

ONE DEAD, THREE HURT IN ACCIDENTS

GENERAL MAH REBUILDS HIS CHINESE ARMY

JAPAN REFUSES TO EVACUATE WITH-OUT NEW PACT

BULLETIN. London, Nov. 20 (Friday)—(AP)—A Tokyo dispatch to the London Daily Mail today said there were indications the Japanese army in Manchuria was preparing to attack Chinchow, last strategic point in Manchuria held by the Chinese.

(By The Associated Press) General Mah Chan-Shan tried desperately yesterday to reorganize his shattered Chinese army at Koshan, 80 miles northeast of Taitshar, from which he was driven out by the victorious Japanese.

Chinese authorities said General Mah planned to withdraw either to Hallun or Suihwa and set up a new Hellungkiang provincial government.

Japan informed the League of Nations that she would not evacuate Manchuria until a new treaty had been negotiated between her and China.

Chinese civilians were fleeing out of the area of the Chinese Eastern railway. The refugees suffered heavily in the sub-zero weather.

Tokyo dispatched a friendly warning to Moscow that serious complications will result if Soviet troops are sent into north Manchuria.

Will Stay in Fight Japan charged Russia with partial responsibility for the Japanese offensive south of Taitshar which carried the Japanese army well within the zone of Russian influence.

China indicated her intention of staying in the fight. Chiang Hai-Shek, president of the Nanking government, announced he was going immediately to Manchuria.

The Chinese ministry of war announced that Chang Hsueh-Liang had offered all his troops to General Mah Chan-Shan, Chinese commander in the field. Included in Chang's forces, he said, were 10,000 artillerymen from the Russian border.

After three days of negotiations no peace program was forthcoming from the League of Nations council meeting in Paris.

Ambassador Dawes, American observer, talked at great length on the trans-Atlantic telephone with Washington. At a meeting tomorrow with Aristide Briand, council chairman, he is expected to clarify the American position.

After conferring with Secretary of State Stimson in Washington, Japanese Ambassador Dehuchi said that as soon as General Mah's army is completely defeated the Japanese troops will retire to the south "unless untoward events should happen."

Money Is Being Returned to Banks

New York, Nov. 19 (AP)—Further evidence that money is being brought out of socks and from under mattresses and returned to the banks appeared in today's weekly federal reserve statement.

Money in circulation declined \$46,000,000, the largest drop since the hoarding tendency was checked after the middle of October. Bankers attribute the reductions to a change in public psychology since formation of the national credit corporation to assist banks in need of funds. They point out that banking suspensions have fallen off abruptly, and unusual deposit withdrawals have been generally checked.

Lindbergh to Fly Big Seaplane Today

Miami, Fla., Nov. 19 (AP)—Completing a journey started last Saturday and held up by inclement weather for several days, Colonel Charles A. Lindbergh landed the army plane he flew from New York City at the Pan-American airport here this evening. Tomorrow he will fly Pan-American Airways' giant seaplane, the American Clipper, on its first commercial voyage.

Father of James Couzens Rewarded

Riverside, Calif., Nov. 19 (AP)—James J. Couzens, 83, of Detroit, who said he is the father of United States Senator Couzens of Michigan, was married here today to Mrs. Annie Carson, 67, of Pomona, Calif.

The ceremony was performed by a Presbyterian minister, the Rev. E. J. Eddy, in his study, with Mr. and Mrs. J. D. Casen of Pomona, son and daughter-in-law of the bride, attending.

Italy and U. S. Urge Cut in Navies

MILITIA CHIEF GRANDI LAUDS HOOVER AFTER THEIR PARLEY

Washington, Nov. 19 (AP)—Sealing a new bond of trans-Atlantic friendship, Italy and the United States today called on the other great powers to do their bit for naval disarmament and the re-establishment of stability.

The two governments announced their common purpose in a joint statement terminating two days of conferences between President Hoover and Mussolini's foreign minister and inseparable friend, Dino Grandi.

Cast in indefinite diplomatic language, the statement nevertheless carried a clear implication of close Italo-American accord for definite results at next spring's disarmament conference. Its declaration for the "completion" of existing understandings mentioned no names, but it meant that both Italy and America are anxious to see the pending naval agreement of Italy with France signed and sealed.

War Deeds Discussed It now is apparent that little can be expected at the spring conference in the way of land disarmament. France insists she must have a large army, and her neighbors do not want to reduce unless she goes along. The French-Italian naval dispute, however, is one place where results may be attainable. An extension of the armaments holiday already in effect presents another possibility of accomplishment.

Besides agreeing to do what they could in these directions, Mr. Hoover and Signor Grandi talked also of war debts and reparations but with no tangible result. Italy would like to see a radical readjustment all around, but for the present she is willing that France shall have her way, with the Young plan committee entrusted with the task of re-examining the troublesome reparations problem as agreed upon today in Paris.

Joint Statement Issued The foreign minister, accompanied by Signora Grandi and Secretary Stimson, said farewell late in the day to President and Mrs. Hoover.

A few minutes later, the minister and Secretary Stimson issued the joint statement at a press conference. Specifically mentioned as points discussed during the talks were governmental debts, the problems surrounding the limitation and the reduction of armaments and stabilization of international exchanges.

The statement said: "Full advantage has been taken of the opportunity afforded by this visit for a frank and cordial exchange of views respecting the many problems of world importance in which the governments of

President of Bank Plunges to Death

Baltimore, Nov. 19 (AP)—Edward J. McQuade, president of the Liberty National Bank of Washington, today plunged 500 feet to his death from the observation tower on the thirty-fourth floor of the Baltimore Trust company building.

Persons who saw the body fall said it struck a projecting ledge at the third floor and caromed off, clearing the sidewalk and plunging through the top of a parked automobile.

Members of McQuade's family in Washington said the bank head had been in New York for the last two days, and was to return home today. No information that he planned to stop in Baltimore had reached them, they declared.

Vandenberg Upholds Hoover Credit Plan

Pontiac, Mich., Nov. 19 (AP)—Senator Arthur H. Vandenberg told members of the Michigan Bankers Association here tonight that President Hoover's credit program had been an important factor in restoring confidence and stimulating resumption of normal business activities.

Further aid could be given business in general, he asserted, by legislation to broaden the powers of the federal reserve system.

Charles McMathson, Detroit banker, said that newspapers often "the best medium to sell your institutions to your patrons"

WORLD'S PROBLEMS DISCUSSED BY LEADERS

Washington, Nov. 19 (AP)—A new chapter was added to the story of Muscle Shoals today in recommendations made public by President Hoover for private operation of the project, primarily as a fertilizer plant.

The suggestions came as a statement from the joint federal and state Muscle Shoals commission, released after a four-month study of the huge Alabama project, conceived as a war measure and a point of controversy exclusively owned and controlled by organizations of farmers, operated without profit.

The president, in making this known, described the commission as "a representative body," whose "conclusions speak for themselves." He added he would submit the report to congress at an appropriate time.

No sooner were the recommendations known, however, than rumblings of opposition were heard on Capitol Hill. The last expressed wishes of congress, contained in the Harris bill, called for government operation of the big Tennessee river project. The measure was vetoed by the president.

Senator Norris of Nebraska, author of that legislation, said the commission program "looks like it is full of tricks." He added: "It was just another Hoover commission appointed to carry out Hoover's ideas. It looks like the old trick of getting power for the chemical interests under the guise of a farmer's program."

Chairman McNary of the senate agriculture committee said today his group would consider the commission's report but probably would not approve of it.

"The committee has expressed itself unanimously on several occasions in favor of the Norris bill," McNary said, "and in all probability will do it again."

The president said that the cooperative marketing views of college specialists and those held by Hart had perhaps clashed at times but that there was no personal or institutional opposition to his candidacy in the Eighth district special election.

During the campaign Hart repeatedly charged in radio and public addresses that Michigan State college leaders opposed his election in common with the Michigan state fair bureau. He repeated the charge at a state Democratic meeting in Flint last night.

President Shaw said that he was "so sure" of a total absence of any participation in the campaign by members of the college staff, that he will not make any investigation of the charges.

Banker Stands Mute At Arraignment

Grand Rapids, Mich., Nov. 19 (AP)—John Walter Parkhurst, president of the defunct First National bank of Reed City, stood mute when arraigned in federal court today on an indictment charging misapplication of \$5,000 of bank funds.

J. Reed Parkhurst, a brother, who was vice president of the bank, also is named in the indictment which was returned November 4 but suppressed until today. He is in California.

John Walter Parkhurst furnished \$5,000 bond, pending his trial in March, after a plea of not guilty had been entered for him.

Anti-Dumping Bill Passed In England

London, Nov. 19 (AP)—Great Britain's "anti-dumping bill" was passed on third and final reading in the house of commons by a vote of 329 to 44 today.

The measure, which empowers the board of trade to impose import duties up to 100 per cent ad valorem on certain manufactured products, will go to the house of lords tomorrow and is expected to receive royal assent during the day.

Supremacy of Air Sought by America

Cleveland, Nov. 19 (AP)—A bid to regain for the United States the air speed supremacy of the world was begun here tonight with formation of a \$16,000,000 aviation speed foundation by the Shriners of North America.

Although participation is to be left open to all individuals and groups in the United States, the backbone of financial support is expected from the 8,000,000 members of the Masonic order.

The foundation has the difficult task of overcoming a gap of 142 miles an hour that now exists between the American air speed record of 266.6 miles an hour set by Lieut. Alford J. Williams in 1923, and the world's speed mark of 408.8 established in England by Flight Lieut. G. H. Stainforth of the royal flying corps.

5,000 Families Are Back On Relief Roll

Detroit, Nov. 19 (AP)—Plans for the return of 5,000 families to Detroit's municipal welfare rolls, bringing the total up to 20,000 families by Dec. 1, were announced today by Mrs. Irene Ellis, deputy supervisor of case work.

Mrs. Murphy said the 5,000 families were being selected from lists of those cut from the welfare rolls last July.

Katherine Brush and Husband Renew Trial Marriage Three Years

New York, Nov. 19 (AP)—Katherine Brush, author, and H. Charles Winans, banker, have found their trial marriage a success and plan to enlist for another three years in the army of wedded folk.

When the attractive author became Mrs. Winans more than two years ago, she announced she was signing up for three years at the most, but if the venture turned out well there would be a second term.

Separate Residences Arriving from Paris, where they spent their second wedding anniversary, they expressed enthusiasm about the arrangement.

Mrs. Brush in an interview published today by the World-Telegram said their plan of maintaining separate apartments in the same building was a happy thought.

"We both keep separate residences," the author said, "and we never see each other when engaged on desperate creative work, but I can hear his typewriter upstairs, battling out financial plans, while I am putting Reedwood, Ohio, on paper down below. It is fun to call him up when I am through, or have him call up, and say, 'are we dining together tonight?'"

"We feel as if we were having marvelous dates, but all added together they make as pretty a picture of domesticity as you could discover in the city. Perhaps I have a little edge on the domestic end of our arrangements, because I have the cook and the big dining room in my apartment; I simply couldn't bear not having it, for I adore having my husband to dinner."

