RELAXATION RARE LUXURY TO PRESIDENT

WORLD SERIES TRIP ONE OF FEW CHANCES

BY DAVID LAWRENCE (Copyright 1929, by the Escanaba Press) New York, Oct. 16.—President Hoover's unexpected trip to the fifth world series ball game may have been put down to a passing fancy for the national game. In reality it was an effort to get away from the nerve-wracking responsibilities of the presidential office and get some recreation.

Although comparisons are valueless, because each presidential personality differs from the other, nevertheless it is a fact that Herbert Hoover is one of the hardest working men Washington has ever seen in public office. Ever since inauguration he has been painstakingly at his job, morning, noon and night. And the climax of the strain came when the British prime minister arrived for the momentous conferences that are to shape American foreign policy for a generation.

Little Relaxation. Mr. Hoover plays medicine ball early in the morning as a bit of exercise and goes to his fishing camp on week-ends but he always has so many people around him that it is doubtful whether he gets the maximum relaxation out of his so-called play hours. The Hoovers entertain their friends rather regularly and while they do it graciously, still it's a rare host who will not admit that social functions aren't somewhat of a strain to a tired executive.

Refuse Freedom To Young Lifer At Jackson Pen

Lansing, Oct. 16 (AP)—Governor Fred W. Green today refused to extend executive clemency to Arthur Rich, scion of a wealthy Battle Creek family, who is serving a life sentence in the state prison at Jackson for his attack four years ago on Miss Louise King, a Battle Creek college student at the time.

The refusal came when George Rich, wealthy manufacturer, appeared at the governor's office to plead for his son's freedom before he and his family left for California where they plan to make their home. Governor Green said there was no hope for clemency from him although Arthur D. Wood, commissioner of pardons and paroles had not yet made any written report of his investigation of the elder Rich's plea for a pardon on the ground that the offense did not warrant the extreme penalty.

"POISON SANDS" CURE OF CULT

Hint Human Killing in High Priestess Investigation

Los Angeles, Oct. 16 (AP)—A direct suggestion of a human killing came today out of a maze of police investigations into the disappearances or deaths of six persons affiliated with a religious cult here whose leader is under arrest on grand theft charges. Deputy District Attorney Charles V. Kearney provided the first definite charge of a human crime in a statement that Samuel Rizzio, missing since 1924, probably "was killed."

Rizzio was the husband of Mrs. Ruth Rizzio, whose mother, Mrs. May Otis Blackburn, high priestess of the cult, is waiting to plead to charges of defrauding some of her members of more than \$50,000. The prosecutor's remark was made without an explanation of any information he might have received. The only clue known to have reached authorities were statements by Rizzio's relatives that Mrs. Blackburn had forced him to dance on "poisoned sands," believing the act would free him of religious beliefs in conflict with those of the divine order of the royal arm of the great eleven.

Pantages Witness Held for Perjury

Los Angeles, Oct. 16 (AP)—Garland Bliffe, law book salesman, who testified for the defense yesterday in the assault trial of Alexander Pantages, was indicted today by the county grand jury on perjury charges. He was arrested yesterday immediately after leaving the witness stand. His bail was set at \$7,000 on which Bliffe's attorney said he would be surrendered tomorrow. Bliffe had testified that he was in the lobby of the Pantages apartment building the afternoon Eunice Pringle, 17 year old co-ed dancer, alleged the theater marauder attacked her in a tiny stairway room. He had declared he saw a man, Nicholas Duneav, accompany her up the stairway and that he overheard them talking. Bliffe declared he heard the girl say Pantages "would always regret it if he does not place me," and that Duneav told her "don't get cold feet."

TEST CASE IS PREPARED FOR HIGH TRIBUNAL

ANTI-SALOON HEAD FEARS HINDRANCE TO ARRESTS

Washington, Oct. 16 (AP)—The supreme court may soon be asked to decide whether the buyer of liquor is equally liable with the seller to prosecution. A test case has been asked by the district attorney at Philadelphia as a result of a ruling by the circuit court of appeals there that the buyer is immune from arrest. Charles Evans Hughes, Jr., solicitor general, after conferences with Attorney General Mitchell, is expected to decide shortly whether the case will be carried to the highest tribunal.

The decision of the department of justice was being awaited tonight with interest, in view of the widespread discussion recently concerning the liability of liquor purchasers. Two dry leaders took a hand today in the developments.

HOOPER FARM BOARD CHOICE IS APPROVED

By FRANCIS M. STEPHENSON (Associated Press Staff Writer) Washington, Oct. 16 (AP)—Confirmation of the eight men selected by President Hoover to administer the farm relief act was voted overwhelmingly today by the senate. Contests were waged against only three of the men—Alexander Legge, of Chicago, the chairman and business representative; Samuel R. McKelvie, of Nebraska, wheat representative; and Carl Williams of Oklahoma, for cotton. Roll calls were taken only on these three, the others receiving approval without record votes. Legge was approved, 67 to 13; McKelvie, 59 to 27, and Williams, 57 to 20.

Groom 5 Planes To Cross Ocean

Rome, Oct. 16 (AP)—Five large Italian planes were reported tonight as being prepared for a simultaneous trans-Atlantic flight. It was said that the minister of aeronautics would be a passenger in one to keep his promise made to Lewis Yancey and Roger G. Williams to return the air visit of the Americans. It was announced today that Major Maddelena would begin a flight to America on November 16 or 17 when he would have the advantage of a full moon. He expects to follow a course to the West Indies and thence without stop to New York. If fuel permits, his eventual goal is Dallas, Tex., for the \$25,000 prize offered by Colonel Easterwood.

Son Will Fill Father's Term

Willmar, Minn., Oct. 16 (AP)—Paul J. Kvale of Benson today was elected congressman from the Seventh Minnesota district to complete the unexpired term of his father, Rev. O. J. Kvale, who was burned to death in his summer home in Otter Tail county a month ago.

Legion Men of Michigan Will Help Disabled

Detroit, Oct. 16 (AP)—A party of Michigan men comprising a special committee of the Michigan department of the American Legion left for Washington today to seek hospital care for 541 world war veterans in the state who are suffering from mental diseases. The committee planned to interview Maj. Gen. Frank E. Hines, director of the United States veteran's bureau, regarding the addition of 500 beds to the veteran's hospital at Camp Custer so as to provide facilities for the cases which the legion members say must otherwise go uncared for.

The Washington visit is being made under instructions given at the recent state convention at Battle Creek.

SOVIET MOVES CAUSE ALARM

Towns Captured; Heiho Bombed By Air Forces

Tokyo, Oct. 16 (AP)—Advices from Mukden tonight said that Chinese military headquarters at Kirin were much alarmed by the advance up the Sungari river by Soviet troops which occupied Linkianghsien on Sunday. The Russians were reported to have captured Hwachan in the vicinity of Fugdin and to be threatening Hlan (Samsin), an important town on the way to Harbin. This would indicate the Red troops penetrated Manchuria for one hundred miles or more, advancing along the river valley. General Chang Tso-Hsiang, governor of Manchuria, called an urgent military conference to formulate plans to repel the invaders. A Harbin message confirmed the seriousness of the situation and reported heavy fighting between Linkianghsien and Fugdin by which the Soviet advance endangered the latter town.

Child on Father's Knee Testifies In His Murder Hearing

Cheboygan, Mich., Oct. 16 (AP)—The state called 13-year-old Helen Abernathy from the knee of her father, Charles Abernathy, today to add to his contention that Abernathy killed John Koch, who was slain a short time ago from ambush. Unmoved, the father, who has held the child on his knee most of the three days while his trial on a charge of murder has run, heard the girl testify of the disappearance of a pistol from the Abernathy home a week before Koch was slain.

Trains Collide; Engineers Dead

Hancock, N. H., Oct. 16 (AP)—Two freight trains of the Boston Maine railroad were in collision here today near the Nahor station on the single track Peterborough branch causing the deaths of three of the crews and injuries to seven others. The dead were: William F. Crosby, engineer, Nashua; Frank M. Chapman, engineer, Hudson, and F. C. Spaulding, fireman, Hudson. The two locomotives were reduced to a mass of tangled debris by the collision and it was not until several hours later that wrecking crews extricated the dead. The injured men were taken to the Peterborough hospital.

Cuts Throat to Cheat Gallows

Sacramento, Cal., Oct. 16 (AP)—Governor C. C. Young announced today he would grant George Costello, sentenced to hang tomorrow at San Quentin prison for the murder of William MacFarlin, Oakland bank teller, a sixty day reprieve to permit to recover from wounds inflicted Monday in a suicide attempt. Costello slashed his throat in an attempt to cheat the gallows. At the prison hospital his condition was pronounced serious today.

Mexican Father Given a Legal Right to Kill

Mexico City, Oct. 16 (AP)—A father has the right to kill his daughter and her seducer in cases where the girl sacrifices her honor, according to the terms of the new penal code drawn up under extraordinary powers granted to President Portes Gil by congress. The code is appearing in instalments in the official gazette.

Prime Minister Still Workman, He Tells A. F. L.

Toronto, Ont., Oct. 16 (AP)—Ramsay MacDonald today was introduced as the prime minister of Great Britain to 1,500 cheering delegates to the convention of the American Federation of Labor but he told them "I am still the old workman I was born." "The workman is distinguished by his mentality and the point of view he had," he said in the first address after his arrival from the United States yesterday. "In Great Britain I am a party man, here today, my friends, I do not represent a party, I represent a whole nation. I have come across the Atlantic as he who for the moment is charged to represent the opinion, the unity, the personality of the House of Commons." In his convention address Mr. MacDonald said an appeal to labor was the proper form in seeking world peace, and in a second address during the day before the Men's Canadian Club he said that while he was not ashamed of being a Britisher and a Scotsman he felt "there is a broader nationhood in which we all belong."

Drivers of courtesy cars, and other local motorists are requested to pick up, anywhere in the city, any delegates who are bound downtown and convey them to the street car lines, Harry D. Brackett, chairman of the transportation committee announced last night.

Confesses Detroit Armory Robbery as Hi-Jack Masquerade

Detroit, Oct. 16 (AP)—Bert Bowles, 20, arrested today at Amherstburg, Ont., has confessed, according to police, that he took part in a holdup two weeks ago of the naval reserve armory here. Five other men are being held for the robbery. A machine gun and other government equipment was taken in the holdup, and Bowles and his accomplices planned, police said, to equip a boat masquerading as a coast guard craft in order to hijack rum runners in the Detroit river.

FRENCH - CANADIAN SOURCE NIPPED; ARREST "KING"

New York, Oct. 16 (AP)—Striking suddenly along a wide front extending from Atlantic, N. J., to the eastern tip of Long Island, a small army of Federal agents and New Jersey state troopers today conducted one of the most elaborately planned offensives against bootleggers in recent years.

