CRIME-WEARY 'SHAM COMISH ENDS ITS TASK

STUDY OF CRIME IN U. S. COMPLETED BY MEMBERS

BY JOHN F. CHESTER. Washington, June 29. (AP)—A crime-weary Wickersham commission reached the eve of its dissolution tonight with prospects that it would depart with none of the fanfare that heralded the entry of its members into the capital 25 months ago.

Tonight only two members remained at their task and the commission's usually immaculate offices were littered with moving material. Tomorrow at midnight they must be bare and probably only Chairman Wickersham will remain in the capital. The commission's conduct of the most extensive survey of crime ever undertaken could be accounted for tonight as follows:

Ten major reports, were either in President Hoover's hands or on the way to the government printer.

Some Money Remains. Four reports, one of them the commission's historic inquiry into the nation's prohibition problem, have been made public.

Approximately \$20,000 of its \$500,000 appropriation can be turned back to the treasury shortly as unused funds.

The view was expressed at commission headquarters today that although the commission's life technically ends on July 1, actually it will exist until a final accounting is made to President Hoover and he accepts the task as done.

To accomplish this end, temporary headquarters have been established near the White House. There Chairman Wickersham and a small staff will wind up final details probably by mid-July and submit to the president a 15th report, containing the commission's history and expenditures.

Neither members of the commission nor Chairman Wickersham would comment today upon the source of the funds to run this temporary establishment. It was said authoritatively they cannot be taken from the regular appropriation, but whether they will come from the pocket of some member, from an outside contribution, or from President Hoover was not disclosed.

Members Return Home. Many of the commission's observers supposed that a final meeting with some brief ceremony would be held upon its last day. This was made impossible, however, as a majority of the members returned home immediately after the final report was approved late last week.

Although none of the commissioners would be quoted, several

Heavy Snowfall in Mountains Reported

Wenatchee, Wash., June 29. (AP)—Snow fell for an hour and a half today in portions of the Wenatchee mountains. Fruit growers on Wenatchee Heights, who could see the white blanket above them, said it was the first June snowfall there in 23 years.

Mrs. Louise Schneider, wife of a Yakima sheepman, said two feet of snow fell Wednesday night on Buck Creek Ridge in the Cascades above Leavenworth near here.

Heat Wave Holds Its Grip on Nation

Excursion Boats Crash Near Harbor

New York, June 29. (AP)—The excursion boats Mandalay and Chippewa, carrying approximately 500 and 100 passengers respectively collided today about 2,000 feet from the battery sea wall.

The Mandalay, apparently little or not at all damaged, took off the Chippewa's passengers and later transferred them to a fireboat. Then, the Mandalay proceeded on her cruise to Atlantic Highlands, N. J.

The Chippewa, with a hole amidships in her starboard side, was able to reach her pier on Bedloe's Island. She had been carrying sightseers to the Statue of Liberty.

Many of the passengers were children, but their transfer from the Chippewa to the Mandalay was accomplished with a minimum of confusion.

SPAIN REJECTS KING AT POLLS

Voters Decide They Do Not Want Monarchy at Election

Madrid, June 29. (AP)—Mounting returns from yesterday's general assembly election confirmed the original belief that the conservative Republican-Socialists will have an overwhelming majority in the assembly with the Monarchists left only five deputies out of more than 350, and the Communists with none at all.

The election cost ten lives in shots at Malaga, Seville and Pines. There was martial law at Malaga after a brawl in which five were killed and nine wounded. At Seville troops were in charge of the Tablada airdrome where revolt flared on election day.

Banks were closed throughout the country, for this is the religious holiday of St. Peter and St. Paul. Consequently there was no business reaction to the election, and because of the intense heat there were few people in the streets for election celebrations. The churches, however, were crowded.

Provisional President Alcalá Zamora described the vote as a conclusive demonstration that the people are through with the monarchy, and Foreign Minister Alejandro Lerroux, who is the outstanding candidate for premier, said of the vote, "clearly demonstrated that Alfonso, can not return."

Pizzino, Livecchi Begin Trip Today

Detroit, June 29. (AP)—Ted Pizzino and Angelo Livecchi who were convicted Saturday of second degree murder in the slaying of William Cannon, Chicago narcotic runner, will leave for the Michigan branch prison at Marquette tomorrow, there to start life sentences.

Pizzino and Livecchi were sentenced by Recorder's Judge Henry S. Sweeney Saturday immediately after the jury had announced its verdict.

The delay in the start for Marquette was granted in order to allow Pizzino to see his two sons who are enroute to Detroit from New York.

Tony Cammarata is Given Prison Term

Detroit, June 29. (AP)—Tony Cammarata, 40, who killed Leo Corso last November 30 and fled to California, was sentenced to from one to 15 years in the Michigan state prison at Jackson by Recorder's Judge Henry S. Sweeney.

Cammarata was arrested in Modesto, Calif., several months ago and pleaded guilty when arraigned here on a charge of first degree murder. Today he offered to plead guilty to a charge of manslaughter and his plea was accepted. Corso was slain in an argument over a debt.

Farm Prices Drop From May to June

Washington, June 29. (AP)—The agriculture department said today farm prices declined 6 points from May 15 to June 15. The June 15 level was 80 per cent of pre-war prices, as compared with 86 a month previous and 123 a year ago.

ONLY COASTS REMAIN COOL DURING SIEGE

MANY MORE DEATHS REPORTED IN ALL SECTIONS

(By The Associated Press) The middle United States, blistered by a week of high temperatures, gasped for breath Monday night.

Scattered winds and rains over the Midwest Monday sporadically broke summer's siege of enervating heat and burning sun. But the relief was only for a few hours and failed to lessen the suffering of man and beast and the threatened widespread damage to crops.

It was 106 in Rice Lake, Wis., and 107 in Rome, Ga., Illinois, Missouri, Iowa, Nebraska, the Dakotas, Minnesota and Wisconsin continued to bear

SUN BULGES PAVING

Heat brought up a bump in the Sheridan Road pavement near Fourteenth avenue north Monday, and Escanaba traffic had to detour around the obstruction until repairs were made. A steel reinforcing rod in the concrete expanded and raised up the paving about 10 inches. Motorists passing over got a severe jolt until the trouble was reported, and a hardy crowd of onlookers gathered around the offending bump. The heat at Escanaba Monday was not unseasonable, but it brought big crowds to the parks and beaches. Several highway laborers were reported overcome by heat and forced to quit work for the day.

the brunt of the sun's offensive. A ten-degree drop in Chicago at noon-time, blown in on lake winds, failed to lessen the deaths attributable to the heat. Thirty-seven men, women and children died yesterday before sundown. Reports of deaths in downstate Illinois were as frequent as 100-degree readings.

Many Deaths

Only the Atlantic seaboard and the Pacific coast were universally cool and moderate. Four persons died in Dubuque, Iowa; three at the old soldiers home in Marshalltown, Ia., three died in Nebraska, Wisconsin was hotter than for a week. Seven deaths were attributed to the sun's intensity.

In St. Paul, a 100.8 in mid-afternoon was the highest since 1904 when the record of 104.2 was set. Minnesota had nine heat deaths.

Westward across Kansas, into Colorado and north through Wyoming, it was the same story. A 96 in Denver was the season's high.

While reports of threatened crop destruction trickled into mid-west grain centers, farmers in Nebraska and South Dakota

Ballistics Probe May Decide Murder

Grand Lodge, Mich., June 29. (AP)—The state today awaited the outcome of a ballistics investigation to determine whether charges will be placed against William Rowell, a factory worker, in connection with the shooting and wounding Saturday of Mrs. Edith Shaw, 50 year old housekeeper, as she sat near the window of the home of her employer, Burton Church.

Rifles and bullets found at the Rowell home after the shooting will be examined by Leroy Smith, ballistics expert for the Michigan State police, and Calvin Goddard, of Northwestern university. Rowell, who is held in jail at Charlotte, denied knowledge of the shooting.

Farm Hand Pleads Guilty to Murder

Stanton, Mich., June 29. (AP)—Harold Rex, 26, farm hand, pleaded guilty to first degree murder today and was sentenced to life imprisonment by Circuit Judge R. A. Hawley.

Rex admitted he drowned Frank Sinkin, 62, a farmer, in two feet of water in Fish Creek last night. After his arrest, Rex confessed that he overpowered the farmer, with whom he had been drinking, tied his hands behind him and pushed him into the creek. He hoped, he said, to inherit the property of Sinkin, who had no relations.

Prospects for Agreement on Moratorium Brighten After Long Conference in Paris

Youth Struck by Pitchfork, Killed

Allegan, Mich., June 29. (AP)—Leslie Belden, 17, was injured fatally while helping put hay into a barn on the farm of Fred Johnson 15 miles southeast of here, late today. Belden called to Johnson, who was in the mow, to throw a pitchfork to him. The farmer threw it, the tines striking the youth in the head. He died two hours later in a hospital at Plainwell.

DEFICIT ABOUT 800 MILLIONS

Fiscal Year Ends Today With Country Facing Huge Deficiency

Washington, June 29. (AP)—A financial rainbow that lasted 10 years faded rapidly tonight for the richest government in the world. Despite a half billion dollars in ready cash, the treasury reached the eve of the last day of the 1931 fiscal year with expenditures apparently topping the collections by over \$800,000,000. The last year to close with a deficit was more than a decade ago.

Today's treasury statement, issued for the close of business June 28, showed a deficit of \$868,278,868. Receipts for the year were \$3,298,838,366 and expenditures \$4,167,112,224. The net balance in the general fund was \$502,438,034.

Whether any of the cash balance on hand would be applied to reducing the deficit no official would say but it has been the custom in the past to carry over a comfortable balance to meet expenditures until the September 15 tax collections are received.

Decline in Receipts. As the last day of the year approached officials were able to take stock of the decrease in receipts and the increase in expenditures which brought about the deficit. On the receipt side of the ledger customs taxes for the year had declined \$110,000,000 to \$74,000,000 while income taxes had dropped off \$551,000,000 to \$1,854,000,000 as compared with the preceding fiscal year.

