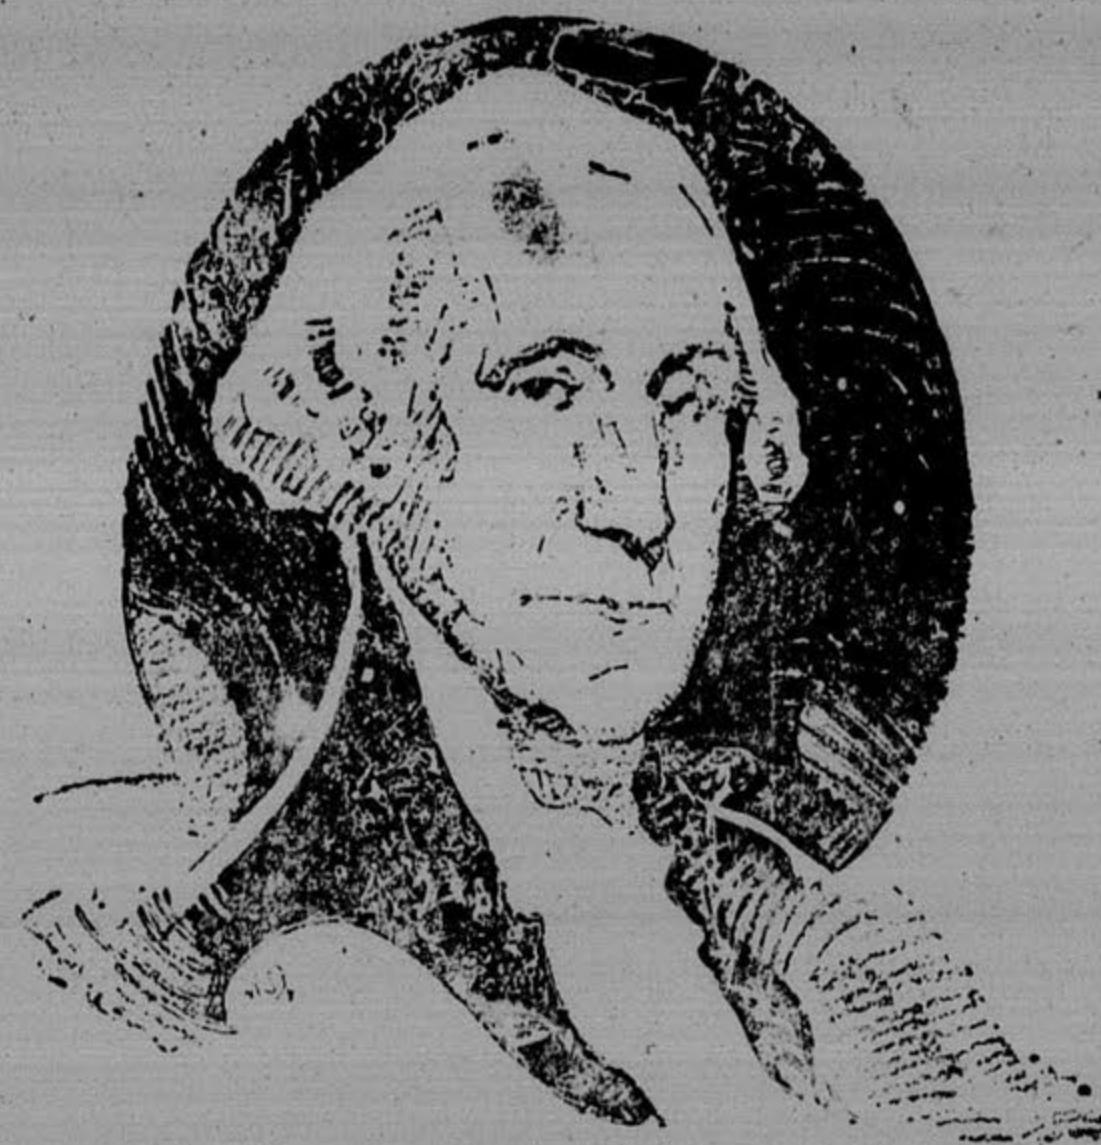

On a trip of inspection through the lower peninsula several weeks ago, Harry Jackson, director of the state force, announced that both troopers and officers, during the schooling they are to receive, will be obliged to take a full course in calisthenics, as well as technical work. Troopers who are to remain in the organization will have to be able to ride horses well, skip the rope, climb themselves and do many other trying physical stunts in order to attain best physical form.

The director also stated that he is considering establishing additional posts throughout the state, several of which probably will be located in upper Michigan. Captain Archie Downing, in command of the Negaunee detachment, is now in Lansing on official business, and it is considered not unlikely that he will have announcements of considerable importance to make upon his return.

Camera Man O. K., Has
Pictures of Vesuvius

NAPLES—Umberto Romagnoli, daring aviator-photographer of the International News-reel, who established a record by flying for seven minutes over the crater of Mount Vesuvius, had recovered today from his hazardous exploit. When the seaplane carrying Romagnoli and a companion disappeared in the smoke and steam over the crater, a report was spread that they were lost. Failure of the seaplane to reappear within a reasonably short time appeared to confirm the tragedy.

During the flight Romagnoli took a number of photographs of the crater.

INSANITY IS
ASSUMED FOR
THE MURDERS

Florida Officials Declar-
ed That McDowell
Is Sane.

