CONSERVATIVE SLATE WINNER IN WISCONSIN

PROGRESSIVES LOSE IN REPUBLICAN ELECTION

Milwaukee, April 7 (AP)—Reversing its 1928 stand, Wisconsin apparently will send a conservative controlled delegation to the Republican national convention...

Further returns today from Tuesday's delegate primary indicated that 15 Conservatives and 12 Progressives will represent the state in the Chicago convention.

In the Democratic primary, 25 of the 36 leading delegates are pledged to support Gov. Frank P. Rowley of New York.

Returns from 2,270 of 2,845 precincts indicated that four Republican Conservatives and three Conservatives-at-large, but the Conservatives took control of the delegation of 27 by leading twelve to eight in the district contests.

In the Republican contest, each faction placed a full ticket in the field.

Evanston Traffic Officers Ordered To Be Courteous

Evanston, Ill., April 7 (AP)—If you're halted for speeding and an extremely polite policeman says: "This is just a warning. The speed limit on this street is 15 miles an hour. You were driving 17 miles an hour. Kindly drive within the legal limit. Good night."

Police Chief William Freeman issued a code of etiquette today to all his officers.

If the violator becomes argumentative, the code says, don't become abusive. Answer all questions civilly.

MIGHT REPEAL RAILROAD LAW

Excess Profit Measure Opposed by House Committee

Washington, April 7 (AP)—The house commerce committee today voted to lift a possible \$261,465,815 burden from hard-pressed railroads by abolishing the law requiring them to pay half of their excess profits to the government.

Chairman Rayburn said an "overwhelming majority" of the committee approved retroactive repeal of the recapture clause of section 15-A of the 1920 transportation act.

At the same time, he asserted there was an unanimous vote for a provision in his bill to establish a new rate making base under which the interstate commerce commission, if it chose, could ignore valuations.

The law requires all carriers to pay into a revolving contingent fund one half of the profits amounting to more than five and three-fourths per cent of the value of their property.

The interstate commerce commission has estimated it would find the railroads owing the fund \$261,465,815 more.

House commerce committee approved bill to repeal recapture clause of transportation act and establish new rate-making basis.

Repeal would relieve the roads of the possible necessity of paying these amounts in the future and entitle them to refunds of money they already have paid.

Norfolk Men Expecting Call in Kidnaping Case

Norfolk, Va., April 7 (AP)—A call which might send one or more of them on a trip to an un-revealed destination was awaited tonight by three Norfolk men seeking to bring about the return of Charles Augustus Lindbergh, Jr.

Yesterday John Hughes Curtis, one of the trio, returned after a four day absence and reported he had made a contact and received an assurance that the kidnaped baby was well. He also said he had seen Colonel Lindbergh somewhere on his trip.

SIX MEN OF AMERICAN EXTRACTION APPROVED

BY WILLIAM H. EWING (Associated Press Staff Correspondent) Honolulu, April 7 (AP)—A representative "melting pot" jury was completed here today to try Mrs. Granville Fortescue and three navy men accused of lynching Joseph Kahahawai.

Four days of see-saw tactics on the part of Clarence Darrow, defense attorney, and John C. Kelley, public prosecutor, ended in the acceptance of six men of American descent, three Chinese, one Portuguese, one German and one Hawaiian.

Darrow, who admitted the cosmopolitan complexion of the panel puzzled him, sought to qualify Caucasians and discarded Orientals.

Adjourned to Monday Mrs. Fortescue, well known in Washington and New York society, is on trial with her son-in-law, Lieut. Thomas H. Maass, U. S. N., and E. J. Lord and Albert O. Jones, enlisted men, Kahahawai, the slain Hawaiian, was accused of an attack on Mrs. Maass.

After acceptance of the jury by both sides, Judge Charles S. Davis adjourned the trial to Monday when testimony will start.

Cautiously chosen in the round of questioning, excusing, challenging and drawing, during which many men, all citizens of the United States, passed in and out of the box, the jury finally was made up as follows:

Walter Napoleon, 32, Hawaiian, father of seven children. He finished the second year of high school and is a meat cutter.

Olaf Sorenson, 61, of Danish descent.

Republish and Democratic senate party leaders declared intention of enacting billion-dollar revenue bill with minimum duty.

Chairman McDuffie of special house economy committee accepted invitation from president Hoover for White House meeting Saturday to discuss curtailed budget.

Governor Judd of Hawaii protested to Secretary Wilbur recommendations of justice department investigator for changes in island law enforcement machinery.

Senator Reed (R., Pa.), urged tariff commission investigation of effect of depreciated foreign currencies on American trade.

House commerce committee approved bill to repeal recapture clause of transportation act and establish new rate-making basis.

Chairman Fess of Republican national committee termed regular Republican gains over independents in Wisconsin primary another example of trend toward conservatism in times of world economic distress.

Hopewell, N. J., April 7 (AP)—Colonel Charles A. Lindbergh and police greeted with silence today the announcement of three Norfolk, Va., intermediaries that the colonel had asked them to continue their efforts to recover his kidnaped son.

Colonel H. Norman Schwarzkopf state police head, disclosed the nationwide hunt for Harry Fleischer, a known kidnaper, had been intensified by reports he had been seen several times under suspicious circumstances since the Lindbergh baby was stolen from his crib.

HAWKS HURT IN PLANE MISHAP

Speed Flier Injured as Ship Crashes in Takeoff

Worcester, Mass., April 7 (AP)—Captain Frank M. Hawks, noted speed flier, was injured today in an attempted takeoff from Worcester airport.

A soft field prevented Hawk's plane from picking up enough speed to take to the air and it crashed through heavy undergrowth, over rocks and into a stone wall.

Hawks was unconscious when lifted from his wrecked plane and it was first believed he had been critically hurt. His face was badly cut and bruised and X-ray pictures disclosed nose and jaw fractures which doctors at the Worcester city hospital said might result in facial paralysis.

Plane Noses Over Hawks, who has set a number of American and European speed records, was taking off for New York after a lecture engagement here last night. His arrival yesterday was marked by a mishap when an escort plane piloted by John Whitin Laselle of Whitinville, nosed over to one side of the central runway while leaving a clear field for Hawks.

Flying here from St. Louis, Hawks lectured last night under the auspices of the Worcester Council, Boy Scouts of America. After breakfast this morning he went to the airport planning to go to New York to complete plans for a flight to Porto Rico next week.

Finding the field soft he decided on a takeoff from a dirt road cutting across the airfield. This proved unsatisfactory so he took off across the field. It was necessary for his plane to gain a speed of 70 miles an hour in order to take off. The soft dirt held down the speed and the plane failed to rise while going 50 miles an hour.

Stimson Will Sail For Geneva Today

Washington, April 7 (AP)—On the eve of his departure for Geneva, Secretary Stimson today conferred at length with Chairman Borah of the senate foreign relations committee on the program presented by America at the disarmament conference.

A number of changes in the original nine point plan of the United States are in prospect. Mr. Stimson said today, however, that the revision cannot be completed until he has talked with the delegation at Geneva. He will leave tomorrow morning for New York and in the evening he will sail on the Ile de France.

Halford Erickson Claimed By Death

COST CUTTING IS NEXT TASK FOR CONGRESS

REORGANIZATION TO SAVE MONEY NOW BEING STUDIED

Washington, April 7 (AP)—The bipartisan economy committee set up by the Democratic house will meet President Hoover at the White House Saturday in the first definite cooperative move to effect savings through governmental reorganization.

Chairman McDuffie today accepted an invitation from the chief executive that came in answer to the committee's request for specific recommendations on abolishing various agencies to aid in cutting the budget about \$250,000,000 for next year.

The contact followed Mr. Hoover's request to congress Tuesday for a senate-house-executive department committee to effect economies.

Upon receiving the committee's acceptance President Hoover conferred on ways of cutting costs with Secretaries Mills, Adams and Hurley, Gen. Frank T. Hines, administrator of veterans affairs, and James C. Roop, director of the budget.

There were indications that Mr. Hoover plans to submit specific recommendations for lack of which he has been flayed by Democrats.

The treasury secretary and Hines visited the president at the same time. Hines was optimistic, recalling he had already proposed to the economy committee changes in law to save between \$50,000,000 and \$60,000,000.

Meanwhile house Democratic leaders suffered a setback when the expenditures committee tabled 12 to 8 the Byrns bill to consolidate the army and navy into a department of national defense, expected by them to save \$100,000,000 annually. Five Democrats joined seven Republicans in this vote, and one Republican voted with seven Democrats.

President Hoover and the war and navy secretaries are opposed to the bill, but Speaker Garner indicated the economy committee would report it for house action.

The exchange of notes between the White House and the capitol precipitated heated debate in the house when it resumed consideration of the \$385,000,000 independent offices supply bill.

Chairman Byrns of the appropriations committee opened it with the statement that Mr. Hoover had charged his committee with "perpetrating a fraud upon congress and upon the American people by recommending reductions in appropriations which would inevitably have to be taken care of in a deficiency bill at the next December session."

He said there would be no deficiency bill next December if he still is chairman of the committee.

Byrns said a member of the appropriations committee furnished the information for Mr. Hoover's statement that about \$80,000,000 of the \$113,000,000 cut from appropriations bills was only deferred.

Representative Simmons (R., Neb.) said Byrns referred to him and added: "I have charged and I again charge that the committee on appropriations is making cuts and claiming savings to the treasury as a result of bills that have been reported to the house that will not be reflected in the saving of one cent to the taxpayers of this country."

Huey Long States Pot Likker Will Be Served Monday

Washington, April 7 (AP)—Senator Huey Long, of Louisiana, got out a formal statement today to announce that the pot likker will be served in the senate restaurant beginning next Monday. He hailed the addition of the dish to the menu "the only serious stride thus far made in the capitol during this session."

Story of Al Capone's Conviction Explained By Judge J. Wilkerson

Washington, April 7 (AP)—The story of Al Capone's conviction was told to a senate committee today by Judge James H. Wilkerson, who sentenced him to 11 years in the penitentiary.

Wilkerson said he allowed the gangster's plea of guilty to be withdrawn because Capone's counsel claimed that under them the court was bound to limit the sentence to two and one half years.

The Chicago judge explained the circumstances of the case in a letter to the senate judiciary committee which is considering his nomination to the circuit court.

Sharp Disagreement Wilkerson said he had given District Attorney Johnson permission to recommend a two and one half year sentence "subject to such action as would be taken after a hearing of the facts in open court."

"When the cases were called for hearing," he said, "there was a sharp disagreement between the attorneys for the government and those for the defense as to the conditions under which the pleas were entered."

"The attorneys for the government were ready to proceed with a presentation of the facts, as it usual when the court is imposing sentences either with or without a recommendation from the prosecutor."

"The attorneys for the defendant claimed to have an agreement with the government to the effect that their pleas were not to stand unless the recommendation was unqualifiedly followed by the court, that evidence was not to be heard by the court and that the defendant was not to be questioned by the court."

"The attorneys for the government denied that they had made such an agreement. After some discussion, the court, exercising its discretion in defendant's favor, allowed the pleas to be withdrawn."

Wilkerson denied that he had rejected the pleas of guilty or disregarded the government's recommendation.

"The hearing did not reach the point where the court was required to decide whether or not it would accept the government's suggestion," he said.

Losers Are Covered Mrs. Knesley and her mother, Mrs. Lillian Chapman, disappeared from their home here Tuesday and were located yesterday at a private home in Charlotte. They were returned to their home where they are recovering from the effects of carbon monoxide gas inhaled when they closed the doors and windows of their car and turned on the motor.

The irregularities reported by the board were not discovered until late today, according to Webster H. Pearce, superintendent of public instruction and a member of the board. He said the audit probably would require a month to complete.

A statement by the board said the Retirement Fund "is in no way jeopardized." Any losses, the statement said, "are amply covered by fidelity bond."

Pierce said the vacancy occasioned by Mrs. Knesley's removal probably will not be filled permanently until the audit is completed.

