TALK OF BOND ISSUE ROUSES MONEY WORLD

SENATE CONSIDERS OBLIGATION TO VETERANS

BY DAVID LAWRENCE (Copyright 1931, by the Escanaba Press) Washington, Jan. 29.—Pressure for action on a cash bonus to war veterans is growing. Congressional leaders who have been trying to keep the question from tangling up the legislative program realize that they must do something about it. Hence, hearings have been begun by the senate finance committee, which will last about two weeks. It is quite likely that the measure will be reported to the senate at that time and judging by present occurrences if a vote is compelled the bill may go through the senate.

FINANCIERS WORRIED

The flotation of such a large issue of bonds at a time when the treasury itself is getting ready to float a billion dollar bond issue to refund war loans is causing a good deal of uneasiness in the financial world. The main reason given for the cashing of the veterans' bonus is to stimulate business by putting money in circulation. Industry on the other hand which has been waiting for a favorable bond market in which to refinance maturing loans and to take care of expansion during 1930 which has been paid for by bank loans doesn't relish the idea of having so many government securities put on the market to absorb the liquid funds of the country.

#### SEEK TO SLICE PUBLIC EXPENSE

#### Community Wood Pile Suggested for the Newberry Needy

Newberry, Jan. 29 (Special)—At least one piece of constructive thinking toward the care of the needy unemployed was advanced on Wednesday afternoon when more than a hundred taxpayers of the county met in the community building to talk over reduction of public expense. Jass Barrett, local lumberman, suggested that a community wood pile be established. When a man who without work asked for help from the poor commission it is Mr. Barrett's idea that he be given the necessary assistance at once with the understanding that he is to report to the wood-pile committee for work. The slashing land about the county could easily be utilized in this manner. The man could be paid somewhere around \$1.25 a cord, the county later arranging for the sale of the wood. The suggestion, while not acted upon, appeared to receive favorable consideration from many of those present.

#### Would Abolish Offices

Amos Thompson of McMillan acted as chairman with Harry Hoat secretary. Progress of the committee at previous meetings were reported. Various members of the audience then launched in to a series of speeches some demanding that such offices as county highway commissioner, road engineer, farm agent, county nurse, and the county fair be abolished, others defending them with equal gusto. A charge was made by Elmer Hetrick, farmer, that the supervisors are spending the people's money "like a boy who has had a drink or so." He demanded that the people have a chance at the spring election to decide whether or not they want to abolish the above named offices. Others who appeared to agree with him were Messrs Grefine and Charles Fyvie.

Miss Eva Buerman spoke for the services of the county nurse, telling of her experience serving on the executive committee of the county health organization, where the work of the nurse in the control of epidemics, in TB and child welfare work and with mothers could be observed and appreciated. Miss Buerman's address was applauded. Others who spoke in favor of keeping the nurse were W. B. Stevens, farmer from Pentland township, Sheriff John Turnbull, Dr. H. E. Perry, Andrew Westin and J. P. Rahlilly, local merchants and Jess Barrett, lumberman.

#### Discussions Get Hot

W. B. Stevens, in supporting the continuance of a county farm

agent reminded the men that through the work of C. P. West between six and seven thousand bushel of certified potatoes were shipped to outside markets, not only benefiting the growers of the seed but also the table stock because it held up the price of the local market. He and Chairman Thompson also agreed on the value of the 4-H club work and in the value of the agent in other farm crops.

The question of care of the poor brought about the suggestion of a wood-pile by Mr. Barrett. In answer to criticism that poor orders were used to purchase fancy foods, Messrs Westin and Rahlilly reported that they cooperated with the poor commission to the extent that their clerks were instructed to only give staple articles of food, flour, sugar, coffee, salt pork or boiling beef, beans, rice and so on.

Dr. Perry and W. G. Fretz had figures taken from the books of the county treasurer showing that the tax in Lakefield and Columbus townships is as high as the county tax including road and state tax and suggested that a good place for reform was in the township highway commissioner's work.

Discussions waxed hot at times but a general good nature prevailed. Chairman Thompson appointed a committee composed of M. E. Harris and W. B. Stevens to draw up resolutions to present at the next meeting which will take place in two weeks time.

#### SMALLPOX APPEARS

All school children in the Pentland township schools, Pratt, Crandall, Templeton and Van Dusen, are receiving vaccination as rapidly as can be managed by the local physicians and the county nurse.

