REED FAVORS TAX REVISION BY CONGRESS

BACHARACH AGREES SALES LEVY IS SOLUTION

BY FRANCIS M. STEPHENSON
Washington, Sept. 10 (AP)—Two administration Republicans today called for tax revision at the next congress.

Rich and Poor Alike Taxed Under Program Planned by Snowden

American Taxes Small Compared To English Scale

Washington, Sept. 10 (AP)—American income taxpayers may well be happy with their lot as compared with their British brethren in view of the proposed increases outlined by Chancellor Snowden today in the house of commons.

BY FRANK H. KING
(London, Sept. 9 (AP)—Phillip Snowden, chancellor of the exchequer, searched the pockets of his countrymen today, taxing rich and poor alike with \$202,500,000 new levies to balance the 1931-1932 budget and restore world confidence in British finance.

WRIGLEY FINDS PLAN WORKING

Buy Cotton and Wheat With Receipts From Gum Sales

Chicago, Sept. 10 (AP)—Unlike the federal farm board which has announced that it will buy no more cotton and wheat to relieve a falling market, the experiment of the William Wrigley company in purchasing these commodities in Canada and the south with part of the receipts from chewing gum sales in those regions has proved so satisfactory that it will be continued until Dec. 1 as planned and probably thereafter.

Increased Returns

Those who pay a super tax on incomes will be assessed ten percent more than at present. The beer tax is increased two cents a pint. The gasoline tax is increased four cents a gallon.

BOWLES DROPS OUT OF LINEUP

Former Mayor Withdraws as Candidate for Detroit Post

Detroit, Sept. 10 (AP)—Withdrawal of former Mayor Charles Bowles today left eight candidates in the race for the mayoralty nomination at the October 6 primary.

CAPONE HIDES EVIDENCE FOR REINDICTMENT

GOVERNMENT FAILS TO FIND SERIOUS VIOLATIONS

Chicago, Sept. 10 (AP)—The government's effort to reindict the millionaire public enemy, "Scarface Al" Capone, on some of the 5,000 prohibition law offenses charged against him went by the boards today.

Supreme Court Rules Governor Exceeded His Constitutional Power

\$2,000,000 ECONOMY VETO PUT BACK ON APPROPRIATIONS; SPECIAL SESSION UNNECESSARY

BY GILBERT T. SHILSON, (Associated Press Staff Writer)

Lansing, Mich., Sept. 10 (AP)—Governor Wilber M. Brucker's \$2,000,000 cut in the state budget was nullified by the supreme court today. The court held the executive exceeded his constitutional authority when he slashed appropriations passed by the legislature.

Court Ruling Harms Public, Says Brucker

Lansing, Mich., Sept. 10 (AP)—In a statement today relative to the supreme court decision setting aside his reductions in the legislative budget, Governor Brucker declared a small group of "wiffling men have pressed to a regrettable conclusion their efforts to block the appreciable and sorely needed tax reduction program I had inaugurated for the next biennium."

The ruling, which increases appropriation totals about \$1,000,000 a year for the current biennium, was described by the governor as a calamity to the taxpayers. Pointing to the fact the other governors have reduced appropriation items without being attacked in the courts, he ascribed political motives to those who instituted the suit which brought about the ruling.

PACIFIC HIDES FATE OF LOST OCEAN FLIERS

PLANE SIGHTED IN NORTH OFFERS SMALL HOPE

Seattle, Sept. 10 (AP)—Forty-four hundred miles of ocean and land between here and Japan still hold the secret of the whereabouts of Don Moyle and C. A. Allen, missing trans-Pacific fliers.

The latest report came from White Horse, Yukon territory, where it was reported a plane unknown in the region had been sighted flying southward over Carmacks, 200 miles north of White Horse, at 9:30 a. m. (12:30 p. m. E.S.T.).

Pessimism Prevails

Several hours earlier the naval radio station at Dutch Harbor forwarded a report from the Steamer Arthur J. Baldwin that four passengers had heard a plane in the fog headed northeast yesterday morning.

Both reports could have been authentic, but aviation circles here were frankly pessimistic, partly because of the flood of spurious reports which always follow airplane disappearances.

If the plane seen above Carmacks was that of Moyle and Allen, it would indicate they were forced west of their charted route.

Free Under Bond

The court let Capone change the plea on the tax fraud count and has since fixed October 5 as the date for the trial opening.

Since July the grand jury has found sufficient evidence to indict others of the Capone gang but apparently failed to uncover sufficient evidence to indict the chief himself under the Jones law with its heavy penalties.

HEAT VICTIM

Detroit, Sept. 10 (AP)—Herman James, 63, of Clifford Mich., collapsed at the Michigan State Fair and Exposition grounds today and died a few minutes later in a first aid station. Heat—the official thermometer reached 90—was assigned as the cause of death.

Stiff Taxation For Violators

Dry Bureau Has Another Method of Punishing Law Breakers

Washington, Sept. 10 (AP)—The federal prohibition bureau has laid new plans for punishing—by heavy taxation—some of the dry law violators who escape criminal fines or imprisonment.

Resigns from Jury Comish In Detroit

Detroit, Sept. 10 (AP)—James F. McGregor resigned from the jurisdiction of the recorder's court of Detroit as today's outstanding development in the investigation of charges that 1,000 jurors have served illegally with in the last year and a half.

McGregor tendered his resignation to Governor Wilber M. Brucker in Lansing. He was appointed in 1930 by the then Governor Fred W. Green. Illness was assigned as the cause for his resignation, which was accepted by the governor.

Commissioner Joseph A. Walsh today assigned lack of facilities for failure to examine thoroughly all prospective members of recorder's jury panels and said delays of the city council in acting on recommendations for remedial legislation was to blame for the perpetuating errors.

Tropical Hurricane Sweeps Porto Rico

Miami, Fla., Sept. 10 (AP)—A tropical hurricane swept to the north of San Juan, Porto Rico, shortly after 9 o'clock tonight, whipping that city with an 85 mile an hour wind.

Power lines were believed destroyed in San Juan. Reports were lacking as to effect of another disturbance which passed the inland south of Belle, British Honduras, this afternoon.

Airway officials said the center of the storm apparently passed north of San Juan in the 44 minute period.

Asks Low Bid for Job Be Rejected

East Lansing, Mich., Sept. 10 (AP)—Representative Frank Wade, of Flint, president of the Michigan Federation of Labor, will appear before the state board of agriculture tomorrow to urge it to reject the low bid of the Reniger Construction company of Lansing, on a proposed addition to the engineering building of Michigan State college.

Representative Wade said that the company proposed to reduce its wages for masons to \$1 or one third, its carpenter scale from \$1 to 60 cents, and its common labor rate from 50 cents to 35 cents an hour.

Shaking his gaunt hands at the Labor opposition, his pale face haggard with worry, he said: "I am a peccator which was his farewell to finance he proclaimed with great emotion that his daily post-bag was filled with voluntary contributions from rich and poor, all wanting to share in the nation's financial burden."

Marion Davies Pays Back Income Taxes

New York, Sept. 10 (AP)—The Herald-Tribune says that Marion Davies, motion picture actress, has settled a \$1,000,000 federal income tax case by paying the bureau of internal revenue \$825,000.

Mrs. Davies, on her return from Europe today, said the deficit in her income tax involved earnings over a period of years on properties which she owns in New York.

The actress said her failure to pay taxes resulted from a misunderstanding with her real estate agent, who she thought was taking care of the payments.

Lindberghs Plan To Go to Osaka

Tokyo, Sept. 11 (Friday)—Clonel Charles A. Lindbergh, spending an aerial vacation here with his wife, announced today he and Mrs. Lindbergh would take off tomorrow morning in their monoplane for Osaka, metropolitan center of western Japan.

They plan to spend several days seeing the sights in the Kyoto district, he said, and then will continue with their projected journey to China.

