

**Emergency Fields Located by State Aeronautics Board**

The locating of emergency landing fields is the purpose of a tour of the upper peninsula now being made by Major Floyd E. Evans of Detroit, director of the state board of aeronautics, and Tracy Southworth, Monroe, member of the house aviation committee.

Harold Fuller, formerly of Ford River, now accountant in the state auditor general's department, accompanied the aviation authorities to Escanaba in their plane. They flew on to Crystal Falls, where they were joined by Representative Joseph Green in the survey of possible landing fields there.

Mr. Fuller will rejoin them at Crystal Falls today, and will accompany them on their tour of the copper country, Marquette and Sault Ste. Marie, and their return trip to Lansing.

At the last regular meeting of the state air board, eight state emergency landing field projects were approved for development by the state from the "state aeronautic fund." The last session of the state legislature placed all funds collected from the aviation gasoline tax in this "aeronautic fund" and informed the state administrative board to expend money from it upon recommendation of the board of aeronautics, for the purpose of developing landing fields deemed necessary, for the purpose of safety. The action on the part of the air board establishes a precedent in Michigan, and it is the intention to provide landing facilities at frequent intervals along all the main lines of air travel.

The population of the Netherlands at the first of the year was estimated to exceed 7,000,000, an average of more than \$10 to the square mile, as compared with less than 40 in the United States.

**Osborn to Address Bus Association's Meeting at Blaney**

Blaney Park, Mich., Sept. 29. (Special)—The Michigan Motor Bus association will hold its annual convention at Blaney Park on Oct. 19 and 20. This is the first meeting of the association in the upper peninsula. Former Governor Chase Osborn will address convention dinner on Tuesday evening. The public is invited to attend.

**Chest Clinic This Afternoon**

A chest clinic will be conducted at the office of Dr. H. J. Defnet, City Hall building, this afternoon by Dr. J. W. Toway of Powers. The clinic will begin at 2 o'clock.

**Victim of Accident Is Leaving Hospital**

Joseph Dobbs, 75, whose home is at 1654 Washburn Avenue, Detroit, will leave St. Francis hospital today for Milwaukee where he will be cared for at the home of his daughter.

Mr. Dobbs, who was enjoying an automobile trip through the upper peninsula, met with a serious accident on highway M-35 between Rock and Perkins August 19 when the car in which he was riding went into the ditch after striking some loose gravel.

Mr. Dobbs suffered a broken neck, internal injuries and serious injuries to his right arm. He was rushed to the local hospital where a special brace was fitted to the broken neck and after a few weeks time the arm which had become totally paralyzed showed a marked improvement. An aluminum brace with light steel supports has been made for Mr. Dobbs and he will probably wear this for a few months before being entirely well. His daughter, Miss Olive Dobbs who has been with her father continuously since the accident will return to Detroit to resume her position as a teacher in the public schools of that city.

**Kilpatrick Will Address Meeting At Junior High**

LEWIS H. KILPATRICK

Lewis H. Kilpatrick, assistant national director of war service for the American National Red Cross, and immediately responsible for this activity in the mid-western area, comprising seventeen states, with headquarters in St. Louis, has had an unusual experience which gives him an insight into the various fields of Red Cross service.

Following service in the army during the World war, Mr. Kilpatrick served as a state and local official of the American Legion with the department of Kentucky. He was active in the creation of the first Boy Scout organization in that state and served three and one half years as chairman of the Red Cross chapter at Mt. Sterling, Kentucky. Prior to joining the National Red Cross staff in the summer of 1925, Mr. Kilpatrick was a journalist by profession.

Kilpatrick has served as a field representative of the National

Red Cross in Kentucky and has had an unusual experience in the field of disaster relief, including service in the Mississippi valley disaster as area director, and as director, and as director of the eastern Kentucky flood disasters in 1927 and 28. He also had an active part in drouth relief operations, having been assigned to supervise relief work in one of the most severely affected sections of Arkansas.

He was assigned to the mid-western branch office on June 1, 1928, as staff assistant, which position he held until he was made assistant national director of war service in November 1928.

