#### Thayer Acquitted By Munising Jury

George Thayer of Shingleton was arrested last Wednesday on complaint of Conservation Officer Peter Arsenault on a charge of attempting to trap beaver and of using a trap without having a plate or tag bearing his name attached to the trap. Thayer was brought before Justice Walters for trial last Thursday afternoon and asked for a jury. He pleaded not guilty to the charge. The jury consisted of Walter Corey, Ray Sundberg, Peter Flavin, Rainie Hebert, Charles Everett, Jr. and Henry Ames.

A verdict of not guilty was returned. It was alleged by Officer Arsenault that a trap supposed to belong to Thayer had been discovered on the Sturgeon river, that Thayer's movement was watched and that he was seen to take the trap up and hide it in the brush a short distance from where it was set. Thayer denied ownership of the trap and denied that he had taken it up and hid it.

#### EXPECT TO CELEBRATE

Some of the citizens and business men favor a Fourth of July celebration in Munising this year. Last year there was no celebration, the first time such an event has been omitted since the first celebration was held in the new town, on Monday, July 5, 1897. There was no organized celebration here in 1898, the first year the town was building up. The following year the labor unions, of which there were many, had charge of the celebration and John Commerford, labor leader, was active upon the streets. There was a big parade of all the unions and evergreen trees lined the side walks. A picnic was held and there were patriotic exercises at the foot of the hill near where the court house now stands. Commerford, whose zeal for the cause of human liberty had attained a high pitch came near precipitating a row by chasing Superintendent Hill of the Munising tannery, off the labor union grounds.

Beer that contained more than one half of one per cent alcohol was plentiful upon that day and the tinkle of the nimble wheel was heard on all sides in the places where there was sawdust on the floor.

#### THIRD STROKE

News has been received here by Mrs. Louis Beaudette that her father, Frank Nead, who is living at Iron Mountain, has suffered another stroke of paralysis. This is the third stroke he has had within the past year. Mr. Nead was one of the old residents of Munising township.

He removed from here and went to Wisconsin, then drifted down into Texas. A few years ago he returned to Munising, remaining here several months, then going to Iron Mountain. It is not expected that he will long survive this last stroke.

#### DIES YESTERDAY

John Seymour, 17, died yesterday forenoon at the home of his brother, Frank Launderville, the cause of his death being heart disease. He was born in Munising. He had received treatment at the Munising hospital a few weeks ago but was apparently in good health when he went to bed Thursday night. His brothers found him dead in bed at about five o'clock.

#### SOCIAL

Mrs. Frank Hausler entertained the Hobby Club at her home on East Superior street last Thursday afternoon.

Mrs. N. Osland entertained the Fortnightly club last Wednesday evening at her home on West Superior street. Bridge was the entertainment and honor were won by Mrs. Frank Tiernan and Mrs. Leo Gosselin.

The card party sponsored by the Lady Foresters at the parochial school auditorium Thursday evening was a success. There were twenty-six tables played.

A birthday surprise party was tendered to Mrs. Charles Lehigh at her home last Thursday evening. Five hundred was played, first honors going to Mrs. Robert Gerndt and consolation to Mrs. George Flatley. Refreshments were served. Mrs. Lehigh received a nice gift.

#### MUNISING BRIEFS

Mrs. Margaret Vende's has been seriously ill during the past few days.

Mrs. Chris Baker is seriously ill at her home at East Munising. The Misses Lorraine Danbom, Alice Ikola and Louise Sibley, school teachers, are spending the week-end with friends and relatives at Ishpeming.

Miss Madge Mayfort and Miss Sara Schwartz are visiting friends over the week-end at the Soo.

Henry Gerow returned home Thursday from Ann Arbor where he has been receiving treatment at the University hospital.

Mr. and Mrs. Floyd Duhamel and two daughters and Fred Davis of Chicago are guests at the home of Mrs. Mary Flink.

The junior prom will be held May 28 and the public in general is invited to attend.

#### Lake Resort Ass'n Plans Campaign to Attract Tourists

Curtis, Mich., (Special)—The Manistique and Whitefish Lake resort association met Saturday evening at the school house. The meeting was called to order by President James Ostrander. Minutes of the last meeting were read by Secretary Harland Emery. The advertisements for the various resorts were then taken up. The members wrote out the add they wished to place on the folder of their resort.

Following this, the advertising committee gave its report. The committee had obtained adds from most of the business places in town since the last meeting. The amounts paid for advertising space for business places and for the resorts was discussed. A delay in obtaining the advertising matter was caused by the absence of one of the largest contributors, an dresser owners. Nevertheless the progress made by the committee and the organization as a whole was more than the members had anticipated, at the beginning of the organization.

Two new members were taken into the organization, namely: Walter Sprang of Sprang's resort and Dewey Wright proprietor of the Wright garage.

It was decided that when the plans were completed, the advertising committee would take the

material to Munising immediately for printing. A letter was read by the president regarding reimbursement of money spent in advertising resorts. Also a letter was read by the president from the Chamber of Commerce, Mackinac City, concerning the distribution of printed matter in the city and on the docks. This matter, however, will be taken up with Dr. Bohn immediately.

A report was given by E. L. Detmer of the progress made concerning bill boards and signs. The committee received information regarding the sizes, prices and locations for good signs. The township agreed to give \$75 for the purpose of buying or painting signs, as soon as the money can be obtained from taxes. It was decided to place four large signs at the various intersections of trunk lines, showing the way to Curtis.

The secretary of the association was instructed to write to Mr. Westerman, superintendent of fisheries, and thank him for sending several cans of fry to be put into Whitefish and Manistique lakes.

#### Twilight Concert, Schaffer Tuesday

The Escanaba high school band will play at Schaffer next Tuesday evening and at Bark River the following Friday evening in the series of twilight concerts that will be held throughout the county, Director R. P. Bowers announced.

