

BANK AT CADILLAC ROBBED OF \$50,000

DEMOCRATS TO MAKE TARIFF PRIME ISSUE?

MINORITY PARTY TO LINE UP AGAINST HOOVER

BY DAVID LAWRENCE (Copyright 1929, by the Escanaba Press) Washington, Oct. 1.—Whether the fight for a flexible tariff is won or lost by President Hoover, the democrats will gain an issue of prime political importance from it.

Target for Attack.—The democrats see in Mr. Hoover's announcement in favor of a tariff commission reporting to the president, with power in the chief executive to proclaim rates, a target for attack.

The vote is close in the senate. If the administration wins, the democrats will carry their fight to the country and argue that the Hoover administration is responsible for the whole tariff bill.

Looking for Issue.—The president's opponents have found themselves checkmated in using the export debenture situation for political purposes because the federal farm board by its personnel and conspicuous steps taken in organizing has managed to divert attention from the export debenture and other plans.

Bessemer Bank Joins New Chain

Milwaukee, Wis., Oct. 1 (AP)—The First National Bank of Bessemer, Mich., today joined the Wisconsin-Upper Michigan Banking group being formed by the First Wisconsin National Bank of Milwaukee.

Fireman Jumps; Drowned in Pit

Grand Haven, Mich., Oct. 1 (AP)—Louis Sytama, 23, was drowned this morning at the Bass river pit of the Construction Materials company when he attempted to jump from the tub Liberty to a gravel scow.

Great Lakes Vessel is Seized on Tip

Boys of '18 Stage Five Mile Parade

By STANLEY G. THOMPSON (Associated Press Staff Writer) Louisville, Ky., Oct. 1.—A pageant of brilliant colors, moving between immense masses of spectators, marched over a five-mile route today in what was declared by legion officers to be the biggest patriotic display America has ever seen.

Two Dead in Georgia as Storm Wanes

Atlanta, Oct. 1 (AP)—Excessive rainfall, high winds and two deaths marked the progress of the tropical storm which squirmed northeastward through Georgia today, after entering the state through the Gulf of Mexico.

State Briefs

(By The Associated Press) Detroit.—For the second time in two weeks a dirigible was damaged at Grosse Ile, Mich., Tuesday. The Goodyear Rubber company's "Puritan" was struck by a gust of wind as it was being taken out of its hangar and carried into a clump of trees near the entrance.

Day in Washington

The senate committee investigating activities of William B. Shearer, former American shipbuilder at the Geneva conference temporarily adjourned.

Killed Under Truck

Flowerville, Mich., Oct. 1 (AP)—Howard Davis, Jr., four years old, was killed instantly at the Grodick gravel pit south of here late today when he was run over by his father's gravel truck.

McNab Selected To Study Work Of Dry Forces

BY RICHARD L. TURNER (Associated Press Staff Writer) Washington, Oct. 1 (AP)—To expedite the contemplated reorganization of federal prohibition enforcement machinery, President Hoover has designated John McNab, a San Francisco attorney, to study the situation in co-operation with interested governmental agencies and formulate recommendations for congressional action.

DETROIT BOY IS KIDNAPED

Detroit, Oct. 1 (AP)—A search of more than 24 hours for five-year-old Jackie Thompson, believed to have been kidnaped from in front of his home at 6 p. m. Monday by two men in an automobile, had failed to reveal a trace of the child to night.

Canada Can't Hold Up Rum

Ottawa, Ont., Oct. 1 (AP)—The Canadian department of justice has ruled formally that the government of Canada has not the power to prohibit by regulation the export of liquor to any country wherein the importation of liquor is prohibited or restricted.

Shearer Dubs Schwab "Star of Bethlehem"

BY FRANCIS M. STEPHENSON (Associated Press Staff Writer) Washington, Oct. 1 (AP)—Photostatic copies of a purported secret British document were turned over to senate investigators today by William B. Shearer, as the examination of his activities in behalf of American shipbuilders at the unsuccessful 1927 Geneva naval limitations conference came to a temporary halt.

UTICA DOCKS WITH \$3,000 BOOZE LOAD

Milwaukee, Wis., Oct. 1 (AP)—The Great Lakes Transit Corporation tonight faced the possibility of losing one of its combined freight and passenger boats, authorities said, because the vessel held illicit liquor when it docked here.

At Legion Meet

She's one of the added attractions at the American Legion convention in Louisville, Ky. Chosen "the personality girl" at the 1928 convention in San Antonio, Miss Harriett Phillips of Fargo, N. D., attended again this year to help North Dakota's famous prize-winning band in leading salutes to the war veterans.

Exempt Ford Duty

Rio de Janeiro, Oct. 1 (AP)—Minister of Agriculture Lyra Castro today gave assurance that the Ford rubber plantations being established at Para far up the Amazon river system would have no difficulty in obtaining exemptions from import duties on material necessary for their development as provided in the terms of the concession as long as the formalities of Brazilian regulations are observed.

Ford Scored by Michigan Women At Convention

Lansing, Oct. 1 (AP)—The thirty-fifth annual convention of the Michigan Federation of Women's clubs opened here tonight in the historic house of representatives chamber of the state capitol, with an attack on Henry Ford for his estimate of modern womanhood.

Captain Declares Cargo Was For Crew

Captain Robert Koch of Buffalo denied that the liquor cargo was carried for purposes other than as use for the crew. W. Frank Cunningham, deputy prohibition administrator, however, said that a Milwaukee bootlegger had been offered a part or all of the liquor before the ship docked.

Coste's Fate Yet in Doubt

Moscow, Oct. 1 (AP)—At midnight, almost ten days after he left Paris in an attempt to set a new non-stop flight record, the fate of Dieudonne Coste and his companion Maurice Bellonte still was in doubt.

Solons Stuck on Tariff Policies

Washington, Oct. 1 (AP)—Senate factions at Loggerheads over the flexible tariff policy appeared today to be more hopeful than confident of the outcome in the first real test of strength in the tariff contest.

Letter on Body Explains Death To Avoid Prison

Detroit, Mich., Oct. 1 (AP)—An explanation of the deaths of Martin J. Fisher, 38, a Detroit confecturer, and Florence Werner, 18, his former clerk, who were found shot to death early today in a lane off a highway near Mt. Clemens, Mich., was discovered, authorities investigating the case said, in a note found on the confecturer's body.

She's one of the added attractions at the American Legion convention in Louisville, Ky.

Canada Can't Hold Up Rum

WEATHER table with columns for Lower Lakes, Upper Michigan, and temperatures for various cities.

WARNS BANKS ON OVERLOAN

Credits Center of Interest at Bankers Convention

San Francisco, Oct. 1 (AP)—The credit situation, center of interest in the mind of America's millions of investors as well as financial leaders, was brought before the convention of the American Bankers' Association in the opening address today by President Craig B. Hazelwood of Chicago.

His flat declaration that the real responsibility of the banker is to see that not too large a proportion of the country's credit goes into the stock market created a stir among the delegates.

"It is definitely known," he said, "that many of our banks and especially some institutions in our larger cities have increased their loans on collateral securities to peaks never before attained. Some of them are over-lending—in some cases they are borrowers, and in some cases even they are not borrowers, they have exhausted their secondary reserves. I know of a considerable number of large city banks whose only recourse to meet new and extraordinary demands for withdrawal of deposits, aside from calling customers loans would be borrowing at the federal reserve bank."

This condition, said President Hazelwood, had led many banks to refuse additional loans for carrying securities. Six percent interest compared with an average of five per cent reflects added demand for stock market credit in addition to the usual fall commercial demands. However, he added business appears to have adjusted itself to the higher interest rate and is going ahead about as usual.

Convention activities of the association of bank women began today with a luncheon in honor of the delegates at the Western Women's club.

Ruthven Soon To Be Official U. M. President

Toledo, O., Oct. 1 (AP)—Dean Alexander G. Ruthven, acting president of the University of Michigan, soon will be named president, members of Toledo University of Michigan Club were told here today by T. Hawley Tapping, field secretary of the Michigan Alumni association.

Dean Ruthven would succeed Dr. Clarence Cook Little, who resigned. Tapping said Governor Fred Green had indicated he would follow the usual policy of keeping hands off university politics.

Franklin Cappon, assistant football coach at U. of M. told the Toledoans the Michigan coaching staff regards the Illinois and Minnesota games the toughest on the Wolverine's schedule. He made no prediction as to the outcome of the Ohio State-Michigan game.

HURL DEFI TO FARM BOARD

Back Up Bluff, Says Spokesman of Cotton Men

By RAYMOND Z. HENLE (Associated Press Staff Writer) Washington, Oct. 1 (AP)—Through two hours of fiery questioning and banging of fists upon the table, Carl Williams of Oklahoma, representing cotton on the federal farm board, insisted before the senate agriculture committee today that there is no short cut to farm relief and that the surest way lies in cooperative marketing development.

Senator Smith, of South Carolina, led the questioning by the southern Democratic senators. He assailed the board's failure to take any action calculated to boost the price of cotton this summer. Williams insisted, however, that permanent adequate relief would be realized only by a coordinate cooperative marketing program.

It would be of little permanent value, the Oklahoma contended, for the board to issue statements threatening to buy up the cotton crop unless it actually planned to do so.

Senator Shouts "The board would have to back its bluff," he said, "and if it did on the present basis of organization of the cotton growers, its \$500,000,000 fund soon would be gone and no fund would be permanently benefited."

Senator Smith shouted at Williams that a statement merely asserting the board intended to fully exert its powers to do something for the cotton growers would have been sufficient, but the board member replied that this would have been a temporary expedient which would have helped little in the long run.

"It would take ten to twenty billions rather than our \$500,000,000," Williams said, "if you want us to fix a price for cotton above that which conditions of supply and demand will permit. We couldn't do that except by buying the entire crop."

The Oklahoma man, who has been designated by President Hoover for the only six year term available at this time, told the committee he favored stabilization operations in crops in emergencies.

BOYS OF '18 STAGE FIVE MILE PARADE

(Continued from Page One)

with the Chicago board of trade, and there was a post from Indians which marched behind a standard announcing that every member is a union coal miner. Indians led Oklahoma's section, and a drum and bugle corps composed of negroes from Charlotte, N. C., added to touch of the cake walk to the goose step while the spectators shouted, "Get hot, boys."