Promptly at the stroke of 4:30 p. m., which had been assigned as the "zero hour", the officers conducted 35 simultaneous raids. They arrested at least 32 men and reported that they had uncovered a fortified liquor storehouse in Highlands, N. J., and an unlicensed radio broadcasting station near that town which they said was used in communicating with rum ships along the Atlantic coast.

Bootleggers Armed. Federal prohibition authorities in the southern and eastern districts of New York and New Jersey united in planning the raids, which were under the general supervision of William J. Calhoun, prohibition administrator for New Jersey. The raids were carried out by 35 deputy United States marshals, 75 special treasury agents and 20 New Jersey state troopers.

Assistant United States Attorney Robert B. Watts received reports as they trickled into the federal building here. He said the raid at Highlands, N. J., disclosed that an old mansion had been converted into a storehouse that resembled a fort.

The raiders, he said, found ammunition, firearms, machine gun emplacements and magazines and beneath the mansion discovered a labyrinth of vaults and passages containing large quantities of wines and liquors, which were seized.

Runners Used Radio. Watts said the raiding party that descended on Highlands, caught Mannie Kessler, alleged "king of bootleggers," and Morris Sweetwood, both of whom he said served terms in the federal penitentiary at Atlanta, Ga., for liquor law violations.

About six miles from Highlands, Watts said, the raiders, acting on a "tip," came upon a fully-equipped unlicensed broadcasting station and arrested the operator, Malcolm MacMaster, at his post. Watts said this station was used to communicate with rum runners who landed supplies from six large vessels at various points along the Atlantic coast from Maine to Virginia.

Watts said that MacMaster would be the first person to be charged with criminal violation of the federal radio laws, which prohibit the operation of unlicensed broadcasting stations. Tip Offs Too Late. Several of the 35 raids were conducted in New York City, agents entered a room in West 43d street, arrested Joseph Levin and seized many records. While the agents were there, a man entered displaying a bright polished badge.

He was promptly arrested and was described later by police as Sam Krivet, of Union City, N. J. The agents said Krivet carried a bottle of gin and papers indicating he was a salesman. They said the badge bore the legend "New Jersey Secret Service." Watts said the basis of the

to make profit out of the deal. On cross-examination Robison said he knew Fall had ordered that final action on the Pearl Harbor contract not be taken until submitted to him. Owen J. Roberts, special government counsel, questioned Robison sharply and drew from him the assertion that he was surprised at a request by Fall that the contract contain a clause giving Doherty's company preference to Elk Hills leases.

End By Saturday Prior to Robison's appearance, H. Foster Bain, former director of the bureau of mines, completed his testimony intended by the defense to show he had endeavored to secure bids on the Pearl Harbor contract from a number of oil companies.

On cross-examination the government brought from Bain testimony that Fall, had caused it to be understood by interior department executives that no oil lease could be signed without submitting it to him and that papers in the Pearl-Harbor-Elk Hills contract were submitted to him before the contract was signed.

A number of Fall's New Mexico neighbors were called to the stand today as character witnesses. They had known Fall for years, they testified, and said his reputation for honesty and integrity was high.

The defense case progressed so rapidly today that Frank Hogan, chief Fall counsel, announced he expected to conclude Friday morning so that the closing arguments could be made and the case go to the jury by Saturday noon.

President Writing His Detroit Speech

Washington, Oct. 16 (AP)—In anticipation of a trip into the middle west next week, President Hoover is busy preparing three speeches he will make on the first visit to that section of the country since he took office.

Leaving Washington Sunday afternoon, Mr. Hoover will go directly to Detroit where he will speak at the celebration of "light's golden jubilee," at which Thomas A. Edison and Henry Ford also will make addresses. The celebration probably will take place in the Dearborn laboratories.

Dedicate Locks Tuesday morning Mr. Hoover will speak at ten-thirty in Eden park in Cincinnati, dedicating a monument that will mark the completion of the lock system on the Ohio river. This speech will be under the auspices of the Ohio River Development association.

Leaving Cincinnati, aboard a river boat, the president will travel to Louisville, where on Wednesday night he will speak from the boat at 9:30 eastern standard time and will discuss inland waterways in connection with the opening of the Ohio river to navigation.

All speeches will be broadcast over the coast to coast network of the National Broadcasting Company system.

New Law Causes Unrest at Prison

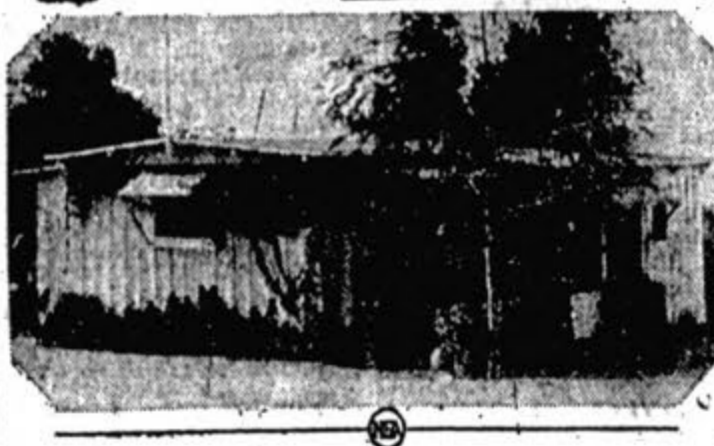

Joliet, Ill., Oct. 16 (AP)—Indications of unrest among convicts at Joliet penitentiary were seen today when officials of the prison called several hundred convicts together and promised to intercede in their behalf with Governor Louis L. Emerson to secure concessions in respect to a recent decision of the supreme court affecting paroles.

RECOVER ARSENAL FROM HIJACKERS

Even the rum-runners on the Detroit river are glad this arsenal of machine guns, rifles, pistols and navy uniforms, stolen from the Naval Reserve Armory at Detroit, was recovered by Detectives Christian Nelson (left) and Fred Deschler of Detroit. Reason: Federal officers believe the four men arrested when the arsenal was stored were part of a gang who had planned use of the guns and uniforms to equip a fake coast guard boat and hijack rum-runners.

Cult Probe in California Bares Weird Beliefs

A series of weird and fantastic rites and paraphernalia was disclosed as Los Angeles authorities dug deeper into the death of Willis Rhoads, 18-year-old priestess, whose body was found buried beneath a house after it had been kept preserved by ice and spices for four years. The main building at the colony of the cult—"The Church of the Divine Science of Joshua, the Branch of the Headstone of the Corner," as members call it—is shown here. Mrs. Flora Dingman is shown with her 2-year-old child, Baby Jehovah, who, according to published reports, was expected by the cult to become the second Messiah. A massive 500-pound gilded "Christ Chair" with the head of a dog thereon, which awaited the coming of the second Messiah, also was found at the colony and is shown here.

buyer it would be necessary," he said, "to grant immunity to the seller."

Courts Conflict The purchaser's legal capability was brought further to the fore recently by diverging opinions from two federal courts. The ruling from the Philadelphia court was followed by an expression by Federal Judge Dawson of Kentucky, that rum buyers do violate the Volstead act and he asked grand jurors to indict purchasers.

Attorneys at the department of justice and officials engaged in handling liquor law prosecutions are known to believe the purchaser can be prosecuted. Some opponents of prohibition have contended that, because there is no reference to the buyer in the 18th amendment, penalties for purchasing liquor at present or any later inserted in the enforcement act without changing the amendment would be unconstitutional.

Fine Is \$500

The law now provides that "No one shall x x x purchase x x x any liquor without first obtaining a permit from the commissioner to do so," and further that "any one who x x x violated x x x any of the provisions of this chapter, for which offense a special penalty is not prescribed, shall be fined for a first offense not more than \$500."

Those handling liquor cases at the justice department believe the supreme court would hold this section valid. Unlawful transportation is not mentioned in the amendment either, they point out, but is in the enforcement act, and the highest tribunal ruled that the amendment was intended to prohibit the traffic in liquor and that transportation was a part.

Fire at Coast Guard; Rummers Using Airplane

Detroit, Oct. 16 (AP)—Reports of coast guards that they had been fired upon while making a seizure in the Detroit river this morning and the capture of five men unloading a rum-running airplane by customs officers featured today's activities of federal prohibition forces in the Detroit area.

The coast guards reported that they had been shot at shortly after 4:30 a. m. after they had seized a rowboat and a cargo of beer on Grassy Island opposite Wyandotte. The officers also arrested Victor Gordon, of Wyandotte, found near the rowboat. While leaving the island they were shot at and returning found another rowboat loaded with 25 cases of beer. Michael Mullen, found hiding nearby, was arrested. The coast guards were Boatswains Mates John Daisey and Elisha Bunting.

Four customs officers discovered an airplane, ten cases of whiskey, an automobile, and five men at Nine Mile road and Berg avenue at dawn today. The pilot and the plane escaped. Customs men said the plane had been clearing from LaSalle, Ont., and had been watched for several days.

The men arrested gave their names as Harold Carey, Highland Park; Gustave Wilberg, Detroit; Thomas Ravary, Detroit; Fred Whitman, French Lansing, Mich., and Wilfred Gilmore, Detroit. They are charged with violating the tariff act.

Americans Lax in Obstetrics, Says Swedish Specialist

Chicago, Oct. 16 (AP)—The opinion that the average woman in America takes too great a risk with her life in becoming a mother as the peasant woman in some remote Swedish village, was expressed today by Dr. James Heyman, Swedish radiologist who was here to address the eleventh annual congress of the American College of Surgeons.

Dr. Heyman said the lower mortality rate in Sweden was due to the fact that the Swedish government takes an active hand in the regulation of the medical profession, while, in this country regulation is largely left to the profession itself.

"In every province," he said, "Sweden maintains physicians who draw most of their pay from the government, supplemented by what small fees the poor people can pay them. Because so many people in Sweden live in remote places, unable to consult specialists, every one of these men must be especially trained in obstetrics. He spends four months of his training period in independent practice in lying-in hospitals. "The obstetrical training of American medical students is sadly inadequate."

Experts Differ on Hex Murder Sanity

Kalamazoo, Mich., Oct. 16 (AP)—Doctors disagreed today as to the moral responsibility of Mrs. Perl Burgess, on trial here for the murder of Mrs. Eta Fairchild, 76 year inmate of an old ladies' home. Mrs. Fairchild was killed last July 13, "because she was a witch" and "killed a hundred people just by wishing them dead."

Dr. Albert M. Barrett, director of the Michigan State psychological hospital at Ann Arbor, and Dr. Theophilus Raphael, psychiatrist for the Detroit criminal courts, testified Mrs. Burgess was sane and knew the difference between right and wrong. Dr. R. A. Morter, assistant superintendent of the Kalamazoo State Hospital for the insane, said Mrs. Burgess was suffering from "delusions of persecution." He admitted she might have known the difference between right or wrong at the time Mrs. Fairchild was killed.