Kilpatrick will speak at the morning session at the junior high school.

**Former Clown With Ringling Show Dies**

Green Bay—John Delloye, 41, died yesterday afternoon at the home of his sister, Mrs. Emil Luecker, 1111 East Walnut street, after an illness of two years. For a number of years Mr. Delloye was employed by the Ringling Brothers circus as a clown. After several successful seasons on the road he was offered, and accepted a contract with the Roxy theaters for a piano and violin act.

At this time he was stricken with paralysis and was brought from New York to the home of his sister here. For the past year he was also blind.

Mr. Delloye was born in Green Bay, one of a family of 12 children, 11 of whom survive. They are Lieut. August Delloye of the Green Bay police force, Joseph Delloye, Mrs. Luecker, Mrs. Fred Burchley and Mrs. James Boex of Green Bay, Mrs. Henry R. Miller of Niagara Falls, N. Y., Miss Emily Delloye, Ernest and Constance of Milwaukee, Frank of DePere and James of Neenah.

The body is at the home of Mrs. Luecker and funeral services will be held Wednesday at 10:30 a. m. from St. John's church with burial in Allouez.

"Well—a little later then. If you're sure everything's all right I'll go now but I'll be back this evening. Just as soon as I can get here from work." Norma's eyes were closed and she did not answer. Chris put on her wraps, watched the other girl anxiously for several moments, finally turned without speaking and left the room.

Favorite Recipe

Betty Ann

Four of the finest apple recipes. Mrs. Rickel has had wonderful results with these recipes and she is sending them to the department for others to enjoy.

Coddled Apples  
Eight medium sized red apples. Three cloves.  
One and three-fourths cups boiling water.  
Three-fourths cup corn syrup. Wash apples and place in a rather flat saucepan with water, syrup and spices. Cover and simmer gently on top of the stove or in the oven for about two hours, turning the apples occasionally so they will not burst. When done they will be almost translucent. Remove from the pan and pour syrup over. When chilled it will be thick enough to jell.

Rice With Apples  
Thoroughly wash and boil one-half cup rice.  
Pare, core and stem three well beaten egg yolks, two-thirds cup sugar and the mashed apples. Fold in the stiffly beaten egg whites and flavor with nutmeg. Pour into buttered baking dish and bake one-half hour in moderate oven. Serve with cream, sweetened with brown sugar.

Auflauf  
One tablespoon butter  
One-half cup brown sugar  
Four apples.  
Butter pudding dish, sprinkle with brown sugar, peel and slice apples, and place in bottom of baking dish in layers until about one-third full. Bake until partly soft. Then remove dish from oven, covering apples with the following sponge cake dough.  
One-half cup sugar  
Two eggs, separated  
One and one-half tablespoons cold water  
One-half cup flour  
One-half teaspoon baking powder  
One-half teaspoon vanilla  
Pinch of salt.  
Cream yolks and sugar. Add water, flour, mixed and sifted, with baking powder, vanilla and lastly beaten whites. Bake one-half hour. Serve hot with cream or any desired sauce.

Apple Sauce Cake  
One and one-half cups stewed apples  
One-half cup fat  
One cup sugar  
One cup raisins  
Two cups flour  
One teaspoon baking powder  
One teaspoon soda  
Two eggs may be used in which case beat eggs first and add sugar and melted fat, then other materials. One-half cup cocoa and one-half cup of chopped nuts may be added.

Mrs. Frank Rickel, Route One, Cornell, Michigan.

A request was received Tuesday morning for a sweet pickle recipe, either plain or mixed. Will you send your recipes to the Betty Ann department, write them out or call The Press, 632.

Golden Wedding Day Observed by Former Residents

Mr. and Mrs. Alphonse Clement, 304 South Eleventh street, Dr. J. L. Clement and Miss Cecilia and Francis Clement have returned from Detroit where they were guests at the golden wedding anniversary celebration of Mr. and Mrs. Joseph Girard, former residents of Escanaba, and known to a number of people here.