#### Bowers to Spend Next Summer at Interlochen Camp

R. P. Bowers, director of music in the Escanaba public schools, has been engaged as a member of the staff of the National High School Orchestra and Band camp at Interlochen, near Traverse City, for the summer season.

The camp, which is in session eight weeks every summer, attracts outstanding high school musicians from all over the country. John P. Sousa, the famous bandmaster, and other noted musicians are members of the staff in charge of camp activities.

More than 1,000 singers in massed choirs and choruses will appear on the evening of Tuesday, July 21, in the annual choral festival at Interlochen. Joseph E. Maddy, founder and director-in-chief of the camp, has announced. The singers will be accompanied by the national high school orchestra in presentation of the Haydn oratorio, "Creation." Invitations have been mailed to choral groups throughout the state by Mr. Maddy.

Hours of railway men in France have been increased from 44 to 48 hours a week.

The concerts will be presented on the school grounds in each community, starting at 7 p. m., central standard time.

ENTERTAINMENT PLUS "Skippy". It is an enchanting and beautiful page of life, as honest as an old-fashioned garden and as exhilarating as the first breeze of spring. In a way that is refreshingly different, it has everything. And as far from the usual cema emotional conventions as daylight from dawn.

We defy anyone not to get a kick from the thrilling but hort-lived business careers of Skippy and his old side-kick, the sentimental Sooky. Try and hold back an honest tear when the dog-father takes away Sooky's suit to be shot, or a hearty laugh over the wholesome philosophy of Skippy and his views on women, bliness and life. We particularly recommend "Skippy" to the confirmed pessimist.

# MEMORIAL POPPIES ON SALE IN ESCANABA TODAY

## LAPELS CARRY RED BLOSSOMS

### Proceeds Used in Local Welfare Work; Girls Cover City

While gold star mothers, who recently sailed for France, decorate the graves of soldier-sons "In Flanders Field where poppies grow between the crosses, row on row", red poppies will be bloom-

ing too, in America, for today is national poppy day. The flowers will be seen on the coat lapels of Escanaba people who remember. Hundreds of them will be worn by business men, stenographers, clerks, by housewives doing their daily marketing, by laborers toiling in the streets, and by the boys who marched home again from the war. Hundreds will be worn by boys and girls born since the World War, who have had passed to them the tradition of "carrying on" for the boys who came back to hospitals.

Several thousand men who otherwise would be idle and without earning power are given employment each year in the manufacture of the poppies, which are sold annually under the auspices of the American Legion and its auxiliary. This year the poppies were made in 37 hospitals and work rooms in all parts of the country. The work enabled the men to earn approximately \$100,000 for the support of themselves and their families.

The receipts of the sales is the medium through which the welfare work of the American Legion and auxiliary is financed. Five hundred and fifty thousand poppies were made this year by the mental patients at U. S. hospital 100, Battle Creek, and these are the poppies that will be sold at Escanaba and throughout Michigan today.

The sale of paper flowers fashioned by hands of sick soldiers in Escanaba will be under the auspices of Cloverland Post 82, American Legion, with Emerson Harvey as chairman. About 40 young women volunteers will offer the blossoms for sale on the streets of Escanaba today. Wives of war veterans are invited to come to poppy headquarters at the city hall this morning, and assist in the sale, which will continue through the day.

A major portion of the proceeds of the poppy campaign in Escanaba today will be used by the local American Legion post in welfare work right in Escanaba and vicinity.

### POPPY SALE FACTS

What is the memorial poppy? The memorial poppy is a replica of the poppies which grew on the battle fields of France and Belgium during the World War.

Why was the poppy chosen as a memorial flower? The poppy was chosen as the memorial flower for the World War dead because it grew where they fell, the one touch of beauty in the desolate battle areas.

Who makes the memorial poppy? The memorial poppy is made by disabled veterans working in hospitals and work-rooms under the direction of the American Legion Auxiliary.

Who sells the memorial poppy? Women of the American Legion, Auxiliary, and cooperating organizations working as unpaid volunteers.

What is done with the money paid for the poppies? Every penny is used to support the work of the American Legion and Auxiliary for the welfare of the disabled veterans, their families and the families of the dead.

How can the purchaser be sure that he is buying a veteran-made American Legion and Auxiliary poppy? By the Legion and Auxiliary label on the poppy.

What does wearing the poppy mean? Honoring the dead and serving the living.

of the same school board. She was buried today, the day she was to have received her sentence. A third, John H. Parsons, was given a year's probation today on his plea of guilty to a similar charge. He pleaded guilty and admitted acting as intermediary in collection of contributions from contractors on a \$500,000 high school building erected two years ago. A fourth member of the school board, Fred Metz, is awaiting trial on an indictment charging embezzlement.

## ROBBERS LOOT PONTIAC BANK

**BULLETIN**  
Pontiac, Mich., May 22 (AP)—Sheriff Frank Schram was advised tonight that the two men who robbed the Pontiac Commercial and Savings Bank today had been arrested in Toronto, and the \$12,000 they took was recovered. Information given to the sheriff indicated that the men first fled to Chatham, Ont., in an airplane and later went to Toronto by train.

## RATES RAISED AT GLADSTONE AND ESCANABA

(Continued from Page One)

by the commission staff, and at a hearing Dec. 3, 1930, the engineers offered an inventory, appraisal and audit. In an audit of the American Appraisal Co. as of June 1, 1928, the company claimed the following valuation: Total value for reproduction new \$2,224,036.05 Total value less depreciation 2,162,894.03 A working capital of \$60,000 was claimed.

The commission's engineer's audit as of May 1, 1930, showed a lower physical property value and a greater depreciation than that claimed in the company audit. The figures were:

Total physical property \$1,646,830.48 Total less depreciation 1,428,223.68

In the commission's audit as of May 1, 1930, the adjusted book cost listed the totaled fixed property at \$1,477,466.95.

The commission, in their final decision said: "After a consideration of all the elements of value heretofore set forth herein, it is the opinion of the commission that the fair value or rate base of the property as of May 1, 1930, was not less than the sum of \$2,000,000 including all elements of value."

