PINCHOT SURE TO BE FACTOR OF 1932 RACE

THIRD PARTY MOVE WOULD BE HELD TO HOOVER

BY DAVID LAWRENCE
(Copyright 1931, by the Escanaba Press)

Washington, June 3.—There is no longer any doubt that Governor Pinchot of Pennsylvania will enter the 1932 presidential campaign as a factor of prime importance. For the moment his efforts will be confined to anti-administration activity in advance of the Republican national convention.

Knowing the traditional position of Republican regulars in assuring the renomination of a president, there is little chance for Mr. Pinchot to succeed at the convention. But the conviction is growing that the Pennsylvania governor really has in mind an independent movement, in the event that his candidacy at the Republican convention is rejected.

War On Power Industry. Mr. Pinchot has two issues—public utility regulation and the agricultural problem. He has been waging war on the power industry in Pennsylvania and will have plenty of ammunition to use in his campaign.

There is a possibility of course that Pennsylvania may elect its delegates at-large to the Republican national convention, thus affording an opportunity for a state-wide contest. Mr. Pinchot would make the race in the keynote state on local issues, but so conspicuous has he made the power question that no doubt it would be the principal topic of debate on the stump.

If Mr. Pinchot should lead a third party movement it would help Mr. Hoover's chances of reelection. In 1924 the La Follette insurgent candidacy resulted in large defection from the Democratic ticket, so that in at least fourteen states Mr. Coolidge did not get an actual majority but because of the La Follette vote was able to get a plurality and thus capture the electoral vote.

Governor Is Wealthy. Governor Pinchot is likely to be strong in the western states, where his agitation for conservation has won him many supporters ever since he became conspicuous as a conservationist in the days of Theodore Roosevelt. It had been thought here that the logical man to head a third party movement on the power issue was Senator Norris of Nebraska, but he would lack the funds to finance the campaign, whereas Governor Pinchot is wealthy enough to take care of such campaign expenses as are essential to a nation-wide contest. The radio makes it relatively less costly for national candidates and Governor Pinchot would insist upon reaching the widest possible audience if he began a third party movement.

Advertising Lauded As Aid to Business

New York, June 3. (AP)—Frank E. Gannett, founder and head of the Gannett group of 17 newspapers, in a radio address over the Columbia broadcasting system, today said that effective newspaper advertising creates a desire which is the stimulus to business and helps promote prosperity.

CANADA TARIFF HITS AMERICA

\$25,000,000 in Exports Affected by Higher Rates in Empire

Washington, June 3. (AP)—Assistant Secretary Klein of the commerce department today declared that the new Canadian tariff imperils approximately \$25,000,000 of American exports.

The figure represents slightly less than four percent of American exports to Canada in 1930, he said.

Canada, he added, "is obviously and quite naturally putting herself in a favorable position" in preparation for conferences on reciprocal tariffs among the British dominions next fall.

He cited a serious unemployment problem in Canada as one reason for the new rates.

Klein's statement was issued after a day in which the administration indicated the new Canadian rates will not be protested. Secretary Stimson said the government considers the tariff a purely domestic question.

"The increased Canadian tariff," said Klein, "definitely imperils approximately \$25,000,000 of American exports. This represents slightly less than 4 per cent of the total of our exports through the dominions in 1930."

Nancy Carroll Seeks Divorce From Kirkland

New York, June 2. (AP)—Red-haired Nancy Carroll, whose name twinkles in electric lights over movie palaces, has filed suit for divorce in Mexico.

The news was broken by her husband, Jack Kirkland, playwright to whom she was married last seven years ago today.

"Somewhere along the line romance just went out the window," he said. "There is nothing dramatic to be told. We both came to the realization that to continue being happy we must respect each other's independence."

Married in 1924, Miss Carroll is working on a new picture "Personal Maid" at the Paramount Studios on Long Island, but was in seclusion today. She was quoted as telling friends the individual careers of herself and Kirkland were more necessary than the marital state.

They were married in 1924, when both were unknown, and have one daughter.

Miss Carroll, the daughter of Mr. and Mrs. Tom LaHie, was working as a stenographer here when she stepped onto the stage one evening in an "amateur night" performance. That started her on the road to stardom, which she reached via the chorus route.

Some of her films are "Burlington", "A Showman's Angel", "Dance of Life", "Stolen Heaven" and "Devil's Holiday".

THOUSANDS IN CHINA ESCAPE RED BRIGANDS

TERROR CAUSED BY MASSACRED AND LOOTING

Shanghai, June 3. (AP)—Fifty thousand peasants are fleeing from their homes in southern Kiangsi province to escape Red armies which have scourged the province.

Hundreds of children have been left dead in roadways by the fleeing populace, dispatches received tonight said.

Leaving areas long despoiled by Reds and bandits, scenes of looting, burning and massacre, the multitude headed toward Kwangtung province, hoping to reach comparative safety in Canton's vicinity.

Troops Withdrawn. The flight was precipitated by the reported withdrawal into Kwangtung of 10,000 nationalist government troops opposing the communist hordes.

Reports from numerous places in the Yangtze valley said commercial life was being snuffed by brigand raids, while outlaws were opposing government troops along the Peiyang-Hankow railway.

Returns to Prison Voluntarily After 38 Years Freedom

Lincoln, Neb., June 3. (AP)—Charles E. Johnson, 56, today voluntarily returned to the Nebraska penitentiary from which he escaped 38 years ago, to serve out seven months of a two-year term for forgery.

Thus, he told Warden W. T. Fenton, he would repay Providence for snatching him from the sea when he clung to a rock off the coast of Japan three months ago after a shipwreck.

Duce Declares War On Anti-Fascism in Italy; Leaders Facing Exile

Rome, June 3. (AP)—Premier Mussolini today declared war on anti-Fascism in Italy, "under whatever banner," and, according to news from the Vatican, at least one of the Catholic action society leaders was under arrest.

The leader who was named by the Vatican as having been arrested was an attorney named Carangelo. It was said he probably would soon be on his way to political exile on the island of Lipari.

Other reports said a dozen of the Catholic action leaders had been arrested in various cities. It was said that they were all men who had opposed Fascism previously.

NAUTILUS OFF FOR TEST RUN

Submarine Will Proceed Across Atlantic to London

Woods Hole, Mass., June 3. (AP)—The submarine Nautilus, with which Sir Hubert Wilkins will attempt to reach the North Pole undersea, passed Woods Hole tonight on its way to Provincetown for a submerged run off Cape Cod. The craft will then proceed across the Atlantic to London.

The Nautilus put out to sea from its New London base at noon escorted by the coastguard destroyer hunt, to be conveyed through the eastern coast guard division area by a vessel under the command of Captain W. H. Munter.

Farwell salutes from naval coast guard craft sped the Nautilus on its way.

Lady Wilkins who sails June 10 to meet the craft in England disembarked from the Hunt after saying farewell to Sir Hubert and the Nautilus over the radiotelephone. From England Lady Wilkins intends to proceed with the expedition at least as far as Bergen, Norway, where the Nautilus will take on final stores.

CHECKS SIGNED BY KINGSFORD AT GLADSTONE

The Ford Motor company yesterday assumed full ownership of the Gladstone site, selected two and a half months ago, where a large industrial plant is to be erected.

The work of preparing proper titles for the transfer of this real estate from 46 individuals and corporations to the Ford Motor company, proved a most tedious and painstaking task.

The turning over of checks in payment for the property yesterday marked the completion of a city-wide effort, on the part of all of the people of Gladstone, that had its inception months ago, when Gladstone entered the lists to secure the new Ford industry.

Businessmen of Gladstone and citizens in general worked diligently day and night for many weeks in shaping for option the site that was finally selected. When the final detail in the transfer of the property was completed late yesterday afternoon a feeling of jubilation and intense satisfaction swept through not only the population of Gladstone but through the people of this entire section, who are rejoicing in Gladstone's good fortune.

After signing the final checks, completing the transfer, yesterday afternoon, Mr. Kingsford completely congratulated all of those who had been engaged in the work that made possible the consummation that had just been recorded.

Mr. Kingsford will go to Detroit, June 3. (AP)—The men who raise, transport and market the nation's livestock made plans today to put their products "back into the American diet."

Meat prices, they told each other in open forum, have declined to the lowest levels in 20 years and are 33 per cent under last January's figures.

Tennessee House Hears Opponents Plead for Indictment

Nashville, Tenn., June 3. (AP)—Demands for impeachment of Governor Henry H. Horton and charges that the efforts to oust him from office were inspired by political motives were heard in the Tennessee house of representatives today as debate opened on the first impeachment articles against him.

Conspiracy with Colonel Leas, publisher, and Rogers Caldwell, financier, to let them depart certain governmental departments in exchange for their political support and the influence of the governor in the first article.

Representative John Tipton, starting the debate with a plea that the governor be indicted and arraigned before the senate for trial, said that under the alleged agreement between Horton and Leas and Caldwell, the governor was to "give them practical control of two or three state departments" and mentioned the department of highways, banking and insurance and finance and taxation.

"If Governor Horton is innocent, why doesn't he appear before this house and demand that it return these articles of impeachment so he can stand trial and vindicate himself?" he asked.

Representative W. Y. Boawell, heading the forces opposed to impeachment, charged that the move against the governor was a "conspiracy x x x to overthrow the state government and seize the reins of that government by a few political and ambitious men."

"Why spend \$400,000 more of the taxpayers' money when you know it would be worthless and useless?" asked Boawell. "Why force him to go the humiliation of trial when this record of the investigating committee and an army of auditors has never laid at the door of this government a single act of wrong-doing, except where it was based on suspicion and circumstantial evidence?"

GUINAN'S GANG LEAVES FRANCE

Three Girls Who Slipped Away Included on Return Party

Havre, France, June 3. (AP)—Declaring that she would return to France some day, Texas Guinan and her troupe of dancing girls, sailed for home on the liner Paris this afternoon after a five-day unsuccessful fight to get permission to go to Paris.

"I will be back," the night-club entertainer shouted as she led her girls up the gangplank, pausing repeatedly to pose for photographers.

Her "gang" lined the rail of the ship to wave farewell as the liner left the dock. All remained jovial although disappointed at their failure to see Paris.

Offered Marriage. Miss Guinan left behind Harry Aslett, a Londoner who had asked her to marry him so that she could enter England as his wife, and then divorce him. As the boat left he sat forlornly on his suitcase at the pier, saying that he was unable to accompany the party to Plymouth because of lack of funds.

"I am sorry I could not marry you," La Guinan told him as she left, "but I have too many expenses already."

Among others who bid the voyagers adieu was Pietro Crespi, a young cotton merchant of Dallas, Texas, with whom three of the girls took an automobile ride last night, after they had slipped away from their hotel.

It was reported tonight that Germany, Austria, and Belgium also had refused Miss Guinan permission to enter their countries. No reasons were given.

South Haven Boy Wins High Honor As Army Graduate

West Point, N. Y., June 3. (AP)—Kenneth A. McCrimmon, of South Haven, Mich., who won his appointment to West Point in a competitive examination given to soldiers in Company F, 102nd Engineers, New York National Guard, today was designated honor man of this year's graduating class.

He headed a list of seven distinguished graduates in orders published by Maj. Gen. William R. Smith, superintendent.

Out of a possible 2970 points in scholarship for the four-year course, McCrimmon had 2828.58. He stood second in his class at the end of his first year, fourth at the end of his second year, and first at the end of his junior and senior years.

McCrimmon and the other six all had marks of 92 per cent or better in every subject.

Confederate Vets Holding Reunion

Montgomery, Ala., June 3. (AP)—Enemies of 70 years ago, today held felicitations to the United Confederate Veterans in their forty-first annual reunion here.

James E. Jewell, commander-in-chief of the Grand Army of the Republic, sent a telegram to General L. W. Stephens, commander-in-chief of the U. C. V., which read as follows:

"Grand Army of Republic of America extends greetings to our brothers of the southland in annual encampment. May you have a profitable and harmonious reunion and many more encampments. Yours in F. C. and L. (Friendship, Charity and Love). (Signed) James E. Jewell."