CHOKED IN CRADLE

Detroit, Oct. 16 (AP)—Infantile curiosity brought death here today of ten-month-old Stanley Baker, son of S. F. Baker, a Detroit real estate man. The child with his head pushed open the hinged top of a device placed over his cradle to prevent his falling from his bed, and then was choked to death when his neck was caught by the top.

raids were laid Tuesday when a federal grand jury in Trenton, N. J., indicted 34 men on charges of conspiracy to import, transport, distribute and sell liquor. Since many of the men indicted lived in the southern and eastern districts of New York, the officials decided on simultaneous raids to prevent "tip-offs."

More to Come

James Wilkinson, chief assistant United States attorney in Brooklyn, Mr. Watts and assistant United States Attorney Arrowsmith, of New Jersey, agreed by telephone tonight to ask \$15,000 bail for all principals and \$5,000 for all subordinates arrested in the raids.

Watts said the total of arrests indicated that all of those indicted probably had not been arrested. He said many of the men taken may prove to be persons not named in the indictment.

In at least two of the places visited in New York, the men sought were not found. Calhoun revealed the extent of the "empire" Kessler ruled as alleged "King of the Bootleggers."

Ring Owns Boat Lines

The liquor ring, it was charged, owns six ocean-going steamships used to bring liquor from Bermuda and the Bahamas and maintains foreign headquarters at St. Pierre Miquelon, off the coast of Canada. These steamships were said to be equipped with small cannon and machine guns.

In addition, it was charged, there was a well-trained land "army" composed of gunmen stationed at New Jersey and Long Island roadhouses along the seacoast, with additional men at points from Maine to Virginia.

Fleets of trucks, it was said, operated on schedule throughout the east, equipped with false bodies and manned by gunmen. Officials revealed that it was

the scientific methods employed by the rum ring to communicate with its ships that led to today's raids. Several months ago, federal agents intercepted a radio message in code and after a lengthy effort succeeded in decoding the message and locating the station.

When the radio station was raided and MacMaster seized, a federal man slipped into the boat before the key and from then on messages were sent to a big boat of the syndicate loaded with liquor off Montauk Point, Long Island, leading it into a carefully laid trap and an unsuspected rendezvous with a coast guard destroyer.

From officials stationed along the Long Island shore it was learned tonight that a coast guard vessel was proceeding from Montauk Point toward Sag Harbor, following a rum runner believed to be carrying 5,000 cases of liquor. Whether this boat was the one for which the trap was laid could not be learned.

Seizure Complete

Government officials said that by copying and decoding all messages sent from the hidden station in the past few weeks they were able to follow every movement of the liquor syndicate and that not a pint of liquor was brought in that was not recorded by the government.

So complete were the preparations to break the ring that at the "zero hour" today every bank with which the syndicate had done business was served with subpoenas calling upon it to produce all records of the syndicate's accounts. The Bank to America in New York was one bank on the list.

Over the whole 200-mile stretch embraced by the federal operations, landing stations, storage stations, warehouses, offices and salerooms all fell into the hands of the raiders at the same moment.

A St. Clairsville, Ohio, dancing pavilion banned bare-legged women and men without neckties, asserting their appearance on the dance floor discouraged business.

Coolidge, Smith In Labor of Love Spend \$8,000,000

New York, Oct. 16 (AP)—The New York World tomorrow will say that former President Calvin Coolidge and former Governor Alfred E. Smith are united with Julius Rosenwald, Chicago philanthropist, in what Mr. Smith described today as a "labor of love."

They have been quietly at work for several weeks evolving a plan for the use of the \$8,000,000 fortune of Conrad Hubert, electric flashlight inventor who died last March and left a huge trust fund of three-fourths of his residuary estate.

His instructions were that it be administered to benevolent institutions for the benefit of humanity by a Pratestant, a Jew and a Catholic.

Former Governor Smith was displeased when he learned that the purpose of the luncheon and conferences of himself and his associates at the Bankers' club had been disclosed.

"This a labor of love for us three and we have spent our time working on it," The World will quote him as saying. He added that the three would make an announcement soon.

# MISS CALLAHAN BECOMES BRIDE

## Rapid River Girl Weds Louis Van Damme of Gladstone

Rapid River, Oct. 16 (By Special Correspondent)—One of the prettiest wedding ceremonies held in the community for some time occurred Thursday morning when Miss Margaret Callahan, daughter of Mr. Jerry LaFontaine, of this village, became the bride of Louis Van Damme, son of Mr. and Mrs. Leo Van Damme, of Gladstone.

Nuptial high mass at 7:30 o'clock was celebrated by Rev. Fr. Ovid LaMothe at St. Charles' Catholic church, the mass being sung by the choir of All Saints' church of Gladstone.

The bride's dress was of blue transparent velvet with accessories to match. She was attended by Miss Rose Van Damme, sister of the groom, who was attired in a dress of tan satin with the rest of the accessories to match. The bride carried a corsage of tea roses. The best man was Francis Callahan, brother of the bride.

After the ceremony, a wedding breakfast was served at the home of the bride's parents. Later in the day a dinner was served to the young couple and immediate relatives at the home of the groom's parents at Gladstone. In the late afternoon the newlyweds left by motor for Detroit for a few weeks honeymoon.

Mrs. Van Damme is a graduate of the Rapid River high school. Since graduation she has worked in offices at Gladstone and Escanaba. The groom has lived all of his life at Gladstone, and since leaving high school has been employed in railroad train service as brakeman.

Mrs. Van Damme was the recipient of many beautiful gifts, all attesting the high esteem in which she has been held by her many friends.

Among the out-of-town guests at the festivities were: Mr. and Mrs. John Van Damme, Mr. and Mrs. Frank Quinn and Mr. and Mrs. Hector Macaulay of Gladstone, and Miss Ione Callahan, the bride's sister, of Milwaukee.

2:30 p. m.—Mission festival services in the German language with sermon by the same speaker.

7:30 p. m.—Slide lecture on the "Life of Dr. Martin Luther." There will be no admission to this lecture, but an offering will be lifted. A hearty welcome is extended to one and all to worship with us on Sunday.

Theophil Hoffman, Pastor. Residence: Gladstone. On Thursday evening at 7:30 mid-week services will be conducted in the English language in St. Martin's church. "Original Sin" will be the topic for the evening's sermon.

The ladies of St. Martin's church at Rapid River are serving a chicken dinner on Sunday, Oct. 20, at the gymnasium. The menu contains such a great variety of things that there will be something for every taste, and enough for the very hungriest person. Tickets will sell for 50 cents a plate; 25 cents for children under 12 years.

Hamilton Reappointed Charles E. Hamilton of this township was reappointed by the board of supervisors to the office of member of the poor commission for a term of three years, at the meeting of the board Monday. A year ago Mr. Hamilton was appointed on the poor commission to fill a vacancy, caused by the death of the late

John P. Holm of Gladstone. Prenuptial Shower Miss Margaret Callahan was the guest of honor at a prenuptial shower given in her honor Saturday evening at the home of Mrs. Sarah Hocks. Twenty-eight friends were present. The evening was spent in playing bridge, five hundred and lunco. After the games a delicious lunch was served by the hostess. Those who won the honors at cards were Mrs. Henry Washburn first and Mrs. Hector Macaulay consolation, at bridge; at five hundred, Mrs. Joseph Sobesky first, Miss Myrtle Rahldeau consolation; at lunco, Mrs. Frank Quinn first, and Miss Rose Van Damme consolation. Miss Callahan received many pretty and useful gifts.

Personal Items Mrs. Peter Pecord, Mrs. Eli Schramm and Mrs. Albert Proehl were Gladstone callers Wednesday. Mr. and Mrs. Fred Cavill, Miss Thelma Roberts of this village and High Cavill of Detroit left Sunday morning by motor for Red Lake, Minn., where they will visit for a week with Jesse Cavill and family. The annual chicken supper given by the Ladies Aid of Bethany Ev. Lutheran church at Whitefish last Saturday evening was well attended and proved to be a very successful affair.

Supervisor William J. Miller attended the annual session of the county board of supervisors on Monday. The most important business transacted at this meeting was fixing the budget of the several departments of the county administration. The county tax will be approximately the same as last year, but Delta county's share of the state tax is \$21,000 more than last year. Supervisor Miller will start the spreading of the tax roll at once, completing the work by Dec. 1.

Mr. and Mrs. Joseph Sobesky have returned from a two weeks visit with relatives at Denmark, Manitowoc and Milwaukee.

Mr. and Mrs. Henry Washburn and County Clerk Bert Carmody of Sturgeon Bay, Wis., visited from Saturday until Tuesday at the home of Mr. and Mrs. Jerry LaFontaine. Mr. Carmody is a brother of Mrs. LaFontaine and was formerly a resident of Rapid River.

Aaron Buchman returned Tuesday morning from a visit with his sons at Chicago.

John Birch of Detroit arrived Saturday to spend a couple weeks with relatives.

Mrs. Louis Thibault visited with her daughter Vivian at Green Bay over the week-end.

Daughters of American Revolution. The Lewis Cass Chapter, Daughters of the American Revolution, met at the home of Mrs. J. Stephen, Monday afternoon. The meeting was opened in due form, and after disposing of general business, plans were outlined for the year's work. The Regent then read portions from a recent bulletin, received from the National D. A. R., which stressed the need of committee work and teamwork on all projects undertaken.

Briefly, the Daughters of the American Revolution stands for "Patriotic, historical and educational purposes; to perpetuate the memory and spirit of the men and women who achieved American Independence, and who have grown from a small group to about 170,000 members, acquiring property worth well above \$2,500,000, and expending a quarter of a million annually in its organized efforts."

It has assisted more than 1,000 students with D. A. R. loans, exceeding for the year 1929, \$132,456.67. More than 3,000,000 Manuals for Immigrants, which are printed in 17 languages, were distributed, at a cost of \$20,000 and in the past three years \$4,000,000 has been expended for patriotic education.

Mrs. E. C. Voght had charge of the program, and acquainted the members with "Caspan Community House," at Casplan.

# The Innocent Cheat

By Ruth Dewey Groves  
AUTHOR OF "RICH GIRL-POOR GIRL," ETC.

**CHAPTER II**

Brent leaned closer to Helen and the girl saw something in his eyes she had never found there before. A plea, an entreaty. Brent knew how to use the expressiveness of his features to serve his purpose, whatever it might be.

"Why," she faltered, "I . . ."

Brent pressed his arm a little tighter, patting her shoulder. "I'm not going to question you about any of the promises you've made me," he said easily. "If you have any confessions to make, keep them for another time. All that matters about what you've done here at school is what it's made of you, Helen. Will it please you to know that I am satisfied?"

"Please me?" Helen's voice vibrated with astonishment. "Leno you ask me that?"

The man smiled, content. "But I haven't done anything you asked me not to do," the girl rushed on. "I haven't smoked or sworn or taken a drink or listened to risqué stories or . . ."

"I'm sure you haven't," Brent broke in. He was thoroughly convinced of her virtues. His magnetic hold on her, he knew, governed every act of her life.

But the very completeness of his hold troubled him. Could she be capable of such devotion to the ideals that he had fostered upon her without possessing, innately, a penchant for truth and purity? Was it entirely his wishes that swayed her?