Colonel Lindbergh already has arranged for a Japanese plane to lead them to Osaka, as a precaution against breaking Japanese regulations covering flying over fortified areas.

Modern Pirates Board Yacht, Throw Owner in Sound, Mistreat Wife

BY ROBERT ST. JOHN (Associated Press Staff Writer)

SYOSSET, N. Y., Sept. 10 (AP)—An amazing narrative of a mid-night invasion of a yacht in Long Island Sound by two men who either threw the wealthy owner overboard or cast him adrift and then mistreated his wife baffled the police tonight.

The strange tale of modern piracy was told by Mrs. Benjamin P. Collings, who said that after her husband was seized the invaders carried her in a canoe to a motorboat nine miles distant where her shouts attracted attention early today.

Mrs. Collings' five-year-old daughter Barbara was left unharmed aboard her parents' drifting yacht, Penguin, which was found by a boating party just before daybreak.

Mrs. Collings' story of mistreatment, related during six and a half hours questioning, further belouced the motive for the acts of the invaders. When the two men first boarded the Penguin Mrs. Collings said she overheard them demand that her husband carry a wounded companion of theirs to Norwalk, Conn. Authorities, however, said that they had found no trace of a third man and that the story might have been a ruse to engage Collings in conversation.

French Aviators Seek Distance Mark

Le Bourget, France, Sept. 11 (Friday) (AP)—Two French aviators were winging their way toward Tokyo today on the trail of the 5,000-mile non-stop distance record held by Russell Boardman and John Polardo, American fliers.

The Hyphen II, carrying Joseph Le Brix and Rene Meinin, hopped off at 6:06 a. m. (1:06 a. m. E. S. T.).

Jacques Codos and Sergeant Rhoedia took off at 6:15 a. m. in Dieudonne Costa's plane, "Question Mark."

# ALLEGED BILLY SLUGGER HELD

## John Bunjevac Bound Over for Murder Attempt

John Bunjevac, 35, charged with beating up James Snyder, 40, at the home of Joe Summers, 233 North Twentieth street, was bound over to circuit court Thursday afternoon, following a hearing before Justice H. E. Ranguette. The bond was set at \$2,000, which Bunjevac was unable to furnish, and he is being held at the county jail. The charge is attempted murder. A blackjack alleged to have been used in the attack was found in a baby buggy in the Summers home, and a .38 calibre revolver was picked up in the street shortly afterward.

### McMILLAN NEWS

McMillan, Mich.—A charming September wedding, uniting two prominent young people, took place Monday morning at Newberry, when Miss Alice Galloway, daughter of Mr. and Mrs. Perry Hoig of McMillan, became the bride of Lieutenant Dave Taylor of Newberry. The ceremony was performed at 8 o'clock Monday morning at the St. Gregory Nazianzen church, Rev. Fr. Elling officiating. The bride was attended by Mrs. F. J. Taylor, of Newberry, a close friend, and F. J. Taylor, brother of the groom, attended as best man. The bride wore a lovely gown of flowered chiffon and wide beige hat. Her flowers were a shower bouquet of bridal roses. The bridesmaid also wore a gown of chiffon and carried an arm bouquet of sweet peas in pastel tints. Following the ceremony members of the bridal party and their guests drove to the Log Cabin where a wedding breakfast was served. Covers were laid for twenty-one guests. Following the wedding breakfast Mr. and Mrs. Taylor left by motor on a wedding trip through lower Michigan. They will be at home to their many friends after Wednesday, September 16, at their home in Newberry. Both young people are prominent and popular members of the younger set.

#### GIVE ODD JOBS!

I read your item in Thursday's paper about hiring men to do the house cleaning? I can say truthfully that a man doing house cleaning is a God-send to any woman who dreads that time of the year.

Early last March I began to fret about the house cleaning, which to a woman holding a position away from home all day, seems a problem. I have the reputation among the neighbors of being hard to please in regards to house work, so when I said I was going to have a man to do the work they merely laughed and said, "Why not get a woman to do the work as you did in previous years."

To this I answered, "If I get a woman to do the work I must rush home at noon to help her move the heavy furniture, and then a great deal of work remains for me to do at night after working all day. There are so many men out of work that I will try to get a reliable man to do the cleaning for me."

I hired a man who had a family to support and who had been out of work for several months. The first thing he did was to take out the stove pipes, and clean them thoroughly. He cleaned the flues in the range and all the chimneys and replaced the pipes. He then cleaned wall paper, washed ceilings, walls and wood work and scrubbed floors. He cleaned the rugs, took down storm windows and doors, fixed the locks, put up shelves, removed the pantry shelves to paint the walls, cleaned the garage, chopped some wood, piled it, painted wood work and floors, washed windows inside and out, cut branches off the trees, raked the yard, made a bonfire, washed and painted the porches, washed pictures and hung them back in their places, put all clothing out on the line to air and while these were airing he painted the rods and shelves in clothes closet and all hooks white to prevent them from rusting and damaging garments.

He reserved all painting of furniture as teacher for the coming year.

Those attending the wedding of Miss Alice Galloway and David Taylor at Newberry Monday morning were, Mrs. Emerson Smith, Mrs. N. K. Ziegler, Misses Mamie Real, Virginia and Margaret Woods.  
Miss Mamie Taylor left Monday for Seney where she will be engaged as teacher.  
Mr. and Mrs. Floyd McInnis and children of Newberry, visited at the homes of Mr. and Mrs. Floyd Bryers and Mr. and Mrs. Peter McInnis Sunday.

### Garden Men Held In Federal Court On Liquor Charge

Bonds were set at \$2,000 each for Patrick Gray, Lawrence Baker and Ulysses Thibault who were bound over to federal court on liquor law violation charges following arraignment before Charles F. Button, U. S. court commissioner at Marquette.

The three men were arrested Sunday night at Burnt Bluff by federal prohibition officers, who reported that the Garden men invited them over to their car to buy liquor. When arraigned before Judge Button the three demanded examinations, and the court granted their request by conducting the questioning immediately. At the conclusion of the examination the commissioner held that there was sufficient evidence to substantiate the charges of sale, possession and transportation of liquor, and bound the men over to federal court.

ODD JOB VS. DOLE

THE honest American working man does not want the dole, but desires most of all to maintain his self-respect by working for his livelihood.

A small job now and then might have proved just enough to keep his spirits buoyed up to pass over each successive period of privation.

RUSSIANIZING AMERICA

WE are not in entire sympathy with those who say—"If these fellows don't like it in America, let them get out."

The fact is that most of these persons who are being led into the belief that in Soviet Russia the working man is ruler and ruler and that it is nearer to heaven on earth there than any other mundane realm, are being "taken in" by paid agitators for Comrade Stalin.

On this date also, Secretary of War Baker issued a statement in Washington that the "Liberty Motor," America's new standardized airplane motor, had been perfected.

just one ace in the hole. When he sold his farm he had, with his life savings, a total of \$13,000.

When he landed in Russia, every cent of the ten thousand was taken from Kampainen and he was taken to the woods with a group of other emigrants to work in the camps.

Watching his chance, Kampainen finally escaped from the camps in Karelia and crossed the border in Salami, Finland, where his father was living.

It is small wonder that the American worker, particularly of Anglo-Saxon birth, declines to have any traffic with the communists who would have him discard, at the point of a gun if need be, all that is American.

A member of the New York Stock Exchange bought a \$25,000 brick of gold bullion as a souvenir the other day in Alaska.

Nevertheless Korniloff with several battalions advanced toward Petrograd, and on this date occupied Gatchina, 30 miles southwest of the capital, but there was no bloodshed.

There were gangsters in my day, too, but their fathers took them home and spanked them. The gangsters now are bad boys who didn't get enough spankings.

CHAPTER XIX NORMA stepped from the elevator car and searched the lobby with a swift glance.

"Good evening, Mrs. Travers. Well, if my luck lasts I'm going to show up that husband of yours!"

