JURY ACQUITS PANTAGES OF GIRL ATTACK

MISS PRINGLE SAYS SHE'LL SUE HIM FOR MILLION

Los Angeles, Nov. 27 (AP)—A mid-tumultuous scene in which court room spectators joined in the joy of a family, Alexander Pantages, multi-millionaire theater man, was acquitted today of charges of a criminal attack upon Eunice Pringle, 19-year-old dancer.

The verdict of the jury, announced after nearly 65 hours of deliberation, came two years after Pantages had been convicted at the original trial and was granted a second trial by the state supreme court. The jurors said they had arrived at the verdict last night but decided to "sleep on it."

Pantages' Wife Happy

As John Williams, jury foreman, read the verdict, Pantages and his wife broke into tears. Spectators, shouting wildly, leaped on top of their seats and hats were thrown in the air. It was several minutes before bailiffs could control the crowd.

The 59-year-old showman was overcome by emotion. His wife, turning to the spectators, as they surged about the couple, said: "This is the happiest moment of my life. The mills of the Gods grind slowly but truth will out. I'm too happy to say more."

Sorry For Eunice. Pantages, finally regaining his composure, commented: "I am very happy that my name has finally been cleared of the charges brought against me two years ago. I have suffered much during these two years. My fullest gratitude and appreciation go to the fair minded ladies and gentlemen of the jury who saw the truth and spoke it."

The verdict was reached, Newell J. Morehouse, one of the jurors, said, by "eliminating witnesses we believed had not told the truth until we finally got to the testimony we felt was acceptable." He said the jurors never believed Miss Pringle's story but "felt sorry for her."

From the day of his arrest, August 9, 1929, Pantages claimed that Miss Pringle had conspired to blacken his character, because of his refusal to buy her stage act.

The first vote Tuesday night, after the case went to the jury, was ten to two for acquittal and it remained at that count until the ballot last night.

Robert Ames, Noted Actor, Found Dead

New York, Nov. 27 (AP)—Robert Ames, whose portrayal of juvenile roles on Broadway won him stage fame and a screen career, was found dead today in his hotel suite under circumstances which led authorities to order an autopsy.

Dr. Eugene E. Marcovici, who was summoned after the 42-year-old actor's body was discovered late in the afternoon, said he believed a hemorrhage of the bladder traceable to a kidney disorder was the cause of death.

An inquiry by police developed several hours after the finding of the body, they said, that Ames' body, nude except for a silk dressing gown over his shoulders, was lying in the doorway between the bedroom and living room when a chambermaid entered the suite. Six whisky bottles, some of them full, were in the suite, police reported, and about 100 sleeping powders were in a box in the bedroom.

Planned New Play. Two detectives, who visited the suite reported "an investigation is being made pending the outcome of an autopsy."

Last night Ames saw his father and Allen Fagin, brother of Ina Claire, the actress, in his suite. Fagin called at the hotel (Continued On Page Three.)

ALIEN RACKET PLOT EXPOSED

31 Indictments Returned Against 17 Men in New York

New York, Nov. 27 (AP)—A huge conspiracy, which resulted in a steady, illicit parade of aliens into the United States, was believed by federal officials to have been smashed with return of 31 indictments today against 17 lawyers, consular employees, and members of the immigration and naturalization forces.

The indictments grew out of an investigation begun four months ago by United States Attorney George Z. Medalle, assisted by Murray V. Carson, special assistant secretary of labor.

The inquiry spread to Chicago and other like cities, where indictments already have been returned.

Medalle refused to estimate how many aliens had been smuggled into the country by the alleged conspiring of the 17 men, but 60 aliens admitted they were "clients" of the indicted group.

TROOPS MOVE IN DIRECTION OF CHINCHOW

AMERICAN PROTEST PROBABLY WILL BE SENT

Tokyo, Nov. 28. (Saturday) (AP)—A Rengo dispatch from Mukden today said Japanese troops along the Peiping-Mukden railway had withdrawn to Hsinmintun under express orders from the Japanese government.

The situation at Chinchow is more reassuring than at any time during the last few days," said Baron Shidehara, Japanese foreign minister, upon being informed that Secretary of State Stimson at Washington was apprehensive over the situation in Manchuria.

(By The Associated Press) Chinese commandment of the Japanese concession at Tientsin rambled on yesterday, with six Europeans reported killed in the fighting.

Chinchow, walled temporary capital of the province of Feng-tain, at the same time became the vital point in negotiations for a cessation of hostilities in embattled Manchuria.

Japanese troops moved toward Chinchow with the avowed purpose of wiping out the last vestige of Chinese rule in Manchuria.

But a report that Japanese planes had bombed the city was denied at Japanese headquarters in Mukden and a war office spokesman said the Japanese advance was stopped at a halfway point.

Japanese troops along the Peiping-Mukden railway had withdrawn to Hsinmintun, said a Japanese dispatch from Mukden.

Washington, losing hope that Japan intended to restore Manchuria to Chinese sovereignty without long negotiations, indicated that a "swi American protest might be made.

Meanwhile, the Chinese government proposed, and Japan accepted, a proposal to create a neutral zone between Chinchow and the great wall of China, forty miles to the southward. The Japanese acceptance was subject to the reservation that, should the necessity arise, Japanese troops might be moved through the neutral area.

At Chinchow, the Chinese General Yang Chen, announced that he would make no offensive move against the Japanese but would defend the capital to the last against any aggression. Japan assured Washington and the League of Nations council at Paris that no offensive against the city was planned.

At Paris the league withheld acceptance of a resolution providing for the establishment of a neutral commission to investigate conditions in Manchuria, pending Chinese acceptance. Dr. Alfred (Continued on Page 15).

Fear for Indians In Storm Region

Seven Known To Be Dead; Large Flock Of Sheep and Goats Caught In Area

Gallup, N. M., Nov. 27 (AP)—Searchers for 500 Zuni and Navajo Indians, whose fate is locked behind high snow drifts covering the heads of northwestern New Mexico, today feared the storm which has swept a number of sheep lives and sheep, main wealth of the Red-men.

The known casualties among the Indians were reduced to seven today by information received by Supt. W. A. Trotter of the Zuni Indian agency, that two of the Indians reported dead, are alive but in a critical condition from exposure.

25,000 Animals Threatened. Unable to breast the deep snow, at least 25,000 sheep and goats are known to be snowbound in the area. Supt. Trotter said disaster threatens unless the snow melts sufficiently in the next two days to release them.

Word was received here that Supt. John G. Hunter of the Navajo agency at Fort Defiance, Ariz., 80 miles northwest of here, will appeal to the United States Indian bureau in Washington for relief for the Navajos of his jurisdiction.

"There have been heavy sheep losses throughout the reservation," Hunter said, "and it is impossible to avoid further great losses. It means that the Navajos cannot survive the winter without help."

Children Die. The Navajos and Zunis own about 500,000 sheep. About 25,000 are still on the high mesas, caught there before their herders could take them off the summer ranges.

Two of the Indians previously reported dead were discovered today to be the mother and father of a family of five, found unconscious by a relief party. Their three children were frozen to death.

Red Demonstration Halted at Capital

Washington, Nov. 27 (AP)—A small anti-government demonstration in front of the White House was squelched today as quickly as it materialized.

Police, in fact, displayed more zeal than the demonstrators. Many of them had waited four days for the paraders to arrive and they quickly pounced upon and arrested fourteen negro and white participants. Only one offered resistance, and he not for long.

Huddled in a group, surrounded by a ring of officers, they waited in the ring for the arrival of a patrol wagon—which was a half hour coming. Once inside it, however, they broke into singing the "Internationale," a Communist song, as they sped to jail.

G. O. P. SPLIT ON CHOICE OF TILSON, SNELL

PENNSYLVANIA BODY CANNOT AGREE ON SPEAKER

BY CECIL B. DICKSON. Washington, Nov. 27 (AP)—The bitter discord among Republicans over the choice of a party leader in a probably Democratic house was shown today in the big Pennsylvania delegation's failure to agree on a speakership nominee.

A vote of 18 for Representative Snell of New York and 12 for Representative Tilson of Connecticut at a conference behind closed doors, forecast a close battle between these outstanding candidates at the Republican conference today.

While the contest that has waged since the death of Nicholas Longworth last March is technically for the speakership nomination, it is actually for the minority leadership in event the Democratic majority organizes the house. Longworth had been renominated speaker and Tilson selected floor leader.

Will Decide Monday. The conference Monday will decide whether Tilson will remain floor leader if he loses the nomination to Snell and the Democrats elect Representative John M. Garner of Texas speaker.

The Democrats have 214 Republicans, 214 Farmer Laborites one, and there are two vacancies. The Republicans have little hope of keeping control in face of the United front the Democrats are prepared to present.

The Pennsylvania conference was expected to have a big effect in the nomination of a speaker. The Pennsylvania delegation has 33 members, and constitutes the largest state group in the house. Both Tilson and Snell hoped to swing nearly all of the delegation.

Both Expect Victory. Efforts were made at the two hour meeting to force the group into a caucus. This would have bound the delegation to vote as a unit Monday. But the members were so widely divided that it was decided early in the session the action today would not be binding.

