

ICE HIDES FATE OF VIKING VICTIMS

WAR CAN'T BE PLANNED NOW, AVERS MEYER

ACTION NOT LIKELY ON CONSCRIPTION OF WEALTH

BY DAVID LAWRENCE (Copyright 1931, by the Escanaba Press) Washington, Mar. 19.—Although everybody considers another world war very remote, there is a good deal of discussion going on nowadays before the war policies commission as to what shall be done to conscript wealth in the next war.

David Lawrence

Only a Theory

Governor Meyer of the federal reserve board has been testifying that finance is not the controlling factor in war and that military operations will be financed in one way or another to the extent that men and materials are available. He insists that the details of financing and financial control cannot be planned in advance.

Former President Coolidge has remarked that to conscript wealth and remove the incentive for the production of wealth, even during the war was running contrary to human nature. This is only another way of saying that any arbitrary ruling as to what shall be done with wealth or with private property is directly related to morale which in itself is the outstanding necessity during war.

The cost of the World War in money has been estimated at approximately one hundred eighty-six billion dollars. The entire value of all property in the United States, in fact the entire wealth of the country, was estimated by the census bureau at one hundred eighty-seven billions in 1912.

It was assumed for years in advance of the World War that a great conflict could not be financed.

Finance Incidental "Competent authorities," said Mr. Meyer, "stated that within a

Sam H. Thompson Is Appointed to U. S. Farm Board

Washington, March 19. (AP)—Sam H. Thompson, who owns a 500-acre farm in Illinois, today was appointed a member of the farm board to fill the vacancy created by the resignation of Alexander Leggo.

The appointment was announced at the White House upon receipt of a telegram of acceptance. Thompson's commission was signed by President Hoover before he left on his Caribbean cruise.

Thompson has been an active farmer for years and has been identified with organizations seeking agricultural legislation. At the time of his appointment he was serving his third year term as president of the American farm bureau federation. The directors of that organization, meeting today in Chicago, accepted his resignation to permit him to take the new post and elected Edward O'Neal of Montgomery, Alabama, to finish his unexpired term.

Friends to Protest Whipping Sentence

Baltimore, Md., March 19 (AP)—Neighbors of John Kowalek, 40-year old blacksmith, sentenced to jail for 30 days and to receive 10 lashes at the whipping post for beating his wife, tonight made ready to appear tomorrow before the judge who imposed the sentence and ask that it be suspended.

They claim a miscarriage of justice and will, they said, present a petition signed by housewives in the neighborhood. Earlier in the day the man's friends announced their intention of appearing before Governor Ritchie with a plea to lighten the sentence.

A neighbor tonight said that the husband had been beaten by his wife during the 17 years of their married life and that during the evening on which his wife accuses him of beating her, she first hit him with a shoe, inflicting a wound that required the services of a doctor to close.

RIOTERS FACE LIFE SENTENCE

Checkup Shows Million Dollars Damage to Prison Property

Joliet, Ill., March 19 (AP)—Life imprisonment tonight menaced every ringleader in the frenzied riot at Stateville prison yesterday.

Heavy penalties for others who took part in the pillage and destruction also were in view. From Warden Henry C. Hill came the grim statement he plans to ask the grand jury for indictments charging arson, larceny and assault against all of the 32 convicts identified as major participants, and as many more as are discovered.

Whether they are serving one year, 25 or life under indeterminate sentences, a conviction could definitely close the way to freedom by parole—could mean imprisonment for the duration of their lives.

Prisons Are Quiet The extent of damage they and other raging convicts caused became another accusing factor. First estimates of half a million dollars were cast aside after a survey tonight, and officials said the loss would be more than a million dollars.

Both Stateville and its sister prison were quiet tonight as the vanguard of the legislative committee of investigation arrived for an initial hearing tomorrow. Chairman Roger Little of Champaign said he was determined the probe would be "neither a whitewash for prison officials or a political sideshow."

The committee plans to question officials tomorrow and some of the mutinous convicts the day after, then calling the officials back for rebuttal.

Things had calmed down to such an extent tonight that half the national guardsmen ordered on duty here were told to disband and return to their homes.

Vandenberg Speaks At Industrial Meet

Grand Rapids, Mich., March 19 (AP)—A plea for "rational liberalism in politics and business" was made here tonight by Senator Arthur H. Vandenberg in an address at a dinner given in honor of a new automobile factory opening in Grand Rapids.

Senator Vandenberg said it would be far better for business to set its own house in order than for the government to be forced to do the job. Technological unemployment which has permanently displaced 2,000,000 workmen with machines was cited by the senator as one of the causes of over-production and under-consumption. He said the five-day-week might be an answer to this problem, but he urged that more insurance be undertaken. He endorsed Senator Wagner's suggestion that such experiments should be encouraged by federal tax exemptions on any industrial reserves set aside for these purposes.

Deputy State Game Warden Passes Away

Benton Harbor, Mich., March 19 (AP)—Richard Condon, 66, deputy state game warden and former sergeant at arms in the Michigan house of representatives, died at his home here today of pneumonia, after a brief illness. He had been a deputy warden since 1912.

INCOME TAXES SHOW GAIN IN LATEST CHECK

BUT TREASURY GOES FARTHER IN RED SIDE OF BOOKS

Washington, March 19 (AP)—The treasury pendulum swung farther into the debit side of the arc today despite the tugging of increased income tax receipts.

Income tax receipts for last Tuesday, the latest date reported, were \$16,000,000 greater than for the corresponding collection day last year. This kindled no spark of hope, however, that total receipts for 1930 would be larger than the previous year.

At the same time the daily treasury statement showed the government's deficit on Tuesday was \$735,133,522, a gain of more than \$300,000,000 over the previous day, due to placing \$326,000,000 in the public debt retirement fund.

Loans Not to Blame Meanwhile, Senator Vandenberg, Republican, Michigan, issued a statement saying there was no basis for any implication that loans to World War veterans were responsible for or contributing toward the prospective treasury deficit.

"Everybody knows by this time," he added, "that the two things are unrelated. Every veteran's loan is a self-contained credit operation which involves no net addition to the public debt and not a penny of increased taxation."

Vandenberg said there would be a large budgetary deficit and advocated covering it by a temporary suspension of the annual sinking fund appropriations.

Income tax collections on Tuesday amounted to \$48,129,417, bringing the total for the month to \$106,000,000 compared with \$99,000,000 for the same period the previous year.

Not Accurate Check For the fiscal year beginning July 1 the payments have totaled \$1,277,000,000 compared with \$1,352,000,000 for the same period last year.

Officials have explained the first few days income tax returns were not expected to portray what trend the total returns would take. The belief in treasury circles that there was no encouraging news in receipts thus far led to the opinion that the total might not approach the \$500,000,000 mark which had been expected.

If the total drops below this, experts believe the expected deficit June 30 will be much greater than the \$500,000,000 estimated by Secretary Mellon and Undersecretary Mills.

Already, during the present fiscal year, revenue from all sources has dropped \$272,000,000 below that of the same period last year, while ordinary expenditures of the government are steadily mounting due to expanded government activities.

Five Killed And Twenty Injured As Cars Leave Track

Etampes, France, March 29 (AP)—Five persons were killed and twenty injured tonight when two cars of the Paris-Bordeaux express left the rails as it tore past the station here and crashed into a local train waiting on a siding.

There were no Americans among the dead or the seriously injured, railroad officials said.

Most of the victims were in the diner when that car and the one ahead of it jumped the track. The injured were taken to hospitals here and other occupants of the two cars were transferred to the cars ahead as the express resumed its run.

The express train left Paris at 8:35 p. m. and reached here about half an hour later. First reports said seven had been killed and at least 50 injured.

Held On Charge of Sabotage Threats Against Dirigible

Akron, Ohio, March 19 (AP)—Paul F. Kassay, 37, reputed to be a former Hungarian army officer, was held here tonight for federal authorities on a charge of criminal syndicalism in connection with alleged threats of sabotage against the United States navy's giant Zeppelin "Akron" which is under construction here. Kassay worked as a mechanic on the dirigible construction.

SITTING ON LID AT JOLIET PEN

Warden Henry C. Hill, above, is under fire from several quarters as a result of the riot March 14 which was fatal to two prisoners and which still smolders. Prisoners threaten a general riot unless their demands for "home rule" are granted. Hill, criticized by some for his severity, has remained firm against prisoners' demands.

TARA GOES ON HUNGER STRIKE

State Star Witness Says He Can Be As Stubborn As Judge

Detroit, March 19 (AP)—Sentenced to jail indefinitely yesterday because he would not submit to cross-examination in the Gerald E. Buckley murder trial, Fred Tara, state witness, was on a hunger strike tonight in the county jail.

At 8 p. m. he had taken no food for 32 hours, although tempting dishes had been set before him.

"They'll have to carry me out of this cell first," he told jailers and visitors, and added that he could be "just as stubborn as the judge."

He was sentenced by Recorder's Judge Edward J. Jeffries, presiding at the trial of Ted Pizino, Angelo Livechi and Joe Bonmarito for the murder of the crusading radio announcer in the La Salle hotel on July 23.

Attempted Suicide Two armed guards were stationed at Tara's cell tonight to frustrate any recurrence of what was believed to have been an attempt at suicide by the prisoner last night.

When he created a disturbance during the night hours, guards said they found in his hand a razor blade with which he said he intended to kill himself. Several other razor blades, left by other prisoners who had occupied the cell, were removed.

The murder trial was in adjournment today, awaiting recovery of Prosecutor Harry S. Toy, who collapsed in the court room yesterday shortly after Tara had been placed under arrest. Adjournment until tomorrow morning was ordered by Judge Jeffries when assistant prosecutors reported their chief unable to resume his work. The judge had said he would allow all the time necessary for recovery of the prosecutor.

Tara had testified Tuesday that a man whom he identified as Livechi had motioned with his arm from the doorway of the La Salle hotel a few moments before Buckley was shot.

Mayor 'Jimmy' Walker

Son of Tammany Leader, and Reared in Organization's Traditions, He Served 15 Years in Legislature Before Winning Mayoralty.

EDITOR'S NOTE: This is the second of a series of three articles dealing with the colorful career of Mayor James J. Walker of New York, whose office and administration now are facing an investigation.

BY PAUL HARRISON NEA Service Writer New York—Jimmy Walker is a politician, and proud of it. Virtually every step in the career of New York's amazing mayor or represents a personal victory, some of them won by attributes entirely contradictory to the impressions and legends surrounding him.

BRUCKER CLAN CONTROLS GOP COMISH MEET

FREY IS REELECTED AS SECRETARY OF COMMITTEE

BY GILBERT T. SHILSON (Associated Press Staff Writer) Lansing, March 19 (AP)—The fight that shattered the peace and harmony of the late Republican state convention was renewed on a modified scale in a meeting of the party's central committee here today.

On a test vote delegates viewed as particularly friendly to Governor Wilbur M. Brucker rolled up a two to one majority. After that they had things entirely their own way. Rep. James G. Frey, of Battle Creek, was re-elected secretary of the committee and John S. Hagerly, former secretary of state, was returned as treasurer. These selections were eminently satisfactory to Brucker. The name of Felix H. H. Flynn, of Cadillac, was presented in opposition to Frey, but Flynn withdrew when it was apparent the Brucker slate had an unbeatable edge.

There had been talk prior to the meeting that the name of John Gillespie, political enemy of Brucker, might be proposed for the treasurership, but if there were such plans they vanished when the power of the opposition was revealed.

Dispute Over Proxies The sparring for committee control involved an appeal from a ruling by Howard C. Lawrence, chairman, and a dispute over proxies. Lawrence, in announcing the rules of the meeting, stated voting on candidates would be done by ballot.

State Senator Norman B. Horton, administration floor leader in the senate and holder of a proxy in the committee meeting, protested. He insisted voters should be taken by public roll calls, and questioned Lawrence's authority to make such a ruling. The chairman stood fast on his ruling, however, and Horton moved an appeal. James E. Davidson, of Bay City, and others supported Horton's motion, while Gillespie, Edward N. Barnard, of Detroit, and William McKelgham, of Flint, and insisted ballots should be cast.

Davidson declared that never in his 32 years connection with the committee had "secret ballots been deemed necessary." Lawrence's ruling was upset by a vote of 36 to 18, the exact number required, as a two-thirds majority is needed to overrule the chair.

Two proxies were submitted for the vote of Mrs. M. J. Sherwood, of Marquette. One was in the hands of Mrs. Kate English, of Saginaw, a political supporter of Governor Brucker's; the other was held by William Adams, an assistant sergeant-at-arms in the senate who favored the selection of Flynn as secretary. Because Mrs. English's proxy was dated later than that held by Adams, Lawrence ruled she should hold the vote, but a moment later he read a letter from Mrs. Sherwood, dated prior to either proxy, in which she resigned from the committee.

Ruling Upheld Charles McBride, of Holland, then moved both proxies be cancelled. Charles C. Green, of Battle Creek, a Frey supporter, insisted Mrs. English be allowed to vote. Gillespie leaped to his feet to submit a point of order, claiming Mrs. Sherwood's proxy was dated later than that of Adams.

Rooney was one of Chicago's most powerful union managers, and with his brother-in-law, Jerry Horan, who heads the flat jankers union, had founded the Cook county wage earners league, a politico-labor association. Two years ago he represented the American Federation of Labor at the British trades union congress.

The slain union boss himself was accused of murder 15 years ago after Joseph Cooney was killed in an election row during a sheet metal meeting. He was acquitted.

Rooney and Horan split over the mayoral contest this year. Horan supporting Mayor Thompson while Rooney backed Anton J. Cermak, Democrat.

State Senator Fined For Drunken Driving; Prescription Whiskey

Lansing, March 19 (AP)—State Senator Charles A. Roxborough, of Detroit, paid a fine of \$75 after pleading guilty in municipal court to a charge of driving while intoxicated. Judge John McClellan gave him an alternative of 30 days in jail.

The senator's driver's license was also taken from him and sent to the secretary of state. There it can be revoked for a minimum period of three months.

Senator Roxborough appeared in court after a postponement of his case yesterday until April 3 on information that he was confined to his home because of illness.

The senator was arrested late one night last week when he attempted to make a left hand turn at a street intersection where turns are prohibited. A half pint of prescription whiskey, officers said, was found in his automobile.

Grand Rapids Man On Soldier Board

Lansing, Mich., March 19. (AP)—William H. Zylstra, of Grand Rapids, was appointed a member of the board of managers of the Michigan soldiers' home by Gov. Brucker today. He takes the place for today Oscar E. Kilstrom was nominated recently. After Kilstrom's name had been sent to the senate, it was withdrawn by Gov. Brucker, and inasmuch as his former term expired February 25, the place was vacant.

Income Tax and Prison Labor Up for Discussion in Lansing

Lansing, March 19 (AP)—The income tax issue (rept to the stage of legislative prominence today as other matters were temporarily moved to the background.

