Recommendations May Be Made to Congress By Committee

Washington, Sept. 5 (AP)—Recommendations to congress may result from a study of the permanent phases of the unemployed problem which was in progress today through a committee appointed by Secretary Doak.

The group was composed of experts appointed by the labor secretary to study technological unemployment and the effect of displacement of men by machinery.

The scope of this committee's work was outlined in an interview by Chairman Charles A. Prosser.

Pointing out that the value of American industrial output in 1929 was \$4,000,000,000 more than in 1919 with 500,000 less workers, Dr. Prosser said technological unemployment may result in "sweeping economic and social changes" in this country.

The committee, Dr. Prosser said, has divided the problem into two parts. First it must be determined what effect technological improvement has on opportunities for employment, and second, what can be done to "conserve" the worker who has been displaced by machinery.

Study Statistics

"One group believes," he said, "that the invention and use of a machine results in the employment of more people, usually at a better wage. The other group believes that whatever may have been true heretofore, the frequency and extent of technological changes is producing exactly the opposite effect."

"The answer can only be made on the basis of reliable statistics and the committee on technological employment will attempt to indicate the kind of studies and the kind of data that needs to be collected, and interpreted to indicate trends in employment and sweeping changes that are underway."

"This will enable the American people to get a better understanding of where we are going with regard to opportunities for employment. We can then shape our course accordingly."

"Such studies of particular industries where sweeping changes have been made or are impending will also allow those immediately concerned to anticipate results ahead and protect themselves by long-time planning against pronounced injury or disaster."

Hugo Swanson's Mother Summoned

Mrs. Mary Swanson of Ishpeming, mother of Hugo Swanson, former agricultural instructor at the Escanaba high school, died at her home Thursday evening, following a brief illness. Funeral services will be held in Ishpeming today.

She was born February 26, 1867, at Lillo, Blekinge, Sweden, and came to Ishpeming in 1884 when she was 17 years old. She was married to the late Nicholas Swanson in 1887, and has resided continuously in the same home.

Mr. Swanson, who for a number of years was a member of the Ishpeming police department, died in 1924. They had two sons, Arthur, who died in 1907, and Gideon, who died in 1926. Six other children are left. They are the Rev. Edgar Swanson, of Minneapolis; Mrs. Charles Baker, of Oak Park, Ill.; Hugo Swanson, of East Tawas, and the Misses Hildur, Myrtle and Lillian, at home. There are eight grandchildren, one of whom, Gideon S. Johnson, resided with his grandmother. She also leaves two sisters and a brother living in Sweden and an uncle, Swan Anderson, of Kingsberg, Calif.

Says Philippines Are Ready to Pay Independence Price

Washington, Sept. 5 (AP)—That Filipinos are willing to pay the necessary price for independence, including the risk of civil war and the danger of foreign invasion, was the assurance given in a letter made public today from Emilio Aguinaldo to Senator Hawes of Missouri.

The man who led the Philippine insurrection against the United States after the Spanish American war wrote from a hospital in Manila to Senator Hawes, who has just returned from a trip to the islands.

In his message to Hawes, who advocates independence, Aguinaldo said the possibility of a civil war "or a general disturbance is not an impediment to the concession of independence." He added, however, that he did not think such a war would result.

Aguinaldo predicted a delay of 20 years in the granting of independence would serve to intrude "the big interests which made the independence of Cuba, a solemn reality."

Ray Roberts Has Proof That Big Fish Ply Delta Waters.

What is believed to be the largest rainbow trout ever caught "in these here parts" was taken from the mouth of the Day's River near Masonville last evening by Ray Roberts, 110 South Fifth street of this city. The big fish, a beautiful specimen, weighed 8 1/2 pounds, measured 25 inches from the tip of his tail to his mouth, was 7 inches in depth and was three inches thick.

Roberts who pulled the fish out of the water only at the expense of a costly rod which was broken twice in the struggle to land the big fellow exhibited the specimen at the Daily Press last evening to back up his claim.

Like all good fishermen, Roberts will have the fish mounted in order to prove to doubting Thomases that the fish was "this long" (indicating with his arms an almost unbelievable length). The breaking of the costly rod failed to send a pall of gloom over the fishermen for as he proudly put it: "You can always buy another fish rod but you can't always pull these kind of fish out of the streams."

Lemke Estate Tied Up By Court Writ

Clarkburg, W. Va., Sept. 5 (AP)—Whatever estate was left by Mrs. Dorothy P. Lemke, Northboro, Mass., one of five persons alleged by the state to have been slain by Harry F. Powers, was bound up tonight with a chancery writ.

Wilford B. Grimm, sheriff of Harrison county, was named administrator of her estate, and attorneys brought suit in his behalf against Powers; his sister-in-law, Eva B. Strother; his wife, Luella B. Powers, the latter two engaging in the retail grocery business as Strother & Powers; J. Edward Law, attorney for the accused man; and the Empire Bank of Clarkburg.

Frank M. Powell, attorney for the Lemke estate, which was said by Massachusetts relatives to have amounted to from \$12,000 to \$14,000, said a bill of particulars yet to be filed will charge that assets in Powers' possession at the time of the alleged killings were transferred to Strother & Powers.

STRIKE ENDED IN BARCELONA

Laborers Agree to Go Back to Work and Halt Violence

Barcelona, Spain Sept. 6 (Sunday) (AP)—Mayor Jaime Aguado announced shortly after midnight that all syndicalists, including the "extremists," had agreed to halt violence and to resume work.

The mayor's announcement followed upon a night during which scattering pistol shots resounded in various parts of the city and the strikers had threatened further action.

The subway, street car, bus and taxi branches, which early in the evening announced they would continue their strike until Governor Anguera resigned, suddenly capitulated, the mayor said.

He added that the appeal of Francisco Macia early yesterday evening was responsible for the sudden capitulation of the strikers.

UP IN ARMS

Barcelona, Spain, Sept. 5 (AP)—Francisco Macia, veteran Catalan patriot and leader, today took the lead in a movement to put down the bloody syndicalist strike riots which already have cost the lives of at least seven persons in this Spain's greatest industrial city.

While police and civil guards were ordered out in force tonight to protect the city against a recurrence of the violence of the last few days, Senator Macia issued a proclamation calling upon all loyal citizens to "mobilize against the extremists."

The veteran statesman, who has led the fight of the province for an autonomous status under the Spanish republic, held a long conference during the afternoon with Governor Anguera, the mayor and members of the Left Catalan party.

The conference declared the strike "entirely unjustified."

"I am not disposed to tolerate the situation another day," Senator Macia said in his proclamation. The declaration was interpreted in official circles to mean that he was insisting that the governor, representing the central government, had failed to control the situation and that Macia's own generalist organization would take over the control unless immediate results were obtained.

Police began inspecting the homes of laborers who belong to the chemical branch of the syndicalists today. A volley of shots greeted the police as they started the search, but no one was known to have been wounded.

valued by the officers at \$22,000. In another raid by prohibition agents today, an elaborate cabaret and bar room on the second floor of a building in the heart of the downtown district was visited and a quantity of liquor destroyed.

GOVERNOR HIT BY STATEMENT OF TREASURER

(Continued from Page One)

Lawrence's statement continued. Will Cooperate

"His vicious personal attack on me is based solely on the fact that I discussed in my office the figures that should be taken into consideration in determining the requirements of the state tax levy for this year.

"If the governor ever consults me before he has decided on the course he is to pursue, I shall give him the best that is in me. There never has been a time from January 1st to date when I have not responded with my very best judgment and efforts whenever any opportunity was offered to assist in furthering Governor Brucker's administrative program.

"It is true that such occasions have always been of my own making. In fact the governor's schedule has been such that Lansing has been greatly deprived of his presence. The most serious matters of government have had to wait while he has been making campaign trips. His statement that as soon as the legislature adjourned he would get down to the serious matter of government was made several months after he had taken office. To date there is little if any improvement in evidence. He seems to want to leave the government to commissions.

"The best evidence that I am in favor of economy is shown by the fact that this year's appropriations for the treasury department are reduced as compared to prior years, while those of the executive office, where leadership should be displayed, have been substantially increased. But I do oppose any attempt to deceive the people for political or any other reasons with a tax that does not provide for the mandates of the legislature. This tax levy foists a portion of this year's expenditures onto future years. This is not economy. Limiting the levy does not limit the expenditures."

Will Land Planes On Icy Battleship

Washington, Sept. 5 (AP)—Taking off and landing airplanes on an icy deck is to be tried by the Navy this winter for the first time.

Plans call for operation of the aircraft carrier Langley and its planes off the New England coast in mid-winter weather.

Points to be studied with a view to combatting them include the effect of cold upon starting airplane engines and operating machine guns, the effect of ice and snow on the planes, the flight deck and arresting gear and the difficulty of working while hampered by heavy clothes.

To make room for remodeling the mint, \$6,870,000 in silver dollars was moved in New Orleans.

DENY BODY AT SEA IS JAP'S

Fishing Boat Picks Up Body Off Ambrose Lightship

New York, Sept. 5 (AP)—A claim of a fishing boat skipper that a body he had found and turned over to the coast guard was that of Hisashi Fujimura, missing Japanese importer, was disrupted tonight by police, who said it positively was not the body of Fujimura.

Officers at a Queens police station, to whom the body was delivered, said it was identified the next day as that of a Brooklyn laborer.

A letter received today by James J. Mahoney of Governor Roosevelt's office from Captain Charles W. Mason, of Port Monmouth, N. J., read:

"I picked up a body supposed to be Hisashi Fujimura off Ambrose Lightship September 1. Returned same to coast guard boat which reports at New York. Expect to receive reward which was reduced from \$25,000 to \$16,000."

Coast guard officials said the body was turned over to police of Belle Harbor, who said the next day it was identified as that of Vincent Iza of Brooklyn.

Fujimura vanished from the liner Belgenland August 4 as the ship returned from a cruise to Halifax. He had been accompanied by Mrs. Mary Von Relsner, an actress.

No trace of him has been found. Among the theories advanced by investigators are that he committed suicide or was murdered and dropped overboard.

Fingerprints on a boy's bank that had been robbed of \$6 led to the arrest and confession of the thief in Miami, Fla.

Newspaper Space For Advertisers Appears Best Bet

New York, Sept. 5 (AP)—Gage P. Wright, editor of the Business Economic Digest, predicted today a trend toward greater use of newspaper advertising space to stimulate regional sales if advertisers are to take advantage of "such business recovery as may be in store for this country in the near future."

Mr. Wright based his forecast, he said, upon conferences with many business men recently.

"Business conditions are spotty to say the least," he said, "and there is every reason to believe that improvement will be equally spotty."

"Common sense indicates the wisdom of concentrating advertising in the favorable spots rather than spreading it uniformly over a variety of fields, only a few of which are ready for cultivation."

"This means nothing more nor less than the concentration of advertising in newspapers, methods of dealer helps and in direct-mail advertising. Periodicals of national coverage may easily increase their circulations with the first signs of returning prosperity but of what use to the advertiser is coverage in territories which have not yet regained their purchasing power?"

Two Lives Are Lost When Boat Capsizes

Bay City, Sept. 5 (AP)—Two were drowned in the Saginaw Bay at Linwood near here Saturday afternoon when their boat capsized. Three other occupants of the boat were saved.

Those who lost their lives were: Gerald Schemp, 11, and Alfred Passow, 26, both of Saginaw. The quintet, all of whom were from Saginaw, were fishing in the bay when a sudden squall swamped and capsized their boat. Three of the five clung to the overturned craft until they were rescued.

WATSON WARNS ON TAX BOOST

Senate Leader Says He Would Approve Rise Only If Needed

BY FRANCIS M. STEPHENSON
Washington, Sept. 5 (AP)—A warning against tax revision next session was sounded today by Senator Watson, of Indiana, the Republican leader, as President Hoover and Secretary Mellon pondered over the problem.