The legion program today consisted of the parade and nothing else, but quickly as the affair was over delegates began conferences on the attitude of their states toward convention business which will be on the floor tomorrow and Thursday. Boston and Los Angeles will, contest for the 1930 convention officers will be elected the next day.

SHEARER DUBS SCHWAB STAR OF BETHLEHEM

(Continued from Page One)

"clumsy, absurd forgery" was received by Chairman Shortridge. Throughout his second day of examination, Shearer stood by his story that all he did at Geneva as the \$25,000 employe of American shipbuilders was "get out the facts and figures" for newspapermen. He said he had conferred with American naval experts to the meeting but he denied that they expressed the hope the conference would not succeed.

Colorful Adjectives Shearer surprised the senators with some of his descriptive adjectives. He referred to Charles M. Schwab, chairman of the board of the Bethlehem Steel corporation, as "The Star of Bethlehem" and to Frank B. Kellogg, former secretary of state as "Nervous Nellie." He insisted that Schwab referred him to a Mr. Homer about doing publicity work for the shipbuilders in 1926.

He disclosed that since he was "dropped" by the shipbuilders he has been working for William Randolph Hearst and organizing patriotic societies in Mr. Hearst's name against American adhesion to the world court. But Mr. Hearst had "fired" him after the senate investigation was ordered, Shearer explained, and "now I am walking around the streets talking to myself."

A telegram from Schwab to Chairman Shortridge of the committee denying knowledge of any interview with Shearer at tonight's hearing was made public tonight. Just before the committee concluded today, counsel for the Bethlehem Shipbuilding corporation called A. B. Homer, the sales manager mentioned by Shearer. He said he talked three times with Shearer but that the naval propagandist never mentioned that he was sent by Mr. Schwab.

Contents Disclosed The telegram of Wiseman regarding the first time it is reported to be the contents of the paper. Wiseman telegraphed as follows:

"I understand that William B. Shearer was handed to the committee of the senate which is now investigating his activities what purports to be a copy of a letter to Right Honorable David Lloyd George under date of June 10, 1919, and on which my name appears in a manner calculated to infer authorship of the document to me. Without having had opportunity to see the document submitted to your committee I assume that it is the same so-called secret document extracts from which have already appeared over the signature of Shearer January and February of this year in a newspaper called the Gaelic American in New York. I wish to record my formal denial that I neither wrote or caused the document to be written or had any knowledge of it until some time after its supposed date when a small pamphlet purporting to be a copy of it was brought to my attention. If it is the document which I assume it is your committee will appreciate from the document itself that it is a clumsy absurd forgery. On its purported date I was not in New York but was at the Paris peace conference."

NO WHEELED CHAIRS NOW FOR W. TAFT

Chief Justice, 72, Starts Off on His Vacation Trip

BY JOHN T. SUTER (Associated Press Staff Writer) Washington, Oct. 1 (AP)—With an even, easy stride, Chief Justice Taft this afternoon walked through the Union station where last June he was starting on his vacation he used a wheeled chair to reach his train.

Today he was returning from a summer at Murray Bay, Canada. Last June he was leaving a hospital where upon the advice of his physician he went for minor treatment.

The chief justice who was 72 September 15, was in a cheerful mood as he stepped from the train and walked through the long shed and station, explaining between characteristic chuckles that Mrs. Taft could not resist the feminine temptation to shop in New York city and had stopped over their to reimplish her wardrobe.

He made minute inquiry concerning the condition of the docket in the supreme court, stating that he wanted to report himself "ready for work."

Mr. Taft has not been idle during his summer. He has already examined many of the 262 petitions for review filed during the recess. In these the court, during the first two weeks of its new term beginning Monday, must winnow the wheat from the chaff and select those which present controversies it must consider on their merits.

Tips Porter The chief justice stopped on the way to the taxicab stand to check the trunk and chatted with the baggage agent. As he looked through his purse and pockets for American money, he remarked that the traveler always got the worst of it in exchanging money of one nation for that of another. The red caps who carried several large hand bags from the train tonight will engage in the money exchange business, converting Canadian money which the chief justice generously added to his tip.

While Mr. Taft shows a loss of girth and some weight, his complexion was excellent and he seemed to have found new physical strength during his absence from Washington.

With the cooperation of the eight associate justices, he has succeeded in removing congestion from the docket of the supreme court and in bringing its business so nearly to date that the court early next year will have difficulty in finding cases to consider. And on Thursday he will hold his annual conference with federal circuit court judges to consider the condition of business in the federal courts throughout the country. These conferences already have brought about marked improvement, and the forthcoming one will devote three days to an effort, with the assistance of Attorney General Mitchell, to devise means for further improvement.

SKULLS MAY PROVE THAT INDIANS CAME FROM ASIA

Ralph Glidden, archaeologist . . . with part of his collection of skulls.

Catalina Island, Calif.—Ralph Glidden, archaeologist for the American Indian Eye Foundation, who for 17 years has been doing research work on the channel islands off the Pacific coast, believes he has found the proof to support scientists' theory of the origin of the American Indian.

Investigation of hundreds of skulls found by Glidden leads him to believe that the Indians may trace their ancestry to Mongolians who first drifted to America from Asia across the Behring Straits in the north Pacific.

"The structure of some of the skulls is different from that of the American Indian of even the most primitive type," he says. "They indicate a Mongolian influence."

"Evidently the war-like Mongolians of the upper channel islands now known as San Miguel, San Nicholas, and Santa Cruz.

"These northern Indians are classed in the Chumnashan family. The original inhabitants of the southern group belong to the Shoshonean family. The latter Indians, incidentally, show strains of an intermingling with the Arctics and Peruvian 'white' men.

"Perhaps, when the work is completed, more will be known of the origin of the aborigines."

U. S. OFFICER IS INDICTED

Murder Charge Grows Out of Automobile Liquor Search

International Falls, Minn., Oct. 1 (AP)—Emmet J. White, 24, of Duluth, United States customs patrolman, was indicted late today on a second degree murder charge for killing Gust Henry Wirkkula of Big Falls, Minn., the night of last June 8 while White and another officer were searching for automobiles carrying liquor. White will be arraigned here tomorrow to enter a formal plea in district court.

The grand jury of 22 men and two women spent slightly more than three hours in examining witnesses and deliberating before returning the true bill.

Patrol Not Surprised White, who is out on \$5,000 bail, announced that he was prepared to appear tomorrow. He expressed no surprise at the action taken by the grand jury, although he had nothing to say of his plans.

The arraignment is expected to be purely a formal matter with White entering a plea of not guilty after which Lewis L. Drill of St. Paul, United States district attorney, will have four days in which to carry out his announced intention of applying to federal district court at Duluth for removal of trial of the case to that jurisdiction. Decision on this application will be made by the federal court which does not convene in Duluth until December 3.

Car Was Flagged David Huriburt, Koochiching county attorney, preparing for a federal court trial in event of removal of the case from the state court here, late today filed an application which was granted by Judge Feeler appointing O. J. Larson of Duluth, former congressman, as special assistant county attorney to assist in the prosecution of the indicted patrolman.

Wirkkula, who was shot after the officers attempted to flag down his car on a road about 25 miles south of here, pleaded guilty six months prior to the shooting, to a charge of maintaining a liquor nuisance, was fined \$100 and costs in municipal court.

Because of some confusion in the use of his name, the name of the slain man was not generally associated with that of the man who had pleaded guilty to the liquor charge. "H. Wirkkula" was the name given in court. He was known as "Gus Wirkkula" at Big Falls, whereas "Gust Henry Wirkkula" was his legal name.

will try to make the tariff an issue in the 1930 elections and that's what their bombardment of Mr. Hoover on executive usurpation means at this time.

Dolores Costello Awaiting Stork

Hollywood, Cal., Oct. 1 (AP)—Dolores Costello, motion picture actress, in private life Mrs. John Barrymore, today announced her retirement from the screen—for the time being at least. The reason, she and her husband said, was the expected arrival of an heir or heiress in the Barrymore household.

RESORT HOTEL BURNS Stanton, Mich., Oct. 1 (AP)—Clifford Lake hotel, resort hostelry six miles west of here, was destroyed by fire tonight with an estimated loss of \$30,000. F. W. McConville, manager, who resides there with his family throughout the year, said chimney sparks started the blaze. Stanton firemen responded and devoted their efforts to saving the resort colony cottages.

BRITAIN SOON TO JOIN WITH THE SOVIETS

London, Oct. 1 (AP)—The resumption of diplomatic relations between the Labor government of Great Britain and the Soviet government of Russia now awaits only approval by the British parliament and formal ratification by the two governments.

Foreign Secretary Arthur Henderson, and Valerian Dolgalevsky, Russian ambassador in Paris, reached an agreement today in a secret conference at Lewes in Sussex, on the procedure for settling the difficulties which have kept the two powers apart since the Conservative raid on Arcos House in 1927.

With the assistance of foreign office experts, Mr. Henderson agreeing to the Russian desire for exchange of ambassadors before taking up controverted questions, arranged with M. Dolgalevsky an understanding on the question of propaganda and on the list of questions to be negotiated later.

Mr. Henderson, who motored to Lewes from the Labor party conference at Brighton, gave the general lines of the discussion in a press interview.

Approval by parliament is considered virtually certain, because the Liberals will vote with Labor in favor of the resumption of relations. Mr. Henderson and M. Dolgalevsky will sign a document now being drafted, which embodies the terms of the agreement, before the Russian plenipotentiary leaves for his post in Paris on Friday.

Ship on Rocks; Rescuers Bring Crew Back Safe

Miami, Fla., Oct. 1 (AP)—The crew of the foundered Princess Montague, Miami to Nassau, passenger and freight ship, came home today leaving the wreck of the once palatial yacht of Julius Fleischmann on Tony Rocks, Bahamas, and bringing a thrilling tale of a battle with the treacherous West Indian hurricane.

Scheduled to sail for Miami Tuesday morning the ship, now the property of the Inter-Island Steamship company, a Barron Collier interest, postponed her departure when warnings of the hurricane came. Captain Althor Songdahl had the lines made fast to the docks and dropped two chain anchors.

At 3:34 a. m. Wednesday the Princess yielded to the terrific winds and tore the moorings out of her Nassau dock. On the bridge was Captain Songdahl. How he stayed there for 30 hours while the craft attempted to ride out the roaring gales none could explain. The master called on the engine room for its maximum power. Finally steam from straining valves and loosened joints forced the engine room crew to bind their heads in wet sacks.