Miscellaneous internal revenue dropped \$60,000,000 to \$564,000,000.

Embezzler Given Four to 10 Years

Flint, June 29. (AP)—Convicted two weeks ago of embezzlement of \$12,480 of the funds of the Flint Cooperative Savings and Loan company, J. Clyde Lewis, former secretary-treasurer of the concern, today was sentenced to serve from four to 10 years in the Michigan State prison at Jackson.

The embezzlement, officials of the company charged, was the conversion to his own use of part of the funds which directors had voted for the purchase of assets of the Federal Savings and Loan association of Detroit.

Finance House Is Being Investigated

Lansing, June 29. (AP)—Two official investigations into alleged tangled affairs of the Federal Bond and Mortgage company of Detroit, one of Michigan's large finance houses, were ordered today.

After Circuit Judge Leland W. Carr had ordered a one-man grand jury investigation of the company beginning July 15, Governor Brucker referred a petition for an inquiry by the state to Attorney Paul W. Voorhies.

Fire Eats Its Way to Box of Shells

Detroit, June 29. (AP)—Residents on Bradley avenue were under a barrage of shotgun fire for several minutes today when fire which broke out in the attic of a home ate its way into a box of shotgun shells.

Thomas O'Neill, resident of the house which burst into flames, dashed into the street when shells began bursting all around him. Several houses nearby were sprayed with shot. An engine company braved the fusillade and carried a fire hose into the attic, snubbing the blaze and the bursting shells.

Paris June 29 (AP)—The difficulties which made the Franco-American negotiations over President Hoover's moratorium proposal hard going this morning were largely cleared away tonight at a second meeting attended by Secretary Andrew W. Mellon, Ambassador Walter E. Edge and members of the French cabinet.

The outlook which had been considered rather gloomy all day brightened suddenly, and tonight the prospects for a successful agreement on a general reparations holiday were considered much brighter. The French spokesmen restated the conditions under which they the willing to accept the Hoover plan and their terms were telegraphed to the president tonight.

Lightning Strikes Four Sides of House

Battle Creek, Mich., June 29. (AP)—Lightning struck all four sides of the home of Mr. and Mrs. M. J. Ackley here today but none of the occupants was injured. The lightning shattered a mirror in the bed room, ruined two sets of golf clubs on the front porch raised the roof one inch on the north side of the house and tore down the radio aerial.

CAPONE GIVEN MONTH RESPITE

Gang Leader Will Hear Sentence Passed on Him July 30

Chicago, June 29. (AP)—Al Capone's day of atonement for his flouting of federal income tax and prohibition laws was deferred a month today.

In asking a month's postponement of sentence, his attorney in substance indicated that he would like a sentence of three years imprisonment, in lieu with precedent in similar cases. The maximum term which Judge James H. Wilkerson might impose upon him is 32 years. The judge will decide the penalty on July 30.

The government had no objection when Capone's counsel asked that sentence, scheduled for tomorrow, be delayed a month. A promise was exacted, however, that the gangster would not dodge the immediate serving of his term on July 30.

Michael Ahern, defense attorney, took the opportunity to "leave a thought" with Judge Wilkerson.

"No defendant," he said, "has ever been sentenced to a term longer than 18 months on a plea of guilty to an income tax violation and 18 months to two years on a plea of guilty to conspiracy to violate the prohibition law."

A sentence of about 3 years has been the common guess of Capone's penalty since he pleaded guilty two weeks ago. Judge Wilkerson was non-committal.

"There are conspiracies and conspiracies," he observed. "Income tax violations, however, will not consider the term until all the evidence and the facts in the case have been submitted."

Births Result in Charge of Bigamy

Detroit, June 29. (AP)—The birth in Children's hospital within two days of boy babies named Cram resulted in the arrest today of William Cram, 30, on a charge of bigamy.

The mother of the second child, who said she had been Mrs. Mary Koehn and was married to Cram in Toledo April 27, 1929, told investigators that her husband was ill and living with a sister.

The sister, police said, turned out to be Mrs. Laura Cram, whom he married in Flint in 1918 and who is the mother of six children.

Cancer Claims Are Attacked by Doctor

San Francisco, June 29. (AP)—Certain surgeons who have made "extraneous claims" regarding the cure of cancer were criticized today by Dr. Dean Lewis of Johns Hopkins hospital, Baltimore, Md., at the convention of the American surgical association.

"I would like to say that the imagination of certain doctors is strong when they claim to be able to effect cures in 90 per cent of cancer cases," Dr. Lewis said. He mentioned no names. The subject of his address was "an analysis of 1,000 consecutive cases of carcinoma of the breast."

Dr. Alexander Primrose of Toronto, president of the association, also discussed cancer and said specialists and experts all over the world were waging warfare on this scourge.

Grasshopper Plague Infests Nebraska

Lincoln, Neb., June 29. (AP)—A grasshopper plague apparently engendered by the current heat wave has descended on northern Nebraska and parts of South Dakota.

So thick that they almost block a handcar's progress along railroad tracks, the pests have invaded wheat, corn and potato fields and caused farmers to ask for state aid.

The state of Nebraska today allotted \$1,600 to help farmers in two counties buy poison. County governments in South Dakota also are helping farmers. A carload of poison foods costs about \$1,200. Thirty cents worth is used on each acre.

AWAITS NEWS OF FLYING HUSBAND

"WINNIE MAE" LANDS 36 MILES EAST OF NOME

NOME, Alaska, June 29. (AP)—Wiley Post and Harold Gatty, 'round-the-world fliers, took off from Solomon for Fairbanks at 5:30 p. m. (11:30 p. m. E. S. T.) they had arrived at Solomon, 36 miles east of here, on their long hop from eastern Siberia at 2:49 p. m. (8:45 E. S. T.)

With a rest of less than three hours during which their plane was refueled, the aviators took advantage of the summer daylight to continue their dash eastward.

By direct line, Fairbanks lies about 520 miles away. After leaving Norton Sound and striking inland, the fliers planned to follow the course of the Yukon river more than half the distance.

(By The Associated Press) A triumphant non-stop flight of about 2,500 miles over land and water from Khabarovsk, eastern Siberia, was completed by Wiley Post and Harold Gatty, when they landed safely at Solomon, Alaska, about 36 miles east of Nome, at 2:45 p. m. western Alaskan time (8:45 p. m. Eastern Standard Time).

By their long journey difficult terrain and the hazardous Bering Sea the daring American fliers completed the most dangerous leg of their record-shattering 'round-the-world flight. Their staunch plane, the "Winnie Mae," now has flown around 11,700 miles of the projected 15,000-mile circle of the globe.

Phone Nome. Nome had been the objective in the day's flight, and the landing at Solomon, to the east of Nome on the port side, would indicate there had been no slight miscalculation in the long over-water flight, much of which probably was through fog.

All preparations had been made at Nome to greet the fliers but they were not sighted there. First word of their safe landing on the American continent came over the telephone connecting Solomon, trading post and native village, with Nome.

The fliers zoomed away from Khabarovsk at 4 a. m. (Eastern Standard Time). The flying time since hopping off at Roosevelt field, New York, was six days, 16 hours and 49 minutes.

The landing was in broad daylight. Elaborate preparations had been made for the reception of the fliers in Nome where the airfield, on a hill overlooking the town, had been lengthened to assist the aviators in taking off with their heavy load of fuel on the next hop to Edmonton, Alberta.

Tents and beds had been provided on the field to enable Post

Al Smith's Son in Car Accident

New York, June 29. (AP)—Arthur Smith, a son of former Governor Alfred E. Smith, escaped injury tonight when a car he was driving was struck by a car driven by Ned Mills, 33, a Negro. Smith's car overturned twice.

Francis McCarthy, 24, who was riding with Smith received contusions of the back and abrasions of the face.

Mills was arrested and charged with negligent operation of an automobile resulting in injury, and operating an automobile without a license.

Graff Zepp Off On Cruise to Iceland

Friedrichshafen, Germany, June 30—(Tuesday). (AP)—The Graf Zeppelin, in command of Dr. Hugo Eckener, took off today at 5:34 a. m. on a cruise to Iceland in preparation for its trip to the Arctic next month.

Twelve passengers were aboard including Lieutenant Commander Edward H. Smith of the United States coast guard.

"Mac" of Press Club Laid to Rest

Washington, June 29. (AP)—"Mac" of the press club was buried today. For more than two decades, Daniel McDowell, ex-slave, served members of the National Press club and he was known by almost every person prominent in national official life during that time.

"Mac" had a tremendous vocabulary and he loved to use it. He used it well. Leaving Virginia after the Civil war he served at one time as valet to Samuel J. Tilden, Mildred, stood in the door of a barn watching an electrical storm. Mrs. Hilton was stunned but was not seriously injured.

BRITAIN URGES FORCES BE CUT

Other Nations Must Reduce Armaments, Says Ramsay MacDonald

BY ALVIN HALLMAN London, June 29. (AP)—Prime Minister Ramsay MacDonald, laying the statistics of world armaments before the house of commons today, asked pledges of support from all political parties to a British policy of drastic reductions in naval, military and air forces at next February's disarmament conference.

His figures showed Great Britain has reduced its naval and military expenditures in recent years while those of the United States, France, Italy and Japan were increasing.

Issue Warning. But Great Britain has gone as far as she can go unless the other nations follow suit, he said.

Stanley Baldwin, the conservative leader, and Sir Herbert Samuel, speaking for the Liberals, endorsed Mr. MacDonald's statement of Britain's contribution to world disarmament, but both warned that all the sacrifices can not be on one side and that the other nations also must show a willingness to cut their armaments.

Winston Churchill's answer was more ominous. He made it clear he is in favor of armament reduction, but added that Great Britain had cut her own forces past the safety point.

"England's hour of weakness is Europe's hour of danger," he said, "so it was in 1914 and so it may be again."

