

OBITUARY

ARTHUR T. HOFFMAN
The body of Arthur T. Hoffman, prominent Escanaba business man, who died early Friday at Davenport, Iowa, arrived Sunday morning accompanied to this city by E. J. Noreous of Gladstone, a close friend of the family.

The body was removed later in the day from the Alto funeral home to the family residence, 311 Ogden avenue, where scores of friends have called to pay their last respects to the memory of Mr. Hoffman.

The funeral services will be conducted this morning at ten o'clock at the family home when Rev. Thomas Foster will read the Episcopal service.

Among the out of town relatives who have arrived here are Mr. Hoffman's sister, Mrs. L. L. Steckmeier, of Peterson, Iowa, a brother-in-law, Roy Ford, of Storm Lake, Iowa, and Mrs. Hoffman's two sisters, Mrs. Hugh A. Campbell of Ralph and Mrs. Frank MacDougal of Sault Ste. Marie, Mich.

The active and honorary pallbearers have been chosen among close friends of the family.

T. ARDEE WELLMAN
The body of T. Ardee Wellman was taken from the Anderson funeral home yesterday to the home of his mother, Mrs. Hiram Wellman at South Ford River, where funeral services will be conducted this afternoon at two o'clock by Rev. R. C. G. Williams, pastor of the First Methodist Episcopal church.

Interment will be made in the family plot in South Ford River cemetery.

J. E. BUTLER
The body of J. E. Butler, 68, who died at the home of his son, Captain L. J. Butler, at the Odgers location, Crystal Falls, on Thursday, was taken to Caro, Mich., where funeral services will be held.

Mr. Butler came to Crystal Falls several months ago to live with Captain Butler. A few weeks ago he suffered a paralytic stroke. The greater part of Mr. Butler's life had been engaged in farming.

He is survived by four children, Mrs. Preston Gaff, of Chicago, Mrs. E. O. Brande, of Caro, L. A. Butler, of Manistique, and Captain Butler.

JAMES MILLER
Marquette, Wis. Jan. 24.—James Miller, pioneer houseowner and contractor, died at midnight Friday at his home, the end coming with the stroke of twelve, at 1018 Oakes street.

Death was due to facial carcinoma, with which Mr. Miller had been afflicted for the past two years. His sufferings, which were intense, were patiently endured. Mrs. Mae Goodell nursed him through his final illness.

Mr. Miller was born March 3, 1855, seventy five years ago last March, in New Brunswick, Canada, coming to Marquette with his parents, the late Mr. and Mrs. Daniel Miller, October 8, 1867, where he resided continuously. He was married years ago to Ellen Nichol, who preceded him in death Sept. 26th, 1910.

Mr. Miller is survived by a sister, Mrs. James Turvey of Chicago; brothers, A. Sterling Miller, Marquette, and Nat Miller, Iron Mountain.

Funeral services were held Monday afternoon at the residence, with Rev. L. P. Smith of

the Pioneer Presbyterian church officiating. The body was placed in the mausoleum at Forest Home where it will remain until the weather permits burial in Forest Home cemetery.

OLIVER BOUGIE
The body of Oliver Bougie was removed Sunday afternoon from the Anderson funeral home to the family residence, 112 North Eleventh street, where it will remain this morning at nine o'clock when funeral services will be held at St. Anne's church with Rev. Fr. Anthony Waechter as celebrant at the requiem high mass.

Mr. Bougie is survived by his widow and the following children: Theodore, Fred, Eva, Ben, William, and George; one sister, Mrs. Jos. Bourdeau, of this city; four brothers, Albama, St. Paul, Minn., Amedee of Bourget, Ontario, and one grandchild. The pallbearers will be O. J. Laviolette, Cyprion DeVost, Joseph Delorier, Arthur Gagnier, W. C. Labelle, and Ben Clermont.

Burial will be in St. Anne's cemetery.

T. ARDEE WELLMAN
The body of T. Ardee Wellman was taken from the Anderson funeral home yesterday to the home of his mother, Mrs. Hiram Wellman, at South Ford River, where funeral services will be conducted this afternoon at two o'clock by Rev. R. C. G. Williams, pastor of the First Methodist Episcopal church.

Interment will be made in the family plot in South Ford River cemetery.