"We still make dates with our special friends without consulting each other, but the mere fact that we determined to do it, and were very earnest about it, seems to have taken any special flavor out of the performance."

"I simply love being married this way, and so does Bobby (her husband). I'm afraid we are what is known approvingly as a 'happy couple.'"

Will Rogers Will Go to Japan to Get Dope On War

Medford, Ore., Nov. 19 (AP)—Will Rogers, cowboy humorist, will sail from Vancouver, B. C., Saturday for Japan where he will act as war correspondent, he said here tonight.

Rogers, enroute from Los Angeles to Vancouver, by airplane, was forced down here late today. He said he would continue northward by train.

"I'll be back in time for the presidential campaign," Rogers said. "I wouldn't miss one of them for all the wars."

"Japan is going to hear the awfulest compliments as I hear they don't stand for any wisecracks," he continued. "Also, I don't speak their language and am having lots of trouble with my own."

Advices from Vancouver said Floyd Gibbons, war correspondent and author, also would sail for Japan and Manchuria on Rogers' ship, the Empress of Russia.

Denies College Opposed Democrat

East Lansing, Nov. 19 (AP)—President Robert S. Shaw, of Michigan State college, today denied charges by Congressman Elmer Michael J. Hart, Saginaw Democrat, that officials of the institution openly opposed his election.

The president said that the cooperative marketing views of college specialists and those held by Hart had perhaps clashed at times but that there was no personal or institutional opposition to his candidacy in the Eighth district special election.

During the campaign Hart repeatedly charged in radio and public addresses that Michigan State college leaders opposed his election in common with the Michigan state fair bureau. He repeated the charge at a state Democratic meeting in Flint last night.

President Shaw said that he was "so sure" of a total absence of any participation in the campaign by members of the college staff, that he will not make any investigation of the charges.

New York Takes Extra Precautions To Guard Morgan

New York, Nov. 19 (AP)—Reports that a bomb threat had been received by J. P. Morgan, led tonight to the stationing of a police guard of six patrolmen, six detectives, a riot squad and a motorcycle squad near the offices of J. P. Morgan & Co., at Broad and Wall streets, hub of the downtown financial district.

All motorcars passing the building were stopped and the occupants were asked to identify themselves. Pedestrians were questioned regarding their business in the neighborhood.

The bluecoats were placed at the entrances to the Wall street Interborough subway station. Persons entering or leaving the subway with parcels were stopped and asked to reveal what they were carrying.

Ex-King Alfonso Outlawed by Spain

Madrid, Nov. 20 (Friday) (AP)—Former King Alfonso of Spain was outlawed by the Spanish national assembly early today.

The vote was by acclamation and it was understood the Count of Romanones, lone monarchist deputy in the assembly, who had defended his king against a charge of treason, did not vote.

The assembly outlawed the former king, who is an exile in France, in accordance with accusations brought against him by its responsibilities commission, after a five-hour debate in which the Count of Romanones vigorously defended the former monarch.

LEADERS SEEK AGREEMENT ON TAX QUESTION

Washington, Nov. 19 (AP)—Olive branches of peace were extended today by congressional party leaders on the controversial tax-increase legislation now in formulation.

Senator Watson of Indiana, the Republican leader, made the first step in an offer to Representative Garner of Texas, house Democratic chief, to lay aside politics in the interest of the new revenue legislation as possible.

Garner later predicted the new tax measure would be formed on a non-partisan basis with putting the law on the statute books as quickly as possible the first consideration.

Hoover Reserves Decision Secretary Hurley told a New York audience tonight that President Hoover would not be swayed from proposing an increase in taxes by fear of his political future.

Theodore Joslin, a secretary to the president, informed newspapermen that the president will reserve decision on his tax recommendation until he has had time to consider the findings of the treasury.

Despite the overtures of peace on the tax legislation—and no doubt whatever is held by Republican leaders who have talked with the president that there will be tax legislation—plenty of maneuvering was in progress on the impending move for higher rates.

Rep. Hawley, of Oregon, the Republican chairman of the house ways and means committee last session, reiterated his conviction that new taxes are unnecessary and blamed the move on the Democrats.

At the same time, Senator Harrison of Mississippi, the ranking Democrat of the finance committee, held out against any compromise on tax legislation "until the administration tells us the condition of the treasury and puts forward its program."

Senator Blaine, of Wisconsin, one of the Republican Independents, came forward with a proposal to restore the war-time excess profits tax. This is the first move seen in that direction but little chance for such a levy was in prospect.

Walker to Argue Case of Mooney

New York, Nov. 19 (AP)—Mayor Walker today prepared to assume again the part of an attorney in behalf of Tom Mooney, who seeks a pardon from the governor of California.

When he leaves tomorrow night for the Pacific coast the mayor will drop his title and again become "counsel for the defense."

He said he wanted it clearly understood that he is going only as a private citizen and associate of Frank P. Walsh, attorney for Mooney. He will serve without fee.

His decision last night to go to California was made after he had considered a telegram bearing a personal plea from Mooney's 80-year-old mother.

Gerholz Predicts Real Estate Boom

Lansing, Mich., Nov. 19 (AP)—Robert P. Gerholz, president of the Michigan Real Estate association, in a statement prepared for the Associated Press today said he believed higher values for real estate were in the offing, with the "stimulus toward a new era of home building, both for new population and for replacements," the major factor.

"We are on the threshold of the greatest real estate boom in history," Gerholz said. "With the collapse of the securities markets, default of bonds, decrease in commodity prices, and other economic factors, capital has realized more than ever before the permanent safety of real estate."

Group to Study German Finances

Paris, Nov. 19 (AP)—Germany's capacity to pay reparations will be examined by an advisory committee of the world bank, created under the Young plan, France and Germany today decided.

Germany already has mailed to Basel her application for appointment of the committee to inquire into her financial condition and consider revision of the reparation schedule, said a Berlin dispatch.

150 Men In Futile Search for Hunter Lost Nearly Week

Ironwood, Mich., Nov. 19 (AP)—A hundred and fifty men today tramped through wet woods in search of Paul L. McDowell, of Muskegon Heights, Mich., deer hunter who has been lost since Saturday.

The searchers deployed over an area of 65 square miles. The missing man's father, Henry, and his brother, Russel, arrived last night. They awaited developments at the camp from which McDowell vanished Saturday.

Thomas Kitchen of Detroit was found on the shore of Lake Gogebic yesterday after having been lost since Sunday. He was in good health but hungry. He had succeeded in killing one rabbit but he had no other food.

WAGES ARGUED AT CONFERENCE

Railway Leaders, Laborers Meet to Consider Problem

BY VICTOR EUBANK (Ass'd Press Financial Writer) New York, Nov. 19 (AP)—Employers and employees from the great railway systems of the United States met in joint conference today and discussed, informally, their viewpoints on wages and working conditions.

At the conclusion of the day's session it was informally reported that the ideas of the rail officials and the labor leaders were highly divergent upon many points.

The exact details of what took place at today's meeting were not made public, but a statement issued by the Railway Labor Executives' Association, at the conclusion of the conference, indicated the representatives of the 21 brotherhoods present, put before the presidents' committee these suggestions:

1. Immediate stabilization of employment by assuring on year's work to necessary employees in every class, thus increasing the purchasing power of a payroll exceeding two billion dollars by releasing over 1,250,000 employees from the fear of unemployment.

2. The creation of a commission of rail officials and employees to inaugurate the six-hour day.

3. The promotion of legislation.

DEATH CLAIMS DELIA OLSON OF GLADSTONE

TWO MEN SERIOUSLY INJURED IN AUTO MISHAPS

Four persons were injured, one fatally and two seriously, in a series of accidents occurring in Delta county in the last three days.

The dead: Miss Delia Olson, 18, Gladstone, struck by car Thursday. Suffered fractures of skull, seventh cervical vertebra, left leg and other injuries.

The injured: Louis Gersmehl, Adell W. travelling salesman, auto struck street car. Broken left leg, internal injuries, and possible skull fracture. Condition critical.

Harry Polglase, Marinette, Wis., representative of Standard Oil company. Auto hit curber. Severe internal injuries. Condition critical.

Mrs. Charles Elmer, 405 South Eleventh street, fell down steps. Fractured left ankle.

Injuries received Tuesday evening when struck by an automobile proved fatal yesterday morning to Miss Delia Olson, 18, daughter of Mr. and Mrs. Oscar Olson, 1022 Montana avenue, Gladstone.

Struck by Car Miss Olson was hit and critically injured Tuesday about 5 p. m., by an auto driven by John Sodergard of Gladstone as she was crossing Central avenue near the Michigan avenue intersection.

Picked up unconscious she was taken to the office of a Gladstone physician and then to the St. Francis hospital where she clung to life for 36 hours. She remained in an unconscious state except for momentary periods, and Wednesday night gradually weakened, death coming at 8:15 Thursday morning.

Examination revealed that she suffered fractures of the skull, the seventh cervical vertebra, the left leg and other injuries.

Surviving the unfortunate young girl are her parents, five brothers and two sisters, Melfred, Marie, Elizabeth, Paul, Arne, Russell and Davd.

The body was taken to the Swenson Brothers mortuary at Gladstone to be prepared for burial and will be removed this morning to the family home where it will repose until the hour of last rites.

Funeral services will be conducted Saturday afternoon, at 2 o'clock from the home, and at 2:30 from the First Lutheran church. Rev. C. F. Olson officiating. Interment will be in the family plot in Fernwood cemetery.

Delia Olson was born Sept. 1, 1913 at Perkins and when but a month old her family moved to Gladstone. She attended the Gladstone public schools until 1924 when the family moved to Iron Mountain. Upon their return here three years later, Miss Olson entered Gladstone high school as a sophomore and was graduated with the class of 1931.

Inquest Postponed During her high school days she took an active interest and part in scholastic activities, serving as secretary of her class, as president of the Senior Girls' league and as a member of the annual staff and Commercial club. ### RAILROADS ASK FOR NEW PLAN

#### Carriers Present Scheme Urging Advances Be Loans, Not Gifts

Washington, Nov. 19 (AP)—The railroads today asked for changes in the interstate commerce commission's plan for bulwarking their credit by pooling revenues from new surcharges.

Neither rejecting nor accepting the proposal, the carriers presented the transportation tribunal with an outline of a "Railroad Credit Corporation" which would be established to administer the pool.

Although a total of five changes was asked, only one was considered of vital importance. This would specify that lines receiving money from the pool accept such advances as loans. The commission plan had generally been interpreted as calling for gifts to needy lines.

Next Move Doubtful  
Some of the larger and more prosperous roads are opposed to any plan calling for gifts. They challenge the legality and justice of the scheme. There have been indications they might refuse to participate unless the change is made.

Just what the commission would do was doubtful tonight. Some of its officials thought hearings or arguments would be necessary before any change to permit loans can be made.

The commission proposed the pooling plan when it denied the railroad's plea last month for a 15 per cent freight rate increase. Surcharges of \$3 and \$6 a car on some types of freight and one to two cents per 100 pounds on others were suggested. Major farm products were expected.

The commission ordered the railroads to present a plan of operation not later than December 1. It provided also that surcharges were to end when the emergency had passed and not later than March 31, 1933.