The prime minister praised the progress in the past few years toward world peace, but recalled with sadness that yesterday was the anniversary of the treaty of Versailles from which so much was hoped but so little gained.

### STONE PREFERS ELASTIC POLICY

#### Farm Board Head Wants To Sell Wheat in Favorable Market

Washington, June 29, (AP)—Chairman Stone of the farm board prefers an elastic policy on the disposition of stabilization wheat to meet the demands of an ever-changing market.

Wheat to this assertion today, while the board, in response to requests from President Hoover, members of congress and numerous private citizens, was considering a change in policy.

Many grain men have urged that the board pledge itself not to sell for a fixed and announced period, any part of the 200,000,000 bushels of wheat held by the national grain stabilization corporation.

Millers' Need Wheat. Stone said that under its present policy of selling wheat when market conditions are favorable, the board had not engaged in "dumping" activities and that none was contemplated. A more rigid policy, he added, might prove ruinous.

President Hoover's "suggestion" that policy be reconsidered was made Saturday. Stone expects to reply on Wednesday.

Vice President Curtis at Topeka, Kan., today asked the board to hold the wheat until the price had reached 85 cents or one dollar.

Stone said millers would need wheat until the new spring crop reaches the market, about the middle of August. They are now buying from the grain stabilization corporation.

### Betty Robinson Is Seriously Injured in Plane Accident

Chicago, June 29, (AP)—Miss Betty Robinson, who at 16 won international fame in the 1928 Olympic games, was winning a race for life tonight, but injuries she suffered in an airplane crash Sunday have ended her athletic career.

The 19-year-old sprint star lay semi-conscious in Oak Forest infirmary, her left thigh shattered and her left arm broken.

She has good chances for recovery but it is hardly possible she will ever run again, an infirmary physician said after an X-ray examination.

When the bones in the thigh heal, he said, her left leg will be shorter than the right.

Miss Robinson, a student at Northwestern university, accepted an invitation of her cousin, Wilson Palmer, 18, to fly in the airplane he owned in partnership with two others.

As parents of both looked on, the plane climbed to 400 feet, stalled and dived to the ground.

Palmer's condition is grave. He has a fractured jaw and internal injuries.

### Silverdale Stages Brilliant Comeback

Chicago, June 29, (AP)—Out of the money in his 2nd previous starts and so lightly regarded that he was grouped in the parimutual field, John Schorr's five year old Silverdale, selected the inaugural handicap feature of the opening day of Arlington's \$750,000 racing season, for a comeback today.

A crowd of 12,000 watched the Schorr veteran win the event for the second straight year and set a new record of 1:24 1-5, three-fifths of a second under his 1929 mark. He finished three lengths in front of C. E. Davison's three year old gelding, No More, which had two lengths over the Reichert brothers' veteran campaigner, My Dandy. Sat'n Spar, Willard Mack's California four year old was a head back of My Dandy.

### "Fifi" and Husband Return Home Today

Chicago, June 29, (AP)—The Fowler McCormicks are coming home Wednesday, but no receptions have been planned to introduce the former Anne "Fifi" Stillman to Chicago society.

"Home" is a lake shore apartment of eight rooms and three baths, and also a butler, maid and houseman-chauffeur.

Down the drive a block is the mansion of Fowler's mother, Mrs. Edith Rockefeller McCormick, herself only a few years older than her son's wife.

The McCormicks wedded several weeks ago immediately after Mrs. Stillman's divorce from her New York banker husband, quit the Long Island honeymoon cottage today. They planned to leave New York tomorrow night and will "move in" Wednesday.

### Tigers Give Wally Schang His Release

Detroit, June 29, (AP)—Wally Schang, one of the veterans on the Detroit Tigers' catching staff, was given his unconditional release today.

Schang, a former catcher for the Yankees, was used in most of the games the Tigers played during the early part of the season but has been used very little recently.

and Gatty to rest while their ship was refueled.

Race Against Time. Wiley Post and Harold Gatty, American around the world fliers racing against time took off from Khabarovsk, Siberia, Monday at 5 p. m. and landed near Nome, Alaska, at 2:45 p. m. the same day, or 2 hours and 15 minutes before they left Khabarovsk.

Which sounds very mysterious, but is all very simple when the time charts are consulted. The international date lines, which bisect the Bering Sea, is the reason.

When Post and Gatty crossed the date line, they added a day to their calendar.

The following table is a comparison of time between Khabarovsk, Nome and Detroit:

Fliers left Khabarovsk 5 p. m. Monday; Nome 10 p. m. Sunday; Detroit 4 a. m. Monday.

Fliers landed Nome, Khabarovsk 9:45 a. m. Tuesday; Nome 2:45 p. m. Monday; Detroit 8:45 p. m. Monday.

### Watchful Waiting Attitude Towards Hamtramck Adopted

Lansing, Mich., June 29, (AP)—The state has adopted a watchful waiting attitude toward Hamtramck.

In a conference attended by Governor Brucker, Attorney General Paul W. Voorhies and Charles T. Winegar, Hamtramck safety director, it was decided there is not an immediate emergency requiring sending state police into the Detroit suburb.

"Watchful supervision will be maintained by the state relative to law enforcement in that city," a statement by Voorhies said.

Prosecuting Attorney Harry S. Toy of Wayne county will ask the circuit court for an early trial of the Hamtramck officials indicted by the grand jury and for that reason possible removal proceedings will be held in abeyance, Voorhies added.

### National Educators Holding Convention

Los Angeles, June 29, (AP)—20,000 national educators opened officially today the fifty-sixth National Education Association convention and trained their heavy guns on illiteracy, education was viewed through the rose colored glasses of youth by six young men and women from every section of the country.

Selection of the six students and their presentation of speeches on national education was an innovation.

Speaking on "What I Would Do if I Were a College President," Herschel G. Langdon of the University of Iowa, told the educators he would place less emphasis on administration and more on teaching.

### Warfare Finance in Detroit Still Remains Unsolved

Detroit, June 29, (AP)—The problem of financing Detroit's public welfare system during the coming year remained unsolved tonight after an attempt to get Wayne county to assume the burden had apparently struck a snag.

The proposal that the county government finance the welfare work was answered today by Benjamin B. Pelham, secretary of the board of county auditors, who said such action could only be taken at an annual meeting of the board of supervisors and would require a two-thirds majority of all members.

Eighty-five votes would be required for this two-thirds majority. Detroit has 68 on the board and the remainder of the county today appeared solidly opposed to the proposal, thus making its adoption dubious.

### War On Clothing Racket Declared

New York, June 29, (AP)—Police Commissioner Edward P. Mulrooney, today at a meeting of manufacturers and union officials, declared plans for a "war on the finish" on the clothing industry racket, which he called the most pernicious in the city.

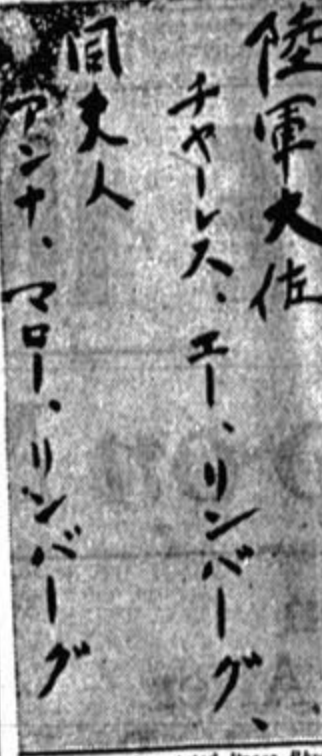

His aim, he said, is to land so many of this gang in the penitentiary that those engaged in numerous rackets in New York City will be driven into inactivity through fear.

For the first time police got a thorough picture from those at the conference of how the garment industry racket works.

As Commissioner Mulrooney later described it, the gang has been preying on both sides, "playing one end against the other."

Proceeds from the sale of surplus property dropped \$13,000,000, Panama Canal tolls fell off \$1,000,000, payment by foreign governments on principal of their debts were \$48,000,000 less and income from various miscellaneous sources decreased \$40,000,000 to \$159,000,000.

Expenses Increase. The total decrease of \$821,000,000 was partially offset by a \$14,000,000 increase in the amount realized from railroad and other securities and an increase of \$43,000,000 in the amount of interest on debts received from foreign governments, which totaled \$184,000,000.

On the other side of the ledger there was an increase in general expenditures of \$221,000,000 to a total of \$2,371,562,085.

Chief among the important increases was the postal deficiency which this year amounted to \$133,579,474 as compared with \$81,714,204 for the same period last year and the federal farm board which this year has received \$292,527,059 as compared with \$137,597,057 last year.

The adjusted service fund from which loans to veterans were made called for \$113,000,000.

### Still Thinks That Starr Was Slain

New York, June 29, (AP)—Although Starr Faithful wrote a few days before her death of her plan to commit suicide and even detailed how she expected to spend the last hours of her life, District Attorney Elvin E. Edwards is not yet convinced she came to her death by her own hand.

He received today from Albert Olson, handwriting expert, a report that all the "suicide" letters and the diaries of the beautiful Greenwich Village girl actually were written by her.

But he maintained that was not conclusive evidence that she drowned herself at Long Beach, where her body was found three weeks ago today.

### BETWEEN HOPE, FEAR

Berlin, June 29, (AP)—The German foreign office and the German people were torn between hope and fear today as they awaited the outcome of the negotiations in Paris between Andrew W. Mellon, American secretary of the treasury, and the heads of the French government.

The question that was bothering the Germans was whether Mr. Mellon would be able to hold out for the fundamental principles of President Hoover's one year war debt moratorium plan.

An early visit by Frederick M. Sackett, American ambassador, to Foreign Minister Curtius, reassured German officials that Mr. Hoover is not wise purpose to wash his hands of the situation and to leave Germany to fight out with France the points raised in the French reply to America.

Dr. Curtius reiterated to Mr. Sackett, that Germany would consider it ill-advised and tactless to encroach upon Mr. Hoover's preserves by projecting herself into the discussion.