The names of two daughters, Mrs. Michael Mischen and Mrs. Russell Wilson of Detroit and Leon Wellman, a son, were inadvertently omitted in Sunday's issue. The pallbearers will be Spanish-American war veterans: Joseph L. Perrow, Louis Schuette, Anton Embs, Otto Scheriff, William Cooper and Oscar Brown. Members of Cloverland Post,

AMUSEMENTS

AT THE MICHIGAN
Because of the demand by the public for extension of the run of "Lightnin'", Manager L. J. Jacobs announced yesterday that the famous picture featuring Will Rogers will be shown again this afternoon and evening. A matinee will be held this afternoon, but none on Wednesday.

Without question, "Lightnin'" Will Rogers' third successive Fox Movietone hit, which opened its local engagements at the Michigan Theatre Sunday, is one of the most entertaining pictures yet to reach the auditorium screen.

The role of "Lightnin'" Bill Jones" is a perfect one for Rogers and gives him his chance to register his views on the so-called "divorce evil". It is doubtful if any screen production can boast of so many laughs, but drama is not lacking, the court room scene where "Lightnin'" discovers his wife attempting to divorce him, affording Rogers an opportunity to accept a situation that calls for some splendid emotional acting.

The star's supporting cast is headed by Louise Dresser with Helen Cohen, Joel McCrea, J. M. Kerrigan and Sharon Lynn in the other featured roles. The direction of Henry King reflects the skill of a master hand.

AT THE DELFT

George Cukor and Louis Gasnier divide directorial Russian drama, "The General", with the talking screen as a Paramount feature titled "The Virtuous Sin." It opened yesterday at the Delft Theatre.

Cukor was the dialogue director on "All Quiet on the Western Front", and stage director of Ethel Barrymore, Jeanne Eagels, Laurette Taylor, Billie Burke and others. Gasnier was the first director for Pathe in France, and recently completed the direction of the William Powell star vehicle, "Shadow of the Law."

Walter Huston and Kay Francis have the chief roles in "The Virtuous Sin", the story of a married woman whose romance with a war-embittered Russian army officer forms the dramatic crux of a thrilling adventure.

Press Association Meets January 29

Newspaper men from all parts of Michigan will gather at West Lansing, Jan. 29 for the 60th annual meeting of the Michigan Press Association. A feature will be the banquet in the Union Memorial building Thursday evening.

All elective state officers have been invited to attend, as well as the members of the supreme court, members of the Michigan Senate and House of Representatives, and practically all have signified their intention of being present.

President Adrian VanKovering of the Zealand Record will preside at the banquet. Rev. Andrew H. Harley of Saginaw, a veteran member of the House of Representatives, will give the invocation. Ex-Governor Fred W. Green will be the toastmaster. President Robert S. Shaw of M. S. C. will make the guests welcome to the college. Brief talks will be given by Governor Wilber M. Brucker, Lt. Gov. Luren Dickinson, Speaker Fred Mink, and others. The feature guest will be Dean Gordon J. Laing of the University of Chicago, who is highly spoken of as an entertaining after-dinner speaker.

Michigan newspaper men will make all of the addresses and conduct all of the discussions of this annual meeting. There will be no "outside" speakers. Many interesting topics are slated for the various sessions and for the first time there will be two group meetings. The Friday afternoon session, after the election of officers and the general business of the session, will be divided into two groups, to meet in separate rooms. The publishers of the large newspapers of the association will meet in one room for discussion of topics of particular interest, while publishers of the smaller papers will hold a session in another room for consideration of their peculiar problems.

Joseph Sturgeon of Gladstone, newly elected field manager of the M. P. A., will assume the duties of his office this week, and will have charge of the publication of the Michigan Bulletin, official organ of the press association.

St. Francis Hospital

Roy Kavekak of Rock, who was injured while at work in the woods, was admitted recently. X-rays were taken but the extent of his injuries are not fully determined.

Byron McCarthy, 604 South Eighth street, who is ill with an infection in his arm, is reported as slightly improved.

Miss Josephine Davis of Hermandville was admitted as a medical patient.

August Johnson of Nadeau was admitted as a surgical patient.

Eugene Sharkey, 412 South Tenth street, was admitted suffering with pneumonia. No visitors are allowed.

Mrs. Mose LaCombe, 1806 Stephonson avenue, was admitted recently as a surgical patient and is not allowed visitors.

The condition of Ole Ohlstrom of Gladstone is still grave and he is not allowed visitors.

Joseph Plukos of Mashek, who submitted to an operation for ruptured appendix, is as well as can be expected, but is not allowed visitors.