The senate leader emphasized upon his return to the capital that he would favor legislation only as a matter of sheer necessity. "He indicated he would make an effort to win the president and the secretary of the treasury to his viewpoint."

"If it be a sheer necessity," said the senator, "or if there can be found no way to resort again to bond issues and short term securities at the prevailing low rates of money then we can raise taxes. But I regard it as a matter of doubtful propriety if it should be done."

It is expected that Mr. Hoover before submitting his recommendation to congress on how to balance the nation's budget will give weight to the attitude of his senate leader. Meanwhile many conferences are in prospect before the decision is made on plans for meeting a prospective billion dollar deficit next year.

Some Democratic leaders are

ready have gone on record against tax revision next session, insisting that the administration either slow up on the debt retirement program or take advantage of the cheap money rates to tide over the depression with additional borrowings. Senator Harrison, of Mississippi, the ranking Democrat on the finance committee, has advocated retarding the debt retirement to make more funds available for current expenditures.

This stand by both the Republican and Democratic leaders would normally settle the tax question but many months must pass before the final result can be known.

Man Drowns When Boat Capsizes On Way to Detroit

Detroit, Sept. 5 (AP)—George Norris, 50, Chicago, was drowned today and five other persons narrowly escaped death when their speedboat was swamped on the Detroit river as it was on their way to watch the Harman trophy race.

With Norris were his wife, Nettie, their son, Maurice, 17, Mr. and Mrs. William Rick, Detroit, and Campbell Fahman, also of Detroit.

CRYSTAL FALLS TO HAVE CHURCH

48-Year-Old Structure to Be Razed; Father Guertin Pastor

Members of the parish of the Guardian Angel church at Crystal Falls of which Rev. Fr. Joseph E. Guertin is the pastor have raised sufficient funds to pay for the erection of the basement of the long contemplated new church and first steps were effected last week when workmen began to wreck the church which has stood for forty-eight years.

Father Guertin stated recently "It is planned at present to erect the basement immediately and we will conduct services there until at least half of the money for the superstructure is raised. It will probably be a number of years before the superstructure can be built. Until the basement is completed the services will be held in the city hall auditorium which has been engaged for that purpose."

Father Guertin was pastor of St. Charles church in Rapid River for a number of years and was transferred to Crystal Falls in August 1930.

In the forty-eight years of the church's life the following clergymen have held pastorates there, Bishop Els, Bishop Pinten, Msgr. Rezek, Father Kunich, and the Pastoralist fathers who preceded Father Guertin.

St. Anne's School Enrollment Totals 361 For 8 Grades

The personnel of the teaching staff and the enrollment at St. Anne's Parochial school, under the direction of the Franciscan Sisters of Charity is as follows: Sister M. Rosalie, principal, 8th grade, 42 pupils; Sister Mary Teresa, 7th grade, 49 pupils; Sister Mary Agnes, 6th grade, 51 pupils; Sister M. Candida, 5th grade, 55 pupils; Sister M. SMALLEST POST OFFICE.
The world's smallest post office is in the Straits of Magellan. It is a small painted cask chained to rocks in such a way as to allow it to float freely. Passing ships send a boat to it to take letters out and put others in. It is under the protection of all the navies of the world.

Two Women Hurt in Car Collision

Mrs. Hugh Francis of Detroit and Mrs. Frank Groos of Escanaba were injured in a collision of two automobiles near Bark River yesterday.

E. M. Richer of Escanaba, driver of one of the cars, was accompanied by Mrs. Richer and Mr. and Mrs. Groos. Mr. Richer, who was going west, failed to note that a touring car ahead of him was parked on the highway until it was too late to stop. He swung out around the parked machine directly in the path of the automobile driven by Mr. Francis, who with Mrs. Francis was returning from a visit at the home of the former's mother at Ontonagon. The cars sideswiped, and both were considerably damaged.

Mrs. Groos suffered injuries to her arm, which was bruised and cut, and Mrs. Francis received a cut on the elbow and on her right side. She fainted after the accident, and was brought to the home of her mother, Mrs. B. D. Winnegar, 720 Fifth Avenue South, where yesterday she was reported as resting more easily but still suffering from shock. Mrs. Groos' injuries also required the attention of a physician. Henry Breaud, traffic officer of the Delta county sheriff's department, conducted an investigation of the accident.

Local Women Take Saskatchewan Trip

Miss Agnes Chandonet and her mother, Mrs. Caroline Chandonet, are leaving this morning for Duck Creek, Saskatchewan, Canada, where they will visit with Mrs. Onetime Devra, an aunt of Mrs. Chandonet whom she has not seen in many years. The trip is being made by automobile via Duluth and Winnipeg.

Mrs. Devra has recently retired from active missionary work among the Indians in that district. She went to Saskatchewan when a very young woman and has devoted her life to missionary work. She has educated and adopted several Indian children.

Delta Contracting Company Speeding Work On Highway

Sault Ste. Marie—State highway officials said today that the construction of the Pine Grove-Sault section of US-2 is well up to schedule, with about 11,700 feet of concrete laid by Thursday afternoon.

At the present time concrete has been laid to a point about 500 feet north of the county farm. Grading by Lindberg and Sons of Ishpeming was progressing nicely, state officials said, keeping well ahead of the Delta Contracting company crew. Grading equipment and derricks were working yesterday afternoon just south of the Horton farm, with work already begun on the long curve there.

The contract schedule called for two miles of concrete to be laid by September 1. The 11,700 feet exceeded two miles by 1,140 feet. The contract also calls for all concrete to be laid by October 15.

EDITORIAL

LABOR DAY

THE return of Labor Day, the first Monday in September set apart by national legislation as a public holiday, designated for the purpose of calling attention to the dignity of labor and the progress that labor has made.

But after all the one thing that sets the labor of America up on a plane far above that of most other countries is the great fact that our social organization affords to every American boy and girl complete freedom of choice of occupation.

It is true that labor's problems have not here in America been all solved. Certainly the time should come and must come, in a land so rich in resources and so fertile in device and invention.

BEGGING CONTROLLED

A PLAN has been adopted in this city that should prove highly effective in ridding the community of the transient beggar nuisance.

Hereafter if any drifter accosts you on the street or at your back door with an appeal for a dime or two bits, merely tell him to go to the Salvation Army if he wants something to eat and to the police station if he wants a night's lodging.

At a conference held last week between Salvation Army and city officials, arrangements were made for taking care of transients, whose activities this summer have developed to be of considerable nuisance.

Charitable citizens do not want to see anyone starve, but many incidents have occurred that have led them to believe that often times they are being imposed upon by professional beggars.

one night's lodging will be furnished to each floater, the idea being to keep them on the move and not to take up residence here for several weeks or, in fact, as long as an easy living is provided them by our kind-hearted citizens.

The plan, however, to attain the best results, must have the cooperation of the public. Do not be bashful about telling these professional beggars to go to the Salvation Army or police station.

MAIL ORDER LOVE

A LITTLE common sense would prevent so many tragedies. The five murders which Harry F. Powers, of Clarkburg, W. V., committed wouldn't have taken place if two women had refused to let his flattering phrases play upon their vanity.

But somehow or other there is a woman now and then who has an idea that she is really the woman of his imagination for which the man who advertises is searching. Maybe he doesn't know it, she argues. And he certainly won't unless she tells him about it.

When she finally meets the man and the romance takes a personal turn, the fact that its foundation has been built on shifting sand doesn't give it much room on which to stand.

Powers, who preyed upon a foolish sentimentalism which some women have, in order to obtain their property and bank accounts, is a dastardly coward, of course. But it is hard to realize just what charming words the erstwhile Don Juan must have written in order to make women believe that he was a pearl of great price.

There have been pitiful stories told of women who have been afraid that their communities would think that they were unmarried because they hadn't married, and who plucked a Beau Brummel from any tree.

Now and then someone criticizes the younger generation. Heads are shaken because the girls of today are supposed to have considerable more knowledge of life than their grandmothers had at the same age.

But it is fairly safe to wager that a far smaller percentage of the worldly-wise 'teen-age group will ever chase a thrill through an advertising agency.

There is something tragic in this. There is something cheap about it. True, the machine age has brought it about. We can not have highly organized lives and medieval romanticism.

There ought to be some kind of a law providing a man with a nice long rest after his vacation.

LYRICS OF LIFE

By Douglas Malloch (Copyright 1931 by Douglas Malloch)

A LIFT A youngster bound for Bronson's Farm With pointed thumb and lifted arm And merry smile a lift requested.

"Oh, that's all right," I answered. "Some day you'll give some other one a lift, and that will square the matter." But then grew grave his boyish chatter:

But, youngster, if you yet recall The lift that you received at all. Remember that this day, this minute, May have some need of lifting in it.

Want me to ring now for the menu? It was a pleasant, companionable meal without the formality of waiters hovering watchfully in the background.

ALL the next day she did not see Stone and neither she nor Mark mentioned him. Blue Springs was in doleful mood after the storm.

It was the following afternoon that the lure of a perfect golf course became too strong for Mark. He left his bride to join a foursome, promising not to be gone long.

Stone rescued the purse and its contents. She thanked him in confusion. Decent courtesy demanded that she should linger and exchange a few words.

MARK blew a wraith-like spiral of smoke and removed the cigarette from his lips. "Remember that duck we ran into when we came in?" he asked. "Stone. I introduced him."

"I was surprised to see him turn up here," Mark continued. "He's a dumb bunny—sort of a relative in a way. Distant cousin. Doesn't go in for golf or tennis or any of those things. I don't think he has much money. Why do you suppose a guy like that would want to come to Blue Springs?"

"Well, I hope he isn't going to make a nuisance of himself. If he does we'll duck that's all." The girl sank to a low chair. She did not speak for several moments. Then in a slow voice she said: "Mark, couldn't we have dinner served up here tonight? I'd like that better than going to the dining room."

MARK turned a corner. Conchry eyes met hers levelly. man's voice, suave and low-pitched, drawled. "Good afternoon Mrs. Travers."

Stone rescued the purse and its contents. She thanked him in confusion. Decent courtesy demanded that she should linger and exchange a few words. When at last she was able to escape the girl had forgotten her quest of magazines and hurried toward the elevator. She went to her rooms. So much to try to puzzle out.

Buy Beef and Potatoes With That \$3.50 Deer License Fee

Cornell Mich Sept. 4st — Well I see by Papper how every thing else going down in price but for shooting a deer or rabbit it goes up and besides the \$3.50 which it costs to shoot a deer legal with a license you got to pay 25c more to swear that you never mistook a man for a deer or a doe for a buck or shot a fawn without first measuring his horns or used buck shot or never had a license or shot more than your limit or shot one out of season and etc. and the way it looks up here that there law will either make a lot more liars or a lot more violators and even if they let you swear the 25c worth for nothing it will cost more than a deer is worth.

And for \$3.50 you could get enough potatoes to last all winter. If you dig them yourself and it will be about half the work it takes to tramp over a half the county chasing a deer which turns out to be a doe or maybe a buck so tough you can't eat it.

But we have to be fair about this business and look in to the 'utty and let the deer grow and maybe some day they will be so thick we can kill them with a club and they will put a Bounty on 'em.

GUILTY LIPS

By Laura Lee Brockman (By NEA Service)

MARK saw instantly that something was wrong. "Why, Norma, you're trembling!" he exclaimed. "Let's get inside! We were infernal idiots to chase out in the rain that way. You're probably drenched to the skin. Come on, let's get in where it's warm. Come on, Stone."

Hollis Stone followed them in to the lobby of the hotel. Norma kept her eyes averted from his face.