Three-quarters of a mile from her moorings the Princess' stern struck Tony Rocks and the ship began to list heavily. The crew expected the ship to topple over immediately, but apparently the rocks held her fast. All through Wednesday until Friday night the wind pushed at the stricken ship.

The craft's water supply was tainted with salt and her provisions sea-drenched. Finally food and water came from the shore through the efforts of two members of the crew, who had remained on land. The seas and winds subsided sufficiently at 1 a. m. Saturday to permit the crew to abandon the ship.

The captain and an assistant officer remained at Nassau to direct salvage operations.

Two women were among those receiving scholarships awarded by the Miners' Welfare National Scheme of England this year.

Authorize 100 Pennys Engines

New York, Oct. 1 (AP)—The Pennsylvania railroad announced today that the board of directors had authorized construction of 100 new locomotives of the mountain type at an estimated cost of \$9,000,000. These new engines will be of the type designed by the railroad in 1923, capable on a level track of pulling a train of 125 loaded cars.

DETROIT BOY IS KIDNAPPED

(Continued from Page One.)

90 minutes later apparently much relieved. He refused to answer questions put to him by police. Officers said they believed Thompson was withholding vital information from them and decided to let him make the next move.

Jackie, the missing child, is described as weighing about forty pounds with medium brown hair and eyes. There is a small birthmark on his left cheek and a small scar over his ear. He was wearing a black leather coat, blue overalls, brown sandals, and short hose. He was hatless.

SCIENTIST BETTER

Chicago, Oct. 1 (AP)—Still facing a crisis but gaining some of his lost strength, Dr. A. A. Michelson continued his fight against pneumonia today. The 77 year old scientist felt no pain, his physician said, and they expressed new hope that he would recover.

TOO MUCH GRAIN

Port Arthur, Ont., Oct. 1 (AP)—With day port and Montreal elevators crammed with grain, shipping at Port Arthur and Port Williams has been at a standstill for the past two days, although elevators at the head of the lakes are full. There is no place for the grain to go.

Excise officials reported that the harbors of Port Arthur and Port Williams never before have been so quiet. According to the lake shippers' clearance association, not one vessel is upbound light for grain.

Cruiser Cleveland Consigned to Junk

Washington, Oct. 1 (AP)—The 2,200-ton light cruiser second line, U. S. S. Cleveland, which arrived September 8 from duty in Central American waters, has been ordered stricken from the navy register and will be offered for sale as unfit for further naval service.

It is now being decommissioned at the Boston navy yard.

The secretary of the navy, in making this announcement today, called attention to the fact that disposal and offering for sale of 13 old cruisers previously has been approved.

Another Bank Joins Guardian Detroit Union

Grand Rapids, Oct. 1 (AP)—Affiliation of the Grand Rapids National bank with the Guardian Detroit Union group, a state-wide banking combine with total resources of more than \$400,000,000, was announced here today.

Acquisition of the local bank with its nine branches gives Grand Rapids representation in the organization which already has banks in Kalamazoo, Lansing, Battle Creek, Flint, Jackson, and Port Huron in addition to ten important Detroit houses.

With the new affiliation Dudley E. Waters, former president of the Grand Rapids National Bank, resigned as president and will become chairman of the board. Joseph H. Brewer will succeed him as president.

The entire personnel of the local bank and its branches will be unchanged it is announced.

Ford Putting New Radiator On 'Em

New York, Oct. 1 (AP)—The Standard Statistics company reported today that its advices from Detroit indicate that the Ford Motor company is now cleaning up the last of its production on the present Model A cars and will soon cut down its output rapidly, practically curtailing production for 30 days, before production of new models gets underway. Changes are understood to be of a minor nature, including the raising of the radiator shell one and one-half inches, and carrying out of smoother stream line design, and a few mechanical improvements.

Russians Ready, Fly to Seattle

Sitka, Alaska, Oct. 1 (AP)—The four Russian aviators, flying from Moscow to New York, announced today that they would leave here at daybreak tomorrow in the monoplane "Land of the Soviets" for Seattle.

M. R. Keyworth to Be Speaker at Teachers' Convention

Objectives and activities of the Michigan Education association will be explained by President M. R. Keyworth at the general program on Friday evening at the Coliseum during the seventh district convention. The meeting will bring about two thousand teachers from all parts of the upper peninsula to Escanaba.

Mr. Keyworth is superintendent of Hamtramck public schools. He was elected president of the Michigan Education association by a unanimous ballot at the last representative assembly. He succeeded Supt. J. W. Sexton of Lansing to the presidency on July 1.

President Keyworth was the organizer and first president of the Hamtramck Rotary club. He has been a Rotarian for eight years, and is at present governor of the twenty-third district. He came to Hamtramck as its superintendent of schools in 1922. His development of a unit functional school system in Hamtramck, a city of forty-one nationalities in the most congested industrial area of Michigan, is considered a signal achievement in education.

Superintendent Keyworth took his preparatory work at Ferris Institute. He is a graduate of Central State Teachers college. He received his A. B. degree from Michigan State Normal college and his M. A. from the University of Michigan. His superintendencies preceding his services at Hamtramck are as follows: At Lake City, 1909-14; at Gaylord, 1914-18; East Jordan, 1918-21; Hastings, 1921-23.

President Keyworth is a member of the American Educational Research Association for Advance Michigan State Council of Immigrant Education and the American Education Committee of Detroit.

More Automobiles Needed for Teachers

A final appeal for automobiles to transport the teachers during the convention this week was made yesterday by H. D. Brackett, chairman of the transportation committee of the Escanaba Chamber of Commerce.

Those persons, who are willing to donate the use of their cars, are urged to notify Mr. Brackett or the Chamber of Commerce office. Paper stickers, with the words, "Courtesy Car—Hop In," will be furnished to those offering their help.

The automobiles will be assembled at the Coliseum Thursday morning when the drivers will receive their instructions.

ON THE UP AND UP
AGITATOR: There ain't a industry in this country we're lookin' up.
BYSTANDER: Oh, ain't there? What about 'astronomy'? — The Humorist.

SOCIAL

Cast of Play Entertained

Rt. Rev. Magr. Jacques, pastor of St. Anne's parish, entertained the members of the cast of "My Friend from India" at a dinner at the Peterson Tea Room Monday evening. After the dinner cards were played at the rectory. Honors went to the Misses Louise Poirier, Irene Villemure and Blanch Fillion. Gentlemen's awards went to Gust Trottier, Albert Doucette and Alfred Labrache.

DeMars-Sorensen

Beautiful in its simplicity was the marriage ceremony which united Miss Lillian DeMars, only daughter of Mr. and Mrs. Edward DeMars, 505 South Fifteenth street, and Marshall Sorensen, son of Mr. and Mrs. Oscar Sorensen, 6449 Milwaukee avenue, Chicago.

The ceremony was performed by Rev. Fr. William, pastor of the Church of St. Theresa, at Chicago, Tuesday, September 26, in the presence of a number of relatives and friends.

Immediately after the church ceremony a breakfast was served to fourteen guests at the Merrimac hotel. The tables were handsomely appointed, gaidoli and ferns and smilax being used in the decorative scheme.

The bridal gown was of brown transparent velvet with hat, shoes and other accessories of corresponding shade. The maid of honor, Miss Florence Rowan of Chicago, a cousin of the bride, wore a blue transparent velvet gown, a blue velvet hat, tan shoes and smilax being used in the decorative scheme.

Victor Blomstrom, Jr., of this city, who is a student at the Northern Illinois College of Optometry, was best man.

Out-of-town guests included Mr. and Mrs. Edward DeMars of Escanaba, Mrs. Mary Rowan and son Bernard, Milwaukee, and Martin Paulson of Seattle, Wash.

The bride was born and reared in this city and attended the local schools. Later she attended Cloverland Commercial college and was employed at the Michigan Bell Telephone company's office here. Mr. Sorensen attended St. Joseph's high school and has been employed by the Standard Oil company at the filling station at Ludington and Eleventh streets.

They will make their home at 505 South Fifteenth street.

Voght to Attend Meet at Lansing

El. C. Voght left last night for Lansing, where he will attend a meeting of the state conservation commission.

The matter of establishing rearing ponds for fingerlings in various parts of the upper peninsula will be discussed at length at the meeting.

CITY IGNORANCE

"We are now," announced the guide, "passing through a rural hamlet."
"Oh," exclaimed the sweet young thing, "I always thought a hamlet was a little pig." — Tit-Bits.

To Take Job In U. S.

Associated Press Photo

Knute Eckener, son of Dr. Hugo Eckener, commander of the Graf Zeppelin, will leave Germany early in October to take up a new job with the Goodyear-Zeppelin Company of Akron, Ohio.

Will Lecture On India at Danish Lutheran Church

A lecture on mission activities in Santalistan, India, will be given by Mrs. M. A. Peterson under the auspices of the Ladies Aid society of the Norwegian-Danish Lutheran church on Thursday afternoon at 2:30 o'clock in the church parlors.

Mrs. Peterson, with her husband, has spent many years in missionary work in India. Her message will therefore be the testimony of one who has seen and heard. All are cordially welcome.

Lansing—The Lansing plant of the Fisher Body Corporation, will shortly add two new buildings to its factory here, Ernest E. Leeder, plant manager, announced Thursday. The program means addition of 100,000 square feet of floor space and the expenditure of nearly \$1,000,000.

Ann Arbor—Homer F. Carey, former professor of law at the University of Wisconsin and Kansas, has been added to the faculty of the University of Michigan law school teaching subjects in law and property, it was announced Thursday.

AMUSEMENTS

AT THE DELFT

Irving Berlin's irresistible music is a feature of the all-talking, all-singing, all-dancing, all-laughing moving picture musical comedy, starring the Marx Brothers, "The Cocoanuts," now at the Delft.

The famous composer wrote the score for the stage presentation of "The Cocoanuts," a Broadway hit of two seasons ago. "When My Dreams Come True," especially for the moving picture.

Oscar Shaw and Mary Eaton, two brilliant Broadway artists, famous for their many appearances in Ziegfeld's Follies, carry the romantic leads in the picture and sing the Berlin song. The Marx Brothers, intangible comedy men, keep the laughs rippling throughout the picture.

Berlin made many visits to the studios during the filming of "The Cocoanuts," and, on several occasions, he directed the orchestra.

AT THE STRAND

Sparkling waters—a great stretch of ocean with nothing in sight but a lighthouse—a spectacle of calm and peace.