Norma thanked him, said there was nothing. It wasn't important. Only that she was ready for dinner now and Mark had come down-stairs ahead.

Where could Mark be? She had promised to join him in 15 minutes. Of course he was worried because the telegram had not come.

The orchestra was playing a new Cuban fox trot. Strains of rhythmic, seductive harmony floated out into the lobby.

There was no one on the broad porch which ran the width of the inn. Norma walked to the end overlooking the small park.

"Mark!" she called. "Oh, the fragile drapery

of her bodice, barring her arm. "Here," Mark said roughly, "you can't stay outside any longer. You've got to get indoors!"

"I can't go into the dining room," she told him, "looking like this! I'll have to go upstairs and fix my hair. Will you wait here? It won't take five minutes."

"You'd better go down and eat. I don't want anything." "Oh, Mark—you can't go without eating. You'll be ill! Come on. We can talk things over in the dining room. We'll find some other way to get the money!"

"But I didn't know where you were. What is it, Mark? Is the telegram—I mean didn't the money come?"

"Swiftly in half a dozen quick motions, Mark had torn the sheet of paper into bits. He flung them to the breeze. There were hard, ugly lines about his lips as he said: "So much for F. M. Travers and his money millions! I wish I knew how he got hold of that telegram I sent to Mother!"

"Every attempt failed to cheer him and presently Norma gave up her efforts. As they left the dining room Mark stopped at the check stand for his hat, announcing he was going out for a time.

"But Mark—" "Oh, don't stand here and start arguing! All I said was that I'm going out. Nothing wrong about that, is there? There are plenty of people around you can talk to. Why don't you go in and dance? I won't be gone long."

"It was all to happen very nearly as she anticipated. Less than an hour after he had left her the door opened and Mark strode in. "Well, I got it!" he announced dramatically. Mark was not angry now. There was triumph in his voice.

"You've got—what?" "Five hundred berries! Enough to pay our bills and get back to Marlboro. Told you I'd get it didn't I? Well, it's here—right in the good old wallet!" He patted

the left-hand pocket of his vest. "Five hundred berries!" he repeated. "We're pulling out of here first thing in the morning!"

"Oh, I'm so glad! I knew everything would come out all right, Mark." Norma raised her head, threw her arms about his shoulders. "How did you get it, darling?"

"Mark kissed her casually, squared back and said in an off-hand tone, "Oh, I hit Stone for a loan. Ran across him on the street and he gave me his check. It's good all right—no need to worry about that. Stone's a pretty good fellow even if he does seem a trifle stiff sometimes."

"THE bright flush faded slowly from Norma's cheeks. She drew away and one hand unconsciously rose to her throat. "Stone?" she asked a little weakly. "You mean—Hollis Stone?"

"Sure. Why not? He knows he'll get his dough back all right. Besides he's a sort of relative. Why shouldn't I borrow from him?"

"Why—why there's no reason, of course—" "What's the matter, Norma? You act as though I'd done something wrong! I thought you'd be glad to hear we can get out of this dump. You're acting darned funny about this. It seems to me!"

"She would have agreed to anything Mark said that morning. Norma was radiant. Such plans for the future. Such confidence those plans would succeed. Mark was going to find a job. She would work hard too, keeping their tiny apartment, cooking and cleaning. Economizing. They would pay back their debts and begin saving. They had talked for hours planning all this.

"Nothing could come between them now. Mark was her husband. He would stand squarely on his own feet and she would help him. It was as though they

mean to be cross or hurt your feelings. Say you forgive me—please, Norma!" His tenderness was a thousand times dearer because an hour earlier she had been so tormented, so haunted by fears she would not even name to herself.

"It's all right, Mark. Of course! There isn't anything to forgive. Oh, my darling—oh, I do love you!" They were happier that night than they had been for a long while.

AT 10 o'clock next morning Mark and Norma boarded "The Sentinel," fast train that would transport them to Marlboro in 24 hours.

There was no private compartment on this trip. They rode in an ordinary pullman. The car was only half filled and no one sat across the aisle. Norma's hand dug its way into Mark's protecting fingers. The slight pressure in response was a momentous secret.

Above the droning of the train wheels Norma's heart was singing. "I'm glad we're going back, Mark." "Guess I am too, kid. Had fun at the Springs though, didn't we?"

"Oh, yes. It was wonderful!" She would have agreed to anything Mark said that morning. Norma was radiant. Such plans for the future. Such confidence those plans would succeed. Mark was going to find a job. She would work hard too, keeping their tiny apartment, cooking and cleaning. Economizing. They would pay back their debts and begin saving. They had talked for hours planning all this.

"Nothing could come between them now. Mark was her husband. He would stand squarely on his own feet and she would help him. It was as though they

were making a fresh start in the right way. No one was looking toward them. For an instant the girl's cheek brushed Mark's. "I'm so happy!" she whispered. Norma had failed to take into account obstacles the strength of which she did not even dream. (To Be Continued)

'Looking Backward'

SEPTEMBER 11, 1931 In spite of adverse weather conditions that have interfered several times during the season, excellent progress is being made by a crew of 300 men in constructing the new dam and pulp mill for the Escanaba Traction Company.

Douglas Malloch, one of the leading writers for the American Lumberman of Chicago, has been selected as president of the Chicago Press club, one of the chief honors that can be conferred on a newspaper man of that city. Mr. Malloch has frequently visited here.

The Young People's Dramatic club of St. Anne's parish was organized last night at a meeting held in St. Anne's hall. Plans were made to stage a musical comedy the latter part of this month. The officers of the club are: President, Miss Adrienne Toussaint; secretary, Miss Anna Villeneuve; treasurer, Joseph Blanchet; musical director, Miss Corinne Auger; stage manager, Zephyr Beauchamp; pianist, Miss Ella Christensen, and director, Miss Toussaint.

Nicholas Braun submitted to an operation for appendicitis yesterday at a Green Bay hospital.

RATTLES The buggy doesn't rattle now. The road's too good for that; Where would you find one, anyhow. A good old democrat? You never see a phaeton. Or ever see a gig: The world has grown too wise for one, Luxurious and big. Once spokes would rattle, fellows dry, And even dry the hub, But when the trouble started I Would fill a trough or tub And soak them good and tight again The way they ought to be, An inexpensive matter then, An easy remedy. A buggy used to rattle, yes, As autos do today, And wagons bothered more or less That rattled on their way. Although we hadn't much, my lad, One recollection sticks: Whatever little things we had, That little WE could fix.

Council Drops Activities for Indefinite Time

Temporary suspension of activities of the Council until the first of the year at least and re-organization of groups of Girl Scouts to continue the work of the organization under the Leadership Association, were occurrences this week of importance, to Escanaba Girl Scouts.

The Council, members of which have worked unselfishly in the interests of the Girl Scout organization, is without the means of carrying on its work at present, and the temporary suspension of activities was decided upon as the best possible plan at present.

Leaders of the Girl Scout association, meeting with Mrs. Mary Farrell, who has been director of the Girl Scouts under the Council, decided to continue the work, under a system of troop grouping.

There will be two Junior high school troops active. All girls ten years and older of the Franklin, St. Joseph's and St. Anne's schools, will be grouped in one troop. The Senior High school girls, and St. Joseph's high school girls will form a fourth troop. Other troop groups will be organized providing interest warrants it, and the work of the Girl Scouts will go on as usual under the leaders' supervision until the Council finds it advisable to resume activities.

Theatres

**AT THE DELFT**  
You don't know Maurice Chevalier until you've seen "The Smiling Lieutenant" . . . and that's at the Delft theatre today. It opened Wednesday night with Maurice's gay love-making, his delicious comedy singing raising a riot of laughs and tender emotion in the eyes and hearts of his audience.

"The Smiling Lieutenant" has the whole of Maurice Chevalier bound up in a single joyous role. His captivating personality, his sly and wicked love-making, his meaningful singing of the meaningful lyrics, all these things, which each of his pictures to now have presented in part, are projected at full force from the screen in "The Smiling Lieutenant."