Two mild cases of the disease have made their appearance in the south end of the county and the health officials are taking no chances of having an epidemic. Students in the other townships

received the protection during last winter. It is reported that smallpox is running in a mild form in Sault Ste. Marie, both the American and Canadian cities.

#### Escanaba Students Write Letters to Admiral R. E. Byrd

Five letters written by Escanaba school children will be presented to Admiral Richard E. Byrd when he addresses the meeting of the National Department of Superintendence of the National Education Association at Detroit on February 23. Letter writing competitions were held in the five public grade schools here to select the best letter. Students winning the honor were Philip Westbrook, Jr., Franklin Helmer Sundstrom, Webster, Tom O'Connell, Barr; Esther Gustafson

Washington; and Louise Ketchum, Jefferson. At the Detroit meeting, Admiral Byrd will receive letters from school children from all parts of the country. Superintendent R. E. Cheney and two members of the board of education will attend the conference, which will be held the week of February 22. They will inspect various kinds of school equipment that will be on display there with a view of making selections for the new junior high school building.

#### A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

EDITORIAL

THE INCOME TAX BELIEF that the state in the not distant future will have to resort to the income tax to secure an equitable distribution of the costs of government is expressed by the Marquette Mining Journal, in commenting upon the Grange's petitioning the legislature this week for consideration of this form of taxation.

The Journal, however, predicts that the present legislature would vote against an income tax measure, largely because there is a lack of a clear understanding as to its benefits and faults at this time.

There's a strong theoretical case to be made for the income tax, and there is, in the apparent inability of general real property to continue to carry the expense of conducting the state, reason to believe that the state will finally come to it," the Mining Journal says.

Governor Brucker has expressed the hope that a way may be found to collect the personal taxes that should be collected. But there is no reason in past experience to expect that the largest part of hidden personal property will not continue to escape the tax collector.

"The income tax as a new patch on an already over-patched system, which is what the Grange proposes, should, and would, be voted against by large numbers who believe in it in principle. Two conditions should, and doubtless will, forever introduce in the state, if it is ever introduced. One is its integration in a far-reaching program for revision of tax methods.

When the income tax comes in numerous other taxes should go out. Again, when a sound plan is devised there will have to be a painstaking and thoroughly intelligent effort to sell it to the state. The people's ideas on the subject are hazy and confused. It will require much educational work to clear them up."

GREAT SHOW CLOSES ELIZA isn't jumping the ice cakes any more. Simon Legree has cracked his last whip, and Uncle Tom has joined Little Eva in heaven forever and ever. The curtain has fallen on "Uncle Tom's Cabin."

For more than 77 years the show has had a continuous performance. Up and down Broadway, at small town theatres, rented halls, school auditoriums... any place and every place... the story has been told and told and told.

But the last handkerchief has been knotted into a small wet ball as Little Eva winged her way to heaven on a heavy wire. The last delicious shudder has gone up and down a trembling spine as the bloodhounds found the scent of Eliza and Harry. The show's been taken off the boards.

Somehow "Uncle Tom's Cabin" was more than a play. It was a living, glowing, pulsing part of every youngster's education. Maybe it didn't measure up to all the technical qualifications as the playwright knows them today. But it had sympathy and tears and laughter, humor and indignation, and a suspense for which most any theatrical magnate would rejoice today.

It gave people what they wanted. There was something happening. There was something for which they could fight. When they wept it was because a real wrong had been committed, and when they laughed it was because the humor was strong and clear.

So the play went on as the years went by. Floradora girls gave way to bobbed-haired Polly girls, but Uncle Tom and Little Eva went to heaven just the same. The emotions found an outlet and the play went traveling down the road from town to town.

It was especially popular in the small towns where the night that brings a show is always a gala one. Red and yellow posters flaunted the coming event for days before. Fathers donned their Sunday suits, mothers wore their best silk dresses and the cameo pins they prized, and little boys and girls scrubbed their cheeks unusually clean when "Uncle Tom's Cabin" came along. There would be a crowded

Anniversary

SHOOTING OF GOV. GOEBEL On Jan. 20, 1909, Governor William Goebel of Kentucky was shot by an assassin in front of the state capitol.

The preceding June, Goebel was nominated for governor by the Democratic party. Seeding Democrats nominated John Y. Brown. As a result, the Republican candidate, W. S. Taylor, was elected by about 2,000 votes.

Goebel, however, contested the election and a legislative committee was about to report in his favor when he was shot.