Water Main Bursts; Hamtramck Flooded

Detroit, June 3. (AP)—Twenty-five square blocks in suburban Hamtramck was flooded tonight when a 36-inch water main burst and sent a fountain of water spurting into the air for nearly two hours.

Twenty square feet of pavement was blown up when the main exploded. Dozens of basements were flooded and water rose to a depth of two feet in several business houses.

War Veterans Will Meet in Houghton

Houghton, Mich., June 3. (AP)—Veterans of two wars will gather here tomorrow for the annual convention of the Upper Peninsula Association of American Legion Posts and Spanish American War Veterans. The American Legion auxiliary will hold its convention at the same time.

Three Drownings in Southwest Michigan

Benton Harbor, Mich., June 3. (AP)—Three drownings in southwestern Michigan were discovered today. The body of Harold Klute, 33, of Niles, was found in the St. Joseph river, near that city. He had been missing since May 29.

The bodies of Ernest Baxter, 47, and Milton Greenwald, 35, of Chicago, were recovered from Maple Lake, near Paw Paw. Their boat overturned while they were fishing.

Milk Price Problem Under Discussion

Detroit, June 3. (AP)—The problem of how to sell milk at a profit and still effect a reduction in the retail price occupied more than 100 Michigan farmers and Detroit creamery operators here today.

The farmers gathered in Detroit at the call of N. P. Hull, of Lansing, president of the Michigan Milk Producers Association which furnishes about 85 per cent of Detroit's milk.

\$3,000 In Fund for Smith's Memorial

Detroit, June 3. (AP)—Counting of pennies, nickels and dimes contributed by 140,000 school children last Friday to finance a memorial on Belle Isle to Samuel Francis Smith, author of "America," was completed today and showed \$3,000 in the fund.

Gypsy Queen Ill In Omaha Hospital

Omaha, Neb., June 3. (AP)—Queen Mary Soken-John, of the Soken-John tribe of gypsies, is critically ill in a hospital here, while King Soken-John keeps eternal vigilance at her bedside.

Queen Mary was brought to the hospital Sunday. Immediately King John demanded the best room, the best attendants, and the best doctors in Omaha for her. He got them.

The illness of the 50-year-old queen has not been diagnosed. King Soken-John, members of the 24-family caravan encamped here, say rules over 500 families. The tribal home is in Brazil. The caravan travels in costly motor-cars.

Lansing's Premier Aviator Welcomed

Lansing, Mich., June 3. (AP)—Art Davis, Lansing's premier aviator, was welcomed back to this city today after an aerial offensive in the south. An escort of planes accompanied Davis to the East Lansing airport. In one of them, Mrs. Davis, who recently obtained her pilot's license was flying. Davis was met at the airport by city officials and escorted to Lansing at the head of an automobile parade.

William B. Stout, aeronautical engineer, referred to Lansing as a city of high rank in the manufacture of light aircraft in his address at a luncheon honoring Davis.

Private gifts, the committee in charge said, will make the fund large enough to finance a memorial which will command the admiration of all who behold it.

SCIENCE PLANS NEW INSTITUTE

Press Department Will Be Included; Many Groups Merge

BY HOWARD W. BLAKESLEE
Associated Press Science Editor
Cambridge, Mass., June 13 (AP)—Plans for the formation of a consolidated scientific organization to be known as the American Institute of Physics were made public today by Dr. Carl T. Compton, president of Massachusetts Institute of Technology.

Both science and the public are to be served. The institution will bring together several scientific organizations now separate but having common interests. It will also knit together a great group of men in industrial laboratories and manufacturing plants who as physicists play a most fundamental role in modern industry, but who have not heretofore constituted a well recognized unit. Also in schools and colleges, local or student branches of the institute may be founded.

Organizations Join
For the public there will be a press department to explain some of the fascinating laboratory happenings which often remain masked behind unfamiliar scientific words.

The plans were initiated jointly by the American physical society, the optical society of America and the acoustical society of America. The society of rheology has also joined in the movement to establish the institute, and several other national as well as some local organizations have expressed interest in joining or becoming affiliated with it.

AMUSEMENTS

AT THE DELFT

Talk is about to start again. Marlene Dietrich is back at the Delft Theatre in a picture that is bound to startle film audiences even more than her original opus, "Morocco." The picture is "Dishonored," in which this surprising woman is cast as an Austrian spy in wartime, playing a reckless and dangerous game, spurred by a patriotic purpose, with love as the ever eminent threat to safety.

"Dishonored" is a brilliant story. It is said the facts were taken from the life adventure of one of the war's most glamorous women spies. Whether or not this is so, Dietrich gives glamorous interpretation to its sometimes subtle, always exciting, chief character. Beautiful, clever, disillusioned, the amazing actress plays men at their own game, and wins, until one reckless, mocking young officer throws love into the game—and then? Then comes the smashing surprise climax which makes "Dishonored" the thrillingly great drama it is.

Co-starred with the jocular Dietrich is Victor McLaglen, star of such hits as "What Price Hero?" "The Crack-Brained World" and "A Devil With Women." Here he plays the kind of roistering rascal in uniform which won him fame on the screen, a carefree, persuasive lover. McLaglen and Dietrich are splendid together, a pair of lovers with the flavor of romance.

"Dishonored" is the third Henry von Sternberg picture to feature Marlene Dietrich. He also directed "Morocco" and "The Blue Angel." With "Dishonored," he has clinched his claim to pre-eminence among screen directors.

Airway Building Program Planned Throughout State

Detroit, June 3 (AP)—A state wide program of airway construction was approved today when the Michigan Board of Aeronautics accepted a set of plans prepared by Major Floyd E. Evans, state director of aeronautics, to provide a complete system.

The board decided to begin work with a system of airways running north from Harrison, in Clare county, across the straits of Mackinac to Sault Ste. Marie, thence to Marquette and Ironwood.

In his field survey, Major Evans located 25 possible sites for fields on this route, ten of which are to be developed at once. Eventually the number will reach 20, he said.

He estimated the cost of development at not to exceed \$1,500 each. In most cases, he explained, removal of stumps and boulders, painting of a landing circle and erection of a wind cone will be sufficient. The fields thus created will have emergency field ratings.

troit within the next week or ten days and personally report to Henry Ford, head of the Ford Motor company, the completion of the negotiations for the purchase of the Gladstone site and official announcement will then be made of the company's construction plans. While no official announcement has been issued by either Mr. Kingsford or from the Detroit offices of the Ford Motor company, it is known that plans for the Gladstone development include the construction of a blast furnace and glass plant which will provide employment for a large number of men.

The list of Gladstone property owners, whose property was yesterday transferred to the Ford company, follows:

Herman Duchesney and Mathilda Duchesney, Paul Dementer and Rose Dementer, Charles Potvin and Olive Potvin, Philip Martin and Julia Martin, John Brockert and Josephine Brockert, W. A. Marie Railway company.

DEVELOPMENT OF THE FORD MOTOR COMPANY
The Ford Motor company now vitally interested in Delta county, was incorporated on June 16, 1903. The capital originally subscribed was \$100,000, of which only \$28,000 in cash was paid into the treasury. There were twelve stockholders, including Henry Ford who held 25 1/4% of the stock. Later, in 1906, Mr. Ford acquired sufficient stock to bring his holdings up to 51 per cent, and shortly thereafter purchased an additional 7 1/2 per cent. In 1919, Edsel B. Ford, who had succeeded his father as president, purchased the remaining 41 1/2 per cent of the outstanding stock. On July 9, 1919, the Ford Motor company was reorganized under the laws of Delaware, with an authorized capitalization of \$100,000,000. The company is chartered to build automobiles, trucks, tractors, aircraft, internal combustion engines, ships, locomotives and all allied products.

The company is probably the largest manufacturing enterprise in the world and an accurate valuation of its properties is difficult. But enormous though they may appear, they are small in comparison with the value of the methods of manufacturing which the company has worked out during the last twenty-five years with the active assistance of Henry Ford. It might be possible to construct a series of plants and to duplicate the Ford organization in size, but no amount of money could duplicate the value of twenty-five years of constructive experience and Henry Ford's personal talents applied during that period.

Every Link Strong
The Ford organization represents a complete industrial chain in which every link is strong. Raw materials, transportation and manufacturing are entirely under its control. The Ford industries are independent to a large extent of strikes, price fluctuations or shortage of raw materials. Manufacturing cycles have been worked out with such precision and the transportation element is so well in hand that the company requires only small inventories. Thus enormous sums of money are released for other purposes including, for example, experimental work conducted on a large and efficient scale hitherto unheard of. Few institutions could risk a million dollars on the manufacture of a single power unit, heretofore untried, or spend a quarter of a million dollars in developing one single type of productive machine as the Ford

Motor company has done many times.

The company operates thirty-five branches in the United States of which thirty-two are assembly plants. Foreign branches and associated companies are located at many important trade centers.

The cycle of Ford manufacture begins in the iron and coal mines, and continues through the conversion and fabrication of the materials until completed Ford products are placed in the hands of the customer.

River Rouge Plant
The Ford Motor company employs approximately 200,000 men in the United States and about 15,000 abroad exclusive of Canada. The Ford Motor company of Canada, Ltd., employs about 11,000.

On the River Rouge just west of Detroit is the Rouge plant, with an area of 1,996 acres, said to be one of the largest industrial enterprises in the world.

Here the company has its own blast furnaces, coke ovens, foundry, machine shops, body plant, glass furnaces, cement plant, paper mill, steel mill, by-products plant, locomotive repair shop and power plants.

Along the River Rouge are storage bins having a combined capacity of two million tons. Ore, limestone and coal are unloaded here from Ford-owned ships. For many years Ford activities were centered near Detroit at Highland Park, where they occupied a plant of 278 acres. This huge plant was frequently called "the cradle of the Ford industries," since for many years until the completion of the Rouge plant it was the principal manufacturing establishment of the company.

The Lincoln plant, located in the city of Detroit, is devoted to the building of the Lincoln automobile. At Dearborn, west of the Rouge plant, is the Ford experimental laboratory, as well as Ford airport and the airplane manufacturing plant.

Other manufacturing units are located at Kearny, New Jersey; Hamilton, Ohio; Flat Rock, Michigan; Green Island, New York; St. Paul, Minnesota, and Iron Mountain, Michigan; all but Kearny utilize water power.

Smaller units operated by hydroelectric power are at Phoenix, Northville, Waterford, Plymouth and Nankin Mills, all in Michigan, and to which now is to be added the Gladstone plant.

Presbyterians Pick Denver for Meeting

Pittsburgh, June 3 (AP)—Verbally assured that efforts toward church union would be continued, the general assembly of the Presbyterian church in the U. S. A. today chose Denver, Colo., as the next place of meeting and adjourned.

Though not officially informed of the action of the Southern Presbyterian church yesterday in voting to discontinue negotiations toward organic union, the assembly was informed by Dr. Lewis S. Mudge of Philadelphia, its moder-

How One Woman Lost 102 Lbs. of Fat

Almost Unbelievable—Nevertheless True
Dear Friends:
You advertise Kruschen Salts for reducing, so I finally tried them and when I started weighing 219 pounds and when I took them for a year and 3 weeks, I lost exactly 102 pounds.

I am 23 years old and I look at least 5 years younger now than I did when I was fat. I have a picture of myself before and after so if you want to see them let me know.

I am always telling my friends about the wonderful salts. I am always advertising them.

I took 2 bottles every month for a year and 3 weeks. It amounted to \$35 for reducing 102 pounds but it was worth it.

If I can be of any help to you let me know.

Yours truly, Miss Nellie Simpson, 1903 Wayne Street, Swisvale, Pa., Oct. 31, 1930.

BISHOP CANNON SUES TINKHAM

Churchman Charges Libel in \$500,000 Suit in Washington

Washington, June 3 (AP)—Bishop James Cannon, Jr., took the offensive today in his long controversy growing out of his opposition to Alfred E. Smith in Virginia in 1928 by filing a \$500,000 libel suit against Representative Tinkham, Republican, Massachusetts.

