GEN. MITCHELL URGES UNIFIED AERIAL FORCE

FUTURE WARS WILL BE IN AIR AND UNDER SEA

BY DAVID LAWRENCE (Copyright 1931, by the Escanaba Press) Washington, June 2—From the deck of his yacht on the Potomac, General William Mitchell, who commanded more than a thousand planes in action on the western front, looked up at the air maneuvers here and exclaimed: "That air force is strong enough to sink the combined navies of the world and yet it costs less than half of one battleship."

The airplanes that whizzed overhead, more than 600 of them, marked the completion of the famous five year program begun when General Mitchell stirred up a controversy in an effort to develop a unified air force which would rank as an arm of national defense in equal importance to the army and navy.

Efficiency and Economy The five year program is not what was originally contemplated but it is, nevertheless, the greatest peace time force of airplanes the United States has ever had, also it is the first time any such number of planes for manuevers since the war.

Coming at a moment when President Hoover is urging economy in national defense expenditures most of the aviation enthusiasts were particularly disappointed that the president did not see the decoration day exhibition of aircraft.

General Mitchell doesn't think there is any reason against air planes except more airplanes. He thinks the anti-aircraft gun is relatively unimportant and that the war of the future will be fought in the air or under the sea.

"We'll never get any efficient force in my judgment," said the General "until we have a separate air force which is not under the supervision of the army or the navy."

Kirkland Back In Porter County Jail Va'paraiso, Ind., June 2 (AP)—Virgil Kirkland was back in the Porter county jail tonight while prosecutors considered means to increase the one-to-ten year sentence imposed upon him in the death of Arlene Draves at a Gary liquor party last November.

Robert East, chief prosecutor, said he had found a state supreme court decision that the trial judge loses jurisdiction in a case once sentence is pronounced and its execution started.

The prosecutor said, however, that the state might be able to restate the charge of "murder by striking with the fist" on which Kirkland was convicted in his first trial for the death of the girl. The charge was dismissed in his second trial.

Hearst Urges National Debt Be Increased

New York, June 2. (AP)—William Randolph Hearst, head of the Hearst newspapers, tonight in a radio address urged the government to borrow \$5,000,000,000 to restore prosperity and suggested that it could pay off the debt in five years by abolishing prohibition.

"This is not a time to reduce the national debt through burdensome taxation and thereby reduce prosperity," he said. "It is a time to increase the national debt and increase the expenditure of the government in public works, in the employment of labor, and thereby increase prosperity."

"Then out of prosperity to pay off the debt." Prosperity, he continued, means increased incomes and values out of which the government would eventually get, even with moderate taxation, an increased income to pay off the loan.

Would Pay Debt. "And," he added, "if the government desires further to increase its income let it end this folly of prohibition which does not prohibit, and substitute government control of the manufacture and distribution of alcoholic beverages, and so secure for itself, on the basis of the figures of Canada's excise income, an additional income of a billion dollars a year."

That excise income to the United States government of a billion dollars a year would in itself pay off in five years five billion dollars borrowed and spent to restore prosperity.

Mr. Hearst gave "over-capitalization" as the cause of the depression in his address, broadcast over a national radio hookup of the Columbia system. He criticized industry for failing to use the increased income it received during the period of prosperity for "higher wages and shorter working hours" for its employees.

"If this had been done," he said, "the shorter working hours would obviously have prevented any lack of employment."

DEFULT DEBTS OF COOK COUNTY Lack of Funds Prevents Payment of Obligations Chicago, June 2 (AP)—A thunderbolt cracked out of Chicago's darkened financial sky today as principal and interest payment of \$1,588,400 in Cook county bonds were defaulted for lack of funds.

PINCHOT HITS POWER TRUST, RITCHIE TALKS

GOVERNORS OF EAST UPSET PROGRAM AT MEETING

French Lick, Ind., June 2 (AP)—Two eastern executives, Governor Albert C. Ritchie of Maryland and Governor Gifford Pinchot of Pennsylvania, upset the program of the annual governors conference here today with attacks on prohibition and public utilities.

The Pennsylvanian discarded the subject of reforestation assigned to him and instead launched into an address charging that the electric power interests are "milking the public," through yearly overcharges estimated at half a billion dollars.

Governor Ritchie said if the prohibition question was turned back to the states the resultant system of excise taxes might do away altogether with federal income taxes and at "one stroke relieve capital, labor and agriculture from the tax burdens which rest so heavily upon them."

Speeches Surprise The Marylander got in a few words also about economic conditions. "You cannot have from five to eight million people wanting work and unable to get it without knowing that this constitutes a challenge to our social order and that it is the strongest argument for communism unless it is solved," he said.

Governor Ritchie's remarks were a surprise to the score of state executives attending the conference inasmuch as a program arranged by the executive committee had purposely excluded controversial subjects.

He said if he were to offer any criticism of the annual conference it would be "that we strive too hard to keep controversial subjects out of our discussions."

Governor Pinchot supported Governor Ritchie's departure from the subject assigned to him. "Is there any imaginable reason why he should not have spoken on public utilities?" asked Governor Ritchie.

In his attack on the utilities Governor Pinchot said that huge electric utility systems have grown up through consolidations until "about 90 per cent of the total electric power generated in the United States is under the domination and control of four major interests."

Three Texas Guinan's Show Girls Run Away On Eve of Departure

BY ADELAIDE KERR Havre, France, June 2. (AP)—Three of Texas Guinan's dancing girls who were to have been sent back to New York tomorrow, upset the plans of French officials tonight when they quietly slipped through the back door of their detention hotel and ran away.

Special police and detectives took up the chase several hours later. Paris officials were told to keep a lookout for them on the theory that the girls may have headed for the capital, their original destination.

Two Girls Return. The runaway girls are Evelyn Martin, Norma Taylor and Mabel Schwartz. They were accompanied at the start by two other members of Miss Guinan's "gang," Anne Holyn and Anne Eckdell, who returned voluntarily to the hotel an hour later, saying that they had been on a shopping tour.

Miss Boleyn and Miss Eckdell were confined to their rooms in the hotel under guard. The three missing girls were last seen having tea in the Hotel Frascati with Pietro Crespi, 24, a wealthy cotton merchant of Dallas, Texas.

Meanwhile, Miss Guinan and the other girls of her party, who were not allowed to go to Paris, were making ready for their return trip on the French liner Paris tomorrow.

Return Grate. The controversy over passage for the returning party was settled tonight when a representative of the French lines said that his company had agreed to take the party back to New York without charge in first class accommodation.

Previously it had been indicated that Miss Guinan might have to pay for the return passage. The company's decision is understood to have been reached at the request of Premier Pierre Laval and it is intimated the French government may stand part of the expense.

Repeated efforts to have the French government reverse its decision and allow the troupe to go to Paris were unsuccessful. Officials in Paris were firm after they received numerous protests from actors associations and in view of the employment situation.

STATE TAXON MALT GOES IN EFFECT TODAY

INSPECTORS READY TO PAY VISITS TO DEALERS

Lansing, Mich., June 2 (AP)—The new state malt tax will become operative Wednesday, according to an announcement today by Frank D. Fitzgerald, secretary of state. A score or more inspectors connected with the motor vehicle and certificate of title divisions of the state department will visit dealers, manufacturers and jobbers. They will have with them application blanks for dealers who have not complied with the law by taking out a certificate of registration.

Under the act every retail dealer selling malt or wort must pay an annual fee of \$25, plus \$100 and manufacturers \$250. Vehicles used exclusively in the business of transporting malt products must be registered at a cost of \$25. Grocery delivery wagons and privately owned automobiles which are only casual carriers of malt are exempt under a ruling by Fitzgerald. He declined to follow an opinion by the attorney-general, holding that every vehicle transporting malt must pay. Every chain store must have a certificate, Fitzgerald decided. This also was contrary to the attorney-general's ruling.

Alley Breweries An effort will be made to assess malt used in alley breweries in Detroit and other places, according to Clark Gray, head of the division handling the malt tax. He said wort is transported to the breweries in trucks containing concealed kegs. Men will be posted at the manufacturing plants and when the trucks, usually used at night, roll out payment of the tax on the amount of malt carried will be demanded. Under the old malt tax act most of the product used in alley breweries escaped payment, he said. Gray believed if the worth which formerly escaped taxation can be levied against them the state's collections will be greatly increased.

Old Stamps Invalid The law imposes a tax of five cents a pound on malt and five cents a gallon on wort. It is illegal to sell the product without the required stamps affixed to the container. Old stamps, left in the hands of dealers when the former malt act was held invalid, will be exchanged for new stamps. Stamps will be obtainable in branch offices of the state department at Detroit, Grand Rapids, Flint, Saginaw, Jackson and Marquette, as well as at Lansing.

The new malt tax was sponsored in the legislature by Speaker Fred R. Mine, of the house, and other northern legislators, who contended there should be a tuberculosis hospital in the northern part of the state. The northern part, estimated at \$2,000,000 or more a year, will be used for tuberculosis work. Governor Brucker vetoed the bill on the ground it was wrong in principle, but the legislature overrode the veto.

Clark Bound Over On Murder Charges Los Angeles, June 2. (AP)—David H. Clark, former deputy district attorney, was bound over to the superior court today for trial on charges of murder of Charles H. Crawford, political boss, and Herbert Spencer, former newspaper man. He was admitted to a \$10,000 bail.

The hearing concluded while city voters were casting their ballots in an election in which Clark is a candidate for municipal judge. Clark's only appeal to the voters was "I am innocent of these charges."

He was identified twice during the hearing as the man seen at Crawford's office immediately before or after the shooting on May 20.

U. S. GIRL, 15, IS TOAST OF FRANCE

HOOPER SAYS CUT RECEIPTS ARE TO BLAME

Washington, June 2 (AP)—After government finances had been discussed by President Hoover and his cabinet today the White House announced the national debt would be increased \$500,000,000 for the fiscal year ending June 30 because of falling revenue and increased expenditures.

On the other hand, it was said, agriculture department officials had informed the president that \$11,000,000 would be saved this fiscal year and \$20,000,000 next year from the department's appropriations.

As part of his announced program to trim governmental expenditures as much as possible, President Hoover today requested navy department officials to meet with him over the week-end at the Rapidan camp to seek for means of saving in that branch of the government.

Receipts Fall The deficit, a White House statement said, will be approximately \$800,000,000 to \$950,000,000 for the year. Of this amount \$400,000,000 will be due to the redemption of the public debt required by law so that the actual increase in national indebtedness will amount to about \$500,000,000.

The deficit is due, it was said, principally to a falling off in treasury receipts caused by the depression. They apparently will be about \$840,000,000 below those for the fiscal year ending June 30, 1930. Added to this amount is the additional burden of about \$50,000,000 caused by a drop in postal receipts.