Rep. Earl C. Burnhans, of Paw Paw, was the sponsor of the first income levy measure of the current session. He submitted a joint resolution in the house proposing a constitutional amendment to permit the enactment of legislation for a graduated income tax.

The resolution which would be submitted to the voters at the November, 1932, election, provides that the revenue from the income levy go into a special fund for the relief or elimination of the state property tax. The legislature could provide that any unused surplus be distributed to relieve local property taxes.

Bad for Tourist Areas An amendment is necessary for adoption of the graduated income tax principle because the constitution now limits the enactment of general taxes to uniform rates. Two previous efforts for an income amendment have failed. In 1921 the legislature approved a resolution similar to the one of Rep. Burnhans but the measure was defeated at the polls.

When the issue was placed on the ballot a few years ago through initiatory petitions, it again met defeat.

Conservation, charges made by the University hospital at Ann Arbor, and local governmental problems were again before the house today. The membership defeated the Cuthbertson measure designed to use convict labor in reforestation projects by a vote of 50 to 26 after a lengthy debate.

With leaders declaring the spectacle of prison labor in the woods of northern Michigan would endanger life, impair the tourist trade, and generally lead to unemployment, the roll call found almost a solid vote against the measure from that part of the state. Advocates of the measure had previously attempted to save it from defeat by putting through an amendment providing that convict labor used on reforestation projects be an addition and not in competition with free labor.

Urges Shatterless Glass Rep. Fred C. Holbrook, of Long Lake, offered his anticipated bill to restrict charges made by the University hospital for indigent patients. The measure would place a limit of \$3.50 a day on the rates for patients, permit probate judges to send indigents to other hospitals approved by the state commissioner of health and would require an itemized statement of charges be sent to the probate judge for his approval before payment.

The house passed the Miller bill providing a maximum fine of \$1,000 or imprisonment of four years for a supervisor holding any other county office during his term of six months thereafter or financially interested in any county contract. It also passed a measure requiring semi-monthly meetings of township boards and an audit of township treasury books in counties of \$25,000 valuation or more.

A bill which would virtually do away with the duties of the township treasurer by providing that all township taxes be collected by the county treasurer was offered by Rep. Otis Huff, of Cass.

Rep. George C. Watson, of Capreol, proposed the equipping of common carrier motor vehicles with shatterproof glass after January 1, 1932, and all other automobiles with the same protection after January 1.

Witnesses could not describe them. Bitter strife for the domination of local unions has been "racket" with the aid of newspapers during a period of years. The killing a month ago of Albert Courcheure, agent for the plumbers union, was the latest of the series.

Accused of Murder. Rooney was one of Chicago's most powerful union managers, and with his brother-in-law, Jerry Horan, who heads the flat jankers union, had founded the Cook county wage earners league, a politico-labor association. Two years ago he represented the American Federation of Labor at the British trades union congress.

The slain union boss himself was accused of murder 15 years ago after Joseph Cooney was killed in an election row during a sheet metal meeting. He was acquitted.

Rooney and Horan split over the mayoral contest this year. Horan supporting Mayor Thompson while Rooney backed Anton J. Cermak, Democrat.

Glenn Brophy Fails to Arrive at Macao; Two Others Are Lost

Manila, March 19 (AP)—Search was continued tonight for three daring American overseas fliers while hope for their safety waned.

Those missing were Glenn W. Brophy of Los Angeles, who failed to arrive here today from Macao, China, and F. A. Diekhoff of San Francisco and William Scott of Manila, believed to have fallen into the ocean off Mindanao Island ten days ago.

Navy and Army commanders ordered their air and surface craft to search the China Sea for Brophy, who left Macao at 8:50 a. m. after a 600 mile flight toward Manila. Some hope was felt he might have veered from his course and landed in isolated northern Luzon Island, north of this city, shortening his flight overseas.

The fast Navy boats, the destroyers, Peary, Paul Jones and Truxton, prepared to leave for northern Luzon tonight, searching the coast for Brophy's biplane. At dawn two army sea planes were to soar over land and sea, while two naval boats, each bearing a seaplane, were to join the search.

All day Mrs. Brophy waited at a landing field for her husband, but was persuaded to go to her hotel after nightfall.

Brophy, who left Shanghai for Manila January 17 to lay out a course for mail and passenger planes by way of several Chinese cities, was forced to earth twice in China, once by ice on plane wings, and once by fog.

Pontoon Is Found Little hope was felt for Kiekhoff and Scott. They hopped from Surigao Harbor, northern Mindanao, on a two-hour flight to Davao March 9. A pontoon of their plane was found in the sea about midway of their journey, causing belief they had perished.

Diekhoff, foreign sales manager for the Simmons Saw Steel company of New York, used his hydroairplane to call on customers scattered through the Philippine Archipelago. Scott, general manager for the Port Lamson Lumber company, accompanied him as a passenger along the wild eastern coast of Mindanao.

PLANE STARTS OUT IN QUEST OF 18 MISSING

SEALERS STAND BY; FOOD, MEDICINE DELIVERED

St. Johns, N. F., March 19 (AP)—Food came to the Viking survivors today, medical attention to the injured—but behind the hummocks of ice in the bleak sea of the northland there still was sealed the fate of two Americans and 16 Newfoundland seal hunters.

The struggle of the crews of three sealers to drag food and medical supplies from their ships to Horse Island, five miles over slippery, treacherous ice, was rewarded with success shortly before noon.

Doctors from the rescue ships dashed immediately to the injured, extending first aid.

Living On Crackers

The food found 118 men who had been substituting since Monday on tea and crackers, crowding for warmth in the five little homes that form the island's city. They were being put aboard the Sealer Sagona tonight.

The 118 men had dragged themselves eight miles across the ice after an explosion tore the Viking a Sunday night—Sagona, including Harry Sargent, Boston explorer, were picked up by the Sagona from ice floes.

Hope of finding the remaining 18 is pinned upon Bert Balchen who planned to take off with a rescue plane from Boston at midnight to scan the ice-jammed sea. Among the missing are Varick Fritwell, New York movie producer, and his cameraman, A. G. Penner.

Suffers From A Feet Enroute to the Sagona, fitted as a hospital ship and prepared to proceed to St. Johns, the survivors on the island were being detained aboard the Sealer Imogene for food and rest.

The six men picked up by the Sagona were suffering the effects of exposure. Navigator W. Kennedy contracted pneumonia; Operator C. King's life is threatened by gangrene in frozen feet and Sargent has an eye affliction.

The Boethle was the third ship to reach the island today. It was standing by ready to take aboard any survivors who could not be put onto the Sagona.

SCAN SEA FOR MISSING FLIERS

Glenn Brophy Fails to Arrive at Macao; Two Others Are Lost

cause of adverse weather conditions. Expert Pilots Meanwhile Melton Cooper, who was organizing the expedition, conferred with army and naval officials and with representatives of the local chapter of the Red Cross arranging for the delivery of supplies to be brought into the frozen wastes of northern Newfoundland. It was hoped that the plane might thus be able to render succor to who ever among the survivors might yet be lying amid the ice floes of White Bay since the sealing ship Viking was blasted from under them last Sunday night.

The expedition was being organized hurriedly by Cooper at the request of Dr. Lewis Frissell of New York, father of Varick Frissell, who as a member of a motion picture group, was aboard the Viking and who has been missing since the explosion. Cooper is a noted explorer and moving picture photographer. Late today it had not been decided definitely who would comprise the party. It was believed that, in addition to Balchen, it would include Cooper and either Roy Gates, New York, Randy Enslow of New York, regarded as one of the most experienced night pilots in the country, or both. Cooper pointed out late this afternoon that the personnel of the party would be dependent largely upon weight.

NEED MORE EQUIPMENT

Valley Stream, N. Y., March 19 (AP)—Bill Marsalis, official of the Nassau Air Service Corporation, hopped off early tonight for St. Johns, N. F., to assist in search for the Viking survivors but landed soon afterward at the Gen Curtis airport at North Beach, he informed the local field by telephone.

He said he had decided to take on more equipment for night flying and would fly directly to St. Johns.

WAR CAN'T BE PLANNED NOW, AVERS MEYER

(Continued from Page One)

comparatively few months the entire financial structures of the governments involved would break down under the strain, yet in the face of the apparent impossibilities, the World War continued for somewhat more than four years, bringing from time to time additional nations and proceeding on an increasingly large scale.

"The lesson to be learned from this is that the course of war depends on the resources of mankind, supplies and morale, and that finance is only incidental to these."

MUSIC ASSEMBLY AT HIGH Escanaba high school's regular weekly music assembly was held during the general assembly period Thursday afternoon. The Girls Glee club under the direction of Miss Ruth Sundwick sang two numbers. The String Ensemble which is directed by Frank Karas also presented two numbers.

Joliet Warden Tells Why Convicts Started Riots

Written Especially for The Associated Press.

By Henry C. Hill, Warden of Illinois State Prison, Joliet, Ill. Joliet, Ill., March 19. (AP)—After riots and confagurations such as have overtaken the two prisons comprising the Illinois state penitentiary which is under my control, I fully realize that the public should be conversant with the actual facts. There have been lingering in the minds of many people in the country misconceived ideas of the situation at Joliet and Stateville.

In the Headlines At State Capital

(By The Associated Press) Administration delegates controlled meeting of Republican state central committee. Senate approved bill authorizing governmental units to borrow on taxes. Attract weight tax proposed. Income tax issue made legislative debut. Proposal to hire prison labor on reforestation projects defeated by house. Limit proposed on University hospital charges for indigent patients.

Governor Attends Road Men's Meeting

Lansing, Mich., March 19 (AP)—Governor Wilbur M. Brucker, G. C. Dillman, state highway commissioner, and other state officials were speakers at a banquet held here tonight by the Michigan road builders association. William M. Connelly, president, acted as toastmaster.

Obituary Columns Provide "Racket"

Detroit, March 19. (AP)—Henry Malinowski, 35, was arraigned before U. S. Commissioner J. Stanley Hurd charged with operating a racket, punctuated by a number of assassinated obituary columns. He is alleged to have mailed pen and pencil sets, collect on delivery, to persons listed in the newspapers as dead. Under the impression the deceased had ordered the merchandise, the charge of \$4.50 would be paid, the government claims.

San Jose Scale Threatens. Urbana, Ill.—Warnings of danger from San Jose scale have been issued by the college of agriculture at the University of Illinois. The scale, a pest of Illinois orchards, has survived the present mild winter better than it has for 10 years. It is controlled by spraying.

Michigan Girl's Lucky Day

THREE candles! And each one represents a year of joyous living. Little Arline Coghlin, of 283 Ferris Ave., Detroit, is a typical Fig Syrup baby. Here is what her mother says: "A friend recommended California Fig Syrup so highly that I got some when Arline became constipated. It relieved her constipation immediately, sweetened her breath, made her bright and happy again. "I have also used Fig Syrup for all Arline's little upsets. It has kept her strong and vigorous."

California Fig Syrup helps tone and strengthen weak bowels—assists in building-up and energizing weak children. The genuine always bears the name California. All drugstores.

INCOME TAX AND PRISON LABOR TO BE ARGUED

(Continued from Page One)

1934. After the first date it would be illegal to replace broken automobile glass with any other than shatter-proof. A bill that would increase the borrowing capacity of townships for deficiencies in special assessments for highway or drainage purposes was introduced by Rep. Jesse G. Boyle, of Buchanan. The measure would permit townships of \$1,000,000 valuation to borrow. The present statute now limits the right to townships of \$5,000,000 valuation.

"BORROWING BILL" PASSED

Lansing, March 19 (AP)—The Woodruff bill, authorizing governmental units to borrow funds in anticipation of tax collections, was adopted by the senate today. The vote was 26 to 1. Senator George G. Sadowski, Detroit, Democrat, casting the lone dissenting vote.

Must Keep Working. I have, so far as was within my power, provided adequate work, which is necessary to overcome prison unrest. I have also provided these men with the best food that the money allowed for the purpose can obtain. Weekly visits are paid by food inspectors of the state who strictly on scientific lines reject or accept the food for the following week. Every effort has been made by myself and officers to give the prisoners of this institution an opportunity to spend their time as decently as is possible in a prison.

Such destruction of lives and property are highly regrettable. At the investigation which will certainly ensue, the properly constituted authorities will definitely fix the reason for such outbreaks in the prison. May I ask the public in the language in which I have instructed my guards, "not to forget that this is a penitentiary."

The long arm of the law has found it necessary to place these men in such an institution and my duty is plain. It is to keep these men incarcerated behind the walls of this penitentiary and until I leave, I expect to do so.

OKLAHOMA WIND STORM KILLS 3

(Continued from Page One)

Clinton, Okla., March 19. (AP)—Three persons were killed and about a score injured, six severely, by a tornado here late today. Striking the west edge of Clinton late today, the twister carried out a path three blocks wide and ten blocks long, demolishing grocery and a school annex and unroofing at least a dozen homes.

Grocery and School Are Demolished; Report Score Injured

The Andersons operated the grocery. Mrs. Anderson and her sons were in the store at the time of the tornado and Lillie Anderson in a nearby house. A heavy deluge of rain preceded the tornado, which swirled into town from the southeast. The twister struck four blocks from the business district. School children had vacated a frame annex and moved into a brick ward school building an hour before the annex was demolished.

TARA GOES ON HUNGER STRIKE

(Continued from Page One)

ley was slain in the lobby, and that three men entered, leaving a minute later, pistols in their hands. He pointed out "Pizzino" as one of the three gunmen. All of that testimony was ordered stricken from the record yesterday when Tara refused to answer questions by the defense, purporting to show that the witness had a police record.

"A Bullet Waiting" Tara had been a police prisoner since last fall, when he testified at Pizzino's extradition hearing in New York, unable to furnish \$50,000 bond as a material witness.

He has said repeatedly that there were plots on foot to silence him before he could testify and today told his jailers there was "a bullet waiting for me outside."

Senator Lennon announced a public hearing will be held next Wednesday night on his proposal to place a ten per cent tax on tobacco.

HITS TEXAS TOWN

(Continued from Page One)

Desdemona, Texas, March 19. (AP)—A tornado struck here late today, unroofing a number of houses and wrecking a Standolind company gasoline plant. So far as could be learned immediately no one was injured. Telegraph and telephone lines were put out of commission. A heavy rain accompanied the storm.

Jury Decides Woman Had Been Murdered

Chicago, March 19. (AP)—A coroner's jury composed entirely of women decided today that "A person or persons unknown" slew Norma Newby, 37, whose beaten body was found in the Elk Grove Forest Preserve March 17.