Immediately after the meeting, Tilson, Republican floor leader in the last three congresses, said: "The result in the Pennsylvania conference was exactly what I had forecast. With the 12 votes from Pennsylvania, I can count on more than 100 for me at the Republican conference on Monday morning."

Snell also claimed that with the 18 Pennsylvania votes, and the support of New York, New Jersey, the Middle West, Northwest and Pacific Coast, he would hold as many votes as Tilson. The Illinois delegation meets tomorrow and the New Yorker expects substantial support from it.

Plan Maps Campaign. The Michigan delegation in the house, seeing in the Pennsylvania split up a chance for a compromise candidate, will meet tomorrow to plan campaign on behalf of Rep. Carl E. Mares of Grand Rapids.

Mares has been mentioned as a potential candidate for speaker several times since the death of Nicholas Longworth, and the hope that a "dark horse" may win, grew with his friends today.

BORAH URGES DISARMAMENT

Economic Conditions Can Be More Cruel Than War, He Says

Washington, Nov. 27 (AP)—Europe was told over the air tonight by Senator Borah, of Idaho, that the pledge of the Versailles treaty for disarmament has gone unfulfilled.

He called upon the public to use the "lash" on their governments to force armament reductions at the conference at Geneva in February.

Borah's blunt words were addressed directly to Paris to a gathering of peace delegates from Europe. He spoke over an international radio hookup which carried the voice of the chairman of the senate foreign relations committee to Europe for the first time throughout the United States as well.

Referring to the controversial security pledge urged by Premier Laval of France he said "in considering security let us not rely alone upon armaments." He continued:

"The first line of defense for every country is not the navy nor the army nor both, but physical and moral well being, the contentment and the happiness of the loyal citizen.

"While millions are on the verge of starvation, growing restless and ugly, nearly \$5,000,000,000 is being expended annually for armaments and from 80 per cent to 85 per cent of all taxes extorted from the people go for war purposes. All this is another name for slow but inevitable suicide.

"I do not contend that armaments alone can solve our great economic problem. I do not contend that it will aid tremendously for the betterment of conditions. We can all fight, therefore, for this cause, knowing that we not only make less probable future wars, but that we are helping to relieve an immediate situation, an economic condition in many respects more cruel, more remorseless, more pitiless than war itself."

CRASH OCCURS ON SOO LINE NEAR 'STIQUE

ARCHAMBEAU, ECK FAMILIES ARE VICTIMS

Manistique, Nov. 27 (Special)—Two families were practically wiped out at 2:15 o'clock Thursday afternoon when an eastbound Soo Line passenger train, No. 56, enroute from Gladstone to the Soo, crashed into an automobile on the Thompson crossing on the new state highway three miles southwest of Manistique, killing four Manistique people and injuring one.

2 OTHERS KILLED

Detroit, Nov. 27 (AP)—Collisions between automobiles and trains took six lives in Michigan during the past 24 hours.

Two youths were killed near Flint today and four persons were killed and a fifth critically injured near Manistique yesterday.

Fay Bardsley and Leo Milme, both 16 years old, residents of Holly, were killed this noon when their automobile was struck by a Pere Marquette train 10 miles south of Flint.

of the boys were so mangled and cut that they were not identified until an hour and a half after the accident.

Mrs. Charles Eck was dead when found by members of the train crew who picked up the victims and brought them to Manistique in the baggage car. Robert Eck and Lois, infant daughter of Mrs. John Archambeau, died while enroute to the Shaw hospital. Mrs. John Archambeau passed away at 6 p. m. The Archambeau child was picked off the rods beneath the baggage car.

The terrific impact sent the light coach 60 feet down the tracks where it was crushed between the locomotive and a guard rail. The Archambeaus and Ecks were believed to be on their way to Thompson to spend Thanksgiving with friends.

Just how the accident which snuffed out four lives occurred is questionable as there is nothing to obstruct one's view at the crossing. It is believed that Mrs. Eck, driver of the car, was blinded by the sun. Nelvin Mikko, son, a farmer living nearby, said he heard the train blow for the crossing.

Soo Line railway officials at Gladstone declined to make a statement concerning the accident today, explaining that their investigation of (Continued On Page Three.)

# HOKE SMITH OF GEORGIA DIES

### Served as Governor and U. S. Senator of His State

Atlanta, Nov. 27. (AP)—Hoke Smith, for many years a dramatic and dynamic figure in state and national political life, died here today at the age of 76.

Secretary of the interior under President Cleveland, twice governor of Georgia and twice United States senator, the venerable statesman passed away at his home after a long illness.

Born at Newton, N. C., on September 2, 1855, Mr. Smith prepared himself for the legal profession. His interests broadened, however, and in 1887 he purchased the Atlanta Evening Journal, becoming president and editor.

A year later he projected the paper into a fight which contributed toward seating him in the president's cabinet as secretary of the interior.

He surrendered the office after a time to return to his practice of law here, and to supervision of the Atlanta Journal, but was subsequently swept into the political limelight through a whirlwind campaign for governor which he won.

In the meantime, he sold the Atlanta Journal, and prepared to devote himself to the practice of law after concluding his term as governor. The panic of 1907 and internal political upsets intervened, however, and brought on a political fight which is still discussed in Georgia.

Joseph M. Brown, a member of the state railroad commission, refused to follow Governor Smith's wishes and was ousted. Political enemies of Smith immediately backed Brown for governor, and a heated campaign was waged throughout the state. Brown won, using the slogan "Brown and Bread," and for the time being Smith retired from the scene.

Smith's death Brown. Toward the close of Governor Brown's term, however, a challenge was issued to Smith to run again and he did, stumping the state and resorting to the oratorical powers of which he was a master. He received 97,000 votes, compared with 93,000 cast for Brown.

But twelve days after his inauguration for a second term as governor United States Senator A. S. Clay died, and the legislature elected Smith to succeed him.

In 1915 he was reelected to the senate, but found himself opposed to the views and policies of President Wilson in the League of Nations controversy. Later his name was offered in the presidential primaries in this state, but he lost the fight, and a year later was defeated for the senate.

# CRASH OCCURS ON SOO LINE NEAR 'STIQUE

(Continued from Page One)

The tragedy had not been completed. Members of the train and engine crew included: Conductor Fred J. Lines, Engineer J. R. Weddell and Fireman Peter R. Cannon, all of Gladstone. Fireman Cannon said that he saw the automobile approach at a slow rate of speed, and thought that it would stop for the crossing. Engineer Weddell, being on the other side of the engine, was not in a position to see the car.

Funeral Monday. Charles Eck and John Archambeau, husbands of the two women, were deer hunting at the time and did not know of the tragedy until they returned to the city in the evening.

Mrs. Archambeau was a daughter of Mrs. Eck. Mrs. Archambeau is survived by her husband and a son, John, Jr. Mrs. Eck is survived by her husband and a son, William.

The remains were taken to the Gunnarson & Kefauver mortuary to be prepared for burial, and will be taken to the John Archambeau residence, Arbutus avenue, and the Charles Eck home, Garden avenue, Saturday evening. Funeral services for the four victims will be held 2 o'clock Monday afternoon at the Zion Lutheran church with Rev. Holmberg officiating. All will be interred in the same lot in Lakeview cemetery.

# Tell Of Miners Plotting Deaths

Mount Sterling, Ky., Nov. 27. (AP)—Tales of clandestine meetings at which miners were alleged to have plotted death to "the law" in Harlan county were added today to the mass of testimony on which the state hopes to send W. B. Jones, Ewart mine union officer to the electric chair for the murder of Deputy Sheriff Jim Daniels, one of four men slain last May 5 in a fight between miners and officers near Ewart. The prosecution is seeking to refute Jones' claim that the deputies fired on a peaceful group of idle miners.

London—When Lewis Clarke was small, he was so puny and ill that he was unable to attend school. Through a system of exercise he has built himself up so that now, at 18, he is considered the strongest youth of his age in the world. # MIX IMPROVED

Hollywood, Calif., Nov. 27. (AP)—Tom Mix' physicians reported tonight that the veteran cowboy actor had a "very satisfactory day" in his desperate struggle with peritonitis.

"We hope," they said in a bulletin at 7 p. m., "to be able in 12 hours to report a more definite improvement."

While they still ventured no prediction as to whether Mix will survive, the physicians, Dr. R. Nicholas Smith and Gurn T. Stodd, allowed themselves to be understood unofficially as being optimistic for the first time in the case.

# Canada's Census Over 10 Million

Ottawa, Nov. 27. (AP)—Canada's population was expressed in eight figures for the first time in history by the Dominion bureau of statistics tonight.

On the basis of preliminary 1931 census returns, the bureau predicted a total population for the Dominion of 10,360,000 persons compared with 8,788,483 ten years ago. Figures for all the provinces have been computed except British Columbia.

# Rowdiness Breaks Up Arms Parley

Paris, Nov. 27. (AP)—Blows and boos from an unruly audience broke up an international disarmament mass meeting here tonight. Speakers were howled down until police finally ushered the audience out after the meeting had been halted by the uproar.