"The commission believes a minimum rate of 7.5 per cent is justified and does not consider that the rates should be disturbed even if the rate should reach 8 per cent."

If the power company's proposed schedule of rates had been in effect in 1929, it would have produced an additional \$32,000 in revenue for the company, the commission found. In addition to the cities of Escanaba and Gladstone, the new rate affects the villages of Masonville, Rapid River and Schafer, and the townships of Bark River, Brampton, Cornell, Escanaba, Ford River, Masonville, Wells and Ewing Marquette county).

## A. ANDERSON CAR VICTIM

(Continued from Page One)

feet before coming to a standstill. Alfred May, Gladstone City police officer, told of being called to the scene, of notifying Prom. Atty. Jackson and Dr. Bjorkman and of the investigation conducted by the trio at the scene of the happening. He described the removal of the body from beneath the car to the Swanson Brothers' funeral parlors where identification was made by papers found in the dead man's clothing. Positive identification was made by a brother, Otto Pada, Gladstone, who was notified. Besides the papers, sixteen dollars in money, a pair of glasses and a knife was found in the pockets.

Brother Testifies.

Otto Pada, the brother, followed May to the stand and told of having last seen his brother about 9:20 o'clock on the evening on which he met his death. He said Anderson had been drinking and was "feeling good." He did not believe him intoxicated for he could walk alright. He described the spells which his brother had been subject to for the last 12 years, which usually occurred when the man had been drinking and which rendered him helpless. J. A. Wheeler, Gladstone, also saw Anderson on the fatal evening, about 8:15 o'clock at the Lincoln House, and said that the man was then slightly intoxicated, almost falling down the steps as he left the house. He said that Anderson had previously spoken to him of the spells to which he was subject. He said that Anderson was in good spirits, as did Carl Major who saw Anderson at the home of his brother nearly an hour later.

Ray Howard and Arthur Passmore, Escanaba, testified that while driving to Escanaba about 11 o'clock Thursday evening they were halted by a man they believed to be Anderson, walking down the center of the highway about a fourth of a mile east of the Perkins gas station. This is about a third of a mile from where the accident took place. The man halted them, and as they neared stepped towards the car necessitating the driver to swerve sharply to avoid striking him. They did not stop.

Erwin S. Zuelke, superintendent of the Escanaba Traction company, gave data as to the grade at the point of the accident, the distance in which a car could be stopped at a given rate of speed, and information as to area which the beam of light from the headlight would cover.

The coroner's jury was composed of George Rawson, Arthur Sawyer, John Nelson, William Green, Arthur Williamson and Claude Anderson.

Anniversary

WAR TAXATION BILL. On May 23, 1917, the War Taxation bill, levying about \$1,857,000,000 annually in direct taxes, passed the House of Representatives by a 329 to 76 vote.

Some Democrats voted for the motion. The Democratic floor leader, Kitchin, made a fervent appeal for unanimity.

Five roll-calls were taken before final approval was given to the bill. Mann's motion to recommitt the bill was defeated 246 votes to 161.

THE MELODY GIRL

CHAPTER XXI. BERYL had not locked the bathroom door, an oversight that saved a deal of trouble.

She took one look at Beryl lying on the floor—a stain of red on her forehead where it had struck against the bathtub as she fell—and ran screaming to her mother's room.

Mrs. Everett was scarcely less panic-stricken than Irene when she saw Beryl, but between them they got the injured girl to her bed and then let Mr. Everett take charge.

Health Tips

BY DR. MORRIS FISHBEIN. It has been a well defined impression in the past that tea, coffee, and caffeine-containing drinks are bad for children.

On this subject, Dr. Lydia Roberts points out that few, if any, experiments have been performed directly on children to establish these impressions scientifically.

It is, of course, known that the active principles of tea and coffee, namely, caffeine and theobromine, are drugs which in sufficient amounts produce definite effects on the body.

**REACH ACCORD ON FUNDS FOR U. OF MICHIGAN**

(Continued from Page One)

fee will be \$1.75 instead of the present \$1, and non-residents must pay \$4. The administration had advocated the general rod license. The legislature accepted the conference report.

A conference report on the Miller bill to change the personnel of the state board of equalization was adopted. The board now will be composed of two members of the state tax commission, the commissioner of agriculture, the auditor general and three citizens to be appointed by the governor. The present board consists of three members of the tax commission, the auditor general and the agricultural commissioner.

**Raise Deer License**

The legislature approved conference reports raising small game license from \$1.25 to \$1.75 and deer licenses from \$2.50 to \$3.50. The Carpenter bill authorizing the state administrative board to acquire land upon which barracks could be built, so that short term prisoners could be employed at quarrying and farming, was passed.

The Horton bill requiring certification of party convention nominees by the state central committee, designed to prevent squabbles such as followed the last Republican convention, was adopted. The Engel bill, giving the house utilities commission regulatory power over motor vehicle carriers, was sent to the governor. It was a companion to the Green bill increasing fees on contract carriers to place them on a comparable basis with common carriers. The Stevens bill providing that municipalities must standardize budgets and file reports with the state treasurer, was approved.

**Not Spectacular**

The session was one of the longest and one of the least spectacular in many years. Senator Norman B. Horton, administration floor leader, today requested a majority of the senate to return June 18, when final adjournment will be taken, that odds and ends passed by the house, but in the senate and required five days when the business session ended, may be disposed of.

This business included the Woodruff bill to increase the membership of the state conservation commission from 7 to 8, and the McNitt bills providing for grade separation agreements and added protection at railroad crossings.

The administration program of radically reduced tax expenditures failed because of insistent demands from institutions and departments for more funds and the refusal of the legislature to enact any of the special tax measures offered. Proposals to tax tobacco, retail sales and incomes were rejected emphatically. Old age pension and unemployment insurance bills fell when no source of revenue to support them met with the approval of the legislature.

