DRYSPREPARE BROAD FRONT FOR 1932 RACE

BOARD OF STRATEGY FORMED TO PLAN CAMPAIGN

Washington, June 19 (AP)—New and old-line dry organizations were joined today in combined "board of strategy," designed to coordinate dry effort in the 1932 presidential campaign.

In the series of dry conferences the capital has been seen during the past six months, some of the younger leaders publicly have advocated stronger methods than those approved by the older groups.

Two weeks ago the new Allied Forces, recently created by some of the dissenting leaders, announced plans for a whirlwind barnstorming campaign to arouse prohibition sentiment for the political conventions of next summer.

As the partial list of strategy board members appeared today, the names of Dr. Daniel A. Poling, Christian Endeavor leader, and Dr. Oliver W. Stewart, head of the Flying Squadron Foundation, who promoted the Allied Forces, were placed together with the names of those prominent in the old-line group.

Among the latter were F. Scott McBride, superintendent of the Anti-Saloon League, Dr. Clarence True Wilson, head of the board of temperance of the Methodist Episcopal church, Mrs. Ella A. Boole, president of the W. C. T. U. and Dr. Ernest H. Cherrington, chairman of the national conference of organizations supporting the eighteenth amendment.

Others prominent on the board of strategy were Bishop James Cannon, Jr., of the Methodist Episcopal church, South, Bishop Thomas Nicholson, president of the Anti-Saloon League, and William J. Abbot, of "The Christian Science Monitor."

One of the few prominent dry leaders remaining in the capital today pointed out that although the strategy board probably would recommend the dry forces follow the same lines as in the 1928 campaign—concentrating principally on the fight for dry candidates—it was planned to do more pre-convention work than in the past. What this work will be was not specified.

The announcement of the Allied Forces two weeks ago disclosed that Senators Borah of Idaho and Sheppard of Texas, one of the fathers of the prohibition law, had been recruited to aid in their barnstorming campaign.

State Defends Its Cheney Alien Bill

Lansing, Mich., July 19 (AP)—The state today moved to dismiss the complaint against the Cheney alien registration law. A petition was sent to the federal district court of Detroit by Attorney General Paul W. Voorhees, who with Kit F. Clardy, assistant attorney general, will represent the state at a hearing July 1.

The petition contends that the act does not violate the constitutional rights of any resident. It declares the attack on the statute was instituted by persons not legally affected by its provisions.

Hoover Considers Germany's Plight

Deficit Tumbles Past President's Prediction

Washington, June 19 (AP)—Taxpayers today seemed determined to prove even the president can be wrong about federal finances. Recently, President Hoover estimated deficit would stand at about \$950,000,000 when the financial year closes June 30. The treasury was then deeper in the red than since 1919.

But the deficit was tumbled abruptly below the chief executive's predicted figure today by second quarter installment payments on 1930 incomes.

Judging by past records, treasury officials believed the year would close with expenditures exceeding receipts by less than \$900,000,000.

The deficit stood at \$945,956,020 at the close of business June 17, today's tabulation showed as compared with a preceding day figure of \$1,017,241,877.

On the credit sheet for the day day were income tax payments of \$89,910,855, a total which exceeded payments on March 17 by \$1,000,000.

In estimating a last-day deficit of less than \$900,000,000, officials had placed June income tax collections at \$290,000,000. Tabulations to date show \$165,907,977 of this sum is already in government coffers.

Another explanation of the declining deficit was found in the expenditures column. Earlier estimates had placed the fiscal year aggregate at about \$4,435,000,000, but with only a dozen days remaining government expenses are running nearly \$350,000,000 below this sum.

For the financial year to June 17, the treasury had collected \$3,140,884,200 in revenue of which income taxes supplied \$1,730,436,800, customs receipts \$365,045,300 and other internal revenue taxes \$49,067,500.

In 1930 the corresponding total revenue figure was \$3,925,585,700 with income taxes coming to \$2,232,674,600, customs receipts to \$551,271,000 and miscellaneous internal revenue to \$659,939,300.

Departmental expenditures were still running ahead of last year with an outlay of \$2,315,379,700 as compared with \$2,110,442,300.

The largest increases in outgoing funds were found in the postal deficiency, federal farm board and payments on veterans bonus certificates.

The postal deficiency allotment was \$48,000,000 larger on June 17 than on that day last year, the farm board outlay \$70,000,000 larger and the veterans expenditure \$112,000,000 larger.

Other developments in the city welfare situation included a formal demand by the Ford Motor company for a grand jury investigation of \$20,000,000 the city has paid in doles during the recent months and the revelation of drinking, gambling and fraud in the municipal lodging houses maintained for the unemployed.

The Ford company's demand for an investigation was made by Louis J. Colombo, attorney for the company, to Prosecutor Harry S. Toy. The prosecutor said he would consider the demand but wished first to obtain more complete reports from his own investigators. Colombo also offered the services of the Ford company's auditors in checking the welfare department's books.

Ferguson's Body Recovered in Bay. Sault Ste. Marie, Mich., June 19 (AP)—A body believed to be that of Charles A. Ferguson, Lansing, drowned in Whitefish Bay May 17 with two companions, was reported found today on Isle Parisienne, in the middle of the bay. A coast guard boat was dispatched to return the body here.

The body of William Hootman, one of the three men drowned when their boat capsized, was recovered June 6 and the body of John R. Ferguson was discovered a week later. All were of Lansing.

Louis Roberts, 41, motor mechanic, and Bud Campbell, clerkman, of the coast guard, Whitefish point station, were seriously burned in a gasoline explosion which resulted when they attempted to start their boat to go after the body of Charles Ferguson in Isle Parisienne. They are expected to recover.

Former Governor Fred W. Green spoke briefly on the same program. Both avoided reference to Green's protest of last night against reductio of the appropriation for the soldier's home.

LEWIS DENIED INSANITY PLEA IN FRAUD CASE

FORD ASKS CHARGES BE INVESTIGATED BY GRAND JURY

Detroit, June 19 (AP)—The prosecution of two former city welfare department clerks who are accused of diverting more than \$207,000 in municipal doles moved forward another step today when one of the clerks pleaded guilty and the other was denied the right to plead insanity as a defense.

Charles J. McCormick, the clerk who was accused of obtaining \$766, pleaded guilty when he appeared before Recorder's Judge W. McKay Skillman. He will be sentenced July 7.

Alex F. Lewis, who is accused of swindling the city out of \$207,000, stood mute. He will be tried July 7.

Counsel for Lewis lost a motion to have a sanity commission appointed for the defendant and indicated an appeal would be taken from Judge Skillman's ruling.

Ford Demands Probe. Lewis and McCormick, working without knowledge of each other's operations, are charged with stealing from the city by having grocery orders presented by fictitious firms for reimbursement. As clerks they are said to have attested that the "firms" actually distributed the foodstuffs to dole recipients.

While the cases of the two former clerks were being heard, Recorder's Judge Edward J. Jeffries was sentencing William Pritchard, 53, to 90 days in the house of correction for obtaining \$1,000 in doles under false pretenses. Pritchard falsely swore he was unemployed.

Other developments in the city welfare situation included a formal demand by the Ford Motor company for a grand jury investigation of \$20,000,000 the city has paid in doles during the recent months and the revelation of drinking, gambling and fraud in the municipal lodging houses maintained for the unemployed.

Plans Steps To Aid Europe In Situation

BY FRANCIS M. STEPHENSON

Washington, June 19 (AP)—President Hoover is prepared to propose steps to avert an economic crisis in Europe.

He is particularly concerned over Germany's situation and her recent declaration of inability to continue her war reparations payments.

The White House statement tonight said no conclusions had been reached in a round of conferences the president had today with congressional leaders but the speculation persisted that the move would be either a moratorium on war debts and reparations or a loan to Germany.

Mr. Hoover, in disclosing the nature of his conferences with members of both parties in congress, expressed gratification at their response to his plans but he warned against speculation on it.

It was learned, however, that revision of America's war debts is not now contemplated. For that reason credence was given to the moratorium suggestion and the discussion of a loan, particularly to the former.

Mellon Inquiring? Secretary Mellon, who is now in London, is believed to be in communication with the White House on the negotiations planned by the president.

Similar provisions are incorporated in the war debt settlements and in the German reparations agreement for moratoriums. Under these, payments could be suspended for two years.

It is believed by those close to the situation that Mr. Hoover is prepared to assure the European nations this country will consider a moratorium on their war debts if Germany is granted a similar one on her war reparations to those countries.

Another instalment of war debt payments is not due this country until next December 15. Payments were made this month.

CAUSES SENSATION. London, June 19 (AP)—A sensation was caused in newspaper circles tonight by the brief news of President Hoover's statement in Washington regarding American efforts to "strengthen the situation in Germany."

Word that the president had called congressional leaders into conference about the economic situation in Europe arrived too late for official comment from leaders of the British government who.

Decline In Retail Food Prices Shown. Washington, June 19 (AP)—A decline of 2 1/2 per cent in retail food prices between April 15 and May 15 was reported today by the labor department.

Taking 1913 as 100, the index numbers were 160.1 for May 15, 1930; 124 for April 15, 1931, and 121 for May 15, 1931.

A total of 35 articles decreased in retail price. Butter dropped 11 per cent; fresh eggs, 9; oleomargarine, 7; cheese, 6; lard, 5; onions, 28; oranges, 15, and other articles from 1 to 4 per cent.

Wayne County Bank Closes Its Doors. Wayne, Mich., June 19 (AP)—The Wayne Savings Bank failed to open for business today. A notice posted on the doors stated that the bank was suspending operations for a reorganization. The bank is the oldest and largest in the suburb. George M. Stellwagen is president.

Pleas Not Guilty. Should Coll actually attempt to assume the mantle of Dutch Schultz while the latter is held helpless in the arms of the law officials consider it possible the public enemies might well divide into conflicting ranks and wage war on each other as well as the innocently bystanding public.

Schultz, whose real name is Flegenheimer, was arrested yesterday outside his \$2,500-a-year Fifth Avenue apartment where he lives under the name of Russell Jones. As two detectives approached Dan Iamaccia, one of Dutch's muscle men, drew a pistol and opened fire. The detectives fired back and fatally wounded Iamaccia. They found a pistol and \$18,645 in cash on Schultz.

The grand jury indicted the racketeer today for possession of a pistol and for first and second degree assault on the detectives. His record shows nine previous arrests, but he "beat the rap" in every instance but one, when he was convicted of housebreaking. After his indictment today, he was arraigned, pleaded not guilty and was held in \$45,000 bail.

Prosecutor Believes Solution of Faithful Mystery is Near. New York, June 19 (AP)—District Attorney Elvin N. Edwards and Inspector Harold King said today they expect "something to happen" within the next three days in their investigation of the death of Starr Faithful, whose body was washed up on Long Beach a week ago last Monday.

The line along which they are now working is not based on a new clue, they said, but one so promising that the mystery surrounding the girl's death may be cleared up before the arrival on Monday of Dr. G. Janeson Carr from England with the letter in which Starr wrote, "when you receive this I will be dead."

Inspector King added that the investigation may lead to the arrest of a suspect, but declined to say whether it indicated murder or suicide. He has inclined to the suicide theory so far. Mr. Edwards was more positive than ever today that Starr Faithful had been murdered.

Pending the arrival of Dr. Carr, grand jury proceedings were postponed today until Tuesday.

Inspector King today had received a note contained in a bottle washed up on a Long Island Beach Wednesday. The note read as follows: "Help! I'm going to be thrown overboard—and I'm a little tight."