Mr. and Mrs. Clement who were bridesmaid and best man at the ceremony fifty years ago, were at the golden wedding anniversary celebration of Mr. and Mrs. Joseph Girard, former residents of Escanaba, and known to a number of people here.

Both Mrs. Girard, who, with Mr. Girard, re-joined the marriage vows of fifty years past, and Mrs. Clement were attired in lovely gowns of brown with matching hats, gloves and slippers. Two grandchildren, Patricia O'Leary and Robert Christner, were flower girl and ring bearer at the anniversary service, little Patricia carrying a bouquet of beautiful flowers of golden shades, and Robert carrying the wedding ring of gold on a pillow.

Immediately following the services, breakfast was served to twenty-five of the couple's closest friends and relatives at the family home. Decorations with gold, the predominant note, were attractively arranged.

Mr. and Mrs. Girard, who left for an anniversary wedding trip through Canada, were presented with a number of beautiful gifts of gold.

PEWTER HOLDERS  
Some of the most attractive flower holders to be found in exclusive shops are made of pewter. One original model looks like a square box with the top cut out in a flower pattern. Beneath in the bowl of water. The cut-out sections hold the blossoms erect and make possible novel arrangements.

Anniversary

JAPAN'S DENIAL  
On Sept. 30, 1917, Viscount Ishii, head of the Japanese Imperial Mission to the United States, officially denied Japanese aggression in China.

The mikado's official spokesman likewise said that the doors of both Japan and China were open to Americans. He continued: "I am persuaded that the grumblings and the whisperings about a door closed in China by the Japanese against America did not come from the broad, and generous heart of the enterprising American in New York or elsewhere, but are the result of 10 years of an enemy's effort to create prejudice and distrust.

"We will co-operate. We will help and we will hold, each of us, what is guaranteed under that agreement."

(That agreement) was the agreement of 1903 between the United States secretary of state and the Japanese ambassador, Takahira.)

FOUR REASONS  
If your cake is coarse grained, you may attribute it to insufficient mixing; too slow baking, too much shortening, or too much baking powder. Or all four.

St. Anne's Child Study Club Holds First Meet Today

"Newer Ways With Children," by M. C. O'Shea, will be the book studied by members of St. Anne's Child Study club at its first meeting this afternoon at St. Anne's parish hall beginning at 3 o'clock.

Mrs. Henry Buchholz is the chairman of this branch of P. T. A. activity which is so greatly stressed by both the Michigan and the National Congress of the association. Child study is one of the requirements for superior rating, one of the goals set by St. Anne's P. T. A. for this year.

A large attendance of P. T. A. members is expected because of the number who have registered, signifying their intention to take part in this work.

The executive board of the unit will hold a meeting immediately following the session of the Child Study club.

HERE'S good news for coffee drinkers. The finest coffee in the world, the coffee with the finest flavor and the greatest invigorator, they now find can be drunk without anxiety by any normal person. So say 2,571 physicians\* after testing samples.

It is nature's gift that the finest coffee can be enjoyed with all its "kick"—and without a "kick-back." For the so-called coffee oils of nervousness, indigestion, headache, etc., are now known to come from the noxious, offensive oils that abound in cheap, doubtful coffees.

Central American Coffee

But in coffee from the mountains of Central America, where nature grows her finest coffee, these ill effects are absent. You can drink all you want, within reason, of this coffee. Get its fine flavor, its wonderful invigorator, without any anxiety. For these coffees are blessed by nature with a freedom from all offensive oils. And Folger packs these coffees in a key-opening vacuum tin, so they reach you as fresh as they are 30 minutes after they have left the roaster.