### Report of Fall's Health Is Ready

Washington, June 29, (AP)—A report of army physicians on the physical condition of Albert B. Fall today reached the district attorney's office here.

On it will depend whether the former interior secretary will come to Washington to begin a year's prison sentence.

The report was given to John W. Fichelly, acting district attorney, by the war department. A copy was given to Chief Justice Wheat of the District of Columbia supreme court and one went to Atlee Pomeroy of Cleveland, special counsel for the government in the oil prosecutions.

Fall, secretary of the interior under President Harding, was convicted of accepting a bribe from Edward L. Doherty.

No intimation was given as to when the report would be made public.

### Disorders Reported in Strike Situation

St. Clairsville, Ohio, June 29, (AP)—A house was bombed, one man was shot and another was clubbed in the Eastern Ohio coal strike region today during disorders near mine properties.

The foundation and side of the home of Harry Blackers, a working miner at the Fairpoint mine of the M. A. Hanns Coal company were damaged by dynamite bomb set off under the house. Blackers, his wife and four children escaped injury.

Stanley Karnich, 32, was wounded slightly by a bullet and Gabo Kado, 39, was clubbed with a gun-butt in a disorder at the Bradley Mine No. 1 at Smithfield. Deputy sheriffs said the injuries resulted when mine guards attempted to disperse about 100 national miners union pickets who had gathered around the workings.

"Reach for a LUCKY instead"

Consider the Garden of Eden. When that old serpent put Eve up to the idea of handing Adam an apple, he may have been doing them both a good turn—for where would we be today, ladies and gentlemen, without our Adam's Apple. If we didn't have our Adam's Apple, we couldn't sing, we couldn't even speak. For your Adam's Apple is your larynx—your voice box—it contains your vocal chords. So—Consider your Adam's Apple. Be careful in your choice of cigarettes. Remember—the serpent in the smokers' Garden of Eden—harsh irritants are present in all raw tobaccos. Don't rasp your throat with harsh irritants. Reach for a LUCKY instead. Remember, LUCKY STRIKE is the only cigarette in America that through its exclusive "TOASTING" Process expels certain harsh irritants present in all raw tobaccos. These expelled irritants are sold to manufacturers of chemical compounds. They are not present in your LUCKY STRIKE. And so we say, "Consider your Adam's Apple."

# HIKING ROBBERS EVADE OFFICERS

### Victim Gives Description of Men Who Left Him at Pioneer Trail Park

Officers at Escanaba as yet have found no trace of the two young men hitch-hikers who took a ride with Tolvo Peterson, 38, of Kiva, and then robbed him and left him lying in his car with his hands bound at Pioneer Trail Park.

Peterson told local officers that he was halted by the men about four miles out of Marquette. After taking all his money, about \$4, they forced him to drive nearly to Escanaba, and then left him after tying up his hands with his necktie.

The victim gave the following description of the pair: one of them was about 5 feet 8 inches tall, weighing about 170, 26 or 28 years old, light hair and complexion, wearing tweed knickers, black shoes and white shirt; the other was about 5 feet 10 inches near the same age, light hair and complexion, wore khaki pants, khaki shirt, blue coat.

## U. P. Briefs

**Pace U. S. Court**  
Iron Mountain.—Two Iron Mountain men and one giving his residence as Milwaukee, Wis., were scheduled to be taken to Marquette this afternoon for arraignment before C. F. Button, federal court commissioner, following their arrest at about 10 o'clock last night in the city of Norway, for transportation of a quarter barrel of beer.

The trio, arrested by Troopers Welch and Van Blankenshoyn of the Iron Mountain detachment of state police, are Joseph Balzarini, driver of the car, and residing at No. 8 South Milwaukee avenue; Anton Zambon, 323 Quinnessee avenue, and John Stefanovich, giving his address as 2228 West Green street, Milwaukee, Wis.

The car, according to the state police, was the property of James Mancini, proprietor of a soft drink stand on the Wisconsin side of the new bridge between Iron Mountain and Niagara, Wis. The car and the beer were confiscated, and were to be taken to Marquette today with the three men.

**Hard to Solve**  
Iron River.—Detectives investigating the bombing of the R. C. Mahon home a week ago say that "it is one of the toughest cases we have ever had to work on."

After almost a week of inquiry no substantial clue has been found upon which to further the investigation. Several minor leads were uncovered, but each one ended in disappointment.

However, the detectives, together with the sheriff's and police departments, have not yet given up hope, and are continuing the inquiry.

A reward of \$1,000 for information which will bring the responsible persons to justice is offered by the board of supervisors.

## Lost Escanaba Car Recovered, Chicago

Recovery of an automobile stolen at Escanaba May 12 enabled local police to again report a clean slate in car theft records. In the last five years or more, not one automobile theft here has gone unsolved, and missing machines have all been restored to their owners. This record is ascribed to the efficiency of Michigan's registration laws for automobiles and drivers, as well as the efficiency of state and local officers.

The car stolen May 12 was owned by the Northern Motor company and was taken from in front of their garage on Ludington street. It was recovered in Chicago by Officer Wolfe of the Chicago police department auto detail, according to word received here yesterday.

# RUSHTON GIVES TAXATION TALK

### No Property Should Be Exempt, Senator Tells Rotary

Members of the Rotary clubs of Escanaba and Gladstone, in joint session at the Delta hotel last night, heard Senator H. J. Rushton declare that the tax problems of neither the nation nor the state will be solved until tax levying governmental commissions are curbed, and a centralized system of taxation established to take the place of the present multiplicity of taxing units. He insisted that there should exist no national or state condition that would make property of any kind exempt from taxation and declared further that neither a national or state government can permanently justify its position in laying an overburden of taxation upon virtue and permit vice to escape unscathed.

Senator Rushton declared that if property not now on the tax rolls was made subject to normal taxation; if tax units were centralized and the powers of governmental commissions curbed, the tax problem of both the nation and the state would be solved, to the relief of the present overburdened taxpayer.

Senator Rushton's address was crowded into a brief half hour but the facts laid before his audience were so convincing that he was accorded an ovation that lasted for several minutes when he had concluded.

# OBITUARY

## CAPTAIN JOSEPH TAYLOR

Detroit—Captain Joseph Taylor, 3704 Maybury Grand avenue, died Thursday in his home after an illness of one year. He was 66 years old and had sailed the Great Lakes since he was 13, taking command of his first vessel when he was 21. His father, who was Joseph Taylor, of Sault Ste. Marie, also was a lake captain and a son, Francis Taylor, of Buffalo, recently became a lake seaman.

Captain Taylor's last assignment was the tug, Lotus. Previously he was in command of a passenger vessel sailing from Duluth to Green Bay, and at one time captained a Belle Isle excursion steamer. He leaves his wife, Anna; four sons, Francis, Guy, of Detroit; Joseph, of Pittsburgh, and Patrick, of Sault Ste. Marie; also three daughters, Mrs. Marie Lazole, 14801 Blackstone avenue; Mrs. Beatrice Lixey, of Inkster, and Miss Margaret, at home.

# DANCE PATRON FINED \$39.25

### Sheriff's Department Issues Warning to Disorderly

He went to a dance to have a good time, but it proved expensive for Carl Stevenson, 25, of Perkins. In fact, it cost him exactly \$39.25 and a lot of trouble.

Stevenson, whose home is two miles from Perkins on a farm, was arrested at a Brampton dance hall Saturday night after he started a disturbance which included an attempt to pull a girl out of a window. While waiting in the sheriff's department car, he took to the open road, but was taken into custody again on Monday on a warrant charging him with disorderly conduct and resisting an officer.

Araigned before Justice J. S. Doherty, he pleaded guilty, and was assessed \$25 and costs, with one hour to pay. He went home in the custody of the officer who arrested him and sent back a check.

The sheriff's department has announced that disorderly conduct and "roughhouse" tactics will not be tolerated at Delta county dances, and promises similar action against any future offenders. Warning is given that the penalty may be even more severe than the one meted out to the Perkins man, and that a jail sentence may result.

HEART of LIANE

(By NEA Service) By MABEL McELLIOTT

BEGIN HERE TODAY LIANE BARRITT, 18 and beautiful, goes to dinner with MOLLY CROSN, a neighbor, and two of Molly's men friends.

Liane frantically sends a note to her mother, CASS BARRITT, asking her to come at once. Due to the mother's pleading SHANE McDERMID, the policeman in charge, releases the girl.

Cass is a rather find actress employed in a stock company. She and Liane go to the theatre and later that evening the girl encounters a handsome stranger who calls her by name.

A few days later Cass and Liane go to Willow Stream, L. I., where Cass has an engagement in a small summer theatre sponsored by the wealthy MRS. CLEESPAUGH.

Liane is a rather find actress employed in a stock company. She and Liane go to the theatre and later that evening the girl encounters a handsome stranger who calls her by name.

Muriel had cooed with a stammering note under her sweetest. "Made a killing, haven't you?" Liane had pretended not to know what she meant.

LYRICS OF LIFE By Douglas Malloch Copyright 1931 by Douglas Malloch

LOW ROOFS In childhood to a little church My footsteps found their way. Life was not then the weary search for joy it is today.

REPORT ON U. S. TROOPS On June 30, 1931, General Pershing, on returning to his headquarters in Paris, issued a statement lauding the success of the transportation of the first contingent of American troops to France.

When the Spanish-American War broke out it was discovered that there was not an officer in the army except for a few Civil War veterans, who had ever seen a body of troops as large as a brigade assembled in one spot.

But it is all different now, and the pending abandonment of the old posts proves it. The nation today has finished its frontier skirmishes; now it trains its army for war on a large scale.

Quotations If the world is round, why doesn't the water slip off? -Wilbur Glenn Voliva.

Women are superior to men in that they can enter everywhere, especially where they have no special business. -Stephane Lauzanne.

Tariff walls are the worst sinners against economic welfare. -Arthur Henderson, British foreign secretary.

