

GANG ASSAILANTS SLAY JACK DIAMOND

SOLONS ARGUE ST. LAWRENCE SEAWAY PLAN

SENATORS COPELAND AND VANDENBERG HAVE TILT

Washington, Dec. 18 (AP)—In a vigorous interchange of public statements the proposed St. Lawrence river waterway was pictured today by Senator Copeland, Democrat, New York, as a "menace to America" it was praised by Senator Vandenberg, Republican, Michigan, as "the greatest single public improvement" that could be undertaken.

The argument started with a statement by the Michigan senator assailing Copeland on the basis of a newspaper story quoting Copeland as saying he would fight the St. Lawrence waterway treaty and favored the Erie canal route as the inevitable alternative. Vandenberg attacked the Erie canal route as "discarded and repudiated" as a seaway.

Would Boom Canada? Copeland came back promptly with the assertion the Erie canal was not now the question at issue but that he was emphatically opposed to the St. Lawrence project on the ground it was "All-British" and would boom Montreal to the detriment of American ports.

Senator Vandenberg, he said, must believe in Santa Claus as he "has visions of having the Levitans tie up at Detroit and other Michigan ports."

This, Copeland, contended, was "absurd." He predicted the freight would be transhipped at Montreal and carried throughout the world by British vessels.

Vandenberg asserted the canal "will develop vast new advantages for our land locked middle western empire" at the same time leaving the port New York with "paramount importance."

"Meanwhile," he added, "it will be a supreme contribution upon northern New York not only in respect to navigation but also in respect to stupendous quantities of cheap power."

Drafting Treaty Now Copeland announced his intention of resisting with all his strength "any effort to expend American money for the building of a canal through Canadian property."

At the same time he said he hoped the treaty would be negotiated "because we cannot develop the water power on the St. Lawrence without the consent of congress."

The task of drawing up a treaty covering the entire project is now under way between the state department and diplomatic representatives of Canada.

Defunct Bank's Affairs Will Be Probed Further

Detroit, Dec. 18 (AP)—State, county and federal investigations of affairs of the defunct American State Bank were in preparation tonight as the result of the conviction last night of Robert M. Allan, former bank president, on an embezzlement charge.

Attorney General Paul W. Voorhies said he would move within a few days for a continuance of the inquiry which resulted in a verdict of guilty against Allan, charged with embezzling \$52,742 of bank funds.

"It was never our intention that the investigation should terminate with the conviction of Allan," he said.

MICHIGAN VOTES "YES."

One hundred and ninety-six Republicans, 120 Democrats and one Farmer-Labor member voted for the resolution. Ninety-five Democrats and five Republicans voted against it.

All Michigan members voted for adoption.

CULBERTSON IS AHEAD BY 7915

Lenz and Jacoby Fall Farther Behind in Bridge Match

BY TOM O'NEILL (Associated Press Staff Writer)

New York, Dec. 19 (Saturday AP)—Ely Culbertson and his new partner, Theodore A. Lightner, gained 2,950 points on Sidney S. Lenz and Oswald Jacoby in the ninth session in the big 150-rubber contract match ending at 12:30 p. m. today.

Culbertson's team will enter Christmas week 7,915 points in the lead, a greater advantage than Lenz and Jacoby ever had. The Culbertson team has won 34 rubbers of the series to 29 for Lenz and Jacoby. In the ninth session the Culbertson side took 12 of the 15 rubbers.

Each side made a "little slam" during the session and once Lenz took all the tricks when he only contracted to make two spades. Culbertson exposed his hand, and Lenz, enforcing the rules, called for the suit Culbertson should play. As a result the ace, king and queen of hearts, which otherwise would have been taken tricks, were played on Lenz's good clubs after all the trumps had been taken out.

Arguments about the respective systems were fewer. Once Lenz reminded Culbertson of something he had written, Culbertson didn't remember.

"Don't you read your own stuff?" asked Lenz.

"No," replied Culbertson. "I only read yours."

"Damn good stuff," growled the veteran Lenz.

"I have to read it," Culbertson added, "to learn about the official system—I can't learn it from watching you play."

In the Headlines From Washington

(By The Associated Press)

The house passed the moratorium resolution and sent it to the senate for completion of ratification.

Representative McFadden, Pennsylvania Republican who asserted President Hoover had sold out to Germany, challenged an investigation of his charges.

Secretary Stimson instructed Ambassador Forbes at Tokyo to express again to Japan America's concern over the Manchurian situation.

President Hoover declared approval of his \$500,000,000 reconstruction corporation to be "most urgent" to aid railroads.

Congressional leaders agreed to take up the reconstruction corporation immediately after the Christmas recess.

Further Advance In Copper Price

New York, Dec. 18 (AP)—Active buying of copper for foreign account and increasing inquiries from domestic consumers resulted in a further advance of one-fourth of a cent in copper prices today, making the domestic price 7 1/2 cents.

Copper Exporters, Inc., the producers' foreign selling agency, early in the day lifted its price one-half cent to the equivalent of 7 1/2 cents for the domestic price, which was promptly followed by an advance in the domestic price. Foreign sales were estimated at 12,500,000 pounds, making it the largest day's business for this account for many weeks.

Domestic buying was in lighter volume although consumers were said to be showing a more active interest in the market, as evidenced by a largely increased inquiry.

It was said in the trade that producers were more willing to sell at the 7 1/2 cent price than were the custom smelters.

CONGRESS DECIDES TO ACT AFTER HOLIDAYS

BY FRANCIS M. STEPHENSON

Washington, Dec. 18 (AP)—Congressional leaders agreed tonight to go to work immediately after the Christmas recess on the \$500,000,000 reconstruction corporation proposal, as President Hoover declared the measure "most urgent."

Republican and Democratic chiefs of both the senate and house listened until well after dark tonight to a report by Undersecretary Mills of the treasury on the reasons why Mr. Hoover regards prompt action on the giant relief measure as necessary. They replied it would be taken up after the holidays.

Will Aid Railroads. Assistance for the nation's railroads appeared to be the urgency involved. The president informed newspapermen that he expected the corporation would be "able to give emergency aid in this situation if it be necessary."

Mr. Hoover called to the White House during the day the house Democratic and Republican leaders and later Chairman Couzens of the senate interstate commerce committee to explain the situation.

Senator Couzens reported that he did not think the relief available to the railroads through the railway credit corporation would be adequate. He said he had had some other proposals with the president.

Hoover Not Alarmed. Mr. Hoover expressed no alarm over the railway situation but he agreed that with public insistence holding most of the nine billion dollars in railroad securities it was of public interest to make sure of their security as well as of the interests of agriculture and other industries.

As the White House drive for enactment of the reconstruction corporation was launched, the senate banking subcommittee heard hearings on the legislation. These will be completed.

Senator Watson, of Indiana, the Republican leader, it announced after the meeting of congressional leaders that "it was agreed that"

Treasure Hunters Ordered Released

Lansing, Dec. 18 (AP)—Three Chicago men who have been held under investigation for the last three days in connection with a reported treasure hunt on a farm near Dimondale, were released by state police today.

The men, Joe Mule, 40, Sam Festoso, 32, and Dominic Conti, 26, were liberated after police and postal authorities had failed to find any "treasure" on the farm of Ross Pennington. The last two days had been directed toward a possible tie-up with a \$1,200 robbery of a Flint sub-post-office station in 1927.

Public Will Learn Of German Credits

New York, Dec. 18 (AP)—Leading Wall Street banks have determined on the bold step of placing squarely before their stockholders and the public all of the facts concerning their short term credits to Germany.