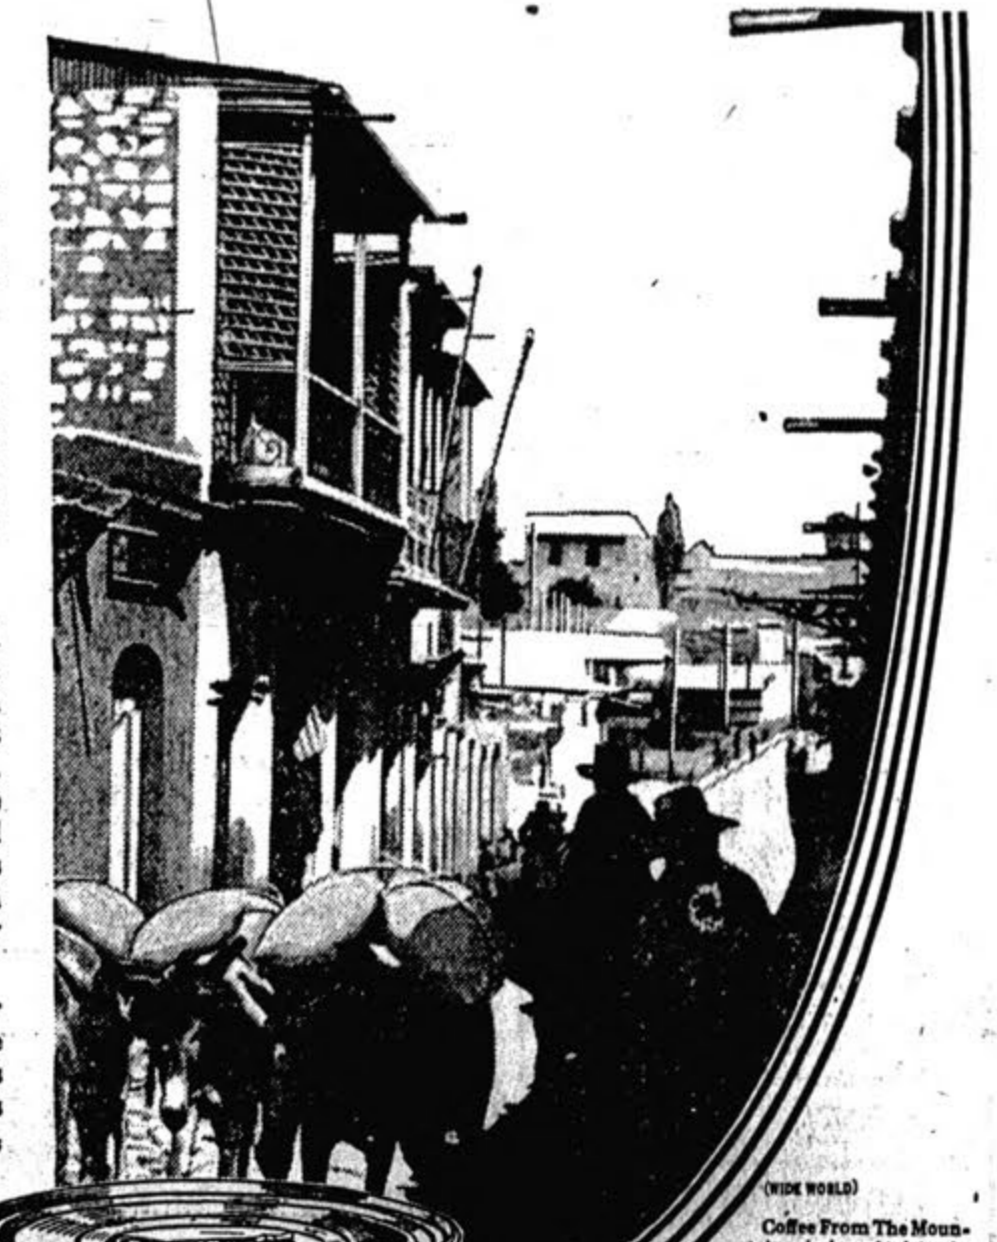

Try Folger's coffee for a week. Note its finer flavor. Note its wonderful invigorator. Note its after effects. See for yourself why it is replacing cheap doubtful coffees in thousands of homes.

\*Signed statements to this effect, from 2,571 physicians who have actually tested Folger's Coffee, are on file in our offices.