She knew he was speaking but did not listen to what he said. Her head was buzzing and her temples throbbed. Hollis Stone—Hollis Stone of all the men in the world to be here in this hotel! "An old friend," Mark had called him. Friend!

Not once did she look at Stone directly. Mark was saying something about her having taken a chill. Even Mark's voice sounded far away against that fearful buzzing in her head.

With a Spartan effort she steadied herself. "I—I guess you're right," she told Mark. "Maybe I'd better go—feeling a little tired. If you and—er, Mr. Stone will excuse me—"

She refused to let Mark come even to the elevator with her. Once inside the car she clung with both hands to the railing that encircled the little cage. She shut her eyes but she could not shut out tormenting memories.

MARK blew a wraith-like spiral of smoke and removed the cigarette from his lips. "Remember that duck we ran into when we came in?" he asked. "Stone. I introduced him."

AMUSEMENTS

AT THE MICHIGAN Whoever says that the vogue, if it can be called that, for Western pictures on the screen is passe, will have to alter his opinions when he sees "Caught," Paramount's splendid talkie based on the life and adventures of Calamity Jane, at the Michigan Theatre.

"Caught" opened at the Michigan Theatre yesterday. And it caught the intense interest of every beholder with its fascinating characterizations and its stirring plot.

Arien as Cavalryman Richard Arien, who is starred in the picture, is seen as a lieutenant of a cavalry detachment sent out to police the mining and cattle towns of the 80's where boom conditions have brought their attendant disorder and out-lawry.

Louise Dresser, that grand actress, is seen as Calamity, the stogy-smoking consort of bad-men, the proprietress of the combination dance-and-gambling-hall, and the leader of the vicious band of cattle rustlers who terrorize the community.

AT THE DRIFT Phillips Holmes, picked off the campus of Princeton university less than three years ago in a meteoric career in motion pictures, and Norman Foster, alumnus of Carnegie Institute of Technology, play the leading male roles in the first authentic pictures of American college life to come to the screen, "Confessions of a Co-Ed."

Featuring with these young college men is Sylvia Sidney, in the leading woman role. Miss Sidney, who made an insatiable hit in her first moving picture, "City Streets," plays her second important screen role in "Confessions of a Co-Ed." She was winning fame as the star of the Broadway production "Bad Girl" when the movies "discovered" her.

"Confessions of a Co-Ed," which will show at the Delft theatre today, is the intimate story of an anonymous college girl, taken from her day-to-day diary. For obvious reasons the author's name must remain hidden but her story, highly dramatic and intensely emotional as it is, reflects the actual conditions existing in the modern college.

MONDAY'S PROGRAM Richard Arlen and Peggy Shannon (latest Hollywood "find") are co-featured in "The Secret Call," tingly gripping romantic drama of modern political intrigue in a big city, which will be the main feature on the bill at the Delft theatre Monday and Tuesday.

The story which was written by William B. DeMille, famous figure in moviedom for many years, deals with the lives of a boy and girl who are inextricably bound in the activities of a big political party machine.

Italy now has 3,225 motion picture theatres.

For rough skin

Elizabeth Arden suggests that you use her Venetian Cleansing Cream and Ardena Skin Tonic for cleansing the face, instead of the harsher method of soap and water. Venetian Cleansing Cream rids the pores of all dust and impurities, without robbing the skin of its natural oils. Ardena Skin Tonic refreshes and tones the skin, and refines its texture. After cleansing, pat briskly with Orange Skin Pad. This rich emollient cream keeps the skin cells full and firm, and so prevents roughness and flaking.

CROWD TO HUSK FAYETTE CORN

Sponsors of Test at Birk Farm Check on Yield Wednesday

Husking time has arrived for the corn variety test plot at the Birk farm, Fayette, and Wednesday, Sept. 9, at 10 a. m. has been set as the time for checking up on the yield of this experimental patch.

This is the second year that several varieties of corn were planted at the Birk farm in an effort to determine the varieties best adapted to farming conditions in this region, and which kinds ripen the best in this climate with the best tonnage of fodder or ensilage.

The experiment is being carried out by the Northrup King seed company and the Soo Line railway with the cooperation of the Delta county agricultural agent, J. E. Turner. Representatives of the various cooperating agencies will be present for the husking of the test plot Wednesday morning, and speakers will draw conclusions on corn varieties adapted to the peninsula after the results of the crop are checked over.

Farmers, seed men, and all others interested, are invited to be present for the event Wednesday morning and to take part in the husking contest.

Central Standard Time Is Proposed for Winter Months

Marquette—In the hope of bringing about uniformity of time in the towns and cities of Marquette county during all seasons of the year, the county board of supervisors has gone on record in favor of eastern standard time in the summer and central standard in the fall and winter.

In a resolution adopted by the board, without a dissenting vote, it was recommended and urged that clocks all over the county be set on central standard time on the last Sunday in September, which will be September 27, and that they be changed to eastern standard time on the first Sunday in May.

The resolution also urges that all communities adopt this time schedule as permanent and that it be followed, year after year, without further action.

Sponsors of the resolution said they were convinced that eastern standard time would not be popular with the people of Marquette in the fall and winter, but that it has been generally popular in the summer. With the opening of schools this month, agitation for changing back to central standard time has appeared in several communities and the supervisors are hopeful that their recommendations will be followed in order that there will be uniformity of time throughout the county.

Petitions asking the city commission to change Marquette clocks back to central time October 1 have been in circulation here about three weeks, but have not been presented to the commission. These petitions also request that the commission take no action in the matter of adopting eastern standard time next spring until the question has been put to a vote at a regular or special election.

TO THOSE HAVING EYES

To those having eyes—Greetings.

You see, eyes are made for seeing more than is thereby presented but many people in this beautiful and delightful world use the organs of sight as unskillfully as a three-year old child uses a paint brush. This isn't fair either to ourselves or to the world the God Lord has given us.

There is a woman I know who has eight children. Four cows and a hundred hens; She scrubs floors, cleans stables, And does the common drudgery of a house.

One day at the family wash She looked down at her work And laughed to see the soap-suds fly;

Annual Retreat at Flat Rock Opened

The annual retreat at Holy Family church in Flat Rock opened yesterday afternoon when a large number of confessions were heard, Father Laforest, the pastor, was assisted by Rt. Rev. Msgr. Jacques of this city, Rev. Fr. S. Malers of Gladstone, Rev. Fr. P. N. Juras of Schafer and Rev. Fr. D. J. Breaunt of Bark River.

This morning at eight o'clock the week's services were begun and will continue throughout the week with daily services at 8 a. m. and 8 p. m. to which every one is cordially invited. The first three days of the week the sermons will be preached in French and the last three days in English.

On Friday evening Father Laforest will give the Papal blessing to all those who shall have attended at least five of the services and who have received the sacraments.

Friday evening solemn benedictions will be given and a very impressive ceremony will take place. All automobile owners who desire to have their cars will be blessed in honor of St. Christopher who is called the patron of travellers. St. Christopher medals will also be offered for sale at this time.

Family Feud Settled

Menominee—A family quarrel which has been seething for several years came to a head a few weeks ago and as a result the father and son of the Godewski family, of Perronville, were haled before the court of Justice Botkoi to answer charges of assault and battery brought on them by Joseph and Sophie Kurohski of Perronville.

The case was of great interest to the people of that region and so the law thought that it would be a good thing to hold court right in their midst in order that they might become impressed with the formality and the way in which the court disposed of such cases. There has been trouble brewing in that Polish settlement for years. Families there have held grudges for things of the smallest interest. The Godewski quarrel can be traced back to at least three years ago during an election of township officials.

BRIEFLY TOLD

Return to Escanaba—Mr. and Mrs. Adolphe L. Gabourie, who removed to Milwaukee several years ago, have returned to Escanaba to make their home here permanently.

They have reopened their home at 104 South Thirteenth street. Miss Isabel Gabourie who accompanied her parents to Milwaukee, did not return to this city. She has a position in Milwaukee, and will continue to make her home there.

Catches Speeders—Close watch is being kept by the Escanaba police department for traffic law violators, including speeders and those who fail to observe the new U-turn ordinance. One speeder was picked up Friday night by Sergeant Phil Bruce, local traffic officer.

Time to Register—Escanaba Legionnaires planning to attend the national convention in Detroit, Sept. 21 and 22 are asked to turn in their names to E. W. Andrews, adjutant of Cloverland Post 82. Registrations are desired in advance to save time and delay when veterans reach the convention, and 1932 membership cards must be secured. Special rates on transportation are available to those who wish to make the trip by rail.

Forty-four Babies—Records at the office of the city health officer show that 44 babies arrived in Escanaba during the month of August. During the same period there were 21 deaths.

Studies for Priesthood—Isadore Clairmont, son of Mr. and Mrs. Joseph Clairmont, 320 South Thirteenth street, is leaving Monday morning for Atchison, Kas., where he will enter St. Benedict's college to study for the priesthood. Mr. Clairmont, who finished his junior year in June at St. Joseph's high school, will continue his studies at the college.

Meeting Postponed—The regular meeting of the Business and Professional Women's club which was scheduled for the first Monday in September, has been postponed until Monday, Sept. 14, owing to Monday being a legal holiday. Practically all of the members have returned to the city after having spent their vacations and it is expected that the next meeting will be well attended.

Church Has Booth—An invitation is extended to every one who attends the Dickinson county fair to take meals at the booth conducted by the Loretta Catholic church where a home made spaghetti chicken dinner and home made Mexican chili con carne, is to be served Sunday and Monday.

Addresses Club—Lawrence Hartwig of Escanaba addressed the Iron River Lions club at its regular meeting at the Iron Inn last week. He spoke on the University of Michigan. Mr. Hartwig was in an address at Birkenhead.

Rock Schools Will Go On Slow Time

Rock, Mich., Sept. 5 (Special)—Superintendent George Weingartner yesterday announced that all Maple Ridge township schools will operate on central standard time, rather than on eastern standard.

This policy was adopted following the receipt of numerous complaints from families to the effect that, during the winter months their children would have to be ready to leave on the school bus in semi-darkness.

It was also announced that the Baldwin and Turin township school systems will adopt the slow time to lessen any confusion that might arise in the transportation of children from those townships to the Central high school at Rock.

Supt. Weingartner said that the school board has decided that the St. Nicholas school will be operated this year with Miss Hazel Canfield as teacher.

All Maple Ridge township schools will open Tuesday. Workmen have been busy for the past few weeks getting everything in readiness in the Central school for a record-making enrollment.

Postmaster E. W. Huff and the managers of Larson Bros. and Rock Co-op stores announced that those business places will follow the schools' policy of adopting central standard time. This will go into effect on Tuesday morning.

VISIT SCHOOL, PUBLIC URGED

Junior High Building to Be Open for Inspection Monday

There will be no school on Monday, but Escanaba's new junior high school building, constructed and equipped at a cost of more than \$400,000, will be opened for public inspection in the afternoon and evening.

The general public is invited to visit the school. Visitors will be admitted through the south entrance, and will go to the main foyer to the auditorium to register and join the groups that will

be taken through the various parts of the building by guides. Excepting for some light painting and varnishing jobs, the work on the new building is complete.

Bears Disturb "Cap" Fisher's Trout Fishing

There have been plenty of fishermen's stories of why they didn't get the big ones, some of which are believed, some not, but Cap Fisher, veteran Gladstone sportsman and hotel operator, came down out of the wood the other day with a tale of woe which he could tell without holding his fingers crossed.

The way the story goes it seems that Cap was fishing the 18-Mile creek and had just struck a nice hole from which he pulled one nice one weighing about a pound and a half. They were striking good and Cap had nice visions of a nice basket-full when a cub bear came down the bank. Cap not wanting his fishing disturbed let out a war-whoop to drive the intruder away. Rustling of leaves as brush parted quickly followed Cap's yell, and there was Mamma Bear ready to protect her young.