There has been a 15 per cent increase in expenditures for construction work and agriculture relief, which is expected to amount to approximately \$540,000,000 more than was expended for those purposes the last fiscal year.

Slack National Debt These figures alone—a reduction of \$890,000,000 in receipts and an increase of \$540,000,000 in expenditures—would indicate that the government would be over \$1,430,000,000 behind last year.

It was said at the White House, however, that reductions in expenditures brought about by a study last summer amount to \$180,000,000. Also, during the fiscal year ended last June the debt was reduced by \$305,000,000 in excess of the statutory amount while this year it is (Continued on Page Two)

RIVER CLAIMS HULBERT MAN

Edward Smith Drowned in Attempt to Reach Sick Father

Newberry, June 2 (Special)—Drowned when he attempted to reach his sick father was the 15-year-old son of Edward Smith of Hulbert, whose body was found this morning on a bar a short distance below Twelve Mile cabin by David Coreson and Leon Griffing, members of a party searching for him since late Wednesday.

Michael Smith, the father, owns several hunting cabins on the Tahquamenon and a home in Hulbert where the two have made their home for years. The elder Smith staying in the lower cabin was sick and sent word a boat down as he was unable to paddle. Ed left home about two p. m. for the nine mile walk to the river where the cabin is on the north bank. He is believed to have drowned while swimming the stream to reach a boat kept there.

In the meantime the father by paddling part of the way and walking the banks managed to reach the cabin at 11 o'clock that night but was in so much pain that he could not sleep. When daylight came he saw the coat and hat of his son on the farther shore. Search was started at once and the body found today.

Present Newspaper Better Than Paper Of Few Years Ago Atlanta, June 2. (AP)—Major John S. Cohen, president and editor of the Atlanta Journal, today told delegates to the national editorial association convention the public is getting a better newspaper, not only from a mechanical standpoint, but from one of intelligence, than it received a few years ago.

Major Cohen said no field of endeavor was left untouched in the columns of the modern newspaper, and added that he was "surprised to hear publishers make statements that they consider radio real competition." He advised editors who did not own or operate a radio station to "utilize the advantage of the radio to the fullest extent." He said television, "when it comes," will not be a competitor to newspapers.

Man Who Shot His Wife Is Arrested Lansing, Mich., June 2 (AP)—Joseph Reeves, 30, who shot and seriously wounded his wife, Helen, as she sat in an apartment chatting with friends here Sunday, was taken to the county jail at Mason today following his arraignment at which he demanded an examination. His bond was set at \$50,000, which he could not furnish. The date for his examination was not set. Mrs. Reeves is expected to recover in a hospital.

FIND DEAD BODY Lansing, Mich., June 2 (AP)—The body of Martin Maurer, 64, a laborer, was found in the weeds near a road intersection here today. He apparently had been dead several hours. Coroner Ray Gorsline said there was no indication of a struggle.

ECONOMY PROGRAM HELPS TO TRIM EXPENSES

TRAIN ACCIDENT NOT AVOIDABLE

Crew and Driver of Car in Moss Lake Crash Are Exonerated

That Bernard McEachern, 25, Cooke, who was instantly killed Sunday evening when an auto in which he was riding with two other persons was struck by a west-bound Soo Line passenger train at the entrance to the Pine Grove resort at Moss Lake, came to his death through an unavoidable accident and that neither the train crew or driver of the auto were guilty of criminal negligence, was the finding of a coroner's jury at an inquest into the fatal accident held yesterday afternoon in Gladstone.

The two other occupants of the auto, George McEachern, 23, a brother of the unfortunate man, who was driving, and Lona Tebo, 23, were both seriously injured and are now in the St. Francis hospital at Escanaba. Recovery of George is doubtful.

The verdict exonerated Oliver V. Kurker and Edwin D. Van Horn, Gladstone, engineer and fireman of the train, as well as George McEachern driver of the car, of all blame in the tragic accident.

Signals were Given According to testimony given the highway parallels the railroad track for several hundred feet east of the crossing where the accident occurred giving an unobstructed view. All witnesses agreed that the crossing signal had been given by both whistle and bells as the train approached.

It is believed that neither the driver of the auto or the other passengers were aware that the train was approaching when the car was driven upon the crossing.

E. D. Van Horn, fireman on the train, saw the car first when the engine was about 400 feet from the crossing. The car was then about 60 feet from the rails. When the engine was about 200 feet away he said the car was about 12 to 15 feet from the crossing and traveling slowly, about six miles an hour. Sensing (Continued on Page Two)

SLAYER CAUGHT AFTER 6 YEARS

County Police Official Gets His Man After Long Search

Mineola, N. Y., June 2 (AP)—A county police official, who did not relax in hunting for a slayer for six years, today landed his man, Philip Knox Knapp, charged with killing Louis Panella, a taxicab driver.

Inspector Harold King of the Nassau county police walked up to a little house on a quiet street in West Orange, N. J., early today, and a smiling young man opened the door.

A few minutes later the young man admitted he was Knapp and that he had killed Panella. Before the day was over he had been brought by airplane to Mineola, arraigned on a six-year-old indictment and locked up in Nassau county jail to await trial.

In West Orange the young man left a dazed and frightened young woman to whom for five years he had been Allen Kingsbury Phillips, a devoted husband. He told her his story a few minutes before relating it to the police, and with his arm around her shoulder, he said: "And so all my life has been a lie."

A few days ago Inspector King, checking through his records, told a subordinate once more to send out circulars on Knapp and to be sure that copies went to the army, navy, marines, and coast guard. At the time of the slaying Knapp, member of a well-to-do Syracuse family, was an enlisted man in the air service at Mitchell Field.

Railroad Trainmen Decline to Join Labor Federation

Houston, Tex., June 2. (AP)—The Brotherhood of Railroad Trainmen in triennial convention here late today declined to join the American Federation of Labor. An invitation had been issued to the brotherhood by the federation president, William Green.

The report of the committee on joint relations, which President A. F. Whitney said was adopted, concluded: "Under existing conditions it appears to your committee that affiliation with the American Federation of Labor can only be affected by the relinquishment on our part of jurisdiction over classes of service which we have represented for many years, and unless and until this condition is eliminated, we do not recommend an affiliation."

PLANS STARTED TO END DISCORD

Negotiations Under Way Between Holy See and Italian State

Rome, June 2 (AP)—Secret negotiations to break the deadlock between the Holy See and the Italian state were in progress tonight.

Following the closing of Catholic youth clubs by the Italian government, it was learned from a word source that conversations are being conducted by Cardinal Gasparri, who signed the Lateran treaty and Concordat in 1929.

Cardinal Gasparri spent an hour today in the office of the papal secretary of state and it is generally understood that the aged retired statesman is connected with the handling of the present situation.

Considerable mystery surrounds these conversations and the identity of others taking part in them. Both the papal and the Italian foreign office say that they are proceeding but no details have been made public.

Observers point significantly to the fact that the papal nuncio to Rome is still at his post. Many diplomats had expected his recall as a protest against Premier Mussolini's ban on Catholic youth organizations.

The nuncio again today declared that the Catholic action was never a political group, and advised a delegation of Mexican pilgrims to be careful not to mingle in politics.

Meanwhile the atmosphere today was cleared of some of its doubts. Playgrounds of the Knights of Columbus were said to have been closed under the general order against the Catholic organizations. The T. M. C. A., however, through a sort of affiliation with the Hallists, an organization for Fascist boys, was allowed to reopen after half an hour technical closing of one room.

Fall Will Learn Of His Fate Soon

Washington, June 2 (AP)—Only a few days remain before Albert B. Fall will learn whether his dwindling hopes of escaping prison have vanished.

The Supreme court ended the former interior secretary's effort to reverse his conviction on a charge of accepting a bribe from Edward L. Doheny yesterday by refusing to review the sentence of a year in jail and a fine of \$100,000.

Fall's friends, however, are still hoping that he will receive either a presidential pardon, or suspension of the prison term.

Bachelor Doctor Stabbed to Death

New York, June 2 (AP)—Assassins crept into the Brooklyn mansion of Dr. George Edward Deely, 35-year-old bachelor, early today and stabbed him to death after a vain attempt to strangle him as he slept.

"Revenge lies behind this crime," announced Police Commissioner Edward P. Mulrooney shortly after he had taken personal command of detectives assigned to the case.

The body was found by police after the caretaker of the doctor's house had vainly tried to arouse him. Lying on an oriental rug in a bedroom the body bore eight stab wounds. The skull was crushed, and the medical examiner said the assassin probably pounded the head on the floor after the first was dead.

Legion Commander Will Visit Detroit

being held to the legal requirements.

These two sums, it was explained, make a difference in the financial situation of \$485,600,000 and will result in a final deficit of about \$900,000,000 or \$950,000,000. As stated, this deficit of \$900,000,000 or \$950,000,000, about \$440,000,000 will be expended in the statutory redemption of the public debt so that the net increase in the debt for the fiscal year will probably be about \$500,000,000.

The administrator of veterans affairs reports that the loans so far made upon bonus certificates now total \$1,925,947,000 to 1,371,966 individuals of which \$184,481,000 has been furnished from insurance and other funds, about \$68,000,000 from the banks, and \$751,466,000 from sale of treasury obligations.

Young Hi-Jackers Caught by Police

Detroit, June 2 (AP)—A 15-year-old boy was in the Hamtramck General hospital with a bullet in his abdomen and his two youthful companions were in jail tonight as a result of what the police believe was a hi-jacking venture. The shooting and the arrests occurred at 2 a. m. today when two Hamtramck patrolmen noticed a small car being driven in an erratic manner. They chased the car and forced it to the curb. During the chase one of the officers shot Joseph Kotcher, who was driving. Edward Wojciechowski, 19, and William Rudnicki, 17, the other two boys in the car, surrendered.

Drowned Woman Is Still Unidentified

Houghton Lake, June 2 (AP)—The body of a young woman drowned here yesterday remained unidentified tonight after the mother of a missing Detroit girl had viewed it and said it was not her daughter. Sheriff L. S. Gould said he had no clue to her identity.

Mrs. Elizabeth Sturm, of Detroit, came to Houghton Lake late today after reading a description of the dead woman which, she said, fitted her daughter, who ran away a week ago. She said she had never seen the woman before.

Alleged Kidnaper Waives Examination

Grand Rapids, June 2 (AP)—Arrested on a charge of kidnaping 15-year-old Iva Fendler, of Sparta, Arnold Church, 23, also of Sparta, waived examination in justice court today. He was bound over to the circuit court under \$1,000 bond.

Church and the girl were returned here last night from Mansfield, O., after the girl's mother had signed a complaint charging the youth with kidnaping. The couple had been missing for more than a week.

Three Bank Robbers Enter State Prison

Jackson, Mich., June 2 (AP)—Gerald P. Grandon, Louis Kish, Jr., and Adam Morgan, sentenced yesterday for the \$12,000 robbery of the Pontiac Commercial and Savings Bank May 22, entered the Michigan State prison today to start their sentences.