Believe He Killed His Parents
to Collect a Double Indem-
nity Insurance Policy.

ST. PETERSBURG, Fla., Feb. 22.—Frank McDowell, the 19-year-old confessed slayer of his father and mother and his two sisters, is not insane according to the prosecuting attorney who says they have witnesses who will testify that the youth is singularly insane.

The prosecution claims that a salient motive behind the murder is the collection of a \$10,000 double indemnity insurance policy, which it is declared the youth had underwritten for his father a short time ago. McDowell's sisters were burned to death in February, 1923, when their room was partially destroyed by fire, the origin of which was charged to have been incendiary. Officers believe young McDowell confessed to having committed this crime to add to the theory that he is insane.

McReady Tries to Beat
All Previous Sky
Scrapers.

Left McCook Field at 9:30
This Morning and Went
Straight Up for Over
an Hour.

DAYTON, Ohio, Feb. 22.—Lieut. MacReady, is believed to have broken the world's altitude record. Taking off from Cook field this morning at 9:30 o'clock, he remained in the air for one hour and fifty minutes and reached an altitude unofficially, an estimated 41,000 feet. McCook-field officials say, however, that calibration of the figures which are recorded on instruments of the plane will reduce this mark by several thousand feet.

The plane which the flyer used was equipped with improved 350-hp. four-cylinder engine which it is said would permit of reaching hitherto unheard of heights.

Fine Pictures
at M. E. Church
Sunday at 4:30

"The Wild Man of Borneo," photographed by an American missionary, the Dyaks, the Bataks, the Malays, and many tigers will be shown on the screen at the First Methodist church Sunday afternoon at 4:30.

The people of Malaysia are little known to Americans. The lecture to be given Sunday will present by word and pictures the beauty and pathos of those peoples of the East Indies.

If the three largest of these islands were as highly cultivated as Java, they could feed half the population of the world.

The lecture is free and all will be welcome.

41,000 FEET
ALTITUDE WAS
MADE IN PLANE

Gas Engine Blast
Fractures Man's Skull

ASHLAND, Wis.—J. Bossberg of Iron River, was brought here Monday evening with a fractured skull and was immediately rushed to the general hospital for treatment. Trainmen declared that he was injured by the explosion of a gasoline engine at Beale, where he was employed, by a contractor. The injured man had been in a state of unconsciousness and the story of the accident cannot be obtained from him. His condition is serious.

CHAIRMAN ADAMS SAYS FAIR
TRIAL MUST BE GIVEN BEFORE
RESIGNATION CAN BE ASKED

WALCH RETURNS
TO WASHINGTON
UNEXPECTEDLY

Feels the Demand
Daugherty's Re-
signment "Absurd."

Believes Daugherty
Sticks to Post in Face
Unsupported Charge
Made.

WASHINGTON, Feb. 22.—Senator Walsh, democrat of Montana, the leading figure in the oil investigation activities, returned unexpectedly to Washington today. Whether the senator has returned with the knowledge that there would be some unexpected developments in the oil inquiry was not disclosed.

He has been in North Carolina for a vacation and did not expect to return until next Monday. The Montana senator got in touch with other members of the oil committee immediately after he reached his office. He had no statement to make, he declared, until he had familiarized himself with the latest developments.

Senator Walsh left Washington Saturday and has been at Pinehurst taking treatment for a cold.

Bishop Will Be
Here Tonight;
At St. Patrick's

A large number of people will be attracted to St. Patrick's church this evening at 7:30 to witness the special ceremonies in honor of the visit of Rt. Rev. P. J. Nusbaum, bishop of the Marquette diocese of the Catholic church, who arrived here this morning. Bishop Nusbaum is an eloquent and forceful speaker and local people always welcome a visit from him to the local churches.

Senator Greene
Much Better, Is
Today's Bulletin

WASHINGTON, Feb. 22.—The condition of Senator Frank Greene of Vermont is reported as favorable at noon today and his friends are more hopeful on his recovery than at any time since he was shot. It was stated by his physician that the senator was restless during the night and had a slight temperature. He is much better today.

Senate on Warpath.

The senate is on the warpath. Senator Borah, a republican, is preparing a speech attacking Mr. Daugherty and the president. A critical issue is taking shape within the republicans.

In all the White House prodded the necessity for getting Mr. Daugherty out before the investigation breaks is emphasized. So far but no positive evidence has been produced against Mr. Daugherty in oil scandal, but stock market aspect of the case are about to be aired fully and the attorney general made no secret of the fact, according to senators who visited him, that had bought shares of Sinclair's consolidated oil stock.

Like Senator Elkins, republican of West Virginia, he insisted there was no relation between his purchase and the Teapot Dome lease.

President Coolidge has been informed of Mr. Daugherty's stock market deals and this was the reason for the conference last Sunday at the White House attended by Senator Lenroot, Wheeler and Walsh and Attorney Pomerene, special counsel to the oil inquiry.

Mr. Lenroot was called to a conference with the president again Thursday night and Washington made much of this event, as indicating senatorial developments shortly.

Dawes Now Involved.

Senator Wheeler Thursday said further efforts were being made to shed light on other market ventures involving ex-Secretary Albert B. Fall, Charles G. Dawes, former director of the budget, and others. Mr. Dawes is said to have given "tips" to administration officials in connection with Bethlehem Steel, Pure Oil and other stocks.

