MELLON'S TAX SCHEME FINDS LITTLE FAVOR

TREASURY INSISTS SMALL INCOMES NOT HIT HARD

BY WILLIAM L. BEALE Washington, Dec. 24 (AP)—A Democratic tax program, directly opposing Secretary Mellon's plan to swell the number of taxpayers by nearly two million persons, is outlining itself in Capitol Hill.

It was reaffirmed emphatically today by senate and house party leaders as an elaborate defense of the administration proposal was issued from the treasury, denying that smaller incomes would supply most of the \$920,000,000 new revenue desired annually.

Chairman Collier of the house ways and means committee, which originates all revenue laws, and Senator Harrison of Mississippi, ranking Democrat of the finance committee, minced no words on this phrase of the treasury plan.

Opposition forms Harrison was equally firm and predicted a majority of both parties would unite against such a move. Already such leading Republicans as Representatives Treadway of Massachusetts and Bacharach of New Jersey, both ways and means committee members, have indicated they can not go "all the way" with Mellon.

A detailed party tax plan awaits further deliberations by the senate and house Democratic policy committees. But a skeleton program on major policies has crystallized: It opposes lowering present income tax exemptions.

It puts the major burden of supplying more federal revenue on large incomes and inheritances, assisted by a gift tax. It contemplates a more moderate increase than the \$920,000,000 the treasury asked.

STAR WITNESS ADMITS LYING

Brecht Testifies That He Could Not Identify Slayers

New York, Dec. 24 (AP)—As the state was about to demand today that two scowling defendants be sent to the electric chair for the Harlem "baby killing" last summer, George Brecht, the only witness to identify them as the "yagers, admitted to the jury he had lied twice on the witness stand.

He had denied yesterday ever being convicted of a crime and ever being a witness before a trial. He made the denials, he said today, to protect his family.

Convicted of Theft Then he admitted he had been convicted of a jewel theft in St. Louis when he was 15 and had been a witness for the state in the trial of Louis Mandell and Lee Orlando, members of the "Cuckoo gang" of St. Louis, for the slaying of Dr. August H. Sante, St. Louis physician, in 1927.

The revelation of Brecht's identity apparently was not a planned coup of the lawyers defending Vincent Coll and Frank Giordano, accused slayers of five-year-old Michael Vengall.

Joseph Gavin, Brooklyn probation officer for the Society for the Prevention of Cruelty to Children, recognized the witness' name in newspaper accounts as that of a boy he had in custody eleven years ago in St. Louis. The probation officer communicated with Samuel Leibowitz, Coll's counsel.

COME OUT OF EUROPE, SAYS BORAH TO U.S.

REPARATIONS MUST BE WIPE OUT, HE CLAIMS

Washington, Dec. 24 (AP)—Senator Borah gave Europe some tart advice today with the statement that if it is not heeded the United States must "come out of Europe and stay out."

The chairman of the foreign relations committee said he saw no hope for European recovery unless reparations are wiped out altogether and armaments cut drastically. He indicated the latter might well be 30 or 40 percent.

He did not explain what coming out of Europe and staying out entailed but he commented that unless the continent set its house in order, America should pursue the policies followed before the war and attend to its own affairs.

"It will cost us something to come out," he said, "but it will bankrupt us to stay in. Since 1915, in one way and another we have put close to forty-five billion dollars in Europe. It has not ended the economic crisis in Europe and it has brought an economic crisis to the United States."

No More Moratoriums He made no reference to war debts but the somewhat reproving tone of the Idaho senator was reflected as other congressional leaders indicated they were in no mood for further moratoriums.

This, however, did not lessen the conviction that the United States will not be paid in full but that if our former allies did not pay, they could default.

Public Buying for Christmas Active Despite Conditions

New York, Dec. 24 (AP)—Santa Claus' pack is almost as heavily laden this year as last, the weekly mercantile reviews indicated today.

Bradstreets said that the dollar volume of Christmas trade this year was substantially under that of last year, but the actual tonnage of merchandise sold only a little less, in the aggregate. Of 255 leading cities, more than half reported a tonnage equal to or in excess of last year.

"In fact, it can be said that the public response to Christmas buying was more active than anticipated," this review said.

Duns weekly review reported that the Christmas trade wound up with a fair volume, with sales running heavy right up to the close of the shopping period.

REPEAL BILLS TO BE STUDIED Beer Would Be Legalized Under Bill Planned for Hearings

Washington, Dec. 24 (AP)—Hearings on bills to repeal the eighteenth amendment and legalize beer will be opened shortly after the Christmas recess by two senate committees.

A sub-committee of the manufacturers committee was appointed today to hold hearings on a bill introduced by Senator Bingham, Republican, Connecticut, to legalize four percent beer.

SEEK CHANGES IN CREDIT PLAN

Form and Functions of Corporation Would Be Altered by Demos

Washington, Dec. 24 (AP)—Some senate Democrats will demand important changes in the form and functions of the giant reconstruction finance corporation proposed by President Hoover.

Two influential members of the banking sub-committee revising the measure—Glass of Virginia and Buckley of Ohio—were frankly determined to battle to prevent the corporation's debentures from finding their way into the federal reserve system.

The little Virginian—a former secretary of the treasury and a co-author of the federal reserve act—is guarding the system jealously against what he sees as danger of loss of its power through a surfeit of slow paper.

Nativity of Christ Heralded in Various Ways All Over Globe

(By The Associated Press) Nineteen hundred years ago and more last night, the three Wise Men of the East were following a star across the sands of Judea toward Bethlehem in search of the infant Jesus, bearing gifts of gold and myrrh and frankincense.

So, in many lands on Christmas eve the old and young rallied in worship, in feasting, in song, in giving—each according to his lights—to herald the Nativity of Christ, in this manner: Bethlehem—All the world's trails seemed to converge toward this tiny Palestinian village.

Thousands of pilgrims, many from America, gathered at the spot where the Saviour was born in a manger. The Church of the Nativity was illuminated with electric lights and decorated with the lights of the ages.

London—England observed the event in the spirit of Dickens. The royal family was assembled in the palace at Sandringham, in the country there was singing of carols—in the city there were brilliant affairs in hotels and restaurants. In homes everywhere the celebration centered around the Christmas tree and the Yuletide log.

ICC APPROVES REQUESTS FOR BLANKET LEVY

FARM PRODUCTS TO BE EXEMPT FROM INCREASES

Washington, Dec. 24 (AP)—The railroads of the country will increase freight rates January 4 under an interstate commerce commission emergency order issued today.

The commission granted the carriers special permission to file a blanket tariff applying surcharges on freight bills. It also authorized them to put the increases into effect on five days' notice instead of the usual 30 days.

Immediately after the order came down representatives of the Association of Railway Executives announced that the notices would be filed December 30 to become effective January 4.

The increases range from 6 cents a ton to 2 cents per one hundred pounds, with agricultural products excluded. They are in the form of surcharges and will remain in effect only so long as needed to help carriers unable to earn interest on their bonds over the financial crisis. The extreme limit set by the commission is March 31, 1932.

The money derived from the raises will be collected from eligible carriers by the railroad credit corporation recently organized in Delaware. This company will then make loans to roads needing assistance. Eventually, however, all money will find its way back to the roads originally collecting it.

The plan excludes railroads now in bankruptcy and those deriving over 50 percent of their income from other than freight traffic. Some of the well known roads in the country are not eligible because they are in the hands of the courts. These include the Washash railway, the Seaboard Airline and the Ann Arbor railroad.

Battered Tug Gets Into Bay's Shelter

Port Angeles, Wash., Dec. 24 (AP)—Seven hours after she was believed lost in one of the worst storms off the North Pacific coast in many years, the historic tug Roosevelt crept into the shelter of Neah Bay, west of here, today.

Her wireless cabin was stove in and flooded which explained her silence after frantic S. O. S. calls last night which sent three Canadian army patrol boats speeding to her aid. Captain Russell Davis said the sea battered in the cabin just as the last message—"For God's sake hurry"—was flashed. Later it was found she was in no danger.

Agreement In Suit Over Cook's Will Has Been Reached

Detroit, Dec. 24 (AP)—An agreement in the suit over the will of the late William Wilson Cook, Nov. 9, 1928, estate, which left his \$12,000,000 estate to the University of Michigan, was announced here today by James O. Murfin, regent of the university.

The will was contested by Mrs. Ida G. Cook, of Los Angeles, on the grounds that a divorce granted in North Dakota in 1928 was invalid and that under New York laws she was entitled to half the estate.

Body of Sam Maki Removed from Lake

Merrivether, Mich., Dec. 24 (AP)—The body of Sam Maki, one of three men drowned when an automobile broke through the ice of Lake Gogebic Monday afternoon, was recovered today.