The Democratic members of the legislature immediately declared Goebel governor, and the oath of office was administered to him on Jan. 21. He died the following Feb. 3.

Goebel had won a reputation as a trial lawyer and a state senator. In 1897 he secured the passage of the "Goebel law," relieving the courts of all power in the appointment of election officials, and creating a state commission of three members, chosen by the legislature, which should have the power to appoint local boards on the same principle.

FOR GINGER'S SAKE

(By NEA Service) BY ETHEL HUESTON

CHAPTER XIV The strangers did not listen. They had a letter to come to Red Thrush. They had taken the cab at the station as instructed and it had brought them to this house. Before them they perceived an open door, which was symbolic of the welcome they had anticipated.

They surged notably forward, now re-enforced by Hamilton drove them back. But when Ginger and Bard ran bravely down the flagstone path the defense yielded and a wave of laughing, gesticulating, joyous Italian engulfed them. Bard planted himself between the onrush and the astonished Ginger.

"See here," he demanded. "What does this mean? Where do you come from? Where is Nicolò?" They shouted loud explanations in cheerful Italian, proffering a letter, the very letter which had brought them hither, and which would explain all. But it was only Bard's own letter to Nicolò and explained nothing.

When he protested his unwillingness to accept it as a card of admission, it appeared they knew no English, but Italian only, that they had come by the letter, and ended with a triplicate of the telling Mediterranean shrug which says so much.

Bard was implacable. "You can't speak English? Then we don't want you. Back in the car with you take them to the train. I've ship them right off to Chicago!" he ordered hotly. "We don't understand Italian."

Thus driven into a corner, it developed that they knew a little English, and if given time and patience could perhaps succeed in making themselves faintly understood. And in a few surprisingly well-worded and grammatical sentences they explained that Nicolò could not come, that he had a job, a very good job, in a speak- easy which the union did not control.

Not being able to accept the invitation himself, he had generously passed it on to them, his particular chosen and bosom friends and long companions. "But why three of you?" ejaculated the bolder artist. "We only wanted one!"

No matter! He could have Washington school pupils who have been neither absent nor tardy are Robert Dufresne, Elma Finstrom, Fred Stonhouse, Esther Reidy, Einar Swanson, Albin Olson, of the seventh grade.

Health Tips

BY DR. MORRIS FISHBEN

Few people realize today that there is more than one kind of sugar. Actually there are many substances which can be used to sweeten foods.

Among the common substances are cane sugar, honey, syrups of various kinds, and the chemical saccharin. Heretofore the administration of the food and drugs act has ruled that sweetening of packaged goods when brought about by any other substance than cane sugar should be indicated on the label.

The vast majority of people are unfortunately exceedingly careless about what they eat. They take for granted that anything sold through a recognized agency is a sound product. It is doubtful if one in every hundred women ever looks at the label on the package, can or bottle of food to see what ingredients it contains.

When such ingredients are especially declared on the label, it is taken for granted that they are probably not as healthful as other ingredients which need not be declared on the label. The result of this action has been to discriminate against cane sugar in favor of beet and cane sugar.

Twenty-five years ago cane sugar was not refined to its present state. Today it is difficult for anyone but an expert to tell the difference between cane sugar and corn sugar. Therefore, the government has ruled that it is no longer necessary to indicate on the label of canned goods which of these two sugars is used for sweetening.

Corn sugar is cheaper than cane sugar and a package of canned goods made with corn sugar should be cheaper eventually than the same material sweetened with cane sugar.

Jim Lucey, cobbler friend of Cal Coolidge, received from him a box of gold pieces for Christmas. Probably in recognition of the advice he gave the former president as to what silence was.

By Douglas Malloch

LOOK AHEAD "Look where I was a year ago, And look where I am now." Look far behind, look high or low And yet I wonder how You ever hope to cross the hill, A better road to tread, Keep moving on, keep climbing still, Unless you look ahead.

"Just look at what I used to be, Look what I am today." Well, not a ship has crossed the sea Excepting under weigh. The ship delayed upon the main, The business in the red, Will all that they have lost regain By looking on ahead.

Look where you are a moment, friend, Then look ahead from here To some new place where you intend To be another year, And, with that banner at your mast, That trail for you to tread, You'll quite forget about the past And look, and move, ahead!