Andrew Nelson, employed in the woods, was hit by a falling tree and was admitted late Saturday for treatment. Patients who have been dismissed are: Mrs. Russell Leonard, Manistique; Erick Peterson, Gladstone; Miss Lillian Tasquin, Carney; Mrs. Albert Benoit, Mrs. Paul Noblet and baby, Mrs. Ivan Carlson, Miss Leone Walter, Miss Evelyn Sauve, Mary Peterson, James Heller, Ruth Anderson, Margaret Lewis, Mrs. Louis Linden and baby, Mrs. John Brelzman and baby of Wells, and Mrs. Ralph Anderson.

After three months' work the hull of the Von der Tann, the 20,000-ton German battleship sunk in Scapa Flow in the World War, has been raised eight feet above water.

Here's the Way to Treat Those Miserable Colds So Prevalent Here Now

WITH scattered cases of flu breaking out in this locality, don't take chances with colds NOW---It's too dangerous! Unless checked quickly, colds tend to pull down the body resistance and may pay the way for an attack of flu with all its serious complications.

- 1 At the first sign of stuffiness or irritation in the nose or throat, sniff some Vicks VapoRub up the nose several times a day. This will often check a cold at the start.
2 If the head is all "stuffed up"—clogged with mucus or phlegm—or there is much coughing, melt a teaspoonful of Vicks in a bowl or kettle of hot water and inhale the steaming vapor for five minutes at a time. This treatment has a remarkable effect in clearing the air passages, easing the breathing, soothing the irritation, relieving the cough, and helps to prevent the cold from spreading.
3 At bedtime, in order to get the benefit of its long-continued stimulation and inhalation effect, rub Vicks vigorously over the throat and chest and cover with warm flannel.
4 If possible, stay at home until the cold is broken. Complete rest helps the body to throw off the cold more quickly.

Mother!—treat children's colds promptly, but avoid "dosing." Too much internal medicine often upsets the child's digestion and lowers the vitality. Being applied externally, Vicks does not upset the stomach, and can be used freely and as often as needed without the slightest harmful effect.

DON'T TAKE CHANCES WITH COLDS NOW!

SENSIBLE CHARITY MEMBERS of the Kiwanis club are now engaged in the selling of tickets for the benefit concert to be given by the Escanaba high school band on Feb. 4. This is a sensible charity project that merits the support of everyone.

Every cent that is obtained in the sale of tickets will go directly into the fund for the purchase of food for the hungry children at the schools. There will be no expenses to deduct. The high school band has abandoned its plans to stage a concert to raise money for new uniforms in favor of this charity event.

That represents the outlines of a stupendous conquest. Perhaps we are still too close to it to appreciate it fully. It is only when we read of something like this substitution of abandoned flippers for white skeletons that we realize just how great the change has been.

Few things are more tragic than the deterioration of character that sets in at about 50. If the world had more tolerance, I am sure it would have fewer wars. Our public schools teach the cult of the mediocre, the doctrine of the rightness of the majority, the sacredness of the average.

Health Tips

BY DR. MORRIS FISHER The air that is inhaled through the nose and through the mouth, preferably the former, passes by means of the trachea or windpipe to some larger tubes known as bronchi, which then divide up into still smaller branches, from which the air passes into the coils of the lungs. The smaller branches are called bronchioles.

STATE RECORDS KEPT 93 YEARS

Major Albert Dunham, 85, Watches Mellowing Michigan Books

Lansing, Mich. (AP)—Memories of ninety-three years of legislation are embodied in records piled high in the vault of the department of state in the capitol here.

Public acts of nearly a century of legislation have been recorded and are stored away today under the charge of Major Albert Dunham, 85-year-old Civil War veteran, who is keeper of the great seal of the state of Michigan. The thousands of volumes, many mellowed with age, portray a governmental history indicative of the myriad changes in a modern state during a century.

There are volumes for 1835 and 1836 when Congress voted to make Michigan a separate state with the reservation that it accede to Ohio's demands on a boundary line dispute. Volumes follow for every session of the legislature since 1837 when Michigan officially joined the union.

Fancy Writers Missing
As one thumbs through the acts of the last quarter of a century a sharp difference is noted. The typewriter had come into general use, and the beautiful flourishes of the paid longhand experts are missing in the more recent volumes. All of the earlier writing, whether in plain or fancy script, was easily legible. Each of the acts bears the signature of the governor, the president of the senate and the speaker of the house of representatives.