OBITUARY

JENS MARTIN LARSEN
Funeral services were held Tuesday afternoon at 1:30 at the home of Mr. and Mrs. Louis Larsen, Lake Shore Drive, and at 2 o'clock at the Norwegian Danish Lutheran church for Jens Martin Larsen of Danforth. The Rev. K. Knutsen officiated.
Rev. Knutsen chose as his text the 4th chapter, 7th and 8th verses from the second book of Timothy. "I have fought a good fight, I have finished my course, I have kept the faith. Henceforth there is laid for me a crown of righteousness which the Lord, the righteous judge, shall give me at that day." The Misses Alpha and Adele Knutsen sang a duet, "No Night There," and Arthur Anderson sang a solo, "I Have Done My Work."
The pallbearers were Axel Nyström, Magnus Monson, Christian Olsen, Knute Knutsen, Arne Bergesen and Alfred Knutsen.
The out-of-town relatives included Mrs. Antonia Anderson, Mr. and Mrs. Roy Dupuis, all of Enosha, Wis.; Clayton Johnson, Waukegan, Ill.; Mrs. R. W. Baldwin, Menominee, and Mrs. Carl Hagman, Racine. Interment was in the family lot in Lakeview cemetery.

MRS. I. B. KIRKLAND
Mrs. Katherine Stoppenbach Kirkland, wife of Attorney I. B. Kirkland of Evanston, Ill., a member of the law firm of Kirkland, Fleming, Green and Martin, died suddenly of a cerebral hemorrhage.
Mrs. Kirkland is survived by her husband and four children, Robert, Ira B., Jr., Jessie and Elizabeth.
Funeral services were held Tuesday morning at 11 o'clock at the Kirkland home at 1509 Forest avenue, Evanston. Burial will be in a family lot at Jefferson, Wis.

PETER LABRESH, JR.
Negaunee—Peter Labresh, Jr., 19-month-old son of Mr. and Mrs. Peter Labresh, farmers living at Midway, between Negaunee and Princeton, was drowned Sunday morning in O'Neill's creek, which runs through the fields of the Labresh farm.
The little tot was playing in the fields near his home and wandered to the creek, which had overflowed its banks because of the heavy rains of Friday and Saturday. Water from the creek had flowed considerable distance from the banks and the little boy disappeared in three feet of water.

When the boy's parents missed him they started searching near the creek and found his body some time later. The body had been carried down by the current of the creek and was more than a block from where he is thought to have fallen into the water.
Funeral services were held Tuesday morning.

Bears, Not Thieves
Raided Sheep Flock

Investigation of the loss of ten sheep at the Joseph Richer farm, Flat Rock, revealed that the sheep were not stolen, but were killed and carried off by bears.
Officers of the sheriff's department who visited the farm found the remains of several carcasses in the woods adjacent to the sheep pasture lot, and now Mr. Richer is out to get the four-footed robbers.

DOUGLAS GRIESEMER

As national director of public information and roll call for the American Red Cross, Mr. Griesemer has charge of organizing the nation-wide enrollment of members annually and through a continuous education program keeping the country informed about Red Cross activities.
At the request of the League of Red Cross societies he made a three months trip to Europe in 1928 to explain to many of the European Red Cross societies the methods he has followed in the United States.
One of his duties is the supervision of campaigns for relief funds following national disasters.
Mr. Griesemer first joined the American Red Cross staff at National headquarters in 1918, resigning a position as political writer and legislative correspondent for the New York Evening Mail following nine years of newspaper experience, to direct the publicity for the second Red Cross Roll Call. This was the Christmas Roll Call of the final war year.