### Mt. Clemens Picked For 1932 Meeting

Jackson, Mich., Nov. 19 (AP)—Delegates to the twelfth annual convention of the Michigan League of Women Voters today elected Mrs. S. B. Moffitt, of Flint, as president, and selected Mt. Clemens as the 1932 convention city.

Other officers elected today were: Third vice president, Mrs. Harvey A. Penny, Saginaw; fifth vice president, Mrs. Hugh Neale, Mt. Clemens; secretary, Mrs. John M. Barringer, Flint; treasurer, Mrs. Charles Darwin, Flint; directors-at-large, Mrs. Robert Kerr, Detroit; Mrs. Lewis V. Cram, Detroit; Mrs. Brinton Hall, Belding; Mrs. Thomas Reed, Ann Arbor; and Mrs. Siegel Judd, Grand Rapids.

### Oriental Weddings Merge Huge Wealth

Nice, France, Nov. 19 (AP)—The wealth of the principal native state in India and the spiritual power of the vanished Caliphate of Islam were merged today in a casual wedding ceremony lasting ten minutes.

The two sons of the Nazim of Hyderabad, whose gold and jewels are reputed to exceed the combined fortunes of the Rockefeller, the Morgans and the Fords, were joined in religious rites to the daughter and niece of the banished Caliph Abdul Medjid Effendi, who is so poor he lives on the largesse of his followers.

Prince Azam Jah, 24, oldest son of Sir Osman Ali Khan and his heir, married Princess Durai Shevar—18 years old, brunette and admired as a slim, Oriental beauty. Prince Moazzam Jah, several years younger, became the husband of the niece, Princess Nilufar Hanin Sultana, who is 16.

### GRANDI LAUDS HOOVER AFTER THEIR PARLEY

(Continued from Page One)

Italy and the United States are equally interested.

"Realizing that restoration of economic stability and confidence within our respective national boundaries can only find ultimate achievement through the further establishment of international financial stability and through a confidence that can extend itself to include all nations, we have attempted to continue the efforts already initiated towards this end by a candid discussion of the many significant and related international problems, the solution of which have become a recognized necessity."

### Arms Truce Favored

"The discussions have embraced subjects of such importance as the present financial crisis, inter-governmental debts, the limitation and reduction of armaments, the stabilization of international exchanges, and other vital economic questions. "We believe that the existing understandings between the principal naval powers can and should be completed and that the general acceptance of the proposal, initiated by Signor Grandi for a one year's armaments truce is indicative of the great opportunity for the achievement of concrete and constructive results presented by the forthcoming conference for limitation of armaments."

"It has not been the purpose of this meeting to reach any particular arrangements, but the informal discussions and exchanges of views have served to clarify many points of mutual interest and have established a sympathetic understanding of our problems. We feel confident that the relationships fostered during this visit will prove valuable in laying the foundations for beneficial action by our respective governments."

After the statement was issued, Secretary Stimson read a brief personal statement in which he described the talks as "both enlightening and helpful."

### Grandi Lauds Hoover

Speaking extemporaneously in English, slowly weighing each word, the minister also made a personal statement. "I came to America to learn," he said. "I go back to Italy with something very precious in my spirit. I have learned very much." Speaking of President Hoover he said: "He is a man who impresses everybody and above all, Europeans. He goes forward, straight away to questions."

After the issuance of the statements at the state department, the minister went to reception by the Lido club, composed of Americans of Italian descent. He exchanged Fascist salutes with them. Later he made a radio address from his room at the Mayflower hotel.

### Man Identified As Wisconsin Robber

Lansing, Mich., Nov. 19 (AP)—Finger-prints today established the identity of a man held at Coldwater as Joseph Hanley, wanted for bank robberies in Loma, Wis., and other places. Lieut. Lyle Morse, of the state police identification bureau, said Hanley was arrested near Coldwater Tuesday with Bert Angus. Stolen bonds from a Cleveland, Ind., bank were found in their car. Indiana officers are expected here to ask the extradition of the pair.

### Wisconsin Legion Leads Roll Call

Indianapolis, Nov. 19 (AP)—The Wisconsin department with 22,292 memberships paid up in advance for 1932 was announced today as the leader in a telegraphic membership roll call conducted by the American Legion.

The roll call result was announced at the annual conference of department commanders and adjutants held at Legion national headquarters.

The New York department with 20,001 paid up memberships stood next to Wisconsin and led the Illinois department by a margin of one.

### McBride Says Fess Is Not A Director

Washington, Nov. 19 (AP)—In a reply to Representative Britten of Illinois, F. Scott McBride denied today that Chairman Fess of the Republican National committee is a director of the Anti-Saloon League.

Britten had demanded that the Ohioan get out as the Republican party leader or "resign from the directorship of the Anti-Saloon League and refrain from being its spokesman." "Senator Fess is not now and, as far as I know, never has been a director of the Anti-Saloon League," McBride, superintendent of the league, said.

tion to create a billion dollar United States bond issue for grade crossing elimination, one half the cost to be borne by the government and the other half by the railroads, the latter half to be repaid by the payment of interest and sinking fund payments to retire the bonds in 50 years.

The presidents' committee of nine, headed by Daniel Willard, president of the Baltimore and Ohio, is understood to have followed out its original program, agreed upon at the recent presidents' conference here, of maintaining principally a "listening" attitude.

### Seek Reduction

The position of the rail officials, however, which has been voiced on various occasions and which is well known to the union leaders is this:

A flat reduction of 10 per cent in wages, at least temporarily, if the carriers' credit is to be restored.

There had been some hope expressed that the brotherhood leaders would suggest some sort of voluntary reduction, but before going into the conference, union officials declared that they would not bring up the subject of wage reduction.

The statement issued by the labor executives laid especial stress upon the reduction of unemployment by the stabilization of labor. It also put forth the idea of creating a "mobile force of extra workers, shifting from one road to another somewhat as Pullman and freight cars are shifted to meet traffic requirements."

### Harlan Miner Tells Of Shooting Fray

Mount Sterling, Ky., Nov. 19 (AP)—William Burnett, first of the Harlan county coal miners to face the death penalty as a result of a long labor controversy, told the jury trying him today he shot at Deputy Sheriff Jesse Pace after he had been wounded himself.

The defense backed up Burnett's testimony with that of Mrs. Jessie Barton, a widow, who said officers started the shooting which culminated in the death of Pace and the wounding of Burnett. This fight last April 17 was followed a few weeks later by another clash in which four were slain. The state prior to closing today had brought nearly a dozen deputies who testified the striking miners started the shooting. Burnett claimed Jim Daniels, a deputy, shot him in the left hand, when he had started away and told the officers he was going home, and that Pace also started shooting. Asked who shot Pace, he replied: "I can't say whether I did or I didn't; I shot at him."

### Lewellen, Dilweg Forget Political War, Meet Giants

New York, Nov. 19 (AP)—The political battle for the office of district attorney of Brown county, Wisconsin, will be shoved into the background Sunday, when Verne Lewellen, the Republican incumbent, and Lavie Dilweg, leading Democrat candidate, lead the Green Bay Packers against the New York Giants in a National Professional League football game at the Polo Grounds. Lewellen stars in the backfield and Dilweg at end.

### Charity Shows Are Urged by Comish

Lansing, Mich., Nov. 19 (AP)—Charity boxing and wrestling shows were urged today in letters sent promoters by the state athletic board of control. Boxers and wrestlers were urged to donate their services. The revenue would be purely for local welfare and unemployment relief work.

### New York Rangers Defeat Bruins, 2-1

New York, Nov. 19 (AP)—The New York Rangers broke a "jinx" of nearly three years' standing tonight and defeated the Boston Bruins, 2 to 1, in a fast National Hockey League game.

One of the world's rarest stamps, the one-cent "magenta" of 1856 issued by British Guiana, once changed hands for the sum of \$35,000.

### FLOOR LEADER POST SOUGHT

#### Six Democratic Representatives Are Rivals for Honor

BY CECIL B. DICKSON

Washington, Nov. 19 (AP)—Six friendly enemies—four southerners and two northerners—are combatting for the Democratic floor leadership in the house. The jousting is brisk. The victor will be decided at the December 5 caucus.

United behind Representative Garner of Texas for speaker, the Democrats want next to agree on a chieftain to guide them in the coming congress.

Northerners claim the leader should be from above the Mason-Dixon line, since the speaker will come from the south if the Democrats gain control.

The southerners contend that the fact of their having furnished the bulk of the opposition during thirteen years of Republican dominance should be fully recognized.

Contestants from the south are Representatives John McDuffie, Alabama; Joseph Byrns, Tennessee; Charles R. Crisp, Georgia; and John E. Rankin, Mississippi.

Representatives Henry T. Rainey, Illinois, and John J. O'Connor, New York, are the northern contenders. McDuffie and Rainey appear to have the lead between them.

The Alabama delegation appealed today to the party's rank and file to support McDuffie, whip in the last congress.

### Emplones of Crane Benefit In Will

Chicago, Nov. 19 (AP)—Provisions of the will of Richard T. Crane, Jr., made public today, revealed that about 3,500 to 5,000 employees of the Crane company would benefit to the extent of about \$1,000,000.

### Golden Wedding Day Is Day for Divorce

Milwaukee, Nov. 19 (AP)—Today was Mrs. Michael Zillmer's golden wedding anniversary. But there was no family reunion with eager grandchildren crowding around a huge cake. Mrs. Zillmer chose the anniversary to file a divorce action.

Children and friends tried valiantly to bring about a reconciliation. The aged woman shook her head.

"I have had half a century to make up my mind, and I won't change it now," she said. "No sentiment on the twilight trail for me."

She charged cruelty. In ancient times the seventh child of a seventh child are credited with supernatural powers.

ceived the honor of being Salutatorian of her class.

She was an active and faithful member of the First Lutheran church and affiliated church organizations, including the Doreas society and the Luther league, serving the latter as president. She also served her church in the capacity of a Sunday School teacher.

For the past three months Miss Olson had been engaged as assistant at the Gladstone office of the Daily Press.

An inquest into the fatal accident scheduled for yesterday afternoon was postponed until next Tuesday.

### Seriously Injured

Lou Gehrmehl, Adell, Wis., a salesman, was seriously injured when the automobile, which he was driving, crashed into the Groos street car at the crossing on US-41, opposite the county poor farm, about 5 o'clock yesterday afternoon. He suffered a fractured left leg and internal injuries.

Gehrmehl was driving toward Escanaba when he hit the front end of the street car, which began to groos. The door and headlight of the trolley car was torn off, and his light cover was virtually demolished. The injured man was taken to St. Francis hospital.

Gehrmehl, who represents the Milwaukee Chemical and Manufacturing company, has a wife and two children living at Adell. The sheriff's department, last night notified the injured man's

### WINKLER ALIBI MAY STAND UP

Part of Gangster Claims Are Substantiated by "Secret Six"

Chicago, Nov. 19 (AP)—Alexander G. Jamie, chief of the "Secret Six" crime prevention committee, said tonight that evidence uncovered at Buffalo, N. Y., indicates Gus Winkler's alibi to the \$2,500,000 robbery of a Lincoln bank "will stand up."