Legislators of the nineteenth century were faced with problems unknown to the legislature of 1931, just as the latter has many undreamed of in earlier years. There were acts to authorize a man to change his name. The village of Kalamazoo was given a charter in one of the volumes. The Kalamazoo Lutheran Institute was authorized to "sell and convey real estate." A state road between the villages of Niles and Kalamazoo was approved.

The legislature of 1838, alarmed over the depredations of wolves and panthers, passed a bounty law authorizing a payment of \$3 for each adult wolf killed and \$4 for each whelp under three months of age. The proof of the killing was a long and tedious task, and a justice of the peace who signed an erroneous certificate for a bounty payment was subject to a fine of NOT more than \$1,000 or a maximum prison term of two years.

Construction of a state prison at a maximum cost of \$20,000 was authorized in 1838 near what was then known as the village of Jacksonborough. The prison was built by convicts who later occupied it. A commission of three was in charge of construction, and they were bonded for \$40,000 although only one received a salary and that was only \$2.50 a day for each day of work.

Major Was Corporal
Other important acts of 1838 included the incorporation of the villages of Pontiac, Romeo and Utica, the encouragement of the manufacture of sugar from beets, the creation of the state militia and the authorization of the construction of a ship canal around the falls of Ste. Marie.

Before the adoption of the state constitution of 1909 the legislature concerned itself with both public and local acts. They are stored away in separate volumes. Now the legislature considers only such local acts as measures with referendums such as the prohibition of hunting on Sunday in certain counties.

Major Dunham, who is in charge of the records, was appointed executive clerk in 1894 by Washington Gardner, secretary of state under Gov. John D. Rich. The major disclaims any reason for his title. He served in the Civil War as a corporal and has been promoted since through courtesy and respect of his friends and acquaintances. He recently was honored by Gov. Wilber M. Brucker by appointment to the board of managers of the Michigan Soldiers' Home at Grand Rapids.

Auto and Ponies Is Price Paid for Princess

Even Africa Has a Beer Problem

While studying pigmy life in Africa's darkest depths, Martin Johnson is faced with many amusing experiences. An article published in the February World's Work tells of many problems that this inveterate explorer has to solve while living surrounded by diminutive forest denizens. "One little fellow," writes Mr. Johnson, "must have made his own home brew because he was the only person I ever saw intoxicated in this village and he was never sober. This lone stunner had a brother—a sober brother—who looked enough like him to be his twin. On one occasion they set out with me as guides for a two day safari into the forest. A few hours out of camp they came upon the two bottles of beer that we had taken along in case of emergency and drank them. Both pigmies took the count. The one because he was not used to alcohol, the other because a quart of German beer proved just a quart too much after his daily ration of banana beer."

Ihuri forest banana beer according to Mr. Johnson is the simplest drink in the world to brew. The natives hollow out logs, leaving an opening barely large enough to admit an arm into the hollow they mash bananas and leave them there in a sog-

gy mass for five days. This becomes sour, foul smelling stuff which would probably improve with age if the natives gave it a chance, but they never do.

Famous Escanaba Soldier Transferred to Washington

MacMillan Returns From Wardens Meet

Chicago, Ill. (Special Press)—Colonel Llewellyn W. Oliver, General Staff Corps (Cavalry), U. S. Army, whose home address is Escanaba, Michigan, and who has been stationed in the Hawaiian Islands as Chief of Staff of the Hawaiian Department, has been ordered transferred to duty in the office of the Chief of Cavalry, Washington, D. C., upon completion of his present tour of foreign service, according to advice received from the War Department by Major General Frank Parker, commanding the Sixth Corps Area, with headquarters in Chicago.

Colonel Oliver, a native of Michigan, was appointed from that state as a cadet at the United States Military Academy, West Point, N. Y., in 1895. Graduating in 1899, he was commissioned a second lieutenant in the infantry. In 1900 he was transferred to the cavalry, and has since served in that branch of the service through all successive grades to his present rank of colonel, having filled many important assignments. During the World War he served with distinction as a lieutenant colonel and colonel of Infantry, National Army. Colonel Oliver has been on his present tour of duty with the General Staff Corps since 1928. He is a graduate of the Army War College, the Army School of the Line, the School of Application for Cavalry and Field Artillery, the Cavalry School, and the French School of

Ice Is Thicker; Snow Is Thinner

COLD GO IN DAY—4-in-1 WAY

Ice cutting operations are now in full swing on Bay de Noc. Recent cold spells improved the quality of the ice, and quantities are now being stored away for the season's demand.