This will be done at forthcoming annual stockholders meetings. The decision was prompted by reports reaching financiers of disturbing rumors and exaggerations which they deem important to refute with reassuring information obtained through an inquiry which the bankers themselves encouraged.

Kidnapers Release Millionaire Woman

Mrs. Nell Donnelly Freed Unharmed And Without Payment of \$75,000 Ransom

BY GEORGE W. SMITH

Kansas City, Dec. 18 (AP)—Freed without payment of ransom to kidnapers who held her captive 34 hours, Mrs. Nell Donnelly was safe at her home tonight, while police sought to lay hands on the men who abducted the millionaire business woman.

Mrs. Donnelly and her negro chauffeur, George Bair, were released early today in the outskirts of Kansas City, Kas., by the kidnapers who overpowered them Wednesday night as they entered the drive at the Donnelly house.

"These are out-of-town men—they made a mistake," was the explanation of her release offered Mrs. Donnelly by one of the kidnapers as they drove away from the shabby cottage where she was a prisoner while her abductors awaited payment of \$75,000 demanded under threat of blinding her.

Upon the return of his wife, Paul Donnelly lifted her from the car, grasped her in an embrace and

CLAIM CONVICT WAS "FRAMED"

Lifer at Marquette Not Guilty of Crime, Charge

Lansing, Mich., Dec. 18 (AP)—An investigation of charges that Anson Best, serving a life term in Marquette prison for murder, is the innocent victim of a frame-up was ordered today by Ray O. Brundage, parole commissioner.

A delegation made up of Norman C. Orr, Pontiac attorney, Reverend Bates G. Burt, former Marquette chaplain and now a Pontiac pastor, and Alton T. Roberts, former state prison commissioner, told Brundage they are convinced Best did not commit the crime. He was convicted 15 years ago for the slaying of Vera Schelder, Pontiac telephone operator. Her body was found on the porch of a vacant house. She had been strangled with handkerchiefs. Best was arrested after it was alleged he had been seen in the vicinity of the crime.

Used Third Degree. The Rev. Mr. Burt and Orr alleged that a man named Alfred Webb, who was arrested in connection with the crime was "mysteriously and quietly released and has not been seen since." They accused county officers of using third degree methods to force Best to sign a confession that he met the girl casually and killed her at her own request. Best, they charged, was railroaded to prison through collusion of former officers to shield the identity of the real murderer.

The Rev. Mr. Burt said some of the officers connected with the case were "among the most disreputable residents of the county who would go to any lengths to accomplish their ends." He asked that an investigator will be named who will not be "misled by politicians around Pontiac who are on their last legs any way."

Roberts and the others recommended a complete pardon for Best.

DEBT HOLIDAY PLAN ADOPTED BY 317 TO 100

REVISION OF WAR DEBTS OPPOSED, HOWEVER

BY RICHARD L. TURNER

Washington, Dec. 18 (AP)—The house tonight approved President Hoover's moratorium and at the same time told him it would have nothing to do with proposals for revision of the war debts.

After nine hours of furious debate that ranged from rancorous personalities to eloquent appeals, it adopted a resolution of ratification by a vote of 317 to 100.

It now goes to the senate, where prompt action has been promised. Final ratification before next Tuesday's Christmas adjournment was predicted.

As adopted by the house, the resolution included an amendment in opposition to revision of European debts to America arising from the war. Its approval was a direct rebuff to the administration.

President Hoover in his message to congress urged re-establishment of the war debts commission for the purpose of studying Europe's ability to pay under present conditions. Secretary Mellon later called for reduction of the debts, particularly that of England.

Moratorium in Effect. The administration regards the war debts question as separate and distinct from the moratorium. The latter is already in effect and under it for a period of one year Germany's conditional reparations payments are suspended and Germany's creditors are freed from making their payments to the United States.

Opposition in the house was strong vocally but numerically weak. The foes of the debt holiday made the chamber ring throughout the afternoon and evening with their protests.

The galleries were thronged and a long line awaited seats. Usually vacant, the gallery reserved for members of the diplomatic corps was well filled, attesting the extreme interest in foreign nations in the outcome.

McFadden Asks Probe. The irreconcilable McFadden of Pennsylvania precipitated an other uproar tonight. A few days ago he charged President Hoover with having "sold out" to Ger-

Launch Drive for Bigger U. S. Navy

Washington, Dec. 18 (AP)—Congressional backers of a bigger navy today entered actively into their campaign for more warships.

Chairman Vinson told the new house naval committee at its first meeting he expected non-partisan support for nearly a billion dollars worth of new ships.

Almost simultaneously, the committee's last chairman, Representative Britten, Republican Illinois, introduced a bill to make a blanket authorization of construction necessary to make the navy as big as treaties permit. His proposal is similar to that sponsored by Chairman Hale of the senate naval committee.

BELIEVE LOST CHILD SLAIN

Cincinnati Police Think Girl Was Kidnaped and Attacked

Cincinnati, O., Dec. 18 (AP)—Kidnaped, attacked, slain and the body thrown in rapid transit tubes, was the theory that police, minus positive clues, worked on tonight in the disappearance of pretty little blonde Marian McLean, only six years old.

Despite a city-wide hunt for Marian's abductor, not a single trace of the man, believed to be demented, or the child, was found.

Police feared Marian had met the same fate as three other small girls kidnaped here within the last sixteen years. Two of that trio never were heard of again while the parents of the third opened a jack door of their home on June 17, 1915; two days after Elizabeth Nolte, 11, was carried away, and a bundle wrapped in a pillow slip, tumbled onto the floor. The package contained the mutilated body of their child.

Several little girls who lived in Marian's neighborhood told police that the man who spoke to the missing child and then walked down an alley with her, had accosted them in disorderly manner recently. They said he looked like a foreigner.

The last person who saw Marian was one of her friends, Julius Servizzi, 18. He said she stopped and laughed with him at the antics of his dog which had put its muddy paws on the bright fenders of an automobile he was washing.

Servizzi said Marian then left him and that a minute later he saw a strange man talking to her in an alley.

Washington, Dec. 18 (AP)—Retail food prices declined two percent in November as compared with October.

The bureau of labor statistics, which gathers reports from 51 typical cities, announced today that the two percent decrease between October 15 and November 15 made a drop of 17 1/2 percent since November 15, 1930. Prices, however, still were 116.7 percent of those of 1913.

SHOT IN HEAD THREE TIMES IN OWN ROOM

VICE LORD KILLED AFTER FREED ON KIDNAP CHARGE

BY WALTER T. BROWN

Albany, N. Y., Dec. 18 (AP)—Three times Jack Diamond "beat the rap" with death when assailants wounded him but today gangland "rubbed him out" and tonight the motive was hidden in the turbulent past of the mobman.

Guarded for years by his henchmen, Diamond went home alone from a celebration of his acquittal yesterday of kidnaping, and in the darkness before dawn entered his rooming house where the assailants awaited him. Three bullets crashed into his head and he was found sprawled across his bed. The proprietor of the rooming house, Mrs. Laura Wood, said she heard two or three men run away after the shooting.

Somewhat drunk. Mrs. Diamond, summoned from the party where she had remained when Diamond left; Ethel Smith, her sister, and Jack Storr, the chauffeur who had driven "Les" home, were questioned by police and released.

Probably the last of his intimates to see the gangland daddy alive was his sweetheart, Marion "Kiki" Roberts, one-time Broadway show girl. Storr said Diamond, somewhat intoxicated, visited an hour or more with her before continuing on to his rooming house.

A pearl handled, .38 caliber pistol with three empty chambers, a flashlight and a handkerchief, all wrapped in a newspaper, were found in a vacant room near the house where the assassination occurred.