The Buffalo investigation was conducted by Max Towle, county attorney from Lincoln, Neb., and Sgt. Roy Steffens, an agent of the "Secret Six." Jamie said they had substantiated in part Winkler's claim that he was registered at a Buffalo hotel on Sept. 17, 1930, the day of the Lincoln robbery. Further investigations, however, are being made.

### Says He's Innocent

It was recalled that Towle said he would not prosecute Winkler if the alibi were sustained. The prosecutor refused, however, to bargain with him when Winkler offered to return some of the loot taken in the robbery if he were promised immunity from prosecution.

Winkler professed to be innocent of any connection with the Lincoln robbery, but said he knew where to find some of the stolen bonds and was willing to return them if guaranteed his freedom.

Winkler also has been suspected of complicity in a number

### Finnish Committee To Study Dry Law Revision Proposals

Helsingfors, Finland, Nov. 19 (AP)—A committee to delve into various proposals for modification of Finland's prohibition laws was appointed by the cabinet today after heated consideration.

The committee is expected to report back whether it favors modification to permit 12 per cent wines and 3.2 per cent beer, complete renewal and extension of prohibition or a referendum on the subject by the people. It was believed a majority would favor a referendum.

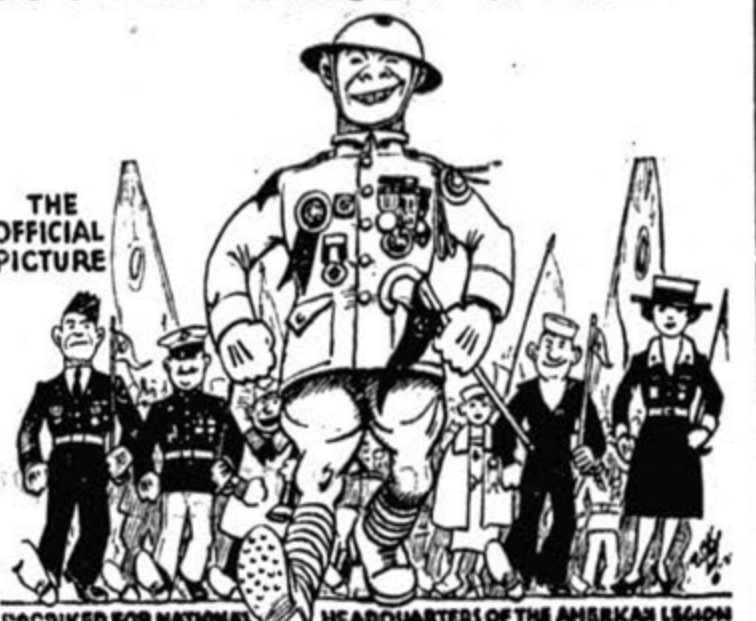

Prohibition, hardly 13 years old in this far northern Baltic country, was weighed in the balance by the cabinet and the advantages and disadvantages of laws which took away the Finns' legal right to alcoholic liquor were placed one against the other.

Of no small weight in the considerations was a deficit of about \$60,000,000 in the budget—a small amount for a large nation but a tremendous burden for little Finland—which many of the cabinet members believe can be made good only by an excise tax on legalized liquor.

**Hockey Player Dies**  
Houghton—Joseph Kusma, 24, widely known Calumet hockey player, died at his home, 3409 B. Street, Raybaulttown, Monday afternoon at 5 o'clock following an illness of five days with pneumonia.

The deceased was born in Calumet and was employed at the Vienna bakery. He was a member of last year's Calumet Blackhawks hockey team, playing as a spare center. Previously he played on intermediate teams. He enjoyed a wide circle of friends among Copper Country hockey fans and was well liked for his sportsmanship, clean playing and athletic ability.

**Malt Tax Violations**  
Marquette—R. E. Muck and William Martin, associated with the Best Food Products company in Marquette, demanded an examination on a charge of violating the state malt tax law when arraigned in municipal court yesterday morning. The arrests were made by D. C. Van Wagner, investigator for the department of state, who declared it was the start of a concerted drive for enforcement of the malt act in this territory. Examination of the two men will be held next Tuesday morning at 10 o'clock.

The specific charge brought against Muck is that he sold wort without first securing a certificate of registration from the department of state. Martin, who has such a license, was charged with selling wort without first attaching the stamps provided by law.

**Pure Breeds Sold**  
Marquette—Four heifers and one young bull from L. G. Kaufman's pure bred Guernsey herd at Loma Farms have been sold and delivered to upper peninsula dairy herd owners, it was announced yesterday by W. W. Blake Arkcoll, manager at Loma.

Three of the heifers and the bull were purchased by Charles

L. Orr, of Manistique, who visited Loma Farms recently and picked out the animals. The other heifer, which was first-prize winner at the last upper peninsula state fair in Escanaba, was bought by Andrew Larson, of Onella, a farming community in the copper country.

**Peddler Ordinance**  
Iron River—An ordinance designed to curb the influx of itinerant peddlers into the city and, incidentally, protect home merchants was adopted by the city commission last night.

Business men have frequently urged the commission to assess a higher fee on peddlers selling their wares in a house to house canvass. At the present time the maximum fee charged itinerants is \$5.

The new ordinance provides for a maximum of \$25, although the amount to be charged is discretionary with David M. Youngs, city manager.

The cost and quality of the merchandise peddled, as well as the size of the operation, will be considered in charging the fee.

**Toboggan Slide**  
Sault Ste. Marie—A toboggan slide for Sault Ste. Marie at Brady Park, was deemed out of the question today and the sports committee of the Chamber of Commerce turned its attention to a hill on Easterday avenue west where a slide may be erected.

The committee, including Isaac DeYoung, general superintendent of the St. Marys Falls Canal, made a survey of Brady Park last week and reported that there was not enough room for a proper slide.

The grade was not enough at the monument and in order to get the proper height for the takeoff it would cost a larger amount of money than was on hand.

**Cheesemaker Sought**  
Menominee—Tom Bomski, reputed owner of the cheese factory at Ingalls, today was sought by sheriff's officers on a warrant charging him with obtaining goods under false pretenses.

The goods are a large quantity of cream delivered to the Ingalls

cheese factory by more than 30 farmers of the vicinity who told Prosecutor F. Earl Lanthier that Bomski's alleged disappearance will cost him \$1,500.

Bomski, according to sheriff's officers, has not been seen at the Ingalls cheese factory since last Friday, when the complaining farmers allege he transported a quantity of their cream to Peshigo and sold it.

Bomski had operated the cheese factory at Ingalls since last summer. He had no family living in Ingalls, according to officers. Justice Joseph A. Bottkol issued the warrant for Bomski on recommendation of Prosecutor Lanthier.

**Welfare Worker**  
Menominee—Menominee Welfare association's advisory board at a meeting last night in hotel Menominee took the following action affecting welfare work locally:

- 1—Instructed the Welfare association to inquire of Mrs. W. P. Chamberlain of Homewood, Ill., formerly Bernice Blom, of Menominee, if she would come to Menominee for six months at a salary of \$100 a month to direct welfare work here.
- 2—Appointed Henry J. Lauer and W. A. Shockley a committee of two to rent a suitable welfare station. Lauer and Shockley today rented on a monthly basis the building at 519 Sheridan Road formerly occupied by the offices of the Railway Express company. They moved into the building some of the furniture of the former Chamber of Commerce offices.

**Airport at Amasa**  
Amasa—Ground was to be broken today for the construction of an emergency landing field near Amasa, with Major F. E. Evans, director of aeronautics for Michigan, in charge.

Major Evans flew to Crystal Falls yesterday from Manistique, and is the guest for a few days of Joe Green, Iron county state representative and chairman of the unemployment relief committee in the county.

The emergency airport is located northwest of the St. Paul railroad tracks near Amasa. It will be one of several that the state aeronautics board contemplates building to make aviation safer in the upper peninsula.

**Counterfeiters Find Fifth Member Is Federal Agent**

Philadelphia, Nov. 17 (AP)—Four men charged with participation in a counterfeiting conspiracy were surprised to learn at a hearing today that a "fifth member" of their gang who "escaped" when they were arrested was Peter Rubamo of the United States secret service.

The four were arrested when they went to Rubamo's hotel

room, Nov. 11, allegedly to discuss final plans for the manufacture of counterfeit \$10, \$20 and \$50 bills at the rate of \$100,000 a printing. Rubamo was out when other agents arrested them.

United States Commissioner J. Howard Patterson ordered them held for the grand jury in \$20,000 bail each. The men are Michael M. Manno, Joseph D. Shiller, Dante Maratea and Joseph Plankot.

Little Items of Interest About Former Residents.

An Escanaba resident who has made good since he left here on April 10, 1910, is Arthur P. Jensen, of Seattle, Wash., son of Mr. and Mrs. Peter Jensen, 209 Ludington Street.

Arthur P. Jensen was born in Stonington, Bay de Noc Township, later coming to this city where he received his education. He was graduated from Escanaba High School with the class of 1909 and left several months later for the west coast.

He is now holding a position as manager of the Better Homes Company, real estate brokers at Seattle, Wash.

Before leaving for the coast Mr. Jensen was employed for a while as clerk in the C. & N. W. Railway freight office.

He visited here in 1915, 1919 and 1929 and is planning a visit here in 1933.

He enlisted in the U. S. Army and served in the A. E. F. in France for nineteen months.

Mr. Jensen's hobbies are fishing, golf and mountain climbing.

**Purity counts in cigarettes, too**

Making cigarettes as pure as they can be made is our business. And it's *your* business, too—because you smoke them.

All the materials that go into the making of CHESTERFIELD cigarettes are tested again and again by expert research chemists to see that they are absolutely clean and pure. Just like the things you eat or drink.

The tobacco is pure. The right kind—mild, sweet and ripe. Handled throughout by the most modern machinery.

The paper is pure. Clean. White. The best cigarette paper that money can buy.

There is cleanliness in every step of CHESTERFIELD's manufacture. Old-fashioned methods have been discarded, and CHESTERFIELDS are made and packed in modern sanitary factories where even the air is washed, and changed every four-and-one-half minutes.

Every day more men and women are changing to CHESTERFIELD. And changing for good! Four big reasons clinch the choice: Milder—Taste Better—Pure—Satisfy.

mentally right. Under this plan, a trained corps of law enforcement officers has been organized, whose record for efficiency in solution of crime, traffic control and other branches of the work is an enviable one. In this day when the criminal has the automobile at his command to make a get-away, there is no cornering him in the back alley or woods outside of the city limits. The escaping criminal can pass through a number of cities and counties in a short time, and thus the need of a police organization that has state-wide jurisdiction is apparent.