It was found by friends who persisted in the search after county authorities had discontinued it. The bodies of William Luoma and Arthur Salmela were previously recovered.

### GIBSON NAMED AS DELEGATE

#### Picked By Hoover to Attend Arms Parley At Geneva

BY JAMES W. DOUTHAT  
Washington, Dec. 24 (AP)—Hugh S. Gibson, America's ambassador-at-large, was selected today as the fourth member of the delegation which will speak for the United States at the Geneva arms limitation conference.

The ambassador to Belgium, who has had wide experience in international parleys, was chosen by President Hoover to accompany Charles G. Dawes, ambassador to Great Britain; Senator Swanson, Democrat, Virginia; and Mary Emma Woolley, president of Mt. Holyoke college.

This will complete the delegation with one possible exception. President Hoover is still siding up the senate Republican lineup for another member.

Vandenberg Considered  
He is looking over the foreign relations committee but the available material is rather scant. Almost all its members are involved in the pressing domestic problems confronting congress and prefer to remain here.

Senators Vandenberg, of Michigan, and Glenn, of Illinois, are the most likely possibilities for the Geneva delegation. However, Vandenberg, like some of his colleagues, has made it clear to friends that he considers his interests at home almost paramount.

Mr. Hoover is expected to confer shortly with Senator Watson, of Indiana, the Republican leader, on the question of sending a Republican senator.

Meanwhile, gratification over appointment of a woman representative was expressed in the United States and abroad.

Word from Geneva said Miss Woolley's selection was regarded as an appropriate move likely to be imitated by other powers.

In a statement Miss Belle Sherwin, president of the National League of Women Voters, said President Hoover, in appointing Miss Woolley, "not only recognizes her distinguished leadership and wide experience, but also the great interest of the women of the country in reducing armaments by international agreement as a means of guaranteeing world peace."

Ambassador Dawes, who will head the delegation, has been summoned here from his London post to confer with the president on arms reduction. He will reach Washington about January 10 and will return to Europe with the other representatives on the steamship President Harding ten days later.

Both Dawes and Gibson have had long experience in foreign affairs. The former vice president is best known for the plan for German reparations payments which bears his name.

Gibson represented the president at the meeting of technical experts which recently arranged details of the intergovernmental debt suspension.

### Nickel Cigars Have Prosperity for 1931

Washington, (AP)—This may be prosperity year for the five-cent cigar.

Nickel cigars, says the department of commerce, make up the only "major" class of manufactured tobacco products enjoying increased output.

In the first three-quarters of 1931, more than 102 million five-cent cigars beyond the output during the same period a year earlier were produced.

### SEEK CHANGES IN CREDIT PLAN

(Continued from Page One)

In his annual message, President Hoover emphasized the need for aid to closed banks to permit unfortunate depositors to obtain some of their money, but he took it up separately from the finance corporation.

Despite objections to details, no real opposition to the measure as a whole has appeared thus far at the capitol.

The corporation would have \$500,000,000 capital stock subscribed by the government and authority to issue debentures for \$1,500,000,000 more.

It would serve as a giant reorganizer with power to pump \$2,000,000,000 into the nation's credit frame through financial institutions, insurance companies and the railroads.

### Many War Vets Do Not Seek Bonuses

Lansing, Dec. 24. (AP)—With the time limit for filing applications for a state bonus set for December 31, several thousand veterans of the world war have failed to seek payment, Captain R. S. Dean, head of the bonus division, reported today.

A number of veterans probably will not apply, according to Dean. They are those who were opposed to bonus payments or who do not need the money. Many former officers borrowed sums ranging up to \$400 from the state to purchase equipment. A majority of them failed to apply for the bonus for the simple reason they could not collect, the legislature having provided their debt should be offset against the bonus.

### Bruening Satisfied With Basel Report

Berlin, Dec. 24 (AP)—Chancellor Heinrich Bruening today said the Basel reparations report could be called satisfactory, considering what had been expected of the committee, although it fell short of being a large-minded solution of the finance problem.

The chancellor declared the report was a less clear-cut statement than that contained in the findings of the committee headed by Albert H. Wiggin, New York banker, which conducted an investigation into Germany's problems last summer.

Finance Minister Herman Dietrich said the Young plan "has been out-distanced by events."

### Germany Will Buy Grain from Russia

Berlin, Dec. 24. (AP)—As a result of the Russo-German trade agreement signed here, 14,000,000 bushels of Russian grain will take the place of grain Germany had intended to purchase from America, the newspaper Morgen Post said today.

Germany has agreed to buy 400,000 tons of wheat rye and barley, according to the Morgen Post.

The opinion was expressed here that the agreement would react unfavorably on negotiations between Germany and the United States farm board over further purchases of American wheat.

### Green Christmas Greetings America

(By The Associated Press)  
Christmas weather is to be green and scented with flowers. Only enough splashes of snow are present to simulate the tinsel on a Christmas tree.

Almost everywhere, there was mildness and unseasonal warmth. Many mid-west yards were yellow with dead-leaves, Illinois and Indiana pussy willows, honeysuckle and pansies bloomed.

Where the elements ruled inclement, it was mostly rain instead of snow. Here and there the sky was darkened with threatening clouds. But such were common. Boston expected snow; north into Maine, rain or snow.

### EXPERTS GIVE DEBTS REPORT

#### Document Asks Nations To Act Immediately To Aid Business

By MELVIN K. WHITELEATHER (Asst. Press Staff Correspondent)  
Basel, Switzerland, Dec. 24 (AP)—Fifty-one pages of economic and political interwoven in one document—the Young plan advisory committee's report on reparations—were given to the world here on Christmas eve.

Summarizing the financial and economic situation of Germany and the world business depression in general, the experts' report, extracts of which were given out yesterday, was accepted by authorities here as the best available collection of information about reparations questions and kindred subjects.

Concluding with an appeal to the governments to act immediately to alleviate the world depression, the document accepts Germany's plea of inability to make conditional reparations transfers after the end of the Hoover debt holiday.

Valuable As Guide  
It infers, also, that the unconditional annuities provided by the Young plan should be reduced

or suspended. While the document is valuable only as a guide for the forthcoming conference of governments on reparations, the opinion here was that it would aid in the crystallization of the various attitudes on the debt and reparations questions.

It was freely predicted that the result of the experts' investigation would be a continuation of the principles set forth in the Hoover holiday program, under which conditional annuities were suspended and the unconditional portion was lent back to Germany by the bank for international settlements.

The complete text revealed that the experts believed the greater part of the additional \$4,000,000,000 Reichsmarks (approximately \$1,000,000,000) presented to them as the increase in short-term debts since the Wiggin committee sat in August, was offset by German assets abroad. Therefore the committee held that the Wiggin total of short-term indebtedness—7,500,000,000 Reichsmarks (approximately \$1,875,000,000)—was about exact.

The trade balance, the experts found, may fall as German officials have predicted. Charged with driving a car while drunk, Herbert Rigg was fined \$275 at Carlisle, England, recently.

A hay stacker and grain shock loader that can be operated by a farm tractor has been invented.

### Santa Claus Kept Busy In Escanaba

Through the courtesy of Herman Gessner, Santa Claus visited the patients of St. Francis hospital and delivered presents to them yesterday morning.

Santa Claus has made appearances before numerous groups of children during the past couple weeks. He attended the theatre party at the Delft yesterday. He has visited various school and Sunday school gatherings.

### Gold-Carrying Done By Airplanes Today

Seattle, (AP)—It's a far cry from the money-belt and dog-team days when the transportation of gold was a dangerous undertaking. The government assay office here and the big smelter in Tacoma have received several shipments this year brought all the way by airplane or by plane and boat.

Most planes roar right up to the mouth of mines in Alaska and the Yukon to take on their precious cargo.

### Santa Claus Cows: Milk Uncle Sam's Gift for Indians

Muskogee, Okla. (AP)—Uncle Sam's cow is Santa Claus this year to the poor little papooses of the eastern Oklahoma hills—they red-men who scarcely know the taste of milk.

The government, bent on making a trying winter brighter for indigent Indians of the five civilized tribes, has sent scores of milk cows on a kind of yuletide jockey into needy districts. Title to the cattle remains with the United States.

In return for "bossie's" good offices the Indian keeper is to deliver a six-month-old heifer calf at the proper time for Uncle Sam to turn over to another tribesman.

"In hundreds of cases we found six-eight or ten children in a family and not a drop of milk on the place," reports the extension agent of the five tribes.

These Oklahoma Indians, who own no oil wells, obtain the "federal cows" by demonstrating they could feed them and promising to use all the milk in their own families.