The picture is another of those delicious Ernst Lubitsch productions, but, unlike "The Love Parade," it is a real down-to-earth comedy romance dealing with a smart and carefree soldier whose smile wins him the heart of two women. It has delightful comedy moments interspersed with tense emotional scenes. Claudette Colbert and Miriam Hopkins are the sweethearts who turn Chevalier's head and heart.

Charles Ruggles' characterization is an asset to the picture which, in less brilliant circumstances, would make a show all its own.

But, perhaps the outstanding feature of the show are Chevalier's songs, songs which, put across in Chevalier's own inimitable style, send the audiences out hitting and humming. "Breakfast Table Love," "That's the Army," "Jazz Up Your Lingerie" are tuneful lyrics which are recalled and recalled with a smile. And yet, "The Smiling Lieutenant" is not a musical show in any sense. The songs are Chevalier's; they fit naturally into the story, and pep up the action.

A recent invention is a compact photographic print press for use of traveling photographers.

Everyone Asked To Aid in Used-Clothing Drive

Will all of you busy housewives, who either have fall housecleaning well under way, or are planning its details, take an inventory of basements, attics or closets, where used clothing has been packed away?

And will you take every article which you can possibly spare, bundle it up, and call the Salvation Army headquarters, telephone 1657?

The odd-job campaign which has been launched under the city's employment system, also, as you undoubtedly have noticed, has a used clothing drive. While the odd-job system is expected to furnish enough employment to men who haven't work in their regular lines of trade to take care of themselves and their families, the used-clothing plan will go along hand-in-hand with it, to furnish clothing for the man, himself, his wife, and his children.

There is no home, no matter how small or how recent its beginning, but what has its used clothing. There is the coat, a little out of fashion, that has been set aside to be made over for little Mary or Junior, and which never is, it must be admitted, except in rare instances. There are the hats of seasons past that pile up, "too good to throw away." There is father's suit that might serve on picnic outings, but which is usually forgotten when the time comes. There are items upon items which seem to accumulate year after year, filling boxes in basements and attics, hanging in the back of closets, and which somehow or other, never seem to come in as handy as you thought when you put them away.

**Sort Over Clothing**  
This is the best time in the world to sort over this used clothing and to give all that you are sure you will not need to the Salvation Army. It probably will be a relief to most of you to have the clothing out of the way, and surely a satisfaction to know that your generosity is clothing some youngster as

STOCKS SETTLE TO LOW MARKS

STOCK MARKET AVERAGES (By The Associated Press) Table with columns for Today, 10 Days, 30 Days, 90 Days, 1 Year, 2 Years, 3 Years, 5 Years, 10 Years, 20 Years, 30 Years, 40 Years, 50 Years.

BY JOHN L. COOLEY (Associated Press Financial Writer)

New York, Sept. 10 (AP)—Stocks settled a little closer to the June lows today.

Although net declines were mostly moderate, the market's failure to follow an early rally plainly indicated that shorts still felt reasonably secure and wanted to hold out a while longer.

Before the session was very old the market had run into the Rock Island dividend omission, an obstacle at which the rails quickly shied. New lows for eight or ten carriers demonstrated that the group had not been immunized against unfavorable news.

The action of Rock Island's directors seemed unexpected, for the stock broke 10 points, before reducing its decline to 6 1/2 net. Frisco, Reading, Delaware & Hudson, Baltimore & Ohio, Northern Pacific and Norfolk & Western lost 2 to 3. New York Central was steady and Atchafalou only a fraction.

Decline Letslurely

Westinghouse, General Electric, Corn Products, Procter & Gamble a number of other specialties and most of the utilities made unimpressive showings, down 1 to nearly 3 points. For U. S. Steel, American Can, American Telephone, National Biscuit and Bethlehem the support was firmer and their final changes were unimportant. International Telephone was sold in anticipation of the dividend cut, announced after the close. A payment of 25 cents a share, against the previous quarterly rate of 50 cents, was ordered.

The decline was leisurely, and the market paused long enough in the afternoon to allow a slight stiffening of prices, but the closing tone was heavy. A net loss of 1.1 points carried the composite for 90 shares to 100.2 compared with the June minimum of 96.9. Sales fell off to 1,510,250 shares, about half a million under yesterday's volume.

President Can't Go Fishing Like Jim Couzens Can

Glacier Park, Mont.—President Hoover would have been fishing had he been free to take a vacation this summer, said his close friend, James Francis Burke, of Pittsburgh, general counsel of the Republican National Committee, while visiting Glacier National Park.

"Your devotion to duty has deprived you of a vacation in the world's most beautiful spot," Mr. Burke wired to the President. Mr. Hoover planned to come here last year, but press of business prevented his taking a vacation. Again this year, he was unable to come to Glacier Park.

"Knowing President Hoover's eagerness to fish in the trout-filled lakes and streams of Glacier Park, I consider he made a tremendous sacrifice in staying in a sweltering Washington. Nothing in the world equals Glacier Park for sublimity of scenery," Mr. Burke said.

"The best fishing in my life" was the way another visitor, Senator James Couzens of Michigan expressed his pleasure after several days here with six members of his family.

The Couzens party visited nine national parks in five weeks. "I'm thoroughly converted to the idea. 'See America First,'" said the millionaire senator. "Americans who chase off to Europe are missing the most wonderful scenic grandeur in the world right at home. Here in Glacier Park is alpine scenery. Here are scores of lakes as beautiful as Lake Lucerne."

While Senator Couzens was fishing at Swiftcurrent and Two Medicine lakes, Senators Thomas J. Walsh and Burton K. Wheeler, who spend the summer here, were enjoying angling for trout across the continental divide on the west side of the park.

DAYS MARKETS IN BRIEF

New York, Sept. 10 (AP)—Stocks heavy; many rails touch new lows. Bonds irregular; foreigners and utilities lower. Curb heavy; utilities soft. Foreign exchanges easy; Canadian touches new 1931 low. Cotton lower; favorable weather, increased southern selling. Sugar steady; firm spot situation. Coffee higher; steady Brazilian markets. Wheat firm; firm cash markets, better export demand. Corn easy; favorable Iowa and Nebraska reports. Cattle irregular.

Bonds Decline As Volume Increases

BOND MARKET AVERAGES (By The Associated Press) Table with columns for Today, 10 Days, 30 Days, 90 Days, 1 Year, 2 Years, 3 Years, 5 Years, 10 Years, 20 Years, 30 Years, 40 Years, 50 Years.

New York, Sept. 10 (AP)—The bond market declined irregularly today as the volume increased.

Sales on the stock exchange aggregated \$12,000,000, the largest total for a full session since July 15 when the turnover amounted to \$13,288,000. The total yesterday was \$9,994,000. The average price of sixty representative issues consisting of twenty bonds each of the public utility, railroad and industrial groups made another new low record at 91.1, a loss of three tenths of a point for the day.

Foreign loans provided many of the largest losses. German 5 1/2 and 7s reached new low levels at 47 1/2 and 72 respectively and closed with respective net losses of 5 and 6 1-8 points after partial recoveries. Other German issues and bonds of Austria, Hungary and Argentina also lost sharply. The new 3 per cent United States Treasury bonds of 1951-55 closed at 98 1/2 bid 99 5-8 asked in the over-the-counter market, which represented a new low level. Trading in them was moderate. The turnover in several of the older Treasury and Liberty issues was heavier and all of them reflected selling pressure.

Utility Weakness Drags Curb Lower

New York, Sept. 10 (AP)—The curb market was dragged down by the utility shares today, although many of the industrial issues and rails resisted the trend.

Trading continued fairly active. In contrast to the recent period of inertia, the market turnover aggregated 350,000 shares, only about 30,000 less than yesterday's.