TEACHER FUND ACCOUNT SHORT

Secretary of Board Discharged; Audit of Books Ordered

Lansing, Mich., April 7 (AP)—Mrs. Georgina Knesley, 33, secretary of the State Teachers Retirement Fund board, was discharged today from office when an official investigation revealed a shortage in the fund's accounts.

Mrs. Knesley was removed by the Teachers Retirement Fund board which met here today. W. G. Stevenson, chief of the state accounting division, was placed in charge of the board's office to continue an audit of the books.

Members were "unprepared" to state the amount of the shortage but it was reported that it would not exceed \$7,000.

CLAIM RELIEF TO TAXPAYERS IS NOT LIKELY

HIGHWAY FUND BILL IS SUBJECTED TO NEW ATTACKS

BY GILBERT T. SHILSON (Associated Press Staff Writer) Lansing, Mich., April 7 (AP)—Charges that the special session of the legislature is a political gesture which cannot produce material relief for the taxpayers were made today by anti-administration members, and answered by administration floor leaders.

As the argument proceeded, the house advanced administration payroll and building reduction bills, in many instances providing greater than the 15 per cent cut advocated by the governor.

The highway finance bill, however, was subjected to new attacks, as representatives of the Michigan Real Estate association asked that the entire weight tax be returned to the counties without deductions, and a Detroit delegation demanded diversion of every possible cent from the highway fund to cut school taxes and permit the city to meet school payrolls.

The real estate association plan would allow \$2,000,000 to the upper peninsula and slightly more than \$4,000,000 to lower Michigan from the gasoline tax revenues for trunk line construction. Appropriations under the McNitt law for township roads would be limited to \$2,000,000 a year and also would be paid from gasoline revenues. The weight tax would be apportioned 7-3 on the basis of automobile registrations and 1-1 evenly among the counties.

An investigation of the state securities commission was asked on the theory it had not properly protected investors in real estate mortgage bonds.

The senate adopted a resolution insisting that complete information relative to the use of state owned automobiles be furnished.

Senator Arthur E. Wood, chairman of the finance and appropriations committee, continued his investigation to determine whether salaries and other expenditures can be reduced more drastically than proposed by Governor Brucker.

During consideration of the general payroll reduction bill in the house, Representative Verne Brown, of Mason, charged that the whole proposal was a political gesture "to make newspaper headlines." Rep. Fred Wade, of Saugatuck, conferred with the declaration that the administration payroll measure is a "straightforward, honest attempt to cut expenses and when the charge is made that it is otherwise it is a political attack on Governor Brucker."

In the senate the tax bills thus far introduced were described by Senator Peter B. Lennon as "offering as much chance for tax relief as there would be of drying up Lake Michigan by balling with a ten quart pail."

The senator made it clear that his criticism was not directed at the governor. He stated it is beyond the power of the legislature to provide the relief needed. Describing the tax situation as a crisis greater than the World war he declared congress should provide the remedy. If it can be done, he recommended a state-wide moratorium on mortgages and land contracts.

Senator Joe C. Foster, of Lansing, an anti-administration member, charged special session of the legislature is political gesture which cannot produce relief.

Highway finance diversion again attacked by proponents of return of entire weight tax to counties. Resolution adopted by senate providing for complete report on use of state owned automobiles.

First bill of special session, amending the banking laws, passed and sent to governor. Legislative committees decided to seek amendments to prohibit exorbitant attorneys' fees in workmen's compensation cases.

House passed institutional building bill cutting \$450,000 in appropriations of four institutions. State payroll bill weathered debate in house without amendments.

Six measures to aid in re-opening closed banks sent to senate by house. House resolution asked executive permission to abolish state securities commission.

Secretary of state teachers' retirement fund board discharged when shortage revealed in board's accounts. Vandenberg proposed for Republican keynote speaker in house resolution.

Roosevelt Criticizes Hoover Aid Proposals

Albany, N. Y., April 7 (AP)—Governor Roosevelt, leading candidate for the Democratic nomination for the presidency, tonight criticized the Hoover relief proposals and outlined a program which he said would reach "the forgotten man at the bottom of the economic pyramid."

Mr. Roosevelt, in a radio address, said the first thought should be the restoration of the farmer's buying power, relief to the small banks and home owners and a reconstructed tariff policy.

"They seem to be beyond the concern of a national administration which can think in terms only of the top of the social and economic structure," he asserted. "They have sought temporary relief from the top down rather than permanent relief from the bottom up."

"The \$2,000,000,000 fund which President Hoover and the congress have put at the disposal of the big banks, the railroads and the corporations is not for

the farmer and small home owner," the governor asserted. "The government, he continued, should provide as much assistance as possible to the little fellow as it is now giving to the large banks and corporations."

Large appropriations for public construction, a measure advocated by former Governor Smith, also in the race for the presidential nomination, Mr. Roosevelt said, would be "only a stop gap" and "would not give employment to the 7,000,000 or 10,000,000 people out of work."

Linked with restoration of the farmer's buying power in Mr. Roosevelt's argument was relief for the rural and urban home owner from dispossession by foreclosure of mortgage holders.

The Hawley-Smoot tariff act of 1932 "compelled the world to build tariff fences so high that world trade is decreasing to the vanishing point," the executive asserted. "The value of goods internationally exchanged is today less than half of what it was three or four years ago."

Ready Market For Your Used Car

Many people sell their car over the winter period and are prospects for used cars in the Spring. Now is a good time to advertise a used car if you want to dispose of what you have. If you have a new car in mind, advertise the old one for sale. Someone may want the car you are driving and a prospect is found overnight, and the cost is so nominal.

SEEK SPEED ON REVENUE BILL

Quick Enactment of Tax Bill Sought By Senate Leaders

Washington, April 7 (AP)—Enactment of the billion dollar tax bill with a minimum of delay today was declared the common objective of both Republican and Democratic senate leaders.

The Democrats held a party conference and decided to support the measure. Soon afterward, Chairman Smoot of the finance committee, speaking for the Republicans, joined in the move for prompt action.

The Democrats reached no agreement on the controversy over inclusion of new tariff duties in the tax bill, but one obstacle was removed when the sales levy, rejected by the house, was ignored.

Both Senator Harrison, ranking Democrat on the finance committee, and Senator Smoot issued formal statements.

Senator Harrison said: "There will be no unnecessary delay in the consideration of the tax bill. The finance committee has set the time to hear witnesses on each of the items on which increases were made in the house bill."

"We hope to finish hearings by April 22 and the bill will be reported out as early as possible after that date."

Senator Smoot said: "The finance committee wants all individuals desiring to be heard on the tax bill to be here as soon as possible. We want no delay in the hearings and we want no delay after it reaches the senate."

"In that case the committee will have a better chance to ask questions and the testimony will be more complete and to the point than if we have a dozen witnesses on one subject."

"We want to give every industry a chance, but we don't want to string this bill out. The sooner it is enacted the better. Delay means uncertainty to business."

It's Maple Syrup Time in Woods At Flat Rock, Danforth, Perkins

"The sap's a-runnin'!" Farmers in Flat Rock, Danforth and Perkins have tapped maple trees on their land and have started the annual maple sugar and syrup harvest which is one of the most interesting industries in this section of the peninsula. Years ago practically every farmer made the syrup and sugar but of recent years only a few families have preserved their groves of tall maple trees and each spring they work for several weeks tapping, boiling and putting the syrup in cans or jugs for delivery among their regular customers.

Flat Rock residents who have started the "harvest include: Mrs. Clifford Barron, Mrs. Diana St. Aubin, and several others in the vicinity of Perkins.

The mid winter the north has been having this year, with its frequent thaws and freezes, has caused that cry to echo from one to three weeks early in the maple sugar states. While the regular tapping season has been between February 15 and March 15 heretofore, it has been underway for a week or more in some sections.

Collection of maple tree sap and the conversion of it in syrup and sugar has grown into a big business in Vermont, New York, Ohio, Pennsylvania and other states in the east and midwest. The annual output of the country as a whole runs about 14,000,000 pounds of sugar and 1,000,000 gallons of syrup.

The maple sugar industry is purely American. The United States and Canada are the only two countries in the world producing the sugar and sirup commercially.

Indians' Only Sweet When the Pilgrims landed more than three centuries ago, they found Indians using a crude system to obtain the prized maple flavor. These native Americans boiled the sap by heating stones and dropping them into rough-hewn log vats. Sometimes they laboriously hollowed heavy rocks to hold the sap.

The discovery of maple sirup, according to an old Indian legend, is interesting.

The legend has it that the squaw of a famous hunter was cooking meat in a hollowed stone with maple sap added to impart a sweetish seasoning. She bustled herself with other tasks while the meat was cooking and, when she next looked at the meat, found it covered with a thick liquid. She tasted it and was thrilled.

She summoned her mate, and he, too, was pleasantly surprised. They invited their friends to dinner and maple sirup was discovered. It was but a step from sirup to sugar.

Sap collection in the present day is systematic. Some plants in certain sections of the Adirondacks are equipped with narrow-gauge railroads and small tank cars to transport the sap to refineries. Others have adopted methods of big oil companies and laid pipe lines.

Co-operative Sap Marketing In some sections of the country sap collection is done on a co-operative basis. Large tanks are placed near the maple tree groves. When these tanks are filled with sap a refinery that has contracted for it collects the sap and transports it to its evaporating houses.

Vermont is probably the leading maple sugar and sirup state in the country. Tree tappers of Franklin county alone pocket more than \$500,000 a year from the sale of refined sap. This state, New York and Pennsylvania produce 80 per cent of the total national yield.

In an ideal season trees will average 20 gallons of sugar water. About 50 gallons of water are required for one gallon of sirup. Most growers expect a harvest of three pounds of sugar from each tree tapped.

The percentage of sugar in the sap varies from day to day. The first run yields the richest water, and the sugar content dwindles as the season wanes. The final run is drawn off as the maple buds swell before bursting into bloom. This sugar water is of poor quality, and is known as "buddy" sap.

Ecuador's Navy Of Two Boats Mutinies

Guayaquil, Ecuador, April 7 (AP)—Ecuador's entire navy, consisting of two gunboats, mutinied today to prevent the homecoming of General Leonidas Plaza Gutierrez, twice president and former minister to the United States, who was exiled in 1925.

At the same time a group of 100 rebels seized Fort Punta Piedra, where they surprised the garrison after being mistaken for government troops.

The disturbance took on an international complexion when a party of the insurrectionists, en route to the fort, captured the oil tanker Buaro, the property of an English company.

All these activities failed to prevent General Plaza from landing. He disembarked with his family, had lunch at one of the hotels, and then returned unmolested to his ship, apparently intending to proceed to Duran to entrain for Quito.

Houston, Tex.—A silver rush was staged right in the midst of the hustle and bustle of this city. The silver was in the form of mouldy silver dollars and totaled about \$100. Workmen, engaged in raising a small frame building, found the coins buried beneath the wooden floor.

Michigan's general fish laws define minnows as being "chubs, shiners, suckers, dace, sunners, muddlers and mud-minnows. They may be taken, under license with seines not to exceed thirty feet in length and eight feet in width in the designated inland lakes and streams and in seines not to exceed eighty feet in length and eight feet in width in the Great Lakes and connecting waters. Dip nets not exceeding three feet square without sides or walls and minnow traps not exceeding twenty four inches in length, and hook and line, may also be used.

Minnow Licenses In Demand, Prove Fish Season Near

Lansing—The first indication of the approach of another fishing season, May 1, is being felt at the department of conservation office where a rush for minnow licenses is now under way.

While only \$1 minnow licenses have been sold since January 1, it is expected that between two and three hundred more will be issued by the time the trout streams and the "pike" and "trout" lakes are opened to fishing May 1. Last year the department issued 450 licenses to commercial minnow dealers. The licenses are sold at a cost of \$10 each.

These licenses are now required of all persons taking minnows for commercial purposes, and the waters in which they may take minnows are listed on the license.

Net Size Specified No license is required to sell minnows if they have been purchased from some person holding a license or if they have been shipped into Michigan from some other state provided proof is furnished of their origin.

