

LINDBERGH BABY SLAIN

HUGE FEDERAL AID PROPOSAL HAS APPROVAL

LOANS TO BE MADE TO STATES FOR WELFARE

Washington, May 12 (AP)—A titanic compromise federal relief program was tentatively agreed upon today by President Hoover, congressional leaders of both parties and government financial experts.

It involved doubling the borrowing power of the Reconstruction Finance Corporation, to a total of \$3,000,000,000, with the additional \$1,500,000,000 to be used for loans to states for unemployment relief and to promote public and private construction.

The two billion dollar bond issue advocated by Senator Robinson, of Arkansas, the Democratic leader, was used as the basis for the compromise on the greatest peace time emergency relief project in the nation's history.

Development was quick and fast. Before calling in Robinson, the president consulted at breakfast with Senator Watson, of Indiana, the majority chairman, on the relief program which it was agreed must be met by the government in some manner before adjournment is taken.

After the Robinson party, the president summoned officers of the Reconstruction Finance Corporation headed by Charles G. Dawes, Secretary of the Treasury, and Governor Eugene Meyer of the federal reserve board.

Watson and Robinson returned to the capitol to consult their colleagues. Robinson drafted the legislation before calling in members of the party steering committee for a study of the problem tonight.

Facts About Discovery of Child's Body

(By The Associated Press)

The body of Charles A. Lindbergh, Jr., was found 72 days after he was stolen from his crib in the Lindbergh home near Hopewell, N. J., under the following circumstances:

Time of discovery—3:15 p. m. yesterday.

Place of discovery—On Mount Rose Hill, about five miles from the Lindbergh estate, in a clump of woods.

The finders—Orville Wilson and William Allen, a negro.

Condition of body—Badly decomposed with a small hole in the skull.

Cause of death—Compound fracture of the skull—No bullet wound.

Manner of identification—By undershirt, flannel band and other undisclosed means.

How announced—By Governor A. Harry Moore to the Associated Press correspondent in Trenton, F. A. Jamieson.

Reaction on family—Col. Charles A. Lindbergh and Mrs. Lindbergh seclude themselves; others express grief.

Comment:

President Hoover and Mrs. Hoover request full official information from New Jersey.

Vice President Curtis—"They have my deepest sympathy—it is a shocking thing."

Governor Moore—"Every attempt should be made now to find the murderers."

Col. Norman Schwarzkopf—"We will exercise every possible effort to accomplish the arrest of the kidnapers and murderers."

Senator Charles Norris—"It is too awful to talk about."

Representative Cochran—"The mothers of this country will never be satisfied until they know the government is solidly behind the protection of their children, promising a federal kidnaping law."

KIDNAPING LAWS TO BE ENACTED

Federal Jurisdiction Is Recommended in Interstate Abductions

Washington, May 12. (AP)—Determination that kidnapers of the future shall be forced to cope with relentless federal laws echoed through congress today as highest officialdom expressed the nation's grief at the Lindbergh tragedy.

President and Mrs. Hoover were among the first in the city to have the sorrowful news that the baby had been found dead relayed to them, and aides of the chief executive immediately communicated with New Jersey for full official information.

Plainly showing his deep feeling, Vice President Curtis said, "They have my deepest sympathy, and my most heartfelt condolences go out to the bereaved mother and Colonel Lindbergh and to their families, in their sorrow; it is a most shocking thing."

In both houses of congress, meanwhile, it was forecast that federal anti-kidnaping laws soon would be passed.

Legislation is pending before the senate judiciary committee to make interstate kidnaping subject to federal jurisdiction, and Chairman Norris said it would be enacted.

Press Legislation

Representative Cochran (D. Mo.), author of a bill to make transporting of abducted persons across state lines a capital offense said there was no doubt but that his bill would be speedily approved.

He explained that the house judiciary committee, before which the bill is pending, had been completely cooperative at all times but had mutually agreed that it would be better not to press the legislation until the Lindbergh case was closed.

"The mothers of this country will never be satisfied until they know the United States government is solidly behind the protection of their children," Cochran said.

A second kidnaping control bill sponsored by the Missouriian, which would outlaw the sending of threatening letters through the mails, was passed by the house and is before the senate judiciary committee.

While these legislators looked to safeguarding future kidnapings, J. Edgar Hoover, chief of the department of justice's bureau of investigation, promised aid in running down the Lindbergh case.

Principals in Kidnaping Tragedy

Stores Offer Bargains On Delta County Day

Today is Delta County Day. Escanaba's merchants, after several weeks of elaborate preparations, today will stage a big bargain festival, offering merchandise at the lowest prices prevailing in the last twenty years.

As a special accommodation to out-of-town shoppers, parking restrictions have been removed for the day. Shoppers may park in the Ludington street business district beyond the regular time limit.

A five per cent discount will be allowed on purchases of five dollars or more made with the old large-size paper money.

A parade of the new model automobiles will be staged by Escanaba's motor car dealers at 11:15 a. m. The procession will start from the foot of Ludington street, and will be headed by the Escanaba high school band. A parade by the American Legion's drum and bugle corps will be held at 7:15 p. m.

Stores will remain open until 9 p. m. so that all shoppers may be accommodated. The free use of hotel rooms will be given to out-of-town visitors, and specially priced menus will be offered at all hotels and restaurants.

NEGRO WHO FOUND BABY TELLS STORY

Hopewell, N. J., May 12. (AP)—William Allen, 46-year-old negro, tonight gave the following account of how he discovered the body of the Lindbergh child:

"After I got into the woods, I went under a branch and looked down. I saw a skull sticking out of the dirt, which seemed to have been kicked up around it. I got down on my hands and knees and I saw a baby, with its foot sticking out of the ground."

"I called Williams, (Orville Williams, his companion) and he came into the woods. I said 'I think it's a baby.' "He said: 'Well, what are you going to do about it.' "I said 'I guess I'll report it to Charley Williamson (one of the two members of Hopewell's police force)."

"We stopped at Hopewell and after looking around for Charley found him in the barber shop. "I said 'could you talk to me

7 Episcopal Areas Ordered Eliminated

Atlantic City, N. J., May 12 (AP)—Seven Episcopal areas were eliminated today by the general conference of the Methodist Episcopal church to effect economies calculated to save the church \$400,000 in the quadrennium.

The ruling put an end to the Episcopal existence of three domestic areas, Buffalo, Indianapolis and Helena, Mont., and to the foreign Episcopates of Paris, Korea, Peking and Calcutta. It was adopted as the conference acknowledged an insistent demand from the church that ecclesiastical overhead be reduced sharply to meet current financial conditions.

REIHERS OFF ON PARIS JAUNT

Newark Airport, Newark, N. J., May 12. (AP)—"Lanky" Lou Reichers hopped off tonight at 10:02 (Eastern Standard Time) on a projected two-stop flight to Paris.

Reichers, 31-year-old speed flier of Arlington, N. J., had as his immediate objective Harbor Grace, Newfoundland. After a quick refueling there, he planned to hop to Dublin, Ireland, where he will take on his second load of fuel.

The third lap will be the Dublin to Paris hop.

He announced intention was to reach Paris in about 16 hours, less than half the 33 hours and 29 minutes used by Colonel Lindbergh in his non-stop flight on May 20 and 21, 1927.

As the graceful lowwinged monoplane, christened "The Liberty," climbed steadily with its 350 gallon load of fuel Reichers pointed its nose northward, circled the field and disappeared to the northeast.

He expected to reach Harbor Grace in about five hours, to take between 8 and 9 hours to span the Atlantic—a distance of about 1,700 miles, and about 4 hours more to complete the final short hop to Paris.

A large crowd was at the airport to bid him farewell. Just before the plane roared down the runway, Reichers leaned over the edge of the cockpit to kiss his wife, mother and 11-year-old son, Buddy, goodbye. He shook hands with his father at the 625 horsepower machine tied away for the takeoff.

PAUL DOUVER LAID TO REST

France Pays Fial Tribute to Assassinated President

Paris, May 12. (AP)—Paul Doumer, France's assassinated president, was buried today with public ceremonies of great majesty and impressiveness and with private rites of the most simplicity.

Fully a million peons thronged streets and squares to watch the funeral procession pass from Elysee palace to the Dome Cathedral, where a requiem mass was sung, and then to the pantheon where the dead statesman was solemnly venerated by Premier Andre Tardieu as to supreme type of democrat.

Among the participants in the public ceremony was tens of thousands of the elders of France, a king and four royal princes, and the diplomats of virtually every nation in the world.

When the public funeral was over the body was taken from the pantheon to the Dener family vault at Vaugirard cemetery. There it was laid to rest beside the four sons whom Doumer gave to France in the World War.

Only the widow, a one surviving son and other members of the family took part in the simple

Find Decomposed Body 5 Miles From Home; Skull Was Fractured

AUTOPSY INDICATES CHILD MURDERED BY HIS ABDUCTORS ON MARCH 1, SAME NIGHT HE WAS TAKEN FROM CRIB

Hopewell, N. J., May 13 (Friday) (AP)—Colonel H. Norman Schwarzkopf announced early today that J. F. Condon, of New York, and John Hughes Curtis of Norfolk, Va., "will be at these headquarters in a few minutes for questioning in connection with this case and they will be turned over by the police authorities to the prosecuting authorities" this morning.

Colonel Schwarzkopf apparently was acting in conjunction with county prosecuting authorities in an effort to assemble all pertinent information regarding the kidnaping which might be made the basis for grand jury action.

It was pointed out early in the case that prosecution of the kidnapers, when and if they were apprehended, might be facilitated by obtaining John Doe indictments in advance.

Figured As Intermediaries

Several hours before Colonel Schwarzkopf spoke regarding Condon and Curtis it was known that he had summoned the county prosecutor to his headquarters at the Lindbergh home.

The intermediaries in the case had been permitted the widest latitude by officials in activity on the basis that the first concern of the police was the safe return of the infant.

Thus it was regarded likely that the intermediaries might have in their possession certain confidential information which was automatically made privileged by the finding of the baby's body.

Condon, retired educator, and Curtis figured in the case as intermediaries seeking the return of the kidnaped Lindbergh baby. Colonel Schwarzkopf did not amplify his statement regarding them in any particular.

"The ransom note," said Colonel Schwarzkopf, "is not available and the prosecuting authorities have charged it as important evidence and have ordered it should not be made available to the press."

"No footprints were found in the vicinity of where the baby's body was located. This whole territory was thoroughly scoured by investigators from this office, even to the extent of scraping the surface of the ground around the place where the body was found, putting it all in containers and bringing it to these headquarters for the purpose of check and analysis."

Colonel Lindbergh is known to have paid \$50,000 through Dr. Condon to the supposed kidnapers of his son but it never was announced whether the efforts of Mr. Curtis off the Virginia coast entailed the expenditure of any funds by the flier.

Apparently Colonel Lindbergh and Mr. Curtis were hastening here together. At Norfolk, Va., it was learned Curtis had communicated with his home there, saying he and Colonel Lindbergh had been informed of the finding of the child's body. Information at Norfolk was that Curtis and the colonel had been together near the New Jersey coast pursuing negotiations for the baby's return.

BY FRANCIS A. JAMIESON (Copyright, 1932, By The Associated Press)

Hopewell, N. J., May 12—The stolen baby son of Colonel Charles A. Lindbergh was found dead today in the stubby Sourland Hills of New Jersey. The child had been murdered.

Blows on the head, inflicted probably on the same March night he was kidnaped from the home of his famous father, caused the infant's death.

The body, lying face down in a depression and partly covered by leaves and windblown debris, was discovered by a negro truckman in a patch of woods less than five miles from the Lindbergh estate.

The baby had been struck once on the top of the head on the left side and once on the right below the ear, either blow so violently delivered that it would have caused instant death.

It lay within 75 feet of where linesmen had strung special circuits to carry on worldwide communications in the long and unsuccessful effort to get back the curly-haired infant.

So badly was the body decomposed it had to be identified by pieces of clothing, bone structures and teeth, and it was impossible to give the police the slightest clue as to exactly what kind of instrument had brought death.

To the Trenton establishment of a county physician came Betty Gow, nursemaid to the child and the last person to see him alive on the night he was stolen 72 days ago, to forge the final link in the identification. She made her identification both from the appearance of the body and the fragments of the child's garments.

The tragic news found the child's mother, in the words of an intimate friend, bearing up with her "usual equanimity." His flying father was absent from Hopewell, presumably pursuing a private search to which he has devoted all his energies.

He was communicated with, however, and hastened toward Hopewell from an undisclosed place.

Whether the child had been killed with calculating purpose by criminals who found it advantageous to them to get rid of the infant or whether he had been struck and thrown from a fast-moving automobile by panic-stricken abductors was a matter of conjecture.

Gang Under Suspicion

The state's law enforcement agencies sprang to the task of trapping the kidnapers with renewed vigor, Colonel H. Norman Schwarzkopf, state police head, announcing that he had a gang under suspicion and Governor A. Harry Moore contributing the statement that "every attempt should be made now to find the murderers of the Lindbergh baby."

FITZGERALD IS PUSHED AHEAD

But He Claims He Does Not Seek Gubernatorial Chair

BY GILBERT T. SHILSON (Associated Press Staff Writer) Lansing, Mich., May 12 (AP)—Forty thousand signatures have been obtained on petitions seeking to qualify Frank D. Fitzgerald, secretary of state, as a candidate for the Republican nomination for governor. It was reported here today by those sponsoring the movement. More names are being acquired rapidly, they said. Less than six thousand are needed.

Fitzgerald's only comment was a reiteration of his announcement that he is a candidate for renomination and election to his present office. He admitted that many of his political friends have urged him to run for governor, but declared nothing has happened to make him change his mind. He said he does not care to run for the office this year. It is understood that conferences are to be held in the next few days in which those seeking to promote his candidacy will endeavor to gain his consent.