Well, he'd gambled on blood. Diamond Page's daughter! The blood of an international crook in her veins. She couldn't get rid of that.

Against it Brent had stacked a course in culture, taking a chance that heredity would win over environment. It was important to him that it should.

And tonight he meant to take the first step in proving the result.

"You've often expressed curiosity over my attitude toward you," he said to Helen now. "Well, it wasn't an idle wish to have you grow up as innocent as a modern girl can be," he went on as Helen remained silent; "and the time is almost here when I shall tell you what it means to me. But first—now I want to ask you this: Have you found it difficult to follow my will, to do as I asked you about these things that people say you modern youngsters are guilty of?"

Helen did not hesitate with her answer. "I almost wish I could say yes," she told him, "because then you would know that even if I found it hard not to do the things that some of the other girls do I would still not do them, Leno. Just because you asked me not to. But I can't say that. I'm afraid I rather like being what you call nice." She smiled at him appealingly but his expression puzzled her. He seemed but little pleased.

"Even to giving up artificial beauty aids?" he pressed. "And not having aspirations for a career?"

This time Helen answered with less sureness. "Well," she said, "sometimes—when the other girls are planning their future . . ."

"You find it a bit irksome to close your mind to the call of this new freedom?"

"It's very fascinating to think what you could do," Helen admitted.

"More fascinating than dedicating your life to me, letting me assume the responsibility for your future?"

There was a faint touch of reproach in his voice, a note Helen could not endure.

"Oh, don't think I ever forgot how wonderful you've been, Leno. To take a baby girl and bring her up as though she were your own daughter—" She passed, then hurried on, "not just to put her away and forget all about her. . . I think you've been splendid!"

"I'm glad you didn't quite say as my own daughter, Helen," Brent remarked. "I've never felt paternal toward you." He drew her to him the slightest bit and Helen closed her eyes. But he did not kiss her.

"Then you won't fall me," he asked after a moment of silence in which he weighed his new knowledge of her. Helen opened her eyes and turned her face to stare at him. "Fall you," she repeated.

"Will you stick to me, no matter what I tell you, or ask of you?"

Helen's answer came from a heart too devoid of guile to suspect him of an unworthy motive. "I'd do anything for you, Leno. You know that."

Brent nodded. "I'll remind you of those words when I take you away from here," he assured her solemnly. "In the meantime, let's dine."

"And dance," Helen added, striving to overcome the gravity that somehow had come with his words. "It's heavenly to dance with you, Leno."

Brent helped her out of the car without replying. He feared her exuberance might turn to gushing; it never had but Helen, he knew, was fairly tingling with life, with the throbbing pulsations of youth standing on the threshold of adventure. He had long ago worn off the novelty of living and he had no intention of trying to renew the kick. It would be utter boredom to him to talk about thrill. Such as were left to him he preferred to live and not to discuss. He simply would not view the world through Helen's eyes.

She sighed a bit as they walked to the entrance of the inn. What a night! And what a companion! There wouldn't be a man present to compare with him. Tall, thin with the lean perfection of a greyhound, his superbly fitting dinner clothes, his hair touched with gray at the temples, he made a strikingly distinguished figure.

Helen walked proudly before him as the captain led them to their favorite table.

"Good evening, Mr. Brent," the man's tone when he greeted them had barely escaped being obsequious. Helen always had the feeling of being in the company of someone of vast importance when she was with Leonard Brent. And had there been a royal family in America she would have retained that Leno would have received as much attention as the crown prince.

"What's right for a night like this?" Brent asked when they were seated and a waiter hovered at his elbow. The captain had lingered to see to their comfort in person. Now he offered seasonal suggestions with evident anxiety to please. "Spanish melon? Consomme? A duckling, per-

**AT THE DELFT.**  
American college youth has its fling in "Words and Music." Fox Movietone musical revue now being heard and seen at the Delft Theatre.

Of the principals headed by Lois Moran, and a beauty chorus of one hundred, none is twenty years old, with only one or two exceptions.

Already the song hits from "Words and Music" are popular here, having been heard over the radio as well as sung and played by those who have heard them at the theatre.

William Kernell, whose most widely known previous composition was "Sally of My Dreams," contributed two song numbers, "Good Old Mary Brown" and "Steppin' Along." Dave Stamper and Harlan Thompson wrote "Yours Sincerely," "Too Wonderful for Words," "Beauty," "Take a Little Tip" and "Hunting." Con Conrad, Sidney D. Mitchell and Archie Gottler, authors of all the song hits in the "Fox Movietone Follies of 1929," contributed "Shadows."

By Douglas Malloch

Copyright 1928 by Douglas Malloch

**THEY DON'T LIKE ME.**  
A lot (I might as well admit) Of men don't like me, not a bit. They've said so all around the place, Some even said it to my face, And you may think it grieves me sore; Well, once it did, but now no more. In fact I'm rather proud to see The folks in town who don't like me.

They like the man who likes an oaf. (Of course they couldn't like us both). They like the girl who likes to smoke (They know we're not that kind of folk). They like the man who spends and spends (While I don't like that sort of friends). The fool who fools his life away (They don't like me. I'm glad to say).

I used to think I'd like to find Myself the friend of all mankind. Have all men like me, all life through. And not dislike like some men do. But now I'm rather proud of all The critics that I now recall. For there are lots of people I Would hardly like to be liked by.

**OUTPOSTS IN THE NIGHT.**  
THE REAL ESTATE people employ some very clever men to write their advertisements. It is odd that they never seem able to explain the real reasons why owning a home is worth all of the sacrifices that it often involves.

The advertisements and salesmen talk of "economic security," and the like. They spent a lot of time praising the nice neighborhoods that surround their houses. They labor hard to convince the prospective buyer that his wife and children will be much better off with fresh air, a back yard and a flower garden.

But, somehow, they never quite hit the mark.

Every house-holder knows that these things, while they are important, are not the real elements that make home-owning a notable experience.

The genuine joys of the home-owner are little things—things that no man ever speaks about, because they seem so trifling and unimportant. They are easily forgotten. Sometimes they pass unnoticed. Yet they are the things that make millions of men glad to meet mortgage payments, taxes, insurance premiums and those ever-mounting incidentals that the realtor cannily lifts under "upkeep."

And what are these things? Well, they don't sound like much. There is, for instance, the sudden, inexplicable feeling that comes to you on a winter night when you give your furnace its final prodding before going to bed. The door clangs open, the poker stirs the glowing coals, the blue flame dances gaily—and, unexpectedly, there comes the understanding that keeping the fire alive is a sort of mystic rite, by which a few extra cubic feet of warmth and cheer are reclaimed for a wistful race out of the everlasting, lonely cold that cradles the world.

Or, perhaps, you sit in your living room, late at night. The window panes are black, the fireplace fire is dying, the street is silent as an avenue of the dead. And then, somehow, you realize that your four walls are a notable bulwark: a compartment in which you have trapped joy, security, contentment and peace from a world that never has an oversupply of any of those commodities. It is more than your castle; it is your excuse for existence. It is the chief of your accomplishments.

Then, before going to bed, you lock up; and, if you are a veteran, you open the front door and survey the night just before turning the key. And the empty silence overhead does not seem hostile, menacing and cold. It turns into something that you have conquered. Empty space may be infinite, profound, the realm of unending night—but what of that? In your own house you are supreme. You are master of heat and cold, light and darkness. If only for an interval, you have reshaped your universe to your own liking.

These are the things that don't get into real estate advertisements. Perhaps it's just as well. The man who never owned his home wouldn't understand—and the home-owner doesn't need to be told.

opinion of Albert B. Fall, the conspirator and bribe taker. Through the delays and tactics of his lawyers he may succeed in obtaining a "vindication" at the hands of a misguided jury. Doheny and Sinclair were as fortunate, and so was Fall in a previous case. But what happens in those cases and what happens in the trial of Fall now in progress cannot alter the fact that all three are black with guilt.

Fall was bribed by both Sinclair and Doheny and the three conspired to rob the people of the United States of their oil reserves. These facts have been proved beyond the possibility of doubt and the proof affirmed by the supreme court of the United States. Tricky and treacherous attorneys often succeed in getting wealthy clients out of the clutches of the law. They were able to do it with Sinclair and Doheny and the probability is they will succeed with Fall. But the ostensible innocence they establish is fraudulent and a rank miscarriage of justice.

**A GOOD INDICATION.**  
THERE HAVE BEEN those who have seriously doubted that Colonel Theodore Roosevelt, Jr., would make quite as good a governor as the people of Porto Rico ought to have. To these skeptics, Colonel Roosevelt's inaugural address ought to come as at least a measure of reassurance.

In it the new governor of the island admitted, quite frankly, that he has still a great deal to learn about Porto Rico's problems, and pledged himself to study them and solve them so far as it lay within his power.

This speech in itself, to be sure, does not constitute a successful administration, but its general tenor is favorable. There is always something very encouraging about hearing a man admit that his new job is utterly strange to him. Colonel Roosevelt's frank avowals lead up to suspect that he may surprise his critics and turn out to be an excellent governor.

**GOOD AND BAD LOBBYISTS.**  
THE APPROACHING senatorial investigation of Washington lobbyists ought to be productive of a good deal of good; but, while it is going on, the general public ought to bear one or two facts in mind.

First of all, lobbying, in itself, is no crime. Any citizen has a right to go to Washington and intercede for or against any legislation whatever; and so has any organized group of citizens.

The thing that is wrong is for a lobbyist to misrepresent himself; to pretend that he is a disinterested patriot, for instance, when he is really an agent for a firm of shipbuilders. That, together with the use of improper methods of persuasion, is the chief thing the public must guard against.

From recorded incidents of the day we learn that it is almost as safe to slide down a rope from the 44th floor as it is to stand on the ground and watch.

**AT THE STRAND.**  
The pick of Hollywood's colony of child actors and actresses ranging from two and a half to ten years of age, furnish much of the action in "Blue Skies," which will be shown at the Strand today.

Many of these little troupers are real veterans, having been in screen work since they were babies. Some of them are still infants, but every one of them knows what is expected of him or her. Never has so many baby stars been assembled in one picture.

Freddie Frederick and Carmelita Johnson, both well known to screen lovers, notwithstanding their tender ages, are featured in the first episode, while Helen Twelvetrees, one of the Wampas Baby Stars of 1929, and Frank Albertson, both talented artists, play the parts in the second episode.

"Nobody's Children" is an adaptation by John Stone from the magazine story, "The Matron's Report," by Frederick Hazlitt Brennan. Alfred L. Werker directed the picture.