After the advent of prohibition, nine-tenths of the drunkenness in the United States disappeared. -Evangeline Booth.

"I've come all the way from town. To do a review for The Sphere." The lean man amplified. "Give me one in the rear, there's a good girl. I can get some of it any way."

"You have credentials?" Liane asked, grown up and important. The lean young man looked faintly amused. He pulled from his pocket a soiled and battered police card which gave his name as Charles Desmond.

"All right, Mr. Desmond," Liane punched a blue ticket with due solemnity and handed it to him. Then she locked up the case, opened the front door cautiously and showed him to a seat. Muriel was off duty tonight so Liane was doubling for her.

"Thanks." The young man settled down in a lazy posture. As Liane fled back she had an impression of long legs, a shabby gray suit which somehow suited the ransy figure, the scent of Turkish cigarettes.

"Fresh, but rather nice," she commented to herself. Too bad Muriel had missed him. Muriel professed to a "yen" for newspaper men, thought them "so frightfully romantic."

But she wondered how Muriel could prefer any man to the rocomantic looking Van Robard, whose dinner clothes fitted into as if he had been poured into them, whose gardenia, top hat and stick made him a perfect picture of what the Well Dressed Young Man Will Wear.

She went to the screen doors and looked out into the sweet-scented night. It was infinitely far-off stars hinted of a sky arching like black velvet darkness. What a night! As she stood there Liane heard a faint whistle, saw a figure describe an arc in the digress of the circular drive before the theatre.

"Hello, there," called a gay voice. She peered out. "Oh, it's you, Muriel!" She was conscious of a vague feeling of disappointment. Whom she had been expecting she couldn't have said. The other girl came out of the darkness with a rush and a sweet, bringing with her the faint, sweet odor of jasmine. She was all in white, white taffeta frock swirling around her ankles, creamy white velvet wrap, pearls at her throat, a sparkle of crystal at her small, high-arched white slippers.

"Oh, heavenly day!" Muriel evidenced impatience. "Chuck Desmond from The Sphere. Grimes told me when I got in from grandmother's that he'd phoned he was on his way. I'm mad to see him. Where is he?"

MURIEL'S eyes were starry. Her young bosom heaved with excitement. Liane thought she had never seen her look so lovely. "I put him in S-1, on the left," she said automatically.

"Now, look," began Muriel portentously. "I'm going to sit with him. Wait! Who's here tonight? The Wakenings or the Baldris or the Stapletons?"

Liane wrinkled her brows. "Let's see? No, none of those. But your cousins, Grace and Sylvia Masters, are down in B."

"Oh, hell, I don't want to be seen," muttered Muriel, rebelliously. "Those old scarecrows will be sure to run to mother the instant she arrives. But I've got to see him. Look, you romp in and tell him I'll wait in the car. Down at the end of the drive. Tell

him to leave early and we'll break away. Or, no, you can't say all that. The whole gang will stop watching the show and listen in. Give me some paper and I'll write him a note."

Muriel's fingers shook a little as she wrote. "My friend for life," she told Liane, dramatically, handing her the missive.

Desmond cocked a humorous eye at the tall girl who bent over his shoulder with the folded slip. "Thanks," the deep voice said laconically and several dowagers turned to glare at Liane sid out.

Muriel was strolling restlessly up and down, her taffeta skirts crackling. She turned to stare at Liane. "Thanks," she said. "I'd have died if I'd missed that message tonight. Haven't seen him since Wednesday."

Then she threw back her head and laughed soundlessly at Liane's amazed look. "Yes, I'm absolutely priceless lamb. Oh, you should hear him talk! It's too marvelous. Of course, mother'd have spasms if she knew I was seeing him. She caught me at tea at the Colony last winter with him, wanted to know who his grandfather was, all that rot. Chuck just laughed in her face. Treated her rough. She forbade me to see him again. Forbade! How's that for a laugh? If I had my hands on that money grandfather left me I'd run away with him in a minute. If he'd have me! There are dozens of girls after him. Too devastating!"

LIANE stemmed the tide momentarily. "He seems—attractive," she said.

"Attractive? Is that all you can give him? Why, my dear, he's absolutely a knockout, a smoothy. I'm so afraid someone will run off with him before I have a chance that I can't sleep nights."

LIANE stemmed the tide momentarily. "He seems—attractive," she said.

"Attractive? Is that all you can give him? Why, my dear, he's absolutely a knockout, a smoothy. I'm so afraid someone will run off with him before I have a chance that I can't sleep nights."

LIANE stemmed the tide momentarily. "He seems—attractive," she said.

She went to the door, threw away the half-smoked cigaret and began meticulously to redress her fuchsia-colored mouth.

"Don't tell anyone you've seen me," she cautioned as she tripped down the steps.

Liane went back to her counting. She felt curiously drab in her last year's blue crepe, a very Cinderella mulling over the embers. How rich and lovely and full of life Muriel seemed. Liane scarcely noticed the door open and the lean young man flashing there five minutes when she was startled by the appearance of Van Robard, hatless.

"Seen Muriel!" he cried breathlessly. The dowagers were by now beginning to stream out, starting at the handsome young man who stood talking wildly to the pretty girl in the box office.

"Come along," he cried as Liane paused to turn over her cash box to Don Knowles, the company manager. Knowles smiled at her humorously, knowingly. "You get along with your boy friend," he said. "I'll finish here."

"Whatever is it all about?" Liane wanted to know as she ran, stumbling in the dark, beside Van Robard on the way to his car.

"Muriel's run away with that newspaper chap," Van growled, slipping the motor into gear. Liane's heart turned sick with pain and jealousy. It was as if he had twisted a knife in her side. What did it matter to him if Muriel went off with another man?

"I don't understand," she began, on a note of faint protest. Resentment colored her tone. Smiling a little grimly, the man in the driver's seat half turned to look at her.

"Don't you, sweet?" he said, softly. "Don't you even want to help me find the little devil?"

### FATHER CHASED SON WITH KNIFE

#### Fred Maki of Woodlawn Held at Escanaba in Murder Attempt

Fred Maki, 49, of Woodlawn, is being held at the Delta county jail for hearing on a charge of attempting to knife his son, Walter, 19, who escaped by leaping through the glass of an upstairs window and summoned the sheriff's department.

The son told Sheriff Elmer Swanson that his father chased him through the house, brandishing the weapon. Cornered in an upstairs room, he took the chance of jumping through the window as the only means of escape and telephoned to the officers. The elder Maki was arrested after the officers had succeeded, with some difficulty, in disarming him of the knife, which was a murderous looking affair consisting of a keen pointed blade set in a heavy wood handle. Maki was arraigned before Justice J. S. Doherty on a charge of assault with intent to commit murder, and his examination was set for July 7.

### Curing of Alfalfa Will Be Explained At Flat Rock Farm

How alfalfa hay should be handled for best results will be demonstrated at the Frank Barron farm, Flat Rock, near Carroll's Corners, on Wednesday afternoon, beginning at 1 o'clock, and farmers of Delta county are invited to attend the demonstration to get timely pointers on hay curing.

J. E. Turner, county farm agent, has arranged for the event, and D. L. Clannahan, representing the farm crops department of Michigan State College, will be present to lead the discussions. Mr. Clannahan will also bring samples of U. S. standard grade alfalfa hay to be used for comparisons.

Mr. Barron started cutting his alfalfa field Monday, and will mow additional strips today and tomorrow so that those attending the demonstration may see the hay in various stages of curing.

### COOKS

Newton Cook and daughter Helen of Spokane, Wash., have been visiting friends at Cooks and Mnisistiquia.

The Willing Workers society met with Mrs. L. Miller on the afternoon of Wednesday, June 24.

Mrs. Del Smith is able to be out again after her recent illness.

Mr. and Mrs. Rudolph Erickson and family of Minneapolis are visiting friends in the Cooks vicinity.

Mrs. Mike O'Malley and children of Rhinelander, Wis., are visiting Mrs. O'Malley's father, George Roberts.

### Crates of Oranges Taken from Boxcar

A broken seal on a refrigerator car of fruit, with one full crate of oranges and part of another crate missing, was reported to local police Sunday evening. The boxcar was spotted on a side-track in Escanaba.

Investigating the theft, officers found one of the crates believed to have been emptied by the thieves. It was inside an empty boxcar in the yards.

**ALL IN PENNIES**

Tacoma, Wash.—Auditor C. H. Renschler spent quite a bit of time recently counting and re-counting \$4.50 in pennies. The reason is that Harvey Scmelcer and Irene M. Brown wanted to get married. They had managed to save the required \$4.50 for a license, but it was all in pennies. Even though it meant a lot of counting, Renschler, he was glad to issue the license to such a saving couple, he said.

### 90, HE'S KILLER

"This has taken 25 years off my life," declared Colonel H. A. (Buffalo Bill) Lewis, 90, above, Confederate veteran, as he pleaded self-defense at his hearing for the fatal stabbing of Henry Maysberry, 24, at Chattanooga, Tenn. Colonel Lewis says he was a pal of Buffalo Bill and prior to that he fought the Indians with General Custer.

### AMUSEMENTS

**AT THE DELFT**

Among the many outstanding features of the Fox production, "Always Goodbye," which stars the gorgeous Venetian beauty, Elissa Landi, and which is showing today at the Delft Theatre, are the exquisite settings and photography.

William Darling, who served as art director on the production, had the full cooperation of William Cameron Menzies, one of the co-directors, on the design and construction of all the sets. Menzies was awarded the Academy of Motion Picture Arts and Sciences medal for the best art direction of last year.

"Always Goodbye" is the first co-directional assignment of Menzies and Kenneth MacKenna. It tells the romantic and thrilling story of a young society girl, who, upon finding herself bankrupt, chooses the life of an adventuress rather than one of poverty.

Supporting Miss Landi is an all star cast, headed by Lewis Stone and Paul Cavanagh in the male leads. Others are John Garrick, Lumsden Hare, Frederick Kerr and Herbert Bunston.