Groesbeck Considered If attempts are made to draft Fitzgerald by filing the petitions regardless of his wishes, the amended election law gives him the final word. If he informs himself, as secretary of state, that he wishes to withdraw his name it will not appear on the ballot. The law states that those for whom petitions have been submitted may withdraw within three days after the final date for filing. The last date for filing petitions this year is July 26.

If Fitzgerald adheres to his decision to stay out of the race Alex J. Groesbeck, former governor, may run. Petitions for Groesbeck also are in circulation throughout the state. Backers of the Groesbeck movement say they have thousands more than the required number of names. To date Groesbeck has not stated whether he will run. He has left the impression with friends, however, that he is seriously considering the proposal.

It is believed that Groesbeck would not run if Fitzgerald, by any chance, should become a candidate. A number of Groesbeck leaders, and possibly the former governor himself, are understood to be prepared to support Fitzgerald if he will run. If he does not, however, the anti-Brucker faction evidently is prepared to concentrate upon drawing Groesbeck into the contest.

While Fitzgerald probably could receive support from quarters close to Groesbeck, many of his personal friends have advised him to stay out this year. The campaign promises to be one of uncertainties, with the wet and dry issue prominent and with depressed economic conditions causing perplexing trends. The Democrats admittedly constitute a greater threat than they have in many years. A number of Fitzgerald's advisers contend that he will have no trouble in securing the renomination for secretary of state and re-election, whereas the gubernatorial campaign may be one of the hardest fought in years.

Governor Brucker, it is conceded even by his opponents, strengthened himself by the recent special session of the legislature. Those conducting his campaign can point to tax relief and material reductions in budgets as highlights in his record.

Here Is How the Lindbergh News Reached Public

New York, May 12 (AP)—Here is how the finding of the body of Charles Augustus Lindbergh, Jr., was first given to the world late today.

While working on another angle of the kidnaping, Francis A. Jamieson, Associated Press staff correspondent in Trenton, learned Col. Norman H. Schwarzkopf, superintendent of New Jersey state police, had summoned newspaper men to the Lindbergh home in Hopewell for an announcement.

Jamieson immediately sent two other Associated Press staff men to Hopewell. He himself dashed to the executive offices of Governor A. Harry Moore, in Trenton.

Governor Moore was not there. Jamieson called the governor at the home and while waiting, got the New York office of the Associated Press by telephone and held the wire open.

Governor Moore said he had just learned Colonel Schwarzkopf had been trying to get him by telephone. Jamieson asked the governor if he would call Schwarzkopf immediately. While the governor talked on another line to Schwarzkopf, Jamieson held the wire he had into the Moore residence.

In a few seconds, Governor Moore shouted to Jamieson: "I have sad news for you. The Lindbergh baby has been found dead."

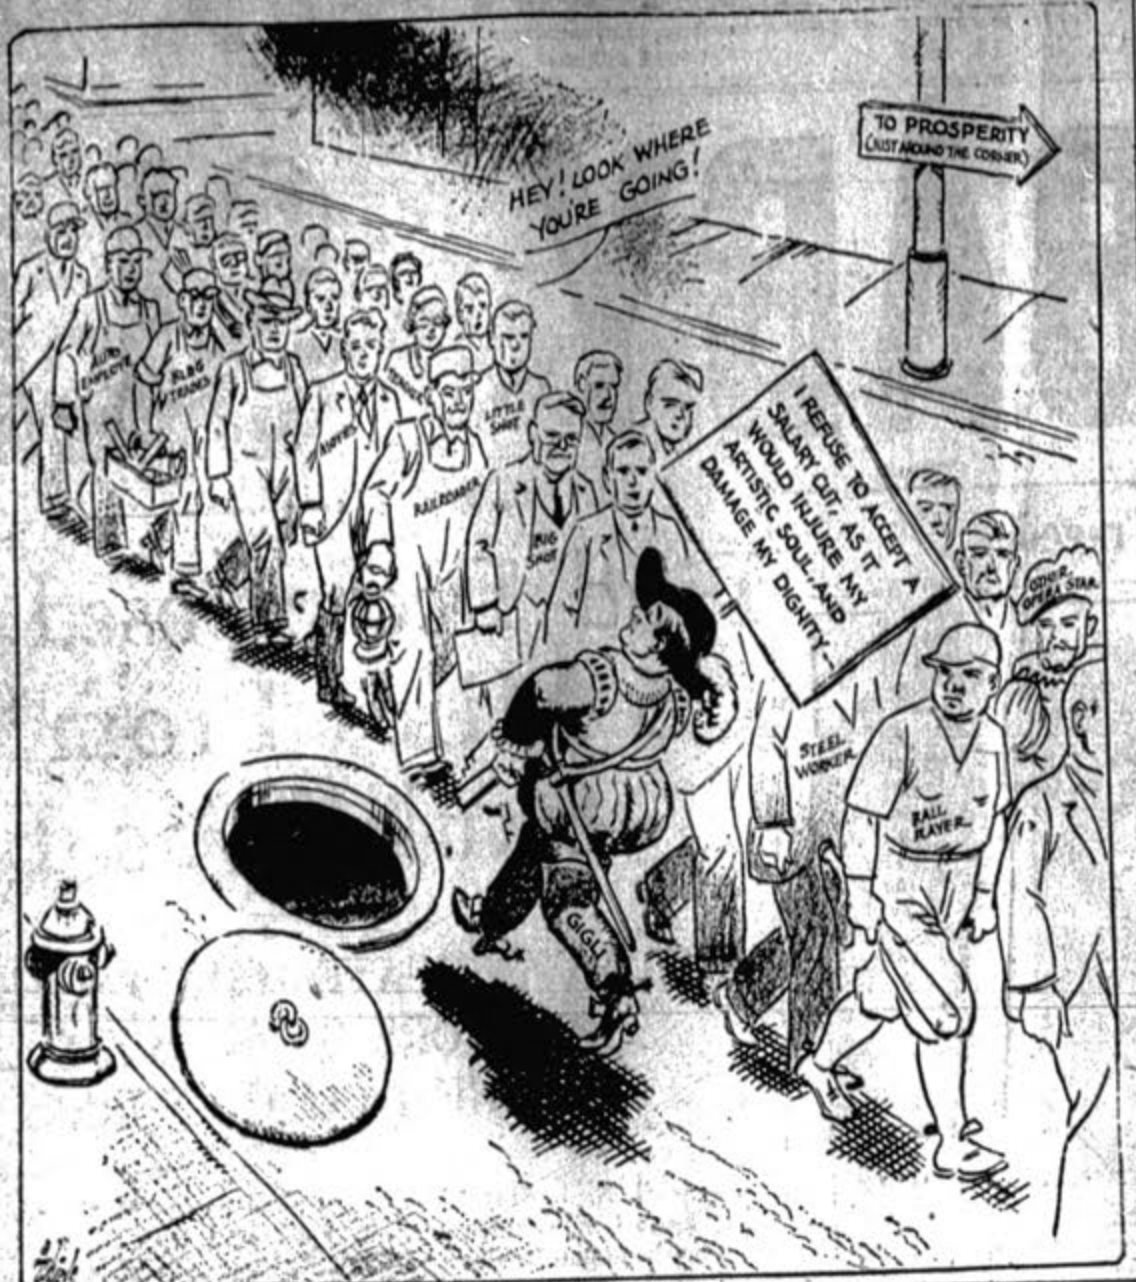

Then came the other details, quickly relayed by Jamieson to the New York office through the adjacent telephone, even as he talked with the governor.

But over the Associated Press news circuits, running to all sections of the world, flashed one of the greatest news "beats" in newspaper history.

"Flash—Governor Moore announces Lindbergh baby found dead."

Over an hour later, Schwarzkopf's formal announcement was made at Hopewell.

All Out of Step But Gigli!

FIND KIDNAPED BABY DEAD ON FLIER'S ESTATE

(Continued from Page One)

perior, Governor A. Harry Moore. "Colonel Schwarzkopf tells me the Lindbergh baby has been found dead," the governor informed the Associated Press correspondent.

Concealed by Leaves Three house before (about 3:15 p. m.) a truck bearing four men had stopped on a steep grade between Hopewell and the hamlet of Mount Rose. The vehicle halted opposite a wood separated from the road by a small ditch. William Allen, a negro, went into the woods and saw the body.

"The body was pretty well concealed by leaves, dirt and brush," the subsequent formal statement by Schwarzkopf explained. "Going under the brush he (Allen) lowered his head and as he raised a branch he saw a skeleton on the ground."

"It was in a bad state of decomposition," was the way Schwarzkopf summarized the gruesome details of the condition of the child.

Physicians later theorized the compound fracture was caused either by a terrific blow on the head with a blunt instrument or from the effects of being hurled from a car. The best medical estimate was that the body had been exposed to weather for "about two months." However, physicians explained the child might well have been abandoned on the same night he was stolen from his home.

Colonel Lindbergh, who had made an exhaustive private and separate search for his stolen son, spending thousands of dollars and even paying a \$50,000 ransom to the supposed kidnapers, was absent as the formal statement of the finding of the body came from police headquarters at his Hilltop home.

State troopers said he was not on the estate. Latest reports were that he had been in Virginia for more than two weeks attempting to establish contact with men posing as the kidnapers.

Mrs. Anne Lindbergh, daughter of the late Senator Dwight W. Morrow, who expects the arrival of another child within several months, also was not seen. She and her mother, Mrs. Morrow, were known to have been in the house, however.

Releases Statement A wind howled over the Sourland countryside that March 1 night when the kidnapers crept up a ladder to the second-story window and took the baby from his crib while his parents and nurse were in other parts of the house. A drizzling rain fell in the dusk of the late afternoon today as those who had been summoned by police assembled in the garage.

Schwarzkopf, a grave look on his face, told the arrivals to be seated around the long table in the garage and then discussed in detail how the statement was to be made public.

He directed that no one leave before he had concluded. And when he had finished, he waved aside all questions and directed all outsiders to depart at once.

Among the information to be withheld was any detail concerning the whereabouts and health of the Lindbergh family.

As he read his typewritten statement in a quiet, deliberate voice, he seemed to be weighing each word carefully before uttering it.

Pencils raced across scratch pads and there were no interruptions except for the almost constant jangling of telephone bells. State troopers answered the calls but refused to reply to any questions.

The formal police statement apparently was the body of the Lindbergh baby was found at 3:15 p. m. William Allen, a negro, was riding from Mount Rose, N. J., to Hopewell with Orville Wilson on a truckload of lumber. They stopped the truck near a woods. He, Allen, went into the woods on the Mount Rose hill in Mount Rose, N. J. Going under

the bush he lowered his head and as he raised a branch he saw a skeleton on the ground, and a person's foot.

"He called back Mr. Wilson. Mr. Wilson ran into the woods, saw what it was and decided to go to Hopewell to get police. They notified Chief Wolf of the Hopewell police who notified these headquarters. Inspector Walsh of Jersey City, Sergeant Moffett of the Newark police, Lieutenant Keaton of the New Jersey state police and a number of other detectives immediately went to the scene.

"They reported finding the body of a child estimated to be between one and one-half and two years old in a bad state of decomposition, having blonde hair and wearing what appeared to be an undershirt and a flannel band around the body. "Not signed with unassisted identification the men sent back to Hopewell to the Lindbergh estate to get samples of the undershirt the baby wore and of the flannel shirt he had on the night of the kidnaping (March 1). This flannel shirt had an embroidered collar on it. These articles were taken back to the scene and were compared with the clothing found on the body and were matched closely enough to afford an identification of the baby as that of the Lindbergh baby."

To this dramatic denouncement the reaction of Governor Moore was expressed tersely in these words: "Every attempt should be made now to find the murderers of the Lindbergh baby."

Second Statement His sentiment was echoed in a second statement from Colonel Schwarzkopf, which was as follows: "As long as there was a possibility of the baby being alive, the police have been acting with a certain amount of suppressed activity in order not to interfere with any negotiations that might result in the safe return of the baby."

"Now that the body of the baby has been found every possible effort will be used and all men necessary will immediately exercise every possible effort to accomplish the arrest of the kidnapers and murderers. We have had under suspicion a group of persons suspected of being the kidnapers and immediate steps will be taken and are being taken to accomplish their arrest."

"Emergency telephone lines for this case are lying on the ground where they were placed by telephone men within 75 feet of where the body was found."

Mount Rose is a hamlet of five houses and a general store. The Mount Rose road is a little-traveled road between Princeton and Hopewell.

The discovery of the body in the very countryside where the kidnaping occurred followed more than two months of whirlwind investigation.

Ships at sea had been searched. A New Jersey state police officer had been sent to Europe to pursue one phase of the inquiry there.

Wild tips came to the Lindbergh estate by mail and cable from almost every nation on the globe. Special translators were employed to handle the foreign mail that poured in when the investigation was at its height.

One peak in the long-drawn-out search came when it was learned that Dr. John F. Condon, aged New York doctor, on April 2 had paid \$50,000 ransom money, as an agent for Colonel Lindbergh, to a man in the shadow of a Bronx (New York City) cemetery.

Paid \$50,000 Ransom This development followed a long series of communications between Dr. Condon and men who represented themselves as agents of the kidnapers. Some of this communication was by notes and the rest through a series of newspaper advertisements which Dr. Condon signed with the name of "Jafie."

Finally, convinced he was in contact with the actual kidnapers, he paid the money. He later said Colonel Lindbergh himself sat in a car a block away while the money, in bills of small denomination,

passed hands. The colonel and some of his associates immediately left for the Massachusetts coast, where Dr. Condon said the receiver of the ransom had said the baby would be found.

Two days of futile search followed. Finally, convinced that those who received the money were not going to live up to their part of the bargain, Lindbergh gave a list of the serial numbers of the bills to the treasury department.