Details concerning the big bear's action are a bit vague as their was too much action on Cap's part. At any rate Cap left the stream and his prize hole in a hurry and is explaining his lack of a catch with the above story.

GREATEST AIR ROUTES

London - England maintains the longest air routes in the world. By the end of this year England will possess air service covering more than 40,000 miles. The majority of these miles are outside the country itself, extending to Egypt, Persia, India and South Africa. Recently the Indian route was extended to include service between Karachi and Port Darwin, in Australia.

RIALTO Sunday-Monday

Laughter and tears, the chief requisites of any drama, are said to be perfectly blended in the new Fox production, "Daddy Long Legs," which opens today at the Rialto Theatre, with Janet Gaynor and Warner Baxter in the principal roles.

Critics who have seen the photoplay report that it gives these two popular favorites unlimited opportunities for the display of their charm and talents, and that it offers the season's treat to Gaynor and Baxter fans.

Janet Gaynor is seen as a little slaving orphan, who mothers the small tots in the John Grier Home. Through an unexpected stroke of fate she wins the admiration and friendship of Baxter who plays the title role, and he without revealing his identity to her adopts her and sends her to college. From that point on the romance develops rapidly until it reaches its climax, a most unexpected one for Miss Gaynor.

Tuesday-Wednesday

As an athletic trainer, Thomas Meighan is a success. Take Harde Albright's word for it. Meighan, who specializes his return to the films as the hardballed but efficient trainer in "Young Sinners," Fox romantic drama starting today at the Rialto Theatre, kneaded the stomach and ribs of Albright for several days during the production of this picture and at the finish of the sequences calling for athletic training, Albright discovered he had lost close to four pounds.

Albright, who enacts the role of the millionaire's profligate son who is brought back to health and happiness by Meighan, played the same role on the stage for six weeks in Boston without losing an ounce, but manhandled by Meighan he shed weight steadily during the six days spent in the trainer's Adirondack cabin.

PLAN TAG DAY TO GET FUNDS

Salvation Army Corps to Make Drive Here Labor Day

A drive for funds with which to help finance the winter relief program will be made by the local Salvation Army corps on Monday when they will sponsor a tag day. The sale will be conducted by local members of the corps, under the direction of Lieutenant K. Olson, beginning at 9 o'clock in the morning and continuing through the afternoon and evening.

An appeal for clothing, shoes and other articles of apparel has also been made by Lieut. Olson, and any persons having garments to donate to a worthy cause is asked to notify the local Army leader and he will call for them. The opening of schools has brought an increased demand upon the local corps, states Lieut. Olson, who believes that with the coming of cold weather these demands will be further heightened.

SPEEDY PLANES FOR NATIONAL AIR RACES

Cleveland (NEA)—Pilots and mechanics from widely separated parts of the country are constructing planes to enter in the Thompson Trophy Race, the speed event of the National Air Races to be held here the last of August and the first of September.

Reports reaching headquarters of the races here indicate that planes are being constructed by six or more pilots for competition in the race.

One of the fastest planes in the country is expected to be entered by Harry Williams, wealthy sportsman and amateur flyer of Baton Rouge, La. It is expected that his craft will attain a speed of 287 miles an hour in the race.

A group of wealthy Cleveland men are attempting to get Jimmy Doolittle or Lee Schoenhar to fly a Cleveland entry named "The City of Cleveland."

Foothall in El Salvador

American football recently was inaugurated in El Salvador when a team from that country defeated one from Guatemala by a score of 13 to 6. The crowd was highly enthusiastic over the contest and cheered the favorites with a true American rooster's vigor. Each team was composed of natives with one exception, most of the members having received football training in the United States. Football may become a major sport in Central America.

LAST MAN OF HIS RACE.

IS TAMU, NEW ZEALANDER
Wellington, N. Z. (NEA)—New Zealand is to some day see the vanishing of a once mighty race—the Morioris. About 750 years ago the race occupied a large part of the island. In 1836 there were only 2,000 of the natives left. In 1856 there were only 212 Morioris in the world. Today there is one.

He is Tamu Solomon, the one representative of the Morioris people who lives alone on one of the Chatham Islands. He is a jolly fellow despite the fact that he knows that when he dies he will cross forever the race which once roamed New Zealand.

He is married to a Maori and owns a well-stocked farm. He has a number of children, but, being half-castes, they cannot carry on the traditions of his race.

A new radiator for heating rooms is so compact that it extends only a few inches from a wall and is designed to be installed close to a floor, where it will be most efficient.

In Great Britain, synthetic dye stuffs are produced in appreciable quantities at 19 different establishments.

The natives of Annam have an official who bears the title of Master of Sorrows. His duty is to curse in the house of a dead person to drive away evil spirits. This official also curses at weddings.

"In case anybody should drive up in a Rolls-Royce and ask you, this is a cow I'm drawing. From Mrs. Cow we get good rich milk and cream. In a minute I'm going to gonna draw a hen. From hens we get eggs, which if anybody should drive up in a bobbed and ask you, is practically all concentrated nourishment. And from rich milk and cream and fresh eggs we get THOMPSON'S Quality Ice Cream which if anybody should climb a flagpole and ask you, is MY idea of what we ought to have for dinner tonight!"

JULIUS GOGARN PASSES AWAY

Mrs. Justina Boucha of this city received a telegram yesterday conveying the news of the death of her oldest brother, Julius W. Gogarn, at Rochester, N. Y., where he had gone on business from his home at New Haven, Conn., the cause of death being heart trouble. He had been in usual good health and the attack came on suddenly.

FOLIAGE KEEPS FIRE LOSS LOW

Incendiarism Blamed for Many Blazes in Peninsula

Lansing—Incendiarism forest fires, breaking out periodically throughout the northern part of the state have already burned over thousands of acres of excellent timber lands and have endangered the lives of more than two score of fire fighters and settlers.

In a recent fire near Curfiss, Schoolcraft county, believed by the department of conservation to have been of incendiary origin, 40 forest fire fighters had difficulty in escaping the flames when the wind shifted. Many settlers were forced to flee. Several thousand acres were burned over.

Incendiarism, which became noticeable last year have continued this summer through both the upper and the lower peninsulas. The situation became so serious that the department of conservation has been forced to offer rewards to anyone giving information that will result in the arrest and conviction of any "fire bug."

During the past two weeks several arrests for arson have been made in both peninsulas and fire wardens are continuing investigations in an attempt to stop "set fires." Severe penalties have been imposed on men who have been convicted of incendiarism.

With an unusually heavy growth of vegetation in the woods, the run of forest fires has dropped under the figure for August 1930. Rains have been irregular but the heavy vegetation has served to retain what moisture there was and fires have been held in check. In most cases, by the green woods, until fire fighters could arrive.

It is feared that in September when the woods begin to dry out, there will be a repetition of last fall's destruction when hundreds of fires mounted Michigan's loss to the highest it had been in years.

Many woodland streams and ponds are dried out and it will be difficult to secure water for fighting fire.

he located at Houghton where he was married to Mary Anna Delger, raising a family of eight children, two sons and three daughters. Julius W. was the oldest son of the family, and was born at Houghton, July 11, 1885.

Mr. and Mrs. Gogarn came to Munising in the early '70's when the Munising furnace was in operation and acquired 350 acres of land near the old town where all his children were reared. His eldest son Julius attended the old Munising school under tuition of A. C. Blackwell, Miss Kate Schaffer, Miss Cassie Libby and Miss Mary McKinnon. After leaving school at the age of 16 years he studied telegraphy, secured a position in the office of the D. S. S. & A. Ry. Co., at Marquette, then was appointed agent at Floeter, (now Wetmore), then transferred to the station at Hallston. Resigning this position he entered the law department of the U. of M., graduating with the class of '96.

Soon after his graduation he went east and for the past 20 years had made his home at New Haven, Conn., where his wife and daughter, Mrs. Gladys Wilson are now living. Relatives in Alger county who survive him are: Charles Gogarn of Deerton, Mrs. Justina Boucha of Munising, and Robert of Flint, Mich., Anthony of Oakdale, Tenn., and Miss Anna Gogarn, superintendent of the hospital department of the Shattuck Military academy at Fairbault, Minn. The death of Julius W. removes another member of one of the first families who located here, and recalls to mind the early days when the furnace was in blast at old Munising which was then a thriving industrial center.

MUNISING BRIEFS

Mr. and Mrs. Howard Bell of Niagara, Wis., are here on a visit to Mr. and Mrs. Robert Earle, to Mr. and Mrs. S. S. Bell and other relatives and friends.

A son was born to Mr. and Mrs. Oren Bell Thursday at the home of Mr. and Mrs. S. S. Bell.

Sammy Gottlieb, who has been visiting friends in Munising during the past few days, left for his home at Waukesha, Wis., yesterday afternoon. Sammy left home five weeks ago and since traveled across the continent to California, taking a northern route, and returning through the central section. Sammy states that his mode of transportation has generally been a freight train, catching a ride here and there, in an automobile. He is not striving for title of king of hoboes this year for he has another year of school and he expects to make his home town of Waukesha by next Tuesday when school starts.

Mrs. Joseph Gerrard and daughter Alice of Masonville are guests at the home of Mr. and Mrs. Joseph Goss.

Mr. and Mrs. Paul Bouchard and son Charles of Peoria, Ill., who have been guests of Mr. and Mrs. Joseph Goss left for home Friday.

Miss Leda Gierke of Fairport, Mich., is here as the guest of Mr. and Mrs. Dan Becker and Mr. and Mrs. Jay Becker.

Mr. and Mrs. Claude Becker left yesterday forenoon for a trip throughout Wisconsin, Illinois and lower peninsula.

SELLS CIRCUS AT NEWBERRY

Newberry, Sept. 5 (Special)—The Sells circus, now showing the free acts at the Marquette county fair, will give two performances on the Luce county grounds on Wednesday the first day of the local fair. A representative of the circus met with fair board members and signed the necessary papers on Friday, the local organization to have ten per cent of the gate receipts. The circus had posted advertising to show here this week and the new arrangements were entered into with great satisfaction by the fair board.

School Children

On Thursday and Friday afternoons all of the county and village schools will be closed to allow the students to attend the fair. Tickets will be given out through the teachers not before noon on Thursday. For the village schools Superintendent Bystrom states that any unexplained or unexcused absences on Wednesday will forfeit the right for free fair tickets. Classes will be held in 45 minute periods starting at eight in the morning and running until 12:30, caring for all of the academic subjects. In the grades a similar plan will be followed. The McMillan township library will be closed both afternoons and evenings for all three days of the fair. The school plan therefore means that these three days school subjects will have to be prepared for at home.

CEMETERY EXTENSION

The new extension lately purchased by the township board just to the east of Forest Home cemetery was seeded, harrowed and worked with the culpacker this week. W. E. Stevens did the sowing using rye grass and fescue. The plot is now in first class condition and will be ready to be enclosed in the cemetery at any time. It is not planned to begin to use it until a good catch of grass has been obtained and a fair sod formed.

NEWBERRY BRIEFS

Mrs. David Riddell and Mr. Fred Baudin left on Saturday to attend the Michigan State Fair at Detroit.

Louis Foster will leave on Monday to enter Lehigh-Stanford university in California. His place at the Newberry laundry has been taken by Fred Fyvie.

On Wednesday evening, Sept. 5 the annual election of officers of the Hugh Allen Post, American Legion, will be held in the club rooms of the community building.

Miss Margaret Gormely and Miss Margaret Surrall left on Saturday to enter training at St. Joseph's Mercy Hospital in Detroit. Mr. and Mrs. Charles Surrall drove down with them and will return on Monday.

The Misses Margaret, Elizabeth and Lillian Baudin will leave on Monday for Detroit where Lillian will enter the Detroit Teacher's college and her sisters will teach in the city schools.