**Prohibition Shunned**

Substantial changes in highway legislation were enacted in the McNitt and Dykstra bills legalizing state participation in city trunk line street improvements and providing for the absorption of township roads in county systems.

All attempts to place the legislature on record on prohibition failed. A death penalty bill was approved by the legislature but was turned down in a state wide vote. Several legislative inquiries were ordered, including those into conditions among students at the university and charges by Charles Rubner, assistant attorney general, that certain legislators were unethical because of their connections with organizations interested in legislation.

**Flayed Administration**

In the final days of the session the most outspoken administration anti-administration debate occurred when Senator Herbert J. Rushton of Escanaba, charged administration workers with "high-jacking" legislation. He opposed the Culver "Indiana plan" bill on this count. The measure which was strongly supported by the ad-

ministration, went down to defeat. A measure credited by its proponents with being of outstanding importance was that providing for periodical re-registration of automobile drivers.

A bill was adopted and awaiting action by the governor, providing for the registration of all aliens with the commissioner of public safety.

The Chelsea cement plant, long a bone of contention, was legislated out of existence—as a state issue—unless the next legislature reinstates it—by the passage of an act authorizing that it be disposed of in 1934. Measures were adopted placing slightly more rigid restrictions upon the power of the state administrative board. They prohibit appropriations for any purpose save actual emergencies and insist that funds shall not be juggled.

Of the 900 bills introduced, 384 were adopted by the legislature and sent to the governor. The vast majority were of routine nature, or measures affecting finance.

**School Contracts Will Be Awarded Late Next Week**

Contracts for the furnishing of various school equipment for the new junior high school building will not be let by the Escanaba board of education until the latter part of next week. In the meantime, the board members are considering the various bids that have been submitted, and in some instances are waiting for the arrival of samples and information from the bidding manufacturers.

About sixty-five concerns were bidding on the equipment, which includes cabinets, laboratory furniture, steel shelving, lockers, gymnasium wire baskets, gymnasium equipment, classroom and auditorium seating, stage hangings and draperies. Through the process of elimination, the bids have been narrowed down to the following concerns: Kimball Manufacturing company, William Welch Manufacturing company, E. H. Sheldon company, Fred Modart company, Metal Office Furniture company, Narragansett Machine company, All-Steel Equipment company, Standard School Equipment company, Theodore Kunitz company, National School Equipment company, Twin City Scenic company, A. H. Andrews company, Heywood-Wakefield company and American Seating company. Many of these concerns submitted their bids through local representatives.

The bids of John Fredenberg of Escanaba and G. A. Gustafson of Iron Mountain for alteration work on the senior high school, Barr and Jefferson schools are also being considered by the board of education. A decision will be made within a few days.

**Rock Will Adopt Daylight Saving Time On Saturday**

Rock, May 22. (Special)—Following the action of a majority of other communities in the Upper Peninsula, Rock has decided to adopt daylight saving time Saturday night.

The action is as yet unofficial as people have not yet voted on it and the town board has not taken up the issue. But the business men in the community have decided to adopt it, and it is most likely that residents will also follow suit, to avoid confusion. Rock Cooperative company and Larson Bros. stores have served notice that they will begin operating on fast time Monday. Edward Huff, postmaster, signified his intentions of using the same time in the post office.

It was announced today that confirmation services will be conducted at 9:30 p. m. daylight savings time at the Finnish Lutheran church on Sunday evening. Rev. Otto Kaarto, of Negaunee, will officiate in both English and Finnish.

The adoption of fast time here is expected to be met with some disapproval. "Potato" time was adopted for the summer two years ago, but it did not fare so well, so it was discarded last year. This year, however, so many neighboring towns are employing it, that it is almost absolutely

**AMUSEMENTS**

**AT THE MICHIGAN**

There is an actual living-and-breathing, in-the-flesh "Skippy," who, while he could not possibly appear in the Paramount picture version of this famous syndicate feature, opening today at the Michigan Theatre, nevertheless has imbued the scenes with all the realism of life permitted by his age and size.

The one-and-only, real "Skippy," according to close friends, is none other than Percy Crosby, cartoonist whose facile pen and ready wit have made "Skippy" in newspaper form a national favorite.

But Crosby is thirty-six years old and nearly six feet tall. Jackie Cooper, who plays the title role in the picture, was chosen because he was a copy of the original lovable little rogue, and no small weight in the decision was carried by the opinion of those who best know Crosby, the boy and the man. Many of his friends shook their heads and sighed that Crosby could not throw aside the years and play "Skippy," himself.

They recall his swinging, dynamic, boyish carriage; his nervous face and impudent eyes, the small boy dressed up to look solemn and adult, but whose youthful spirit bubbled over and beamed out over a massive bow tie.

In charting the life of "Skippy," Crosby puts his whole spirit in his work. It is absolutely impossible for the artist to like anything, think anything, do anything, in a half-hearted fashion, with "Skippy." He is in it up to his neck and ears, or out of it entirely. Crosby, sandy-haired, wiry, compact with energy, has plunged himself wholeheartedly into the little fellow he draws; has made him a palpable influence on American life and thought.

seventh amendment has done for others," Rep. Rummel said.

After the house had adopted the conference report, the senate readily assented. Governor Wilber M. Brucker who has relied on some form of rod license to finance the fish division of the state conservation department undoubtedly will sign the measure.

Upper peninsula opposition succeeded at first in turning back the conference report in the house. When the report was first received in the house the vote was 49 to 22 for acceptance, lacking two votes of a necessary majority.

In its original form the Teagan bill provided a \$1 general rod license for residents and \$3 for non-residents. It passed the house by a margin of two votes. The senate eliminated the general features and originally provided a \$2.50 resident trout license.

large buyers tell us what they are willing to pay.

"We have ourselves to blame for present conditions in the steel industry. You hear much of the interference of the tariff wall, but the stones for that wall have not even been quarried as yet. The average duty on iron and steel would not pay the freight on steel from New York to Lancaster."

