JAPAN SENDS FRESH TROOPS INTO CONFLICT

OFFENSIVE SHADOWS TALK OF PEACE NEGOTIATIONS

BY MORRIS J. HARRIS (Associated Press Staff Correspondent) Shanghai, March 1 (Tuesday) A new Japanese offensive over a long line from Chapel to Ki-angwan shoved aside talk today of an imminent peace.

Fresh troops poured ashore for 26 hours and a baptism of fire on the front when the attack was launched at 8:30 a. m. against tenacious Chinese still holding their positions with a scorching defense.

Japanese artillery, bombing planes and machine guns carried the brunt of battle while infantrymen kept their rifles hot but stayed within their entrenched positions. The Japanese indicated that they planned to use a new and modern implement of warfare when aviators laid smoke screens over their Whang-poo flying field in a test of their devices.

Twelve thousand more Nipponese soldiers came ashore today at a village called Chilingkow, slightly northwest of Luho, on the south bank of the Yangtze river, 15 miles above Woosung, said the Rengo (Japanese) news agency's correspondent.

Shirakawa Arrives General Yoshinori Shirakawa, who has been expected to become commander-in-chief of the Japanese forces here, also was somewhere about, newly arrived on a cruiser. His staff landed at Woosung, at the confluence of the Yangtze and the Whangpoo, 16 miles below Shanghai.

At the same time the Japanese said they had no knowledge of negotiations at Geneva for an armistice.

A few hundred other Japanese soldiers stepped ashore from a transport at Woosung. Heavy artillery and horses came with them in large numbers. Japanese troops were gathered again at Woosung yesterday and were within lines there this morning.

The Chinese held their lines on the big front from Chapel to Woosung. Their machine gunners and riflemen kept up a running fire against the enemy, but there was only slight action from the Chinese big guns.

Long tubes of smoke-producing material shot thick rolls of fumes along the ground around Woosung as the Japanese apparently planned to envelop the Chapel and Kiangwan fronts with artificial clouds.

29 Miners' Bodies Recovered, 9 Missing Pocahontas, Va., Feb. 29 (AP)—Bodies of twenty-nine men killed in the Boleasvian mine explosion rested in an improvised morgue above ground tonight, while work rescue workers faced another long night of groping underground for nine still missing.

The searchers held little hope that they would be able to complete their task before dawn as the search had narrowed down to moving the great piles of slate and tearing away splintered timbers on the mine floor. Working men section, split and shattered by the explosion Saturday, were "covered" and the crews started back over the ground once searched.

Soviets Mass 100,000 Men, Japan is Told

BY GLENN BABB (Associated Press Staff Correspondent) Tokyo, Feb. 29 (AP)—The foreign office was informed today that 100,000 Soviet Russian troops have been massed in the vicinity of Vladivostok in preparation for what is considered in Russia to be an inevitable conflict with Japan.

This information came from Japanese Consul Yamaguchi at Vladivostok, who reported that troops were stationed in that city and along the Usuri railway near the border of North Manchuria.

In a telegram to the foreign office the consul asserted that an iodine factory at Olga Bay was being converted for the manufacture of poison gas and that fortifications at the entrance to Vladivostok harbor and on Russian Island were being strengthened by new heavy guns and anti-aircraft batteries.

Plenty of Supplies Basing his report on information which he said he received from a reliable foreign source, M. Yamaguchi declared that there were two army corps in the immediate vicinity of Vladivostok and that most of the troops were new arrivals from European Russia.

Munitions, foodstuffs and military supplies of all kinds were being brought in day and night, he said, and three new forts were under construction at Sedanka on Amur bay near Vladivostok.

The consul informed the foreign office that he had been told the Russians considered a Russo-Japanese clash to be inevitable if not over Manchuria then over the source of friction between the two countries for several years.

He reported that the principal troop concentrations were at Radonaya, Ugolnaya and Shkotova, north of Vladivostok, and in the Postlet bay district to the south. Communist youth organizations, he said, were helping to patrol the Usuri railway.

NEW ASSAULT STIRS HAWAII

Two Suspects Held for Attack on Navy Man's Wife

Honolulu, Feb. 29 (AP)—Police held two suspects in an assault on an enlisted navy man's wife tonight, as naval patrols moved through Honolulu and sailors pulled the city.

Edward Wong, 23, Chinese suspect, was released late today after the victim of the attack, Mrs. Kathleen Hope, wife of a machinist on submarine S-28, was unable to identify him as her attacker.

HOOVER URGES LOOPHOLES IN LAW BE FIXED

REVISION OF CRIMINAL PROCEDURE ADVOCATED

BY JOHN F. CHESTER (Associated Press Staff Writer) Washington, Feb. 29 (AP)—A revision of the nation's criminal procedure to block the escape of law breakers through legal delay and technicalities was urged upon congress today by President Hoover.

Simultaneously, he urged a wholesale remodeling of the federal bankruptcy laws.

In addition, in one brief paragraph of a special law enforcement message, the president spoke of prohibition for the first time since the completion of the Wickersham report.

Pursuing his idea that the national capital should be a model enforcement city, he asked prompt action upon his previous suggestions for additional dry law enforcement here. One phase of his plan would have the local police force clothed with the authority of federal dry agents.

The special message drew prompt reaction in congress. Senator Hastings (R., Del.) introduced a bill to carry out the recommendations. He is a member of the judiciary committee which considers this type of legislation.

Must Respect Law Chairman Summers of the house judiciary committee announced that within two weeks hearings would begin looking toward a complete overhauling of the bankruptcy laws. Even before the president spoke, Summers said, considerable work was done by his committee to this end.

At the outset of his message today the chief executive said the increase in crime in the United States "is and must be a subject of concern of the government and to every well-disposed citizen."

At its conclusion he pleaded for increased law observance. "We must all keep before us the thought," he said, "that effective administration of the law in a republic requires not only adequate and proper machinery, honest and capable officials, but above all a citizenry imbued with respect for law."

In brief, here are the president's suggestions for revising federal criminal procedure: The supreme court would write a series of uniform rules for all sections of the country, designed to speed criminal appeals, and governing "all proceedings after verdicts" in both district and appeals courts.

Legislation would be enacted permitting accused persons to waive indictment by grand jury after a plea of guilty, thereby allowing the immediate service of their sentence.

Brucker to Issue Call For Special Meeting Of Legislature Today

BY GILBERT T. SHILSON (Associated Press Staff Writer) Lansing, Mich., Feb. 29 (AP)—A formal call for a special session of the legislature to consider tax relief will be issued by Governor Brucker tomorrow, but he is far from settled upon the program he hopes to have enacted.

The governor announced today that from now until the session convenes he will spend many of his working hours behind closed doors formulating relief plans. He has invited members of the legislature, representatives of business, agriculture, finance, industry and property owners to meet with him here. All speaking engagements except three or four which were scheduled some time ago will be cancelled, and no invitations will be accepted, the governor said.

No Free-For-All The call itself, aside from fixing the date for the opening of the extra session, probably March 29, will give no indication of what the governor hopes to accomplish. It will simply inform the members that they will meet here "to consider such matters as the governor shall submit."

The governor said he has in no way changed his mind about the scope of the session. He does not propose to let down the bars for a free-for-all legislative scramble. In his message to the opening of the session he will restrict the body closely to tax relief and directly related issues and to some changes in the banking laws, he indicated. The subject of tax relief, however, is a broad one. Unless the executive limits the legislature to the consideration of specific tax proposals, the session may develop into a long, controversial affair. If a broad subject of the general subject of taxation is permitted many members of the legislature are certain to have individual ideas which they will seek to carry out through the introduction of bills.

The conferees in which the governor expects to formulate a tax relief program started today with the attorney-general, highway department officials and others discussing local covert taxes. The governor has been urged to recommend the apportionment of greater sums of money to the counties from the state highway fund to meet this situation. Other proposals which have sponsors and which are sure to be pressed include a state income tax, either as a direct legislative act or the initiation by the legislature of a constitutional amendment, the initiation of a tax limitation amendment similar to that for which petitions are being circulated by a farmer organization, a retail sales tax and an increased gasoline tax.

The governor, pending the conclusion of conferences, said he has not made up his mind whether he will suggest to the legislature any new form of taxation, such as income or sales, to retire or reduce state or local property taxes. No matter what plan he finally decides upon, however, its objective will be to cut total tax costs, he said.

When the session convenes the governor expects to have bills drawn ready for introduction embracing his program. Rules are suspended in extra sessions and the members may move as rapidly as they wish once the measures are before them.

Car Owners Rush For Plates, Time Limit Is Expired Lansing, Mich., Feb. 29 (AP)—Automobile owners throughout the state scrambled for 1932 license plates as the time limit for using old licenses expired today.

Frank D. Fitzgerald, secretary of state, estimated that upwards of 200,000 cars were without new plates at the close of business.

The actual percentage of the 1,200,000 car owners who failed to purchase new licenses will not be known until reports are received from branch offices. Despite the last minute rush some department of state officials were inclined to place figures at close to forty per cent.

Secretary Bird With Aluminum Leg Dies Detroit, Feb. 29 (AP)—King Joseph the first, believed here to be the only African Secretary bird with an aluminum leg, is dead.

King Joe broke his leg two years ago while at his favorite sport of tormenting the antelopes in the Detroit zoo by flying over their heads. Theodore Schroder, keeper of the zoo, fixed him up with a wooden leg which was changed last year to aluminum.

TRUCE ENDED, CONGRESS SET FOR CAMPAIGN

SPEAKER GARNER IS CENTER OF PARTY WRANGLINGS

BY D. HAROLD OLIVER (Associated Press Staff Writer) Washington, Feb. 29 (AP)—Congress hauled down its "politics adjourned" flag today and entered the presidential campaign debate with a bang.

In the senate, Connally of Texas denounced George Moses of New Hampshire for what he termed a "savagery attack" on Speaker Garner over the week for what the administration was responsible for hard times and warned that the period of cooperation on legislation was over, except, perhaps, in the case of the tax bill.

On the house side, Representative McDuffie of Alabama, Democratic whip, issued a 600-word statement suggesting Garner as the man to nominate to avoid a deadlock convention and another "Madison Square Garden fiasco."

Traylor Advanced Out side the Washington political arena attention was drawn to New York reports of a secret conference of Alfred E. Smith with New York and New England Democratic leaders friendly to his possible candidacy.

After the conference, James E. Kennedy, former Democratic national committee man for Vermont, announced a contest for delegates pledged to Smith where friends of the Franklin D. Roosevelt candidacy have claimed stronger support.

Smith reiterated his statement that he would not personally make a fight for delegates but would not undertake to curb efforts of friends in his behalf.

Meanwhile, in another ramification of the New York situation, Governor Roosevelt accepted one of two nominees of Tammany hall for sheriff of New York county. John E. Sheehy, Democratic leader of the 15th assembly district, was named to succeed Thomas M. Farley, Tammany chieftain, whom Roosevelt removed last week.

Samuel Seabury, counsel to the New York legislative investigating committee, denied any political ambitions in his Cincinnati anti-Tammany speech; Governor Murray of Oklahoma announced he would make seven campaign speeches in North Dakota this week to advance his own candidacy, but said he may change his mind about stumping Georgia, and a Fort Worth pamphlet endorsing Melvin Traylor, Chicago banker, as a "homeless American" candidate made its first appearance in the east.

As for the Republicans, President Hoover gained two more delegates pledged to him in Kansas, making his total there four.

Replying to Connally in the senate, Moses disclaimed speaking for the administration in saying Garner's formal campaign for the presidency had begun with his charge that Mr. Hoover precipitated a "panic" and suggesting the speaker the president with all world troubles.

"I content myself with two dictators," Moses said. "I do not speak with authority for the administration and I have made no attack, either savage or bitter, upon the speaker of the house. I have ventured to comment upon a candidate for the presidency and candidates for presidential enjoy no 'closed season.'"

BATTLE CHIEF

Foreign military observers have credited General Tsi Ting-Kai, shown above in a new picture taken in the Shanghai war zone, with the initial success of the Chinese stand against better-trained, better-equipped Japanese forces. He is commander of the Chinese Nineteenth Route Army, which bore the brunt of the Japanese attack.

POLITICS PLAY PART IN TRIAL

Veniremen in Farley's Case Quizzed About Affiliations

New York, Feb. 29 (AP)—Thomas M. Farley, Tammany chieftain who was removed by Governor Roosevelt from the office of county sheriff, listened with confident air today as attorneys sifted a jury panel of 150 persons for twelve to hear his trial for second degree larceny.

Appearing more jovial than when he attempted unsuccessfully to explain to the governor the source of large bank deposits in recent years, Farley heard political inquests vaguely into the case almost at its outset.

William M. K. O'leary, special prosecutor, made a special point of asking the first veniremen called to what political party he belonged. Farley's counsel, Alfred J. Talley, protested at once, but O'leary explained his purpose as being "to get a totally unbiased jury, to see that the men serving are not active in party politics nor interesting in a partisan way in them."

Admitted Charges Tammany Hall, focal point of Samuel Seabury's investigation into New York City affairs which investigation brought about the indictment of the former sheriff, came into the case early. Talley asked each prospective juror whether he was prejudiced against Tammany or the people in it.

The larceny charge is the result of Farley's keeping interest on money entrusted to him by litigants. He has admitted keeping the interest, but contended he was entitled to it since the sheriff is held responsible for the money and would have to refund from his own pocket any that might be lost.

Farley's attorneys are expected to cite the history of the sheriff's office to bolster the contention. If they do, the name of Alfred E. Smith, who once held the office, probably will figure in Farley's defense. It was brought out at a session of the Hofstadter legislative (Continued on Page Two)

47-Year-Old Widow Guilty Of Murder Chicago, Feb. 29 (AP)—Mrs. Margaret Summers, 47-year-old widow, was convicted of murder tonight by a criminal court jury which recommended that her sentence be 14 years imprisonment—the lightest possible for a murder conviction in Illinois.