A speech by Senator William E. Borah, brought from the United States by radio, was interrupted by the boos when a translator set to work on it. Another distinguished American, Alanson B. Houghton, former ambassador to London, was prevented from delivering his address at all.

# Michigan Banking Conditions Better

Lansing, Mich., Nov. 27. (AP)—Reporting that "it is apparent that there has been a general restoration of confidence," R. E. Reichert, state commissioner of banking, in a statement to the Associated Press today, said a gradual strengthening of reserves in Michigan banks is evidenced "by a constant increase in their cash and liquid position."

# Walker to Visit Tom Mooney Today

San Francisco, Nov. 27. (AP)—Mayor Walker did not have much time today to study the Tom Mooney case, his mission to California planned secretly to visit San Quentin prison tomorrow to see Mooney whom he never has met. He did not propose to announce the trip until it has been concluded, as he wished "this visit of a lawyer to his client to avoid the appearance of a parade." But news of the intended visit was published today.

# BUY'S FIRE PLANE

Albany, N. Y.—The Conservation Department of New York State has purchased a three-passenger airplane for use in forest fire patrol and observation work. The plane and crew will cruise regularly over the 2,000,000 acres which the state has set aside as preserves. Its work at first will consist mainly of aerial photography.

Pasadena, Cal.—Temperatures up to 10,000 degrees Fahrenheit are expected in a solar furnace being devised here by scientists of the California Institute of Technology. The heat will be obtained directly from the radiation of the sun and will be concentrated in the furnace. The temperature will be nearly as hot as that on the surface of the sun, it is said.

# FARM BOARD'S HEADS TESTIFY

### Creakmore and Milnor Defend Wheat and Cotton Tactics

Washington, Nov. 27. (AP)—Two farm board field generals today defended their tactics on the wheat and cotton battle fronts. E. F. Creakmore, \$75,000 a year general manager of cotton stabilization corporation and the American cotton cooperative association, told the senate agriculture committee that the stabilization "was worth its cost."

Before the same committee, George S. Milnor, \$50,000 a year general manager of the grain stabilization corporation and the farmers national grain corporation, testified to the financial success of the cooperative movement.

Meanwhile, another demand for abolition of the board came from Senator Buckley, Democrat, Ohio. On his return to the capital today, he described the board's stabilization operations as a "dismal failure."

He added that he would like to see the cooperative activities continued, but said that function of the board could be transferred to the agriculture department.

Creakmore not only defended the cotton stabilization operations but said the losses sustained in cotton and wheat—now estimated on paper at \$185,000,000—might have been recovered quickly had the farm board had the financial strength "to take advantage of the present situation."

ed at her home, said: "The verdict goes to show quite clearly the value the state of California places on its girls. It convinces me the state will not protect its women."

She said she planned to prosecute a million dollar damage suit filed against Pantages shortly after the first trial.

The alleged attack occurred in a private office of Pantages' theater building in the downtown district. Miss Pringle said Pantages took her in the office presumably to discuss the act, but immediately began to molest her. She was seen to run from the office, screaming and with her clothes torn. Pantages declared she had come there to place him in a compromising situation.

The retrial, which lasted more than three weeks, was granted, partly because the first trial court had denied the defense the right to introduce testimony concerning Miss Pringle's character. With this avenue opened, the defense produced witnesses who testified that they had seen Miss Pringle in intimate circumstances with Danaev, her dancing partner, and heard Danaev threaten to "get a lot of money out of Pantages."

tonight and immediately telegraphed Miss Claire word of Ames' death.

Friends said Miss Claire was to have left Hollywood, Calif., yesterday for New York, but found she was unable to do so. Ames telephoned her from the hotel three times yesterday. He and Miss Claire were understood to be considering appearing in a play of only two characters called "Interview," which Van Dyke proposed to produce.

After dinner with his father and Fagin last night, police learned, the trio went to the Grand Central terminal where the actor's father boarded a train for Hartford, Conn. Fagin said he then asked Ames where he was going and the actor replied: "I'm going back to the hotel. I have a date with one of my former wives." Ames, Fagin said, did not mention which of his four former wives he meant, and police did not know whether the meeting took place.

Telegram from Ina. A telegram sent from Hollywood, found in the actor's room, read: "Darling, I am necessarily delayed."

(Signed) "Ina." The last of three calls Ames made to Ina Claire in Hollywood was put through at 2:30 a. m. today.

Several photographs of Miss Claire and other young women were found in the suite.

A native of Hartford, Conn., Ames had spent the greater part of recent years on the Pacific coast appearing in films. His first outstanding Broadway success was achieved in 1921 when he played in "Nice People."

Later he was cast opposite Francine Larrimore in "Icebound." Owen Davis' Pulitzer prize play. His last important New York engagement was with Alice Brady in "Seed of the Brute."

Joined Movies in 1925. The screen claimed him in 1925 when Cecil B. DeMille made him an offer to leave the stage. "Three Faces East," "The Trespasser," and "Rebound," were some of his film vehicles.

Divorce dissolved each of Ames' four marriages. Two children, a son, now 22, and a daughter, 19, were born of his marriage to Alice Gerry of Fall River, Mass., in 1908. Two years after their divorce he was married in 1917 to Frances Goodrich. This marriage was dissolved by divorce in 1923 and Ames was wed to Vivienne Segal, musical comedy prima donna.

About a year after divorce separated the actor and Miss Segal he and Miss Murial Oakes, New York and Greenwich, Conn., society girl, were married in Waukegan, Ill., in 1927. She obtained a divorce in Los Angeles in 1930.

# Juvenile Detention Quarters Must Be Separate from Jail

Lansing, Mich., Nov. 27. (AP)—Cities of more than 10,000 population should have juvenile detention quarters in a building separate from the jail, the attorney general held today. An opinion was requested by Judge Clifford A. Thrawe, of Ironwood.

A ruling requested by Alex T. McFadden, acting secretary of the Grand Rapids Association of Commerce, held the state law does not provide for the prosecution of organizations or persons selling merchandise for charity because they have no license. The statute was so loosely drawn, according to the attorney general, that the intent to make unlicensed sales a misdemeanor or failed. Organizations must, however, submit information to the state welfare commission, relating the purpose of the sale. Sales without submitting the required information constitute a misdemeanor, or the option stated.

# Rum Running Crews Fear Coast Guards

St. Petersburg, Fla., (AP)—Rum running along the Florida west coast has dropped off enormously lately, records show.

Possibly the reason is that the bootleggers have been studying government figures. Commander Leroy Reinberg of Base 21, with headquarters here, has received word that his outfit includes the best rifle shots in the whole coast guard service.

More than 87 per cent of the men qualify as experts, sharpshooters or marksmen. The division will receive a large silver trophy cup and a bronze plaque in recognition.

# TOM WILL WATCH HIS DRINKS NOW

Indianapolis, Ind.—The after effects of that 11 years ago proved an unpleasant surprise to Thomas Kesterson.

Tom, then a sailor, got drunk in Manila. It was one of those kind of stupors that causes a person to lose all track of events which occur between the time he "passes out" and wakes up with a headache and a strong taste in his mouth.

Just recently Tom learned the effects of that drunk. Rose Dolos Reyes, a Manila woman, came to Indianapolis with two children, declaring that she was his wife and that Kesterson was the father of one of the children.

Kesterson filed for divorce, saying that Rose "got this plaintiff drunk" and that they were married with "only Filipino present." He asked annulment of the marriage.

# Former Chauffeur Sues Rockefeller

Lakewood, N. J., Nov. 27. (AP)—A sheriff posted a \$50,000 writ of attachment on the gate of the John D. Rockefeller, Jr., estate today.

It was obtained by Michael Morris, who said he formerly was a Rockefeller chauffeur and that his superior, Roscoe Estelle, asked him to ride with him in a Rockefeller car one day in 1929. During the ride there was an accident and Morris said he was injured so he couldn't be a chauffeur any more.

Rockefeller hasn't been in town recently, so he resorted to attachment rather than personal service in his suit, he said.

# BELGIAN MINES WILL CURTAIL

### Outlook for American Copper Industry Is Brightened

New York, Nov. 27. (AP)—American copper producers today saw renewed hope for the industry in the report from London that the Belgian representatives of the South African Katanga mine had decided to accede to the curtailment proposals submitted at the recent international conference in New York.

When the Belgians, F. Pisart and Camille Gutt, sailed for home they had flatly refused to agree on curtailment figures which the American and British producers believed were the only ones that would benefit the industry.

Not a Surprise. Many of the American copper men, however, did not believe the Europeans had said the "last word." Consequently the advices from London that the Katanga producers had decided to recede from their position did not come altogether as a surprise.

The recent withdrawal of the Phelps Dodge corporation from the copper export association, and the fear that the United States, together with Britain, might put a tariff on the metal, are said to have been among the straws that turned the tide with the Belgians.

The Phelps Dodge action had been interpreted in some quarters as presaging a price war. This was presumably disturbing to the Katanga interests. It was said, as well as the tariff reports, copper experts believe that the inauguration of a tariff in America and England would greatly injure the Katanga business.