A beautiful girl sits at the end of the pier taking in this scene. She is Dee Renaud, called "The Devil's Sweetheart," who intrigues ticket buyers to a summer amusement park concession called "Hell."

The lighthouse symbolizes the life she would like to lead. It forces on her the belief that the time has come for her to take hold of herself—and she does.

How she changes her ways is told in "The Woman from Hell," Fox Film directed by A. F. Erickson, featuring Mary Astor and based on the stage play, "From Hell Came a Lady," which opens today at the Strand Theatre.

How Weak Nervous Women Grow Stronger

Feel Better, Look Younger and Have Steadier Nerves

If you only knew—you rundown, anemic women—who are dragging yourself around on your "nerve"—what a wonderful increase in strength and health Tanlac will give you, you wouldn't hesitate a moment about going to your druggist and getting a big bottle of this splendid medicine.

Mrs. Mabel Wagoner, of 101 Norton Court, Akron, Ohio, says: "I was weak, frantically nervous and suffered from indigestion and dizziness. Tanlac gave me new energy right to my finger tips. I gained 17 lbs. and now feel spry and active."

Tanlac is as free from harmful drugs as the water you drink—only Nature's own medicinal tonic herbs. Druggists know this and for the past 10 years have recommended it to men and women who need a quick "pick up" that will put them on their feet and give them a new interest in life.

So confident are the makers of Tanlac that if you are not helped by it you get your money back on request.

Lauerman's HARVEST DAYS

We Sell for Less Cause We Buy for Less

"Built on Values—Growing on Values"

Violet Rays of Sunshine

not "artificial treatment"—make OLD GOLD ... a better and a smoother cigarette

OLD GOLD brought about a great change in smoking habits. It gave smokers a new freedom of enjoyment ... without any forbidden limits.

The man who used to say "I can't smoke until after lunch ... my throat is sensitive in the morning" now finds that he can "light up" whenever he pleases. For his morning OLD GOLD has no more throat-scratch than his breakfast omelet.

Likewise all those who have to guard their throats ... salesmen, singers, actors, and the like ... no longer

have to stint their smokes, for OLD GOLD is as free of throat irritants as a glass of spring water.

Better tobaccos did it ... naturally good tobaccos ... extra-prime leaf made irritation-free by the violet rays of sunshine ... not by "artificial treatments."

If you like food that is naturally good, instead of food made good by "artificial treatment" ... you're sure to prefer OLD GOLD'S natural tobacco smoothness. Try a package ... and get a vote of thanks from both your throat and taste.

Mother Nature makes them smoother and better ... with "not a cough in a carload"

On your Radio, OLD GOLD—PAUL WHITEMAN HOUR. Paul Whiteman, with his complete orchestra, every Tuesday, 9 to 10 P. M., Eastern Standard Time

FIRE DAMAGES BOVINE HOME

Cause of Blaze Mystery; Unoccupied Several Weeks

Fire of unknown origin did about \$500 damage to the house, owned by Frank Bovine, on the Ford River road at 6:15 o'clock yesterday morning.

The flames burned a large hole in the floor and destroyed a partition wall, three beds and a few other pieces of furniture. Although the house was furnished, it was not occupied as Bovine had been living for the past several weeks at Northland.

An open window indicated that the place had been entered recently, and it is believed that the fire might have started from a carelessly thrown cigarette or match.

Glen Beal, who lives nearby, noticed smoke issuing from the place when he arose in the morning. He summoned the fire department, which promptly extinguished the blaze with the use of chemicals.

Considerable smoke damage was also done throughout the building.

BAD BREAK FOR BEAUTY JUDGES

Here are three young entrants in the first annual beauty contest to be held in Los Angeles in October who are going to make it difficult for the judges to say who's prettiest. Left to right: Nancy Castle, June Blossom and Betty Curl.

CITY BRIEFS

Vincent Farrel of Chicago arrived in the city a few days ago, having been summoned by the illness of his daughter who is a patient at St. Francis hospital.

Mrs. Thelma Leclair of Oconto Falls has left for her home after a few days' visit in this city and at points in the county.

Mr. and Mrs. Arthur Peterson have returned from Boston, Mass., where they attended the Florists Telegraph Delivery association convention. They also visited at Washington, D. C., New York City and Norfolk, Va., enroute to their home.

Mr. and Mrs. Arthur DeMers and daughter Mary Jane and Mr. and Mrs. Frank Burke attended the Martin Schlies wedding dinner at Schaffer Monday.

T. E. Culbert transacted business at the Soo Monday.

J. J. Cox has returned from Iron Mountain and Hermansville where he transacted business.

Mr. and Mrs. E. M. Richer and daughter Irene and Mr. and Mrs. R. J. Viou have left by motor for Milwaukee where they will visit with relatives and friends.

Mr. and Mrs. Buckland of Rhineland have left for their home after spending a week here with friends.

Mr. and Mrs. Ed DeMers, South Fifteenth street, have returned from Chicago where they attended the wedding of their daughter.

Lawrence Roberts who is employed by the C. & N. W. Ry., at Chicago, is spending three weeks with his parents, Mr. and Mrs. Henry Roberts at Flat Rock.

Mr. and Mrs. Donald Roberts of Marquette are visiting at the Henry Roberts home at Flat Rock.

ry Roberts home at Flat Rock.

Mr. and Mrs. Max Elliot of Pembina have returned to their home after a few days' visit with Mrs. Elliott's mother who has been ill at her home.

Marvin Burns, who spent the week-end with his cousin, Walter Coolman, returned Monday to his home at Chicago.

OBITUARY

MRS. GEORGE HANSEN
Death came last night to claim a young mother, Mrs. George Hansen, 17, of Stonington, who passed away at a local hospital after giving birth to her first child.

Mrs. Hansen was the daughter of Mr. and Mrs. John Anderson of

COMING OCTOBER 4TH

A WORTHY SUCCESSOR TO A GREAT SUCCESS ..

THE 1930 NASH "400"

PROCLAMATION

For some years past it has been the custom to inaugurate a campaign of education and action for Fire Prevention, with the view of reducing the great unnecessary fire losses which cause an enormous destruction of property each year.

The time designated for this commendable undertaking is the second week in October of each year, therefore as Governor of Michigan I proclaim the week from

OCTOBER 6 to OCTOBER 12, 1929, FIRE PREVENTION WEEK.

The work which will be accomplished during that period will result in a great saving of life and property, therefore it is essential that it be given the co-operation which the movement deserves. It should be observed in cities, villages, and rural communities to the fullest extent.

Heretofore there has been a lack of extending fire prevention week into the rural districts where it is so much needed. A scattered population, numerous buildings grouped and no means or apparatus for fighting fire, the farmer is quite helpless in case his buildings take fire, facing the complete destruction of his accumulations of years.

Therefore, it is hoped that the work may this year be extended into the rural districts.

Great benefits would follow in the years to come if teachers in rural schools would instill in the minds of the growing pupils the most common dangers of fire on the farm, and how to combat them, with the suggestion that they closely watch for fire hazards, that their parents be advised and the property made safe.

With the near approach of time for the starting of heating plants, furnaces, stoves, pipes, chimneys, etc., should be placed in safe condition, rubbish removed and burned, all combustibles, gasoline, oils, paints, varnishes, etc., should be safely stored.

The marked interest shown by the Michigan Fire Chiefs' Association, in their efforts to make Michigan safe from fire furnishes an example of what may be accomplished by other similar organizations. Through the united action of the citizens of our state, it is hoped that we may be able to continue to

decrease the great unnecessary fire waste.

Given under my hand and the great seal of the state this twelfth day of September, in the year of our Lord one thousand nine hundred and twenty-nine, and of the commonwealth the ninety-third.

FRED W. GREEN,
Governor.

Safety Committee Of Railway Meets

The Peninsula division safety committee met yesterday afternoon at the office of Superintendent F. W. Lloyd. About fifteen persons were present.

Out-of-town members present were: J. C. Byrns, district car builder, Kaukauna; W. H. Dolan, division freight inspector, Green Bay; and C. H. Longman, supervisor of safety, Chicago.

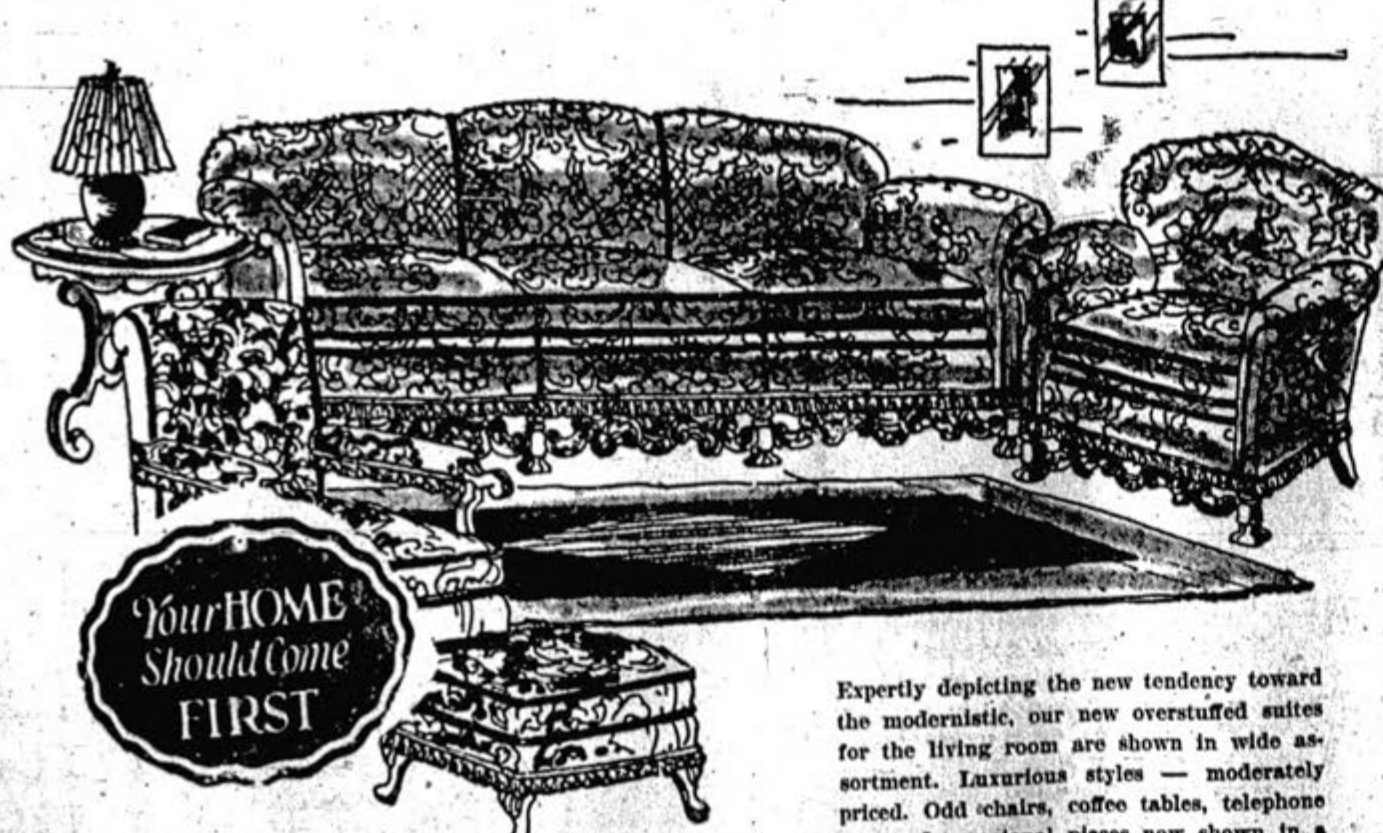

Minnesota is banking on Bronko Nagurski to put the punch in its 1929 backfield.