The Southern Methodist churchman alleged that Tinkham had issued and caused to be published a statement charging him with violation of the federal corrupt practices act.

In asking \$250,000 compensatory damages and the same amount in punitive damages, Bishop Cannon said statements made by the Massachusetts representative had greatly injured his reputation as a citizen, churchman and moral leader.

He said he always complied with the law and that he had "only refused" to subject himself to unjust and unscrupulous attacks.

Bishop Cannon last October filed a \$500,000 libel suit against William Randolph Hearst, the publisher. In this action he said Hearst newspapers had cast reflections upon his wife, who was his secretary before her marriage.

The Tinkham statement which was the basis of the present suit was made in June, 1930. It centered upon the disposition of \$85,800 which Bishop Cannon received from E. C. Jameson, of New York, in 1928 to use against the Smiths.

A few days previously, Tinkham, in a speech on the house floor, called Cannon a "shameless violator" of the federal corrupt practices act. He said that until the churchman told how \$48,300 of the Jameson fund had been spent, he "will stand convicted in the eyes of all honest men of having appropriated money to his own uses."

Secretary Stimson Plans Trip Abroad

Washington, June 3 (AP)—Secretary Stimson will have an opportunity to discuss international problems with European statesmen during a two months' tour abroad this summer.

In announcing plans for a vacation in Europe, the secretary emphasized that his trip, to begin this month, would be an unofficial one.

There appeared no question in the minds of officials here tonight, however, that the secretary would take advantage of his visit to Italy, France, Germany and Great Britain to meet and talk with government leaders.

The secretary intimated it was his intention to see the foreign ministers of the governments since it was customary for a secretary of state while travelling abroad to call upon officers of similar rank.

Five Fraternities Will Be Reopened

Ann Arbor, Mich., June 3 (AP)—The five fraternity houses closed after liquor raids last February, will be reopened during the last two weeks of the University of Michigan school year.

The University senate committee on student affairs announced today the order closing the houses until fall had been modified in the permit senior members to live in their houses and entertain relatives and friends during the social affairs incident to graduation.

The fraternities also may initiate those pledges who are not returning next fall. The fraternities permitted to reopen their houses are Delta Kappa Epsilon, Kappa Sigma, Phi Delta Theta, Sigma Alpha Epsilon and Theta Delta Chi.

The Modern Safe Way—Right Way to Lose Fat

Just take a half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast.

You can hasten the reducing action of Kruschen by going lighter on potatoes, pastry—and fatty meats.

Unlike other Salts, Kruschen doesn't reduce by rushing food thru your system. Rather it's an ideal blend of 6 separate mineral salts which help every gland, nerve and body organ to function properly.

Women everywhere are overjoyed with this marvelous reducing treatment. Frequently pound by pound of surplus fat leaves and soon you possess that trim, slender figure you've always craved.

An 85c bottle of Kruschen (lasts 4 weeks) is sold by leading druggists the world over—so start this SAFE method to lose ugly fat TODAY! Peoples Drug Store, Escanaba, G. E. Dehlin, Gladstone sells lots of it

France Considers Trade Treaty With Soviet Government

Paris, June 3 (AP)—Pressure from industrialists, who are said to be suffering as a result of recent trade treaties between Russia and Italy and Russia and Germany, is given in official circles as the basis for a French desire to negotiate a business pact with the Soviet government.

The foreign office said today that a Russian delegation will arrive here in a few days presumably empowered to negotiate such an agreement.

It was revealed that this same Soviet group visited the French capital shortly after Germany concluded here trade treaty with Moscow. After secret conversations the delegation returned to Russia, ostensibly with proposals for such an agreement.

Detroit Will Honor Endurance Fliers

Detroit, June 3 (AP)—A reception is planned Friday for Frederick A. Brossy and Walter E. Lees, Detroit pilots, who set a world non-refueling record of 84 hours, 33 minutes at Jacksonville beach last week in a Diesel motored monoplane.

They will fly to Detroit in the same plane with which they made the record. City officials, members of the aircraft bureau of the Detroit board of commerce and others will meet them when they land.

It was learned today that the fliers had used lubricating oil for fuel during the late hours of the flight. Their fuel oil was not exhausted, but they had a surplus of lubricating oil and adopted that expedient to reduce the flying load.

Widow Sues County Officer and Wife

Detroit, June 13 (AP)—Trial of a \$10,000 suit brought by Mrs. Annette E. Stannard, 64 years old, Crawford county widow, against Sheriff and Mrs. Jesse E. Bobenmoyer, of the same county, was begun today in circuit court.

Mrs. Stannard charges she deeded \$10,000 worth of real and personal property to the defendants a year ago when she was sentenced to the Detroit house of correction from Grayling for conspiracy to commit arson. The understanding was, she claims, that the Bobenmeyers were to manage the property while she was serving her sentence.

When she asked for return of the property upon her release, she charges she discovered the property had been sold.

Her sentence was from one to ten years. She served the minimum.

Jury for Pantages Trial Is Sworn In

San Diego, Calif., June 3 (AP)—A jury of nine men and three women was approved and sworn today for the trial of Alexander Pantages, multi-millionaire theater man, and three others on conspiracy and morals charges. One hundred talesmen were called and eight days used in the selection of the jury.

State Briefs

Detroit (AP)—Police Commissioner James K. Watkins Wednesday ordered the abolition of all police "traffic traps." Motorcycle officers were ordered to cease lying in wait for motorists on side streets and to keep up a continuous patrol of main traffic arteries.

Lansing (AP)—The chamber of commerce reported Wednesday that the average employment in 38 Lansing factories during May was 10,772 as compared with 10,579 for the month of April. In May 1930, the average employment was 13,961.

Detroit (AP)—Mrs. Jeanne Hughes, operator of a boat livery near the Belle Isle bridge, surrendered Wednesday to start an 18-month sentence for conspiracy to smuggle aliens into the United States. Her conviction recently was upheld by the U. S. circuit court or appeals at Cincinnati although the similar sentence passed on her husband, Gilford, was reversed when Mrs. Hughes stated her husband had taken no part in the venture.

Restraining Order Against Cheeney Alien Act Issued

Detroit, June 3 (AP)—Another order restraining the state of Michigan from enforcing the Cheeney aliens registration act was issued by Federal Judge Ernest A. O'Brien today.

The new order was granted on petition of the Polonia Publishing company which stated it employed aliens who would refuse to register in compliance of the law. Judge O'Brien made the order returnable June 9, the same date as that set for the first order issued Monday.

Attorneys for the publishing company were Theodor Levin and Nathan Weinstein, who also represented George Arrowmuth, a British subject, who obtained the first order.

The temporary order is issued against Gov. Wilbur M. Bruce, Paul W. Voorhees, attorney general, and Oscar G. Olander, commissioner of public safety.

PINCHOT SURE TO BE FACTOR OF 1932 RACE

(Continued from Page One)

Governor Pinchot is this week addressing the conference of governors at French Lick, Indiana, where he was scheduled to make a talk on "timber needs" but he disregarded the topic and prepared an address on public utility regulation. The executives of the conference were particularly anxious to avoid controversial political subjects this year and they did not select any topic which would be capable of advancing the political candidacy of any of the governors. Mr. Pinchot, believing that the governors conference is a forum for the discussion of all questions, prepared his speech on the power question just the same.

Bars Are Down

If the conference ruled the speech out of order, he was ready to issue it as a public statement to the press. Any effort to bar the Pinchot address would naturally give it more prominence and publicity. So many of the governors are expected to be in the audience that it is better to let Mr. Pinchot make his address. This may have the effect of releasing both Governors Roosevelt of New York and Ritchie of Maryland, Democrats, who have plenty of political thoughts on their minds now days. For if the bars are let down for one governor, the others

naturally feel entitled to similar privileges.

The governors' conference this year was held in Indiana, a Republican state, in order to avoid giving undue prominence to Governor Roosevelt who invited the governors to the empire-state. It looks as if Governor Pinchot has frustrated the plan of a non-political gathering. From now until the November 1932 campaign, he will continue his campaign of frustration and he is aggressive enough to keep the regulars of both parties on the alert for he is not averse to criticizing both parties as responsible for the present economic situation and unemployment.

OBITUARY

FRANK LINDSLEY
Many relatives and friends attended the funeral services which were conducted Wednesday afternoon at the Anderson funeral home for the late Frank Lindsley, who passed away Saturday evening, May 30, at his home, 312 South Fifteenth street, following an illness of one year.

The Ritualistic service of the Methodist Episcopal church was read by Rev. R. C. G. Williams, pastor of the First M. E. church of this city.

The many beautiful flowers that surrounded the casket were silent proof of the esteem in which Mr. Lindsley and his family are held in this community.

The casket was borne by V. E. Tillman of Gladstone, John Stromberg, L. M. French, H. A. Spindler, S. M. Johnson, and H. P. Hansen of this city.

Those from away who came here for the obsequies were Mr. and Mrs. D. F. Fitz-Gerald, Detroit, Mr. and Mrs. Floyd Lindsley and son, Floyd of Vulcan, Mr. and Mrs. John Lindsley, Mr. and Mrs. Mary Swanson and son, Mr. and Mrs. George Swanson, Mr. and Mrs. Herman Winkie all of Manistique, Mr. and Mrs. V. E. Tillman, Gladstone, Mr. and Mrs. Otto Winkie and Mr. and Mrs. Wm. Winkie of Cooks.

Burial was in the family lot in Lakeview cemetery.

MRS. SANFORD N. HARROD
Funeral services will be held Friday afternoon at two o'clock daylight saving time at the Anderson funeral home for Mrs. Sanford N. Harrod of Cornell, the former Miss Elizabeth Nelson, daughter of Mrs. Bengta Nelson of this city and Cornell.

Rev. Elmer J. Holt of Norway will conduct the services in the absence of Rev. Dr. C. Albert Lund.

The church services will be held at two thirty o'clock at the Bethany Lutheran church of which Mrs. Harrod was a life long member.

Wm. Nelson of Ann Arbor, a brother of deceased is not expected to come to this city for the funeral services, having visited here over the week-end with relatives and having spent some time at the hospital with Mrs. Harrod last Saturday and Sunday.

Interment will be made in the family lot in Lakeview cemetery.

MRS. ALLEN GARVEY
The body of Mrs. Allen Garvey will remain at the Anderson funeral home until this morning at nine o'clock when funeral services will be held at St. Joseph's church, at which time a requiem high mass will be offered.

Mrs. Garvey passed away early Tuesday morning at St. Francis hospital.

The pallbearers will be Roy O'Brien, David Harwood, Peter Lefebvre, Harry McLaughlin, Matt Foss and Hugh Boyle.

Mrs. Gerald Tolon, a sister of the deceased, arrived here a few days ago having been summoned by the critical illness of Mrs. Garvey.

Burial will be in St. Joseph's cemetery in the family lot.

LUBIN JACQUES
Iron Mountain—Lubin Jacques, 53 years of age, died at the home of his nephew, Anton Abba, 212 Newton street, Breitung, following an illness of five days. Mr. Jacques was born in January, 1847, in St. Pierre Des Becquet, Canada. He is survived by a brother, Edward, of Montana, and a sister-in-law, Mrs. N. Jacques, 212 Newton street, with whom he made his home. The funeral will be held from the

home of his nephew Thursday morning, with services at 8:30 o'clock at St. Joseph's church. The Rev. Fr. Joseph Dufort will officiate. Interment is to be made at the cemetery in Bark River.

CAROL JEAN TORDEUR
Menominee—One of the largest children's funerals held in Menominee in many months was that of little Carol Jean Tordeur, 6-year-old daughter of Mr. and Mrs. Ferdinand Tordeur, who was drowned last Wednesday evening. Services were read at 2 o'clock by the Rev. John D. Berg in the home of her parents on Stephenson avenue, Saturday afternoon. Mr. and Mrs. Adolph D. Dupule, and daughter, Rose Marie of Escanaba attended the services, the child being a niece of Mrs. Dupule.