26 Per Cent of Capacity. While copper producers in New York received substantial confirmation of the change of attitude on the part of the Belgians, it was said that perfection of a final agreement would require some time. It was not believed, however, that this would require a resumption of the conference here. It was thought the various details could be settled by cable and mail.

Although the larger producers in America are generally in agreement as to drastic curtailment, negotiations are still to take place with the smaller producers, although no great difficulties are anticipated with these.

Under the American proposal, Katanga's output would be approximately 26 per cent of capacity.

# Burma Also Asks More Self-Rule

London, Nov. 27. (AP)—Far off the road to Mandalay, the political leaders of Burma, clad in fanciful silks and redolent of exotic scents, met today to begin the formulation of a constitution which will make Burma an autonomous province within the British empire.

The muted boom of Big Ben, tolling the hour of assembly, might almost have been the tinkling bells of Pagoda far away in the East as the twenty three delegates gathered in the robing room of the House of Lords to hear the opening address by the Prince of Wales.

In their shining skirts and jackets of pink, mauve and red, with gay bazarinas tied in great feminine bows about their foreheads, these strangers brought Kipling's poem to London's door.

Ask Sheriff's Apology Bessemer—Sheriff Dennis O'Leary, who made blanket charges against the board of supervisors at the meeting early in the month, will be called upon to apologize to the entire board or file charges in support of his accusations.

The judiciary committee decided on this course at a meeting yesterday afternoon after the sheriff told members of the committee that he undoubtedly owes an apology to most of the members of the board.

The committee met to consider the question of compensation and mileage for supervisors and the disposition of fees in the sheriff's office. John McNicholas, chairman of the board, urged the committee to act to abolish "cheap graft in county offices."

At a point between Abrams and Little Saunco her car, a Nash eight, skidded on the wet pavement, turned around twice and went into the ditch where it turned over.

Mrs. Koenig sustained several painful body bruises, but continued to Oshkosh with her car which was only slightly damaged. She returned to Menominee the same evening driving another machine.

Fakes Office Holdup Ironwood—Elmer Oien, 26, Western Union telegraph operator who reported Monday night that he had been held up by two bandits and robbed of \$106 of the company's money, today was awaiting arraignment in municipal court on a charge of larceny and embezzlement.

Oien was arrested by Isaac Choulinard, director of public safety, after less than 24 hours of investigation. Discrepancies in Oien's story of the "holdup" together with other factors gave the police clues which led to rapid solution of the crime.

This morning Oien made a statement to Prosecutor William F. Fellow, in the presence of several witnesses, confessing he had taken the money and invented the holdup story. He said he had been planning the theft for two weeks, getting the idea from a notice sent out by the telegraph company describing hold-ups of offices in other cities.

The farm was purchased by Louis Hermanson of Chicago, former diamond drill expert from Iron River. Hermanson bid \$4,000 for the property, which includes 80 acres of land, a frame farm home and a modern dairy barn.

The foreclosure was instituted by the Iron Savings and Loan association, of Iron River, which had a claim of \$1,700 against the Goodfellow estate. P. E. Crouch, cashier at the Miners' State bank, is administrator for the estate.

Newberry News

A TROOPER'S EXPERIENCE "Twas a dark and stormy night in the northwoods. Winds, several of them, howled. Snow fell. The road from the Deer Park highway into the North Branch of the Two Heart was mush, the friendly sort that clings.

Sergt. Fred Keune of the Michigan state police and Deputy Sheriff Fred Young were breaking camp. They had gone out earlier in the day and now that night had fallen were on their way home again, their car loaded with their household wares. A model T had just passed them when their car settled into the road and decided to call it a day.

Ahead of them the T was trundling, not very fast but going along. The Sergeant decided they needed help, so, stepping

gingerly from the car and armed with his trusty flash light, he started down the road. "Hi!" he yelled. "Hi-i-i-i!"

The animals along the way were startled. What sort of a creature was this of the big voice and the one bright eye? They shittered and slid and slunk to safety. Echoes ran around calling "Hi-i-i-i!" The light flashed from tree to tree and a pair of mainly official legs lashed manfully through the mush. But the little "T" kept right on a-rolling.

"Hi, Young?" Oh, he was waiting in the car and viewing the landscape and one thing and another. A half mile of this, Keune says they were not on a road. Says that they had missed a turn or something and that Fred Young was playing a trick on him and this was the Two Heart itself. Asked how about the T and he rubbed his head and says, "Well-i-i-i!"

At last the T saw his light or heard his voice or mobby just decided to take a five. Some believe that the officer believed that they had been up to some shenanigan and were about to feel the weight of the law. They told him that their tail and head lights were okay, that their guns were not loaded, they had no untaxed venison, and that they were not guilty of murder, theft or tort and that if anyone had violated the speed limit it was the officer himself. The delay in coming to an understanding was due, it is reported, to the fact that the officer for the first ten minutes or so did not speak English, whether that lapse was due to lack of breath or mud in the vocal cords is not at this date known.

At any rate the T people kindly took the panting gentleman

board and sailed for the Gravelle port where a team of horses was procured. The party spent five hours in making four miles and seven in making the twenty-seven to town. The car, it is reported, is wearing a mountainache of mud. The sergeant's wife stood him in the bath tub and cleaned him off with a hose. Mister Young is wearing a grin.

MSKUNAS DIES Joseph Miskunas, aged 53 years, died at the local hospital on the afternoon of Nov. 24 from a general septicemia as a result of injuries received when both legs were fractured while working for the Newberry Lumber and Chemical company at one of their camps north of Newberry. The accident happened on September 16 when a large tree which Miskunas was helping out kicked back from the stump as it fell. Both femurs were crushed and the ribs, tibia and fibula. A brother-in-law is expected today from Chicago to make arrangements for burial.

THANKSGIVING QUIET No large celebrations marked Thanksgiving in this village, it being one of the quietest known here for several years. The churches held brief services, the main service being held last Sunday. No large parties were reported. Family gatherings formed the main type of enjoyment and most of the day. Many of the teachers who lived close enough to allow it, went to their homes for the week end, the schools closing Wednesday afternoon.

Paris—Although school books used in French schools are emphatic in their branding of alcohol as an evil, the Minister of Education has issued instructions that pupils be taught the benefits of wine drinking. This is being done, it is said, in an effort to boost the grape and wine industry of the country, which has fallen off in late years.

The championing of wine in schools is being done by pointing out to pupils that if they cultivate a taste for wine they will not be apt to fall victims to whiskey, gin, and other "foreign" drinks later on in life. The health value of wine is being stressed.

LOCAL PROGRAM IS SUMMARIZED

Iron Mountain Rotarians Hear How Escanaba Helps Children

A complete and comprehensive outline of the Crippled Children's program as it is carried out by the Escanaba Rotary club, was given before Iron Mountain Rotarians at their weekly meeting by Herman Gessner, prominent Escanaba business man, who is chairman of the Crippled Children's committee.

The address is the second of a series which Mr. Gessner, at the invitation of Charles D. Symonds, governor of tenth District Rotary, is delivering before upper peninsula and northern Wisconsin clubs in the interests of promoting a crippled children's program, similar to that in effect in Escanaba, as a major Rotary activity throughout the Tenth district.

The Escanaba club, it was pointed out, is the most active Rotary unit in Michigan in handicapped children's work, and the interest in this activity in the district, is directly due to the program adopted and fostered by the Escanaba Rotarians.

"Our experience has been that it is not difficult to find the handicapped child. It is not difficult to aid and educate him. Our big problem today is to secure employment for him," Mr. Gessner told the Iron Mountain club.

Started in 1925 He told of the activities in Escanaba, of the three children's clinics held here under Rotary in 1925 at which 109 children were examined by Dr. Curtis, orthopedic surgeon; the second in 1928, at which Dr. Blodgett examined 128 children

and of this year's clinic at which 75 new cases were examined by Dr. C. W. Peabody; and of the results of these clinics, 19 cases 100 per cent cured; 21 cases from 25 to 50 per cent cured; fifteen cases receiving treatment in hospitals; 12 attending the Cloverland Commercial college; and nine who have already completed their business training.

"Our club," Mr. Gessner said, "takes care of transporting five handicapped children to and from school every day. A number of families with underprivileged children are provided with milk, fruit and other necessities. Crutches, braces, artificial limbs and other remedial articles have been purchased for several handicapped children.

"The 'Birthday Fund' "Money to carry on this local work is obtained through a 'birthday fund' maintained by the Escanaba Rotary club. Each Rotarian, on his birthday each year, pays 10 cents or more for each year of his age.

"We attribute our success in crippled children's work to the fact that we rigorously carry out the follow-up program recommended by the examining orthopedist," he continued.

"At the last clinic held in Escanaba, October 15, 1931, 60 of the cases were from Delta county and the remaining 15 were brought in from various other districts throughout upper Michigan. Our follow-up work on these 60 cases will keep us busy for the next several years. Already several of the children are receiving treatment at the university hospital at Ann Arbor.