No license is required to take minnows for personal use although minnows may not be taken or transported away from a trout stream where the use of seine, dipnets and traps are for-

DRASTIC CHANGES Lansing, Mich., April 7 (AP)—

Drastic changes in the administration of the highway fund proposal were demanded in a public legislative hearing tonight.

Detroit city officials, accompanied by municipal employees who crowded the gallery, advocated return of the entire weight tax to counties to be spent for whatever purpose the county desires.

George Welsh, Grand Rapids city manager, asked that a definite amount be allowed to cities. He declared the Kent county board of supervisors does not recognize Grand Rapids as a part of the county, and objected to a provision of the administration bill giving the county road commission and supervisors power to apportion money among cities and rural districts.

Otto Hess, of the Kent county road commission, said the city would be fairly treated under the bill. Senator Ernest T. Conlon, Grand Rapids, and Rep. Fred Holbeck said the bill will not afford relief. Representatives of Berrien and Macomb counties said the measure would afford substantial relief, but the counties would gratefully accept more.

First Bill Passed Sent To Governor

Lansing, April 7 (AP)—The first bill passed was sent to Gov. Brucker today by the senate. It authorizes bank receivers to borrow funds.

The purpose of the measure is to permit receivers for closed banks to borrow from the federal reconstruction finance corporation, pledging bank assets as collateral. It is claimed this will enable many receivers to secure funds to pay dividends to depositors without sacrificing mortgages and other securities on a depressed market. State officials hope Michigan banks will be able to borrow from \$5,000,000 to \$6,000,000.

NAZIS PREPARE FOR ELECTION

Socialist Troops Will Be Mobilized For Sunday's Runoff

Munich, Germany, April 7 (AP)—Adolf Hitler's National Socialists and the authority of the Bavarian state came into direct conflict today when Ernst Roehm, commander of the Nazi storm troops, announced he would mobilize his battalions for the election next Sunday and the Bavarian government decreed that no such mobilization might be held.

Commander Roehm took full responsibility for issuing the mobilization order that went out to the storm troops on the occasion of the decisive presidential election of March 13. He said the order was issued with the knowledge of the ministry of the interior and that it would be repeated Sunday because Nazi troopers were needed to distribute campaign pamphlets.

Run-Off Sunday When news of this decision reached the Bavarian ministry of interior, an order was issued forbidding any concentration of political organizations from Saturday to Monday. Police were instructed to enforce the regulation vigilantly.

Charges that the Nazis had perfected a comprehensive system of espionage were denied by Commander Roehm, who asserted that some of the documents seized from Nazi headquarters by Prussian authorities in a series of raids shortly after the March election had been forged. The charges were based on documents confiscated in the raids.

The fact that 174,328 out of 37,658,036 German voters, or less than half of one percent, failed on March 13 to cast their ballots for President Paul Von Hindenburg made next Sunday's run-off election necessary.

Two of the candidates who ran in March have withdrawn from the race. These are Lieut. Col. Theodore Duestenberg, Nationalist, and Adolf Gustav Winter, Revaluationist, who is doing a term in a Saxon jail. Their withdrawals left the field to Von Hindenburg, Non-Partisan; Hitler, National Socialist; and Ernst Thaelmann, Communist. Von Hindenburg polled 18,554,890 on the first ballot against a total opposition of 19,003,346.

On the second ballot, no absolute majority is necessary—a plurality decides the issue. As an arithmetical proposition, Von Hindenburg's re-election seems assured to many political observers.

Tramp Acquitted Of Co-ed's Death

Eldorado, Ark., April 7 (AP)—A circuit court jury today acquitted Irvin Eddington, 38, a tramp, of a charge of murder in the death of Miss Jackie Ruth Youngblood, pretty co-ed at Magnolia, Ark. and M. College, who died beneath the wheels of a train near here March 25. The jury deliberated 20 minutes.

The tramp's defense was built on a contention the girl committed suicide, that his mentality nullified the worth of a confession, and that he was in Winfield, La., at the time.

The suicide theory advanced by Coroner T. E. Barton soon after the girl's death, was strengthened by testimony of O. W. Carter, fireman of the train that killed her. He said he believed she jumped in the path of the train.

Human Finger Sent By Extortionists

Cleveland, O., April 7 (AP)—An index finger, hacked from a human hand, was disclosed tonight to have been sent to a wealthy Cleveland man as a warning from extortionists against delay in meeting a demand for \$2,000.

The act was directed against John B. Wiberding, business, political and sporting figure.

"Because you have gone to police, as you were told not to do, you have been fined \$1,000 and will pay \$3,000 in small bills to the messenger as instructed in the first letter," said a note accompanying the gruesome object, received Saturday.

Minnow Licenses In Demand, Prove Fish Season Near

Lansing—The first indication of the approach of another fishing season, May 1, is being felt at the department of conservation office where a rush for minnow licenses is now under way.

While only \$1 minnow licenses have been sold since January 1, it is expected that between two and three hundred more will be issued by the time the trout streams and the "pike" and "trout" lakes are opened to fishing May 1. Last year the department issued 450 licenses to commercial minnow dealers. The licenses are sold at a cost of \$10 each.

These licenses are now required of all persons taking minnows for commercial purposes, and the waters in which they may take minnows are listed on the license.

Net Size Specified No license is required to sell minnows if they have been purchased from some person holding a license or if they have been shipped into Michigan from some other state provided proof is furnished of their origin.

No license is required to take minnows for personal use although minnows may not be taken or transported away from a trout stream where the use of seine, dipnets and traps are for-

AGENTS DISCUSS FARMER LOANS

Several Applications Are Filed in Delta County

Several upper peninsula county farm agents met in Escanaba to discuss details of the federal seed loan applications with C. L. Nash, extension worker, who has been attached to the Minneapolis office in handling Michigan loans. J. G. Wells, county farm agent leader, of Marquette, was also present at the local meeting.

A number of Delta county farmers have taken advantage of the federal seed loan appropriation to secure money for their 1932 seed. This money is available to any farmer who was engaged in farming in 1931 and has no other means of securing seed this year. The maximum loan to any individual

is \$400, secured by a note on his 1932 crop, payable to the farmer either in a lump sum or in installments. This money cannot be used except for the purchase of seed and fertilizer and a limited amount for repairs and feed for work stock or for fuel for a tractor. Applications and forms are in the office of the Delta county agent, Joseph E. Turner. Anyone holding a mortgage on the property must sign a waiver of all interest on 1932 crops. All applications will be passed on by a county committee composed of Leslie French, cashier of the First National Bank of Escanaba, E. J. Bergman of the Bank River National Bank of Bark River, and John Olson, cashier of the Gladstone State Savings Bank of Gladstone.

AMUSEMENTS

Once again Douglas Fairbanks has created a new type of screen entertainment.

Doug brought imaginary adventure into the realm of the screen in "Robin Hood," "Thief of Bagdad" and "Three Musketeers." It was imagination on a grand scale, rich in spectacle, thrilling in exploits, captivating in interest.

In his new film at the Delft Theatre, "Around the World in 80 Minutes" with Douglas Fairbanks, the Doug of old brings all that olden glamor of romance and adventure into the field of reality. It is an account of Fairbanks' travels with three companions to seek thrills and excitement in foreign lands.

To compare this picture with any previous record of travels would not be logical. For while it contains all the vivid reality of a journey to strange lands, it is told in typical Fairbanks style.

Even in its reality there is illusion and magic, there are heroics and thrills, there is lavish spectacle. But, above all there is humor of a type that transforms the bizarre scenes and Arabian Nights color of the Orient into sudden laughter. In editing his film Fairbanks had the collaboration of Robert Sherwood, whose keen wit is known to the public through his magazine essays and stage comedies.

OTHER FEATURE
Only one more day remains in which to see "The Impatient Maiden," Universal's comedy of life and love which closes its run at the Delft Theatre tonight. Lew Ayres plays the starring role in this diverting screen play, which shows just what happens to a blase young girl who thinks that she knows all about men, only to find herself where many other blase young girls have discovered that "they don't know the half of it."

Mae Clarke plays the title role opposite Ayres, and other members of the supporting cast are Una Merkel, John Halliday, Andy Ine and Helen Jerome Eddy.

BOMBARDMENT BEGINS

On April 8, 1918, German guns began a heavy bombardment of British position in northern France. The concentration was so heavy that British staff members were unable to determine where the expected new offensive was to strike.

German shock troops also delivered a heavy blow to the French at Verneuil and took the village after sharp fighting which lasted far into the night.

American troops in the Toul sector repulsed a strong German raid.

Purebred Auction Sale, Iron River

Iron county's first auction sale of purebred dairy cattle will be held at the fair grounds, Iron River, Tuesday, April 12. Twenty-eight head of registered cows, heifers and bulls from iron county farms will be sold to the highest bidders. All the animals are federally accredited and most of them are abortion free, out of dams with much higher producing records than were to be found in the upper peninsula a decade ago. If the sale proves the success anticipated, it will be made an annual affair.

ask us — what makes a washday easy?

Oh, simple! American Family Soap makes a washday easy! And why? Because American Family was created especially for the hard water of this Great Lakes region. It makes rich double-suds... and double-suds mean twice the cleansing power! They wash everything in a jiffy—then rinse away in another. And now you have a line of clothes fresh and bright and white as new. Ready for a quick, pleasant ironing. And how this pure soap does save money in the longer life it gives to all things washable! Ask Chicago housewives. More of them buy pure American Family than buy all the other laundry soaps put together!

ECONOMIC IGNORANCE

PROFESSOR TILNEY, of Columbia University, has just added his voice to that of the multitude that is crying for government by trained political economists who have made representative government their life work and study.

ment? The very men who, defeated the sales tax on 'principles,' as they alleged, voted to inflict upon the automotive industry what is in effect a sales tax, all the more vicious because it is discriminatory and therefore unfair.

The Pontiac Press, from one of the smaller automobile centers, remarks:

"The idea does not yet seem to have registered in the congressional mind that this country cannot continue to spend so much money and that instead of seeking new methods of producing revenue, expenditures must be drastically curtailed. Certainly Michigan's delegation at Washington should stand united on at least two points: first, the taxpayers' demand that there be less spending of public funds; and second, that this is probably the worst time since the automobile industry outgrew its swaddling clothes in which to saddle new taxation on an industry which already is carrying far more than its fair share."

The Ann Arbor News sees the proposed automobile tax a barrier to better business. It expresses the following attitude:

"We agree that the budget must be balanced. Three-cent first-class postage rates probably are warranted by the national financial situation; cosmetics and some other articles of merchandise will be able to stand the proposed burdens; some increases in income taxes will not prove objectionable; but congress should consider the need for corporations and individuals, as well as for the nation, to balance budgets, if it wants to encourage the return of buying power, which presumably it does. Particularly does the automobile industry have a right to object and in fact all industry and all business will look askance at the measure, now being approved piece-meal in the lower house, which threatens to erect barriers in the path of a big business now getting away to a flying start in an uphill race to benefit the nation."

PROVINCE OF A NEWSPAPER

IT WOULD be comical, were it not somewhat pathetic, the way newspaper offices are besieged every day by their friends, urging them to "roast" this and that; to "see to it" that this and that is corrected; to have this and that done in the city or county; to start this and that kind of movement to correct evils in the state government. These friends actually appear to believe that it is the newspaper's business to handle all these affairs.

But a self-respecting newspaper, though ready and willing to carry all reasonable responsibility, must remind its readers that they—the people—are the authority upon whom rests the responsibility for the present state of affairs, local, state and national.

AUTOMOBILE TAX

MICHIGAN newspapers are pretty much opposed to an excise tax on automobiles. They claim that the opposition is not because Michigan's ox is gored but for sound reasons touching business. The press attitude is indicated in the following excerpts.