GLADSTONE NEWS

BOWLING MEET FRIDAY NIGHT

Plans for Big Season Will Be Completed at Gathering

A big meeting of all Gladstone bowlers, members of the Gladstone Bowling League and others, has been called for Friday evening, October 4, at the Riatio building.

The meeting has been called to make arrangements for one of the biggest bowling seasons Gladstone has ever seen and it is urged that every one in the city interested in the sport be present at the meeting.

Walter Olson, president of the Gladstone Bowling League and Walter Vandeweghe, secretary of the league, and one of the best bowlers in this section of the peninsula, will be on hand to conduct the meeting.

Organization of the Gladstone League for the 1929-1930 season and all the business in connection with it will be taken up at the meeting.

The meeting will be called to order promptly at 8 o'clock.

CONTEST IN MUSIC CLASSES IS STARTED

A music contest in which awards will be given those who do not miss lessons during the year, has been started in the classes of Sister Alice of the Sisters of St. Joseph, All Saints' music department.

The contest is open to all pupils in regular classes and pupils of cornet, clarinet and saxophone as well.

Lessons missed because of illness may be made up and pupils continue in the contest, but no other excuse will be taken.

Awards will be presented at the close of the year.

HE'S 80, SHE'S 69—THEY ELOPE!

He is 80 and she is 69, but to get married—they had to elope! David De Lair and Mrs. Rachae Cameron, sweethearts when youngsters found objections from the former's guardians, stopping their wedding plans for three months, and finally eloped to Council Bluffs, Ia., and were married. Now De Lair's guardians say De Lair will never get possession of his \$60,000 estate unless he returns to his home, Oketo, Kan., and annuls his marriage. The case is now in the Kansas courts.

MISS McDIARMID ENTERTAINS ON ANNIVERSARY

Miss Kathryn McDiarmid, daughter of Mr. and Mrs. William McDiarmid, entertained a party of her friends Friday evening on the occasion of the twelfth birthday anniversary.

A six o'clock dinner was served followed by bunco contests. Miss Marjorie Mulvaney won first prize, Miss Helen Crawford, second and Miss Claire Sword consolation.

Those present included Misses Marjorie Mulvaney, Helen Crawford, Claire Sword, Helen Mae Brown, Lorraine LaFrambois, Betty June Quistorf, Lenore Olson, Betty Schwahn, Mickey Nevaux and the hostess.

BOY SCOUTS HONOR THEIR SCOUT MASTER

A social hour, planned by the Boy Scouts themselves, in honor of Rev. H. W. Colenso, their scout master, was held Monday evening following the regular Boy Scout meeting at the First Methodist Episcopal Memorial church.

The affair was arranged entirely by the boys and came as a complete surprise to Rev. Mr. Colenso.

The observance was in recognition of the entering of Rev. Mr. Colenso upon his eighth conference year as pastor of the Methodist church here.

Army and Notre Dame play their annual game at the Yankee Stadium, Nov. 30.

OVERHAULING CLINTONVILLE CITY TRUCK

Plan to Use Truck for Snow Plow Work.

The city's Clintonville four-wheel drive, three-ton truck has been re-painted a battleship grey, has been entirely cleaned, and is now undergoing a complete overhauling.

The Clintonville truck will probably be used for snow-plow work in preference to the Oshkosh truck which was purchased by the city at auction at the same time, because it is heavier and has more horsepower than the Oshkosh.

At present the Oshkosh and two smaller city trucks are being used to haul gravel for the street work which is now in progress on Montana avenue. The three trucks are hauling practically all that the mixer is able to take care of, and the work, progressing in fine shape, is now well into the second block.

School Board Meets Tonight

The October meeting of the Gladstone Board of Education will be held this evening in the school offices, Junior high school building. Regular business will be transacted.

Mission Aid Meets Thursday

The Ladies' Aid society of the Swedish Mission church will meet Thursday afternoon at 2:30 o'clock in the church parlors. Mrs. Ole Olson will be hostess. A hearty welcome is extended to all.

Lizard-Skin Notepaper Now The lizard skin idea, which started with shoes, has appeared in notepaper in Europe. The paper is a realistic imitation of lizard skin. It requires a special ink, which is supplied in shades to tone with the paper, which may be had in biege, green or grey.

Plan Rally And Reception

Plans for an Epworth League rally to be held in October and a reception for teachers to be held Monday, were discussed at a meeting of the Epworth League cabinet, First Methodist Episcopal Memorial church, last evening. The meeting was held in the parsonage. Plans for both events will be announced later.

Sunday School Board Meets

A meeting of Sunday School board of the First Methodist Episcopal Memorial church will be held Thursday evening at 7:30 o'clock at the church. Rev. H. W. Colenso will be in charge of the meeting.

Deaf May Hear Talks

Deaf people may be able to hear talking pictures if the equipment being used in two legitimate theatres of Paris is found applicable. Seats are fitted with headphones so that those hard of hearing may hear every word spoken on the stage. The patron who desires the use of phones makes application for them when buying his ticket. He plugs the flexible cord of the instrument into a socket in the back of a seat in front of him.

Now read the Classified page.

Personal

Would like to locate at once person with Ford car who brought the boy home to Gladstone after accident between Oster and Trenary on Saturday night, September 21st. Please write or call Mrs. Zoellner at 512 Ludington St., Escanaba.

A City of New Telephone Buildings

IN 1926, the Michigan Bell Telephone Company entered upon the largest expansion program in its history. The intervening three years have witnessed the engineering and construction of 25 new telephone buildings and major building additions throughout the state.

Grouped together, these structures, housing thousands of telephone workers and millions of dollars' worth of equipment, would make an imposing "business city."

But this building construction represents only a portion of the extension of telephone plant by this Company during that period. Total expenditures for telephone plant expansion in Michigan the past three years were \$72,000,000, greatly increasing facilities and improving the service. This is a continuing program, for as business and social activities increase, demand for still greater telephone expansion develops.

This plant expansion and improvement would be meaningless if it were not translated into terms of service and a desire to afford increasing telephone comfort, convenience and satisfaction, and to meet the growing needs of the state.

Our policy—"To continue to furnish the best possible telephone service at the lowest cost consistent with financial safety"

DIRECTORS:

Make your heating system

lifetime investment

YOU should buy a heating system only once. You may reasonably expect a lifetime of service from the modern Holland Vaporaire. There is nothing in its construction or principle of operation that will be obsolete in the years to come. Excess strength is built into every part of the Holland system. Original Holland installed 20 years ago are still in use. Holland Vaporaire supplies the same type of moist, moving and humidified air that is used in modern schools, theatres, hospitals and public buildings. Your doctor will tell you that Holland Vaporaire is the right principle and that the majority of colds in the wintertime come from the dry, stagnant air supplied by the ordinary heating system. In convenience, cleanliness and comfort Holland is unsurpassed. Holland burns any kind of fuel and saves between 10% and 30% of it. In buying a Holland you deal directly with the largest installers of home heating systems in the world. Comfort and complete satisfaction are guaranteed. Holland is the greatest dollar for dollar value on the market today costing much less per year of service than any other system you can buy. Prices are low and terms liberal. Let the factory-trained heating engineer give you the facts—there is no obligation—call the Holland Factory Branch today.

WEDNESDAY, OCTOBER 2, 1925

FISHING TRADE IS IMPROVING

Commercial Industry Has Doubled in Value in Six Years

Lansing, Sept. 27.—The commercial fishing industry has doubled in value in Michigan in the past six years. From an industry that marketed fish valued at \$1,673,667.57 in 1923 an increase is noted each year—until last year the value of fish taken from Michigan waters for commercial purposes has a total value of \$3,397,428.85.

These figures, compiled by the fish division of the department of conservation, show a steady growth in the value of the industry for each of the six years from which totals were taken. The figures show that in 1923, for which a summary has just been completed, 21,367,934 pounds of fish were taken from the four Great Lakes bordering the state and from Saginaw Bay where commercial fishing is permitted.

While there was little or no increase in the number of pounds of fish caught, the rising value of fish is credited with the greatly increased value of the industry. Whitefish was the only species of commercial fish that was caught in increasing quantities last year. In 1927 commercial fishermen disposed of 4,180,751 pounds of whitefish. Last year that number reached 4,652,187 pounds.

Lake Trout and Whitefish continue to lead by a wide margin all other species in the commercial fishing industry. Lake Trout was slightly in the lead with 5,703,174 pounds to the industry of \$1,425,543.50. Lake Trout brought an income to fishermen of \$1,064,651.26 in 1927.

Lake Michigan, which has produced more commercial fish than any other body of water bordering the state in 1927 continued in the lead last year, but with Lake Huron creeping near in the final figures.

Figures show the total number of pounds of commercial fish caught in 1928 divided as follows: Erie, 746,966; Huron, 6,757,687; Michigan, 6,941,525; Saginaw Bay 3,195,541; Superior, 3,636,215. Lake Superior fishermen enjoyed an increase from 3,420,729 pounds caught in 1927.

St. Francis Hospital

Mr. and Mrs. Thomas DeLonghary of Harris are the parents of a son.