The modest upstairs room of the Diamonds, quite different from the luxurious apartments that the swanky Jack occupied in the past is in an old section of the city, only a few blocks from the state capitol.

Only the personal belongings of the Diamonds and a few religious emblems and extracts from the testimony of Diamond trials were found by police when they invaded the death chamber.

Diamond's body, clothed only in his underwear and a shirt, was lying across a bed, the face distorted in agony and the thin arms hanging limp at his side.

Disheveled and weeping, smoking many cigarettes, Mrs. Diamond at the Fourth police pre-

Four Men Sentenced For Bombing Bakery

Detroit, Dec. 18 (AP)—Four men who pleaded guilty to participating in the bombing of the Sonny Boy bakery on Sept. 21 were given long prison sentences today by Recorder's Judge Henry S. Sweeney.

The state contends that Ignatz Lawnicki, 48, and Stanley Nikodemski, 42, business competitors of the bakery, engaged a bombing squad to wreck it, then antagonized the bombers by failing to keep up the specified payments. Lawnicki once pleaded guilty to placing explosives with intent to destroy property, but he changed his plea today to "not guilty." He and Nikodemski, who pleaded not guilty, are held for trial.

Joseph Pantano, 23, was sentenced to serve from 10 to 15 years in Michigan Branch prison at Marquette. Joseph Bonasera, 23, and John Radin were given sentences of from 10 to 25 years in Michigan State prison at Jackson and Abe Einstein, 46, was sentenced to serve from five to 15 years.

RAILWAYS PLAN 15% REDUCTION

But Will Accept Slash of 10% Voluntarily By Unions

New York, Dec. 18. (AP)—In one breath, the nation's railways today told their operating employees they would negotiate to a concession their wage and unemployment problems, but would insist the railway labor act and serve notice to effect a 15 per cent reduction in wages of all classes of employees.

More than 100 presidents and executives of class one railroads, representing the eastern, southern and western groups, agreed on the dual program after an all-day meeting. It carries the stipulation that should an agreement be reached, the notice of a 15 per cent wage reduction would be cancelled automatically.

The railroad executives, in their statement, gave no indication of what they would consider a satisfactory agreement, but it has been understood generally they would agree to a 10 per cent reduction if accepted voluntarily by the brotherhoods.

At a recent conference, the railway labor executives' association refused to agree to a 10 per cent wage cut because, they said, the railroads gave no assurance of permanence of employment for men now working or additional employment for men now unemployed.

Compromise Accord. The presidents now are believed willing to include the unemployment problem with the wage problem, with the understanding that bond interest charges must be met out of the saving made by a wage cut before any of the funds thus saved can be used to increase or assure employment.

Today's agreement represented a compromise among the presidents and executives at today's meeting. The southern and eastern groups had appointed committees to negotiate with the railroad labor groups but the western group, until today, had refused to delegate to its committee the authority to negotiate to a conclusion.

Daniel Willard, president of the Baltimore and Ohio, who conferred at Chicago last week with the 22 general chairmen while the brotherhoods were considering their future action with regard to the railroads' request for a wage reduction, will be chairman of a committee of nine to work out a solution.

It was Mr. Willard who upheld the labor case throughout the conference today. He was understood to have carried to the other presidents the view held by labor leaders and to have told them he believed it possible to reach an amicable settlement without the necessity of posting the 30-day notice.

KIDNAPERS FREE MRS. DONNELLY AND CHAFFEUR

The leader, told his companion in the front seat to help subdue me, that he could take care of the negro. He told the man to hit me on the head. The man hit me on the head, but not very hard.

"After being driven possibly fifteen or twenty minutes, we were taken out of my car and forced into another. Then we rode for about an hour in the other car.

"The men had very little to say on the trip until we reached the house we were taken to—a small cottage."

She was escorted into a dark room and allowed to remove the cloth from her eyes. It was then 7:15 p. m. by her wristwatch. "I was obliged to promise I would not try to look at them."

After much argument, she wrote a letter to James Taylor, Reed's law partner, asking that the kidnappers be paid.

"I'll say this much, that the man who dictated the letters was shrewd and probably would make good in any legitimate business. The men fed us milk and crackers and sandwiches. They were very courteous.

"The first night I didn't sleep at all. The only excitement was a radio in the next room. I was surprised at the class of programs the kidnapers turned in on. Most of the music was classical. There were no jazz programs.

"About 6 o'clock I heard the announcement over the radio of my kidnaping.

"Someone in the next room immediately turned the radio dial to another station.

"Later one man told me they realized they had made a mistake in kidnaping a woman.

"Before taking us away from the house they blindfolded me with a towel. They also blindfolded George. The men must have driven about thirty to forty-five minutes before they put us out of the car."

see that these measures are taken, and that by 1932 we will see a very different situation.

"According to some very high authorities an almost complete breakdown will hit the world within the next two months. The real danger is a breakdown in world credit. Whether the breakdown comes depends partly on the outcome of the German reparations and commercial debts conferences now taking place."

Fear can be banished, confidence restored, trade revived, continued, if the nations will meet around the conference table and devote themselves—not to extracting every advantage possible—but to making the greatest possible contributions to world recovery.

Any great power could call such a conference, possibly as an outgrowth of the 1932 disarmament parley, he said, but the United States is in the best position to do so because it is detached from the principal arena and is able to form equitable judgments.

In reference to reparations and war debts he blamed governments not bankers for the present morass.

VOTERS REJECT REFORM DRAFT

Murray's Measures Are Way Behind on State Poll

Oklahoma City, Dec. 18. (AP)—Governor W. H. (Alfalfa) Bill Murray's four initiative reform measures, submitted to the voters when the legislature refused to pass his program, trail by from 45,000 to 65,000 votes late tonight on returns from 1810 out of 3,346 precincts.

The vote on the measures: The income tax proposal, which would increase levies on corporation and higher individual incomes: for 124,426; against 169,722.

The Escheat bill, which would forfeit certain corporation lands to the state: for, 117,529; against 174,204.

The free textbook proposal: for 114,954; against 173,792.

The budget amendment which would increase authority of the governor over appropriations, for 113,792; against 178,664.

In the cotton country, farmers plowed through seas of mud or horseback to mark "v's" on the ballot of "Alfalfa Bill," whom some regard as a "Moose" fitted for the nation's presidency.

Most of the cities turned their backs on the measures. Still confident that the late vote from the "forks of the creeks" would change the picture, Murray rested in the executive mansion. He did not vote.

Storms at Sea and Fog Cause Series of Bad Accidents

London, Dec. 18. (AP)—Storms at sea and fog on land were the cause of a series of ship and train wrecks today in which at least 30 persons were believed to have perished.

Three shipwrecks were reported from the North Sea and surrounding waters, with a probable loss of 25 lives. Near Dagenham in Essex a passenger train crashed into the rear of a freighter, killing at least two persons and injuring between 40 and 50.

The train wreck, which was blamed on the heavy fog, occurred near the site on which Henry Ford's new motor works were recently established.

The two leading cars of the passenger train were overturned and many persons were caught in the wreckage. Doctors and ambulances hastened to the scene where they worked against the handicap of almost impenetrable fog.

cinet station, cried: "I didn't do it. I don't know who did. Oh, why didn't I go with him last night? He has been accused of lots of things he never did."

Daniel H. Prior, the Albany lawyer, who twice had successfully defended Diamond at Troy, came to her aid and left the station with her when she was released.

Diamond Was Warned. According to Chauffeur Storr's story to District Attorney Dehaene, Diamond told him at Troy after the kidnaping acquittal to find Marjion Roberts and fix a rendezvous with her for that night.