Fred Hicks of Dearborn, former English teacher in the Newberry schools, is here from his home in Dearborn calling on friends on Friday and Saturday.

Paul Green Play May Be Produced By Theatre Guild

New York (AP)—A group of youthful idealists came down from their hidden retreat in Connecticut this week to attend the theatrical managers with a play that has them talking excitedly. It is Paul Green's drama of the disintegration of an aristocratic Southern family, called "The House of Connelly." The Theatre Guild bought the play a couple of years ago, and it has remained pigeonholed since.

Nothing was ever done about a production until this summer when Cheryl Crawford assembled a group of these young people who have enthusiastic ideals about the stage. They retired to a rambling, old farmhouse near Brookfield, Conn.

There they spent the summer rehearsing the Green play, and this week they came down to give it a private showing. The Guild managers are enthusiastic again, and probably will present the play as their fourth production of the season.

Not since his Pulitzer prize "In Abraham's Bosom" was received has Green been represented on Broadway. In fact, that has been his only long work in New York, yet he is ranked with Eugene O'Neill by drama scholars.

Grace George is one of those stars who comes back year after year in successful plays, always bringing a fresh quality and retaining her popularity with her following of more than a decade. This season she is returning in a comedy called "The Golden Cinderella." The scenes are in night clubs and other pleasure rendezvous of New York. Miss George appears as a cloistered lady who suddenly is introduced to the night life of this new land.

Jessie Bonstelle, head of the Detroit Civic Theatre, is directing the play, and the producer is William A. Brady, Miss George's husband.

Frank Wilson, the original "Porgy," has had a new play written for him. It is John McCowan's "Singin' the Blues" and like "Porgy" features much incidental music.

When not acting, Wilson is a playwright himself. He turns out most of the dramas performed by the Harlem Stock company. He writes explosive thrillers, and, as one friend said, "Frank usually has forty murders in his first acts but they are all sure fire successes."

Incidentally, it might be noted that both Zerkfeld and Carroll bill themselves as "the world's premier judge of feminine beauty."

Cincinnati—Geologists and meteorologists are deeply puzzled over a handful of marble-like stones which recently fell in this vicinity. Some of them resemble hard opaque stones, while others are like frosted crystal and are so hard they will cut glass and scratch steel. It is thought that they may be the remains of a meteor shower.

GOLFERS AWAIT CLUB TOURNEY

Rules Give Beginner a Chance to Capture Championship

Manistique golfers are looking forward with much interest to the club championship tournament to be held at the Indian lake golf club this month. The rules for this year's tournament have been formulated in such a manner that a beginner has an equal chance of winning with the seasoned players. Therefore, it is expected by the tournament committee, of which R. G. Hentschel is chairman, that the event will attract more interest than ever before.

Many prizes are offered, including a medal to the low qualifier, and prizes to the winners of each flight and the runners-up in each flight. Several other prizes have not yet been determined. Included among the prizes are many contributed by Manistique businessmen.

Here are some of the things that will interest those who plan to enter:

Each entrant shall play a qualifying round of 18 holes. The entrant shall declare his intention to qualify by obtaining a special score card from the caddy master; play 18 holes in a twosome, threesome or foursome, completing the play on the same day as begun, and turn in the score card, properly witnessed, to the caddy master. All qualifying cards must be in not later than Friday, September 11.

The 16 players having the lowest qualifying scores shall constitute the "championship" flight. The eight players having the next lowest scores shall constitute the first flight. There shall be as many other flights, determined in the same manner, as the number of qualifiers warrant. In the event of equal qualifying scores which result in more than the required number for any flight, the player or players to be placed in the higher flight shall be determined by lot. The remaining player or players shall be placed in the flight immediately following.

Bracketing or arranging of players within a flight shall be determined by lot. There shall also be a consolation flight composed of the next eight players beaten in the first round of the championship flight.

The entire tournament shall be by match play, 18 holes except the final match of the championship flight which shall be 36 holes. U. S. G. A. rules shall govern, except as modified by local rules printed on score card and outlined for twilight golf league. All first round matches must be played not later than September 14. All second round matches must be played not later than September 18. All third round matches must be played not later than September 20. If a player fails to appear for his match at the time agreed or specified herein, his default shall be entered.

Loretto Breault Becomes Bride of Milwaukee Man

Miss Loretto Breault, daughter of Mr. and Mrs. O. E. Breault, of this city, was united in marriage yesterday morning at eleven o'clock to Daniel MacDougall, son of Mrs. F. MacDougall, of Milwaukee, in one of the prettiest weddings of the current season. The marriage ceremony, which was held at St. Francis de Sales church, was performed by Rev. Father C. Brissette, of Chicago, uncle of the bride.

The bride wore a gown of flesh chiffon trimmed with blue velvet and wore a hat of the same material trimmed with blue velvet ribbon. She carried a bouquet of pink roses and blue larkspur.

The bridesmaids, Miss Barbara Hastings, of this city, and Miss Mariel MacDougall, of Milwaukee, wore gowns of blue chiffon and blue hats. They carried bouquets of gladiolas. Russell Breault, brother of the bride acted as best man.

Following the wedding a dinner was held at Arrowhead Inn, with places set for forty persons. The young couple will take a short automobile tour through Wisconsin before establishing their residence in Milwaukee, Wis., where the groom is employed in the traffic department of the Federal Tire company. Approximately 30 out of town people attended the wedding.

13 Arrests Made In Traffic Drive

Thirteen arrests have been made by city officers for traffic violations since the drive against speeders was inaugurated two weeks ago. Eight of that number were arrested for not stopping at arterial highway signs and five were fined for speeding. Chief of Police John Peterson states that officers will continue to be on the alert for traffic violators and all offenders will be punished severely.

Post Office Hours For Monday Given

Post office hours for Labor Day as announced by Fred R. Griffen, postmaster, are as follows: Window service from 8 a. m. to 9:30 a. m.; lobby open from 7 a. m. to 12 p. m. No money order service. No rural or city mail delivery.

Escanaba Rangers Open Season With Soo Bears

ATHLETIC FIELD SCENE OF GAME

Capacity Crowd Looms For Tussle; Kickoff at 2:30 O'clock

When the Escanaba Rangers open their 1931 football season against the speedy Soo Bears at the Escanaba athletic field at 2:30 o'clock this afternoon, a capacity crowd from this city and surrounding territory is expected to be on hand to witness the proceedings.

With interest at high pitch and more than enough booster tickets sold in advance to assure success from a financial standpoint, the Escanaba athletic association officials predict the largest opening game football crowd in the history of the grid game in this city.

Hughitt is Referee. The Rangers open their grid campaign this year with a reputation of being stronger, smoother and smarter than in any previous season and whether or not they will be able to live up to this advance expectation remains to be seen. Truly, on paper the Escanaba machine appears to stack heads and shoulders above the aggregation that performed for the Escanaba athletic association in 1930.

Not the least of the attractions at the athletic field this afternoon is Tommy Hughitt, for many years nationally prominent in football activities, first as a player with University of Michigan, later as coach at the University of Maine and still later as big time referee. Tommy who graduated from the Escanaba high school "way back when" will handle the "whistle in today's encounter and will be assisted by Clem Flanagan, umpire, Earl Williams, head linesman, and Edward Edick, field judge.

The members of the Soo Bears squad arrived in Escanaba last evening, brimming with confidence and full of the old determination to definitely decide the 1930 Bears-Rangers game which ended in a scoreless tie.

Four Uppay Boys. The Bears are coached by C. D. Cameron, former Notre Dame man, so fans at today's games will get their first taste of the Notre Dame shift which will be used also by the Escanaba high school team this year. The backfield of the Soo machine is fast and shifty, very well adapted to the Rockne system of play.

Four Gladstone men will be on the Ranger team when the machine lines up against the Bears. They are Lefty Gerardeau at quarterback, Jim Beach at fullback, Clifford Sutter, guard, and Henning Bjork, tackle. The work of Sutter and Beach is well known by local sport fans because of their work in recent years with the Gladstone high school, and in Sutter's case, also with the Rangers.

Here's what Coach R. E. Vaughn of Wabash College had to say about Gerardeau and Bjork in a letter received by the Daily Press yesterday:

"Both of these boys are fine players. Gerardeau is a smart, brainy quarterback, a fine blocker, good passer, and a deadly tackler. Bjork has strong legs, good arms and shoulders, speed in hands and feet and above all a bulldog spirit that never gives up. Both are fine boys, loyal, hard workers, have brains and love the game. I'm confident the fans will be more than satisfied with their work."

Another new addition to the squad whose work will be closely watched by fans today is Bill Puckelwartz, halfback. Puckelwartz, a product of the University of Michigan, is rated as the outstanding passer in peninsula football, a speedy and shifty open field runner, and a better than average punter. He can also be used in the quarterback position.

The Ranger ends, Keady Christensen and George Snyder, also are expected to play big parts in the Ranger play, both defense and offense. Keady played with the Rangers the latter part of the 1930 season but this is Snyder's first game with the local squad. He was an outstanding player in high school.

Starting Lineup. The American Legion drum and bugle corps will be on hand at the athletic field this afternoon and after making a marching and playing appearance will officiate in a flag raising patriotic program between halves of the game.

Boy scouts of the city will act as ushers and under control. Grade school children will be admitted into the game free of charge after the opening kickoff but will be seated in one end of the bleacher seats.

Coach Thompson's starting lineup will not include Ralph Christensen, pivot man. Ralph will probably be lost to the squad for the season because of conflict with his work. The probable lineup for the Rangers will be Raymond, center; Sutter and Johnson, guards; Olson and Bjork, tackle; Snyder and K. Christensen, ends; Gerardeau, quarterback; Bink and Puckelwartz, halves; Beach, fullback.

Shot Every Second Wins Pistol Match at Camp Perry, O.

Camp Perry, Ohio—Shooting twelve pistol shots in as many seconds in the Laurigh police match here, C. F. Shaylor, Portland (Oregon) police, won first place and received a trophy and a gold medal, having a perfect score. Nine other policemen also finished with perfect scores, but they were ranked as follows, in the final ratings: Herbert Koehler, New York City police; Leo Gratosky, Delaware & Hudson police; Clyde Sayers, Detroit police; S. S. Stone, Los Angeles police; Theodore Maxwell, Baltimore police; L. C. Salz, New Jersey state police; Frank J. Ignich, Detroit police; Frank Evans, St. Louis police; A. S. Milstrod, San Antonio police.

Two regular army non-commissioned officers tied in the coast guard rapid fire match, with scores of 99 out of a possible 100. Corporal R. R. Wilson, 29th Infantry and Staff Sergeant W. O. Kjelstrom, 29th Infantry, were the tying competitors. Shooting against the world's best 600-yard rifleman, Vincent J. Tiefenbrum, a young C. M. T. C. boy of St. Louis, Mo., won the Crowell match—an individual competition. He will receive a trophy and a gold medal, as well as a cash prize.

Ten of the nation's best riflemen tied with perfect scores in the members' match, necessitating use of a ranking system to determine places. First place was awarded Gunnery Sergeant Henry P. Crowe, United States marine, of Quantico, Va., he will receive the silver trophy, a gold medal and a cash prize.

Four hundred shots that will echo around the world will be fired here on Sunday, Sept. 6, when the international small bore team match is held, the competing national teams representing the United States, Australia, Canada, England, South Africa and India. Only the United States team will fire here, the other teams having fired at their home ranges. The scores of the other teams will be brought here, in sealed envelopes.

DETROIT AGAIN BEATS CHICAGO

Tom Bridges Hurls Tiges to 8 to 3 Victory Over White Sox

Chicago, Sept. 5 (AP)—The Detroit Tigers scored their third straight victory over the White Sox today, 8 to 3, behind Tom Bridges' six-hit pitching.