Mrs. Summers was accused of poisoning her 17-year-old nephew, Thomas Meyer, to obtain \$2,630 insurance on his life. The state also charged that she killed her husband and three other men in insurance plots.

DELEGATES OF JAPAN, CHINA ACCEPT PLAN

CONFERENCE WOULD BE HELD TO ARRANGE TERMS

Tokyo, March 1 (Tuesday) (AP)—A foreign office spokesman said today that Japan could not accept a proposal for simultaneous withdrawals of Japanese and Chinese forces from Shanghai.

He reiterated that Chinese evacuation of a zone twelve and a half miles around Shanghai was an absolute prerequisite of any truce.

The foreign office had not yet heard from the Japanese delegation at Geneva, where the Chinese and Japanese delegates to the League of Nations council were reported to have agreed to a truce, and therefore declined to confirm the reported agreement.

BY P. L. LIPSEY, JR. (Associated Press Staff Correspondent) Geneva, Feb. 29 (AP)—The Japanese and Chinese delegates to the League of Nations council tonight accepted a proposal for truce at Shanghai and an international conference to arrange terms for a final settlement of the conflict.

The United States, Great Britain, France and Italy—as well as Japan and China—are participating in this new move to halt the warfare in the Shanghai area.

In hopeful tones both Naotake Sato and Dr. W. W. Yen, the Japanese and Chinese council delegates, respectively, gave their support to the peace project and promised to recommend its immediate acceptance by their governments.

Tight About Pace The plan called for an immediate end of the armed conflict in the Shanghai area and the simultaneous withdrawal of both the Chinese and Japanese armies.

The attitude of the Japanese representative was in marked contrast to the position Japan has taken in the past. Hitherto Tokyo has insisted that Chinese withdrawal must precede Japanese evacuation and throughout the Sino-Japanese conflict the Tokyo government has declared against participation by neutral powers in peace negotiations.

Sir John Simon, British foreign secretary and one of the prime movers for peace, declared that "unless the hostilities in the Shanghai area are stopped this conference will not be held."

Ambassador Hugh R. Wilson formally set forth the support of the American government in a letter to Sir Eric Drummond, secretary general of the league. The peace proposal was phrased thus: "A conference would be set up immediately at Shanghai, composed of representatives of the governments of China and Japan, together with the representatives of the interested great powers, for the purpose of bringing about a final conclusion of the fighting and restoration of peaceful (Continued on Page Ten.)

BEAR RAIDERS TO BE QUIZZED

Democrats Say Action is Only "Alibi for The Panic"

Washington, Feb. 29 (AP)—Spurred by Democratic flares that it is seeking to find "an alibi for the panic," the administration will begin tomorrow its inquiry into the operations of Wall street bear raiders.

Chairman Norbeck of the senate banking committee today promised a "thorough investigation." He announced that William B. Perkins, New York attorney, will be heard first.

On the floor of the senate, Barkley, of Kentucky, a member of the committee, and Connally, of Texas, both Democrats, ridiculed administration contentions that bear raiders were responsible for the low prices of securities.

Senator Walcott (R. Conn.) who has said that a group of professional speculators has been deliberately driving down prices by short selling operations, has a list of men he believes responsible for "bear raids."

It is understood that about 15 men are on the list and there is every indication that the committee will insist upon a full inquiry.

"Why doesn't the president get his eyes off Wall Street," asked Connally. "The prosperity and well being of the millions of American people scattered about this country from coast to coast is not dependent upon some chalk marks on speculators on the Wall Street gambling boards."

Senator Barkley asserted that the inquiry into bear raiders was "simply an attempt to find an alibi for the panic."

Stage Satires Making Sport of National Politics

BY MARK BARRON (Associated Press Staff Correspondent)

New York, Feb. 29 (AP)—The stage, with motion pictures not far behind, is unleashing its most satirical humors and tones against the ancient circus of politics.

Hollywood studios are rushing the filming of "Washington Merry-Go-Round," and half a dozen other political stories in time to fling them upon screens before the National Conventions in June.

As for Broadway, the two outstanding current musical shows are both unrelenting pokes at the foibles of our politicians. "Of This I Sing," began the Hie Parade several weeks ago, it being a hilarious series of guffaws, thumping its nose at the way in which "Face the Music."

Now comes "Face the Music," in which Irving Berlin and Moss Hart take the politicians of New York on a highly uncomfortable household ride which is more amusing to bystanders than to municipal officials obviously burlesques in the show.

The youthful Hart, who was co-author of that comedy which ridiculed Hollywood, "Once in a Lifetime," has taken the Seabury investigation as the basis of his story in "Face the Music."

The show begins with the Astors, Vanderbilts, and other wealthy notables embarrassed so by the depression that they must hold their banquets in one of those cheap nickel-in-the-slot restaurants.

The only people in town who have money are the politicians who carry around their "little tin boxes" ready to receive contributions. Messrs. Berlin and Hart's bluecoats discover their tin boxes are so stuffed they must do something about getting rid of the surplus money. It is decided the "biggest way to lose money is to lose a musical show and the show happily turns out to be a costly failure.

The politicians and their tin boxes are brought to justice before today's session. The writer in the show actually looks like Seabury and is addressed by that name.

The bankrupt producer decided that he was really something when he was in the showmanship business. He is going to stage the Seabury investigation like a Follies production. Undraped shorts are worn on the stage, and the chief witness enters the courtroom astride a rhinestone-bedecked elephant.

A. H. Woods marked his return to Broadway by producing a drama, "Inside Stuff," which purports to expose evil workings of political organizations.

In order to protect the ear of humor and gambling rackets, the chief contributor to its campaign fund, the machine "trail-roads" a young boy to prison. Later he is allowed to escape, and then is accused of murder, the trial to be used as a stepping stone for the district attorney to win the governor's chair.

Politics is not being treated too gently by the dramatists and librettists in these days.

Madge Kennedy, after months of searching, at last has found a play which she thinks is suitable for her use. It is called "Bridal Wise," the authors being Frances Goodrich and Albert Hackett. They wrote "Up Goes The Devil" last year.

As a social note, Miss Goodrich was the fourth Mrs. Hendrick Willem Van Loon. She is now wedded to Hackett.

Edna Ferber's niece, Janet Fox, became an actress this week when she played the leading role in a special production of "June Moon." This is the comedy hit

Wets Need Seven More Signers For Prohibition Vote

Washington, Feb. 29 (AP)—Organized wets started an intensive drive tonight for the last seven endorsements necessary to obtain a house vote on consideration of a home rule prohibition amendment.

Eleven signatures, added today to the petition to bring this about, brought the total to 138 of the 145 needed.

Representative Britten (R. Ill.) who returned from a trip west to sign the petition, appealed from the floor for the entire Illinois delegation to join the movement.

"If you don't," he said, "and there was an election tomorrow we would lose Illinois by 600,000 votes. The people want to vote but the prohibitionists won't let them."

During the day's debate, Representative Stafford (R. Wis.) urged Representative Patman (D. Tex.), an advocate of full cash payment of the veterans bonus, to sign the petition.

"Then the gentleman from Texas would be doing something the veterans want," Stafford said.

Chicago Teachers Get 2-Weeks Pay

Chicago, Feb. 29 (AP)—Chicago's 14,000 school teachers tonight were mailed checks for a half a month's salaries—covering the first two weeks of November.

In addition 4,000 janitors, firemen and other school employees received checks for the same period. The total payment amounted to \$2,566,000 and was made possible by purchase of city tax anticipation warrants by banks.

With today's payment, the 18,000 school employees have received two months cash pay in the past ten months.

Brucker Announces "Hands Off" Policy On Liquor Issue

Lansing, Feb. 29 (AP)—A "hands-off" policy if the prohibition issue enters Republican county conventions, was announced today by Governor Brucker.

There have been reports that Wayne and possibly other counties might seek the adoption of wet resolutions and later attempt to force their consideration in the June state convention in Grand Rapids. While most organization leaders, as well as Governor Brucker, believe the prohibition question should not be touched by Michigan Republicans until after the party national convention, the governor said this is a matter for the delegates themselves to settle.

COPPER PRICE REDUCED AGAIN

Metal 5 1/4 Cents Hits Lowest Mark in Its History

BY VICTOR EHRANK (Associated Press Financial Writer)

New York, Feb. 29 (AP)—Pessimism enveloped the copper market today when the price of the metal for domestic shipment, delivered from custom smelters, dropped to a new all-time low of 5 1/4 cents a pound.

This was a reduction of 1-4 cent a pound from the price prevailing late last week. Little hope was held out for any immediate improvement in the situation. London dealers for some time have been predicting that the metal will fall as low as 5 cents a pound.

In the meantime leading American products were conferring with F. Pisart and Camille Gutt, representing the important Belgian South African properties, in an effort to arrive at some agreement either for further drastic curtailment of output or a general shutdown of all the larger mines.

Open Market Looms

At the same time members of Copper Exports, Inc., including the Belgians, were trying to reach an agreement on a permanent set of revised rules for the organization which is the cooperative selling agency of the producers. The temporary regulations under which the concern has been operating expire tomorrow and, unless permanent rules are speedily adopted, it is expected that Copper Exports, Inc., will be suspended temporarily.

If this suspension takes place, it is said, the cooperative measures abandoned for the time being, it will mean a "free-for-all" market with dealers accepting any prices they wish for their surplus stocks.

Some copper men believe that an open market is the only solution for the present problem because, with sagging prices, numerous mines would be compelled to close down and the huge amount of the metal now above ground would eventually be moved and production stabilized.

At the international conference last fall it was decided to limit the copper output to 26 1-2 per cent of estimated capacity. The Belgians agreed to this only after they were given the right to continue their production on its previous basis with the understanding they would keep all their output off the market except the specified percentage.

What effect suspension of Copper Exports, Inc., would have on this curtailment agreement is not clear to some of the producers who believe that, with an open market, it would be difficult to carry out the reduction plans.

Tariff Legislation Gets Right Of Way

Washington, Feb. 29 (AP)—Tariff legislation was given by a program by the Republican steering committee today, and the gigantic Hale naval construction bill was placed high on the list.

The committee decided to give the right of way to the Democratic tariff bill which would take away from the president the authority to change rates under the flexible provisions of the law.

The Hale bill, calling for the strongest navy allowed by existing treaties, was placed third on the program. The committee was called together by Chairman Vandenberg in view of the jam of legislation that is beginning to pile up.

Dramatic Groups Asked To Appear Before Committee

Washington, Feb. 29 (AP)—Critical dramatic critics were called on today by the house permanent committee to appear in person for a lambasting on charges that they have made a financial tragedy of the legitimate theater.

The storm broke on their absent heads with the suddenness of a coincidence in an old fashioned melodrama. Chairman Sirovich, who wrote a play himself, not long ago said more harsh things about them than they ever did about a show with a hissing ingenue.

Three newspapermen and three committee members sat rather listlessly at a routine hearing of the committee but they sat up as the chairman called the "destructive" critics "graduate describers of prize fights and horse races."

The committee members agreed with Sirovich. So tonight, the New York member was writing critics asking them to appear, presumably to be given doses of their own medicine.

Sirovich said he was especially anxious to hear those of "the George Jean Nathan stripe, who, so I understand, boast they have never seen the last act of a play."

Capone Won't Be Rushed To Prison

Chicago, Feb. 29 (AP)—The government decided today not to attempt to rush Al Capone off to prison.

"It's the defense's move next," said United States District Attorney George E. Q. Johnson. "The government's counsel does not expect to take any action until the defendant's counsel makes clear his course."

Capone is in the county jail, where he has been since his conviction last October. The district appellate court last week refused him a new trial and upheld his conviction and sentence of eleven years incarceration and \$50,000 fine. While in jail he receives no credit on his sentence.

FLEETS PLAN BIG MANEUVERS

Ships Mobilize in Pacific to Defend U. S. Coast

Washington, Feb. 29 (AP)—The might of the American navy is being mobilized in the Pacific.

Under orders disclosed today, ten warships will pass through the Panama canal to join the powerful fleets which soon will hold maneuvers in defense of the Pacific coast. This will bring to 202 the fighting ships flying the American flag west of the canal.

The unexpected move, representing the first time that the special service and training squadrons have been directed into such maneuvers, attracted widespread attention.

Asked if there was any relation between the sudden orders and the far eastern situation, navy officials replied their latest reports showed an easing of tension in the Orient and emphasized a statement by Admiral Pratt, chief of naval operations, that a plan for such a ship movement had been "under consideration since the maneuvers were first announced."

Mythical foe Announcement of the maneuvers was made by Admiral Pratt in testimony before a house committee in January a year ago.

The 202 vessels that will be concentrated in Pacific waters here long now are made up of 12 battleships, 17 cruisers, 33 submarines, 81 destroyers, three aircraft carriers and 56 auxiliaries.

These embrace the regular Pacific fleet and the Asiatic fleet. The latter now is standing by in Chinese waters for the aid of Americans threatened by the Japanese-Chinese hostilities.

The specific task allotted to the two warship organizations newly headed away from the Atlantic is to assist vessels now in the Pacific to resist a mythical foe which will attempt in the maneuvers to seize a foothold on the American coast.

Episcopal Leaders Seek To Raise Funds

Chicago, Feb. 29 (AP)—Protestant Episcopal church leaders from midwest states have been called to a special conference here tomorrow, it was announced tonight, to discuss means of avoiding a prospective deficit of 41,000,000 in the church's missionary quota for 1932.

Bishop George Craig Stewart said in the announcement that 3,500 missionaries and staff workers already have accepted salary cuts of ten percent. Whole missionary fields will have to be closed if further reductions are necessary, he said.

A proposal to raise \$500,000 by May 15 for missionary work will be discussed. Among those expected are Bishops John N. McCormick of Grand Rapids, Mich., and Hayward S. Abelwhite of Marquette, Mich.

Camp Association Buys Acreage At Interlochen, Mich.