Despite growing demand for his dismissal, Mr. Daugherty continues to fight. A letter in his own defense, delivered Thursday, stands as an unique document. It was read to the senate toward the end of a day filled with charges and whisperings against him.

The letter was written to Senator Pepper, who had sent a personal note to Mr. Daugherty, suggesting that he should resign for the benefit of the party, not because of any wrong acts but because public opinion demanded it. Mr. Pepper had also made this suggestion to President Coolidge Wednesday.

“Glorious Girl”

Will Draw Big
House Tonight

—

The Knights of Columbus production of “The Glorious Girl,” which made its initial appearance at the Delft theatre last evening, was all that the newspapers said it would be and then a little bit more than had been promised.

The production right through showed what intensive training would do within a short space of time and one might have been justified in believing rehearsals had been going on for several weeks. The performance will be repeated again tonight and at noon to day practically every seat in the house had been reserved.

NOTORIOUS TOWN IN WEST HAS PASSED INTO HISTORY; EVEN TRAINS GIVE IT THE "GO-BY"

People Wonder How Modak, Mont., Managed to Live So Long.

Trainmen Once Carried Brass Knuckles and Guns When Trains Stopped at that Town.

WASHINGTON, Feb. 22.—The toughest town of the west has passed. The wonder is, it survived so many years after the Eighteenth Amendment took effect.

Mondak station, on the main line of the Great Northern railway, just over the North Dakota line in Montana, has been closed, the Montana Railroad Commission officially informs the Interstate Commerce officials of Washington.

Train crews that always worried over their proximity to death while in that vicinity now wave a "light hand" at the barred station doors and almost desolate population of a one-time wild and wooly western burg. The notoriety of the town was so widespread that former Indian commissioners at Washington used to offer thanks that the Glacier Park Indian reservation and the Fort Peck agency were situated far enough in the western part of Montana to be out of harm's way of Mondak's untamed night life.

It was a typical wagging hilly of a town sp addled across the railway tracks, a clearing house for all the booze, vice and crime for the surrounding country.

Hundreds of gamblers used to make Mondak their headquarters for it was the town that supplied "dry" North Dakota as far east as Devil's Lake with its recreation in the form of games of chance and "hot houses."

The conductors of trains that stopped in Mondak had to qualify as fist fighters as well as railroad men for the struggles for tickets was a critical one in the mobs of drunken, hilarious workers, returning to their camps and fields after a spree in Mondak. Today there is not enough traffic to warrant keeping a waiting room open.

U. P. BUREAU GETS MONEY FROM STATE

Allotment of \$3,000 Made by Department of Agriculture.

An appropriation of \$3,000 will be made to the Upper Peninsula Development Bureau by the State Department of Agriculture, to assist the bureau in carrying out its land development and colonization program in 1941.

A co-operative arrangement between the state department and the three large development bureaus in Michigan is being perfected by A. C. Carton, director of the state bureau. Under this plan \$5,000 would be turned over to the development organizations. Gross allotments will be made as follows:

Three thousand to the Upper Peninsula Development Bureau; \$2,000 to the Northeast Michigan Development Bureau, and \$2,000 to the West Michigan Development Bureau, but of the total, \$2,000 will be withheld and used by the state to advertise Michigan lands. When clients respond to the advertisement they will be sent a series of "follow-up" letters and when it is determined where they wish to settle, the correspondence will be forwarded to the proper development agency.

The state contributions have been made in the past, but previously requests for information about land have been forwarded at once to the private bureaus without the preliminary steps that now are contemplated.

Seek to Honor Brave Woman Who Saved Men's Lives

NEWPORT, Rhode Island.—The fame of Ida Lewis, brave lighthouse keeper, will be perpetuated in a way to make her name familiar to all mariners of the future. If a movement under way in this city and Washington is successful, Admirals of the woman who repeatedly risked her life to save seamen shipwrecked off the harbor here are trying to have the names of Lime Rock Light and Lime Rocks, in the southern part of the harbor, changed to Ida Lewis Light and Ida Lewis Rocks.

For many years Miss Lewis was keeper of the light. Not content with merely keeping the beacon burning, she personally assisted in the rescue of more than 20 men by rowing out to wrecked ships in her small boat.

LABOR

RIGID EXCLUSION AND SAFETY

Immigration is one of the important questions upon which action must be taken by the present congress. Many influences are at work in the effort to break down the restriction policy.

The United States Steel Corporation, the National Association of Manufacturers, and a few kindred organizations and individuals, would like wide open doors, or doors nearly wide open.

Some propose doors that could be thrown wide open "in emergencies," leaving it to some commission or other, or to cabinet members, to determine when an emergency existed.

There is one sound American policy to be followed in regard to immigration and the more complete the exclusion the better.

There are millions of men and women in Europe and Asia anxious to flee from present distressing conditions or "from the wrath to come," but there is no reason why they should be permitted to transplant their own distressing conditions to our shores, or bring us the future visitation of wrath which they see in store where they are.

The United States always has offered asylums for the oppressed of other lands; the fugitive heroes in the struggle for freedom have found a welcome in America.

But the purpose back of the drive to break down our restrictive policy is not to make room for fugitive heroes—it is to make room for wage cutting hordes. The American Federation for February.

RADIO

President Coolidge will deliver Washington's Birthday Address at 9 o'clock this evening from the White House, which will be broadcasted over WEAF, New York, and probably some of the other stations. Programs to be broadcast Friday, February 22, Central Standard Time. (By Associated Press, (By courtesy of Radio Digest).