MOOSE SEEN IN HIAWATHA

Two Parties Report Glimpses of Big Animal

This is no bear story. A big live bull moose is wandering around this vicinity and has been seen by two reliable parties, within a few miles of this city, Fred Graham was up by the Stone Cut on Hiawatha road yesterday and a short distance from the highway discovered a strange track. Noting that it was bigger and heavier than a cow's and knowing that there were no cows in that spot he followed the track. Finally he came to a fence. The animal had jumped it. That eliminated the least doubt that it was a cow. Then Mr. Graham went to the John Devroy farm and talked with him about the tracks. Devroy had seen them but not the animal. Going to the farm of Harry Blandford, Graham discovered that the animal, a big bull moose, had been seen there about six o'clock that morning. Returning to the Devroy farm, Graham discovered that shortly after he left, they moose had come out into a field there, in full view of Devroy.

NELS JOHNSON ARRESTED FOR KILLING FAWN

Examination of Nels S. Johnson, Manistique garage owner, arraigned in Justice of the Peace Stephen's court, yesterday morning, for game law violations was adjourned until November 12, bond was placed at \$500, which was furnished. Johnson was arrested by Deputy Warden Paul Knuth and District Deputy Warden Julius Thorsen, on the old 58 tote road near Stuts creek, north of here, Tuesday, when the carcass of a fawn deer was found in the truck he was driving. Search of the car also revealed a dead partridge. Johnson was accompanied by August Carlson and Ed. Nussman, but no action was taken against either of the latter when Johnson claimed ownership to the firearms and admitted doing all the killing. Three charges have been brought against the defendant, illegal possession and killing of deer, illegal possession and killing of partridge, and carrying of firearms in same cover without a permit. Two guns, a rifle and a shotgun were seized and action is being taken to confiscate the truck.

SPECIAL EVENT AT SPUD SHOW

Program For Women Presented Here By Miss Harris

A special program will be given women who attend the Upper Peninsula Potato Show at Escanaba next week, according to B. D. Kuhn, secretary-manager. On Friday afternoon Miss Margaret Harris, assistant home demonstration leader for the Michigan State College, has arranged a program in giving special information on the use of potatoes as food.

"Too many people have the impression that potatoes are fattening," says Miss Harris, "while the truth of the matter is they are no more fattening than a number of other foods. Properly used they are one of our best and most healthy of foods."

The value of potatoes as food and different ways of preparing and serving will be outlined by Miss Harris.

Wednesday, Oct. 23 is given as judging day by Mr. Kuhn. All entries must be in place by 10 a. m. when the judging begins. No other program is planned for that day.

Thursday afternoon a program designed for the potato growers has been arranged with speakers capable of handling their subjects. Thursday night is the potato growers banquet, with another program

No More "Iron Maidens"! AN ANCIENT PREJUDICE HAS BEEN REMOVED. Never again need scientific research grope in darkened cellars behind doors bolted against torture. AMERICAN INTELLIGENCE has swept before it the ignorant barrier which stupidly impeded men of genius and science marches proudly on. "toasting did it" — Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos. YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted." "TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way. Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women. "It's toasted" No Throat Irritation—No Cough. Electrolytic Decomposition! NOTHING terrible about "electrolytic decomposition." It simply means the "evaporation" of water from your automobile battery. It's a natural process that must take place in any healthy battery. But—and here's the point—unless the water lost in the air is replaced every ten days or two weeks, only part of the full power of the battery is available. Regular visits to our service station for water, and cleaning and tightening of the terminals, will keep it in a healthy condition. # L. O. O. F. and Rebekahs Will Convene at Battle Creek Next Year

## ANNUAL MEET. CLOSES TODAY

### New Officers of Both Lodges Will Be Announced Today

Battle Creek was selected as yesterday's session at the 1930 meeting place of the grand lodge of the L. O. O. F. and the Rebekah Assembly of Michigan, the delegates giving it preference over Owosso and Flint, which also had extended invitations.

The annual convention will come to a close today, the main business on the program being the installation of the newly elected officers of both lodges. A morning and afternoon session will be held today.

The special train, bearing the delegates back to lower Michigan, will leave Gladstone at 6 o'clock this evening, it was announced. Two sleeping cars will be attached to the train at Mackinaw City. The transportation committee, of which H. D. Brackett is chairman, will provide automobiles for taking the visitors to the train at Gladstone.

The "Isers, Wassers and Comers" banquet at the Delta hotel and the grand ball at the Coliseum in the evening was the feature events on yesterday's program of activities.

At the banquet, Grand Master Henry S. Sweeney served as toastmaster in an entertaining manner, and interesting addresses were given by Herbert A. Thompson, past grand master of the Michigan Grand Lodge and past grand sire of the Odd Fellows of the World; and Mrs. Jessie Thompson, past president of the Rebekah assembly of Michigan and also past president of the Association of Rebekah Assemblies. Other dignitaries of both lodges also appeared on the program.

### Many Attend Dance

The grand ball was a brilliant, social event, a large crowd of dancers enjoying the musical program furnished by the Wolverine orchestra. The dance was given in honor of Grand Master Henry S. Sweeney and President Mollie E. Crowe, and was attended by representatives, visiting members and invited guests. Roses were presented to each lady present, and a large number of attractive favors were freely distributed.

The Escanaba Municipal band gave a street concert in the early part of the evening, which was enjoyed by a large crowd.

The grand lodge adopted a resolution, increasing the allowance for the maintenance of the Odd Fellows Home at Jackson from twenty-five cents to thirty-five cents per semi-annually. A number of other important resolutions were presented and referred to the various committees.

**Appreciation Expressed**  
The committee of courtesies submitted the following resolution of appreciation, which was adopted:

"Your committee has been overwhelmed with the many splendid courtesies shown this grand lodge by the people of this community. As they have helped our brothers and sisters in Odd Fellowship, in their welcome to us, we can only call your attention to a few of these.

"The churches, under the leadership of Rev. R. C. G. Williams, for their service on Sunday night where we worshipped together as one big family under the leadership of our grand chaplain.

"The grand lodge degree team and the large class, through the efforts of Past Grand Master Chris H. Gribble.

"Brother Matt Peterson and his committee.

"To those who have brought more beautiful flowers than have been seen at any other of our sessions - Wicker's Flower Shoppe and Peterson's Greenhouse.

"The Delta Lodge No. 195, F. & A. M. for their hall and club-rooms.

"The B. P. O. E. No. 534 for their hall and club.

"The Knights of Columbus for their kindness and good-will.

"The airport and its interest in those we love and esteem.

"The Western Union.

"The Coliseum for every favor they have shown us in making this building comfortable and convenient.

"The Chamber of Commerce, for making accessible the interesting industries near us.

"Past Grand Sire Thompson for his valuable and friendly counsel.

"Past Grand Master H. G. Robertson of Jurisdiction of Ontario for his friendly visit.

"The the Patriarche Militant.

"To our patriotic home under the leadership of P. G. R. Ford and D. G. M. Carr, we pledge our patience, our loyalty; we believe in helping our unfortunates.

"Brother Miles F. Grey, who has so carefully and interestingly been a splendid "Jonathan" to our dear friend and "David" Fred A. Rogers.

"Our sisters in the Rebekah Assembly, whom we love.

"And our grand master, whose tact and talents have lent dignity and interest to our work throughout this entire year.

"Finally, to Mother Nature, who surely prides herself in the world's "Hiawatha Land", Mich-

### Former Ford River Resident Makes Good

GEORGE L. OHRSTROM  
President,  
G. L. Ohrstrom & Co.

## Ohrstrom's Rapid Rise In Finance Reads Like Horatio Alger Stories

To few men in their early thirties is it given to have handled the financing of nearly a dozen huge skyscrapers, to head a company which is the accredited banking agent for some \$200,000,000 of associated public utility interests, and to have built up a reputation for quiet, shrewd financial conservatism worth more than any amount of cash.

George L. Ohrstrom, who spent the early days of his life in South Ford River when it was a thriving sawmill town, has done more than this. He has accomplished success in the limited time left one of the modern generation after returning from the World war. And he has retained a modesty which makes it something of a journalistic feat to publish the photograph which heads this article.

The story begins with John R. Ohrstrom and his wife, Christiana. Mr. Ohrstrom emigrated from Copenhagen to Ford River and became a successful lumberman. His son, with the ancestral qualities by which generations of study and energetic Scandinavian people have added to the progress of the United States, grew up in the midwest and northwest. He received his early education in the schools of Ford River, the Stadium schools at Tacoma, Wash., and graduated

from high school at 17. In 1914, after two years of lumbering and railroad construction work, he was able to enter the University of Michigan. Bugles of 1917 called him from college to the A. E. F., a second lieutenant in the air service. Official war department records credit him, while flying with Joseph D. Mallory, Nov. 10, 1918, with bringing down the last German plane of the war. Putting aside military honors, he returned to college and took his degree in June, 1919. Shortly thereafter, he went to New York and took up his business and financial career. He arranged the financing for the General Motors building, the 32-story structure at 61 Broadway, the Bank of the United States, and others. In 1926, he organized his own firm and financed, among others, the 35-story building at 50 Broadway, the 29-story building at 11 John street, home of big insurance companies, the Standard Oil building in Albany and the Herald Square building. His company is banker for Federal Water Service, which controls the largest system of privately owned water supply companies in the United States. It is also bank-

### Groos Writes Story Of Horseshoe Game For Bureau News

P. J. Groos of Escanaba writes an interesting story of the history of horseshoe pitching for a recent issue of the Upper Peninsula Development Bureau News. Mr. Groos was superintendent of the "barnyard golfing" department at the Upper Peninsula State Fair. His article is as follows:

"Horseshoe pitching as exemplified at the Escanaba State Fair tournament in September, and elsewhere throughout the peninsula is one of the finest outdoor games in the world. The true horseshoe fan, like the real fisherman, is a good citizen every time. I have never known one who was crooked in any way.

"Horseshoe pitching courts and tournaments are governed by fixed rules. The standard distance between stakes is 40 feet, and the game is played by two people pitching two shoes each. The standard shoe weighs two and one-half pounds, and sets can be purchased at the larger hardware stores. The stakes project ten inches above the ground, and they must be straight up.

"There are no numbers of courts throughout the country for women, boys and girls. The pitching distance for these is 30 feet.

"Every shoe landing and remaining within six inches of the stake counts one point. A leather, which is a shoe with one arm off the ground and standing against the stake, counts for one. The standard game usually consists of 50 points.

"In the old style game if the second player made a ringer on top of his opponent's ringer, he counted six points and his opponent none. This is manifestly unfair as a test of skill, and this way of counting has been discontinued.

### How they Play It In Florida

"Horseshoe pitching has reached its greatest interest in Florida of recent years, when every town has its winter tournament. Constant practice has made many Floridians almost unbelievably expert as horseshoe experts. Games are played in which practically every pitch is a ringer. One Miami champion thinks nothing of making a string of ringers over a canvas which shuts off the view of the stake entirely, and he does almost as well blindfolded.

"Eugene Wright, of Iron Mountain won the upper peninsula championship at the recent state

fair, with a score of 70. He was closely followed by Eskil Erickson, Stambaugh, with 69 and C. A. Robinson, Iron Mountain with 67.