"The next step we contemplate taking is to establish an orthopedic class in the local schools. Dr. Peabody, the orthopedic specialist who examined the children at our last clinic, recommended 10 of them for such a class.

"Suitable equipment and an orthopedic teacher must be provided. The state of Michigan pays \$200 a year for each child.

STATE ISSUING MANY VOLUMES

Official Publications Find Big Demand in Michigan

Lansing, Mich., Nov. 27.—Nearly 700,000 copies of the various books and pamphlets published by the Department of State, will be distributed this year.

Before the end of the year, the department will have published 23 different books. Under state laws, the secretary of state is charged with the publication and distribution of books and pamphlets dealing with various laws. Prior to the 1931 session of the legislature, these pamphlets were distributed free of charge but the present law requires the department to "sell" the publications at cost. The cost in most instances, except for the legislative manual and Public Acts, runs from five to 15 cents.

Most in demand is the pamphlet containing motor vehicle laws and it is expected that 535,000 copies will be distributed before the end of the fiscal year. Interest in schools will require 26,000 pamphlets containing laws on schools and education.

The most expensive publication put out by the department is the legislative manual. This year it cost \$18,200, to print 16,000 copies, while the Public Acts cost \$14,400 to print 13,000 copies. A large part of this money is returned to the state through sales of the books.

Other publications are the Local Acts of 1931, reports of the county superintendents of the poor, reports of sheriffs, report

We expect to have a total of 20 children for this class."

of the building and loan division and compilations of laws on the following subjects: Insurance, banking, highways and bridges, cities, public health, schools, elections, corporations, housing, villages, aeronautics, railroads and publications.

The final item is the Constitution of the State of Michigan and the annual demand for the state's basic law requires about 2,000 copies.

Skating, Boating, Cycling; All in Season Thursday

Three outdoor sports, skating, boating and cycling, went on side by side along Escanaba's Ludington park shore line Thursday. In the deeper water, a small boat was observed poing along with an old flat bottom boat, close by in the shallow flats the ice was strong enough for skating and several youngsters had their first skating of the season, while two or three bicycle riders skidded around on the smooth sand bars which circle the shallow ponds.

Escanaba apparently has no "polar bear" club, for no one was observed going in swimming.

Educator Dies Menominee—Dr. Oscar Israel Woodley, educator, author and former superintendent of public schools here, died at 10 o'clock last night at his home in Clermont, Florida, according to information received today by the Herald-Leader from the Clermont Press.

Dr. Woodley succumbed to a cold after a week's illness. He was popular in Menominee during his six years of service here as superintendent of public schools, from 1924 to 1931, succeeding Jesso Hubbard.

Terrace Gardens—There will be no dance at Terrace Gardens tonight. Butts Gray and his Collegians will play next Saturday, December 5.

### Sister Mary's Kitchen

With autumn bringing its quickening touch into the household perhaps the entertaining problems will be solved by having a couple of guests each week for dinner. The same general menu can be used for these meals, varying only

with changes in the season's foods. In laying the table, place the knives and spoons at the right of each plate, arranging the forks and napkins at the left and placing the glasses an inch above the tips of the knives. The first course is on the table when the guests are seated and the main course generally is served by the host. The salad can

be served alone or as a course.

**Miner Killed.**  
Stambaugh—Wilfred Curnow, 27, died in General hospital Saturday afternoon, several hours after he was injured in an accident at the mouth of shaft No. 2 of the Baltic mine.

Curnow received a crushed skull when he was thrown back against the concrete shaft by the force of a reel of wire rope that was unwinding.

Curnow and Art King, mining

captain, were preparing the rope to lower some pipe from surface to the third level. Curnow was on top and King below. A weight was tied to the end of the rope so that it would lower more rapidly.

The reel began to unwind at great speed. Curnow, it is thought, grabbed an iron bar nearby to check it by braking the fast revolving wheel.

The force of the reel threw Curnow off balance and he struck the side of the shaft, crushing his skull.

Curtains hung from the top of the window to the floor make a room look much higher than those which stop at the bottom of the window.

ing, be included in the address of the card, but this is occasionally countenanced as a gesture of courtesy, especially in a business woman sending cards to her employer or office superiors.

Envelopes must be addressed by hand in ink, never by typewriter. Greeting cards are personal and demand the personal touch. If two envelopes are furnished, the address is put on the outer one in full. Leave the inner one unsealed and write on it only the name of the recipient.

The sender's name and address may be written on the flap of the envelope. This not only serves as a return address in case the card is undelivered but also notifies the recipient of the sender's latest address.

Elaborate Backs in Afternoon Frocks Paris (AP)—Backs are more important than fronts in the new fall and winter costumes. Strap effects extending from the center back of the collar to the waistline.

Afternoon frocks elaborate the back of their skirts with bustle effects, puffs and ruffles, and dinner gowns are often designed with a beaded or embroidered slit down the back of the bodice.

AND YOU SAY THIS NEW KIND OF SOAP SAVES SCRUBBING? TELL ME MORE ABOUT IT. LAURA! YOU KNOW HOW I'VE ALWAYS HATED WASHBOARDS

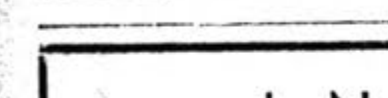

"This easy way gets clothes whiter" Laura tells her friend

It's a real short-cut way to do the wash. Just soak everything in thick Rinso suds—and forget about scrubbing. You don't even need to boil. Clothes soak so white, you'll hardly believe your eyes! All you need to do is rinse.

Easy on clothes The scrubbers Rinso way saves the clothes. Spares the hands, too. And Rinso is a real thrift soap; cup for cup, it gives twice as much suds as lightweight, puffed-up soaps. Lively, lasting suds—even in hardest water.

Great in washers, too. The makers of 40 famous washers recommend Rinso. And nothing like it for dish-washing—for all cleaning. Get the BIG package.

**Two Deer Attack Hunter at Ensign; Last Shell Fatal**

Ralph (Barley) Tilden of Irish Hills, Lenawee county, had a narrow escape from death near the "Oasis" service station near Ensign.

Barley was out at daybreak trailing a large buck and finally sighted him about 1,000 feet away. The first three shots fired went wild, but the fourth grazed the buck's shoulder and he dropped. Barley waited patiently for the buck to bleed freely, but when he approached the buck arose and looked around for his previously unseen assailant. Six more shots fired in the general direction of the deer did no damage, but so enraged the buck that he made for the little hunter, head down.

Barley fired five more shots without results, and started looking for a handy tree. He fought he could not make it, and fired his sixteenth and last shell, dropping the sixteen point buck about ten feet away.

And that wasn't all. While Barley was cutting the buck's throat a large doe appeared and rushed for him, forcing Barley to defend himself with the butt of his then empty rifle.

Careful search by experienced hunters fail to reveal where the hidden bullet lies, for only one slight wound can be found—a cut on the shoulder. Barley is firmly convinced that he scared the buck to death, but he also swears he will never come to such a dangerous country again, at least not until his knees stop knocking together.

Little Items of Interest About Former Residents.

Dr. and Mrs. Grant Hamm of Iron Mountain, Mich., are among the former residents of Escanaba who visit here occasionally. Both were born here, Dr. Hamm is the son of Mrs. Hannah Hamm, North Eleventh street and Mrs. Hamm is the former Miss Gertrude Genesee, daughter of Peter Genesee.

**Family of 82 Eats Together Thursday**

Probably the largest Delta county "family" to sit down to a Thanksgiving dinner Thursday was at the Delta county poor farm, where 82 people were served by Mr. and Mrs. Napoleon Gauthier, caretakers at the institution.

The menu for the day included: chicken with dumplings, mashed potatoes, mashed turnips, creamed peas and carrots, salads, pumpkin pies and cake.

**AMUSEMENTS**

**AT THE MICHIGAN**

The sinister menace of a ruthless gangster leader dominates the action of "Homicide Squad," Universal's exciting police drama which opens an engagement at the Michigan Theatre today. And it is the members of his own gang who stand in greatest fear of him. They are the ones who know best the extent of his pitiless cruelty, and who have seen certain of their companions in the "mob" shot down by their leader at the first sign of disloyalty.

This role of Louie Grenado is played by Leo Carrillo, famous stage actor, who is said to have brought to the screen one of his most powerful characterizations. Carrillo heads a cast which also includes Mary Brian, Noah Beery, Russell Gleason, Walter Peralva and J. Carroll Naish. The picture was directed by George Melford.

**AT THE DELFT**

Comedy that rises from the highest sources and emotions that reach the heart-strings sound the note of RKO Radio Pictures comedy-drama, "Fanny Foley Herself," coming to the Delft Theatre today.

She marries the son of a multimillionaire who is disinherited and scorned because of it. Daughters come. Fanny supports them and the husband in luxury. Her salary is ample. Then the husband dies and Fanny finds that the exclusive schools her daughters attended expanded their ego rather than their intelligence. They become high-bred and ashamed of her.

Her efforts to become a social queen are ludicrous in the extreme, but her fight to regain the love and respect of her foolish daughters sounds the depths of pathos.