Home Should Be Well
Constructed All Over

A home that is really safe and healthful to live in is safe all the way; from top to bottom; chimney to foundation. Never is this fact more clearly demonstrated than in the winter. If house trouble begins, it usually begins in the foundation, the walls, the plaster, or the chimney. Now is the time to forearm against any such trouble.
The foundation itself can be a source of great difficulties. Cracks are fissures in foundation walls and the falling out of mortar from between joints are among the most common faults. Small cracks may become larger from action of the winter weather. Frost has a tendency to attack the weak spots and do its part in increasing the damage. Water seeping through the cracks gradually wears away the material and causes it to crumble and fall away. The results of these failures are far-reaching, and, if not remedied, may result in still further damage, not only to the walls, but the structure they support.
Foundation Repair
Minor cracks in foundation walls are quickly, inexpensively repaired. If, however, a wall is badly cracked and crumbled beyond the aid of

minor repairs, it may be essential to reconstruct all or part of the wall.
Since a wet cellar often results from water penetrating the walls or floors, provision should be made to carry off this water before it comes in contact with the foundation. Where down spots are not connected with the sewers, it is advisable to place a spatter board or splash block at the outlets to throw the roof water away from the wall. Quick shedding of water may also be accomplished by proper draining. Waterproofing and drain tiles around the footings are often necessary.
Cracks in Exterior Walls
Since the widespread use of stucco, cracks are among the most common defects to be found in exterior walls. If cracks are unsightly or large enough to admit moisture which may damage underlying structure and interior walls, it is advisable to repair them.
Forty reasons have been found for cracks in ceilings and interior walls. Which makes it easy to understand why almost every household suffers, in one way or another, from this trouble. Structural cracks, map and shrinkage cracks, loose plaster, holes in plaster, bulged or

hanging plaster, should all be repaired as soon as possible. Prompt plastering should not be considered an expense, but an economy. It may be suggested here, parenthetically, that it is extremely worthwhile and cheap to whitewash a dark cellar.
The chimney should be carefully inspected for flaws. Sometimes there is leakage through the joint between the chimney and roof, caused by the chimney foundation's settling, or vice versa, by the chimney foundation's not settling and the frame's shrinkage and settling. If the top of the chimney is not properly covered with a coping or chimney top, water may run down between the bricks and the flue lining to stain the wall surfaces below. The connection between the roof and the masonry of the chimney should be flashed with metal to turn the water away from the joint. Chimney repairs, highly important as they are, cost little.

One Criminal Case
Remains on Docket

Non-jury civil matters were taken up in Delta county circuit court yesterday, and no jurors were on duty.
The jury session will be resumed this morning when members of the jury list will again report for duty. One remaining criminal case scheduled for jury trial will probably be started today. In this case the city of Gladstone is the plaintiff, and the defendant is Violet Youngman, also known as Violet Williams. The charge cites "indecent, lewd and boisterous noise and disturbance in and about her residence and beer dispensary."
A number of jury civil cases are listed for trial this week, and the term is expected to extend through Friday. Sentences will be given out by Judge Frank A. Bell sometime during the week.

HOME is once again "Home Sweet Home". Abnormal times have, in this respect at least, brought about a return to normalcy. The family hearth, which seemed to totter a few years ago, is once again firm and flourishing. Home has regained its original meaning as a place to be lived in; as a place of shelter, comfort and happiness.

What, better time, then, for making your house more attractive, more comfortable, or increasing its value? Especially with repair and remodeling costs lower than they have ever been or probably ever will be. Throughout the nation, home-owners are taking advantage of an unprecedented opportunity. They are "fixing up for winter" and for many winters to come. Instead of putting off needed repairs, they are retarding depreciation

and saving substantial sums of money by repairing now. Instead of waiting until prices rise to remodel or modernize, they are having it done now. There is still another reason for having your home taken care of immediately. Unemployment! There are thousands of skilled workers waiting for a chance to sell their services. The burden of their unemployment rests not only upon themselves, but upon you.

Inspect your home thoroughly, or have it inspected—exterior and interior. Find out what repairs are needed. You will save considerably, but you will also be doing your part to relieve Unemployment and hasten the return of good times. The finest of materials, the most expert of workmen, are available to you at the lowest possible prices. Let them "fix up your home for winter."