The Detroit Free Press in a portion of its expression of opposition to an added burden on the automobile industry argues: "The further taxation of the automotive industry, already the most heavily taxed in the country, at any time, would be gross discrimination. At this particular time, when it is doing more than any other industry in the country to bring about industrial recovery, what terms are strong enough properly to characterize the economic ineptitude of legislators that deliberately strike at it, and, through it, at business in general? What is the 'principle' upon which this key industry is singled out for special punish-

BEGIN HERE TODAY

SUSAN CAREY, 19 finishes her course at a Chicago business school and secures her first job as secretary to ERNEST HEATH, prominent architect. She has had several discouraging experiences before this. Applying at one office, Susan was terrified by the advances of her would-be employer. A business school she has become friendly with ROBERT DUNBAR, good-looking millionaire's son, also a student.

NOW GO ON WITH THE STORY

CHAPTER VIII Ray sniffed. "You poor kid! Well, I guess maybe you'd better stay the way you are as long as you work for old Sourbones Heath. He's a fustigebid, I hear. Looks at me as if I was dirt when I meet him in the elevator. He's a Yale man my boss says. He shook her head as Heath's strange ways.

plucked eyebrows. "Why don't you pump Pierson? He'll give you the dirt." "Pump him?" Susan went scarlet and then smiled. It was no use trying to explain herself to this girl. Already Ray was rambling on. "You won't need to do any pumping when Jack Waring gets back to town. He's a good number. He'll put you wise."

The following day Susan was initiated into the mysteries of copying a freshly typed letter concerning an important building estimate into the old-fashioned book which Mr. Heath insisted on keeping, not entirely trusting to modern files.

The quiet, rather sulky Pierson showed her how it was done. The cloth must be wrung out just so. The transparent sheet adjusted, the letter slipped into place and blotting papers carefully placed behind it. Then the whole book was swung into the press and an iron screw squeezed down.

LYRICS OF LIFE

By Douglas Malloch

(Copyright 1932 by Douglas Malloch)

THE ONLY GOLD When gold has turned to dross, And fame to dust, When I shall have my loss, As all men must, I shall not miss the gold, Nor mourn the fame, If you are of old, Are still the same.

I could give up a throne, And walk a ditch, Lose all that I may own, And still be rich, If I, if pauper, peer, Or known, or not, Could know that you, my dear, Had not as yet forgot.

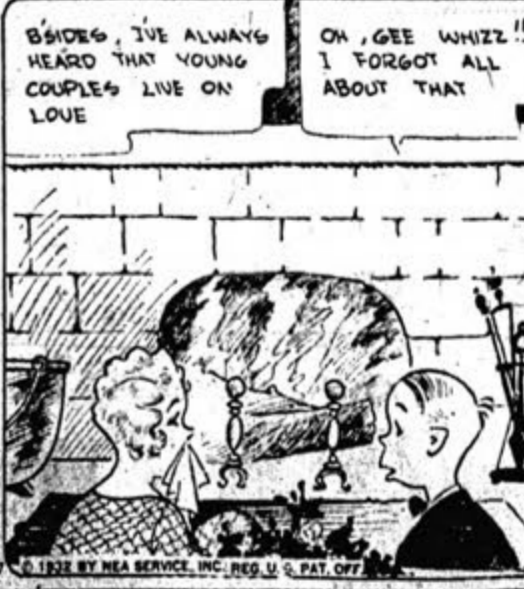

Men think my wealth is wares, My fame applause, They bring but greater cares For greater cause, Yet riches, even fame, Are bought and sold, And love, if still the same, The only gold.

CANVASS SHOWS 3,624 BALLOTS

Voting at Escanaba City Election Heaviest Since 1926

The total number of votes cast in Escanaba's city election Monday was the largest in six years, according to figures compiled by the board of election commissioners and canvassers Thursday morning. Their statement shows 3,624 votes cast this year, compared with 3,113 in 1926, 853 in 1928, and 3,700 in 1929.

Totals for each candidate in the official canvass were: Councilmen, Beaton, 1,361; Doty, 632; Lequia, 608; Murray, 350; Needham, 1,180; Sawyer, 1,838; Shepeck, 1,542; Sullivan, 774; Swanson, 1,356; Ranguette for justice of the peace, 2,030; Burns for constable, 1,736.

An organization meeting of the new council, originally scheduled for Monday, has been adjourned to Thursday, April 14. A mayor and mayor pro tem will be chosen at that time, and supervisors will be appointed. The April organization meeting of the county board of supervisors is scheduled for April 15.

Sudan Grass Not Suited To Country

Lespedeza and sudan grass, widely advertised by seed companies, are not suited to Delta county, according to Michigan extension department workers.

Authorities from Michigan State college and the U. S. Department of Agriculture say that lespedeza is not adapted even for southern Michigan, and of course could not be expected to grow in Delta county. Sudan grass can be grown in southern Michigan, and probably would be partially successful in Delta county during a long, hot summer such as last year, but cannot be depended upon in this county during a normal season.

Several Delta county farmers, after reading and hearing about sudan grass, have made inquiries regarding its adaptability as a pasture crop here.

W-M Power Co. Improves Plant In Village Of Cooks

Cooks, Mich., April 6, (Special)—Residents of the village of Cooks may now look out and see a brand new flag in town. This has been installed by the Wisconsin Michigan Power company at their plant in town. A forty foot pole was erected and upon it flies a five by eight flag. This is not displayed every day during the bad weather, but only upon special occasions, national holidays, etc. It was in evidence Monday, election day. When the weather is better, it will silently tell its message every day.

The Wisconsin Michigan Power company take great pleasure and pride in keeping their plants looking at their very best inside and out. Their employees throughout the system cooperate in every possible way as will be noticed by only a casual notice of any of their plants. The Cooks plant is nothing behind any of their plants so far as appearance is concerned and it is safe to say that it is the most attractive piece of property in town. Standing right on U. S. 2 in plain view of all passers by, it is an asset to the community. Patrons of the company at Cooks and throughout the Garden district served with current can testify to the fact that the outward appearance is not maintained at the expense of actual service. From the experience of several years of service rendered the community by the company, it is generally conceded that a community so small, and with such a limited demand for current, has every reason to be proud of such uniform high grade service.

This latest improvement on the plant, not only adds to the appearance of the plant but speaks the patriotic spirit of the company in rendering such valuable service and in setting such an example of civic pride.

History of the District
The history of this territory within the Wisconsin Michigan Power company made its decision to establish their plant here. James Brew is the chief operator on the plant and George F. Gray assistant.

School Notes
Donald Middaugh has been

named Valedictorian of the class of '32 and Sylvester Lakosky the Salutatorian.

Selections were based on the percentage of marks obtained during their first three and one-half years in high school, including the first two months of their eighth semester.

Donald has an average of 93 and one-third and Sylvester 90.

Both boys have pursued a fine scholarship career and have shown splendid athletic ability. The former has high honors as forward, the latter being captain and center on the team for the past two years.

There are three in the senior class who will receive diplomas this year. The other, a boy, Joseph Haindl has shown a fine cooperative spirit and proved himself a valuable asset in the athletic field.

Commencement exercises have been arranged as follows:
On Tuesday evening, May 24th at 8 p. m. the Senior class of Inwood Township Consolidated schools, Cooks, will hold its graduation exercises. Families and relatives of the seniors, members of the board of education, faculty and students of the high school will receive admission tickets.

As in former years, the eighth grade students will hold their graduation with the seniors. Elma Archambeault, valedictorian with a standing of 97 and Gladys Hillson a class second as salutatorian with a standing of 96.

Only immediate members of the families of eighth grade students will receive admission tickets. These limitations are necessary because of insufficient seating room.

Following is the graduating program:
Class March—Miss Mattson, Salutatory 12th—Sylvester Lakosky.
Song—H. S. Glee Club.
Class Prophecy, 8th and 12th—Marie Archambeault.
Song—H. S. Glee Club.
Class Poem 12th—Joseph Haindl.

Junior Resolutions—Royal Martin.
Valedictory 8th—Elma Archambeault.
Class Resolution 8th—Gladys Hillson.
Song—H. S. Glee Club.
Valedictory 12th—Donald Middaugh.
Presentation of Diplomas—Supt. Herman Johnson.

The 12th grade graduates kindly consented to sponsor their own program minus the expenses of an address and Mr. and Mrs. Johnson, Supt. and Principal, have in place thereof, proffered a graduation gift of a trip to East Lansing and other southern Michigan points of special interest.

Honor Roll
Inwoods Consolidated schools, Cooks honor roll for March.
Grade 8: Elma Archambeault, Grade 9: Iva Hillson, Fern Hartman, Yvonne Leveille.
Grade 10: June Hartman, Violet Hillson, Doris Garley, Marie Hartman.

Middlebrook Killer Charged with Murder

Sault Ste. Marie—Albert Porter, confessed slayer of Clinton Middlebrook, today awaited examination on a charge of first degree murder. He is being held without bond. The victim was a brother of Mrs. J. Kevill Murphy of Escanaba.

Arraigned before Judge Ray Gillespie Monday afternoon, Porter, through his attorney, Francis T. McDonald, waived examination. However, as no inquest will be held, Prosecuting Attorney Herbert L. Paralle requested an examination to bring out preliminary evidence. The date of examination is to be agreed upon by the two attorneys. It will be held this week.

Police and prosecutor were questioning witnesses in anticipation of the examination. Among those questioned were Mr. and Mrs. Harold Crimin and William Forrest, neighbors of the Porters, and Ida and Matthew Brubaker, step-children of the slayer.

There apparently were no eye witnesses to the crime. Crimin said he was awakened by some commotion in the hallway of the apartments early Monday morning, but did not know what the nature of the noise was until Porter came into his apartment and told him a man had been shot. He instructed Crimin to watch the murdered man while he (Porter) reported to the police. Porter said Forrest was not in the building at the time of the shooting.

Porter was placed under arrest at the police station at 2:10 a. m. Monday when he came to inform the police that he had shot a man whose name he did not know. He told officers he feared Middlebrook was going to rob him and shot at his legs to frighten him out of the house. Middlebrook was dead before police arrived.

Funeral services for Mr. Middlebrook will be held at the Brimley Catholic church tomorrow morning at nine o'clock standard time. Burial will be in the Brimley cemetery.

Methodist Pastors Meet at Ishpeming

Rev. and Mrs. R. C. G. Williams attended the annual meeting of the Marquette district of the Methodist Episcopal church at Ishpeming Wednesday.

Addresses were delivered by several prominent speakers, including Dr. Puffer, superintendent of the Iron-Methodist hospital in Kalamazoo. The district pastors read papers, the central theme of which was "Pastoral Work." Rev. H. Colombo of Gladstone, presented the program of the Michigan Institute at the special meeting of the Institute Council.

Boy Struck By Car; Skull Is Fractured

Keith Burnell, six year old son of Mr. and Mrs. William H. Burnell, who makes his home with his grandmother, Mrs. Charlotte Burnell, 120 North Seventh street, was taken to St. Francis hospital yesterday afternoon after having been struck by an automobile driven by Norman T. Stephenson in the 600 block, Ludington street. Mr. Stephenson was driving east on Ludington when the child ran out from between two parked cars on the south side of the street. He fell in front of the car and before Mr. Stephenson could bring the car to a stop the boy lay beneath the car. Dr. A. J. Carlton, who was driving west on the street, placed the boy in his car and drove to the hospital. The child suffered a slight fracture in the back of the head, bruises on the forehead, and his mouth and nose are swollen, but his injuries are not considered serious.

What is said to be the world's only school for explorers has been opened at Harvard University.

Women said: YOU CAN'T KEEP SUDS LIKE THAT BUT that was before they used the New Oxydol. Maybe you've had this experience; most women have. You stir up suds in dishpan or laundry tub, only to see them ball up or fade away when you put in greasy dishes or dirty clothes.

FRESH! Taste a Johnston Graham Cracker and you will understand why this brand is the leading favorite! "Taste the difference!" Always fresh and crisp in the one or two pound, wax-wrapped package. Ask your grocer.

These days you can buy a pound of coffee at almost any price you want to pay. But you're really cheating yourself when you buy cheap coffee! First, cheap coffee doesn't last long. It won't give you many cups per pound. That's why it's cheap. Second, cheap coffee has little flavor because it lacks body. That's why it's unsatisfactory.