THE CHURCHES

Methodist Episcopal Church Sunday school will convene at 10 o'clock. Our motto: "Forward for Christ." Morning worship at 11 o'clock. Theme: "I Came to Jesus as I Was." Junior League at 2 o'clock. Epworth League at 6:30 o'clock. Evening service at 6:30 o'clock. The pastor will take for his text the ninth commandment: "Thou shalt not bear false witness against thy neighbor." Special music at both services. James Roberts, Minister. First Presbyterian Church Minister, Henry T. Broughall. The morning worship at eleven o'clock. The sermon: "Just a Little Farther." The Sabbath School at ten o'clock. Please see that the children arrive on time. There is not a finer Sabbath School in the state and everybody is loyal and happy. Send the young folks along as well as those who feel that they are no longer young. A full force of teachers and officers, eager to serve. The pastor was at the Passion Play in Oberammergau last summer. He has something like a

Munising News

(Continued from Page One)

Justice 20 Years, Tracy Will Retire James Tracy, who has held the office of Justice of the Peace in this city for the past twenty years, will not again be a candidate. Justice Tracy was elected just twenty years ago while Munising was still a village. At the village election Emil Welas was elected president and Mr. Tracy was elected village clerk. At the following spring election Mr. Tracy was elected Justice and has served continuously ever since, making an enviable record and being held in high regard by his fellow citizens. On account of impaired hearing he has decided that the office has become quite burdensome to him and therefore does not wish to continue longer in the public service. A nominating petition has been circulated and filed today for Robert H. Wright for the office. Two justices are to be elected. Justice Walters has already filed his petition.

DEATH OF JOHN PETERSON

John Peterson, aged 59 years last Tuesday, died at his home in this city yesterday, following a stroke of paralysis. The funeral will be held Saturday afternoon. Rev. Mr. Bergholm of Newberry to officiate.

FUNERAL OF JIM KISHETOG

The funeral of Jimmie Kishetog, last full blooded member of the old Chippewa tribe, of this locality, was held yesterday afternoon from Bowerman's funeral parlors and was conducted by Rev. James Roberts, of the Methodist church. The members of the tribe that Jimmie belonged to were all Methodists and their minister was Rev. Thomas Nabbenayash, who died several years ago. There were present residents of Indiantown, Mayor Kemp and his wife and Mrs. R. W. Wright, old time residents, who knew the old Indian in early days, were among the number who followed the remains to their last resting place at the Wetmore cemetery.

MUNISING BRIEFS

Mr. and Mrs. G. W. Putnam of state experiment farm at Chatham were outside guests who attended the Pastmasters' banquet at the Beach Inn Wednesday evening. Also Mr. and Mrs. Frank Featherly of the Infirmary, and Mr. and Mrs. Wm. Syers of Van-Meer. Representative Burk of Ontonagon was in the city yesterday. W. A. Munro, F. J. Baldwin and Ed. Bartels, paper mill officials, are in Chicago this week on business. Mr. and Mrs. William McLean are back from Rochester, Minn., where Mr. McLean underwent a major operation. He is now on the road to recovery.

Now... Shell makes it possible for motorists to save MILLIONS. Announcing a great step forward in refining practice—the New Improved Shell 400. MODERN motor cars need it. Research and experiment, backed by actual engine tests, prove it can be made. Now it is offered to motorists here—regular priced gasoline that gives the great majority of all cars real protection against "knocking," as well as full power, pick-up and mileage. New Improved Shell 400 is far above common regular priced gasolines in anti-knock value—in fact, above many premium priced brands. It will help millions of motorists to lower their driving costs. Almost all car owners can use it—and forget any question of paying an extra 3 cents per gallon. New Improved Shell 400 will give them all the anti-knock value, quick starting and power their engines are capable of, at a real money saving. There are only a few makes and models of cars which require fuel of still higher anti-knock value. If your car is one of these, your station man will tell you, and recommend the proper fuel. In justice to your own driving comfort and your own pocketbook, try the New Improved Shell 400. Test it on hills, in cold weather starting, in traffic, snow, ruts—however you wish. It may cut down your driving costs many dollars. NEW IMPROVED SHELL 400. Real anti-knock gasoline at regular price—definitely better than many present premium fuels, and far above common regular priced gasolines in this indispensable quality modern engines need. DeGrand Motor Company Escanaba, Mich.

### RAIL OFFICIALS BOOST TRAFFIC

#### Meeting Held in C. & N. W. Peninsula Division Office, Escanaba

Officials of the Chicago & North Western general office held a meeting at Peninsula division headquarters in Escanaba Wednesday, conferring with Superintendent F. R. Lloyd and other division officers in the interests of traffic solicitation. The delegation will cover the entire C. & N. W. system, getting in touch with local officers and employees in inaugurating a comprehensive campaign of freight and passenger solicitation. Following the meeting in Escanaba, the group left on Train 102 Wednesday evening to visit other points on the line.

Included in the party were the following officials: R. O. Small, general freight agent; M. R. Leahy, general passenger agent; W. L. Kohn, tour agent, all of Chicago; and T. A. Carney, division freight and passenger agent, Green Bay.

### Indians Shocked at Ruthlessness of the White Man

Ann Arbor, Mich.—"The white man never seemed content until he has imposed the marks of his mechanical operations upon every natural feature of his environment, apparently with no purpose except to give evidence of his conquest and subjugation of nature. The Indian, on the other hand, was friendly toward his natural environment, he loved it and was in sympathy with it, suffering shock and genuine unhappiness when it was wantonly violated, and this difference in outlook has been one of the fundamental hindrances in bringing Indian and white man nearer together," states Dr. Melvin R. Gilmore, Curator of Ethnology in the University of Michigan Museum of Anthropology. Dr. Gilmore is a national authority on the life and customs of the Indians of the middle west and plain states, having lived for twenty-five years among them, studying especially their use of plants and animals and other natural resources.

In accepting nature and its works to be lived with and enjoyed as they were found, the Indian would find it impossible to understand the "improvements" which the white man insists on making in natural sights, states Dr. Gilmore. "The white man considers a tract of land or bit of scenery which does not show signs of being severely man-handled as being unimproved, and sets to work immediately to express his ego by changing it to glorify himself. Hence the offense to good taste in the carving of likenesses of mortal men on Stone Mountain in Georgia, the cliffs of the Black Hills in South Dakota, and the artificial illumination of Niagara Falls by colored lights.

#### FUR CAR SEIZED

Lansing—An automobile, 63 muskrat hides, three raccoon skins, and two mink skins, all having a total value of \$400 were confiscated by the Department of Conservation from John Bennett, 66, Fressell, when Bennett was convicted of illegal possession of furs. Bennett was sentenced to pay a fine of \$60 with costs of \$15.85.

Sound films of jungle hunting expeditions are popular in Germany this winter. Some railways in Scotland are discontinuing passenger service on branch lines.

### Kennelly Returns From 7-Week Trip

James H. Kennelly, 425 South Seventh street, returned to his home here Wednesday after having spent seven weeks visiting at various points on the Pacific coast.

Mr. Kennelly stopped at Mandan, N. D., where he visited several cousins, nieces and nephews of his late father; at Portland, Ore. he spent several days with his son-in-law and daughter, Mr. and Mrs. Gerald Girard, Mrs. Girard being the former Miss Irene Kennelly; at Los Angeles he visited his nephew and wife, Mr. and Mrs. James Kennelly, who left here several years ago for the west. Mrs. Kennelly was formerly Miss Della Beauchamp of this city, and James is the son of the late John Kennelly. While in California Mr. Kennelly met several former Escanabans who are keenly interested in the "old home town" who inquired about many local residents.

Returning by way of Denver, Mr. Kennelly stopped at Glendale, Ia., and later at Chicago. He also attended a horse show in Mexico during his trip.

### Michigan Takes Part in Legion Automobile Race

The American Legion of Michigan is doing its part in a humorous but intensely interesting national membership contest between the Legion and the Legion Auxiliary. The contest is being conducted along the lines of a burlesque automobile race. Each department of the Legion has been assigned some part of the auto which is assembled on the car when that state or department has attained its national membership quota.

Michigan, on March 6, had attained 83.80 per cent of its 1931 quota. The department's accessory in the auto race is the right headlight.

#### Landmark Razed

Negaunee—Razing of the Makinen blacksmith and wagon shop removes one of Ishpeming's oldest landmarks. The building is being dismantled, to make a place for a modern garage to be erected by Sunblad brothers and connected with their present building, at the corner of Cleveland avenue and Second street.

The old Makinen building at the time of its erection more than a half century ago, was one of the largest and most up-to-date blacksmith shops and carriage-making establishments in the upper peninsula. It was built of pine, which was cheap in that period, before brick or stone was used generally as building material here. Its early equipment was operated by man-power and like all buildings in Ishpeming at that time, it was heated by wood stoves and illuminated by candle light.

A record number of homes are being built in Denmark.

#### Tax Lists In

Four more townships have turned in their delinquent tax lists to the county treasurer, making a total of eight out of 15 which have reported. Recent reports are from Ford River, Maple Ridge, Baldwin and Masonville townships. Those previously turned in were from Bay de Noc, Ensign, Fairbanks and Brampton.

#### Visit at Hospital

Rev. Fr. A. C. Coignard of Perkins, Rev. Mr. S. Maier of Gladstone and Rev. Fr. B. V. P. Schevers of Manistique were visitors here yesterday and called on Father LaMothe of Rapid River and Father Tom Drengacz of Perronville, both of whom are patients at St. Francis hospital. The two local priests are reported to be improving favorably.

#### Mrs. Branshaw Improving

Mrs. Denise Branshaw, who has been ill the past four months with an attack of rheumatism, is reported as improving at her home, 714 First avenue south. Mrs. Emil LaBelle of Flat Rock, a practical nurse, is taking care of Mrs. Branshaw.

#### Spelling Bee Today

Students of the Ford River Mills school will hold their semi-final spelling contest at 2:30 o'clock this afternoon to decide the school championship. Mrs. Julia Maigetter, teacher of the school, issues an invitation to parents and others interested to witness the contest.

#### No Sunday Mass

There will be no mass Sunday at Trinity Father

### Membership Roster Of Legion Now 290

A committee of five has been named by Henry Breault, commander of the Escanaba American Legion, to make a final cleanup of memberships for 1931. The local post yesterday boasted a roster of 290, and a goal of 316 has been set. It is expected that this mark will be easily passed before the end of the membership campaign, which closes May 15.

The personnel of the cleanup committee is as follows: Philip Bruce, chairman; Chet Malcolmson, A. A. Houle, E. F. Eirikson and Tom Dufour.

LaMothe has announced, but there will be one mass at Rapid River Sunday. It has not been decided who will officiate at the services.

## High Sounding Phrases

On the typewriter of a skilled ad-man rattle pleasingly— But oftentimes when you examine the merchandise so euphoniously pictured you are apt to think you are being kidded—

### Why Pay Top Prices

When by a little careful shopping and a study of merchandise offered, you can satisfy every need at considerable savings—

TAKE TODAY'S OFFERINGS AS EXAMPLES OF THE SEASON'S NEWEST AND BE SURE TO NOTE THE REASONABLE PRICINGS.

## Reasonable Top Coat Prices

\$12.50 \$14.50 \$16.50

Look at the fabrics, the tailoring, the linings—Note the way they are cut—There's a certain good style swagger so necessary in the Top Coat of every well dressed man.

You will find it hard to withstand the appeal if you slip into one of these coats—And too, the prices are not prohibitive. You will realize what a genuine price drop is when you compare these coats with the offerings of last year—We are not comparing with war time prices as we took the sting out of them many months ago.

## Men! The day of the high priced Hat is but a recollection

Will dress your head in a manner befitting your business position— In fact, if you compare them with the much touted \$5.00 specials, you will be quick to realize our claims—Shop today and compare.

HOMBURGS — SNAP BRIMS WELT EDGES

New colors that impart the proper degree of smartness—No particular need for waiting. Spring and Easter are nearing.

## Sale of Men's and Young Men's Dress Pants

\$2.85

250 pair of men's and young men's dress pants at this special selling price, large assortments to select from—Browns, Tans, Blues, and Grey. Hard finished fabrics, others in herringbones and diagonal weaves.

# SMART STYLES That will head the Easter Parade

### CHIFFONS --- that will make you look your loveliest

\$16.50 \$19.50 \$24

These charming Chiffon Frocks are simply a dream—The Cape and half sleeve styles, ruffling, tiered skirts, long skirts and the gay colorful prints all add to their loveliness. Styles that will be most popular for Spring. Colors and prints that will make you look so youthful.

## Marinette Knit Frocks for All Occasion Wear

\$16.50 \$22.50 \$29.50

It makes no difference what the daytime occasion may be—Marinette Knit Frocks have style for these occasions. One piece or three piece frocks for afternoon, business, motoring, shopping, travel, golf, etc. We invite you to see the new styles, if we haven't what you want we will gladly let you select from our swatches and have it made for you before Easter.

## Pastels and Prints Share Easter's Fashion Honors

\$12.00 \$16.50 \$18.50

No matter what you choose, the printed frock, the pastel or the popular black you are sure of being fashion right. Our stocks are very complete with new creations in style, in printing and color schemes. You will delight seeing these refreshingly new silhouettes of 1931. Other popular priced frocks at \$4.85 and \$9.75. Better frocks priced from \$22.50 to \$39.50.

## COATS for Dress or All Occasion Wear

\$24.00 \$35.00 to \$69.50

Words cannot describe the many new fashions in coats, their trimmings, their furs, their collars are all distinctively different. The only way to appreciate style, value and quality is to pay Lauer's newly arranged ready-to-wear section a visit. Dressy Coats and utility coats and of course the famous "Ekmoor" all occasion coats in smart styles.

BOVINE T-B WORK

REPRESENTATIVE ESPIE has introduced a bill in the state legislature providing that the state department of agriculture shall take over the entire bovine tuberculosis eradication program...

A sum of \$4,563,020 has been expended in the last ten years to bring bovine tuberculosis under control in Michigan. Under the arrangement which has been in effect, the state has appropriated \$250,000 a year for the payment of indemnities...

Control of bovine tuberculosis is an important matter. It insures a better, safer milk supply for the public. It also means also that Michigan farmers will have a better opportunity of selling their product to out-state markets...

THE SPELLING BEE

THROUGHOUT the county, grammar grade students are competing in spell-downs to determine what speller will represent his or her school in the final match to be held in April under the auspices of the Escanaba Daily Press.

Much interest has been aroused among the boys and girls in this subject since the element of competition that is entered into it provides an incentive for them to study harder.

OUR STARVING TOWNSHIPS

TOWNSHIPS in upper peninsula counties are reporting unusually heavy delinquent tax lists this year, and many of them are, as a result, going to be subjected to acute financial strain.

The new chief justice of the Florida Supreme Court formerly was a cook. He'll still see to it, however, that law violators will get their just desserts.

A bridge player with 13 spades, points out the office sage, bids fair to succeed.

Eggs are being used in Armenia for money. It must be easy there to drop a fortune.

