

Just Between Ourselves

A MORAL ISSUE INVOLVED.

Recently a suit was started by the government against the Radio Corporation of America and other companies interested in the development of the radio business on the ground that these firms were maintaining a monopoly in radio matters in conflict with the Sherman anti-trust law.

Now a suit has been started against the General Electric Company and the Westinghouse interests on the ground that their business is in violation of the Sherman anti-trust law due to their system of manufacturing and distributing electric light bulbs.

A moral issue is involved in suits such as these, the ultimate effect of which cannot be estimated.

Is an inventor or manufacturer of radio apparatus or electric equipment who has spent much time and large sums of money to develop a great convenience, to be protected in his patent rights as a reward for his inventive genius and initiative in putting such a product on the market?

If a man is allowed the rewards due for his inventions in the public interest, his business naturally must be in the nature of a monopoly for the seventeen-year period that he is protected by his patent rights.

Take the electric light bulb as an illustration. Indisputable figures show that the perfection of this present day household necessity has given the public much more light for the same amount of money than it could secure ten years ago or it can get the same amount of light that it had ten years ago at a saving of many millions of dollars annually in electric current.

A business which furnishes hundreds of millions of light bulbs annually under patents granted by the government as a reward for inventive genius, must of necessity maintain an enormous manufacturing and distributing equipment. The size of this business does not prevent some other inventor from perfecting a new light or a new class of electrical equipment which can be manufactured and put on the market by another organization.

The same thing can take place with radio. The patents and manufactured products of present producers, while they may be considered as a monopoly so far as patent rights go, can be made worthless over night by the discovery of some other inventor, and millions invested in present equipment would be lost.

It is not claimed in these suits that the public interest has been poorly served or that the consumer has been overcharged. As a matter of fact, service given by the companies involved could not be duplicated by smaller concerns.

It constant governmental interference with modern industrial organizations, apparently to force compliance with the letter rather than the spirit of the law, going to encourage the American inventor or the American business man to exert himself to give the public conveniences, or is it going to discourage him with the idea that if he does anything on a large scale, he can expect a law suit at the hands of some department of government?

It is one thing to prosecute a law breaker who is actually doing a wrong in itself. It is another thing to pass laws and regulations which make a law-breaker of a man for doing something which is not wrong in itself. How far can this policy be carried in our administration of government before it kills incentive and brings a reactionary effect in American industrial life?

SYMBOLICAL OF YOUTH.

All hail the mouth-organ! It can never take its place in opera and the symphony orchestra, but neither can its place be taken in the life of American youth, in the heart of the homesick and in the need of the man at the front. As long as there is youth there will be mouth-organs. Like marbles, tops, kites and baseball, it is an inalienable right of boyhood.

Evidences of new popularity for the mouth-organ are offered by the radio, the mouth-organ contests, the vaudeville and even some modern drama. It has even been taken up seriously, albeit in a light strain, by the musical organizations of the larger American universities.

But the mouth-organ is at its best in the old familiar airs such as vocalists addicted to harmony love to perform with an adam's-apple tenor and a subcellar bass. The mouth-organ was particularly meant to be sociable and consoling—to assuage the homesickness of the boy who goes from the farm to the city or from home to school.

The world knows its war record, went with the Tommies and the dough boys into the trenches, so much so that it is handed down to fame in a song that says, "Tommy with mouth-organ, 's' at it all the time."

What Will Coolidge Do About Bonus Bill?

BELIEF SEEMS TO BE HE MAY SIGN AT ONCE

However There Are Enough Votes in Both Houses to Defeat Veto.

Many Believe Executive Ready to Affix Signature as Soon as Bill Is Presented.

WASHINGTON, April 24—Advocates of the Soldiers' bonus bill, centered their attention today on the White House. Passage of the insurance measure yesterday by the senate in substantially the same form as approved by the house, left only minor differences between the channels for adjustment in conference, and it is expected to be ready soon for President Coolidge's consideration.

No word on the subject of bonus legislation has come from the president since his message to congress. He declared against a bonus at that time, but it has been predicted in some quarters recently, that he might approve the insurance plan.