STATE NORMAL SENDING MALE QUINTET HERE

The Marquette State Normal quintet will appear at the high school auditorium, February 25, under the leadership of Conway Peters.

Mr. Peters is one of the southern peninsula's well known music leaders. He played under Lieutenant John Phillip Sousa at the Great Lakes Naval Training Station and was assistant director of the Seventeenth Regiment band, Camp Lee.

He was graduated from Hillsdale College Conservatory, specializing in piano. Two years later he was given an artist's diploma from the University of Michigan School of Music for violin.

Mr. Peters had three years' training in voice and two years' in organ. One year was spent in post-graduate work in the University of Michigan in violin.

Under the leadership of this able musician the quintet of male voices and strings from Marquette Normal is sure to please the music lovers of Escanaba.

Some propose doors that could be thrown wide open "in emergencies," leaving it to some commission or other, or to cabinet members, to determine when an emergency existed.

There are millions of men and women in Europe and Asia anxious to flee from present distressing conditions or "from the wrath to come," but there is no reason why they should be permitted to transplant their own distressing conditions to our shores, or bring us the future visitation of wrath which they see in store where they are.

BREAK CHEST COLDS WITH RED PEPPER

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known. Always say "Rowles

Prices way below those of any other city in America.

LOCAL GIRL SCOUTS FIRST TO SEND IN SCOUT HOME FUNDS

Louise LaComb Receives Fine Letter of Appreciation from Mrs. Rippin, of New York.

The girls, be a brick and help us realize a home beautiful," is part of the appeal of the Girl Scouts, through Mrs. Jane Deeter Rippin, national director.

"We have paid for it in part, but the remaining debt and renovation will amount to \$146,500, which we hope to raise through replies to our appeal," Mrs. Rippin said.

Girl Scouts everywhere are asked to

help their national organization with at least a dime apiece.

But Girl Scout daddies can make their contribution ten times that.

In the new building, there will be a mammoth leather book in which will be written the name of every Scout troop that buys a brick. The troop that registers first will have a special place of honor in the front of the book.

The middle of the book has been portioned off for Girl Scout Daddies who have been bricks.

Chicago Landlady to Jail in Heat Shortage

CHICAGO—Accused of failure to supply sufficient heat for tenants, Mrs. Emma Kerschaw was sentenced to the Bridewell penitentiary today in default of payment of a \$100 fine. Her case resulted from a health department drive against landlords attempting to conserve coal in cold weather.

GREAT BOWLING CONGRESS WILL OPEN IN CHICAGO TOMORROW; WILL BE LARGEST TOURNAMENT

Tourney Will Last 36 Days; Over 10,000 Will Bowl.

Over Two Thousand Teams Are Entered, Coming from All Over North American Continent.

CHICAGO, Feb. 22.—The greatest tournament in the history of the American Bowling Congress will get under way here February 23 to continue for thirty-six days, with a record breaking list of 2,131 teams, 10,885 individual pin smashers entered in the competition for prize money running close to \$105,000.

Measured from the standpoint of number of contestants, the event is the largest sporting proposition ever held. It is probable that no other event in the world enlists as many contestants not even the Olympic games in which teams from all over the world compete. The major pin event will be decided in the 132nd Regimental Armory on Chicago's West Side, and twenty-eight especially constructed alleys have been installed to handle the army of pin spotters.

In addition to the 2,131 five men teams, there will be 4,700 two men teams in the hunt for a slice of the prize fund, while 9,047 individuals will compete for the individual championship. The total entry fee amounts to \$147,519, apportioned as follows: \$53,225 in the average competition; \$47,990 in the doubles and \$47,235 in the individual events.

The bowlers will come from all quarters of America, including Canada, giving the tournament an international flavor. Exactly 160 cities will be represented outside of Chicago. Milwaukee furnished the largest out-of-town entry, sending 120 teams. Detroit, an expected bidder for the 1925 tournament, entered 100. Cleveland and Cincinnati each contributed 52. Toledo, 25, and Columbus, 15. New York City will have ten teams in the competition and there will be teams from Newark, Orange and Elizabeth, N. J., and Buffalo which will be represented by 45 teams. Teams also are entered from San Jose, California; Toronto and Winnipeg, Can., and as far south as Jacksonville, Fla.

All of last year's champions will be in the competition. The Nelson-Mitchell team of Milwaukee, which earned the five men title with a world record count of 1,126, will roll under the name of the Ziegler Chocolates this year. Dow and Wilson of Milwaukee, who captured the doubles championship last year with the mark of 1,258, another record, also are entered. Carl Baumgartner of Cincinnati, winner of last year's singles championship with a mark of 721, will defend his title. The veteran Billy Knox of Philadelphia, the A. B. C.'s only "man," will tussle with Quaker City outfit. Knox's total of 2,619 in the all-events last year, was a record.

Statistics indicate that 1,800,000 bowling balls will be tossed about 55,000 miles during the progress of the tournament. Fifty-six pin boys will handle 37,888,750 pounds of maple tenpins and in addition they will lift 28,800,000 pounds of bowling balls in returning the spheres to the players. Operating the automatic pin-setters several millions of times will add a mile to their burden.

After the first week of the tournament play will start daily at 10 a.m. and continue without interruption until midnight. The individuals and two man teams will hold the stage during the day and early evening, when the alleys will be turned over to the five men teams, starting at 8 p.m.