Grandon, a former teller in the Pontiac bank, will serve from 25 to 40 years. The other two will serve 20 to 40 years each.

Apparently resigned to their fate, the three prisoners were led to the quarantine cells where they will remain the first two weeks in prison.

Judge Postpones Gangsters' Trials

Detroit, June 2 (AP)—The trials of Ted Pizzino and Angelo Livechi on indictments charging them with the slaying of William Cannon and George Collins, Chicago narcotic runners, were set over until June 10 by Recorder Judge W. McKay Skillman today.

The trials had originally been set for today but a motion to quash the indictments had previously been filed in circuit court. Arguments on this motion will be heard by Judge Lester S. Mo Monday.

Jefferson Davis Statue Unveiled

Washington, June 2 (AP)—A statue of Jefferson Davis was unveiled today in Statuary Hall in the presence of an applauding audience including some who fought in battle with the only president of the confederacy.

The towering figure of the man who once waited in irons to be tried for treason took its place alongside the heroes of other states whose likenesses previously had been placed in the hall at the capitol.

At the same time a statue of James Z. George, a private under Davis in the Mexican war, chief justice of Mississippi and long a United States senator, was unveiled.

John Kelly, 71, Still in a Coma After Accident

John Kelly, aged inmate of the Delta county infirmary, who was seriously injured Monday when he was struck by an automobile near the sawdust road at Wells, is still unconscious at St. Francis hospital where he was taken in an ambulance after the accident.

Mr. Kelly has no known relatives and has made his home at the poor farm for the past eight years.

TRAIN ACCIDENT NOT AVOIDABLE

that the car was not going to stop he reached for the whistle lever and with the crash stepped across the cab to tell purker, the engineer, that they had hit an auto. He did not see the car again until the train had stopped and backed up to the scene.

Kurker, testified to blowing the crossing signal from the signal post, a quarter of a mile east of it. Being on the right side of the cab, he did not see the car, and did not know of the accident until told of it by Van Horn. He then applied the brakes and when the train stopped, backed up. He told of talking the accident victims aboard the train and leaving for Gladstone.

Car Moving Slowly
Lyle Tobin, Nahma, and Dave Kaskie, Chicago, both eye-witnesses told of the crash. Both were standing several hundred feet away and were united in the belief that the car, which was traveling slowly would stop for the crossing. They heard the signal, the crash upon impact and the sound of brakes being applied but did not see what happened to the car until they rushed to the spot. The McEachern boys were lying one on each side of the car and Miss Tebo farther to the west. The car had been hurled about 80 feet.

Dalma Grouleau, Isabella, who was one of the first to the scene, described the scene. He said that Bernard was dead when he arrived, that George was lying on the other side of the car, unconscious and that the girl was some 20 feet from the wrecked auto. She was conscious and her first question was "What happened?"

Joseph Carney, undersheriff, who aided in the investigation of the accident, and Cary Freytag, Isabella, who was just across the road when it happened and heard the crash, also testified.

Coroner George Bjorkman, Gladstone, presided, as the inquest which was conducted by Pros. Atty G. W. Jackson. The jury was composed of Claude Anderson, Arthur Sawyer, John Nelson, Frank Quinn, Robert Gamble and Willard LaFond.

Longworth's Car Sold to Senate

Washington, June 2 (AP)—Democratic Leader Garner of Texas will be the next speaker of the house, but he will never be the owner of "our car."

For the limousine used by the late Speaker Longworth has been sold to the senate for official use. Garner, a close friend of Longworth, referred to the automobile as "our car."

Longworth always denied the joint ownership, but used to drive his cronies "Jack" home after the day's sessions.

A new car will be purchased for the next speaker.

Take Fingerprints Of Law Violators

Springfield, Mass., June 2 (AP)—The federal government today began the taking of finger prints of all Volstead act violators penalized by Judge James A. Lowell in the federal court with penalties of a jail sentence or probation.

The government believes that in this way it will be able to keep a closer watch on all probationers and others who have been sentenced to jail.

corps and so has the army. Over the week-end Rear Admiral Moffett, chief of the bureau of Aeronautics of the navy, made a significant speech criticizing the American Legion for not interfering itself more in problems of national defense. No reference was made to the present economy program but it is assumed that the military and naval men here feel helpless, in view of the fact that they are forbidden to agitate publicly in behalf of appropriations for any branch of the service. The American Legion of course has no such inhibitions. Admiral Moffett's point was that the Legionnaires were powerful enough to get the bonus for themselves and apparently would be equally influential in matters of national defense.

There is no doubt that the air men of the army and navy have felt nervous about the future of their respective activities, particularly since the army and navy have been asked to prune expenditures right and left. The economy program will afford a real test of how far aviation has taken hold in the national defense program of the nation.

It is regretted here that the maneuvers did not take place while congress was in session. The assembly of planes from every state in the union would have made an impression on the legislators especially as revealing the splendid progress made by the national guard in developing aviation.

Presbyterian Body Scores Council Of Churches of Christ

Pittsburgh, Pa., June 2 (AP)—The Federal Council of Churches of Christ in America was criticized by the general assembly of the Presbyterian church in the U. S. A. today for the birth control report issued by a Federal Council committee but the assembly then took no action on proposals that it withdraw from the council.

It did, however, approve a statement that "the general assembly disapproves ecclesiastical pronouncements on the subject of birth control," and instructed the council "to hold its peace on all questions relating to morality and delicacy" until they can be discussed by its constituents.

Burmese Police and Rebels Clash Again

Rangoon, Burma, June 2 (AP)—Serious encounters between the police and rebels took place during the past few days in the Wettigan region. It was reported here today.

One of a group of five rebels was shot by military policemen who were investigating crimes committed by Daicos.

Later a group of 100 rebels attacked the police, who opened fire but retreated to Wettigan with one constable missing.

Yesterday a body of Punjabis who were sent as reinforcements barely escaped an ambush.

Police at Chittagong frustrated an attempt to blow up the law courts when they discovered four kegs of dynamite near the buildings, with the fuses set.

Electoral Reform Measure Approved

London, June 2 (AP)—The house of commons tonight, by a vote of 278 to 228, passed on third reading the electoral reform bill, which is expected to revolutionize the British election system.

The bill was sent to the house of lords.

Under its provisions voters would register their first and second preference for members of parliament in constituencies where three candidates were running. If the leading candidate then did not poll a clear majority over his two opponents the second preferences would be examined and distributed between the two leading candidates in determining the winner.

MacArthur Attacks Views of Clergymen

Washington, June 2 (AP)—Opposition of some American clergymen to bearing arms in war was said today by General Douglas MacArthur, army chief of staff, apparently to stamp the clergyman as a leading exponent of law violation at individual pleasure.

The general's statement was made in a lengthy letter to Kirby Page, editor of "The World Tomorrow," made public by the war department. Page requested the chief of staff to express his opinions on the results of a questionnaire to clergymen inquiring their views as to whether they would bear arms in case of future war.

Briefs Filed In Bus Line Inquiry

Washington, June 2 (AP)—A variety of opinions on regulation of highway motor transportation was presented today to the interstate commerce commission in a series of briefs in connection with the inquiry designed to develop recommendations to congress.

Railroad Employees, the State Railroad Commission of Iowa, the Railway Express Agency, the Western Traffic Executives committee, the Colonial Navigation company, the St. Louis-San Francisco railway and the Interstate Motor Carriers' Association were among those filing briefs.

Smugglers Plead Guilty to Charges

Detroit, June 2 (AP)—Three more members of the colony of "emigres" which grew up in the Canadian border cities after the customs border patrol scandal of 1928 surrendered today and were sentenced by Federal Judge Ernest A. O'Brien.

Frank Krensch, of Wyandotte, and Leo Rhinivar and Walter Sigorski, of River Rouge, surrendered and pleaded guilty to indictments charging them with bribing customs inspectors to facilitate the smuggling of liquor. Each was fined \$1,000 and given an 18-month term in the federal penitentiary at Leavenworth, Kan. The jail sentence was suspended for four years.

King George Will Witness Derby On His 66th Birthday

London, June 2 (AP)—King George V tomorrow will celebrate his 66th birthday by going with Queen Mary to see the derby run at Epsom Downs.

The traditional "trooping the color" celebration, in honor of the king's birthday, has been postponed until Saturday in order to allow the monarch to witness the derby.

A long list of birthday "honors" were made public tonight, in which the monarch conferred four baronetcies, 24 knightships, one Order of Merit and created two members of the privy council. For the first time in many years no peers were created.

Soviet Russia Asks Credit In Japan

Tokyo, June 2 (AP)—Negotiations were progressing today for the granting of a credit of 50,000,000 yen (about \$25,000,000) to Russia for a period of thirty months.

The Soviet ambassador said the proposed credit was to be used for the purchase of electrical apparatus, ironware and steamers from Japan.

Price of Liquor In Ontario Rises

Toronto, Ont., June 2 (AP)—The price of liquor in Ontario is going up.

The liquor control board announced today a new price list would be furnished liquor vendors Thursday morning. The price scale will be slightly higher for all spirits although the price of beer will be reduced a bit. Empty beer bottles, however, will be worth less.

Mrs. Herrod, 34, Is Taken by Death at Escanaba Hospital

Mrs. Sanford N. Herrod, 34, of Cornell, formerly Miss Elizabeth Nelson, 413 South Tenth street, died Tuesday evening at 8 o'clock at St. Francis hospital. She had been taken to the hospital ten days ago in a grave condition, suffering from carcinoma.

Mrs. Herrod was born in Escanaba January 19, 1897, and was reared in this city. She attended the public schools and was confirmed at the Bethany Lutheran church. Throughout her life she was a devoted member of the church, being active in church work until she became ill.

For the past year Mrs. Herrod had been in failing health. Several months ago she submitted to a serious operation. Following the operation for a time she rallied but a few weeks ago her condition became serious and she was taken to this city for treatment.

The survivors are: her husband; two children, Sanford, Jr., 8, and Nelson, 6; her mother, Beulah Nelson; and one sister, Miss Anna Nelson, of this city; three brothers, Albin Nelson of Escanaba, William Nelson of Ann Arbor, and Elmer Nelson of Cornell.

The body was taken to the Anderson Funeral Home where it will be prepared for burial and will remain until the hour of the funeral services. Services will be held at the

Victims of Crash at Pine Grove in Serious Condition

The condition of George McEachern of Cooks who was seriously injured in an automobile accident Sunday evening at Moss Lake, near Pine Grove pavilion, is still unchanged.

McEachern, who sustained a fractured nose, concussion of the brain and numerous scalp and body bruises, regained consciousness yesterday for short periods of time but relapsed into a stupor later in the day.