At the same time the proponents of the bill have expressed confidence that if he should disapprove it, sufficient votes were assured in both the house and the senate to override the veto.

BALLOONS COME NORTH REPORTS ARE INDICATING

One Was Seen Over Green Bay this Morning, Drifting South.

Last Balloon to Take Off Last Night at 6 O'clock Was the Big Detroit With Von Thaden in Charge.

MANTOWOC, April 24—Car ferry Pere Marquette No. 18, sent a wireless to the local station this morning that an army balloon was seen six miles southeast of this port at about 6 o'clock.

Seen Over Panhandle.

SAN ANTONIO, Texas, April 24—It was announced from a small town in the Texas Panhandle that a balloon was seen over that section of the state about 5 o'clock this morning, but it could not be identified.

Seen Over Green Bay.

GREEN BAY, April 24—A balloon flying at a height of approximately 1000 feet and believed to be the SH of Scott field, was seen over Green Bay this noon. It was drifting in a southeasterly direction.

Seven in Air.

SAN ANTONIO, Texas, April 24—All seven balloons entered in the national elimination race took the air without mishap Wednesday, the last one clearing the ground at 6 p. m.

Balloons of H. S. Honeywell, Kansas City, and B. H. Fournier, San Antonio, sailed close to the ground for about a mile before going up. The others soared high immediately.

The last balloon to take off was the Detroit entry, piloted by Herbert von Thaden.

Legion Attacks St. Louis Branch of Vet Bureau

CHICAGO, April 24—Charges of inefficient administration and willful neglect of disabled veterans have been filed with the Chamber of Commerce by the American Legion against the Ninth District Office of the Veterans' Bureau. The home office of the bureau is in St. Louis.

According to the charges nine-tenths of the local disabled cases are being handled unsatisfactorily and the St. Louis bureau is white washing complaints to keep them from becoming public.

TAX REDUCTION MEASURE COMES UP TO SENATE

Everything Is Being Prepared to Give Full Consideration of This Important Legislation.

WASHINGTON, April 24—The senate cleared the calendar of some minor bills today preparatory to pressing into consideration the tax reduction measure, the major item on its legislative program and the most controversial.

The revenue bill was made the unfinished business of the senate yesterday immediately after the bonus bill was passed. Expecting to get to work on the bill late today, Chairman Smoot of the finance committee, declared it would be held before the senate until definite promise had been made for its disposition. He predicted at least weeks would be required for consideration of the bill, but other leaders expressed the opinion that more time would be necessary.

OIL ENGINEER PANNED TODAY BY SEN. WALSH

A. O. Lewis Almost Accused of Not Being Impartial in Testimony.

Expert Said It Was Necessary That Government Should Drain Teapot Dome or Lose Oil.

WASHINGTON, April 24—Another row over geological surveys at Teapot Dome developed today when the oil committee resumed its hearings.

A. O. Lewis, a petroleum engineer, who testified yesterday that the Dome would have been susceptible to drainage into outside wells had not the government moved to have the oil extracted at once, was recalled to the stand and was asked by Senator Walsh whether he had not been guilty of deception in testifying as an impartial expert.

"The committee thought you an impartial expert," Senator Walsh said, "and every member of the committee is dumbfounded to learn that once before you appeared you had taken a position as to every policy involved in the leasing."

Senator Walsh read a letter written by Mr. Lewis, showing his opinion in the matter, but the witness denied there was any deception and said he was entirely impartial in his studies and conclusions.

U. C. T. Women to Serve a Dinner Saturday Night

The Ladies' Auxiliary to the United Commercial Travelers are planning a dinner at the Eagles hall for next Saturday night at 6 o'clock for the members and their families. After the dinner a regular meeting will be held by the local council and probably an initiation of one or more new members.

Patrick Gannon Is Seriously Ill At the Hospital

Patrick J. Gannon, proprietor of the Colonial Hotel on Stephenson avenue, who is seriously ill at St. Francis hospital, was reported as having had a comfortable night and showing a little improvement this morning. Mr. Gannon was rushed to the hospital a day or two ago for an immediate operation for appendicitis. His condition is still considered as serious.