Detroit Man Is Going to Mexico to Represent U. S.

WASHINGTON, Feb. 22.—Charles B. Warren of Detroit, former ambassador to Japan, has consented to accepting the post of ambassador to Mexico. His nomination is expected to go to the senate shortly.

Mr. Mellon replied to the charges made in an address made here last night by John R. Quinn, commander of the American Legion, saying he knew nothing about any factions or corporations known as the "Mellon interests" engaged in the campaign against the soldiers' bonus.

Mr. Mellon added he had not contributed at any time to any such activities. Mr. Quinn, in his talk, charged that employees of corporations known as the "Mellon interests" were being coerced into writing letters to members of congress in opposition to the soldiers' bonus bill.

Leon Grieb Breaks Two Skating Records

Leon Grieb, Milwaukee's star trick skater, established two world's marks during the city indoor ice meet at the Aera Ice Gardens last night. He leaped three feet nine inches in the backward high jump, bettering his own and Herman Loweck's mark by two inches. In his last try at this height, Grieb sailed over with three inches to spare. He will try to better the mark in the western indoor ice meet on March 2.

Grieb also set a mark for the 400 backward skating event, for which no mark had been established. Grieb's time was 18.25. Both records will be officially recognized by the Western Skating association.

DETROIT.—Just nine minutes were required for Harry Heithmann, 1923 champion batter of the American league, to come to terms with the management of the Detroit Tigers, it was announced today.

Heithmann, who played the past two seasons under a contract that netted \$25,000, has signed a tiger's contract at an increased salary the amount of which was not made public. Heithmann is on his way to Hot Springs, Ark., where he will remain a few days before joining the tiger squad at Augusta, Ga.

JANUARY MARKS BANNER MONTH FOR PAIGE CAR

Declared to Be Largest Month in History of the Paige-Detroit Company.

The Paige-Detroit Motor Car Company, Inc., has its best month in its history January, 1924, says its products distributed over a wider range of less than ever before, according to a report of its distribution department, main public office here. An Allentown manager of the Delta Motor Company says:

Sachsenbach, head of the list of buyers of Paiges and Detroits, Harry M. Lewis, president of the company states: This product is purchased 41 per cent of the cars sold in January. Sheepherders, miners and lumbermen were again near the top, he said, second on the list with a percentage of 37.

Perhaps the most outstanding recovery of any class of buyers is noted in the jump of the farmer from a bottom position in the list to the leading among the leading purchasers, as pointed out Mr. Lewis. "Buying 33 per cent of the Paiges and 30 per cent during January means that the farmers have bought more of the products of the company during January than in any month of last year," continued the Paige president.

This can be taken as one of the best indications of the recovery of the farmer. Our two lines of motor cars cover a wide price range. The assumption that if they are buying our product in increased quantities, their purchasing power is increasing in every line of business seems entirely correct.

Sachsenbach takes modern home, room and bath also garage for two cars. Write J. A. care Daily Mirror.

EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur

When you darken your hair with Sage Tea and Sulphur, no one can tell because it's done so naturally, so easily. Preparing this mixture, though, is home is messy and troublesome. A little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application of two, your hair is beautifully darkened, glossy and lustrous.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.

Former Yank Backstop Purchased by Millers

MINNEAPOLIS, Minn.—Jimmy Mitchell, shortstop, formerly with Vernon Pacific Coast League and the New York Yankees, was purchased today by the Minneapolis club of the American Association from Tulsa of the Western League. The deal involved the transfer of pitcher Frank Brindza and shortstop Lester Fisher to Tulsa in addition to a cash consideration, according to Mike Kelly, manager of Minneapolis.

Chick Knappa, second baseman, was purchased today by Minneapolis of the American Association, from Charlotte, N. C., of the South Atlantic League.

LIONS CLUB DOG DERBY ARRANGED FOR TOMORROW

Pup Population in for Hard Day; Drivers Are Confident.

Dogs and more dogs—First avenue, south will look like the great canine highway in Turkey tomorrow afternoon. Substantial cash prizes for the drivers and sweepstakes for the streets that will be the layout for the annual Lions Club Dog Derby, to be held in the eight and nine hundred block on First avenue, south, tomorrow afternoon. It is expected that every boy in town who is able to walk will be out to root for their pal's dog, and even a lot of the girls have decided to spend the afternoon at the dog derby.

Away as it's going to be lots of fun to witness and it won't cost anyone but the members of the Lions Club a cent, and many of the boys are going home from the races with a light heart and a five-dollar bill.

Penit Removed From Throat of Three-Year-Old

Mr. and Mrs. William Winkler, their little daughter, Mildred, who is three years of age, and Dr. A. E. Laing returned yesterday from Chicago, where they went on the advice of Dr. Laing to have a penit removed from the throat of the child. The penit was swallowed in the little girl's Saturday day and was described as having about half way down. After an X-ray had been made by Dr. Laing it was discovered that the penit was very tightly lodged in the child's throat and he advised that the courage trip be made to have the penit removed by Dr. A. H. McBride, a specialist.

The Chicago physician made a great effort of getting the coin out of the little girl's throat and it is thought a few days rest will find her in good health as ever.

Oklahoma Bishop Dies Today After Long Seige Illness

OKLAHOMA CITY, Okla., Feb. 22.—Bishop Theophilus, head of the Catholic church in Oklahoma, died in a hospital here yesterday. He was 76 years of age and had been in ill health for several months.