Silver is said to be at its lowest value in years. This seems to be the right time to refine those clouds.

A professor in an Ohio university says potatoes may yet provide rubber. When the time arrives they'll probably be called inner tubers.

represents a deliberate purpose on the part of the land owners to permit title to revert to the state, or to whom we may desire to secure it by paying the taxes.

The land owning interests, particularly those that are operating mills, have been going through a period of great stress. The depression has hit them about as hard as it has hit any industrial interest.

The condition many of them are now confronting will shortly demand attention for plans for township consolidation as the only way to prevent virtual bankruptcy.

Generally speaking, in considerable parts of the states the existing order of county and township organization has not only outlived its usefulness, but has come to mean a drain on existing resources that makes practical bankruptcy, in the sense in which political divisions can become bankrupt inevitably.

The new chief justice of the Florida Supreme Court formerly was a cook. He'll still see to it, however, that law violators will get their just desserts.

A bridge player with 13 spades, points out the office sage, bids fair to succeed.

Eggs are being used in Armenia for money. It must be easy there to drop a fortune.

A professor in an Ohio university says potatoes may yet provide rubber. When the time arrives they'll probably be called inner tubers.

Edna Best, English actress, left Hollywood flat to join her husband in New York. But perhaps that's the Best way.

Anniversary

IBSEN'S BIRTH

On March 20, 1828, Henrik Ibsen, a Norwegian dramatist who strongly influenced German, French, English, Italian and Scandinavian literatures, was born at Skien, Norway.

After studying medicine for a while Ibsen decided to devote himself entirely to literature. His first play was a failure but, after two years of journalism, he became director of Ole Bull's theater at Bergen, for which he wrote five romantic dramas.

Success came to Ibsen at the age of 29 when he wrote the dramas "The Warriors in Helgeland" and "The Pretenders" while serving as director of the national theater in Christiania.

Marriage is all very well, but it seems like carrying love a little too far.

Once when we were 20 we would say we were 25, now if we're 20 we say we are 17.

The (Republican) party, for some reason, has a habit of being right.

New York may have the noisiest streets, but London has the noisiest lecturers.

Today our men of culture are all women.

Too often we have a feeling that if our hearts are stout it does not matter how thick our heads are.

It is the little tasks that tire. The great tasks are not hard to do. It is the mountains that inspire. But valleys we must travel through. Patience and fortitude require Much more than mountains that we view.

This is the truest test of all: Not mighty deeds, gigantic dreams, But close attention to the small. Affairs, however small it seems. From the high bill but few will fall. But many falter crossing streams.

Be faithful in the little things. And in the great you will not fail. Be faithful when the moment brings. The simple journey through the vale. Success, however much man sings, Is all a matter of detail.

FRECKLES AND HIS FRIENDS

BOOTS AND HER BUDDIES

MAD MARRIAGE

(By NEA Service)

By LAURA LOU BROOKMAN

CHAPTER XIV

Gypsy laid aside the magazine. She began to wish that Wallace would return. Soon she was staring at the vanishing landscape.

It must have been 20 minutes before she heard Jim's voice and looked up. He was beside her and just behind him was the younger man in gray.

Jim was smiling. "Gypsy," he said. "I've run on to an old friend. Frank Gibson. He's one of our neighbors in Forest City. Gih—this is my wife."

Wallace had dropped into his chair across the aisle. The seat in front of Gypsy was vacant. Gibson turned this about and sat down, facing the girl.

"Quite a surprise to hear that Jim was married," he told her. "Not, however, since seeing the bride!"

Gibson was as tall as Jim and slim. His features were regular. He had dark hair and gray eyes and above his lip there was a close-clipped black mustache.

"Not for long. I'm sure of that!" Wallace had dropped into his chair across the aisle. The seat in front of Gypsy was vacant. Gibson turned this about and sat down, facing the girl.

"I still don't see how I could have known that," the girl said warmly. "I suppose you wanted me to be friendly?"

Wallace put his hand on her arm. "Oh, I didn't mean to blame you."

and they started down the street. A moment later his voice started her. "Do you think, Jim-Wallace was saying in a cool, restrained tone, "It was necessary to make a spectacle of yourself flitting with Frank Gibson?"

Gypsy was too surprised to be angry. "Surely you can't think—" she began.

"I'm not thinking," Wallace cut in. "I'm talking about what I saw. Other people saw it too. Didn't you notice how that couple across the aisle were watching you? This fellow Gibson isn't the sort for you to have anything to do with!"

"But—why were we only talking? I don't see how there could be any harm in that. You introduced him to me. I supposed you were friends!"

"Well, we're not. I introduced him because I couldn't get out of it. Listen, Gypsy, every one in Forest City knows Gibson was the unnamed co-respondent in Wes Babcock's divorce. It's been the scandal of the town. Our firm handled the case for Babcock. Now don't you see how it looks to have my wife seen with Gibson, laughing and talking like old friends?"

"I still don't see how I could have known that," the girl said warmly. "I suppose you wanted me to be friendly?"

Wallace put his hand on her arm. "Oh, I didn't mean to blame you."

"I like it," Gypsy said, trying to do with it.

Twilight had set in and the street lights had just been illuminated. Their glitter against the grayness produced a blurred background. Gypsy saw buildings lower than those she was accustomed to, street cars, the same familiar traffic. Forest City looked like a drab, Long Island suburb.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

"I like it," Gypsy said, trying to do with it.

Health Tips

BY DR. MORRIS FISHBEN

A famous German physician said that the chief measure of importance in preventing overweight was the cultivation of sufficient will power to avoid the taking of too much food.

A celebrated specialist said that the only exercise of any importance was the ability to turn the head slowly from left to right and back again, indicating that one did not care for a second helping at the table.

Some experiments just completed by one of the large life insurance companies indicate that self-discipline required to maintain permanent reduction in weight is evidently too severe for most people who weigh too much.

Dr. H. H. Fellows began an experiment in 1923 with 294 overweight employees in an attempt to reduce their weight. The treatment consisted almost entirely of restricting diet, combined with carefully directed exercise and in a few cases where there was evidence that the thyroid was deficient, a prescription of a certain amount of thyroid extract.

At the end of the course, which lasted from a few weeks to several months, 237 of the 294 had lost weight, but 19 per cent had not lost weight. For those who did lose, the average reduction was 15 pounds.

Now these intelligent employees had been instructed as to how to eat and how to live so as to keep their weight down to what might be considered normal for their height. At the end of the first year, 234 of the original 294 were examined, and it was found that only 32 per cent had been able to maintain reduction in weight, but the vast majority and regained

about 10 pounds, or almost two-thirds of the amount that they had previously lost.

At the end of the fifth year 193 of the original 294 were still employed by the company and thus available for examination. It was found that of this 193 only 21 per cent showed a further loss in weight, whereas the remainder who had lost on an average of 15 pounds during the first treatment had regained 15 pounds in the following five years.

The important fact was discovered that all of those who were overweight, at least one-half were descendants of parents who were inclined to be overweight. It was found that reduction in weight was of benefit in lowering the blood pressure and in helping patients with heart disease and high blood pressure.

Experiments showed that people who are overweight can reduce and maintain a normal weight, provided they are properly controlled in the process. However, the vast majority of people do not have enough will power, self-discipline, intelligence, or whatever it is that one chooses to call the mental stamina that is necessary to maintain a reduction in weight and to avoid the eating of too much food.

### THE STORY OF MAYOR WALKER

(Continued from Page One)

and later for two terms as an assemblyman at Albany.

Young Jim Walker—it was not until he entered politics that he was called Jimmy—knew no hardships in his boyhood. He went to private schools, and in the summers was sent to a resort in the Catskills, with a group of cronies.

Jim was a mediocre scholar, distinguished mostly by his indifference to discipline and an eagerness to make speeches. He was a star athlete for his slight size, and a clever boxer with anyone in his weight. But because he was a member of the "White Collar" gang of Leroy street, and probably something of a loquacious little smartaleak, he was the target of many a bigger fist. Particularly was his nose the target, for he was known as a "bleeder" who spouted crimson in every encounter.

At an early age he developed a tendency to stay out late at night, and about the only parental wallopings he received were for stealing over to the vaudeville house on Union Square, where he usually remained for the performance to be repeated at midnight. He was a strikingly handsome boy, and from all accounts, he seldom missed a social function.

It was when Jim Walker was 15 that he began a friendship which was to have an important influence on his later life. A young man named Alfred Smith, 23-year-old clerk in the office of the Commissioner of Jurors, and already a politician of promise, called at the Walker home on New Year's Day of 1895. He was flattered and attracted by the boy's eager questions on politics.

**To Business School**

The senior Walker, hoping Jim would become a business man, sent him to La Salle College for a business course. But he left this and entered New York University, where he rather casually studied law. It was not until 1912 that he took his bar examination, but before that he had tried his hand at several other jobs.

He worked for a time at a west-side banking house, attempted to promote a subway construction company, played one season with a semi-professional baseball team, and dabbled in song writing. The last venture was the most successful. In 1910 he collected \$7,500 for the lyrics of the ballad which has dined into his unwilling ears ever since: "Will You Love Me in December as You Do in May?"

It was while this song was at its height that Jimmy Walker met Janet Allen, a young woman from Omaha, Neb., who had come to New York to seek a stage career. Jimmy was engaged in pepping up a musical show being produced by a friend, and selected Janet Allen to lead the chorus for his December-May song. The romance there begun led to a society wedding at St. Joseph's church in 1912. The groom was two hours late. In 1910, Walker had been elected to the State Assembly, there to find Alfred E. Smith, a veteran of six sessions, and Robert F. Wagner among his old Tammany colleagues. He and Smith, who roomed together for a time, and Wagner soon began to be known as the particular favorites of Boss Murphy of Tammany Hall. They were regularly denounced by the "better element," and just as regularly re-elected with increased majorities.

**Became Party Leader**

While Smith became, in 1918, governor of the state, and Wagner went to the Supreme Court and later to the U. S. Senate, Jimmy Walker flourished in the legislature. After five years in the lower house he was promoted to the senate, there to serve 10 years more. He became the party leader, and fought many a

battle which added to the prestige of Smith.

Most of the imposing array of welfare, transit, housing, direct primary and governmental reform legislation bearing his name is said not to have been inspired by Walker. He put it through as an aggressive representative of Tammany and Al Smith. The bills that carried the fire of his own enthusiasm were for Sunday baseball, boxing, and the repeal of movie censorship.

He was at his best in 1922 and 1923, when he was majority leader by virtue of a single seat in the senate. It was Walker's job to have all his men in their seats when votes were taken. And he did it. Galleries were crowded whenever it was known that he would speak, for he had no competition as an orator.

Absorbed in thought, striking looking in his Broadway clothes, and with his black hair awry, the young senator would begin his felicitous walk up and down the center aisle. Then he would begin to talk, directing the full power of his laughing scorn against the red but usually grinning faces of his opponents. Jimmy Walker well knew the tricks of politics. He refused to use all of them. Even his explosive temper seldom has led him into personal vituperation.

**Welcomed in New York**

In 1925 he walked into a group of newspapermen and said: "If anybody's got a crack-egg, he'd better not listen to this. I've just been told that I'm to be the next mayor of New York."

In the primaries he easily defeated the colorless, dead-end, scrupulous John F. Hylan. Against Frank L. Waterman, the strongest candidate the Republicans could offer, Walker's plurality was more than 400,000. After eight years of the dreary Hylan even the Republican newspapers welcomed this dynamic, picturesque young chief executive.

A lot of civic scandals have flowed under administrative bridges since that day. More than once there has been talk of seeking the removal of Jimmy Walker from the office to which he was so enthusiastically welcomed. A city-wide investigation, the most serious threat he has

### ::: Newberry News :::

#### Several Issues Up For Vote April 6th

Newberry, March 19. (Special)—On April 6 the people of Luce county will vote on four questions; the retention of the services of a county nurse and farm agent, the county fair and the airport. The board of supervisors at their Tuesday meeting decided to place these matters on the ballots in order to be directed by the voters rather than decide for themselves. It is understood that one member favored this action most decidedly, that two were against it and two were indifferent.

The consensus of opinion appears to be that the voters will decide overwhelmingly in favor of the nurse and agent. The agitation against them appears to be rather well localized in one township with a scattering into another. Public health work under the direction of a nurse has been continued here for about fifteen years. The first county agent came here about ten years ago. Margaret Shilson, R. N., is the nurse in charge at present. C. P. West has for the past five years been the farm agent.

The question of the airport appears to have little to lose or gain by a vote. The county has purchased the port, paying on contract \$5,000 for land belonging to the Murphey and Gormley farm, one of the largest in the county. It is costing little for upkeep. The county has it and what over the vote tells will continue to hold it. Also, it has been pointed out, there is nothing to keep airplanes from landing on it. Last year, the annual air tour made a stop at this port and sev-

eral thousand people were present at the event.

The county fair appears to be a horse of another color. As is the case with most such fairs the Luce county show has been in the red year after year. Each year the board of supervisors vote a sum for its support, this year the amount being \$4,000. It will not surprise many if the vote is largely against this project. However, there is considerable cash represented in the fair, buildings and improvements worth around \$30,000 being on the place.

**GEORGE COLLINS FUNERAL**

The funeral of George Collins was held Wednesday at the Methodist Episcopal church at two o'clock, with the Rev. Sam Bottrell officiating and burial was in Forest Home cemetery.

Mr. Collins died at the local hospital on the evening of March 16. He was 65 years of age, being born in Lodie, Wis., on August 19, 1865. Besides his wife he leaves three daughters and two sons, Ralph and Albert of Newberry, Mrs. William Stevenson and Mrs. James Gallagher of Newberry and Mrs. John Haskall of Pontiac. There are also one brother and two sisters; James Collins lives at Amboy, Minn., Mrs. George Morrison of the same place, and Mrs. Jane Todd of Winnebago, Minn.

**WORK AMONG INDIANS**

Margaret J. Eckard, who is now working among the Indians at Harris, is expected to visit Luce county some time in April to investigate among the Indians

living in this locality. Miss Eckard is the U. S. Indian Field Nurse and is working under the Indian Service of the Department of the Interior.

In her letter she states:

"The Indians are a problem everywhere and our opinions greatly change with contact and daily experience. Our emergencies have to be met but wholesome charity, sustenance, and misplaced sympathy of well-meaning people will not settle our Indian question. In my daily contacts I grasp every opportunity of trying to stimulate the Indian's dormant self-respect, of independence, a job and money of his own, honestly earned for his own family needs, and to find employment for those who are willing to try."

Miss Eckard comes to this locality through the efforts of Margaret Shilson, Luce county nurse, who met her while on an official visit to Escanaba.

**Broke Arm**

Earl Kronquist, a twelve year old boy, broke both bones in his left arm when he fell while playing at the high school gymnasium on Tuesday. He was taken to the doctor's office by Coach DeCook, and X-rays were taken before the fracture was reduced.