A Japanese legend has it that music was devised by the god to lure the sun-goddess from a cave where she had retired.

### Hold Funeral Rites For Drowning Victim

Garden, Dec. 24 (Special)—The funeral of the late Grant Lester, eight year old victim of the recent drowning accident, was held at two o'clock Thursday afternoon from the Congregational church, the pastor speaking from the words, "The Street of the city shall be full of boys and girls playing. They shall hunger no more, neither thirst any more. For the Lamb which is in the midst shall feed them and lead them."

Five girl friends sang appropriate hymns and six boys acted as pallbearers. Interment was in the Kate's Bay cemetery.

Grant was a likeable little fellow and his tragic death has brought real grief to the whole community over the Christmas season. The sorrowing parents have the sympathy of all.

### Picard's Adventure Site Of Celebration

Oberghaus, Austria. (AP)—The aluminum gondola left on the Gurgl glacier by Prof. Auguste Picard after his sensational flight into the stratosphere, will witness this year a real Christmas celebration with a tree, burning candles, and everything that goes with it.

### Alfonso Has No Royal Castle to Spend Christmas

Madrid, Dec. 23 (AP)—Don Alfonso De Bourbon, once King Alfonso XIII of Spain, for the first time in his life will not spend Christmas eve in the royal palace.

It will be the Spanish president, Niceto Alcalá Zamora, this year who uses the formal royal larder for his holiday dinner, for the presidential quarters are temporarily established in the palace.

The royal Christmas dinners were the one time in the year that the king, queen and all of the family ate in privacy. It was Alfonso's custom, after the dinner and a short family talk, to go to his room overlooking one of the streets and watch the crowds in their holiday festivities.

Outlawed and exiled, Alfonso will spend the holidays in far off Fontainebleau.

### Mistletoe Surplus Florists' Problem

Oklahoma City, (AP)—Now that it's the only time of year when anyone pays any attention to Oklahoma's state flower, florists of the state admit they're rather disappointed in it.

"We can't sell mistletoe," said one wholesaler. "There's too much of it out in the woods free for the gathering."

**Legion-Chieftain Sends Greetings To All Americans**

(By the American Legion News Service)

Warsaw, N. C., Dec. 24.—Henry L. Stevens, Jr., national commander of the American Legion, today issued the following Christmas greetings, addressed to all American citizens:

"In memory of those for whom we mourn with their widows and orphaned children, let our prayers rise like a fountain night and day, that war shall come no more. Let us hope that this nation shall never be called upon to present a sacrifice in blood and tears, the magnitude of which in the past was largely occasioned by insufficient training in the arts of self-defense and self-preservation. Out of our sanguine experience let us demand that this may never happen again and that our native health be guaranteed a reasonable assurance of adequate defense until in deed and in truth from the hearts, as well as the mouths, of all the peoples of the world may come the glad hosanna: 'Peace on Earth, Good Will Toward Men.'"

**ESTIMATE 1,455 SAW MATINEES**

**Escanaba Children Bring Donations for Yule Baskets**

Approximately 1,455 children attended the matinees given Thursday afternoon at the Delt and Michigan theatres. The Delt was filled in 20 minutes and the doors of the Michigan were thrown open to accommodate the large attendance.

The children did their bit, arriving from all corners of the city. They gladly offered their gifts to Captain Anderson of the Salvation Army who was in charge of large packing cases in the lobby of the Delt theatre. A large moving van was near the walk and as fast as each large carton was filled it was transferred to the van.

Over 200 baskets were delivered from the Salvation Army headquarters yesterday, in addition to those sent out by the American Legion, Rotary club, United Commercial Travelers, and other churches and societies. Several of the unemployed who are being served meals at the Salvation Army hall aided in the work which was accomplished in a systematic manner.

The Salvation Army received 50 rabbits from a number of hunters who made a special trip to the woods to secure food for the poor.

For lighting cigarettes or starting fires a German has invented a paste that, when squeezed from a tube and exposed to the air, ignites.

**SHERIFF TRACES STOLEN CHEESE**

**Thieves May Attempt to Sell Loot in Escanaba**

A possibility that cheese stolen from two factories in Menominee was being peddled to consumers in Delta county was reported yesterday by Sheriff Edward Reindl of Menominee county, and local officers were advised to be on watch for any attempts to dispose of the cheese in Escanaba and vicinity.

The pilfered cheese is described as American rounds, with factory numbers 110 and 104 on the container. A light coupe or sedan is being used by the men who are attempting to sell the cheese. Sheriff Reindl believes.

New York (AP)—A wooden audience, made of small triangular blocks to be placed around the walls, relieves the sound distortion in theatres where many seats are empty. The method is described to the Acoustical Society of America by Ernst Petzold of Zittau, Germany.

On Christmas, and on all the days to come, may you enjoy a full measure of happiness, health, and accomplishment.

State Trapper Has Caught 30 Wolves

Newberry, Dec. 24 (Special)—A R. White, state trapper located north of McMillan, has so far this season caught 30 wolves, most of them in the country drained by the upper waters of the Tahquamenon. Besides these he has taken 15 foxes and 5 coyotes. The largest wolf taken weighed 141 pounds.

"I have more respect for a wolf than for some men," this trapper stated. "A wolf is a coward, but so are some men. And a wolf, like the rest of the nature things, lives up to his ten commandments better than humans do."

"Some times a wolf taken in a trap shows fight and never does give up. But others know they are licked. I have had them look up at me with friendly pleading eyes and wag their tails like a house dog. When that happened I shoot them quick. Get kind soft hearted and hate to do it but it has to be done. When I get a good chance I am going to take one alive and see what I can do with him. I can learn something about him anyway."

White told of a wounded doe, who had lost one leg close up to the hip, and who lived all summer in a district where he had taken more than two dozen wolves. They had not molested the doe. Sometimes when signs of a wounded deer are seen, or

when one has been found torn and dead, White believes that it may be that no wolf had a thing to do with it. "They tear each other, the hucks do, during the fighting season. Maybe the wolves finish them after they are down. But I believe that lots of deer deaths reported by wolves are caused either by fighting bucks or by dogs."

White and his wife live in a snug cabin in the Tahquamenon swamp about four miles north of McMillan and has been in the woods only about seven years, coming here from Kentucky. Conservation men report that he does unusually well, especially when it is considered that he was a man of middle age before he became interested.

NEWBERRY BRIEFS

A sorcery club has been organized among the students of Camp Two school north of the Tahquamenon. There are seven members enrolled. The leader has not been selected as yet.

Dr. and Mrs. Jay Shumaker and son Donald, leave today for Pittsburgh to spend the Christmas holidays.

A son was born in the local hospital on December 24 to Mr. and Mrs. Lyle Peak of Trout Lake.

The Misses Margaret, Elizabeth and Lillian Beaudin arrived today from Detroit to spend Christmas with their parents, Mr. and Mrs. Fred Beaudin.

It is being reported about that Dr. R. E. Spinks has played golf on the local course on Monday, Tuesday and Wednesday of this week. One day Jack Baetz played with him. No need to go to Florida for winter golf, thinks the physician.

Miss Helen Beaulieu, teacher in the Detroit schools, and Miss Ora Beaulieu, of the Sault Ste. Marie system, are spending the holidays with their parents, Mr. and Mrs. C. B. Beaulieu.

Miss Eva Gray, cook at the local hospital is spending a few days during the holidays with relatives in the Sault. Mrs. Ronald Kelly is working in her place. Clint Dunathan left on Thursday morning for a five day visit in Flint.

Three Newberry young ladies, Merle Quinlan, Evelyn Gormely, and Phoebe Carlson, teachers in the Sault schools, are home for

the holidays. Jerry Skiltra, trapper from the Sage, came to town on Friday and got tags for five fine beaver hides. Two of them had been prepared with tails and feet, ready for mounting.

Mrs. Aletha Ta' left on Thursday evening for Flint where she will visit for a time.

Dr. Claude Gormely and wife and Harvey Gormely, all from Detroit, are spending the Christmas season with their mother, Mrs. Mary Ann Gormely, and other relatives here.

OSCAR RIVERANDA BURIED

Oscar Riveranda, 62, died on December 22 after suffering for a long while from cancer of the face. He leaves a wife and several grown children, but has been living alone for some time. The funeral was held from the Beaulieu funeral parlors on December 23. Rev. Lauri Ahlman officiating and burial took place in Forest Home cemetery.

Peggy and Peter Hosts at White House Yule Party

BY MISS FURMAN Washington, Dec. 23 (P)—The Christmas party of Peggy Ann and Peter Hoover today was the brightest flash of color in all of holiday Washington.