The numbers were sent far and wide. Some of the bills were reported found, but the discoveries did not lead investigators any nearer to a solution of the mystery or discovery of the child's whereabouts.

Meanwhile, three other inter-mediaries—a retired admiral, a clergyman and a shipbuilder—were making diligent efforts in Norfolk, Va., to establish contact with men they believed the abductors.

Capone Officers Aid After frequent mysterious trips by plane they announced they had succeeded, but their hope of bringing about the child's return grew bright only to dim again as weeks wore out.

Then "Scarface" Al Capone, Chicago gang leader, offered to make a personal hunt if he were released temporarily from the jail where he was being held pending appeal of a penitentiary sentence.

When his appeal was denied and he was sent to Atlanta, Ga., to serve his term, his lieutenants were reported to have taken up the hunt. In the hope any credit that might accrue from finding the missing baby would react in the favor of their imprisoned leader.

Three other figures known to the underworld entered into the far-flung hunt. Salvatore Spitalo and Irving Blitz were named intermediaries by Colonel Lindbergh in a statement a few days after the kidnaping.

They finally dropped from the picture weeks later when they said through their attorney they had been unable to establish any contact with the kidnapers.

The third man, Morris Rosner, made frequent trips to the Lindbergh home and on one occasion said he had knowledge the baby was alive and that he hoped to aid in obtaining its return in a short time.

GERMAN REICH IS ADJOURNED

Action Takes Forces of Adolf Hitler by Surprise

Berlin, May 12 (AP)—Germany's political turbulence was raised to new heights today by a disorderly session of the Reichstag, in which Adolf Hitler's National Socialists came off second best, and by a successful Nazi assault on the Bruening cabinet.

The Reichstag was suddenly adjourned by Speaker Paul Loebs after a hurried investigation had established that four Nazi members had mailed a Social Democrat newspaperman in one of the lobbies.

Adjournment was decreed after the government had defeated a motion of no-confidence by a vote of 237 to 237. The sudden ending of the session so astonished the Hitlerites they didn't know what to do. They herded in corridors where there were scenes of the utmost disorder.

Members Suspended The Hitlerite success of the day's doings was the resignation of General Wilhelm Groener from the post of minister of defense. He has been a marked man, so far as the Nazis were concerned, ever since he dissolved Hitler's storm troops.

He will continue, however, as minister of the interior, a portfolio he also has been holding. Many political observers declared the Groener resignation was another move in the reconstruction of the cabinet which is expected to make it a little more popular with the National Socialists and the Nationalists.

The squabble in the Reichstag came to a head when Speaker Loebs suspended four National Socialist members and ordered them to leave the hall, declaring that they had participated in mauling the Social Democrat newspaperman.

The four members refused to get out. Thereupon the speaker abruptly ended the session—and there probably will not be another meeting of the Reichstag before June 6.

SOLONS STUDY REVENUE BILL

government worth considering, would be intransigent even if the committee were considering a general revision of the tariff; but to resort to trades, exchanges of votes, and on-again, off-again performances that characterize the incorporation of these items in an emergency revenue measure is an exhibition that will raise serious questions in the public mind concerning the capacity of representation promptly and without self interest in a great emergency."

Comish Plunges Ahead Senators Harrison, Mississippi; George, Georgia; Costigan, Colorado, and Hull, Tennessee, joined Walsh in signing the report. Four Democratic members of the finance committee did not sign. They were: King, Utah; Barkley, Kentucky; Connally, Texas; and Gore, Oklahoma.

Meanwhile, the special economy committee plunged ahead at its task through another long day and behind we'll locked doors. Outside what President Hoover has called the "locust swarm of lobbyists," was gathering to foretell if possible the elimination of expenditures in which they are interested. Well aware of this, the senators are keeping their decisions closely to themselves until they have concluded their thankless task of chopping \$300,000,000 from the government's costs.

Tonight over the radio, Senator Connally (D. Tex.), declared for the non-partisan drive for economy but reminded the public that the deficit of the last two years incurred by the government was done by the Republican controlled congress—not by the present one—and under a Republican administration.

Lindbergh's Mother Has Nothing To Say

Detroit, May 12 (AP)—A heart broken grandmother, Mrs. Evangeline L. Lindbergh, refused tonight to share her grief with the world.

News that her grandchild, Charles A. Lindbergh, Jr., had been found dead, reached her shortly after she left Cass Technical high school where she has taught her chemistry classes stoically during the months of uncertainty since the kidnaping.

She refused to meet anyone outside her household. Her brother, Charles L. Land, told all callers at the Grosse Pointe Park home that Mrs. Lindbergh had "nothing to say."

An airplane company called to place a plane at her disposal for a flight to Hopewell. The offer was declined.

She was believed to be at her home tonight. Any plans she might have for going east were shrouded in secrecy.

Eradicate Hoodlum, Asks Rev. Coughlin

Detroit, May 12 (AP)—The Rev. Father Charles E. Coughlin, who broadcast a weekly sermon over a nation-wide radio hook-up during the winter months, tonight called the death of the kidnaped Lindbergh baby a challenge "to eradicate the gangster and hoodlum from our country."

Senator Long Is Ordered To Sit Down By Curtis

Washington, May 12 (AP)—Huey Long, who does what he wishes in Louisiana, ran afoul of an ancient and sacred senate rule today and was abruptly told to take his seat in the midst of a speech attacking Senator Robinson, the Democratic leader.

President Curtis sternly ordered the quick-tongued Louisiana senator to sit down while he was making a personal attack on the Democratic leader which had drawn crowds of "thrill seekers" to the senate galleries.

But a few minutes later the senate voted to allow the self-styled "king fish of Louisiana" to proceed as long as he did not violate the senate rule which forbids a senator to "impute to another senator conduct or motives unworthy or unbecoming a senator."

Robinson was not in the chamber. Long drew attention again to the list of clients, who have retained Robinson's law firm in Arkansas.

Airship Akron Lost Much Helium Gas

Camp Kearny, Cal., May 12 (AP)—Hampered by the loss of helium gas, the navy dirigible Akron sailed northward along the California coast tonight on the last stage of an interrupted flight to her base at Sunnyvale, Cal., near San Francisco.

Thirty-three percent of the precious non-inflammable gas, which provides the lifting power of the huge air cruiser, was reported to have been lost in the delayed crossing of the continent from Lakehurst, N. J., and the maneuvering to make an emergency mooring here yesterday in which two blue jackets were killed.

The Akron cast off here at 11:40 a. m. (PST) with a personnel of fifty-six instead of eighty. Two officers and 22 men were ordered off the ship by Lieut. Commander C. E. Rosenthal to lighten the load for the northern trip. He hoped to reach San Francisco Bay by dawn tomorrow.

The weather was reported clear throughout California, but with some fog along the coast.

Massie And Party To Arrive Sunday

San Francisco, May 12 (AP)—Lieut. and Mrs. Thomas H. Massie, central figures in a series of crimes that stirred Hawaii, will arrive here on the liner Malolo tomorrow morning.

With them are Mrs. Granville Fortescue, Mrs. Massie's mother, and Mr. and Mrs. Clarence Darrow, the former of whom directed the defense of the naval officer and Mrs. Fortescue in their recent trial in Honolulu for lynching Joseph Kahaahawale, Hawaiian.

Lieutenant and Mrs. Massie and Mrs. Fortescue will go to the naval station on Yerba Buena Island for several days.

Darrow will address several civic organizations during a brief stay in San Francisco. He and Mrs. Darrow will be met by Darrow's brother-in-law, B. Hamerstrom, local traction official.

Means Arrested On Drunk Charge

Washington, May 12 (AP)—Gaston B. Means, freed yesterday under indictments charging imbecillity and larceny in an alleged Lindbergh ransom fraud, was jailed for two hours again today and accused of assaulting a reporter whom he mistook for an undercover man.

This charge, along with one of being drunk and disorderly, was placed beside Means' name after he roughly handled Lee Somers, a dimwit newspaper reporter for the Washington Times.

The incident plumped Means into the spotlight with characteristic fanfare, stopping traffic at one of the capital's busiest downtown corners. Means blantly defended himself and paid his respects to those involved.

"I believe he's an undercover man," Means said as he was escorted to the bars. "I violated no law. If he's an undercover man, he performed his duty properly. I take my hat off to him."

TULIPS BLOOM FOR FESTIVAL

City of Holland Takes On Appearances of Netherlands

Holland, Mich., May 12 (AP)—A bit of the old world Netherlands flowered in this beautiful little "city of churches and tulips" today on the eve of the formal opening of the annual Holland Tulip Festival.

More than 2,000,000 tulip plants are budding and bursting into bloom to greet the anticipated thousands of visitors for the eight day festival. In tulip lane alone—a strip of US-31 in the city—there are three-quarters of a million tulips in buds and attractive designs.

A group of 30 young men and women, clad in the colorful Dutch costumes and clattering wooden shoes, this afternoon recreated the old custom of the Netherlands—the scrubbing of the streets. The girls spread cleaning compounds on the walks and the young men followed with brushes and brooms, leaving the business section of the city spotless.

Tulips in Bloom True old country Holland atmosphere is provided on the daily program by scores of men and women in Dutch garb, sauntering through the streets, vending wares from dog carts or seated in Centennial Park, center of the festival.

From end to end of the city, there are tulips—hundreds of them everywhere, many of them already in full bloom. They are in private gardens, public grounds, and in the flower show in Masonic hall in Central Park, a huge windmill and wooden structure formed of blooming tulips, are the centers of attraction.

The festival is to be dedicated tomorrow evening with an address by Earl D. Burke of Detroit, president of the Michigan Floricultural Society. In the afternoon there will be a parade of school children in Dutch costumes.

Saturday's program calls for a parade of massed bands and a concert in the afternoon, with an orchestra and choral concert in the evening at Carnegie hall, Hope college.

The religious nature of this little city—whose population of less than 15,000 supports 27 churches—prohibits the holding of a Sunday program.

Monday will be Governor's Day, with Gov. and Mrs. Brucker scheduled to appear in Centennial Park. The topic for the governor's address has not been announced.

# JULY 26 LIMIT FOR PETITIONS

## Law Fixes Date to File in Michigan Primary September 13

Lansing, Mich., May 12.—Candidates required by law to file petitions with the department of state in order to secure places on the ballot at the primary election Sept. 13, must do so by July 26.

In this category are included candidates for governor, lieutenant governor, candidates for the national congress except those from the 13th, 14th, 15th and 16th districts; state senatorial candidates except those from the 1st, 2nd, 3rd, 4th, 5th, 13th, 16th, 17th, 18th, 21st and 22nd districts; and candidates for the house of representatives from the Alger, Alpena, Antrim, Arenac, Charlevoix, Cheboygan, Emmet, Mecosta, Midland, Newaygo, Ontonagon, Presque Isle and Wexford districts.

Candidates to fill vacancies on the circuit court benches in Wayne, Kent and Branch-St. Joseph counties, also must file petitions by July 26.

Need 5,136 Names  
Republican candidates for governor and lieutenant governor must file petitions bearing at least 5,136 names in order to be given places on the ballot. Democratic candidates for those positions, however, do not have to file more than 2,310 names. A provision of the law requires that at least 100 electors of at least 20 different counties sign the petitions and not more than 25 per cent of the names may be from any one county. Candidates of other parties must be selected by caucus or convention.

The Republican candidate for congress from the sixth district is required to file the greatest number of signatures of any of the other congressional candidates who file with the department of state. He must submit 405 names.

The Democratic candidate for the house of representatives from the Antrim district is required to file the fewest number of names. He must submit a list of seven signatures.

The amended election code, now in effect, removes all question regarding withdrawal of candidates after filing. It now provides that all withdrawals must be made three days after the final filing date. This year the final withdrawal date is July 29.

### AMUSEMENTS

"Meet my fiance," says Ina Claire. "Not that we're engaged or anything like that." That sets the tone and the pace of Samuel Goldwyn's "The Greeks Had a Word for Them" which came to the Delft Theatre last night, and sent its first audience away weak with laughter from contemplating the antics of its three blonde sirens as they cavort through life from millionaire to millionaire, quarreling among themselves, but all for one and everyone for herself when it comes to making the best profit out of any situation.

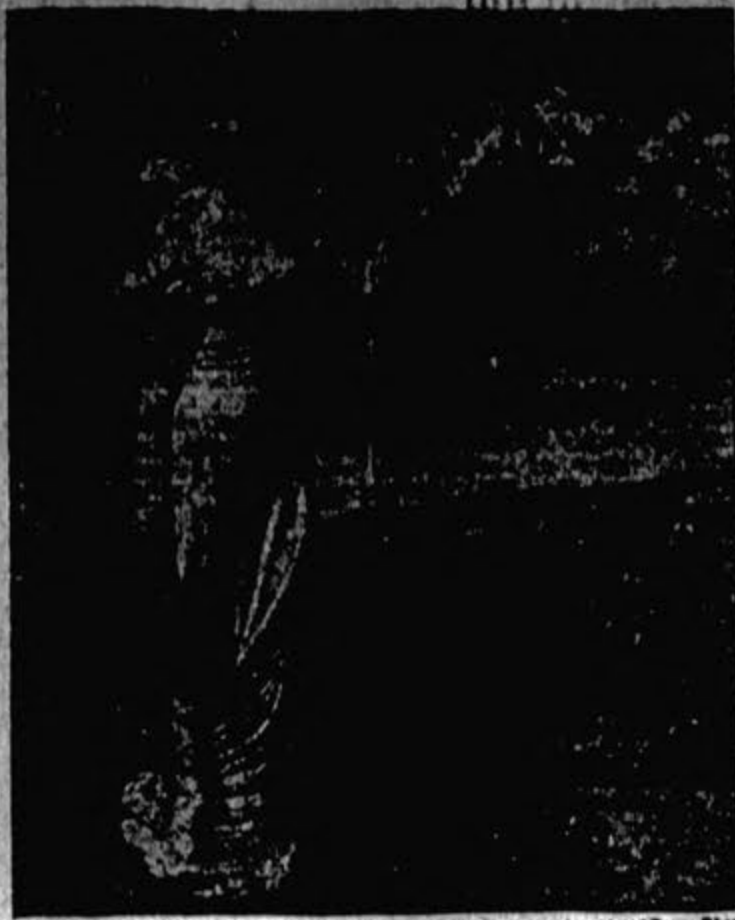

They're dizzy, are Ina Claire and Joan Blondell and Madge Evans, in the roles of the three charmers, but they're also the best fun seen on the screen these many months.