Patients who are doing nicely include Mary Anne Farrell, Chicago; Miss Grace McPhee, Fayette; Elrich Lund, Joseph Ashland, Harry Hoy, Trenary; Miss Dugener, North Twentieth street; John Feirgen, Nick Boures, Alex Michaud, Alfa King, Masonville; Miss Lillian Polkey, Wells; Mrs. J. S. Peddicord, Mrs. Antoine Roberts and Mrs. Albin Lausen, 111 South Third street.

Mrs. Thomas Anderson of Manistique was admitted yesterday for treatment.

Matt Walters of Cooks was admitted as a medical patient and is not allowed any visitors.

Manuel Vertha of Trenary who suffered a stroke of paralysis is slightly improved.

Patients who have been dismissed are Mrs. C. B. Farrell and baby, Mrs. Ed Boyle, North Shore; Albert Peterson and Mrs. Fred Clouthier.

Mrs. Julius Duchaine of Amasa submitted to an operation and is doing nicely.

The condition of Mrs. P. C. Curran of Manistique, is slightly improved.

Fort Huron—L. E. Moore, 60, marine engineer, was fatally scalded aboard the tug Charles Dunbar early Tuesday at Marine City. He died in a hospital here two hours later. Moore had taken the place of the regular engineer and was to take the tug to Chicago. While he was working in the engine room a steam pipe burst.

ADMITS CHICAGO CULT KILLINGS

Ira Johnson, colored (above), "grand sheik of the Moorish Science Temple" of Chicago, has admitted to authorities that he fired the shots that killed two Chicago policemen who sought to arrest him for a plan to kidnap Charles K. Kirkman (inset), cult leader. Police claim the so-called cult was run as a racket by its leaders to bilk negroes of money.

HEALTH

The most rapid period of growth of the child is in its early years. In the very early period of growth days count greatly; after middle life, days mean little in the changes that go on in the human organism.

The psychologists who have studied the mental development of the child consider it of the greatest importance to determine as soon as possible whether or not the child is likely to be mentally defective. The quicker important force can be brought to bear, the better it is for the future life of the individual.

Thus, Dr. Arnold Gesell of the Psycho-Clinic of Yale University indicates a few of the definite activities that a child can carry out purposefully during its first year.

By the end of the first month, the normal infant apparently recognizes its mother's face; by the end of the second month, it will follow her moving figure with its eyes; at the end of the third month, it can begin to manipulate objects a little; at the end of the fourth or fifth month, pick up a toy in the crib; at six months, reach for a toy; at eight months, look for a spoon that falls on the floor; at 10 months, pick up any small object; at 11 months, push a pencil through a hole, and at 12 months, speak one or two words. A normal infant is likely to develop at about this speed.

It has been found that even difficulty with nutrition and under weight will not greatly modify the learning ability of the infant or its behavior with relationship to these simple tests.

The infant that is mentally defective at birth will begin to show its defects very promptly. If the characteristics of growth early in life, it demands very prompt consideration and attention.

Even though it is not certain that much can be done for such an infant, except to protect it against a world which has but little consideration for the inf-

BRIEFLY TOLD

Supper on Thursday—The Ladies Aid society of the Swedish Mission church will hold a supper at the church on Thursday, October 3. The serving will be from 5 to 8 o'clock. An attractive menu has been arranged.

Hold Rummage Sale—The Daughters of Isabella will stage a rummage sale Thursday at the De-Grand garage. The patronage of the public is invited.

St. Joseph's Sodality—This evening the first regular monthly meeting of the St. Joseph Young Ladies Sodality will be held. All the members are urged to be present and bring along prospective members. The meeting will be called to order by the president, Miss Susan Sablin, at 8 o'clock.

A meeting of the officers was held the past week and plans were made to make this year the most successful one in the history of the society. Talks will be given this evening by the Misses Susan Sablin and Josephine Larson concerning the Sodality convention held in Chicago last June.

During the meeting a large class of new members will be enrolled. A social hour will follow the meeting.

Services at Cornell—A religious service will be held in the Swedish language at the Cornell town hall Friday evening at 8 o'clock. Rev. O. R. Palm will speak.

Swedish Methodist Aid—The Ladies Aid society of the Swedish Methodist church will hold its monthly social meeting Thursday afternoon in the church parlors, beginning at 2:30. The hostesses will be Mrs. John Berglund and Mrs. John Hall. A hearty welcome is extended to all.

Meeting of Study Class—The class in Parental Education will hold its first meeting at the Franklin school building this afternoon at 8 o'clock. The class work is open to anyone interested and the Franklin P. T. A. invites all to join the group. The outline of the work will be as follows: Subject: The Pre-school Child. The book used in the text will be Parents and the Pre-School Child, by Blatz and Boll. The first chapter, "Why Study Our Children," will be read

ficient, what scientific medicine can do in such cases is to determine as soon as possible the need for specialized study and care, the separation of the individual from the group and the special attention that will make its life and those of its relative more enduring.

The daily average gross crude oil production in the United States decreased 40,900 barrels for the week ended September 21, totaling 2,924,500 barrels, according to the weekly summary of the American Petroleum Institute. The daily average production east of California was 2,034,000 barrels. A decrease of 57,000 barrels.

Now read the Classified page.

in class and preparatory work will be assigned. One member will study advance lessons in text while another member will prepare a supplementary reading report. This reading may be from a list of books given as reference or may be taken from any other reliable source, such as magazines, etc. A general discussion of ways and means of meeting these subjects will also be held.

Marriage License—Ralph Landwehr and Mae Edward, both of Escanaba, have applied at the county clerk's office for a marriage license.

Correction—An error in names was made in the Finstrom-Anderson marriage item in yesterday's paper. It should have read Miss Ellen Neggleum and not Miss Ellen Wicklund.

Hibernian Meeting—The Ancient Order of Hibernians will hold a meeting at St. Patrick's hall at 8 o'clock this evening.

Pontiac—Delegates to the annual meeting of the Ohio Synod of the United Presbyterian church opened a two-day conference here Tuesday. Eighty delegates representing about sixty congregations are attending. The synod is comprised of five Presbyteries and extends into four states, Michigan, Ohio, Pennsylvania and West Virginia.

Japan is developing its dairy industry, producing 3,000,000 pounds of butter last year.

Ferris Institute Banquet—All F. I. teachers and all those who have at any time attended Ferris Institute.

Speakers—Grover Baker, Registrar of Ferris Institute, Big Rapids; C. C. Wiggins—Northern State Teachers College, Marquette and C. U. Woolpert, County School Commissioner, Escanaba.

6:00 P. M. Thursday, Oct. 3rd at First Presbyterian Church.

To be Up-to-Date Means to be Up-to-Chrysler

When anything new is produced, there are always those who create and those who follow.

In the change to balloon tires, some makers asserted the new type would never succeed. Four-wheel brakes found some who disastrously supported the two-wheel design. And today, there are engineers who decry the Multi-Range Gear Shift and the Down-Draft carburetor.

Chrysler has never been among those who shun new things—if the new be better than the old.

The public acclaim for Chrysler, instead, has been based on Chrysler's pioneering or ready acceptance of those new creations which have made motoring safer, more comfortable, surer and more economical.

To be always ahead of or abreast of the times, but never to experiment on the public is the real foundation of Chrysler success.

You who prefer the latest, the most advanced, the best, have made Chrysler the most copied car in the world. Because Chrysler has built the kind of cars you up-to-the-minute people want, you have given Chrysler the greatest success in the history of automobile building. We invite your most critical inspection.

ECONOMY

is more than "miles per gallon"

Owners tell you the Dodge Six is unusually economical on gas and oil. They emphasize, too, that this constitutes only one item in its economy. Big, durable, oversize tires mean higher mileage. Body construction is such that utmost strength and rigidity are secured with a minimum of weight. The extra-large clutch—massive 7-bearing crankshaft—8-bearing rear axle—8-inch frame—permanently efficient internal-expanding 4-wheel hydraulic brakes—together with a score of unseen but all-important mechanical superiorities, insure that never-failing dependability which is the foundation of Dodge Six economy.

Millions more

stop "dosing" COLDS

A generation ago, when Vicks was originated, the idea of treating colds without "dosing" was almost unheard of. Today, the whole trend of medical practice is away from needless "dosing."

As more and more people turn to this modern external method of treating colds, the demand for Vicks increases year after year.

To keep pace with this ever-growing demand, the famous "17 Million Jars Used Yearly," was raised to "21 Million" a short time ago. This figure too has been outgrown, as there are now "Over 26 Million Jars Used Yearly"—a jar for every family in the U.S.

AT THE GERO

Billie Dove in one of her latest and best, an all-talking First National Vitaphone feature, "Her Private Life" will be seen at the Gero theatre, today and Thursday. This is the first showing of a Vitaphone subject here.

LYCEUM NUMBER IS A BAFFLER

How does Mardoni, noted magician who is to appear here Thursday, Oct. 10 under the auspices of the high school student association, as the first number on the lyceum course, effect his famous handcuff escapes? Does he take the handcuffs off over his head, slip them over his large hands or unlock them with his teeth? Many a worried chief of police would like to have the answer to that question, for wherever Mardoni appears the chief of police is invited to shackles him in "Sing Sing jewelry." Mardoni promised to return the handcuffs, unharmed and still locked—but not about his wrists.

Tickets Sold Out for Cubs World's Series

DEMAND BEATS ALL RECORDS, SAYS VEECK

32,000 Applicants For Ducats Receive Only Regrets

Chicago, Oct. 1 (AP)—Not another reserved seat ticket for the world series games in Wrigley field remains in the Cub offices. The last batch of ducats for successful applicants was put into the mails today, along with thousands of formal "regret" notices.

William L. Veeck, president of the club, believes the number of requests for tickets to series games in Chicago to be the largest any club has experienced in the history of the classic. Lack of seating facilities made it necessary to turn down 32,800 applicants for tickets to the two, and possibly three contests which will be played here. With the applications averaging requests for two seats, making a total of nearly 65,000, it was necessary to pass up \$1,190,640 worth of business.

Between \$250,000 and \$300,000 was returned to applicants who violated the regulations by asking for more than two seats.

Tickets have been reaching lucky purchasers during the last two days, but no scalper activity has been reported. Several ticket agencies which have raised signs reading "World Series Tickets Bought and Sold," are being watched by special agents of the department of internal revenue, to see that there are no law violations. The law requires a tax of 50 per cent of the excess price charged for a resale ticket.