MRS. ANNA DE LOUGHARY
The body of Mrs. Anna DeLoughary was removed from the Boyle undertaking parlors at Bark River to the home of her daughter, Mrs. Edward Flynn, at Harris, where it will remain until the hour of the funeral services, which will be held Friday morning at 9 o'clock, daylight saving time, at St. George's church, with Rev. Fr. D. Joseph Breault as the celebrant at the requiem high mass.

Mrs. DeLoughary, who had been a resident of Harris for more than half a century, passed away at the home of her daughter Tuesday evening.

Interment will be made in the Bark River cemetery where her husband, the late Patrick DeLoughary, was buried several years ago.

Priest Celebrates Silver Anniversary At Iron Mountain

The Rev. Fr. Joseph Dufort, pastor of St. Joseph's church of Iron Mountain, will celebrate the twenty-fifth anniversary of his ordination to the priesthood Wednesday, June 10, when he will be the celebrant at a solemn high mass at which he will be assisted by a number of priests of this diocese. Rt. Rev. Msgr. R. G. Jacques of Escanaba will attend the impressive ceremony and Rev. Fr. George LaForsythe will preach the jubilee sermon.

Rev. Fr. Joseph Dufort was born May 21, 1853, at St. Paul l'Ermite, Province of Quebec, Canada. He is the son of Joseph Dufort and Eleanor Lippe. He attended the country schools until the age of 12 when he entered the College de L'Assomption, at L'Assomption, P. Q., in 1875, where he studied Latin and philosophy. He graduated from the college in 1892 and then entered the Seminary of St. Francis at Milwaukee where he studied Theology and received his minor and major orders from the hands of the Rt. Rev. Msgr. Fabian Messmer in March, 1903.

Ordained in Escanaba

He was ordained June 6, 1906, at St. Anne's church in Escanaba by the Rt. Rev. Bishop Frederick Eis and was the first priest to be ordained in that parish.

For three months he was assistant to the late Rev. Fr. C. Mehard, dean of Delta county who at that time was pastor of St. Anne's parish in this city. Rev. Fr. Dufort was appointed pastor of St. Charles' Borromeo church at Rapid River, October 1, 1906, where he remained until October, 1910, when he was appointed to Holy Family church at Flat Rock, remaining until August, 1912.

Father Dufort was then sent to Engadine where a new church was to be built. After the completion of the church of Our Lady of Lourdes, he was transferred to St. John the Baptist church at Garden, 1915 to 1920, and on August 1, 1920, was pastor of St. Anne's church at Chassel until October 1, 1924.

Father Dufort served as pastor of Precious Blood church at Stephenson from October, 1924, until May 6 of this year when he was appointed to St. Joseph's church at Iron Mountain where he is now located and is negotiating plans for the building of a church, rectory and parochial school, which he hopes will be built in due time.

Meet Jake
Mr. Killarney Tells True Fish Story

When it comes to fishing, Jake Killarney of 312 North Nineteenth knows his trout.

Up near Boney Falls, in "Herman's" clearing, Jake caught an old daddy trout the other day that weighed five pounds and six ounces dressed, and he had at least three witnesses. He presented the fish to a friend with the comment that "when he gave anybody a fish he gave them a real one."

Being a fisherman isn't Jake's only claim to fame. He is also a cook with a reputation, and he had plenty of witnesses for that too.

Former Escanaban Dies at Argonne

Word was received here yesterday of the death of Miss Alice Murray, sister of Mrs. S. J. Whybrow, of Argonne, Wis.

Miss Murray was born in Canada and came to Escanaba about 35 years ago to make her home with her sister and brother-in-law, Mr. and Mrs. S. J. Whybrow, who at that time were residents of this city. The family left here about 30 years ago for Argonne, where they have since made their home.

Funeral services are being held at Argonne today and the body will be taken to this city, arriving Friday morning. It will be taken to the Anderson Funeral Home where it will remain and where Rev. R. C. G. Williams, pastor of the First Methodist Episcopal church, will conduct brief services Friday afternoon. Interment will be made in the family lot in Lakeview cemetery.

Mr. and Mrs. S. J. Whybrow are accompanying the body to Escanaba.

St. Francis Hospital

The condition of George McEachern of Cooks is still critical, although he was conscious for a while yesterday. He is not allowed visitors.

Miss Ione Tebo, who was injured in an automobile accident Sunday evening, is reported to be slightly improved but is not allowed visitors.

John Kelly of the Delta county poor farm, who was hit by an automobile Monday morning, is slightly improved, but his condition remains grave.

Mrs. S. M. Maisack, 323 Ogden avenue, was dismissed yesterday.

Grade School Heads Hold Final Meeting

The June meeting of the Escanaba grade school principals was held on Tuesday afternoon at 4 o'clock. At this meeting final reports were given. The greater portion of the business of the meeting dealt with the problems incident to the closing of school. Among those receiving special attention were year-end inventories and promotions.

Mrs. Charles Gunkel Of Perronville Dies After Long Illness

Mrs. Charles Gunkel, Sr., 72, a resident of Perronville for the past 15 years, passed away Wednesday morning at 11 o'clock at the family home, following an illness of two years. Mrs. Gunkel suffered a paralytic stroke two years ago and had been confined to her bed since that time.

Mrs. Anna Gunkel was born November 19, 1853, in Astok, Germany, and came to this country many years ago. She is survived by her husband, Charles Gunkel; four sons and three daughters: Charles, Jr., Escanaba; William and Edward, of Iron Mountain; George, of Perronville; and Mrs. Charles Call, of Escanaba; Mrs. Ben Hoffman, of Perronville; and Mrs. Chester Schoen, of Iron Mountain. There are also eleven grand children and two great grandchildren.

Mrs. Gunkel was a member of St. Mary's Court, Women's Catholic Order of Foresters.

The body was taken to the Anderson Funeral Home to be prepared for burial, and will be removed this afternoon to the home of a son, Charles Gunkel, 816 South Fourteenth street, where it will remain until the hour of the funeral services.

Funeral services will be held at St. Joseph's church at 9 o'clock Saturday morning. Rev. Father Bertrand officiating. Burial will be in the family lot in Lakeview cemetery.

A NOBLE ADVENTURE

PROFESSOR PICCARD and Dr. Kipfer return to the earth in their queer, air-tight balloon basket announcing that they made highly important scientific discoveries and experiments while drifting about nine miles above the earth's surface.

MORE WHEAT THAN EVER

THE plight of the wheat grower seems to grow worse instead of better. Canada, Argentina and Australia will have a surplus of 704,000,000 bushels for export this year, according to the latest figures; the United States will have an exportable surplus of 240,000,000 bushels, and Russia will have 120,000,000. Yet the world requirements are only about 780,000,000 bushels.

Thus far, all efforts to devise an international agreement to relieve the wheat grower have failed. Just what can be done to remedy matters is not at all clear. Neither limitation of production nor restriction of exports seems feasible. The whole problem, clearly, is a job for the very best brains the wheat-producing nations of the world can supply.

HELPS TIMBER MEN

TIMBER and land owners in the state are happy over the success of the Rushton commercial forest bill which became a law last week with the signature of Governor Wilbur N. Brucker. The law is designed to alleviate the tax payments on standing timber and allows greater latitude to those who wish to enter into private reforestation.

Forest reserve owners, under its terms, must pay a tax of five cents an acre each year into the general fund of the state. When the timber is harvested they must pay a stumpage tax of 10 per cent of the value direct to the county for distribution to the townships and school districts by the board of supervisors and another 10 per cent to the state, of which half will be retained by the state and the other half will be apportioned back to the counties and local units.

In fighting for this measure, timber and land owners have stressed the heavy tax burdens which made mandatory the harvesting of timber as rapidly as possible, even under conditions where marketing was ill-advised. The result has been a denuding of timber lands on a scale beyond economic need.

The Rushton bill had many sponsors in the upper peninsula who believed it provides a fair return to the state without hardship on the owners and allows them to maintain timber stands over a longer period of time. We should, as a result, find less cutting during times when the market is bad and therefore more timber for game stands and greater beauty for the wooded parts of the upper peninsula.

Another promising feature is the encouragement the bill gives land owners for widespread reforestation of cutover lands. The taxes on these lands are deferred, for the most part, until the timber is harvested and then the state and the county units share in the returns the timber brings. The former commercial forest law, which the Rushton bill supersedes, was non-operative on a practical scale, timber men said, and after a brief trial, it failed into insignificance.

If the new law means retention of cutover lands in private hands and their reforestation on a large scale, it is a far step out of the land dilemma in which the state has found itself.—Iron River Reporter.

Anniversary

NEW RUSSIAN COMMAND

On June 4, 1917, General Alexander Brusiloff became commander-in-chief of the Russian armies, succeeding General Michael Alexieff, who had resigned.

Another important resignation which took place in Russia at this time occurred when A. I. Konovloff, minister of commerce and trade, resigned because of a disagreement with the minister of labor concerning economic and financial questions. Many strikes followed in Petrograd.

On this day at the front the Italians drove the Austrians from captured advance positions on the western slopes of San Marco. This is also the anniversary of the terrific fighting at Lens when in spite of the heavy activity of Allied armies, the British advance on the western front was temporarily checked.

CHAPTER XXXI

MRS. EVERETT agreed that Irene's plan of frustrating Beryl's attempt to prevent her marriage to Prentiss was perfect. She helped Irene to dress with unusual care, and gave her all the money she had available in the house.

Irene stayed in her room until Prentiss called and then she went down to him immediately so that he would not talk with her mother in the living room where Beryl might overhear.

Irene affected extreme agitation. She wanted Beryl, if she saw her, to think she was upset over her coming interview with Prentiss. To Prentiss she explained nervously that she wanted to talk to him alone—her mother had left the room when Irene entered it, as the two had arranged. She wanted to "go somewhere and talk with him."

quietly and go back to Oakdale right away, as your father wants you to."

"Then she doesn't object to your marrying me?" Prentiss asked eagerly.

"Well—she said she'd like us to have a longer engagement."

"I don't believe in long engagements," Prentiss stated firmly. "I couldn't have any kind of wedding at all here at home."

"I've got to leave day after tomorrow at the latest," Prentiss informed her. "In fact I should leave tomorrow. Dad wouldn't send for me if he didn't need me."

"There was a threatened strike at the factory when I left and I'm afraid it's been called."

"Mercy! Can you handle strikes?" Irene breathed reverently.

"Well," Prentiss said, "I have ideas that fit in between those held by dad and the labor leaders. But that's not the topic of the moment," he added hastily. "Will you marry me today, Irene?"

"Today?" she gasped. "Oh,

Neil Gallagher has left for Beaver Island on business.

The Misses Mabel and Freda Logan will leave this afternoon for Perkins where they will visit with relatives and friends. Fred I. Erickson of this city last Wednesday assisted in the musical vesper services at the elegant Church of Christ in Brooklyn Heights, N. Y. Mr. Erickson has been studying organ in Europe and the east for the past six years and to see his talent welcomed by such a class as the congregation of the New York church, is most gratifying to his Escanaba friends.

Health Tips

BY DR. MORRIS FISHER

For years it has been known that people could be sensitive to foods. Recently medicine has been paying more attention to the subject and now has various theories as to why such sensitivities occur.

The particular element in foods which causes sensitivity is the protein. It is understood that the main elements of foods are proteins, carbohydrates, fats and mineral salts.

The views are that the absorption of food occurs so quickly that the proteins get into the blood without having time to be changed chemically as in the normal person, that the digestive juices are changed in some manner so that they are not able to transform the proteins as in the normal person, that the person contains in his body certain substances which interfere with transformation of proteins, or else that the person contains in his blood some substance which, combining with the protein, sets up the condition of sensitivity.

There are all sorts of symptoms of sensitivity, some of the most common manifestations being a sick headache, abdominal pain, vomiting, diarrhea, and also such eruptions as hives, eczema, inflammations of the bronchial tubes, asthma, canker sores in the mouth, and other disturbances. These conditions are not of course, in any way related to food poisoning, which is due to infestation of food by germs or by poisonous substances.