They are ably aided and abetted in their wild scrambles through penthouse apartments and ocean liners by Lowell Sherman and David Manners and Phillips Smalley, the veteran old-timer. It is one of those pictures you can't miss if you still figure a good laugh is worth having.

What it was the Greeks had a word for is best figured out by each spectator privately. Certainly the "Them" of the title are the three ladies concerned and their precarious but hilarious manner of life. Ina Claire is the only one of them who has an underlying complex, but all of them are perfect for the role of neither tolling nor spinning.

More than half the coal mined in South Africa is produced in the Transvaal.

### Trenary Schools Make Observance Of Health Week

Trenary, Mich. (Special)—Storekeepers in Trenary are co-operating with the school in the observance of Health Week which throughout Alger County is being observed from May 9 to May 14. The store windows show posters made by school children and exhibits of healthful foods and proper clothing, etc.

Monday, at school and in the home was devoted to health in general and Disease Prevention. Letters are being sent home with pupils each day. Tuesday's letters concerned tonsils, posture, and proper food for babies to prevent rickets.

On Wednesday malnutrition will be studied and its preventives, proper food, milk, etc., and restriction of sweets. Thursday's lesson treats on contagious and infectious diseases, their prevention and cure. Contagious and infectious diseases may be and are often extremely serious. They are transmitted by direct or indirect contact; contamination with infected secretions of the nose, mouth and throat; eating and drinking out of common receptacles and inhaling germs which have been coughed or sneezed into the air. Sunlight, fresh air and strict avoidance of crowds and contact with a diseased person all help to prevent contagion.

Some of the measures of prevention are:

Keep away from all known or suspected cases of communicable diseases.

Wash hands thoroughly before meals—do not use "roller" towels.

Use drinking water only from a source known to be pure.

Wash vegetables and fruit that are to be eaten raw.

Avoid putting hands into mouth or nostrils.

Never expectorate on the street or in buildings.

Three children, one each from the fourth, fifth and sixth grades, were selected to enter the posture contest, the winner to go to Eben May 11. They were Jack Case, Frank Hoy and Marlon McLaughlin. Jack Case and Marlon McLaughlin are tied for first place and will each enter further contests.

Miss Mildred Feldhausen, R. N., of the Children's Fund, examined children for best posture at the high school Tuesday afternoon.

Junior Prom  
Juniors of the Trenary high school will hold their Prom Friday evening, May 12, in honor of the Class of '32. The high school auditorium in which the party will be held, will be decorated in the red, white and blue used so much this year in honor of the Washington bicentennial. The grand march will be led by Jack Little of the junior class and Pearl Paulsen, also of Trenary high school.

Music will be furnished by

### OBITUARY

**MRS. GRACE ZETTEL**  
Mrs. Grace Zettel, mother of Edwin Zettel of Escanaba, died at her home at Deer Creek, two miles south of Fox, on highway 35, Wednesday morning.

Mrs. Zettel was 54 years of age and had lived in Menominee county for several years.

The survivors are her husband, Michael Zettel, three sons, Marvin at home; Arthur, Santa Monica, Calif.; Vernon, East Lansing; two daughters, Irene, Menominee, and Edwin, Escanaba; and one brother, William Harkins, Fox.

Funeral arrangements are incomplete.

**Family Has Death Twice In 3 Days; Double Services**  
Trenary, Mich. (Special)—Death again entered the N. E. Hall home here Monday morning at 8:45 when Mrs. Peterson, mother of Mrs. Hall, passed away. Mr. Peterson passed away on Friday before and Monday was the day set for his funeral. A double funeral was held Wednesday afternoon at Menominee with burial in the family lot there.

Mr. Peterson, aged 72, and his wife, 71, had made their home in Trenary the past four years, coming here from Stephenson. Both of the aged people had been in very poor health for a long time, but the end was hardly expected for Mrs. Peterson, who developed pneumonia. Mr. and Mrs. Hall reached home from Menominee, where they had gone to attend the funeral, before the mother passed away. A host of friends sympathize with them in their double bereavement.

FAIRMONT'S SUNDAY SPECIAL "CHERIGOLD"

## How Old?

He doesn't look a day over fifty. And feels like forty. At the age of 62.

That's the happy state of health and pep a man enjoys when he gives his vital organs a little stimulant!

When your system is stagnant and you feel sluggish, headachy, half-alive—don't waste money on "tonics" or "regulators" or similar patent medicines. Stimulate the liver and bowels. Use a famous physician's prescription every drug store keeps. Just ask them for Dr. Caldwell's syrup pepsin.

This appetizing syrup is made from fresh laxative herbs, active senna, and pure pepsin. One dose will clear up almost any case of headachy, biliousness, constipation. But if you want to keep in fine shape, feel fit the year 'round, take a spoonful of Dr. Caldwell's syrup pepsin every few days. You'll eat better, sleep better and feel better in every way. You will never need to take another laxative.

Give the children a little of this delicious syrup two or three times a week. A gentle, natural stimulant that makes them eat and keeps the bowels from clogging. And saves them from so many sick spells and colds.

Have a sound stomach, active liver and strong bowel muscles that expel every bit of waste and poison every day! Just keep a bottle of Dr. Caldwell's syrup pepsin on hand; take a stimulating spoonful every now and then. See if you don't feel new vigor in every way. Syrup pepsin isn't expensive.

# RAILS WILL BE LEFT IN STREET

### Traction Company Agrees to Pave Over Car Tracks

After street car service is suspended in Escanaba, it is planned to leave the tracks in place and cover them over with paving material similar to that used on the present streets where the street cars are operating. The city council has been informed of the street railway company's willingness to cover over the depressed rails, rather than remove them with a resulting higher expense to the city. Most of the paving along car tracks is of asphalt, and this material will be used in filling in the depressions along the rails.

Under the terms of the franchise under which the street cars operate in Escanaba, the traction company was responsible for the maintenance of paving of one foot on either side of the rails. At present there is a crown between each pair of tracks which makes for rough right angle crossings at intersections. By filling in the portion of pavement which comes under their maintenance agreement, the traction company will eliminate the bumps and provide a smooth crown in the center of the street.

On streets not paved, including the south end of Thirteenth, and on Sixth avenue south, the traction company expects to remove some of the trackage and ties, which will also be an improvement for street conditions and will simplify the maintenance work for the city.

In order to guard against any future misunderstanding, the traction company intends to give a bill of sale to the city, dealing over to the municipality all trackage and ties left in the street.

Musical accompaniment and a program before the opening of the show will be provided by an Escanaba high school orchestra under the direction of R. P. Bowers on May 17 and 18 when the "Eskymen" present their Red Ink Minstrel at the William W. Oliver Memorial auditorium.

Members of the orchestra are June Christensen, piano; Melvin Holm, violin; Clara Karas, violin; William Karas, violin; Jack Bartella, trombone; Jack Genesee, clarinet; Marshall Lillquist, saxophone; Rayno Labre, bass, and Don Olson, drums.

Reservation of seats for the minstrel will begin at the Junior high school on Monday. It is planned to charge a low price of admission.

### Seed Loans Granted To Over 100 Farmers

A total of 71 Delta county farmers have been granted government seed loans, ranging from \$10 to \$50 each, according to records at the office of County Farm Agent J. E. Turner, where applications were handled. More than 100 applications were sent in through the local office, and it is expected that nearly all of these will be granted. The opportunity for securing seed loans ended yesterday, due to the fact that all applications must be received at the regional office in Minneapolis by Saturday.

### Receiver Asked for William Comstock

Detroit, May 11 (AP)—A petition filed in circuit court today asks that a receiver be appointed for William A. Comstock, several times Democratic candidate for governor. The basis for the action is an unsatisfied judgment for \$9,067 growing out of a real estate contract suit.

The petitioners, Mildred Marie and Laura Bunting, of Pontiac, set forth in their bill that the judgment was obtained on March 12; that a writ of levy on Comstock's assets was obtained on May 21 and that the writ was returned unsatisfied on April 19.

## GREETING CARD BRINGS ARREST

### Milwaukee Boy Held at Escanaba for Theft Of \$1,050

Just because William Tusek, 18, remembered his mother in Milwaukee on Mother's Day and sent her a greeting card from Escanaba, he has been taken back to his home town to face a \$1,050 larceny charge filed by his uncle, Emil Blaskovic, wholesale butcher.

The money disappeared May 2 and Blaskovic was at a loss to account for the disappearance until it was discovered that William had also disappeared. Then a warrant was issued for his arrest and the Mother's Day greeting supplied the final clue in locating William at Escanaba, where he was held by the sheriff's department after having been taken in custody by the police.

Tusek told officers at Escanaba that he had been having a fine time, and during the last week had no trouble in spending about \$500. The \$1,050, he said, was "lifted" from a cash drawer.

### Escanaba Kiwanis Club To Entertain St. Joe Athletes

The Escanaba-Wells Kiwanis club will entertain the letter men of St. Joseph's high school at a dinner at the Ludington hotel next Wednesday evening, May 18. No meeting, as a result, will be held on Monday.

A splendid program has been arranged for the event. A Lester Pierce, registrar of St. Thomas college of St. Paul, will be the principal speaker, and the Aquinas Trio and Arthur Huth, vocal soloist, will provide a musical program. The Trio is composed of George Langeland, James Carney and Richard Kaiser.

Mr. Pierce is a speaker of outstanding ability. He and the musical group are making a two weeks' tour of Minnesota, northern Wisconsin and Michigan.

What are believed to be the oldest ostrich eggs in the world have been unearthed during excavations at Maadi, suburb of Cairo, Egypt. They are said to be more than fifty centuries old.

## Mother Of Eleven Summoned By Death Thursday Morning

Mrs. Laura Courier, 60, died at her home, 1425 North Twentieth street, at 4:50 a. m. Thursday, after an illness of about a year, during which she suffered from a complication of diseases. She was born November 15, 1871, at Three Rivers, Quebec, and lived at Escanaba 22 years. An unusual coincidence of her death is that it occurred exactly five years after the death of her husband, Peter Courier, who passed away May 12,

1927, at the same time of the day. Surviving are the following sons and daughters: Mrs. Alvin Deruhas, Mrs. Alex Deruhas, Escanaba; Wilfred Courier, Milwaukee; Fred, Peter, Joseph, John, William, Willie, Mary and May, all of Escanaba, and 22 grandchildren.

The funeral services will be held Saturday at 9 a. m. at St. Patrick's church, with the Rev. Fr. Moeckler officiating and burial in St. Ann's cemetery.

General Jan Smuts of South Africa is credited with originating plans for organization of the League of Nations.

Audience Has  
Great Fun at  
Guild Comedy

An appreciative audience smiled, chuckled and laughed to its heart's content last evening at "George in a Jam," the hilariously funny three act comedy which was successfully presented by St. Stephen's Guild. Mrs. G. W. Moll, directing, at the William W. Oliver Memorial auditorium, Escanaba Junior high school.

posed as the French count, suspected of jewel thievery, whose accent and affected deafness in one ear caused no end of merriment. Miss Lucille Moll was pert but altogether adorable as Missy Brown.

ger, was followed by the audience with close attention. Dr. Gordon J. Gleich gave outstanding portrayals of Jack, George's friend, who loves Sara, and "Lena," the "Chermain" maid, whom he impersonates to aid his friend, his dialect and his interpretation of the awkward maid, particularly in the scene in which he mischievously makes love to Pa, producing the heartiest laughs of the play.

Favorite Recipe  
Betty Ann

A prune and apple pie that will delight the family with its new flavor is made by following this morning's recipe which the department has received through the courtesy of Mrs. A. L. Stimp.

Prune and Apple Pie  
Three cups sliced apples.  
Three-fourths cup sugar.  
One cup stoned and cooked prunes.

One tablespoon lemon juice.  
Line tin with pie crust. Cover with layer of apples, sprinkle with sugar; spread over this middle layer of prunes and sprinkle with sugar; and over the prunes, a top layer of apples, sprinkling over this the remainder of the three-fourths cup of sugar, and adding one tablespoon lemon juice. Top with crust and bake in a moderate oven about 35 minutes.

Mrs. A. L. Stimp,  
221 North Eleventh street.

GLAMOR

There's glamor unmistakably youthful in Lyolene's new Empire-waisted evening dress for the debutante. It's made of a soft silk that looks like wool, in a bright shade of red. Note the puff sleeves and crisscross strappings on the bodice. The square décolleté also is becoming to the youthful neck.

Marion McClench  
Will be Present  
At Club Meeting

Miss Marion McClench, former national president of the Business and Professional Women's clubs, will be national representative at the state convention which will be held in Kalamazoo, May 27, 28 and 29, and which will have as its Escanaba representatives, Miss Alice Kvam, club president and its delegate, and Mrs. Lillian Reynolds, who is a speaker on the convention program.

After traveling during the two years of her presidency 60,000 miles in the interests of the National Federation of Business and Professional Women's clubs, Miss McClench of Ann Arbor, Mich., president of the organization, July 1929 to July 1931, has turned the splendid equipment she secured in that multitude of Federation contacts into her new work as membership chairman.