It was signed "Starr Faithful" with only one "L" and this misspelling and the fact that the toxicologist's analysis revealed no alcohol in the girl's body established to King's satisfaction that it was a hoax.

'TWOULD MAKE GOOD ARNO CARTOON

Just what happened in the wee small hours of that morning in Reno isn't exactly clear, but Cornelius Vanderbilt, Jr., lower right, through his attorney, says he became so incensed when he saw Mrs. Vanderbilt, upper right, and Peter Arno, left, divorce-seeking cartoonist, alight from an auto in front of the Vanderbilt home that he obtained a gun and started after the artist. Arno, who Vanderbilt accuses of paying "persistent attentions" to his wife, lived nearby and had started walking toward his home. Half way over to the Arno residence, Vanderbilt says he came to his senses and returned home. Then he discovered that the gun wasn't loaded! Arno denies knowledge of the event, but Reno's police chief says the artist complained that he had been threatened with bodily harm by Vanderbilt.

Cornelius Vanderbilt Files Suit for Divorce

Reno, Nev., June 19 (AP)—The Cornelius Vanderbilt, Jr.-Peter Arno affair came to a climax here today when Vanderbilt filed suit for divorce from the former-Mary Davidson Weir Logan and she as quickly announced that she would fight the case to a finish.

"If there is to be any divorce in this case it is going to be granted to Mrs. Vanderbilt. We will fight every inch of the way," said William Woodburn, her attorney. His announcement, which denied absolutely that Mrs. Vanderbilt had had an affair with Arno, noted caricaturist, and that this had led to her separation from the young author, followed a three hour conference from which she emerged with a tear-stained face. She refused requests of newspapermen for a statement.

Charges Cruelty. "Mrs. Vanderbilt was hoping that this whole matter would be settled amicably," Woodburn said. "It was a great surprise to her when she was notified this morning that Mr. Vanderbilt had started action for divorce on grounds of extreme cruelty."

"If there is any cruelty in this case it is all on the part of Vanderbilt. Mrs. Vanderbilt has the utmost confidence that in the ultimate determination of this matter that she will prevail. She is entirely innocent of any misconduct and the only one who has suffered in this matter has been herself."

Vanderbilt's divorce action took both Woodburn and Mrs. Vanderbilt.

Police Also Learn Civil War Imminent Among New York Gangs. New York, June 19 (AP)—A grand jury today indicted Dutch Schultz, Bronx hoodlum chief. At the same time police learned that civil war was imminent among New York's "public enemies" who are under the same sort of official scrutiny that a check to the activities of Al Capone in Chicago.

Underworld reports told of the return to town of Vincent Col, a former Schultz underling, and those reports said Col was rolling an ambitious eye at the momentarily empty throne of his old leader. Col, it was said, left town a few weeks ago to recuperate from wounds inflicted in a gun battle with followers of Joe and Pete Rao, who wield considerable unofficial influence in the Bronx.

Loretta Turnbull Hurt In Smash-Up. Skaneateles, N. Y., June 19 (AP)—Hurled from her outdoor speedster in the intercollegiate outdoor motor regatta on Skaneateles lake today, Loretta Turnbull, international champion, suffered a badly dislocated left hip and other injuries.

Recovering consciousness at a hotel, Miss Turnbull, Citrus College, California, representative in the regatta, pleaded to be allowed to carry on. Instead, she was removed to the Auburn city hospital, seven miles away.

"Loretta has been on crutches before from racing mishaps," said her father, Supreme Court Justice Rupert Turnbull. "This will not stop her from continuing the game."

CARL W. OLSON DIES; MERCURY HITS 95 MARK

HOTTEST JUNE DAY IN CITY IN LAST 41 YEARS

Temperatures in Escanaba yesterday reached the highest on record for the month of June since 1890 as a soaring heat wave drove the thermometer to 95, within one degree of the hottest June day on record, causing the death of Carl W. Olson, Stephenson avenue, who was prostrated at 3:30 p. m. while working with a construction crew on Washington avenue. He was taken to the St. Francis hospital in a state of coma and death resulted at eight o'clock.

Hundreds sought relief from the heat at beaches and streams for the first real day of bathing this season.

The hottest June day on the weather bureau records for this city, dating back to 1871, was June 25, 1890, when the thermometer reached 96. Other summer extremes for the 60-year period were:

- May 26, 1914—91. July 30, 1916—100. August 5, 1896—94. September 1, 1907—90.

Escanaba gets its hottest weather when the wind is blowing off the land, according to H. H. Spindler, local meteorologist. Such a condition was felt with the west wind yesterday, though the breeze was somewhat variable as to direction. With southerly breezes, temperatures here are cooled by the lake.

First Day on Job. Partly cloudy and cooler weather is forecast for today.

Carl Olson, the victim of yesterday's heat wave, was working his first day with the construction company when he was overcome. He became visibly affected by the extreme heat at 3:30 o'clock and sat down on an automobile running board to rest when he became unconscious. He was immediately rushed to the hospital for treatment but died last evening without regaining consciousness.

He was born in Escanaba and moved to Whitney with his parents when he was 12 years of age. After the death of his parents, he moved back to this city where he has resided irregularly for the past twenty years. Olson had been working in the woods the last winter and last recently returned to the city. He made his home at the Central hotel, Stephenson avenue.

He is survived by a brother, Arthur Roy Olson, of Detroit, a sister, Victoria, also of Detroit, and a cousin, Carl O. Peterson, of this city.

His brother, Arthur, a member of the police department at Detroit, was visiting in this city until Monday when he left for Williams, Minn. He was notified of the sudden death yesterday and will return to this city to make funeral arrangements.

The body was taken to the An-

Amelia Earhart Receives Reprimand. Washington, June 19 (AP)—Punishment for aerial misbehavior was meted out by the commerce department today to the distinguished girl aviator, Amelia Earhart, and the five pilots who disturbed the dedication of the Harding memorial at Marion, Ohio, Tuesday.

Miss Earhart received a reprimand for her crash in an autogiro at Abilene, Texas, two weeks ago, on the ground she was careless and used bad judgment.

The license of Frank Byerley of Detroit was suspended for 60 days, and penalties of fines were determined upon for John C. Carroli, Joseph C. Mackey, Harold Distelhorst and Grant C. Melvin of Cleveland. The amount of the fines has not been fixed.

SHOPLIFTERS BEWARE! NOW, the public knows that the police and retail merchants of Escanaba meant business when they announced that they would wage a vigorous campaign against the shoplifting evil.

The stiff sentences handed down in justice court this week to the two women shoplifters proved that it was not just a lot of idle talk. Five days in jail, a \$50 fine and an order to pay for the merchandise stolen from the stores was the penalty they were given.

Plastic facial surgeons, we suppose, think they're pioneers in the uplift movement. Some girls will probably keep away from the beach this summer to save their skin.

Then there's the gangster who opened up a roadhouse in his rival's territory and called it "Muscle Inn." A University of Golf is being proposed for southern England.

The daughter of a German brewer is said to be planning a flight to the United States. Well, who should know more about hops? The cruiser Chicago is soon to be named the flagship of the U. S. fleet.

A GOOD CHOICE IN THE appointment of Frank A. Karas of Escanaba to be the director of the Escanaba municipal band there is no doubt that no better selection could have been made.

Mr. Karas is an accomplished musician, with a wealth of musical background and much experience in the direction of such organizations. He has always had the respect and true friendship of his fellow musicians.

No better man could have been chosen to continue the wonderful work started and carried on so successfully by the late Joseph Greenfield.

USED MICHIGAN COPPER

JUDGE CHARLES H. CHAPMAN has long insisted that there was every reason to believe that the copper mines of Isle Royale were worked by white men or at least a civilized race long before the written history of North America began.

Prof. James Fisher of the Michigan College of Mining and Technology, lends his support to this theory. Speaking at Houghton to the directors of the Upper Peninsula Development Bureau in annual session, he said that in his belief it is entirely probable that the ancient Egyptians got the copper from which they made ornaments and utensils, from the mines at Isle Royale—ruins of which are still to be seen on the island.

"It is more reasonable to believe that the Egyptians obtained their copper at Isle Royale, than to think that they possessed the knowledge of refining copper from the ores which were to be found in other lands," Prof. Fisher stated.

Inasmuch as the only solid metallic copper that is to be found in the world, so far as discovered to date, is to be found in the mines of the Michigan copper country, and getting copper from ores is virtually a new science, Michigan can claim with entire justification that its raw copper was mined and transported to the old world long before Columbus or other known discoverers came.

THE MELODY GIRL

(By NEA Service) By RUTH DEWEY GROVES

CHAPTER XLV WHILE Gaylord waited at the hospital for the moment when doctors would know whether Irene was to live or not Tommy Wilson sat sipping hot chocolate in the Everett living room.

There had been a benefit party at a neighborhood gathering place and Beryl had attended it to represent the Everett family. Her mother was still avoiding her friends as much as possible and meant to continue doing so until she could announce that Irene was again with her husband in Oakdale.

Tommy had come to take Beryl home at the suggestion of Mrs. Everett who wished people to associate the two together so they would think less of the attention Tommy paid Irene.

Refreshments had been served when Tommy arrived, so Beryl asked him to come into the house when they reached there and gave him a pot of chocolate and some fruit cake.

Tommy appeared to be preoccupied. How could Beryl guess that it was calculus that occupied his mind? She assumed he was thinking of Irene.

Tommy had undergone a curious experience. He had found himself unable to analyze his feelings when he learned that Irene had gone to Oakdale and no one could tell him when she would return or whether she would ever come back.

On that last evening they had spent together the thought that in a few weeks more she would no longer be Prentiss' wife had held his attention and it had stirred him. Gaylord had never seemed to Tommy anything but a usurper.

Since her return to the east he had told himself that his lack of emotion on seeing her again was due to anger. He wanted very much to explain this in some satisfactory way.

Tommy was really an idealist. He didn't want to fall out of love as did so many young people. He wanted to love as a poet and to remember forever. It was disappointing to find that she was turning to him for comfort and understanding as she had so often before. He was subtly flattered.

It was as though (he sensed this in everything she said to him) Irene considered herself far inferior to him in faithfulness and loyalty. She was a leaf in the wind. She had said that one stormy day then they drove through a barren wood and the dead leaves scurried over the road.

There are boys who do not believe that girls should be told all their thoughts and Tommy was one of them. Tommy held the image of a saintly mother in his heart. Amantha Wilson, dying, had taken with her the chance of destroying her son's illusions about her as living mothers may do.

AND there was Beryl. Without knowing it Tommy based his opinion of girls largely upon his knowledge of Beryl. She, it was, who had taught him to respect himself. But from many others he had learned while he was with Poi Larkin that the town folk did not share that respect.

There were times, naturally, when he mulled over the prospect of telling Irene frankly that he no longer cared for her. That would be paying her off as she deserved. But then he had to ask himself if he could get away with it, or if he would regret it later.

AND wasn't it discredit for him to think of paying Irene off? She was not responsible for what had happened. How could he make her believe he didn't care for her? She'd laugh at him. No, Irene wouldn't laugh. Beryl would laugh if you told her anything she didn't believe but Irene's blue eyes would fill with tears.

Tommy's character was not yet developed to the point where he could stand alone, unmoved by the attitude of his fellowmen toward him. Thus he found Irene's homage both soothing and stimulating. He did not know that while it is possible to despise those who respect us, he did know that she enjoyed Irene's company. She made him feel important, as though he would some day be a real figure in the world.