MAN DENIES GIRL'S CHARGES.

IRON MOUNTAIN, Mich.—Frank Miller, charged with intimacy with 15-year-old Viola Fowles, Waukegan, Mich., pleaded not guilty when arraigned Wednesday on a charge of statutory rape. He was held for trial in circuit court next July.

SENATE COMMITTEE APPOINTED TO INVESTIGATE WHEELER CHARGES IN SESSION IN WASHINGTON

This photograph was made during a hearing held by the special committee appointed by the Senate to investigate the charges that resulted in the indictment of Senator Wheeler. Left to right are Senator Horah (chairman), Senator Swanson, Senator Caraway, Senator McNary and Senator Sterling.

"He'll Break Out Again, and Then Look Out," Says Evelyn

ATLANTIC CITY, N. J., April 24—Harry K. Thaw is still the same menace to society and it won't be long until he breaks loose again. Then, look out!

This was the comment today of Evelyn Nesbit, divorced wife of Thaw, when she learned of the jury verdict in Philadelphia, which, for the third time in twenty years, declared Thaw sane.

AUTO SHOW IS GOING STRONG AT COLISEUM

Attendance Record Is Broken Last Night Over Year Ago.

Two Nights More and Then Event Will Pass into History; Many Strangers in Town.

Just two nights more and then the big annual automobile show will pass into history of the year's most important promotion events. Last night the attendance was larger than a year ago and the two remaining nights are indicated as being record breakers.

Strangers were noticeable on the street today and cars from nearby towns and even from points in Wisconsin have been arriving since morning, so it may be taken that visitors put off taking in the show until the last two or three days.

The "Cointry Store" which was inaugurated to make money for the ball team, still has a large stock of goods and it is expected customers will do their buying there for the next two days, that is if they stop to see the real bargains, that some of the shoppers are taking away with them.

The auditorium is attractive with all the new models of different makes of cars. They are all so spotlessly clean and attractive and many of the booths are giving souvenirs to visitors to make them remember some particular exhibit. If you have not been to the show yet, do not hesitate but go to night or tomorrow.

No Third Party Parley, LaFollette's Son Says

WASHINGTON—Reports that a meeting of Progressive senators was held at the home of Senator Robert M. LaFollette Sunday night for the purpose of discussing a third party movement were denied Tuesday by Robert M. LaFollette, Jr., secretary of the Wisconsin senator. Senator Bill Democrat, Washington, one of those mentioned as having been present, denied he had attended such a meeting.

Senior Class Play Presented May 2; Tickets Ready

The ticket sale for "The Hottentot," the Senior Class play, started today and seats for the same can be reserved at the Office Service Company at eight o'clock Saturday morning, April 25. As a result of the success of previous senior plays, the Class of '24 has decided to stage two performances of "The Hottentot." Especially for the benefit of the grade schools, although others are welcome, the Class of '24 will present "The Hottentot" on the afternoon of May 1st, while the second performance will take place the evening of May 2nd.

The seniors are going after this ticket sale with the spirit which their motto stands for, "We Can Do It," and they sincerely hope that the people of Escanaba will, by buying tickets, carry out their motto, "It's An Escanaba Year."

TERRACE GARDEN SEASON OPENING THIS EVENING

Beautiful Terrace Gardens, the most delightful pleasure spot in the Upper Peninsula will open its spring and summer season this evening with what is promised to be one of the most enjoyable dancing parties ever given at this popular pleasure resort.

A seven piece orchestra has been engaged for the occasion and the opening has been thoroughly advertised. It is anticipated that a great crowd will avail itself of this opportunity to attend the big opening event.

The big dance hall has been re-decorated and made more beautiful and attractive in countless ways and more floor space has been added by a change in the orchestra pit. The landscape gardeners have been busy for several weeks and within a few weeks the grounds surrounding the place will be a riot of coloring and attractiveness.