In the climax, a glorious combination of high comedy, thrills and dramatic intensity, she teaches them all a lesson, even the crabbed old millionaire.

Your Neighbor Saves Money at Ward's—Why Don't You?

# "Scooped Again!"

"Another ad of Smith's. Another 'scoop' for Smith's. That's why Smith gets customers and we don't. We've just got to face it: we're losing customers instead of getting new ones. They advertise, and we've got to hand it to them - they do a good job of it. We can't afford to be 'scooped' again, and we won't!"

The old newspaper term "scoop" means one paper gets the news ahead of the other, and often the other doesn't get it at all. How aptly does the term apply to business competition: one firm pursuing a policy of consistent, adequate advertising, day after day, week after week, scooping the

competition which is content to postpone the drive for customers. "Scooped" is the word; it fits exactly.

How many more "scoops" can you stand from that competitor of yours? Every effort counts now in bringing in customers, some of whom haven't bought for months, and today are replacing worn-out necessities and buying new luxuries they have previously done without.

Will you guide the march of customers in through your door, by telling them about the goods you have to sell? If you haven't been "scooped", you may be; it's time you scored a "scoop" of your own.

Give the people the news about YOUR store. Tell 15,000 families about YOUR merchandise, YOUR prices, YOUR service, through the advertising columns of The Press. In the whole length and breadth of this land no other newspaper offers advertisers so thorough a circulation coverage or so low an advertising rate per thousand copies as does The Daily Press.

COPPER STOCKS MOVE UPWARD

STOCK MARKET AVERAGES

Table with columns for Stock Market Averages, including indices for Dow Jones, Standard & Poor's, and others.

BY JOHN L. COOLEY (Associated Press Financial Writer)

New York, Nov. 27. (AP)—The securities markets today took up their decline in prices where they left off Wednesday for Thanksgiving holiday, and with few exceptions the trend of all major markets was downward.

The brightest ray of light that appeared in an otherwise drab stock market session came from the copper industry. The report from London that Belgian agents of rich Congo mines had agreed to curtail production was distinctly encouraging. It was greeted with enough enthusiasm to carry copper stocks against the general trend and for a while it served to arrest selling in other divisions in the main list of stocks. But new selling appeared at the close and earlier gains from the day's extreme low points were largely erased.

An important contributing cause for the day's selling which swept over the commodity as well as securities markets was the weakness of sterling. The cable rate declined 7/8 cents to 33 1/2 and offerings were reported large in both London and Paris. Decline of 1 1/2 to 3 1/2 cents a bushel at Chicago for wheat futures, and a moderate rise of 40 to 60 cents a bushel for cotton were regarded as due in part to the weakness of sterling, and in turn encouraged further selling of securities.

Premier Laval's statement that France would not consider the suggestion that Germany's private debts be given priority over her reparations debts created some concern in speculative quarters, but was not disturbing to leading bankers. While stock exchange sales totaled only 1,555,755 shares, which is substantially below normal business, today was the most active of the week. Temporary rallies developed occasionally but failed to attract much following. As a result, stocks of practically all classes except coppers gave ground under modest offerings and the railroad issues again went to new low prices. Losses of 2 to 5 points occurred in Union Pacific, Southern, New York Central, Southern Pacific and Pennsylvania, among others. Railroad preferred stocks joined in the decline in considerable volume today. Stocks of investment calibre, like American preferred and Chicago and Northwestern preferred lost 3 or more points.

Bonds Make New Year's Low Marks

BOND MARKET AVERAGES

Table of Bond Market Averages, showing various bond indices and their values.

New York, Nov. 27. (AP)—Although there was no disturbing news of consequence, in other business or politics, the bond market today continued to breathe but feebly and the averages of prominent railroads and utilities made new low records for the year.

The total sales were \$13,892,000, which is the largest day's trading since Nov. 9. All United States government bonds closed lower and foreign issues had but few friends. German obligations were especially weak, some of them registering as much as an 8-point loss. South American issues were unsettled by the news that Brazil would be compelled to default in the payment of coupons due Dec. 1 on Brazil 8s of 1941, and the 7s of 1952. Among other foreign loans that lost ground were British 5 1/2s and Italian Government 7s. The latter dropped 3 1/2 points. Japanese government, municipal and utilities displayed considerable firmness, the government 6 1/2s losing but a fraction while Ontario Development 6s gained a point.

DAY'S MARKETS IN BRIEF

New York, Nov. 27. (AP)—Stocks weak; coppers gain others lose. Bonds weak; rails lead decline. Corn heavy; selling more active. Cotton lower, local and south end selling. Sugar easier; selling by producing interest; disappointing Brazilian markets. (Chicago) Weak wheat; weakness Liverpool and Buenos Aires, good rains southwest. Corn weak; bullish Nebraska state reports; large Argentine exports. Cattle lower. Hogs easy.

GLADSTONE NEWS

TO VOTE ON BOND ISSUE

Trunk Sewer Question to Be Put to Election on January 8

The question of whether the city of Gladstone shall borrow some \$14,000 for the construction of a trunk line sewer will be decided by the electorate of the city at a special election to be held Friday, Jan. 8, 1932. The ordinance, introduced at the last meeting of the commission, is approved by the commissioners at their next regular meeting on Dec. 14.

Because of the nature of the improvement and the cost, it can only be financed by general bonding, and in this, the consent of the voters is necessary before issuance. Should the bonding be approved, it would be the first general issue since the adoption of the city manager form of government in Gladstone. The last general bonding was a \$55,000 issue in 1923.

Curb Mart Prices Lower at Close

New York, Nov. 27. (AP)—The curb was under rather general selling pressure today and closed lower, although there was no increase in activity as would indicate a selling climax. Transactions approximated 700,000 shares. Selling slackened early in the afternoon, permitting some steadying of prices, but the market's undertone was heavy and recoveries were inconsequential. Final prices for most instances were 2 to 5 points into new low ground, notably the American Superpower which sagged 5-8 to 4-7-8. Utilities and industrial were in moderate supply during most of the session, but the oil were dull. Electric Bond & Share, whose bear market low is 11 3/8, eased to 15 3/8 where it closed off 5-8. Deere sagged with the break in wheat and the Ford of Canada issues were affected by dividend omissions announced over the holiday. Newmont Mining firmers with the more favorable copper developments, but Bunker Hill & Sullivan went round. Standard Oil of Ohio lost a couple of points, although its volume was light. Standard of Indiana and Humble gave up 3/4 net.

## PROCEEDS WILL GO TO CHARITY

### Raymond Morrison Probably Will Be Out Due to Illness

Ann Arbor, Mich., Nov. 27 (AP)—Maynard Morrison, all conference center, probably will be unable to play for Michigan in the post-season game with Wisconsin Saturday. Charley Bernard, Morrison's sophomore understudy will replace him in the opening lineup.

Coach Harry Kipke said Morrison was ill at his home in Royal Oak. He said his star pivot man would come to Ann Arbor Saturday if he has recovered and might play part of the game if he is considered to be in fit condition. Morrison has been ill with fever since Wednesday.

With this exception the Wolverines will have their strongest line-up available to face the Badgers. Herman Eberhardts, Kalmuzon sophomore, is expected to play at left half in place of Jack Heston and do the punting for Michigan. Heston has been troubled with an injury, but will be ready to play if he is needed.

The Wisconsin team did not come to Ann Arbor to practice in the Michigan stadium today, as had been expected. Instead, they went to Detroit to spend the night.

The Michigan squad held its final practice of the year on Perry field this afternoon before going to Barton Hills Country club to sleep. The last drill was confined to punting practice and running of signals.

Small Crowd Expected  
No estimate of the probable size of the crowd at tomorrow's game could be obtained from Michigan athletic officials tonight, but it was believed the gathering will be comparatively small unless a favorable weather encourages a last minute rush of ticket purchasers.

The Michigan team has been keyed for the battle with thoughts that Purdue may overcome Northwestern at Soldier's Field tomorrow and hand Michigan a share in the Big Ten title if Wisconsin is defeated. It is generally believed here that the Badgers are anxious to swap Michigan because of reports reaching Madison that Wolverine partisans have not welcomed the game.

## Northwestern Grid Plavers In Crash Of Hotel Elevator

Chicago, Nov. 27 (AP)—A radio broadcast which related that several members of the Northwestern university football team were passengers in a hotel elevator which fell tonight, had the football world of the Midwest in a titch, but needless, state of excitement.

Of the eight players in the elevator, only George Potter, regular quarterback, suffered any kind of an injury. Potter suffered a leg bruise, which will not keep him from playing against Purdue for charity in Soldier's Field tomorrow. The other seven were: Ken Meenan, regular left halfback; Luke Fox, Paul Anderson and Bill Malle, reserve backs; Paul Engstrom, and Ed Sutton, reserve linemen, and Ed Jones, substitute end.

The elevator dropped, according to an official of the hotel company, from between the first and second floors into the basement, but not rapidly enough to cause damage or serious injury.

## All-America Team Selected by Davis

New York, Nov. 27 (AP)—Parkie Davis, football statistician of Easton, Pa., comes forward today with his selections for an all-American football team. He gives Notre Dame two places on his eleven.