OUR BOARDING HOUSE By Ahern

Now I'm going to give you another day of this lying in the ditch—then I'm putting the jack under you!—Doctor Grua said you are well able to be up and around—so don't be trying to stretch the shirt-tail of your recent illness to cover a month of convalescing!

Tommy could get nowhere with those perplexities and deliberately turned to other thoughts. Love had been everything to him at one time—but that was over now.

LYRICS OF LIFE

By Douglas Malloch Copyright 1931 by Douglas Malloch

FACE THE LIGHT She's set them in the window, Geranium and rose, A window-box of pansies, flox, And ev'rything that grows, Tydrangea, verberna, And even daisies white— And ev'ry one has sought the sun, Has turned to face the light.

I wish we had the wisdom Of flowers on a sill, Would turn away from shadows gray And seek the sunlight still. Though grief is all about us, And trouble hard to bear, I wish that we would turn and see The beauty ev'rywhere.

The rose can teach a lesson, The pansies point the way: Be done with doubt, look up, look out, And seek the dawn of day. Behind you may be shadows, But skies ahead are bright, And, when you grieve, be brave, believe, And turn and face the light.

BALLYHOOD FOR FIGHT STARTED

Schmeling and Stribling Will Tangle July 3 at Cleveland

BY EDWARD J. NEIL
(Associated Press Sports Writer)
Cleveland, June 19 (AP)—Two weeks from tonight, in the new Cleveland municipal stadium, in a city that never before has seen two heavyweight joust for the richest title of them all, Max Schmeling, the German, and Willie Stribling, from Macon, Ga., will battle fifteen rounds for the heavyweight championship.

So far, preparations for the struggle have been almost a community secret but between now and the night of July 3 the ballyhoo drums will roll, the fighters will work themselves into the customary state of "physical perfection" and the faithful in more or less quantity, will present themselves with money in their fists, at the gates of the stately structure on the shores of Lake Erie.

Ticket Sellers Star

While Schmeling, recognized as champion everywhere but in New York State, where he won the title from Jack Sharkey on a foul last June, trains at Conneaut, Pa., 61 miles away, and Stribling toils in a tiny resort on Georgian lake near the city, the Madison Square Garden Corporation of Ohio is striving mightily to make the mid-west "fight conscious."

Today a flying caravan of ticket sellers bust in on the cities of Akron and Canton to establish branch offices, and the squadron intends to visit all the principal cities of Ohio and Pennsylvania next week in an effort to stir up buying interest.

So far, the box office reports that about \$100,000 worth of tickets are on file. The Ohio Garden, a subsidiary of the New York Madison Square Garden Corporation, has high hopes of a rate of \$600,000. Arrangements are being made at the stadium, which will house its first major attraction July 3, to seat 92,000 as a maximum. The ticket prices are scaled from \$5.49 up to a top of \$25. Fifteen hundred uhlers are drilling daily in expectations of a mammoth turnout.

Cleveland is showing a lively interest in the proceedings although the warrior training so far has failed to develop anything unusual. No fair ladies have been saved from drowning by the gladiators, sets of Shakespeare have not appeared at the camps, and in general Schmeling and Stribling have quietly devoted themselves to the routine working business at hand, neither fighter is ever far from condition, wether preparing for war or not.

Apparently the Cleveland faithful can be certain that the foul that made Schmeling a champion will not be repeated here. In case of a low blow the Cleveland boxing commission has decided that the offender will be penalized by loss of points and the injured may rest awhile before continuing.

the Ford company's service director, who earlier in the week charged that the city had paid doles to hundreds of men who were drawing wages from the Ford factory at the same time.

The report of conditions in the municipal lodging houses was compiled by two private detectives working under the directions of attorneys for 25 Detroit workmen's hotels. The detectives who visited the lodging houses in the guise of unemployed reported that they had found considerable gambling and that the inmates apparently had money enough to buy liquor. They also reported numerous cases where an inmate was working for from \$6 to \$10 a day while being fed and sheltered by the city.

On the basis of this report the council this week withdrew further financial support from the lodging houses. The report was submitted to Thomas E. Dolan, superintendent of welfare today.

Canadian Aviator Glides Over Channel

Boulogne Sur Mer, France, June 19 (AP)—A Canadian aviator and opera singer, Lieut. Lissart Beardmore of Toronto, made his first glider flight across the English channel today. He took off from Lympne airdrome and landed perfectly at Stingsvert aerodrome near Calais. His glider was fitted with a detachable undercarriage, and was towed by a light airplane to which it was attached with 800 feet of cable. The plane rose to a height of 12,000 feet and then the glider was released.

The powerless plane made 60 miles an hour across the channel flying smoothly all the way. The flight was made on the eve of a \$5,000 competition for the first glider to cross the channel and back in one day which had been organized by a London newspaper.

one, today rushed repairs on her plane, which was damaged yesterday when she landed at Floyd Bennett field for fuel preparatory to flying for Harbor Grace.

"I hope to be able to take off by Sunday," she said.

Wiley Post and Harold Gatty, poised for a record flight around the world in what they hope will be less than eight days, expect to be streaming across the Atlantic from Harbor Grace by Monday if the weather continues to improve. They have been making last-minute preparations at Roosevelt Field.

Clyde Pangborn, with the backer and co-pilot, Hugh Herndon, hope to start from Floyd Bennett field early next week. Their ambition is to fly from that field to Moscow non-stop as the first leg of a journey around the world.

Several others have announced plans to conquer the ocean and some of them may be in the air in a few days on the great adventure.

Arlett Has Broken Thumb; Out 2 Weeks

Philadelphia, June 19 (AP)—Buzz Arlett, slugging outfielder of the Phillies, discovered today with the assistance of X-ray photographs that the thumb of his right hand is broken. As a result Arlett will be lost to the Phils for two weeks or longer. The big felder jammed his thumb into the ground while sliding into a base in St. Louis.

Liane

When a tall, handsome man, whom Liane Barrett had never seen before called her by her first name the girl was startled. And when she looked at him a second time and saw that he was exactly the hero of her dreams she was sure the delightful, tumultuous sensation which came over her was love at first sight.

The fascination which Van Rensselaer exercises over the girl is an important element in the plot of "Heart of Liane," new serial which starts Thursday, June 25, in The Escanaba Daily Press.

with a week-end recess of parliament, had begun to scatter from London to the country.

Close observers of the swift-moving events in Europe, however, said the far-reaching effect of President Hoover's statement was apparent.

It was declared that America, by taking steps to aid Germany, would at the same time indirectly strengthen all Europe and the world at large. This action was said by some to be an "epochal development."

City Clerk Offers Damaging Evidence Against Livecchi

Detroit, June 19 (AP)—A girl clerk at the La Salle hotel cigar counter who said she saw Ted Pizzino, Angelo Livecchi and "Black Leo" Cellura at the scene of the slaying of William Cannon and George Collins last July 3, furnished the high point in the state's case at today's session of the trial of Pizzino and Livecchi in recorder's court for murder.

Cannon and Collins, described by the police as Chicago narcotic runners, were shot to death as they sat in an automobile at the Adelaide street entrance of the hotel. Pizzino, Livecchi and Cellura have been indicted for the slayings. Cellura has not been located.

The clerk, Angelina Danielski, testified she looked out of the hotel and saw a coupe back up "with three jerks" while the shooting was going on. She said Cellura was on the running board and Pizzino was standing near the cigar counter. Later she said Cellura and Livecchi enter the hotel and say something to Pizzino in Italian. Miss Danielski said she mentioned the shooting to Livecchi later that evening and he told her she would see "worse than that" if she "stuck around."

Closina Week at MSC To Be Busy

East Lansing, Mich., June 19 (AP)—Commencement week activities at Michigan State college will get under way here tomorrow with the celebration of Alumni day.

Graduates will return to the campus for general reunions, a golf tournament, baby show, a baseball game with Michigan the annual Sunset Supper, and Alumni dance.

The Rev. Alfred W. Wishart, pastor of the Fountain street Baptist church in Grand Rapids, will deliver the baccalaureate sermon at Demonstration Hall Sunday afternoon.

Dr. Charles R. McKenny, president of the Michigan State Normal college, at Ypsilanti, will be the commencement speaker Monday morning when some 430 seniors will be awarded degrees. Dr. McKenny is a graduate of the class of fifty years ago.

State Legislature Adjourns at "Noon"

Lansing, Mich., June 19 (AP)—The gavel of final adjournment was sounded in each house of the legislature at one o'clock today following some confusion over the exact hour.

The state constitution states that final adjournment must be made at "noon." The legislature passed an act establishing Eastern Standard time as the legal time in Michigan but it has not gone into effect. Accordingly the membership adjourned at 12 o'clock Central Standard time, or one o'clock Eastern Standard time.

University Regents Cut School Budget

Ann Arbor, Mich., June 19 (AP)—The University of Michigan board of regents today adopted a smaller budget for next year than the one for the current year. It was believed this is the first time in the history of the institution that such action was necessary.

The 1931-32 budget provides for expenditures of \$9,216,402, or \$42,000 less than this year's total. Rates for state patients in University hospital were reduced, while rates for private patients were increased slightly. Two-bed rooms for state patients were reduced from \$6.25 per day to \$6 and four-bed rooms from \$5.75 to \$5.50.

Coco Cola Company In \$10,000,000 Suit

Atlanta, Ga., June 19 (AP)—A damage suit for \$10,000,000 was filed in federal court here today by Mrs. Esther LaRose Harris, widow of Joel Chandler Harris, author of Uncle Remus stories, against the Coca Cola company, alleging infringement of copyright in the company's use of Uncle Remus characters in advertising.

Judge Marvin Underwood, United States district judge, ordered the Coca Cola company to show cause July 15 why it should not be permanently enjoined from use of the characters, but set no date for hearing the damage suit.

MRS. HILL SETS COURSE RECORD

Lops Three Strokes Off Record Held by Miss Collett

BY CHARLES A. GRUMICH
(Associated Press Sports Writer)
St. Louis, June 18 (AP)—Clipping three strokes off the old course record set by Glenna Collett in 1925, Mrs. Opal S. Hill, of Kansas City, became a finalist in the fifth annual women's trans-Mississippi golf tournament here today, an odds on favorite to regain the title in her 36-hole match tomorrow with Mrs. Ignatius S. Hynes, St. Louis.

The Kansas City woman, who won the championship in 1925 and 1929 and has been a semi-finalist in the last two national tournaments, shot 72 today, five blows better than women's par and one over men's par, despite trouble on the first nine in her semi-final match with Mrs. Mahlon B. Wallace, Jr., St. Louis Country Club.

After defeating Mrs. Wallace 5 and 4, Mrs. Hill tried for the record and turned in a 35-34.

Mrs. Hynes, a steady, consistent competitor, got to the finals by defeating Mrs. J. Walter Boyer of Tulsa, Oklahoma, champion, who led four up going to the eighth tee in their semi-final match.

Middle Tees Today

The Oklahoma's lead was parred to two holes at the turn and the St. Louis woman took the match, 2 up at the eighteenth.

In breaking the course record, Mrs. Hill played off the short tees, whereas Miss Collett made the old record in the national women's tournament six years ago off the middle tees which make the course about fifty yards longer all around.

The middle tees will be used tomorrow. The 1925 tournament in which Miss Collett set the old record was Mrs. Hill's first national event and she has been in all since then, winning her way to the semi-finals in the last two. In 1925 Mrs. Hill shot an 87 over this course and ranked tenth among the qualifiers.

Winning the medal in the present tournament with 76, Mrs. Hill took the low qualifying honor in the last three tournaments in which she has competed, including 1930 western and national.