"Once the game is on nothing short of an earthquake prevents the genuine horseshoe fan from finishing. A sudden rain or snow squall may come up, but the game continues. It is an exciting pastime, and it is certainly a healthy one. Interest in horseshoe pitching is growing in the upper peninsula, and nearly all communities and dozens of farms and even lumber camps now have courts where young and old enjoy the game."

### John Hughes Named Annual Editor At St. Mary's College

John Hughes of Escanaba has been appointed editor-in-chief of the Dial Annual, year-book publication of St. Mary's College, Kansas. It was announced by the director of publications here yesterday.

Hughes, a senior in the college, has been actively engaged in the work on the various annuals during his college career. Last year he held the position of circulation manager, the duties of which he executed with utmost efficiency. He gained quite a bit of practical editorial experience when he assumed the duties of editor when sickness incapacitated the editor-in-chief, during the process of publishing the 1929 year-book.

Hughes has been a prominent campus figure, and was recently re-elected vice president of his senior class for the year. The Dial Annual, the publication of which climaxes the literary and editorial efforts of the students of St. Mary's College throughout the year, has always been of the highest type. For the last four years it has merited the highest ranking, that of All-American, by the American Collegiate Press association.

# "I Wish I'd Known"

**T**HERE'S always a new experience ahead-- something you haven't done before and which calls for a decision.

You become engaged--and immediately you are called upon to decide on the purchase of many, many things you never bought before.

You marry--and furniture, draperies, silverware, china, talking machines, oil-burners, gas-stoves, automobiles claim your dollars and call for your choice.

A baby comes--and again you face a new experience in purchasing clothes and powders and blankets; in buying a crib, baby-carriage, foods, toys.

Next--what school? For the years pass incredibly fast. Once more, a new decision.

Every room in your house requires a choice. Every meal served in your dining-room results from your having decided on what to serve. Every day confronts you with a multitude of possibilities from which you must select those which make life happier and better, and make the dollars go farther.

How on earth are you going to make those decisions? How can you know what you want and what you don't want? How can you buy to such advantage that you'll seldom, if ever, have occasions to use that futile phrase, "I wish I'd bought something else?"

**FESTIVAL IS ARRANGED FOR SUBSCRIPTION**

A festival program will be given in the Swedish Mission church Tuesday evening, October 24, beginning at 8 o'clock.

The occasion has been planned mainly to take up a subscription which will go to the paying for repairs made this summer on the furnaces in the church and parsonage, which sum amounts to almost \$400.

All the members and friends are invited to inspect the work done, which includes the installation of fans in both furnaces and a rebuilding job. The work was under the supervision of S. G. Nelson. It is the ambition of the church that the amount needed will be taken up in one evening thus making possible the clearing of all debt records before the fiscal year is ended.

The committee in charge of gathering funds for the work is: O. H. Anderson, Mrs. J. M. Olson, Mrs. S. G. Nelson, Mrs. L. Skogquist, A. Berglund, Mrs. Elne Swenson, Carl Nyberg, P. G. Erickson and Rev. Paul E. Palmquist.

The property of the church is now in excellent condition, following this work, and the painting of the church and parsonage and re-proofing of the garage this summer.

**LARGE CROWD WILL FOLLOW ELEVEN SAT'Y**

**High School Band Accompanies Team to Newberry**

A large crowd of fans and the high school band will follow the Manistique football team to Newberry where Coach Cook's warriors face the Celery City eleven, Saturday afternoon.

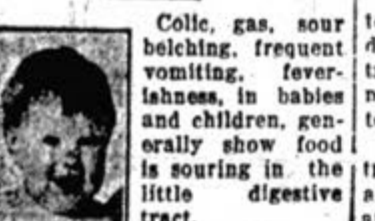

The squad is being put through hard practice in preparation for Saturday's encounter. The Cookmen's defense which was impregnable during the first half of the Gladstone game, but, which was used little in last Saturday's contest was given a going over. Their running and passing game which has made them a formidable aggregation was polished up and several new plays given the crew.

Ekdahl who had an off day against St. Joseph has been showing well in practice and will probably be a big factor in the coming game. The other backs who performed in stellar fashion last Saturday, have been reeling off nice gains against the reserves and no change in the backfield is expected.

Comparative scores give the Green and White squad an edge in the coming fracas. Manistique to whom Manistique lost a hard luck game, 12-6, week before last walloped the Celery City crew to the tune of 40-0. However, Gladstone who gave the local eleven a busy afternoon before being downed, played to a scoreless tie with Newberry.

Ed Greenwald, golf pro at the Indian Lake club, has left for his home in Milwaukee.

**WHEN A CHILD IS FEVERISH, CROSS, UPSET**

Colic, gas, sour belching, frequent vomiting, feverishness, in babies and children, generally show food is souring in the little digestive tract.

When these symptoms appear, give Baby a teaspoonful of Phillips Milk of Magnesia. Add it to the first bottle of food in the morning. Older children should be given a tablespoonful in a glass of water. This will comfort the child—make his stomach and bowels easy. In five minutes he is comfortable, happy. It will sweep the bowels free of all sour, indigestible food. It opens the bowels in constipation, colds, children's ailments. Children take it readily because it is palatable, pleasant-tasting.

Learn its many uses for mother and child. Write for the interesting book, "Useful Information." Address The Phillips Co., 117 Hudson St., New York, N. Y. It will be sent FREE.

In buying, be sure to get genuine Phillips Milk of Magnesia. Doctors have prescribed it for over 50 years.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Chas. H. Phillips Chemical Co., and its predecessor, Chas. H. Phillips, since 1875.

**ELK BOWLING ALLEYS TO BE READY FRIDAY**

**League This Year Will Be Biggest in History of Club**

Local Elks will be pleased to learn that the bowling alleys will be open for their use on Friday evening of this week. The latest type of Brunswick pin setting machines have been installed, the alleys have been thoroughly gone over, the floors painted, and the walls and ceilings redecorated.

League activities will commence next week, and a meeting of last year's captains will take place during the current week, at which time various teams will be arranged, rules and regulations as well as entrance fees and other matters pertaining to league affairs decided upon.

In years past the Elks bowling league has been an outstanding feature of the local lodge, and it is conceded that this year's league will outdo its predecessors. Indications show that this season the league will be composed of ten five man teams to accommodate all of the bowlers and new members.

The building is being redecored from top to bottom, and it is hoped to have all remodeling completed not later than November 1st. With the exception of the kitchen and billiard rooms, the balance of the building will be ready by Saturday of this week so that members can enjoy club privileges as previously with the exceptions noted.

**WOMEN'S CLUB HOLDS MEETING**

**Reception for Teachers Held; Interesting Reports Given**

The Women's Club held a regular meeting and reception for the teachers in the parlors of the First Baptist church Tuesday afternoon.

An interesting report was given by Mrs. Chas. Hovey who was the local delegate to the state convention at Lansing.

Mrs. Chas. Hovey, president, welcomed the teachers, after which Mr. Herbert Peterson, accompanied by Mrs. A. Hall, sang three numbers.

Mrs. Dorothy Shipman told in a most interesting way of her two months trip taken last summer through Yellowstone National Park and Alaska. The description of the route taken and Yellowstone with its numerous geysers, Liberty Can, the rangers and animal life painted a vivid picture.

Alaska with its scenic beauty, totem poles, Indians, dogs, reindeer and other animals was portrayed and the telling of many personal incidents added greatly to the talk.

Mrs. Shipman, on her return trip, visited with the Harry Thomason formerly of Manistique, in Seattle.

Tea and a social time was enjoyed by the members and teachers.

**Golden Star Lodge Will Meet Friday**

A regular meeting of the Golden Star Lodge will be held Friday evening beginning at 7:30 o'clock at the Odd Fellows hall. Following the business session a bunco party will be held for all members and their friends, and refreshments will be served.

Mmes. Asp. John Carlson, H. Peterson, S. Berwin and Misses Skne Carlson and Eleanor Lotzren compose the committee in charge of arrangements.

**Bantist Ladies' Aid Will Meet Wednesday**

The Ladies' Aid of the home of Mrs. Frank Dahms, 110 Pearl street, at 2:30 o'clock Wednesday afternoon, October 23. A kitchen shower will be held in connection with the meeting. Hostesses for the occasion are Mmes. Frank Dahms, S. Stone and J. Peterson.

**Ministerial Ass'n Will Meet Monday**

The first meeting of the season of the Manistique Ministerial association will be held Monday evening October 21, at the Baptist parsonage. Supper will be served by Rev. and Mrs. Grosa at 6 o'clock. It is expected that the entire group of ministers and their wives will be in attendance.

**Truck Driver Hits Boys on Bicycle**

Walter Nelson driving the Nelson dairy truck collided with Thomas Jenks and William Doyle who were on a bicycle as they were leaving the high school grounds to turn on to Cedar St. Tuesday noon. Only slight injuries were suffered and after being treated for their minor cuts the boys were able to return to school in the afternoon.

**JOE KEE OUT FOR SEASON, ARM FRACTURE**

**Injury Jinx Hits Keil Eleven Once More**

The injury jinx hit the Gladstone football team Monday night when Joe Kee, regular guard, suffered an arm fracture in practice.

Kee will be out for the season, it was announced yesterday, by Coach Eldan Keil.

This leaves a big hole in the line which will be hard to fill, but new combinations are being tried out in an effort to place a fairly good substitute in Saturday's game.

All other members of the team are in good shape and are working hard in preparation for the Marquette contest Saturday. Practice is being pointed in particular toward defense, the Keilmans planning to block Marquette's famous air attack at every attempt if possible.

**HARVEST HOME SUPPER WELL PATRONIZED**

The delicious menu served by the Ladies' Aid society of the First Methodist Episcopal Memorial church, at its annual Harvest Home supper last evening was enjoyed by a large crowd.

Serving started at 5:30 o'clock and continued until all were cared for, with the large attendance continually filling the church parlors to their capacity.

The Harvest Home supper was served by the Ladies' Aid society with special committees in charge. A booth at which home made candy was sold was also well patronized.

**ESCANABA BOWLER HOLDS HIGH SCORE**

Miss Adrienne Toussignant of Escanaba is leading women bowlers at the Rialto alleys with her score of 142 high for the week so far.

The Escanaba bowler displaced Miss Alice Garrett whose total of 136 was high the first part of the week.

Women bowlers are competing at the alleys this week for a five pound box of candy which will be presented to the holder of high score for the week closing Sunday night at 11 o'clock.

The refurnished alleys and in particular the completely furnished lounging rooms for women are attracting women bowlers in large numbers.

**AT FUNERAL OF FATHER IN COLEMAN**

Mr. and Mrs. William DeKeyser and daughter, Betty, have returned from Coleman, Wis., where they were called by the death of Mr. DeKeyser's father, John DeKeyser.

Mr. DeKeyser passed away on Friday at his home in Coleman.

Funeral services for him were held Monday and burial was made at Coleman.