Diamond excused himself from the celebration, telling his wife he had an engagement with newspaper men who wanted to interview him, Storr said. Instead, he visited "Kiki."

After taking Diamond home, Storr returned to the Broadway party and district Mrs. Diamond's name. She had been advised by Mrs. Wood that "something had happened" there.

The district attorney revealed that Diamond had been warned in the Troy court room that New York gangsters had come up-state to get him but he laughed it off, declaring "nobody wanted" him.

Diamond at one time made considerable money in racketeering, but of recent months it was understood his finances were low and his influence weakened.

Young, only 33, good looking and a good spender, the gangling gangster was a lavish entertainer. Sober, he was affable and companionable, but drunk he was cruel. State investigators said he was drunk when he was alleged to have attacked and tortured Grover Parks, rustic truck driver of Green county. That episode brought the state into his Catskill mountain domain and eventually drove him out and broke up his gang.

Diamond did not become a "big shot" until Arnold Rothstein hired him as a body guard. When Rothstein was killed Diamond tried to rule Manhattan, but a shooting in the "Hotzy Totsy" night club, of which Diamond was accused, exiled him from New York. While serving with "Little Angle" Orzen he was wounded; again in the Monticello and the last time at Acra in the Catskills last spring. His health was undermined and recently it was understood he was fighting hard to fend off lung disease.

The legislation will be taken up as soon after the holidays as it can be reached.

Those attending the conference included also Senators Robinson of Arkansas, the Democratic leader; Walsh, of Montana, assistant Democratic leader; Reed, of Pennsylvania; Glass, of Virginia; and Bulkeley, of Ohio; Speaker Garner, Representative Rainey, of Illinois, Democratic floor leader; Representative Snell, of New York, Republican leader; and Chairman Steagall of the house banking committee.

Lament Urges Speed. Thomas W. Lamont of J. P. Morgan & Co. was questioned about the reconstruction corporation during his appearance before the senate's finance committee. He said the sooner it was created the less it would have to do. He and Charles E. Mitchell, president of the National City Bank, later gave their views on the railway situation to the congressional leaders.

Saying that "altogether this problem is receiving most serious attention," Mr. Hoover outlined the steps for railway relief. He said that only about 16 to 17 per cent of the lines, exclusive of those in receivership, were not earning their fixed charges. He said some financial help would be given the railroads through the railway credit corporation.

Silent films are still more popular than talks in Latin America.

James Christie Was Member Of Dooling's Jury

(Continued from Page One)

James Christie, formerly of Escanaba and now proprietor of an hotel at St. Joseph, was a member of the jury which heard the case of Dooling, young Niles attorney, charged with the slaying of his uncle, Anthony J. Cannata.

The 29-year-old lawyer was found guilty Thursday of manslaughter. Sentence of Dooling was postponed by Circuit Judge Charles E. White, who presided at the trial in St. Joseph.

Mr. Christie operated the Ludington hotel here for many years. He visited here several weeks ago.

To Avert Panic. The sponsors of the moratorium for the most part confined their argument to assertions that it was necessary to avert a European financial panic with consequent disastrous results for the United States.

many and having violated his oath of office. For this speech he was shown of his patronage privileges and repudiated by his colleagues.

Tonight he walked to the well of the house amid a murmur of applause and said he was ready to submit further evidence to support his charges. He challenged an investigation.

A short while later Free of California was called to order for asserting the Pennsylvania's occupation was that of "bribery" after several protests he withdrew the remark.

The sponsors of the moratorium for the most part confined their argument to assertions that it was necessary to avert a European financial panic with consequent disastrous results for the United States.

The opposition held the debt holiday was an opening wedge for

cancellation of the war debts. Some claimed Europe was able to pay. Some assailed the president, asserting he had exceeded his authority.

President Hoover proposed the moratorium last June 20 in an epochal statement from the White House. Previously he had secured the endorsement of congressional leaders, and subsequently he polled virtually the entire congressional membership for its views.

Extended negotiations with France were necessary to make the debt holiday effective. Secretary Mellon, in Europe at the time, was drafted to speak for America.

EXTENSION PREDICTED. Basel, Switzerland, Dec. 18. (AP)—There was a growing belief tonight that the Hoover moratorium on reparations and international debts will be extended for at least two years as a result of the deliberations of the Young plan advisory committee now in session and of the international conference on debts tentatively scheduled for next month.

SPECIAL OFFICERS

ANNOUNCEMENT was made several days ago that the state department of conservation would not re-appoint about fifteen hundred special game wardens when their commissions expire about the first of the year.

The explanation given for the decision is that it has been the experience of the department that these special officers do more harm than good.

Undoubtedly, the conservation department found that many of these special wardens thought they were a privileged class, who could violate the game laws themselves.

Not long ago, a hypocritical reformer named Gidday, given a special investigator's commission by the Cook county state attorney's office went out and deliberately shot a youth for no apparent reason at all.

LA SALLE'S LOST SHIP SEVERAL years ago bits of wreckage of an old sailing vessel were found along the shore of Manitoulin Island, in Lake Huron.

This, perhaps, is not very interesting to a nation that keeps its attention chiefly on the present and the future. Yet there is something fascinating about the tale of La Salle's lost ship.

For the tale of the Griffon is made up of two potent kinds of romance: it contains the essence of the mystery of the sea, and it represents exploratory adventure at its highest.

There is something haunting and compelling about the tale of any ship that is lost with all hands. One's mind automatically forms pictures of the final tragedy, in a turmoil of wind and waters and over-arching darkness, and the pictures stick in the mind and evoke shudders.

And, while women as motorists have become experts, doctors are still practicing. A duck in Los Angeles is trying to hatch an ostrich egg. That's certainly a big undertaking.

Now, counting the threads on matted bolts, scientists believe

they have identified its wreckage. Can any man who has any feeling for romance be indifferent?

WOULD DO NO GOOD

TALK of a possible pre-primary Republican convention next year continues to engage attention. The pre-primary is an extra legal gadget that has been resorted to in some states to negative the disruptive effects of the unadulterated primary.

The Brucker forces are not at all interested in a pre-primary convention. They regard the suggestion that one be held as conceived in a spirit of hostility to their chief.

There's nothing of value in it for the Republican party in the state in 1932. The only thing it could do that would not accentuate factionalism would be to endorse Brucker.

THE gentlemen-who-want-to-beat Brucker would, it appears, be as wise as they would be in doing anything else if they gave him the right of way in 1932, and let the Democrat defeat him, if he could. If the Democrat could defeat Brucker, he would probably be able to beat any man of their choice.

And, while women as motorists have become experts, doctors are still practicing. A duck in Los Angeles is trying to hatch an ostrich egg. That's certainly a big undertaking.

And while all these negotiations are going on, Manchuria waits with bated breath. Well, she's sure to catch what Sherman said was.

THREE KINDS OF LOVE

(By NEA Service) By Kay Cleaver Strahan

BEGIN HERE TODAY ANNE, CECILY AND MARY-FRANCES FENWICK live with their grandparents, once wealthy, now so impoverished that Anne and Cecily's earnings support the household.

Ermintrude, "that your sisters are awfully good girls." "Well," said Mary-Frances, as if the discussion had been one of racial characteristics and Ermintrude had remarked that Ann and Cecily were white.

"Last night," said Ermintrude, "I don't think you'd better, Mary-Frances, I don't honestly."

"That's nice, isn't it?" replied Mary-Frances bitterly. "And it was your own self, over the phone last night, that said all about soul crying and everything."