Mrs. LaCrosse Is Head of St. Anne's P-T Unit

Mrs. Herbert LaCrosse was elected president of the Parent-Teacher Association of St. Anne's school at the regular meeting held Wednesday afternoon in the school hall.

Officers for the year are: Mrs. LaCrosse, president. Mrs. Arthur Harvey, first vice president.

Dr. H. I. Miller of the Michigan Health Fund staff, spoke of the organization and the scope of the work of the Couzens' Health Fund.

Today's Bridge

BY EDWARD C. WOLFE Member of the National Championship Auction Team

This is one of a series of 20 prearranged bridge hands recently played by Cleveland's recognized bridge experts, to test their skill in the play of difficult hands.

All contestants seated in the North position played this deal at one no trump. It is called the "compulsory suicide" hand, where as the deal illustrated in yesterday's article could only be considered as the "invitational suicide" hand.

Now if East leads a third heart, declarer still refuses to win the trick. If a fourth heart is led by some persistent East, declarer wins with the ace, and all the remaining tricks are in the bag.

But the expert holding East's cards should shift after the second trick. Whatever else may be true, he knows that his heart suit is no good. So he shifts to spades, diamonds or clubs; probably to diamonds.

It makes no difference which suit he chooses. Declarer wins the trick in either hand, and returns a small heart, once more declining to play the ace. East wins and leads any card of any suit, North wins, and now leads the ace of hearts. This last heart lead literally squeezes the very life out of West's strong defensive hand.

Whatever West discards on this fourth heart, declarer must win all the rest of the tricks. On combined hands which showed possibilities of only eight tricks he has won 10 tricks, losing only the three tricks in hearts.

Declarer must not play his ace till the fourth round of hearts, no matter whether East voluntarily continues the suit or finds it thrust upon him.

Social-Club

Jack and Sonny's Party A children's party of pretty St. Patrick's appointments was given Thursday afternoon by Mrs. John Manning, 810 First avenue south.

The children played games and after the games came a birthday supper, of the sort to delight childish hearts. St. Patrick's Day decorations were used for the decorations. A centerpiece of a little doll in a fluffy green skirt, was arranged with a shamrock basket and lighted green tapers.

More games followed the supper before the happy little guests returned to their homes.

The children at the party were: Eula Dolores Erickson, Edward Erickson, Jr., Marjorie and Helen Lou Petersen, Jimmie and Bobby Harvey, Regina Manning, Patsy and Margaret Flanagan, Marcella Provo, Dorothy Mae Larson, James Deegan, Jr., Archie Plant, Raymond Roberts, Jacqueline Beaudoin, Lois Johnson, Ronald Shandony, Bobby Boyle, John Gross, and Joan Green.

The Senior Bible class of Bethany Lutheran church will hold a pantry sale Saturday morning at the Palace Meat market. The sale will begin at nine o'clock.

The Epworth League of the Swedish Methodist Episcopal church will meet this evening at eight o'clock. A program will be presented and lunch will be served. Carl Wedell is host to the league. The public is invited.

The Fracilla Sewing Circle of the Norwegian Lutheran church will meet in the church parlors at eight o'clock this evening. All members are requested to be present and to bring their work with them.

Marcella's Birthday Party Miss Marcella Provo, daughter of Mr. and Mrs. Horace Provo, 1201 Tenth Avenue south, was hostess to a number of her little friends at a St. Patrick's party Monday afternoon, given in honor of her eighth birthday anniversary.

St. Patrick's Day motifs were used in the decorations for the party with green, of course, the predominant color. The table decorations had a centerpiece of a little doll, attired in green, above which were ribbon streamers of green extending from the chandelier. The favors were green horns and little green hats and nut baskets were of the same color. A birthday cake had lighted candles of green.

The children played games with the birthday lunch following at 5 o'clock. Miss Marcella received a number of pretty gifts, remembrances of the anniversary day.

The little guests included Dorothy Mae Larson, Marguerite Todd, Helen Lou and Marjorie Petersen, Evelyn Schmeltzer, Eileen Casey, Dorothy and Row Valley, Marcella Loeffler, Rita Schmidt, Jesslyn Jackson, Regina and Jack Manning, Jacqueline Bawden, Jane O'Connell, Mary Carlson, Betty Self, and Bobby Boyle.

Mr. and Mrs. Alvin Ness and family have arrived from Kenosha, Wis., to make their home in Escanaba, and are residing at 608 South Thirteenth street.

Break That Cold WITH VOCO COLD PREPARATION

—to spend a few pleasant hours this afternoon or at your convenience, viewing or perhaps trying on your favorites in the new spring mode as presented by

The Mata Brown Shoppe Delft Block.

New Color and Design in Prints

New printed silks have a way of becoming by their very use, and color whether they prefer to go into the making of jaunty day-time sports things, elegant afternoon costumes or formal evening gowns.

Two colors, or three are the preferences, and the choice of these colors reflects spring's flair for vividness. Big, formalized floral designs against black, brown or other dark backgrounds carry with them the formality of the occasions they will grace.

At the benefit for the Girls' Service Club, two of the costumes shown at the fashion review illustrate both these points of chic.

(Left) For evening, big white flowers, with black centers, are printed on a luscious raspberry red background, and the gown is made with softly sweeping lines to show the print to advantage.

(Right) For a formal afternoon occasion, a Hattie Carnegie ensemble is a Chinese red print in a small design, with the three-quarters sleeves of the frock trimmed with sable and the collar of the jacket sable trimmed. The frock's sleeves look like the coat's until the short sleeved coat is removed. The hat of this ensemble is also made of the printed silk.

Marian Cook, He'en Schram. Song—Fourth Grade. Accompanists were Miss Sundwick, Miss Elsie Karas, Raymond Hurley and Miss Esther Frechette.

Mrs. George Rogers has returned from a brief visit with relatives in Green Bay.

Mrs. Phyllis King of Marquette, is the guest of Mrs. George Rogers, 412 South Fourteenth street.

Mrs. Joseph H. Brewer whose husband is Grand Rapids' leading banker and business man; whose gardens at Blytheheld Farms are famous; and whose flower-colored frocks and household decorations are never trusted to any laundering but American Family Flakes.

When it's bar soap you need... for heavy washing and household cleaning, then of course you will use American Family Soap—the highest standard of laundry soap for over 90 years.

Double-suds cleaning speed for extra soiled shirts and play clothes, everything that's washable. You'll find it cheaper to buy good soap than new clothes.

Why, I'm serving Shredded Wheat, of course. I just take the biscuits from the package and serve them with cream or milk; sometimes I add fresh or stewed fruits. If you'd like a hot breakfast I can prepare it in a jiffy: Shredded Wheat crisped in the oven while I heat some milk to pour over it. Oh, I'm a friend of Shredded Wheat! It's ready cooked, ready to serve; and it's just as delicious and nourishing for lunch as for breakfast.

Mrs. Gordon Gleich and Mrs. Kenneth Wagenhauser motored to Powers Wednesday and spent the day with Mrs. Sarah Kanney. Mrs. Wagenhauser's mother.

Mr. and Mrs. Farley and Mrs. Cooper of Garden, were in Marinette Wednesday where they attended the funeral services held for Mrs. John Frankquist who was formerly Mrs. Mary VanCalfigan.

Murray K. Bissell arrived from Beaver Dam, Wis., where he is a student at Wayland Academy, to spend the Easter vacation holidays with his parents, Mr. and Mrs. C. W. Bissell, 407 South Seventh street.

Stanley Hartwig has returned to Milwaukee after spending a few days here visiting at the home of Mr. and Mrs. Earl Aiken, 1406 Second Avenue north. Mr. Hartwig is a cousin of Mr. Aiken.

Mr. and Mrs. Fred Davis left Monday for their home in Boone, Iowa, after having spent several days here as the guests of Mr. and Mrs. James H. Hillier, 602 South Eleventh street.

Mrs. Phyllis King of Marquette, is the guest of Mrs. George Rogers, 412 South Fourteenth street.

Easter Contest Opens Saturday

Young readers of the Press, how would you like a real, live Easter rabbit for Easter Sunday? Or perhaps, a beautiful colored candy Easter egg? You are going to have a chance to win one in the Daily Press Easter contest for children. Saturday's Press will tell you all about it. Watch for the Easter picture and the rules of the contest which will appear on the Woman's page of tomorrow's Press.

Favorite Recipe

Butt Ann

Oatmeal gems, favorites with every member of the household, are made with this morning's recipe, which comes from Mrs. Schmit, of Wells.

Two cups brown sugar; 2 cups oatmeal; 1 cup of boiling water, poured over sugar and oatmeal; 1 teaspoon soda; 1/2 cup lard; 1 egg; 1 cup raisins; 1 teaspoon vanilla; 2 cups flour. Mix sugar and oatmeal, add water. Then add lard, vanilla and egg. Lastly add raisins and flour. Drop by teaspoons on a well greased pan. When baked remove immediately.

To clean carrots which are to be grated, instead of cutting off the entire top, leave a few inches of the stem. The whole carrot can then be grated without risking your fingers while the last bit is being grated.

R. T. C., Memphis, Tenn.

Kimono Jackets Used as Wraps

Paris (AP)—Short kimono jackets are a new evening wrap for debutantes.

The new jackets, which are three inches shorter than waistlength, have long and very wide kimono sleeves. They are designed of lame, light embroidered in paillettes and quilted crepe de chine.

Mrs. Ann DeRosia or Nahma, attended the funeral services which were held at Marinette Wednesday for Mrs. John Frankquist of that city.

France has 159 flying clubs.

New Face Powder Stays On Longer

If you have large pores use a face powder that will not clog them. A new French process called MELLO-GLO makes the skin look young, stays on longer, furnishes a youthful bloom, does not irritate the skin or make it look pasty or flaky. Spreads smoothly. Try this new wonderful Face Powder MELLO-GLO.

Stepping Stones to Cleanliness KITCHEN KLEZZER

"We trust our precious linens and silks only to these purest of suds"

Say Grand Rapids' most prominent society women

COSTLY satin bedspreads, delicate lace tablecloths of priceless value, gorgeous damask draperies and filmy negligés that one harsh laundering might ruin—even Parisian frocks that other women would not dream of laundering—these women of Grand Rapids' wealthiest homes do not fear to launder repeatedly in the pure double-suds of American Family Flakes.

For they know that only this pure soap releases all the dingy dust and dirt—then rinses out like a flash, without ever weakening a gossamer fibre or dimming a delicate tint.

This double-suds purity not only gives you months and years of longer wear from silks and woolsens, shirts, children's clothes, sheets, silk stockings, everything—but it also gives you double cleansing power. It saves hard rubbing, lightens dishwashing, makes glassware sparkle and gleam, because it's as pure as pure can be!

Frankly, it does not pay to risk your expensive laundry, the beauty of your hands and clothes to any but this purest and most economical of soaps... doubly economical because you get so much more suds for your money. Use it to lighten work and worry—all through your household!

Pupils Give St. Patrick's Day Program

A St. Patrick's Day program, numbers of which were much enjoyed, was given by the eighth grade of the Franklin school during the regular chorus period.

The program, under the direction of He'en Schram, included the following numbers: Violin Selection—Elaine Ferguson, Dorothy Erickson.

Baritone Solo—Allen Beck. "When Irish Eyes Are Smiling"—Girls of Section One.

Mouth Organ Selections—Stephen Buckley. Three Irish Songs—Miss Ruth Sundwick.

Cornet Solo—John Frechette. Vocal Selections—Helen Kesler, Viola Grosnick.

Vocal Selections—Alvar Pearson.

Mrs. George Rogers has returned from a brief visit with relatives in Green Bay.

Mrs. Phyllis King of Marquette, is the guest of Mrs. George Rogers, 412 South Fourteenth street.

Mrs. Joseph H. Brewer whose husband is Grand Rapids' leading banker and business man; whose gardens at Blytheheld Farms are famous; and whose flower-colored frocks and household decorations are never trusted to any laundering but American Family Flakes.

When it's bar soap you need... for heavy washing and household cleaning, then of course you will use American Family Soap—the highest standard of laundry soap for over 90 years.

Double-suds cleaning speed for extra soiled shirts and play clothes, everything that's washable. You'll find it cheaper to buy good soap than new clothes.

Mrs. Julius Amberg

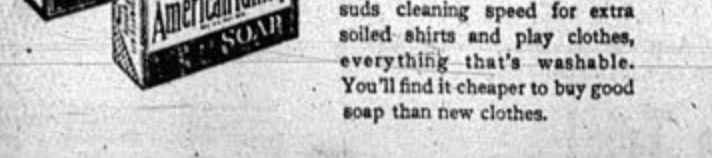

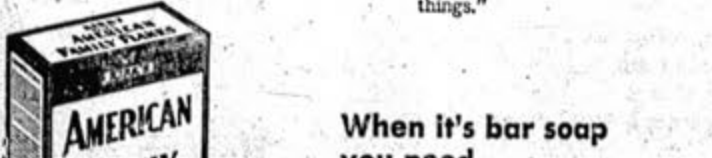

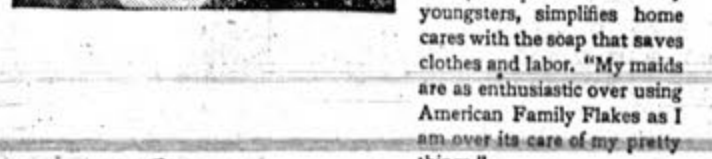

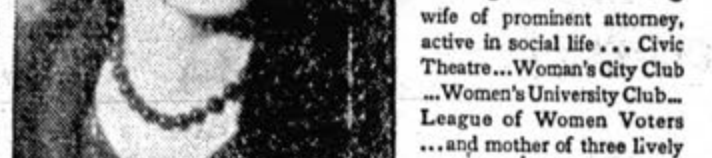

wife of prominent attorney, active in social life... Civic Theatre... Woman's City Club... Women's University Club... League of Women Voters... and mother of three lively youngsters, simplifies home cares with the soap that saves clothes and labor. "My maids are as enthusiastic over using American Family Flakes as I am over its care of my pretty things."

Mrs. William H. Gay

leading Society, Club, and Charity worker, and a chronic globe-gagger who brings back gorgeous silks and embroidered linens, says: "American Family Flakes cares for them so gently that the most delicate textures and tints may be washed again and again without sign of wear. Even my chiffon stockings keep their new look at least three times as long since I have been laundering them only in these purest of suds."

Mrs. Huntley Russell

of Grand Rapids' pioneering families; daughter of ex-Governor, ex-Congressman Comstock; and possessor of historical treasures dating back to 1686, says: "There isn't anything washable that will not come through the soft suds of American Family Flakes as fresh and lovely as new."