"I don't see any hope of better prices until the presidents of the companies stop the present diabolical situation. I am not seeking any alibi for myself except to say that the corporation I am connected with has been watching the price barometer."

The industry should be thriving—but isn't—on 50 per cent operation, Mr. Farrell said.

"By what manner of reasoning do you people conclude that as production goes down prices should get cheaper?" he asked. "We should set up resistance. I think we should take the risk of closing down rather than to waste our raw materials."

"It is not honest for us to sell our steel below cost and knock off something from our dividend and reduce our wages."

Mr. Schwab, in his speech, saw "a very strong note of improvement in the general situation." He said there was reason to believe liquidation was about over and "there are many signs of stirring in our economic life."

dium is interrupted by a visit to a downtown barber for a shave and to have his whitish moustache trimmed.

A time back it was told how he would visit a shop several times a day until he found his favorite barber free. He waved aside suggestions that the chair might

be reserved for any time he wished. Sometimes his assistants are gone before he leaves the office around six. One day Mr. Mellon sent a secretary to summon an assistant for conference, but the man had called it a day at the usual hour.

Receiving the word, Mr. Mellon looked from his window over a park nearby and said plaintively: "I wish I could get away at 4:30."

money policies.

Obviously the situation in the bond market is the most important single development of the week, because the revival of business depends upon diversion of surplus bank money to new bonds and the furnishing of funds for utility, construction and other financing. An important feature is the activity in municipal bonds due to the low rates on bankers' acceptances. Many new state and municipal issues are expected to be forthcoming, though there is much dispute as to whether additional borrowing does not mean increasing tax burdens.

The general impression here is that internal adjustments within business, through reduced costs and increased efficiency, are likely to be a better guide than anything else to the stability and rate of recovery in business.

It is not felt that a readjustment of wage scales is necessary because other costs of operation and management, as well as intensive sales effort, are expected to produce the important economic issues.

While business during the past week took a downward course there is a feeling that this is an inevitable part of the readjustment process and that it augurs greater efficiency in the long run.

**DEATH CLAIMS OWEN CONNAHAN**

**Was Escanaba Resident For 55 Years; Last Rites Monday**

An old resident of Escanaba was taken by death Friday morning when Owen R. Connahan, 85, died suddenly at the family home, 305 South Twelfth street.

Mr. Connahan had been in feeble health for some time, but was able to be about, and had attended services of the Mission church during the week, up to Thursday night when members of the family urged him to remain home, believing he was not well enough to attend. His death came at 8 o'clock Friday morning.

Mr. Connahan had lived in Escanaba for 55 years. He was formerly employed on the Chicago & North Western docks, working there a great number of years. He was a devout member of the congregation of St. Patrick's church and was a member of the Holy Name society of the church.

Surviving him are his widow, three sons, Charles, Escanaba; John, Escanaba; and Lawrence, Milwaukee; and two daughters, Mrs. Mary Whitehead of Escanaba and Mrs. James Morris of Manitowish, Wis. A brother, John Connahan of this city, and a sister, Mrs. John Boyle of Marinette, also survive.

The body was taken to the Alto funeral home to be prepared for burial. Funeral services will be held Monday morning at 9 o'clock at St. Patrick's church. Rev. Father John Mockler, pastor, officiating. Burial will be in St. Joseph's cemetery.

**Freight Boat Will Come to Escanaba**

The Lawrie Transit company of Milwaukee has taken over the Green Bay to Escanaba line of the Hill White Steamship company, and will operate a three runs per week freight service during the summer, according to a letter received by the Escanaba Chamber of Commerce.

The South Shore, a large motorboat, will be used in the service. This boat formerly was known as the Ora Bndress when it was owned by Peter Jacobson of Fairport, who operated it between Escanaba and Garden. Captain Andrew Gallagher will be in charge of the South Shore.

The boat will leave the McCormick dock at Green Bay every Monday, Wednesday and Friday at 5 p. m. making stops at Marinette, Manominee, Sturgeon Bay, Egg Harbor, Fish Creek, Ephraim, Sister Bay, Washington Island and Escanaba. The date of the first trip was not announced.

**Man Brought Back From Wisconsin On Nahma Theft Case**

One of two men charged with embezzling goods valued at \$70 from the Leo Dubar camp, near Nahma, was arrested at Wabeno, Wis., and brought back to Escanaba Friday by the sheriff's department. He is Charles French, recently employed in the vicinity of Nahma, and he will be arraigned in justice court today. Ed Zimmer, charged with aiding French in the offense, is in jail at Oconto serving a term for driving while drunk, and will be returned to Escanaba for hearing at the expiration of his sentence.

Ham, bacon, flour and other staples are the articles claimed to have been taken from the Nahma camp.

**Gallon of Booze Brings Bad News**

Aldivan Kirby of Rock has been bound over to circuit court on a charge of possession of intoxicating liquor. He was arrested by state police officers, who reported finding a gallon of liquor in his car, and was brought to Escanaba for arraignment before Justice J. S. Doherty.

Kirby will appear at the court term which opens June 8.

**St. Francis Hospital**

Miss Clara Bouchard, 810 Ludington street, submitted to an emergency operation for relief from appendicitis Thursday night. Miss Bouchard, who had been planning attendance at the Business Women's state convention at Marquette, was taken suddenly ill and was rushed to the hospital for an immediate operation.

Mrs. Abraham Sidback of Manitowish is a medical patient.

## DAILY MORE AND MORE WOMEN USE THE A&P STORES TO SAVE

Fewer Dollars Spent for Food Means More Dollars to Spend for Other Things

Modern housewives are finding that after all it does pay to be thrifty. They are learning that the fewer dollars they have to spend for good food the more they'll have to spend for other things. Perhaps this explains why daily more and more thrifty housewives are coming to A&P Food Stores.

Today's Bridge

By WM. E. MCKENNEY See's American Bridge League Perhaps the most difficult thing for the beginner at contract to learn is how to properly overcall the bid of an opponent...