Davis said he based his selections on information sent to him by coaches and officials and from the records of the teams which he collects during the year.

His team:

Ends: Jerry Dabrymple, Tulane; Vernon Smith, Georgia.

Tackles: Hugh Rhoads, Nebraska; Paul Swegner, University of Washington.

Guards: Clarence Munn, Minnesota; John Baker, Southern California.

Center: Tom Yarr, Notre Dame.

Quarterback: Barry Wood, Harvard.

Halfbacks: Marchmont Schwartz, Notre Dame; Ernest Rentner, Northwestern.

## RANGERS OPEN SEASON SUNDAY

### Meet Munising Dragoons in First Game at Coliseum

The Escanaba Rangers basketball team, well sprinkled with the stars of the Bevenue teams of former years, will open the independent basketball season at the Coliseum gymnasium at 2:30 o'clock Sunday afternoon. The opposition is coming from Munising where the new Dragoons, a combination of the Dragoons and the Munising Bonds have the strongest basketball team that has ever represented Munising.

Manager Burns of the Rangers last night indicated that his starting lineup may include: O'Brien, center; Johansson, left forward; Ray Warner, right forward; Nelson and Andrews, guards; Bunte Nelson is a former Wakefield star, certain to see action in the battle.

The Dragoons boast a long list of basketball players who are veterans of the hard floors and are expected to provide the stiffest kind of a game. Baker, Geny and Peterson are some of the stars in the Dragoons lineup that have won names for themselves in upper peninsula basketball. They have enough other stars in the squad to show well against any team.

This first game of the season is expected to draw a large crowd of fans. Former fans of the Bevenue players from Powers, Nahma and Garden are expected to follow their favorite stars in their change of allegiance to the Rangers.

## "All Piffle", Says Admiral Pratt Of Butler's Charge

Washington, Nov. 27 (AP)—The navy's ranking officer thinks charges of Mayor General Smedley D. Butler, blocked that "swivel chair" admiral's reticent promotion to commandant of the marine corps are "all piffle."

Admiral William V. Pratt, chief of naval operations, was the first official to take cognizance of Butler's remarks in a magazine article.

Asking "who are these 'desk admirals,' anyway?" Pratt said all the admirals he knew either had just come in from sea duty or were about to go to sea. He could not think of a single one, he said, who would fill Butler's description.

"After all, admirals don't make appointments," Pratt said in asserting he could not see what they had to do with blocking the fiery marine corps general's promotion.

Admiral Pratt added he was not trying to "pick a quarrel" with General Butler, whom he said he admired.

## TROOPS MOVE IN DIRECTION OF CHINGHOW

(Continued from Page One)

Sze, Chinese member of the council, urged that a definite time limit be set for the evacuation of non-treaty points by Japanese troops.

## PEACE HOPE'S VANISH BY BYRON PRICE

Washington, Nov. 27 (AP)—Hope that Japan intends to restore the captured province of Manchuria to Chinese sovereignty without long negotiations dimmed rapidly tonight as the Japanese invaders launched a new thrust at Chinchow.

The southward march of the Japanese legions violates directly an unqualified assurance given the American government by Tokyo only three days ago. Japan is moving on this last remaining Manchurian stronghold fully aware that the development will be regarded here as casting serious doubt on the validity of her repeated pledges against permanent aggression in Manchuria.

## U. S. Protest Expected

A swift American protest is expected to go forward. Its exact form has not been determined and the action taken may be agreed upon beforehand in conferences with the League of Nations.

Withdrawal of diplomatic representation from Tokyo has been suggested.

Whatever steps are decided upon probably will be taken under the new power treaty, in which Japan specifically agreed to respect the integrity of China.

Secretary Stimson revealed that only three days ago, both the civil and military authorities of Japan assured the United States the most direct terms that an advance on Chinchow was contemplated. The assurance was given to an American inquiry which expressed deep concern lest such a campaign might be attempted.

The apprehensions of the Washington government tonight rose to a critical pitch of expectancy as a Japanese expeditionary force, heavily equipped, moved towards Chinchow in disregard of American representations and the Japanese pledge. State department dispatches threw no light on the situation.

## Real Motive Seen

The American concern arose from two sources. It is feared on the one hand, that Japanese control of Chinchow, a south Manchurian crossroad of communications, would be a serious blow to any exercise of Chinese control over her war-torn province.

Furthermore, a Japanese attack following closely on Tokyo's promise of restraint, would go a long way toward convincing the American government that Japan meant to take Manchuria completely, in violation of all her international covenants.

This is not the first time Washington has had reason to look questionably on Japanese activities since the Manchurian advance began on September 18. From the beginning, Tokyo has assured this government she

## Charity Football Game Plan Dropped

Lansing, Mich., Nov. 27 (AP)—A proposal for a charity football game between Lansing Central high school, undefeated in this section of the state, and Grand Rapids Union, strongest of western Michigan teams, collapsed today. Mayor Peter F. Gray, of this city, announced negotiations had been dropped. He said there was no interest among authorities of the two schools for the game and that the athletes had broken training.

## INDIANA WINS GRID TOURNEY

### Marquette Eleven Registers 32 to 6 Victory Over Drake

Stagg Field, Chicago, Nov. 26 (AP)—The Tournament of the Losers wound up in a 6 to 0 triumph for Indiana over Chicago.

The Hoosiers and the Maroons played Illinois and Iowa, all trailers in the Western Conference championship race, today in the strangest football spectacle ever offered in the Big Ten. Only about 8,000 spectators turned out for the Thanksgiving Day football festival, with receipts about \$16,000. As a result about \$15,000 will go to the governors' relief funds in the seven states comprising the Western Conference territory.

## MARQUETTE WINS

Des Moines, Iowa, Nov. 26 (AP)—Marquette's Golden Avalanche got underway in the second half today to roll over a Drake defense to a 32 to 6 victory.

Steady marches over the frozen turf in the Drake stadium brought Marquette three touchdowns in the third period and two more in the final stanza.

## CORNELL BEATS PENN

Philadelphia, Nov. 26 (AP)—Cornell's youthful backfield power-house, Bart Viviano, proved too much for Pennsylvania to handle today for the second straight year.

As a result Cornell whipped its ancient rival, 7 to 0, in a closely fought Thanksgiving Day battle for a crowd of 70,000 spectators.

Viviano scored the only touchdown, early in the first period, as the climax of a brilliant 80-yard drive down the field. He then played a spectacular role in the Cornell defense that repulsed all of Pennsylvania's counter charges.

## PITT ELEVEN WINS

Pittsburgh, Nov. 26 (AP)—Thanksgiving Day's most important inter-sectional football game was turned into a rout here today when the powerful University of Pittsburgh machine swamped University of Nebraska, 40 to 0, before 23,000 spectators to enhance its claim to the eastern title.

## COLGATE WINS OUT

Providence, R. I., Nov. 26 (AP)—A gold wind, sweeping the length of Aldrich field, combined with an equally bitter Brown defense to hold the might of a Colgate eleven through two periods today and then turned traitor with only two minutes of the annual Thanksgiving Day classic left to play. The final score was 13 to 7 in Colgate's favor.

Not until the wind was at its back, with time almost gone, was Colgate, beaten only by New York University this fall, able to drive to the touchdown that brought the victory and closed the regular season session for the Maroons.

## Munn Won't Play In Charity Game

Minneapolis, Nov. 27 (AP)—Clarence Munn, captain of the University of Minnesota football team, said tonight he would not accept an invitation to play in the East-West Shrine's charity game at San Francisco New Year's Day.

While Munn tomorrow plays his last football game for the Gophers, he still will be eligible for track and field competition until next June. Munn was advised today that a Big Ten football regulation bars an athlete if he takes part in such an event as that at San Francisco.

meant no aggression, and proposed to make only advances necessary to defend her interests.

Yet another Manchurian city after another, some of them hundreds of miles from the Japanese railway zone, have fallen under Japanese assaults. Every time Japan has expressed regret, and said it wouldn't happen again. At first, officials were given the impression that the military party, which is not under control of the civil government, simply had run amuck. But the Japanese promise of three days ago bore the explicit assurances of both civil and military authorities, and until today it had been felt here that real progress was being made toward peace.

### Fans Get Stiff Necks in Looking Up at Tall Fighters

BY EDWARD J. NEIL (Associated Press Sports Writer)

Madison Square Garden, New York, Nov. 27 (AP)—Primo Carnera, the leonine tower of Italy, bent down upon Vittorio Campolo, almost as large and even taller, heavyset specimen from Argentina, and snuffed him out in surprising fashion tonight in the second round of a 15-round struggle.

Ballyhooed as a battle of giants such as never before has been staged in the history of the ring, Carnera, a small matter of 266 1/2 pounds and a mere six feet six inches tall, bounced the South American and his six feet, seven inches and 224 1/2 pounds to the canvas for a count of nine as soon as the second round opened and then finished him in 1:27 of the session with another volley of head punches.