"I do too," said Ermintrude. "But just the same I don't think you should go and pick up strange men on the street."

"That's nice, isn't it?" replied Mary-Frances bitterly. "And it was your own self, over the phone last night, that said all about soul crying and everything."

LYRICS OF LIFE

By Douglas Malloch (Copyright 1931 by Douglas Malloch)

THE BATTLE NEVER DONE The race that never ends, The battle never done, Yes, even when one spends His breath, his final one, Goes onward still the same.

We come into the world Clean-hearted, clean of mind, But sin has never furled Its banners, we shall find, We travel in its train, Nor stop to count the cost, Then struggle to regain The ground that we have lost.

Forever forth and back The flags forever go, And one is very black, And one as white as snow, There evil battles wroth In long, unended strife, We call the field the earth, We call the battle Life.

FRECKLES AND HIS FRIENDS

BOOTS AND HER BUDDIES

'Looking Backward'

December 19, 1911 The menu for the dinner to be served by the Ladies' Aid of the First Methodist church this evening consists of turkey with dressing, creamed potatoes, cranberry sauce, hot rolls, brown bread, pickles, fruit salad, coffee, cake and all for 35 cents.

Ermintrude's opposition, which possibly because of the amazing success attending the venture for beauty, had been constrained since the girls had left the service station, now gushed forth, surcharged with feeling.

ANN, at her desk in the office of the Redfern Plumbing and Heating Company, looked again at the clock on the wall. Twenty-five minutes past four, and Phil had not telephoned to her all day long.

Albert was at an age when all youth looked much and beautifully alike to him. Still, he had retained an impression that the blue-tinted lady was a bit more agreeable to the eye than was the stockier brown little lady, and his eyes opened wide, and his jaw went down a trifle, and murmuring and distinctly troubled he returned to his pumps and oil cans.

Mary-Frances had resolved that, for once in his life, she was going to look decent. The lipstick, which had done double duty for cheeks and lips, had been purloined from Cecily, as had the clown-white powder, undimmed by the tan and the pink powders with which Cecily carefully blended it.

There could be no doubt as to the altered appearance of Mary-Frances. Ermintrude, looking again at her friend as they left the gravel and gained the sidewalk, declared, "You're a perfectly ravishing beauty, Mary-Frances, darling. And, my, but you look old! Honest, no fooling, you look almost—jaded." Which was delivered as high homage, and which was so received.

The girls went on, past Rosemeade's Development and Realty Company, down Tanner street, past the Crombley's New and Second-Hand Furniture Company, past the Fans Sociel Apartments, past the post showing the sign, "Fenwick avenue," and if the old street, dappled with sunshine through its spreading locust trees, attempted enticements or invitations they were neither seen nor heard.

A rounded corner brought Mary-Frances and Ermintrude to Mrs. Van Slyke's Delicatessen Shop, and automatically they stopped before its windows: fascinating salads, golden with mayonnaise; bowls of creamy cottage cheese; cakes towering luscious layers of coconut and chocolate; hams, cut to pink's own perfection; olives, oily green, and pungent hill pickles, and pies, and little rolls—all

FRENCH SOCIALISTS' PLEA On Dec. 19, 1917, the Socialist group of the French Chamber of Deputies sent a long open letter to fellow Socialists in Russia in which a plea was made that Russian revolutionists refrain from making a separate peace with Germany. It was pointed out that such a peace would revive autocracy and bring about a moral disaster for which socialism would be to blame.

General Sarrail, who had been in command of the allied armies at Saloniki, was recalled and General Guillaumat was sent to the front to relieve him. Heavy fighting broke out on the Italian front, with the Teutons storming Monte Asolone, Italians, waging a concentrated attack east of Monte Solero, were repulsed by a determined German stand.

### Men of 72nd Congress

By Rodney Dutcher

FIORIELLO HENRY LA GUARDIA OF New York

Words almost fall us as we try to picture this excited, insurgent, pesky, industrious, shrill, shrewd, half-cocked, voluble, studious, slashing, reforming, glib, progressive, dripping wit, hell-raising, spaghetti-loving, trombone-toting, publicity loving, short, puffy little congressman from New York City. They say "Fiorello" means "little flower." His grand passions: exposing scandals, fighting for the underdog, baiting the drys, blocking what he calls bad bills. Favorite word: "Lousy." Leader in demand for rules revision this session, he now fights for unemployment relief and insurance. Expert parliamentarian, has sometimes been able to tie the House in knots. Last year forced through one of Senator Wagner's unemployment bills by superior strategy. Wet—ever so wet. Always excited about something, his roars in debate sometimes break into shrill falsetto. Born 49 years ago, son of an Italian immigrant who became an American army band-master. First a consular agent, later a New York lawyer. Served one term here as a Socialist and five others as Republican, taking time out in 1919 to be elected president of New York board of alder-

men for stormy term. Decorated, as Major LaGuardia, for aerial heroism in the war. Attacks Secretary Mellon's figures, appropriation bills and naval programs. Munches peanuts on the floor, studies everything on the consent calendar and holds record for objections. Has dashed off to investigate conditions among coal miners and gone undersea to study perils of naval submarine crews. Once joined pickets in a clothing strike, clambered into patrol wagon when they were arrested—and was kicked out. Unsuccessful G. O. P. candidate against Mayor Jimmy Walker in 1929. Smokes a corncob, likes baseball and movies. Takes red wine with his spaghetti. Plays trombone and then looks more than ever like a porpoise about to pop. Married Marie A. Fisher, his secretary, and lives in an apartment. NEXT: Cosign of Colorado

### Forest Products Starting to Move

Light shipments of forest products over the Whitefish branch of the Chicago and North Western railway have started. D. B. McIntyre, assistant superintendent, reports. The North Western railway is running one train per week on the branch, and is hauling from 40 to 50 cars of logs from I. Stephenson company jobbers in each train. A conference to determine the volume of forest products shipments to be expected this season will be held at Green Bay in the near future.

### Christmas Menu Of Tradition Is Within Budget

The Christmas dinner with its traditional menu is for most families a very essential part of Christmas festivities. About it cluster many associations—the reunions of families, the young people home from school and hearts attuned to a common key of celebration. For the housewife it is a time

of great importance, since the feast will show the results of her work in the kitchen and the efficiency of her preparations. If she has planned wisely, much of her work has been done the day before, leaving Christmas day partly free for her enjoyment of its special joys. It—because of preference or the limitations of the family budget—turkey has no place on the menu, a very satisfactory dinner can be built around roast beef, roast pork or other meats.

# BASKET :-:

2 tablespoons chopped celery  
 1/2 teaspoon salt  
 1/4 teaspoon paprika  
 1 egg  
 2 tablespoons hot milk  
 4 tablespoons butter, melted  
 Lightly mix the ingredients with a fork. Stuff the turkey.

**Cabbage Salad, Serving 6**  
 3 cups shredded cabbage  
 1/2 cup chopped celery  
 1-3 teaspoon paprika  
 1-2 teaspoon salt  
 2-3 cup salad dressing  
 Mix the ingredients and serve in a bowl.

**Steamed Pudding**  
 1 cup grated raw carrots  
 1 cup grated raw potatoes  
 1 cup flour  
 1-2 teaspoon salt  
 2 teaspoons cinnamon  
 1 teaspoon cloves  
 1 teaspoon nutmeg  
 2 tablespoons molasses  
 1 teaspoon soda  
 1 cup chopped raisins  
 1-3 cup nuts  
 Mix ingredients and pour into greased pudding mold. Cover and steam three hours. Unmold and serve warm.