EXPECT LARGE CROWD AT PLAY

"Her Husband's Wife" at Munising Auditorium Tonight

Munising, Jan. 29 (Special)—All indications point to a full house for the stage production of "Her Husband's Wife," at the Mather high school auditorium Friday night. The advance sale of tickets has been very gratifying to the Munising Rotary club which is sponsoring the local appearance.

"Her Husband's Wife" is a play which gave its author, A. E. Thomas, his first great name as a delineator of American life on the stage. This play was followed by others which have increased his fame, "Come Out of the Kitchen," and "Just Suppose," being among the best known, but no succeeding play of Thomas' has any more qualities of greatness as genuine drama than has his first great success "Her Husband's Wife."

This play originally staged by Henry Miller, who divided the leading honors with Laura Hope Crews, had a long and successful run in New York, Chicago and the other large cities of the United States.

While the play is a comedy, bordering on broad farce and full of mirth provoking situations, there is real gripping drama in it. It is in other words, a good play, one of the kind that every day people love to see.

There will be special music between acts. The performance starts at 8:15. Popular prices for both young folks and adults will prevail. The Rotary club is sponsoring this play to finance a fund for Munising students at higher schools.

OLD PIONEER PASSES Mrs. Elizabeth King, 67, died yesterday at the home of her daughter, Mrs. Charles Burns, at Newberry where she has been staying since last fall. The remains were taken to Marquette yesterday.

Mrs. King is survived by her eldest daughter, Mrs. Burns of Newberry and another daughter, Mrs. Anderson who now resides in Columbus, Ohio. Also three sons, Arthur King of Marquette, Ralph who is a patient in the soldiers' hospital at Milwaukee and Russell of Chicago.

Mr. and Mrs. King were among the first residents of the new town of Munising coming here from Naubunway in March, 1896. Mr. King was first employed in the construction work of the two docks built by Whitney Bros. Later on he was employed as rafterman by the mills, his last employment in this line of work being with the Munising Paper company.

He built the Gosnell residence and occupied it with his family as a boarding house. Mr. King died several years ago and his widow lived here a few years after his death. She lived for a while with her son Arthur at Marquette and lately with her daughter, Mrs. Burns at Newberry.

Mrs. King was born in Scotland and immigrated with her parents to Fiesherston, Ont., and from that place she went to Naubunway. She had been a member of the Marquette lodge, for 25 years. The funeral will be held from the home of her son at 1035 North Third street, Marquette, Saturday afternoon at two o'clock.

Trick "No Hunting" Signs Denounced Lansing To nail up a "no hunting" sign and enjoy a profitable lack of competition in the woods, along a fishing stream, when the woods and waters are state property, is a practice that has occurred too often on the western side of the state to pass without official censure, according to the Michigan Fish and Game club. The club reported the practice to the conservation commission at its January meeting and asked for a ban, "No hunting" and "no fishing" signs have appeared in favorite spots when it was later discovered that the signs were on property owned or controlled by the state and on which the public had a right to hunt and fish.

The commission will ask the state legislature to make such a ban a misdemeanor and will also ask that some uniform and official sign be adopted to give a semblance of legality to them, and to avoid the possibility of unauthorized warnings and orders.

This appetizing ready-to-eat cereal protects and relieves you from constipation—and from the headaches, the dizziness, the lack of "pep" that go with it.

Start the whole family on this health-habit tomorrow. Two table-spoonfuls of ALL-BRAN, eaten daily, will prevent and relieve both temporary and recurring constipation. In severe cases, eat ALL-BRAN with each meal.

Delicious with milk or cream, fruits or honey added, ALL-BRAN also furnishes iron, which brings color to cheeks and lips. At all grocers in the red-and-green package. Made by Kellogg in Battle Creek.

Mrs. Peter Hoffman Summoned by Death; Resident 43 Years

Death claimed Mrs. Peter Hoffman, 69, at her home, 324 South Sixteenth street, Thursday morning at six o'clock after an illness of nearly two years, due to carcinoma of the stomach. Mrs. Hoffman submitted to a major operation in a Chicago hospital in August, 1929, and had been in failing health since that time.

Mrs. Hoffman was born July 25, 1861, in Proby, Wis., and was married in Green Bay to the late Peter Hoffman. The family came to this city 43 years ago and have lived here continuously.

She was a member of St. Joseph's church and was affiliated with the Married Ladies' Altar society and St. Mary's Court, W. C. O. F.