A few days ago he found what he wanted—a car that looked brand new—turned back to the dealer after it hadn't been driven more than a couple thousand miles—and not a scratch. Yes, there was a dent in the left front fender, but Tom took it down to the factory and got it ironed out and painted over. Nobody would notice—and it gave Tom a \$1000 cut in price. Anniversary
SINKING OF "CHAUNCEY"
On Nov. 20, 1917, the U. S. S. Chauncey, a torpedo boat destroyer, sank, drowning 21 men following a collision with the transport Rose.
Lieut.-Com. Walter E. Reno, who was in command, and his two junior officers, Lieutenant Charles F. Wedderburn and Ensign Harry G. Skinner, Jr., and 18 enlisted men were lost.
The Chauncey was one of the old type of destroyers, completed in 1902. It displaced 420 tons. Its complement included 91 officers and men, and for several years before the war it had engaged only in coast defense service.
Premier Lloyd-George of England, speaking before the American War Mission and the British war cabinet, said that the collapse of Russia and the reverses in Italy "make it even more imperative than before that the United States send as many troops as possible across the Atlantic as early as possible."

EDITORIAL

TOURIST BUSINESS APPRECIATED
A GROWING appreciation of the value of the tourist industry is to be noted from recent developments in the upper peninsula. Already, some communities are making plans to attract or accommodate next year's vacationists.

A ROAD THAT TOOK COURAGE
WHAT railroad men have called the last "main line" that may ever be built in this country was celebrated a few days ago when the Great Northern completed the link that put a new transcontinental railroad into California. This link, which is two hundred and three miles long, connects the Western Pacific and the Great Northern between Klamath Falls, Oregon, and Keddle, California, and it cost fourteen and a half million dollars.

ON GETTING LOST
THUS far this deer season, there have been only a couple hunting accidents, none proving fatal, but the number of hunters getting lost and spending the night in the upper peninsula woods has been considerable.
Six helpful rules for those who get lost have been compiled, and are offered to readers as follows:
1. Sit down and rest. Study the lay of the land; try to find out where you are.
2. Don't yell for help, and don't wear yourself out trying to run through undergrowth or pushing through drifted snow.
3. Don't walk aimlessly. Travel only downhill. Follow a stream downwards, if possible. They usually lead to a habitation.
4. Don't try to seek a way out during the night or in a storm or fog. Find a sheltered place and make camp. Gather plenty of dry wood and build a fire in a safe place.
5. If you are injured, build a smoke signal fire, if possible, in an open spot on a knob or ridge top.
6. Don't lose your head and don't give up.

TROOPER ACQUITTED
THE acquittal of Ted Friegel, state trooper, who was charged with manslaughter in connection with the fatal shooting of Richard Frankini during a raid on a combination barber shop and barroom at Loretto, should help much to remove the evil reflection it unfortunately cast upon the state police organization.
The fact that jury arrived at its acquittal verdict after only 15 minutes deliberation would indicate that all jurors were immediately agreed that the trooper was justified in shooting in self-defense when the bolterous crowd in the barroom assumed a menacing attitude. Shootings of this sort will occur in any branch of police work, but whenever it happens that a trooper gets involved there are some people, who for some reason or other, will use the incident as a means of criticizing the entire organization.
The state police idea is funda-

mentally right. Under this plan, a trained corps of law enforcement officers has been organized, whose record for efficiency in solution of crime, traffic control and other branches of the work is an enviable one. In this day when the criminal has the automobile at his command to make a get-away, there is no cornering him in the back alley or woods outside of the city limits. The escaping criminal can pass through a number of cities and counties in a short time, and thus the need of a police organization that has state-wide jurisdiction is apparent.

Anniversary
SINKING OF "CHAUNCEY"
On Nov. 20, 1917, the U. S. S. Chauncey, a torpedo boat destroyer, sank, drowning 21 men following a collision with the transport Rose.
Lieut.-Com. Walter E. Reno, who was in command, and his two junior officers, Lieutenant Charles F. Wedderburn and Ensign Harry G. Skinner, Jr., and 18 enlisted men were lost.
The Chauncey was one of the old type of destroyers, completed in 1902. It displaced 420 tons. Its complement included 91 officers and men, and for several years before the war it had engaged only in coast defense service.
Premier Lloyd-George of England, speaking before the American War Mission and the British war cabinet, said that the collapse of Russia and the reverses in Italy "make it even more imperative than before that the United States send as many troops as possible across the Atlantic as early as possible."

**Blaine Declares He Will Not Aid Hoover Candidacy**

Washington, Nov. 19 (AP)—Returning to Washington today Senator Blaine, Republican, Wisconsin, said he would not support President Hoover either for re-nomination or re-election.

Blaine campaigned for Al Smith in 1928 but was non-committal today on the Democratic presidential candidate.

"I may have no candidate in 1932," said Blaine, "but it is safe to surmise that I will not be for President Hoover, although I think he will be re-nominated."

Blaine said he would reintroduce his resolution for the repeal of the eighteenth amendment. But he added: "There is no such thing as prohibition."

Now, of course, the plane is not a real, honest-to-goodness aeroplane, it is only one whose motivation is two husky lads pulling with ropes. But this need not deter the youthful airmen's flights, however, for the lack of a real plane can easily be supplemented by fancy. To be sure, a flight on the gossamer wings of fancy is much speedier and less hazardous than the orthodox, mode of air travel. In fact, it's even more interesting; and in the event of crashes, no one is injured. Not even shaken up.

Werle Stresses Importance of Seal Campaign

An instructive and intensely interesting talk on tuberculosis conditions in Michigan and the importance of the annual Christmas Seal sale and the work it finances was given Thursday evening at a meeting of representative Escanabans in Carnegie library hall by T. J. Werle, executive secretary of the Michigan Anti-Tuberculosis Association.

Mr. Werle, opening his talk, spoke of deaths from tuberculosis which in Michigan total 3,000 each year, which have amounted in the last ten years to 13,660, the greater number of them boys and girls and young men and young women under thirty years of age, and all of which might have been prevented.

"Tuberculosis is the most dangerous disease an infant faces," he said. "During the past three years, it has been found that tuberculosis is the leading cause of death among infants from birth to three years of age; from 5 to 10 years, it is second, diphtheria leading; from 10 to 15, and from 15 to 45, it again leads."

The tuberculosis death rate among males is greater than among women from birth to 15 and from 20 years on, but from 15 to 25 years it is higher among girls and women, and in the high school age group from 15 to 20 years of age, the death rate among girls is double that of men, he said, stating that study had failed so far to reveal the reason for this.

He spoke of the danger of contact with open cases, giving striking examples, and deplored the lack of information on the danger of this and lack of facilities to keep children well in a state which is greatly concerned with conservation and protection of its wild life, but which seems more or less indifferent when it comes to giving the same attention to its children.

"If we applied the amount of interest and effort in this state to the prevention of tuberculosis that we apply to other things not nearly so important, we could handle the situation," he said.

He spoke of the need of more sanatorium room which is seemingly unnecessary in Michigan, the seventh wealthiest state in the nation.

"If there was a Crusade, calling for Crusaders, to save lives from needless death," he declared, "I should say it is the challenge of tuberculosis."

Continuing, he spoke of the decrease in the tuberculosis death rate during the past twenty years. Due to education among the lines of healthful living to keep those presumably well, in the state of health, and the sanatoriums which care for approximately 14,400 cases a year. In this instance he spoke of Pinecrest sanatorium at Powers in terms of high praise.

The important task remaining, he said, was the discovery of the boys and girls who have the childhood type of disease and the prevention of its development in their cases. This work, he pointed out, had already been started in Escanaba under the capable direction of Mrs. W. P. Belanger, chairman of the Child Health committee of the Escanaba Woman's club.

In closing he spoke of other work, laboratory research, which is being financed by the Christmas Seal sale.

More Important Now Describing the present economic conditions such as to increase his need of constant cooperation, he urged support of the sale this year, closing his talk with the warning which he illustrated, that "no home is safe until all homes are safe—no child is safe until all children are safe."

Mrs. Belanger presided at the meeting and Miss Mary Mater, of the central office, gave a short talk, and displayed bulletins, posters and other materials used in promoting interest in the school and in the regular sale of the seals.

trail silks husky woolens all washables take to this tender care

Bright silks, fragile linens, as well as sturdy cottons and woolens, respond in the most friendly fashion to their Monday morning bath. And come out fresh and sweet as new. You see, it's the double-suds of American Family Soap that makes the difference. It works in double-quick time. Practically without rubbing. Never fades a color. Never dulls a luster. And in the end, actually saves you dollars through the longer wear it permits from all your washables. That's why American Family Soap—as pure as pure can be—is used by more Chicago families than all the other laundry soaps combined.

M-J-B COFFEE "Safety-Sealed" NO FLAVOR CAN ESCAPE!

"Safety-Sealed" FOR FLAVOR-PROTECTION

Still roaster-fresh after 110-day trip Round the World!

M-J-B—America's only "Safety-Sealed" coffee... subjected to ever-changing temperatures at 22 world ports, remains as fresh as the day it was packed!

Impartial experts comparing taste of freshly roasted coffee with coffee that has been Round the World. Left to right: Prof. W. W. Ogier, Jr., Calif. Institute of Technology; Genevieve Callahan, Editor, Sunset Magazine; Chef La Faille, St. Francis Hotel, San Francisco.

Such flavor protection is found only in M-J-B, which is the only coffee with its own can factory and its own vacuum process.

This exclusive process—the "Safety-Seal"—automatically prevents closing unless all air is removed. And because "Safety-Sealing" takes so much more air out, M-J-B alone, of all coffees, must have a strengthening band around the center of the tin. No other coffee offers you all these advantages.

Ask for M-J-B. Look at the tin. See the difference in packing methods. Then taste the difference in freshness and flavor.

URGE FLOORING PLANT BE RUN

Newberry Men Sign Petition Requesting Operation

Newberry, Nov. 19 (Special)—A petition, signed by a large number of Newberry business and professional men has been forwarded to Judge Fred Raymond, United States district judge, asking that the William Horner flooring plant be operated during the coming winter for a period of at least four months beginning on December 1. The plea goes through the Grand Rapids Trust company, receivers for the local company and is a result of a conference held here a few days ago when Peter D. Kline vice president of the trust company, and in charge of operations, met with a group of local men among whom were Congressman Frank P. Bohn, Attorney A. L. Sayless and J. P. Rahilly.

PLAYING WITH FIRE

Fort Worth, Tex.—Zaki, the fire eater in the carnival, sported a luxurious growth of beard. But that beard was his undoing here when he put on his act. He was in the midst of eating some juicy morsels of flame when he dropped one. It fell on his beard. Zaki screamed, the beard flamed, and the dauntless fire eater fled in search of the water barrel. He announced his intention of wearing a beard of sparks the next time he plays with fire.

Press Want Ads Cost Little. Accomplish Much.

Although little can be said in anticipation of what action Judge Raymond may take in the matter, the gentlemen back of the movement expect the petition to have considerable weight as there is generally little opposition to such projects when they have been entered upon after such a conference and with the consent and advice of the company officials.

Japanese Tea Given By Newberry Club

Newberry, Nov. 19 (Special)—The Japanese tea given by the members of the Newberry Study club on Tuesday afternoon was one of the most beautiful functions of the season although the rainy weather kept the attendance from being all that was expected. The auditorium of the community building was beautifully decorated with flowered trellises, Japanese screens softly shaded lamps and furniture and rugs added a home-like touch to it all. Many articles of unusual beauty were shown, in prints, shawls, china, lacquer and paintings. The table from which the refreshment was served followed the Japanese design of decoration and the foods were also designed to indicate the style of the event.