Miss Iona Tebo, who was injured at the same time, is reported to be resting easily but is suffering intense pain from multiple lacerations, body and scalp bruises, a fractured foot and leg and her nervous condition is such that positively no visitors are admitted in her room with the exception of her parents, Mr. and Mrs. James Tebo, of Cooks.

CITY WILL STAY WITHIN BUDGET

Sewage Disposal Project Supplants Program For Unemployed

Analysis of the Escanaba city budget for 1931, as passed unanimously by the city council, shows \$82,847 set aside for general city purposes. In addition to \$4,250 for the band fund, a garbage tax of \$4,300, and interest and sinking fund of \$25,872.50, or a total of \$117,269.50 to be raised by taxes as compared with \$127,901 in 1930. Last year the total for general city purposes was \$95,637.25.

In addition to approving the reduction of \$10,632 in the budget as submitted by City Manager T. F. Kessler, the council also went on record as agreeing to stay within the budget for the coming fiscal year, and over-expenditures will be guarded against in all departments. This includes the public works fund, which was over-spent during the past year because of special improvements inaugurated to give work for the unemployed. Work starting shortly on the new sewage disposal system will supplant the entire unemployed program, and it is planned to utilize men for the project who are now registered on the city jobless lists.

Following is a comparative statement, showing the budget estimate for 1930 in each fund and the amount fixed in each fund under the new 1931 budget:

1930	1931
General fund \$11,500.00	\$11,200.00
Engineering fund	3,300.00
City building fund	2,150.00
Fire fund	27,790.00
Band fund	4,250.00
Police fund	18,000.00
Library fund	11,750.00
Public health fund	3,600.00
Welfare fund	10,000.00
Garbage fund	4,300.00
Park fund	4,600.00
Public works fund	13,550.00
Sewage disposal fund	23,713.75
Interest and sinking fund	25,872.50
Contingent fund	-1,332.75
Net expense \$127,901.00	\$117,269.50

Mother of Eight, Mrs. Allen Garvey Called by Death

Death claimed a young wife and mother Tuesday morning at three o'clock when Mrs. Allen Garvey passed away at St. Francis Hospital where she had been taken one month ago in a very critical condition, suffering with nephritis. The death of Mrs. Garvey leaves motherless eight young children.

Mrs. Garvey, who was formerly Miss Jessie Mabel Bruyere, was born May 9, 1894, in Deseranto, Ont., Canada, and was brought here by her parents at the age of ten.

She was married in this city sixteen years ago to Allen Garvey, son of Mrs. Margaret Pearson. They have made their home at 309 North Tenth street for several years.

Besides her husband, eight children survive, James, 15; Jackie, 10; Donald, 8; Robert, 6; Marjorie Jane, 5; Mary Joyce, 3; Barbara Jeanne, one and one-half years, and Patricia Ann, three months.

Two sisters, Mrs. Ernest Robinson of Deseranto, Ont., and Mrs. Gerald Tolan of Detroit, also survive.

The body will remain at the Anderson Funeral Home until the hour of the funeral services Thursday morning at nine o'clock, daylight saving time, at St. Joseph's church when a requiem high mass will be offered. Interment will be made in the family lot in St. Joseph's cemetery.

BRIEFLY TOLD

Thieves Enter Home—Thieves entered the store building of Mr. and Mrs. Ivan Stromberg at Iron Mountain Sunday evening shortly before 11:30 o'clock. They also ransacked the kitchen, dining room and a bedroom, but were frightened away by the arrival of the Strombergs who had been out during the evening.

A wedding ring belonging to Mrs. Stromberg and a child's purse containing a small sum of money were taken. Although Mr. Stromberg had not made a careful check of the stock of merchandise in the store, he believes that a quantity of cigars and candy were also taken. The Strombergs formerly lived in Escanaba.

Harris Residents Attend Funeral of Indian Chief

Sturgeon Bay, Wis.—Approximately six thousand people, including 45 Indians, attended the funeral of Simon Kahquados, Potawatomi chief, and the dedication of a monument in his honor in the Peninsula State Park Saturday afternoon, May 30.

Chief Kahquados was the last lineal male descendant of the oldest known family in Wisconsin and the last hereditary chief and descendant of a long line of Potawatomi chiefs whose early members rendered distinguished service to the first white explorers.

The chief died last November and at the request of C. E. Broughton, Sheboygan editor, the body was embalmed and the editor furnished the steel casket.

The body was interred near the base of a totem pole that Chief Kahquados unveiled a few years ago. Rev. O. Strawch, an Indian missionary, performed the religious service at the grave.

Six Indians acted as pallbearers and Joseph Philomen and James Khasck of Harris, relatives of the Chief Kahquados, sang a hymn in the Indian language entitled "Why Do We Mourn our Departed Friend."

After the regular services the Indians conducted the funeral ceremonies peculiar to their tribe.

A nine-ton granite monument was erected at the grave, and was unveiled by James Waumpum, successor to Chief Kahquados.

William Mauthe, chairman of the State Conservation Commission placed a wreath on the tomb.

Members of the Door County Historical Society attended the impressive ceremony, and were in charge of the burial and dedication ceremonies.

Births

A son was born to Mrs. Catherine Callari, 1411 Sheridan Road, at St. Francis Hospital Monday afternoon. Mrs. Callari is the former Miss Catherine LaChapelle, daughter of Mr. and Mrs. John LaChapelle of this city, whose husband died in Grand Rapids, Mich., February 16 of this year and whose body was taken to this city for burial. Mrs. Callari is very weak and little hope is held out for the life of the new born babe. There are two other children, Robert, 5, and Joyce, 3. Visitors are not allowed owing to her weakened condition.

Mr. and Mrs. James Pryal, 210 North Fourteenth street, are the parents of a twelve pound son, born Sunday, May 31, at the family home. Mother and baby are both doing nicely.

Shoplifters Beware of Escanaba!

Losses incurred by Escanaba stores through the activity of professional and amateur shop lifters have become so alarming that a definite decision to abandon our heretofore pacific treatment of apprehended parties for harsher measures has been arrived at by the Retail Merchants of Escanaba.

Hereafter all shop lifters will be turned over to the Escanaba Police Department to be prosecuted to the full extent of the law.

This policy has been instituted only after careful deliberation. Losses resulting from the evil are naturally reflected in higher prices and if Escanaba is to continue as the city where greater value is always available, shop lifting must be eliminated.

Most habitual resident shop lifters are known to Escanaba merchants and the Escanaba Police Department. All merchants and employees will keep a sharper lookout and parties apprehended will be vigorously prosecuted.

We sincerely hope that the general public will accord us their sincere cooperation in a program that only excessive abuse could have forced us to adopt.

DANGER SEASON NEAR

Within a few weeks, schools will be closed and vacationists and pleasure seekers will be flocking to the lake resorts.

The public's ability to swim, however, does not seem to have kept pace with the desire to enjoy the water sports, and as a result that has been a decided increase each year in the number of deaths by drowning.

After all, no matter where one goes the best protection against the hazards of deep water is the ability to swim.

For double protection, then, learn to swim and do your swimming at supervised beaches and pools.

NEED NOT SQUEAL

THE Michigan supreme court has handed down a decision that persons arrested for intoxication cannot be forced to reveal the source of their liquor, and consequently cannot be held in contempt of court for refusing to divulge this information.

The state of Vermont also recently had a law requiring persons convicted of offenses having to do with intoxicating liquors to disclose the source of their supply, but the law was nullified when the Vermont appellate court held that it was invalid because it violates the constitutional provision protecting the citizen from self-incrimination.

A common fault among legislative bodies is this tendency toward radicalism and tyranny in their zeal for enforcing certain laws. While their objective is praiseworthy, their judgment is bad, in that their remedies are more dangerous than the ills they would cure.

AVIATION

AUTOMOBILE production, some economic experts contend, rules the prosperity of our country. Overproduction of cars, with a near-saturation point in the market, has had considerable to do with present depression.

But a new industry, an infant now, but destined to become a giant within the next decade, probably will rule the business cycle of our country in the near future. That industry is aviation.

We can trace the beginning of the present depression back through 1930. The previous year set an all-time record in auto production, with an output of 5,700,000 motor vehicles. In 1930 this figure was cut by more than two million!

Steel mills, in the peak of production in 1929, suddenly found their orders cut off. Rubber factories, glass manufacturers, upholsterers, lumber mills, railroads and other industries, depending to some extent on the automobile business for their orders, were in the same situation. No wonder the country suffered.

There'll come a day, aviation leaders say, when these industries will look to airplanes manufacturers for huge orders. Then, they contend, the country will have two

mighty factors in regulating the demand for raw materials, and steadying the rocking boat of prosperity.

TRANSPORTATION WAR

A WAR of gigantic proportions is being waged between the transportation forces of this country, with railroads on one side and highway and waterway carriers allied in opposition.

Refusal of the interstate commerce commission to open an investigation of railway conditions at this time may be well advised. But sooner or later it is probable the commission will be forced to accept the responsibility of mediating the differences between the various factions.

The battle has gone beyond the lines of transportation interests. Banks and insurance companies which have invested heavily in railroad securities have been drawn into sympathetic support of the railroads.

Each "army" has been laying down a heavy barrage of publicity, speeches and various forms of propaganda. The public is generally so confused that it has not ventured to take sides.

Amunition of the rail group comprises a plea for less government regulation of its own resources and more regulation for its opponents, a reduction of taxation and revision of rates. It charges unfair competition is cutting away its business. Use of public highways by motor trucks and buses and the expenditure of public funds for waterways amounts to subsidy, railroad leaders say, while the rails must maintain their own rights-of-way.

The general aims of the railroads are summed up by W. W. Atterbury, president of the Pennsylvania-railroad who says there should be "co-ordination of transportation, to the end that each agency for rendering service—railways, highways, waterways and airways—may serve the public best in the field for which it is most particularly adapted."

A waterway leader agrees that the rails "need a revision of archaic freight rate structures now in effect. The old rates, based on high rates for short hauls and low rates for long hauls are out of date and can not compete with motor truck competition. What is needed most is a co-ordination of rail-highway and waterway service."

There are endless statistics on both sides to show why certain rates should be raised and why taxes should be lowered; why restrictions should be placed or removed. It is not a matter to be settled by bombardment, especially when the bombardment falls on a public which is not in position to know which is in the right.

There seems to be a common meeting ground in the co-ordination of service proposal. The sooner the transportation interests cease fighting and get together to work out an understanding the better it will be for all of them.

BELGIAN LABOR NOTE

On June 3, 1917, an official memorandum presented to the United States government by M. de Cartier, the Belgian Minister at Washington, was made public. It summarized the facts of German rule in Belgium and explained the enforced idleness of Belgian workmen.

The memorandum said in part: "The depressed condition of Belgium industry is not a case of accident caused by the force of extraneous circumstances unconnected with the action of the German authorities; these authorities are, on the contrary, personally responsible."