Mrs. Hoffman is survived by two sons and four daughters, Joseph Hoffman and Mrs. Charles Lantz of this city, George and Pauline of Chicago, Mrs. Charles E. Hyles of

to Fiesherston, Ont., and from that place she went to Naubunway. She had been a member of the Marquette lodge, for 25 years. The funeral will be held from the home of her son at 1035 North Third street, Marquette, Saturday afternoon at two o'clock.

CONTRACT ISSUE NEARS SOLUTION

Pulp & Paper Company Plans On Large Improvements

That difficulties in regard to the ten-year power rate contract offered by the Manistique Pulp & Paper company to the city have been virtually done away with, was announced yesterday.

With the contract out of the way, the Manistique Pulp & Paper company is planning on the expenditure of a large sum of money so as to insure continued operation and thus meet the competition of the Canadian mills.

The power contract which was brought before the council last Monday and which was tabled until the meeting this Monday, concerns only the light and power furnished for city use and not to individual users of light and power.

Haymeadow Creek Bridge Taken Out

Rapid River, Jan. 29. (Special)—The bridge over the Haymeadow creek at Roggenhoff's has been dismantled and taken out and the Whitefish river road at that point closed to traffic.

This bridge was of wooden construction and had outlived its usefulness. The steel bridge that was over the Tacosch River just west of Rapid River on U. S. 2 was secured from the State highway department and taken to the Haymeadow.

Any one wishing to go up the Whitefish river road beyond Roggenhoff's can do so by taking the township road that goes to the Berg farm. The road is open to the Whitefish river and the river is frozen over sufficiently to carry any traffic.

Frank Wolfe is in charge of the construction work. New Trial Granted Circuit Judge Frank A. Bell has granted a new trial in the case of Francis Denney, plaintiff, vs. George Froberg, defendant.

The grounds for the new trial

as set up in the motion filed are that the verdict was against the overwhelming weight of the evidence, and that the court erred in excluding the evidence of one of the witnesses called by the defendant.

The motion for the new trial was heard at Menominee on Monday, and an order was issued granting such.

The case will probably be retried in April. Attorney William J. Miller represents the defendant, and Derham and Derham of Iron Mountain are attorneys for Mr. Denney.

Personal Mr. and Mrs. Edwin J. Lind left Saturday night for Elgin, Ill., where they will visit for a few days with Mr. Lind's sister, Mary, and her husband, Mr. and Mrs. Wayne Alkire.

Information regarding the present whereabouts of any surviving members of the family of Edward M. Gould, former resident of Escanaba, is sought by Gould, who is a first class private in Company M, Second Infantry, stationed at Fort Brady, Mich.

Gould is especially desirous of learning what became of his older brother, Hurbert Gould, whom he believes was selected for service in the World War. The Fort Brady man has been unable to learn whether or not the brother ever returned from the war.

Edward M. Gould was born in Escanaba in 1910, and lived at 519 Ludington street, in the building known then as the Benjamin Music Store. Any Escanaba resident who knew the family during the period from 1917 to 1918 is asked to communicate with private Gould at his Fort Brady address.

Patients admitted recently are Ben Cook of Bark River, Nick Kenon of Gladstone, Miss Josephine Davis of Hermansville and John Burch of Esnoign.

Miss Ruby Nault, 330 South Tenth street, underwent an operation for appendicitis and is as well as can be expected, but visitors are not allowed outside of her immediate family.

How to Escape FLU

- 1 Avoid so far as possible the places where flu germs are most likely to be spread; overcrowded cars and public meeting places; overheated, stuffy rooms. 2 Be careful of close contact with others and beware of all coughers and sneezers; breathe through the nose, get fresh air, but avoid drafts or chilling. 3 Get lots of rest. Eat plenty of citrus fruits. Keep the bowels open. Take extra precaution to keep in good physical condition, so your system will have high resistance against germs. 4 Above all, avoid catching colds. They lower your resistance to the flu germ. Wipe them off. At the first sign of any cold, take Bayer Aspirin and remain indoors if possible until your cold is gone. If you have a sore throat, dissolve some Bayer Aspirin tablets in water and gargle; this will relieve the soreness and reduce the inflammation. 5 If you have any reason to suspect even a touch of flu, call your doctor at once.

Descriptions Given Of Proposed School

A school building program to modernize the educational system and provide safety for all children in Manistique is being offered to the taxpayers at an election to be held on February 2, 1931. The plan of Manistique is fortunate in being in the position of having no bonded indebtedness and a low school tax rate that will not be materially increased by expanding at this time when material, labor and interest rates are all low and the need for increased labor is apparent.