### YANKEES LEAD CANADIAN MEET

#### Nine American Women in Running for Golf Championship

Toronto, Ont., Sept. 29 (AP)—Nine players from the United States, two from England and five from Canada moved into the second round of the Canadian women's golf championship today.

All the outstanding favorites, including the defending champion, Maureen Orcutt of Englewood, N. J., disposed of their first round opponents with ease. Advancing to the second round along with Miss Orcutt were such formidable contenders as Mrs. O. S. Hill of Kansas City, Marlon Hollins of Santa Cruz, Calif., former American champion, Virginia Van Wie of Chicago, Ada Mackenzie of Toronto, Mrs. W. G. Fraser, the former Alexa Stirling, of Ottawa; and Enid Wilson and Marjorie Kerr of England.

Miss Orcutt, the medalist, overwhelmed Mrs. L. G. Riley of Pittsburgh, 7 and 6, the same count by which Mrs. Hill put out Mrs. Cecil Cowan of Toronto.

Miss Wilson wins

Miss Hollins had no trouble with Mrs. Ronald Holmes of Toronto, whom she defeated, 7 and 6. Miss Van Wie eliminated Rosemond Sherwood of Stockbridge, Mass., 5 and 2.

The British entrants scored easily, Miss Wilson, British champion, conquering Martha Brewer of Weston, Mass., 6 and 5 and Miss Kerr putting out Mrs. R. W. Gouinlock, Toronto, 5 and 4.

One of the big surprises was the defeat of Mrs. F. J. Mulqueen of Toronto by Mrs. John Arends of Detroit. Mrs. Mulqueen led by five holes with only six to play at the 12th, but the Detroit star came back to win six straight holes with only six to play at the 12th, but the Detroit star came back to win six straight holes and the match, climaxing this spectacular rally by sinking a 25-foot putt on the home green.

Other American survivors were Mrs. Harley Higley of Detroit, who eliminated Mrs. Eric Phillips, Toronto, 6 and 4; Mary K. Browne of Cleveland, who defeated Helen Lawson of Chicago, 2 and 1; and Mrs. Arthur Harrison of Buffalo, who disposed of June Beebe, Chicago, also by 2 and 1.

He was born in Escanaba July 17, 1893 and attended the Escanaba Public schools. He also attended Marquette university in Milwaukee and has made his home in that city for several years, leaving Escanaba in July, 1917.

Mr. Turner formerly was employed as clerk at the Delta Hardware Company's store and with the firm of Erickson & Bissell.

Carder has returned to this city on several occasions and is always proud to state that he is "From Good Old Escanaba."

Mr. Turner's hobbies are golf and other lines of sports.

### Teachers to See Soo Locks from Decks of Boats

Trips through the famous locks will be part of the Sault's entertainment to the teacher convention delegates during their stay at that city Thursday, Friday and Saturday. The U. S. S. Seminole, two patrol boats and a tug, with a passenger capacity of 200, will make five trips and return commencing at 4 p. m. on Thursday. Trips on Friday will be made at 3:30 and 5 p. m. On Saturday a trip will be made at 1:30 and possibly at 3 p. m.

At 10 o'clock in the evening of the first day of the convention, Thursday, teachers will also be entertained at a grand ball and reception to be held in the high school gymnasium. A seven-piece orchestra will play.

Other Trips  
Guests will also be informed of possible excursions to Mackinac Island, the Tahquamenon Falls, Crystal Falls, Chippewa Falls, and the Agawa Canyon in Ontario.

The trips through the locks are being arranged through the cooperation of Captain H. H. Wolf and Commander Floyd Sexton of the U. S. coast guards. Lockages will be arranged by Isaac DeYoung superintendent of the St. Marys Falls Canal.

The boats making the trips through the locks will leave from and return to Brady Pier. M. E. A. enrollment cards will be shown by teachers in order to board boats.

### Alleged Reckless Driver Arrested

Sheriff Edward Reiffel of Menominee notified the Delta county sheriff's department yesterday that he was holding Arthur Tongway, for whom a warrant was issued at Gladstone. Tongway is charged with reckless driving at Gladstone, resulting in a collision driven by Louis Creten of that city.