"Since the occupation of Belgium the German authorities... have put into effect the plan worked out in August, 1914, at Berlin, by Dr. W. Rathenau, for the systematic exploitation of all the economic resources of occupied countries to the profit of the war organization of the empire."

THE MELODY GIRL

CHAPTER XXX

"Let me see it," Mrs. Everett begged and Irene gave her the telegram. It was from Prentiss, informing Irene that he'd be out early that day to ask her parents to let her marry him immediately. His father, he said, had wired him to cut short his vacation and return home at once. He wouldn't go without her.

When Mrs. Everett finished reading it she looked at Irene with a light of childish excitement in her usually rapid blue eyes.

"What are you going to do?" she cried.

Irene put up her arms and stretched lazily before she answered. Then, "I don't know," she said as though the matter were not really important.

A faint frown creased her mother's forehead. She was thinking of Beryl—of her older daughter's implied threat to make trouble between Irene and Prentiss. She glanced at the telegram which she still held in her hand.

"I think you ought to do as he says," she said solemnly. "His father's a big man."

Irene pouted. "I'm not going to have anyone arranging my affairs for me," she declared petulantly. "Especially an in-law."

"But honey," her mother went on, "you have to consider what's best all around."

"I do not," Irene denied. "A girl has a right to make the plans for her own wedding. And I was thinking of something more elegant than a hurried-up affair. His father can just wait. Prentiss is entitled to a vacation."

Her mother sighed. "He's had quite a nice one now. It seems to me," she said weakly. "You'll both get along much better if you don't start by turning his father against you."

"H'm," Irene remarked. "You talk as though you'd be glad to get rid of me."

Her mother let this pass. She did not wish to be driven to reveal Beryl's opposition, not, at least, while there was a chance she could make Beryl suppress it.

"You know things can happen," she said suggestively. "If you really love Prentiss you shouldn't let him go away without you."

THEY understood each other perfectly. There had been no mention of Irene's love for Prentiss. To neither of them was it necessary to the girl's happiness that she should love him. What Mrs. Everett really meant to say, and Irene knew it, was that Irene should take him while she had the chance, if she wanted him. Otherwise there was the risk of another girl's getting him.

"I'll think it over," Irene promised with feigned indifference. Then she added as her mother moved to go, "Will you press my flowered batiste for me?"

"It's got an ink spot on it," her mother told her, "but I'll do up the little pink swiss for you."

"Oh, that old thing," Irene said disgustedly. "I haven't a decent dress for morning wear!"

She was thinking of Beryl's charming country clothes. She might sneak something out of her sister's wardrobe.

"All right, do up the swiss," she said. "I'll wear it if I have to."

She had no intention of wearing the dress if coaxing Beryl could prevent it. When her mother had gone back downstairs she hastened to Beryl's room.

Irene entered with a sweet smile and a softly spoken, "How's your old grouch this morning?"

'Looking Backward'

June 3, 1911

Traveling across the ocean and land to join the man of her choice Miss Anna Nilson arrived in Gladstone Thursday night from Albat, Denmark, and today will become the bride of Alf Frank of that city. That there might be no delay in claiming Miss Nilson as his bride Mr. Frank secured the marriage license yesterday.

Sarah Bernhardt, the famous actress, passed through here yesterday in her magnificent special train of seven coaches and baggage cars. The "Divine Sarah" was on her way from Calumet and Houghton to open an engagement yesterday afternoon. Along with Madame Bernhardt on her special train were forty members of her company, various maids and man servants and last but not least, her pet dog, "Peter Pan." Madame Bernhardt rarely, if ever, stops at a hotel, but remains aboard her special car which is elegantly equipped.

E. C. Voght and George M. Mashek left yesterday morning for their fishing haunt, Camp Quachita, on the Escanaba River.

Claude Fisher has returned from Ishpeming where he visited with his brother James.

Kenton Cleary, who has been a student at Thomas College of St. Paul, arrived home yesterday to visit his parents, Mr. and Mrs. J. P. Cleary.

Mrs. E. P. Rhodes of Chicago formerly of this city, is visiting here with relatives and friends.

Nicholas Keiffer and George Reltzer have returned from a successful trout fishing trip near Elmwood.

Miss Vivian Charles celebrated her birthday anniversary yesterday afternoon by entertaining a number of her girl friends.

Alfred Baker has left for a visit with his parents in Detroit.

TURNING WHITE

"His hair turned white in just one night." They say, and sigh with sympathy. "His hair grew gray in just one day." Well, he is better off than me. One night of trouble changed his hair; Just look at mine, there's plenty there. Yes, white and gray they seem to run, But I got my hairs one by one.

One night of grief and like a leaf His hair was altered in its shade, One day of pain, of sorrow's rain, Yes, so it was the change was made. One night, and white or gray he grew, One joyless day, and he was through. He had a night he couldn't smile, But my white hair took quite a while.

See this one here? That took a year Of trouble when the times were bad. See that one there? I got that hair With months of worry that I had. If sympathetic you must be, Then why not sympathize with me? Some get them suddenly, but I'm Still getting mine—one at a time.

Health Tips

BY DR. MORRIS FISHBEIN

Whenever a new discovery is made in medicine its commercial exploitation promptly follows. We are given as a nation to mass interests and to adopting promptly any new method of amusement, any new food product, any new scientific discovery.

Everyone can remember the temporary craze for mah jogg, cross-country walking, shaking machines for passive exercise, and ultra-violet rays in the home. Now the furor of interest and exploitation is associated with vitamins.

Readers of this column have by this time realized that practically all natural food substances contain vitamins of one type or another, and that an average American diet consisting of varying quantities of a variety of food substances takes care of most of the vitamin needs of the population. There is no reason why most people should drink a quart of orange juice daily; no reason why they should take excessive quantities of cod liver oil or cod liver oil tablets; no reason why they should expose themselves to sunlight to the point of burning.

Vitamin deficiency in any single case can only be discovered by a careful study of the diet and health of the individual. A haphazard taking of great quantities of vitamin-containing foods with the hope of improving health generally may injure the very health that is trying to be conserved.

Apparently a person needs for a full vitamin C supply in any one day the amount of vitamin C contained in a pint of orange juice containing the juice of one lemon, together with one-fourth to one-half head of lettuce or its equivalent.

lent in raw cabbage. It is not apparent as to just why the lemon juice must be mixed with the orange juice. Neither does any one know from the quantitative standpoint how much strawberry juice, tomato juice, or other substitute rich in vitamin C can substitute for the orange juice.

There are many substances that contain vitamin C, and anyone can eat plenty of fresh vegetables and drink fruit juices and get an adequate amount of vitamin C. Tomatoes, cabbage, gooseberries, strawberries and apples eaten raw, provide large amounts of vitamin C, but cooked cherries are poor in this vitamin. Cabbage, as has been mentioned, is an excellent source, as are also spinach, watercress and Brussels sprouts.

There have been innumerable studies on the subject, all of which tend to the view that a considerable excess of vitamin is not harmful and that the amount necessary for an adequate diet is easily obtained.

SPRING GUIDE TO GOLD

London—Instead of using a diving twig, Frederick Stone uses a clock spring to discover gold. In South Africa recently Stone and his spring were put to test in several gold mines. He located gold deposits in every test, and enabled owners of some to abandon mines which were played out.

HAPPY EVER AFTER

New York—David Taub and Mrs. Anna C. Schwartzman, both 70 and married before, applied at the municipal building in Brooklyn for a marriage license. David only had \$1.50 and didn't know what to do. Employees of the license bureau, wanting to see the old couple happy, collected fifty cents and gave it to David. He then got the license and the couple was married.

May Heat Slides From 87 to 26; Rainfall Better

Temperatures in May hit a high mark of 87 on the fifteenth, according to records of the U. S. weather bureau at Escanaba. The hottest day lacked four points of equalling the record for May, which is 91, recorded on May 26, 1914. On May 15 of this year the thermometer also moved through the greatest daily range, slipping down 30 points from 87. The lowest temperature level for May was 26 on the third. The coldest May on record was May of 1882, when the temperature dropped to 20 on the second and on other days in the month. The mean temperature last month was 49, or just six-tenths below the normal of 49.6 for the month.

In the matter of precipitation, May fared better than the previous months of 1931. The total precipitation was 3.06, as compared with a normal for the month of 2.93, and the accumulated deficiency since Jan. 1 was reduced to 3.52. The greatest 24-hour precipitation was on May 18, a total of 0.97 inch.

There were 11 clear days in May, seven partly cloudy, and 13 cloudy. Precipitation occurred on nine different days, and there were three thunderstorms.

Munising News

Johnson Recovering From His Injuries

Hans "Pop" Johnson, who was reported to have attempted to commit suicide Monday afternoon at "Red Min's" restaurant is recovering from his wound at the Munising hospital. Johnson had been drinking heavily for the past few days it is alleged and it is thought that he may have become somewhat demented. When the shooting occurred, Peter Joncas was in the restaurant at the time. According to the story told by "Red Min", Johnson entered the place and walked into the rear of the building which contains a very small room with a cot. "Red Min" who had been out shopping stated that she had just entered the place and was engaged in conversation with Mr. Joncas when she heard the shot fired and both went back to see what the trouble was when they found Johnson squirming about and a saucer full of blood upon the floor near the head of the cot. Johnson had taken off his hat and shoes.

Chief Pelissier looked the situation over and said he believed Johnson attempted suicide. But the chief, after permitting "Red Min" to take her money out of the register, took her in charge and also Peter Joncas, to hold them as material witnesses. After Johnson had somewhat recovered his senses at the hospital he made the statement to Dr. Scholten that he had been shot and did not try to commit suicide. Thus another angle to the case is added, which later developments may disclose when Johnson is able to furnish a full explanation. In the meantime an effort was made by Johnson to have "Red Min" and Joncas released, but these efforts were without success, the officials being insistent upon holding the prisoners as material witnesses until the case is cleared up.

Tuberculin Test Is Completed in Schools of City

The tuberculin survey of Escanaba school children has been completed. In all 1559 school children were given the test of which 153 reacted positive to the test or 10.3 per cent of the whole number examined.

Table with 3 columns: No. Examined, No. Reactors, Per. Cent. Rows include High School, Barr, St. Anne's, St. Joseph's, Washington, Franklin, Webster, Jefferson.

One hundred and sixty reactors had chest X-rays made. As a result of this study one student was found suffering moderately advanced, active tuberculosis.

It has long been known that many children acquire tuberculosis infection who are in apparent good health. There is no loss of weight and none of the signs of tuberculosis.

The aim of this investigation was to find the prevalence of tuberculosis infection among Escanaba school and to determine by means of the tuberculin test and the X-ray that relatively small number of small children showing serious tuberculosis infection, also to discover when incipient disease exists and remove the infection from the schools.