**Lebkuchen**  
 Another delicious cookie with a European flavor is the famous Lebkuchen.  
 One pound strained honey, 1 pound pulverized sugar, 6 eggs, 1/2 pound blanched and shredded almonds, 1/2 pound shredded citron, 2 tablespoons cinnamon, 1 teaspoon cloves, 2 tablespoons grated nutmeg, grated rind 2 lemons, 1/2 teaspoon soda, 4 cups flour, 1/4 teaspoon salt.  
 Heat honey until hot the night before the cookies are to be made. Stir in enough sifted flour to make a stiff dough and set aside to cool. In the morning beat eggs until very light with sugar and work into the honey mixture. Use a wooden spoon and work until smooth. I warn you that this stirring is hard work. Mix and add soda, spices and salt with four cups flour and add with lemon rind, citron and nuts to first mixture. Knead lightly, adding more flour if necessary. Roll into a sheet about one-fourth inch thick and cut in oblong pieces one and one-half inches wide and three inches long. Bake in an oiled pan in a moderate oven for fifteen or twenty minutes. When cool cover with a thin icing by mixing confectioners' sugar to a paste with boiling water. The recipe makes about eight dozen cookies. If you use half the rule be sure to use 1/2 of each ingredient.

## Young People Will Give Play Sunday At Frechette Hall

Bark River. (Special)—The Bark River Dramatic Club will present a three act farce comedy entitled "Toot Your Horn," Sunday, Dec. 20, at two performances, a matinee at 2 o'clock which the children are urged to attend and an evening performance at 8:15 o'clock. The play will be given in Frechette's hall and it is expected that the attendance will be large.

The scene is laid in the refreshment stand conducted by Christine Elliot on the State Road, the first act, a morning in May, the second act, an afternoon one month later, and the third act the evening of the same day.

The cast chosen for this home talent, play has been rehearsing for several weeks under the able direction of Rev. Fr. Tom Drogacz of Perronville whose past experiences in dramatics and the large number of plays which he has directed both in this city and surrounding places will no doubt serve to draw a large audience at both performances.

The patronage of the public is solicited as the proceeds are to be used for the benefit of St. George's church, members of the parish and the pastor cordially invite all their friends at this occasion.

MOTHS DAMAGE PEAS IN COUNTY

Expert Explains How To Control Insects Which Are Harming Crops

In Chippewa and other upper peninsula counties, the growing of peas for canning, for soup-making, and for seedsmen constitutes quite an important industry. During the summer of 1930, 45 carloads of peas were shipped out of this county, aside from those consumed locally for table use.

There has recently been introduced into this district from eastern Canada a new enemy of field peas known as the pea moth, lasynessa nigricans. It is now well established in Chippewa county, where considerable damage has been done, and to a lesser degree in Ontonagon, Delta and Schoolcraft counties.

The insect is of European origin, having been introduced into Canada about 1895, and more recently into Wisconsin and Michigan. The insect attacks growing peas in the field, working on and on nothing else. Small yellow caterpillars about one-half inch long come from eggs, most of which are laid on the sepals and hence the pod. The caterpillars in the soft, growing peas and at the same time partially fill the hollow in the pod with webbing, excrement, and chewed material.

About the time that the young pods are nicely formed, usually in July, the weevils moths, come from under their underground cocoons and lay their eggs on the young pods. From these eggs, some tiny caterpillars which pierce holes through the pods attack the peas as stated, and continue to work until the first part of September, when they cut their way from the pods and bury themselves, either in the soil or under trash. At this time, each one enters a cocoon and remains in a dormant condition until some time in July of the following year when the moths emerge and the whole thing is repeated.

It will be at once apparent that, even for about four weeks, the pea moth is to be found either on the surface of the ground or under trash. During the period mentioned, part of July, all of August, and part of September the attack is made and the injury is done to the growing peas in the pod.

#### High Debate Trio To Meet Kingsford Tuesday Evening

Gladstone high school debaters will enter their third argument of the preliminary series next Tuesday when they travel away from home to meet Kingsford in the Heights auditorium. The local trio will handle the negative argument and the team is being changed for the final two debates of the series, Donald Germaine replacing Marie Bredahl. He will speak last. The other two members of the squad, in the order in which they will speak, are Virginia Goodman and Mary Watson.

Kingsford is reputed to have an exceptionally strong team again this season. Last year they were one of the contenders for upper peninsula honors having won their way into the elimination series of debates. Coach Wm. H. Balster is expecting the Fordown crew to give his charges a tough battle.

The long-judge system of deciding the outcome will be used with Forest A. Roberts of Northern State Teachers college, Marquette, acting as arbiter.

**Bridge Party**  
Mrs. Hector McAuley entertained a group of friends at bridge Thursday afternoon at her home, 1405 Wisconsin avenue. Two tables were in play with eight honors going to Mrs. Gust Roberts of Rapid River. A dainty luncheon was served at the close of the afternoon.

Mrs. Al Hubbard entertained two tables of bridge at her home, Michigan avenue, on Thursday evening.

Mrs. Wilfred Berner received high honors and Mrs. Carl Olson, second high.

A tasty luncheon was served at the close.

## 'STIQUE QUINT OFFERS SCRAP

### Eskymos Look Good in Hard Fought Conference Game

Manistique, Dec. 18 (Special)—Displaying a brilliant offense, the Escanaba high school basketball machine piled up a 30 to 24 victory over the Manistique quintet here tonight. The decision enabled the Eskymos to retain their hold on first place in the Class B conference race and ran their string of victories for the season to three with no defeats yet on the books.

After the first period which was exceptionally fast, the visitors took the lead and were never headed thereafter. Manistique showed their best form in the initial period when they held an 11 to 10 edge over the Eskymos.

**Manistique Rallies**  
Led by their tall center, Anderson, and Hallargren, guard, the Nordberg athletes slowly forged ahead of the Schoolcrafters in the second and third frames. Late in the fourth period the Manistique quintet made a desperate final bid to snatch victory but their efforts were stopped by the Eskymos' stalling tactics. Two field goals were scored by Manistique in the closing minutes of the game to bring the score from 30 to 20 to 30 to 24.

Jones of Manistique and Anderson of Escanaba split "for high point honors, each with 11 points. Jones netted five field goals and a free throw and Anderson counted four field goals and three free ones.

Fouls were numerous and one man from each lineup left the game with four persons charged against them. Ekdahl of Manistique went out in the third stanza and Hallargren of Escanaba was eliminated in the fourth. In all, 31 persons were called, 15 on the Eskymos and 16 on the local boys.

Inability to score on free throws cost Manistique considerable in the scoring books. They tossed in only four out of 18 shots while Escanaba counted eight times on 19 attempts.

South Bend, Ind., Dec. 18—Knute Rockne's influence reached even to the shadows. An inmate of a prison in Iowa has sent a pledge for \$25 to the Rockne Memorial Field House Fund at Notre Dame, it was announced here today.

The donor, whose prison number is given as 12910, expects to make his pledge good a year from now.

"Attached is my signed pledge in the amount of \$25 marked to be paid in full before or by December 1, 1932. If my bit in this way is at all acceptable, I shall consider it a pledge of honor. Yes, I still retain that."

## YOUTHS LEAD IN GOLF TOURNEY

Guldahl, of Detroit, and Mangrum, Los Angeles, in First Place

BY PAUL ZIMMERMAN (Associated Press Sports Writer)  
Pasadena, Calif., Dec. 18 (AP)—Ralph Guldahl, Detroit and Ray Mangrum, Los Angeles, found golf's new creation, the large, heavy ball, much to their liking as they set the pace over the first 18 holes of the Pasadena \$4,000 open to men on the Brookside course.