20 Dozens of Eggs Greeting to Carrier

REEDSBURG—Wallace Bass, mail carrier on route 1 out of this city, was given an unusual recognition of his services. He found small packages of eggs in 20 boxes along his route. Before he reached the end of the trip he had collected 20 dozens of fresh eggs, contributed by practically every patron on his route.

EMBITTERED BY LOVE SPURNED ALLEGED CAUSE

Miss Stopa Shoots Caretaker and Tries to Kill Friend's Wife.

Y. K. Smith, Wealthy Chicagoan, Declares Young Woman Was Never Anything to Him.

CHICAGO, April 24—Miss Wanda Stopa, formerly of Detroit, accompanied by a man, entered the country home of Y. K. Smith, a wealthy advertising man today, shot and killed Henry Manning, the caretaker, and fired two shots at Smith's wife.

"I am going to kill him, too," Miss Stopa is alleged to have holed as she and her companion fled in an automobile. The police were notified and rushed a detail to the office of Dunham & Company, where Smith is employed, took him to the state's attorney's office and left a guard at the office.

Smith explained that Miss Stopa, with whom he said he formerly had been friendly, had demanded that he divorce his wife and marry her. Smith says he had met Miss Stopa when she was employed in the office of the United States district attorney here and that she had returned to Detroit some time ago and he expressed the belief that she had returned to Chicago determined to kill both him and his wife.

She once before had made threats against him, he charged. Miss Stopa and her companion, whose name is said by police to be Ted Galscow, also being sought, Miss Stopa and her companion, according to police, forced themselves into the Smith home, but Smith had already departed for his Chicago office. Rushing into the living room, the young woman began firing, according to the police, and one shot and killed Manning while two others narrowly missed hitting Mrs. Smith.

MEANS IN MORE TROUBLE TODAY

Reports to the Daugherty Committee That All His Important Books and Papers Are Gone.

WASHINGTON, April 24—Gaston B. Means, former investigator in the department of justice and star witness before the senate Daugherty investigation, reported to the committee members today that the extensive collection of books, documents and papers for the investigation had disappeared and an investigation was ordered to determine the whereabouts of the missing papers.

Means told the committee a man wearing the badge of the sergeant at arms of the senate had obtained possession of some of the documents yesterday at his home in Washington.

National Board Speaker Here Friday Night

Miss Maud A. Kinnburg, of New York City, and Field Secretary of the National Board of the Presbyterian Church in the United States, will deliver a lecture at the First Presbyterian church at 7:30 tomorrow night. The fact that Miss Kinnburg is in this vicinity, being in attendance at the Lake Superior Presbytrial, held this week at Ishpeming, accounts for the possibility of having secured her services to talk to the church people of Escanaba.

DELTA CHAPTER SPONSORS FINE ENTERTAINMENT

Large Crowd Assembled in Beautiful Auditorium Last Evening.

One Act Operetta Was Surprise to Audience; Showed Great Deal of Preparation.

Delta Chapter, No. 418, R. A. M., sponsored an entertainment at the Masonic hall last evening in honor of the Blue Lodges of Escanaba and Gladstone, which was largely attended by lodge members from both cities. The program opened with two selections by the Masonic orchestra and was followed by a trio composed of Roy and Rudolph Olson and O. J. Hansen. The trio were obliged to respond to an encore. W. J. Sullivan, member of the High School faculty and master of the English language, was down on the program for a short obituary. His talk was full of sharp wit and humor and showed that he had a well trained memory of words that always came at the right place and just when he wants them.

Prof. Jos. Greenfield, the new head master, who plays most anything that can make a noise, gave two selections on the concertina, accompanied by the orchestra. An unusual number was next on the program, and was furnished by "Beth Randall and Hal". It was a musical act and a good one in which some "jazz" playing was introduced to puzzle the audience.

Rounding out a well balanced program, Richard Kenwell sang two songs in his usual manner and then the orchestra again played a couple of pieces. The one act operetta entitled "The Sleeping Queen" provided the last bit of the evening's entertainment.