Among the first substances to which some people were found to be especially sensitive was egg. Today it has been shown that practically all foods, except water and sugar, may in some individuals produce the symptoms of food sensitivity. Wheat products, chocolate, potato and fish have been especially recognized. Some babies are sensitive to milk. Other things which have been particularly concerned are raw meats, lobster, crawfish, shrimp, muscles, oysters, kidney beans, prunes and many other similar substances.

Other things which have been particularly concerned are raw meats, lobster, crawfish, shrimp, muscles, oysters, kidney beans, prunes and many other similar substances.

Apparently the most important methods involved in the control of these conditions are the certain diagnosis made by careful tests and the prevention through avoidance of the food substance involved. The skin tests are simply scratches on the skin on which a little of the extract suspected is spread. A positive reaction includes the development of a red spot. A negative reaction simply means that the scratch heals without any inflammation.

DIDN'T WIN A THING

Mananoy City, Pa.—Louis Pieri, cigar store owner, was playing poker and drew one hand in a million. The dealer gave him a royal flush. In his excitement Pieri threw the cards on the table, face up, automatically rendering his hand valueless as far as winning the pot went. Although he held the highest possible hand in the game, he didn't win a thing with it.

STRANGE AIR CARGO

London—With the increasing popularity of airway freight lines, all sorts of queer cargoes are being carried by English planes. Recently, on account of the fact that Brussels sprouts are not normally available in Egypt in winter, some of the big hotels in Alexandria and Cairo conceived the idea of having some sent specially by the Indian mail plane to give an extra attraction to the bill of fare.

FRECKLES AND HIS FRIENDS

BOOTS AND HER BUDDIES

Fr. Bergeron Will Take New Parish At Engadine, Mich.

The Rev. Fr. Raymond A. Bergeron, assistant pastor of St. Ignace church at Houghton, and formerly assistant at St. Patrick's church in this city, will leave Wednesday, June 10, for Engadine, Mich., where he has been assigned as pastor of Our Lady of Lourdes Mission. Rev. Fr. Bergeron has been in Houghton for the past two years.

The Mining Gazette of Houghton carried the following item:

During the time the Rev. Fr. Bergeron has been in Houghton he has made many friends, and everyone with whom he came in contact will sincerely regret that he is leaving. His sterling character and pleasing personality make him a valuable leader, and his influence was widely felt outside as well as in the church.

His ability as an organizer and leader was demonstrated immediately after he came to Houghton. Under his leadership, the societies for which the Rev. Fr. Bergeron acted as spiritual adviser took a renewed interest and within several months the attendance at the regular meetings increased from a mere quorum to an average of 60 per cent of the memberships. These

societies include the Senior and Junior Holy Name and the Young Ladies League. No meeting of either of these organizations was complete unless the Rev. Fr. Bergeron gave one of his inspiring talks which brought out the sincerity of the talker and the interest of his listeners.

Rev. Fr. Bergeron did not stop at entertaining the membership of his organizations with his addresses but gave much of his time to writing and directing plays that required casts of 50 to 100 performers. In 1930 he gave two public performances for the benefit of his organizations, "The Seal of Confession" and "The Minstrels of 1930." Both shows were greeted by packed houses. At later dates they were presented at private entertainments given by several organizations for the benefit of their members. The "Minstrels of 1931" appeared before three packed houses at Houghton, Pa. needle and Chanwell and proved a more successful financial venture than the previous year's entertainment. The proceeds from the "Minstrels of 1931" were given to charity.

The Rev. Fr. Bergeron also took an active interest in athletics, especially hockey. He organized and coached the Holy Name Hockey club which made a creditable showing in the Upper Peninsula Amateur League last winter. He took a group of young men whose only

Boys and Girls in 4-H Work Total 175

The following summer 4-H Clubs have been organized in Menominee county:

Hermansville—Potato Club, Garden Club and Canning Club.

Grant School—Two Potato Clubs, Canning Club.

Birch Creek—Potato Club, and Canning Club.

Roosevelt School—Potato Club, Nadeau—Calf Club.

Wallace, Stephenson and Banat—Calf Club.

These clubs represent a total of 175 boys and girls engaged in a farm project for the summer.

Last Car of Seed Leaves Menominee

The last car of certified Russet Rural seed potatoes from Menominee county were shipped to Kalamazoo, Mich. Growers that placed seed in this car were Julius Hoglund, Arvid Revall, and Ed Miller of Daggett, and Frank Thouse of Stephenson.

This seed was inspected twice in the field, once in the bin, and again when loaded for shipment. Growers of certified seed are required to treat their seed, use a high pressure sprayer, pull diseased plants from the field, and to grade carefully before selling. For their extra trouble these certified seed growers receive a premium on the seed they sell.

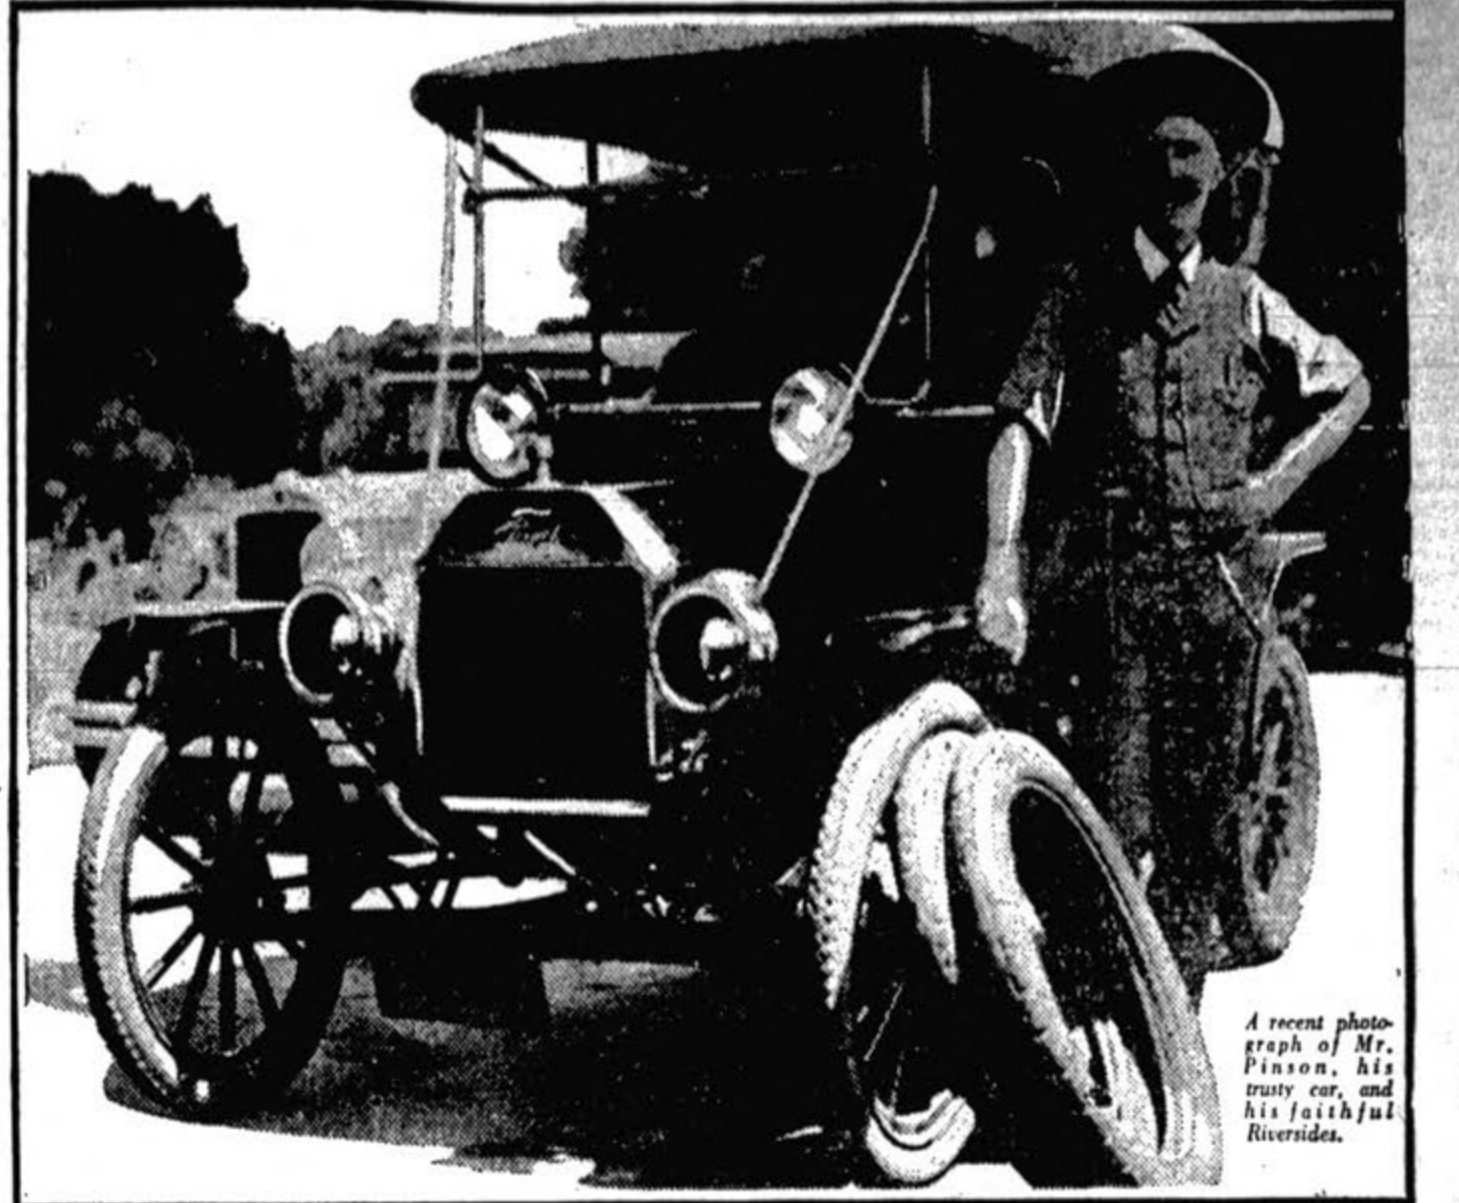

Sewage Plant Bids Received Tonight

Bids on mechanical equipment for the new Escanaba sewage disposal plant will be received and opened at the regular meeting of the city council tonight.

Proposals for supplying the filtering media of stone or gravel for the trickling filter beds at the sewage treatment works will also be opened at the meeting this evening.

experience was in high school hockey, and before the end of the season had a smooth working machine which was a credit to the organization it represented. His influence for clean sportsmanship will be greatly missed in hockey circles in years to come.

Wait Till Mr. Tire Maker Sees This!... It'll Shoot His "Tricky" Comparison Chart Full of Holes.

A recent photograph of Mr. Pinson, his trusty car, and his faithful Riversides.

Meet T. J. E. "Uncle Happy" Pinson of Platte Center, Nebraska—known in the frontier days as "Devil's Arrow." Mr. Pinson is one of the colorful figures of the old west. He rode on the plains with Buffalo Bill, and knew Jesse James and his brother Frank. You see him in the photograph standing beside his 1912 Ford with two Riversides tires, just removed, after giving ten years of service and covering more than 40,000 miles. The hat he is wearing is punctured by bullets from the guns of Sioux Indians. Mr. Pinson paid \$18.65 each for his Riversides in 1920. Since then, Riversides have been improved tremendously, and the prices have dropped amazingly. You can buy Riversides today, in the Ford size for only \$4.55, and they are guaranteed WITHOUT LIMIT. Mr. Pinson's endorsement of Riversides came to us unsolicited and was not bought at a price. It is a voluntary testimonial of the satisfaction that Riversides have given him.