If Kidneys Act Bad Take Salts

Says Backache Often Means You Have Not Been Drinking Enough Water

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overtaxes the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's unused waste, else you have backache, sick headache, dizzy spells, your stomach aches, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment,常常 often gets sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, can not injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. Be all means see your physician examine your kidneys at least twice a year.

BENTON HARBOR PROMOTOR GETS SET FOR FIGHT

Wants to Match Gibbons and Carpenter at Michigan City.

Floyd Fitzsimmons Believes Men Would Be a Great Drawing Card for the Fourth of July.

BENTON HARBOR, Mich., Feb. 22.—A Michigan promoted Gibbons-Carpenter fight is in the offing. Floyd Fitzsimmons, Benton Harbor promoter, has announced that he is trying to book the gladiators on these two fight heavyweight title bouts for a match to be held at Michigan City, probably the Fourth of July.

Hugo Czerwonky and Irvin Gerber, both of Milwaukee, were high point winners with two firsts each. Czerwonky took the breast and back stroke events, while Gerber topped the 220 and 100 yard crawl stroke races.

Simkins, Wisconsin, topped the fans diving. Bird, last year's diving champion in the conference, was off color and failed to place. Minnesota took the relay, bayonet dash and plonge, but made up for its lack of success by winning seconds and third in the other events.

The summaries: 100 Yard Relay—Won by Minnesota, 1:20.25.

Face Diving—Simkins (Wisconsin), Koch (Wisconsin).

100 Yard Back Stroke—Won by Minnesota.

Relay (Minnesota); Johnson (Wisconsin), Finch (Wisconsin); 1:41.5.

200 Yards Free Style—Gerber (Wisconsin); Dickson (Minnesota); Johnson (Wisconsin); Finch (Wisconsin); 2:11.5.

Plonge for Distance—Nutting (Minnesota); Williams (Minnesota); Winchell (Wisconsin); 26.

150 Yards Back Stroke—Czerwonky (Wisconsin); Hanft (Minnesota); Winchell (Wisconsin); 1:57.

100 Yards Crawl—Gerber (Wisconsin); Johnson (Minnesota); Finch (Wisconsin); 1:00.25.

GREEN ONTARIO, Wis., gall, the 14 year old son of Mr. and Mrs. Edward Bennett of Townsend, northeast hill, will win in winning a basketball game he lost his father and still over the riling of a boboys. He was rushed to a hospital where he was found necessary to put him into his head.

Fitzsimmons believes that despite the fact that neither man is the holder, the bout could be one of the most attractive that might be offered. Both men are, however, in

heavyweight championship contenders. Both are fast and hard hitters. The proximity of the Michigan City arena to Chicago and the populous centers of the middle west, it is pointed out, would assure a large attendance provided all question of the legality of the match is removed.

MADISON, Wis.—The crippled Wisconsin university swimming team made a creditable showing but was passed out, 38 to 31, by the Minnesota university swimmers in the dual meet at Madison Wednesday night.

Hugo Czerwonky and Irvin Gerber, both of Milwaukee, were high point winners with two firsts each. Czerwonky took the breast and back stroke events, while Gerber topped the 220 and 100 yard crawl stroke races.

Simkins, Wisconsin, topped the fans diving. Bird, last year's diving champion in the conference, was off color and failed to place. Minnesota took the relay, bayonet dash and plonge, but made up for its lack of success by winning seconds and third in the other events.

The summaries: 100 Yard Relay—Won by Minnesota, 1:20.25.

Face Diving—Simkins (Wisconsin), Koch (Wisconsin).

100 Yard Back Stroke—Won by Minnesota.

Relay (Minnesota); Johnson (Wisconsin), Finch (Wisconsin); 1:41.5.

200 Yards Free Style—Gerber (Wisconsin); Dickson (Minnesota); Johnson (Wisconsin); Finch (Wisconsin); 2:11.5.

Plonge for Distance—Nutting (Minnesota); Williams (Minnesota); Winchell (Wisconsin); 26.

150 Yards Back Stroke—Czerwonky (Wisconsin); Hanft (Minnesota); Winchell (Wisconsin); 1:57.

100 Yards Crawl—Gerber (Wisconsin); Johnson (Minnesota); Finch (Wisconsin); 1:00.25.

GREEN ONTARIO, Wis., gall, the 14 year old son of Mr. and Mrs. Edward Bennett of Townsend, northeast hill, will win in winning a basketball game he lost his father and still over the riling of a boboys. He was rushed to a hospital where he was found necessary to put him into his head.

Fitzsimmons believes that despite

the fact that neither man is the holder, the bout could be one of the most attractive that might be offered. Both men are, however, in

Georgia light heavyweight, prepared today to leave for Buffalo to meet Jimmy Slattery there on Monday night. Stirling will return to New York early next week to take part in a return bout at Newark, N. J., on March 31. Young Stirling, round six decision.

You don't need Turkey to enjoy Cranberries

Great with Roast Pork!

Delicious cranberry sauce—made in ten minutes—makes the finest relish with roast pork and promotes digestion!

When served with any kind of meat, cranberry sauce gives zest to the whole meal and helps balance the diet. The proper way to make cranberry sauce.

Ten-Minute Cranberry Sauce

One quart cranberries, two cups boiling water, 1/2 cup sugar. Boil sugar and water together to dissolve sugar. Add the cranberries and boil without stirring the mixture. It is usually sufficient and all the seeds broken. Remove from the fire for popping stones.