Mrs. Hill's best previous score, on any course was a 73, also one over men's par at the trans-Mississippi event in Denver two years ago.

The total net income in 1930 of 1397 American corporations was \$2,898,000,000, or 24 per cent less than in 1929.

VANDERBILT, JR. SEEKS DIVORCE

bilt by surprise, for both apparently had been given to understand that only a legal separation would be sought.

The complaint, merely stated that Vanderbilt had suffered from "extreme cruelty" on the part of his wife.

May Sue for Slander.

Samuel Platt, Vanderbilt's attorney, would offer no additional information.

Meanwhile, Arno said he was contemplating filing a slander suit against Vanderbilt as the result of statements made concerning him.

Details of the Arno incident as related by Vanderbilt were denied by Woodburn today.

"Mrs. Vanderbilt had known Arno only ten days when this matter came up," Woodburn said.

"With Mr. Vanderbilt, she, Arno and others were present at a party a week ago Thursday. For the last three days Vanderbilt seemed to be more amiable than at any other time in their married life. On Sunday, however, he blew up and Mrs. Vanderbilt left home.

"There never was any gun-chasing of Arno by Vanderbilt; in fact, Vanderbilt has not seen Arno since a week ago. He did, however, call him upon the telephone and threaten him. That is as far as the matter went."

Platt said he had conferred with Mrs. Vanderbilt's attorney relative to arrangements for her support but no agreement had been reached.

The Vanderbilts were married in Reno July 3, 1928 after both had been divorced.

42 TOUR SHIPS REACH MIDLAND

ron arrives at 2 o'clock Sunday afternoon. The public address system will be installed in the grounds so that everyone in the huge crowd that is expected to attend will be able to hear distinctly.

The fact that the new Escanaba-Gladstone concrete highway will be opened for the first time Sunday morning will serve to bring many people to the exercises. The Escanaba municipal band will furnish a concert under the direction of Frank Karas, new director.

A formal dinner will be held in the evening at the Ludington hotel for the flyers. George G. Genesee will preside as chairman, and Mayor W. H. Needham will deliver the address of welcome. Short talks will be given by other citizens and members of the flying party.

Alcy's orchestra will furnish the musical program. Reservations for the dinner are now being received at the Escanaba Chamber of Commerce office.

GRAF ZEPPELIN LANDS ON LAKE

Proves She Can Alight on Water Without Outside Aid

Friedrichshafen, Germany, June 19 (AP)—The dirigible Graf Zeppelin settled down on the surface of Lake Constance today, thus demonstrating for the first time that she could alight on water without outside aid.

The successful experiment was hailed as "the new" by Dr. Hugo Eckener, designer of the big ship, who expects to take the Graf to the North Pole this summer.

"Now if we shoot a seal in the Arctic, we can safely go down and bag him," Eckener said.

The alighting on the water was effected without the assistance of an outside crew such as is used when the ship is descending on land.

Captain Ernst Lehmann, in command of the ship, maneuvered so that the passenger gondola stern touched the lake, and after a couple of rubber lifeboats had been lowered and tested, the dirigible taxied along for about a mile.

The entire experiment went off without a hitch.

Famous Frigate Will Be Towed To Washington By Tug

(Continued from Page One)

Washington, June 19 (AP)—When the frigate "Old Ironsides" sets out from Boston for Washington, Assistant Secretary Jahncke of the navy believes, formidable or not, it will be towed by a tug.

This despite a number of suggestions that the ancient warrior proceed under its own sailing power with its sailormen resembling as closely as possible those of 1812.

Although the ship is completely rigged with 30 sails having an area of 12,500 square yards, Jahncke said the navy has no crew that would know how to furl and unfurl them.

He first was under the impression that the ship had no sailing canvas, since the navy was without funds to purchase it, but was informed today that the Wellington, Sears manufacturing company of New York had donated the full set as a "patriotic gesture."

The Mennonites are members of a religious sect founded by Menno Simmons, a Dutch religious reformer born in 1492.

Members of the sect are now being received at the Escanaba Chamber of Commerce office.

CARL W. OLSON DIES; MERCURY HITS 95 MARK

NATION SWELTERS
(By The Associated Press)
Michigan, with the rest of the nation, sweltered beneath a blazing sun Friday as summer staged a rehearsal for its premiere, 72 hours off.

Official records at the Detroit office of the weather bureau showed Detroit and Escanaba tied in the Michigan mercurial score, with 94 the perspiring peak for each. News dispatches from Escanaba, however, gave the temperature there as 95, the highest since 1890. One man died there as the result of the heat.

Marquette and Grand Rapids were two degrees behind.

In Detroit, the heat wave struck its stride in mid-afternoon and it was not until 6 o'clock, when relief usually can be expected, that the high point was reached.

Several prostrations were reported from over Michigan. The only fatality reported was the death of Carl W. Olson, 45, in an Escanaba hospital Friday night from effects of heat prostration which he suffered while working with a road construction crew.

Mattoon, Ill., Has 102

Among those stricken was Circuit Judge Homer Ferguson, of Detroit, who collapsed in his office and was taken to Receiving hospital.

John Baxter, 36, drowned during the afternoon while swimming at the Belle Isle bathing beach.

While temperatures through practically all of the Great Lakes region were uncomfortably high, they were outranked elsewhere in the midwest. Mattoon, Ill., reported an unofficial high of 102 and Waterloo, Ia., 100. St. Louis, Mo., had a 95. Chicago reported 94; St. Paul, Minn., the same; Columbus, O., 93, and Cleveland and Duluth, Minn., 91.

Even the New England states joined in the general suffering, with 92 reported from Springfield, Mass., and Boston. New York had 86, which is high for the sea-breeze-swept metropolis. Nashville, Tenn., and Wheeling, W. Va., reported 99's, to lead the southern cities.

Through the Great Lakes region, the heat was broken only by a local storm in northwest Wisconsin.

French textile experts have developed a method for pulverizing cotton, silk and wool, the product being used in fine tapestry wall paper and for decorative effects on paper or cloth.

Mrs. Laura Nichols Called By Death

(Continued from Page One)

Mrs. Laura Nichols, 47, wife of James Nichols, 1401 North Twentieth street died at 12:15 o'clock last night in a local hospital following an illness of but five days. Death was due to a complication of diseases.

Mrs. Nichols was born in San'te Marie, Michigan, but for the past nineteen years she has been a resident of Escanaba.

The survivors are her husband, one son, James Ranger at home, two daughters, Josephine and Sarah Ranger and a sister, Mrs. Henderson of Montreal, Canada.

Stench Bombing Renews Dyers' War

(Continued from Page One)

Detroit, June 19 (AP)—The stench bombing of another cleaning establishment early today—the third within the past few days—resulted tonight in an investigation by the prosecutor's office of what it believed to be a renewal of Detroit's five-year-old cleaners' and dyers' "war."

Several prostrations were reported from over Michigan. The only fatality reported was the death of Carl W. Olson, 45, in an Escanaba hospital Friday night from effects of heat prostration which he suffered while working with a road construction crew.

DEATH CLAIMS GLENN NELSON

Former Rapid River High School Basketball Star Dies

Rapid River, June 19. (Special)—Glenn Nelson, 26-year-old son of Mr. and Mrs. William Nelson, passed away early this morning at the family home following an illness of several months. During the winter Glenn had a severe attack of influenza following which complications developed.

The deceased was born at Rapid River, March 25, 1911. He has lived here all of his life and graduated from the local high school with the class of 1930.

During his high school career he was a member of the basketball team, playing at center. "Lanks" as he was familiarly called, was one of the most popular young men of the community. His good natured manners coupled with a ready wit always made him the favorite of any group.

He was confirmed as a member of Bethany Ev. Lutheran church six years ago.

Besides his parents, the deceased is survived by his sister, Jennie, a registered nurse, who has been at home nursing her brother, three brothers, Harry, Harry and Robert, his grandfather, Carl Magnusson, of Rapid River, and an aunt, Hannah Magnusson of Chicago.

The body was taken to Swenson Brothers undertaking parlor at Gladstone. The complete funeral arrangements have not been determined at this writing.

Funeral services will be held Monday afternoon at one o'clock from the family home and at 1:30 at the Whitefish Lutheran church with Oscar Lund, student pastor officiating. Burial will be made in Marquette cemetery.

Palbearers will be: John Miller, William Young, Roger Kirch, Leon Johnson, Hugh Trotter, and Oscar Sundquist.

CLUBS FORMED

Four club clubs were organized for Delta County boys at a meeting held at the C. E. Hamilton home last Wednesday. Joseph Turner, county agent, and Claire Road, U. P. 4-H club leader, of Marquette, were present to assist at the organization.

The clubs and members are as follows: Delta County Jersey club, Richard Johnson of Ogonts, leader, members, Vedo and Bert Heric, Henry Heric, Jr., Jack Heric, Leslie Constantino, Ernest and Rudolph Schramm, Carl Sidbeck and John Barron.

Isabella club, Olive Mc Clinchy of Nahma, leader, members, Norma Larson, Freda Strom, John Sundling, Dick Mc Clinchy, Orville and Ralph Morrison.

Blue Ribbon club, Glenn Hamilton of Rapid River, leader, members, Nels Ebbeson, Jr., George Girard, Lawrence Kay, Howard and Keith Labumbar.

The St. Nicholas club has been organized but did not have its members present at this meeting.

Both Mr. Turner and Mr. Road gave the boys demonstrations of how to pick winning calves to be exhibited at the state fair, and also to the proper methods of leading and handling calves in the show ring.

LADIES ATTEND CONVENTION

The following members of the local camp of the Royal Neighbors attended the annual district convention held at Menominee on Tuesday: Mrs. Agnes Ewald, Mrs. K. C. Scott, Mrs. C. E. Hamilton, Mrs. R. C. Young, Mrs. Nels Ebbeson, Mrs. Ole Sundquist.

ENTERTAIN AT CLAIRBORN

Mrs. Oscar Ole of Munising entertained a number of friends at a bridge luncheon at Clairborn tea room Tuesday afternoon. Seven tables of bridge were set.

SUFFERERS STROKE

Mrs. Richard Caswell suffered a paralytic stroke on Sunday last and is now at the Laing hospital in Escanaba. Her condition has improved some during the week, but she is still considered to be serious.

PERSONALS

Mrs. Floyd Roberts and infant son have returned to the home of Mr. and Mrs. G. A. Roberts at Whitefish from an Escanaba hospital.

Miss Hannah Magnusson of Chicago was called here to the William Nelson home on account of the illness and death of her nephew, Glenn Nelson.

Miss Ruth Mooney left Thursday for Superior, Wis., where she will spend the summer vacation with her mother and sisters.

Todd Ewald, Jr., is one of the graduates of the Delta County Normal. The graduating exercises of the class of 1931 were held at Escanaba high school last evening.

AMUSEMENTS

AT THE MICHIGAN

Edward Hughes, youthful producer of "The Front Page," that brilliantly unorthodox melodrama of backstage newspaperdom which comes to the Michigan Theatre today, is unique among movie-makers in that he has never turned out an unsuccessful picture.

"Two Arabian Knights," his initial venture, won the award of the Academy of Motion Picture Arts and Sciences for the "best comedy" three years ago, and reaped praise from critics and public wherever shown.

"The Racket," his next, also won an award from the Academy and was placed by practically all critics among the "ten best" productions of 1929.

Hughes is probably best known, however, for his "Hell's Angels," the spectacular air picture in which he poured \$4,000,000 of his vast fortune, and which took three years to complete.