Electric Bond and Share, sometimes called "the U. S. Steel of the curb," was heavily sold, breaking 2 points to a new low at 30, and recovering only fractionally. Middle West Utilities and Cities Service held about steady. American Gas and Electric, however, lost 2 points, and Common Wealth Edison, a high-priced issue, sold off 4 points to a new low for the year at 184. United Light and Power A sagged fractionally to a new low under 18.

# Peninsula Trapshooters to Meet Here Sunday

## TEAM EVENT IS DAY'S FEATURE

### Gunners Will Compete in Singles and Doubles Also

With all plans practically completed, trapshooters of Escanaba are looking forward to an enjoyable day of shooting on Sunday, Sept. 13, when they will be hosts to trapshooters of all parts of the peninsula. Shooting will begin with practice rounds at 9 o'clock in the morning and the various events will continue throughout the day.

The program planned for the day includes singles, doubles and a five-man team event. The singles event, a fifty bird event, will follow the early practice shooting. In the five-man team event each man will shoot at fifty targets and the doubles event will consist of 25 pair of targets, five pair from each station.

### Many Awards

Fifteen prizes are being offered for the various events. The prizes are now on display in the show windows of the Delta Hardware. For the singles event first prize will be a zipper bag; second, a large tackle box, and third, a Marble clamp axe. In the five-man team event each man on the winning team will receive an electric camp lantern, each man on the second high team will receive a combination set containing a Marble compass and safety match box. The prizes for first and second high gun in the doubles competition are alarm clocks of fine quality.

Trapshooters from the Sturgeon Falls Gun Club of Vulcan, Norway, Iron Mountain, Wakefield, Bessemer, Ironwood, Manistique, Engadine, and Sault Ste. Marie have signified their intention of being at the shoot. The Remington Arms company and the Western Ammunition company will have representatives here.

The staff of officials in charge of the shoot as named by the local club are: H. O. Brotherton and J. T. Sharpsteen, referees; C. R. Henderson, cashier; Lou Villemur, field captain; E. L. Brotherton, squad hustler; Vic Powers, bulletin board handler; Tom Bolger, score sheet handler; Eugene Raymond, John Fisher and Robert Burns will be in charge of the trapgun.

Escanaba shooters will hold a practice shoot at the trap grounds Saturday afternoon at 2 o'clock.

## PACKERS AWAIT SUNDAY'S GAME

### Tommy Hughitt Selected to Handle Green Bay-Cleveland Tilt

Tommy Hughitt, one of the veteran officials of the National Football League, has been assigned by President Joe F. Carr, Columbus, O., to referee the Green Bay-Cleveland game which will be played here Sunday afternoon at the City stadium. The kick-off is at 2 p. m.

Working with Hughitt will be "Icky" Erditz of Oshkosh as umpire and Paddy Driscoll of Chicago as head linesman. Both Erditz and Driscoll are new additions to the national league's officiating staff this season.

The Packers management is making arrangements to handle the largest opening game crowd in history. In other seasons, the Green Bay eleven has always prided off the lid with a non-league attraction but this season, due to a heavy schedule, the national champions will swing into action with a league tilt, which promises to be bitterly contested, as the Cleveland Bulldogs boast a lineup that should chalk up a number of victories.

A crew of men, under the direction of Marcel Lambeau, who has been in charge of Packers construction since 1919, is busy at the City stadium this week getting everything in shape for the opening game. The bleacher seats are being set up as in other years. Aside from the Packers' own portable stands, other bleachers have been borrowed from the Northwestern Wisconsin Fair association and the East and West High schools.

New goal posts will be erected; the inner fence around the gridiron is being fixed up and some carpenters are making necessary minor repairs on the big stands. There will be no change in the reserve seat sections and the entrance and exit gates will remain the same as in other years.

Brisk business is reported at the Packers ticket headquarters in the lobby of the Columbus Community club. Other places handling Packers tickets in Green Bay are Bossie's news depot, Dashieler's cigar store, Congress billiard room, Schwager's drug store, Lison's drug store, Bealleau drug store, Joe Feldhausen's, North Side Community club and John Synnes.

Tickets can be purchased out of town at the following places: Gross Hardware Co., Milwaukee, Point Sporting Goods Co., Stevens Point, Charles Destache, Sturgeon Bay, Hotel Marinette drug store, Marinette, Stangel Hardware Co., Manitowish, Seger drug store, Peshtigo, Roach sport goods shop, Appleton, R. B. Vickery company, Sausalito, Postal Telegraph Co., Manassah.

## Notre Dame Loses 14 in Backfield And Line, But Anderson Says 'What of It?'

### EDITOR'S NOTE: What of Notre Dame without Rockne?

This is the first of a series of exclusive articles in which we will find an answer to that question.

### BY JOSEPH S. PETRITZ

(Copyright 1931, NEA Service, Inc.)  
Notre Dame—When Notre Dame's football team steps onto the field Oct. 3 to open its season, it will be without 14 lettermen who helped to win the 1930 national championship.

Seven are gone from the line and seven from the backfield. At least three were popular choices for all-American honors and six were varsity players. Yet, Senior Coach Harty (Hunk) Anderson is at least moderately optimistic about the team's chances. He predicts that Notre Dame will have one of the finest lines in its history if present prospects materialize. The backfield, he says, will be weaker than last year, but they don't have to be as good because of the strong forward wall.

Both guards, Tom Kassis and Bert Metzger, the latter a popular all-American choice, are lost. "But what of this?" asks Anderson. "Last year we lost Jack Cannon and Johnny Law and at guards this year we have Norm Greeney, Jim Harris, Bob Terlaak, Bill Pierce, Nurdy Hoffman and Harry Wunsch." All six are short, stocky and fast. At this writing it looks like Harris at left and Terlaak at right, although the others are all strong and may develop as the season progresses.

At center Captain Tommy Yarr, Frank Butler, Tom Gorman and John Rogers are all back. They appeared in the order named last year and Anderson has no worry at this position. In addition, Ben Alexander, frosh sensation, has served notice that he may advance to the shock troops and even give his captain a battle. Butler, who dropped out of school because of difficulties at home, made up his missing classes in summer school.

Frank Leahy and Dick Donoghue, varsity left and right tackles at the start of the season, have also been graduated. Both were injured early in the year, however, and their places went to Al Culver and Joe Kurth, who are back. These two should continue with the first string. On the shock troops, Phil Krause and George Kozac look like the best bets.

Krause, a strapping 19-year-old who stands 6 feet 3 inches and weighs over the 200 mark, has been giving Culver something to worry about; Kozac is built on the same scale as Krause and will cause Kurth to hump. In these four men, Anderson without doubt has the best set of tackles in the country.

Three ends received their diplomas last June, Captain Tom Conley and George Vik at right, and Johnny O'Brien at left. All will be hard to replace, but Anderson thinks he has the men for the job. Both Ed Kosky and Paul Host are back at left end and will probably continue with the first and second string, respectively. Leonard Blee, sophomore, will fortify them.

Conley's steady play and inspiring leadership will be hard to equal. It will be up to Captain Yarr to furnish the inspiration and probably Dick Mahoney's task to handle his position at end with the varsity. Mahoney got plenty of experience with the shock troops last year. Hugh DeVore, freshman star last year, stands head and shoulders above the aspirants for the second string job.

The season undoubtedly will uncover a few specialty men, pass receivers, blockers or expert de-

fense men, but those named have the all-around ability to play first string ball.

Coming to the backfield, Anderson has real cause for worry. Only Marcy Schwartz is back. Although Notre Dame has never had what might be truly called a one-man team, the left half usually stars. Bernie Leahy, second string man, has been lost to this position, but Mike Koken is back.

George Melinkovitch, a Toole, Utah, lad, may step into Leahy's shoes if he possesses all the characteristics of a great triple-threat star. At any rate he will give Koken a battle for the privilege of understudying Schwartz. Frank LaBorne, another sophomore, is slated to travel with the first squad.