It was a surprising but unconvincing display of punching power on the part of the vast Venetian, still the enigma of the heavyweights, for Campolo took the final count sitting down, gazing in melancholy fashion at the canvas, as if in deep meditation on some particularly perplexing problem of life. The crowd of 12,000 roared as the giants mixed wildly in the first round, stared as Vittorio re-lined in the second, eight and left the arena unmoved for the most part.

Strange Battle.  
It was a weird battle, probably the strangest sight in all the bizarre history of the heavyweights, as the rinky gaucha from Argentina, rumored one of the stiffest of the heavyweight right hand punchers, locked his left hand about Primo's neck in the first session, and smote the Italian upon the chin with his right as Carnera fondly unfolded Campolo's head with his right and massaged the South American's chin with left.

They were so high above the ring-side spectators that there were cracks in necks before the first round was over and they so completely filled the 18 foot ring it was scarcely possible to look anywhere in the arena without one's eye falling upon one or the other.

The first round was hot and thunderous. There was an expression of grim determination upon the wide expanse of features of Carnera, much maligned because of his fangs hitting tort last season, while Campolo seemed pained, and his big nose wiggled a bit in complaint as the huge Italian took his vaunted huge hand punches, grunted only a little, and proceeded to smite Vittorio's peculiar features with short lefts and rights.

Campolo May Quit.  
Tonight's defeat may mean the end of Campolo as a heavyweight campaigner, for he announced before the battle that he would quit this business of fist fighting if he failed to whip the huge Italian. In two previous engagements Campolo had been outpointed by Tommy Loughran and knocked out by Ernie Schaaf.

The issue still left in doubt the matter of Carnera's heavyweight fighting ability, for there was no single sanguinary belt to contribute to Campolo's downfall. Vittorio made little pretense at defense and Primo was content to hit him with short punches mostly hooks to the head that traveled but a foot or so. There was not a body punch delivered in the two rounds and Carnera fought exactly as he did in losing to Jack Sharkey a few weeks ago with the exception that he found rubber tonight in the South American's knees where Sharkey had sneered at his best punches.

The crowd was the first of the season to witness a show here at \$15 top prices. The bouts, bringing together heavyweights throughout, were staged for the benefit of the Jewish charities.

## BOXING

### HUGH MADOLE

Buffalo, N. Y., Nov. 27 (AP)—Dave Maier, young southpaw light heavyweight of Milwaukee, tonight knocked out George Nichols of Buffalo in the seventh round of a scheduled ten round bout. Nichols suffered a badly cut eye in the sixth and Maier floored him three times with a furious barrage of punches in the seventh. Nichols twice taking counts of nine before the knockout, Maier weighed 173 1/2, Nichols 168.

Cleveland, Nov. 27 (AP)—Jack DeGombert, Marquette, Mich., welterweight, outpointed Joe Schlund, Cleveland, in a six round fight tonight.

"One Round" Bess, negro flyweight of Indianapolis, is a veteran of 233 ring battles in 15 years, and has a large family, the oldest boy being 15.

## Several Traditional Football Games Are To Be Played Today

New York, Nov. 27 (AP)—Traditional football games, with conference title hopes giving added interest to three of them, hold the sports spotlight tomorrow.

The game promising the most action will be fought at Soldier's Field, Chicago, where Purdue and Northwestern meet for charity and the Western conference title hopes of the Wildcats in the balance, and the mantle of tradition cloaks the Princeton-Yale meeting at New Haven and the Army-Notre Dame contest at New York with a glamor that gives them national importance.

Notre Dame Favored  
Events of the last few weeks have robbed the latter two games

of much of the importance that attached to them at the start of the season with Notre Dame figuring wo or three touchdowns better than Army and even greater margin separating Yale and Princeton. Stanford and Dartmouth appear evenly matched.

Purdue has a chance to force a four-way tie for Western conference title honors by defeating Northwestern tomorrow. A Wildcat defeat and victories by Ohio State over Minnesota at Minneapolis and Michigan over Wisconsin at Ann Arbor in the other two games on the Big Ten charity slate would give all three winning teams a claim with Northwestern on the title.

Georgia and Georgia Tech meet at Athens in one of the classic games of the south.

Other Contests  
Tulane should gain undisputed right to the Southern conference title by defeating Louisiana State at New Orleans but the old "War Skule" always proves a sturdy bulwark against the rush of the Green wave.

Southern Methodist and Texas Christian renew an old rivalry at Fort Worth with the undefeated Methodists favorites to win and gain the Southwest conference title.

Other games tomorrow include the inter-sectional charity meeting at Kansas City between Temple and Missouri, the Navy-Wooster game at Annapolis, Detroit-Georgetown at Washington, D. C., Washington and Lee-Duke at Lexington, Va., West Virginia-Washington and Jefferson at Wheeling, West Va., and Baylor-Rice at Houston.

## Albie Booth Has Bad Chest Cold

New Haven, Conn., Nov. 27 (AP)—Captain Albie Booth of the Yale football and basketball teams, ill with a severe cold which terminated his gridiron career two weeks ahead of schedule, was in isolation today at New Haven hospital.

Although the Yale athletic association said his illness consisted only of a heavy chest cold, every precaution was taken to prevent an attack of pneumonia. Attendants, who reported at 6 p. m., that the little halfback's condition was "about the same," said he might be in the hospital for some time. He was transferred to the institution Wednesday night from the university infirmary, where he was taken Tuesday.

Homecoming at Indiana university this fall was featured by a night football game between freshman teams played in the fieldhouse.

### DEATH CLAIMS MRS. F. PERRA

Was Life Resident of Schaffer; Funeral To Be Monday

An illness of three weeks due to yellow jaundice and other complications caused the death of Mrs. Fred Perrra of Schaffer late Thursday evening at her home. Mrs. Perrra was injured in an automobile accident one year ago, when a piece of glass from the wrecked car entered her side. Later liver trouble developed and although she had been in falling health since the accident her condition did not become alarming until three weeks ago.

Mrs. Perrra, the former Miss Rose Anna Seymour, was born in Schaffer November 9, 1881, and was married to the late Edward Duford who died several years ago. She remarried and continued to live in Schaffer where she was widely known and was active in all church and civic work.

The survivors are her husband, Fred Perrra, three sons, Harry and Wallace Duford of Milwaukee, Reynold Duford of Marquette; her aged parents, Mr. and Mrs. Charles Seymour of Schaffer; seven brothers, Charles Seymour, Jr., of Escanaba, Clifford Seymour of Menominee, Joseph, Henry and Eugene of Schaffer; one sister, Mrs. E. J. Picard, of Milwaukee, formerly Miss Alvina Seymour, and one adopted sister, Mrs. R. J. Viaw, of Bark River; also five grandchildren.

The body will be taken from the Alto Funeral Home to the family residence at Schaffer this afternoon. Funeral services will be held Monday morning at 9 o'clock at Sacred Heart church with Rev. Fr. Philip de Neri Jutras as celebrant at the requiem high mass. Interment will be in the family lot in the Schaffer cemetery.

Mrs. Perrra was a member of the Women's Catholic Order of Foresters and St. Anne's Altar society. Members of both organizations will go to the home to recite the Rosary in unison and will also attend the funeral services.

### Keep Off Thin Ice To Avert Tragedy

The narrow escape of a small boy who was trying out thin ice on Portage creek yesterday caused the sheriff's department to issue a warning regarding the danger of this popular practice and to warn parents that children must be kept away from skating places until they are frozen over solid enough to be safe.

The boy yesterday broke through the ice and went under. Two of his companions chanced to be nearby, and the youngster was pulled out in time to save him from any thing more serious than a very cold wetting.

### TURK FAVORITE FOR ESCANABA

Holiday Eating Hasn't Suffered Greatly in "Hard Times"

That good old-fashioned custom of spending Thanksgiving Day at home or having the relatives over for a bill meal is still being observed in Escanaba. This was evident down at the gas works, where a large portion of the fuel is produced to cook those Thanksgiving dinners.

On Thanksgiving Day, as on every holiday, there is a jump in the consumption of gas. It is estimated that it took between 50,000 and 75,000 cubic feet of gas to prepare the fowl and other essentials for Escanaba's Thanksgiving. The high point of the day Thursday was between 11 a. m. and noon, when about 25,000 cubic feet of gas rushed through the mains, and ovens were going in hundreds of homes. About the same amount was used between noon and 1 a. m., and then it tapers off sharply, indicating that most of these Thanksgiving Day affairs are at noon. Piebaking which in many cases took place beforehand probably accounted for some more, but the period around noon is always the heaviest in gas consumption, and at that time consumers use more than the plant produces.

Chicken is always popular for holiday dinners, but turkey still has the preference among other fowls at Thanksgiving and Christmas in Escanaba. Apparently there was a slight decrease in the number of turkeys sold by local merchants this Thanksgiving, compared with 1930. Orders are already being taken for Christmas, however, and one butcher says that he always sells twice as many turkeys for Christmas as for Thanksgiving.

There is still a good number of birds on the farms, and an easy supply is indicated for Christmas. Properly fattened, the fowl will be in better condition for Christmas than they were for Thanksgiving.