This year there falls to her the pleasant task of directing the field activities of the organization, of traveling and speaking to clubs in many states, and of supervising for this largest business women's organization in the world a membership program that will not only add new recruits, but keep the present membership interested and stimulated.

Miss McClench is by profession an insurance woman, daughter of the late William W. McClench, who for many years was president of the Massachusetts Mutual Life Insurance company. She began her insurance career fourteen years ago in the Detroit office of the Massachusetts Mutual, and in 1928 opened an office of her own in Ann Arbor. From her school days she has been in the van of progressive movements for women.

New Englander. A native New Englander, educated at Smith college, Miss McClench at first chose teaching for her profession. But the atmosphere of the classroom did not prove sufficiently stimulating and she turned her attention to insurance. An enthusiast about many forms of outdoor activity, she drives her own car, swims, and although she has never piloted an airplane never loses an opportunity to be a passenger.

As bests the membership chairman of the leading business women's organization in the United States, Miss McClench believes that women make a contribution of incalculable value to modern life. "If you doubt it, you have but to imagine the chaos that would ensue if you eliminated for a 24-hour period the efforts of all the women who work for salaries or wages in your city," she says. "I do not need to tell you that business would be at a standstill."

Although a firm believer in the abilities and potentialities of women, Miss McClench does not believe in "feminism." She feels that during the next two decades men and women will learn to work together more cooperatively not only in business but in civic and public affairs and that the welfare and future development not only of our own country, but the world, are in large measure dependent upon the pooling of the abilities and talents of both men and women.

The close of Miss McClench's administration was marked by the adoption of a ten-year objective for the organization which outlines a broad social and economic program for the promotion of human welfare.

Urges Leadership. In her presidential address Miss McClench urged that the National Federation of Business and Professional Women's clubs fit itself to assume real leadership in thinking on economic problems and their social implications, with a view towards helping in the establishment, through scientific methods, of conditions which assure to women, and to men, as well, the fullest possible opportunity and reward for the development of whatever capacities they possess.

This challenging objective, which is already demonstrating its wide appeal to business and professional women in increased membership in the Federation, is now being translated into practical terms in the 1300 branches of the organization. It will find expression both in the adoption of programs of study along economic lines and in the inauguration of scores of civic and community welfare projects, to which Miss McClench will help to give impetus through her close contact with the clubs.

FLAPPER FANNY SAYS:

A good typist has success at her finger-tips.

Membership Chairman

Miss Marion McClench, membership chairman of the National Federation of Business and Professional Women's clubs, and former national president, will be a delegate of the federation to the state meeting of Michigan clubs, in Kalamazoo, the last of the month. Mrs. Lillian Reynolds and Miss Alice Kvam will be Escanaba representatives at the meeting.

Miss Lighthall  
Accorded Honor

Miss Maxine Lighthall, former Escanaba high school student, has been elected to the National Honorary society of West-high school, Madison, Wis., one of four students accorded this honor out of over 115. Miss Lighthall is the daughter of Mr. and Mrs. Marshall B. Lighthall of Madison, former residents of this city. The Lighthalls, it will be recalled, moved to Green Bay about two years ago, and later went from there to Madison.

Mrs. Earl Casey has returned from a visit with friends in Meadville.

A Book  
A Day

By Bruce Catton

A professor of psychology and a writer of advertising copy have pooled their talents to produce "Making the Most of Your Time," a volume intended to show those in the humbler walks of life how to rise to fame and fortune. The authors, John J. B. Morgan and Ewing T. Webb, have to their credit a previous book, "Strategy in Handling People," which attained the rank of best seller.

Chiefly, this 245-page volume consists of little sermons detailing the favorite parables of the hard work and perseverance by which America's financial leaders attained their wealth. It is the thesis of Professor Morgan and Advertiser Webb that life is a game and that to win one must play enthusiastically. Specifically there are chapters on "Seizing Your Opportunities," "Outwitting Your Handicaps," "How to Concentrate," "Developing the Habit of Success" and "Getting Over Self-Consciousness."

Those who object to the recent tendency of biographers to paint the faults as well as virtues of celebrities, attributing human frailties to the great, will find "Making the Most of Your Time" precisely to their taste. Here are collected anecdotes and quotations to show that courage and determination to "play the game" brought Andrew Carnegie his millions, Theodore Roosevelt the presidency, made Thomas A. Edison the financial wizard and Charles M. Schwab a giant of the steel industry.

Professor Morgan received a Ph. D. from Columbia university in 1916, served as a captain during the war and was in charge of psychological tests of soldiers at Camp Hancock. Ewing T. Webb, Yale '13, is said to have directed national advertising campaigns to the extent of \$20,000,000.

Escanaba Couple Celebrate Their Golden Wedding

An anniversary of special significance will be observed by Mr. and Mrs. William Champley, 314 South Seventh street, today, the fiftieth anniversary of their wedding.

Mr. and Mrs. Champley were married in Marinette on May 13, 1882, residing there until thirteen years ago, when they came to Escanaba to make their home. They had eight children, three of whom are living, George and Charles of Escanaba, and James of Marinette.

It is estimated that there are about 356,130 female students in colleges and universities of the United States.

Forty Hours at Flatrock

Forty Hours will open at the Flatrock Holy Family Church Sunday morning at the high mass at ten o'clock. Following is the order to be observed:

Confessions of the children will be heard Saturday afternoon from 2 to 4. A few neighborhood priests will help with the confessions of the adults in the evening from 7 to 9. Communion will be distributed at the 9 o'clock mass Sunday. Procession will follow the 10 o'clock mass.

After which the Sacrament will remain exposed to the veneration of the public all day long on Sunday, Monday and Tuesday. A schedule of the hours of adoration has been prepared for all the families of the parish and may be seen near the inner door of the church.

At the 7:30 service Sunday evening, the sermon will be preached by the Reverend Father

Phillippe de Neri Juras of Sacred Heart church, Schaffer, Monday evening, the Right Reverend Monsignor Raymond G. Jacques of St. Anne's of this city will preach. And at the solemn close on Tuesday evening, the sermon will be given by the Reverend Father Ovid J. LaMothe of St. Charles Borromeo church of Rapid River.

Confessions of all the surrounding parishes have been invited to attend. Confessions will be heard after services Sunday and Monday evenings and from 2 to 5 Monday afternoon. No confessions will be heard Sunday afternoon.

The choir has rehearsed for several weeks and will render special music for the occasion.

Christian Science Churches "Mortals and Immortals" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, May 15.

Among the Bible citations is this passage (Rom. 8:10): "And if Christ be in you, the body is dead because of sin; but the Spirit is life because of righteousness."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 265): "The senses represent birth as untimely and death as irresistible, as if man were a weed growing apace or a flower withered by the sun and nipped by untimely frosts; but this is true only of a mortal, not of a man in God's image and likeness."

Social-Club

Thursday Bridge Club Mrs. Fred Leighton and Mrs. Stanley Matthews were hostesses to the Thursday Bridge club on Thursday. Luncheon was served at Mrs. R. E. Hodson's tea room at one o'clock followed by bridge at the Matthews home.

Lady Maccabees Association in Convention Here

Delegates and visitors of six upper peninsula cities were in Escanaba on Thursday for the annual convention of the Cloverland Association, L. O. T. M., held here at the North Star hall with members of Cora Hive of Escanaba as the hostess organization.

The Association meeting attendance from outside cities was as follows: Manistique, 15; Rapid River, 5; Gladstone, 10; Menominee, 4; Iron Mountain, 4; Channing, 2, these in addition to the Escanaba members and visitors from both Channing and Iron Mountain.

The meeting opened Thursday morning with a business session at which the annual election of officers took place. The officers for this year, headed by Mrs. Richer of this city, are as follows:

Mrs. Sarah Richer—Commander. Mrs. Koch, Menominee—Lieutenant Commander. Mrs. McPherson, Rapid River—Chaplain. Mrs. Dougherty—Mistress-at-

Arms. Mrs. Anna McGirr—Sergeant. Mrs. Grimsey—Picket. Mrs. Catherine Derocher—Sentinel. Mrs. Emery, Menominee—First Lady of the Guards. Mrs. Marie LaCombe, Gladstone—Second Lady of the Guards.

Following the business meeting the delegates and visitors were guests at a dinner at the DeLuxe restaurant.

The afternoon was given over to a social time, the members playing cards or visiting. At five o'clock a splendid entertainment was given by the girls of home room 112 of the Senior high school. This included a minstrel show, a specialty dance, Raggedy Ann, by Doris Thomas and Jean Sullivan, musical readings by Nancy Chalson and vocal solos by Jane Harwood.

The successful meeting closed with a lunch served at the close of the program.

Auxiliary Meeting The Ladies' Auxiliary to the Ancient Order of Hibernians will hold a meeting this evening in St. Patrick's hall, beginning promptly at 8 o'clock. Cards will be played and a lunch will be served after the business session. All members are urged to attend.

Bake Sale The Ladies' Aid society of the First Presbyterian church will hold a bake sale at the Anderson and Bonefeld furniture store on Saturday, May 14, starting at 9 o'clock. Fresh salted peanuts will also be sold. A generous patronage is solicited. Mrs. F. J. Earle is chairman of the committee.

Missionary Meeting The annual meeting of the Women's Home Missionary society, First Methodist Episcopal church, will be held this afternoon at the home of Mrs. W. J. Anthony, 494 Lake Shore Drive. This meeting, the mite box meeting, is particularly important and attendance of all members and friends of the church is urged. Mrs. Anthony will be assisted by Mrs. T. M. Judson, Mrs. William Warrington and Mrs. Fred Carter.

Announce Social The following announcement with its special spelling has been issued by the committee in charge of this evening's social at the First Presbyterian church:

"The C. E. Society of the Presbyterian church will have a penny soseul tonite at 8:00 o'clock. We wood like everybody to cum. Git all yours pennys and nickels & dimes and bring um with. We guaranty a good time was had by all."

Guild Card Party A good sized crowd enjoyed the card party given Wednesday evening in St. Patrick's hall by St. Patrick's Guild. In bridge Joseph Collins won first prize and D. Harwood, second; in five hundred, Mrs. Walter O'Connell, first and Mrs. J. A. DeLisle, second; and in pinochle, Mrs. C. L. Snyder, first; and Mrs. D. Morse, second. The eighth party of the series will be given next Wednesday evening.

Groups Entertained Mrs. Barnett Mills and Mrs. Samuel Mills entertained the St. Stephen's Auxiliary and St. Margaret's Guild of St. Stephen's Episcopal church, at dinner and bridge Wednesday evening, at the joint social meeting of the two groups. Dinner was served at 6:30 o'clock; bridge following. In the Guild, Mrs. Catherine Locke had high score of the evening and Miss Vida Kuntze, second. Prizes to Auxiliary members were awarded Mrs. Arthur Crose, first, and Mrs. A. J. Schmelzer, second.

Bridal Shower Mrs. Kenton Olson, a recent bride, was the guest of honor at a delightful miscellaneous shower given by Mrs. Elmer Peterson Wednesday evening at her home, 508 First Avenue south. Twenty-one guests were present.

Five hundred and bunco were played with the following prize awards: five hundred—Mrs. Elwood Erickson, first; Mrs. Harley Copeland, second; Mrs. Leslie Wentworth, consolation; bunco—Miss Lottie Patoush, first; Miss Arnes Erickson, second; and Miss Anna Johnson, consolation.

The honor guest was presented with a number of beautiful gifts. Mrs. Olson was before her marriage, Miss Beatrice Wollersleben.

Detroit (AP)—John F. Ballenger, superintendent of welfare, has reported that, despite stringent economies, the city's welfare department will be able to operate only two weeks more on its relief appropriations. An additional request of \$800,000 to enable continuance until July 1 will be requested.

STONINGTON NEWS

Stonington Church Services Pentecost services at Stonington in the Trinity Lutheran church Sunday afternoon at 2:30. K. Knutsen, Pastor. Attend Hally Day "R" Busy Workers 4-H Club was represented by four mem-

bers at Delta County achievement day held in Escanaba last Saturday. Also Sitar went as senior style champion and club champion; Bill Fallstrom as senior health champion; Hills Koll as junior health champion and Ilme Granskog as junior style champion. Also won second place in the first year work among the various champs of the county.

Surprise Party Also Sitar was very pleasantly surprised at her home last Sunday evening. The occasion was her seventeenth birthday. Thirty-eight young people gathered at the Fallstrom home and from there went in a group to the Sitar home. Games were played and a dainty lunch was served afterwards. Miss Sitar was presented with a beautiful purse from the group and also several other small valuable gifts.

Section 6—Louise Saykly, "Homes and the Republic," Henry W. Grady.

Section 7—George Ramspeck, "Graves of the Unknown," Bruce Barton.

Section 8—Betty Voght, "Love of Country," I. H. Brown.

Judges will be Miss Roma Irons, Miss Mary Meighen, grade supervisor, and Supt. R. E. Cheney. The public is invited to attend the contest.

COULDN'T DARE GEORGE

Portland, Ore.—Years ago Mayor George L. Baker got a reputation as the champion osculator among mayors when he greeted Mary Garden with a hug and a kiss. Mrs. Carrie Asher recently brought a complaint to council and voiced her opinion about the mayor. "There's another thing I want to complain about, Mayor Baker," she said. "I've come into the depot here dozens of times and you've never been there to greet me with a kiss." Gallant George promptly left his seat and planted a kiss on the mouth of the surprised woman.

DIAMOND BALL SCHEDULE OUT

Eight Club League Will Swing Into Action Monday Night

The 1932 diamond ball schedule covering 14 weeks and including 112 games was released yesterday by Jack Williams, manager of the Central Markets, Charles Underwood, Henry Gauthier, Norton, and George Bratschl here.