His newest presentation, "The Front Page," is said to excel all his past offerings from the standpoint of sheer entertainment. This is a bold, reckless and rapid-fire tale of hard-boiled newspaper reporters—and it literally bristles with red-hot melodrama, hilarious humor, and daring dialogue.

"The Front Page," is taken from the stage play by Ben Hecht and Chas. MacArthur, famous critics throughout the country have acclaimed it the ace saga of newspapering.

AT THE DELFT

Lila Lee, although known for nearly ten years on the screen—since she was starred in films at thirteen—is one of the earliest and latest talkie celebrities.

A child star, Lila played opposite such men as Harrison Ford and Wallace Reid. When her spunky age came she retired, later going on the stage only recently returning to the screen.

Miss Lee recently signed a long-term contract with First National Pictures by virtue of her work in such films as "Dark Streets," "Drag," and "Woman Hungry." Her latest picture, "Misbehaving Ladies," is now at the Delft Theatre.

OBITUARY

WALDO CHASE

Funeral services were held Friday afternoon at two-thirty o'clock at the home of his mother, Mrs. Lottie Chase, 410 South Twelfth Street, for Waldo Chase who was drowned Sunday in Grand River at Lansing when he attempted to save the life of two friends.

The Rev. Thomas Foster, rector of St. Stephen's Episcopal church, read the services at the home and conducted brief services at the grave in Lakeview cemetery where burial was made.

The pallbearers were Frank and Carl Jewell, Michael McCauley, Ragner Johnson, George Jacobson and Leonard Johnson.

Out of town relatives and friends were Osmond Chase, Howard Chase, Miss Gertrude Sample, all of Lansing, and Miss Elene Chase of Chicago.

MRS. WILBROD DEMERS

Iron Mountain—News of the Death in Detroit, on June 16, of Mrs. Wilbrod Demers, former Iron Mountain resident, was received here.

Services will be held at 7:45 o'clock tomorrow morning at the Payant Funeral home, and at 8 o'clock at St. Joseph's church, with interment in Cemetery park. The Rev. Fr. Joseph Dufort, pastor, will officiate.

MRS. MADALINA FACCO

Mrs. Madalina Facco, aged 80 years, and a resident of Hermansville, Mich., for the past 35 years, died at her home in Hermansville, following a lingering illness.

Besides her husband, Mariano Facco, two daughters and five sons survive. They are Mrs. C. Sartori, of Crystal Falls; and Mrs. Victor Ventti, of Hermansville, and Mario, J., Arthur and Enrico, of Hermansville, Phillip, of Seno, Cal., and August of Italy.

Miss Linda Polozza of Escanaba is a grand daughter. Funeral services will be held at 8:30 o'clock Saturday morning at the home in Hermansville, and at 9 o'clock at St. Mary's church. The Rev. Fr. J. Hollinger officiating. Interment will be in the Hermansville cemetery.

Boy Wins Trip

Foster City.—Excellence in general scholarship and a grade of 96 in the special agricultural examination taken by about 20 eighth grade, rural school students in the county, have combined to win for Herbert Larson, 14, of Foster City, a free trip to the Michigan State Fair, at Detroit, early in September, according to an announcement today by B. R. Miller, county commissioner of schools.

Herbert, son of Mr. and Mrs. Olaf Larson, of Foster City, attained an average grade of 92.8 in the 10 subjects which he studied during the year, and earned a grade of 96 in the agricultural examination, giving him an average of 94.4 in the two final examinations.

GIFTS FOR FATHERS' DAY

Sunday, June 21st

DEAR old Dad! He waited a long time to get his due. It took us all a good many years to realize that Dad was a bit more than the signature to a check. But now we know. We know that while he makes a game fight for it up there in the front line of his job, his heart is back home with us youngsters. Yep! He loves us. He thinks nothing's too good for us. He makes all kind of unsung sacrifices for us. Well, we know it now. That's why we set aside this day for him. Fathers' Day! That's why we greet him with some expression of our gratitude, and deep affection.

Stop and Shop for Dad's Gifts here where a multitude of everything he will appreciate in apparel, furnishings and shoes is always shown.

COOKED ASPARAGUS
Tenderly delicious is fresh asparagus, cooked until almost tender and then finished in the grill, with parmesan cheese grated over the top. The cheese melts just enough to make it stringy and with a butter sauce the dish is fit for kings.

BREAKFAST EGGS
For a dainty breakfast egg dish, butter shallow muffin tins, break an egg into each one, top with a tablespoon of cream, some butter, salt, pepper and paprika and cook in the oven until slightly brown on top. They are delicious.

Cooking Asparagus
If you stand asparagus on end when you start cooking it, and then lay it down in the water to finish, the stalks get a chance to cook thoroughly without spoiling the tips. Always tie the bunch together loosely with string for cooking, after it is washed thoroughly. Remove the string just before serving.

Colored Chips
You can get colored potato chips to serve with beverages. You cook them in deep fat and salt them afterwards. They come in apricot, green, blue and lavender and are a great addition to any party.

Supper Dish
Instead of using toast to put under creamed chipped beef for a summer supper, grill tomatoes and place one of them on each serving plate, topped with the beef. Garnish with a radish.

Roquefort Dressing
Nothing is tastier than roquefort dressing on the first fresh lettuce from your own garden. Grate the cheese, mix it with French dressing, chill both it and the lettuce and serve.

BEAUTIFUL SALAD
One of the prettiest salads you can make is from mint gelatine with canned pineapples put in just before it hardens. Serve on iceberg lettuce and let each person put on his own mayonnaise.

FRESH CHERRIES
It is a mistake not to use fresh cherries in abundance while they are in. Serve about eight on a fresh grape leaf for breakfast. Use them for salads for dinner or for fresh fruit slumps to start a meal.

Fresh Fruits
It is a mistake not to use fresh fruits and berries as they come into the market. Sponge cake topped with berries and served with whipped cream is a delectable dessert. White of eggs, beaten up with raspberries, and with sugar added when stiff, makes a beautiful and dainty last touch to a meal.

Summer Biscuits
If you mix baking powder, salt, a dash of sugar and flour with the shortening you use for biscuits, and put this in a bowl on ice, you can make up a batch for supper any evening by merely mixing the liquid in proper proportion and baking. It is a time and trouble saver.

City Beautiful Plans Suggested By Woman's Club

Suggestions for beautifying Escanaba were outlined by the Conservation Committee of the Escanaba Woman's Club at a meeting held to discuss this important phase of the activities in which the committee is concerned...

The principal plan suggested at the meeting was construction of a Rockery in the small triangle formed by the intersection of Lake Shore Drive and First avenue and the new drive around the point.

"Escanaba is unusually fortunate in having a wonderful park along the water—a beauty spot of which few of our cities can boast and everything possible should be done to keep this in perfect condition for all our people to enjoy during the summer months," the committee stated.

The committee also announced itself as opposed to baseball and football games in the park. This spoils the turf which takes several years to build up, it was pointed out, and is not necessary in view of the numerous vacant lots throughout the city and near the fair grounds and athletic field.

Further suggestions contained in an announcement following the meeting are:

That small triangular parks be kept trim and neighboring children of grade school age be allowed to play there, subject to restrictions against baseball diamonds;

That property owners along Lake Shore Drive keep the sod on their side of the street as straight and neat as it is on the park side, possibly with a low cement or wooden curb;

That Rose Park be cleaned and paths and benches installed for use by North Escanaba residents;

That the city purchase a strip of land on the east side of Sheridan Road to be kept for future park purposes.

That the land south of the tourist park from which beautiful sunsets may be viewed, be obtained by the city for future generations to enjoy.

Beautiful Premises Residents are urged by the committee to do all in their power to beautify their premises. A bed of petunias has been given by the Women's Club and any donations of shrubs or perennials will be gladly received and planted by the conservation committee.

Morrows Lease Home Of Kin Of George Washington

Washington, (AP)—A fine old brick house overlooking the Potomac which has been occupied by many noted persons has now been leased by Senator Dwight Morrow of New Jersey. He and Mrs. Morrow plan to occupy it after the opening of Congress.

The house dates back to the early part of the nineteenth century. It was originally owned by Col. Corbin Washington, a great-nephew of George Washington. Its most recent occupant was Col. Arthur Woods, head of the President's emergency committee.

Printed Linen Brings Crisp Coolness to Frocks and Hats

New prints are dainty in pattern and romantic in their colors. Cool as a breath of wind and quite as pleasing are the crisp sheer printed linens in designs and color tones all their own. Very smart are the tailored frocks in Contempora printed linen, double-breasted, with self-frilling around their collars and inverted side pleats to give their theme of tiny flowers of white, outlined in black, posed on a vivid lipstick red background. They have their own stiffened linen hats, effectively laced and banded with white pique.

Personal News

Miss Eisle Holmes, who teaches in Cleveland, has arrived here by motor, and is visiting at the home of her parents, Mr. and Mrs. R. A. Holmes, before going on to her summer home, Happen Inn, on Whitefish Lake. Miss Holmes was accompanied by Mrs. H. L. Holmes and daughter, Catherine Elizabeth, who will visit here, Mr. Holmes coming from Detroit to join them later.

Visiting at the home of Rev. and Mrs. C. A. Lund are Mr. and Mrs. Levi Lund of Kandiyohi, Minn., brother and sister-in-law of Rev. Lund. Mrs. John Horeish of St. Paul and Miss Sarah Halgren of East Union, Minn. They are on their homeward journey after a motor trip to New York and other points in the east.

Australia Weddings Usually Successful Sydney, Australia, (AP)—Statistics carefully gathered by social investigators show that 80 percent of Australian husbands are happily married and spend their evenings at home with their wives.

Of this 80 percent, it is asserted, 60 percent are markedly happy, and the remainder are still contented, at least.

Of the 20 percent of unhappy marriages at least half are on good terms.

Middle class marriages turn out more successful than marriages amongst the extremely rich or extremely poor.

Favorite Recipe Betty Ann

Two excellent fruit salad recipes have been received from Mrs. Aldage Gerou, 1504 First Avenue south, in answer to another Betty Ann request. Both easily prepared and are delicious. Here is the first one.

Fruit Salad Cut oranges, bananas and pineapple in small pieces and arranged on crisp lettuce. Cover with fruit salad dressing.

Dressing— Juice of two oranges, two lemons, two eggs and one cup of sugar. Cook until mixture is thick. Cool and thin out with whipped cream. This dressing may be kept for sometime provided it is kept in a cool place.

Painted Dollies You can get stunning effects if you take ordinary paper dollies and paint flower designs on them the color of the dishes with which you use them.

Gold Star Leader Wins Pilgrimage Washington, (AP)—Mrs. George Seibold of Washington, organizer of the Gold Star Mothers, becomes eligible this summer for the first time to join other members of her organization in a governmental pilgrimage to the soldiers' graves in France.

Her son, Lieut. George Vaughn Seibold, was killed in a fight with German planes. His resting place is unknown, and only mothers whose sons' graves were marked have been entitled heretofore to make the trip.

This rule has now been amended, and Mrs. Seibold will visit the cemetery in England where her son's name is carved on a marble pillar.

Originally the thimble was called the thumb bell, because it was worn on the thumb.

WILL PROMOTE SCOUTING HERE

Plans Are Being Made to Interest More Boys in Program

Organization of an Escanaba district committee, which will sponsor Boy Scout activities in this community, will be effected this week. It was announced by Charles F. Spurr, Marquette, area council executive, who was in Escanaba yesterday arranging the necessary details.