The cast was composed of: Mrs. Alda Robb, soprano; Mrs. F. E. Cas, contralto; C. Arthur Anderson, tenor; and Leslie D. Gustafson, baritone. This operetta which lasted for over an hour was a great success to the audience, not on account of the quality of the performance, which is well known to local audience, but for the excellent coordination furnished out. An operetta is not an easy thing to produce. It requires considerable study. Those taking part in the "Sleeping Queen" gave a perfect performance last night and their efforts were appreciated by the audience.

It might be mentioned here that the operetta will be produced at the Scandinavian at Powers this afternoon. Mrs. R. E. Morrill is the pianist and director.

Contributions were in abundance on an American idea that evolved from the "passing of the hat" in place of the old-fashioned warming plate in front of each attendant at church services.

HARRIS DON'T LET THE SOO GET AWAY WITH THEIR TALK ABOUT THIS CITY'S SUCCESS

Soo News Declares This City Pays More for Gas and Electric Current.

City Manager Points Out That Local People Pay Less Than the Residents at The Soo.

A recent editorial in the Soo News charging that this city is paying more for gas, water and electricity than is being charged in the Soo and also that this is the reason for the low tax in Escanaba hit City Manager Fred Harris in a tender spot. He is proud of his gas plant and other utilities and did not like to be accused of receiving a higher rate than charged in other cities of the size.

The News Editorial. The News editorial said in part: "Escanaba's electric and gas rates are in that it indicates a reduction in the tax rate and a smaller payment in 1924 than in 1923 and 1924."

Two things must be known, however, which do not seem to be known to the editors of papers in other upper peninsula cities. One are pointing to Escanaba as an example of what may be done under certain conditions. Another is that the people of Escanaba pay more for their gas, water and light than the people of other cities of the size. It is true that the additional revenues realized from higher prices for these utilities produce more for the city which in the health and more through taxation."

Harris Tells Them. In his letter to the editor of the Soo News, Mr. Harris said:

"I am sorry you printed that editorial relative to Escanaba's 'Way of Figuring.' I can not in justice to ourselves, let it go without comment."

Your bold statement, "The people of Escanaba pay more for their gas, water and light than the people of other cities of the size," is not true. Please, oh please, be sure of your information before you print something that does more harm than years of hard work can overcome."

"Keeping entirely on this one subject, let's set up the public utility charges at Escanaba and at the Soo."

Residential Light Rates	
Soo \$1.02 per 100 ft.
Escanaba \$1.00 per 100 ft.
Average Gas Rate (2,000 Feet)	
Soo \$1.75 per 100 ft.
Escanaba \$1.65 per 100 ft.
Average Water Rate (2,000 Gallons)	
Soo \$1.77 per 100 ft.
Escanaba \$1.72 per 100 ft.

"In compiling the average residential consumer will use 2,000 cubic feet of gas per month. Your gas rate being \$1.75 per 100 cubic feet and \$1.65 for the next 2,000 cubic feet used per month the average consumer would pay at the rate of \$1.675 per thousand cubic feet. Our gas rate is \$1.65 for the first 100 cubic feet per month plus \$1.65 per thousand for the next 2,000 cubic feet a discount of ten per cent. On a basis of 2,000 cubic feet per month we have: First 100 ft. \$1.65

Next 100 ft. 2.67
Gas cost 2.67
Loss 10 per cent27
Net cost 2.39
Average cost \$1.67

"In comparing the average rate paid for water, I have assumed an average consumption of 2,000 gallons per residential consumer per month. The Soo rates consist of a service charge of \$1.00 plus a consumption charge of \$1.77 per 100 cubic feet. For the residential rate, 100 cubic feet would be 1.77 gallons at 9 cents per 100 cubic feet and a monthly consumption of 2,000 gallons would be 17.70 cents plus a service charge of \$1.00 divided by 12 months is 84 cents per month. Therefore the monthly bill would be 24 cents for the 2,000 gallons at the rate of 9 cents per 100 cubic feet. The net rate at Escanaba is 27 cents per 1,000 gallons or the rate of 10 cent per 1,000 gallons."