JUNIOR HIGH SCHOOL

The second and third floors of the addition to the north of the senior high school will be devoted to the junior high school and will be entered by a separate entrance independent of the senior high school such that it will not interfere with the grades in the building.

COMMUNITY GYM Adjacent to and as a part of the junior high school building, we propose to build a new gymnasium suitable for the seating of seven hundred people at a basketball game and providing an ideal place for the playing of basketball. Our present gymnasium is far too small for the athletic program of a modern school and we are not able to offer a complete course of physical education for our children in school.

# Best Costumes to Win Prizes at Winter Frolic Carnival, Feb. 15th

## TWO SKI RACES ARE ARRANGED

### Four Schools Entered in Inter-Scholastic Skate Derby

Three prizes will be awarded for the best costumes at the ice carnival party to be held Sunday evening, February 15, as a closing feature of the Escanaba third annual winter frolic.

The awards, as announced by the committee yesterday, will be for the following winners:  
1—Most beautiful costume.  
2—Most comic costume.  
3—Best original group of three or more people.

The municipal rink will be decorated in holiday colors for the costume carnival, and facilities will be provided for the comfort of spectators. Seats will be provided, and refreshments will be available to help spectators keep warm in the invigorating winter air. Music will be broadcast over the public address system to further carry out the carnival spirit.

Two Ski Races  
In order to provide closer competition for the skiers, officials of the winter frolic have decided to have two ski races Saturday afternoon, February 14, at 3 o'clock. One will be for contestants of 15 years of age and under, and the other will be the open class for those over 15.

It has been definitely decided that the course will not be on the streets, due to the lack of suitable footing for ski riders. A course has been laid out to start from the municipal rink, across country to the golf course and return, and every portion of the race will be in full view of spectators at the rink.  
The program February 14 will open with the inter-scholastic events, in which four schools are entered so far. Teams representing Negaunee, Iron Mountain, Gladstone and Escanaba will take part, and there are prospects of other entries. This derby is being staged with the approval of the state director of athletics, and details are being handled by members of the Escanaba high school faculty.  
The annual dog derby, starting at 1 p. m. will be the final race of the first day of the sports frolic. The American Legion "40 and 8" group is sponsoring the dog-sled race, and they are hoping for a record list of entries.

## Young Denny Shute Wins Texas Tourney

BY GAYLE TALBOT, JR.  
San Antonio, Texas, Jan. 29 (AP)—Denny Shute, young Columbus, Ohio, professional, and Lorraine Young, 20 year old San Antonio amateur, combined their talents today to score a 65, six under par and place first in the amateur pro event, preliminary to the \$6,500 Texas open.

Shute and his youthful partner were even-Steven for the muddy 18 holes, each scoring at 71, even par, but they displayed some fine team work to lead the field by two strokes. Shute did his fancy work on the first nine where he had a 33 and Young came in with a 32, helping his professional partner on five holes.

Four teams tied for second place with 67s. They were Sam Schneider, San Antonio professional, and Lieutenant Gus Shea, San Antonio amateur; John Golden, Stomford, Conn., and Byron Nelson, Fort Worth, Texas; Al Espinosa, Chicago, and Lieutenant H. M. Turner, San Antonio, and Abe Espinosa, Chicago, and Jack Wood, San Marcos, Texas.

Victory in today's event was worth \$100 to Shute and a gold medal to his amateur partner, Young. The professionals in the four combinations trying at 67 divided \$125, representing second and third prizes.

## Maple Leafs Defeat Ottawa Senators, 3-2

Ottawa, Ont., Jan. 28 (AP)—The Toronto Maple Leafs unleashed a furious third-period drive to beat Ottawa, 3 goals to 2, in a National hockey league game here tonight. The victory enabled the Leafs to gain undisputed possession of second place in the Canadian division.

A revamped lineup enabled Ottawa to hold a big edge on play in its first two periods and the Senators held a 2-0 lead as the third period began. In the final frame, however, Toronto knotted the count within two and a half minutes on goals by Conacher and Jackson and 11 minutes later, Jackson won the game with his second goal of the evening. Joe Primeau got assists on the first two Toronto goals. Grosvenor and Touhey scored for Ottawa.

## Tri-County League

The standings in the Tri-County League to date shows the Ramblers leading the parade and with none of the other teams in striking distance. The Ramblers, undefeated in the league, have only two more games to play and are certain to finish on top as one of the two teams they have left to play is the Dictators, now broken up.