Diamond ball will be officially ushered in Monday at 6:30 p. m. when umpires Gauthier and Underwood will call "play ball" on the eastside and westside diamonds.

This year's schedule is the most extensive ever attempted in Manistique and shows the increasing popularity of diamond ball here.

Cargo of Sand

Marquette—The steamer Fontana arrived here yesterday from Grand Haven with a cargo of 4,000 tons of sand for the C. B. Bridges Construction company, of Norway, which has the contract for paving U.S. 41 from the end of Washington street in Marquette to the Brookton corners.

CITY BRIEFS

Mrs. Maude Baker and Mrs. Martha Kempf attended the Cleveland Association meeting of the Lady Macabees held in Escanaba yesterday.

Mrs. R. B. Waddell, Mrs. V. I. Hixson and Mrs. A. B. Waters motored to Escanaba Wednesday and were guests at the regular meeting of the Escanaba Women's club.

Rev. David E. Anderson of Brooklyn, New York, will arrive in the city today from Gladstone. Evangelist Anderson will conduct a series of revival meetings at the Swedish Baptist church.

Earl Ellsworth, manager of the Northwoods club, was in the city yesterday. Mr. Ellsworth returned a week ago from Texas and Mississippi where he visited during the winter months.

Misses Lela and Beatrice LaChapelle, of Chicago, visited their mother, Mrs. Emma LaChapelle, on Saturday and Sunday. Mrs. LaChapelle is a patient at the Muscatine hospital, Muscatine, Iowa.

SLUMP SHOWN IN HONOR ROLL

H. S. List Decreases to 34; Nine Students Get A Average

Honor roll membership based on report cards issued at the high school this week lists 34 students, a decrease of six compared with the preceding period when 40 students attained grades of B or better in all of their subjects.

Straight A averages were obtained by nine students including five sophomores, two seniors, and one each from the junior and freshman classes.

Several upsets occurred in class honor roll membership. The sophomores by placing ten took first honors from the freshmen who have set the pace since the start of the school year.

Following are the names and respective grades of students on the honor roll:

Seniors—Bolitto, Boyd A B B B; Carlson, Myrtle A A B B; Huffer, Catherine A A B B B; Husband, Katherine A A A A; Neville, Daniel A A B B; Squires, Merle A A A B; Taylor, Kathleen B B B B; Thompson, Linnea A A A A.

Rebekah Party—Agnes Rebekah lodge is giving an old time dancing party in the Odd Fellows hall this evening. The Musical Aces will furnish the music for dancing.

Guilid Sale—Tomorrow, St. Alban's Guild will hold a sale of baked beans and brown bread in the Weber and Vaughan grocery store.

A series of experiments has been started in Switzerland that will last 250 years. The experiments will determine movement of glaciers.

If You're Suffering from Stomach Trouble Take DI-JO

You nor anyone else can obtain relief from stomach trouble if you continue to pack your stomach full of indigestible food.

Hearty, rich, heavy meals poison those whose stomachs are weak, but there is a way out. A lighter diet of fruits, milk, green vegetables, eggs and the like will give the stomach a chance to revive.

DI-JO

Believed by many to be the best digestive remedy obtainable will not only revive the gastric juices but it will actually assist in the work of digesting the food while the stomach is regaining its vitality.

Stomach ills such as heartburn, belching, gas pressure so great that it affects the heart, sour stomach, nausea, and all the kindred ills can be cured. But—you can't eat or drink anything you want to. You've got to be reasonable with your stomach.

We Especially Recommend Di-Jo To You Because It Has Cured Many People

If the bowels are lazy get a bottle of Di-Vac. It was made especially to be taken with Di-Jo and it will eliminate the poisonous matters from the intestinal tract thoroughly and completely.

Here is the right formula for a well stomach: Eat fruits and green vegetables and drink plenty of milk.

Supervisors Hold Session Wednesday

The Alger county board of supervisors were in session Wednesday, meeting first at the county infirmary in the forenoon and at the court house at 1:30 in the afternoon.

A proposition to bond the county for the sum of \$50,000 to pay running expenses for the next eight months was voted down, but may come up at a later session.

A cut of ten per cent in the salaries of all county officials and deputies was authorized to effect a saving of \$150 per month. Supervisors will receive \$4 per day instead of \$5 and mileage will be paid for the rate of 7 cents per mile instead of 10 cents.

No bills were paid at this session.

VETERANS AWAIT RESULT OF SALE

Successful Poppy Day Means Work for Disabled War Vets

"How soon will the poppy work begin again?" In U. S. Veterans' Hospital No. 100, Battle Creek, where Michigan's supply of poppies are made, this question holds first importance, according to Mrs. Eugene Noblet, chairman of the local Legion Auxiliary memorial poppy committee.

During the winter and spring several hundred disabled veterans have been given employment making the little red flowers which the Legion and Auxiliary will sell on "Poppy Day," May 28, to be worn in honor of the World War dead.

Nearly one million of the flowers have been completed. The job is nearly done. Until the Legion and Auxiliary starts making poppies again at the Battle Creek Hospital there will be no opportunity of employment for these disabled veterans.

How soon these men, who are barred from most occupations because they sacrificed their health and strength in the country's defense, can be placed back at work making poppies entirely depends on the public response to the Poppy Sale May 28.

Mrs. Noblet, "If the one million poppies which the disabled veterans have made for this year's sale in Michigan are taken readily by the public, the Legion and Auxiliary committee will feel able to begin work early on a larger supply of poppies for next year's sale."

"The situation for the disabled veterans is especially desperate this year. Even in normal times it was difficult for them to find any means of earning money and under present employment conditions the Legion and Auxiliary's poppy program offers almost the only possibility."

The Auxiliary is very eager that everyone in Gladstone wear a poppy on "Poppy Day" (this year, first, to pay tribute to the war dead; second, to provide funds for relief work among the disabled men and their families; and finally to create more employment for those brave men who have nowhere else to look for work."

Husband of Local Woman Returns from Sealing Expedition

Dr. Arnold O. Abraham, son-in-law of Mrs. R. Mathison, of Gladstone, has returned to the island of Newfoundland, off the coast of Newfoundland, after eight weeks spent on board the Imogene, a sailing vessel, in the arctic ice floes. Dr. Abraham shipped on board the Imogene as ship's doctor.

In a letter to her mother, Mrs. Abraham recounts the events of the trip taken by her husband and encloses photographs taken while off the coast of Labrador, where the sealing expedition spent a greater part of the time. Forty thousand seals were taken during the season. A number of polar bears were also secured as trophies by the sealers.

Dr. and Mrs. Abraham, who was formerly Wilma Mathison of Gladstone, are residents of the island of Twillingate, where Dr. Abraham is attached to the staff of a hospital. They expect to return to the States during this year.

TO BE BURIED AT OLD HOME

Body of I. N. Bushong Enroute to Leipsic, Ohio, for Burial

The body of I. N. Bushong, president of the Northwestern Cooperage and Lumber Co., of Gladstone and prominently identified with business and civic activity of the community for the past 39 years, is enroute this morning to the old home at Leipsic, Ohio, where burial is to be made this afternoon. Rev. A. R. Johns, pastor of the First Methodist church, of Muskegon, will have charge of the burial services.

Funeral services were held in Gladstone yesterday afternoon and last night the body was placed aboard a Soo Line train to start upon its last journey. Accompanying the body to Leipsic were members of the immediate family, including Mrs. Bushong and daughter, Mrs. Carl Green, Mr. and Mrs. J. P. Bushong, Mr. and Mrs. George Vradenburg and Mr. and Mrs. Carleton Reade.

In addition to the members of the family, the following friends left with the funeral party and will attend the final rites at Leipsic: G. R. Empton, A. H. Miller, John M. Olson, F. W. Marble, Wm. Marble, Mr. and Mrs. J. D. Staple, F. R. Buechner, R. J. Riley, Peter D'Amour, and W. S. Skellenger, of Gladstone, George Nicholson, of Manistique, and George Critten, of Minneapolis.

The services here, yesterday, were conducted by Rev. H. W. Colenso, pastor of the Memorial Methodist church, of which Mr. Bushong was a member. A service at the home, 805 Wisconsin avenue, at two o'clock, was for members of the immediate family and at three o'clock the body was taken to the Memorial Methodist church, where a public service was held.

Taking for his text the words of Timothy, "I have fought a good fight, I have finished my course, I have kept the faith," Rev. Colenso delivered a sermon that was impressive, though brief. In simple words he paid tribute to Mr. Bushong, pointing to his text as fitting to the man of whom he spoke.

"To have lived a life, which at its close is worthy of such testimony," he said, "is a great achievement. From the cradle to the grave, life is a struggle—a struggle against disease, poverty, misunderstanding, cravings and fears within and without; a struggle to find security and a greater struggle to keep it. Man is ever striving, fighting strange forces. Great passions are surging in his soul, seeking expression. He is ever reaching out to lay hold of something tangible and through it all he has an unwavering belief in his own immortality. Tossed by storm, often lost in blinding mists, ever faced by the spectre of death, he perseveres in the certainty that life is all and that death is naught."

Continuing, Rev. Colenso drew upon the memories of his own personal contacts with Mr. Bushong to style him "a man who lived his faith in God."

Dwelling briefly on the early life of Mr. Bushong, Rev. Colenso cited that he was the son of a circuit rider from whom he "inherited those sturdy qualities of mind and heart—forging ahead with a deep burning passion in his soul, the passion of the pioneer to build better and greater than he had found."

He concluded with a summary of the attitude borne by Mr. Bushong toward the church and his fellow men, stating that he had a strong love for the church and his fellow man; he was charitable to the wayward, ever forgiving, and never held a grudge.

G. W. Critten, of Minneapolis, who has been an employee and as-

ociate of Mr. Bushong since the organization of the Buckeye State company in 1886 also spoke of the services. Mr. Critten paid glowing tribute to the man he had known for so many years.

Two songs, namely, "Crossing the Bar" and "Jesus Savior Pilot Me" were rendered by a male quartet consisting of Ewald Erickson, Noble Swenson, Albin Allwin and C. C. Strickland. Miss Allwin Empeon was at the organ. The first number was a selection favored by Mr. Bushong.

Pallbearers were W. S. Skellenger, C. S. Sling, E. J. Noreus, J. M. Olson, J. F. Richardson, J. T. Jones, F. W. Marble, G. W. Jackson, R. J. Riley and W. L. Marble, friends and associates of Mr. Bushong.

Included in the group of honorary pallbearers were: G. R. Empton, A. H. Miller, C. A. Clark, J. R. Branley, August Goodman, F. R. Buechner, Peter D'Amour, of this city; A. E. Wallace, Minneapolis; T. E. Sands, Minneapolis; S. F. Miller, Chicago; F. A. Leavena, Neenah; F. J. Sensenbrenner, Neenah; B. G. Sling, Chicago; George J. Nicholson, Manistique; R. P. Hudson, Sault Ste. Marie; A. H. Ryal, Escanaba; G. N. Harder, Wells; John P. Norton, Escanaba; M. J. Fox, Iron Mountain; William Bonifas, Escanaba; A. H. Mann, Enderlin, N. D.; F. X. Bodden of Milwaukee; George E. Webb, Green Bay; W. C. Ranous and J.

P. Hennings, Minneapolis; Urbahn, Minneapolis; and Harold Baris, Neenah. The church was crowded with people from all parts of the state who had come to pay their last respects. All Gladstone residents represented at the service.

Among those present from out of town were: Charles Goodness, Marquette; M. J. Rice, Milwaukee; A. G. Wells, F. X. St. Peter, Loren M. Prescott, W. A. Shoreley, and George L. Hastings, Menominee; Mathew Smith, Harold Lindsey, Leslie French, Frank Hesse, Wm. Laitz, H. H. Shepeck, J. K. Stack, A. H. Grobeck, Phil Clark, Jas. Moran, W. Hunsley, A. N. LaCumb, J. W. Carey, Escanaba; W. L. DeWitt, Oconto; O. T. Swan, Oshkosh; T. A. Carney, Green Bay, and O. W. Snow, Minneapolis.

In addition the following attended as representatives of the Escanaba Chamber of Commerce: M. K. Bissell, H. D. Braekat, Clyde J. Burns, George C. Craver, Herman Gessner, L. J. Jacobs, Coleman Nee, W. H. Needham, Carl J. Sawyer and T. E. Strom.

Mr. and Mrs. Roy Spaulding, Mr. and Mrs. Joseph Brunelle and C. Ledger visited Tuesday at the home of Mr. and Mrs. Wm. Krummey, Manistique.

Mr. and Mrs. Arthur Forest, Rapid River, were Sunday guests of Mr. and Mrs. Roe Boyer.

JAPAN ORDERS SOLDIERS HOME Will Evacuate China to Conform With World Opinion Tokyo, May 11 (P)—The Japanese government announced today that in order "to end the world-wide odium which has fallen upon us" the remaining members of the Shanghai expeditionary force will be withdrawn within a month. About 15,000 Japanese troops still are in Shanghai. When they have been evacuated only a small detachment of bluejackets will remain there. The decision to evacuate was made by the cabinet yesterday and was approved by Emperor Hirohito this afternoon. "The decision is due to the Japanese government's desire to conform to world opinion," a foreign office spokesman said, "and to prove that Japan had no territorial or other ulterior motives in sending troops to Shanghai. "Since the decision was due to a desire to conform with world opinion and to end the world-wide odium that has fallen upon us, Japan will hold the other nations accountable if Shanghai is again endangered. "These other nations are the United States, Great Britain, France and Italy, whose representatives signed the Sino-Japanese armistice agreement reached last week. Japanese evacuation will mark the return to conditions as they existed before the outbreak at Shanghai last January which resulted in the loss of thousands of lives and the destruction of property worth millions. The clash came after skirmishes between Japanese residents of the city and Chinese police and after an attack by a Chinese mob on five Japanese Buddhist monks. Behind these differences was the Chinese boycott against Japanese goods which arose from the Japanese military adventure in Manchuria.