The committee will meet at the Escanaba Chamber of Commerce office next Monday evening to elect officers and make preliminary plans for promoting the growth of Boy Scout activities here.

Mr. Spurr and other Boy Scout officials will attend the session, and will outline the plan whereby the Escanaba district can become affiliated with the area council, which embraces the counties of Marquette, Delta, Schoolcraft and Alger.

By becoming associated with the area council, the Escanaba district organization would obtain the services of the area executive, who would direct a comprehensive Boy Scout program for the four counties. This headquarters service includes: expert supervision according to National Scout Standards, maintenance of office records of every scout and troop with advancement changes and general data on individual and troop standing, and a general advisory service for scout leaders.

Mr. Spurr said that two distinctive features are being added to the program for Boy Scouts in this area. One is the cub program, designed for boys from 9 to 12 years of age, the activities to center around the homes of the Scout cubs. The other is the sea-scouting program, which will be made available here through the organization of a troop of Sea Scouts in the near future. The department of sea scouting has developed a fascinating program of nautical work, particularly designed for the older boy who has been through the regular program of land scouting and has become at least a first class scout.

MICHIGAN RALLIES To Beat Spartans

Ann Arbor, Mich., June 19 (AP)—The University of Michigan baseball team put on rallies in the eighth and ninth innings today to defeat Michigan State college, 3 to 2, and even the count at one all in the season's series thus far.

Left Pemberton hurled good ball for State and kept the Wolverines helpless until the eighth inning when a double by Duffley followed by Moodie's single scored a run. In the ninth inning Douglas batted for Compton and drove out a double. Eastman ran for him and scored on Braendle's single. Braendle reached third on Fawcett's bad throw and scored on a single by Captain Tompkins.

Compton held the Spartans to four singles. An error helped them to score two runs in the third. The score: Michigan 002 000 000—2 4 3 State 000 000 012—3 2 2 Pemberton, Griffin and Braendle; Compton and Duffley.

Blind 3 Years; Regains Sight With Operation

His first glimpse of daylight after being blind for three years was the happy experience of Elias Richer, 65, a resident of Rapid River, who submitted to a delicate operation at St. Francis hospital here a few days ago.

Mr. Richer had been totally blind for so long that he was unable to refrain from exclaiming yesterday morning when the dressings were changed. Seeing daylight for the first time in years, he said: "Doctor, you look good to me."

Cataracts, which had been growing over his eyes for many years had caused total blindness and it is expected he will be able to return to his home in the near future.

Councilmen Extend Vote of Thanks to Traffic Committee

Mayor W. H. Needham's special traffic committee was discharged with a vote of thanks from the city council Thursday night, after submitting a list of recommendations resulting from their recent traffic survey.

Members of the committee were E. C. Voght, chairman; E. A. Grabowski, L. J. Jacobs, Ben Young, Axel Anderson, H. H. Hughtitt, Victor Pillion, Robert Pryal and M. J. Lang.

Mayor Needham was authorized by the council to appoint the committee, and the group was assigned to make a study of traffic problems and violations in Escanaba, particularly in the business district. Findings of the committee will be studied by individual members of the council, and will be the basis for any future revision of local traffic ordinances.

Survivor of 1871 Peshtigo Fire Dies

Ben Empey, 65, who lived three miles east of Beaver, a survivor of the Peshtigo fire of 1871, died at his home Wednesday after an illness of eight weeks from cancer of the stomach.

Mr. Empey was intimately connected with Menominee county activities for years. He secured a wide acquaintanceship among employees of the county highway committee as a cook for county road crews. He had served in the same capacity in lumber camps.

He is survived by his widow, six children, Nellie, Ruth, Bernice, and William, all of Beaver, Lucille, of Milwaukee, and Mrs. Lawrence Garbrecht Green Bay, three brothers, Jacob, Marquette; James, of Aberdeen, Wash., Norman, of Pembine, and one daughter, Elizabeth, of Mott, North Dakota. There is one grandchild, Patsy Lou Garbrecht, Green Bay. Funeral services will be held at 1 p. m. today from the home.

HEAT DRIVING TOURISTS HERE

Many Inquiries Received From Prospective Vacationists

The heat wave that is gripping the large cities in the middle west is already sending tourists to seek respite in the upper peninsula, where summer nights are cool and the days are ideal for the enjoyment of a vacation.

Harold P. Lindsay, secretary of the Escanaba Chamber of Commerce, reports that a considerable number of inquiries are coming in by mail, telephone and telegraph concerning the availability of tourist cottages and other accommodations in this locality. Already, there is an increasing number of

automobiles with foreign license plates to be seen daily on our streets. Despite the depression, the upper peninsula is expecting a satisfactory tourist business this summer because of the fortunate position it holds in the present situation, according to Secretary Lindsay. Some lines of business in the middle west and east are quiet, he explains, causing men interested in these industries to make plans to spend their summer vacations at resorts within a couple days' ride instead of taking trips abroad or to Alaska. He pointed out that the class of habitual tourists will continue to hit the road in their automobiles as soon as school closes.

\$96,000 COST OF FORD SITE
Houses Being Moved; Clearing of Area Now Under Way

Cost of the industrial site recently purchased here by the Ford Motor company totalled approximately \$96,000, according to figures given out yesterday. Of this \$27,000 was paid for the acreage of the Minneapolis, St. Paul and Sault Ste. Marie railway company; \$15,000 for acreage belonging to G. J. and Ellen Slings, and \$54,000 to owners of city lots and improved property in the site area. Approximately 190 acres are included in the site purchased.

Transfer of the improved property was recorded at the county court house Thursday when forty warranty deeds were placed with Frank J. Hess, register of deeds, for filing.

Three contractors are now busily engaged in removing homes within the site area to new locations, and work of clearing the site is progressing rapidly. A number of the houses already have been moved and others are ready for re-location as soon as new foundations have been built.

More Houses
Thirty-eight houses are involved in the transaction, 23 of which have been repurchased from the Ford company by the original owners, the remaining ten being taken over by Gladstone business men who are now making an effort to dispose of them.

Home owners have been given two months in which to remove their houses, and the Soo Line has 90 days, in which to remove the grain elevator, warehouses and other buildings on the site. It is believed that the improved property will be cleared of houses within the next two or three weeks.

Former owners of lots within the area have been given assurance that gardens already planted there will not be disturbed by the motor company.

5-YEAR-OLD TOT STRUCK BY AUTO

Paul Thivierge Painfully Injured While Crossing Highway

Paul Thivierge, five-year-old son of Romeo Thivierge, was painfully injured yesterday morning when he was struck by an auto driven by James M. Farr, Detroit, while crossing Lake Shore Drive near the C. A. Gogran home.

Paul, with four other youngsters, was going to the tourist park at the time of the accident. He was lagging a little way behind and noticing that his chums had already reached the other side of the highway and, it is presumed, fearing that they might leave him walked out onto the highway directly in front of the oncoming car.

The driver swerved sharply in a desperate attempt to miss hitting the tiny tot, but the lad was struck by the right front fender and thrown to the pavement.

The driver stopped and placing the injured boy in the car rushed him to a local doctors office for medical aid, where examination disclosed that the injuries were not of serious nature, the boy suffering mainly from a number of cuts and bruises about the face and body and shock.

Following treatment the boy was taken to his home on Dakota avenue. Farr was not detained.

Petitions Filed Nominating Two Board Candidates

Petitions nominating James T. Jones and H. J. Skogquist as candidates for the Gladstone board of education were yesterday filed with Secretary Skogquist following circulation by groups of friends.

Present indications are that the school election which is to be held July 13 will be a quiet one as the two candidates whose petitions were filed yesterday are the only persons to thus far announce their intention of seeking office. Two members are to be elected the terms of Mrs. William L. Marble, president and H. J. Skogquist secretary, expiring.

Both of the candidates are experienced in the work and well qualified, Mr. Skogquist being a present member of the education group, while Mr. Jones previously served six years as a member of the body, at the time the last building program was carried out.

Miss Ruth Row, St. Paul, Minn., is visiting in Gladstone as the guest of her sister, Mrs. Ward L. Foster.

It is said that nine out of every ten girls in Sweden are natural blondes.

THEATRES

RIALTO
"Passion Flower." Kathleen Norris' stirring account of a woman who, falling to find happiness in her own "money marriage," attempts to break up the domestic tranquility of her cousin who has thrown wealth overboard in order to marry her father's chauffeur—is the new Metro-Goldwyn-Mayer picture which will be the feature at the Rialto Theatre today.

An imposing cast was selected by Director William de Mille to fill the principal roles. Kay Johnson is seen as Cassy Fringle, who is content to exchange a millionaire's mansion for a two-room attic flat and the man whom she loves; Charles Bickford, has another dramatic role as the chauffeur who is driven to extremities in order to support his wife and child.

Owl Show
To be a villain without being "the bad man" of the picture is the novel experience of the villain of "The Bad Man," the First National Vitaphone production which comes to the Rialto tonight.

The real bad man in this play is Walter Huston but the villain is the man who does the bad things.

BAD NEWS FOR HIM
"I simply cannot stand the sound of an automobile horn."
"Why not?"
"Some months ago my chauffeur stole my car and eloped with my wife, and every time I hear a horn toot I think he is bringing her back."—Pathfinder.

City Commission to Meet Monday Night

Regular meeting of the Gladstone city commission will be held Monday evening at the city hall at which time assessment procedure on the proposed Michigan avenue pavement project will be started.

The Michigan avenue job, Central Avenue to Fourteenth street, is the only pavement project of this year's program because of limited finance due to the necessity of other essential improvements including water mains, sewers, drainage and street grading. The city's share of the cost of this project is also high, approximating \$3,800, because of church and school property abutting the avenue, which is not assessed.

Plans and profiles for the job have been completed and cost estimated.

Emily Hanson left yesterday by motor for Minneapolis where she will spend the summer vacation at the home of her parents.

Mr. and Mrs. Dan McCormack, Rhineland, Wis., visited here Friday at the S. J. Sword home on Michigan avenue.

Mr. and Mrs. S. W. Gordon, Chicago, are guests here at the F. A. Miller home, Michigan avenue. The Gordons, former residents plan to remain in Gladstone for about two months.

Pauline Hartvig left Friday for Marquette where she will visit during the summer months at the home of her parents.

PLANS READY FOR AIR TOUR

Benjamin Gero General Chairman; Legion To Handle Parking

Plans for the efficient handling of the third annual Michigan air tour, the largest flying contingent ever to visit this city, have been completed for the arrival of more than 45 planes at the county airport Sunday morning. Committees headed by the following chairmen have been named by W. S. Crowe, president of the Chamber of Commerce; Benjamin Gero Sr., general chairman; C. L. Smith, ticket committee; John M. Hewitt, police; James C. Wood, entertainment; and W. B. Thomas, publicity.

Thousands of people from Manistique and from the neighboring vicinity are expected to be on hand to welcome the flying delegation and to witness the aerial feats which will be performed. Tickets for passenger trips above the city are on sale at the Putnam drug stores and the Central Pharmacy.

Parking accommodations for automobiles at the airport will be handled by members of the Manistique Legion post under the supervision of E. R. Monroe, Legion commander. A small fee will be charged. Parking on the highway or along the sides of the road will be prohibited and state police will be present to enforce these regulations.

Dine at Temple

Luncheon for members of the tour will be served at noon at the Elks' temple. Benjamin Gero, general chairman, would like to see all members of the tour.