Traverse City, Mich., Feb. 29 (AP)—Dr. Joseph T. Maddy, president of the National High School Orchestra Camp Association, announced today the association has purchased the 375 acres of land which it has used for four years, along with the Interlochen hotel and 100 study halls and dormitories. The property borders the Wahbekeeness and Wambakenetta Lakes.

Dr. Maddy also announced that an All-Michigan massed choir of 3,000 voices will be assembled during the coming season and that Walter Damrosch and John Philip Sousa will be guest conductors.

"When I fine you in accordance with an old leap year custom," said the court, "and that is when a man refuses a girl's proposal of marriage he must buy her a new silk dress. I release you so you may fulfill the sentence immediately."

"Magistrate" Atkins later told the story on herself.

"He bought it, too," she said, "a black satin crepe dress trimmed in eggshell, and it just fits."

She and other young women were selected by a secret committee of the chamber of commerce to run this city of 50,000 for a day.

Miss Mildred Pratt, 35-year-old president of the Aurora Business and Professional Women's club, was mayor. She presided at what she called a "perfect" city council meeting. No expenditures were voted, and no taxes raised.

Heavy Seas Save England Money In Tariff Revenues

London, Feb. 29 (AP)—A raging gale in the North Sea and the English Channel today saved the British exchequer thousands of pounds by delaying ships trying to get in under the tariff barrier.

The gale and high seas apparently had beat most of the vessels of the "dumping armada" to the deadline at 5 p. m. today.

When custom houses open tomorrow morning, Great Britain will no longer be a free trade country. A ten percent general tariff, with a few notable exceptions, will go into effect.

Meanwhile Viscount Philip Snowden was celebrating the funeral rites for free trade in a speech in the house of lords.

The peers listened respectively, but concurrence of the lords in the commons tariff measure and royal assent before tomorrow was a foregone conclusion.

Street Car Owners In Grand Rapids In Receivership

Grand Rapids, Mich., Feb. 29 (AP)—The Grand Rapids Railroad company, operating street cars here, was placed in the hands of receivers today upon petition of the Irving Trust company of New York, holders of \$2,781,500 first mortgage bonds. Foreclosure also is sought in the action.

Louis L. Delamarter, vice president and general manager of the railway company, was named receiver to continue operations of the cars.

Federal Judge Fred M. Raymond, granting the receivership, issued an order restraining all attachments, suits or continuation of suits and demanded an appraisal within 60 days. A few minutes before, Louis S. Hardin, Chicago, filed a suit alleging \$3,500 in interest due him on bonds.

Roosevelt Names Farley's Successor

Albany, N. Y., Feb. 29 (AP)—Governor Roosevelt tonight named John E. Sheehy, Democratic leader of the fifteenth assembly district of New York, as sheriff of New York county to succeed Thomas M. Farley, removed from office recently by executive order.

Sheehy, like Farley, is a member of Tammany Hall. His name was one of two sent the governor by John F. Curry, leader of the organization, as a recommendation for a successor to Farley. Marshall Ingram, of the seventh district, was the second choice of Curry.

Farley was removed from office for failure to explain satisfactorily to the governor the source of his "tin box" income, part of which was alleged to have accrued after he had taken the office of sheriff. Charges were brought against Farley by Samuel Seabury, counsel to the legislative committee investigating New York City.

FINN FASCISTS START REVOLT

President Gives Himself Power to Stamp Out Rebellion

Helsingfors, Finland, Feb. 29 (AP)—A Fascist march on the capital today encountered government troops 25 miles away and a clash of arms ensued, but its outcome was not immediately apparent due to crippled communications.

The Fascists, or Lapua, simultaneously served a demand of President Pehr Edvin Svinhufvud to shear Marxists and Socialists from the government or suffer the consequences of civil war.

The president's reply was an emergency safety law giving himself extreme military powers to meet the rebellion.

The decree permitted suppression of newspapers guilty of agitation, the dissolution of demonstrations, search of homes, examinations of persons out-of-doors and the hindrance of armed individuals moving from place to place, and all other necessary steps to preserve order.

The government decided to arrest all Lapua leaders, it was learned from informed quarters. Two of the leaders were identified as Vihtori Kosola and General Wallenius. The arrests were expected to be made tomorrow.

Civil Guards Firm "The situation tonight is considerably better than it was this morning," General Malmberg, chief of the civil guard, said.

It was said in official quarters that the whole Lapua movement was "crumbling a flaccid." The Lapua orders having been obeyed only in southern Finland. Reports from Mantsala, center of the movement, said many Lapuans were returning home and that there were only a few fresh arrivals.

The civil guards, as to whose loyalty there had been doubts, were said officially to be standing by the government.

The ultimatum which brought the presidential decree declared: "Speedy and determined steps can yet save the country from civil war, which is otherwise inevitable. We will not now leave our work half-finished but will drive it along to victory at the price of life and soul. We are fully armed and prepared to conquer or die."

The government broadcast word that the threatened marches on Helsingfors and other acts directed against the city will be stopped. The capital was ringed with government troops ready for an attack. Soldiers were dispatched to nearby strategic points, and examined all railroad trains entering this area.

Occupants of a motor car which turned over six times after leaving a road near Springfield emerged unscathed.

HOOVER URGES LOOPHOLES IN LAW BE FIXED

(Continued from Page One) be revised to limit the time for quashing indictments because of disqualification of grand jurors coupled with legislation permitting indictments to stand if approved by twelve jurors, regardless of the presence of intelligible.

Legislation would be shaped "in the interest of child welfare" to permit the attorney general to forego the prosecution of children in the federal courts, returning them, instead, to their own states for action by local juvenile courts.

Under the "diversity of citizenship" laws, corporations organized under the laws of one state but active elsewhere would be treated as citizens of the state in which they do business, thereby placing their cases in state rather than federal courts.

The president cited figures to show "undue congestion in the courts in a number of districts" and recommended the appointment of additional judges in those sections where civil and criminal cases are suffering long delay.

The chief executive placed considerable weight upon the need of revising the national bankruptcy laws. He criticized the existing act as "defective," as holding out "every inducement for waste" and for exploitation.

Governor Roosevelt touched on the point in dismissing Farley from office. "It is sufficient to say," he wrote in his decision, "that although long continued, that has been a highly improper practice in New York county."

The specific charge in the Farley indictment is that he retained for his own use \$118,741 interest received from \$68,622.75 turned over to him by litigants in a case pending when he took office in January 1930.

Here's the Way to Control Those Miserable Colds So Prevalent Here Now. WITH "flu" in the community, don't take chances with colds. Colds tend to pull down body resistance, and often pave the way for an attack of "flu" and its serious complications. In the present emergency, you can double your protection with the Vick Plan for better "Control-of-Colds."

- 1 TO HELP PREVENT COLDS: Whenever you feel that you are "catching cold," put a few Vicks Nose Drops up each nostril at once. This will check many colds before they get beyond the nose and throat—where most colds start.
- 2 TO REDUCE THE SEVERITY OF COLDS: If a cold has developed, don't neglect it—at bed-time massage the throat and chest with Vicks VapoRub. During the day use Vicks Nose Drops every few hours for added comfort and relief. This gives you full 24-hour treatment.

MONDAY BRINGS RUSH FOR TAGS

1931 Licenses No Longer Legal, Warning of Officers

Motorists who waited until Monday to get their 1932 plates found that several others had the same idea, and the result was a jam at the secretary of state branch in the U. P. state fair office at Escanaba. Even by speeding up operations the office could not keep up with the rush. There was a waiting list most of the day and the office put in long hours.

Out-of-town residents who were not prepared for a wait went back home; and indications were that there would be some left over for today. The supply of weight certificates furnished for official scales in weighing commercial vehicles became depleted yesterday, and temporary weight slips had to be issued so that the issuing of licenses would not be delayed. These will be replaced with the state's official weight certificates as soon as a new supply arrives.

Local officers have been issuing warnings for the past few weeks, reminding motorists that March 1 was the deadline for 1931 automobile licenses. They point out that the extension granted by the state gave owners only a 60-day extension, and that officers have no authority to allow cars to operate today without new license plates.

Hospital Visitors Violating Rules

The Sisters in charge of St. Francis hospital have at various times requested visitors to make their calls during the regular visiting hours but a large number of persons have been violating these rules and have been coming to the hospital at all hours and remaining until after the hour for leaving the institution. The regular visiting hours are from 10 to 11 in the forenoon, 2 to 4 in the afternoon, and from 7 to 8:30 in the evening. Visitors must leave promptly at the designated time.

Children have been coming to the hospital without their parents or any adult. They have been asked to refrain from making noise and still persist in doing so. This will not be tolerated and children are not permitted to visit the hospital unless accompanied by an adult.

Every day cars surround the hospital as early as one o'clock and visitors remain until long after the regular hours. The sisters request that these rules be heeded and any one calling on the side of the regular hours will be refused admittance. The hospital staff also requests that cars parked near the hospital should be at a distance of at least 20 feet from the gates. This order will also be enforced.

Washington Pageant Was Unusual Event

The Washington pageant given on Saturday night under the auspices of the Newberry Study club was one of the most unusual events of the season and was presented to a good sized audience in the high school auditorium.

Mrs. C. L. Bystrom directed and presided at the piano.

Hugo E. Kilpela played the part of "Archleist," discovering a diary of Washington and reading portions from it as the pictures "came to life" on the stage, called into play by "The Spirit of Bygone Days" sighted by Miss Linda Nicolai, who waved a rose to lift a curtain of the past.

The characters of the tableau were unusually well chosen. Arthur A. New making a remarkably fine "Washington." Bett; Campbell played Mrs. Washington, and also Nellie Curtis and Mrs. J. A. Baetz was the mother.

Considerable of the success of the show must be given to the bright and correct costumes designed and prepared under the supervision of Mrs. Campbell, Mrs. Sherman and Mrs. Leighton. The "Singers of Olden Songs" as well as the pianist being dressed in the early Colonial garb. The singers were Mrs. Campbell, Mrs. West, Betty Campbell, Mildred Baetz, C. P. West and C. L. Bystrom.

The "Quills," custodians of the diary, were Eleanor Sherman and Aletha Kerr. "The dates which slip away in smiles and tears" were played by three little people; the Day by Helen Mary Sherman, the Month by Dick Bystrom and the Year by Alice Fretz.

Those taking part in the tableaux and minut were: Margaret Campbell, Helen Mae Smith, Marjorie McMahon, Lorna Barrett, Nadine Spinks, Peggy Sayles, Ethel Nicholls, Clifford Gagnath, William Kincaid, Calvin West, Pat Ennis, William Chapman, Kenneth Foster and Francis Jacobson.

Mrs. W. G. Fretz and Mrs. Richardson, dressed in mop caps and white aprons were hostesses and those who served the dainty lunch in the cafeteria also wore the white articles. They were Miss Buerman and Mesdames Auten, Garrett, McMahon, Spinks, Lamberg, Grondin, and Sidney Foster; Mrs. Richardson and Mrs. Fretz poured.

It is understood that a copy of this program will be sent to the Washington committee in Washington, D. C., and will be filed as a part of the national celebration material.

STATE POLICE NOTES

Leo Laramie and Ernest Young of Sault Ste. Marie were arrested on Friday by Chippewa county officials, federal officers and state police and turned over to the federal authorities charged with violation of the prohibition law.

Early on Saturday morning three Cedarville men were arrested by state police following some sort of a row at the home of two of them, William Baker, John F. Servish and John Rash were lodged in the St. Ignace jail, the charge against them to be determined after the affair has been investigated.

Irving Russell of Curtis was arrested on Sunday and will be arraigned here today on the charge of driving while drunk.

Continuing the drive on traffic law violations, W. J. Smith of Newberry paid costs of \$4.70 after pleading guilty to having improper lights. Milton Boucher, picked up early Sunday morning on the same charge will report to the post today.

NEWBERRY BRIEFS

Congressman Frank P. Bohn arrived home from Washington at noon on Saturday and will be busy here attending to business affairs for a few days.

Belching Made Him An Outcast

He was a clean-cut, clever, likeable chap, but his friends carefully avoided him. Business associates were not always so tactful. His life was miserable because belching, one of the forms of hyperacidity (excess acid) in addition to the physical discomfort, virtually made him an outcast.

Vast numbers of people today, because of the way we live and the acid-forming foods we eat, are victims of an acid condition of the stomach and intestines. Belching, indigestion, gas, heartburn, sick headaches, biliousness, loss of sleep, pain after eating, indicate the need of correcting the acid condition of the stomach and intestines. Levi Barboo Farm Bought by Lundberg

The Federal Land Bank of St. Paul, Minnesota, reports the sale of the former Levi M. Barboo 80-acre farm located one mile south of Ensign in Delta County, Michigan. The purchaser is Alex Lundberg, a son of John Lundberg of Ensign township, who is one of the outstanding farmers in that area. Alex Lundberg has sufficient equipment now and also expects to put some livestock on the place as soon as he shall have improved the buildings to satisfy his present needs. Mr. Lundberg recognizes the fact that now is a very good time to invest in land while it is cheap. The transaction was negotiated by secretary-treasurer, A. Theo. Sohler, of Gladstone, Michigan. Mr. Sohler is quite active in the sale of real estate and reports a good demand at the present time.

George S. Gordanhammer, vice-president and treasurer of the Federal Land Bank of St. Paul, when commenting recently upon the sales of farms in Michigan, stated: "The bank is selling an increasing number of farms upon this state and at prices which farmers can afford to pay. In fact, I believe good farms, well located, farmed by intelligent farmers who live on the farms are good investments today."

"We note that farmers are beginning to believe more in their own business and their farms for they see that the cities are full of people who wish to work but cannot do so and do not have shelter or food. The farmer does not have such worries. That farmers appreciate their position is shown by their fundamental obligations, such as interest on their farm mortgages and taxes. I do not mean to intimate that the farmer's lot is the easiest in the world and that he is making lots of money, however, by comparison, he is better off than many others. Neither do I predict a land boom but, from a conservative standpoint, it seems to me that the farmer cannot go wrong in purchasing good farm property at current prices."