And when you have the cranberry sauce, you can easily and quickly make many delicious desserts, such as cranberry pie, pudding, shortcake, ices, etc.

To be sure of getting the choicest cultivated varieties, ask for Eatmor Cranberries. The red and blue trade-mark label is on all barrels and boxes.

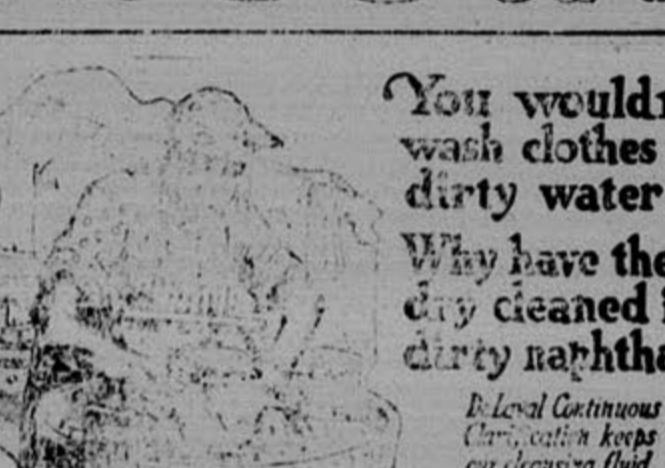

And always cook cranberries in porcelain-lined or aluminum vessels.

You wouldn't wash clothes in dirty water—Why have them dry cleaned in dirty naptha?

De Laval Continuous Clarification is generally considered the greatest advance in dry cleaning methods made in the past decade. It keeps clothes clean all the time and soiled laundry is processed only at our work.

It is the first machine to deliver a high-speed continuous clarifier which instantaneously removes the dirt and oil from the clothing. Thus, in this clarifier, the fluid goes back into the cleaning machine instead of waste water as when new.

It is the first machine to remove the dirt and oil from the clothing in a continuous stream of clear water. As compared with dry cleaning, the effect is the same, as though the clothes were continually washed and rinsed six times.

This process is everywhere known as the greatest advance in the art of dry cleaning during the past ten years. Let us prove to you what

POLICE CHIEF BLAMES HOMES FOR TROUBLES

Fond du Lac Police Chief Says There Is No Home Discipline.

Urge That Parents Ought to Take a Hand in the Activities of the Younger Generation.

FOND DU LAC, WIS.—Chief of Police James Silgen launched a broad side of rebuke at the parents of the younger generation in Fond du Lac and declared that reports of discipline being lax in schools and of teachers being at fault for present conditions were unjust and unfair.

"The whole trouble lies right at the door of the parents," declared the chief. Until the parents wake up to the fact that they are to blame and place a stern hand upon the activities of their sons and daughters, then and then only will there be results.

"I have looked into the raghous when young people were there. I was told they were high school students and I was disgusted with that crew to check stuff dancing they were engaged in. I tell you frankly that if I caught any of my children doing that sort of thing I would stop them quick."

The young people seem jazz crazy. They can't be content to sit at home with their parents and read or play games. They must be up and doing every minute. They must spend their waking hours with a ceaseless round of a g狂ent and entertainment.

The public sits back and blames the school system for the conditions. For the benefit of the teacher, I want to say that they can't govern the actions of students away from the school. Whatever happens the public blames the schools and the school system gets the stigma.

What the parents of the growing boys and girls want to do and not waste their time about it either, is to take their children in hand.

Let the fathers find out if their sons are drinking liquor. Let the mothers find out if their daughters are smoking and drinking. Some of them will be surprised.

But something has to be done. The police department can't do it alone.

The public schools can not do it alone. Fathers and mothers should make it their business to find out where their sons and their daughters spend their afternoons and evenings. Now that the spring season is approaching auto riding parties will be prevalent.

I believe that the board of education is making a splendid effort to clean up conditions applied to the school system.

But if the present situation is to be cleaned up, the first thing that must be done is to get the cooperation of the parents. The present situation is largely due to lack of parental care and discipline."

ELECTION CLERKS HAVE BEEN NAMED BY CITY COUNCIL

Will Take Care of the Voting for Commissioners April 7; Eight Voting Places.

Escanaba is now all set for the coming election in April and all that is necessary now is to get the names on the ballots and then go and vote. The council have selected the clerks for the different precincts, of which there are eight, as follows:

First—Leon Ephraim, Mrs. Ethel Murphy, G. O. Folin, Frank Stoik.

Second—William Leiper, Wilfred Lalibelle, Henry Peterson and Mrs. Nora Stratton.

Third—Edward Moersch, William Welch, Miss Elizabeth Sheahan and Edgar Anderson.

Fourth—John P. Kroner, Ida P. McDonald, Louis Folin and David Gapin.

Fifth—Con Jorgenson, Oscar Cartend, Mrs. Hazel Kammerer and Patrick Mullin.

Sixth—William Petry, Mrs. Marie Rose, Clarence North and Charles N. Wood.

Seventh—Albert Halverson, John S. Back, Mrs. Mary P. Rose and Mrs. Mattie Peterson.

Eighth—Hector Lahale, Mrs. Laura Davis, Earl Harris and Max Liedtke.

Charles E. Lewis, H. J. MacKillop and Mrs. L. E. Stangly were named as election commissioners, the latter taking the place of her husband, who was a member of the last election commission. The two former commissioners were reappointed.