President Hoover himself joined in the gaiety, after he had signed the moratorium. Mrs. Hoover with Peggy Ann and Peter received the 250 small guests.

Loaded down with as many bright packages as their small arms could carry, the young sons and daughters of Washington's officialdom came through the rose garden gate.

Their gifts were all for poor little boys and girls of soft coal miners about Morgantown, W. Va., where the Society of Friends, that Quaker group to which the president belongs, is helping children through a winter of direct need.

Bodies Of Drowning Victims Recovered

Merrifweather, Mich., Dec. 23. (P)—The bodies of two of the three men who drowned in Lake Gogebic Monday as their automobile broke through the ice had been recovered tonight.

The only body remaining in the lake is that of Sam Mehl, of Ironwood, Mich. The body of Arthur Salmela, 37, of Wakefield, Mich., was recovered with grappling hooks today. That of William Luoma, 36, also of Wakefield, was found in the automobile when it was raised Tuesday.

:-: Munising News :-:

Numerous Business Changes In Munising

The Bowerman block, one store now occupied by N. N. Hajjar's jewelry store, and one store until recently occupied by the Annabeth restaurant, will be entirely occupied by Mr. Bowerman's furniture store after the first of January. The A. & P. store, now located on Superior street in the Treadway building will move into the Marks block, the present quarters now occupied by Mr. Bowerman. Mr. Bowerman has also purchased the Trueman building on Munising avenue, which will be used as a funeral home. Mr. Hajjar will move his stock of jewelry in the Gollinger building. The Annabeth restaurant will be closed until next spring and will likely be started in the Sullivan building on the corner of Elm and Munising avenue.

SAARI-NORDBERG

Miss Elsie Saari and Waino Nordberg, both of Eben Junction, were married December 23 at the Presbyterian manse, Rev. Henry T. Broughall, officiating.

Facing cold weather without a cookstove or a heater in a makeshift shelter of a house, a Delta county family is in desperate need of stoves, immediately, the sheriff's department reported yesterday.

Search Continues For Kidnap Leader

Kansas City, Dec. 23 (P)—With search centered in southern cities tonight for Martin De-Pew, described as the principal in the kidnaping of Nell Donnelly, police have learned the fugitive's wife once was employed as a nurse in the woman manufacturer's home.

Positive identification of Mrs. De Pew's photograph was made by household servants today as that of a nurse who attended Mrs. Donnelly's husband, Paul Donnelly, during the holidays a year ago.

While broadcasting descriptions and photographs of the couple they declare left Kansas City on a St. Louis bound bus Saturday night, police reported offers of surrender from Vic Bonura, described by them as De Pew's chief aide.

Bonura's friends offered to surrender him on condition police would refrain from "third degree" methods in questioning him. They said Bonura would admit receiving a telephone call at his restaurant from the kidnapers but would not admit a part in the plot.

Kellogg Foundation Plans Summer Camp

Battle Creek, Mich., Dec. 23. (P)—The purchase of 40 acres of woodlands on the shores of Pine Lake, in Barry county, for the establishment of a summer camp for underprivileged children was announced by the W. K. Kellogg foundation today.

A fund of \$100,000 has been set aside for the camp which will include a central dining hall, recreation rooms and 22 cottages of eight beds each. Accommodations will be provided for 200 crippled and underprivileged children from Barry, Calhoun and Allegan counties.

Bert Wheeler and Wife Are Separated

Hollywood, Calif., Dec. 23 (P)—Bert Wheeler, motion picture and stage comedian, said tonight that he and his wife, Bernice Spear, actress, have separated and that attorneys are arranging a property settlement.

Their beach home, he added, has been closed, and they are living in separate apartments here. Wheeler announced that he and his partner, Robert Woolsey, will leave in April for a tour of the world.

**RAPID RIVER**

**ALUMNI BANQUET**  
Rapid River, Dec. 24—The old graduates of the Rapid River high school will gather for their annual alumni banquet Saturday evening at the parlors of the gymnasium building. The banquet will be served by the ladies of the Community Welfare club. This is one of the events of the holiday season looked forward to by the former students of the local school, with a great deal of anticipation. Oscar Sundquist is president of the Alumni Association, and will serve as toastmaster. Tickets for the banquet may be obtained from Mr. Sundquist, Harry Buchman or Miss Gertrude Grandchamp. It is hoped there will be a large turnout.

**SCHOOLS CLOSE**  
The schools of Masonville township closed Wednesday afternoon for the holiday vacation and will resume on Monday, Jan. 4. Many of the teachers left for their homes Wednesday evening. Supt. H. A. Nelson left for Ogema, Wis.; Don-

ald Peterson to Houston, Minn.; Miss Ruth Clerum, Zeeland, Mich.; Miss Florence Desjardin, Marquette; Miss Loretta McCarthy, Escanaba; Miss Elna Granskog, Stoughton; Ralph Brown, Marquette, and Miss Kathryn DeMarte, Bessemer.

**WELFARE CLUB PROGRAM**  
The Community Welfare Club will present a program Tuesday evening, Dec. 22, at the high school gymnasium, the proceeds of which will go to finance the relief work of the club.

The program to be given is as follows:  
Opening song—Seventh grade girls.  
"The Substitute Baby"  
A one act play  
Wilma Baker, a young wife.....  
Phyllis Grandchamp  
Lulu, the Bakers' maid.....  
Mrs. R. C. Young  
Leslie Baker, Wilma's husband.....  
Gertrude Grandchamp  
John Bernard, the head of Bernard & Co.....Mrs. Frank Wolf  
Mrs. Walner, Wilma's mother.....  
Mrs. Sandy Short  
Vocal selection—Elizabeth Miller.

**"Pat's Matrimonial Venture"**  
A one act play  
Pat McGinnis, a patron of the matrimonial bureau. Todd Ewald Mrs. Helen Fielding, in search of a hired man. Mrs. A. Young Molloy Malone, Mrs. Fielding's maid..... Mrs. Walter Holm Dancing and refreshments.

On Tuesday and Wednesday the club prepared and distributed forty Christmas baskets to the needy families of the township. Each family was given a very generous portion, comprising potatoes, vegetables, cakes and cookies, candy, nuts, apples, canned fruit and jelly or jam butter, sugar, coffee, bread or rolls, besides a large piece of meat. Over 400 pounds of meat were distributed. In addition to the food, many families were given clothing of various sorts as needed. The motto of the club for the Christmas tide was "Not an empty stocking in Masonville township." If there is such a one, it is because the club officers have not been informed of such.

**CHRISTMAS PROGRAM**  
The grade pupils of the local schools presented one of the finest Christmas programs ever held in this community on Monday evening. While the whole program was well presented and well received, two numbers were especially fine and worthy of special mention. The play, "The Lost Rabbit," by the second grade pupils, and the "Poinsettia Frolic" by the fifth and sixth graders.

The following was the program:  
Christmas Day—Kindergarten and first grade.  
Dolly's Stocking—Ethel Stenlund, away in a manger—Kindergarten and first grade girls and boys.  
Christmas and Little New Year, recitation—Donald Pfeifer and Edward St. Thomas.  
Up On the House Top, song—Boys of kindergarten and first grade.

**LAND ACQUIRED AT INDIAN LAKE**  
State Exchanges 1,500 Acres for Park Property

State land affairs acted upon by the conservation commission at the regular meeting in December were of large interest to sportsmen, recreationists, and to several of the northern counties; outstanding among these were the following transactions:  
Two hundred and forty acres within the Cusino game refuge and public hunting ground area will be purchased at a cost of \$1,200.  
Fifteen hundred acres of scattered state lands in the upper peninsula will be exchanged for lands having a large frontage on Indian lake in Schoolcraft county. The acreage will be used for recreational purposes.  
Three thousand acres of state lands outside organized state projects and located in the eastern part of Mackinaw county will be exchanged with the Ford Motor company for an equal amount within the public hunting ground area of the Cusino game refuge unit.  
A large acreage of tax-delinquent lands located in Montmorency county which had been withheld from sale upon the request of the conservation department, was released from this classification upon the request of the previous owner, who now wishes to regain title by payment of approximately 25,000 in back taxes.

**CHRISTMAS**

WHAT DAY of the year compares with this happy holiday—Christmas? The day when the warm milk of human kindness flows exuberantly over. The gala day on which a host of gifts are merrily given and received... when thrills run high and a myriad of delights resounds everywhere in the gleeful laughter of children. SANTA HAS BEEN GOOD TO US! And the spirit of the day has made everyone more pleased with himself and with the "good old world." For everyone—no matter how humble—has used Christmas as the excuse to do a little act of kindness to some individual held dear. And we, too, take advantage of this gladsome opportunity to express the thought that's uppermost in our mind... to add our voice to the happy chorus that echoes and re-echoes with the joyful wish to you—A MERRY CHRISTMAS!