## NINE SCHOOLS ENTER CONTEST

Sub-District Speaking Meeting to Be Here March 27

Robert Oshins and Ralph Sundquist are to be the Escanaba high school representatives in the sub-district oratorical and declamatory contest which will be held in Escanaba high school auditorium on the evening of Friday, March 17, at eight o'clock. This is the first time in six years that Escanaba high school has been host to the public speaking contest.

The subject of Robert Oshins' oration will be "The Lesson of the Ages." In the preparation of his oration he has been coached by Joseph H. Shipman of the high school faculty. Ralph Sundquist chose "The Supposed Speech of John Adams" by Daniel Webster, as the subject of his declamation. Miss Roma R. Irons has been coaching him.

Principal C. C. Strickland of Gladstone high school, chairman of this district, has announced that Professor H. D. Lee of Northern State Teachers college; Superintendent Sweeney of Kingsford, and Miss Durborow of Northern State Teachers college, will be the judges of the contest.

The schools which have entered the contest to date are: St. Joseph of Escanaba, Gladstone, Manistique, Rapid River, Sault Ste. Marie, Newberry, Pickford, Rudyard and Escanaba. The names of the contestants and their selections will be announced early next week.

### St. Francis Hospital

Rose Mary LaCrosse, eight year old daughter of Mr. and Mrs. Herbert LaCrosse, 1014 First avenue south, submitted to an operation for appendicitis and is resting easily. Visitors are not allowed.

Mrs. Victor Fetzette of LaBranche, Mrs. John Wicklander, 946 Sheridan Road, and Mrs. Emil Juneau of Nahma, were admitted yesterday. Patients who have been dismissed include: Mrs. Edward Crofts, Mrs. Sheldon Cobb and baby, Mrs. Leo Gareau, Marcella Leisner, of Ford River, Herbert Pillsbury, James Randall, Robert Olson, Mrs. E. M. Juneau, State Road.

Mike Fellanovich, 212 Stephenson avenue, was admitted yesterday for treatment.

Miss Bernice Firkus, 1019 Ninth avenue south, underwent an emergency operation for appendicitis.

Mrs. Ed LeFebvre of Wilson was admitted yesterday.

John Vincent of Wilson, who submitted to an operation for relief from appendicitis, is resting easily.

### Illuminated Signs

#### Warn of Fire Areas

Lansing—A large reflectorized sign, similar to the kind used by the State Highway Department at bad curves and turns will be placed along some northern highway this spring to warn the motorists against starting forest fires.

The sign will be placed as an experiment to determine its effectiveness in decreasing the large number of fires started by smokers and campers. Three words "Prevent Forest Fires," will become luminous by the reflection of automobile headlights.

Telephone service between Australia and New Zealand has just been established.

University of Utah officials say more than 75 per cent of the students at the institution are working their way through school.

### "Worked Almost Like A Miracle"

"This new Sargon has been a 'life-saver' to me!" declared Anthony J. Griffith, 407 Oak Grove St., Minneapolis. "Neuritis pains

ANTHONY J. GRIFFITH would shoot up and down my neck and shoulders; my food soured and caused a terrible bloated feeling; and I was constipated, weak, bilious and dizzy. It was almost like a miracle the way Sargon went to work! In four weeks I was over all my troubles and didn't have an ache or pain. Sargon Pills are the only laxative that ever got my bowels to acting right. I've gained seven pounds and have plenty of strength and energy now." Sold by Ellsworth's Drug Store.

### U. P. Briefs

#### Two Robberies

Iron Mountain—Two robberies last night in the Breitung area and an assault early this morning upon a toll station attendant in the village of Pembine, Wis., resulted in Sheriff Rudolph Freeman going to Pembine today because of a belief that the incidents might be connected.

The Olin and Olin store on Breen street and the Capitol pool room, a few blocks distant on the same street, were the places entered. The Olin store was broken into by smashing a window. Straight edge razors, flashlights, knives and \$1.29 in pennies comprised the loot. A gum machine and cigars were taken at the pool room.

#### Peer Snarers Nabbed

Iron River—Setting snares to catch deer near Beechwood got Herman Johnson, 55, into a lot of trouble with conservation officers yesterday.

Arraigned before Justice Curley shortly after his arrest, Johnson pleaded guilty and was sentenced to serve 60 days in the county jail. He was unable to pay a fine of \$50 and costs.

Johnson, characterized by the officers as an habitual game violator, was arrested by John Andrews, Jr., of Iron Mountain, district conservation chief, and Max Jaeger and M. D. Hayes, wardens. Johnson was inspecting his two snares, which were made of car wire, when the officers walked up to him.

Each snare, according to the wardens, was eight feet in diameter. They were 100 yards apart.

Deer strangled to death when caught in one of them.

#### Rowlhouse Closed

Menominee—Various charges placed against Joseph Boucher, proprietor of Motor Inn, near Menominee, in connection with the alleged "rolling" of Herbert Vincent, Marinette, of \$100 of his soldiers' bonus loan, were dismissed in the justice-court of J. A. Bottkol Tuesday. Boucher paid the costs in the case and F. Earl Lanthier, prosecutor, said he made restitution to Vincent and closed up his roadhouse.

The prosecutor said he lost interest in the case when he learned at court time yesterday that Vincent would not be present because he was hanging around the Arnold Tebo place in Marinette. Tebo had also been held in connection with the "rolling." He returned \$15 to Vincent. The prosecutor said that when Vincent got the \$15 he returned to Tebo's to "blow it in." The prosecutor said he was also influenced to dismiss the charges when Boucher promised to get out of business in Menominee county.

Two women in the case, "Blonde" Olson and Margaret Seveno, were previously released when Tebo and Boucher paid their \$36.20 fines and costs.

#### Firemen Called On First Grass Fire

Grass fire No. 1 for 1931 was checked in by the Escanaba fire department Thursday. The call came from out near the Escanaba Golf club grounds, on South Nineteenth street, where grass that has been free of snow for some time is dry enough to provide ready fuel for a blaze. The fire yesterday was put out before any damage resulted.

### Deer Leave Trenary Zoo; One Is Killed

Trenary, Mich., March 18 (Special)—Ben Gregg went deer hunting Sunday morning and brought in six live ones and left one doe dead in her tracks. Boone Howard also went hunting Sunday morning. They met on the trail, as they were tracking a large doe. Boone was taking the back track.

It seems that Mr. Gregg's seven tame deer had disappeared during the night and Mr. Gregg started out to track them and bring them home. He got them all back but came upon the mother doe dead. Someone had shot her and only a short time previous as she was not yet cold. Tracks left by the only other who had been near the spot led to Frank Trotter's barn. Mr. Gregg, who is a deputy sheriff, followed the tracks and confronted Mr. Trotter who denied killing the doe. He gave some resistance but finally went to Munising where he pleaded not guilty Monday morning. Later,

when they were making arrangements to hold the trial at Trenary, Mr. Trotter changed his plea to guilty. He was fined fifty dollars and costs on the charges of killing a deer out of season and killing a doe.

Now his troubles are not over as Mr. Gregg is going to sue him for damages as the deer were his property. He has a license showing ownership.

At one time recently there were strikes in 30 industries spread over 50 cities throughout Spain.

### Catches Cough on Train

Better by Next Station

"James was on a trip to Canada with me. He caught cold on a train platform. We got some Smith Brothers' Cough Syrup and gave it to him. In about two hours there wasn't a sign of a cough left. My boy was smiling again—quite recovered."—Mrs. K. V. Badman, 2651 Monroe Street, Toledo, Ohio.

## When You CAN'T QUIT

A headache is often the sign of fatigue. When temples throb it's time to rest. If you can't stop work, you can stop the pain. Bayer Aspirin will do it, every time. Take two or three tablets, a swallow of water, and carry on—in comfort.

Don't work with nerves on edge or try all day to forget a nagging pain that aspirin could end in a jiffy! Genuine aspirin can't harm you; just be sure it's Bayer.

In every package of Bayer Aspirin are proven directions for headaches, colds, sore throat, neuralgia, neuritis, etc. Carry these tablets with you, and be prepared. To block a sudden cold on the street-car; quiet a grumbling tooth at the office; relieve a headache in the theatre; spare you a sleepless night when nerves are "jumping."

And no modern girl needs "time out" for the time of month! Bayer Aspirin is an absolute antidote for periodic pain.

Take Bayer Aspirin for any ache or pain, and take enough to end it. It can't depress the heart. That is medical opinion. That is why it is only sensible to insist on the genuine tablets that bear the Bayer cross. The pocket tin is a convenient size. The bottle of 100 tablets is most economical to buy.

Manistique News

75 Couples Enjoy All School Party Sponsored by Hi-Y

In a setting of much youthful hilarity, approximately 75 couples enjoyed the All School party sponsored by the Hi-Y club at the high school gymnasium Tuesday evening.

The gymnasium was beautifully decorated in green in observance of St. Patrick's Day. Refreshments consisting of Eskimo pies were served by members of the boy scouts.

Committees for the occasion were as follows: Refreshments—Charles Burley and Orin Quick, Jr.

Mrs. Waddell Again Named President of Local Women's Club

Mrs. R. B. Waddell was re-elected president of the Manistique Women's club at a short business meeting held Tuesday afternoon prior to an address delivered by Prof. Elmer D. Mitchell of the University of Michigan.

Prof. Mitchell talked interestingly on the subject, "The Development of Health and Physical Education of the School Child." The lecture was supplemented by stereopticon slides and motion pictures showing athletic facilities and intramural sports at the University of Michigan.

SOCIAL

Mission Circle—A large number attended the meeting of the Mission Circle of the Swedish Baptist church held yesterday afternoon at the home of Mrs. Adolph Johnson, North Second street.

Phylthea Class—Mrs. C. W. Jackson was hostess to members of the Phylthea Class of the First Baptist church at its regular meeting, Wednesday evening. At the close of the business session the members held a shower for Mrs. Jackson, the party coming as a complete surprise to the guest of honor.

SOCIAL

Bridge Club Meets—Mrs. T. F. Mulrooney entertained members of the Wednesday Bridge club at her home on Arbutus avenue. Eight guests were present and high honors were won by Mrs. Harold Cockram, Mrs. F. Lied was awarded consolation, St. Patrick's Day decorations were effectively carried out at the small tables, in the daintily lunch, and in the bridge prizes.

Bridge Dinner—Mrs. E. O. Brault and Mrs. Robert Atwood were co-hostesses to members of the Q. A. M. Bridge club Tuesday evening at the former's home. A delicious dinner was served at six-thirty o'clock after which two tables of bridge were formed. High honors were awarded to Mrs. Dan Percy and Mrs. F. N. Cookson, and low, Mrs. Mary Holbein, and Mrs. M. Saunders.

Entertain Club—Mrs. E. O. Brault and Mrs. Robert Atwood were co-hostesses at a meeting of the Q. A. M. Bridge club Tuesday evening at the former's home. A delicious co-operative dinner was served at six-thirty o'clock after which two tables of bridge were formed. High honors were awarded to Mrs. Dan Percy and Mrs. F. N. Cookson, and consolation, Mrs. Mary Holbein and Mrs. W. J. Saunders.

Pleads Not Guilty to Game Violation

George Yeager, of Manistique township, plead not guilty to a charge of possession of deer when arraigned Tuesday, afternoon in justice court before Judge W. G. Stephens. Yeager was arrested by Conservation Officers Paul Knuth and Vic Deemer.

BOWLING NOTES

WIND-UP MATCHES

Four matches were rolled on the local alleys Wednesday evening winding up all bowling for the week and for the year, with the exception of one make-up match. One of the matches which drew the largest interest was the Buckeye victory over the Rileys which put them in the running for league honors.

The office rolled two matches winning from the Rialtos and losing to Scott and Allison. Both were two out of three margins. In the remaining match the Veneers trimmed Green's, three straight.

In the Office-Rialto match, Van De Weghe turned in the best performance of the evening and one of the prettiest of the season when he rolled 204, 244 and 244. Incidentally, his two 244's were high for the night.

Table with columns: Buckeye Store, Rialto, Office, Greens Hardware. Rows list names and scores.

THREE TEAMS TOPPING HEAP

Rotary-Buckeye Make-Up Match to Decide Second-Half Title

With the windup Wednesday evening of scheduled play in the men's bowling league, the Legion five was out in first place, outgiving the Rotary Club which has held the pace-setting post for the past three weeks.

Both the Rotarians and the Buckeyes have a chance to wind up with the title for the second half of the season. All teams with the exception of these two have rolled their quota of games and the Buckeyes and Rotarians have one make-up match yet to bowl.

One of the outstanding features of the season's bowling has been the stellar performance of the veteran alley enthusiast, Walter Van De Weghe, who again this year captured individual honors among the men, rolling an average of 189 for 54 games.

DISBAND P-T-A, GROUP DECIDES

Completion of Program, Lack of Interest, Are Reasons

Disbanding of the Gladstone Parent-Teachers' association is to be effected. This action was definitely decided upon Wednesday evening at a meeting of the organization called for the purpose of determining if there was sufficient interest among the people of the city to warrant carrying on the work.

Accordingly an invitation was extended all persons interested, as well as to members, to attend Wednesday evening's session. Plans had previously been made to disband but had not been put into effect. It was planned, that should real interest in the work and principles of the association be manifested at the meeting, election of officers, pending since the February session, would be held and the organization continue in existence.

However, only about 15 persons, only one of whom was not a member, attended the gathering and after taking care of routine business, the matter of continuing the work was discussed and the decision made to disband.

Program Completed—Two main reasons for allowing the association to pass from existence were advanced by officers—completion of the playground program undertaken shortly after organization, and the lack of co-

operation. It was pointed out that the association has a membership of about 30 and that only a small group turn out placing the burden of conducting the work upon the shoulders of a few members.

Meetings will be held during the balance of the school year and the association will not be formally disbanded until a debt of \$226.50 due on the new warming house erected at this playground has been paid off. This will probably be some time during the summer months.

Dr. H. Whittemore Will Speak Here

Dr. Harlowe O. Whittemore, assistant Professor of Landscape Design at the University of Michigan, Ann Arbor, will give a lecture Monday evening on "Landscape and Gardening," at the high school auditorium. The lecture is part of the University Extension work and will be sponsored by the Gladstone Rotary Club. Prof. Whittemore will open his talk at 8 o'clock.

Harold Mackie, who has been seriously ill at the home of his parents, Mr. and Mrs. James A. Mackie, 921 Wisconsin avenue, is gradually improving but will not be allowed visitors for several days.

Jean Peterson will leave today for Marquette where she will spend the week-end with friends. Dorothy McQuown is leaving this evening for Stambaugh where she will spend the week-end at the home of her parents, Mr. and Mrs. Charles McQuown.

Alice Garrett is leaving today for her home in Gwinn to spend the week-end with her parents. The condition of Andrew Erickson, who has been ill at his home, was reported yesterday as unchanged.