MR. PINSON'S RIVERSIDES LASTED 10 YEARS

and covered 41,428 miles over rough territory

What chance have "comparison charts" you see in the papers and magazines against evidence like this! Who cares about charts showing "Rubber volume, weight, and the like," anyhow! We could build a tire bigger, heavier and wider than any tire on the market (bigger even than Riversides)—but that alone wouldn't give you satisfaction. It's mileage you want in a tire and these "paper comparisons" don't tell how far a tire will run.

We'll match Riversides... ON THE ROAD... against ANY tire made. And we'll beat it in price... Ask Mr. Pinson!

Riverside Tires are one of the best known in America. They have been sold for 19 years. They are made by one of the largest tire companies in the world. They are built to the most rigid specifications known. They are the finest quality it is possible to produce. They are backed by the most daring tire guarantee ever written. And they sell for less than any first-quality nationally advertised tire on the market! These sound like sensational claims. But they're facts. And Montgomery Ward & Co. stands back of every word. Note this—the nationally advertised tires offered to you at the same price as Riversides are not the first-quality tires of the manufacturers who make them—but their second-quality tires—put on the market to meet Riverside competition. So always compare qualities as well as prices. The table at the right lists some of the best known first-quality tires that do compare with Riversides in quality—you compare the prices!

Consider your Adam's Apple!!* Don't Rasp Your Throat With Harsh Irritants "Reach for a LUCKY instead"

The great Lord Tennyson in a beautiful poem refers to a woman's Adam's Apple as "The warm white apple of her throat." Consider your Adam's Apple. Touch it—your Adam's Apple—That is your larynx—your voice box—it contains your vocal chords. When you consider your Adam's Apple you are considering your throat—your vocal chords. Protect the delicate tissues within your throat. Be careful in your choice of cigarettes. Don't rasp your throat with harsh irritants! Reach for a LUCKY instead. Here in America LUCKY STRIKE is the only cigarette which brings you the added benefit of the exclusive "TOASTING" Process, which includes the use of modern Ultra Violet Rays. It is this exclusive process that expels certain harsh irritants present in all raw tobaccos. These expelled irritants are sold to manufacturers of chemical compounds. They are not present in your LUCKY STRIKE. And so we say "Consider your Adam's Apple."

Arrange Mammoth Celebration for Ford Day

GOV. BRUCKER TO VISIT CITY

Plan Elaborate Program; Large Numbers to Attend

Plans for Gladstone's Ford Day celebration which will be held here on Saturday, June 13, were further advanced at meetings of the various committees held Tuesday evening and yesterday, and according to the elaborate arrangements being made the day will witness the greatest celebration in the history of the city—a celebration that is expected to attract the largest crowd ever to gather here.

Enthusiasm is at a high pitch and the committee have launched themselves into the arrangement of details and program in a manner that assures making the event a gala occasion.

Approximately \$2,000 in donations was subscribed Tuesday by Gladstone business men, industrialists, and the city, for the financing of the celebration. The greater portion of this amount will be used for the program or entertainment, which will feature the day, and the rest will be used for advertising, the purchase of an automobile which will be given away on this day, the governor's dinner and incidentals.

Banquet for Governor

The visit of Governor Wilbur M. Brucker to Gladstone will be one of the features of the big celebration, and arrangements for his reception and a banquet in his honor are now being made by a committee composed of J. Paul Bushong, H. J. Norton, E. J. Norcus and J. M. Olson.

Governor Brucker and other state officials in his party will arrive here at 10 o'clock in the morning of Ford Day and the banquet will be held at noon at the Masonic hall. Details of the governor's banquet and reception are now being arranged. Following the dinner, Gov. Brucker will be escorted to the City Park where he will deliver an address. A loud-speaking amplifying system will be installed for the occasion so that the voice of Michigan's chief executive will carry to the large number who will be on hand to greet him.

Fire Program

An elaborate program is being arranged for the day which will include a big parade starting at 10 o'clock in the morning, band concerts, motion pictures of Ford's mammoth River Rouge plant, dancing and a program of sports events, as well as other attractions. Efforts to secure a squadron of planes from Selfridge Field, Great Lakes and the national guard for an exhibition of stunt flying are now being made, and according to indications it is highly probable that visitors here that day will be treated to a real exhibition of flying.

Arrangements for a number of high class feature outdoor entertainment attractions for the cele-

bration are also being made, what the attractions will be and their number will be definitely announced later.

A Better Business Campaign will be conducted during the entire week preceding the celebration, under the sponsorship of Gladstone business men and the City Club, and it is planned to make it a merchandising event, unparalleled in the history of Gladstone.

Advertise Gladstone

The business campaign and the Ford Day celebration are being sponsored with a dual object in view—celebration of the selection of Gladstone as the site of a Ford industrial development, and the advertising of Gladstone and its advantages to the people of this city and entire community in an effort to extend and develop the retail business of the city. Minor awards will be given by the merchants during the week and will be climaxed by the awarding of a light automobile on Ford Day.

The celebration and business drive will be extensively advertised throughout the county by use of road signs, street banners, posters, window signs and street car banners.

Attempts to bring a Goodyear blimp here on Ford Day have failed due to the fact that there are no mooring masts in the northwest and that the cruising radius of this type of craft is only 600 miles. It is also impossible to have an auto-avro here on Ford Day but it is probable that one of these unique crafts will visit Gladstone during the Better Business Week.

Confirmation Class—Regular meeting and study hour of the Confirmation class of St. Paul's Lutheran church will be held in the church this evening beginning at 7:15 o'clock.

Prayer Meeting—Weekly Prayer meeting of the Emmanuel Baptist congregation will be held this evening at 7:30 at the home of John Holm, Dakota avenue.

Fancy Work Sale—Ladies' aid of the Emmanuel Baptist church will sponsor a fancy work auction Tuesday, June 9, in the Salvation Army hall. The event will be held in the evening beginning at 8 o'clock and a fine line of hand sewing will be displayed.

Children's Day—Children's Day services will be held in the Methodist Episcopal church, Sunday June 14, at the 10 o'clock morning worship. Music for the occasion will be in charge of the junior choir, composed of thirty voices.

Ladies' Aid—Members of the Ladies' Aid of the Swedish Mission church will meet this afternoon for a regular meeting with Mrs. John Kall at her home at 300 Hill.

Big Class Receives First Communion at All Saints' Church

A class numbering 46, consisting of 24 girls and 22 boys, received their first Holy Communion at the 8 o'clock Mass Sunday at All Saints' Catholic church.

The services were very impressive, the class assembling in the school and marching to the church in a body, led by Rev. Fr. Sebastian Maier, pastor, and six altar boys. Following Rev. Maier and ahead of the class, during the march, were six small boys, bearing candles, and six flower girls. The six candle bearers acted as ushers during the services and at Communion ushered the class to the Communion rail. Music during the Mass was by the All Saints' school choir, with several violin solos by members of the school orchestra.

After Mass, all members of the class were enrolled in the Scapular and the group, in a body, then marched back to the school. The class had been drilled and coached by the Sister in charge of the parochial school third grade.

BRIEFLY TOLD

Dorcas Society—Regular meeting of the Dorcas society of the First Lutheran church will be held this evening at the home of Mrs. Axel Holm on Minneapolis avenue. At the conclusion of the business session, members will see for the remainder of the evening. Refreshments will be served.

Children's Day—Children's Day services will be held in the Methodist Episcopal church, Sunday June 14, at the 10 o'clock morning worship. Music for the occasion will be in charge of the junior choir, composed of thirty voices.

Ladies' Aid—Members of the Ladies' Aid of the Swedish Mission church will meet this afternoon for a regular meeting with Mrs. John Kall at her home at 300 Hill.

Rouman's Victors Over Wells Plant, And Flooring Mill

Rouman's diamond ball ten copped two games this week, winning a regular league tilt from the Flooring Mill, 7 to 4, on Monday evening, and walloping the Wells Plant, 21 to 6, Wednesday night.

In the league game, E. Olson and Upton clouted fourbag blows for Rouman's while Carlson of the Roumans also got a circuit clout. Duchoney and Swan formed the battery for the victors, while Skellenger and Williamson did the heavy work for the losers. Duchoney struckout 12 men, while Skellenger whiffed seven.

Rouman's had things all their own way in the Wells' Plant fracas, scoring 10 runs in the first inning. Olson, Duchoney and Swan formed the battery for the winners, with Larson and Johnston working for Wells.

Mrs. Frank Mottile returned Tuesday to their home in Neenah, Wis., after a brief visit here at the home of her son, W. J. Mottile, Michigan avenue.

Aid Is Sought in Transporting Boy Scouts to Camp

An appeal for aid in helping transport the local troop of Boy Scouts to Lake Michigan for their annual encampment, was renewed yesterday. Between forty and fifty boys have already registered for the camp which will be made at the Michigan Institute grounds, under the direction of Scoutmaster Rev. H. W. Colenso and assistant scoutmaster Gordon Hood. The boys will leave for camp on Monday, June 22.

Those who are able to help transport the boys to Michigan are asked to notify Gus E. Dehlin, J. D. Staple or Rev. H. W. Colenso.

Wm. E. McQuiggan Elected as Head of Odd Fellows

William E. McQuiggan was named to head Gladstone Lodge No. 267, I. O. O. F. at the annual election of officers held Tuesday evening in the Eagles' hall. He succeeds Earl D. Fisher to the office.

The official staff: Noble Grand—Wm. E. McQuiggan. Vice Grand—Rev. H. W. Colenso. Rec. Sec'y—Al Smith. Treasurer—Swan Wilder. Frank Carter was chosen as representative to the grand lodge, and Jack Erickson was named as district deputy grand master. A business session of the lodge preceded the election.

Mr. and Mrs. J. M. Dominguez, Mr. and Mrs. Michael Sherlock and Mr. and Mrs. Jack Fitzgerald have returned to their homes in Chicago after a brief visit here at the S. H. Tang and Walter Tang homes.

RIALTO

"Dance Fools, Dance," which will open tonight at the Rialto theatre, is Metro-Goldwyn-Mayer's latest talking picture starring Joan Crawford.

This is the most glamorous of Miss Crawford's recent roles, reflecting both the glitter of "Our Blushing Brides" and the tragic drama of "Paid," her last two screen offerings.

The story, with a Chicago locale, principally concerns the underworld and newspaper life of the metropolis. It is an original by Aurania Roveroul with screen continuity by Richard Schaver.

Harry Beaumont, who brought Miss Crawford to stardom in "Our Dancing Daughters," and recently added to this triumph with "Our Blushing Brides," again directed.

MRS. G. HICKS PASSES AWAY

Wife of Laurium Pastor Was Former Resident of City

Mrs. George G. Hicks, wife of Rev. G. G. Hicks, pastor of the First Methodist Episcopal church of Laurium, and former resident of Gladstone, passed away at the family home in Laurium last Friday, according to word received here. Death followed an illness of long duration. Mrs. Hicks having undergone an operation for the amputation of an arm early in December, after which for a time her condition was considered more favorable.

Mrs. Hicks was born in Detroit in 1878 and was married on May 10, 1899 in this city where Mr. Hicks was engaged in business. Later they lived in Washington, where in 1903, Mr. Hicks entered the ministry. In 1905 he entered Albion college and from 1910 to 1918 he served pastorates in lower Michigan. From 1918 to 1922 Rev. and Mrs. Hicks resided in Ironwood, where the latter served as pastor of the First M. E. church, returning to Lower Michigan to serve until 1928 after leaving there. In 1928 they returned to the upper peninsula, coming to Laurium.

Surviving are the husband, and the following children: Helen Gertrude of the New York City college faculty, Harriet, a student at Ohio Wesleyan college, Dorothy and Marjory at home, Prof. George Raymond Hicks of Ohio Wesleyan college, Delaware, Ohio and Robert at home. A sister, Miss Edith Van Marter Ely of Detroit, and a brother, Owen W. Ely, of Flushing, N. Y., also survive.