The withdrawal of Joe Savoldi and the graduation of Larry Mulline and Al Howard has necessitated the shifting of Nick Lukats, left halfback, to fullback. Dan Hanley, reserve last year who was dropped at the half because of scholastic difficulties, has attended night school and summer school and has been restored to the good graces of the faculty.

Fritz Staab, Steve Banas and Jimmy Leonard, the latter a freshman, will supplement the other two varsity prospects. While Lukats will probably start with the first string because of the jump he got on Hanley in spring practice, Hanley is not far out of the picture and may advance to the varsity.

Commencement cleaned house for Notre Dame at right half when Marty Brill, Paul (Bucky) O'Connor and Clarence Kaplan all went into coaching positions. Joe Sheeketski is the only letterman back for the position. Carl (Stumpy) Cronin, quarterback last year, has been shifted to right half where his 185 pounds of dynamite blocking ability should win him recognition.

Ray Brancheau of the freshman squad is ideally equipped physically for the quarterback position and he seemed adept at learning the Notre Dame system in spring practice. In addition to his blocking ability, Brancheau has a penchant for snatching passes, he can carry the ball, and he punts better than average. Vaparin of the freshman squad is another likely man with speed, weight and courage.

Frank Carideo was the only quarterback lost by the diploma route, but Anderson would have been willing to lose every other signal caller on the squad if he had this all-American field general back. His graduation leaves another wide open position. Charles Jackwisch, shock troop man last year, was being propped by Rockne for the post and seems the logical successor. He can pass, block and kick and his choice of plays leaves little to be desired.

In Laurie Vetar, Emmett Murphy and Joe Foley, however, he will find plenty of competition. Vetar has never been in the picture much but he, like the other two named, possesses plenty of confidence, a good head and all-around ability.

Murphy is perhaps the best strategist on the squad and we pick him to run the team when gray matter is needed in a tough spot. Foley has many of the physical characteristics of the great Harry Stuhldreher of the 1924 eleven and has developed fast in practice.

Leaving out the element of chance, injuries, the fact that each year two or three unknown reserves or freshmen develop unexpected talents, and the fact that a great practice player may not have the emotional equipment for actual competition, we find that

### Regular Army Man Is Pistol Champion

Camp Perry, O.—Sergeant John Carlson, 4th Infantry, Regular Army, of Fort Missoula, Montana, won the National Individual Pistol Championship of America when he shot a score of 271 out of a possible score of 300. He defeated 637 competitors. Second place was won by Second Lieutenant Charles F. Densford, Field Artillery, Regular Army, of Randolph Field, Texas, whose score was 268. Densford's home is at 524 South Ninth street, Salina, Kansas. Third place went to Mr. Frank L. King, California civilian, of 509 Lincoln Avenue, Pasadena, California, whose score was 264.

The winner of this national title in 1930 was Gunnery Sergeant Henry M. Bailey, United States Marine Corps. This was the first time since 1927 that a regular army entrant won first place. The regular army won the event in 1927, in 1925, in 1924, in 1922, in 1919, in 1916, in 1909, in 1906, and in 1904.

## DETROIT BEATS BOSTON BY 3-0

### Tommy Bridges Lets Sox Down With Six Hits in Series Opener

Boston, Sept. 10 (AP)—Detroit took the opener of its final series of the year in Boston today as Tommy Bridges shut out the Red Sox, 3 to 0. The Tiger hurler held the Sox to six hits while his mates were making seven off Wilcy Moore and Hod Lisenbee.

Dale Alexander made one of the longest home runs of the season here in the ninth when he drove the ball over the picket fence in deep center field, a distance of about 450 feet.

## BOXING

Boston, Sept. 10 (AP)—Ernie Schaaf, slugging Boston heavyweight, registered his 8th consecutive knockout here tonight by flattening ponderous Roberto Roberti, New York Italian, in the third round of the Arconne A. A. feature contest, scheduled for 10 rounds. Schaaf weighed 207 and gave away 17 pounds to the latest victim of his savage head hooks.

Philadelphia, Sept. 10 (AP)—Lew Massey, Philadelphia battler, scored a third round technical knockout over Midget Fox, of Conshohocken, Pa., in the windup of the Broadway boxing show tonight. The fight had been scheduled for eight rounds.

## Kipke Has Good Squad To Start 1931 Season

### BY MERLE OLIVER

Ann Arbor, Mich., Sept. 10 (AP)—Sixteen veterans, nine of them considered regulars on the Big Ten Conference co-championship team last year, form the nucleus around which Coach Harry Kipke will build his 1931 University of Michigan football machine.

The 1930 team had its stars but several of them spent most of the season on the sidelines with injuries and thus remain almost unknown quantities. Kipke was forced to develop new material from week to week with the result that he now appears to have an over-supply for some positions, especially the ends.

### Second Oosterbaan?

Flankers who played last year and will be out for the opening practice Sept. 15 include Stan Hozer, Roddy Nox, Norman Daniels and Ivan Williamson. Bill Howitt, considered one of the best ends on the squad last season, was out of the game most of the fall with a fractured ankle. Hewitt is in shape this year. Ted Potoskey, touted as a second Benny Oosterbaan, is the outstanding sophomore end candidate.

Almost equally keen competition is expected in the battle for places in the back field, with the veterans, Harry Eastman, Charles DePaker and Estel Tessmer, and two or three promising sophomores—Herman Everhardus, Stan Fay and Jack Heston, son of the famous Willie Heston—competing for the places made vacant by graduation of Captain Jim Siffrial and Jack Wheeler. Captain Roy Hudson, full-

back and exceptional blocker, and Harry Newman, forward passer, whose throwing arm was responsible for some Michigan victories last year, are leading candidates for backfield places.

Kipke has Maynard Morrison, diagnostician of enemy plays, for the center of his line and has good material to develop for other places in the forward wall in addition to the veteran tackles, Tom Samuels and Howard Aur and Omer LaJeunesse, guard.

During the spring practice the Michigan coach designed several plays from punt formation to bolster up his running game. Michigan will continue to use its punt formation for the start of the majority of plays. This system has been in vogue at Ann Arbor since the days when Fielding H. Yost was in active charge of the team, with modifications to meet rule alterations and changed conditions.

The Michigan schedule, games at Ann Arbor unless otherwise noted: Oct. 3—Central State Teachers and Michigan State Normal (double-header).  
Oct. 10—University of Chicago.  
Oct. 17—Ohio State.  
Oct. 24—Illinois at Champaign, Ill.

Oct. 31—Princeton at Princeton, N. J.  
Nov. 7—Indiana.  
Nov. 14—Michigan State College.  
Nov. 21—Minnesota.

"Mule" Yarborough, Clemson tackle, will stick to football. He's not playing this year, but will coach at Bartow, Fla.

## BURKE FIRST AT GLEN FALLS

### Open Champion Captures New York Golf Meet With 284 Score

Glen Falls, N. Y., Sept. 10 (AP)—Billy Burke, playing in his first tournament since he won the national open championship at Iverness in July, today won the third annual Glen Falls open as his two rivals, John Golden and MacDonald Smith faltered on their last rounds. Burke's final round of 69, one under par, gave him a 284 for the 72 holes.

Burke ran away from the field on the last round, finishing five strokes ahead of Smith and Golden, playing together, tied for second with two. Golden could do no better than 75 on the last round and Smith had a 73 ticket. Burke won the first Glen Falls open two years ago.

Stretching way back of the leaders were Ed Dudley, western open champion, Gene Sarazen, former open champion, Henry Cluet, Stratford, Conn., who paced the field yesterday, Johnny Farrell, erstwhile open title holder, Joe Turnesa and George Von Elm.

Burke, in addition to winning a second leg on the west trophy, also pocketed \$1,000. Tony Manero, Norwich, Conn., winner last year, was far back in the pack with a 294. Golden and Smith divided second and third place money, \$1,050, and McIntyre and Creavy split the cash awards for fourth and fifth, \$425.