There are types of hands, however, where we overcall our opponents' original bid with a jump bid; e. g. opponent opens with one spade and we bid three hearts...

Some players insist that partner shall take this bid as a forcing bid and must keep the bidding open, while other authorities call it an "urge" bid, but not an absolute forcing bid...

Another thing for the partner of the jump overcall bidder to remember is that even though the opponent puts in a bid after the jump overcall, you should endeavor to support partner's bid if you hold one trick.

Overcalling Opponents' Suit With the Same Suit is now generally used only after partner has bid; e. g. partner deals and bids one heart, opponent bids one spade and you bid two spades...

Supposing a good psychic bidder was not vulnerable while you were vulnerable and he held a singleton spade and opened with a bid of one spade. If you had a very good spade suit, it would be better for you to bid two spades and then, if partner shows another suit, re-bid the spades...

A whole bee swarm opens on its queen, and without a queen is helpless. Male bees are most helpless, and their very name, "drone," is a term of reproach.

Solemn Close Of Mission on Sunday Morning

Solemn closing of the men's mission now in progress at St. Patrick's church in charge of Rev. Fathers Stanislaus and Austin, mission fathers, will take place Sunday morning at a high mass at 7:30 o'clock. It was announced Friday. There will be general Communion for all men and boys of the parish, the public solemn Profession of Faith and the closing Papal blessing, the final ceremonies of the mission services. The closing mass, it was announced, will be offered by Rev. Father Stanislaus, as an appreciation for all the deceased relatives and friends of St. Patrick's parishioners. The two weeks' mission services which are closing Sunday have been unusually well attended, and have been a source of satisfaction to the pastor and the visiting fathers. The first week's meetings and services were held for women and girls of the parish and their friends, and the second week's for the men and boys. The closing at the 7:30 o'clock services Sunday will mark the end of the special services.

THE SUNDAY DINNER by Oscar of the Waldorf

Iced Tomato Juice Beef Broth with Barley Roast Chicken Browned Potatoes Romaine Salad, Russian Dressing Taploca Jelly Coffee Roast Chicken Take a chicken, clean, singe, and remove the pin feathers; then wipe it clean, stuff and truss it. Rub it over with a mixture of salt, pepper, and flour, and warmed butter, and put it into a baking pan with a little chicken fat or dripping, and set it in the oven. When the flour is well browned, reduce the heat of the oven, baste well with its fat, and afterward with three or four ounces of butter melted in a breakfast cupful of boiling water. When the chicken is brown on one side, turn it over on the other, so as to clear it well all over, adding a little more water if there should not be sufficient to baste with. Taploca Jelly Put one-half teaspoonful of taploca into a basin with one breakfast cupful of cold water and let it steep for two hours, standing the basin in a warm place. Pour two more breakfast cupfuls of water into a saucepan, add six or eight ounces of sugar, and then the rind of half a lemon cut up into shreds, and squeeze in the juice of half a lemon. Boil for a few minutes, pour in the taploca and water and cook gently for the first 20 minutes at the side of the fire, by which time the taploca should be quite transparent. Add a little syrup of cranberries or burnt sugar to color, pour the jelly into a mould, let it set, turn it out onto a dish and serve with sweet cream.

Twilight Concert At Bark River

The Escanaba high school band, under the direction of Mr. R. P. Powers, will play a Twilight Band Concert at Bark River, Friday evening, May 29. The concert will be given on the school grounds and will begin either at 7 or at 8 o'clock, daylight savings time. There will be a splendid program. The public is invited to hear the concert.

Glorifying Yourself By Alicia Hart

The first thing you have to decide when considering the care of your skin this summer is, "Shall I go suntan or shall I stay white?" It is up to you and you alone. All this talk about women preferring the lily white skin to the golden suntan seems to be melting into rumor before old man Sol's beckoning gleam. You can develop such skill in make-up that it really is immaterial whether you're dead white or suntan under it all. More than that, there really is nothing lovelier than suntan skin with pastel colors, and with dead white it is a riot. It honestly seems to me a crime not to absorb as much outdoors as possible—and to show it! The actual care of your skin lies deeper than this suntan business, though. If anyone should ask me what is the first requisite in obtaining a good skin, I would give three answers: care, exercise and diet. You can't do one without the other two and expect results. For this rush-mad age, I would almost be inclined to add a fourth—sleep. The average woman does not get enough relaxation. Nothing is more detrimental to beauty than lack of sleep. It makes the skin drab, the eyes lusterless, the hair lifeless. Since we have discussed exercise and diet extensively lately, the care of the skin is before the house today. Start out equipped with the following aids to cleanliness: A good soap, soft water, cleansing creams, liquid cleansers. When you have the skin real clean, then is the time to take up the matter of improving the texture of it. Probably the question of whether to wash or not to wash the face will never be decided unanimously. Personally, I think there is nothing like soap and water, provided both are of good quality. But you must use softening creams in addition to washing. When buying cleansing creams, avoid the heavy kind, get the quick-melting variety that liquefies instantly when it touches your skin. Wipe this off with soft materials, cheesecloth, tissue or soft toweling. Use the liquid cleansers for speedy refreshing. Keep some at your office. Or, if you are at home, stop whatever you are doing when you get tired in mid-day and clean your face with some fragrant lotion. It not only cleans the skin but does something nice to the spirit.

Church Events

No Sunday School There will be no Sunday School classes at Wells until further notice, it was announced Friday by Mrs. Counterman, because of illness of children who are members of the classes.

Ensign Asp Here Ensign and Mrs. David Asp of Minneapolis will be in charge of a meeting Sunday night at the Salvation Army hall. Ensign Asp formerly in charge of work in Gladstone, has been in Red Oak, Iowa, Muskegon, and in Minneapolis. There will be special music for this meeting.