Funeral services were held from the Methodist Episcopal church in Laurium where the body laid in state, with representatives of the Copper Country and Calumet Ministerial associations in charge. The remains were shipped to Jackson Sunday for burial.

THREE PEGS BIG SUCCESS

Guild Home Talent Play Enjoyed by Capacity Audience Tuesday

Check-full of tense situations with players taking their roles to perfection, a capacity audience was delightfully entertained Tuesday evening at the Presbyterian church at the presentation of the home talent three act comedy, "Three Pegs." It was by far the best home talent show played here in years.

The action centered around Emily Weston (Mrs. Leon Nicholson), a rich young woman of 35 who, being disappointed in a love affair wishes to adopt a young daughter for a companion. Circumstances bring about the appearance of the "Three Pegs," Marguerite (Mrs. Chester Tyrell) Madge, (Mrs. Stanley Carlson), and Peg (Mrs. Elwood Taylor), all of whom are eligible candidates for adoption. Marguerite is a distant relative of Emily Weston and is brought to the Weston home through the efforts of Aunt Euphalla (Miss Lydia Kresger) who sees an opportunity to get hold of some of the Weston money if Miss Marguerite is adopted. Through fair means and four Aunt Euphalla attempts to make Marguerite appear to Miss Emily as the desirable candidate and tries to get rid of the other two Pegs. For a while it seems as though she is about to succeed, but the alert and ingenious Peg puts a crimp in her style.

All ends happily when Madge, a sickly underfed girl who is brought up by an Italian woman, Mrs. Conti (Mrs. Lee Stewart), is found to be the daughter of Mrs. Barclay (Mrs. L. C. Nelson), Emily Weston's refined friend; Marguerite, a gum-chewing busy body who cannot appreciate culture, marries her boy friend; Peg is adopted by Miss Weston; and Miss Weston herself is married to a famous surgeon, her old friendhood sweetheart, when it is found that Aunt Euphalla had been instrumental in breaking up the romance by tampering with their correspondence. Even the petty actions of Aunt Euphalla are partially excused when it is revealed that her desire for Miss Emily's money was not because of a selfish motive.

A great deal of the humor in the play is afforded by Lizzie the Irish maid (Miss Bessie Monroe) and Sarah the Irish cook (Mrs. A. F. Hall), who, though exasperated by the bothersome Aunt Euphalla, threaten to quit their jobs unless the eccentric old lady is made to leave.

Miss Louise Bolitho played a delightful piano solo as the opening number on the program and the girls' trio, the Misses Edith Bowman, Nona Hruska and Helen Fagan, sang several numbers in a charming manner during the intermissions. Miss Helen Hulbert was the accompanist.

Refreshments were served after the show with Mrs. H. K. Peterson and Mrs. Chester Tyrell pouring. The committees were as follows:

Play committee: Mrs. L. Elwood Taylor, chairman. Kitchen committee—Mrs. Russell Wilson, chairman. Properties—Mrs. Herbert Peterson, Mrs. Willard Bolitho. Music—Miss Helen Hulbert.

TRAIN VICTIM BURIED TODAY

Funeral Services For Bernard McEachern Held at Cooks

Funeral services for Bernard McEachern, the victim of Sunday evening's auto accident at Pine Grove resort in which a Soo Line train crashed into an automobile killing one and seriously injuring two, will be held this morning at nine o'clock central standard time, ten o'clock eastern standard time, at the Cooks Catholic church with Rev. B. C. Sauvageau, of Garden, officiating. Interment will be made in the Cooks cemetery with Gunnarson & Kefauver, local morticians, conducting the funeral.

Immediate survivors of the deceased are his parents, Mr. and Mrs. Angus McEachern; two sisters, Mrs. Gordon Robare, of Munising and Irene, at home; and two brothers, George and William.

The body arrived in the city Tuesday afternoon from Gladstone where it was prepared for burial at the Swanson Brothers mortuary and was taken charge of by Gunnarson & Kefauver, local morticians.

Banquet, Election Held Tuesday Nite by Farther Lights

The annual meeting and banquet of the Farther Lights society of the First Baptist church followed by the election of officers in which Miss Edith Fuller succeeded Mrs. E. W. Miller as president, was held Tuesday evening at the home of Mrs. W. S. Crowe with about 25 members in attendance.

Those present enjoyed a 6:30 o'clock four course dinner with spring flowers gracing the tables. Two vocal solos given by Mrs. T. H. Bolitho, the "Kasim Song" and "In a Monastery Garden," were greatly enjoyed. Following the election and program various games were played and a social hour enjoyed. Mrs. G. M. Morrison, of Detroit, was a guest of the society.

The committee in charge of the arrangements was Miss Edith Fuller, Mrs. W. S. Crowe, and Mrs. D. E. Seller.

Hi-Y Club Holds Installation At Indian Lake Tues.

Hi-Y officers for next year were officially installed Tuesday evening at the final meeting of the year held at the Wesley Orr cottage, Sunset beach, Indian Lake. Election of officers was held a week ago, Boyd Bolitho succeeding Walter Morrison as president of the organization. Last night's function was attended by Cliff Drury, upper peninsula secretary of the Hi-Y club, and several faculty members.

Officers installed were Boyd Bolitho, president; Daniel Katzenstein, vice president; Oran Quick, secretary; Jack Orr, treasurer; and Wesley Orr, sergeant at arms. After lunch the newly installed officers took charge of a short business meeting.

Following the meeting the junior setette entertained with several instrumental and vocal numbers, club members dubbing the musicians "Clancy's German band." The entire function was sponsored by the sophomores and juniors in honor of their departing members, the seniors. Diamond ball and swimming were among the sports indulged in by the gathering.

Seniors who conclude their Hi-Y activities this year are Walter Morrison, Ellis Orr, Connie Graphos, Henry Richey, Myles Saunders, Forrest Williams and Harry LaFolle.

Cameronian Wins Derby Before 700,000 Persons

FAVORITE WINS HISTORIC RACE

American Horses Fail to Get in Money at Epsom Downs

BY TOM WILHELM
Epsom Downs, Eng., June 3 (AP)—Shaking off Challenger after Challenger, J. A. Dewar's Cameronian thundered down the stretch at Epsom Downs today, winner of the 148th "Golden" derby.

Backed by thousands until he went to the post a 7 to 2 favorite, Cameronian showed a clean pair of heels to a classy field of 24 other three-year-olds.

Three-quarters of a length back followed Sir John Rutherford's open, a 9 to 1 choice, while, a like distance to the rear came Lord Rosebery's Sandwich, which was quoted at 8 to 1.

Jacopo Seventh
As the favorite scored for the first time in recent years, the American contingent of Marshall Field's Jacopo and William Woodward's Sir Andrew finished out of the money.

Of the two, Jacopo made the best showing, finishing in seventh place while Sir Andrew wound up twentieth.

The victory in the derby was the second major turf triumph for Cameronian's owner, who inherited the colt from the late Lord Dewar, who died with his dream of winning a derby unfulfilled.

Cameronian previously had won the two thousand guineas, one of the three-year-old classics of English turf.

It was as much a victory for Freddy Fox, England's leading jockey last year, as it was for the horse. The little fellow worked his way up among the leaders before the first few furlongs had been covered and then held Cameronian well in restraint until he was ready to let the gallant three-year-old run.

At famous Tattenham corner, Fox pulled past the bunched leaders and as Cameronian responded to the urging, steadily widened the gap. Without warring two flying forms detached themselves from the herd and thundered after the Dewar thoroughbred. First Sandwich and then Orpen challenged unsuccessfully.

Sandwich gave his all trying to stay Orpen's rush, and, although it was any horse's race to fifty yards from the finish, neither Orpen nor Sandwich was equal to the task of matching strides with the favorite.

The American hopes were held high during the first mile of the one and one-half mile journey as Jacopo, with J. Childs up, hung on the leaders' heels. In the end, however, he lacked the power to maintain the gruelling pace.

Cameronian finished in the good time of 2:36 3-5. Few derbies in recent years have been so favored by the weather. Sunshine greeted the thousands who streamed onto the race course from all points of the compass.

They came by motorbus and limousine, bicycle and train. Mothers carried babies, fathers carried lunch baskets, and dogs carried Pekingeses and field glasses.

An impressive sight was the arrival of King George, attending the first derby since his illness, and the royal family. As the six automobiles, carrying his majesty, Queen Mary the Prince of Wales and Prince George, rolled into the enclosure, the huge crowd rumbled a mighty cheer.

Clifford Liberty Will Run Hurdles in Chicago Meet
East Lansing, June 3 (AP)—Coach Ralph H. Young, of Michigan State, today named seven track stars to leave here tomorrow for Chicago where they will compete in the national college track and field meet Friday and Saturday.

Clark Chamberlain, State's distance ace, will head the invading delegation. Others who will make the trip are Clifford Liberty and Edwin Birk in both the low and high hurdles; Kenneth Yarker in the high hurdles; Robert Russell in the pole vault, and Norman Smith in the high jump.

DETROIT LOSES TO SOLONS, 2-1

Washington Southpaw in Form Gives Tigers Only 3 Hits
Washington, June 3 (AP)—Bob Burke, Washington's young southpaw, held Detroit to three scattered hits today as the Senators made it two straight from the Tigers, 2 to 1.

The game was a tight pitchers' duel in which Sorrell, for Detroit, almost matched Burke's performance. The Tiger pitcher allowed only six hits, three of which were bunched in the first inning to give Washington its only runs.

Sorrell only pitched to 28 batters, letting the Senators down without a base on balls, while Burke gave Detroit four. Washington scored on a single by Myer and double by Sam Rice and Cronin. Doljack opened the ninth with a triple and scored on a long fly by McManus.

Gladstone Plays at Rock Sunday

Rock, Mich., June 3 (Special)—The Rock Spartan baseball team will meet the Gladstone city team on the local field Sunday in what promises to be a fast ball game.

The Spartans, under the management of Jay Huff, are composed of a group of young, fast fellows, who know their baseball. After two practice games, they started their regular schedule by defeating their old rivals, Perkins, by scores of 7-3 and 13-7.

They have shown plenty of speed offensively and defensively, and are rapidly acquiring their batting eyes. Rabideau, Heikkanen, Nerveau and Huff will all be available for mound duty against the Gladstone sluggers, while Burdick or L. Larson will do the catching.

The Gladstone team should furnish plenty of opposition for the locals. Their lineup includes Bovin, VanDeweghe, Kircher, Switzer and others of known ability.

Local fans are assured of a fast, interesting game and a large crowd is expected to be on hand. The game will be called at 2:30, daylight saving time.

CHICUBS RALLY TO NIP ROBINS

Two Errors Play Part in Brooklyn Defeat at Chicago, 9-8
Chicago, June 3 (AP)—The Brooklyn Robins' inner defense collapsed in the ninth inning today and the Cubs scored two unearned runs to beat the visitors, 9 to 8.

Cuyler romped home with the tying run when Thompson muffed Wilson's grounder and English, who got on base on Gilbert's muff, scored the winning tally on Hemsley's clean angle. It was a hard loss for the Dodgers, who had come from behind to take the lead after the Cubs had scored five runs off Vance in the second inning.

Roy Hudson Gets Second Captaincy; Breaks Tradition

Ann Arbor, Mich., June 3 (AP)—A University of Michigan tradition was shattered tonight when Roy Hudson, of Girard, O., captain-elect of the 1931 football team, was elected captain of the 1932 baseball team.

Tradition heretofore has forbidden one athlete to captain two major sports teams in one school year. Hudson completed his second year of college baseball today, playing first base. He was full-back on the football team last fall. He is considered one of the best infielders in the Big Ten baseball competition.

Madison Square Garden, New York, June 3 (AP)—The United States team of amateur boxers, two of them national champions, triumphed over the invading Italian team, five bouts to two, tonight in the resumption of a series that added nothing to the cause of international amity.

For almost half an hour, the arena was in an uproar and the Italians in high dudgeon marched right out of the party after the defeat of the invited squad. Edgewood Rodriguez was declared the loser in the opening bout of the evening with Lou Salica clever little New York fly-weight who holds the metropolitan 112 pound title.

