HOOVER TALKS ABOUT PLANS FOR CONCLAVE

CHAIRMANSHIP FOR G. O. P. DISCUSSED AT WHITE HOUSE

Washington, May 24 (AP)—The Republican national convention in all its details, including a prohibition plank, was discussed by President Hoover and three party leaders for nearly three hours late today as a drive for a test on re-election got underway in the senate.

Postmaster General Brown, Mr. Hoover's pre-convention campaign manager, James Francis Burke, general counsel of the Republican national committee, and Charles D. Hilles, Republican national committee chairman from New York, went over the convention situation at the White House, remaining closeted with the president until well after 7 o'clock.

As they left, the three conferees told inquiring newspapermen that "details of the Chicago convention" had been discussed.

Asked if prohibition had been talked over, Burke replied: "Everything was discussed."

Both Brown and Hilles echoed this statement, but said no final decisions had been reached on any of the matters.

Burke said the national chairmanship was given "very serious consideration." He declined, however, to mention any names considered.

Postmaster General Brown has been among those discussed as a successor to Chairman Fess, but he has been represented as not desiring the post. Burke said Brown was not definitely out of the picture.

He added he presumed a Californian again would place Mr. Hoover in nomination.

Efforts to obtain a senate vote on re-election were the subject of conventions moved rapidly forward during the day.

Senator Bingham (R. Conn.) offered a repeal resolution which he left upon the table with a view to bringing it up for a roll call at the first opportunity.

Senator Blaine (R. Wis.) called a special meeting of the prohibition-controlled judiciary sub-committee for Thursday in an effort to get a report on the many proposals for repeal and modification of the eighteenth amendment before it.

Meanwhile, it became known that both President Hoover and national Democratic leaders are giving attention to the prohibition plank to be put in the party platforms.

The president was represented by Republican advisers as standing firmly by enforcement of the eighteenth amendment but studying an expression by the party in recognition of the principle of a referendum.

An indication of the attitude of Democratic prohibitionists on the referendum and repeal subject may come Thursday from the decision of the judiciary sub-committee.

Senators Walsh, of Montana, and Dill, of Washington, Democratic supporters of the nomination of Governor Roosevelt, of New York, are members of the sub-committee and both are prohibitionists.

Senator Borah, of Idaho, who wrote the 1928 Republican prohibition plank and who is believed to have been approached by the administration regarding this year's declaration, is also a member of the sub-committee.

The Idahoan is a prohibition leader but has declared a willingness to meet the issue in a vote in the senate.

WEATHER

LOWER LAKES—Mostly moderate to fresh southwest winds; partly cloudy to cloudy Wednesday, possibly local showers Wednesday or Wednesday night.

Troops Move Back To Coal Strike Area

Columbus, O., May 24 (AP)—National guard troops moved back into the Eastern-Ohio coal fields today following renewed outbreak among striking miners.

The troops, ordered out by Governor George White, returned to areas about Athens from which they had just recently been evacuated as a result of temporary cessation of hostilities.

Two hundred forty men were sent to Nelsonville when Athens county authorities advised the governor they no longer were able to cope with the situation.

This morning, nearly one thousand pickets stormed two automobile bearing workmen to the Hick Run mine of the Manhattan Coal company.

The situation in the Uhrichsville area, where 25 guardsmen still remain on duty, was considered under control.

KREUGER-TOLL IN BANKRUPTCY

Director of Company Is Arrested; Books Show False Assets

Stockholm, May 24 (AP)—Erik Sjoestrom, a director of Kreuger & Toll, was arrested today after the parent company of the re-Kreuger interests declared itself bankrupt.

Nils Ahlstrom, managing director of the company, although he was not arrested, was requested to remain at the disposal of the police.

Mr. Sjoestrom was a close collaborator of the late Ivar Kreuger, whose suicide in Paris on March 12 was followed by disclosures of a virtually hopeless tangle in his world-wide financial operations.

Kreuger & Toll filed a petition of bankruptcy today under a law especially passed to safeguard the interests of its creditors. At the same time, it applied for an annulment of the provisional moratorium granted to it by the Swedish government.

The action was taken after parliament adopted an amendment to the bankruptcy law to facilitate liquidation of Kreuger & Toll and to give creditors of the company more protection than was provided under the old law.

The "match king," considered by many the greatest financial genius of his time, died virtually penniless and owing \$168,300,000, a Swedish committee found. Little, if anything, would be left for distribution to unsecured creditors, the committee said.

The committee found that fictitious assets were set up on the Kreuger and Toll books since 1924 and that the state of the books was such that it was difficult to produce a definite balance sheet for the company.