The Chamber of Commerce has been forwarded a number of letters to catch and mail on the day the air tour visits Manistique. They come from as far east as Massachusetts and as far west as Missouri, showing how wide spread is the interest and knowledge of this tour which is being sponsored by the Grand Rapids Association of Commerce.

about 15 automobile drivers to use their cars Sunday to bring members of the tour to the Elks' temple and back to the airport after the luncheon. Those desiring to donate their cars for this purpose are asked to notify Mr. Gero or W. B. Thomas.

The county airport committee has been busy for the past month supervising the conditioning of the airport. A great deal of leveling and filling in has been done on the runways which intersect at the middle of the field. The field is properly marked and is in excellent condition to receive the tour.

The air squadron is expected to arrive at 9:40 a. m. Sunday and the first take-off is scheduled for 1:30 p. m.

NORTONS RALLY TO KEEP LEAD

League Leaders Are Shut Out Until Five Run Attack in 7th

Battling for the leadership of the Manistique diamond ball association, the Norton Specials maintained their position at the helm by turning back a determined bid by the Central Markets Thursday evening in a red hot contest. When the fireworks had subsided the Nortons were on the heavy end of a 5-3 score.

Staging a spirited rally in the final inning, the Nortons scored five runs under a barrage of long distance clouts after being held scoreless for the first six innings by the masterful hurling of Jack Williams. Two four-base clouts, each occurring with one man on the sacks, was sufficient to turn the tide against the Markets.

Both teams failed to score during the first three innings, but the Central managed to shove over a tally in the fourth which at that time looked as big as the proverbial mountain. Neither team counted in the fifth, but the Central apparently sailed the game away in the sixth when they slipped over two more counters. Then the belated attack of the Nortons in the final inning sailed the game away. Besides pitching excellent ball for the Markets, Jack Williams also starred with the willow by connecting for a home run. Hubert Norton and Art Raskey provided the big punch in the seventh with lusty homers.

Batteries for the winners were Eldon Norton and Holland; for the Markets, Jack Williams and Hentschell.

Ford's Win Tilt

By getting the jump on the independents in the first inning, the Greighton Fords eked out a 7-4 win on the Westside grounds. Fielding misplays behind Red Stewart in the first inning allowed the Fords to score five runs, a lead which the indees could not overcome. Both Stewart and Dredahl hurled good ball. The indees scored two in the second and a like number in the third, but Dredahl held them completely at bay during the remainder of the contest.

Find Deer Meat In Car; Is Fined \$25

James Goodar of Manistique township was fined \$25 and paid costs of \$10.75 for having in his possession the carcass of a deer. Goodar pleaded guilty to the charge Thursday morning in justice court.

He was arrested by Conservation Officers Paul Knuth and Vic Deemer who found the deer in Goodar's automobile. It was said that he had attempted to sell the meat in Manistique.

Public Invited to Witness Archery At Blaney Sunday

A party of expert and enthusiastic archers, including H. H. Stroud, of Wayland, Mich., an ardent devotee of this fascinating game, will be guests at Blaney Park on Sunday, June 21, where they will demonstrate their skill in this ancient sport.

It will be an outing, not alone for the professional or expert, but for all, including beginners and those with modest scores. It is a chance for both the amateur and expert to enjoy each other's skill and to profit by mistakes. The exhibition will be in the nature of a preliminary to a tournament next season.

The management of Blaney Park invites the public to help those loyal archer friends to make of this June 21 a real upper peninsula archery day.

Autogiro Is Novel Form of Aircraft

The autogiro differs basically from all other heavier-than-air craft in the source of its lifting capacity. This lift is given primarily by four rotating blades which take the place of the familiar wings of an airplane. There is no time when this supporting rotation of blades can be stopped while the machine is in the air, as their motion is produced solely by wind pressure caused by the movement of the autogiro in any direction, climbing, level flight, gliding or descending vertically. The supporting rotation of the blades is entirely independent of the engine, whose sole function is to propel the autogiro.

The autogiro presents flying characteristics hitherto impossible. It can take off at low speed after a very short run, and immediately assumes a steep-climbing angle. It can fly well over 100 miles per hour or as slowly as 25 miles per hour. It can be brought momentarily to a standstill and hover. It can bank and turn slowly without fear of loss of forward speed. It can glide or descend vertically at a speed less than that of a man descending in a parachute, and with virtually no forward speed even with a dead engine.

It is expected that the Detroit News autogiro will be on the tour but is not definite on account of a prior engagement at Minneapolis. It is hoped to have it for through a portion of the tour through the upper peninsula.

Two Brush Fires Fought by State

Two stubborn brush fires were fought Tuesday and Wednesday by volunteer fire fighters under the direction of M. A. Williams, district fire warden, assisted by Claude Wendland, near the Swedish settlement at Whitetale and back of the state fire tower along the Manistique river.

Approximately 40 acres of slashings including a little second growth timber burned in the Whitetale blaze which required the services of 35 volunteers. Fanned by a high wind the flames were fought for more than four hours before they were extinguished.

The other conflagration started in some piles of dry slashings Wednesday and spread over two acres.

Tigers Beat Boston in Slugfest by 7 to 6 Score

30 HITS MADE BY BOTH TEAMS

Detroit Fattens Batting Average at Expense of Three Hurlers

Detroit, June 19 (AP)—The Tigers needed all of their 19 hits to win the series opener from the Boston Red Sox, 7 to 6, here this afternoon.

It was a free hitting game throughout, a total of 30 hits going to 45 bases. There were three doubles, three triples and two home runs, by Berry and Stone, each coming with a man on base. Stone's homer tied the score at six all in the seventh. Russell, who started for the Sox, was hit safely by the first five men to face him and went to the showers without retiring a man. Durham and Moore succeeded him. Uble went the route for the Tigers, allowing 11 hits.

The barrage of hits which the Tigers opened the game with, netted three runs. Uble raged home with the winning run in the eighth, beating out a bunt and advancing on singles by Johnson, Walker and Owen. Johnson was cut down at the plate on the same play.

The Tigers fattened their batting averages at the expense of the three pitchers. Koenig, Stone, Alexander, Johnson and Walker each got three hits. Koenig's batting spree included two doubles.

It had been thought that Charley Gehring, a casualty for nearly a month, would be back in the lineup this afternoon, but instead, he went to Providence hospital for an operation on his lame arm. Ahealons, which were believed to have healed, opened up and the arm is now in a cast. The Tiger management said the operation should enable him to resume play within the near future.

Cleveland Stops Solons' Winning Streak by 9 to 6

Cleveland, June 19 (AP)—Washington's twelve game winning streak came to an end today under a deluge of base hits which gave the Cleveland Indians their first victory over the Senators this season, 9 to 6.

Young Mel Harder came to the relief of veteran Walter Miller in the fifth while the Senators were threatening to overcome the Indians' 7 to 2 lead. He shut the visitors out after permitting two runners to put on the path by Miller to score. "Red" Sam Jones was found for all of Cleveland's hits and runs.

Jones Can't Win This Golf Title

Lohnon, June 19 (AP)—Great Britain has one golf title Bobby Jones can't win—the one-armed tournament.

A. W. Edwards, of the Penn club, Wolverhampton, who lost his right arm at Cambrai, 1917, took today's championship from 34 other World war veterans, winning the Sir Ian Hamilton trophy. Edwards played around the Moor park courses in 142 strokes, which was par golf under his handicap. Drives of 200 yards were not uncommon in the contest.

'Putt' Mossman, World Champion, Tells How to Pitch Horseshoes

For the benefit of the entrants in the Escanaba Daily Press Horse Shoe Pitching Tournament, which will get under way on June 29, the advice of a former world's champion is published in this newspaper.

He is "Putt' Mossman, Eldora, Iowa, who won the title in the summer international tournament held in Minneapolis, Sept. 17 to 21, 1924, when he was only 17 years old. He successfully defended his title in the national tournament held in Lake Worth, Fla., February, 1926. At this tournament, he with Bert Duryeo made the unequalled record in a game known as the greatest ever played.

Mr. Mossman says: "Don't expect to acquire in a few moments the skill and accuracy that can only come with hours of patient practice. However, these first hours of practice are enjoyable to the beginner, not only as a pleasant pastime, but for the strengthened muscles and skill in pitching that they will bring later on." "If you want to become a good horseshoe pitcher, don't handicap your progress at the outset by trying to pitch old discarded horseshoes. They lack the necessary uniformity of size, weight, balance, width of opening and shape of calks, all of which are important factors in aiding you to control the shoe in flight."

Need Regulation shoes. "By all means start right by using a regulation pitching horseshoe. It is scientifically designed to give the conscientious player every possible chance to improve his game. This is proven by the fact that 85 ringers have been made out of 100 shoes pitched—a record that is out of question with any shoe other than the highest type of shoe, especially designed for pitching."

The two most popular grips used among expert horseshoe pitchers are indicated by the number of turns the shoe makes on its flight toward the stake. The one and one-quarter and the one and three-quarter turns are the holds referred to. "If the shoe is turning too much or not enough try shifting your grip slightly between the toe and heel calks until the desired result is obtained. When you throw an open shoe remember where your grip was and stick to it. If it worked once, it will again. Don't change your grips repeatedly. Stick to one grip and master it if you want to acquire confidence in pitching."

"Three things are necessary to become a good horseshoe pitcher are judgment of distance, accuracy and control of shoe. Don't be discouraged if you cannot acquire all of these the first time you try. Practice conscientiously, but do not overdo, especially in the beginning when you may be unaccustomed to this form of exercise."

"Controlling the Shoe. "Don't waste energy by throwing the shoes too high, 8 or 10 feet should be sufficient."

"Don't try to spin the shoe. With the beginner, the shoe will have a tendency to spin too much and therefore the grip and method of delivery should retard this spin in less than two complete turns of the shoe."

"When practicing, watch your shoe in flight for wobble or too much spin. Don't try for ringers at first, in fact the stake may be taken out and preliminary practice devoted entirely to pitching the open shoe. Wobbling is often caused by unnecessary wrist snap in an endeavor to correct the elevation of the shoe at the moment."

Brown's Homecoming Spoiled By Yankees

St. Louis, June 19 (AP)—The Browns had a dismal homecoming today when they were slaughtered by the New York Yankees, 16 to 5.

While Henry Johnson was holding the locals to seven hits, his teammates jumped on Gray, Coffman and Stiles for 19, including home runs by Babe Ruth and Lou Gehrig. In addition to his circuit smash, Gehrig also produced a single and two doubles.

Goodman Advances In Golf Tournament

Minneapolis, June 19 (AP)—Johnny Goodman, of Omaha, scattered birdies and par all over Golden Valley courses today to go into the final round of the trans-Mississippi tournament, finishing 11 up and 10 to go over Fred Dold of Wichita, Kansas.

He will meet Lester Bolstad of St. Paul, former national public links champion, in the championship round tomorrow. Bolstad won his semi-final match from Dr. Paul M. Barton of Davenport, Iowa, in driving finish, 3 and 2, after the lead had changed hands throughout the day. After Bolstad went into the lead on the 24th hole he did not relinquish his advantage.

Goodman never gave Dold a chance today. He fired birdies when the Kansas man was shooting par, and the few times Dold strayed from perfect golf, Goodman was counting a par, except on one or two holes.

BASEBALL CHICAGO CUBS BEAT BROOKLYN

Hornsby's Men Get Ten Runs in Fourth and Fifth Innings

Brooklyn, June 19 (AP)—Slugging five Brooklyn pitchers for 19 hits, the Chicago Cubs took the lead in their series with the Robins today, winning an easy 12 to 7 decision.