The local sheriff's department went to Menominee and brought Tongway back Tuesday afternoon.

### Rock Man Serving 60 Days in Jail

A 60 day sentence in the Delta county jail was given by Justice H. E. Ranguette yesterday to Tony Marmolek, 39, of Rock, charged with being a disorderly person.

Marmolek was arrested by the sheriff's officers at Rock following a fight in which he received several cuts and bruises.

Mexico City's population has doubled in the last decade, while that of the entire country has remained about stationary.

### Veteran of Lakes, Captain Denis, 86, Called by Death

Green Bay, Wis.—Captain Joseph Denis, 86, a veteran lakes sailor, died Sunday morning at his home, 838 South Jackson street, of a complication due to advanced age.

Captain Denis was born in Namur, Belgium, in 1845, and came to this county with his parents at the age of 11 years. With them he settled on the old Mission farm. At 17 he started sailing—and the story of his determination to be a sailor was recently told by the old captain. He had taken a forbidden fishing trip and fallen into the water. A rescue and a spanking by an intolerant spinster aunt decided him. He would sail the seas for spite, and sail he did, but it was the lakes what lured him for many a year.

Recalled Peshtigo Fire  
From the age of 17 until shortly after the World War Captain Denis piloted boats on the lakes, his career holding many interesting and some sorrowful experiences. Through the years he followed the

Civil War he furnished logs and pulpwood to Green Bay mills and during the financial panic of 1873, he witnessed the Pensaukee tornado which destroyed saw mills and steam boats. He served humanity in the Peshtigo fire and until his death recalled vividly the scores of charred bodies piled on his boat away from the ravaging fire.

On the gay days on the water were the trips on the "Lady Washington" to and from Sturgeon Bay and the family pleasure trips to Red Banks.

Captain Denis was married in

1868 to Marie Eloise Briquetot, a native of France. Of four children born to the couple, only one, Miss Lucy Denis, survives. There are six grandchildren, a brother, Charles A. and a sister, Mrs. Mary Hogue, two half-brothers, Victor and Frank, and a half-sister, Mrs. Nick Peot.

Funeral services will be held Wednesday morning at 9 o'clock at St. John's church, Green Bay.

A tank motor truck has been built in England that can carry a load of 100 tons and that is so long an assistant rides at the rear, communicating with the driver by telephone.

### C. of C. Election Next Friday Night

Ballots listing the names of the ten nominees selected in the primary election held Monday were mailed out to members of the Escanaba Chamber of Commerce yesterday for use in the election of five directors. The ballots must be returned to the Chamber of Commerce office before 7 o'clock Friday evening in order to be counted.

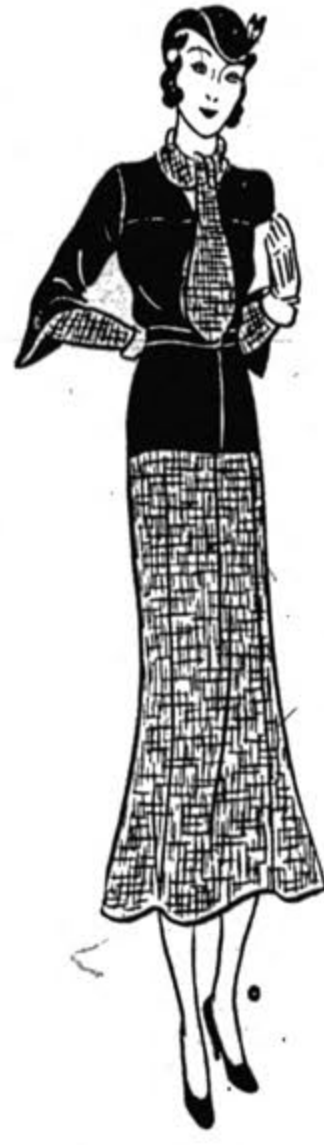

Two hundred votes were cast in the primary election and 156 different members were given votes.