Art Seymour, who has been visiting his sister, Mrs. Stickey, at Deer Park, is in town for a day or so.

Mr. and Mrs. Stein Youngquest returned to their home in Flint Monday after visiting here with relatives for a few days. On Sunday night Mrs. Lawrence Redmond entertained at bridge for them, three tables playing.

NO PRESENTS AGAIN FOR FOUR YEARS

Pity the poor Escanaba folks who celebrated their birthdays Monday. They won't have another for four years, so they can't be blamed if they staged a celebration. Think of having to wait that long for a new supply of soap and handkerchiefs, says one of the unfortunates. In view of the rarity of the occasion, Salt and Pepper hardly expected a well known employe of the city hall office to be on the job Monday, claimed as his natal day. On the contrary, he appeared on the job, and nonchalantly went about his duties as if nothing unusual had happened, without even taking a half holiday. Between birthdays, it is said he has a hard time computing his age.

Legend also says that Monday was the last day for stranded maidens to take advantage of the Leap Year privilege of proposing to the male of her choice. Salt and Pepper always thought that the concession extended through the whole year, but it appears that tradition holds the time to a bare 60 days.

Bunyan Mightier Than Hercules; Michigan Has Proof of Prowess

(EDITOR'S NOTE: The following article on Paul Bunyan, America's contribution to folklore, was written for The Associated Press by James Stevens, author and student of the Bunyan legend.)

BY JAMES STEVENS

Detroit, Feb. 29. (AP)—When the shepherders, compunchers and lumberjacks of ancient Greece sat at their evening campfires and told tall tales about a mighty man named Hercules, it is doubtful if they had any suspicion that poets would come prying around and steal their stories for literature. But thus it happened, and the poets made the name of Hercules immortal, while readers forget that plain folks invented the character.

Our American Hercules, the Paul Bunyan of the North Woods, who tamed Babe the Blue Ox and performed astounding labors in the era between the Winter of the Blue Snow and the Spring Rain Came Up from China, is threatened with a like fate. The hero of countless tall tales told around campfires by woodmen for the past seventy years, Mr. Bunyan, like Mr. Hercules, has fallen into the hands of the poets and professors. Whether the American mythical hero will find a modern Homer remains to be seen. But there can be no doubt that as an invention of folk lore the American myth surpasses that of the ancient Greeks.

Whales Jumped Niagara

All night the Big Auger bored through the crack, and at dawn it was a free river, ten times stronger than before. So Paul Bunyan went into battle with the river, leaping astride the stream, getting a stranglers-hold with his arms and a scissors-hold with his legs. For hours the furious fight lasted, until at last the river humped itself up to the clouds, trying to buck Mr. Bunyan off. But he threw all of his strength into one final furious fighting effort, and the irresistible grip of his legs and arms broke the Big Auger's back. The river collapsed in two broken parts, which lay like a pair of twin lakes for three days, then joined and flowed on, a river tamed to log driving.

Where the Big Auger bored through the dam of rock hills was left a grand waterfall. Mr. Bunyan named it Niagara. And, whoever doesn't believe this story can go and see Niagara Falls to this day.

There was also the Spring of the Mud Rain, when whales jumped Niagara Falls and swam to the Great Lakes—but the guides of the woods and the Rangers of the parks are the men to tell such stories.

Anyone who hears them cannot help but agree that Mr. Bunyan of America was a far mightier man than Mr. Hercules of Greece.

Swede Muddled Mississippi

Mr. Bunyan, as the more reverent lumberjacks refer to the hero, is the one full-bodied figure of American myth. John Henry, Pecos Bill, Tony Beaver, Strap Buckner and other such giants who appear in American tall tales are obviously imitations of the mighty Mr. Bunyan. He alone has an era of his own, for the tales tell that he flourished here even before the Indians. He had giants working for him: Babe, the Blue Ox, who measured forty-two ax-handles and a plug of chewing tobacco between the horns; Nels Nelson, the Big Swede, who muddled the Missouri River forever with one Spring bath; Johnny Inkslinger, giant of figures, who used a windmill in his inkwell; Shot Gunderson, the iron man, who had cannon balls for eyes; Joe LaMufraw, who was half bear and half tree, and a countless host of little lumberjacks, not a one measuring more than the seven feet from gallus to gallus.

Stories about Mr. Bunyan and his mates have been told by American lumberjacks since the 'fifties. They were first heard in the Saginaw Valley of Michigan, with the rise of lumbering in the pines there. Evidently the myth was originated by the Irish shanty boys and the French-Canadians. This is the opinion of the oldest authorities among the woodsmen. The stories were borne on to the West from Michigan, and now their home is in the great forests of the Pacific Coast. Many Wisconsin woodsmen claim the Badger State as Mr. Bunyan's birthplace, but they argue from sentiment rather than evidence. No less an authority than Governor Wilber M. Brucker of Michigan has demolished all rival claims to the Boss Logger of the North Woods.

Tamed "Big Auger."

Here is the outline of a typical Bunyan story:

It was in the Spring of the Reverse Rain that Paul Bunyan tamed Big Auger River. This

BENCH WARRANT IN GARDEN CASE

Justice Lars P. Peterson Declares Supervisor's Bond Forfeited

Garden, Mich., Feb. 29—A bench warrant was issued today for the arrest of Supervisor Charles Gauthier, of Garden township, following his failure to appear Saturday before Justice of the Peace Lars P. Peterson, of Fayette.

Gauthier was charged with having solicited votes in a Garden polling place in the election of April 6, 1931, by addressing a large gathering of voters there assembled.

Justice of the Peace Peterson forfeited Gauthier's bond for \$100 and certified Gauthier's recognition to the clerk of the Delta county circuit court, binding him over for trial. The bench warrant was placed, in the hands of Sheriff Elmer Swanson of Escanaba for service.

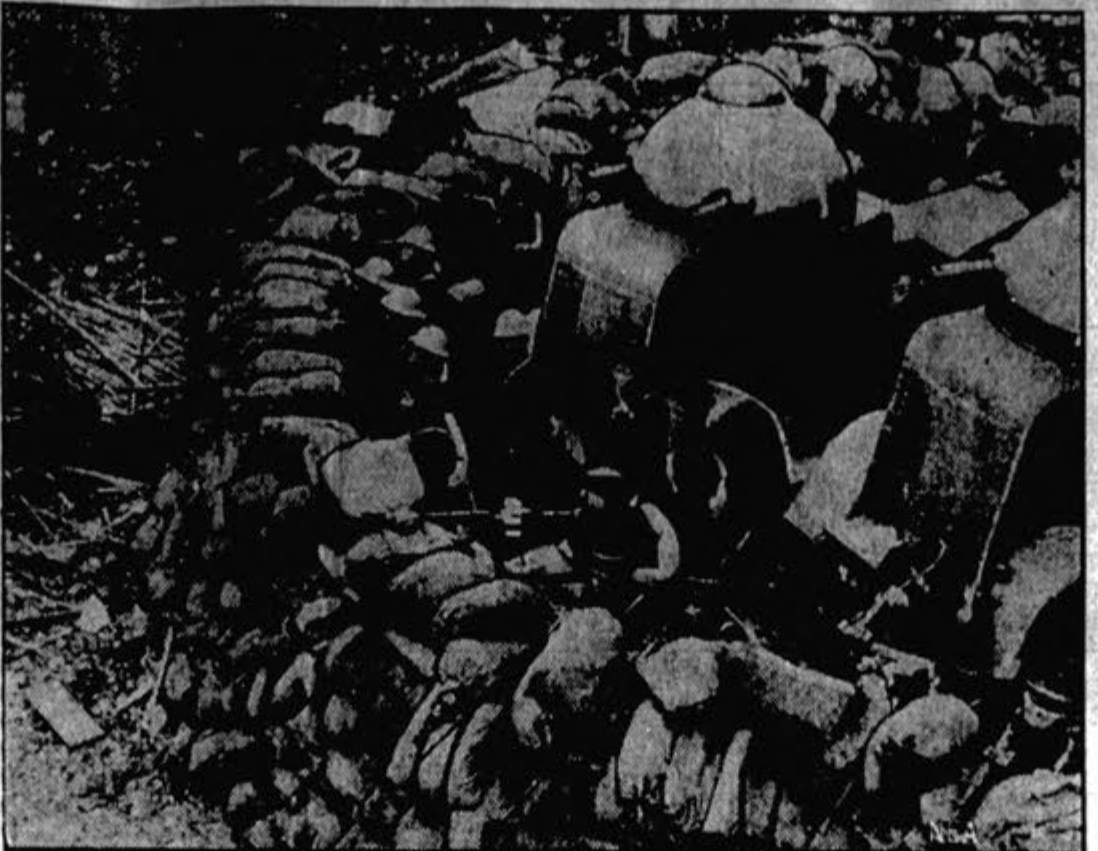

Crowds gathered in the township halls of Garden and Fairbanks, 12 miles apart, for the Gauthier hearing, but in Garden there was no justice to preside, and in Fayette, where the Fairbanks township hall is located, there was no defendant. Gauthier maintained that the case had been adjourned to Garden, and

refused to appear at the Fayette hall.

Attorney William J. Miller, of Rapid River, attorney for Elmer Hall, of Isabella, the complaining witness, remained at Fairbanks township hall with Justice of the Peace Peterson. The latter said, that after the arraignment of Gauthier, Feb. 19 at Fayette, Sheriff Swanson and Gauthier asked to have him sit in Garden for the hearing. Peterson said he felt some doubt as to whether his jurisdiction extended beyond Fairbanks, but if found that he might legally hold court in Garden township, for the convenience of witnesses, he might do so if all parties in the case agreed thereto. The justice said that the complaining witness and other witnesses for the state objected, and therefore he had notified the sheriff, the prosecutor and the defendant that the hearing would have to be held in Fayette.

Justice Peterson, an elderly farmer of Burnt Bluff with 32 years' experience in his judicial capacity, got up unusually early Saturday morning to be able to do his chores before going to court. He refused the services of the Garden township clerk and a deputy sheriff, who came in an automobile to take him to Garden, declaring he would prefer to ride with a friend who would take him to Fayette. He picked up Constables Rupert and Colin Greene on his way to the hall, declaring that the political aspects of the case were such as might require their services in handling the crowd.

BATTLE SCENES IN JAPANESE TRENCHES

Under the added protection of armored cars, Japanese marines are pictured above in a sandbagged trench as they defended themselves against counter-attacks of China's 19th Route army in the fighting near the northern station at Shanghai, while other troops pushed forward at Kiangwan. The Japanese claimed to have broken the Chinese lines.

"War on Depression" Drive Is Announced At Rotary Meeting

Members of the Escanaba Rotary club were entertained yesterday with a concert by the newly organized "rube" band of the Escanaba high school. Trained under the direction of R. P. Bowers, the band members, in distinctive costumes appeared before the Rotary club and presented several numbers, each of which were applauded vigorously by the audience.

Plans of Cloverland Post of the American Legion, in cooperation with a citizens committee, for staging a "war against depression" in this city during the week opening next Monday, were explained to members of the Rotary club yesterday by John P. Norton. Hope was expressed that through radical reductions in building trades wages scales, announced last week and others to be announced this week, that a large amount of home remodeling and new construction work will be pledged during the drive in this city. It was pointed out that this work will also entail the use of common labor, in addition to that which residents will be asked to pledge themselves to employ within the next few months.

Undersheriff Carney Undergoes Operation

Joseph Carney, undersheriff of Delta county, was taken to St. Francis hospital Monday afternoon after having suffered an acute attack of appendicitis. An emergency operation was performed when it was found that the appendix had been ruptured. His condition is very serious and visitors are not allowed. Mr. Carney underwent an operation in February of last year and at that time was laid up for five weeks. He had been ill at his home for the past ten days but his condition had not been considered serious until Monday.

McMILLAN NEWS

McMillan, Mich. (Special)—James Locke accompanied by Mrs. Hall, spent Friday in Newberry where they visited Mrs. Locke, who is a patient in the Perry-Spink-Swanson hospital. Mr. Locke reports Mrs. Locke's condition as favorable.

T. B. Aldrich, Chippewa county school commissioner, Mrs. Aldrich and Miss Addette of the Sault, Mich., were the guests of Mr. and Mrs. Harry Schmidt this week.

Miss Faye Fitzpatrick has returned to her home here after spending a week's vacation in Newberry as the guest of friends and relatives.

U. P. Briefs

Dogless Town
Wakefield—According to records in the city treasurer's office, this city is one of the few in the state that has no canine population. Several years ago the canine population was approximately 200 but since that time has shown a rapid decline until today there is not a licensed dog in the city. R. F. Cloyd, chief of police, said yesterday that his department would start a drive March 1 to learn the cause of the apparent decline. The patrolmen have been instructed to shoot all dogs found running at large on the city streets unless licensed.

Spelling Bee Notes

Pupils of the third and fourth grades of the Wells-District 2 school have been entered in the Daily Press junior spelling bee, official notice that they will participate having been received recently. Wells pupils were entered in the senior event over a month ago.

This is the first year that the junior event has been sponsored. It is for pupils of the first through the fourth grades, and competition ends with the school contest, the junior champion being ineligible to compete for the grand championship. Junior champions will, however, each be awarded a certificate significant of junior spelling supremacy of their respective schools.

Seven of the pupils entered are third graders, while 21 are in the fourth. They are taught by Amy M. Johnson. They are named:

Third grade—Earl Blanchette, Viola Counterman, Eugene Gardner, Dorothy Eagle, Leonard Mleeik, Francis Lehoullier and Mike Stoykovich.

Fourth grade—Mary Bakran, Mary Lou Bladec, Catherine Bleckham, Beatrice Burby, Dolly Cernich, Robert Decent, Olive Eagle, Delphine Gardner, Ethel Goodough, Grace Goodreau, Ruby Krasich, Wilbur Leonard, Helet McClusky, Mildred Michaud, Raymond Michaud, Joyce Noel, John Pinar, Eunice Peterson, Dorothy Schwartz, Mildred Thorsen and Edward Wescott.