The ice across the bay is now regarded as safe for traffic, and the bay road to Stonington is now in daily use. The weather bureau reported a thickness of 10 1/2 inches Monday afternoon. Melting weather cut the snow supply down to about 3 1/2 inches. The temperature Sunday hit a high mark of 36 above zero.

According to the reports of the weather bureau, the lowest temperature reached in 1930 in the United States proper was 57 degrees below zero at Riverton, Wyoming, last January. This is not far from the record, 65 below at Miles City, Montana, in 1888. The year's heat record was made at the curiously named "Greenland Ranch" in Death Valley, California, 122 in the shade, if any. There is a tendency toward slightly warmer winters in the eastern half of the country, to judge from the records since 1870, but there is no proof that this is a permanent wave.

CREOMULSION FOR THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

Plaid Lends Color to Mode

BY JOAN SAVOY NKA Service Writer

There's more than a wee bit of bonny plaid stepping to the front ranks of style these days.

There are two types of plaid frocks that are smart as creation and fill those in-between needs when you want to look smart.

First, you can have the gay top worn with a dark skirt. This follows the mode for light blouses and the newer vogue for light-toned coats with dark skirts.

The second type of plaid costume this late winter is the all-plaid frock.

Glorifying Yourself By Alicia Hart

Just as an evening gown should be glamorous, flattering, romantic, so an evening compact should be a thing of beauty.

You do not need to pay a thousand dollars for your evening compact, though.

It is taste you need in selecting your evening compact, not millions.

Pastel colored evening compacts are quite the vogue and the white compact, with a touch of red or other shade.

Once you have picked your compact, do not check it with your carriage boots in the cloak room.

Ruth Muskrat Is Appointed Guide of Indian Girls

Washington (AP)—Under the new government policy of helping the Indian to help himself is a pretty Cherokee Indian girl, Miss Ruth Muskrat, is about to start on a unique job in Kansas City.

She is the first woman guide and placemat officer appointed by the bureau of Indian Affairs.

Her recent appointment is part of the practical program now being inaugurated by Charles J. Rhoades, director of the Indian Bureau, and Dr. Will Carson Ryan of Swarthmore, head of the educational department.

Some of those who will come to her for guidance will be graduates of the Haskell Indian school, who have completed a commercial course.

Not only will she find them employment, but she will be guide and counselor to the wistful and dark-eyed "Laughing Waters" or "Pale Swallows" who venture forth from the reservations into the steel and stone of the business world.

Child Matures at Same Age Whether Large or Small

Cleveland (AP)—The song of the elf man, "I'm quite as big for me as you are big for you," has been found scientifically correct.

Whether the child is big or small, he matures at the same rate and "punches the time-clock of growth with the same regularity," says Dr. T. Wingate Todd, head of the department of anatomy at Western Reserve university.

There are two family lines, a large one and a small one, he says, and whether the child belongs to one or the other line he matures at the same rate.

The work of the Brush Foundation, of which Dr. Todd is director, has revealed these facts regarding growth:

All permanent teeth except wisdom teeth are in place at 14.

POLICE SOLVE TWO ROBBERIES

Trio Arrested; Believe Other Crimes Will Be Cleared Up

Arrest of Herbert Roy Claus alias Kruger, 20, of Chicago, here late Saturday by local police authorities has resulted in the solving of the Elov Hanson and Star Grocery robberies committed last week.

Two Gladstone men, Henry and Leo Levine, brothers, proprietors of a bakery shop on Central avenue, were arrested as accessories in the crimes.

All three were bound over to circuit court to stand trial when arraigned yesterday before Justice of the Peace Phil Hupy. Claus waived examination when arraigned. He was charged with four offenses, breaking and entering the Star Grocery, owned by Ed Johnson, on Jan. 21, breaking and entering the warehouse of the Elov Hanson grocery, and two charges of carrying concealed weapons. Bonds were set at a total of \$5,000, which he failed to furnish and he was committed to the county jail to await trial in April.

The Levine brothers, held only in connection with the Hanson warehouse robbery, were charged with stolen property. Leo's bond was set at \$200 and Henry's at \$300.

