EDITORIAL

SIMPLE, ISN'T IT?

The problem in this country at the present time is not over-production, but under-consumption.

Mr. Daly stated that the Team Work Program of the United Commercial Travelers of America has as its objective the stimulation of the demand for more goods...

The laborer must get something above the bare living wage so that he can buy some of the luxuries, such as radios and automobiles...

It's a short circle, and the commercial travelers have rolled up their sleeves with a determination to break it.

RACKETEERS AGAIN

TWO years ago, two men dressed as sailors blew into town with a supply of furs, which they purported to have secured when they were shipwrecked in Siberia...

Last Monday, the two same racketeers breezed into Escanaba, driving an expensive 12-cylinder job.

TAX REDUCTION

IRON county, with characteristic zest, has assumed the upper peninsula leadership in demands for tax reduction by its officers from village through to county.

their petitioners have acted promptly in making concessions. The latest outburst of the tax reductionists was before the county board of supervisors Tuesday and they applauded lustily when resolutions of retrenchment went on the records.

A hue and cry of the reductionists is the uncertain industrial outlook and the imperative need for smaller public expenditures.

The depression is not the first facing Iron county nor are conditions worse than we have encountered before.

There is no wisdom in questioning the need for public economy for figures bolster them on every hand.

These measures may meet the popular fancy of the hour but they are fraught with danger and our sober senses must tell us so.

These measures may meet the popular fancy of the hour but they are fraught with danger and our sober senses must tell us so.

We admit there are many disconcerting problems before us and

that the taxpayer has proper cause for concern. He has tired of watching his tax bill climb steadily through the addition of expensive frills to our public administration of schools and municipalities and state.

Syd Franklin, Brooklyn's famous bull fighter, had to go to Mexico to put on a demonstration. He was outclassed in New York.

Hoover had no opposition for the job of tossing out that first ball in Washington this year, but several Democrats are in training for the ordeal in 1933.

A bunch of Los Angeles doctors think "No" is the most important word in the English language. They must have forgotten the thousands who hold their jobs simply by saying "Yes" at the right time and place.

Quotations

We have declared for many years past and we reiterate now that Japan has no desire to acquire the Philippines.

The bankers are taking treasury money to pay off their own obligations and are still hoarding their own deposits.

The costs which have been incurred by public authority must be met, and there is none to meet them but the taxpayer.

The most important aspect of business betterment has been the widespread return of banks to more normal operating conditions.

The only danger of civil war in China is based upon the impossible assumption that the present government will surrender rights and impair our sovereignty.

There is no wisdom in questioning the need for public economy for figures bolster them on every hand.

CHAPTER XVIII "I'm afraid you'll have to work overtime tonight, Miss Carey."

"That was Mr. Heath's cool, matter-of-fact, well bred voice. 'Can you telephone your family?'

"I'll call my mother," Susan said. "Good girl," he approved.

"That skiff!" she disposed of Ernest Heath summarily. "He's not!" said Susan indignantly.

"He's the kind that thinks a girl goes straight home and says her prayers every night. That is, if she doesn't happen to belong to his set or whatever they call it.

"Good Lord, I completely forgot about food!" he muttered to himself. "Miss Carey, look here!"

LYRICS OF LIFE

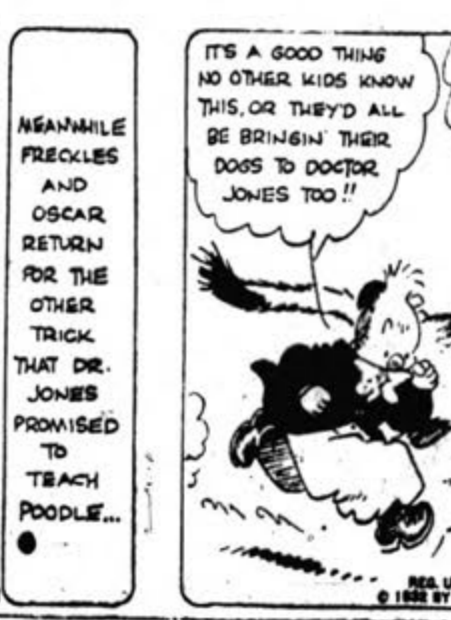

By Douglas Malloch (Copyright 1932 by Douglas Malloch)

SOMEONE TO WEEP So nice the things they brought, The words they said— You hardly would have thought My man was dead.

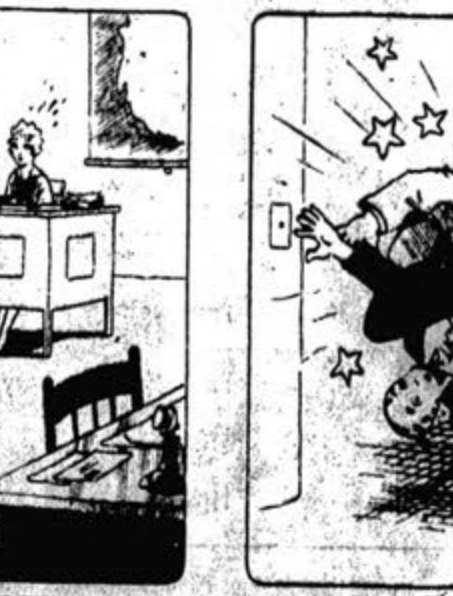

They've swept, and cleaned, and moved The chairs about, The one he most approved Have carried out.

No other love he had, He was so true; I almost would be glad If there were two.

Memorial services for the funeral of Mrs. Delia O'Connor, 74, widow of the late Peter O'Connor, who died Tuesday at the home of her daughter, Miss Hazel O'Connor, in Grand Rapids, Mich., was held Saturday morning at 8:30 from the home of another daughter, Mrs. Frank Wangerin in Melten township, and at 9 o'clock from the Precious Blood church in Stevenson. Rev. Father Joseph Beauchene celebrated the requiem high mass.

Attending the funeral from out of the city were Miss Hazel O'Connor, Edward O'Connor and Charles Neuham, Grand Rapids; Mrs. William Lamsay, Spalding; Mr. and Mrs. V. F. Steidle, Escanaba.

Dangerous Blaze Stopped In Time

A roof fire in the rear of 712 Ludington which spread to the outer wall of an adjoining structure at 714 Ludington brought out the Escanaba fire department Tuesday morning. Smoke in the basement of the second building first brought the fire to notice. Firemen were able to get the blaze under control before extensive damage was done, but declared that ten minutes more would have meant a serious fire. Both are wooden frame structures.