St. Francis Hospital

Patients who are convalescing include: Lionel Preseau of Spaulding, Mrs. Martin Birk of Fayette; Wm. Thienen of Rock, Wm. Schultz of Shafter, Henry Cooper of McFarland, Richard DeShambeau of Wells, Robert McDonald, Mrs. Elias Garrett, Mrs. Henry Blake, Second Ave. North; Mrs. Chris Johnson, Gerald Nelson, Miss Sophie Perow, Mrs. Thomas Arbrey, James A. Patients who have been dismissed include John Vande Welle, 510 South 14th street; Mrs. Rudolph Larson, Mrs. Ferris Elias, Miss Olive Martin, North 14th street, Robert Sterrett and Carrol Augustson.

3 Men Arrested

Cedarville—John Resh, of Cedarville, was severely beaten in a drunken brawl at 1:30 this morning. He called the sheriff's office but his action proved to be boomerang.

Today three men, Resh, John Serviss and William Baker were under arrest at St. Ignace as a result of the brawl. According to information given out by officers, Resh was engaged in a fight at his home and, finding himself getting the worst of it, he went to a neighbor's house to use a telephone to call officers. Officers said he had a gun.

A General Now

Houghton—Wal Kyl Woo, a graduate of the Michigan College of Mining and Technology, class of 1916, recently accepted a position as general in the Chinese army and is taking an active part in the present Japanese-Chinese engagement. Woo was one of several Chinese students who were sent to America to study in American colleges after the Boxer rebellion. He was superintendent of one of the largest iron mines in the Hoodan district, but recently resigned to accept a commission in the army.

City Salaries Cut

Ironwood—Changes made by the city commission in the tentative budget for the fiscal year beginning March 1 call for reductions in the pay of city employees ranging from \$5 to \$75 a month. Most of the reductions amount to \$10 a month in the case of salaried employees and 10 per cent for day laborers.

The salary of the city manager was increased \$400 a year, from \$3,600 to \$4,000. The manager's salary was cut last June from \$5,000 to \$3,600 at the time other cuts were made.

Case Dismissed

Marquette—A motion by defense counsel that a verdict of no cause of action be directed in the \$20,000 damage suit brought by Mrs. Lillian Rytkonen against Dr. Salvatore Lojaco, superintendent of Morgan Heights sanatorium, was denied Saturday afternoon in circuit court by Judge Frank A. Bell.

H. O. Harbour, counsel for Dr. Lojaco, asked for a directed verdict after several Marquette county physicians, who have given medical testimony for the plaintiff, denied, on cross-examination by Mr. Harbour, that "personal animosities and feelings" prompted them to take the stand against a member of their profession.

In his questions, Attorney Harbour implied that there seemed to be a general effort on the part of some of the doctors to cast aspersions upon Dr. Lojaco and other surgeons who treated the late Alfred Rytkonen, but each question met vigorous denial.

Church Destroyed

Republic, Mich.—The Finnish Lutheran church was demolished here early this morning by fire, believed to have been caused by a defective chimney, with a loss estimated at \$18,000. Only \$5,000 insurance was carried on the building.

The blaze was discovered at 7 o'clock this morning by Henry Kangas, church janitor who turned in the alarm.

Pioneer Resident Breaks Arm in Fall

Mrs. Ulrika Abrahamson, 800 First Avenue South, a pioneer resident of this city, fell at her home Sunday evening about six o'clock and fractured her left arm.

Mrs. Abrahamson fractured her right arm eight years ago, and fractured her leg in 1927. While in Chicago last fall she fell and injured her back. Mrs. Abrahamson is 82 years of age and has lived in this city since June 24, 1871.

If You're Suffering from Stomach Trouble Take DI-JO

You nor anyone else can obtain relief from stomach trouble if you continue to pack your stomach full of indigestible food.

Hearty, rich, heavy meals poison those whose stomachs are weak, but there is a way out. A lighter diet of fruits, milk, green vegetables, eggs and the like will give the stomach a chance to revive.

DI-JO

Believed by many to be the best digestive remedy obtainable will not only revive the gastric juices but it will actually assist in the work of digesting the food while the stomach is regaining its vitality. It will work while the stomach, overworked and debilitated, rests. The stomach needs rest and when it doesn't get it, it rebels and cries out in no uncertain terms.

Stomach ills such as heartburn, belching, gas pressure so great that it affects the heart, sour stomach, nausea, and all the kindred ills can be cured. But—you can't eat or drink anything you want to. You've got to be reasonable with your stomach.

We Especially Recommend Di-Jo To You Because It Has Cured Many People

If the bowels are lazy get a bottle of Di-Vac. It was made especially to be taken with Di-Jo and it will eliminate the poisonous matters from the intestinal tract thoroughly and completely. Take it only for a few days. Not that it will hurt you but simply that it will not be necessary to take it very long, if you eat the right food and assist the stomach with Di-Jo.

Here is the right formula for a well stomach:
Eat fruits and green vegetables and drink plenty of milk.

Favorite Recipe

Betty Ann

The codfish recipe sent by a Gladstone reader in answer to the request appearing in the Betty Ann department, follows:

Codfish Dish
As a variation do not break codfish into bits but cut crosswise into helpings. Soak one or two hours in cold water, then simmer in butter or substitute until tender. Put on platter or any handy dish that may be set in oven. The fish in center. Have ready well seasoned mashed potatoes and buttered peas. Arrange potatoes around fish in ring, then peas. Pour over this a drawn gravy made with one-half cup butter and one large tablespoon flour creamed together well and poured over boiling water to the thickness of good cream. Dice into this one or two hard boiled eggs and pour over fish. Then cover all with well buttered and browned bread crumbs. Set in oven to reheat and serve in same dish.

A little ground cheese may be sprinkled over all to add to flavor.

Meadows-Olsen
One of the prettiest home weddings of the month of February took place on Saturday, February 27, at Bark River, uniting in marriage Miss Elizabeth Ruth Meadows of Chicago, and John Rudolph Olsen, son of Mr. and Mrs. John Olson of Bark River.

The ceremony was performed at the Olson home at six o'clock, Rev. Hogberg officiating. The bride was attended by Miss LaVerne Nelson of Escanaba as maid of honor, and Clarence Olson, elder brother of the bridegroom, was his attendant.

The bride's gown was a lovely model of chartruese chiffon, fashioned of formal lines, and elbow gloves and slippers of chartruese, and she carried a shower bouquet of roses and lilies. Her maid of honor was becomingly gowned in pale green crepe with matching slippers, and she carried a bouquet similar to the bride's.

A wedding supper served at the Olson home followed the ceremony. Mr. and Mrs. Olsen will remain here for a week's visit before going to Chicago where the bride will reside.

The bride is the daughter of the late Persefield Southmor Meadows and is a former student of Northwestern university, Evanston. She is a member of Delta Chapter, Phi Chi Theta sorority. Mr. Olson, who is a junior member of the Society of Automotive Engineers and who is with the Studebaker corporation, was a resident of Bark River before locating in Chicago.

Out-of-town guests at the ceremony on Saturday included Mrs. S. Nelson, Escanaba; Miss M. Olson, Chicago; Mr. and Mrs. Fred Olson, Iron Mountain; Mr. and Mrs. A. Olson and Bernard Olson, Iron Mountain.

When making or buying a dress that uses buttons as trimming, be sure to lay in two or three extra buttons. The dress that never sheds a button is practically unknown and us try to shop around afterwards to match up some novelty button. This precaution saves time and temper.

Eighty-Year Ban On Dancing And Cards Is Lifted

Tiffin, Ohio (AP)—Blue rhythm has ended an 80-year reign of blue laws at Heidelberg college.

And it was a gleeful assemblage of co-eds and college men that pried off the lid restraining student social functions.

Most of the 350 students of the school danced and played cards for the first time in school history when they enjoyed this new freedom.

Discontent bubbling under a lid of restrictions clamped down in 1851 and uncompromising in effect in 1931, had kept the lid jiggling for some time.

The burning of a small campus building, stoning of windows in the office of President Charles I. Miller and a paint pot sortie which left sedate college buildings decked out in motley though rakish colors, occurred during sporadic outbreaks of recent years but had no effect. No dancing, no card playing, no smoking—restrictions placed on the school when it was founded four score years before by the Ohio synod of the Reformed Church of the United States in conformity with strict tenets of the Swiss and German reformation—remained in force.

Then last year along came an "issue" which welded student action. The contract of the popular professor, Dr. Newell W. Sawyer, was not renewed, despite petitions signed by a majority of the students.

Discontent flared into rebellion. Discurbances shook the campus lid. The revolt won for the students an undergraduate committee to meet with the trustees.

An agreement was reached—bans against dancing and card playing were taken off. The ban against smoking remained.

Yet another hurdle remained. The Ohio synod must approve. At length the sanction was given.

Application of the new liberties is left to a committee of eight students and a dean of women. The dances and card parties must be held in the campus building, and admission is limited to those connected with the college.

So Heidelberg swings along the road to modernism—on dancing feet.

Church Events

Theatres

AT THE DELFT

The romantic tale of Joan Crawford and Clark Gable in a dramatic story of a factory girl who becomes the toast of Park Avenue makes an engrossing talkie of "Possessed," which will come to the Delft Theatre for two days.

The picture was adapted from the Edgar Selwyn stage hit, "The Mirage," and was directed by Clarence Brown, who last filmed the Norma Shearer success, "A Free Soul."

Miss Chawford's role as the girl who turns down the man she loves, in order to leave him free to become the governor of his state, gives her every opportunity for a display of her dramatic prowess.

Her transformation from a plain factory worker to a member of the leisure class entails sixteen costume changes. The story also entails a number of spectacular scenic backgrounds.

The star sings a new song in this picture, "How Long Will It Last?" which title in itself gives away much of the plot.

Gable is seen as the candidate for governor. Wallace Ford, popular New York stage leading man, makes his screen debut in this picture as Gable's rival for the affections of the heroine.

The supporting cast also includes the amusing Skeets Gallagher, Frank Conroy, Marjorie White, John Miljan and Clara Blandick.

Beauty and Optimism

BY ELIZABETH ARDEN
Beauty and optimism go hand in hand. There has been a time when by making the most of themselves women could do so much to cheer the world, chase despondency and help bring back prosperity.

Wake up and help the world right itself. There have been bad times before and often it is largely a matter of psychology. There are a thousand ways in which by helping others we may ultimately help ourselves. Should the standard of living be lowered? Personally I don't think so. High ideals and high standards make for endeavor and accomplishment.

The greatest problem to all workers is rent. The rent must be paid! Rents have been out of proportion. Lowering rents would lift the primary burden that oppresses everybody today.

Food is the next most urgent item. People eat too much and too richly. If we eat less and more wholesomely, not only our pocketbooks will profit but we shall be able to do better work. I think people should eat lots of fruit, vegetables and salads; less meat and not too many desserts. It is better to rise from the table a little hungry than overfed.

One of the chief obstructions clogging our national activities is the instinct to hoard. Miserliness has never brought happiness. Spend for others, as that is the true secret of inner joy. Give parties, particularly for those who cannot afford them themselves.

The miser who hoards his wealth is cutting his own dividends. Money must be spent. A statistician recently proved that if every woman spent fifteen cents a day more than necessary, it would create jobs for two million people.

This is the moment to buy. A wise woman should take advantage of the opportunity to replenish her home and her wardrobe at unhoped-for prices. Buy new clothes; give your last year's clothing to less fortunate women. Make yourself and others attractive.

Activity is the most potent medicine of all. The really busy person has no time for depression. So be busy and keep those around you busy. Every employer should employ at least one more person than he really thinks he needs.

So give—spend—and above all, smile. Smiles are twice as important today as they are in normal times. They are more contagious than gloom. Don't talk pessimistically. Don't think pessimistically. Don't put off until tomorrow the problem you should meet today.

Come on, women of America, let us smile. Let us work. Let us be cheerful—beautiful! Let us spend well and wisely. The crisis has passed. America is improving in health. It is up to us to do the necessary nursing that means its recovery.

(EDITOR'S NOTE: This is one of the series of articles concerning what the women can do to end the depression, which are being reprinted by The Press through the courtesy of the Ladies' Home Journal.)

Senior High Has Busy After Easter Program Planned

The calendar of important events at the Escanaba senior high school to be held following the Easter holidays is rapidly nearing completion. On April 1, the musical comedy, "Miss Cherryblossom," will be held. In close succession follow the Junior Prom and the Senior play on April 8 and 15.

Commencement activities will start with Honor Day on June 3. The final week of school will be crowded with events, Baccalaureate Sunday will be on June 5, Class Night on June 7 and Commencement on June 9.

Births

A daughter was born Monday at St. Francis hospital to Mr. and Mrs. Clifford Frasher, 213 North Tenth street.

Pastor Supplies Recipe for Beauty

Christchurch, England, (AP)—A hard time beauty recipe has been presented by the parishioners by the rector, Canon W. H. Gay.

"Wash your face in hot water, using ordinary soap," he advises. "Fill a jug with boiling water and, putting a towel over your head, hold your face over the jug, thereby permitting the imprisoned steam to penetrate into the pores of your skin."

"Finally, bathe the face with ordinary cold water, using no soap."

Afternoon Frock Black and White

Washington (AP)—Katherine Lamneck, daughter of the representative from Ohio, combines black and white in an afternoon dress of black crepe.

Half of the girde is of white kid and half of black crepe. It fastens with a large white buckle. The square neck is finished with a lace collar.

DISPLAY AND DISMAY
WIFE: Hurry up, can't you? I simply must go out and show off my new fur coat.
HUSBY: Wait a minute. I simply must cut the fringe off my coat cuff.—Vart Hem. Stockholm.