A program of unusual beauty was given. A solo was sung by Mrs. Elmer Lundstrom of Manistique. A trio of girls, the Misses Frasure, Nicholls and Barrett gave a number. Miss McClung of the high school English department read a one-act play. A quartet of young ladies, the Misses Spinks, Smith and Betty and Margaret Campbell sang a Japanese dumber. Mrs. Lundstrom sang again and the program closed with a piano number from Madam Butterfly by Mrs. C. L. Bystrom.

AGED MAN BURIED

Jacob Hautavilta who was found dead in his little home on Avenue A on November 16 was buried from the Beauville Funeral parlors on the afternoon of November 18, the Rev. Lauri Ahlman officiating. Mr. Hautavilta was about 78 years of age and as far as can be learned had no relatives. He had not been seen about his cabin for some days and was found dead by a group of boys who sometimes went to visit him. He has worked at common labor in this locality for the past 40 years.

NEWBERRY BRIEFS

Walter Wilson, who with a party of ten has been hunting out of Big Bay, returned on Wednesday afternoon. His wife and baby were with him.

Frank Ennis, manager of the Horner plant, is making a business trip to Grand Rapids.

Dr. and Mrs. E. H. Campbell left on Wednesday for Detroit.

Julius Thorson was called to Escanaba on Wednesday on business for the conservation department.

Five men hunting from Camp Five north of town arrived in from the woods on Wednesday night with a fine buck each. The smallest is a six-pointer. The gentlemen are A. R. McFarland, Otto Polarski and Gordon Love of Grand Rapids and Peter Pipe and "Mac" McCall of Manistique.

Mr. and Mrs. Roy McGregor of Manistique spent a day or so here at the Dave Riddle home and also visited their father, on his farm near Manistique.

Mrs. J. H. Foster left on Wednesday for an extended visit with her daughter, Mrs. Thomas Brown at Grand Rapids.

MAY RECOVER

Gus Olson who was seriously injured when he was struck by a car on U. S. 2 near the Naubinway road on the night of November 12 may recover in spite of his bad skull fracture, according to reports coming from the hospital where he is being cared for. His condition appears to be clearing up somewhat and his mind is more rational. Besides the head injury he has a badly fractured leg.

Civil suit started for the injured man against Harry Gordon, Detroit cafe man, who was driving the car which struck him, will be held in Luce county in the March term of circuit court.

STRAY BULLET

John Swanson, aged about 45, came to Newberry on November 18 with a nice clean hole through the calf of his right leg, made he believes, by a stray bullet. In company with his wife Mr. Swanson is camping west of Germfask and about one o'clock felt a sharp sting in his leg, the only indication that he had been struck until he saw the blood. The couple are from Fruitport, near Muskegon and are farmers. They want to continue their hunt if Mr. Swanson's condition permits.

Author of "Casey at the Bat" Still Pecking at Typewriter

"Casey" is still "at the bat" in the lines of the immortal baseball ballad, and George Whitefield D'Vys, who wrote it, is still at his typewriter, as this picture shows. D'Vys is seen here at the Cambridge Home for the Aged and Infirm, in Cambridge, Mass., where he continues to compose poems and songs that he hopes will equal the success of "Casey at the Bat."

By NEA Service

Cambridge, Mass.—The man who wrote that immortal poem of baseball, "Casey at the Bat," is old and crippled and nearly blind. But he still is able to peck at a battered typewriter in his "office" at the Cambridge Home for the Aged and Infirm.

You probably don't know his name. It's George Whitefield D'Vys. The biggest mistake of his life was in failing to sign that name to the poem he dashed off back in 1888. For although he has been trying ever since—and his dim old eyes are still on Parsonage—"Casey at the Bat" remains the only highly successful thing that D'Vys ever wrote.

The ballad promises to live as long as baseball itself. Actors have declaimed it, schoolboys have recited it. Sports writers have poured out miles of newspaper in praise of the color and enthusiasm of its lines. But not until comparatively recent years was D'Vys able to establish his authorship. The mythical Casey never made a dollar for the man who immortalized him. And now it is too late.

George Whitefield D'Vys is 71. He has been a seaman, adventurer, newspaper reporter, singer and temperance worker. But always a sports fan and always a poet. His father, a hard-boiled old sea captain with whom George twice was shipwrecked, forbade him to "waste time scribbling silly verses." And that was why, says D'Vys, he didn't sign the poem about the famous Casey.

It was Mike Kelly "Maybe you don't know," explained the veteran, "that the man I had in mind at the time was Mike Kelly. They called him 'The King' in those days. He was playing with Chicago, and the game I wrote about was one when Chicago played Boston. With Boston ahead, Chicago had the bases full and Kelly had a chance to win the game. But he struck out. 'The King' was such a hero that the Boston fans were disappointed, even though they won."

"Well, I wrote the poem next day, thinking about poor Kelly. I sent it away and practically forgot it. Just 11 years later a Boston paper printed it under the name of 'Phineas Thayer.' That made me mad and I claimed authorship. Some lawyers saw the profits I offered and said they'd make me a lot of money if I'd let them sue."

"But I didn't want to do that,"

CITY PROJECTS PROVIDE WORK

Escanaba Council Plans to Extend Winter Improvements

Possibilities for additional municipal improvement projects which will provide work to help alleviate the employment situation are being considered by the Escanaba city council as a result of suggestions submitted by councilmen at the regular meeting last night. A motion was passed asking the mayor to call the park commission in for a conference and ascertain what improvements may be inaugurated in that department.

Two sanitary sewer extensions have been authorized and construction will be started shortly. One project is on Twentieth and Twenty-first streets, between First and Second avenues north, and the other on Eighteenth and Nineteenth streets, between Seventh and Eighth avenues north. Last night was the date set for receiving objections to the special assessments on the sewage projects.

Representatives of office equipment concerns were present at the meeting last night to demonstrate filing cabinets and record books required in complying with Act 131, Michigan Public Acts of 1931, which provide for a permanent registration system for voters. Action on the purchase of the equipment was deferred to the first meeting in January. The law requires that the new registration system be started in May of 1932.

Matters of traffic safety at the intersection of Washington avenue, Sheridan road and Stephenson avenue were discussed, and the city manager was asked to confer with the police department on means of lessening the hazards at this three-way junction.

## RED CROSS IS NEARING GOAL

### Canvassers In Roll Call Campaign Return 250 Memberships

Prospects for attaining 300 members in the annual Red Cross Roll Call loomed brighter today when canvassers brought in a large list of memberships to swell the total to 250. All reports have not been turned in as yet and it seems practically certain that the goal will be reached by next Thursday, the closing day of the campaign. People have been most generous in their response to the drive being carried on by the Manistique Business and Professional Women's club.

Additional names which have been brought in this week are as follows:

## CHILD need REGULATING?

### CASTORIA WILL DO IT!

When your child needs regulating, remember this: the organs of babies and children are delicate. Little bowels must be gently urged—never forced. That's why Castoria is used by so many doctors and mothers. It is specially made for children's ailments; contains no harsh, harmful drugs, no narcotics. You can safely give it to young infants for colic pains. Yet it is an equally effective regulator for older children. The next time your child has a little cold or fever, or a digestive upset, give him the help of Castoria, the children's own remedy. Genuine Castoria always has the name—

### W. L. Middlebrook Winner in Class 5

Winners in Class 5 of the better homes and garden contest conducted this year under the auspices of the Chamber of Commerce were announced yesterday by the judges. W. L. Middlebrook, 120 North Mackinac avenue, easily winning first prize and Mrs. Andy Maitland, 140 Weston avenue, second. Only three entrants were enrolled in Class 5 which included property with an assessed valuation between \$2,001 and \$2,500.

Mr. Middlebrook had a splendid garden which was marveled in its beauty. A small brook of clear water flows through it and the plot also contained a rock garden and a beautiful pool of gold fish.

### FINED FOR SPEEDING

Pleading guilty to a charge of exceeding the speed limit in the city, Otto Schubring, city employe, was fined \$5 and \$5 costs when arraigned in Justice court Wednesday afternoon. ### Boy, 14, Enrolls at State College

East Lansing, (AP)—Thomas Provost, Cheboygan, is the youngest student to enroll at Michigan State College in the recent history of the institution.

At the age of 14, Thomas is a freshman in the engineering division of the college. He is the son of Mr. and Mrs. Paul Provost, and his father is employed by the state highway department.

Michigan State's youngest freshman pulled ahead of the students of his age back in the grades, when he skipped a couple of years. He entered school at the age of five, jumped two grades, and took the regulation course in high school.

### Iron Mountain Wins

Iron Mountain—Members of the affirmative team of the Iron Mountain high school last evening defeated the Kingsford negative squad in the first debate of the season in the auditorium of the Kingsford high school. The question for debate pertained to the enactment of a compulsory unemployment insurance law for the state of Michigan.

Both Kingsford and Iron Mountain are members of the Michigan High School Debating League.

## MRS. J. DURNO DIES SUDDENLY

### Stroke Fatal To Highly Respected Pioneer Wed. Morning

Mrs. John Durno, 63, resident of this city for the past 44 years, suddenly passed away Wednesday morning at 11:50 o'clock as the result of a stroke. Mrs. Durno had been in good health up until the time of her death and the shock is deeply felt by her many friends in the city who have all held her in profound respect.

The tragedy occurred near noon Wednesday when Mrs. Durno was entering the home after emptying a pan of ashes in the back yard. She fell down on the steps and died soon after, never regaining consciousness. Her husband, John Durno, was out deer hunting at the time and was immediately notified of her death.

Mary E. Bartlett was born in Cornwall, England, August 3, 1868. Upon coming to this country she came directly to Manistique where she has made her home since 1887. On December 21, 1893, she was united in marriage to John Durno. Six children were born to them, one dying at the age of four.

Five children survive. Besides her husband, the deceased is survived by four sons, Archie, of Detroit; Floyd, Buffalo, N. Y.; Jack, Milwaukee, Wis.; and Harvey, living at home; one daughter, Mrs. Earl Belcher of Detroit, two sisters, Mrs. J. M. Stephens, Manistique, and Mrs. W. Martin, Cornwall, England; and two brothers, William and George Bartlett, state of Washington.

The deceased was one of the early members of the Agnes Rebekek lodge of this city and was one of the most active workers, at one time holding the position of past noble grand. Mrs. Durno had a splendid personality and was extremely well liked by all who came in contact with her.

Funeral services will be held this afternoon at two o'clock from the home, 326 North Houghton avenue, with Rev. P. L. Lomas, pastor of the First Methodist Episcopal church, officiating. The funeral will be in charge of the Rebekeh.

Interment will be made in Lakeview cemetery under the direction of Gunnarson & Kefauver local morticians. All of the children of the deceased have arrived here for the services.

A new radio beacon, permitting fliers to "find" the airport regardless of weather conditions, is to be installed at Oklahoma City.

## CITY BRIEFS

### Dorothy Shipman Is Author of New Book of Christmas Poems

"Christmas Recitations for Young and Old" is the title of Dorothy Shipman's interesting and alluring collection of poems which has recently been published in cloth and paper bound editions by the Penn Publishing company of Philadelphia. The collection contains 157 bits of Christmas verse including poems from some of the foremost poets of all time. All are delightful and are especially suitable for recitation either from the public stage or in the home during the holiday season.