In conclusion, Mr. Harris invites comment on his letter and says: "We hope at Escanaba, I wonder if you do."

LABOR INTERESTS FIGHT AMENDMENT.

A most bitter warfare is being waged against the proposed labor amendment introduced in congress at the instance of the American Federation of Labor and sixteen other organizations of men and women interested in the common welfare. The opposition to the amendment appears to be centered in Pennsylvania and is being carried out by Representative Graham of that state, chairman of the judiciary committee. The

manufacturers have threatened Senator Pepper and the entire republican party with refusal to contribute to the republican campaign fund this year if the amendment is passed. So intense is the fight against the bill that an executive session of the house judiciary committee, March 12, almost broke up in a list rent. Representative Foster, who had introduced labor's joint resolution for the proposed amendment, moved to make a favorable report to the house. Chairman Graham denounced the proposition and criticized Representative Foster. The verbal battle increased

in intensity until Representative Graham in his anger threatened to resign. He did not, unfortunately, carry out his threat, but finally succeeded in postponing action on the amendment until March 26. From the report of the A. F. of L. Legislative Committee submitted to President Siquel Gompers and published in the April American Federationist.

The Chrysler Six Truly a Sensation

The Chrysler Six is literally "packing the house." Never has a new car attracted such interest as this phenomenal quality light Six. Experienced motorists say the Chrysler is the most sensational and most important engineering development of a decade. They are enthusiastic over its smart European beauty. They marvel at its phenomenal speed and power—68 h. p. and top speed of 70 miles per hour from a motor of 3-inch bore. The sensational pick-up and the gasoline mileage safely above 18 miles per gallon, which result from the perfect Chrysler gas distribution, are enthusiastically praised. The total elimination of vibration, due to the 7-bearing crankshaft and the perfect balance, is a constant delight. The extraordinary steering ease and the perfect control of Chrysler-Lockheed hydraulic 4-wheel brakes elicit the enthusiasm of the most critical. And, finally, even those who have regularly driven cars costing twice as much as the Chrysler Six, tell us they have never seen finer equipment, better materials or more perfect workmanship. You simply must see the Chrysler and test its extraordinary abilities. Come in or phone and arrange for your demonstration.

The Lord of Thunder Gate

CHAPTER I—In a low drizzling rain in the Japanese town of Misaki, Kayama, descendant of the wealthy Asahi, Lord of the Thunder Gate, hosts a girl he wishes to purchase with gold stolen from his father. Following a fight in the street, a drunken white man, speaking perfect Japanese, as well as unobscured English, drawing his father's sword, saves a way of escape. He changes readily with the appearance of a white man, as if he were a remarkable transformation, wearing a note in the Japanese pocket which reads "Wells" and "Wells" in English. He is not a native of Misaki, but a foreigner, and his name is Wells. He is a white man, and his name is Wells. He is a white man, and his name is Wells.

CHAPTER II—Wells, who was born and passed his childhood in Japan, makes his first trip to the United States. In New York, he meets a girl, almost his own age, who does not perceive the deception. He had determined to marry her, but she had been married to a man who had been killed in the war. He had determined to marry her, but she had been married to a man who had been killed in the war. He had determined to marry her, but she had been married to a man who had been killed in the war.

CHAPTER III—Wells returns to Misaki, and is reunited with his father, who is now a wealthy man. He is reunited with his father, who is now a wealthy man. He is reunited with his father, who is now a wealthy man. He is reunited with his father, who is now a wealthy man. He is reunited with his father, who is now a wealthy man.

Wells did not believe that he was really ill. He had these periods of weakness occasionally; none like this, however. He turned his eyes on the man, who had been sitting on the floor, and found himself upon the bed. He just couldn't be sick. It would bring the ship's doctor, Praying eyes. Where did the red spots on the wall come from? He couldn't be sick. He tossed upon the bed peacefully.

Then he remembered when the steward had brought the news. Kayama was given to silent spells, when he spoke to no one. She hesitated to call to him through the door she feared to enter his cabin. Sounds seeped through. He cried in pain.