Four More Schools Hold Local "Bees," Pick Best Spellers

A Book A Day

By Bruce Catton

The Japanese of today possess a driving force greater than that of any other nation. Absolutely homogeneous, perfectly unified, bound up by a sort of combination of patriotism and religion that sends them on to gain their goal without the slightest thought about the cost, they are unlike other people, and it is perfectly possible that their nation may yet become empress of all Asia.

This conclusion is drawn from "Meet the Japanese," by Henry Albert Phillips, an intelligent discussion of modern Japan which is given especial interest by recent events in Manchuria and Shanghai.

Mr. Phillips tells us what he saw and heard during a rather extensive tour of Japan, and presents a pretty complete picture of life in the island kingdom.

Herman Gessner Trophy Displayed At Escanaba High

The Herman Gessner trophy which is to be awarded to an athlete member of the 1933 graduating class of Escanaba high school is now being displayed at the Senior high school building. This highest award to a high school athlete is made on the basis of athletic accomplishment and scholarship.

The trophy this year will be a beautiful silver statuette of Victory bearing a laurel wreath. The statuette surmounts a black base bearing a shield on which the name of the winner of the award is to be engraved.

Winners of the Herman Gessner trophy in the past eight years have been: Orville Savard, 1924; Herman Melthe, 1925; Edward Curran, 1926; Gladwin Oberg, 1927; Hilding Olson, 1928; Leon Schram, 1929; Don Anderson, 1930, and Gilbert Hyman, 1931.

limp sheets from her hand and passed at them intently. "Here!" Susan's eyes followed him fascinated as he led the way to her desk.

"Only the first sheet is spilled," he said rapidly. "Copy it over. Let me see the book."

She gave it to him and he smiled. "This darn thing's all right," he observed. "All you have to do is type the first sheet over. Quick—before the boss gets back!"

"Well, pop 'em into an envelope and nobody the wiser." Susan gasped. Waring's eyes twinkled at her. "It's as easy as that," he cried. "Hop to it. He's jouncing at the club with old Sayres. I passed them 10 minutes ago and they hadn't got to dessert."

"Hurry, and I'll check it with you as soon as you've finished!" Feverish with eagerness, Susan obeyed. Her fingers flew over the familiar keys. With the oblique newcomer she checked the figures and found them correct. Then she folded the letter prayerfully, stamped it, and with a thankful heart cast it into the slot beside the elevator.

Just in time, too, because the punctilious Mr. Ernest Heath emerged from the car as she turned to walk away. "Finished that Shall copying?" he asked, adjusting his eye-glasses.

Susan nodded. "It's gone," she murmured. Mr. Heath looked pleased. "Good," he approved firmly. "Good."

Susan felt like a thief and a traitor but held her tongue. "I can't befriend," she told herself. "I mustn't."

At the days passed Susan slipped into a fixed and demanding routine. From the moment Ernest Heath arrived in the morning, crisply and immaculately dressed, her time, her very thoughts, were his. The little world of the office with its soft carpets, its cool breezes straying in from the lake, its ink-wells and blotters and neat ordered way, completely absorbed her. Aunt Jessie and her nagging complaints were far away. So was the tiny cottage on the shabby street.

Susan learned many things. She learned how an unimportant caller may be courteously turned away and how an important one may be wooed to linger if early for an appointment. She learned how to keep the difficult Pierson in good humor and how to please her just but demanding employer.

One thing she could not seem to master. That was the problem of keeping Mr. Jack Waring in what Aunt Jessie would have called "this place."

Jack Waring, 33, divorced, agreeable, fond of dancing, sport cars and feminine companionship, refused to believe Susan would not flirt with him.

Waring was not used to being snubbed. In fact, he didn't know what snubs were. He turned an invincible armor to them.

ELECTION RESULTS Menominee—Spring election in Menominee city and county upsets the political apple cart yesterday, sending four new aldermen to the city council. 11 new supervisors to the county board and electing as mayor by a majority of 863 votes, Albert G. Chorney, minority nominee and former municipal bandmaster. Two of the new supervisors served on the board previously.

Those elected: Mayor—Albert G. Chorney. Treasurer—Rudolph P. Cernoch. Justice—Charles C. Hansen. Aldermen

Ward 1—Mrs. Lela E. Manchester. Ward 2—Julius Larsen. Ward 3—Arthur J. Pado. Ward 4—Joseph Frankard. Ward 5—George Betzinger. Ward 6—Elof Kiar. Ward 7—James Kehoe.

Supervisors Ward 1—Frank K. Kowalski. Ward 2—Albert E. Schmidt. Ward 3—George Burger. Ward 4—Fred Bloudeau. Ward 5—Joseph H. Jurgens. Ward 6—Harry Worth. Ward 7—H. Jurgens.

Menominee—Omer Tangway. Cedarville—John Barstow. Daggett—Oscar E. Nelson. Faithorn—William Smokovitch. Gourley—Jesse Evrard. Harris—John Kane. Holmes—Dan Deacon. Ingallston—Charles Hanf. Lake—Henry DeMille. Mellen—George Dame. Meyer—G. Harold Earle. Nadeau—Arthur Wickman. Stephenson—Albert Klipfer. Spalding—John Frazer. Incumbent.

IRON COUNTY VOTE Iron River—Apparently satisfied with the manner in which the city is conducted, the voters yesterday returned Martin Kelly and Phillip L. Boyington, incumbents, to the city commission for three-year terms. The vote left little doubt as to where the electorate stood.

Boyington and Kelly, teaming in the campaign, the same as they did three years ago, polled 785 and 784, respectively, each getting more than twice as many as the nearest opponent.

The other four candidates received the following: Joseph Kapusta, 371; John F. Singler, 354; Cecil R. Bengry, 214; L. A. Wollersheim, 210.

LIGHT PLANT PROPOSAL Iron River—By a vote of 997 to 375, the electors yesterday approved the \$75,000 bond issue for a municipal electric power distribution system.

The proposition had a 174 majority over the 60 per cent necessary for approval. It was considered a big victory for the city commission, which put the question to the voters after the question of Range Light and Power company refused to give a reduction in rates of between 20 and 25 per cent. But not even the most ardent supporters of the bond issue entertained any idea that it would be accorded such a large vote.

DEMOCRATS WIN St. Ignace—Charles D. Mulcrone, Democratic mayor of St. Ignace, was re-elected in Monday's city election by a comfortable margin and carried with him into office nearly all of the other Democratic candidates.

Mayor Mulcrone was opposed by Charles J. Hagen, Lydia M. Conlogue, Democrat, was unopposed for city clerk, and James S. Hagan, Democrat, won over Charles Therrien for treasurer.

Mayor Mulcrone polled 634 to 324 for Hagen. Lydia Conlogue received 639 votes, and Hagan won over Therrien 621 to 573.

Metallurgical Dies. Houghton—Ed. Koepel, 67 years old, superintendent for many years of the Champion stamp mill at Freda and chairman of the Finance committee of the Houghton county board of supervisors, died yesterday morning at 4 o'clock at his home in Freda after a long illness. Although he had been in poor health for several months, his death was unexpected and a wide circle of family and a wide circle of friends throughout the Copper Country.

Ed. Koepel was one of the outstanding mill men of the Michigan copper district. He was the father of many original ideas in stamp mill practice during his long career as a practical metallurgist. He was one of the first to appreciate the possibilities of flotation as applied to amygdaloid ores, as well as the advantages of fine grinding and the tabling of coarse material. He also was one of the first to introduce a coarse feed on a Whiteley table, and he built the first balance cone for improved feed on a table.

Turner Named Attorney Iron Mountain—Henry Lahti, of Kingsford Heights, last night was elected president of the village of Kingsford, succeeding Antonio Abba, of Breitung, who still remains a member of the commission.

The commissioners elect their own president. Three years ago Lahti was president for one year, Abba following him and holding the office for two years. Lahti's election last evening was unanimous.

Year ago on election day the McGahans had the misfortune to have two of their best horses killed by a car on the highway in West Portage. The farm house was insured but the contents belonging to the McGahans was not insured.

U. P. Briefs

Perhaps the most startling change was in the appointment of village attorney, Roy Derham, who has been the attorney for several years, was not reappointed, Raymond Turner, who was the attorney, receiving the position.

There was no discussion at the meeting as to why Derham had not been reappointed, but it was believed to have been in connection with protests lodged with the commissioners following the supreme court ruling which held that the village must annex that section of the Skidmore additions upon which a vote was held some months ago. In the election, the village voted against annexation but the township of Breitung and the territory to be annexed were in favor. The total vote, including the village's showed a majority in favor. The village won its fight in the circuit courts to prevent annexation, but lost in the supreme court.

Murray Re-elected Marquette—Ever one of the biggest votes ever cast in the city of Marquette, R. P. Murray was re-elected mayor of his third term by a majority of 535 votes over Alderman O. W. Ansell.

City Treasurer George Cleary was returned to office by a majority of 351 over Ernest Huebner. One change was made in the council when Joseph Victor Carlson with a majority of 84 votes, and the bond issue referendum carried by a 916 vote majority.

Though only 4,841 votes were cast in the mayoralty contest, a check of the polling lists today showed that 5,178 residents of Marquette had exercised their franchise by going to the polls.

May Select Mahon Crystal Falls—With the various municipal and township elections over, interest now centers in the annual re-organization of the county board of supervisors, tentatively set for next Monday morning.

The present line-up of supervisors, according to political observers, assures the re-election of R. C. Mahon, of Iron River, as chairman of the board, unless unforeseen developments occur.

West side supervisors, with the assistance of a few township representatives, will support Mahon. It was stated.

London—Longwinded members of Parliament have given England a bit of the best news it has received in years. The legislators are going to cut down the length of their speeches.

It has been agreed by members supporting the National government that no one will give a speech lasting longer than ten minutes, no matter how well their contribution may be received, or however much they may have left to say.

This movement, which may become the rule in the House of Commons, has been made to enable more delegates to debate a question put before the house.

Sale of roses from 1,300 rose bushes in the Donna, Tex., city park last winter brought enough money to keep up the park system.

SIGN CONTRACTS FOR NEXT YEAR

Few Changes to Be Made in Gladstone School Faculty

Signed contracts have been returned by practically every present member of the Gladstone school faculty it was announced Tuesday night at a meeting of the Board of Education. No statement was made public as to the number of vacancies that are yet to be filled or the departments in which the vacancies exist. It was learned, however, that all vacancies will be filled from applications now on file.

The resignation of Miss Helen Davis, teacher of English, in the Junior high school was accepted to take effect immediately and Wesley Gustafson, Marquette, engaged to fill the vacancy. Mr. Gustafson is a graduate of the Northern State Teachers' College at Marquette.

All of the contracts for next year call for a reduction in salary, ranging upward to ten per cent.

FORD TO START BIG PRODUCTION

Plans Call for 3,500 Cars Daily During Month of May

That Henry Ford is taking his first real substantial steps toward the big production schedule he announced shortly after the first of the year is shown by the recent placing of orders for enough materials to manufacture 100,000 of the new model Ford with parts makers. This information is contained in dispatches from New York.

The production program of the company is said to call for stepping up of daily output to 1,000 cars a day next week. It is planned at the same time that 2,000 cars a day will be the output in the week of April 25 and in the week of April 25 a goal of 3,500 cars a day has been set by the engineers.

From the week of April 25, on, the program calls for the production of a minimum of 3,500 cars a day and this is to be maintained through the month of May.

Taken collectively these production figures indicate that by the end of next month the Ford plants will have built somewhere in the neighborhood of 100,000 of the new units.

All of the accessory manufacturers who feel that they are equipped to manufacture the parts for the new Ford models which the Ford plants do not manufacture are hard after some share of the business which they see in the future if the high rate of production is maintained.

BABY FRETFUL, RESTLESS?