# Canzoneri Whips Berg in 15-Round Title Fight

## BRITISH BOXER FLOORED TWICE

### Lightweight Champion Is Decisive Winner at Polo Grounds

BY EDWARD J. NEILL, (Associated Press Sports Writer) Polo Grounds, New York, Sept. 10 (AP)—Tony Canzoneri, brilliant champion of the lightweights, flayed Jackie Kid Berg into defeat again tonight and once and for all hammered all the title aspirations out of the British challenger.

For fifteen rounds, with only a break here and there as the grinning Italian chose to be merciful, Tony battered the thin-faced Englishman around the ring in the National League ball yard while 17,000 of the faithful, who paid \$45,000 to see the duel, cheered, groaned and sometimes booed.

**Floored in First**  
Twice Berg was knocked down for counts of nine, the second time by a left hook to the body that was palpably low, and a half dozen times he reeled, bleeding and groggy, scarcely able to keep his feet under the punishment the flashing champion dealt him.

Berg, lacking in the early rounds much of the dash and incessant punching ability he displayed in his rise to the position of a title challenger, was called "under the gun" by Canzoneri's whistling right hand and he went down for a count of nine before the first round was half over. For a few seconds it seemed that the Englishman would not go as far as he did in Chicago, when Canzoneri knocked him out in two rounds, but Jackie rose and finished the round without running into further trouble.

The second time Berg was on the floor, in the eighth round, the blow that dropped him would have cost Canzoneri his title on a foul if tonight's duel had been fought before the New York State Athletic Commission outlawed low blows. A left hook that landed deep in foul territory dropped Jackie groaning but there was nothing the referee, silver-haired Patsy Haley, could do but count nine over him. Berg came up without trouble but this time Tony lashed him about the ring under a volley of vicious body blows and while the crowd roared its disapproval Jackie stumbled through the bombardment to the bell.

### Terrific Beating

Aside from these two rounds, the highlights of the evening, Canzoneri fought the battle of a master, battering Berg ceaselessly in all but three rounds where he tried to outslug the game but weakened Englishman at close quarters. Here Berg, a piston-shooting dynamo at close range, managed to outmaneuver the champion and win the fifth, sixth and tenth rounds. Despite the knock-down he suffered, Berg was credited with the eighth round because of the low blow that floored him. The fourteenth round was even.

For the remainder of the distance Canzoneri gave Berg a terrific beating. In the first round, before flooring the Englishman, Canzoneri opened a gash in Berg's eye-brow with a right hand smash. Within two more rounds he had Berg's nose bleeding and in the late rounds he cut Berg again with his accurate punches about both eyes. The Englishman scarcely was able to stagger through the last five rounds as Canzoneri stood off and blasted his head and body with rocketing left and right hand smashes. But he never quit trying, however, and at times Tony seemed to let him rest and regain the stamina necessary to carry him through the entire fifteen rounds.

## Necos and Plant Will Merge for Challenge Game

After the Necos and Wells Plant play off their tie for the city championship at Sunday 2 diamond at 2:30 Sunday afternoon, five men from each team will challenge any other team in the city. Manager Pintler of the Necos announced yesterday. The first team to signify willingness to play the challenge battle will get the call. Managers will have to register at Needham's with Mr. Pintler.

St. Louis, Sept. 10 (AP)—Hurting shut-out ball for eight innings, although weakening temporarily in the ninth, Bill Hallahan scored his 16th victory of the season for the Cardinals here today as the National League champions turned back the Boston Braves, 7 to 3, in the first of a three-game series.

## Cincinnati Beats Brooklyn Dodgers

Cincinnati, Sept. 10 (AP)—After seven innings of a close duel between Red Lucas and Dazzy Vance that gave Cincinnati a 2-1 lead, the Reds broke loose against Jack Quinn in the eighth and trounced the Brooklyn Robins 5 to 1.

## Earnshaw Wins His 19th Victory, 6-3

Philadelphia, Sept. 10 (AP)—George Earnshaw, right handed ace of the Philadelphia Athletics, turned in his nineteenth victory of the season today as the champions defeated St. Louis 6 to 3.

## Pirates' Streak Is Broken by New York

Pittsburgh, Sept. 10 (AP)—The New York Giants halted the Pirates' winning streak today when they pummeled Remy Kremer for five hits in the first inning and took the series opener 6 to 1.

## CUBS ASSAULT PHILLIES, 17-4

### Chicago Nationals Win Behind Malone, Get 21 Safeties

Chicago, Sept. 10 (AP)—The Cubs broke a nine game losing streak this afternoon when they slaughtered the Philadelphia Phillies by a 17 to 4 score. It was the first league victory for the Bruins this month, and enabled them to gain a game on Brooklyn for third place.

The Phils, weakened by the absence of Chuck Klein, who is suffering from lumbago, were in the ball game for four innings, but in the fifth Chicago scored nine runs off Jim Elliott and Watt, and after this continued to score freely in every inning. Gabby Hartnett driving home six runs with a home run, a double and two singles.

Every Cub who was in the starting lineup got one or more hits during the melee. Malone and Hurst also hit home runs. In the second inning, Vince Barton scored the first Chicago run when he raced all the way home from second on Dan Taylor's long fly to Brickell in center field.

Pat Malone, making his first start after his recent fine by the club, was a fair pitcher, and aided by the heavy attack of his mates had little trouble getting his 13th victory of the season.

## St. Ignace First Foe of Cook's Grid Squad

### Crowley Plans to Keep Out Large Crowd of Sideline Experts

Manistique high school's 1931 grid machine will start the season's football campaign here Saturday afternoon at 3:00 o'clock when Coach Cook's eleven meets the strong St. Ignace team in what promises to be a red hot battle.

The Red and White squad has been putting in some hard practice sessions for the past ten days and should give a very creditable account of themselves considering the earliness of the season. The team will be lighter than that which represented Manistique last year, but will be every bit as fast.

Fifty candidates have reported to Coach Cook this fall and eight let men back, a formidable eleven is in prospect of defending the red and white reputation this year. While a few vacancies have popped up in the line, the backfield will have to be almost entirely built over with Ekdahl, last year's star, as the nucleus.

### New Backfield

Backfield candidates who have shown well to date are Robert Marks, Jack Orr, Bruce Peasey, Louis Rogers, Sylvester Rubich, Elmer Knuth and Clayton Burrell. Jack Southard, another back, has not returned to school on account of illness, but is expected to be in the fold next week.

In the line, Coach Cook is pretty well fortified at tackle with two veterans from last year, Capt. Charles Burley and Walter Neesman, and also has promising material in Boyd Bolitho, Bert Barr and Jack McIntosh. Walter Morrison's shoes at center will be hard to fill, but some capable young man may show ability before the season is well underway. Harry Dewey, Orville Houghton, Carl Mumford, William Morrison, Ray Berger and Vern Johnson are trying out for the post.

Guards also are one of the unknown quantities with Stanley Norton, Sylvester Rubich, Stephen Schultz, Boyd Bolitho, and Ray Berger being groomed for the berths. The two end posts will be well taken care of by Wes Orr and Dick Hudson, two veteran campaigners from last season. Elmer Knuth, Harold Hupfer, Sylvester Rubich, and William Robertson should supply sufficient reserve material at the wings.

Recruits who will not doubt be heard from in a few years to come when they have put on some more avoirdupois are George Lesica, Clifford Lied, Dudley Powers, Robert Shampine, Lloyd Aytte, Walter Kandal, Sigurd Carlson, Roger Christensen, George Gage, Robert Gardner, Elmer Garvin, Francis Lyntz, Harold Peterson, Harvey Tutnell, Eldon Walker, Frank Wilcock, and Philip Barnes.

In order to see what his new men can do under competition, it is expected that Coach Cook will shoot into the lineup as many players as possible. Dick Mueller will referee; Oscar Wassberg will act as umpire; George Nicholson, field judge; and Earl Bond with Walter Morrison as his assistant, will act as head linesman.