In addition to gathering the material and obtaining permission for publication from the various authors, Mrs. Shipman herself has contributed to the collection a splendid poem entitled, "Make Believe." As a final contribution in Mrs. Shipman's book, is Francis Pharellus Church's classic bit of sentiment written in reply to little Virginia O'Hanlon's question, "Is There a Santa Claus?" which was published some years ago in the New York Sun. It is a literary achievement which will long be remembered.

The publication of "Christmas Recitations for Young and Old" is the first of Mrs. Shipman's literary achievements to be published in book form, although she has

written extensively for various magazine publications. The new book is truly a work of art and is a most praiseworthy accomplishment.

A more complete and exhaustive collection of Christmas poems containing a few of those published in the recent edition, has already been accepted by the publishers and will appear at a later date.

VIOLATORS GET TERMS IN JAIL

Quartet Sentenced to Total of 120 Days in County Brig

A total of 120 days imprisonment in the county jail was meted out to four game law violators here yesterday in Justice A. D. Algure's court. The first to appear was Lee Caswell, 37, Trenary, who was found in Nahma township with a piece of venison in his possession but no license. He pleaded guilty to the charge and was sentenced to pay a fine of \$50 and costs or spend 30 days in jail. He chose the latter.

The others, a trio composed of Thomas Sargent and Arthur Leonard Larscheid, all of Nahma, were taken into custody at their camp north of Nahma, where two untagged bucks and a portion of a deer carcass were found. Sargent pleaded guilty to possession of venison to camp with out license attached or a camp license, while each of the Larscheids pleaded guilty to possession of untaged deer in open season. Each of the trio was sentenced to pay a fine of \$50 and costs or spend 30 days in jail and none were able to raise the money.

In addition to confiscation of the venison, three guns were seized. Arrests and complaints in all four cases were made by Conservation Officer Frank Posenko of Gladstone.

OBITUARY

E. C. LAFRAMBOISE The body of Earl C. LaFramboise, 43, of Whitefish, who passed away Tuesday evening at the Pinecrest sanatorium at Powers after a protracted illness, was taken yesterday afternoon from the Swenson Brothers mortuary to the home of a sister, Mrs. Curtis Christenson, at Rapid River where it will repose until the hour of services.

Funeral services will be held this afternoon, at 1:30 o'clock from the Christenson home with Rev. H. W. Colenso, pastor of the Methodist Episcopal church of this city, officiating, and at 2 o'clock from the Bethany Lutheran church at Whitefish, Rev. Dickberg presiding. Noble Swenson will sing a number of tenor solos during the services. The body will be borne to its final resting place by six cousins, Reuben Wickstrom, Carl Carlson, Leon Johnson and Arnold Wickstrom of Whitefish, and Lloyd Ackley and John Ironside of Gladstone. Verona Johnson and Helen Wickstrom will be the flower girls. Interment will be made in the Rapid River cemetery.

Miss Bid Boyle has returned from St. Ignace with a party of friends who came from Detroit on a hunting trip.

CARD OF THANKS

We wish to thank all of the volunteers who Tuesday night assisted in the search for Dick Hammond, lost Tuesday while deer hunting on the Whitefish plains northeast of Rapid River. Signed: Mr. and Mrs. L. R. Stade.

# Chocolate Will Seek Canzoneri's Title Tonight

## LIGHTWEIGHTS SET FOR FIGHT

### Plenty of Speed Offered in Championship Scrap at New York

BY EDWARD J. NEHL (Associated Press Sports Writer)

New York, Nov. 19 (AP)—Just about all the absolute class in the lightweight division will crowd into the Madison Square Garden ring tomorrow night when Tony Canzoneri, brilliant champion of 135 pounds, offers his crown for the winning to Kid Chocolate, greatest negro warrior of the class since Joe Gans.

There will be speed, punching ability, boxing perfection and added touches that go to make champions. Both have great good of ring personality, the most important business asset of an important fighter. Over the championship route of 15 rounds, either man has the ability to win decisively.

If there are any odds, they favor Canzoneri, a rugged, ardent Italian, who came up from the newsboy ranks in New Orleans to win the featherweight championship and came back after loss of that title to punch his way to the lightweight throne.

Two Good Scrappers

Tony suddenly found he could knock his mer out when he bowled over Al Singer, the 135-pound titleholder, with one left hook to the jaw less than a minute of battling. He knocked out Jackie Berg, first time the perpetual motion Briton had ever been flattened, in his first title defense in Chicago.

The popularity and fighting skill of the willing Italian are equally matched by Chocolate, another striking newsboy, but this one from the streets of Havana, Cuba.

The ebony stick slipped into New York over three years ago and got himself a "hit for \$40 on a preliminary card in a Soldier Club at Mitchell field. He was a bantamweight then, a skinny negro kid, but with amazing drive in his right hand, the defensive elusiveness of a phantom, and a will up good nature.

Since then the "speed" fighter, bombs with his right hand, has fought the best of the bantamweight, featherweight and lightweight, missing the 125-pound crown by a scant margin after a wild 15-

round struggle with Bat Battalino the champion.

Chocolate knocked out Benny Bass in Philadelphia to win the synthetic junior lightweight title at 130 pounds and if Canzoneri makes the poundage tomorrow night his title, along with the 140-pound junior welterweight insignia Tony took from Kid Berg also will be at stake.

As an added spur the Lord Londale belt Freddie Welsh won as the lightweight champion has been purchased by the garden for award to the winner.

Chocolate and Canzoneri are expected to weigh at or close to 130 pounds.

## BAT BATTALINO WINS BY KAYO

### Featherweight Champion Stops Graham in First Round

Chicago, Nov. 19 (AP)—Primo Canera was awarded the decision over King Levinsky after ten rounds of fighting before 17,300 spectators in the Chicago stadium tonight.

Chicago, Nov. 19 (AP)—Bat Battalino, world's featherweight champion, knocked out Bushy Graham, Utica, N. Y., after a minute and 44 seconds of their scheduled ten rounder tonight. Battalino finished Graham with a right cross to the chin, following it with two terrific body punches. Battalino weighed 129 1/2 pounds and Graham 123, two pounds over the featherweight limit, making the fight a non-title affair.

Battalino made his appearance in the stadium as a co-star with Primo Canera and King Levinsky.

Terrific Punches

Graham, a flashy elusive boxer, outscored Battalino steadily for the first minute of fighting. Battalino, chasing Graham around the ring, suddenly nailed him on the peak of the chin with a sharp right cross. He followed this blow with two terrific punches to the body, a left hook and a right under the heart. Graham dropped to the floor unable to move. The punches to the body paralyzed him for an instant, but he recovered.

The world's featherweight champion, by his spectacular knockout victory wiped out the defeat Graham scored over him a few months ago in a non-title fight.

Paulie Walker, Trenton, N. J., welterweight, won a decision victory over Tommy Rios, Tucson, Ariz., in an eight round bout. The decision was not popular, although Walker finished fast. Each weighed 149 1/2 pounds.

Frank Battaglia, Winnipeg middleweight, quickly finished Johnny Burns of Oakland, Calif., in the first round of their scheduled eight rounder by knocking him out with a right cross to the chin after one minute and sixteen seconds. The Californian was dropped for a count of nine before the Winnipeg puncher cracked over the finishing punch.

Mickey O'Neil, Milwaukee welterweight, won an easy victory over Kelly Kulac, Chicago, protégé of Sammy Mandell, in four rounds. Mandell, making his first appearance as a manager after his retirement from the ring, was in the Chicago boy's corner, but he couldn't fight for him.

## EKDAHL NAMED GRID CAPTAIN

### Veteran Fullback Will Pilot Cookmen Next Season

Manistique, Nov. 19 (Special)—Harvey Ekdahl, three-year veteran and star fullback of the Manistique high school football team, was awarded the captaincy of the 1932 eleven at a pep meeting held in the high school auditorium Wednesday afternoon at which 15 first string gridmen received varsity letters and 12 reserves obtained "R's."

Ekdahl, who was elected unanimously by his mates, next year will enter into his fourth year of inter-scholastic football, and should prove to be a great striding influence on next year's relatively green team. In addition to being chosen on the all-upper peninsula team last year, Ekdahl was the only upper peninsula player to be given a place on an all-state eleven, getting recognition on the third team.

The 1932 team will have plenty of new faces in the lineup with seven men hanging up their prep school moleskins this year. Only two backfield men, Jack Orr and Bob Marks, will be lost to the team through graduation, but reserve material will have to fill five places in the line, including two end and tackle posts. Veterans who next year will be ineligible are Boyd Bolitha, guard; Capt. Charles Burley and Walter Neesman, tackles; Wes Orr and Dick Hudson, ends; and Jack Orr and Bob Marks, halfbacks.

Coach William Cook in commenting upon the past season complimented his boys on their clean play and good sportsmanship, saying that it is sportsmanship and not victories which counts. Coach Wassberg, of the reserves, praised his proteges for the sacrifices they made this season and jokingly remarked that they had made a better record than did the varsity, ringing up a percentage of .500 by breaking even in two games.

Other features of the assembly program was the baritone horn solo by Dick Hudson and a song by the "football trio" composed of Boyd Bolitha, Jack Orr, and Dick Hudson.

On Monday noon members of the "football squad were guests at a luncheon of the Rotary club. Cook and Wassberg delivered short addresses. The Rotarians were enlightened on many of the football rules when each member of the squad gave the answer to a question not to them individually by Coach Cook.

Those who received varsity awards were: Walter Neesman, Boyd Bolitha, Wesley Orr, Richard Hudson, Stanley Norton, Sylvester Rubick, Elmer Knuth, Harvey Ekdahl, captain-elect, Charles Burley, captain, Roberts Marks, Jack Orr, Harry Dewey, Robert Peasley, Art Andrews, Houghton, and Louis Rogers.

Reserve letters were awarded to: Bertir Barr, Sigrid Carlson, Ray Berger, David Crawford, Verner Johnson, Frank Willcock, George Saunders, William Robertson, Robert Shampine, Jack McIntosh, Jack Southard, Elmer Garvin, and Carl Mumford.

## FOUR VETS ON 'STIQUE TEAM

### Squad of 40 Cut Down to 19; Play Baraga December 12

Manistique, Mich., Nov. 19 (Special)—Although it is still too early to predict a successful season for the Manistique high school basketball team, Coach Oscar Wassberg believes that this year's quintet will at least live up to the record established last season when the Green and White captured the title out of twelve contestants.

With the majority of the games away from home, the Manistique squad has a tough assignment on its hands. Coach Wassberg has a nucleus of four letter men with which to work, James, Ekdahl, Wes Orr, and Hudson, but the latter will be eligible only during the first semester.

Light workouts, stressing the fundamentals, such as dribbling, passing, pivoting, etc. have been indulged in since a week ago Monday and the squad of 40 candidates was cut to 19 after the first week of practice.

The first game of the season will be played at Marquette against Baraga high school on December 12, but officials are trying to negotiate for a game here with Rock's Little Giants on December 12.