One popular theory has it that a slave-holder named Dixy, of Manhattan Island, treated heavily in slaves and soon had many more than were needed on his small acreage. The work was light and food was plentiful, and the negro to love Dixy's land. Later, when they were sold to southern owners, they found a more serious problem, and then it was that the negroes sang of their old "Dixie Land" home.

Bonds Fall Back With Reluctance

New York, May 12 (AP)—The bond market receded today, but it did so with apparent reluctance. High grade issues resisted liquidating surges fairly well and, with the exception of secondary railway issues, there was little urgent selling.

United States Government Loans

United States government loans, which have held around the year's high levels for several weeks, suffered a sinking spell. This was attributed partly to the movement in Washington for large unemployment relief loans and to the various contradictory interpretations of Senator Robinson's proposal for a \$2,000,000,000 public works program.

While Industry and Utility

While industry and utility issues held up well in today's session, the railroads were without friends. Losses of from 1 to around 5 points were recorded by a considerable list of them.

Decided Drift In Curb Mart Shares

New York, May 12 (AP)—A rather decided downward drift again developed in the curb market today, in sympathy with the slump in the stock market.

Trading quickened a little

Trading quickened a little, the turnover amounting to roughly 120,000 shares, or some 20,000 more than yesterday's, but the market remained a thin, sluggish affair. Selling was well distributed through virtually all groups.

Foreign Exchanges Steady

Foreign exchanges steady; German mark at 1932 high. Cotton: Lower; local selling; easier stock market. Sugar: Steady; trade buying. Coffee: Higher; Brazilian buying.

Wheat: Weak; bearish Canadian government report

Wheat: Weak; bearish Canadian government report; southwest foreign markets. Corn: Easy; ideal southwest weather; easiness cash market. Cattle: Steady to higher.

P. O. Closing Opposed

Houghton—The closing of the Houghton post office Saturday afternoon met with objections at the regular meeting of the Houghton Association of Commerce held yesterday noon in the Douglas House, and a committee of three was authorized to confer with Postmaster Edgar Rashleigh to ascertain what can be done to keep the office open for the reception of mail for dispatch on trains.

# Metcalfe and Schram to Give Relay Exhibitions

## NOTED COLLEGE STARS CONSENT

Marquette Athletes, One A Former Escanaban, Here June 4

Principal John A. Lemmer of the Escanaba high school announced yesterday that negotiations have been completed for the appearance here as special features of the Fifth Annual U. P. Relays on June 4 of Ralph Metcalfe, sensational colored sprinter of Marquette University and Leon (Dick) Schram, Marquette University pole vaulter, who is a former Escanaba high school athlete and present holder of the Relays pole vault record of 11 feet, 8 inches, set in 1929. They will be accompanied to Escanaba by C. M. Jennings, director of athletics of Marquette University, who will act as honorary referee of the meet.

**In Line With Policy**  
The selection of Metcalfe and Schram to give exhibitions at the U. P. Relays this year is in line with the policy established at the first Relays here in 1928 when Fred Alderman, Michigan State sprinter, performed here, and followed each year thereafter when one or more outstanding track or field athletes were brought to this city to appear in exhibitions as special features of the annual U. P. Relays.

Outstanding performers who have appeared here in the past in addition to Alderman in 1928 were Elton Hess, Minnesota pole vaulter in 1929, Tom Warner, Northwestern pole vaulter in 1930, Lee Sentman and Chuck Werner, Illinois hurdlers and Verne McDermott, Illinois pole vaulter in 1931. These specialties have added just the right spice to make the Relays an outstanding athletic event in the upper peninsula and have done more than anything else in the promotion of the event.

In addition to providing excellent entertainment for the thousands of fans who annually attend the U. P. Relays, the performances here of the famous athletes have done much to raise the standard of performance by the competing high school track and field athletes.  
This fact was brought out in a letter written by Elton Hess, who appeared here in a pole vault exhibition at the Relays. Hess' marvelous form in clearing the bar at 13 feet, 6 inches and the pointers that he gave to the competing high school vaulter, Schram, Escanaba high school vaulter, to set a Relays record of 11 feet, 8 inches in the pole vault special event that afternoon although Schram had never been able to exceed 11 feet in the pole vault previously.

**Metcalfe A Sensation**  
Since graduating from the Escanaba high school, Schram has matriculated at Marquette University where under careful tutelage he has become a consistent pole winner in the pole vault, competing against the best in the country. Although not built physically for a first class vaulter, Schram has overcome this natural difficulty and can clear the bar at better than 13 feet now.

When in high school, Schram was also a quarterback on the football team and was an All-American student. Upon graduating, he was awarded the German Gessner trophy for proficiency in athletics and scholarship.  
Ralph Metcalfe, the Marquette sprinter who will appear here, is regarded as one of the flashiest dash men in the world and picked by some critics as the probable winner of the Olympics 100-meter race at Los Angeles this summer. In Metcalfe's last two performances, the Drake Relays and the Marquette-Wisconsin dual meet, he clipped off the century dash in 9.5 seconds to tie the accepted world's records. In the dual meet he ran on a track sloped up considerably by rain and bad weather. His coaches and friends predict he will set a new mark in the short dash before he graduates from Marquette. He is only a sophomore.

Previous to attending Marquette University, Metcalfe was a student at Tilden Tech high school and captured the interscholastic 100-yard dash title while representing that school.

## BOXING

Grand Rapids, Mich., May 12 (AP)—Charles Belanger, Canadian light heavyweight, knocked out Stanley Wellish, Muskegon, Mich., puncher, in the fifth of a scheduled ten round outdoor bout here tonight. Belanger brought the fight to an end with a left to the solarplexus after piling up a considerable margin on points.  
Belanger weighed 180½; Wellish 177.  
In the other bouts Rauben Edmans, 147, Muskegon, outpointed Jack O'Neil, 147, South Bend, Ind. (4); Doraz, Mareno, 125, Kalamazoo, outpointed Archie Maynard, 125, Muskegon; (5); Pat Kinney, 155, Grand Rapids, knocked out Charles Oldt, 145, Muskegon (6).

## HE'S COMING BACK

Leon Schram, Marquette University pole vaulter, former Escanaba high school athlete, will be back at his old stampering grounds at the athletic field here on June 4 when he will give an exhibition at the U. P. Relays. Schram is present holder of the Relays record at 11 feet, 8 inches but now he sails over the bar a la Tom Warner at better than 13 feet.

## FORD PICKED AS MICHIGAN HOPE

Grand Rapids Center Is Best Prospect for Football

Ann Arbor, Mich., May 12 (AP)—Gerald Ford, 18-year-old center from Grand Rapids, has been selected as the most valuable freshman candidate for next fall's University of Michigan football team. The Chicago alumni trophy was presented to Ford tonight at a banquet which marked the final meeting of the spring football squad. Meyer Morton, Big Ten athletic official and member of Chicago Alumni club, made the presentation.  
The winner of this annual trophy is chosen on the basis of value to the team, development during the practice season, regular attendance at practice sessions and proper attitude.  
Ford is six feet tall and weighs 187 pounds. He played three years as center of the Grand Rapids South high school football team. He is regarded by coaches as a bright prospect to follow the footsteps of Michigan's famous line of centers which dates back to Germany Schulz. Ford is the first center to receive the Chicago Alumni trophy during the eight years it has been awarded.  
Previous winners of trophy, starting in 1925, were Ray Baer, guard; George Rich, halfback; Lawrence Taylor, end; Danny Holmes, halfback; Roy Hudson, halfback; Estil Tesser, quarterback; and Herman Everhardus, halfback.  
Ford will have at least three strong candidates for center opposing him next fall—Charles Bernard, Jerry Emiling, and Edwin Smith—but records of previous trophy winners indicate the award is not a fluke.

## Diamond Ball

**PRACTICE GAMES**  
The West Ends will play the Cleaners at the Shell diamond. Twenty-third street, and the Kings will meet the Northerns at the Moore diamond this evening. Both games will begin at 6:30 o'clock.

## BAKERS WIN

The Bakers won another game last evening beating a pickup aggregation by 24 to 6.

## CLEANERS CLEANED

The Buckeye Independent cleaned up on the Cleaners yesterday, 21 to 5, at the Moore diamond. Stambulich did some nice twirling with plenty of support offensively from his teammates.

## SLUGGERS WIN

The Soo Hill Sluggers climbed all over the Newsprints yesterday, winning a ruckus battle, 9 to 3. Greenless hurled for the Soo Hill and was in fine fettle.

## Brooklyn Defeats Cincy Reds By 5-2

Cincinnati, May 12 (AP)—Silas Johnson held the Brooklyn Dodgers to six hits in seven innings today but lost a ball game when Brooklyn bunched five of them for three runs in the fifth inning. The score was 5 to 2.  
Babe Phelps pitched shutout ball after Babe Herman's triple and two singles in the first brought two runs. He also knocked in the deciding run in the fifth. The last two runs came off Eppa Rixey in the eighth.  
The score: R H E  
Brooklyn... 000 000 020—5 8 0  
Cincinnati... 200 000 000—2 9 0  
Phelps and Lopes; Johnson, Rixey and Manion.  
From 1920 to 1929, trade union membership in America decreased 10 per cent, and in Germany and France 23 per cent.

## BOSTON BRAVES WIN FROM CUBS

Dutch Brandt Subdues Sluggers of Horns-by Crew, 8-3

Chicago, May 12 (AP)—Dutch Brandt southpawed the Chicago Cubs into submission today and the Boston Braves won the opening game of their important series 8 to 3.

Brandt had the Cubs completely locked up until the ninth when he became a bit careless and Johnny Moore hit a home run with two on for all the Chicago runs. The defeat cut the Cubs first place margin to two games, and was their fourth of the season at Wrigley Field.

Although Menominee lost \$200 in promotion of the last invitational meet held there two years ago, the other upper peninsula leaders in track will pensions be cut to the core by cutting down considerably, if not entirely, the medals, one of the main expenditures, do not provide meals for the contestants, and make the event a one-day show instead of two.

It is expected that by curtailing the expenses to that extent, the invitational meet will be able to pay for itself and the meet, the oldest in the peninsula, can be retained. Menominee started the invitational ten years ago. It's the only event of its kind in the peninsula and track leaders are not anxious to see it go.

Now that Iron Mountain has the regional meet and Escanaba has its relays, it would be better for the stability of track as a major sport in the peninsula if Menominee would take the invitational and keep it annually, building up a tradition behind it. That's what Escanaba plans to do with its Relays and it is more than probable that in a few years, the U. P. Relays will be to the high schools in northern section what the Drake Relays are to colleges of the south and Penn Relays in the east. Iron Mountain could do the same with their regional and the stability of upper peninsula track and field would be certain.

In selecting Metcalfe and Schram for the exhibitions at the U. P. Relays, the Escanaba high school has scored another triumph in the promotion of the Relays. Metcalfe is one of the world's outstanding sprinters and Schram an excellent vaulter who is certain to get a big hand from the fans because he is a home boy and now holds the pole vault record at the Relays.

Track fans can't quite understand how Schram is able to perform so well in the pole vault as he does. He is just a "half-pint" youth whose physical qualifications are certain; he would not indicate he is a master in the art of pulling himself over a bar with the aid of a pole. Practically all of the outstanding pole vaulters of the country are long, powerfully built athletes. Schram has climbed to the front mainly because of unusual ability to stick to his task with patience and perseverance.

The U. P. Relays have played a large part in Schram's meteoric rise in pole vaulting circles. In 1928 Dick won the pole vault at the Relays at a height of 10 feet, 6 inches. The following year, 1929, his last year of high school competition, he again won the pole vault specialty, this time at 11 feet, 8 inches, setting a record which still stands. Incidentally, it was the first time he had ever climbed higher than 11 feet. He thanks Hess for that feat.

At the Drake Relays, Schram was one of a select circle who qualified at 12 feet, 6 inches. In the finals, however, he was not clicking and failed to score. Last week he won the event in the dual Marquette-Wisconsin meet.

"That's about all I need now," he said. "Of course, I could use another hitting outfielder, but the point has been reached where I can't very well do an more trading without giving up a player I need."  
"I like my infield as it stands, with Lu Blue on first, Ike Appling at second, Red Kressitt short and Carey Selph at third. Bob Seeds, from Cleveland, has strengthened the outfield and Charley Berry, from Boston, gives me the catching I need. It's up to the pitching staff to deliver now."

## DAVIS CUPPERS MEETING TODAY

Allison and Vines Will Represent U. S. at New Orleans

New Orleans, May 12 (AP)—The United States will begin play tomorrow in the second round of the North American Davis cup tennis zone with Wilmer Allison meeting Ricardo Tapia, Mexico's No. 1 star, in the first of the singles matches.

## Spartans Ring Up Seventh Victory

East Lansing, May 12 (AP)—Michigan State scored its seventh victory in eight baseball starts by turning back Hillsdale college 8 to 5 here today.

After giving Berwyn Pemberton, State pitcher, ragged support, the Spartans overcame a three run lead in the fourth inning to tie the game. State took the lead in the third inning with two runs but Hillsdale hit Pemberton safely four times and obtained five runs in the fourth. Errors by Madonna and Morse aided the visitors. State rallied in its half of the fourth to score three runs off Caribhael, Hillsdale pitcher, and tied the game. Three more were added in a fifth inning rally.

Score by innings:

## "SEZ ME"

by Ken Gunderman

Escanaba, Kingsford, Iron Mountain, and St. Joseph are joining in a movement in an effort to get the Menominee high school to reconsider their action in deciding to eliminate the invitational track and field meet this year.