While all the tickets have been sent out, returning checks to unsuccessful applicants will require another day.

Mr. Mack, Wearing That Series Look

Connie Mack's victory smile, missing for fifteen pennantless years, bodes ill for those ambitious Chicago Cubs. Here's a striking new portrait of baseball's "Mr. Wise Man," veteran manager of the Philadelphia Athletics, who has capped his first pennant since 1914 and is now looking seriesward. He's just a rookie yet, so to speak, with only 45 years of major league baseball behind him!

Wells Wolverines Beat Little Lake In Final Contest

The Wells Wolverines defeated Little Lake on Sunday afternoon, 7 to 2, to wind up the 1929 season. The Wolverines have had a highly successful season, winning 18 games and losing only two to cap the championship of the Delta Amateur League.

The Wells sluggers got a total of 20 hits of Hart's delivery, while Larson, the Wells moundsman held his foes down to only five safeties.

The box score:

WELLS	AB	R	H	E
Benard 3b	6	2	3	0
Larson 2b	6	0	3	1
Berglund p	5	0	3	0
F. Gardner 1b	5	1	1	0

WIDOW WINS STAKE
Lexington, Ky., Oct. 1 (AP)—Lord and Woodman's Widow Grattan, driven by Hodson, won the \$2,000 Cumberland Stakes in straight heats in the Grand Circuit races here today. Her best time was 2:02 1/2. Bonnie M., owned by the same stable, was second and Courtney Burton third.

JERSEY GIRL MURDERS PAR

Steals Glory in Women's National Golf Championship

BY PAUL R. MICKELSON (Associated Press Sports Writer)
Detroit, Oct. 1 (AP)—Sweeping over the trap-sliced Oakland Hills course with probably the most meteoric round of golf ever carded by a woman, Maureen Orcutt, of White Beeches, N. J., not only halted the march of Helen Hicks but took the glory of the initial match play skirmishes of the women's national championship today.

Miss Orcutt gave Old Man Par a merciless thrashing on her triumphant round and her 18-year-old rival from Hewlett, Long Island, New York, just couldn't match it even though she did fall fighting with better than perfect golf.

The Milwaukee product with the queer batting stance has hit around 370 this year, cracked out more than thirty home runs and batted in nearly 150 runs. Only the compact Hack Wilson has hit more home runs or batted in more runs, and Wilson's general batting average is some 20 points below that of Simmons.

WEEK'S GRID MENU TOUGH

Ten Undeclared Elevens Will Match Plays In Peninsula

Championship aspirations of a host of upper peninsula grid machines will be materially dampened after Saturday. With eleven games already scheduled some of the best teams in this territory will oppose each other and some of them are sure to take a rap that they aren't expecting.

Two of the most sensational elevens that have showed up grid firmament, however, will be idle this week. They are Menominee and Rock, both of whom have accepted a bye in their schedule. Rock first rose to fame as a contender for the mythical championship by routing the Escanaba Reserves 130 to 0 but not to be outdone, the Maroons, always a colorful team, tripped Kingsford last week 150 to 0.

27 Stations To Broadcast Scrap

New York, Oct. 1 (AP)—Twenty-seven stations are to broadcast the welterweight fight at Chicago between Jackie Fields and Vince Dundee Wednesday night, starting at 11 o'clock, eastern time.

Stations in the hookup will be: WEAF, WEEI, WVIC, WJAR, WTAB, WCSI, WJLT, WGY, WGR, WTAM, WWJ, WGAI, WGN, KSD, WOC, WTML, KSTP, WEEB, WRVA, WBT, WIOD, WAPL, WWSB, KTMS, KPRC and WOAL.

Cubs Have Best Field, But Lack in Big Stars

BY BRIAN BALL (Associated Press Sports Writer)
New York, Oct. 1 (AP)—The Cubs have a better outfield than the Athletics on the basis of the season's performances, but the A's have the best outfielder. The Macginn trio of Simmons, Haas and Miller can not be said to equal the usefulness of the Cub array, Stephens, Wilson and Cuyler. Simmons, however, can point to figures which will prove he is the best of the combined assembly.

The Milwaukee product with the queer batting stance has hit around 370 this year, cracked out more than thirty home runs and batted in nearly 150 runs. Only the compact Hack Wilson has hit more home runs or batted in more runs, and Wilson's general batting average is some 20 points below that of Simmons.

REDS OUTHIT FOR OPENER

But Cubs Lose 3-2; Hornsby Hits Three Singles

Cincinnati, Oct. 1 (AP)—The Cubs outhit the Reds by seven safe drives to six in the opener of a five-game series here today but the home team bunched three blows with an error to the eighth inning to nose out the new champions by 3 to 2. Red Lucas not only scattered the Chicago blows save in the second, but led the eighth-inning assault upon Guy Bush with a single. Swanson followed this blow with a single, and Critz then tripled, tying the score. Critz himself scored the winning run a moment later when Grimm threw widely to the plate after fielding Walker's bouncer.

Cuyler's triple and Stephenson's single gave the Bruins one run in the second, and Ford's error and McMillan's single added another. These runs seemed sufficient until the Reds got after Bush in the eighth. It was Luca's nineteenth victory and Bush's seventh defeat.

Kansas City, Oct. 1 (AP)—The Kansas City Blues, champions of the American association and the Rochester Red Wings, International league flag winners, will meet here tomorrow in the first game of the "Little World Series."

Arriving early this morning, the Rochester club worked out at Muehlbach field for two hours before giving way for the Blues, who came direct to the field for a "victory" luncheon given to them by Kansas City fans. Rochester players were invited to the spread but Manager Billy Southworth thought it better they devote the time to getting acquainted with the spacious Kansas City ball park.

Tex Carlton, right handed "no hit" hurler of Rochester probably will start for the International league representatives tomorrow. Manager "Dutch" Swilling of the Blues was undecided tonight between Tom Sheehan and "Pearridge" Day, both right handers and Young Max Thomas, sensational youthful portlander.

Games are scheduled in Kansas City tomorrow, Thursday, Saturday and Sunday. The teams then going to Rochester. The club winning five games takes the series.

JUNIOR SERIES OPENS AT K. C.

Blues and Redwings Mix In Five Game Event

Chicago (AP)—When and if Charley Grimm, first baseman and captain of the Chicago Cubs, decides to quit baseball he can find a berth as a radio announcer.

Grimm injured his hand this season and while it was healing he broadcast several baseball games for Chicago stations.

Hundreds of letters followed, describing him as "the best baseball announcer" on the air. His expert knowledge helped, but radio engineers said his voice was a "natural."

Boston Teams Have Won Every World's Series They Played

Boston (AP)—Talk about interesting world's series sidelights! How about the ones contributed by the Boston teams which have never lost a world's series in which they participated?

Baseball fans will never forget what the Braves did in 1914 when they crashed through to the National League pennant. That was the only one the Braves ever won and they lost no time making good.

The Red Sox have won four pennants and four world's championships.

Nearly \$50,000,000 was invested in motion picture production companies that were launched in England last year.

KIPKE SQUAD LOSE WEIGHT

Nagurski, Minnesota, Shifted to Old Full-back Job

Chicago, Oct. 1 (AP)—Assigned the task of giving the 1929 model Notre Dame football machine its first test, Coach Pat Page today piled work onto his Indiana squad. It will be homecoming day for Hoosier alumni, but the affair will be shared by Notre Dame, which will be playing its only game of the season on Indiana soil.

Page concentrated on defensive work today, with special emphasis on blocking and tackling, departments in which the Hoosiers showed weakness last week. A group of five sophomore ends was given plenty of attention on going down under punts and made a better impression than the backs who attempted to block them.

Bob Kipke nominated a first team today and indicated it would start against Kansas Saturday. The lineup, with "Frosty" Peters at quarter, Yanuskus and Timm, halves, and Jud Lanum at full, ran all over the freshmen. Lanum received a blow on the neck and was replaced by Fritz Humbert, regular fullback of the 1928 championship team.

Wisconsin's regulars were given a long scrimmage session by Coach Thistlethwaite. They looked sluggish and many shifts were made in the lineup. Bill Exum, negro half-back candidate, who was figured to start Saturday against Colgate, was declared ineligible because of scholastic deficiencies.

The scrimmage and study of Michigan State plays was Michigan's program today. Members of Kipke's squad lost as much as 12 pounds in weight Saturday, and he gave the candidates a comparatively easy day.

Dr. Clarence W. Spears made another big change in the Minnesota Number One team, sending Bronko Nagurski back to fullback. Nagurski has worked at tackle since the first of the season and Spears wished to use him there, but was not satisfied with the work of several sophomore candidates for the fullback post. Les Pulkrabek, veteran guard, was shifted to Nagurski's tackle.

A. A. Stagg's Chicago squad saw a reversal of form and mauling two freshmen teams. The midwestern veteran has about decided upon a first string backfield with his son, Paul, at quarter, Knudson at full and Temple and Van Nice, halfbacks.

Ohio State, Northwestern and Purdue were driving through hard workouts with the Boiler-maker and Wildcat coaches working on line problems, while Sam Williamson and his assistants experimented in search of more backfield power.

Rain and Mud Check Horses

BY ORLO L. ROBERTSON (Associated Press Sports Writer)

New York, Oct. 1 (AP)—Followers of the "ponies," who daily delve into their form sheets in search of long shots, have plenty to talk about tonight if they confined their wagering activities to Havre De Grace today.

Rain and mud again prevailed at the Maryland track furnishing ideal conditions for mudders and horses that fancy that sort of going were in their element. As yesterday, small fields went to the post in the majority of the events. This was especially true of the Shore Acres purse, which went to the Ranocosa stable's Donny over the heavily played On Her Toes.

COACH STATE ON DEFENSE FOR SATURDAY

East Lansing, Mich., Oct. 1 (AP)—Concentrating on defensive work, Coach Crowley today sent the Michigan State football squad through a long defensive drill against the freshman squad which used plays of the University of Michigan, State's opponent Saturday at Ann Arbor.

Practice was brought to a close today with the handing out of new plays to be used in the Michigan game.

The cripples of the varsity squad, Dill, a tackle, and Ferrari, an end, were both in uniform today but neither participated in the practice.

EVERYBODY'S TROUBLE WILLIE: PA, what is a grasshopper?

PA: That danged dull lawn mower of ours!—Judge.