The little devil's offer fell from the table as she opened the rooming door. Kayama had been sick for her. She saw him lying gray upon the bed.

The Kayama she had known was gone. The color of his face was that of a white man, his mouth seemed stretched to the ear-drums, and he had a look of a man who had been through a great deal of trouble.

For all the attention of counts, money, he looked a ghost. She searched his eyes, and found them staring at her. She had never seen him so before. Then she turned away, and as she passed, she heard him speak. His eyes, slightly withered, opened, and he looked at her. In one hand he held a small white card, very plain at the top.

"What is it, Kayama San?" Ellen asked first, in a whisper.

"I've changed my name," he replied. "Williams. I'm going to call that."

"You said you were Japanese," she said.

SHORT-SLEEVED FROCKS ARE STILL PROVING POPULAR THIS SEASON

(Written for United Press)
NEW YORK, April 23 (United Press)—In spite of last summer's frock controversies, the short-sleeved frock showed no signs of being out of fashion. The frock of this season, however, is not merely a reproduction of last season's frock, which often displayed the entire shoulder, but rather a modification of it.

Many of the frocks which were shown at the recent fashion shows are cut with the extended collar, but the shoulder is not so wide as in the past. A frock which is cut in this manner, and which has a collar which is cut in a similar manner, is a very popular style.

Wise People Get Insured Now

The only time to get out insurance is NOW—not next week, not tomorrow—but NOW. Accidents are not in the habit of selecting the proper time to happen if they did they would NOT happen. You cannot get your accident insurance policy after an accident. You must get it BEFORE.

In January of 1923 The Daily Mirror first started the insurance policy plan for its readers. Propaganda said we could not pay the claims, for the policy was too cheap. More than two years have passed, but still we are paying ALL claims and the insurance company is MAKING money on the people they have insured for us in Delta county.

We have a better policy now than we used the first year. More than 3,000 people in Escanaba will renew their policies this year, finding the policy had increased one hundred dollars in value. Our Thousand Dollar Accident Policy increases in value \$100 each year for five years, so it pays to keep it renewed.

If you have The Daily Mirror in your home, every member of your family between the ages of 16 and 70 can have a policy for \$1.00 a year. The policy pays if you get hurt while riding or walking, and there are no "provisions" to make it hard for you to get your money when you need it.

The Cora Hive I. O. T. M. will be represented at the funeral by a delegation of members.

LOCAL MAN GOES TO SEE MOTHER; HIS FATHER DIES

Jodie Crabtree Returns from
Funeral in Elk City, Okla.;
Called by Illness of
Mother.

Jodie Crabtree of the J. C. Penny Company, has just returned to the city from Elk City, Oklahoma, where he was called by the serious illness of his mother, and while there buried his father, whose sudden death occurred while he was in Elk City.

Mr. Crabtree received a telegram a few days ago stating that his mother was very ill and he had better leave for his home in Elk City as soon as he could. Arrangements were made to leave on the next train. Arriving in his old home on Saturday, he learned that a few days previous to the illness of his mother, his father had gone to Wichita Falls, Texas, to visit another son, but was not feeling well enough to make the trip back home when the news of his wife's illness reached him.

Mr. Crabtree's father, who was 80 years of age, died a few hours later, his sudden death coming as an added

shock to the local man. The following Monday Mr. Crabtree buried his father. Owing to the fact that Mr. Gilchrist had arranged to leave for St. Paul to attend an important meeting of managers, it was impossible for Mr. Crabtree to remain in Oklahoma as long as he wanted to, but his mother's condition has seemed to improve slightly and as other sons and daughters live nearby, Mr. Crabtree returned.

Ladies' Aid Social.

The Ladies' Aid Society of the Swedish Baptist church will hold their monthly social meeting at the church parlors Thursday evening, April 24, at 8:00 o'clock. Rev. Hugo Herrgard will take charge of this meeting. The public is welcome to attend.

Spanheimer, Erickson.