## FOOTBALL WILL SLOW UP SPEED

### Spring Workouts Cut; Holiday Pow-Wow Gets Results

BY FOSTER HAILEY.  
New York, Jan. 29 (AP)—The seed of moderation, sown in football fields by coaches and graduate managers at their annual pow-wow in New York City during the Christmas holidays, is already bearing fruit in elimination or reduction of spring practice at many of the leading eastern colleges and universities.

Thirty-three colleges today were asked by The Associated Press as to their plans for spring practice. Thirteen are to continue the practice, although on a curtailed scale at some places. Eleven plan no spring practice. Nine, including the Big Three—Harvard, Yale and Princeton—have come to no definite decision. Indications are, however, that the Big Three and probably several others on the "undecided" list will not call out a football squad this spring.

Strictly "Fall Sport."  
The list of those that will continue practice includes the Naval academy, Rutgers, Dartmouth, Cornell, Syracuse, Colgate, Pittsburgh, Washington and Jefferson, Duquesne, Penn State, Bucknell and Temple. Temple, however, will have only one week of drill and the program will be short at several other places.

The military academy, University of Delaware, Rider college, at Trenton, N. J., Haverford, Swarthmore, the University of Maryland, Pennsylvania military, Allegheny, Carnegie Tech, Geneva, and Lafayette will issue no football equipment until next September. It's going to be a strictly "fall sport" at those institutions.

The old Big Three, as well as Columbia, New York university, Fordham, Brown, West Virginia and the University of Pennsylvania have made no decision one way or the other as yet.

## Boston Bruins Beat New York Rangers

New York, Jan. 29 (AP)—Coming from behind to score two goals in the third period, the Boston Bruins defeated the New York Rangers tonight, 4 to 3, in a furious National hockey league contest. The belated triumph enabled the Bruins to continue their remarkable record of not having lost a game to the Rangers in more than two years.

## ST. JOE CAGERS WIN BY 14 TO 7

### Parochials Avenue Early Defeat; Beat Rapid River Crew

St. Joseph's high school basketball team defeated the Rapid River cagers at the Coliseum gymnasium last evening, 14 to 7, thereby avenging for a previous defeat suffered at the hands of the Nelson aggregation. In the preliminary game the St. Joseph Reserves defeated the Panthers, 11 to 7.

The game was slow throughout with both teams clearly off color. The score at the close of the first period was 3 to 2 in favor of the visitors but that was the only time during the game that they were leading the parochial athletes. The Guardsmen sank two baskets in the second period to take the lead and thereafter they were never headed, although the visitors were within a few points of the Parochials until the final period.

The passing of the two teams was not up to their usual standard and the ball moved up and down the floor in a haphazard manner. The Parochials connected mainly on long shots but missed many short shots which appeared to be easy goals. The visitors, however, could not connect consistently on any of their long shots and their pot shots were few and far between.

## MILLER COACH AT ANNAPOLIS

### Former All-American at Notre Dame to Succeed Ingram

Annapolis, Md., Jan. 29 (AP)—Edgar E. (Rip) Miller, All-American guard at Notre Dame in 1924 and line coach at the Naval Academy for the last five years, will succeed Navy Bill Ingram as head football coach, it was learned at the academy today.

Miller has been a member of the coaching staff at the academy since 1925, when Ingram first took over the grid reins and turned out an undefeated team. He came to the academy fresh from the Notre Dame outfit which made history in the football world, being one of the line "mules" who made possible the record of the Four Horsemen of that year.

Naval Academy athletic officials would neither confirm nor deny that Miller had been selected for the vacancy created when Ingram signed a contract to become head coach at the University of California, but did say he would return to the academy as a coach.

A high athletic official said, however, that Miller had been agreed on, but that the formal announcement of the appointment would not be made for several days.

Miller was mentioned for head coach as soon as it was rumored that Ingram would not return, and

### Packed House Expected to Greet Teams in Charity Battle

A packed house is expected to greet the Escanaba Bevenocs and Crystal Falls Ramblers when the teams line up here next Sunday afternoon in a return engagement. The proceeds of the game will go to charity and will be distributed by the Escanaba Woman's club which is sponsoring the game. Fans from Negaunee are expected here to watch Niagara boys perform. It is rumored that Nagma will close its sawmill so the townfolk can get over to watch the Warner brothers and Schumacher do their stuff while it can be certain that the Rambler followers will flock here to see the return battle after witnessing the battle royal last Tuesday.