Marquette Youths Sentenced To Jail

Marquette, Mich., May 24 (AP)—Jacob Nevala and Arion Hokenson, 19-year-old Marquette youths, who were implicated in a series of store robberies in this city between July 19 and March 25 and who pleaded guilty when arraigned Monday in circuit court on charges of burglarizing a store on Presque Isle avenue, today were sentenced by Judge Frank A. Bell to serve sentences of from one and a half to 15 years in the Marquette branch prison.

Nevala and Hokenson were arrested early in April by city police and were said to have been involved in five store robberies. Emil De Petro and Eli Kauppila, who were members of the same gang, Monday were sentenced by Judge Bell to six months in branch prison for violation of probation.

Three Plead Guilty To Bribery Charges

St. Joseph, Mich., May 24 (AP)—Three men pleaded guilty to one count each of a bribery charge in Berrien county circuit court here this afternoon, and as a result only one of 18 bribery cases growing out of last winter's county road commission scandal remains for disposition.

Following their guilty pleas W. J. Lang, president of the Lang Construction company, Chicago, was fined \$1,000, assessed costs of \$3,000 and returned \$30,000 in Niles-Buchanan road bonds purchased last year; Jacob Rose, LaPorte, Ind., truck dealer, was fined \$500 and ordered to pay \$2000 costs; and Bryan Wise, former undersheriff of Berrien county, was fined \$100 and assessed costs of \$300.

The remaining case is that of W. H. Baker, Benton Harbor asphalt dealer, who is ill.

SENATE BARS WAY TO MORE TARIFF ITEMS

FARM RELIEF PLAN IN REVENUE BILL TURNED DOWN

BY FRANCIS M. STEPHENSON (Associated Press Staff Writer) Washington, May 24 (AP)—The senate made the first dent in the compromise billion dollar revenue bill tonight after firmly barring the way to further tariff revision in defeating the export debenture farm relief proposal 46 to 23.

The one per cent increase, provided in the compromise measure drafted by the senate finance committee, in the tax on auto trucks over a two per cent voted by the house was rejected, 39 to 30.

Before the senate recessed at 10:20 p. m. (Eastern Standard Time), leaders of the bi-party coalition quickly rallied a majority, however, to prevent elimination of the auto truck levy, retaining the two per cent rate, 40 to 23.

Coupons Leads Fight A sharp warning by Senator Harrison of Mississippi, Democratic tax leader, that the sales tax forces were combining with the high income tax group to wreck the excise schedule brought a reversal in the line up on the second roll call.

Only two million dollars was cut from the billion dollar measure by the senate in rejecting the three per cent truck tax, but it was the effect of revision on the delicately framed compromise which concerned the leadership.

Senator Couzens (R. Mich.), who previously tried unsuccessfully to put the high wartime income taxes on the bill, led the successful fight against the three per cent auto truck tax, along with Senator Vandenberg (R. Mich.).

They got the support of Senator Walsh (D. Mass.), leader of the sales tax group, and of the western independents who voted for the high income rates rejected by the senate.

When the test came on complete elimination of the truck levy however, the western Republican independents who are opposing the sales tax switched over and supported the two per cent rate.

The Norris amendment, which would have added the export debenture plan of farm relief to the bill was rejected, after Senator Robinson of Arkansas, the Democratic leader, pleaded that the door be closed against further tariff revision lest the bill be wrecked.

Pledges for consideration of farm relief legislation at this session were made by Robinson and Chairman McNary of the agriculture committee.

Senator Bingham (R. Conn.) offered a tax on beer containing 3.5 per cent alcohol by volume or 2.75 per cent by weight as a substitute for the automobile tax in-

German Spy Sought 13 Years By Great Britain Arrested?

New York, May 24 (AP)—With all the outward characteristics of the aristocratic Englishman, Frank de Stafford Craven—as he claims to be, or as the police insist Capt. Fritz Joubert Duquesne—stood in the lineup today and denied he was the German spy British officials have sought the world over for 13 years.

Despite his assertions he is not the former Boer rebel the age-yellowed British warrant charges with causing the death of three British sailors in 1916, he was turned over to federal officials and lodged in the house of detention while British justice arranges to receive him.

The Duquesne the British government wants flew to Mexico in 1919 after sawing the bars of a window of Bellevue hospital.

Herriot Likely To Form New Cabinet

Paris, May 24 (AP)—Edouard Herriot, radical-socialist leader, was virtually designated by President Albert Lebrun, today as first choice to form a new French cabinet.

The president's intention to offer the former premier a chance to be chief of the government again as premier was indicated by calling him into a conference on prime problems in the foreign, domestic and financial fields.

The veteran liberal statesman has been expected to figure as foremost member of the new government since a swing to the left in the election of a new chamber of deputies gave his party dominant strength.