Foresters of Cloverland Association Hold Meeting

An impressive gathering of members of the Woman's Catholic Order of Foresters from all parts of the Cloverland district, for a splendid afternoon meeting, and an equally fine banquet, served following the meeting to over one hundred visitors and members of Escanaba Courts, marked the annual meeting of the Cloverland Association of the Order held Tuesday afternoon at St. Patrick's hall with Holy Family Court, No. 56, of St. Patrick's church, as hostess organization.

The meeting was attended by delegations of Foresters of Gladstone, Manistique, Powers, Spalding, and Norway, as well as large representations of the three Escanaba Courts, St. Anne's Court, No. 197, St. Joseph's Court, No. 392, and the Holy Family Court.

Mrs. Anna Downes of Chicago, High Chief Ranger, was a guest at the meeting opened at 8 o'clock in St. Patrick's hall, Mrs. Lottie Weber of Manistique, association president, presiding.

The program was a splendid one. There were talks by Mrs. Downes, who spoke of the principles of the Order and its aims; Rev. Father John Moeckler, pastor of St. Patrick's, who gave a short inspiring address; and by Mrs. Weber and by Mrs. James O'Callahan, of Norway, who was elected president of the association for the coming year.

Entertainment features, every one of which was excellent, included a trio, "Ave Maria," sung by Lorraine Ammel, Lillian Fraisher and Marion Fredericksen with Fern Stacy playing the accompaniment; a fine recitation, "The Man Who Wears the Button," by Bob Garrity; a delightful duet, "When You

Rev. Dr. Lund Is Leaving for Synod Meeting

Rev. Dr. C. Albert Lund, pastor of Bethany Lutheran church, and vice president of the Lutheran Augustana Synod, will leave this evening for Jamestown, N. Y., for the annual convention of the Synod which will be held June 5 to 16. He will return to Escanaba June 18.

Rev. Dr. Lund will serve as liturgist at the opening session of the Synod and he will give an address on "The Outlook for Home Missions in Days to Come," Friday evening, June 12.

The Escanaba pastor will occupy the pulpit in Trinity English Lutheran church, Jamestown on Sunday. It is interesting to Escanaba people to note that the pastor of the Trinity Lutheran church is Rev. Roy F. Thelander of Batavia, Ill., formerly pastor of Bethany Lutheran church of this city. Mrs. Roy Thelander is a sister of Mrs. Lund.

Mr. Rudolph Burke, theological student at Augustana Seminary, Rock Island, Ill., who will serve as Rev. Dr. Lund's assistant during the summer months, is arriving Thursday morning, in time to be in charge of the services at Bethany church during the pastor's absence at the Synod convention.

Bethany Graduate

Mr. Burke, a graduate of Bethany College, Lindaborg, Kansas, established an enviable record during his college years as a student and a public speaker and he is also gifted as a musician. He will be at Bethany church during the coming three months of the summer vacation period.

Mrs. Baldwin at District Meeting

Mrs. F. L. Baldwin delegate of the Woman's Home Missionary society of the First Methodist Episcopal church, left Tuesday for Hancock where she will attend the twenty-third annual meeting of the Woman's Home Missionary society of the Marquette District.

The meeting opens today and is continuing through Thursday. Its theme is "America for Christ." Its program includes reports, addresses by leaders in the home missionary field, entertainment features, among them the young people's banquet of Thursday evening, and the pageant at the closing meeting Thursday night.

Mrs. J. J. Meehlin, of Calumet, president of the district, will preside at the sessions.

Patent Leather Belts Find Favor

Paris (F)—Patent leather belts are a rage. They are worn about four inches wide in the back and an inch or two narrower in front, finished with a flat square buckle. They are made of a soft crushable variety of patent leather and generally contrasts with the color of the gown instead of matching it.

A Gladstone Reader, who has given Betty Ann readers so many excellent recipes, sends her recipe for curried chicken in answer to the recent request appearing in the department. Her recipe which she has found very good, and particularly fine in preparing left over chicken, is as follows:

Curried Chicken
One cupful finely chopped cooked chicken meat.
One-half teaspoon onion juice.
One teaspoon curry powder.
Make a brown sauce, add the chicken meat and season with curry powder and onion juice. Salt and pepper to taste.

Beware of pads "just like Kotex"
May look the same... but how were they made? Where? By whom?
THE words "just like Kotex" should be a danger signal to every purchaser of sanitary protection! They cannot be true.
A pad, to be like Kotex, would have to be made in the Kotex factory. Unique, patented machinery makes Kotex from start to finish. Hands never touch it. Rigid cleanliness prevails. Materials used are superior, made especially for Kotex. The only way to make a pad like Kotex is to make Kotex.
Take no chances. Specify genuine Kotex. Accept no substitute of whose makers you know nothing. You know Kotex is safe. Hospitals used more than 10,000,000 pads last year. Their choice should be yours.
Kotex is adjustable. May be worn on either side. Stays soft.

EXAMS TO BE GIVEN SENIORS

Rev. Joseph Grosa Will Deliver Baccalaureate Sermon Sunday

With seniors completing their final examinations Friday afternoon, arrangements are being made for graduating functions which will commence Sunday evening with the baccalaureate service in the high school auditorium and will conclude with the commencement exercises Wednesday evening in which William Whitcomb Whitehouse, Ph. D., dean of Albion college, will deliver the commencement address. Examinations for seniors will begin Thursday afternoon and will be concluded Friday afternoon. Freshman, sophomore and junior exams will commence Monday and will end Wednesday noon.

The annual sermon to graduates will be given by Rev. Joseph Grosa, pastor of the First Baptist church, in the high school auditorium Sunday evening at 7:30 o'clock with other denominational ministers assisting in the service. The program will be as follows:

- Professional March. Selection from Western World Orchestra.
 - Chenette—High school orchestra.
 - Doxology—Congregation.
 - Invocation—Rev. F. Elmgren.
 - National Hymn, George Warren—Mixed Chorus.
 - Scripture Reading—Rev. C. E. Morrison.
 - Prayer—Rev. Percy L. Lomas.
 - Hymn, A. L. Peace—Mixed Chorus.
 - Sermon—Rev. Joseph Grosa.
 - "America"—Congregation.
 - Benediction—Rev. William Erickson.
- Class day exercises will be held Tuesday afternoon at the high school auditorium at 2:30 p. m. when the class history, class prophecy, and other interesting data peculiar to the senior class will be given.
- Forty-nine seniors are expected to be graduated from the local institution Wednesday providing there are no examination casualties.

Banquet Victors At Temple Tonite

The final bowling banquet of the season will be held at 6:30 o'clock tonight at the Elks' temple when the six losing teams, marshaled by Walter Dredahl, general chairman, will put on a real feed for the benefit of the six teams in the first division of the Elks' bowling league. The winners are hoping that the unfortunate are a great deal better cooks than they are bowlers. A social time will be held after the banquet.

Committees who will attend to the stimulation of the gastronomical juices of the victors are as follows:

- Entertainment—A. F. Hall and W. S. Crowe.
- Refreshments—Ludlow, Lundstrom, Lied.
- Kitchen—G. H. Powers, George Graphs, Swanson, Hollenbeck.

- Clean up—Bob Attwood, Charles Isackson, Fred Christensen, Perry, Gagner, and Tebo.

May Celebrate July 4th Here

Manistique may have a Fourth of July celebration for the first time in two years according to action taken Monday evening at the monthly meeting of the Chamber of Commerce. President W. S. Crowe was given authority to appoint a committee to make arrangements for the program.

Last year Manistique was without a Fourth of July celebration and this year only few communities in the vicinity planning festivities, many of those present at the meeting were in accord with the idea.

Regular meetings of the Chamber of Commerce will be postponed throughout the summer months, according to a decision made Monday evening, with only special meetings being held from time to time.

A special meeting will be held next week when F. R. Newman, vice president of the Soo Line railway, and J. Anderson, Pace, president of Pace Incorporated, will address the business meeting. The exact date has not been set.

CLOSE GAMES FEATURE TILTS

Realls Defeat Coffeys and Nortons Win From Centrals in Opener

Close games marked the opening Monday evening of the Manistique diamond ball association with the Putnam Realls and Norton Specials upsetting the pre-season dope bucket by eking out victories in two well played games. The Realls defeated the Coffey Coals, 6-5, on the West's diamond, while the Specials administered a licking to the more experienced Central Markets, 5-4.

The Realls got the jump on the Coals by scoring three times in the opening frame, once in the second, and twice in the third to complete their scoring for the day. Pieberrits, twirling for the Coals, settled down thereafter and held the school boys scoreless for the remainder of the game.

A late rally by the Coals in the sixth and seventh innings, fell one run short of tying the contest.

Batteries were Pieberrits and Miller for the Coals, and Boals and Marks for the Realls. The Realls contributed 13 hits while the Coals could only get to Boals for nine b'ings. Four errors were made behind Pieberrits and the Realls made only one mis-play.

The contest on the Eastside was very similar to the Coals-Realls contest in that the victors obtained an early lead which the Central Markets could not overcome. The Nortons held a 4-2 lead up until the seventh when the Markets broke through for two more, but could not prevent the Nortons from shoving over a final tally in the last inning. Batteries were Jack Williams, and R. G. Hentschel, Central Markets; Eldon Norton and Holland for the Specials.

Games scheduled for Thursday evening are Central Market vs. Independents (Westside), and Coffey Coals vs. Creighton Ford (Eastside).

Scores by innings of Monday nights games are as follows: Putnam Realls -- 312 000-0-6 Coffey Coals -- 021 001 1-5 Norton Specials -- 130 000 1-3 Central Markets -- 000 020 2-4

"And I suppose," Irene retorted, "when I'm through with him you'll get him. Is that the big idea?"

Beryl stared at her with sudden disdain. "No," she said quietly. "It isn't a big idea; it's just your idea."

"I won't stay to be insulted any further," Irene cried and started to leave the room.

Beryl stopped her. "I'm going to tell Prentiss that you promised to marry Tommy," she said evenly.

Irene wheeled. "You let me alone!" she stormed. "You're always causing me trouble! I don't see why you can't mind your own business. I'm not always meddling with you!"

"Will you tell Prentiss?" Beryl asked her. "I'll give you that opportunity to save your face. You're clever enough to get out of it with credit to yourself."

Irene's rage was mounting rapidly, but it had not yet gained complete control of her. In Beryl's office she saw a way out of her difficulty. She'd just need to stall about telling Prentiss until they were safely married. Then Beryl could do nothing.

"I think you're horrid!" she cried with temper enough to mislead Beryl. "What good would it do you for Prentiss to know that I was engaged to Tommy?"

"That's not the point," Beryl returned coolly. "Will you tell him?"

"You can give me a little time to think it over, can't you?"

"No."

"Haven't you any heart at all?" Irene whined, appearing to give in.

"No."