A pretty marriage ceremony took place at eight o'clock Monday morning at St. Patrick's church when a nuptial high mass was celebrated by Rev. Fr. Francis Doyle, who also performed the ceremony which united Miss Alfreda Spanheimer and John Erickson of Milwaukee in the holy bonds of matrimony. The two young people, who are converts, came to this city to be married by Father Doyle, who is a close friend of the couple.

The bride was beautifully dressed in white satin with veil and wore a corsage of sweet peas and bridal roses. The attendants were Miss Helen Casey and Thomas Rapin. Miss Casey wore a georgette crepe dress hat to match, the color being ashes of roses.

A wedding breakfast was served at the Delta hotel, following the ceremony. The couple left for Milwaukee in the evening.

Seidl-Ferguson.

Word was received in the city of the marriage of Miss Marion Seidl, daughter of Mrs. Mary Seidl, 1310 Second avenue, south, to Richard E. Ferguson of Chicago, son of Mrs. Ferguson of Los Angeles, California. After a honeymoon trip to California they will make their home in Chicago.

Important Business Meeting.

The Woman's Auxiliary of St. Stephen's Episcopal church will meet at the home of Mrs. Alec Froberg, 1922 First avenue south tomorrow afternoon at 12:30 o'clock. Business of importance will be transacted and all members are asked to be present.

OBITUARY

B. NELS OLSON.

B. Nels Olson, age 78, passed away at his home at West Ford River yesterday afternoon, after an illness of about two years' duration. The body was removed to the Anderson Undertaking Parlor in this city to be prepared for burial and will be returned to the family home in West Ford River some time this evening.

Funeral services will be held Sunday afternoon at 1:30 o'clock at the family home with Rev. C. A. Lund officiating. Interment will be in Lakeview cemetery in this city.

Mr. Olson is survived by one daughter, Mrs. Andrew Englund of West Ford River, and two grandsons, one of whom is in San Francisco.

EDWARD NAU.

The body of Edward Nau, who passed away at a local hospital several days ago, will be shipped this evening to Evansville, Indiana, where funeral services will be conducted in Mr. Nau's old home.

FREDERICK F. STENSTROM.

The body of Frederick Ferdinand Stenstrom, who passed away yesterday afternoon, was removed from the Anderson Undertaking Parlor to the family home at 1423 Stephenson avenue this afternoon, where it will lie in state until tomorrow afternoon, when funeral services will be held from that place at 3:30 o'clock.

Rev. C. A. Lund will conduct the services and burial will take place in Lakeview cemetery.

Houses with the ground floor mounted on a revolving platform, divided into three rooms, each of which may be brought to the sunny side of the house as desired, have been built in Germany.

CHIMES WILL BE ORDERED WITHIN NEXT FEW DAYS

Notify Rev. Lund If You Wish
to Assist in Making Set
More Complete for
City Use.

Many people of Escanaba have responded to the opportunity of contributing towards the set of chimes now being bought by the Swedish Lutheran church, but the fund has not reached the point where more than two extra tones can be bought. The money donated by the public does not go toward the purchase of the set for the church, but will be spent for additional tones, in order that a greater range of music can be played.

The congregation of the church have the money on hand and ready to pay for the set of ten tones, which is adequate to play all the necessary hymns used in the church, but to play patriotic and other music, from two to four extra tones should be installed. Each tone costs \$500 and the congregation decided their set could furnish a nucleus for any size set the people of the city might want.

However, the church people are anxious to get their set installed and will not wait much longer for contributions. It is not necessary that you pay in the money now after the set is in, which will not be before June 1, if the order is placed within the next few days.

Chimes are a wonderful thing for any city. It makes the city up-to-date and attracts many people on Sundays and holidays. The popularity of chimes has been demonstrated by the broadcasting stations. The New York, Chicago, Pittsburgh and Boston stations say they have more requests to tune in chimes than for any other one feature.

Let's make Escanaba famous as "The Chimes City" of the Upper Peninsula. All contributions are to be sent to Rev. C. A. Lund and as stated previously in this article, it will not be necessary to pay the money until the chimes come just signify your intention of doing so.