Unique Celebration Miss Irma Bengs of the Escanaba high school faculty will be a guest at an unique celebration on December 26 in Cedar Rapids, Ia. The occasion is the fiftieth anniversary of the wedding of her parents, Mr. and Mrs. J. W. Fanga and the twenty-fifth anniversary of the wedding of her brother and his wife. Her brother is C. W. Fanga, superintendent of schools at Manchester, Ia.

Nelson-Johnson At one of the pretty weddings of the holiday season, Miss Eschen Nelson, daughter of Mrs. John Nelson, of Bark River, was united in marriage to Elmer Johnson, son of Mr. and Mrs. Charles A. Johnson also of Bark River. The marriage service was performed at 2 o'clock Thursday afternoon at the home of the sister and brother-in-law of the bride, Mr. and Mrs. Elmer Carlson, at Bark River, by the Rev. Hogberg of Nadau. For the service the bride was attired in a beautiful gown of brown silk crepe with accessories.

Eminent Cellist Directs Capital's Concert Orchestra

Washington, (AP)—The newly formed National Symphony orchestra, which has opened its first season of 24 concerts, will attract some of the most famous people in the country. Mrs. Herbert Hoover, patron of the arts and especially interested in music, probably will be a frequent box occupant. Andrew Mellon, secretary of the treasury, is one of the guarantors on the \$77,000 fund which made the orchestra possible. Hans Kindler, famous violin cellist, who has conducted big orchestras in Europe, is the leader of the 50 musicians. There will be symphony concerts, popular concerts and children's concerts. Born in Holland, Kindler came to this country in 1914. He studied with Stokowski, leader of the Philadelphia Symphony orchestra. Musicians of the capital are looking to his combination of estheticism and Hollander determination to make the National Symphony one of the leading musical organizations in the country.

## Coyote Frightens Philadelphians

Mr. Coyote doesn't look dangerous here. But the sight of the prairie-wolf running loose on the sedate streets of Philadelphia threw a fright into inmates of the Messiah Universalists' Home until officers arrived to capture the beast. ## Williams Tells Of Last Trip On Lakes

With the last cargo of freight to be shipped over the Great Lakes safely unloaded at Buffalo, N. Y., Lansing Williams, of this city, has received much recognition as being associated with the despatching of the steamer St. Thomas Shaughnessy, last vessel to ply the waters of the lakes for this year.  
Mr. Williams was first mate aboard the Shaughnessy which is owned by the Jenkins Steamship Co., of Cleveland, Ohio. Traveling without the aid of signal lights or lake buoys the journey was made in 95 hours from Duluth to Buffalo with 320,000 bushels of grain. The boat broke the average summer schedule by one hour despite the fact that government navigation aids had been taken up for the year.  
Mr. Williams returned to Manistique last Friday and will remain at home until lake traffic opens early next spring.

## LOCAL H. S. GIRL FIRST IN STATE

### Edith Bowman's Editorial Wins Honors in Quill and Scroll Contest

An editorial entitled, "Safe Driving Among Students," won first place in the State of Michigan and second place in the West Central states section for Miss Edith Bowman, daughter of Mr. and Mrs. Amos Bowman of this city, and senior at the Manistique high school. The contest, which was nationwide in scope, was sponsored by the Quill and Scroll, international honorary society for high school journalists.

Miss Bowman's editorial, selected from the journalism class to represent Manistique high school in the contest is as follows:

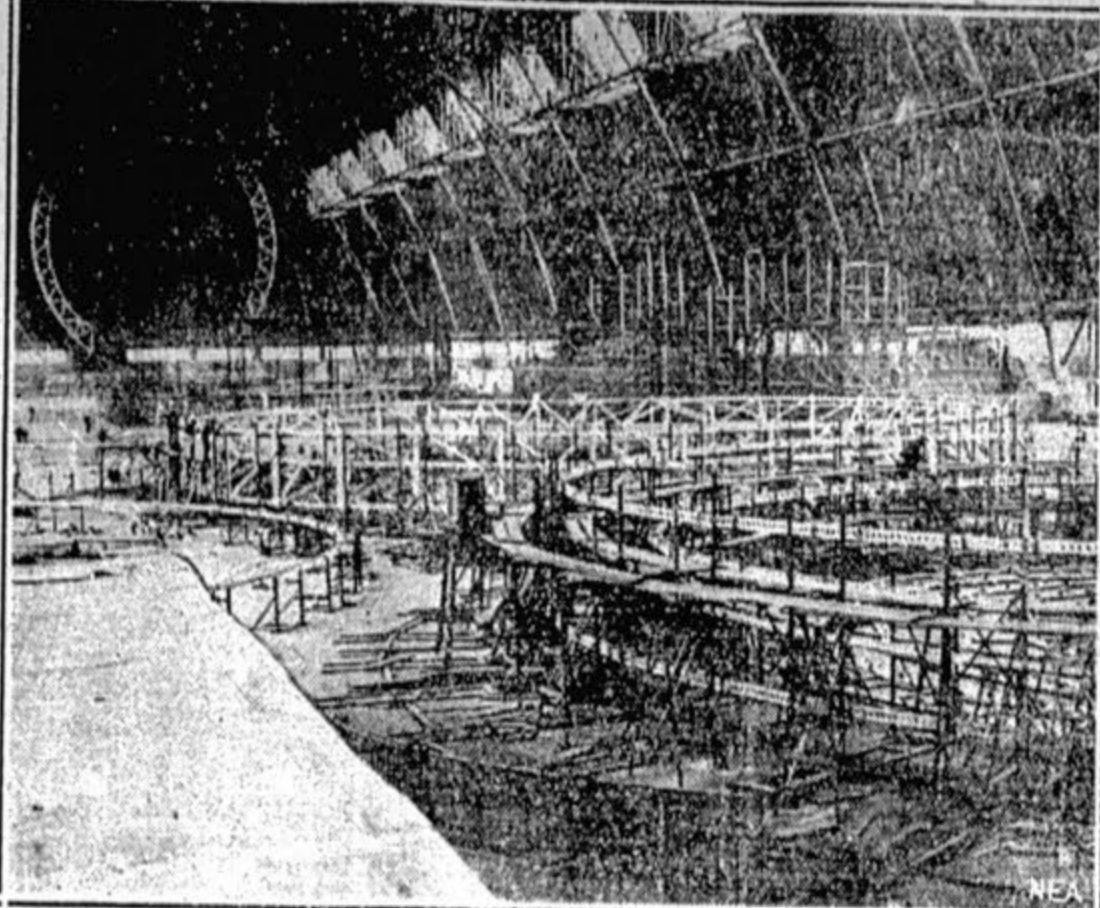

"I was only going thirty-five," was his rather tremulous answer.  
"Tell it to the judge," the burly cop said.  
"How often these phrases slightly changed are heard.  
"There seems to be implanted in high school students a desire to exceed in things—and usually it is the speed limit. They race forth undaunted. The possibility of a wheel coming off is as far from their minds as can be. Although horrible accidents occur daily through careless driving, there is still the same group of those who think it would be impossible to have an accident. They think stop signs and traffic lights are just city decorations and that having a traffic cop come speeding after you is merely part of a game—a game the goal of which is to see who can get there first.

"Sometimes a horrible accident puts a damper on speeding for a while, but youth forgets quickly and is soon progressing at the same mad pace hurtling forward heedlessly."  
Since its organization in 1926, the Quill and Scroll society has sponsored contests in various fields of creative work.

The society has the support of America's outstanding journalists, and educators. Journalists who are regarded as leaders in their profession are honorary founders of the society. Educators all over the country endorse its program.

Since entrance into the Quill and Scroll society in 1928, Manistique high school has been a most active member.

## Fabricating the Skeleton of Akron's Sister Ship

Here's the beginning of another sky queen the size of the U. S. S. Akron. In the huge dock of the Goodyear-Zeppelin company at Akron, O., the first main ring of the new dirigible ZRS-5 has been raised into position and is visible at the left. In the foreground are two other main rings now nearing completion. Girders for nearly half the ship also have been fabricated.

# G.O.P. to Stage Convention Battles In Chicago's "Tabernacle of Sport"

When republicans gather for their national convention in Chicago next June, the stadium (above), with a seating capacity of more than 25,000, will house the party's delegates while presidential standard-bearers are chosen.

By F. A. RESCHI  
Chicago. (AP)—A huge tabernacle of sport will house the national Republican convention of 1932.

The two-year-old Chicago Stadium, scene of scores of fisty battles in its short but illustrious day, will become the scene of political strife when the nation's republicans pick their standard-bearers here next summer.