## British Pug Tackles Kalamazoo Perlick

New York, Jan. 29 (AP)—Jackie (Kid) Berg, crack British light weight, tackles Herman Perlick, of Kalamazoo, Mich., for the third time tomorrow night in the feature attraction at Madison Square Garden. Twice before, Berg has thrown the better half of a pair of fighting twins for a loss.

The match involves the trick junior welterweight championship, which Berg won in England from a Mushy Callahan, of Chicago, a couple of semesters ago. The title is not recognized in this state, but the boys are scheduled to weigh 140 pounds, the class limit. Berg, with one match under his belt after a long vacation in England, is a prohibitive favorite.

## Quakers Buried by Les Canadiens, 7-1

Montreal, Que., Jan. 28 (AP)—The flashing skaters of Montreal's Les Canadiens, buried the Philadelphia Quakers under a 7-1 count in a National hockey league game here tonight.

The Quakers held the Canadians fairly well in check in the first period which ended with the home team leading 2-1 but the Canadians opened up a flashing attack in the second and third periods to turn the game into a rout. Jollat, Gagnon and Sylvio Mantha were the principal factors in the "Canadiens" offense. Gagnon scored two goals and assisted in another. Jollat counted once and had two assists. Mantha tallied once and aided in another counter.

# "I Hope Your Example Will Compel The Adoption Of Sanitary Methods"

Says DR. THOS. J. McLAUGHLIN Chairman State Board of Health, State of Rhode Island

STATE BOARD OF MEDICAL REGISTRATION  
**Rhode Island Public Health Commission**  
THOMAS J. McLAUGHLIN, M. D.  
WOONSOCKET, May 21st, 1930.

The American Cigar Company, 5111 Fifth Avenue, New York, N. Y.

Gentlemen—

Permit me to commend you for your crusade against the old-fashioned method of cigar making which involved the use of "spit" or "Saliva." There are many unsanitary processes still employed in industry which are very difficult to eliminate without the aid of industry itself.

Not only the public officer charged with the responsibility of improving conditions of health generally but every one immediately recognizes that the use of "spit" in the manufacture of cigars is not only unsanitary but has latent dangers to health of great magnitude. I feel it incumbent upon myself, therefore, as a public officer charged with protecting the public health to use this means of telling you that in campaigning against such a method of manufacture you are rendering a public service.

I sincerely hope that your example and your campaign will compel the abandonment of such methods of manufacture of cigars by the industry generally and the adoption by all of the manufacturers of sanitary methods in the manufacture of cigars.

You are at liberty to use this expression of my commendation in the furtherance of your laudable campaign for better sanitation.

Yours very truly  
Thos. J. McLaughlin, M.D.  
Chairman State Board of Health  
State of Rhode Island.

... one of 56 health officials from 56 different points approving Cremo's crusade against spit or spit-tipping.

Every smoker, every wife whose husband smokes cigars, should read Dr. McLaughlin's letter.

"Who are the friends of 'Spit'?"  
YOU MAY WELL ASK THIS QUESTION WHEN 56 IMPORTANT HEALTH OFFICIALS HAVE WRITTEN SO STRONGLY AGAINST THE EVILS OF SPIT OR SPIT-TIPPING.

Dr. McLaughlin writes: "Permit me to commend you for your crusade against the old-fashioned method of cigar making which involved the use of 'spit'."

The war against spit is a crusade of decency. Join it... Smoke Certified Cremo - a really wonderful smoke - mild - mellow - nut-sweet! Every leaf entering the clean, sunny Cremo factories is scientifically treated by methods recommended by the United States Department of Agriculture.

In this period of cold weather and cracked lips, above all insist on a cigar—free of the spit germ.

Looked Beyond the Mississippi

"WISE" men laughed when Jefferson, in 1803, bought the great trans-Mississippi region from the French. A wilderness! Waste land! Not worth thinking about! They laughed, too, when John Jacob Astor, a young easterner, went to a banker for money with which to finance a fur trading expedition to the new land. But the banker didn't laugh. For, with Astor, the banker saw a region rich with beaver. He backed the young man to the limit. And so was founded one of America's great fortunes.

Today, too, men of vision let their banker see "eye to eye" with them in their plans. They know that today's opportunities, taken at their flood, bring rewards undreamed of in Astor's time.