The youthful pair toured the 6,374 yard layout in 69, two under par.

Several of the older heads in the game failed to qualify in the select group of the first 90 pros and ten amateurs with cards of 80 or better, required for eligibility to continue in the second round of 18 holes tomorrow. The outstanding of these was Johnny Golden, co-holder of the Agua Caliente title who shot an 81.

**Von Elm Trails.**  
Guldahl and Mangrum played steady games. Guldahl went out in 25, one under. His home card was 24, also one under perfect. Mangrum had a brilliant 34, also one under perfect. Mangrum had a brilliant 34, two under on the first nine, and then finished up with a par 35 for the second.

Trailing this pair by a stroke came three professionals and an amateur with cards of 70. They are George Von Elm, Los Angeles business man golfer and runner-up for the 1931 open title; Winger Goggin, San Francisco; MacDonal Smith of New York City and Jack Galnes, of Glendale, Calif., the latter an amateur with a two-stroke handicap.

Mortie Dutra, Long Beach; Wilfy Cox, Brooklyn; Al Zimmerman, Portland, and Joe Ezar, St. Louis, finished two strokes behind the leaders with perfect cards of 71.

The defending 111-hole holder, Tony Manero, Elmsford, N. Y., pro, had difficulty getting under the wire. He shot a 77, well down the list. Walter Hagen, veteran Detroit campaigner, had 73. This gave him a tie with ten others, including Billie Burke, Greenwich, Conn., national open champion.

## Jack Plans Bouts With Better Men

Sloux Falls, S. D., Dec. 18 (AP)—Jack Dempsey, former heavy weight champion today announced he would invade the east after the first of the year for matches with stronger opponents. He closes this year's exhibition tour here tonight.

Dempsey said he believed he was ready to take another step toward regaining his lost title and planned to sign up four round matches with the better known fighters.

After tonight's bouts Dempsey will leave for Salt Lake City to spend Christmas with his mother. He plans to rest then until about Jan. 10.

Dempsey said his campaign thus far has been to regain his hitting accuracy. He added that speed and punching power will be sought in four round tests next spring against single opponents.

## Canzoneri Named Greatest Fighter

New York, Dec. 18 (AP)—Tony Canzoneri, lightweight champion, was voted the greatest fighter for his weight and inches in the world in the annual boxing poll of the Evening Sun today.

Canzoneri received 27 votes in a consensus of 64 boxing writers throughout the country, rising six votes ahead of Mickey Walker, former middleweight champion, who was second. Walker was judged the best all around warrior both in 1929 and 1930.

Only nine boxers were mentioned in the consensus this year. Christopher "But" Bailline finished third with six votes, Melburn fourth with three, Al Prown and Kid Chocolate tied for fifth with two each, and Max Schmelling, Midget Wolgast and Leo Larriave last with one apiece.

## Dempsey Winds Up Tour By Knockout

Sloux Falls, S. D., Dec. 18 (AP)—A travel-worn Jack Dempsey wound up his current boxing tour by winning two decisions and scoring a knockout against three opponents tonight.

The former heavyweight titleholder found Louie Zack, 215 pound Sioux City, Iowa, scrapper, an easy mark for two rounds and rocked him with right and left hooks.

Dempsey knocked out Herman Raschke, of Watertown, Iowa, 245 pounds, before their one-round engagement had gone two minutes.

In the final bout, Charles Paulson of Sioux City showed plenty of speed but Dempsey allowed his wild swings to bounce off his shoulders and elbows without damage as he countered with solid punches.

All place winners will automatically qualify for the final tryouts for the American Olympic track and field squad which will be held at Los Angeles.

Gladstone Defense Holds St. Joe Scoreless in Two Periods

Gladstone, Dec. 18 (Special)—Working with the precision and accuracy of an expensive timepiece, the Gladstone high school basketball combination routed the St. Joseph Parochials here tonight to the tune of 42 to 7. It was the most stunning defeat the Parochials have experienced in recent years.

The conference quickly passed several important amendments to the by-laws, including a prohibition against broadcasting of football games, but when proposals for stricter scholastic rules and bans on recruiting and subsidizing of players came up executive sessions were called for.

The college representatives convened today in an admittedly tense atmosphere, following upon the action yesterday of seven member schools in definitely banding together on a basis of higher standards. These schools were active in leading the fight for the stricter rules today, but no formal mention of the seven-member group was made on the conference floor.

## FAVORITES WIN BOXING BOUTS

### Four Knockouts Feature Card in Elimination Tournament

BY CHARLES W. DUNKLEY (Associated Press Sports Writer)  
Chicago, Stadium, Chicago, Dec. 18 (AP)—With quick, spectacular knockouts, favorites emerged victorious in the second set of first round matches in the national boxing association's light heavyweight championship tournament at the Chicago stadium tonight.

Larry Johnson, lanky negro warrior of Chicago and Lou Sczozza of Buffalo, both rated as outstanding challengers for the title vacated by the N. B. A. through the failure of Maxie Rosenbloom to defend it, stopped their opponents in two rounds each. Johnson knocked out Rosy Rosales of Cleveland, with a right cross, while Sczozza finished Russ Rowsey, Huntington, W. Va., with a right uppercut.

**Battling Bozo Wins.**  
Four of the six battles ended in knockouts. Rosene Manning, muscular negro from Newark, N. J., won in quick fashion over Brady Al Arthur; McKeesport, Pa., knocking him out in one round, with a right to the chin. Bob Olin of New York, disposed of Tait Littman of Milwaukee, in the fourth round.

**Battling Bozo, the Birmingham, Ala., clown, slugged and talked himself into a decision victory over Petit Ferrar, a negro from Lansing, Mich. Bozo's odd style had Ferrar puzzled all the way and the southerner scored a frequently dropped Ferrar for no count in the fourth, and Bozo finished with a cut over his left eye, suffered by contact with the negro's head.**

Able Bain, championship aspirant of Newark, N. J., was awarded an unpopular victory over Harry Fuller of Buffalo in their eight rounder.

**Ballplayers Back From Japan Tour**  
San Francisco, Dec. 18 (AP)—Reporting record attendance at their games, fourteen American baseball stars arrived here today aboard the Taiyo Maru from a six weeks' barnstorming tour of Japan.

The players included "Lefty" Grove, Mickey Cochrane, Larry French, Lou Gehrig, Robert Maravalle, Frankie Frisch, Muddy Ruel, Frank O'Doul, Tommy Oliver, Ralph Shimmers, Al Simmons, Bruce Cunningham, Willie Kamm, and George Kelly.

The Americans played seventeen games, winning all. Approximately 500,000 fans turned out for the games. The largest crowds were in Tokyo, four contests averaging 55,000 attendance.

**Report Reveals Lively Increase in Retail Trade**  
New York, Dec. 18 (AP)—The weekly mercantile review today reported a lively increase in retail trade due to a spurt in Christmas shopping.

"Holiday buying was the largest of the Christmas selling period thus far," said Dun's. "Trade gained steadily every day, and there was a considerable turnover in toys, novelty jewelry, children's apparel, lingerie and undergarments. Despite the gain, however, the ratio of decline in dollar volume, at the low prices averages fully 10 to 15 percent below that of last year. The predominance of useful gifts, particularly furniture, home furnishings and apparel, has raised the sales totals of these departments somewhat. While there has been an improved call for expensive gifts, sales in the better goods are estimated at 25 to 30 percent behind the 1930 figures."

Basketball was a self-supporting sport at the University of Minnesota last year, when a net income of \$21,000 broke all records.