FOURTH GRADERS WIN

The St. Joseph Fourth grader graders defeated the Fifth graders by an 18 to 8 score on the South Sixth street field yesterday afternoon. The game was hard-fought.

PLANS PROGRAM OF EXPANSION

Upper Peninsula Airways Purchase Craft; Is Fine Ship

With the arrival of a new, five-place Ryan Brougham monoplane, the Upper Peninsula Airways, Inc., of Escanaba have started on an expansion program which will place this city far ahead of the field as the air center of this territory.

The new ship is a sister ship to the famous "Spirit of St. Louis", which Colonel Lindbergh used on his epoch trans-Atlantic flight. It has a Wright-whirlwind motor of the latest type and the machine was purchased at a cost of approximately \$13,000 by the local concern. It will be used to develop the cause of aviation in this section as a commercial proposition.

Sight-Seeing Tour A group of newspapermen were taken on a sight-seeing tour of the peninsula yesterday in the beautiful craft to show the country surrounding as they appear in the fall after the trees have changed their foliage and have replaced their green leaves with a more sparkling panorama of red hue. One who has never seen this picture from the air can not imagine the beauty that lies there. The scene reminds one of a huge bouquet of flowers swaying with the breeze or, perhaps, like a beautiful Egyptian rug.

The ship is a smooth riding machine with a cruising speed of 100 miles per hour and a maximum speed of 125 miles per hour. The first trip made yesterday from the Escanaba field to Marquette was covered in less than forty minutes for the 65 mile run. From Marquette to Iron Mountain, the ship was in the air for another forty minutes, and the return trip to Escanaba from the Iron Mountain field was covered in a half hour. A return trip around the three cities was made later to drop off the passengers picked up on the first lap.

The men who made the trip were: Tom Masterson, of the Iron Mountain News; Ted Moore, of the Marquette Mining Journal; Kenneth Gauderman, of the Escanaba Daily Press, Dr. Haight, student flyer of Crystal Falls, C. Harold Westcott, manager of the Upper Peninsula Airways and the craft was piloted by Walter Arntzen, chief pilot at the Escanaba field.

Pioneer Airport The Escanaba concern is the pioneer in aviation in the upper peninsula. It was largely through their efforts that the First Upper Peninsula Air tour was a success and it was the Airway's biplane, "The Swallow" that blazed the trail for the large fleet of ships that toured the peninsula last summer. As a result of the tour and the activities of the Escanaba concern, air mindedness has taken a decided foothold in this section of the country. The feasibility of the airplane as a new, fast system for commercial transportation was never before realized here in such a great extent that it has now developed.

Seventeen pupils have been turned out at the Escanaba field, now ready to take up aviation in a broad sense. Many of them have already got their government pilot's license and six more are expected to take their examinations this week. The work is under the instruction of Walter Arntzen, chief pilot of the Airways ever since its founding a year and a half ago.

As a special feature of the teachers' convention which will be held here Thursday, Friday and Saturday of this week, the manager has announced that a free plane ride in the new Ryan Brougham will be given to the

teacher from each county attending the convention who is the oldest in point of service as a teacher in the peninsula educational system.

The schedule for expansion of the local concern and the towns which will be visited this month is as follows:

- Until October 6 in Escanaba. Oct. 7-8—Munising. Oct. 9-10-11—St. Ignace. Oct. 12-13—Manistique. Oct. 14-15—Isabella. Oct. 16-17—Iron Mountain. Oct. 18-19-20—Iron River. Oct. 21-22—Ontonagon.

M. J. TONKIN IS PROMOTED

Named Transportation Inspector of C. & N. W. System

M. J. Tonkin, chief train dispatcher of the Peninsula division of the Chicago & North Western railway for the past four months, has been promoted to transportation inspector of the entire system with offices at Chicago.

J. H. Kittner of this city has been appointed acting train dispatcher. Mr. Tonkin entered the employ of the railway about twenty-two years ago. In June, 1929, he was named chief train dispatcher here to succeed Frank Loos, who was elevated to the position of trainmaster. In his new position, Mr. Tonkin will have as one of his important duties the checking up on the movement of freight traffic over the entire system. The department is under the supervision of the general superintendent.

Mr. Tonkin left Monday night for Chicago to assume his new duties.

DEATH CALLS MRS. LECLAIRE

Aged Resident of Perkins Summoned; Funeral Here

Perkins, Mich., (Special)—Mrs. Caroline LeClaire-Parisiene, 86, widely known former resident of Perkins, died Monday afternoon at the home of her daughter in Milwaukee, according to word received here.

The body will be brought to Perkins for burial. Mrs. LeClaire has a host of friends in this community, and has two sons, Clifford and Philip LeClaire, residing here. Mrs. Arthur Semard is the daughter at Milwaukee.

COMPLICATION YIELDS QUICKLY TO NEW KONJOLA

Stomach Trouble, Constipation and Rheumatism Yield to Powers of New Medicine.

MR. HENRY WOODWARD

"I had been suffering for some time from misery in my stomach," said Mr. Henry Woodward, 121 Madison Street, Howell, Michigan. "I was always constipated. Nothing that I ate seemed to agree with me. On top of these ailments I suffered terribly from the pangs of rheumatism. At times it seemed almost impossible for me to move about. "I used Konjola, and have benefited wonderfully. My stomach no longer bothers me in the least. My bowels now move freely and the constipation is a thing of the past. No more strong laxatives for me. The awful pangs of rheumatism have gradually left my body. I am glad to be able to endorse Konjola for the benefit of others. If only one other sufferer is helped as a result of my recommendation I will feel that I have done a good turn. Konjola is sold in Escanaba at People's drug store and by all the best druggists in all towns throughout this entire section.

HEALTH

The average family medicine chest is a closet in the bathroom in which the family places practically everything that may ever be prescribed for anyone in illness, anything distributed from door to door as useful in illness, anything used on the exterior or interior of the body for cosmetic purposes or for regulation; indeed, anything that does not quite fit somewhere else.

Years after the person has recovered, the bottle of half-used medicine, prescribed by the doctor, may stand on the shelf without potency, coagulated, precipitated, perhaps dangerous, long after everyone has forgotten what it was used for.

All men experiment with safety razors; all men have difficulty in disposing of the blades. In a half dozen medicine chests in which I have snooped in recent months, obsolete razors and blades cluttered up the shelves.

Useful Remedies Are Few. The medical profession recognizes that there is need for household remedies. However, the number of remedies that are usually useful and safe is limited. Most families have their favorite laxatives and purgatives. These include anything from old compound pills to castor oil or mineral oil.

The safest laxative for most people of advanced years is mineral oil, since it is not absorbed by the body, and acts merely mechanically. There are today mixtures of mineral oil with other substances which in some instances enhance its usefulness. Epsom salts, sodium phosphate or citrate of magnesia are still preferred by some people.

Bicarbonate of soda is useful for many purposes, as is also milk of magnesia. These enter into mouth washes, antacids and other purposes.

Almost every family has its favorite pain reliever for headaches or mild pains associated with periodic disturbances. Unfortunately, of recent years coal tar derivatives that are potent, and derivatives of veronal, have begun to find a place in the medicine chest and most physicians

are convinced that it is dangerous to take these things habitually. There used to be a call for tonics, but it is recognized today that the best tonic is good diet, outdoor air, suitable exercises, and plenty of rest. Vitamin preparations are beginning to take the place of the old-time tonics.

How to Get Sleep. When it comes to sleeplessness, the safest remedy is a warm drink and a warm bath before going to bed. Everyone has his favorite mouth wash, tooth paste and gargle. It is doubtful that the mouth wash, tooth paste or gargle kills germs, but it may make the congested and swollen tissues feel better by protecting them and by washing away the secretions from the surface.

The wisest thing for every family to do is to go through the medicine chest at least every three months with the intention of throwing things away that are not constantly used. The things that are constantly used should be listed and the family physician should be asked to give his opinion as to their merits.

In his consideration of high blood pressure before the meeting of the American Medical Association this year, Dr. Arthur S. Granger stated his conviction that the heredity of the patient and the over-irritability of the nervous system were responsible for the high blood pressure in the majority of cases in which some definite change in the body could not be found which would explain the condition more certainly.

High blood pressure of this type is a progressive condition. There is no certain cure. As the

person advances in years, the pressure seems to become higher and higher and as the kidneys and heart break down in their functions, the patient becomes gradually worse.

In most instances, it is possible for such patients to live for years, even beyond the normal expectancy of life, providing they take exceedingly good care of themselves. In many cases the course is rapid and the person dies from a hemorrhage into the brain or from the bursting of a blood vessel elsewhere in the body. In many instances death occurs from heart failure and sometimes from diseases of the kidneys.

The chief problem which confronts the physician in handling a person with essential hypertension is to change his nervous temperament, to make him stop worrying and to calm him down. Young people in families in which there are many cases of high blood pressure and hypersensitive nervous systems should be warned against too strenuous exercising and discouraged from entering careers in which a high tension life is necessary.

The doctor studies the patient's habits of life, his business habits, his methods of eating and his entire home and social life. The patient is told to avoid worries or little details that others may take off his shoulders; attempts are made to free him from annoyances and aggravations.

Usually an hour's rest and absolute relaxation after lunch are advised, and the patient is encouraged to sleep at least eight hours each night.

Mosenthal has advised the

pending of a week-end every month at home in bed. The idea of a week's vacation annually has now given way to two weeks' vacation in the summer and in the winter for executives engaged in high tension work and a similar procedure is urged for those suffering with essential hypertension. Golf, walking and mild exercises generally are urged; always with plenty of rest after the exercise.

The diet should be soft. Meat is seldom permitted more than once each day and then in moderate quantities, and the quantity of salt is usually regulated also. Such patients do well to avoid constipation by control of the diet, since it is very easy to set up in them a purgative habit.

Plan Ahead!

WHAT is the use of guessing when you can determine with exactness what it will mean to yourself to retain part of your income?

Your Future is in Your Own Hands. Plan for it through this Institution.

Escanaba National Bank Escanaba, Michigan

"As Ye Sow, So Shall Ye Reap"

That famous biblical injunction applies just as much to matters of finance as to matters of ethics and conduct. Only by "sowing" money is it possible to reap a financial return from money. Money deposited in a bank produces more money—money in the form of Compound Interest.

And it is by making money earn money that financial success is gained. Right now, at the "sowing" season, is the time to plant the seeds of prosperity. Do so by opening a Savings Account in this bank today.