"All right then, I'll tell him—for I know you would. You're that mean, but you needn't be so sure—she paused, thinking. It was just as well not to say to Beryl that she thought Prentiss would marry her in spite of any revelations concerning Tommy. Beryl would want to make certain that Prentiss was told all there was to tell. She might tell him herself, at once, in her own way.

"You'll pay for this," she threatened, turning away. "Just you wait until I tell Mama."

"I'll wait until you tell Prentiss," Beryl replied, "but I won't wait long."

SHE went on with her house cleaning and Irene lounged out of the room to go down and tell her mother what had happened. Mrs. Everett marched upstairs to her study and lectured. After a tirade during which Beryl did not answer she ended suddenly with, "I can't see why you interfere when it's so plain that you think Irene would make Tommy unhappy."

"That's reasonable," Beryl returned as her mother obviously waited for a reply. "It's because, had as it will be for Tommy to marry Irene. I'm afraid he'd get into serious trouble without her. And it won't last long anyway."

"And then what?"

Beryl looked dreamily into space over the brush she was leaning on. "Tommy will grow," she said quietly. "There's something in him that's good and strong. It's down pretty deep, but it's there."

"Well," her mother remarked, "you seem to think a sight of him."

Beryl nodded.

"And it's nothing to you that your sister's happiness is at stake," her mother pressed. "You wouldn't mind seeing her make a match that was bound to end that way—in divorce, maybe? Just to give a boy a chance to grow up?"

Beryl looked at her with honest, fearless eyes. "I'm more concerned with Tommy," she said frankly. "He's worth more than Irene. She's entitled under fire, but if he can hold her now he may be willing to let her go when he's grown up."

"You're perfectly heartless," her mother told her bitterly, and went to join Irene.

She found her putting on the chiffon dress that had first been

NO CHANGE IN UTILITY RATES

Commission Approves Special Sign Rates at Meeting

Despite the price increase for current faced by the city, there will be no increase in rates to the consumer of electricity or water were established for the ensuing year.

It is the belief of the commissioners that because of economic conditions existing at present, it would be unwise to raise the rates at the present time. If the order of the state public utilities commission authorizing the Escanaba Power company to charge a high rate is accepted, the increase will be borne by the city. It would be the second rate increase which the city has stood without raising the rates to the consumer, the first one coming in 1924.

What action will be taken on the rate increase order of the state commission, however, has not yet been decided. It is the prevailing belief that the increase is unjustified and it is probable that the order will be appealed.

Adoption of special rates for signs, the first time in the history of the city, was also made and approved are 5 cents per K. W. H. for the first 50 K. W. H., four cents per hour for the next 140 K. W. H., three cents for all over 200 K. W. H. Formerly sign users paid the regular current rate of eight cents, with reductions to six and five cents depending on amount of current consumed. All signs must be on a separate meter to be eligible for the special rate.

Adoption of the new sign rate schedule is expected to greatly increase the use of street signs for advertising purposes, adding greatly to the attractiveness of the city. It will be of great benefit to the user of all signs, both large and small.

CORNELL NEWS

Mrs. Clara Duchemin of Lake Linden is the guest of her brother, the Rev. Father Laforest, of Flat Rock. She is accompanied by her sister-in-law, Mrs. William Laforest, of Calumet.

Mr. and Mrs. Henry Verberg and Mr. and Mrs. LaChapel motored from St. Nicholas Saturday to visit at the home of Mr. and Mrs. Frank DeGrand. Mrs. Verberg and Mrs. LaChapel are daughters of Mr. and Mrs. DeGrand. In the evening they attended a party given by Mr. and Mrs. Vandross.

A party was given at the Cornell town hall Saturday evening by Mr. and Mrs. Charles Vandross of Cornell in honor of their twenty-fifth anniversary. Music was furnished by Bussineau's orchestra of Flat Rock. The party was attended by the neighbors and relatives of the couple, including many relatives from Green Bay. Among these were Harry Vandross and wife, son of the couple; Jerome Stache of Forestville, Wis., brother of Mrs. Vandross; Frank Simon and wife and daughter, Louis Vandergant and wife and son, Charles Deville and wife, Charles Hurley and wife, Frank Bredale and wife, and Victor Drussard and wife, all of Green Bay; also Mrs. Simon and Mrs. Bitten of Chicago. A purse of \$14 was given to the couple and various other presents.

Edward Maranger and wife of Flat Rock, son-in-law of Joseph Jolly, left Saturday morning for Canada. He is accompanying the Jollys and his plans are similar to theirs. Alfred Jolly will have charge of his farm and business during his absence.

Lee Cooper of Escanaba visited at the home of his parents, Mr. and Mrs. Cooper, of Cornell, Saturday. Lee goes to the Escanaba high school and has worked his way the entire four years. He will graduate this June. His sister, Edith, attends the Cloverland Commercial College at Escanaba.

The Wells L. S. Juniors defeated the Northtown Junior Cardinals in a double-header at the St. Paul diamond Sunday afternoon. The score for the first game was 10 to 7, and for the second, 8 to 7.

The Groos Cubs defeated the Mashke Tigers Sunday afternoon at the Mashke diamond, the score being 5 to 4. This is the second consecutive game won by the Cubs over Mashke, having won last Sunday, 9 to 0.

Intended for her wedding gown. "You poor child," she said. "I can't do a thing with your sister." "She's a brute," Irene asserted. Then she added in a whisper, "but she's not as smart as she thinks. Listen, Mama, here's what I'm going to do." She put a finger to her lips and tiptoed over to close the door which Mrs. Everett had left slightly ajar.

"I'll fool her," she added, coming back to the dresser where the telegram lay under a soiled powder puff. She smiled as she took up the sheet of yellow paper. "Talk about your lucky breaks!" And then she told her mother how she was going to outwit Beryl.

Local Nine Beats Masonville, 15 to 6; Looking for Games

In a hard hitting, loose fielding game Sunday afternoon the Beligan Town Cubs, Gladstone amateur hard ball outfit, handed Masonville a sweet trimming, walking off with the big end of a 15 to 6 score. The Cubs collected their counters on 19 safeties of the combined offerings of VeDo and Everett, while the losers garnered 11 safe bingles off the offerings of Ward.

Ward, the Cub hurler was in good form striking out 15 men while VeDo and Everett, together, put down eight by this route. Seabourin had a good day with the bat, getting four hits and four runs in six trips to the plate.

The Cubs are looking for games with other amateur nines in the county and any team wishing to book a game is asked to write William Duchenev, Box 584, Gladstone. The Cubs will face the Rock City team at Rock next Sunday, and on June 14 will play Perkins at Perkins.

LARGE NUMBER HEAR CROWLEY

State Coach Tells of Benefits of Football to Player

Legion hall was crowded Monday evening when Jimmy Crowley, football coach at Michigan State college, and member of the famed "Four Horsemen" of Notre Dame, gave an interesting and inspirational talk before Gladstone Rotarians and their sons. L. L. Primodig, assistant director of athletics at Michigan State, Carl Nordberg, who will coach at Escanaba high next fall, and Principal John A. Lemmer were present, Primodig giving a short talk. H. J. Norton, presided as toastmaster.

Crowley in opening his talk lauded two athletes hailing from Gladstone who are now taking a prominent part in Michigan State athletics. The men are Clifford Liberty and Alton Kircher, both products of Gladstone high school who are now starring in track and baseball, respectively. He said that great things are expected from them next year.

That over-emphasis was being placed on college football was vigorously denied by Crowley who said that this issue was brought to the front by the great popularity which the game now enjoys. He said that the popularity was brought about by changes in rules back in the days of the bone-bruising, mass-play attack—changes that brought speed, strategy and deception into the game, making it a game of brains instead of brawn. As proof of his assertion that the sport is not over-emphasized, Crowley pointed to the fact that various other college sports, baseball, track, basketball and others have seasons considerably longer than that for football.

Benefit in Business

Three direct benefits, all of great value in later life, are derived from football by the player, Crowley pointed out. These are dependability, sportsmanship and spirit of enthusiasm.

Crowley illustrated the value of the first two to the man when he enters the business world, but stated that in his estimation, the third, spirit and enthusiasm, was of the greatest value, for a man may have the first two, but lacking the third could never hope to be entirely successful.

"It's one thing," he said, "to be able to do something well, but something entirely different to get up the old pep and spirit and go out and do it in the way it should be done. The successful business man knows he can't sit in his office and wait for business to come to him—he must go out and round it up."

Crowley interspersed his talk with amusing anecdotes and stories.

Frimodig Talks

Frimodig, a former Escanaba high school athletic coach, touched briefly on the relation between the public and the coach. He said that character building which results from the right sort of coaching is far more valuable and important than the winning of contests, pointing out that a coach, even though his teams lose many of their games, could be considered highly successful if his charges were into straight thinking, clean living and hard fighting men.

Wasa Order

The Wasa Order will be held in the Legion hall this evening beginning at 8 o'clock. There will be a social time and refreshments following the business session. Mrs. John Holm and Miss Astrid Holm form the committee in charge.

27 Horses Race Today in Historic Epsom Derby

TWO AMERICAN STEEDS TO RUN

\$15,000,000 Will Be Divided in Gigantic Sweepstakes

BY TOM WILHELM
 Epsom, England, June 2 (AP)—Their training work finished, 27 bundles of precious horseflesh were bedded down tonight awaiting the bugle sending them off tomorrow in the 148th renewal of England's historic Derby with king, queen, prince and commoners looking on.

At post time approached, J. A. Dewar's Cameronian held the position of the favorite at 4 to 1 odds with the Aga Kahn's Pomme d'Api and A. F. Rasset's Dr. Dolittle second choices at 10 to 1. Sir John Rutherford's Orpen was held at 12 to 1 with the American contingent of Marshall Field's Jacopo and William Woodward's Sir Andrew quoted at the respective odds of 20 to 1 and 25 to 1.

The weather forecast is unfavorable but the sun shone spasmodically this afternoon and if the rain holds off, the mile and one-half course will be in fair condition by post time 3 p. m. (9 a. m. E. S. T.). The Derby is run uphill the first mile, down hill the next quarter and finishes on a slight upgrade.

King's Horse Scratched
 Scratches cut the original number of 404 to the present 266. The rigors of training played no favorites, for Ashbridge, King George's entry, fell by the wayside with the hopes of lords and commoners.

Interest in the race, traditionally great, is greater this year because of the worldwide focus on the gigantic sweepstakes. The Irish sweepstakes alone will distribute close to \$10,000,000 while the Calcutta sweepstakes and smaller organizations will boost the total to above the fifteen million mark.

The scratching of Linkboy early today left Steve Donoghue, England's veteran jockey, without a mount. There is a chance, however, that he will ride Cherry Lad, a 100 to 1 long shot.