WOOL FROCK

Paris, (AP)—Miss Marjorie Oelrichs, who is widely known in New York society, appeared at a recent fashionable tea here in an afternoon gown of black velvet and chiffon designed with very short sleeves. The velvet and chiffon were woven in one piece with the result that no seams were evident in the design of the frock.

Velvet, Chiffon Gown Hides Seams

Washington, (AP)—Long silver earrings with tiny silver bells which tinkle as the wearer walks or turns her head are being seen and heard here.

Earrings Have Tinkling Bells

The earrings are made abroad, and their dainty chimes are so soft that the sound is hard to locate immediately.

Senior High Boys Form Chorus for Musical Comedy

The musical comedy "Miss Cherryblossom," to be presented by the high school in the William W. Oilver Memorial Auditorium on April 1, is dependent for many of its pleasing musical effects upon the choruses which support the principal characters. The choruses appearing in the production are members of the glee clubs of the Junior and Senior high schools.

The Boys' Glee club of the Senior high school will be in the American Chorus of "Miss Cherryblossom." This group of boys has been organized under the direction of R. P. Bowers and is now practicing on the songs to be used in the coming play.

Members of the glee club are: Edward Lucas, Kenneth Thompson, Eugene Hansen, Leonard Olson, Glenn Sandberg, Elmer Nelson, Dale Vinette, Irwin Peterson, Richard Carlton, Don Belanger, Arthur Olson, Milton Swanson, Edward Arnsen, Jack Durancuau, Ralph Rose and Tom Wilkinson.

Anniversary Is Observed Monday

A leap year birthday anniversary was celebrated Monday, February 29, by Charles Richards, of 810 South Eighteenth street. There was no special celebration of the day, outside of a gathering of close friends and neighbors who called to extend their congratulations. Mr. Richards is one of the three Escanabans who celebrate birthday anniversaries on February 29, the other two, Mrs. Libbie S. Anthony and George Stewart.

Theatre Dinner

Miss Doris Elaine Wygal was hostess to several of her friends at a dinner party at her home Saturday evening in observance of her eleventh birthday anniversary. Dinner was served at 6:00 o'clock with covers being laid for twelve. Table decorations were carried out in pink and white with the center-piece being an attractively decorated birthday cake. For favors each little guest received an Easter basket filled with little candies.

Between dinner and theatre time the girls played many interesting games. In the peanut race, Helen Lou Ludlow received the first prize and Margarite Soder, second.

Miss Doris received many lovely gifts from her friends, mementos of the occasion.

The guests were Helen Lou Ludlow, Priscilla Powers, Star Hopkins, Virginia Tatum, Kathleen New, Helen New, Evelyn Graham, Margarite Soder, Edna Rowe, Peggy Weber, and Helen May Wygal.

Leap Year Party

A very delightful leap-year party was given Saturday evening by Miss Doris Schurrer at her home on the River Road. Dancing provided the diversion for the evening, at the close of which refreshments were served.

At the party were the Misses Audella Richards, Sue Arrowood, Esther Arrowood, Muriel and Charlotte Anderson, Roxie and Edith Brock, Aileen, Onota, and Zada Murphy, Demaris Anderson, Linnea Wall, Gladys Chenoweth, Doris Schurrer, Celia Duquette, Eleanor Wood, Fern Rice, Clara Hamill, Emma Mulhaupt, and Marijane Barton; and the Messrs. York Anderson, Harley Brock, Alfred Murphy, Robert Nelson, Clayton Schurrer, Robert Arrowood, Vertel, Mark, and Neely Schurrer, Walter and Norman Duquette, Ernest Anderson, Claude Jewett, Isaac Pawley, Mylon Bunker, William Anderson, Carl Yoder, Danille Hamill, William Wood, and Richard Wilde.

Birthday Party

Miss Helen Cayla was guest of honor at a party given at her home Saturday evening in celebration of her birthday anniversary.

Bunco was played during the evening with Helen Abramson receiving high score, Carol Lavigne, second high, and Helen Chapman, consolation.

The color scheme for the table decorations, refreshments, and favors, was cleverly carried out in pink and green.

BOWLING NOTES

SOUTHPAWS TAKE TWO
The Paper Makers dropped two out of three games to the Southpaws Friday evening at the Elks alleys despite the excellent bowling of McNamara who rolled three counts above 200. The Southpaws took one game by five pins and dropped another by 12. Jim Wood was high man for the winners while McNamara and Henschell showed the way for the Paper Makers. The score:

GAMES THIS WEEK.

Monday—Christiansens vs. Sinclair Oils.
Tuesday—No game.
Wednesday—Lauermans vs. Sinclair Oils.
Thursday—Christiansens vs. Nortons.
Friday—Johnson Grocers vs. Drevehals.
Johnson Grocer-Norton Special contest to be played on one of above nights.
Winning both of their games last week, the Sinclair Oils stayed perched at the helm of the city amateur basketball league with a perfect record of six games played. Lauermans, however, are setting a hot pace for the leaders by virtue of having won the same number of contests, but have a defeat to mar their record. The other team in the first division, the Norton Specials, made good in their only game of the week.

The Drevehals found the going exceedingly tough last week when they dropped three straight games. The Sinclair Oils, Lauermans, and Nortons found them to be easy prey. Christiansens and Johnsons, with only one game scheduled, almost scored upsets in their games with the league leaders, but did not quite have the punch to put over wins. Christiansens came within one point of tying the strong Lauermans quintet, while the Johnson Grocers almost slipped a defeat into the perfect record of the Oils when they lost 24-22.

A game which will have considerable bearing upon the final outcome of the league race will be Wednesday's game between Lauermans and the Sinclair Oils. The Oils tipped Lauermans for their only defeat thus far and the latter are determined to even the count and climb into a tie for first place.

All of the games last week drew exceptionally large crowds, proving that basketball is far from a dead issue in this city.

Lauermans defeated Drevehals Friday evening, 34-16. Bill Berger led the victors with eight field goals while C. Barnes garnered eight points for Drevehals. The score:

Business Men Hold Mass Meeting at High School Tonight

A mass meeting at which all leading business men are urged to attend, will be held tonight at 7:30 o'clock at the high school auditorium.

Plans for cooperative trade extension drives which were outlined Friday by the Trade Extension committee will be submitted to the merchants for their approval. Frank E. Lied, chairman of the committee, will preside at the meeting. All business men of the city are urged to attend as several important matters will be discussed.

City in Darkness As Switch Burns

For about a half hour early Friday evening Manistique went back to the period before the advent of electricity, except for the fact that most of the light came from the glow of candles instead of kerosene lamps. Lights went out all over the city as a switch burned out at the power plant.

As the unfortunate occurrence happened during the supper hour, folks having electric ranges ate cold suppers by candle light. The trouble was soon located, however, and at 6:15 o'clock electricity was again available.

Gladstone Boy On World Tour

Hong Kong, Manila, Singapore, Alexandria, Suez, Naples, Genoa—what thrills those names give a person; and to think that you could see all of them, be in all of them within the space of a few months. Sounds like a lead to a pre-ve of a movie thriller doesn't it? But it isn't—it's just a few of the towns that are being visited this winter by a Gladstone boy.

Floyd Gabrielson, a month ago a stranded American sailor in the port of Shanghai, in the midst of war and without a sou, is the chap who has made this tour of the orient—in fact he is enroute around the world. Today, according to the schedule which he mailed from Hong Kong, he is in France and on the 17th of March he will be in Boston, touching American soil for the first time since he left Seattle several months ago on Danish tramp bound for Shanghai.

Gabrielson left the Danish boat at the oriental city, hoping that he might secure a berth on a steamer homeward bound. He picked a good time to visit Shanghai for he had not been there long until he was forced to seek refuge with the American consulate.

Through the efforts of the Consul, Gabrielson after several days secured a seaman's job on the steamer President Monroe, enroute around the world. He sailed from Shanghai on Jan. 24 and the letter received by his parents in Gladstone last week was written on the boat enroute to Hong Kong.

After reaching the eastern coast, the steamer will continue its way to our western coast by way of the Panama canal. Gabrielson writes.

SOO LINE WANTS SURVEY OF CITY

Industrial Change May Be Advantageous to Gladstone

An industrial survey of Gladstone and an effort to secure industries for the city may be made this year in connection with the industrial survey of the Soo Line system now being made by Pace, Inc., Chicago. The Soo Line plans, now being carried out, were made known in Gladstone yesterday, when W. W. Pace, member of the firm, addressed the Rotary club of Gladstone.

According to Mr. Pace, his firm is being employed by the Soo Line to make a survey of the various cities on its system, for the purpose of determining the advantages and disadvantages of the various communities from the industrial standpoint. This information is given out to industries which are seeking locations more in keeping with their needs.

Pace, Inc., has been in the employ of the Soo Line for about a year and during that time have made arrangements for surveys of the communities on the line between Chicago and Minneapolis. They have also had charge of the industrial survey for the Illinois Central railroad, of the Central Manufacturing District of Chicago and Los Angeles and were identified with the program that gave Washington its model city, Longview.

In his discussion of industrial activity of the future, Mr. Pace stated that the decentralization of industry was giving the small towns the greatest opportunity in their history, provided they had the natural advantages of good transportation facilities, raw products, labor supply and other essentials to industry.

"During the next five years," he said, "the country will see the biggest industrial movement in its history. Firms, during the past two years, have learned that they must be located right to make a profit. They must be near to their source of raw materials and at the same time convenient to their market.

"Now is the time," he continued, "to prepare for this movement by securing an analysis of what you have and what you have not to offer these industries. Proper organization and proper leadership is essential to success."

The speaker pointed out that it was not the intent of the Soo Line or Pace, Inc., to attempt to force communities into an industrial expansion program. It was their aim, he pointed out, to cooperate with the communities and give them the advantages of the service for which the Soo Line was paying.

In their program the Pace company is making a survey as to the possibilities of reviving dormant industries as well as to secure the relocation of industries now disadvantageously situated.

It is a requisite of the plan under which they are working, Mr. Pace said at the close of the Rotary meeting, that the communities cooperate with Pace, Inc., and the Soo Line. If the community is not interested, he stated, there is little use of the Soo Line carrying on a survey of the city.

Doyle, Menominee Rotary Speaker Here Next Monday

W. F. Doyle, advertising manager of Lloyd's, Menominee, will deliver an address on Employer-Employee relations as a feature of the meeting of the Rotary Club next Monday, it was announced yesterday by J. F. Rickardson, chairman of the program committee of the club.

Mr. Doyle is an excellent speaker and the subject that he has been assigned is one which he is particularly well qualified to discuss.

The recent announcement that he would be a candidate for the State Senate adds interest to the appearance of Mr. Doyle here.

Special Meeting—Rev. H. W. Colenso, pastor of the Methodist Episcopal Memorial church announces that he will hold special services Thursday evening at 7:30, at which he will speak on "The Eccentricity of Religion."

Was a Order—The Wasa Order will hold a regular meeting Wednesday evening at 8 o'clock at the Legion hall. After the business meeting a social time will be held and luncheon served.

Members of the committee in charge are: Mrs. John Skoglund and Mrs. Chas. Erickson.

Lady Macabees—The members of Rachel Hive No. 272, Lady Macabees, will hold their regular meeting this evening at the Legion hall. All officers and members are expected to be present.

Summer Is Here Says Butterfly

This is the season of the year when tales come to the newspaper desk of "the first robin" and the other signs of spring. Robin stories have been scarce this year for the reason that winter has been so mild that the robins did not all find it necessary to go south.

That spring has come and gone and summer is here is indicated however, by the discovery of a large beautifully colored butterfly in the John Mathy garden yesterday by Mrs. Mathy. The specimen is 1 1/2 inches high and has the coloring of the variety so plentiful in late summer.

Star Colonial Dancing Party Well Attended

A large crowd was present last Saturday night at the Colonial dancing party given by the Minnewasca Chapter, O. E. S. Stars, Masons and their friends from Manistique, Escanaba and Gladstone were present.

The party was featured by the Colonial costumes worn by many of those who were present.

The members of the committee in charge of arrangements for the affair were, Mrs. C. W. Schuler, Mrs. Ray Gazley and Mrs. Clifford Murker.

ALBERT McQUIGGEN
Mr. and Mrs. John McQuiggen of Ishpeming, have been advised of the death of their son, Albert McQuiggen, who died Saturday morning at Andover, Mass., where he had been residing for the past year with his aunt, Mrs. Susan Connelly.

The parents were advised that the body was being shipped to Ishpeming.

The deceased was 27 years old and was brought up in Ishpeming. For two years before he went to Andover he lived in Milwaukee.

Besides his parents he leaves the following brothers: Dan, Frank, Gordon and Clarence, of Ishpeming; John, of Ironwood; William, Gladstone, and Percy, Milwaukee.

CHARLES ALFRED MAY

Funeral services will be held this afternoon at 2 o'clock for Alfred Charles May, 11-day-old son of Mr. and Mrs. Alfred May, Skelton Road, who died Sunday afternoon from pneumonia. Rev. H. W. Colenso will officiate at the services and interment will be made in Fernwood cemetery.

Charles Alfred was the only child of Mr. and Mrs. May, who are heartbroken over their loss.

THEATRES

"High Pressure" William Powell's second picture for Warner Bros., comes to the Rialto Theatre tomorrow. Advance reports from Coast previewers hail this film as a new departure for the popular star, an entirely different type of role which should win many followers.

For the last few appearances Powell has played the part of a ladies man or gigolo. Before that he specialized in playing Philo Vance, the famous detective, or other characters mixed up in underworld doings. At all times he has been suave, debonair and polished. In "High Pressure," however, he is reported to be a man of action, a fast talking, fast working super-salesman, a sort of combination Get-Rich-Quick Wallingford and Raffles. He shifts from Wall Street stock rooms to Park Avenue boudoirs without even changing his pace.

BRIEFLY TOLD

No Art Club Meeting—Mrs. Conan Fisher announced yesterday that there will be no Art club meeting either tonight or tomorrow evening due to illness of many of the members.