Bridges had little difficulty in stopping the Sox, while Pat Caraway, who started for Chicago, was knocked out of the box in the third inning and was charged with his twenty-third defeat of the season. Mark Koenig got a home run for the Tigers.

The White Sox counted in the second when Koenig threw wild on Tate's grounder after Watwood and Kerr had walked.

Pittsburgh Defeats Cards Three In Row

Pittsburgh, Sept. 5 (AP)—Pittsburgh came from behind today to make it three straight from St. Louis, National league leaders, 5 to 1.

Haines was given a five-run lead by his team-mates in the fourth but could not hold it. He was replaced in the seventh by Lindsey, who allowed the Pirates to tie it up when L. Wauer tripled and Jensen singled. The game was put on ice in the eighth.

Lindsey was driven from the mound in a three-run rally. St. Louis — 000 500 000—5

Giants Run Streak To Eight Straight

New York, Sept. 5 (AP)—The New York Giants ran their winning streak to eight straight by walloping Brooklyn in both ends of a double-header, 5 to 1, and 10 to 1, and pulled up to within five and one-half games of the league leading St. Louis Cardinals.

Jim Bottomley, left-handed rookie from Bridgeport, won his fifth straight in the second game and would not have been scored on but for a bad throw by Ott in the third inning. Mooney kept the Dodgers ten hits well scattered in the six-inning fifth started a six-run rally off Dazzy Vance. Vance and Day, who came in in the seventh, allowed the Giants 13 hits, among them homers by Hogan, Allen and Mel Ott's 27th of the season.

Freddie Fitzsimmons held the Dodgers to ten hits and a single run for seven innings before he had to retire because of injuries. Fullish led the early assault on Helmech, getting three singles, scoring each time. Fitzsimmons hit a home run.

Speedy Twenty Grand Outclasses Sun Beau

BY ORLO ROBERTSON (Associated Press Sports Writer)

(Saratoga Springs, N. Y., Sept. 5.)—Thundering down the stretch like a runaway locomotive, Mrs. Payne Whitney's Twenty Grand today administered a sound whipping to Willis Sharpe Kilmer's Sun Beau in the 51st running of the Saratoga cup.

Sun Beau, king of the older horses and leading money winner of the world, ran a game race, but met his master in the big bay from Mrs. Whitney's Greentree stable. At the end of the grueling mile and six-furlongs the six-year-old veteran from Kilmer's Binghamton, N. Y., barn was eight lengths back of Twenty Grand's flying hoofs while the Belair stud's Sir Ashley, the only other starter, finished a half length back of Sun Beau. Twenty Grand was a 2 to 5 favorite.

LOCAL GUNNERS PLANNING MEET

Escanaba Trapshooters Will Stage Event on September 13

Escanaba trapshooters will meet this morning for a regular shoot and to make final plans for the invitational trapshoot to be held here on September 13.

Members of the Sturgeon Falls Gun Club of Vulcan, who were hosts to the local shooters on August 2, are being invited to attend the shoot here a week from today.

The trophies for which the visiting shooters will compete against the Escanaba shooters have been purchased and are now on display in the show windows of the Delta Hardware Co. There will be fifteen prizes in all; seven firsts, seven seconds and one third. The local club is now laying in an extra supply of targets and ammunition.

During the coming week a new concrete shooting platform will be built at the local trap grounds. Other improvements are being planned that everything may be in readiness for a big day of shooting on the 13th.

Personnel of the various five man teams will be determined this morning. It is planned to have all local shooters placed on teams in such a way as to present teams of as nearly equal strength as possible.

Shooting this morning will begin at the usual time, 9:30 a. m., and continue until noon. Last Sunday's trophy winners were: E. L. Brotherton, class A, and Tom Bolger, class B.

Ranking Players Take Easy Victories in National Meet

(Associated Press Sports Writer)
Westside Tennis Club, Forest Hills, N. Y., Sept. 5. (AP)—Some of the excess baggage was cleared away today in the opening round of the golden jubilee national men's tennis tournament, a score of the weaker entries going into the discard as a sort of preliminary to the main show starting Monday.

There was only an occasional flurry of excitement, such as when Julius Seligson, the husky New Yorker, forced the British ace, Frederick Perry, to go four sets. For the most part the day's program was cut and dried.

Shields Easy Winner

Johnny Drog, this country's left handed champion, started the ball rolling with a 6-3, 6-2, 6-4 victory over Keth Werner of Los Angeles, and the others paraded after him into the second round. Frank Shields of New York, second ranking American, overwhelmed Federico Sendel of Mexico, 6-0, 6-1, 6-0, and Clifford Sutter, the steady New Orleans star, eliminated Lester Steffen, Los Angeles, 6-3, 6-4, 6-4. They were the only members of the domestic seeded list to see action.

Perry, Britain's brilliant internationalist and one of the tournament favorites, led the foreign brigade through the initial round with a four-set triumph over Seligson, former intercollegiate champion, 6-4, 7-5, 4-6, 6-0.

Neither Perry's team mate, George P. Hughes, nor any member of the French team had a chance to unlimber today. They with Wilmer Allison, Elsworth Vines, George Lott, Jr., Sidney P. Wood, Jr., John Van Ryn and other American stars were accorded byes in the opening round.

Canadians Fall

R. Norris Williams, 2nd, veteran campaigner from Philadelphia, supplied the closest thing to an upset on today's program when he eliminated Canada's No. 1 star, Dr. Jack Wright, in a spectacular five-set match. They almost had to turn on the lights before the 40-

Lou Moore Fastest In Auto Race Trial

Altoona, Pa., Sept. 5 (AP)—A speed of 123.05 miles an hour was attained here today by Lou Moore, who led the qualifiers in the first day's trials for the Labor Day automobile speed event here Monday. Trials will be continued tomorrow.

Others who qualified were Jimmie Gleason, of Philadelphia; Wilbur Shaw, of Indianapolis; Paul Boat, of Matthew, N. C.; Chet Miller, of Detroit; Bill Cummings, of Indianapolis; Bill Dencer, of Audubon, Pa., and Milt Jones, of Cleveland.

Ralph Hepburn broke a crankshaft after turning a lap of better than 122 miles an hour. He will likely pilot another car in the race.

Newberry-Gridders To Play Nine Games

Newberry, Sept. 5 (Special)—Nine games have been scheduled for the local football squad for this season, five of them to be played on the home field, the first coming on Sept. 18 when Coach DeCook will pit his men against the high school outfit. So far the squad has been looking over his squad, lining them up and watching them on the light beginning workouts. He expects to have pretty well decided about the bunch by the first of the week after a stiff workout during the week-end.

The schedule follows:

Choppy Sea Postpones Harmsworth Trophy Race

FIRST HEAT TO BE RUN TODAY

Gar Wood Will Race Kaye Don Over Detroit River Course

BY DAVID J. WILKIE (Associated Press Staff Writer) Detroit, Sept. 5 (AP)—A choppy sea, whipped up by a high south-west wind that swept over the Detroit river all afternoon, caused postponement today of the first heat of the famed Harmsworth trophy race.

After twice inspecting the course, the race committee announced the initial heat of the contest would not be run until 5:30 p. m. tomorrow.

The respite probably was welcome to Gar Wood, defender, whose chief contender, Miss America IX was disabled yesterday afternoon and was only made ready for today's expected heat by a score of mechanics who worked throughout last night and most of today replacing a broken manifold on one of the big hydroplanes superchargers.

Wood has not been able to give Miss America IX more than a hurried test after the repairs had been made.

The task facing Kaye Don, Great Britain's speed ace, was materially lessened by announcement that Horace E. Dodge had withdrawn his Miss Syndicate III, which had sought a third place on the trophy defending team. Previously Wood had withdrawn his Miss America VII leaving only his Miss America VIII and Miss America IX for Don to compete against with his Miss England II.

None of the Harmsworth contenders appeared on the course today, although Wood and Don made inspection trips in rubber-rafts. Even these more substantial craft bobbed heavily in the choppy sea to demonstrate the futility of high speed racing by the Harmsworth hydroplanes with their lighter hulls and heavier engines.

Two White Sox Men Injured In Fracas

Chicago, Sept. 5 (AP)—Two Chicago "White Sox" players suffered injuries today which may keep them out of the lineup for the remainder of the season.

Carl Reynolds, right fielder, fractured an ankle sliding into second base in the first inning of today's game, which the Sox lost to the Detroit Tigers, 8 to 3.

Catcher Benjie Tate broke the middle finger of his right hand on a foul tip off Alexander's bat in the sixth inning.

What is the most common fault of the golfers whose games seldom if ever get below 100? In my opinion, it isn't slicing, or dubbing, or lifting the head, or stabilizing the putts. The average golfer suffers most from a lack of concentration.

We urge players to take lessons and to practice. But how many fellows belonging to your club have time to do that? Golf for the majority is an exercise and a recreation. Some find it restores them to health. Others find it just an enjoyable way to spend an afternoon. But when they get into a tournament and take a trimming from a fellow who has studied his game, they realize that his concentration on his game is what makes him the better player.

WINS GOLF TITLE

Francis Ouimet

Francis Ouimet, who won the amateur golf title 17 years ago yesterday repeated by defeating Jack Westland of Chicago, 6 and 5, in the final. Incidentally the score was the same, same date and almost same hour that he won his first title by beating Jerome Travers at Manchester, Vermont.

WESTLAND IS DEFEATED BY 6 TO 5 SCORE

(Continued from Page One)

the oldest of all the 32 qualifiers, by far the most experienced and the only former champion to get into the match play battle. In five successive matches the Bostonian took the measure of five opponents who averaged less than 23 years of age. His hardest conquest was over the 18 year old "boy wonder" from Richmond, Billy Howell, who carried Ouimet to the 26th hole before yielding in the semi-finals.

After his 1914 conquest and prior to this tournament, Ouimet had reached the semi-finals six times. Only he got to the final, in 1929. Once to be turned back by Chick Evans. With the big goal in sight again today, the veteran lost no time seizing and keeping command of the battle.

Ouimet was four up before Westland had a chance to shake off his preliminary feeling of nervousness. Inspired by his first appearance in a national championship final. Seven holes were under the bridge before Jack emerged from the streak of wildness to make the only really serious threat to the Bostonian's lead.

Over a stretch of six holes, Westland cut Ouimet's margin from 4 up to 2, at the 13th hole. Ouimet had taken three putts on two greens. He had been forced to negotiate a full stylic with his ball on the 11th to save a half. He was in a trap to lose the 13th. It looked as though Westland might ride the crest of his rally into the lead.

Ouimet's putter came to his rescue at this critical stage. He holed a 15 footer to win the 14th, canned one from six feet to capture the 15th hole and then made the greatest recovery of the day to halve the 16th. On this 414 yarder, into the wind, Francis hooked his drive under a tree and was forced to play a safety shot, while Westland got home nicely in two good pokes.

Ouimet carried a hillside and several traps to reach the green but was 25 feet beyond the pin, with a downhill putt on a tricky surface. With Westland "dead" for his four, Francis' putt went true to the cup, bouncing around the edge before dropping, while the crowd let loose a wild roar.

This stroke, heart-breaking for the slim Chicagoan, was of vital importance in restoring Ouimet's full confidence. He made a great recovery from the rough, back of the green, to win the 17th with a par three, and easily got his half at the home hole to finish the morning round five up.

It was five and take, in the high wind of the afternoon round, but at no stage did it appear Westland had a chance to do more than extend the match. Although Ouimet dropped the 19th, he came back to capture three of the next four, as Westland became tangled up in a losing struggle with the traps.