Business Women's Benefit Planned

The Escanaba Woman's Business and Professional club is sponsoring a benefit movie, "Doctors' Wives," to be given at the Delft theatre June 1 and 2. Allotments of tickets for the advance seat sale may be obtained by the club members from Miss Pease at the library this evening.

Pythian Sisters Plan Attendance At Convention

A large number of members of Justice Temple, No. 28, Pythian Sisters, are planning attendance at the twenty-fourth annual convention of District No. One, Pythian Sisters, which will be held in Marquette, Thursday, May 23, opening at 10 o'clock in the morning. The meeting will be attended by delegations from all parts of the peninsula. A program of unusual excellence has been arranged. One of the outstanding features will be a class initiation of candidates furnished by every Temple. For this occasion the exemplification of the ritualistic work of the order has been assigned to members of various Temples and all have been busily engaged in practice in preparation for it. The convention meetings are open to all Pythian Sisters. The word Canada is said to be derived from the Iroquois word Kannaata, meaning a collection of huts.

Births

Mr. and Mrs. Walter Manntte, 312 South Twelfth street, are the parents of a daughter, born Thursday at the St. Francis hospital. A son was born Thursday at the St. Francis hospital to Mr. and Mrs. George Miller of Nahma. Mother and baby are both doing well. Mr. and Mrs. John Edgar, 421 South Ninth street, are the parents of a son, born Thursday at the St. Francis hospital.

Flowered Eggshell Gowns Are Smart

Washington (AP)—Flowered patterns on eggshell color dresses are smart in the capital this spring. At the dinner given by President and Mrs. Hoover for the King and Queen of Siam, Mrs. Charles Evans Hughes, wife of the Chief Justice, wore a bouffant gown of eggshell tulle brilliantly flowered. Mrs. William Borah wore eggshell chiffon flowered in bunches of pink roses and violets.

# BUY A POPPY

REMEMBER THOSE WHO GAVE THEIR LIVES BY HELPING THOSE WHO STILL SUFFER

**T**ODAY you are asked to buy a poppy, to wear it in your buttonhole. You are asked to show, by this small sign, that you have not forgotten. A few years ago, when the youth of America gave up jobs and homes and families in order to fight for you, you were very proud. When thousands of your boys went West with a smile, you thought you could never forget. Today you are asked to remember.

Yet all heroes are not dead heroes. Many more thousands

of your boys returned, and were put away in hospitals. And are still there. Some have lost their limbs. Some are blind. Some are making the best of one lung. Some are gas-ridden ghosts. They want to forget, but they can't. In their cots, in their wheel-chairs, they have plenty of time for memories.

Today, you who have your job and home and family, you who have life, you who are free to live, are asked to brighten your buttonhole with a little red poppy. You are asked to give, ever so slightly, so that those boys who suffer may suffer less. You are asked to remember.

SENIOR BALL
BIG SUCCESS

Hundred Couples Attend
One of Prettiest
Parties of Year

Last evening the high school gymnasium was the scene of one of the prettiest parties of the year when the senior class entertained the underclassmen, alumni and guests at the annual senior ball.

A modernistic decorative scheme in the class colors of purple and silver was carried out. Triangular effects were created by the draping of twisted streamers along the side walls and balcony.

The grand march, the feature of the evening, was led by Milton Lindblad, president of the class and his guest Ruth Ward, with Astrid Hellman, vice president of the class and her guest, Kenneth Johnson following next in line.

Vesper services at the First Lutheran church on Sunday evening will be featured by an address by Evangelist Frank Erickson, Ardover, Ill., travelling evangelist and home missionary for Augustana synod.

Wear a Poppy
Conduct Street Sales Today; Funds for Relief Work.

Wear a poppy! Today people of Gladstone are called upon to observe Poppy Day by wearing one of the little red flowers made by disabled servicemen in Michigan veterans' hospitals, in memory of the service of which left many to suffer for years, while many of their dependents are in want.

The flowers will be sold on the streets of the city by girls of the senior and junior high school, the Boy Scouts and by members of the Parent Teachers' association, the latter organization directing the work.

A house to house canvass will be made in the morning and street sales will continue throughout the afternoon and evening. Funds received will go for the relief of disabled and dependents.

Conceal Stories

There is a story behind each little flower. Each poppy has been made individually by some disabled veteran who through his work has been able to help himself or his family in the long struggle against the handicaps of war disability.

Viola Foster, who is ill at the home of her parents, Mr. and Mrs. William Foster, is improving slowly.

Elder Clarence Rentfro of the Iron River Reorganized Church of Latter Day Saints officiating. Interment will be made in Fernwood cemetery.

THEATRES

RIALTO
As a wise-cracking, crap-shooting Wall street messenger boy whose unusual luck wins him fame as a notorious racketeer, Eddie Quillan will be featured in the leading role of "Big Money," which will open at the Rialto theatre today. It is declared by far the most delightful dialogue picture in which Quillan has thus far appeared.

CINDER BLOCKS

GENERAL USE

The entire field of masonry construction is covered by Cinder Concrete Building Units. Suitable sizes are standardized for use in load-bearing walls, above or below grade, in curtain walls, in partitions and in all types of permanent construction.

Residence construction, in which these units were first employed, gave unmistakable evidences of the almost infinite adaptability of the material and the economies in construction made possible by its use.

**OBITUARY**

**LESTER DAVID HANSEN**  
Pneumonia, following a two weeks illness with measles, claimed the life of Lester David Hansen, eight months old son of Mr. and Mrs. Peter Hansen, 519 South 14th street, at 4 a. m. Friday. The body was taken to the Anderson funeral home, and will be returned to the family home this afternoon. Funeral services will be held at the home at 3 p. m. Monday, with burial in Lakeview cemetery. The Rev. Carl E. Berger of the Presbyterian church will officiate.