Three Steps to Beauty for the Oily Skin

Cleanse by washing with Rubenstein's Valze Beauty Grains and plenty of warm water. This remarkable penetrative wash corrects excess oiliness, removes blackheads, refills coarse pores.

Alternate with Valze Pasteurized Face Cream for oily skins, the only cleansing cream known to beauty science which actively benefits an oily skin.

MAD MARRIAGE

(Continued From Page Four)

To seem enthusiastic. "I'm sure I'll like it." "In a couple of months it will look a lot different," Wallace told her. "We've got some parks. Lots of trees. Of course, downtown is about like any other place the same size. Our house is out on the west side." From the way she spoke Gypsy knew the west part of Forest City was "the side."

General Motors Rises to New High For the Year

UPWARD TREND FAVORS MARKET

STOCK MARKET AVERAGES (By The Associated Press) Table with columns for Ind's, Dow Jones, etc.

BY JOHN L. COOLEY (Associated Press Financial Writer) New York, March 19. (AP)—The stock market added liberally to the Wednesday rally in today's more active trading.

General Motors made a strong showing with a rise of two points to the new high of 47 1/8. G. M. has it that the company's dividend will not be covered during the first quarter but that payments for the first half will be earned barring a relapse by the convalescent automobile industry.

Sugars improved sharply with the announcement of higher prices for the staple. Columbia Graphophone was helped for a time by the announcement of the merger with Gramophone.

The biggest surprise of the generally satisfactory day in financial markets was the rise of \$4,000,000 in federal reserve brokers loans for the week ended March 15. This was the largest advance in nearly a year and because it was recorded during a week of quiet, sagging stock markets, Wall Street was inclined to assign borrowing to carry new bond issues as the reason.

Foreign currencies were mostly firm, with mark again advancing and the Spanish peseta recovering.

CHICAGO LIVESTOCK Chicago, March 19.—Hogs 23,000, including 4,000 direct; closed slow weak to 10 higher; packing stock steady to 10 higher; 2 to 8; late bulk 2.00 to 2.20 lb. 3.50 to 4.00; hampers 2.00 to 2.20 lb. 3.50 to 4.00.

LESS ACTION ON BOND MART

BOND MARKET AVERAGES (By The Associated Press) Table with columns for Ind's, Dow Jones, etc.

BY ALEXANDER HENDERSON (Associated Press Financial Writer) New York, March 19. (AP)—The advance of the bond market slackened considerably today.

Net gains were fewer and smaller and trading was less active. Sales totaled \$9,500,000 compared with \$10,919,000 on Wednesday.

CHICAGO GRAIN Chicago, March 19.—Rain southwest and snowfalls west and northwest, with predictions of beneficial moisture extending throughout winter and spring wheat areas.

Trade Trends

(By The Associated Press) Aircraft—Detroit Aircraft Corp. reports sharp increases in gross sales.

Farm equipment—Available statistics indicate that first quarter shipments of farm equipment will be 20 to 50 per cent under the large first quarter of last year.

Furniture—Belief that consumers have resumed furniture buying on a normal scale was expressed by buyers in the New York market this week.

RADIO

(Standard Time Throughout) New York, March 19. (AP)—Deems Taylor, author-composer, is to conduct a series of radio programs designed to acquaint Americans with grand opera.

Intended to anticipate all future development in the presentation of the opera including the eventual advent of television, the series is to open Sunday, March 29, on the WEAF and WJZ networks.

BY CLAUDE A. JAGGER (Associated Press Financial Writer) New York, March 19. (AP)—A fresh injection of bullish enthusiasm carried curb stocks substantially higher today, as trading quickened to a good pace for these days.

# U. P. Breaks Even in State Basketball Matches

## IRON MOUNTAIN AND ROCK WIN

### Gladstone and Negaunee Nosed Out in the First Round

Ypsilanti, Mich., March 19 (AP)—Negaunee high school, defending Class B basketball champion, was nosed out, 19 to 18, by St. Joseph's of Detroit in the first round of the state championship tournament here tonight.

The boys from the upper peninsula equaled the Detroit team's best efforts on the floor but committed eleven personal fouls to eight for St. Joseph's. The Detroiters took advantage of this situation to sink one extra free throw and go into the second round with the added glory of having dethroned the champion.

Detroit was the individual hero of the game. He sank four of his six goals from the field and dropped in two free throws to lead in the scoring with 10 points. Rudness, who started in Negaunee's triumph at the state tournament last year, scored eight points.

Iron Mountain kept the upper peninsula in the running for the Class B title race by eliminating Traverse City, 22 to 12. The far northerners outclassed the boys from the Cherry City, with Miroso scoring four field goals and an equal number of free throws to lead the scoring.

(By The Associated Press) Negaunee, one of the two defending champions in the tournament, was eliminated by St. Joseph's of Detroit in a Class B contest at Ypsilanti, 19 to 18. Iron Mountain, which defeated Negaunee in a regional game, eliminated Traverse City by 22 to 12, Coldwater defeated Alma, 28 to 18, at Lansing, and Grand Rapids Catholic Central was defeated, 23 to 17, by St. Joseph high in the fourth game, at Kalamazoo.

**Gladstone Loses**  
The lineup for tonight's Class B game is: St. Joseph vs. St. Joseph's of Detroit, and Iron Mountain vs. Coldwater, and St. Augustine of Kalamazoo, the Class C titleholder, was hard pressed to eliminate Holland Christian. The game ended in 18 all tie, but St. Augustine was awarded a 19 to 18 decision on the point system. University High of Ann Arbor took Gladstone into camp after some trouble, by 20 to 18. While Charlevoix outscored St. Lee of Detroit by 21 to 16, and St. Mary's of Saginaw eliminated Reed City, 19 to 16.

**Rock Gets Hot**  
Rock, representing the upper peninsula in Class D, went on a scoring spree to defeat St. Francis of Traverse City, 39 to 31. Bridgman, first among Class D teams in former years, showed itself a serious threat in its return to this class of competition by trouncing Saginaw Lutheran, 29 to 9. Bridgman played in Class C last year. St. Thomas of Ann Arbor defeated Maple Rapids, 29 to 16, and South Lake of St. Clair Shores defeated Comstock Park of Grand Rapids, 28 to 25.

Class C games tonight bring together University High and Charlevoix, while St. Mary's of Saginaw plays St. Augustine.

In Class D Rock plays South Lake, and Bridgman will try to repeat against St. Thomas of Ann Arbor.

Rock, one of the "almost" teams of last year's Class D tournament, piled up one of the biggest scores of last night's round to eliminate St. Francis of Traverse City at Lansing, 39 to 31.

It was a furious game throughout. Rock running wild in the first half to lead 28 to 12, at half time. Seventeen times, the boys from the upper peninsula potted the ball from the field. Kauloka, a guard, taking the lead with seven baskets. A. Carroll and Burden, St. Francis forwards, lead their team mates with five goals each.

University High of Ann Arbor had an even tougher assignment in eliminating Gladstone, the upper peninsula's Class C entrant, at Lansing. U. High went into the second half trailing 14 to 4. Anderson, a substitute center, netted a couple for the Ann Arbor team, and the regulars came through while Gladstone was held to four points in the last half.

**Class A Tourney**  
High school basketball teams from Fordson, Grand Haven, Saginaw Eastern and Lansing Central went their way to the semifinals of Class A in the state high school basketball tournament in games at four cities Thursday night.

# BEVENOCS BEAT RANGERS BY 23 TO 14

## The Nut Cracker

**BY JOE O'GOFFY**  
Former Big League Pitcher Clearwater, Fla.—Your correspondent has just joined the Taxicab Drivers' Union of Brooklyn, N. Y. In an unofficial way, I mean that the loyal Brooklyn rosters whose battle slogan is "Take him out!" and whose yell is "Send him back to Mac!"

"You should have won the pennant last year," I told Uncle Robbie here the other day. By the way, "you ought to have" is also one of the union's regular songs. "Sure we should of won a pennant last year," Uncle Robbie agreed, "and if I don't win this year, the cigars are on me."

Uncle Wilbert, by the way, or Uncle Robbie as he is sometimes called, is one of the chief reasons why a baseball writer covering the National League can afford cigars.

"Why, look at the pitchers," says Uncle Robbie. "Vance and Thurston and Phelps and Clark and Bookee (Luque) and Moss. Vance will win 25 sure. Luque will win 20. Moss will win 15. Clark, he'll win 20. Thurston will win 15. Phelps, say, if he doesn't win 25, I'm all wrong."

"There's over 100 games. Maybe this Shootie (Shaute) will come through. And Heilmach from Toledo. That ain't even figurin' on rookies."

"Have you an statement," I asked, "describing your probable course of action during the ensuing summer when the stands echo the cry, 'Send that guy back to Mac!'?"

"Get out of here, you!" growled Uncle Robbie, "go on, get out of here!"

## BOROTRA GETS TO NET FINALS

**Shields and Bell Play Today in Other Semi-Final Match**

New York, March 19 (AP)—Jean Borotra, outstanding French favorite in the men's national indoor championship tournament, gained the final round in both singles and doubles today, while Frank Shields and Berkeley Bell, American stars, entered the semi-final singles bracket and will meet tomorrow to decide who will play Borotra.

Borotra defeated Perrine G. Rockefeller of New York in the singles semi-final, 6-4, 7-5, 6-4, and then paired with his native teammate, Christian Bousous, to capture their semi-final doubles match with the team of Bell and Merritt Cutler of New York. The French pair gained their victory at 6-3, 8-6, 10-8.

Shields, the pick of the seeded Americans, turned in a surprisingly easy victory over Pierre Landry, third French entry to enter the semi-final round in the lower half. Shields took twenty-five minutes to dispose of the foreign player, 6-2, 6-2.

**Helen Hicks Wins Women's Tourney**

Augusta, March 19 (AP)—Helen Hicks, long-driving Hewlett, L. L. star, today was credited with winning the Augusta women's invitation golf tournament with a card of 326 for 72 holes, though she was tied in net scores by Honor Bright of Niagara, Ont., Canada.

Miss Hicks played from scratch, leaving her net and gross the same, while Miss Bright's handicap of eight reduced her 72-hole count from 355.

Club officials settled their difficulty by listing the Hewlett star as champion and giving her the trophy for low gross score. Miss Bright was given the trophy for low net.

**Sharkey Agrees To Fight Winner**

Chicago, March 12 (AP)—Jack Sharkey, Boston heavyweight challenger, tonight agreed through his manager to meet the winner of the Tuffy Griffith-Tommy Loughran fight, March 27, at the Chicago Stadium, some time in June.

**What Big Leaguers are Doing in Spring Training Camps**

**YANKES WIN.**  
St. Petersburg, Fla., March 19 (AP)—Led by Ben Chapman, Tony Lazzari and Babe Ruth, the New York Yankees defeated the Cincinnati Reds, 7 to 3, in the second of their spring series today.

Chapman and Lazzari contributed home runs while Ruth hit a ball farther than either, but loafed around only to third base.

Herb Pennock, making his first appearance of the year started on the mound for the Yanks and was pounded for seven hits and all of Cincinnati's runs in the five innings he worked. Paul Andrews finished the game, while Eckert and Wysong took turns pitching for the National league club.

**SIXTH STRAIGHT.**  
Winter Haven, Fla., March 19 (AP)—Indianapolis pounced on the offerings of Ben Shields and Al Phillips for ten runs in the first two innings of today's exhibition game with the Philadelphia Athletics and handed the Phils their sixth straight defeat, 10 to 3.

**DOGERS ON DISPLAY.**  
Fort Myers, Fla., March 19 (AP)—The Brooklyn Dodgers' high-powered attack was on display today as the National league club pounded out a 16 to 5 decision over the world champion Philadelphia Athletics.

## Brooklyn Will Be Hard On Opposing Ball Clubs

**BY GAYLE TALBOT, JR.**  
Clearwater, Fla., March 19 (AP)—It might be a good idea to brace the National League's balustrades before Uncle Wilbert Robins turns his Brooklyn Robins loose on the field next month. They are due to take some punishment, along with the opposing pitchers and the reputedly less lively ball, when the Flatbush crew comes to town.

A ponderous, powerful outfit are the Robins; a set of free swingers who lay on the spherer with gusto and do not take their base running too seriously. They move into action with all the grace and dexterity of an army tank, and with a great deal of that weapon's effectiveness.

**Some Good Clouters**  
It is the kind of a ball club that a good pitcher can make look bad for five or six innings. Then, just about the time he thinks it is in the bag, the fireworks will break loose and he will find himself bound for the showers. Such a club is likely to win a pennant or come mighty close.

**Canzoneri Agrees To Fight Kid Berg**

Chicago, March 19 (AP)—Tony Canzoneri, world lightweight champion, agreed today to meet Jack "Kid" Berg, British challenger, in a ten round bout with the title involved at the Chicago Stadium next month.

The date was not set, but it probably will be April 24. The weight will be 125 pounds at 3 p. m., the lightweight limit.

Berg, the Whitechapel whirlwind, now holds the world's junior welterweight championship, but is capable of making the lightweight limit and still retain his full fighting strength.

**Detroit Loser In Exhibition Game**

San Francisco, March 19 (AP)—Pittsburgh's Pirates defeated Detroit's Tigers, 4 to 3, today in a 10-inning exhibition game, the first spring training contest ever played here between two major league teams.

The Tigers tied the count in the ninth inning on an error by George Gramham, second baseman, but were nosed out in the next frame when Whitlow Wyatt walked four men to force in the winning score. A crowd of 3,000 witnessed the game.

**Conservation Group Meets at Ann Arbor**

Members of the Michigan Conservation Council assembled in annual meeting at the Union building, Ann Arbor, Wednesday, March 18. The Upper Peninsula was represented by George E. Bishop, of Marquette.

The Michigan Conservation Council is a statewide organization, in which local conservation groups meet for the consideration of matters vital to the conservation movement in Michigan as a whole.

**ONE SIDED VICTORY.**  
Los Angeles, March 19 (AP)—Seven-hit pitching and heavy hitting gave the Cubs a one-sided, 15 to 3, victory over Los Angeles in the final spring exhibition game today. The victory gave the Cubs a four to two game edge in the series.

The Cubs pushed over nine runs in the fifth inning after trailing by one run. All told, they compiled 18 hits, including home runs by Cuyler and Benton, as Nelson and Pett gave but seven hits.

**SPT—ESCANABA BEVENOCS.**  
The Escanaba Bevenocs, conquerors of the Rangers last evening, will spread their talons in a new direction Sunday when they oppose the Marquette County All-Stars at the Coliseum gymnasium.

The Bevs have taken on the best teams in every section of the peninsula with the exception of the Marquette and Chippewa counties and games are being booked with those teams for the Escanabas.