For stealing 25 cents worth of apples from an orchard at Dover, England, recently, Arthur Kintley was sentenced to 14 days' hard labor.

### Mosquitoes Inject Poisonous Thinning Fluid Into Blood!

Most people think the pain and itch of a mosquito bite is due to irritation of the "bite" itself. This is far from the truth, as science shows. When the mosquito sinks her stinger into your skin to drink, she first must inject a fluid from her serum sac to thin your blood.

### Cause of Horrible Blood Diseases Now Known

This thinning fluid is poisonous and often alive with the germs of malignant disease, taken up from unhealthy people the mosquito has bitten before going to you. As this is "direct transmission" of disease germs into the blood it constitutes a terrible danger. You shudder when an awful blood disease is mentioned. Shudder when you see a mosquito and lose no time in reaching for your FLY-TOX gun and ending the mosquito's life, quickly.

FLY-TOX is proven to be the surest, quickest-killing household spray made. It is sure death to the FEARFUL—Fly, Mosquito, Roach, Bed Bug, Ant, F., a, Moth.

Insist on FLY-TOX at your drug store or grocery.

### U. S. 'Heart' Moves Close to St. Louis

By ALEXANDER R. GEORGE

Washington. (AP)—The good citizens of St. Louis in the year 2,000 may revive a 130-year-old claim that their city should be made the seat of the national government.

The unscientific-minded folk of the United States in 1872 were astounded at the "daring prediction" of Julius E. Hilgard that the Missouri metropolis would become the eventual center of population. Whereupon St. Louis boosters used the prediction as an argument for their city displacing Washington as the national capital.

Hilgard's prophecy, census officials say, may come true. The trend of the center is "St. Louisward," with a prospect that the population of the country may be stabilized when the center reaches a point in the vicinity of that city.

Hilgard, who was superintendent of the coast and geodetic survey and president of the American Association for the Advancement of Science, made an odd striking forecast as to the trend of the center of population. He said that from 1870 to 1900 the center would move westward 126 miles. It advanced 120 miles.

He said that "owing to the comparative infertility of the territory lying west of the meridian passing through the geographical center of the United States, it is certain that the center of population, when a per-

manent ratio of distribution shall have been reached, cannot lie far west of the Mississippi river."

"Since there is no great disparity in the northern and southern zones as to power of sustaining a population, it will be near the 39th parallel of latitude, placing it not far from the city of St. Louis," he added.

The geographical center is at a point 10 miles north of Smith Center, in northern Kansas. If the population were evenly distributed, the center of population would be there.

In 1925, Professor Walter C. Eells of Whitman college, lauding Hilgard's work and revising slightly his calculations, placed the center 46 miles east of St. Louis in 2020.

A great industrial development of the Pacific coast states born of trade with a modernized Orient, might a hundred years hence pull the center some distance west of St. Louis.

### Boy Scouts Meet At Gym Tonight

All Boy Scouts who plan to attend camp this summer are requested to be present at the high school gymnasium at 7:30 o'clock this evening.

Following the meeting, the scout-masters and their assistants will meet to decide the location of this year's camp. Several ideal sites are under consideration.

Assurance has been given by the national Boy Scout headquarters that ample assistance will be rendered, regarding Scout leadership in camp.

### Newberry News

#### Seney Experiences Heavy Rain Storm

Newberry, June 29 (Special)—A rain storm which took on the dimensions of a cloud burst struck this locality on Saturday night and continued at intervals during the early hours of Sunday. The heaviest fall appears to have been registered in the Seney district where the government instrument registered 6.15 inches. This amount seems almost unbelievable but a visit to the locality appears to bear out the figures. George Mattson, assistant fire warden reports a sheet of water filling both ditches and covering the highway from Shingleton to Seney on Sunday morning when he drove through it. All during Sunday the north ditch through the big marsh was brim full of rushing water going into the east branch of the Fox river. This ditch is ten or twelve feet wide. In places the marsh was a shallow lake acres in extent.

Some of the cottages along Manistique at Helmer were cut off from the mainland by the large sheets of water which filled the yards and ran over the road. Emergency engineering by the young people of the colony in the form of bridges and walks solved the problem for some of the older folks who did not want to get wet. The young ladies, clad in bathing suits, had the time of their lives, going bathing in the back yard.

"Safe for today" is the report of the conservation office. The ex-

treme heat of Sunday sent many people to seek relief at the various lakes and resorts. No serious illness was reported from it in this locality.

**MRS. BERGSTROM PASSES**

Mrs. Emil Bergstrom, wife of a Pentland township farmer, and mother of seven children, died at the home at one o'clock on June 27. The youngest child is a babe of seven months.

Emma Paulina Olson was born in Sweden on November 18, 1855, coming to the United States when a young woman and living in this country for the past 23 years. About four years ago the family moved to Luce county from Iron Mountain. Besides her husband she leaves five sons and two daughters: Clarence, Charles, Ruth, Roy, Walter, Helen and Marvin.

The funeral will be held on the afternoon of June 30 at the home with Rev. S. P. Holmberg officiating. Out of town relatives who were called here are Mr. and Mrs. Nels Olson and son Charles of Iron Mountain.

#### NEWBERRY BRIEFS

C. L. Bystrom left on Sunday to take a course at the university in Ann Arbor.

A daughter was born on June 28 to Mr. and Mrs. H. C. Lawrence at 201 West Truman avenue.

Miss Ferris and Miss Hess, teachers in the Midland schools, stopped off in Newberry on Saturday to visit with Mrs. M. B. Fretz and Miss Morrill. They were

driving to Marquette to enroll for summer school.

#### LEFT WITH PRISONERS

Sheriff John Turnbull left on Sunday for down state to deliver several prisoners who were sentenced at the last term of court. J. B. Evans is to serve ten years for assault on a young Newberry woman, Bruce McNeil fourteen to twenty-eight years for forgery, Carl Howard, Wallace Sayers, Marion Courter and Orville Puckett each serve six months for liquor law violations.

# "I want to show you this BALL AND BOTTLE TEST

## TEST

... SEE that New Iso-Vis will not thin out from dilution"

### RESULTS

of Indianapolis Speedway Tests, Certified by A. A. A.

- 1 Iso-Vis Motor Oil did not thin out from dilution.
- 2 During the entire test of 9,000 miles, the engines and chassis of all cars were lubricated effectively.
- 3 Oil Added: only 63/100 of a quart—average for all cars—of Iso-Vis 50 (Heavy) in 1000 mile test at 30 miles per hour.

### Watch for the ISO-VIS TEST CARS

15 Iso-Vis test cars used at Indianapolis Speedway in intensive lubrication study conducted by A. A. A. are now on individual tours to auto dealers throughout the Mid-West. Watch for them.

The more body an oil has, the slower the ball drops. Note that used New Iso-Vis (Tube 2) has practically the same body as the fresh oil (Tube 1), while used "X" oil (Tube 3) has thinned out decidedly.

JUST 3 seconds of your time and a flip of the wrist—that's all it takes for you to make this interesting test. You'll probably get a big surprise from watching the balls sink through the oil to the bottom of each bottle.

"What these little steel balls tell you is the gospel truth—New Iso-Vis will not

thin out from dilution. And what's more, it's the only motor oil that will stand up like this.

"Here's a challenge. Fill up with New Iso-Vis. Then when it's time to drain, come in. Try your own oil in the Ball and Bottle Test. See for yourself that New Iso-Vis will not thin out from dilution!"

### H. GUSTAFSON BURIED MONDAY

#### Impressive Service Is Held Yesterday for Local Merchant

The last sad obsequies were held from the First Methodist Episcopal church yesterday afternoon at two o'clock for Henry J. Gustafson, local business man who passed away late Tuesday night at Tucson, Arizona, after a protracted illness. The remains arrived in the city Sunday and was taken charge of by Sven Johnson, local mortician. Rites were said by Rev. P. L. Lomas, interment being made in Fairview cemetery.

Those who served as pallbearers were Mauritz Nelson, Clarence Peterson, Adolph Asp, Fred Williams, Herb Hamill, and Gus Ekstrom. Hosts of friends paid their final tribute and numerous floral displays marked the esteem in which the deceased was held.

Besides his wife, the deceased is survived by an infant daughter, Dora Dawn; a brother, Leonard, of Palmer, Mich.; and his mother, Mrs. Marie Gustafson, of Negaunee.

Other out of town relatives who attended the funeral were Mrs. A. H. Lassow, of Minneapolis and Miss Ina Gustafson, of Chicago.

**Swingie-Linderoth**  
One of the prettiest June weddings took place Saturday afternoon at the home of Mr. and Mrs. Charles Swingie, 146 Elk street, when their daughter, Miss Leona, became the bride of Walter Linderoth, son of Mr. and Mrs. Edwin Linderoth, Hiawatha township. The impressive ceremony was performed at 2 o'clock by Rev. Joseph Gross, pastor of the First Baptist church, in the presence of the immediate families and other relatives. An archway of bridal wreath, valley lilies, and ferns, formed a lovely setting for the ceremony.

The Bridal Chorus from Lohengrin was played by Miss Evelyn Gross and immediately preceding the ceremony Mrs. J. Gross sang "I Love You Truly."

The bride was attired in a gown of white chiffon with gold figure flowers and she carried a shower bouquet of roses and valley lilies. Her bridesmaid, Miss Bernice Swingie, was attired in a gown of orchid chiffon and wore a corsage of yellow and white roses. Carl Linderoth, brother of the groom, performed the duties of best man.

Following the ceremony a buffet luncheon was served to forty guests.

Mr. and Mrs. Linderoth have left on a two weeks' wedding trip which will include Niagara Falls, various points in Canada and low-

### CAMPING OVER, SCOUTS RETURN

#### Not a Single Mishap to Mar Outing at Lake Michigan

Browned by wind and sun, carefree and happy, thirty-five Boy Scouts of the local troop returned home Saturday night from their annual week's encampment at the Epworth league institute grounds at Lake Michigan.