## CLOSED DOORS FOR SPARTANS

### Crowley Plans to Keep Out Large Crowd of Sideline Experts

East Lansing, Sept. 10 (AP)—The general public has only one more day to gaze upon Michigan State's 1931 football varsity without restriction.

### Team Nearly Picked

Joe Kowatch of Ionia, destined to leave his favorite stamping ground in the backfield this year for an end, reported today for the first time, as did Lester Exo, 230-pound tackle from Holland. Exo's weight is relied upon by coaches for reserve strength.

Crowley continued to stress the importance of the Army engagement October 10, the third game of the season, by dishing out a flock of the academy plays today.

While other mentors may have trouble assimilating their material this fall, Crowley has virtually determined his first-line troops. Indications point to a strong offensive backfield and a capable, tough line.

Meiers, the Muskegon blond, will return to his center post, to be flanked by Captain Gross and Handy at the guards. Brunette will again be at a tackle along with Buss. Vandermeer, Fase, and Kowatch are the pick of the end material. In the backfield Crowley will have Jones at quarter; Monnett and Ellowitz at the halves, and McNitt at fullback. Fase is expected to report for practice tomorrow.

New York, Sept. 10 (AP)—Herb Freeman, promising New York heavyweight, threw Andy Zaharov of Russia after 16 minutes and 32 seconds of wrestling in their finish bout that topped the Coliseum mat program tonight. Each weighed 220 pounds.

ley today announced that the first of the "secret-practice" orders of the season will go into effect Saturday. Gates to the practice field will be closed except to a few veteran fans, alumni, and newspapermen who will be admitted by card.

The third day of early practice brought the first casualty of the season and the arrival of two more important cogs in the Crowley machine. Arthur Buss, sensational sophomore tackle, from Benton Harbor, suffered a severe bump to his shoulder, but his injury is not serious and he probably will be able to resume practice tomorrow.

### SHOOTS SELF IN FIT OF DESPAIR

#### W. H. Hodgson, 65, Says Future Offered No Encouragement

Despondent, he said, because of the lack of work and an uncertain outlook for the future, William H. Hodgson, 65, stepped out into the alley in the rear of his rooming house at 319 Ludington street, about 7:15 Thursday morning and shot himself through the side under the heart with a .38-30 rifle. He was taken to St. Francis hospital, and attending physicians last night gave him a chance for recovery.

Hodgson was formerly a mining engineer and also a diamond driller. He has traveled extensively, and is a college man. He was a member of the engineering crew on the Panama Canal construction project. For the last three years he had been rooming at the home of Mrs. Martha Woodie, 319 Ludington. For about two months this summer he worked with a road construction crew, but had been unemployed for about a month.

At the hospital, after the shooting, Hodgson said:

"I was out of work and could see no future for myself. I was so discouraged."

Two daughters, one of them residing in Chicago, and another, Mrs. Walter Friedstrom, of Iron Mountain, were summoned to Escanaba yesterday.

The rifle, picked up by police called to the scene of the shooting, was an old model, and had five notches carved on the stock.

### Esqu High Students Nominate Leaders

As a preliminary to the season's activities of the various groups at Escanaba high school, nominations for class officers in the junior and sophomore classes were held at the school yesterday.

The junior class nominated the following slate of candidates: for president, Robert Bartella and Harry Monson; for vice president, George Labre and Doris Thomas; secretary, Eugene Hebert and George Moersch; treasurer, Anton Abel, Elveda DeLoria and John Manley.

Sophomore nominees are: Leo Alperwitz and Donald Lemire for president; Esther Bergman and Dorothy Cox for vice president; John Blissell and Richard Carlton for secretary; and Bernice Groth and Polly Haddock for treasurer.

Senior nominees for class officers will be announced as soon as the nominating ballots have been tabulated. The election of the officers of the classes will follow in a few days.

**Road Finished**—Traffic has been opened over the new Iron Mountain-Pine Creek road, completed recently by the Peterson Construction company of Escanaba, and also over the Norway-Pine Creek route, built by Stephen Benzie of Norway.

**New Service Manager**—Ben Barnett of Escanaba has been engaged as manager of the radio service department of the E. O. Anderson company, dealers in radios, refrigerators and other electrical appliances.

**Whale Leaves Today**—Big crowds have been gathering to view the whale and baby whale exhibited in a special railroad car on Stephenson avenue at the E. & L. S. depot. Lectures by Captain David Barnett, veteran whaling master, who tells "That's the way they bile the oil," have been one of the most popular features of the show. He spoke in three local schools yesterday. The whale exhibit will close its engagement in Escanaba today at 4 p. m., leaving for Negaunee tonight.

**Jitney Dance**—The regular weekly dance will be held tonight at the Coliseum. Music will be furnished by Butay Gray's Collegians from Wisconsin. Dancing will be from 9:30 to 12:30.

**Whaler to Speak**—Captain David Barnett, Pacific coast whaler, will speak to the students of the senior high school during the assembly period at 10:11 this morning. Captain Barnett, who is in Escanaba exhibiting a preserved whale and baby whale, is an interesting talker and his lecture on whales and whaling should prove of more than ordinary interest to the students.

**Musical Assembly**—The Gleisner twins, Virvan and Lillian, entertained the students of the senior high school during the weekly musical assembly at the high school on Thursday morning. R. P. Bowers of the school music department was in charge of the program which included a school sing.

**Football Ticket Sale**—Season tickets for the Escanaba high school football games will be on sale in all buildings of the system today. The special low student price will apply to students of the grades and junior high. The funds from the ticket sale are to be used for the purchase of equipment to outfit the players. ### WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. One blasts up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't take any liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931 C. M. Co.

### CHAMPION DOEG BEATS SHIELDS

#### Lott, Perry and Vines Also Advance Into Net Semi-Finals

**BY GAYLE TALBOT**  
(Associated Press Sports Writer)  
West Side Tennis Club, Forest Hills, N. Y., Sept. 10 (AP)—John Hope Doeg, the champion, proved to the satisfaction of some 5,000 spectators today that talk about his abdicating the tennis throne was a little premature. He polished off Francis X. Shields, the country's ranking No. 2 star, in four sets, just as in the finals of the 1930 tournament. The score today was 6-2, 11-9, 4-6, 8-6.

Shields put up a mighty struggle, but in the end fell victim to the champion's blazing service. Only four times in the match could he break Johnny's service, and he was aces 14 times. Behind this bulwark, Doeg had only to bide his time until Shields wobbled on his own service and then crash through to victory.

**Vines Advances**  
Today's triumph put Doeg into the semi-finals of the Golden Jubilee tournament along with a trio who covet his crown. Ellsworth Vines of Pasadena, California; George Lott, Jr., of Philadelphia, and Frederick J. Jerry, England's lone surviving hope. Tomorrow he faces Lott, who has been playing brilliant tennis all week, while Vines and Perry will

### Six Candidates In Field for National Legion Commander

Candidates for national commander, the highest office in the American Legion, will begin opening headquarters here within the next few days in advance of the national convention of the Legion which opens in Detroit a week from next Monday.

Michigan, because it is the host state, probably will play a small part in the campaign in advance of the election of national commander to succeed Ralph T. O'Neil, of Kansas. Among the strong candidates now in the field are Henry Stevens, of North Carolina; Edward Dunlap, of Georgia; George Malone, of Nevada; H. Nelson Jackson, of Vermont; Ray Murphy, of Iowa, and John A. Elden, of Ohio.

Lott alone was extended to five sets in his quarter-final bout today. He made a valiant comeback after losing two sets to eliminate his fellow townsman and Davis Cup doubles mate, John Van Ryn, 5-7, 1-6, 6-0, 7-5, 6-1.

Perry overwhelmed Frank Rowden of New York, 6-2, 6-3, 6-4. Vines took care of the tournament's other "dark horse," Berkeley Bell, of Texas, 6-1, 6-1, 8-6.