In this giant edifice of stone and steel, less than 10 minutes' drive west of Chicago's "Loop," 25,000 or more people may be accommodated.

Expect Records to Fall  
Here, on the fringe of Chicago's ebullient west side, all records for attendance at national political convocations may be broken. No other nominating hall ever has offered the capacity of this arena.

But even if the crowd touches 20,000, it won't break the stadium record, for the building has held that number more than once.

All indoor attendance records were broken when 20,000 heard Chicago's mayor nominated there in 1920.

This massive, modern building is a far cry from the ancient, sprawling Coliseum on South Wabash avenue, whose rafters have echoed with the excitement of a nominating show in the past half century.

Contrasts With "Wigwam"  
And not many blocks from the Coliseum—on the banks of the Chicago river in Lake street—is marked the spot where stood the historic ramshackle "Wigwam" in which republicans nominated Abraham Lincoln for the presidency in 1860.

Boxing and wrestling matches—hockey games—bike races—football games—tennis matches—track meets—rodeos—all these the stadium has housed since its completion in 1929.

It occupies a square block on West Madison street—18 blocks west of State—in a neighborhood that is away from the city's most congested traffic areas, yet within a few minutes' ride of most large Chicago hotels.

No Posts in Arena  
With a roof built on suspended steel girders, the stadium arena is free from all posts or obstructions. The floor of the

arena itself covers 27,000 square feet. The hall's contents have been pronounced close to perfect.

Exits allow 25,000 people to leave the building in from four to seven minutes.

At the main entrances 900 people may be rushed through the turnstiles every two minutes.

Chicago. (AP)—By winning the Republican convention for 1932, Chicago has increased its already safe lead over all other cities as a convention center.

In the last 50 years Chicago has been the choice of 11 nominating convocations—not including the 1932 convention—while St. Louis has been host to the second greatest number, four.

Since 1880 Kansas City has had two conventions, with one apiece for Cincinnati, Baltimore, Minneapolis, Denver, Houston, Philadelphia, New York, Cleveland and San Francisco.

Of Chicago's 11 eight have been Republican and three Democratic. Seven of the 11 men nominated in Chicago gatherings have gone on to the presidency—Cleveland twice, Lincoln, Garfield, Harrison, Roosevelt, Taft and Harding.

The major parties' choice of convention cities since 1880 have been as follows:

Year	Republican	Democrat
1880	Chicago	Cincinnati
1884	Chicago	Chicago
1888	Chicago	St. Louis
1892	Minneapolis	Chicago
1896	St. Louis	Chicago
1900	Philadelphia	Kansas City
1904	Chicago	St. Louis
1908	Chicago	Denver
1912	Chicago	Baltimore
1916	Chicago	St. Louis
1920	Chicago	San Francisco
1924	Cleveland	New York
1928	Kansas City	Houston

**PAINFUL SOLUTION**  
Geneva, O.—Capt. I. D. Howard, walking in a pasture, noticed his dog, pigs, cow and cat running about and kicking up their feet in a riotous dance. The captain expected they had consumed some liquor which might have been dumped in a spring from which they drank. He hurried to the spring to investigate. Just as he got there he leaped into the air and started to dance himself. He had run into a score of angry bees.

## POWERFUL RAY FIGHTS CANCER

### Patients Bask in "Sun" in Lead-Lined Room at Hospital

New York, Dec. 17. (AP)—Cancer patients are basking for two-week periods in a lead-lined room at Memorial hospital here with a canary bird for a companion, under the continuous beams of the most powerful x-rays ever given to human beings.

The treatment is something new in cancer. It gives radiation "strokes" like a person taking sunbathing on the beach in summer, permitting the x-rays to permeate the entire body.

700,000 Volts.  
"Some patients have been benefited," said the announcement of this experiment, which was made public tonight at the New York Electrical society by Dr. G. Fallis, of the Memorial hospital. But he warned also that it is too soon to say whether distinctly better clinical results will be obtained.

The "sun" for this new treatment is a 900,000 volt x-ray tube. Its "rays" in this case are 700,000-volts, almost equivalent, said Dr. Fallis, to those of one pound of radium, or \$22,000,000 worth. The tube was made by Dr. W. D. Coolidge of the General Electric company, and the voltages used compare with 550,000 recently tried on cancer at California institute of technology.

Started Last May.  
Cancer patients, it was revealed tonight, have been living in this room since last May. The apartment is 20 feet long, 16 feet wide and 10 feet high. Its walls are one-eighth inch of lead.

With the first patient a canary bird was placed in the room. Patients changed, but the little bird did not. He was their monitor, their danger signal. This use of a bird for monitoring x-rays is something new. Daily the bird was observed for possible bad effects. Two weeks ago the canary's time was up, his work ended, the radiation at last having affected him. A new canary was supplied.

STOCKS DRIFT IN DUL DAY

STOCK MARKET AVERAGES (By The Associated Press) Table with columns for Today, Week Ago, Month Ago, 3 Yrs. Ago, High 1931, Low 1931.

BY JOHN L. COOLEY (Associated Press Financial Writer)

New York, Dec. 24. (AP)—Financial markets today lacked the sparkle that has attended more prosperous Christmases, droning through dull sessions with little change in trend.

Bonds developed a more definite sense of direction than did stocks, for senior securities were inclined to be heavy. Junior issues frittered away with fractional changes, closing with fractional variations in the smallest turnover in nearly three months—1,118,483 shares.

A day given over to holiday preparations—the market vacation lasts until Monday—had as its chief topic of conversation the reports of the experts of reparations. Bankers expressed themselves as satisfied with the statement, believing that it afforded a definite point of departure for another try at the international debt hurdles and that the recommendation for quick action would be heeded.

Currency circulation jumped \$155,000,000 this week, about in line with seasonal tendencies, since Christmas brings the largest demand for cash.

Traders Prepare For Christmas and Forget Bond Mart

New York, Dec. 24. (AP)—Life virtually went out of the bond market today when many traders, long before the closing hour, began to shelve bids and offers and prepare for the long week-end holiday.

The result was that, although prices finished on the heavy side of ledger, the trading was the thinnest in weeks. Sales totalled but \$9,715,000; or about \$4,000,000 under those of Wednesday.

The domestic light railway loans, which for four days led upward movement, also took the leading position in the downward trend.

Curb Prices Drift Without Direction

New York, Dec. 24. (AP)—The curb market was left largely to its own device in the pre-holiday session today, and prices drifted without a sense of direction.

On the whole, the price movement was narrow, and the turnover of 340,000 shares approximated that of the previous session. Oils and utilities were generally steady to firm.

DAY'S MARKETS IN BRIEF

New York, Dec. 24. (AP)—Stocks steady; trading dulled in nearly 3 months. Bonds irregular; rails sag. Curb steady; market stagnant. Foreign exchanges; sterling rates.

Housework is Athletics for Health Queen; "I Just Grew Up That Way", Gertrude Says

Gertrude Heikes of Nebraska is the new national 4-H girl health champion. With a rating of 90.9 per cent perfect, she doesn't understand the fuss connected with the championship award issue at Chicago.

A 16-year-old curly-haired brunet from Nebraska—90.9 per cent perfect in health—has been selected national 4-H girl health champion. Here she tells of her farm and school life and how it feels to be the nation's "health queen."

Personally I don't like a big city. It's too noisy and dirty. People are too much in a hurry, and there's not enough fresh air.

They keep asking me how I happen to be so healthy, and I have to laugh. There's no secret to it, I just grew up that way, thanks to my mother.

One of my brothers is older than I am, and two are younger. My exercise in housework makes up for any other athletics I miss.

But I like all kinds of housework—really I do—even dishwashing. We do a lot of canning at our house, putting up fruits and vegetables, and I enjoy canning especially.

Sometimes I milk the cows when my father and brothers are away, but I don't make a practice of it. I like to ride horseback.

In school I'm taking a straight course. They don't give home economics at South Sioux City high, but I've had plenty of that right at home.

Dates, but no "steadies" Sure, I have dates with boys, just as all girls do. But there aren't any "steadies."

Gertrude Heikes of Nebraska is the new national 4-H girl health champion.

Very Little Snow Seen for Christmas

Washington, Dec. 23. (AP)—Unless St. Nick can pull a few new tricks out of his red bag, there will be very little, if any, snow for Christmas.

Squinting at eastern skies today, R. H. Weightman, weather forecaster, couldn't see a snowflake for the country east of the Mississippi. For the western half of the nation there isn't much in prospect either.

Record high temperatures sent thermometers in three-quarters of the country to as much as 20 degrees above normal today as a year of abnormally warm weather was drawing to a close.

No freezing weather was in evidence except in a small part of the northwest, and there was practically no snow on the ground save in the high mountains.