Although Menominee lost \$200 in promotion of the last invitational meet held there two years ago, the other upper peninsula leaders in track will pensions be cut to the core by cutting down considerably, if not entirely, the medals, one of the main expenditures, do not provide meals for the contestants, and make the event a one-day show instead of two.

The following year, 1929, his last year of high school competition, he again won the pole vault specialty, this time at 11 feet, 8 inches, setting a record which still stands. Incidentally, it was the first time he had ever climbed higher than 11 feet. He thanks Hess for that feat.

At the Drake Relays, Schram was one of a select circle who qualified at 12 feet, 6 inches. In the finals, however, he was not clicking and failed to score. Last week he won the event in the dual Marquette-Wisconsin meet.

"That's about all I need now," he said. "Of course, I could use another hitting outfielder, but the point has been reached where I can't very well do an more trading without giving up a player I need."  
"I like my infield as it stands, with Lu Blue on first, Ike Appling at second, Red Kressitt short and Carey Selph at third. Bob Seeds, from Cleveland, has strengthened the outfield and Charley Berry, from Boston, gives me the catching I need. It's up to the pitching staff to deliver now."

## TRADES HELPED SOX-FONSECA

Only One Regular Left On Chicago American Baseball Team

(Associated Press Sports Writer)  
New York, May 12 (AP)—Whatever the rest of the baseball world thinks, Red Fonseca is convinced his wholesale player deals have made a stronger club of the Chicago White Sox.

The man who has upset the staid American League with its unprecedented juggling of talent looked at it this way today:  
"We had everything to gain and very little to lose. I figured that no matter what trades I made, the team couldn't be much worse, and there was a chance I would be better. I think it's much better, and a lot of others will think the same before the seasons over."

With only one regular, outside the pitching staff, remaining from last year, it would be the logical assumption that Fonseca has completed his job of housecleaning. But he still isn't completely satisfied. Any manager who has a surplus pitcher, preferably a southpaw, can do business with the Sox pilot.

"That's about all I need now," he said. "Of course, I could use another hitting outfielder, but the point has been reached where I can't very well do an more trading without giving up a player I need."

## DAVIS CUPPERS MEETING TODAY

Allison and Vines Will Represent U. S. at New Orleans

New Orleans, May 12 (AP)—The United States will begin play tomorrow in the second round of the North American Davis cup tennis zone with Wilmer Allison meeting Ricardo Tapia, Mexico's No. 1 star, in the first of the singles matches.

## Spartans Ring Up Seventh Victory

East Lansing, May 12 (AP)—Michigan State scored its seventh victory in eight baseball starts by turning back Hillsdale college 8 to 5 here today.

After giving Berwyn Pemberton, State pitcher, ragged support, the Spartans overcame a three run lead in the fourth inning to tie the game. State took the lead in the third inning with two runs but Hillsdale hit Pemberton safely four times and obtained five runs in the fourth. Errors by Madonna and Morse aided the visitors. State rallied in its half of the fourth to score three runs off Caribhael, Hillsdale pitcher, and tied the game. Three more were added in a fifth inning rally.

Score by innings:  
Hillsdale... 000 500 000—5 7 2  
Mich. State... 002 200 000—8 11 4

## SCHOOLS ADDED TO MEET HERE

Manistique and St. Joe Ask Permission to Compete Sat'y

Two more schools were admitted by request yesterday to the track and field meet here Saturday when permission was granted to Manistique and St. Joseph high schools to send contestants here for the meet which also will include Escanaba, Menominee, and Iron Mountain.

As entries were received yesterday from Iron Mountain and Manistique, hopes of the Eskymos took a sudden decline when it became apparent that Leonard Ballargeon, ace of the Eskymos, probably will be out of competition for the balance of the season. Ballargeon is suffering attacks of appendicitis and may be forced to undergo an operation. At any rate, it appeared improbable that he would be able to compete on Saturday.

With Ballargeon out of the meet, Escanaba's chances to con first place is materially reduced as he was figured to score many points for the Eskymos in the 100-yard dash, 220-yard low hurdles, broad jump, and possibly in the high jump.

The entries received yesterday:  
Iron Mountain  
Pole vault: W. Johnson, T. Mattell; Hugh hurdles: V. Johnson, Trepanier; Low hurdles: V. Johnson, Trepanier; 100-yard dash: L. Johnson, R. Johnson; 220-yard dash: L. Johnson, R. ## BASEBALL MINOR LEAGUE REDUCES PRICES

(Associated Press Sports Writer)  
Chicago, May 12 (AP)—Twenty-five cent baseball is coming back to the American Association after an absence of 15 years.

Faced with the necessity of attracting larger crowds in a season already riddled with thirty postponed games because of bad weather, the club owners of the class A loop met in a special conference today and voted to admit b'eacher fans for 25 cents a head effective June 1. They also agreed to admit women and boys under 12 to the grand stands for the same price except on Sundays and holidays.

Continuance or abolition of ladies' days was left to the discretion of each club owner. The proposal to slash player salaries was discussed but no action, if any, was revealed.

## Selected for Relays

The sensational Marquette university sprinter, Ralph Metcalfe, has been selected to provide an exhibition feature at the Fifth Annual U. P. Relays here on June 4. It was announced yesterday. Metcalfe recently won the 100-yard dash at the Drake Relays in 9.5 seconds, tying the recognized world's record in the event. In addition to Metcalfe, Leon Schram, former Escanaba boy, now at Marquette university, also will give an exhibition in the pole vault.

### SEWAGE PLANT PRODUCES GAS

#### Higher Temperature Only Needed Factor In Escanaba System

Tests being conducted by A. A. Brensley of Chicago show that the proper amount of heat is the only factor now required to produce a usable gas at the new Escanaba sewage disposal plant. Mr. Brensley represents the firm of municipal engineers who designed the local sewage disposal and treatment system.

When the tanks at the new plant were put in operation, a large quantity of sewage was pumped in from the old tanks near 12th avenue south. This was during the winter, and the low temperature of the sewage prevented the formation of gas in the digester. Steam is now being pumped into the big circular tank, and tests made by Mr. Brensley in heating small samples of sewage showed that gas is produced as soon as the temperature is raised sufficiently.

After the gas production increases to a sufficient quantity, it will be used for heating sewage to stimulate the production of more gas, and also for the operation of a special gas engine which runs on sewage gas and operates aerating equipment in the treatment tanks at the plant.

Work is now in progress on the sprinkling filter, the last mechanical unit of the sewage plant to be completed, and it is expected that the plant will be in full operation in a few weeks. A dedication program, during which the public will be invited to come out and inspect the new plant, is planned for this summer by the city council and the municipal engineers who designed the system. The main establishment is located on 18th avenue south, a new gravel-surfaced street opened up last year.

#### WHAT WATCH-DOGS

Portland, Ore. — Forty-two dogs, some of them watch dogs, were quartered in the Rose City veterinary hospital—but it didn't do any good to have them there. Two men, unmasked, walked into the hospital, stroked past the dogs, and held up D. G. Huthman and an assistant, taking \$40.

### Portland Expects 75,000 Legion Men

Portland, Oregon—The entire Pacific Northwest expects the 14th annual convention of the American Legion to be by far the largest convention ever held in this section. Conservative estimates set 75,000 as the number of Legionnaires and Auxiliaries who will be entertained next September 12-15 by Oregon and Washington.

The 1932 convention will be less centralized than previous Legion conventions because of the ease with which such world famous scenic spots as Mount Rainier, the Oregon and Washington beaches, Crater Lake and Mount Hood can be reached from the convention city. This year the drawing power of the convention itself is supplemented by that of the Nation's most interesting recreation-land. The trout streams, golf courses, mountain chalets and ocean breakers of Washington and Oregon are calling the Legion men and their families and they are planning on making their visit as a combination vacation and convention trip.

Throughout Oregon, Washington and Idaho alert communities along the trails leading to Portland are making enthusiastic plans to entertain convention visitors royally, arranging barbecues and other hospitality features to welcome the delegates.

A few of the features of the convention in addition to the customary convention events are: A free trip up the scenic Columbia River Highway to Multnomah Falls and return, a "dog-out" open house, and a "rolleo." For those unfamiliar with logger sports, a "rolleo" features ax-throwing, log sawing contests, and the thrilling art of manipulating rolling, floating logs in mid stream. The Legion will enjoy a typical Western welcome, warm and sincere.

#### Accidental Death

Iron Mountain—Because in the opinion of Paul Rahm, prosecutor, the circumstances surrounding the death of Alvin Pariah, Jr., 37, president of the Breitung township board of education, were obviously accidental, it is expected that, contrary to the previously announced plan, no further session of the coroner's jury will be called to hear the details of the accident, according to the report today of J. B. Dickson, coroner.

### AT IRON MOUNTAIN

Vincent Bergman, above, winner of first place in the Escanaba high school extempore speaking contest and William Kramer, winner of second place, with their coach J. H. Shipman will go to Iron Mountain today where Bergman and Kramer will take part in the district Extempore Speaking contest to be held there this evening.

### Bishop Nicholson Closes 50 Years Of Active Service

After 50 years of active ecclesiastical service, Bishop Thomas Nicholson of Detroit, who Thomas had been identified with the movement when national prohibition became a reality and shortly thereafter, in 1921, he was elevated to the presidency of the Anti-Saloon league, serving as head of that organization until January of this year, when he resigned. He was also president of the Michigan Anti-Saloon league.

He was born in Woodburn, Ont., Jan. 22, 1882, and studied at the Toronto Normal school. Later he took courses at the Garrett Biblical Institute, Northwestern, Chicago and Ohio Wesleyan universities.

For several years, after the completion of his education, he worked as a teacher. In 1884 he became a member of the Methodist Episcopal ministry and held pastorates in Michigan and in Chicago. He joined the faculty of Cornell college (Iowa) in 1896, served there seven years and was president at the time of his resignation in 1903. From Cornell he went to North Dakota Wesleyan university where he was president for five years.

His talents were turned into the national field in 1908 when he was named general corresponding secretary of the Methodist Episcopal board of education. So satisfactory was his work in this position that the 1912 conference of the church expressed a desire to elevate him to the episcopacy but he declined, expressing a desire to continue his development of church colleges.

He acceded to the wishes of the 1916 conference, however, and was made a bishop and assigned to the Chicago area. There he supervised the construction of Chicago Temple in the downtown district, long the highest building in the city.

In 1924 his activities were shifted to the Detroit area. There he attacked his duties with his customary energy and among other activities, was prominent in the construction of Boulevard Temple, 7325 Twelfth street.

During 1930 more than 100,000 photographs were taken from the air by the royal Canadian air force.

Remains of a fourth huge pyramid have been found buried under the sands at Giza, Egypt.

### TWO TRUSTEES TO BE ELECTED

#### Escanaba School Voters May Register Next Saturday, May 14

Registration boards will be in session in the three school district precincts of the city of Escanaba Saturday from 3 to 8 p. m. to register voters for the election to be held June 15, when two members of the board of education will be elected to succeed Dr. J. J. Walsh and L. J. Jacobs, whose four-year terms expire this year.

The registration places for Saturday and the areas included in each school precinct are as follows: First precinct, city hall; includes first, second, third and eighth city precincts.

Second precinct, Jefferson school; includes fourth, fifth and sixth city precincts.

Third precinct, fire station on Sheridan road; for all voters in seventh city precinct.

In addition to the registration Saturday afternoon, provision has been made for registering qualified electors at the Junior high school part in the district Extempore Speaking contest to be held there this evening.

No person is eligible to vote in the school district election unless they are registered. Persons who may register for voting in school district elections must be citizens of the United States 21 years of age or older who are either the owners or joint owners of property taxed for school purposes or who are the parents or guardians of children of legal school age, which is between five and twenty years.

### County Departments Requested To Keep Budget Limitations

Houghton—A resolution requesting all county officials and commissions to keep within the limitations of the 1932 budget except only for statutory requirements was unanimously adopted by the Houghton county board of supervisors at its regular meeting yesterday morning. The resolution, presented in behalf of the finance committee by Supervisor C. H. Benedict, follows:

"A serious economic situation exists in Houghton county equal in gravity to that during the great war and it will require patriotism and sacrifice, comparable to that shown during the war to pull the county and the country through the crisis.

"The finance committee, therefore, calls attention of all officials and commissions of Houghton county to the 1932 budget to the end that except only for statutory requirements all expenditures be limited to amounts appropriated.

"It requests particularly of the public relief commission and the probate court, in reference to money spent for outside poor relief and mothers pensions, respectively, that such expenditures be curtailed as much as possible. If this is not done, the county will find itself without funds long before the end of the year, and if money cannot be borrowed against future taxation great hardship will ensue.

"The committee wishes to thank all outside relief agencies for their past efforts and to request such agencies to reorganize if necessary at the expiration of present pledged funds and continue to function. It is absolutely essential that all agencies, private and official, work together to prevent distress and privation to the extent of actual starvation.

"Resolved, that a copy of these resolutions, if approved by the board of supervisors, be forwarded by the clerk to every official of the county and to the chairman of every community relief agency."

Reduction Asked  
Bessemer—The various departments of the county government will be asked to save \$50,495.10 from now until the end of the fiscal year in order to balance the budget. This action is necessary because delinquent taxes have increased by this amount. The largest amount, \$18,470.83, is scheduled to be saved in the contingent fund, which is the largest account.

### Cleary Gets His Picture In Paper

Included in a group picture of Wadham Oil Co. sales representatives, appearing in the Milwaukee Journal Thursday, is an Escanaba man, Gerald J. Cleary, who is attending the Wadham meeting at Milwaukee this week.

As a reward for sales records during the year, the group of men photographed with Mr. Cleary were taken in two special cars Wednesday to the site of the 1933 World's Fair in Chicago. The trip was made by train on the Milwaukee road.