COACH JIMMY CROWLEY

East Lansing, Mich., Dec. 18 (AP)—The Wittisms of Coach James H. Crowley of Michigan State will be given ample opportunity for national expansion at the American football coaches meeting in New York Dec. 29. Crowley has been chosen by President J. F. "Chick" Meahan of New York university, as toastmaster at the annual "brown bread" banquet.

Crowley is one of the best "after dinner" speakers in American coaching circles. Since the gridiron season has passed, he has been busy nearly every night on speaking engagements.

## Rapid River Nips Nahma by 13 to 12

Nahma, Dec. 18. (Special)—By the slim margin of a free throw, the Rapid River cagers nipped a 13 to 12 victory from Nahma high school's quintet tonight. The victory came after the teams had been tied every preceding period.

Miller scored the winning free throw for Rapid River late in the fourth period to break a tie that threatened to send the teams into an overtime period. The quintets were deadlocked often during the battle. Period scores were 5 to 5 first; 7 to 7, second; 9 to 9, third, and 13 to 12, final.

Rangnette of Nahma and Rushford, Rapid River tied for high honors with seven points each.

## Wittmer Quits Princeton Job

Princeton, N. J., Dec. 18 (AP)—Al Wittmer resigned tonight as head football coach at Princeton university.

Wittmer, line coach under Bill Roper from 1922 to 1930, succeeded Roper as head coach this season. The resignation was accepted at a meeting of the board of athletic control tonight.

Wittmer was under attack almost from the start of the current season as the Tigers experienced perhaps the most disastrous season in Princeton football history. After winning the opening game against Amherst, the Tigers lost in succession to Brown, Cornell, Navy, Michigan, Lehigh, Washington & Lee and Yale.

Wittmer was beset by difficulties of various descriptions almost from the start of his regime as head coach.

First an operation for appendicitis kept him in Princeton hospital while the Tigers were going through their paces in spring training, then injuries to key men notably Captain Bill Yeckley and Jack James, handicapped the team almost through the entire season. Not once during the season was the team at full strength. James, out all season until the Yale game, had been counted upon particularly to give the team a much-needed punch.

The rout at New Haven when Yale won by the huge margin of 51-14 was the signal for a new outpouring of criticism both from alumni and undergraduates.

## Charles Byrns On College Varsity Basketball Team

According to word received here yesterday, Charles Byrns, son of Mr. and Mrs. C. W. Byrns, 1411 South Second avenue, has been selected for the varsity basketball squad of St. Thomas college and will make a wide trip with the varsity team during the Christmas vacation. The team's tour will include games with Notre Dame, Loyola, and Marquette. Charles is a freshman at the college and as the school does not have the three year ruling is eligible to play on the varsity his first year.

A brother, Gilbert, who played with the Escanaba high school several years, also a freshman at St. Thomas college, is holding down a regular job with the freshmen team and is considered to be varsity timber for next season.

Both boys played on the college freshman football team last fall and are rated as probable varsity players next season.

## Cooks High Cagers Tip 'Stique Seniors

Cooks high school cagers continued their string of victories Wednesday evening when they administered a drubbing to the Manistique Seniors on the former's floor. The Manistique lads put up a great game during the first half, but better team work and finer condition decided the contest in favor of the Collins' men.

The first half ended 7-4 in favor of the Cooks and thereafter the class team didn't have a look in. Cooks scored 12 points to Manistique's two in the third period and counted nine to Manistique's four in the final period. Middaugh, Deloria and Griffin led the offense for Cooks while Leonard collected three of the five field goals for Manistique.

Cooks junior high school team was beaten 13-7 in the preliminary by Gardin.

### LEGION STARTS WELFARE FUND

#### Workers Give One Per Cent of Earnings to Help Unfortunate

Escanaba American Legion men regularly employed have started a voluntary monthly contribution list to build up a fund for helping less fortunate veterans out of work and families of veterans in desperate circumstances.

Philip Bruce, commander of Cleveland Post 82, started the ball rolling yesterday, following a report from the welfare officer, stating that funds available for that department were depleted, and in a short space of time \$25 was gathered Friday without solicitation as a nucleus for the fund.

A letter announcing the plan will be sent to all Legionnaires on the membership rolls of Cleveland Post, with a suggestion that each give one percent of their salaries or earnings each month to help feed the families of unfortunate Legion men.

Those who wish to do so may give more than one percent as a monthly contribution, but it is believed that if every working Legion man will give one percent the Legion will have a working capital which will go a long way toward alleviating suffering in the ranks of war veterans and their dependents.

The contributions are payable to Ed Moersch, finance officer of the Escanaba Legion post, and will be administered by the Legion welfare department, following up the aid which this department has been giving up to the time that funds were depleted. As many as can do so are urged to start their contributions with the month of December, and payments given before Christmas will help fill a great need in feeding hungry children and clothing families of jobless ex-soldiers. Last winter the Legion spent about \$1,000 in this work, and it is expected that as much or more will be needed this year. The plan is to continue the percentage donation plan only through the winter months.

### BENEFIT MOVIE DECEMBER 24

#### Food, Toys, Clothing Admission Price at Matinee

The annual benefit matinee given at the Deft theatre will be held Thursday afternoon, Dec. 24, Christmas eve, owing to the fact that the schools will not close until December 23.

Children will be admitted by offering a gift of vegetables, canned goods, toys, articles of clothing or other suitable gifts which are to be distributed under the direction of the Salvation Army among the poor of this city.

Canned goods are very acceptable and can be used later on if they are not needed for immediate use. Vegetables of all kinds, fruit, apples and preserves or jelly all make suitable gifts.

The children will no doubt enjoy the picture which will be selected by Manager L. A. Jacobs, for this special occasion the title of which is "Father's Son" starring Lewis Stone, Leon Janney and Irene Rich, supported by a cast consisting of John Halliday, Robert Dandridge, George Reed, Mickey Bennett, Gertrude Howard, Bertha Mann and Grover Ligon.

This amusing and realistic comedy, which is based on Booth Tarkington's "Old Fathers and Young Sons" is not excelled even by the same author's "Penrod" tales, which as everybody knows have no equals but Tom Sawyer and Huck Finn.

Mr. Jacoby is choosing this picture for the benefit matinee and is happy to present this great human story of a boy whose father gave him everything but understanding, a man who succeeded as a financier but failed as a father, and a woman who sacrificed the man of her heart for the child of her heart.

Thursday, December 24, at the Deft theatre and the admission will be a donation-for-the-poor families at Christmas.

### 1,150 IN CITY WITHOUT JOBS

#### Storm Drain Extension Cost Will Be Near 80 Per Cent Labor

With 56 names added to the list this week, registrations of unemployed in Escanaba now total 1,150 men, City Engineer A. V. Aronson said yesterday.

Work for the coming week was apportioned Friday afternoon, and the city hall council room was filled to overflowing with applicants.

Authorization of several storm sewer jobs on the north side is designed to give more opportunities for giving employment to the jobless. The program laid out by the engineering department calls for a total expenditure of over \$54,000, of which about 50 percent will be expended for labor. Mr. Aronson says. He already has men working on the survey, and the actual work will start as soon as permission is obtained from the railroad company for crossing their property and under the docks with the outfall drain.

### Family Loses All In Blaze Friday

A fire which completely destroyed their farmhouse near Ford River Switch left the William Krause family homeless Friday.

The blaze, believed to have started from the stove or chimney, burned the house to the ground, and the occupants lost all their clothing, furniture and possessions. The family is a large one, including several small children. The property is located about three miles from the Switch, in an isolated woods section.

The Irish Free State has a slump in weddings.