In addition to the four letter men, Coach Wassberg has the following reserves from last year: Ray Billings, Walter Neesman, Bruce Peasley, and Robert and Clarence Marks. New men who have been retained on this year's squad are Lonel Tyrell, Mike Bar, Sylvester Rubick, Vern Setterberg, Carl Mumford, Walter Garvin, Ray Berger, Nestor Haggblom, Sigrid Carlson, and Dale Ott.

## TITANS WILL USE PASSES SATURDAY

Detroit, Nov. 19 (AP)—Coach Gus Dorais announced today that Parsa, Rajkovich, Schearer and Tooker will comprise the backfield when his University of Detroit football team renews its perennial feud with Michigan State Saturday.

It probably is no coincidence that all four of the backs are adept at hurling forward passes.

Aiming at what he believes is the weakness of the Michigan State squad, Dorais has made no secret of his intentions to attempt the aerial route to victory Saturday. Army and Syracuse, the only conquerors of State this season, did it by passing. Dorais reasons, so that what the Titans will attempt. It may all be pre-game propaganda, but for two consecutive practice sessions the Titans have done little but drill on passes. In their last heavy drill of the week today, it was pass and then pass some more, with Parsa as the key man in the offensive drill.

Hackett and Sharkey, ends, alternated in receiving and looked well in practice.

## BOOTH WILL START GAME ON SATURDAY

New Haven, Conn., Nov. 19 (AP)—Reversing the procedure followed in most of the season's games, Coach Mal Stevens decided today to start Captain Albie Booth at left half for Yale against Harvard Saturday.

Little Albie, who was out of practice last week with strained leg muscles, is in good shape again and is expected to be in the thick of battle most of the contest. Previously he had been held in reserve until later in the game.

Stevens announced his lineup would include Holcombe, sophomore, at center. Besides him and Booth, Stevens plans to start the following men: Flygare, left end; Wilbur, left tackle; Nichols, left guard; Rotan, right guard; Hall, right tackle; Barres, right end; Parker, quarterback; Crowley, right half, and Levering, fullback.

## TROJANS DRILL AT HUTCHINSON

### Stop Off for Workout and Then Depart for Notre Dame

Hutchinson, Kas., Nov. 19 (AP)—Coach Howard Jones sent his Southern California Trojans through a brisk workout in a drizzling rain here today, announced he plans no drastic lineup changes against Notre Dame and plotted his hand back on the rain and rolled on, toward the scene of Saturday's great gridiron battle.

"We are going up against the greatest football team in the country," Jones said, "and we hope Notre Dame feels the same way about us. We are in excellent shape physically, if that means anything, and we are ready to give them the best we have."

Thirty-four squad members spent nearly two hours on a local athletic field this afternoon in scrimmaging, passing and punting.

A crowd of 2,000 met the Californians and escorted them to the gridiron.

Quarterback Gatus Shaver was a spectator owing to a slight foot infection that is not expected to keep him benched at South Bend Saturday.

The Trojans, who stopped off at Tucson yesterday for practice, will have their final rehearsal tomorrow at Stagg field, Chicago.

## Dean Gauss Charges Almost All Colleges Subsidize Athletes

### New York, Nov. 19 (AP)—The charge that practically every college in the United States has subsidized athletes and a denunciation of that type of alumnus who believe a good running halfback worth three Phi Beta Kappa scholars, is made by Dean Christian Gauss, of Princeton, in the December issue of Scribner's magazine.

"Though the colleges and conferences may make rules in all good faith," Dean Gauss writes, "no method has been found or can reasonably be expected to be found" for curbing alumni interested in seeing that good football players go to their alma mater.

Dean Gauss cites three instances—two of them actual happenings, one theoretical—where athletes were subsidized without the knowledge of the college at which they matriculated and in one case without the knowledge of the athlete himself.

He tells of an alumnus who increased the salary of one of his employes whose son was a good fullback; of another halfback who took him to keep the change; of a third star who was receiving a monthly retainer from a gentleman concerned with holding the young man's services so that he might run a farm four years hence.

Students Suspicious

If cases of this sort are frequently hidden from faculty committees, the undergraduates themselves often sense that something is wrong, writes Dean Gauss. In a recent investigation of forty colleges, conducted by Acting Dean Smith of the University of Illinois, it was found that on practically every campus undergraduates believed that the athlete received gratuity.

Violation of the amateur code with the connivance of officials is becoming less each year, Dean Gauss believes, "for it can be corrected from above and occurs usually only in institutions of which the general standing is low and which are using this method to attract attention in the press." But he sees little hope for curbing over-ambitious alumni.

Dean Gauss makes it clear he holds nothing against football as a game.

## WISTERT WILL BE AT TACKLE

Ann Arbor, Mich., Nov. 19 (AP)—Coach Harry Kipke of Michigan probably will start Francis Wistert, sophomore, at right tackle in the Minnesota game Saturday to stop the hard charging Gophers.

Wistert is only 15 years old but stands six feet two inches and weighs 200 pounds.

Wistert has been in the lineup this week in the place of Tom Samuels, veteran tackle.

The rest of the Michigan lineup probably will be the same as that which started against Michigan State College last Saturday, with Petokey and Williamson at ends, Auer at left tackle, Hozar and LaJeunesse as guards, Morrison at center, Hudson at quarterback, Heston and Fay as halves, and Hewitt at fullback. If the field is dry, Newman probably will be in quarterback for half of the sixty minutes.

## ROCK SCHEDULE IS ANNOUNCED

### Little Giants Will Play Gladstone Quintet On Dec. 4

Rock, Mich., Nov. 19 (Special)—Basketball again gains the spotlight. Twenty-five aspiring cage candidates reported to Coach Weingartner at initial practice sessions this week.

Upon looking over the squad, the Rock mentor finds six of his last year's tel lettermen of hand to form a nucleus of this year's outfit. Of the six, two—Capt. Seila, a guard, and Albert Sayen, a forward—were regulars. The remaining lettermen are: Johnson, Arnold Sayen, Larson and Carlson, all reserves of last year.

Despite the fact that six lettermen are returning, prospects are none too bright. Graduation last year took three of the best players. Rock ever turned out in Rabideau, Johnson and Kaukola. They had been the backbone of the team for the past three years and will be greatly missed. Coach Weingartner's task of building another winning team looks like a big job, considering the opposition.

This year's schedule is another typical man-killing schedule with not a set-up on the list. The opening game of the season is at Gladstone on December 4. The rest of the schedule is just as difficult. Coach Weingartner looks for a lean season—at least, until his squad can gain a little experience.

Among the other teams on the schedule are Escanaba, Manistique, Stephenson, Vulcan and others. Two games had been scheduled with St. Joseph's of Escanaba but they were cancelled by St. Joe authorities on the grounds that Rock failed to play football against them. So two dates are open on the card, but probably will be filled before the season is opened. The complete schedule follows.

## Hero and Goat

### Wood and Booth Playing Unique Roles in Football Drama

BY BILL KING (Associated Press Sports Writer)

Cambridge, Mass., Nov. 19 (AP)—The fourth and last act of a football drama that could be titled "The Hero and the Goat" will probably be one of the all-time shows attending Saturday's Harvard-Yale classic in the stadium.

Captain Barry Wood, who has led a powerful Harvard eleven through an undefeated preliminary season, is prepared to continue in his hero part and his teammates, aided by the Crimson coaching and scouting staffs, are confident they can prevent little Albie Booth, leader of the Yale forces, from usurping their favorite's place in the gridiron spotlight and confine him to a lowly role.

Four Year Bivalvy

Booth and Wood began a rivalry unique in intercollegiate sport four years ago in the Yale bowl, when they were freshmen quarterbacks. Both yearlings were able to score, but Wood became the hero of the game by dropping the winning point after Booth's attempt was blocked by Bill Gimman, now a varsity guard.

Came 1929 and Wood and Booth were the outstanding stars on their respective teams. Little Albie ran wild against Yale's preliminary opponents and Wood clinched his varsity post by tying the Army with his sensational pass to Vic Harding. Since Yale visits Cambridge in the odd years, the rivals had their second football encounter in the stadium.

Barry opened the game for Harvard, but Albie, suffering from a slight charley horse, was held out until the Ellis had marched up to Harvard's 20-yard line. Then Albie was rushed in so quickly that he didn't have time to shed any of his five sweaters, parkies and sheepskin coat until after he reported to the referee.

Lost Several Chances

Booth's hurried entrance proved to be a poor bit of strategy. Stone cold, he tried for a field goal and it was blocked by Jim Douglas, thereby spoiling a Yale scoring chance. Wood managed to drive the Crimson 67 yards for a touchdown, Wally Harper going over, drop-kicked the extra point and then added three points more with a field goal and one of Albie's punts was blocked deep in Yale territory.

Albie's third chance for glory in

## RAMBLERS HOLD SECRET SESSION

### "Hunk" Anderson Gives His Charges Many Trick Plays

BY PAUL R. MICKELSON (Associated Press Sports Writer)

South Bend, Ind., Nov. 19 (AP)—Notre Dame's spirit of football conquest reached its crest of the season tonight as Coach "Hunk" Anderson finally jerked the rip cord from his bulging trick bag.

The tricks, many of them heirlooms from the Knute Rockne era, were eagerly and efficiently absorbed by the varsity squads, which practiced until after darkness in preparation for the invasion of Southern California's Trojan Saturday.

Tonight's drill was a secret session that lasted almost four hours and finally wound up in the gymnasium. Only a few spectators were permitted on the practice field, and all of them were unaccustomed to what they never seen the present squad look better than it did tonight. Three plays, aimed to shatter the Trojan defense, worked beautifully against the freshmen in a dummy scrimmage, and Coach Anderson forgot his gloom and a smile wreathed his face.

Because of pledges of secrecy, nothing can be revealed as to the new touchdown-making formations used tonight, except that the forward pass attack was stressed with results.

## Rapid River Plays Stephenson Cagers In Opener Tonight

Rapid River, Dec. 19, (Special)—The Rapid River high school basketball team will begin its season here tomorrow evening, meeting Stephenson at the local gymnasium. The game is the first for both squads.

The probable starting lineup for Rapid River will be Nelson or White at center; Belland and Boyer, guards; Captain Bob Miller and Rushford or Roberts at forwards.

Leo Brunelle of Escanaba, will officiate.

This conflict died when Ben Ticknor made his famous finger-tackle after overhauling the "mighty mite" on what appeared to be a certain scoring run back of a kick-off.

Moscow has a half million persons on holiday every day in the year, under the present plan of one day rest in every five.

The day I arrived in Moscow, Turkey played Russia at soccer at the Dynamo Sports Ground.

You can spend a week at the Moscow "Park of Culture and Rest" and hardly get a bird's-eye view.

Some of Russia's greatest modern artists have collaborated on the graphic exhibits in the huge auditorium devoted to Russia's progress on the Five-Year Plan.

AMUSEMENTS

AT THE DELFT "The Legion on Parade" went over the top with a barrage of applause at last night's opening at the Delft Theatre.

"24 Hours" The amazing sum of drama, suspense, romance and adventure that is tallied in the big cities of today, and most frequently is enacted all about us without our eyes and senses fathoming the ever-present clues and symbols.