Look to this cause When your baby fusses, tosses and seems unable to sleep restfully, look for one common cause, doctors say. Constipation. To get rid quickly of the accumulations which cause restlessness and discomfort, give a cleansing dose of Castoria. Castoria, you know, is made especially for children's delicate needs. It is a pure vegetable preparation; contains no harsh drugs, no narcotics. It is so mild and gentle you can give it to a young infant to relieve colic. Yet it is as effective for older children. Castoria's regulative help will bring relaxed comfort and restful sleep to your baby. Keep a bottle on hand. Genuine Castoria always has the name: *Chas. H. Fletcher*

Chest Clinic Will Be Held Next Week

The semi-annual chest clinic put on by the Luce County Health organization as a part of their anti-tuberculosis program will be held in the community building on April 12 and 13, Tuesday and Wednesday of next week.

Margaret Shilson, county nurse, has organized the work with the assistance of local physicians, members of the organization, and Dr. E. H. Campbell of the state hospital. The latter always lends a nurse for each day of the clinic.

During these days previous to the clinic the local physicians are giving free tuberculin tests, the materials being furnished by the organization. Parents who wish these tests should consult their physician.

No children should be sent to the clinic unless accompanied by a parent or guardian as it is impossible to get a correct history of the case without an older person familiar with the patient.

The clinic hours will be from nine to five, Mrs. D. N. McLeod and Mrs. E. H. Campbell are hostesses for Tuesday and Mrs. W. G. Fritz and Mrs. Andrew Weston for Wednesday.

Members of the organization will be in charge of the men's and women's dressing rooms and others will register and take histories. These clinics are always well attended.

Miss Shilson asks those living in Newberry or near by to please try and attend during the morning to leave the later hours for those who come from a distance.

STOCK-HOLDERS MEET Stock-holders of the Newberry Country club held their annual meeting in the community building on Wednesday evening and elected the following men to the board of directors:

L. H. Chatterton To Speak At Local Church On Monday Leonard H. Chatterton, a Presbyterian missionary, located at Elat, Cameroon, West Africa, will speak in the First Presbyterian church in this city next Monday evening.

Mr. Chatterton is in charge of the Halsey Memorial Press and also prints in English "The Drum Call," a paper issued at Elat. Mr. Chatterton's mission station at Elat is situated in a large territory. The mission's relations with the French government have been most cordial.

The government's station is but a twenty minute walk from Elat. As one compares the work among the people of the Cameroon today with that of former years, he is impressed with the advance that has been made. The motor industry is fast displacing the carriers of former days.

Even the native chiefs are acquiring motor cars. Good roads are taking the place of crooked footpaths that wound in and out of the forests.

DEVELOPMENT CLUB The members of the Manistiquet Development club met at a six o'clock dinner at the Glitche Guemey Tavern last Wednesday. Thirty-two members were present.

G. L. Bishop of Marquette delivered a brief address on the Chicago Outdoor Show. It was announced that the Business and Professional Women had given up the idea of holding a spring festival and had left the matter to the Development club.

FATHER-SON BANQUET The Hi-Y club will hold a father and son banquet at the high school next Thursday evening at 6:15 under the direction of Miss Elvira Kranz. Billy Leiphart, president of the club will preside.

Cliff Drury, secretary of the Y. M. C. A., of Marquette, will be the principal speaker, and John I. Keeton of this city will talk on behalf of the fathers.

CONTEST AT MARQUETTE The oratorical and declamatory district contest, comprising the counties of Alger and Marquette, will be held at Marquette this evening. Howard McMillan and Emmet Levy, students at Mather high, will represent Manistiquet and will be accompanied by Miss Virginia Kunert, director of public speaking for Mather high, and Mrs. H. H. McMillan. Superintendent R. W. Jackson will go to Newberry to act as judges in the contest to be held there for the district comprising Luce, Mackinaw and Chippewa counties.

DIED SUNDAY Allan E. Stevenson of Swanton, Ohio, died last Sunday evening at his home. He was an uncle to Guy Stevenson of this city and had several times visited the Stevenson family here. His nephew had just previously written to him concerning some family history and the response was the news of his sudden death, received Wednesday.

Dr. E. H. Campbell, C. D. Zagelmeyer, J. A. Baetz, A. L. Sayles, Andrew Weston, Dr. H. E. Perry and Dr. Frank P. Bohn. The directors will meet later and elect officers for the association from among their members.

MRS. SCHILLER The body of Mrs. Arthur Schiller was taken to Cross Village on the Wednesday evening train to be buried among graves of members of her family.

LAHTI RECOVERING Emil Lahti, who attempted suicide on Tuesday night in the county jail, is making a good recovery. It is reported at the local hospital. He has been examined by Dr. E. H. Campbell of the Newberry state hospital and will be taken to that institution as soon as he can be safely moved.

NEWBERRY BRIEFS Miss Ellen Friske, who underwent an operation for gonorrhea at the Sault Memorial hospital on March 12, is making a good recovery and is now able to be about on the streets.

A fire in a carload of charcoal, ready for shipment, called the fire department to the yard of the Newberry Lumber and Chemical company during the early hours on Thursday. The load was destroyed. The fire is believed to have been caused by water getting into the charcoal, starting combustion.

Emmerson Guilty Of Assault and Battery Clayton Emmerson, Gulliver, was freed of a charge of rape, but was found guilty of assault and battery at an examination held in justice court yesterday morning.

Emmerson was arraigned in justice court Saturday morning and pleaded not guilty. He was unable to furnish his bond set at \$1,000 and was taken to the county jail pending his examination.

LANSING—All license agents of the conservation department were expected to be supplied with resident trout fishing licenses and non-resident anglers licenses this week.

The licenses are now being mailed out from the Lansing office to approximately 400 dealers who represent practically every city and village in Michigan.

Because of necessary economies the use of the license button has been discontinued temporarily at least, and the fishing license button is the last one which will be furnished for some time.

Michigan trout fishermen and non-resident anglers will pay for the first time this spring the new license fee set by the 1931 session of the state legislature. The cost of the trout license will be \$1.75 and the non-resident anglers fee \$4.00.

Accompanying the fishing licenses are copies of the 1932-33 edition of the Digest of Fishing Laws, containing not only changes made in the laws by the last legislature but new orders of the conservation commission and the latest designations of trout and muskellunge streams, bass, pike and trout lakes.

New Designation. The designations of lakes and streams will be effective for the next two years and it is expected that no new Digest of Fishing Laws will be necessary for next year.

The "quasi-trout" streams listed for the first time in the new digest are "certain trout streams, or portions of such streams, in which other species of game fish and non-game fish occur" and which are open to hook and line fishing at all seasons of the year for the taking of such fish on which there is an open season.

ED GRAY WILL RUN FOR OFFICE

Friends Persuade Local Garage Man to Enter Sheriff Race

Responding to the earnest requests of numerous friends, Edwin W. Gray, proprietor of the Deer street garage, yesterday formally announced his candidacy for the office of sheriff of schoolcraft county. Mr. Gray is the third person to declare his candidacy for the sheriff's office, John M. Hewitt, present incumbent, and Louis F. Crosby having already declared their intentions. Mr. Gray will run on the Republican ticket.

Mr. Gray has been a resident of Manistique for the past 12 years and prior to that time had always been a resident of the upper peninsula. He was employed as a mechanic at the Schoolcraft Auto company for eight years and later became affiliated with the Crawford & Hibbard garage. A little more than a year ago Mr. Gray went into business for himself. He is married and has five children.

Indications point to a large number of candidates this fall and quite a number are expected to file before the primary election on September 13.

Emmerson Guilty Of Assault and Battery

Clayton Emmerson, Gulliver, was freed of a charge of rape, but was found guilty of assault and battery at an examination held in justice court yesterday morning. He was given 30 days in the county jail. Evidence was found to be insufficient to convict Emmerson on the rape charge.

Emmerson was arraigned in justice court Saturday morning and pleaded not guilty. He was unable to furnish his bond set at \$1,000 and was taken to the county jail pending his examination.

Mrs. H. Lindgren is ill at her home on Chippewa avenue.

Mrs. Bert Paige was called to Naubinway yesterday by the serious illness of her mother, Mrs. Josephine Vincent.

Mr. and Mrs. Alf Johnson, South Third street, are the parents of an eight and one-half pound baby born yesterday morning at the Shaw hospital. Mother and baby are getting along nicely.

The Misses Elizabeth Falk, Meredith Nelson and Faye Bretz arrived in the city last night to spend the spring vacation visiting with their parents. The girls are students at Lawrence college, Appleton, Wis.

Word has been received in the city that Mrs. H. S. Setzerger of Marin City was operated upon for appendicitis at the Port Huron hospital Sunday evening. Her condition is reported as being favorable.

Speaking Contests To Be Held Tonight At H. S. Auditorium

Five schools will compete tonight in the Third Sub-district Declamation and Oratorical contest to be held at the high school auditorium at 8 o'clock. Schools represented include Escanaba, Gladstone, St. Joseph's of Escanaba, Rapid River, and Manistique. Henrietta LaFollette will represent the green and white in the declamations and Hildegard Zell will be the local entry in the oratorical contest. Judges will be Superintendent Doolittle of Negaunee, Superintendent Frank C. Swerney and Principal F. D. Davidson, both of Kingsford. The contest will be in charge of Principal C. C. Strickland of Gladstone who will act as chairman.

Splendid music will be provided by the high school band and a potluck which will play several selections during the evening. A small admission charge will be made for the event. The public is cordially invited to attend.

Christensens Win From Johnsons in Final Loop Contest

The Christensens Clothiers defeated the Johnson Grocers Wednesday evening, 22-25 in the final game of the season in the amateur city league. The defeat showed the Grocers down into the cellar position with Drevdahs, having won four contests and dropping eleven during the season. The Clothiers' standing remains unchanged, remaining in fourth place, one game behind the Northern Socials.

Kelly led the offense for the lovers with nine points while B. Marks was the big gun for the Christensens by caging six field goals and two free throws for 14 points. Dick Hudson officiated.

LOST BY A SOCK Greenville, Ind.—William Yarborough, local produce man, was recently held up and robbed of \$81. When first accosted, Yarborough started to run. One of the hold-up men caught him by the foot and off came his shoe and sock. In the sock was \$81. The robbers escaped.

COUNCIL MEETS MONDAY NIGHT

To Elect Mayor, Mayor Pro Tem, Members Of County Board

The mayor, mayor pro tem, and councilmen who will fill positions on the county board of supervisors will be elected Monday evening at the first meeting of the new city council following last Monday's election. In the past, the councilmen who had received the greatest number of votes in the election has been elected mayor. New councilmen who will have taken their oaths of office and will sit on the council for the first time are J. W. Gilligan and Frank Lied.

Three members of the council in addition to the mayor are eligible for offices on the county board of supervisors. Present members of the council now acting in the capacity of supervisors are A. J. Cayia and Harry Erikson. Members of the previous council who served on the board were John A. Falk, Harry Erikson, A. J. Cayia, and the late Frank M. Cookson.

Official Returns Official elections returns certified by the city board of canvassers yesterday morning indicated several errors in the unofficial returns, but none of such major importance as to effect the vote of the three leading candidates.

J. W. Gilligan, August Carlson and Frank Lied were declared to be duly elected to the council and Roy E. Anderson, with 27 votes, was declared elected as city constable.

Results of the canvass altered the positions of Frank Vol'sine and John A. Falk. Unofficial returns gave Falk fourth position with 529 votes and Vol'sine fifth with 509 votes. Official returns show Vol'sine in fourth place with a total of 534 votes, 29 behind Lied, and Falk fifth with 529.

Official returns also showed that Wendland received 159 votes instead of 163, and McMullin 145 instead of 150.

The errors were made in receiving the returns from the second ward. The official returns tallied with those in the poll book.

Attendance Contest Is Drawing to Close The basketball attendance contest of the Sunday School of the First Baptist church is drawing to a spirited close. The tie for first place was broken and Mrs. T. H. Bolitho's class got ahead of Mrs. Owen's class. Two more Sundays remain in the contest and it looks as the leaders were determined to win the series. Next Sunday's score will go a long way toward determining the winner. The standing of the classes is as follows:

Early last year the new hospital was completed and will be ready as to furnishings and equipment when Dr. J. A. Ahlquist, co-worker of Doctor Kirby, arrives on the field. More than fifteen thousand patients were treated in the Jorhat and Golahat dispensaries during the past year. This is an increase of nearly fifty per cent over the number reported the previous year and is the record of new cases only. There is no complete record of the hundreds treated at associations, in Christian schools, or of the medicine sent to other stations and missions. Patients come from distances of fifty miles and more for treatment.