## DRAFTZ PUTS GAME ON ICE

**Industrial Boys Drive Through To Win in Final Period**

Big Dauber Draftz, throwing all his power in a concentrated final period drive, squelched the hopes of the Escanaba Rangers and the Escanaba Bevenocs sailed through to another hard fought victory at the Coliseum gymnasium last evening, 23 to 14. The battle, nip and tuck in all but the final few minutes, was witnessed by a howling crowd which filled the Coliseum court.

For more than three periods, the Rangers battled the Bevenocs on practically even terms, but in the final few minutes, the Bevs, using a stalling play to draw the Rangers out of position took a healthy lead with a series of quick pot shots from the finger tips of the towering Draftz. Most of the final field goals were scored on follow-in shots when the Rangers could not get the ball away from the big Bevenoc guard.

The teams opened the battle cautiously, both teams showing signs of nervousness and many shots sailed wide of their mark. The Bevs took a 5 to 0 lead during the first period and the game took on the aspects of another rout for the industrial boys. The Rangers, however, retaliated with a determined spurt in the second period and before the half was up they tied the count at 5-5.

**Rangers Take Lead**  
For a brief period in the third stanza, the Rangers maintained the lead on Andrews' field goal, but the Bevenocs came back with field goals by Ray Warner and Monte to regain the lead and from then on, they never were headed. The third period ended 13 to 9.

The Bevenocs held a 15 to 11 lead in the middle of the final period and they began to shift their style of play to a delayed offense with the guards retaining possession of the ball deep in their defensive territory. The switch forced the Rangers to cover up and Draftz sifted through for three short follow-in shots. Kholmam came back with a long field goal for the Rangers to make the score 21 to 13.

Monte scored the last points for the Bevs and Schou annexed a free toss to finish the scoring and the game ended: Bevenocs 23; Rangers 14.

**Miss Many Shots**  
The Rangers received a bad break early in the game when Keady Christensen was touched for four quick personal fouls. He was taken out but came back in the final period only to be tagged for the fifth and last foul soon after he had received the foul of battle.

Both teams missed numerous shots which appeared to be easy scores. On many occasions the ball rolled around and fell harmlessly to the floor and then at other times, the shots were completely wild. From a spectator's standpoint, however, the battle had a real something about it.

**Garden Cagers Cop Two Hard Contests**

Garden—The Garden city basketball team defeated the Ranquette brothers of Nahma here, 28 to 25, to take their first victory in four games with the Nahma boys. Gib Ranquette counted 20 points for the Nahma team while Lamkey netted 16 for the Garden team.

On Tuesday evening the Garden boys defeated the Munising Tigers, 11 to 8, in a close guarding game. Munising was held scoreless during the second and third periods.

**REVENOCS (23)**

**HOCKEY SCORES**

National League  
At Toronto: Toronto 8; Chicago 2.

**Will Question Boys**  
Sault Ste. Marie.—Eight boys were ordered to appear before Judge Charles H. Chapman, next Saturday morning to explain their connection, if any, with the theft of some 50 watches and other pieces of jewelry from the ruins of the A. J. Jean jewelry store.

## Gar Wood Planning Assault On Speed Mark this Morning

Miami Beach, Fla., March 19 (AP)—Gar Wood, king of American water courses, announced today he would attempt to lower the world's speed boat record of 98.76 miles an hour at nine o'clock tomorrow morning, racing his Miss America IX over a measured mile on Indian creek here.

Simultaneously, Wood will attempt to set a mark of 100 miles an hour for speed boats.

The present record was established last summer by Major H. O. D. Segrave of England, shortly before he was fatally injured at Lake Windermere, England.

**NORTHWESTERN ISSUES A DEFY**

Right of North Central Association to Probe Big Ten Challenged

**BY CHARLES DUNKLEY**  
Associated Press Sports-Writer Chicago, March 19. (AP)—A challenge was hurled at the North Central Association of Colleges and Secondary Schools today over the question of whether that organization shall meddle with inter-collegiate athletics in the Western Conference.

The challenge was tossed by Walter Dill Scott, president of Northwestern University, who refused to present a report of its athletic situation, as requested by an investigating committee from the North Central association. In doing so, President Scott made a test case of the issue to determine the inter-relationships in athletic problems between the North Central and the Big Ten.

President Scott, in addressing the educators, explained the Big Ten felt capable of handling its own affairs without outside supervision.

Meanwhile, Northwestern's status with regard to the North Central association, an organization which accredits schools from the Alleghenies to the Rockies, remains in the state of abeyance. The Big Ten faculty representatives will meet in Chicago April 18 to determine future policies to be pursued with the North Central.

After that session, the board of review of the North Central will meet with Big Ten representatives, at which time peace probably will be declared. There is no question about the acceptability of Northwestern's report, according to President Scott. President J. M. Gage of Coe College, chairman of the commission on higher institutions, agreed with President Scott over the acceptability of the report. He said it would have been passed at once at President Scott's request.

**Seniors Win Class Title at Garden**

Garden—The Senior class basketball team won the class championship here by defeating the Sophomores, 25 to 12, to take an upset victory. The underclassmen won the championship last year and were favorites to repeat. Wednesday the Sophomores won from the Freshmen, 14 to 13, and the Seniors defeated the Juniors, 25 to 20.

**Pop Corn Surplus**  
Washington—Pop corn prices are very sensitive to supply. Current profits have attracted many growers, and government specialists warn that pop corn growing may be overdone in 1931.

**London has a new \$2,500,000 motion picture theatre.**

## GENE SARAZEN LEADS GOLFERS

**Stocky Italian Takes Lead in First Round of La Gorce Open**

**BY REX SAFFER**  
La Gorce Golf Course, Miami Beach, Fla., March 19 (AP)—Gene Sarazen, he of the speedy golfing finishes, opened a new bag of tricks today to count an early advantage in opening 18-hole play of the \$15,000 La Gorce open golf tournament and snatched the lead at the quarter mark of the 72-hole classic with a 32-35-68.

Gene's reversal of tournament procedure, as he contented himself with a par score on the back nine of this trap-filled seaside course, put him one stroke ahead of Craig Wood, Deal, N. J., whose 35-34-69 had seemed good until the dapper little Italian swept first day honors late in the day. Joe Turnesa, Elmford, N. Y., played on Gene's heels to tie at second place with Wood with a 35-35-69.

The Sarazen score was three strokes under the 35-36-71 par of the course.

**Wine Medal Prize**  
Gene's 68, carded under a blazing sun, won the first day prize in one of the nation's richest golf purses, a \$100 prize for low 18 holes.

Walter Kozack, North Hills, L. I., stood in third place with his 34-35-70 while four of the clansmen, led by Walter Hagen, stood in fourth place with 71s. The others were Harry Cooper, Chicago, Bob Shave, Cleveland, and Joe Kirkwood, New York.

Behind this quartet was another four at 72. They were George Christ, Rochester, N. Y.; Ralph Guidach, Dallas, Texas; Wiffy Cox, co-winner of the 1931 international four ball match at Miami, and Ben Weichman, Ashland, Ky.

Wild Bill Mohlhorst, defending champion, and Johnny Farrell, who earned the title in 1928, were with a host of finishers at the 74 point, while Horton Smith, winner in 1929, had a 75.

Johnny Golden, Noroton, Conn., and one of the season's heaviest money winners, stroked a slow 81 for the day.

**Butter Beans Gets Judge's Verdict In Close Finish**

New York, March 19 (AP)—Only a nose separated the first three horses, but the Forest Cove stable's Butter Beans, got the nod in the Daytona Beach purse, the first juvenile feature of the current meeting at St. John's Park run today.

The little filly ran the four furlongs in 49 2/5 seconds, a fifth of a second away from the track record established by Play 'Em last year. Play 'Em packed only 108 pounds in the saddle today.

Less than a nose back at the paddock pole was C. V. Van Meter's Manners, which just managed to save the place from W. V. Kilmer's Surtica, the favorite. Frank Dainty had the mount on Surtica and had he won, it would have been his third straight winner for the day and placed him in a tie for riding honors at the meeting with Madely.

**Character**  
It's a character that keeps you interested—different in its taste, mellow in its mildness, breathing real enjoyment in every cigar you light.

### LEGION REPORTS WELFARE WORK

Total of \$800 Spent Since Sept. 1 by Escanaba Post

Records of Cloverland Post 82, American Legion, show that the Escanaba Legion organization has spent more than \$800 for relief and welfare work since Sept. 1, 1930, outside of the current post expenses.

The Legion's expenditures are divided as follows:

Food	\$200
Clothing	250
Fuel	150
Rents	100
Doctor and Hospital Bills	100
Total	\$800

The above summary takes in items covered up to March 15. Under the heading of food, the Legion's expenditures included groceries, milk and other provisions for needy families, while the clothing item covers shoes, underwear and various classes of wearing apparel. Coal and wood were purchased during the winter for a number of families, and others visited by sickness were given aid on doctor and hospital bills. All of the money covered in the Legion welfare report was spent in Escanaba.

### AMUSEMENTS

#### AT THE DELFT

From the opulence of a Broadway pent-house to a Jersey City rum dive is the descent John Gilbert makes in his new talkie, "Gentleman's Fate," and with remarkable romantic appeal with Ursula Parrott, who supplied Norma Shearer with her triumphant "Divorcee," has also done right by John Gilbert in this splendid story of gangsters (nothing at all of Chicago) and of a love that wouldn't down even when washed away by a synthetic romance and marriage.

We can't compare this fine Metro-Goldwyn-Mayer picture, which opened last night at the Delft Theatre, with anything Gilbert has done before. It is entirely new Gilbert, a very charming Gilbert, a very charming one who will disappoint none who want to see him romantic, who want to see him rough, who want to see him gay, who want to see him dramatic, who want him to be well, just John Gilbert. He packs a wallop of surprises in this new film.

He is better looking than ever, refreshingly debonaire, immaculate in Fifth Avenue's latest and a devil with the ladies.

Gilbert is not a gangster at heart in this exciting drama but he becomes one, not because of a lost love, or poverty or any such triteness, but because of a family loyalty that only those with hot Latin blood in their veins will fully understand. Gilbert makes you feel you understand, however, in his superb performance.

The plot is motivated mainly by two girls. One, a society girl, played by Lella Hyams, he really loves and wants to marry. The other is an underworld plaything, Anita Page. He marries her when his other love becomes impossible to realize. The marriage is a mere mockery to the love he lost. Not that he doesn't like his little gangster bride. But it is a pathetic little family and Gilbert's gallant defense of it costs him his life, even though on his dying bed he laughs to think of the very absurdity of it.

Approximately 9,000,000 pesos will be spent in the Philippines this year in public improvements and road building.

The Netherlands now have 95 talkie theatres.

### Hermansville Boy Called by Death

Hermansville, Mich., March 19 (Special)—Euerilio Pegoraro, 7, son of Mr. and Mrs. Dominico Pegoraro, died Wednesday morning at his home here following a fatal attack of double pneumonia which was caused by an attack of measles several weeks ago.

The deceased has been confined to his bed for the last two weeks with the pneumonia which took such a hold upon him that his life was despaired of for several days.

Euerilio is survived by his parents, Mr. and Mrs. Pegoraro, four sisters and three brothers, who are as follows: Lucy, Amelia, Rose and Virginia, and the brothers Rudolph, Guido and Leno.

The deceased was born on April 16, 1924 at Hermansville, and has lived here for his entire seven years. He was in the First A Grade.

Funeral services will be held Saturday at St. Mary's church here. John Balcato of Milwaukee, uncle of the deceased, is here for the funeral.

#### Caucus

The results of the caucus for Meyer township which was held Tuesday evening is as follows:

Supervisor, G. H. Earle, no opposition.  
Clerk, H. R. Brukart, no opposition.

Treasurer, H. Landerville, after a five ball battle against five opponents.

Justice of the Peace, E. E. Allen, full term; E. Sturm, to fill vacancy caused by Noah Marcoe who moved away.

Board of Review, Emil LaCase, no opposition.

Highway Commissioner, Fred Bellmore, 204, opposed by T. Frikse, 157, incumbent.

Constables, George Peterson, Levi LaCausiere, Ed. Lindgren, Ed. Johnson.

There was a total of 364 votes cast, the largest attendance in many years.

#### Other Items

Meyer township turned in the best treasurer's report to the county treasurer with a total of only 5 per cent delinquency compared to 70 per cent for the Cedarville township. The nearest other township was Holmes with a total of 11 per cent delinquency, but as one company pays 80 per cent of their taxes, and those taxes were paid up, they did not nearly show up as well as Meyer township. The treasurer for the past year was Mrs. F. E. Lanther.

Attends Funeral  
Mrs. H. R. Brukart attended the funeral of her niece, Miss Brukart, 8 years old, in Loretto Tuesday.

Miss Jennie Dahlem and Mrs. Prossor of Menominee were Hermansville visitors, Wednesday.

### COMMUNICATIONS

Spelling Bee.  
Fayette, Mich.,  
March 16, 1931.  
Spelling Bee Director,  
Escanaba Daily Press,  
Escanaba, Mich.

Dear Sir:—  
We have begun the test on the list of words sent us. Friday afternoon, March 13th we started. Just the seventh and eighth graders of our school will compete.

The two winners of the afternoon were Donald Killoran an eighth grader and Doris Gauthier, a seventh grader. The third on the list was John Chaffee.

The words most misspelled were: slippery, entry, description, missed, handkerchief and inclosing.

We have both written and oral "bees."

We will have another bee Wednesday afternoon, so we can determine the school winner soon.

We enjoy the contest very much.

Evelyn De Vet,  
Teacher of the Fairport school.

### John Schortgen, 68, Dies in Escanaba Hospital Thursday

Death claimed one of this city's highly respected citizens Thursday morning when John Schortgen, 68, passed away at St. Francis hospital where he had been admitted several weeks ago suffering from a complication of diseases. Mr. Schortgen had been bedridden for almost three months and his death not unexpected.

John Schortgen was born in Gebbling, Luxembourg, Europe, on May 16, 1863, and came to this city from his native land 42 years ago. Shortly after his arrival in Escanaba he entered the employ of the C. & N. W. railway and had been employed continuously until failing health forced him to remain at home.

On August 10, 1890, he was married to Miss Mary Berlinger also a native of Luxembourg. The ceremony was performed at St. Joseph's church, the family having been active members of the congregation since their arrival in Escanaba.

Mr. Schortgen is survived by his widow and one daughter, Mrs. William Vincent of Detroit, formerly Miss Helen Schortgen, who has been here for several weeks with her parents. Mr. Vincent is expected to arrive today.

The body was prepared for burial at the Alto Funeral home but funeral arrangements are incomplete.

Mr. Schortgen was a member of the Holy Name Society, The Catholic Order of Foresters, The Luxemburger Society and the Top Dock Workers Union.

Interment will be made in the family lot in St. Joseph's cemetery.

The transport Nevada, which recently left England for stations in the Far East, is equipped with a motion picture theatre for the entertainment of soldiers and their families.