Bob Smith went the full route for the Cubs and although he spotted the Robins three runs early in the game, his teammates came back to hammer the offerings of Shaute, Helmach, Quinn, Moore and Day all over the park. Every Cub, with the exception of English, got at least one hit.

Pirates Bunch Hits To Defeat Giants

New York, June 19 (AP)—The Pittsburgh Pirates could collect only five hits off the combined deliveries of Clarence Mitchell and Joe Heving today but they bunched four of them in the first two innings to defeat the Giants, 4 to 1.

Lloyd Waner hit a home run. Ray Kremer went the route for the Pirates, keeping six hits scattered. The victory broke a losing streak of six straight for the Pirates and a winning streak of the same length for the Giants.

Grove Is Hit Hard But Athletics Win From Chicago, 10-4

Chicago, June 19 (AP)—Bob Grove was hit hard by the White Sox today, but the Athletics hit harder, and he won his twelfth victory of the season by a score of 10 to 4.

The champions made 14 hits off Caraway, Moore and Faber, while Chicago made twelve off Grove, but three of the Philadelphia hits were homers. Mule Haas had a perfect day at bat with four singles and a triple in five times up, and Phil Todd got two home runs, and Al Simmons one. Lew Fonseca hit a home run for the White Sox in the third with two men on to tie the score temporarily.

15 Horses Entered in American Derby Today

BY CHARLES DUNKLEY (Associated Press Sports Writer)
Chicago, June 19 (AP)—The American derby, carrying \$50,000 in added money, will be run for the twenty-third time at Washington park tomorrow with fourteen colts and one filly battling it out for the rich turf prize.

With Twenty Grand, winner of the Kentucky derby and the Belmont, out of the race, Mate, A. C. Bostwick's crack three year old, was installed a favorite tonight with Sun Meadow, as second choice.

Mate, winner of the Preakness and third in the Kentucky derby, was honored with top weight of 126 pounds, while Sun Meadow will carry 118.

Boys Howdy Enters. Of five eastern horses in the race three will be wearing the silks of women owners. They are Mrs. John Hay Whitney's Lightning Bolt, Sunny Lassie, the filly, owned by Mrs. William Ziegler, Jr., and Sun Meadow, the entry of Mrs. Katherine Elkins Hitt, of Virginia.

Others in the field, rated a chance to race to victory, are Walter Salmon's Ladder, Oswego, Knight's Call, Morpheus, Boys Howdy, winner of the derby trial.

Ed Dudley Leads Field in Western Open Meet

HOLMES LOSES TO JIM ROUMAN

BY PAUL MICKELSON
DANSON, Ohio, June 19 (AP)—Jack Collins, of Dayton, provided the western open golf championship with its biggest scoring thrill today, but Ed Dudley, tall shotmaker from Wilmington, Del., supplied the best grand collection of strokes.

As the galleries forgot the blistering hot day to cheer Collins' record-breaking round of 67 over the heavily-trapped Miami Valley Golf Club course, and cheered him as the leader at the half-way mark of the 72-hole battle with his total of 141, Dudley slipped in with a par-shattering 70, which gave him a 34-hole total of 139, and the lead by two shots.

Neither of the leaders had much room, however, as four of the biggest favorites in the championship struggle crowded close behind. George Von Elm, of Detroit, sore thumb and all, landed three shots away from Dudley, with rounds of 72-70-142, while Walter Hagen, Detroit; Gene Sarazen, defending champion, and Olin Dutra, of Los Angeles, stood within easy striking distance with 143's. Nine others came in with scores ranging from 144 to 147, but none was granted a chance to grab the title in the 36-hole finale tomorrow.

By all the laws of real golf, Dudley deserved to pace the field tonight, as he was the only one in the entire field of 110 to break par on the two successive days. He scored 35-34 yesterday to beat par by two shots; today he scored 36-34 to clip one stroke off perfect figures. He had his troubles today. He clicked off seven birdies, four of them in a row, but went over par on six holes, all of them heart-breakers.

Hagen Blows Up
Collins, who shot a fair 74 on his first round, not only landed in second place, but regained his competitive course record, which fell before Walter Hagen's 68 yesterday. Familiar with every trick on the course, Collins collected six birdies as he breezed out in 33, and came home with a 34. He went one over par on three holes because his putter failed on 10 foot putts.

Von Elm jumped into third place on the strength of the only other par fracturing round of the day, a 70.

Hagen blew up today on the homebound nine. He started out with a par 35 and then fell apart with a 40, four over par, coming home. Sarazen added to his par 71 yesterday a 72 which included a seven on the par five sixth where he got tangled up with a bridge.

A total of 156, or 14 strokes over par, were necessary to land among the low 64, which will battle over the final 36 holes tomorrow.

Other leaders included: Julius Rock-Lee, Densmore Shute, Hudson, O. 72-74; Emmet French, Southern Pines, N. C. 72-74-146; Charles Garringer, Indianapolis, 70-77-147, and Alfred Sargent, Toledo, 75-72-147.

HOLMES LOSES TO JIM ROUMAN

Another Upset Features Singles Play; Curran Defeats Bourke

Playing on a scorching court with the thermometer registering 95 in the shade, Jim Rومان, Gladstone net star, yesterday staged the biggest upset of the city tennis tournament by taking into camp Donald Holmes, 9-6, 6-7, 6-0 to go to the final round of the tournament. Holmes who copped first honors in the singles last year and who was picked by dopesters to repeat his performance of last season put up an excellent fight during the first two sets playing his usual top rate brand of tennis, but petering out hopelessly in the last. Hardly able to move about the court, yesterday Rومان outplaying and outstrung Holmes on every shot until a comeback for the former titleholder was impossible. Rومان's play was consistently good throughout, not brilliant but steady, careful and accurate, his volleying from mid-court being the feature of his game.

Somewhat in the nature of another upset was the defeat of Frank Bourke by Mike Curran 6-3, 6-3. Both players, hopelessly off their games, displayed a pitiful brand of tennis putting on a dull show for the small group of spectators.

Kholman took the last set of the postponed match from Burleson Fitzharris in a walk-away 6-1. This afternoon Kholman will meet Bill Puckelwartz, the winner to play Mike Curran in the semi-finals.

The doubles finals, were called on account of darkness last evening with the competing teams, Holmes-Ocan and Bourke-Moreau dividing the first two sets 8-6, 10-8. The match will be finished this afternoon.

Escanaba Pioneer, 87, Dies Friday Afternoon

Mrs. Catherine Tyrrell, 87, pioneer resident of Escanaba, passed away Friday afternoon at the home of her daughter, Mrs. Anna Baker, where she had lived for many years. Mrs. Tyrrell had been in failing health since last fall and two weeks ago her condition became alarming. Members of her family were summoned and all were at the bedside when she died.

Mrs. Catherine Tyrrell

In Michigan Since 1869
Mrs. Catherine MacDonald Tyrrell was born August 20, 1843, in Alexandria, Glengary county, Ontario, Canada. She left her native village at the age of 17 for Morrisburg, Ont., where she met her husband, the late Daniel O'Connell Tyrrell, whom she married June 16, 1861, in Maria, Ont.

After living in Morrisburg for six months the young couple left for Finch, Ont., and later by steamboat on the Oswego river for Fulton, N. Y., where her husband secured work. They then went to Put-In-Bay Island, on Lake Erie, and left that place for Michigan.

Mr. and Mrs. Tyrrell and their four small children, Mary, Frank and Anna, age ten months, arrived in Marquette, September 16, 1869, in a blinding snowstorm. The snow remained all winter and as Mrs. Tyrrell often recalled many hardships endured by the families in the northern peninsula during that winter.

Shortly after arriving in Marquette, Mr. Tyrrell left for Negaunee where, he secured employment and three months later, his family joined him there.

Three years later they purchased a farm at Fayette on Bay de Noc and in October, 1872, made the trip to Fayette by wagon, drawn by a team of horses. The trip took one whole day and after remaining in Fayette until March, 1874, they came to this city by sleigh across the ice of Bay de Noc.

Built in Forest
Only a few houses were built here at that time, and these were on the east side of the city. Their first home was on Second street. Later they lived on North Charlotte and Thomas streets, now First avenue and Tenth street. They built a beautiful home in the heart of a dense forest which is now Stephenson avenue. The trail which led to this city was through a virgin forest of pine trees and they did not dare come down town after dark. Later she lived in Brampton for a while and then returned to Escanaba.

When Mrs. Tyrrell came to Escanaba there were no railroads, no theatres, only a few store buildings, a postoffice located in a drug store and a few buildings. Her husband and brother, the late John MacDonald, hauled the material used in building the first ore docks here. Her brother hauled and helped to lay the corner stone of St. Joseph's church. Mrs. Tyrrell was the oldest member of that parish, having attended the first services held in the church which at that time was a small frame building.

Funeral Monday
The village grew from a mere hamlet to a city of sixteen thousand and there was no resident of Escanaba who took a keener interest in the general affairs of this city than Mrs. Tyrrell.

Her charities knew no bounds. She assisted in many homes when there was illness long before Escanaba had any hospitals or resident physicians. She went to the homes where death had taken a loved one and her many kind deeds will long be remembered by those whom she aided during her 59 years of residence in this city.

Mrs. Tyrrell, a pioneer Christian mother, reared a family of eleven children, five of whom survive here. They are Frank Tyrrell of Portland, Ore., who arrived here two weeks ago; Mrs. Phil Gaudette (Sarah Tyrrell) of Antigo, Wis., who also arrived some time ago; Mrs. Anna Baker, Mrs. William Carroll, and Mrs. F. M. Neisaber of Escanaba. Three grandchildren and one great grandchild also survive.

The members of the Alto Funeral Home are in charge of the funeral arrangements. Services will be held Monday morning at 9 o'clock at St. Joseph's church, where all of her children were baptized, and where she attended services for the past 49 years.

BILL FAILS TO SPEED UP TAX

Cancellation of Penalty Shows No Results in Delta County

Cancellation of interest, penalties and fees accumulated against state, county, township and school district taxes delinquent for the years 1929 and 1930, as provided under the terms of the Miller-McBride bill, has as yet shown no results in Delta county as far as increasing payments of delinquent taxes is concerned.

Records at the office of county treasurer, Mary E. McColl, fail to show any stimulus to tax paying as a result of the new bill, and there have been only a few scattered cases where tax payers have taken advantage of the act. In one way, the bill has relieved the county treasurer's office of some work by doing away with the necessity of computing interest and adding the penalties. Along with this, however, other complications have arisen, due to the fact that not all communities have elected to come under the provisions of the law, which is not mandatory for cities and villages. Cancellation of the penalty has not been adopted on the Gladstone city tax nor at Garden, and the added charge is made on any local taxes collected for either of these communities.

Sponsors of the bill believed that tax payments would be stimulated greatly if the public realized the saving made possible by the Miller-McBride act, and in some counties, notably Wayne, this has been found to be true. The provisions of the act are effective on delinquent taxes if said taxes are paid on or before June 30, 1931.

The bill reads as follows: Section 1. Any nineteen hundred twenty-nine and nineteen hundred thirty state, county, township and school district taxes, general and special, which are unpaid at the time this act goes into effect, may be paid between the effective date hereof and July first, nineteen hundred thirty-one without penalties, fees and interest charges. All persons collecting said taxes are hereby empowered to receive said taxes as hereby empowered to receive said taxes paid during said period without penalties, fees and interest charges and to give receipt in full therefor, and all penalties, fees and interest charges on said taxes so paid are hereby waived and cancelled.