No Jury Cases To Be Heard In April Term Of Court

No jury cases will be held during the April term of circuit court which convenes next Monday, according to an announcement made yesterday. No new criminal cases are listed on the calendar and only two jury civil cases are listed for trial.

One of these, that of Herbert Fagan vs. Abraham Lincoln Life Insurance company, has been settled out of court, and the other, that of the Manistique Agency vs. Sherman Dewey has been continued until the following term. Matters concerning the annual tax sale will occupy the court for a full three day term.

Baptist Missionary Speaks Here Sunday

In commemoration of the fiftieth anniversary of the founding of the First Baptist church of this city, Dr. H. W. Kirby, Baptist missionary in Africa, will deliver a most interesting address Sunday evening at 7:30 o'clock. Dr. Kirby is a most distinguished speaker and his talk on his various experiences should prove both delightful and entertaining. He will also address the Sunday School on Sunday morning and will give another lecture either on Tuesday or Wednesday evening.

Dr. H. W. Kirby has been a representative of the American Baptist Foreign Mission society for thirty years. He was appointed to service in 1901 and designated to Africa, where he rendered efficient service for several years. Following a special course of study in the London School of Tropical Medicine during his first furlough, he was transferred to Assam to become the first medical missionary at Sadiya, an especially strategic center in the extreme northeast of the province. In 1915 he was again asked to meet an urgent need, in Tura, the seat of government for the Garo Hills district. Four years later he was transferred to Jorhat to open the medical work in that district.

In 1925 the medical compound, Borhotta, three miles from Jorhat, was opened and building work began. A splendid dispensary was erected and the work began to expand. Two years later a representative from Mungall, 2,000 miles distant, wrote: "The fame of the Clark Memorial Dispensary has reached us and our missionaries desire me to come for training under Doctor Kirby, to study the basic principles applied which have brought this dispensary to such a height of working order in such a short time."

Early last year the new hospital was completed and will be ready as to furnishings and equipment when Dr. J. A. Ahlquist, co-worker of Doctor Kirby, arrives on the field. More than fifteen thousand patients were treated in the Jorhat and Golahat dispensaries during the past year. Maple Leafs Strengthen Claim to Stanley Cup

RANGERS LOSE SECOND, 6 TO 2

Toronto Hockey Team is Two-Up on American Aggregation

Boston, April 7 (AP)—The Toronto Maple Leafs tonight strengthened their claim on the Stanley cup, emblematic of the world's professional hockey championship, by blinding the New York Rangers with speed to gain a 6-2 victory on the neutral Boston Garden ice.

This victory made the Leafs two up on their American division rivals. The Canadian entry took the opening clash, 6-4, in New York Tuesday night. The teams will continue the title struggle at Toronto on Saturday.

It was a thrilling battle of speed from start to finish and the 15,000 non-partisan spectators were rendered almost dumb by the sizzling action.

The Rangers put on their best play in the opening session when the Cook brothers teamed to register the first tally of the game. Bill Cook gained the puck in center and drove straight down the middle lane. As his brother Fred cut in from the left wall, Bill fed him a scoring pass.

Scores Unassisted

Early in the second, Doug Brennan, on for Ching Johnson in the Rangers defense, stopped a Toronto drive and carried back. He dived through the opposition at blue line, skirted outside King Clancy and banged the rubber through Goalie Chabot.

Brennan was a hero for only a few seconds. On the play that followed the face off, Harvey Jackson ragged the puck into the New York zone, fooled Brennan neatly and scored with a back hand shot.

The Rangers, when they countered twice, were preparing to go on the defense and nurse their lead but Jackson's score ruined their plans.

Charlie Conacher registered an unassisted tally to tie the score, after splitting Brennan and Earl Siebert and the teams ended the second period deadlocked at two all.

The Rangers were in a fighting mood when the third opened and four men went down on every rush to put on the pressure after Harvey Jackson was boxed for tripping. While he was off, Joe Primeau broke up the Rangers' passing attack and beat them back to their zone. His shot hit a post but King Clancy was on hand to bang the rebound home to put the Leafs on top.

Three times later in the final the New York forwards were slow checking back and the Leafs ran in their total to six goals. Conacher and Clancy each got another tally and Hal Cotton ended the scoring on Primeau's third assist of the game.

The Lineups:

RANGERS	Pos.	LEAFS
Roach	Goal	Chabot
Siebert	RD	Honer
Johnson	LD	Clancy
Boucher	C	Primeau
W. Cook	RW	Conacher
F. Cook	LW	Jackson

New York spares: Keeling, Murdoch, Galnor, Milks, DesJardins, Somers, Heller, Dillon, Brennan. Toronto spares: Day, Blair, Bailey, Levinsky, Cotton, Finnigan, Gracie, Miller, Darragh, Robertson. Referees: Odie Clerghorn and George Mallison.

Summary:

First period—Scoring: 1, New York, F. Cook (W. Cook) 3:23. Penalties: Somers, Finnigan, Cotton. Stops: Roach 12, Chabot 9.

Second period—Scoring: 2, New York, Brennan (unassisted) 1:09; 3, Toronto, Jackson (unassisted) 2:06; 4, Toronto, Conacher (unassisted) 5:58. Penalties: Johnson, Brennan, Day. Stops: Roach 12, Chabot 8.

Third period—Scoring: 5, Toronto, Clancy (Primeau) 1:49; 6, Toronto, Conacher (Jackson) 9:56; 7, Toronto, Clancy (Primeau) 10:51; 8, Toronto, Cotton (Primeau) 17:10. Penalties: Jackson, Keeling, Cotton. Stops: Roach 13, Chabot 8.

Mate Will Run In Dixie Handicap Race

Bowie, Md., April 7 (AP)—Mate, chief rival of Twenty Grand for the three-year-old turf championship last year, will start his four-year-old campaign for stake honors in the \$15,000 Dixie handicap at Pimlico, May 7.

The Dixie, decided over one mile and three-sixteenths, is the first of the many handicap events for which A. C. Bestwick has named Mate with the hope the son of Prince Pal will pass Sun Beau as the leading money winner of the world before the end of the year.

Winner of \$273,425, Mate is the leading money winner in training. Although seventh on the financial list, he is only a little more than \$100,000 short of Sun Beau's record of \$376,744.

Charles Crocker Knocks Out Doyle

Flint, Mich., April 7 (AP)—Charles Crocker, Milwaukee, (also Iron Mountain), knocked out Micks Doyle, of Pittston, Pa., in the third of a scheduled 10-round bout here tonight. Doyle's head struck the floor with such force that it was with difficulty he was revived after being un-

Chamberlain Is Possibility For Olympics

Clark Chamberlain, Michigan State College Runner, Believed to Have Exceptional Ability to Come Through for Uncle Sam as Olympic Winner

CLARK CHAMBERLAIN

BY CLAIRE BURCKY

It is the exception to the rule when an exception to the rule turns out to be the world beater. But Clark Chamberlain, Michigan State College runner, believes he has enough exceptional ability to come through for Uncle Sam as an Olympic winner.

Chamberlain is frail and he's nervous. His training schedule is mostly eating and resting. He doesn't even pay particular attention to what he eats. But he nearly always faces the starter, ready to run a record-breaking race.

Because he can run anything from two to six miles, flat or cross-country, the slender Spartan will get a chance in the Olympic trials. He might even turn out to be the 3,000-meter steeplechase or 5,000-meter champion.

Chamberlain began his 1931 outdoor campaign with a two-mile victory in the Drake Relays in record time. Later he won the national collegiate two-mile championship. At the end of the outdoor season he was the A. A. U.'s choice for cross-country king on the All-America track and field squad.

UPSETS MARK GOLF TOURNEY

Favorites Defeated in Second Round at Pinehurst

Pinehurst, N. C., April 7 (AP)—Favorites found the going hard today in the second round of the annual north and south amateur tournament here.

Forbes K. Wilson of York Harbor, Maine, who played with the Yale intercollegiate championship outfit last year, was victim of a sensational veteran of the links from Cooperstown, N. Y.

Dick Wilson, one-time Georgetown University star, lost to J. M. Robinson, Merion, Pa., former Princeton golf captain, 3 to 2.

M. P. Warner, Pine Orchard, Conn., was the only Yale entry to survive. He defeated his fellow collegian, J. E. Parker, Jr., Orange, N. J., 2 and 1.

Yale's captain, S. W. Noyes, Jr., Dobbs Ferry, N. Y., lost a close battle with Halbert J. Blue of Aberdeen, one of the steadiest shooters among the Sand Hills contingent. Noyes carried Blue to the 19th hole before losing one up.

Pairings for tomorrow place Robbins against Warner and Blue against Ryerson.

conscious for nearly three minutes. Each fighter weighed 135 pounds.

Benny Touchstone, 189, won on a foul over Johnnie Freeman, 186, Salamanca, N. Y. The referee awarded the bout to Touchstone at the end of the ninth round, because of a blow below the belt.

Franklin Young, 114 3-4, Detroit, outpointed Johnnie Edwards, 114, Huntington, W. Va., in another 10-rounder. The crowd boomed the decision.

In two four round bouts, Pete Borges, 140, Flint, defeated Billy Moore, 138 1-4, Flint, and Ray Johnson, 133, Flint, defeated Andy Dolak, 132 3-4, Flint.

FOUR CHANGES IN ABC SCORES

Everett Scott, Former Baseball Player, Is Star of Day

Detroit, April 7 (AP)—Four changes were recorded among the high ten leaders in the minor events of the American Bowling Congress tournament today.

Edward Priests, Detroit, was responsible for two of the changes. Priests hammered out a nine-game total of 1,355 pins to take third position in the all-events. He secured his biggest mark in the singles event when he hung up a dazzling 114 count, which placed him in fourth position. He had previously scored 603 in the team event and 635 in the doubles.

Everett Scott and Eddie Kraft, Fort Wayne, Ind., came through to spill 1285 pins for ninth place in the two-man event. The counts were 397, 359 and 499.

Scott, former Boston Red Sox and New York Yankee shortstop, who played in 1307 consecutive baseball games for a world's record, thrilled the spectators in his .as. game when he registered ten straight strikes. He counted nine in his eleven ball for a mammoth 283 game.

Scott had previously annexed games of 181 and 159 for a three-game total of 632. His partner, Eddie Kraft, smashed out 653 on 213, 230, and 210.

Joe Norris, Detroit, piled up 705 pins to go into seventh place in the singles event.

PHILLIES BEAT A'S AGAIN, 3-2

Nationals Put Series in Bag With Ten-Inning Victory

Philadelphia, April 7 (AP)—The Philadelphia Nationals put the city series championship in their bag today by defeating the Athletics 3 to 2 in a ten-inning game.

With one game to be played, the series stands at three victories for the Phils and one for the A's. The Phils have thus taken the city series for three straight years.

Jimmy Fox hit a home run for the A's and Leslie Mallon duplicated the trick for the Phils. With the score tied at 2 to 2 in the tenth, Rube Walberg was nicked for the deciding tally by Bartel when he singled and advanced to third on a sacrifice. He scored on Mallon's hit to left field.

The A's "big three"—Grove, Earnshaw and Walberg—allowed the Phils nine hits. Collins and Grabowski gave the A's the same number.

Woodcock Approves Limited Revision of Volstead Act

Washington, April 6 (AP)—Limited revision of the Volstead act to secure for doctors more flexibility in the use of medical whiskey was approved today by the government's chief prohibition officers.

Director Woodcock of the prohibition bureau and Dr. James M. Doran, commissioner of industrial alcohol, appeared by request before a house judiciary subcommittee and endorsed plans for regulatory rather than statutory limitations on the frequency of prescriptions. Present law permits not over one pint for one person every ten days.