The encampment was one of the most enjoyable and successful ever held by the local troop, it was stated yesterday by Rev. H. W. Colenso, scoutmaster, under whose direction the boys made the trip. Not a single mishap marred the outing and administration of even first aid was not necessary during the entire week. Gordon Hood acted as assistant scoutmaster, Gordon Seger had charge of swimming, and Nye Quistorf was camp cook. Mrs. Colenso also accompanied the group.

Boys named as all-round scouts were William Larson, star scout; James Colenso, second class scout, and Charles Kee, tenderfoot. Selection was based on interest manifested in scout work and upon the number of tests taken during the year and at camp. The merit committee was composed of Scoutmaster H. W. Colenso, Assistant Scoutmaster Gordon Hood and Scribe Jack Staple. Honorable mention for camp work in their divisions was given Robert Collins, tenderfoot, and Richard Johnson, cub scout.

Scouts who attended the camp were James Dehlin, Charles Dehlin, James Colenso, Charles Dehlin, Billy Allison, Erick Applegren, William Brekke, Sherman Hale, Albert Harris, William Larson, Donald Gately, Jack Norton, Donald Russell, Jack Staple, Thomas Whitechurch, Walton Erickson, Norman Foster, Charles Kee, Robert Larson, Keith McEachern, Paul Corson, Herbert Holmberg, Jack Marble, Howard Quistorf, Albert Rustad, Robert Zudnick, Richard Johnson, Robert Collins, Hercules Rouman, Stanley Broman, Jack Kee, Harry Norton, James Fitzpatrick, Norman Peterson and Jack Rogers.

**Swingie-Linderoth**  
One of the prettiest June weddings took place Saturday afternoon at the home of Mr. and Mrs. Charles Swingie, 146 Elk street, when their daughter, Miss Leona, became the bride of Walter Linderoth, son of Mr. and Mrs. Edwin Linderoth, Hiawatha township. The impressive ceremony was performed at 2 o'clock by Rev. Joseph Gross, pastor of the First Baptist church, in the presence of the immediate families and other relatives. An archway of bridal wreath, valley lilies, and ferns, formed a lovely setting for the ceremony.

The Bridal Chorus from Lohengrin was played by Miss Evelyn Gross and immediately preceding the ceremony Mrs. J. Gross sang "I Love You Truly."

The bride was attired in a gown of white chiffon with gold figure flowers and she carried a shower bouquet of roses and valley lilies. Her bridesmaid, Miss Bernice Swingie, was attired in a gown of orchid chiffon and wore a corsage of yellow and white roses. Carl Linderoth, brother of the groom, performed the duties of best man.

Following the ceremony a buffet luncheon was served to forty guests.

Mr. and Mrs. Linderoth have left on a two weeks' wedding trip which will include Niagara Falls, various points in Canada and low-

### Senators Divide Twin Bill Sunday

The Westside Senators split even in a double bill here Sunday, taking the Whitecliff team into camp by a score of 19-8 and receiving a drubbing in the first contest at the hands of the Manistique Warblers, 17-8.

By scoring six runs in the first inning of the initial encounter, the Warblers took a lead from which they were never headed. Each team used two pitchers in a game which was filled with numerous errors. Carlson, Kasun, and Stoken performed for the Warblers, while Bare and Hollenbeck divided the pitching duties for the Senators with Severs and Willour doing the receiving.

After being knocked out of the box in the third frame of the first encounter, Bare staged a comeback in the second game and hurled fine ball, while MacGregor was clouted opportunely by the locals.

# Shields and Wood Reach Wimbledon Semi-Finals

## PERRY DEFEATS JOHN VAN RYN

### Borotra Is Impressive As He Advances to Final Four

BY FRANK H. KING  
(Associated Press Staff Writer)  
London, June 29 (AP)—Two American youngsters, seeking the title William Tatem Tilden, and...  
The four semi-finalists are Frank X. Shields and Sidney B. Wood, Jr., the singles stars of America's youthful Davis cup team, Jean Borotra, the darling of Paris, and Fred Perry, laborite member of British tennis circles. They will play Wednesday.

Borotra Looks Good  
The gossip of Wimbledon tonight was whether the flashes of form Shields showed in defeating H. W. (Bunny) Austin in five sets 6-3, 2-6, 5-7, 7-5, 6-1 will give him victory over the Basque of Biarritz, who has been playing at Wimbledon more years than Shields has been playing tennis.

Observers were agreed that Borotra seldom had looked better than he did in trimming Jiro Satoh, of Japan 6-2, 6-3, 4-6, 6-4. Wood appeared to advantage in winning from G. P. Hughes 4-6, 6-4, 6-3, 6-1 but he will have to play better to down the Perry who won from John Van Ryn in straight sets 6-4, 8-6, 7-5.

The women will play off their quarter-final matches in singles with the feature bringing Helen Jacobs, of Berkeley, Calif., against Betty Nuthall the American champion.

Play in Doubles  
Miss Nuthall won her quarter-final bracket with a straight set victory over Mrs. L. A. Harper Saturday and is the favorite to defeat Miss Jacobs, who has not been playing in good form so far.

Shields and Wood also will play in doubles, on the center court tomorrow, meeting Ian G. Collins and J. C. Gregory in a quarter-final match, and George Lott, Jr., and Van Ryn will play Baron De Kehrting and H. W. Artens in a fourth round contest.

Mme. Rene Mathew, Franco, will play Peggy Scriven, young English girl and Dorothy Round will meet Fraulien Krawinkel in other quarter-final matches of women's singles. The fourth quarter-final match, between C. H. Aussem and Miss Payot, of Switzerland, will be played Wednesday along with the men's semi-finals.

## UPSETS MARK UPBAY TOURNEY

### Two Favorites Disposed of in First Round of Net Meet

Upsets featured play in the Gladstone tennis tournament over the week-end as two formidable Escanaba representatives were eliminated by unseeded Gladstone youths. Garry Belanger who has not been able to display any of his usual strength in tournament play this season was eliminated by Ted Murray, 4-6, 6-4, 7-5 after appearing to have the match well in hand. Al Kholmman, semi-finalist in the Escanaba tourney, fell before the master stroking of Carl Olson, 5-8, 8-3, 8-3.

Other tournament results advanced Ray Gauthier, R. Rodgers, Buckbee, Damitz, Ronald Murray, Bob McEwen and Mike Curran in the singles tourney. Gauthier beat Guy Freeman, 4-6, 6-4, 14-12 after a grueling match. Rodgers won from Howard Mathison, 1-6, 6-3, 6-3; McEwen advanced at the expense of Chester Olson, 3-6, 6-2, 10-8; Mike Curran, finalist at Escanaba, easily disposed of Bonfield, 6-3, 6-3 and Buckbee beat Bill Boucher, 6-1, 6-3. Damitz advanced to the second round by default.

The defeat of Belanger was startling in view of the fact that the Escanaba had won the first set and had receded off the first four games in the second, seemingly well on his way to an easy two set victory. He faltered at that point and Murray clicked off the next six games to take the second set and even the match. Murray's service bewildered Belanger in the third and deciding set and the Gladstone youth, perfectly at ease on his home court, took the set 7-5.

Kholmman's defeat at the hands of Olson was as decisive as it was startling. After the first set which Kholmman won, 6-3, Olson kept placing shots away from the Escanaba when he came up to the net for the kill. Kholmman who is regarded as one of the best net players in the city could not get near enough to the ball to make a decent return in the final sets.

Three doubles matches were played. Damitz-Russell winning from Gauthier-Grolean; Houtman-Curran beating Skellenger-Johnson and Roche-McEwen defeating Murphy-Bonfield.

## Horseshoe Tournament Gets Under Way; Much Interest Being Shown

Much interest was displayed in the opening matches of the Escanaba Daily Press Horseshoe Pitching Tournament, which got under way at the Gagner Courts, Ludington street, across from the Junior high school, on Sunday afternoon.

Although many contestants were on hand at the courts on both days, not as many tournaments were expected were played due to the failure of their opponents to appear. The pairings in each division appeared in the following order:

## ISHPEMING IN U. P. GRID LOOP

### New Schedule Is Drafted to Make Room for Fifth Team

With Ishpeming added to the Upper Peninsula independent football league, a new league schedule was drawn up at a meeting at Stambaugh Saturday evening. The loop now includes five outstanding independent teams—Escanaba, Iron Mountain, Stambaugh, Ironwood, and Ishpeming.

According to the schedule drawn up, the Escanaba Rangers will play six league games, meeting every other team in the league at Escanaba and returning the engagement at Iron Mountain and Stambaugh. Three open dates are included on the schedule, permitting the engagement of non-league games on these dates. One date, October 4, may be left open during the season in order to give the squad a much needed rest after four tough games.

The opening league game for the Rangers will be played at Iron Mountain on September 13 but the first game of the season will be at Escanaba on September 6 with the Rangers probably meeting the Soo Bears in a non-league booster game.

One tentative game, a charity game at Iron Mountain, has been arranged for Armistice Day but this game may be changed later in view of the fact that the teams will have already met twice at that time. If the third game at Iron Mountain is played as tentatively arranged, it will not be included in the league standings.

## WELLS DEFEATS PERKINS, 7 TO 5

### Miron Gives Seven Walks in League Game Sunday

Wells defeated Perkins in a league baseball game Sunday, 7 to 5, at Perkins although they only made six safe hits against seven by the Perkins players. Miron, pitcher for Perkins, however, allowed seven bases on balls while Jonas did not issue a single pass to first. Jonas fanned six men against two for Miron.

## DETROIT BEATS ATHLETICS, 6-5

### Tigers Win From Philadelphia for First Time This Year

Detroit, June 29 (AP)—The Detroit Tigers broke the Philadelphia Athletics 6 to 5 in the last game of the current series. It was the first victory Detroit has had over Philadelphia since the season opened.

Ed Rommel was Connie Mack's choice for pitcher while Earl Whitehill started for Detroit. Rommel allowed 13 hits and Whitehill 12. Both pitchers allowed home runs. Foxx knocked a circuit drive in the fourth with one on and Johnson repeated the process in the fifth but with none on.