Free-for-Alls
While they were gone fist fights broke out in the ring-side rows as arguments over the decision boiled over into free-for-all fights that were not on the card. The customers in the rear bombarded the ring and ring-side patrons with everything throwable that came to hand. Officials argued strenuously, and for 20 minutes the jeers and hoots of the crowd of 5,000 filled the hall.

It was one of the wildest demonstrations ever staged around a New York ring and the temper of the crowd was at fighting pitch when the Italians, after much persuasion, finally came back to battle it out. Joe Jones, referee in the first match refused to go on again, however, and another official had to be rushed into the breach.

M'EWEN TAKES SINGLES TITLE

Frank Bourke Defeated in Regional Finals By 6-1, 6-3, 6-3
Rob McEwen, duplicating his performance of a year ago, yesterday walked off with first honors in the peninsula regional Class A-B tennis tournament by defeating Frank Bourke, Escanaba high school champ, in straight sets, 6-1, 6-3, 6-3. McEwen, at top form, his every shot working with machine-like precision displayed a brilliant game throughout, while Bourke, who defeated the U. P. champ several weeks ago in the high school finals, though not off his game, was a little less accurate, a little less sure of himself, and though occasionally exhibiting a flash of his usually brilliant style his game lacked its characteristic scoring punch.

McEwen opened the match grabbing his service and following by taking Bourke's. The Scot's low bounding, deeply placed, sliced shots, working to perfection baffled Bourke from the start and he repeatedly chopped his returns just outside the side and baseline. Not until the fifth game did the Irish lad take a game, his own service. At dusk in the initial set game the finalists saw-sawed back and forth seven times McEwen breaking through with the score at his advantage with two beautifully placed forehand drives to cop the set.

McEwen Takes Match.
With a game apace in the opening of the second set McEwen opened up with a series of cross court shots which he used to advantage in his approach to the net where he scored repeatedly on easy kills. At 3-1 in Mac's favor Bourke put on the catching-up act but his rally ended with the score three games in short order.

At the start of the third and final set began a battle royal that lasted six games each finalist taking his own service in one-two-three fashion. McEwen extended himself to take the advantage game. From then on he had the situation well in hand. Bourke, still putting up an excellent fight, placed ball after ball deep to the baselines but trapped himself at the net when McEwen passed him with well-timed lobs.

The match ended with McEwen on the winning end of the 6-3 score. The match was probably the best exhibition of tennis seen on the local courts this spring. Both boys deserve much credit for the genuinely sportsmanlike manner in which they conducted the match. Not once was a decision questioned or a complaint made. The finalists will be presented with medals given annually by the Michigan State Athletic Association.

Gerrard Belanger, well-known Escanaba net fan, acted as judge and head linesman.
The Italians scored only in the 118-pound class, where Vincenzo Ball Oporto was given a decision over the Flavio de Bonis, junior bantamweight—champion—from Boston, that set the crowd howling wildly again.

MANY PITCHERS ENTER TOURNEY

Elimination Contests to Be Started on Monday, June 29
Entries in the Daily Press Horse Shoe Pitching Tournament, which will be run off in July and August, continue to come in from Escanaba, Perkins, Rock, Bark River and other outlying communities.

Escanaba contestants will be grouped in four divisions—Industrial, public employes, stores and offices, and business and professional. In turn, these divisions are divided into various sections. Preliminary elimination matches will be started on June 29 to determine the champion of each section, and then these sectional champions will meet each other to pick the champion of the division. Divisional champions will then meet to decide who is the city men's title holder.

The Escanaba champion then will meet the champions of the other communities in the district. Tournaments to decide who are the best pitchers in the women's and girls' and the intermediate and junior boys' divisions also will be held during the summer.

The winner of the district men's tournament will be eligible to compete in the national horse shoe pitching tournament to be held in Chicago next September. Various Sections Outlined
The various sections comprising the men's divisions are as follows: Industrial—Birds-Eye Veneer company, Escanaba Veneer company, Wells Plant, Escanaba Paper company, E. & L. S. Railway, The Plant, Shops, Storehouse—Car Repair Track, General Office, Printers and Publishers, Telephone and Telegraph, Coal and Ore Docks, and Miscellaneous.

Public Employes—Courthouse, and Sheriff's Department, Police, Firemen, City Hall, Road Commission, State Highway Department, Gas-Electric Plant. Stores and Offices—Butchers, Grocers, Clothiers, Insurance, Electricians, Hardware and Miscellaneous.

RECORDS SHAKY IN U. P. MEET

Several Marks Expected To Fall Saturday at Iron Mountain
Iron Mountain, June 3 (Special)—Several records for the meet are expected to fall here Friday and Saturday when high school athletes from all parts of the Peninsula come to Iron Mountain for the annual invitational track and field meet.

The track, according to Coach L. A. Thune, will be in the best condition possible for the carnival this week-end. The high school meet and his "gang" have been doing a great deal of work on the cinders and one of the fastest tracks in the history of the meet is assured, provided Old Man Weather gives the contestants a break.

Preliminaries will be run off at 3 o'clock Friday afternoon, with the finals starting at 2 o'clock Saturday afternoon. Officials will be chosen, in the main, from members of the high school faculties of Iron Mountain, Kingsford, Norway and Vulcan.

Trophies On Display.
Trophies are on display at the City Drug Store. Several of them were furnished by Menominee, before Iron Mountain was in position to entertain the peninsular trackmeets. Trophies donated by Iron Mountain are the meet trophy, furnished by the First National bank; Class C relay, Braumrath theater; individual trophies for high point men, Dr. D. J. Cote and Buchman's drug store.

Keen competition is anticipated in at least three of the events. In the century, such speedsters as Ahonen, Ironwood; Chrisman, Kingsford; Ballargeon, Escanaba and Los Johnson, Kent and Gray of Iron Mountain and Ahonen favored to breast the tape ahead of the field. The furlong will be another hot affair, with Chrisman, Ahonen, Johnson and Gray the favored "flight".

ITALIANS LOSE TO AMERICANS

Disorders Break Out at End of First Bout; Crowd Booes
BY EDWARD J. NEIL
Madison Square Garden, New York, June 3 (AP)—The United States team of amateur boxers, two of them national champions, triumphed over the invading Italian team, five bouts to two, tonight in the resumption of a series that added nothing to the cause of international amity.

For almost half an hour, the arena was in an uproar and the Italians in high dudgeon marched right out of the party after the defeat of the invited squad. Edgewood Rodriguez was declared the loser in the opening bout of the evening with Lou Salica clever little New York fly-weight who holds the metropolitan 112 pound title.

Free-for-Alls
While they were gone fist fights broke out in the ring-side rows as arguments over the decision boiled over into free-for-all fights that were not on the card. The customers in the rear bombarded the ring and ring-side patrons with everything throwable that came to hand. Officials argued strenuously, and for 20 minutes the jeers and hoots of the crowd of 5,000 filled the hall.

It was one of the wildest demonstrations ever staged around a New York ring and the temper of the crowd was at fighting pitch when the Italians, after much persuasion, finally came back to battle it out. Joe Jones, referee in the first match refused to go on again, however, and another official had to be rushed into the breach.

Once the fighting was concentrated on the ring again, the Italians, who fought a four-four draw with the United States team a few weeks ago and have never been defeated in a team match since winning the Olympic boxing championship in 1928, went down to rapid defeat. The American youngsters won five of the first six bouts.

Lefty Grove Turns Back Chicago Sox

Philadelphia, June 3 (AP)—A triple by Eric McNair and Johnny Heving's single in the seventh inning gave the Athletics their second straight victory over the Chicago White Sox here today. The champions won by 2 to 1.

The victory of the season and the eighth in a row. The lone Sox run was in the fifth inning and was aided by Williams' wild throw.

Jimmy Foss gave the Athletics their first run of the contest when he hit his ninth home run of the year in the second inning. Chicago 000 010 000—1 6 0 Philadelphia 010 000 10x—2 7 1 Lyons and Grube; Grove and Heving.

Cincinnati Beats Philadelphia, 3-1
Cincinnati, June 3 (AP)—A four hit pitching performance by the veteran left hander, Eppa Rixey, today gave the Reds a 3 to 1 victory over the Phillies. Buzz Arlett, the leaver's battling leader, got one of the four hits, a double over second. Four fast double plays executed by the visitors held down the Reds' score.

Vosmik Hits Homer And Cleveland Wins

Boston, June 3 (AP)—Joe Vosmik, rookie Cleveland outfielder, smashed out a home run in the eleventh inning today to give the Indians a 5 to 4 victory over the first Sox. It was Cleveland's ninth straight victory, and Vosmik made it doubly sure by making a remarkable catch just inside the left field foul line of Rothrock's long drive in the last half of the 11th. Each team made 12 hits and used three pitchers.

Giants Eren Series With Cardinals, 9-5

St. Louis, June 3 (AP)—The New York Giants evened their important series with the Cardinals and reduced the league champions' first place margin to a game and a half by taking the second contest today, 9 to 5.

McGraw's men gained an early lead by pounding Jess Haines for eight hits, and five runs and knocking him from the box in the fourth inning. St. Louis cut down the lead to one run by scoring twice in the eighth, but the Giants sewed it up with three more in the ninth.

Michigan Loses to Indiana Nine, 9-5

Ann Arbor, Mich., June 3 (AP)—The Indiana University baseball team defeated Michigan, 9 to 5, here today in the final conference game of the year for both sides.

Lefty Vellar, held the Wolverines to five hits, striking out seven men. Seven errors paved the way for Michigan's downfall.

Hemorrhage Caused Death of Hulbert Man in Swimming

Newberry, June 3 (Special)—A coroner's inquest at Sault Ste. Marie today decided that Ed Smith whose body was found in the east branch of the Tahquamenon river suffered a hemorrhage of the left lung while swimming across the river to reach a boat on the opposite bank. Doctor's testimony indicated that the Hulbert man probably was suffering from pneumonia or pleurisy and that he was subject to shortness of breath.

C. Smith, of Bay City, an uncle of the dead man, arrived in Newberry today on a regular sailing trip for a Bay City concern and learned for the first time of the death of his nephew.

As far as is known to those questioned at Hulbert the dead man was of a quiet disposition. He has been around the village with his father for about twenty years, coming to that locality from Mackinac City. He was born on a homestead near Levering. His mother, Nonna, are believed to be living in Detroit, the sister working for the Fisher Body company and living in Mobile, Ala., and a brother Kenneth is in Jackson, Minn. Edward Smith was not married. For the first ten or twelve years of his life he had been an invalid and was not able to attend school until he was eleven. He made his home with his father, living in the house owned by the elder Smith at Hulbert or in one of the river cabins.

NEWBERRY BRIEFS The senior class of the Newberry high school will hold their annual picnic on Mackinac Island under the supervision of their class sponsor, Miss Lynn McClung, on Thursday.

Debate Topic for 1931-32 Selected

According to word received by Mr. J. H. Shipman, debate coach at Escanaba high school, the question for league debates among Michigan high schools for the 1931-32 season will be "Unemployment Insurance." This is the subject chosen as a result of a questionnaire sent to debate coaches in the Michigan High School Debate Association.

The exact wording of the question will be determined by a committee working at the University of Michigan during the summer session. The official announcement of the question to be debated by high schools during the coming school year will be made from the state office of the association early in the fall.

Escanaba Couple Attends Funeral

Mr. and Mrs. Harry Ryan, 814 Fifth Avenue south, returned yesterday afternoon from Green Bay where they attended the funeral of

Mrs. Ryan's aunt, Mrs. Celena Bruyere, of that city, which was held Wednesday morning. Mrs. Bruyere was the sister of Mrs. Ryan's father, the late Alphonse Genesee, of this city, and was the last member of that family. She was the only daughter in a family of thirteen children and was the youngest in her family. She was also the last survivor, her 12 brothers having died years ago.

Mrs. Bruyere was 87 years of age and had lived in Green Bay (Old Fort Howard) for the past 76 years.