O. E. S. to Meet—A regular meeting of the Minnewasca Chapter, O. E. S., will be held this evening at the Masonic hall at 7:30.

1931 Plates Are No Good Today

Automobile owners who have not provided their vehicles with 1932 plates must tie up their cars or be subjected to arrest. Chief of Police Torval Kallerson announced yesterday. No extension of time will be granted, he said, owing to the fact that the legislature has already provided for two months of grace through setting the date at March 1.

A last minute rush for automobile plates yesterday swamped the local license agency at the Gladstone State Savings Bank and many who had put the matter off were forced to stand in line for several hours. The number of plates issued during the day set a new record for the city.

School Attendance Cut By Sickness

Seventy-six students were absent from their classes in the Gladstone high school yesterday because of colds and mild attacks of flu. No serious cases are reported.

Included in the group of absentees were Damitz, forward and Jahne, guard of the basketball squad. Should their illness continue through the week, it will practically nullify Gladstone's chances of victory in the district tourney to be played here this week.

SALARY CUTS FOR TEACHERS

General Reduction in Pay Provided in Contracts For Next Year

Provision for a general cut in salaries for Gladstone teachers was incorporated in contracts mailed to members of the teaching staff yesterday, according to information secured from Superintendent of Schools A. R. Watson. The cut will range upward to 5 1/3 per cent, based on present salaries. The minimum and maximum salaries to be paid were also reduced by action of the board, which provides that new teachers shall be paid \$100 less annually than heretofore and the maximum was also reduced \$100 yearly.

The contracts must be returned to the board of education, properly executed on or before April 4, according to Cupt. Watson. Positions of teachers who have not executed their contracts on that date will be considered vacant.

According to members of the teaching staff the cut is being accepted without opposition, and the greater proportion of the present staff will be engaged for the coming year.

Wolverine Cagers Trounce Badgers by 33 to 13

CAPT. DANIELS LEADS SCORING

Wisconsin Quintet Fails To Get Field Goal In First Half

Ann Arbor, Mich., Feb. 29 (AP)—Wisconsin's Badgers were trounced 33 to 13 by a smooth working Michigan basketball team here tonight.

The Wolverine defense functioned so well that Wisconsin failed to make a field goal during the first half and was limited to four in the second period. Captain Norman Daniels had a great night on the floor and under the basket and added 13 points to his scoring total with five field goals and three free throws.

Michigan assumed a lead soon after the opening whistle and continued to pile up her margin through the two periods despite numerous substitutions. The Badgers had few chances to shoot from close in.

The Badgers failed to make a field goal during the first half. The tight Wolverine defense hardly allowed them a shot from in close. Wisconsin led by 1 to 0 when Griswold sank a free throw in the first few seconds of play, but Daniels tied the score. Evland sent the ball spinning through the hoop from the field, and Michigan proceeded to pile up a lead. The Michigan offensive was working to precision, but the home team failed to take full advantage of Wisconsin's ten personal fouls during the period. Daniels' first field goal, followed by a free throw, made the score 6-3, and Williamson dropped a long tom into the basket from the side of the court.

Wolverines "Hot"

Daniels sank one of his one-handed tries while pivoting to make the Michigan lead 10 to 4, and Weiss followed with two free throws. Daniels again scored from the field and Evland dropped a long tom and followed with a free throw to make the count 17 to 4. Wickman's second point from the foul line made the score Michigan 17; Wisconsin 4 at the half ended.

Capt. Stan sank Wisconsin's first goal a few seconds after the start of the second period, but Petrie and Weiss sent the ball into the basket to make the score 21 to 7, and Daniels made good on a free throw. Wickman and Nelson then connected for the Badgers to bring their score up to 11 before Allen's free throw, followed by field goals by Shaw and Petrie made the count 27 to 11. Nelson scored again from the field, followed quickly by a long shot by Ted Petoskey.

Daniels sank two field goals during the last minutes of play to boost his total points to 13 and give Michigan the long end of a 33 to 13 count as the final gun sounded.

GUNNERS MAKE HIGH SCORES IN SPITE OF WIND AND RAIN

Shooting in a nasty rain and against a deceptive cross wind a dozen of Escanaba's ineffectual shotgun addicts took part in a varied program of singles, handicap and doubles shooting that resulted in some fine scores and on the other hand saw some averages go glimmering.

In the singles shooting the Brotherton family brought down the birds for the high scores. E. L. Brotherton's 22-24 was high from the sixteen yard line. Hugh Jr., was second high with scores of 22 and 23. In the handicap H. O. Brotherton, shooting from 23 yards scored a 23 for high, E. L. Brotherton, from 21 yards broke 22 and George Lehr also from 21 yards powdered 20.

Lou Villemar, who has held an average of 24 out of 25, shot another 24 on the first round but fell, a victim of the weather, to a 19 on his second round.

The doubles high score was by J. T. Sharpsteen who had only three misses out of 12 pair of birds he was followed by H. O. Brotherton with a 20 and George Lehr and H. H. Anderson with 18 each.

Rangers To Play Away From Home, New Management

Under new management the Escanaba Rangers basketball team will play their out of town schedule before making their first appearance at home since their reorganization, it was learned yesterday.

Harold Gessner has taken over the management of the Rangers. Charles Byrns who formerly handled the Ranger basketball activities, resigned a few weeks ago because of the press of other business.

Mr. Gessner announced last evening that efforts are being made to secure at least one outstanding basketball attraction for presentation in this city, later in the season.

The reorganization of the Escanaba affairs is not expected to seriously affect the squad personnel or team strength. On Wednesday the Rangers will play at Manistique and will play the Soo at the Lock City on March 8.

BRUNELLE SEES ST. JOE VICTORY

Parochial Coach Expects His Team to Win From Gladstone

St. Joseph has decided as long as it's impossible to break the jinx that thrives them against Gladstone every year in the first round of the Class C tournament, they'll turn their efforts to vanquishing the Upiay crew in order to advance in tournament competition.

The Parochials have picked Gladstone for six consecutive years in the first round games and each season they have bowed to the Keilmens. Coach Brunelle expects to crack that string of victories this week.

The Parochials handed the Gladstone boys a real scare before the Upiays sneaked out a two-point margin over Brunelle's squad earlier this season. The Escanaba men believe they can "take" the Keilmens now.

In order to get used to the court at Gladstone, Brunelle ordered his men over to Gladstone for a workout last evening.

Davis and Rudness will officiate the Gladstone tourney.

Tourists Quitting Tents for Cabins

Minneapolis, (AP)—Tent tourists camps are giving way rapidly before the development of cabin camps, the Ten Thousand Lakes Association of Minnesota has found.

Motoring tourists lay more emphasis on comfort than formerly, it was found. In the tent camps carrying wood, water and driving extra stakes to hold the canvas down on windy nights was considered part of the sport of "roughing it."

The newest generation of tourists wants hot and cold running water, gas for electric cooking equipment and assurance that sleep won't be disturbed by winds, rains or bears, the association discovered.

YANKS FROLIC AROUND BASES

Ruth Dominates Opening Of Full Drill for New York Club

BY ALAN GOULD (Associated Press Sports Editor)

St. Petersburg, Fla., Feb. 29 (AP)—Led by the twin monarchs of home run slugging, Babe Ruth and Lou Gehrig, the New York Yankees put on their first full spring drill today for the benefit of some 5,000 non-paying fans, a full battalion of photographers and a corps of experts.

The experts consider this expensive outfit the one most likely to dislodge the Athletics from the American League peak this year.

Just to make the opening ceremonies official, Ruth, in uniform for the first time, almost punctured the high water-tower with a foul ball, pounded one of his typical home run balls into the palm trees bordering the lake beyond center field and easily dominated the whole affair.

"That's the hardest work I've done this year," puffed the Babe after he had run around the bases a half dozen times. Whereupon he retired to rest and express his approval of the rookie stars performing under the direction of Manager Joe McCarthy and First Lieutenant Jimmy Burke.

S'ez Me
by Ken Gunderman

Before starting our ramblings today, we'd like to take issue with "Sonny," Sonstyn, Ironwood's sports oracle, who registers a complaint in the Ironwood Daily Globe, to the effect that upper peninsula athletic fields have no press boxes for convenience of sports writers. Sonstyn mentions U. P. cities in which he has covered football games, including Escanaba, and reports that none of these cities had press boxes for the convenience of the reporters.

Nevertheless, fans can't help but regret the action of the upper peninsula officials in making their decision not to send representatives to the lower peninsula to compete for the state championship. In past years U. P. schools coped more than their share of stage, tilts and also tended to prove to many "doubting Thomases" who live below the straits that the upper peninsula athletic teams are not just gangs of palookas.

The reason why Sonny did not make use of the Escanaba press box is because when he was at the Escanaba athletic field, he occupied a seat on the players' bench with his Ironwood Polar Bears. He is manager of the team so naturally could not leave his players stranded while he enjoyed the conveniences of the press box. But it's here, Sonny Boy, and if you doubt it, ask the hundreds of Escanaba fans who have tried to crash in when rain was pouring during football games.

The Eskymos will make their opening bid this week for the U. P. basketball championship in Class B competition. On Friday they will play the Menominee Maroons and are expected to advance without too much difficulty to the Saturday evening finals. Their Saturday opponents, barring an unexpected turn of events, will be Iron Mountain.

By defeating Menominee, the Eskymos will qualify for one of the eight places in the Class B regional tournament at Ishpeming the following week. The Saturday night finals here will decide the district championship, but both teams in the finals, probably Escanaba and Iron Mountain, will qualify for the regional.

Besides the district tournament at Escanaba, other places where Class B districts meet will be held this week in the peninsula are Marquette, Houghton and Ironwood. The finalists in each of these tournaments will meet in the regional at Ishpeming to battle for the Class B championship of the peninsula.

Upper peninsula champion-

will not compete in the state finals at East Lansing this year for the first time in many seasons. One reason advanced for this change is to cut expenses. Another is that school principals contend that the normal status of the school activities is disrupted for a week before and a week after the basketball tournament.

DRAWINGS MADE AT RAPID RIVER

Four Teams Entered in Class D District Tournament

Rapid River, Feb. 29 (Special)—Four teams will enter the Class D district tournament here this year instead of the usual six entrants, it was learned when the drawings for the tournament were made today.

Rock, in past years one of the outstanding teams in the district meet, has advanced to Class C competition this season while Garden has decided not to enter this year's events. The Garden team has been disbanded.

The tournament drawings were as follows: Rapid River vs. Treary; Cooks vs. Nahma. Rapid River and Cooks were seeded teams.

Preliminary games will be played on Thursday evening with the finals and consolation games on Friday evening.

Arnold Johnson of Escanaba will referee.

Palfrey Sisters Beaten In Bermuda

BRUSHING UP SPORTS By Laufer

THEY ALL LAUGHED WHEN FLINT RHEM vowed that his affection for a teammate caused him to break training rules. Old Grover Alexander, star pitcher of the Cardinals, had the habit of nightly meandering and Rhem always kept him company. Alex evidently could stand up under more pressure than Flint—and when Flint came to the park in no condition to pitch, he said he had kept temptation from Alex by consuming it all himself. An even louder laugh was afforded by Flint, when shortly before the 1930 world series, it was reported he had been kidnaped by mysterious strangers and forced, at the point of a revolver, to imbibe that which does a noble athlete no good. The Cardinals were in the stretch drive for the pennant and it cost Manager Gaby Street restless hours. It cost Flint a stiff fine, but he got a chance to pitch in a world series game.

DISTRICT MEET HERE THURSDAY

Manistique, Kingsford to Play First Game of Tournament

The district Class B basketball tournament to be held in Escanaba this week will swing into action on Thursday evening at the junior high school gymnasium with Manistique and Kingsford opening hostilities in the tournament proper. As this is the only tournament game carded for Thursday evening, it is probable that a fast preliminary game will be scheduled to complete the evening's card.

The winner of the Thursday evening game will play Iron Mountain and Escanaba will oppose Menominee in Friday evening encounters. The winners of these two games will meet in the tournament finals on Saturday. Dopesters have conceded Iron Mountain and Escanaba places in the finals.

The financial arrangements for state district tournament games are as follows: Cost of officials, trophies and two basketballs will be deducted from gross receipts before any division of proceeds is made. The balance is divided 20 per cent to the entertaining school, 70 per cent to competing schools for expenses, and 10 per cent to state association. Any possible surplus after this division is made is divided with 25 per cent to the entertaining school and 75 per cent to the state association.

Friedl of Soo and Dewey Urquhart of Ishpeming are tournament officials.

BOXING

Paris, Feb. 29 (AP)—Primo Carnera, Italian giant, outpointed Pierre Charles, Belgian heavyweight, in a ten round bout here tonight.

Philadelphia, Feb. 29 (AP)—Young Firpo, of Penns Grove, and Harry Dubsinsky of Chicago battled to a draw in 10 rounds tonight. The Chicagoan had a two and a half pound weight advantage over Firpo, who scaled 136.

Chicago, Feb. 29 (AP)—Iowa defeated Chicago, 46 to 28, tonight in the roughest game of the Big Ten basketball season, for its third conference victory.

A total of 42 personal fouls was assessed, 23 against the Hawkeyes and 19 against Chicago, and each team suffered disqualification of three men.

In Ball Camps

A'S ARE ACTIVE

Fort Meyers, Fla., Feb. 29 (AP)—All but two of the Athletics are in camp now and the ball park hummed with activity today. The only two absentees are Al Simmons and George Earnshaw, who are training in Hot Springs, Ark. There will be an "added starter" when Joe Boley, who was sold to Cleveland but returned to the A's by Judge Landis, arrives here March 10.

The latest arrivals are "Second Baseman Max Bishop, Mule Haas, Ed Chocki and Don Robertson. Bishop brought along a rubber shirt to help take off the extra 15 pounds of flesh he is carrying.