Both were emphatic, however, in stressing the need for retaining ample regulatory authority over the number of prescription blanks and the amount of liquor that may be prescribed.

"I have been very much impressed with the desirability of flexibility in the amount of prescriptions," Woodcock said. "It is just as easy to enforce regulations as to enforce law."

BETTERS OWN SWIM MARK

Clairence "Buster" Crabbe, Los Angeles athletic club star, broke his own American record in the 1,500-meter special event of the national A. A. U. championships at New Haven, Conn. He was timed at 19 minutes 45 3-5 seconds, bettering his old mark by more than 20 seconds.

THAT MEAN FEELING

Stockton, Cal.—Out for a ride, Miss Floy Nissen, 16, did a little careless driving. Officer E. L. Hansen saw her driving slowly, only to speed up when other cars tried to pass her. "What's the idea of driving like that?" he asked. "Oh, I just feel mean," she said. Hansen felt mean enough to give her a summons.

DEATH OF PHAR LAP IS PROBED

Hope to Determine if Famous Racer Was Poisoned

Menlo Park, Cal., April 7 (AP)—While two separate inquiries into the death of Phar Lap were begun today, a San Francisco taxidermist prepared to preserve the great Australian thoroughbred in a mounting that will be shipped back across the Pacific to the land "down under."

One examination was being conducted by F. N. Chisholm, local director of the U. S. department of agriculture, to determine whether the valuable animal was poisoned by grass sprayed with lead arsenate.

"After learning that many of the trees in the Ed Perry ranch, where the horse died last Tuesday, were covered with lead arsenate spray, I can say it is possible he was accidentally poisoned," Chisholm said. "Some of the spray might have landed on the grass or weeds which the horse was eating. A steady diet of such poisoned grass would certainly cause death."

Analyze Stomach Contents

The department of agriculture representative also is making an analysis of Australian grain brought here for Phar Lap's feeding.

Analysis of the stomach contents was being made by Dr. Karl F. Meyer of the Hooper Medical Foundation of the University of California. Dr. Meyer said he had "very little to work with" and expressed belief his analysis would take five or six weeks.

David J. Davis, owner of the horse, previously accepted the findings of two veterinarians that colic induced by eating green feed or dampened barley had caused death.

He said he was permitting the present investigations to save himself from "worrying the rest of his life."

"I cannot conceive of anyone feigning enough to poison the horse," he said. "But Phar Lap had many visitors, one of whom easily could have put poison in his nose bag."

"It won't bring Phar Lap back but we should settle all suspicion by fixing exactly the cause of his death," I believe we owe it to other horsemen to make a thorough examination. There is possibility he was poisoned accidentally."

The mounting, which will take several months, will be returned either to Wellington, New Zealand, or to Australia where he ran most of his races.

WILL NOT CUT GOLF PRIZES

Association Decides Not To Reduce Melon Despite Less Funds

New York, April 6 (AP)—Despite a fifty per cent drop in national championship gate receipts in 1931, the United States Golf association will not cut the prize money, amounting to \$5,000, for this year's open tournament.

This was disclosed today in an announcement of qualifying plans for the 1932 tournament, to be decided at the Fresh Meadow club, Flushing, Long Island, June 23, 24, 25.

The prize money will be distributed on the basis of \$1,000 for the winner, \$750 for second, \$650 for third and smaller awards scaling down to \$50 for sixteenth to twentieth places.

Entries for the open close on May 17, at which time the allotments for each sectional qualifying play will be announced. With 34 players exempted by reason of their records in the 1932 open, 126 places remain to be filled in the 20 qualifying trials.

As in other years 18 holes will be played on each of the first two days, with the 60 low players and ties qualifying for the final 36 holes on the last day.

TRIAL JUNE 6

Detroit, April 6 (AP)—Qualifying rounds to select this section's five or six contestants in the National Open golf tournament have been set for June 6 at the Detroit country club.

Only two Detroiters are on the exempt list this year—Walter Hagen and Al Watrous. Tommy Armour's name is not included, but he too will be exempt under the ruling excusing from the qualifying rounds professionals who compete in the British open, Armour expects to defend his title in that event.

Gene Tunney Finds That At Least One Baby Has Been Named For Him

Rochester, N. Y., April 7 (AP)—Gene Tunney knows today that at least one baby has been named for him. It's a girl—Gene Haley. And "Kid" Haley, stubby little truck driver, knows what he has always suspected, that the former marine and heavyweight champion of the world isn't really "high hat."

It started last night when Tunney addressed a Knights of Columbus meeting here. After his remarks, he invited his audience to ask questions.

"Do you remember the chap who went A. W. O. L. with you in Hreat?" someone shouted. "I certainly do," replied Tunney, his face lighting up. "It was Kid Haley."

"Well, I'm here," shouted the "Kid."

"Bring that man right up here," cried Tunney.

They stood on the speaker's platform, Tunney in his tuxedo, Haley in his truck driver's clothes. Tunney grabbed the "Kid's" hand before the latter could rub it off on his spotty trousers.

Reporters had a hard time finding Haley again, but they cornered him today as he was backing his truck into an express company's shed.

"I didn't want to tell Tunney at first that we named our baby after him," said the "Kid," suddenly becoming shy. "I had hopes it would be a boy."

KILLEFER CHOICE

Assuming that Bill Killefer, St. Louis Browns manager, will develop another standout pitcher from the ranks of the unknown, as has been his custom, the new sensation is likely to be Bob Cooney, above, from Glenn Falls, N. Y. Cooney, a youth of 24, struck out 87 batters, won 17 games and lost nine pitching last year for Wichita Falls in the Texas League.

LAW VIOLATORS CHANGE PLEAS

Gauthier's Case Expected to Come Up for Trial Today

Marquette, Mich., April 7 (AP)—Eleven liquor cases listed for trial Thursday in United States district court dwindled to two at the close of today's session when several defendants changed their pleas from not guilty to guilty and Judge Fred M. Raymond either granted continuances or motions to quash counts on recommendation of the district attorney.

Carl Salm, of Clarkburg, charged with sale and possession, will go before a jury tomorrow and it is expected that the case of Frank Gauthier, of Escanaba, will come up for trial also. A motion to suppress evidence in the Gauthier case is now under advisement.

Sentences will be passed at 1:30 o'clock Friday afternoon.

John Rinta, of Baraga, and Francis Phyllis, of L'Anse, whose arrest on a federal charge of transporting liquor followed a shooting episode in which Phyllis was shot in the neck, were arraigned and pleaded guilty this morning.

Lawrence Stefanski and Peter Wilson, of Munising, were arraigned on a charge of sale and possession, Wilson pleading guilty to sale and nuisance counts and Stefanski to possession.

John Stefanski, also of Munising, who was arraigned on a charge of sale and possession, pleaded guilty

to possession and nuisance counts and the other count was nolle prossed.

Mrs. Ernesta Stanich, of Gladstone, pleaded guilty on a charge of sale and possession, pleading not guilty to conducting a common nuisance.

Nelson Carier, of Ishpeming, who pleaded not guilty Wednesday to sale and possession, changed his plea to guilty.

Arthur Belmore, of Marquette, was granted a continuance until the June term of court on a plea of defense counsel that a material witness was absent. He is charged with transportation.

Walter Jednak, of Crystal Falls, changed his plea to guilty on count one of a sale and possession charge and count two was nolle prossed.

A motion to suppress evidence in the case of Theodore Lahti, of L'Anse, was denied and he changed his plea to guilty to sale and possession.

Count three in a charge of sale and possession against Roy E. Burroughs, of Gladstone, was nolle prossed.

Max Fielder, of Hancock, changed his plea to guilty of sale and possession.

John Dauger, of Crystal Falls, who was charged with sale and possession, also changed his plea to guilty.

Elmer Dagenais, of Marquette, pleaded guilty to conducting a common nuisance and charges of sale and possession of liquor were nolle prossed.

Since the founding of the United States, 54,136 public and private laws have been passed in congress.

There were 177,790 saloons, 1090 breweries and 236 distilleries in the United States prior to prohibition.

Lakefield Township Election Spirited

McMillan, April 6.—Close contests for offices of supervisor, clerk, highway commissioner and treasurer developed in the Lakefield township election held Monday.

Charles Bryens, who won the nomination in the March primary, won the supervisorship by the narrow margin of four votes, defeating a slip candidate, Charles Fyvie, by a vote of 129 to 125.

Fred LaFond was elected clerk, defeating John Tead, a slip candidate by a vote of 140 to 107.

In the race for highway commissioner, Lewis Mark running on slips, defeated Robert Bryers Jr., the nominee, by a margin of 19 votes. The poll was 132 to 113.

Gilbert Fyvie won the treasurer's office, defeating Mrs. Densil Hetrick, 116 to 80.

COLUMBUS TOWNSHIP

The Columbus township election held Monday was a tame affair there being no opposition to the regular ticket named at the March primaries with the result that but few voters took the trouble to go to the polls. Ballots cast totalled 127.

Officers named and the votes cast for them: Supervisor, Henry Heidebrecht, 118; clerk, A. J. Matyville, 119; treasurer, Mrs. Elsie Hammond, 118; highway commissioner, Jesse Hanger, 104; member of board of review, Homer Hanes, 112.

TEACHERS SIGN CONTRACTS

Arrangements for the McMillan school teaching staff for the coming year have been completed and contracts have already been returned to the school board.

Among those signing contracts to remain in McMillan are Thomas Collins, principal, Miss Bessie Riskey, 5th and 6th grades, Miss Ella Watt, 3rd and 4th grades, and Miss Ida Quinlan, 1st and 2nd grades.

There will be no high school classes conducted in McMillan the coming year, arrangements being made to have all advanced students attend high school in Newberry.

Wager F. Clunis, superintendent of the local schools for the past three years, will attend Columbia University, New York City, to study for his Master's degree. Mr. Clunis received his A. B. from Central at Mount Pleasant, last August. He will be accompanied to New York by Mrs. Clunis and their daughter, Miss Alice Lavina.

SAVE HOME

If W. B. Harkness and Wesley Emery had not decided to go fishing last Thursday Elton Greenfield of Lakefield township might have lost his home.

Harkness and Emery were on their way to Manistique Lake when in passing the Greenfield farm they noticed the roof of the home on fire. Ladders already wired to the home for such emer-

gencies proved a convenience and with the aid of fire extinguishers they soon had the blaze under control. Mr. Greenfield at the time was busy in his sugar bush and had not noticed the blaze.

SOCIAL

A chicken supper under the sponsorship of a local basketball team, organized here recently, will be held in the Columbus town hall on Saturday evening.

Mr. and Mrs. Homer Hanes entertained a group of friends at their home Saturday evening. Dancing provided the main diversion and a dainty lunch was served the guests about midnight.

Mrs. Carl Wallstead was hostess to members of the birthday committee at her home Friday evening. Five hundred was played following the business hour, high score going to Mrs. N. K. Zelgier, second to Mrs. A. J. Mainville and consolation to Mrs. Emmerson Smith. Refreshments were served at the close of the contests.

OBITUARY

And You'll Jump Out of Bed in the Morning Ranin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pints of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes these good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Retail: a substitute 25c at all stores. © 1931 C. M. Co.

WHY RISK HEAVY LOSS?

The cost of the combined protection, privacy and convenience of a safe deposit box in our strong vaults is so little that it seems absurd to submit to annoyance and to the risk of heavy loss by keeping valuables about the house or the office.

Investigate the safety deposit service of this bank. You will find it to your liking.

The Escanaba National Bank

The SECRET of Saving IN ONE EASY LESSON

HERE at the bank we see all kinds of savers, some successful and some unsuccessful. The important difference seems to be this:

The successful savers save their first dollars, not the last ones. When pay day comes they drop into the bank, put a little in their savings accounts — then spend the rest.

The unsuccessful savers usually do just the opposite. They wait until just before the end of the week or month. If they have any money left they put some in the bank. Too often they have nothing left.

The secret of saving is to put away the first dollars every pay day. Try it a while. You'll be surprised at the results.