**Local Parties In Automobile Crash**

Mr. and Mrs. D. J. Ward, accompanied by Mr. and Mrs. Geo. F. Fowler who were motoring to Detroit were in a collision near Saginaw. The occupants were badly shaken up and Mrs. Fowler suffered an injury to her back. Mrs. Ward also received cuts about her head. The injured members of the party received treatment at a Saginaw hospital after which they returned to Manistique.

**MACCABEES AT MEETING**

**Rachel Hive Representatives Attend Association Gathering**

A representative group of Lady Maccabees, Rachel Hive, Number 272, of Gladstone, will go to Escanaba this morning to represent the Gladstone lodge at the Cleveland Association of Lady Maccabees meeting which will be held there.

Escanaba Lady Maccabees will be hostesses to the visiting members at the meeting.

Attending will be representatives of hives at Ishpeming, Manistique, Iron Mountain, Hermansville, Masonville, Rapid River, Saulting and Gladstone, and possibly others.

Assistant State Commander Frances E. Burns of Detroit and District Deputy Ida M. Scott of Manistique will be present at the meeting.

The meeting will open at 10 o'clock at the North Star hall.

Following this meeting a luncheon will be served at the home of Mrs. Fred Johnson, 1318 First Avenue south. The afternoon meeting at the North Star hall will begin at 2:30 o'clock.

Visiting Rebekahs, in Escanaba for the Rebekah assembly, who are also Lady Maccabees have been issued a special invitation to attend.

**PIE AUCTION ATTENDED BY BIG CROWD**

A large number of people attended the pie auction held last evening at the American Legion hall, formerly Wassa hall, by the Wassa Order of Gladstone.

**TAKES LOTS OF TIME**

London, Oct. 15 — When a worker undertakes the task of cleaning the four faces of "Big Ben," famous English clock, he knows he's in for a big job. Climbing high up to the tower which houses the clock, he must put in a full day's work on each of the faces. It formerly took two men three afternoons a week to wind this clock, but the operation is now done by electricity in twenty minutes.

Miss Louise Moorer is in the city at present in the interests of the Star Commonwealth which is located at Albon.

**GRADE PUPILS' ORCHESTRA IS ORGANIZED**

**Glee Clubs Working On Operetta, "Pickles"**

Organization of a grade orchestra of forty members, including students of the first to the ninth grade, is in progress under the supervision of Merl D. Williams, head of the department of music. Members of the band are meeting every Friday at 4 o'clock for practice.

The Gladstone high school glee clubs are working on an operetta, "Pickles" which will be presented by all high school talent, exclusive of aid from outside talent or from alumni talent.

Members of the six clubs, fifty girls and forty boys, are all being used in the cast or choruses and there will be a full orchestra accompaniment.

The cast of the operetta will be announced later.

**CITY BRIEFS**

Mrs. Rube Cotel of Deerwood, Minn., formerly of Gladstone, is seriously ill after an operation performed in the Crosby, Minn., hospital. Mrs. Cotel who visited in Gladstone this summer, is known to many people here who will be sorry to learn of her illness.

Mrs. and Mrs. A. J. Minnick left Wednesday night for Rhinelander, Wis., to spend a few days with Mr. Minnick's mother, Mrs. M. Minnick who is seriously ill.

Wallace and Roy Olson spent the week end at Niagara, Wis., at the home of Mr. and Mrs. Howard J. Greene.

Mr. and Mrs. Howard J. Greene and sons, Donald and Keith, of Niagara, Wis., arrived here Monday to visit at the N. LaCasse home. Mr. Greene returned to Niagara at once, Mrs. Greene and their sons remaining here for a longer visit.

# Hoover Is Asked To Insist On Athletic Truce

## 2-YEAR SCRAP OF ARMY-NAVY MAY END SOON

### Soldiers Field Proposed As Neutral Site for First Game

Washington, Oct. 16 (AP)—Hopes for the resumption of the annual Army-Navy football classic were revived somewhat today after Chairman Britton, of the house naval committee, urged President Hoover to insist that athletic relations between West Point and Annapolis be restored and a game played this year.

Britten suggested that Secretaries Goss and Adams call the superintendents of the academies together with an impartial authority on football regulations to adopt a set of rules on eligibility of players, the center of the controversy for more than two years. The annual game hereafter would be played according to the rules adopted.

To avoid a game this year in the home territory of either institution, Britton proposed that a neutral location be used preferably Soldiers Field in Chicago. He named December 6 as a post-season date which both teams have open, and said every facility would be made available at Chicago for the teams and student bodies.

Britten said the president, who recently expressed the hope the teams would resume their yearly tilt, showed keen interest in the suggestion. He predicted the game would be played this year at Chicago, where the famous 21-21 tie in 1925 was fought by the service institutions before more than 100,000 persons.

Secretaries Goss and Adams have discussed bringing Major General W. F. Smith, superintendent at West Point, and Rear Admiral S. S. Robison, superintendent at Annapolis, together in the hope that an agreement could be reached. However, they have taken the stand that they would not force the teams to play unless an agreement suitable to the cadets and midshipmen be reached.

## Lineup for Ohio Game is Problem For Coach Kipke

Ann Arbor, Oct. 16 (AP)—Coach Harry Kipke today was as busy as a school boy with a Chinese puzzle as the mentor of the University of Michigan football team tried various combinations of players in an effort to send his greatest strength against Ohio State in the annual game between the two schools Saturday.

One definite result seems to have come from the various combinations which Coach Kipke tried. Captain Truskowski will play at a halfback position instead of end, so long at least as

## Big Ten Mentors Survey Problems For Week's Games

Chicago, Oct. 16 (AP)—Misfortune clung to Northwestern university's football team tonight as Coach Dick Hanley was forced to his bed with bronchitis, which may keep him from directing his team against Minnesota Saturday.

Coach Hanley became ill during the trip to Wisconsin last week and was barely able to direct last night's practice. While he insists he will be up and around tomorrow, his physician said it would be inadvisable. During his absence, his brother, Pat Hanley, has charge of the team. Tonight, he sent the team through a long defensive scrimmage and the team looked strong.

Coach Bob Zupke directed his Illinois team from the stand of the stadium today in a megaphone. He excused the team from scrimmage but hustled it through kicking and signal practice. The Illini depart for Iowa tomorrow afternoon.

Wisconsin showed more enthusiasm tonight in its workout against Notre Dame plays freshmen, employing Notre Dame players, were unable to make appreciable gains. Milo Lubratovich, the big Serb, was sent from fullback to tackle again tonight, but on the second team.

Coach Clarence Spears drilled his Minnesota team on defense, sending the yearling team into a slow motion demonstration against the varsity. Coach Spears still is uncertain about his starting lineup against Northwestern.

At Michigan, more experiments were noticeable. Captain Joe Truskowski was shifted from the line to halfback tonight, working as a running mate to Hudson.

Coach Pat Page had his Indiana squad working hard and guessing harder following a statement that he was planning on making radical reorganization in the first team because of the poor showing against Chicago last Saturday. Two regulation games were played tonight with the freshmen using Colgate plays.

George Ross, one of his dependable backfield performers, was discovered to have injured his neck in the Chicago game and may be out of the Colgate battle.

For the third straight night, the Purdue team was excused from scrimmage. Instead, it engaged in a long tackling practice.

Coach Alonzo Stagg pointed his Chicago team toward the Purdue game. The freshmen were stopped repeatedly with Bollermaker plays and the varsity never looked better.

Al Dahlem, out with an injured elbow and a leg injury which is not entirely healed.

Bill Hewitt went to Truskowski's end post while Kipke tried Draveling, benched in yesterday's practice, at tackle, the position which he played in high school football. When Draveling was sent to tackle Pete Cornwell supplanted him on the flank.

## SUCCESSOR TO HUGGINS WILL BE SET TODAY

### Giants Ready to Pay Fortune for Critz, Cincy Marvel

BY WILLIAM J. CHIPMAN (Associated Press Sports Writer)

New York, Oct. 16 (AP)—The end of the world series failed to close the baseball season on Forty-Second street where the Giants and the Yankees already are in the beginnings of what promises to be an active winter league season. The Yanks at the moment are in the spotlight's glare because of the impending appointment of a successor to Miller Huggins, but John McGraw's forces are gaining attention through the possibility of acquiring Hughie Critz from Cincinnati.

The end of the suspense regarding a manager to succeed Huggins is promised at nightfall tomorrow. Colonel Jacob Ruppert and Edward Barrow broadcast a call to the baseball scribes to assemble in the Yankee citadel late in the afternoon for an "important announcement." The owner of the Ruppert rifics admitted that a manager would be named at that time—but no sooner.

May be Fletcher. By a process of elimination, Arthur Fletcher, the former Giant shortstop and present coach of the Yankees, was agreed upon almost unanimously by volunteer guessers, who often foretell Yankee affairs with rare accuracy, but the feeling prevailed in other quarters that Colonel Ruppert was ready to pull a "Connie Mack" on the boys. The fact that Dan Howley already has been signed by Cincinnati, that Eddie Collins apparently is lukewarm toward the proposition and that Bob Connerly is well fixed in St. Paul gives strength to Fletcher's chances.

As for Critz and the Giants, John McGraw admittedly would be glad to get the Cincinnati marvel for any price short of a "whole ball team," which is what Dan Howley doubtless will demand. Sidney Weil, new owner of the Reds, named Critz the other day as one of the men his club would not trade in the building up campaign which was launched yesterday with the acquisition of Harry Hellmann. Weil nevertheless gave Howley a free hand to build and doubtless would approve any trade for Critz agreeable to the new manager.

The sale of Andy Cohen to the Newark Bears today indicates that McGraw has a deal for a new second baseman under way. The Giants could afford to part with Benton and Reese to get Critz, but Howley probably would demand Hogan and Leach in addition. This, McGraw hints, would be far too much. The Giant chieftain also is silent regarding his willingness, or lack of it, to include Benton in such a trade.

## Alma is Standing M. I. A. A. Standings

Alma, Oct. 16 (AP)—Although the M. I. A. A. has witnessed a total of three games to date, Alma college ranks at the top of the league standing with one victory in a single start.

Hillsdale whipped Hope in the seasonal inaugural two weeks ago but suffered a set-back in their championship aspirations when Kalamazoo college held them to a scoreless tie last Saturday.

Albion, considered by many to be the most formidable squad in the circuit, has yet to face an M. I. A. A. opponent.

Only two M. I. A. A. games are on for this week. Friday Alma faces Hope on the new Bahke athletic field and on the following day Albion goes to Olivet to meet the crimson.

Hillsdale and Kalamazoo are idle.

The following week will in all probability see many alterations in the M. I. A. A. standings.

Alma goes to Hillsdale, Albion to Kalamazoo and Olivet entertains Hope at Olivet.

## TURF RESULTS

By ORLO L. ROBERTSON (Associated Press Sports Writer)

New York, Oct. 16 (AP)—The light blue and brown topped colors of Harry Payne Whitney added another threat for the \$10,000 Selma stakes to be run Saturday when Mad Kiss galloped home an easy victor in the Manor purse at Laurel today.