### BRUNELLE SAYS "IT'S A CINCH"

High School Quintet Expects Victory in Annual Fracas

Armed to the teeth, the Parochial alumni basketball quintet makes ready for battle with the St. Joseph varsity cagers in the annual conflict which will be played at the Coliseum gymnasium on Sunday afternoon.

Replying to Father Gerald Beck's statement that the alumni apparently has the game "in the bag," Coach Brunelle of the St. Joseph squad said yesterday, "How do they get that way? We'll show those boys a trick or two and we'll give them the neat cleaning they've had in a long time. The old boys may have been good a few years ago but they can't stand the gaff. It's a cinch for us."

The alumni quintet will be composed of former St. Joseph athletes who made history with the Parochials a few years ago. Included among them are Fred Larson, now playing frosh ball at St. Mary's; Milecki, varsity man at St. Norbert's; Frasier, Fitzharris brothers and numerous others.

Interest in the battle has rapidly reached a point that indicates a capacity house when the combinations square off on Sunday afternoon. The game has been scheduled for Sunday in order to give as many fans a chance to see the game as possible.

Two kinds of offenses will be seen in the game. The varsity uses a passing and short shot attack whereas the alumni relies on long shooting. Because the alumni has not had sufficient practice to groom a passing system, Father Beck's orders to his men have been, "Dribble once, then shoot."

An unusual feature of the game is that the mentors have reversed their positions of last year. Brunelle coached the alumni to a one point overtime victory over the high school last season when Father Beck was "riding the varsity." This year Brunelle is coaching the high school lads and Father Beck is tutoring the alumni.

### TULANE PLANS FOR CONFLICT

Bierman Sends Athletes Through Session at Pasadena

BY PAUL ZIMMERMAN (Associated Press Sports Writer) Pasadena, Calif., Dec. 24 (AP)—Tulane's touchdown treads, who must show cause for their claim to national football honors in the Rose tournament game here New Year's Day with the University of Southern California, settled down to the more serious business of preparation today.

Coach Bernie Bierman sent the Green Wave rolling through a secret practice at Tournament Park, and while only the Greenies and their board of strategy knew what went on, it was generally assumed that most of the afternoon was given over to defense against the Trojan power trusts.

Tulane's injured list is still marked with a three. Captain Jerry Dalrymple, All-American end who suffered a kidney bruise in the Washington State game, appears to be getting along well and should be fit for the fight, January 1.

Will Rest Today John Read, substitute center, springing a pair of crutches, is not expected to get into action at all. Calvert (Foot) DeColigny, regular tackle, has been limping because of a severely injured knee, but he is expected to be ready to start.

Tomorrow will be a day of rest from grid chores for the Greenies. A Christmas tree is planned with gifts for all, and turkey dinner.

At Los Angeles, the jinx of heavy colds still hovered over the Southern California Trojan gridsters. Larry Stevens, regular right guard, did not appear in suit, while Orville Mohler, Tom Mallory and Ernie Smith, others of the first team, although recovering, were not in the best of shape as Coach Howard Jones sent the team through further defensive work against the vaunted Tulane aerial attack.

Coach Jones will be glad when Christmas is over. Half a dozen of his leading lights have been captivated on the holiday spirit by selling evergreen trees on a vacant lot in Beverly Hills. This was given as the reason for the numerous cases of colds.

### PHILOSOPHY IN THE MAT GAME

Philosophy and wrestling won't mix, you might think, but George F. McDowell dabbles in both and gets away with it. George is the husky youth shown above standing on his own legs in spite of the burden imposed on his strong body. By day, he majors in philosophy, and by night, flops opponents in the professional wrestling ring. Wrestling happens to be McDowell's means for more philosophy.

### Ames, Chicago Suicide, Great Football Player

Chicago, Dec. 24 (AP)—Knowlton L. Ames, Sr., finally broke under a long nervous strain last night and ended his life, but the men who played football with and against him way back in the nineties always will remember him as one of the coolest players the gridiron has ever seen.

"In those days of the murderous flying wedges, Ames always kept his wits about him and all about us for that matter," recalled some of the old time stars. "He was so fast and shifty that he got the nickname of 'Snake' and he deserved it because he was one of the first to shift quickly and reverse his field."

Coach Amas Alonzo Staggs, who won an All-American berth at Yale while Ames was winning one at Princeton, said he always would remember Ames for his elusiveness.

Shifty Back—Staggs "He was one of the shiftest backs I ever met," said the "Grand Old Man" of Chicago football. "The first time I met him was at the Yale-Princeton game of 1888. I remember tackling him several times when he tried to get around my end. The next year I was playing the opposite end and he never tried to come my way. I had observed in our first meeting that he reversed his field after getting past the line of scrimmage, so I violated coaching instructions by crossing behind my own goal line to pull him down. While it probably was poor strategy as a general practice it worked in the game and I tackled him three times when it looked as if he was away for touchdowns. That same fall Princeton defeated Harvard on Ames' long runs in the second half."

Sam White, a star for the Tigers back in 1911, said that while he never watched Ames play that he often listened to his free coaching. "He used to come around to watch us practice and to offer suggestions," said White. "At one practice we were having trouble getting away punts when Ames stepped in with a suggestion. His idea was the kicker did not need more protection, but less. So he showed us. Do you know what we did? Well, he simply turned the line around to face the kicker who was virtually all alone without side protection. And all the kicker did was to get away ten kicks averaging 35 yards without break. It was Ames' idea that more speed was needed in punting."

Funeral services will be held Saturday afternoon with burial in Rose Hill cemetery, Chicago.

### EASTERN TEAM GETS IN TRIM

Football Stars Practice in Rain for Charity Game January 1

San Francisco, Dec. 24 (AP)—Eastern football luminaries moved to Palo Alto today to begin heavy training for the annual East-West charity football game here New Year's Day. The Easterners will work out daily in Stanford stadium. Despite wet grounds and intermittent rains, the squad ran through plays for two hours. Coach Dick Hanley of Northwestern scoffed at the thought of rain holding up a workout.

"Our boys are used to wet weather," he said. "We'd practice if we had to use canoes. All the boys are in good condition. We are out to win this game."

Use Ten Plays Hanley and Coach Andy Kerr of Oregon, have given their players the formations that will be used. Ten plays will be stressed, and these will be practiced until the day of the game.

Although no starting team has been named, the East squads lined up as follows:

- TEAM A**
- Ends: Hewitt, Michigan; Teeter, Minnesota.
- Tackles: Engelbreiten, Northwestern; Marvel, Northwestern.
- Guards: Haubrich, Ohio State; Hoffman, Notre Dame.
- Center: Miller, Purdue.
- Quarter: Somers, Minnesota.
- Halfbacks: Rehholz, Wisconsin; Purvis, Purdue.
- Fullback: Russell, Northwestern.
- TEAM B**
- Eids: Ellert, Syracuse; Orsi, Colgate.
- Tackles: Scheibel, Colgate; McMurdo, Pittsburgh.
- Guards: Hickman, Tennessee; Chambers, New York.
- Center: Marsland, Colgate.
- Quarter: Morton, Dartmouth.
- Halfbacks: McEver, Tennessee; Murphy, Fordham.
- Fullback: Hinkle, Bucknell.

The Western players, under the direction of Coaches Dana X. Bible and Percy Lockey, also went through their paces. Only a few running plays and simple pass maneuvers will be used. Field goal kicking will come in for considerable attention from the Western coaches. Last year the West won 3-0, when Mills of Oklahoma booted the ball through the uprights.

### Body of Widow Is Found by Scouts

Ludington, Mich., Dec. 23 (AP)—The body of Mrs. Sophia Dibots 67-year-old widow, was found by Boy Scouts today in Lincoln lake. A search for her had been in progress since Sunday morning when she disappeared.

### State Briefs

Ypsilanti (P)—Mrs. Lola Jacobs, who rescued her daughter and two grandchildren from their burning home here Tuesday, died in a hospital Wednesday from burns suffered in the fire. Mrs. George Shupe, the daughter, and her two-year-old son, George, Jr., were severely burned.

St. Joseph (P)—The People's State Bank of St. Joseph, capitalized at \$150,000, will open for business January 2 in the building formerly occupied by the Union Banking company. The city has been without banking facilities since the Commercial National Bank and Truck company suspended operations last September.

Sault Ste. Marie (P)—A statewide search was started Wednesday for Miss Annabelle Campbell, 25-year-old nurse, who disappeared Monday after having dinner with friends in a suburban home. Miss Campbell was said to have been subject to fits of despondency since the death of her father a few months ago.