The game went into the ninth inning before the winning run was scored. Johnson bunted to third and beat out the ball with one down. Doljack, who was sent in for Walker when the latter was injured earlier in the game, singled. Stone was purposely passed and then Johnson scored from there as Alexander filed to Miller.

## George Blake Picked to Referee Big Scrap in Cleveland July 3rd

BY EDWARD J. NEIL  
(Associated Press Sports Writer)  
Cleveland, June 29 (AP)—Cleveland's five man boxing commission today climaxed a series of arguments that have been almost as hot as the weather by choosing George Blake, of Los Angeles, to referee Max Schmeling's fifteen round heavyweight title defense against Bill Stribling Friday night.

Ever since the championship match was allocated to Cleveland, the commission had struggled with the problem of finding a local man capable of doing the job or setting upon an outside official satisfactory to both warriors. Today the choice narrowed down to Tommy McGinty, proprietor of a local race track, fight manager and promoter, and Blake, who manages Fidel LaBarba. After a short, final argument, Blake was named unanimously.

### Phillies Take Uphill Struggle From Cubs by 11 to 10

Philadelphia, June 29 (AP)—Chuck Klein's 20th home run of the season in the sixth inning and his timely triple in the eighth enabled the Phillies to win an 11 to 10 uphill battle from the Chicago Cubs today.

It was a see-saw game from the start to finish. The Phillis obtained a four run lead in the first inning, but lost it in the sixth when the Cubs pounded in six runs. A two-run rally in the eighth gave the Phillis the necessary margin.

## GLADSTONE NIPS SPARTANS, 4-2

### Van We Weghe Allows But Three Hits in Taming Rock Nine

Van De Weghe held the Spartans to three hits while his teammates were touching Rabeau for eight, and Gladstone walked off with the long end of a 4 to 2 count and their first victory of the season in their battle here Sunday afternoon against Rock. Gladstone took a two-run lead in the opening frame but Rock tied it up scoring once in the second on two errors by Stemas and again in the fifth. Gladstone put the game on ice in the seventh when Kircher scored from second on a single by Switzer, and added another in the eighth for good measure.

At Kircher, Michigan State star played his first game with the up-bays and performed creditably getting two hits in three trips to the plate, scoring two runs and gobbling up three in the outfield.

Van De Weghe sent seven Spartans back to the bench via the strike out route and issued but one pass, while Rabeau wiffed eight and allowed two walks.

# BOY PROBLEM IS DISCUSSED

## Spurr Explains Boy Scout Movement at Kiwanis Meeting

The youth problem simmers down to a matter of parents setting the example because the boys and girls do what the adults do, according to Charles F. Spurr, Marquette, Boy Scout executive, who gave an interesting talk at the regular meeting of the Escanaba-Wells Kiwanis club at the Ludington hotel yesterday.

Discussing the problem of crime, Mr. Spurr said that the average age of the criminal in this country is 19 years.

"Boys, not men, are the main sources of crime, and in dealing with this problem we must deal with the boys in their teens, for then is the time when criminals are made," Mr. Spurr declared.

Leisure Promotes Crime  
Misuse of leisure time has been found in surveys to be one of the principal crime breeders, the scout executive said. It is in their idle moments when boys get into mischief, and the thing to do is to find means of keeping them busy in proper channels, instead of allowing them to roam aimlessly about the streets.

The leisure activities are gradually drawing away from the home," Mr. Spurr said. "In former generations, there were no shows, automobiles and other attractions, and recreation centered about the home and church. Fathers and mothers are paying less attention to their children because of changed conditions. Time was when dad and son worked together in the fields, but now the parent goes to work with his lunch pail early in the morning and does not see his children until evening, and sometimes not then."

The Boy Scout movement dovetails with existing institutions like the church and school in counteracting the bad effects of this breaking down of family life. Mr. Spurr pointed out. It satisfies youth's natural inclination for associations, thereby keeping him away from the gangs which might lead him into evil ways. It also provides a wonderful opportunity for proper use of leisure time.

Area Council Plan  
Mr. Spurr then presented a plan, whereby the Boy Scout organization in Escanaba, which has a membership of about one hundred boys, can obtain the supervisory service of the national organization through affiliation with the Marquette area council, which comprises the counties of Marquette, Delta, Schoolcraft and Alger. He said that the Marquette district committee had thrown its appropriation into the area council fund to get the program under way, and hoped that other communities would co-operate in giving what aid they could. How much this community will have to spend on Boy Scout work, however, depends entirely on the local committee's judgment, he said.

George W. Brown, president of the club, announced that Torval E. Strom and Ray Harring had been appointed as delegates to the district convention at Appleton, Wis. J. E. Frost, trustee, will also represent the club. Ole Thorsen, R. E. Cheney and Judd Yelland were named as alternate delegates.

Robert Peterson, son of Mr. and Mrs. Arthur Peterson entertained the Kiwanians with three xylophone solos. He was accorded much applause.

**Former Resident of Escanaba Dies**  
Mrs. Susan Trueblood, 72, for many years a resident of this city and more recently of Pine Ridge, died Sunday at the home of her daughter, Mrs. M. J. Quinn, 4227 Roosevelt Road, Kenosha, Wis., where she had resided for the past two years.

Mrs. Trueblood was born February 20, 1859, in Liberty Grove, Racine county. She married George Trueblood, April 20, 1877, and lived here at the time of Mr. Trueblood's death, 18 years ago.

The body is being brought to this city and is expected to arrive this morning. It will be taken to the Alto Funeral Home where services will be held Wednesday afternoon at 2 o'clock. Burial will be made in the family lot in Lakeview cemetery.

The survivors are one daughter, Mrs. M. J. Quinn, formerly Miss Essie Trueblood, two grandchildren and one brother, George Greenwood of Sturgeon Bay, Wis.

**Federal Appointees To Be Fingerprinted**  
Washington, D. C. June 30.—Beginning on July 1, all persons appointed to positions in the Federal classified civil service will be fingerprinted. The prints will be filed with the Civil Service Commission at Washington as a part of the record of the appointee.

While it is true that the primary purpose of the fingerprinting is to protect the Federal service against the entrance of criminals, the filing of his fingerprints with a Government agency may conceivably be of real value to the individual at some time when positive identification becomes necessary.

Because of its association with the detection of crime, there is some popular prejudice against fingerprinting. It is believed, however, that this prejudice will disappear when the taking and filing of fingerprints becomes more general and is better understood.

### Mother of Local Woman Dies Sunday At Minneapolis

Mrs. George McGee, mother of Mrs. L. W. Kircher of this city, passed away Sunday afternoon at her home in Minneapolis, according to word received here.

Mrs. McGee had been ill for about six weeks, death ensuing from complications attendant old age. She was in her 83rd year.

Mrs. McGee was known to many in Gladstone having made her home here with the Kirchers for about six months previous to moving to Minneapolis last spring.

She is survived by her husband George, three sons, Edward of New York, Frank of Alma, Wis., and Harry of Minneapolis, and one daughter, Mrs. L. W. Kircher of Gladstone.

Mr. and Mrs. Merwin Kircher and Alton and Harry Kircher left yesterday for Minneapolis to attend the funeral services. Arrangements for the rites have not been definitely completed but it is probable that the funeral will be held Wednesday.

**BRIEFLY TOLD**  
Resume Graveling—Municipal forces have resumed street graveling work following a short shutdown necessitated when the shovel broke down. Only gravel jobs included in the budget will be done this year.

### Improvements Made At Bathing Beach

Several improvements have lately been made at the local bathing beach by the city, some six park benches having been placed at the beach for the convenience and comfort of parents or guardians while their charges are playing about the park or bathing.

The board walk running from the bath house to the shore is being extended about 50 feet to the water's edge. This was necessitated by the sharp decline in the lake level this year.

Six more tables and benches for use by picnickers are now being constructed. They will be placed in the city park and when installed will make the total of tables of this type now located in the park about 24.

**THEATRES**  
RIALTO  
The opening of the engagement of Frank Lloyd's Fox Movietone production of "East Lynne" at the Rialto Theatre today is the outstanding event in the cinema history of this city. Of course there can be no doubt, for, in addition to the popularity and the pulse quickening elements of the story, which has, in this instance, been thoroughly modernized by Tom Barry and Bradley King, "East Lynne" boasts the most distinguished cast of stars ever assembled for a single picture, including Ann Harding, Clive Brook, Conrad Nagel, Beryl Mercer, Cecilia Loftus, David Torrence and a number of others.

Bell's Hawaiians  
"Bell's Hawaiians," renowned troupe of singing, playing and dancing entertainers, will be at the Rialto Theatre for two days, beginning today. The attraction always creates an unusual amount of interest and worthy criticism in the various cities in which it has played and there is no doubt but that hundreds of patrons will gather to hear the noted group during their engagement here.

The company is headed by Mr. M. R. Bell, who is looked upon as a leader of entertainers throughout the entire island of Hawaii and his able cast includes Baby Bobby, Billy Arlett, Clarence Kane and Pete Davison, including Princess Lei Leihana, peer of Hawaiian hula dancers.

**Survey Made for Dakota Sewer Job**  
Preliminary survey for the proposed main sewer on Dakota avenue, from Fourteenth to Sixteenth street, petitioned for some time ago, has been completed and profiles, blue prints and cost estimates on the project are now being prepared.

It is estimated that it will be fully six weeks before bids will be let and construction actually started on the job. Grading of this section of the avenue has already been completed and following the laying of the sewer, these two blocks will be graveled and rolled.

**Announce Summer Schedule of Masses**  
A summer schedule of services for All Saints' Catholic church, effective beginning Sunday, July 5, was announced yesterday by Rev. Fr. Sebastian Maler, pastor. Masses on Sunday will begin at 7 and 9 a. m., instead of an hour later as heretofore, and both will be low masses. Daily Masses have been advanced a half hour in time and during the summer will begin at 7:30 a. m.