Tips Lead to Arrests Tips that the Levine truck had been seen in the alley near the Hanson grocery where 15 sacks of flour were taken, and later near the Levine bakery last Thursday night led to the solving of the two burglaries. A fair description of the driver was given authorities and Claus was apprehended by Chief Kalleron on Saturday. Investigation showed that the amount of flour used by the Levine bakery was much greater than the quantity bought through their wholesalers, and

Claus has been traveling here on a large truck, believed to be from Chicago, which passes through this territory regularly, stopping off for short spells. His last stay here was for about 10 days, during which time it is revealed, he disposed of a number of fur coats. From his talk authorities believe he is connected with others in the same profession, and that he has been disposing of goods "taken" below, while loot taken here has been trucked to other cities for unloading.

Search of his efforts at a local rooming house revealed among them a .32 caliber pistol. Further investigation is now being made.

Mrs. George McPherson has returned to her home in Marquette after visiting here for the past two weeks with her sister, Mrs. C. W. Schuler.

YOU BUY

He Works!

SOME one has said "It is just as patriotic to spend today as it was to buy Liberty Bonds during the war." The Spender today will prove to be the conqueror of those two greatly magnified bugaboos, Depression and Unemployment. The Hoarder hampers the return to Prosperity.

There is no real reason nor reasoning to justify the great fear of spending that the public has conjured up in its mind. Let us see if this is true.

Depression is due to lack of business. When the public stops buying, demand ceases and when demand ceases production halts and when production halts unemployment remains stagnant. So depression is a direct and definite result of the lack of spending.

The public has the means to buy for only a small percentage are actually unemployed. Let us see if this is true. Of America's 120 million population there are

approximately 100 million able to work. There is today about 3½ million unemployed. The average unemployment during normal, prosperous times is 2 million so that only 1½ million are out of work today over the normal times or about 1½% of the working population.

The rest of the people can buy if they will. They have the means, the need, the desire if they will only banish fear. Spend and you create demand . . . create demand and you start production . . . start production and you diminish unemployment. Money in circulation is the only solution to national and individual Prosperity.

Market Fluctuates Closes With Slight Gain

RAILS DEVELOP MUCH SUPPORT

STOCK MARKET AVERAGES (By The Associated Press) (Copyright, 1930) Table with columns: Today, 1000, 1000, 1000, 1000

BY JOHN L. COOLEY (Associated Press Financial Writer) New York, Jan. 26. (AP)—The stock market today lingered in what the statisticians call a trading range.

Support for the rails caused a timid short interest to think twice before attempting any very pretentious activity, and out of that second thought came enough general covering to close the market slightly higher.

Except in the carrier shares, however, net gains of more than a point were few. On the other hand, earlier declines had been no larger, so that the day's fluctuations in leading shares were relatively unimportant.

The railroad stocks, which now seem to have almost as many friends as they had maligned a month or two ago, may have helped by the fact that December earnings make a fairly favorable comparison with the same month of 1929, in contrast with the showings of immediately preceding months.

10,000 Mile Voyage. Ishpeming — William Jenkin, North street, has been advised from England that his brother, Richard Jenkin, former Ishpeming resident, who returned to his home several years ago after having been employed in the mines here, has returned to his former occupation as a sea captain and recently accomplished a feat that has made him famous in European shipping circles.

At Captain Jenkin's feat was the accomplishment of a 10,000-mile voyage from stem to stern, with a crew of 15 men in a yacht measuring 51 feet from stem to stern. The little vessel weighed 18 tons and the successful arrival at various ports where it touched was hailed as a sailing miracle by port officials.

After leaving England with the ship's owner and his family as passengers the yacht, named the Loyola, landed first at Vigo, Spain, where the passengers left to continue the trip to the West Indies on a liner and a young Spanish nobleman volunteered to go as one of the crew. The ship proceeded as far as Trinidad, where an overhaul was given her and a heavy coat of barnacles removed.

Sailing out of Trinidad, the little craft, covered the 3,000 miles in 35 days without sighting a single ship. On its arrival in the South Seas the officials at Barbados gave Captain Jenkin a stirring welcome.

At Captain Jenkin's home in England, following his return from the hazardous trip, he was given a reception by the populace, all sea-faring people, who lauded him for having made another page in the history of sailing, much to the credit of his home port.

North Carolina produced 11,020,533 worth of sand and gravel in 1929, official figures show.