CLASS C REGIONAL CHAMPS

Reading from left to right, top row: Kinzie, Pudvin, Cannon, Lindberg, Toussaint, Froberg and Masterson; second row: Coach Kell, Norton, Mingay, Nelson, Ohman, Weingartner, Dehlin and Freeman; bottom row: Nia, Russell, Murray, Damitz, Anderson and Rawson. Masterson, Murray, Lindberg and Cannon formed the quartet which won the Class C medley relay at the fourth annual upper peninsula relays last Saturday at Escanaba, giving Gladstone High permanent possession of the trophy for this event.

C. W. Byrns to Direct Ranger's Cage Squad

Independent athletics sponsored by the Escanaba Athletic Association reached another step nearer perfect harmony last evening when negotiations were completed at the regular meeting of directors of the association for the merger of the Bevenocs and Rangers basketball organizations for the 1931 and 32 season. Charles W. Byrns who was manager of the Escanaba Bevenocs, peninsula champions last season, was elected director of basketball activities of the Escanaba Rangers.

The merger of the two organizations means that Escanaba will have only one Class A independent basketball team next year. The team will be known as the

DETROIT BOWS TO WASHINGTON

Earl Whitehill Walloped Hard as Solons Take Opening Game, 5-3

Washington, June 2 (AP)—The Detroit Tigers' eastern invasion got off to a bad start today when the Senators defeated them 5 to 3, thereby extending the Tigers' losing streak to seven consecutive games.

Earl Whitehill was no puzzle to the rampaging Senators, who collected 12 hits, eight of them being bunched in the third, fourth and fifth innings for four runs. The Tigers got 11 off Fischer, rookie southpaw, but except in two innings found him invulnerable when hits mean runs.

The Tigers got one run in the fourth on McManus' triple and Owens' long fly. The other two came in the ninth, when Koenig tripled and, after two men had gone out, Johnson bounced the ball off the top of the right field fence for a homer.

Rules Governing City Diamond Ball Leagues

The rules governing the Escanaba Diamond ball leagues as drawn up by the rules committee follow:

- GENERAL**
 - A manager shall be in direct charge of each team and shall be responsible for team's action and conduct.
 - Teams representing competitive businesses shall not be eligible for entering League.
 - All games shall be played under the rules compiled and edited by the National Diamond Ball Association.
 - No player or team shall compete against outside teams in or outside the city except with the permission of the Board of Control.

1-Diamonds from League for violation.

2-Each team must provide a score book and a scorer for each game. The umpire will designate which book is official, both scorers checking the official book during the course of the game and said umpire shall report the score of games played to the official scorer immediately after the game.

II. RULES OF ELIGIBILITY

- Each player must sign an official contract, which contract must be in the hands of the Board of Control 72 hours before participating in any league game.
- No player under the age of 30 is eligible to play in the Slow League without the permission of the Board of Control.
- A player may transfer from one team to another before June 30th with the written permission of the managers of both teams involved and the Board of Control.
- A new player can join the League at any time up to July 15th with the permission of the Board of Control.
- No player can play with any other team than his own at any time under the penalty of the loss of that game to the team which he joins.
- Eligible players are those members of teams whose names are listed with the Board of Control and approved by them as being a member of that team. No player who is not listed with the Board of Control may play.
- Any player ready for play and not playing in three successive games may demand a release from his team from the Board of Control.

III. PLAYING CONDUCT

- An umpire and a base official shall officiate at each game when possible and said officials must be accredited members of the official list approved by the Board of Control.
- The umpire shall be in charge and his decision will be considered final in matters governing playing on the fields.
- The official umpire must choose a base umpire who meets with the approval of both team managers and the umpire for each game.

IV. SCHEDULES

- The Kittenball League contains three divisions, namely, the American League with 9 teams, the National League with 8 teams, and the Old Timers with 7 teams. At the end of the schedule, the teams highest in league standing in the ratio as listed below will enter into the City Elimination Tournament to determine the city champion:

Ratio:
 Americans—three
 Nationals—three
 Old Timers—two

V. ADVISORY BOARD

The advisory board consisting of three members from the League shall act in an advisory capacity to the League and to the Board of Control.

VI. BOARD OF CONTROL

The Board of Control, consisting of three elected members from outside the League, shall govern on all matters concerning interpretation of rules shown in the Rule Book and herewith listed and their decision on all matters concerning the League or playing conduct shall be considered final.

BROOKLYN WINS FROM CUBS, 7-6

Ninth Inning Rally Is Good for Three Runs and Victory

Chicago, June 2 (AP)—The Cubs almost won a ball game when they drove Babe Phelps from the mound in the eighth inning and scored two runs to break a tie today. But the Brooklyn Robins came back at Jackie May in the ninth and put over three failures to win, 7 to 6.

The Cubs tied the score in the early innings and took the lead for the first time in the eighth. Then May, who had relieved Pat Malone, walked Bressler. Johnny Frederick singled and Wally Gilbert hammered a triple into deep left, bringing both in. Gilbert scored the winning run on Herman's fly.

Necos, West Ends, And Printers Win Opening Contests

The Necos, West Ends, and Printers won the opening games in the three diamond ball leagues last evening. The Necos upset the Cops by a score of 10 to 8; the West Ends romped away from the Empocs 21 to 13, and the Printers laced the Neverwets, 12 to 7.

The Necos-Cops game in the American League provided a late thrill when the Police unleashed a strong attack to score seven of their eight runs but the rally ended before doing any considerable damage.

The Empocs-West Ends fracas was a comedy of errors, 19 bobbles being made in all, 14 of them by the losers. The West Ends accounted for 15 hits against 14 for the Empocs.

The Printers, in the Old Timers' League, jumped onto the offerings of Desmond in the third inning to get six of their runs.

The summaries:

AMERICAN LEAGUE

Necos 10; Cops 8
 Batters: Necos, Greenless and Pearle; Cops, Snow and Moberg.

NATIONAL LEAGUE

Empocs 13; West Ends 21
 Batters: Empocs, Christensen, Olson and Nygaard; West Ends, Hamelin and Russell.

OLD TIMERS

Neverwets 7; Printers 12
 Batters: Neverwets, Desmond and Painter; Printers, Temby and Sabourin.

Cleveland Indians Beat Red Sox, 12-11

Cleveland, June 2 (AP)—Cleveland defeated the Red Sox, 12 to 11, today in spite of six Indian errors. It was the Indians' eighth straight win.

Cleveland rallied for eight runs against MacFadden, Moore and Durham in the sixth inning, but a balk by Kline in the ninth let it walk proved to be the deciding run, for the Sox made five runs in their half of the last inning, four of them unearned. Each team used four pitchers. Berry, Sox catcher, hit a home run.

Score by innings: R. H. E.
 Cleveland 003 008 001—12 15 6
 Boston 010 202 105—11 17 0
 Harder, Thomas, Jablonowski, Hudlin and Swall; MacFadden, Moore, Durham, Klein and Berry.

FORD RIVER WINS

Ford River defeated the Press baseball team, 13 to 12, in a game at Ford River recently. Rena Saurin of the Press made four hits in five times at bat.

The summaries:
 Press 042 141 000—12
 Ford River 520 000 321—13
 Batters: Press, Perryman and Brown; Ford River, Flath, Rademacher and Stewart.

GOULD CITY WINS

Gould City defeated Engadine, 16 to 1, in a league baseball game last Sunday. Hugh Brotherton pitched the last three innings for the Gould City team.

Batteries: Gould City, H. Fisher, Brotherton and T. Fisher; Engadine, White and Welder.

FLYNN FIGHTS MILAN YOUTH

New Orleans Welter To Appear on New York Card Tonight

BY EDWARD J. NEIL
 (Associated Press Sports Writer)
 New York, June 2 (AP)—One of the finest young amateur fighters boxing has produced in years—Irish Eddie Flynn, of New Orleans—is in town again to show the boys what he can do when he has both hands to work with.

A few months ago, Eddie slipped away from his janitor's job at the Knights of Columbus hall in the Crescent City, away from his dental studies at Loyola university, and headed for the national amateur championships here. He brought along a brother, Dennis, who also fights, slings sodas eight hours a day, and studies law at Loyola.

Eddie, 21 years old, won the welterweight championship although he hurt his right hand badly knocking a fellow over in his first bout. Brother Dennis, 20,

Governor Brucker Will Be Speaker At Lions' Meet

Newberry, June 2 (Special)—Governor Wilbur M. Brucker, Chief Justice Louis H. Fead and Professor Phillips of the department of economics of Purdue university will be among the speakers at the district convention of Lions clubs to be held in Newberry on June 13.

SIX FIRES

June was started off with a bang as far as woods fires were concerned in this end of the peninsula, six fires, varied in size from less than an acre to a rather bad one near Curtis were reported during the day.

Baby Buggy Burns, But Nothing Else

One of those freak fires occurred at the home of Mr. and Mrs. John Hartwig, 1513 Second Avenue South, sometime during the last week.

When Mrs. Hartwig went into an upstairs storage room of her home, in which she stored various articles, she found that the baby buggy had been burned.

All the reed material of the buggy was burned to a crisp, and there was evidence that the wires had been red from heat.

Spot fires north of McMillan and east of the Soo junction road on M28 were put out at once burning less than an acre.

Neighbor Arrested for Shooting Cows

On complaint of John Sheedlo, a warrant was issued yesterday for the arrest of Nick Denssen, 68, of Isabella, charging him with shooting two cows owned by the former.

Officer of the sheriff's department who investigated the case found that the cattle had been shot on the beach, where they had strayed from the regular enclosure at the Sheedlo farm.

Such Chivalry!

London—Because an unfortunate husband car owner felt that orders of his wife were superior to those of the cops, he paid a fine of \$5 for failing to stop on the signal traffic policeman.

Paradontitis, better known as pyorrhea, was widely distributed among ancient Egyptians whose bodies are now preserved as mummies, it is indicated by investigations made recently.

HONORED AGAIN

Jennie Kujala, a senior in the Newberry high school has received word that she has won honorable mention in the state chemistry essay contest, an annual event under the auspices of the American Chemistry society.

P. T. A. MEETING

Four talks in the interest of child health composed the speaking program of the Parent Teachers' association, the last to be held this year, in the auditorium of the high school on Monday night.

CUT THE COST OF PAINTING YOUR HOUSE

You might as well have the best because you actually pay for it anyway—in the long run. Your house looks better when you paint with SWP and the paint job doesn't cost any more because SWP goes so much further than cheaper paint—covers half again as much surface to the gallon.

SWP gives you your favorite color scheme, cleaner and more attractive than any cheap paint possibly can—and, what's more important—the colors last! Long after the cheap paint job has taken on the appearance of a pair of faded overalls you can wash the dust off an SWP paint job with plain soap and water and the colors will come up fresh and bright.

Use SWP and have the best painted house in the neighborhood. SWP looks the best, costs the least and wears the longest.