REPORTING RAPIDLY

Biloxi, Miss., Feb. 29 (AP)—Indications were today as the Washington Senators' pitchers and batters went into action that most of the team will be on hand for duty well before the week is out.

Dave Harris, over whom there is speculation as to whether he is for sale, has sent word he will start for camp not later than tomorrow. Joe Cronin, shortstop, likewise has written he is anxious to get going, and Sam West is headed for Biloxi. Buddy Myer, second baseman, arrived to get the signing business confined to West, Heine Manush and Joe Judge.

STILL ENROUTE

Bradenton, Fla., Feb. 29 (AP)—Manager Gaby Street had planned a long round of batting practice this afternoon to celebrate arrival of the Cardinal regulars, but only three reported so the old sergeant postponed the slugging workout with much grumbling.

Joel Hunt, George Watkin and Bob Parham, outfielders, were the only athletes who joined the batters who had been working for a week. Not a single infielder was in camp and the only catchers were Leo Dixon and Mike Gonzales.

'STIQUE READY FOR RANGER 5

Escanaba Quintet Plays At Schoolcraft Seat On Wednesday

Manistique, Feb. 29 (Special)—The game all Manistique basketball fans have been waiting for the past two months will be played here tomorrow evening when the Escanaba Rangers, the only team to defeat the locals this year, are scheduled to meet the Manistique Legion in what promises to be the most torrid battle held here in years. The game tomorrow will mark the first time that the new junior high school gymnasium has been opened for a semi-professional basketball game.

The traditional rivalry between Manistique and Escanaba will be doubly evident Wednesday evening as the locals are set upon wiping off the books the only loss incurred by them this season. The Rangers took them at Escanaba a month ago, when after the Legionnaires practically had the game "in the bag" the Escanaba put on a last minute rally to win by two points.

A quintet of familiar faces will appear on the local floor when the Rangers take the floor. Local fans in former years have seen the two Johanssens, the Warner brothers, and Dauber Draftz. Draftz appeared here two weeks ago in the lineup of the Oconto All Stars.

The opening whistle will see Jack Williams and Wassberg at the forward berths; Ralph Williams at the pivot position; and Bartman and Bergman working in the back court. Bill Cook will referee. The game will start at 8:30 p. m.

A preliminary game between the Lauerman Specials and Sinclair Oils will also serve as a stellar attraction for local fans. Both teams are up in the running for the city amateur league cage title and a victory for the Specials will put them in a tie for first place with the Oils.

May Play Colored Five

The Legion management is planning to card a game with A. M. Saperstein's Harlem New York Globe Trotters, a colored quintet which has been going great guns in their tour of Northern Wisconsin and Minnesota, and the upper peninsula. Eddie Chambers, former University of Michigan basketball star and now located at Crystal Falls, played against the Globe Trotters last week and declares them the cleverest team he has ever seen.

Rock Spartans Win From Powers Quint By Score Of 47-44

Rock, Mich., Feb. 29 (Special)—The Rock Spartans noed out Powers in a thrilling overtime period here Saturday evening by a score of 47 to 44.

The game was nearly a repetition of the game played at Powers three weeks ago. Powers led at nearly all stages of the game, but the Spartans tied the score at the end of the regular game. In the three minute overtime, Jokela sank a long shot and followed closely with a free throw. Powers was held scoreless in this period.

Jokela led the scoring with 21 points. L. Larson and Behrend were close seconds with 14 points each. This was the Spartans' thirteenth win of the season.

Purdue Quint Easy Winner Over Illini

Lafayette, Ind., Feb. 29 (AP)—Purdue's high-scoring basketball team defeated Illinois, 34 to 19, here tonight, maintaining its championship pace in the Western Conference and avenging a defeat suffered at the hands of the Illini at the start of the campaign.

By the victory, the Bollermakers kept their position at the top of the Big Ten race, and their brilliant floor guard, Johnny Wooden, took a firmer hold on individual scoring honors by coating thirteen points, on six field goals and a free throw.

After battling Purdue almost to a standstill in the first fifteen minutes of play, the Illini faded before the flashy attack of the Bollermakers in the second half. Purdue led, 16 to 11, at the half.

OFFICIAL HOLDOUTS

Tampa, Fla., Feb. 29 (AP)—Four Cincinnati Reds, Tony Cucinello, second baseman; Joe Stripp, third; Joe Morrissey, recruit shortstop; and Pitcher Red Lucas were branded officially as holdouts today when the first general practice session began and they were not in the field. Instead of the two day workouts engaged in by battery men, the entire squad now will go through their paces in one long session. The holdouts went on for hours.

ALL ON DECK

Mineral Wells, Texas, Feb. 29 (AP)—Luke Appling, young White Sox shortstop, landed in camp today, placing all hands of the 1932 team on deck.

Appling was a man of mystery until he strolled in camp today. He was mailed a contract about six weeks ago but nothing was heard from him until he put in his appearance. Two hours of drill was today's program for the White Sox.

LEONARD WINS CRUCIAL FIGHT

Former Champion Shows Some of Stuff That Made Him King

New York, Feb. 29 (AP)—Benny Leonard, former lightweight champion, outpointed Billy McMahon, young Irishman, in ten rounds at the St. Nicholas arena tonight to win the most important struggle so far in his comeback campaign. Leonard, who retired undefeated in 1924, weighed 151 3-4 pounds; McMahon 149. There were no knock-downs.

Scenes of Leonard's former glory were recalled as a crowd of 3,600 of Benny's admirers jammed the tiny arena and applauded his every move.

Retains Some Speed

Leonard won rather easily, occasionally ripping right hands to the Irish kid's head that hurt, while his marvelous defense, allowed somewhat by his 36 years, still was enough to ward off most of McMahon's heftiest punches. One left hook raised a "house" under Leonard's right eye in the second round, but he kept McMahon away from the tender flesh the rest of the way.

Benny retained enough speed to win at least eight of the ten rounds. McMahon did his best punching in the seventh and eighth rounds when Benny rested.

The crowd was treated to two pictures of Leonard they never saw before, in the sixth and ninth rounds.

Benny led with his right hand like the greenest of novices in the sixth and as McMahon stepped back, Leonard sprawled his full length on the canvas carpet. In the ninth he stumbled over his own feet in his own corner, skidded on a wet spot, and tumbled half out of the ring, the lower rope barely keeping him among those present.

There was a great crowd of old timers around the ring to wish Benny Luck, among them Lew Tendler, with whom Leonard, in his last great fight, drew \$450,000 gate to compare with the \$65,000 in the house tonight.

Frightened Gangsters Rush to Make Federal Income Tax Payments

Washington, Feb. 29 (AP)—Gangsters frightened by the internal revenue bureau's drive against Al Capone have voluntarily paid hundreds of thousands of dollars in income taxes due the government.

The story of how they have been filing delinquent and amended tax returns was told tonight for the first time by David Burnett, commissioner of internal revenue. In an interview with Oliver Owen Kuhn, in the Washington Star's national radio forum.

Burnett said that the government realized the additional revenue after "it was apparent that this ac-

tivity had pricked the conscience of many taxpayers who had failed to file returns or make honest returns."

"\$44,000 Home Seized

"Since the first publicity relating to these cases," he continued, "the government income from taxes has been increased by hundreds of thousands of dollars which came from delinquent and amended returns from tax payers, many of whom were engaged in gambling and various other businesses of an illegal nature."

Explaining how the government collects on taxes assessed against the gangsters, the commissioner told of seizing the home of Terry Druggan, a Chicago beer runner, and selling it for \$44,000, which was applied on his income tax. He didn't name Druggan but said the property was owned by a Chicago bootlegger and located at Miami Beach.

TRUCE ENDED, CONGRESS SET FOR CAMPAIGN

(Continued from Page One)

concerned with that particular candidacy I have but one question to propound and that is why is it that Texas nowadays is doing all the talking for the Democratic party—a state which was not heard from in 1926 and 1928, and the election of a speaker of the house in 1928."

Connally admitted "the great mistake of my state in 1928" in voting for Mr. Hoover, but said it wouldn't "make the same mistake again."

Truce Is Ended

He also reminded Moses that New Hampshire recently sent a Democrat to the house from a district ordinarily Republican and that Moses campaigned against the Democrat.

The Texas ended the administration of "playing politics during the political truce." He named Secretaries Hurley and Hyde and Assistant Secretary Jahneke of the navy among those claiming "credit" for Mr. Hoover for the emergency non-partisan relief program.

Connally, who is advocating party as a possible candidate for president.

"When in 1930 the people repudiated the Republicans at the polls and put the Democrats in control of the house," he added, "the president raised the flag of truce and asked for peace and harmony. So we did the cooperating the Republicans the operating. Now that period is past."

In concluding, however, Connally urged renewed cooperation on relief measure, particularly the tax bill, which must originate in the Democratic-controlled house.

McDuffie's statement said it was becoming "more and more apparent that, at deadlock in the Chicago convention is a very grave possibility which Democrats must avoid."

ADMIRAL URGES NAVAL ACADEMY BRANCH ON COAST

Part of the Naval Graduate School must be removed from Annapolis, Md., to Berkeley, Calif., to make the service efficient, Rear Admiral Frank B. Upham recently told the House naval affairs committee. He said that Annapolis is overcrowded. Upham graduated from the naval academy in 1893 and was promoted through the ranks to 1927. He is rear admiral in 1927. He is vigorously opposed to reduction in naval expenditures insisted upon by President Hoover.

"If we failed to collect taxes in cases of this kind," he said, "we would be establishing a class of tax exempt citizens. In theory, of course, a business should not be conducted in violation of state or federal laws. If so conducted, and at a profit, the revenue laws tax this profit notwithstanding its source."

WAR ACE SAYS BIG SUBS WILL REPLACE BATTLESHIPS

Future wars between nations separated by large bodies of water will produce monster submarines which will replace the cruiser type of battleships, is the opinion of Captain Paul Koenig, who commanded the German submarine blockading fleet in the World War. The big subs will appear in squadrons at enemy ports for short periods and vanish again into the sea. Captain Koenig is now on a lecture tour of the United States.

SENATE FIGHT TO OUST POWER CHIEF NEARS END

The Senate's final effort to oust George Otis Smith as chairman of the Federal Power Commission will begin March 21 when the U. S. supreme court hears arguments in the suit. Smith incurred the Senate's ire when two veteran employees were discharged soon after he took office. The Senate withdrew its approval of his appointment by President Hoover, who refused to return the nomination papers. So the Senate started court action a year ago to test the president's appointive power.

Rock Herd Winner In Dairy Congress

The Holstein herd of Henry Vermote, Rock, in the Delta county herd improvement association, has been selected as one of the winners in the 1931 Tri-State Dairy Congress. Vermote's entry, classed as a medium sized herd, had a record of 11,052 pounds of milk and an average of 416.4 pounds of fat.

A. J. Waite, Carl P. Hansen and Gus Theuerkauf are listed as the premier upper peninsula dairymen for 1931. Hansen and Theuerkauf, along with Ed Nyberg of Stephenson, were the winners in 1930. All are from Menominee county. Hansen, who has Jerseys, recorded an average of 478.4 pounds fat per cow, and Theuerkauf had 410.1. Carl Linhart, 524.9; J. and R. Johnson, 428.8, and Marine Dairy company, 388.4, are the 1932 winners.

REVENUE BILL HAS SALES TAX Plain Foods and Other Necessities Exempt From Levy

Washington, Feb. 29 (AP)—New tax provisions imposing upon the purchasers of most manufactured products a share of the burden of balancing the federal budget will today be a house ways and means sub-committee.

It approved a treasury formulated plan for fixing a two percent levy on manufacturers, with plain foods and other necessities exempted.

The committee decided to exempt raw foodstuffs but to include fancy and processed foods, clothing and luxuries. School books and literature for the blind were exempted, along with farmers' products, tea, sugar, coffee, milk, cheese, butter, fresh fish, seed and fertilizer.

In announcing that the sub-group hoped to complete the bill tomorrow in order that the full committee may consider it Wednesday, Acting Chairman Crisp said that in designating the exceptions it had avoided "making the poor man's breakfast and the average man's food pay the tax."

Still Insufficient

The sub-group also exempted newspapers, magazines and periodicals along with a number of other articles which the Georgia Democrat declined to name.

Crisp announced the sales tax would not bring in the \$600,000,000 at first expected. The exemptions, he said, would reduce the yield to a little more than \$500,000,000, making it necessary to levy some direct taxes upon other products to make the difference.

"The treasury's latest estimate is that \$1,242,000,000 will be needed to balance the budget," the Georgia Democrat said. "With the manufacturers sales tax as the base we still have to raise several hundred million dollars additional."

"The subcommittee has decided to submit to the full committee without recommendation proposals for excise taxes on some industries, for with the proposed increases in inheritance, income and corporate taxes and the levying of a gift tax and the sales tax, there will not be enough revenue to balance the budget."

Garment Workers To Return To Jobs

New York, Feb. 29 (AP)—Approximately 5,000 of the 25,000 striking garment workers will be back at their machines tomorrow morning after two weeks of negotiations.

Cutters and sample makers ratified a new working agreement today. The new contract calls for maintenance of the present wage scale, minor modifications of the agreement which expired Feb. 1, and a basis of \$1.01 an hour for piece work.

With the Easter dressmaking trade at its height, Philip Salkin, president of the Affiliated Dress Manufacturers, Inc., estimated the strikers had sacrificed more than \$250,000 in wages by walking out.

Building of Brooder Houses is Planned

If there is sufficient interest, county agricultural agent J. E. Turner plans to have a brooder house demonstration in Delta county April 20. Any poultry man planning to construct a brooder house in the early spring or to remodel existing structures are asked to get in touch with Mr. Turner.

In 1927 the agricultural engineering departments, Michigan State College, designed a brooder house for Michigan climatic conditions, and can be constructed economically. The College has been conducting a number of demonstrations at which a brooder house is constructed and the features of the house discussed. These houses are built at some farm and can be used as a model by those people interested in the construction of that particular type of house.