Bennie Frey Proves Hero With Single in Tenth Inning Pinch

Cincinnati, Sept. 5 (AP)—Bennie Frey, Cincinnati pitcher, was the hero of today's game in which the Reds defeated the Cubs for the sixth straight time by 4 to 3 when he singled with the bases full in the tenth inning, scoring Cuccinello with the winning run.

Frey hit four singles in five times at bat besides limiting Chicago to four scattered hits. The six reverses plastered on the Cubs gave the Reds their longest winning streak of the year.

Senators Defeated Twice by Yankees

Washington, Sept. 5 (AP)—Washington held the American League's second place today by only a slim half-game margin after dropping a twin bill to the climbing Yankees, 7-4 and 7-3.

Lou Gehrig scored his forty-first circuit drive in the first inning of the opener, bringing in Ruth whom he now leads by three. Byrd also garnered a homer in the eighth of the same game.

Attempt to Break Speed Record Fails

Newark, N. J., Sept. 5 (AP)—Louis T. Reichers, Arlington, N. J., flier, arrived at Newark airport at 6:45:20 p. m. (E. S. T.) tonight. He failed to break the flight record from Kansas City, 4:52:30 hours, established yesterday by Major Jimmy Doolittle. Reichers left Kansas City at 1:40:18 E. S. T. and clocked himself to Newark in 4 hours, 59 minutes. The official time as recorded at the airport was 5:05:02 hours. He said he believed he was going to break the record until within a few miles of his destination.

Leading Batsmen In Big Leagues

Chuck Klein, big slugger of the Phillies, rapped off five hits in a double-header with the Braves yesterday to pick up four points in his race with Virgil Davis, a teammate, for hitting honors in the National League. At the same time he passed Bill Terry, of the Giants, by a point, his mark of 347 leading Bill by one. Babe Ruth was the only American League leader to change his average, picking up a point.

Gladstone Baseball Team Seeking Title

Gladstone, Sept. 5—Gladstone will journey away from home this weekend to participate in two games upon which hinge the championship of the Delta-Alger county baseball loop. Sunday they will meet Trenary on the Alger county crew's diamond and Labor Day they will go to Rapid River to oppose their foe of long standing. Both are make-up games.

The Sunday battle is the crucial one of the two. Trenary by defeating Perkins last Sunday while the local nine was idle, broke a deadlock with Gladstone for pace-setting honors and jumped into a half-game lead. A victory over the Algerites will reverse things, giving Gladstone a half-game lead, and a win over Rapid on Monday would clinch the title for the local crew. Rapid has not defeated Gladstone this season, and Van De Weghe's nine is looking toward the pennant if they are able to turn the tables on Trenary.

Only one other make-up game remains to be played but this will have little bearing on the title. This is a Rock-Wells encounter which will probably be played this week-end on the Wells diamond.

Conservatives Ask For Early Election

London, Sept. 5 (AP)—A short and sharp parliamentary session and an early general election loomed today as the most likely developments in Great Britain's political and financial crisis.

The Conservatives were authoritatively said to be in favor of the government pressing on with the task of balancing the budget and getting out at the earliest possible moment.

In their view a general election before the end of next month is a distinct possibility with a widespread measure of tariff protection as the Conservative battle cry.

Liberals on the other hand are believed to be far less enthusiastic about the prospects of an early election. Many of them are said to hold the view that the present government should be responsible not only for emergency financial measures but also for the introduction of the budget next March.

If the Conservatives insist on the election, however, the present government could not remain in office.

CLARK GLAVIN LOW MEDALIST

Escanaba Golfers Tee Off Today in First Round Match Play

Clark Glavin, winner of the Menominee invitational golf tournament a few weeks ago, yesterday copped the medal in the qualifying round of the Escanaba men's tournament at the country club course with an 81 while Don Boyce, amateur champion, was runner-up in medal play with 83.

Glavin will begin play in the championship flight in match play today at 9:15 opposing Harold Gessner who shot a 92 yesterday. They will be the first men out in the tournament.

The qualifiers, their scores in medal play and drawings for the championship flight, including the time they will go out, follows: 9:15—Clark Glavin, 81, vs. Harold Gessner, 92. 9:20—Dr. Boyce, 83, vs. George Maehk, 94. 9:25—H. H. Shepeck, 91, vs. R. Skellenger, 96. 9:30—M. N. Smith, 86, vs. Grant Larson, 92. 9:35—Don Boyce, 83, vs. W. R. Smith, 92. 9:40—W. S. Skellenger, 91, vs. Harry Bourke, Jr., 96. 9:45—C. F. Glavin, 92, vs. Don Richardson, 97. 9:50—John Cass, 88, vs. Francis Boyce, 93. The second flight qualifiers, their medal scores, drawings and time they will go out follows: 10:00—Junior Lefean, 97, vs. Guy Sullivan, 103. 10:05—C. B. Kitchen, 101, vs. M. B. Jensen, 107. 10:10—Jimmy Jones, 102, vs. C. D. Carey, 108. 10:15—Tom Gander, 99, vs. Jim Morgan, 106. 10:20—Billy Smith, 98, vs. A. H. Groesbeck, 103. 10:25—Gust Dehlin, 101, vs. Charles Stoll, 107. 10:30—J. E. Card, 102, vs. E. J. Nervus, 108. 10:35—J. P. Richardson, 100, vs. Jim Andrews, 107.

A special flight for men with broken backs and crippled with rheumatism will include a happy foursome: Harold Lindsay, who shot a neat 112, will oppose C. J. Burns, who negotiated the distance in a slightly over par 116. Oscar Kraus, whose 110 makes him the favorite in this flight, will meet Glen Jackson, who counted 119 times around the 18 holes in the qualifying play.

Fitzsimmons Socked Twice for Knockout

New York, Sept. 5 (AP)—Successive knockout wallops on successive plays finally put Freddie Fitzsimmons, Giants right hand pitcher, out of the opening game of a doubleheader with the Brooklyn Robins today.

Freddie held the Robins to three hits and one run in seven innings but the last out of the seventh was a smash from Lefty Helmsch's bat that hit Fitzsimmons in the groin. He lobbed the ball to first before he crumpled on the mound and was lugged to the dugout.

Moore, pitching for the Robins, found Fitzsimmons the first batter in the Giants half of the seventh. A pitched ball immediately hit Freddie in the temple and dropped him semi-conscious at the plate. Again he was revived but it was decided he had taken enough punishment for the day and he was relieved by Carl Hubbell.

Earnshaw Lets Sox Down With One Hit

Boston, Sept. 5 (AP)—George Earnshaw let the Red Sox down with a lone hit in the first game of a double-header today which the Athletics and Sox divided. Earnshaw beat the Bostonians, 8 to 0, but the Sox garnered a 6 to 3 win over Rube Walberg in the nightcap.

Marty McManus as lead-off man for the Sox in the eighth hit a roller which got away from Shortstop Williams to mar Earnshaw's hitless game. It was the second one-hit game for Earnshaw this season. Not a Boston runner reached second.

Cardinals Purchase Houston Pitcher

St. Louis, Sept. 5 (AP)—Purchase of James O. "Tex" Carleton, right-handed pitcher with the Houston club of the Texas League, and Lee Cunningham, infielder with the Danville, Ill., club of the Three I League, was announced here tonight by the St. Louis Cardinals.

Last year, while with the Rochester club of the International League, Carleton hurled a no-hit game against Toronto.

EX-GOLF CHAMP IS ELIMINATED

C. R. Lively, Grand Rapids, Fails to Qualify in State Tournament

Grand Rapids, Sept. 5 (AP)—One big upset developed today in the western Michigan amateur golf tournament, stamping the winner, C. R. Lively of Grand Rapids, a former champion, as a serious contender for the title which Howard Miner of Battle Creek lost automatically this morning by failing to qualify. Lively, playing a steady game, defeated Harry Allen, fellow townsman and one of the favorites, by the decisive score of six up and five to play.

C. D. Allen, Grand Rapids, also went contrary to expectations when he eliminated Dave Holmes of Battle Creek, co-holder of the qualifying low medal score. Allen won, 4 and 3.

Bill Grant, Grand Rapids, who shared the low medal score with Holmes, eliminated Bob McKeon, another home town player, 3 and 2. J. M. Shepperd, Kalamazoo, defeated Harold Beebe, Battle Creek, 3 and 1, while L. J. Lightfoot was losing to a fellow Grand Rapids contestant, Leo Higgins, one up, in the day's closest match.

Ken Beukema, Grand Rapids, advanced to tomorrow's quarter finals by eliminating C. J. Farley, also of this city, 2 and 1. J. Sharpe, Muskegon, romped to an easy victory over Fred Glass, Silver Lake, 5 and 4. Morris Cassard, Grand Rapids, was not extended to win, 5 and 4, from Byron Bissonette, also of Grand Rapids.

Bobby Jones Happy Ouimet Captured Amateur Tourney

Beverly Country Club, Chicago, Sept. 5 (AP)—Bobby Jones, five times former champion, was a spectator to Francis Ouimet's second amateur championship triumph and expressed himself as "tickled to death."

"It was a great victory for one of the greatest figures in American golf," declared Jones. "This was one of the very few times when I have ever pulled for any one, but I certainly pulled hard for Francis today. I have been in many a campaign with him and I consider his triumph here as brilliant as any I have ever seen."

Jones, in three previous tournaments, blocked Ouimet's path in the semi-finals. Bobby didn't miss a shot in Ouimet's last two matches, against Billy Howell and Jack Westland, so keen was the Georgian's interest in the first tournament in which he has not been a competitor since 1916. Asked if it made him lonesome, he replied: "Not a bit."

A FRIEND IN NEED, Baltimore — Joseph Deleo made good in one of the strangest debuts ever incurred in this state. After he had been prosecuted by Assistant State's Attorney Charles C. Di Paula, the court ruled that he must pay \$2.50 to a store owner from whom he had stolen that amount of cigars. Deleo was broke, so what did he do but go over to Di Paula and borrow the money from him. He paid it back the next day.

Eskymo Gridders Looking Better, Nordberg Believes

Coach Carl Nordberg believes his Eskymo football squad has developed as well as could be expected at the end of the first week of training. Yesterday afternoon he sent his squad through their longest and hardest session to date at the Escanaba athletic field.

Their first idea of what kind of formations and plays they will work with this year was given to the high school gridders in yesterday's session. Nordberg gave them one play which they will use this fall. They spent considerable time going over the play, mostly in slow motion fashion in order to get the play firmly imprinted in their minds. Other plays will be given from time to time.

An exceptionally large crowd of enthusiastic fans attended yesterday's practice session. The crowds have enlarged every night this week.

Although the first scheduled game is two weeks away, the squad will probably be split for a practice game next Saturday afternoon.

Boston Braves Lose Pair to Phillies

Philadelphia, Sept. 5 (AP)—The Phillies celebrated the closing of the National League home season today by capturing two games from the Boston Braves, 12 to 5 and 6 to 4.

A barrage of 23 hits off Sherdef and Cunningham swept the Braves to defeat in the first game. In the second a four-run rally off Seibold in the second inning gave the Phillies a margin which Boston was unable to overcome.

Golfing

BY ART KRONE

WHEN YOU ADDRESS THE BALL CONCENTRATE ON THE SHOT.

What is the most common fault of the golfers whose games seldom if ever get below 100? In my opinion, it isn't slicing, or dubbing, or lifting the head, or stabilizing the putts. The average golfer suffers most from a lack of concentration.

We urge players to take lessons and to practice. But how many fellows belonging to your club have time to do that? Golf for the majority is an exercise and a recreation. Some find it restores them to health. Others find it just an enjoyable way to spend an afternoon. But when they get into a tournament and take a trimming from a fellow who has studied his game, they realize that his concentration on his game is what makes him the better player.