POLICE BAFFLED BY DARING HOLD UP LAST NIGHT

No Clues Have Been Uncovered to Aid Them in Search.

Aged Proprietor of Little Store Suffers Today from Bruises and Powder Burns.

The entire police force are working today to find some clue which will lead to the discovery of the two masked bandits who about 7:45 last night entered the little store and oil station on the State road near 14th street, and robbed the owner, C. A. Carlson of \$150.

Today Mr. Carlson is at his home, suffering from a bad burn on one hand caused by a shot from a revolver, and he has a severe cut on his head where he was hit by one of the men, when he attacked the other one. Mr. Carlson is 65 years of age, but he did not hesitate to put up a game fight when the two men entered his store.

When the men entered the store Mr. Carlson was seated behind his heating stove and thinking the men were customers he came towards the front of the store only to be confronted by one of the men who pointed a revolver at his head and told him to put up his hands. He was not inclined to favor that sort of an order and instead jumped at the man, grabbing the revolver and grappling with the robber.

The other bandit hurried to the cash register and rifled it of what he could find. He then went to the assistance of his partner whom the aged store keeper had thrown to the floor where struggle was in progress over the possession of the revolver. Twice during the fight the revolver was fired. One bullet entered the ceiling and the other grazed the back of Mr. Carlson's hand, passed on to the wall. With the money from the cash register in his pocket, the second bandit leaped over the counter and struck Carlson upon the head with what was probably the butt of his revolver.

When the storekeeper recovered consciousness there was nothing to be seen of his assailants. The police were then called and started in to try and get some track of the bandits. Mr. Carlson says he would recognize the man with whom he fought, if he were to see him again, as he had torn away the mask, but a very accurate description under the circumstances could not be expected.

Certain information has been given to the police, however, upon which they are working, and while the information in itself may not lead to the arrest of the bandits, it may indirectly give to the department something to work on.

THE WEATHER

Snow probably tonight and Saturday. No much change in temperature.

AT THE COLISEUM

A large crowd attended the Coliseum roller rink last evening at which door prizes were awarded to Miss Izetta Hickey, a fine silk umbrella, and to Stephen Lyons, a fountain pen.

A special racing matinee will be held tomorrow afternoon for the children. There will be a little girls race and also the two boy wonders, Ivan Beauchamp and Edward Shmberg, will be among the racers.

Sunday evening's program will be enlarged by a racing program in which two of the fastest boys in Michigan will take part. John Kelly will race against Earl Girard in a one-mile race. A skate boys' ten-lap race will be the second number of the race program while the 8-year-old boys' wonders will be the opening number.

Rebel General Captured By a Former Officer

MEXICO CITY, Mexico, Feb. 22. General Alvarado, one of the rebel leaders in the west, has been captured in Colima, according to a report given out by the war department. The report which was forwarded by another general stated that Alvarado was taken by a former officer in his ranks who left the rebels and joined the federal troops.

The Escanaba Girl Scout council are having a bake sale tomorrow afternoon between 2 and 5 o'clock at the Ed. Erickson store. Mrs. L. A. Erickson will act as chairman. The baked goods will be cakes, cookies, pies, doughnuts and beans.

MARINETTE MAN DEAD. GREELEY, Feb. 22.—Anton Sloper, 65, of Marinette, died in a hospital here this morning. The body will be shipped to his home Saturday afternoon.

Society

K. C. Dances.

The members of the Knights of Columbus are planning on two dances which are to be given next week at the Arcade hall. Tuesday evening a dance will be given for the members of the cast of "The Glorious Girl" and Wednesday evening the dance will be for the members and their wives and friends.

Bohr's Kittens have been engaged to play for both parties.

Moonlight Dance Tonight.

Everything is in readiness for the big Moonlight Dance to be given tonight at the Arcade hall by the girls of the Fifty-Fifty Club.

The committee in charge has done everything possible to make this a very enjoyable event, and a good time is assured to all attending. J. Williams and his Musical Wizards will furnish the music.

Pantry Sale.

The Woman's Guild of St. Stephen's Episcopal church will hold a Pantry Sale at Needham's Electric store on Saturday, March 1. Sale will begin at 9 o'clock and continue until everything is sold.

Entertain Rainbow Club.

Miss Margaret Goodman entertained the members of the Rainbow Club at her home Wednesday evening. Following a social hour a delicious luncheon was served.

Miss Silverstein Entertains.

Miss Ruth Silverstein entertained fourteen of her schoolmates on Tuesday evening at her home at 210 N. Fifteenth street. The occasion was her fourteenth birthday anniversary. Music and games provided the main diversions of the evening, after which a delicious luncheon was served. All voted Miss Silverstein a most charming hostess.

Chapter Dance.

Members of Delta Chapter, R. A. M. will be the host organization at an informal dancing party to be given in the Masonic club rooms tonight, in which all members of the Chapter, the "Blue" Lodge, and their ladies have been invited. It is expected that the affair will be largely attended. A special musical program has been arranged for the occasion by McCauley's orchestra, and there will be other features.

Pantry Sale—Postponed.

The Pantry Sale to be held by the M. E. Ladies' Aid has been postponed until March 8th. It will be held at Peterson's Flower Shop.

FOR SALE—A three-burner "Berkel" oil stove, in good condition. Reasonable price. Inquire at 231 South Eleventh street or phone 1223-1.