Detroit (P)—Consolidation of the People's Wayne County Bank and the First National Bank here as recommended by directors of the two institutions has been approved by stockholders and will become effective December 31. The new bank will be known as the First Wayne National Bank.

### Funds Recommended For Extension Work

East Lansing, Mich., Dec. 23 (P)—The extension committee of the state board of agriculture today recommended to that body that aid be extended to several counties where local extension appropriations are insufficient to carry out planned programs.

The counties affected are: \$150 each of Allegan, Barry, Branch, Charlevoix, Clinton, Huron, Mason, Lapeer, Hillsdale, Westland, Monroe, and Kent; and \$75 for Emmet. The aid is for the balance of the fiscal year. Tuscola county's reported need of money was rejected on the ground that there is too much opposition to extension work in the county.

Mark Jones and Bob Hubbard will be co-captains of the North Carolina cross country team next year.

### BEARS TO PLAY GEORGIA TECH SUGGESTS GRID RULES CHANGES

California Will Oppose Southerners at Grant Field

Atlanta, Dec. 24 (P)—Seeking to repay Georgia Tech for a defeat in the 1929 Rose Bowl contest—the only inter-sectional game California ever lost—the Golden Bears from Berkeley came to town today for their first football engagement in the south.

Saturday th Californians, one of the best football squads on the west coast, play Georgia Tech on Grant field here in a charity game for the benefit of the Scottish Rite hospitals in Atlanta and Berkeley.

Coach "Navy Bill" Ingram and a party of fifty, including 36 players, arrived on their special train to find Atlanta soaked with rain.

The elements spoiled Ingram's plans for a workout this morning but late this afternoon, after waiting in vain for a temporary let up in the down-pour, he sent his team through signal drill on a muddy and rain-swept field.

### Spanish Christmas Tree Lures Cupid

Zaragoza, Spain, (P)—Cupid lies hidden in the branches of the Christmas trees that sturdy mountain lads hereabouts carry when they go a-courting.

After the high masses and Christmas carols are sung, the youths of Aragon villages go serenading with flute and guitar. Should there be a young man of serious purpose in the crowd, he heads the serenaders bearing a gift-laden pine bough. This he places before the lady's barred window.

If she opens the window to accept the gifts she perforce accepts the giver. And, as earnest of her good faith, she passes out molasses cake and pie to the hungry serenaders.

### Atheists Renewing War On Christmas As 'Capitalist Tool'

Berlin, (P)—Anti-religious elements this year are more active than ever in their drive against the celebration of Christmas, and especially against its visible symbol, the Christmas tree.

A stream of atheistic literature from the libraries of the "godless" organizations in Russia, translated into German, has invaded the country.

Special appeals are made to the young to "break with the effete Christmas tree idea, that tool of priests and capitalists, designed to paralyze the will to struggle against the bourgeoisie."

The Christmas tree is, however, too sturdy a plant to be uprooted so easily in German home life. In Berlin alone, nearly a million trees will blaze.

Portland, Ore.—Fred Hanson was begging for a place to spend the night. A local hotel keeper gave him a nice room with a comfortable bed. The next morning Fred had left, and so had the bedspread. Police checked up and found it in a pawnshop, where it had been pawned for ten cents. They looked up Fred and he admitted the theft. He was fined \$25 for his ingratitude.

He may be forced to put to sea again to avoid the menace of the rocky coast line west of here. The tug Roosevelt, Admiral Robert E. Peary's sturdy North Pole discovery ship, was standing by the Commodore tonight. The churning sea prevented her making fast to the schooner.

Remove "Dirt" From Game Is Recommendation of E. J. Storey

New York, Dec. 24 (P)—Edward J. Storey, president of the new state health and physical education association, suggested wide changes in kickoff rules and penalties for "dirty play" in a letter today to E. K. Hall, chairman of the football rules committee.

Declaring the "present situation" in preparatory school football is "very precarious" because two-thirds of the deaths in the game this fall came to sand lot and high school boys, Storey placed the reasons for these deaths under five heads and called for radical remedies.

"Emphasis must be placed on the ethics of the game," he wrote. "Let football be a game of sport, of fire, of wits, speed, stamina and deception, but not a game of dirt, not a boxing match, not a wrestling match, which unfortunately seems to be the trend of the present game."

Storey, football coach and director of physical education in the schools of Larchmont, N. Y., classified the causes of deaths this fall as follows:

1. Piling on after the man is downed, and its cause, crawling.
2. Illegal use of the hands on head and face.
3. "Getting" the star player.
4. Kickoff as now used (the wedge method).
5. Poor condition of players, from coaching and training.

"Piling on, illegal use of hands, getting the star, are all covered in the rules," he wrote, "but the offenses must be penalized to a greater degree. It must be made unprofitable to play dirty football."

"Most injuries and most players leaving the game are the direct result of 'dirty' playing in some form.

"I would suggest that the infringements be penalized 25 yards. I would further suggest that the use of hands by the defense above the shoulders be discontinued. This in itself will probably reduce injuries 40 to 50 percent."

His suggestion for kickoff change was that the ball be put in play by either punt, place kick or drop kick, but that the restraining line for interference for the receiving side be 20 yards from the ball.

Living bacteria can be found in bituminous coal at a depth of more than three thousand feet, scientists say.

Christmas Spirit Gets Them All; Tibbett Guards Against The "Spare Tire."

By WILLIAM H. BEATTY
Detroit, Dec. 5. (AP)—Even the most hardened Scrooge falls victim to the Christmas Spirit in this town.

There is a certain fatal subtlety about the holiday gaiety. You go forth with firm will, resolved that the Yule season is just the same as any other time of the year. And, before you know it, you are a willing victim of that indefinable glow that surrounds Christmas-time.

Down on Fort street a somewhat bedraggled Santa Claus in a baggy red suit with last year's fur trimming wanders along the street, gazing at the workmen demolishing the old Federal building. Over on Woodward avenue the shops are crowded to the doors, and the streets are thronged with bundle-laden shoppers. There's holly on the lamp posts, and red and green bulbs shine in the shop windows.

The street cars are jammed to the doors, and straphangers sway in the aisles with staggering burdens. On the East Side, in Indian Village, gaily lighted Christmas trees are springing up on spacious lawns.

Shoppers are dressing dolls, the firemen are repairing toys donated by fortunate families, unemployed men are making toys, and children's departments in the stores are filled with round-eyed youngsters. Santa Claus sits on a throne in the city's largest store, giving solemn interviews.

You can't escape it. You can't buffet your way through two blocks of traffic in this town today before the Christmas Spirit has a half-Nelson on you.

The Old Newsboys are coming out again. Judges, city officials, lawyers, bankers, business men—all of them prominent—are raising \$70,000 for destitute children this Christmas. All of the men once stood on a street corner in this town, raucously yelling "Polper!—Gitcha' dally polper here!"—or whatever was the standard newsboy yodel in their time.

That was a long time ago. Today they have a tender spot in their hearts for the newsie. And there's no denying it—they have a lot of fun trying out the old yells again on their favorite corners of another day.

James K. Watkins, Detroit's Rhodes scholar police commissioner, is going to help the Old Newsboys, by offering police aid. Commissioner Watkins still believes in Santa Claus. He said so himself, when he made the offer of police aid.

Lawrence Tibbett isn't going to have an automobile tire around his middle. He's found a way to prevent it.

An automobile tire around the middle, according to Mr. Tibbett, who is making one of his frequent appearances here, is what they call it out in Hollywood when a man takes on a roll or two of fat.

Mr. Tibbett has bought himself a rowing machine, and ended all his worries. He rows all the way from Port Huron to Toledo every day, without leaving his dressing room.

"The dressing room scenery may not be so good," said Mr. Tibbett, "but you don't see any undue undulations in my full-length profile."

Nathaniel Goldstick, besides having the longest official title in Detroit, is the bane of his stenographers. Mr. Goldstick's title is Assistant - Corporation - Counsel - Attached-to - and - Representing - the-Detroit-Police-Department.

Mr. Goldstick always has his stenographers in a flutter. When he sends them an account for approval it is initialed: "O. K. N. G."

And it's even worse when he sends through a rejected bill. It comes to the stenog initialed: "N. G. N. G."

Once in a while the stenographers complain that they just can't go on. So, Mr. Goldstick inserts an "H" as his middle initial. The "H" doesn't mean anything, because he doesn't have a middle name.

Coach and Mrs. Crowley arrived yesterday to visit at the Gerald and Lawrence Cleary homes.

A large attendance is expected. A cordial invitation is extended to the ladies.

The Michigan State College mentor will talk on football and his impressions of Hollywood, gained while he was there playing the role as one of the Four Horsemen in the filming of the football talkie, "The Spirit of Notre Dame."