Considered a trial for the Richer stake, which will be run as a feature of Saturday's card, Mad Kiss reeled off the mile in 1:43 2-5 to defeat D. E. Stewart's Sydney by three lengths. Partisan was third, beaten by a length for the place.

While today's feature was a test for youngsters of either sex, Saturday's top number will bring out only fillies with Harry Payne Whitney holding the upper hand in Dustemah, Murky Cloud and Mad Kiss.

Mad Kiss was an outsider in the wagering and so paid \$11.70 at the mutual windows to win, \$5.70 to place and \$4.40 to show.

## Michigan State Misses Tackle; Review Rudiments

East Lansing, Mich., Oct. 16 (AP)—M. S. C. football practice Wednesday afternoon greatly resembled that of early September as Coach Crowley continued to make good his statement made after the Colgate game, that once more he would start to teach his charges the first fundamentals of football before the conflict Saturday, with Adrian.

The session, however, was long and hard with charging, blocking and tackling the order of the day. The practice ended with signal drill in which Crowley stated what is likely to be his starting lineup Saturday. In the backfield he had Grove at quarter, Schau at full and Breen and Nordberg at the halfback positions. Smead, of course, was at center, flanked by Gross and Jaehing. Ferrari and Exo were at tackles, while Lewis and Fogg held down the ends.

For Thursday, the last hard drill of the week, Crowley promised his boys a tough scrimmage with the frosh.

State will be somewhat handicapped in the Adrian encounter as well as games for the next three or four weeks, by the loss of Dill, regular tackle, who was injured in the Colgate tilt. A kick in the back put Dill on the injured list and x-ray examinations Wednesday determined the spine injury serious enough to keep him from the game for at least three weeks and perhaps longer.

## Michigan Has Record Crowds On Japan Tour

Ann Arbor, Oct. 10 (AP)—Michigan's baseball team brought back two trophies from Japan which were born in the flowery kingdom before Columbus discovered America.

The trophies are sets of Japanese armor which date back more than 500 years and which came to the touring ball players from Meiji University. The donors told the Michigan players it was known Michigan had a large variety and assortment of cups and it was decided to honor them with something which could not be duplicated in the new world.

From another source Michigan also received an elaborate cup of special Japanese workmanship.

While at Tokyo, Michigan played before the largest crowds any Michigan baseball team has appeared before. Five games were played there with attendance of 20,000, 25,000 and 35,000 for the games played on clear days and attendance of 10,000 for two games played in rain and mud.

Unusual arrangements for travel were given the squad, Coach Ray Fisher said, a representative of some of the island colleges being with the team at all times, looking after the comfort of the men and after accommodations for them.

## WITCH-DOCTORS UNION

Kimberley, S. A., Oct. 15—The witch-doctors of Dingaka have unionized. The purpose of the union is to protect its members. Although the government frowns on the organization, the doctors still have considerable control over the natives. They have anticipated modern science in curing general paralysis by means of the bite of malaria-carrying mosquitoes.

How to use the telephone is one of the subjects taught in the schools of London.

## BATTLE FOR LITTLE JUG

### Game Will Be Feature Attraction In County

The feature grid attraction in Delta county will be played at the Escanaba Athletic field Saturday afternoon when the St. Joseph's Parochials will oppose Munising in the battle of the Little Brown Jug.

Munising is topping the Cleveland Athletic Conference with victories over Manistique and Newberry while the Parochials have split even on two games they have played in the Big Five. They won from Baraga on a forfeit and were defeated by Manistique last Saturday.

Coach Brunelle has been shifting his lineup this week in order to develop a scoring punch in the backfield and also work out a defense for an aerial attack. The Purple clad boys were dazzled by the display of passes shot at them by Manistique last week and Coach Brunelle doesn't want that situation to happen again.

## Little Brown Jug

The Little Brown Jug battle is one of the feature spots during the peninsula grid season. To the team winning the annual St. Joseph-Munising clash is awarded the traditional trophy which they may keep in their possession until the next year when the next battle is held. Munising is now in possession of the cup having won it from St. Joseph last year but the Brunelle boys are certain to make a determined bid to bring the jug back to the St. Joseph trophy case.

The game will be a booster game for the Parochials and a very large crowd is expected to crowd through the gates at the athletic field. Outfitting the team with new equipment at the beginning of the grid season just about deflated the condition of the coffers of the treasury and receipts from this game will be used to carry on the work for the rest of the season.

The Purple have one of the strongest lines in the Cleveland Conference, the strong Manistique outfit being able to grab off one first down through the forward wall. It is believed that if the secondary defense is strengthened, the Escanabans will still have an opportunity to jump to the top of the league standings.

## BOXING

Chicago, Oct. 16 (AP)—King Tut, of Minneapolis, formidable challenger of the world's lightweight championship lost on a foul to Lope Tenario, Filipino warrior, in the first round of their scheduled ten round bout in the Chicago Stadium tonight.

Tut unintentionally sunk a left hook low in foul territory and Referee Dave Barry disqualified him.

The wearing Minneapolis lightweight had all the better of the fighting until the foul was delivered. He had "enraged" in full retreat, driving him around the ring with a fierce attack to the body.

Tenario, seeking to escape, backed into the ropes with Tut tearing after him. Tut cut loose with a low punch and Tenario sank to the floor, rolling over on his back. He was in such distress that he was unable to continue. Tut weighed 140 and Tenario 139 and three fourths.

## Former Yale Star Holds World Polo Scoring Honors

New York, Oct. 16 (AP)—Winston Guest, former Yale polo captain, today became the first ten-goal player in the history of the indoor game. Only one other player in the world—Tommy Hitcheok—holds the coveted ten-goal ranking, indoors or out.

Guest's elevation to the pinnacle was announced after the annual meeting of the indoor polo association of the United States. In the new handicap list adopted, Gerard S. Smith of the Brooklyn Riding and Driving club, and Archer W. Kinny, treasurer of the association, with whom Guest was bracketed in last year's rating remain at nine goals.

In open air play Guest, whose hard hitting and skill have made him one of America's foremost polo internationalists, is ranked at nine goals, second only to Hitcheok.

A radical change in the type of ball used in the playing of indoor polo was announced. Because of the expectation of greater accuracy with the new ball it was also recommended that the size of the goals should be reduced "to prevent a flood of increased scoring."

The new official ball is made of sponge rubber composition encased in a leather cover in which there is a single seam. It replaces the inflated ball in use in the past.

## MOUNTAINEERS NEXT ON CARD

### Four More Games Left on Schedule for Eskymos

The Escanaba high school grid warriors will travel to Iron Mountain this week to play their first out of town game of the season. A large delegation of local fans are expected to make the trip to the Ford city to see the game.

Coach Puckelwartz sent his boys through a tough scrimmage session last evening and another hard workout is on the card for this evening in preparation for the game. The preparations will be tapered off tomorrow evening with a light signal drill.

Most of the players on the squad have played through the opening games on the schedule in fine shape and will be in good condition for the Thunemen, but Peltin's knee is still causing him plenty of trouble and Groesbeck's ankle injury has not responded very well to treatment.

Four more games remain on the Eskymos' schedule and three of them will be played away from home. After the Iron Mountain game, the Puckmen will meet Soo, there, Norway, there, and Gladstone at Escanaba on Armistice day.

## Plans Offensive Against Michigan

Columbus, O., Oct. 16 (AP)—Eager to toughen up his charges for the week-end affair with Michigan, at Ann Arbor, Coach Sam Willaman gave the Ohio State football squad another heavy dose of scrimmage today. While the first team was placed on the offensive side, throughout the scrimmage, the second team forward wall, with a "B" squad backfield supplied the opposition.

Offensive plays on which the Bucks hope to gain points for a triumph over the Wolverines, were tried numerous times and a verdict on the result of the drill entitled the varsity to a well earned decision.

An indication that the lineup which started against Iowa will not be changed by Willaman was given today when the first varsity team took its signal drill before receiving the order to take to the showers. Feiler and Fontaine were the ends; Marsh and Haubrich, tackles; Selby and U'helyi, guards; Barrett, center; Holman, quarterback; Horn and McConnell, halfbacks and Holcomb, fullback.

### FAIR BOARD TO MEET OCT. 25

#### Proposal to Change Dates Next Year to Be Discussed

The board of managers of the Upper Peninsula State Fair will meet at the office of Secretary-Manager George E. Harvey on Friday, October 25, to discuss a number of important questions.

The finance committee will meet on the preceding day, Thursday, October 24.

Plans for next year's fair will be taken up, principally the matter of changing the fair dates so that more suitable weather will be obtained. It has been proposed to advance the dates into the third week in August, which would be after the Jonia fair and preceding the Detroit State Fair. Considerable objection has been voiced by the other counties in the peninsula, who fear that such a move would interfere with the success of the local county fairs.

### Edison Jubilee Given Full Hour On Radio Monday

New York, Oct. 16 (AP)—A world wide radio tribute to Thomas A. Edison will be broadcast by two chains Monday evening, October 21 as a climax to the "golden jubilee of light."

Coast to coast networks of both NBC and CBS, together with short wave stations to make the program available all over the globe, will carry talks by President Hoover, Mr. Edison and Henry Ford.

The broadcast will originate in Dearborn, Mich., where Mr. Ford has erected the original laboratory and machines used by Edison when he invented the electric light. It will mark the formal dedication of the Edison School of Technology, founded by Mr. Ford.

The program, to begin at 7:30 p. m., eastern time, and continue an hour, will replace regular WABC, WEPF and WABC features scheduled for that hour.

### MACCABEES MEET TODAY

#### Upper Peninsula Ladies to Hold Annual Meeting Here

Members of Escanaba Hive, No. 531, L. O. T. M., will be hostesses today to upper peninsula members of the Ladies of the Maccabees when the annual Cloverland association meeting will be held here beginning at ten o'clock this morning at North Star hall. Frances E. Burns of Detroit, assistant state commander and Ida M. Scott of Manistique, district deputy arrived in the city to take part in the program.

It is expected that this will be one of the biggest meetings of the L. O. T. M. ever held in the city. Delegations from all sections of the peninsula are expected to arrive this morning and others arrived last night.

A luncheon will be served at noon at the home of Mrs. Fred Johnson, 1218 South First Avenue, when a delicious menu of home cooked foods will be planned.

The afternoon session will be called at two o'clock and every member is asked to try to attend this meeting.

Members of the Rebekah lodges who are Maccabees are cordially invited to attend and meet the upper peninsula members of the organization.

Important business will be transacted at both sessions.

### QUICK RELIEF FROM CONSTIPATION

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 20 years, and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Olive Tablets do not contain calomel, just a healing, soothing vegetable laxative safe and pleasant. No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They help cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you should find quick, sure and pleasant results from one or two of Dr. Edwards Olive Tablets.

Thousands take them every night to keep right. Try them. 15c, 30c, 60c.