**SAMUEL PINTAL**  
Funeral services for Samuel Pintal, old resident of Escanaba, who died Wednesday night, will be conducted this morning at 9 o'clock at St. Anne's church, with Rt. Rev. Msgr. R. G. Jacques, as celebrant at the requiem high mass.  
Burial following the services will be made in the family lot in St. Anne's cemetery. Pallbearers, old family friends, will be Joseph Rousseau, Paul Deslets, Joseph Dery, Albert Cossette, Cyrian DeVost and Severo Savageau.  
The Holy Name society, whose members gathered at the home Friday evening for recitation of the Rosary, will have members in attendance at the services this morning.

**MRS. FAHANA ROBERTSON**  
Funeral services will be conducted this afternoon at 3:30 o'clock at the H. J. Robertson home, 403 Second Avenue South, for Mrs. Fabia Robertson, widow of the late James Robertson, widely known resident of this city, and of Delta county, whose death came Thursday at the home of her son-in-law and daughter, Rev. and Mrs. P. B. Ferris, Chilliote, O.  
The body, accompanied by Rev. and Mrs. Ferris, will arrive this morning from Chilliote and will be taken to the Robertson home. Rev. Carl E. Berger,

pastor of the First Presbyterian church, will officiate at the services this afternoon. Burial will be made in the family lot in Lakeview cemetery where Mr. Robertson was buried several years ago.  
Pallbearers will be William L. Bacon, Albert H. Grossbeck, W. J. Clark, E. C. Voght, Fred Leighton and Ben F. Young.  
Coming here for the services aside from Rev. and Mrs. Ferris are Mrs. A. D. Potter and Mrs. J. F. Healy of Detroit; Mr. and Mrs. A. J. Robertson of Moose Lake, Minn., and R. E. Noreus of Moose Lake, Minn., who are arriving this morning.

**Railway Veterans  
Close Convention**

Escanaba members of the Chicago & North Western Railway Veteran's association, and of the Chicago & North Western Railway Women's club are returning to their homes here after attending the annual convention of both organizations, held Tuesday and Wednesday, at the Hotel Sherman in Chicago.  
The Veterans' association at its closing meeting elected James H. Malloy, former yard master at Ishpeming and known to many upper peninsula people, as its president.

**Billet Children  
Are Given Poppies**

Detroit, (AP)—Through the beneficence of an unnamed Detroit war veteran, 80 children, sons and daughters of disabled veterans, will wear poppies on Memorial Day, May 30.  
Charles H. Schults, department commander of the American Legion here, has announced that the veteran, who request that poppies be presented to the 80 residents of the American Legion Children's Billit, at Otter Lake, to be worn on Memorial Day.

**Roman Banquet Is Attended By Many**

Newberry, May 22 (Special)—"To do as the Romans do" was the experience of the large group of faculty members and students who gathered in the dining room of the community building on Thursday night as the guests of the Latin classes of Miss Maloney, language instructor of the local high school at what was called a "Roman banquet." It was an unusual and interesting event and went off with a fine success.  
The invitations had been issued in the form of rolls and printed in Latin as was the menu and the songs which were used following the dinner. Wrestling, fist-fighting and juggling took place between the courses. No silver was used at all, only plates and cups being on the tables. Sardines, olives, green onions were served first by "slave" girls in pretty colored dresses. Large basins of warmed water and towels were passed between courses. Lettuce leaves on which slices of hard boiled eggs served with salt was the salad course followed by roast pork, mashed turnips, beans boiled to a mush and prepared with tomato sauce, and salads of chopped raw vegetables. Crusty toast was served to be used to convey the food from the plate to the mouths of the diners who soon became expert at that sort of art. Mint candies were passed by the "slaves" from time to time and large glasses of milk. Most of the food was served from large wooden bowls with wooden spoons.  
"Wine" made from fruit juices was brought in large jugs and Mr. Fred Hicks was asked to mix it, using a wooden bowl twined with flowers and giving the product his most careful attention. After drinking of this and "growing happy" according to the instruction of Miss Maloney, the Latin songs were sung.  
As all of the guests wore "togas" made of bed sheets and had been relieved of their shoes by pretty "slaves" as soon as they came to the table the informality of the event was assured. From time to time there was a pause in the festivities while a serious minded student intoned an invocation to some god or another after which the fun started again. It was all very nice and good to watch besides being instructive. Miss Maloney is to be complimented upon the unusual event.

**LOAN REPAYED**  
Superintendent C. L. Bystrom on May 21 received the first repayment which has come to the Newberry high school Student Loan Fund when one of the first to benefit from this loan returned the \$75 plus \$12 for interest. The payment of interest is not stipulated in the loan contract but only that the money shall be repaid within six years after the student has begun to earn. This student, now a graduate nurse, borrowed the money in 1929. The sponsors of the movement, which was heavily subscribed to by local business men, including Chief Justice Louis H. Fead and Congressman F. P. Bohm, are gratified at this first repayment.

**"BUCK UP" and "WOW"**  
**The New Amusement Machines,**

the first two out on display at Fritz's Butter-Kist Popcorn stand, opposite the new Junior High School, Ludington Street, Escanaba, Michigan.  
These machines can be placed in any amusement place. Dance halls, pool rooms, hotel lobbies, summer resorts, carnivals, etc.  
"Buck up" needs no attention. Any game can be played on the machine "Wow."  
Come try a nine inning ball game. Two even numbers of players, men and women. Each throws four balls, a hit counts for one base, four hits in one inning counts for a run.  
It is fun and you get your arms in shape and learn to throw straight.  
Order a machine for your place. Easy terms to suit

**SOIL MANNA**

Listen to what may sound incredible to you:  
The late George Dutton informed us that he could raise two crops of celery per season with commercial fertilizer costing him \$5 per hundred pounds, but never the three excellent crops he could easily grow when Soil Manna was used.  
Mr. Dutton was as good a gardener as ever stepped into shoe leather. He became quite jealous when he saw his neighbors could beat him gardening and from the day he found that his neighbors were using Soil Manna, he would use no fertilizer other than this natural product.  
The price is \$1.00 to \$1.50 per hundred pound sack delivered to your door. Rebate to farmers using one or more tons. For Sale by