SCHOOLS OPEN ON SEPT. 8TH

Students in Masonville Township Await Opening

Rapid River, Mich., Sept. 5. (Special)—The several schools of Masonville township will get under way for the school year next Tuesday morning. During the vacation the several buildings were repaired and put into good condition, the Rapid River building having had extensive interior repairs and painting done. New typewriting machines were installed in the commercial department. The teachers for the coming year with subject assignments are as follows:

Supt. H. A. Nelson, science; Prin. W. J. Miller, history, civics; Donald Peterson, mathematics, athletics; Ralph Brown, commercial; Miss Florence Desjardins, Latin, English; Miss Ruth Gleason, mathematics, English; Miss Ina Short, sixth grade; Miss Kathryn DeMaris, fourth and fifth grades; Miss Elina Granskog, second and third grades; Miss Loretta McCarthy, primary and first grades; Miss Alvin Nygren, Masonville; Oscar Sundquist, Maplewood; Miss Amelia Trotter, Osier; Miss Irene Trotter, Minors; Miss Rachael Dupoydt, North Delta.

All pupils attending high school are requested to report Monday morning for registration and classification.

GLADSTONE HERE MONDAY

The Gladstone baseball team will play here Labor Day afternoon for the last game of the Delta-Alger County league for these two teams. This game is a postponed game between these two teams. Several Sundays ago the regular scheduled game was rained out. Tomorrow Gladstone meets Trenary at Trenary. Should the Gladstone team win over the Alger county boys they will be one-half game ahead in the leading standing. So the leadership of the league is at stake Monday's game. If Rapid River wins this game then Trenary will be the league champions by a half-game.

While Rapid River has no choice now in the matter of which team is champion, yet it will do its best to win this game in order to even the game between the two teams for the year.

PERSONALS

Miss Myra Johnson of Washington, D. C., is at the home of her parents, Mr. and Mrs. Conrad Johnson for a month's vacation. Miss Johnson is a stenographer in the treasury department of the federal government. Miss Signe Brannstrom returned to Madison, Wis., after spending the past month with her sis-

ter, Mrs. Eddie Johnson, at Whitefish. Miss Alice Nygren submitted to an emergency operation for appendicitis at St. Francis hospital at Escanaba on Thursday. At this writing her condition is reported as favorable. Miss Nygren is a teacher at Silverdale, Esnig township. The opening of her school will be delayed until she can resume work. Mr. and Mrs. William Moser of Detroit arrived here Wednesday on their honeymoon to visit at the home of Mr. Moser's mother, Mrs. Louise Moser, for two weeks. Raymond Roberts and Oren Lagerquist arrived at their respective homes Wednesday from Pecos Springs, Colo., to which place they had hitch-hiked earlier in the summer, and where they visited with Mr. and Mrs. Floyd Roberts.

Miss Margaret Hamilton and Miss Rosella Cole visited with friends at Marinette and Menominee for a couple of days this week. Miss Hamilton returned to Ishpeming and Miss Cole to Munising to resume their positions as teachers of these respective cities.

Mr. and Mrs. William Bradie, Miss Josephine Schiska and Frank Schiska of St. Paul, Minn., visited with relatives and friends here. Nahma and Gladstone for several days this week. Mrs. Bradie will be remembered as Martha Schiska, formerly of this village. Mr. Bradie is one of the high school instructors in the St. Paul schools.

Mrs. Leo Mercier and children of Munising are visiting at the home of Mrs. Mercier's parents, Mr. and Mrs. William Dutcher, Sr.

Dr. and Mrs. L. Lloyd and Rev. C. H. Harger of Lansing conducted services at the Congregational church Wednesday evening. Dr. Lloyd is the newly elected state superintendent of Congregational churches, while Rev. Harger is the church secretary. At the services, Dr. Lloyd preached a most inspiring sermon.

Miss Helen Proehl leaves Monday to resume her duties as the teacher of the Bungalow school in Bay de Noc township. Attorney William J. Miller, William J. Belland and son, Lloyd, transacted local business at Manistique on Saturday.

Miss Evelyn Swenson a former high school teacher here visited with friends here on Friday. Miss Swenson will teach seventh and eighth grade English in the junior high school at Munising this coming year.

Arnold Brannstrom returned to his old home in Sweden this last week. He came to this country three years ago, but on account of the depression, and also because of his parents' need for him at home, he decided to return.

Mr. and Mrs. Paul Staats, of Oak Park, Ill., are the guests of Miss Margaret Gravelle at the F. J. Gravelle home for several days. Mrs. Wayne C. Alkire of Elgin, Ill., is visiting for ten days with her sister, Mrs. Con. Johnson, Jr., Mrs. Albert Thoeny of Duluth, Minn., and Mrs. Arthur Bennett of

Carlshead Man Killed
Marquette—The body of Edwin R. Carlson, 28, of Carlshead, killed almost instantly in an automobile accident Thursday afternoon near Birch Run, Michigan, will arrive in Marquette this afternoon and will be taken to the Swanson funeral home. Sunday morning the body will be taken to the home of his parents, Mr. and Mrs. Charles A. Carlson, at Carlshead.

Carlson was on a motor trip with Floyd Decker. The steering gear of their car broke, causing it to swerve from the road and turn over. Carlson was pinned beneath the machine and died before it could be lifted off of him. Decker was uninjured in the wreck. Shortly after the fatal accident Decker notified relatives of Carlson and made arrangements to accompany the body home.

Carlson was well known in the community in which he resided. Surviving besides the parents are four brothers, Albert, of Negaunee, William, Arvi and Gustav at home; two sisters, Ida, of Carlshead, and Anna, of Spring Arbor, Mich.

Ishpeming School Finished
Ishpeming—The new Ishpeming high school, which will be opened Tuesday, is looked upon by educators who have had the opportunity of visiting it, as well as by builders and architects as one of the outstanding school structures in Michigan. It shows what competent architects can do in remodeling an old building and residents of Ishpeming who have inspected the school are justly proud of it.

In the reconstruction of the Ishpeming high school the architectural firm of N. A. Nelson and the Warren S. Holmes company, associated architects and engineers, of Ironwood and Lansing, with branch offices in Boston and Chicago, completely remodeled the old building, which was gutted by fire on August 25, 1930. The architects made use of the structure left after the fire and, with the old Central grade school turned into a science building in which are housed the home economics department and science laboratories, the school now is a complete unit.

Game Law Violators
Marquette—Three Wells township and two Marquette men have fallen into the clutches of game wardens, and are now serving time in the Marquette county jail.

According to the officers, Lloyd Decent, Warren Stemet and George McMillie were caught

Ishpeming are visiting for a few days with their sister, Mrs. L. E. Scott.

headlighting deer near Gwinn. The men were taken into the court of Justice R. J. Jeffries and convicted. Unable to pay fines, Decent and Stemet are serving 40 days and McMillie 30. The Marquette men, Clarence Bigger and Stanley Hudson, were said to have been hunting on a state game reserve. They were taken into the court of Justice Thoren at Negaunee where they were sentenced to serve 30 days in jail.

Blood for Serum
Marquette—Marquette is doing its bit toward furnishing blood for serum to be used in the battle against infantile paralysis. Yesterday the first blood was forwarded to Lansing from the Northern Michigan Children's clinic by Dr. M. Cooperstock, district consultant.

An appeal has been made for all persons who have at some time had this disease, and who now are in good health, to give some of their blood in order that patients may be given treatments. All donors must be over 20 years of age and in perfect health. A fee will be given to donors whose blood is accepted.

According to Dr. Cooperstock only the blood of those who have had the disease within the past 20 years can be used in the manufacture of serum. The clinic has records of many persons who have had infantile paralysis, but this record is incomplete and those who have not done so are asked to register at the clinic.

Warrant for Negro
Sault Ste. Marie—Deputy Sheriff Willard Welsh today was investigating reports that a Negro was seen at East Lake, near Dick, scene of the brutal murder of John Kamppinen, berry picker, two weeks ago. A warrant naming John Lett, negro, with the murder of Kamppinen, was issued yesterday afternoon.

Sheriff Ford McKee said the Michigan State Police radio would broadcast Lett's description tonight, informing officers that a murder warrant is held by officers here.

Legion Election
Crystal Falls—In a spirited contest for the commandership of the Louis Bowman Legion post, William E. Carlson was named to the office over E. E. Budin, at the annual election of post officers held at the legion rooms. But one vote separated the two men when the ballots were counted, Carlson receiving 15 to Budin's 14. Carlson served the post as adjutant during the past year, while Budin was first vice commander. The retiring

commander is Irving T. Field. The other officers elected at the meeting were: First vice commander, Hugo Johnson; second vice commander, Walter Scott; adjutant, Ed. Anderson; finance officer, Joseph Chesky; chaplain, William E. Eldred, Jr.; welfare officer, Richard Hammonberg; and sergeant-at-arms, James Skrivanie. The executive committee will be composed of Henry Johnson, Jacob Schmid and John E. Carlson.

K. of C. Election
Calumet—P. H. Reagan, of Hubbell, was elected Grand Knight of Calumet Council No. 1245 Knights of Columbus at a joint meeting of the Calumet lodge and Hancock Council No. 692 in the Laurium Bank hall. Mr. Reagan succeeds Gervase T. Murphy of Calumet who has been appointed district deputy. The newly elected grand knight is a charter member of the Calumet Council, and during his term will officiate at the celebration of the founding of the Calumet council which will be held in the spring.

George Daigle, of Laurium, was chosen deputy grand marshal to succeed Mr. Reagan. Joseph Hauck was named chancellor, and Patrick Lang of Calumet was chosen as trustee for the full term.

Fined for Headlighting
Menominee—Albert Rasnor, Greenwood farmer from Ingalls Township, was arrested by Joseph Hornick, State Conservation officer, and appeared before Justice Bottkol this morning to answer charges of headlighting in large and small game areas. He was arrested on Thursday evening at 10:00. A Winchester pump gun, loaded with buckshot and a headlight were confiscated and will be sent to the State Department of Conservation.

Rasnor pleaded guilty to the charge and paid a fine of \$30 and costs.

Communists Barred
Sault Ste. Marie—Communists met with a wall of opposition today when they "demanded" the use of the City Hall Park for a demonstration next Tuesday night. Not only did their demand meet with a blank refusal by Henry A. Sherman, city manager, but they were unceremoniously shown the front door of the city hall and told to get out.

Out-of-town representatives of communistic organizations appeared at the city hall this morning and a Minneapolis agitator presented to City Manager Sherman a typewritten sheet beginning:

"We, the delegates, at the United Front Conference, September 2, representing the workers of Newberry, Rudward, Sugar Island and Sault, Michigan, demand the use of the City Hall Park for an outdoor meeting on Tuesday, September 8, at 7 p. m.

"You shall not press down upon the brow of Labor a crown of thorns. You shall not crucify mankind upon a cross of gold."
—William Jennings Bryan.

Those eloquent words were spoken 25 years ago, when banks were generally regarded by Labor as unsympathetic to its cause. But the interval has shown that the greatest cross the laboring man bears is, not a cross of Gold, but the cross of Debt, and that he has no better friend, no more helpful ally today for his financial freedom, than the Bank. This Bank is proud of its account with Labor.

Labor Is Ready

EVER ready to meet new demand with increased production, Labor forged the great chain of our industrial progress. Smelted and shaped by Labor's idealism, tempered with Labor's sweat, that chain has lifted American living to standards never before reached in world experience.

Today the fabric of that progress-chain holds strong and secure. Today the Labor giant still stands ready to maintain America's higher standards of workmanship and living. Today is needed only individual business leadership to safeguard the progress Labor has made possible.

Facing these facts, it is American business that must awaken to a new responsibility. Only sound planning and intelligent management will enable business to co-operate with Labor toward stabilizing our nation. Men of force and vision, placed at the helm, can and will give to Labor the rightful maintenance it has worked for.