Jafsie Asks "John" to Return Ransom Money

BY FRANCIS A. JAMESON (Associated Press Staff Correspondent) Hopewell, N. J., May 24 (AP)—The strange coterie of intermediaries, who once buoyed false hope for the return of the slain Lindbergh baby, monopolized the murder hunt today—one in a jail cell; another before a grand jury and a third sponsoring an appeal to the ransom receiver.

The course to be pursued in prosecuting John Hughes Curtis, negotiator, brought Anthony M. Hauck, Jr., Hunterdon county prosecutor, to the Lindbergh estate for a conference.

At its conclusion the prosecutor announced that he planned to lay the Curtis case before the grand jury at Flemington, N. J., on Thursday. Should an indictment be returned he said it would be reported formally Saturday.

He said he talked only with Col. H. Norman Schwarzkopf, superintendent of state police, but that he had wished to make sure the Curtis prosecution at this time would not interfere with the main investigation.

In the event of an indictment he said a speedy trial within the month of June would be set for Curtis, but that there was no desire to "railroad" the boat builder.

Before coming here Hauck said he did not deem it necessary to call Col. Charles A. Lindbergh for grand jury testimony in the case charging Curtis with obstructing justice and furnishing false information. He said he regarded as sufficient police testimony regarding faked clues supplied by Curtis.

Meanwhile, Morris Rosner, undercover man for Col. Lindbergh, who on at least one occasion voiced the belief the baby was alive and would be recovered, was taken before the Bronx (New York City) grand jury, which has been pursuing an inquiry into the futile payment of \$50,000 ransom by Dr. John F. Condon. Rosner signed a waiver of immunity.

From a summer cottage at Becket, Mass., Dr. Condon heard of the formal posting of a \$25,000 reward by Governor A. Harry Moore and dictated this appeal:

"John: Money I gave you is useless. You can't get rid of it. Return to Colonel Lindbergh in time. Get your \$25,000 reward."

(Signed) Jafsie.

"John" was the name by which Dr. Condon knew the Scandinavian to whom he tossed the ransom in a cemetery April 2. "Jafsie," which is merely the aged educator's initials spoken rapidly as a single word, was the signature he used in negotiations conducted through newspaper advertisements.

In Norfolk, Va., W. C. Pender, counsel for Curtis, emphatically denied a report that his client still believed the Lindbergh child alive.

In New York the testimony of Rosner and two other persons temporarily concluded the grand jury investigation of District Attorney Charles E. McLaughlin. Rosner appeared for an hour and 45 minutes. Gregor F. Coleman of the newspaper in which Dr. Condon inserted his advertisements was questioned for an hour and Detective James Finn of New York police testified for 15 minutes. The inquiry then was adjourned until June 2.

An application at the state capitol for additional funds disclosed that state police have spent \$19,300 in their search this far.

Announce Discovery Of Another Planet

Heidelberg, Germany, May 24 (AP)—The Heidelberg observatory tonight announced the discovery of a new planet, which it tentatively named "Nineteen Thirty-two," and which can attain a proximity of seven million kilometers to the earth.

(This is approximately 4,350,000 miles).

New York, May 24 (AP)—The Heidelberg "planet" is a very small object and at few miles in diameter. It is one of the celestial bodies usually called a planet.

More than 1,000 of these planets have been discovered in the past few years. Most of them are at a great distance from the earth in orbits far out between Mars and Jupiter.

The largest of them is about the size of England if that country could be rolled into a ball. Most of them are quite small and the importance of this latest discovery is its extreme closeness to the earth.

Admitted Bigamist Waives Examination

Allegan, Mich., May 24 (AP)—Joseph Nathan Stiecker, 54, who admits he has seven living wives and no divorces on record, waived examination in justice court today on a charge of bigamy and was bound over to circuit court under \$1,000 bond.

"I'll waive examination," he said, "because I don't want to cost the county any more money than is necessary."

Stiecker, who used the alias of Stephen N. George in some of his matrimonial adventures, was returned here recently from Athens, Ohio. His various marriages took him through Kansas, Indiana, Ohio and Michigan.

He told Prosecutor Harry Pell that he had not benefitted financially from the multiple marriage scheme.

SMITH FAVORS BOND ISSUE TO PROVIDE JOBS

CONSTRUCTION PROGRAM AND BEER TAX BACKED

New York, May 24 (AP)—Alfred E. Smith, Democratic presidential aspirant, expressing partial disagreement today with President Hoover's recently proposed view of public works financing, urged the issuance of federal bonds to support such works and reiterated his suggestion for a beer or sales tax to pay the cost.

The former governor took exception to the Hoover distinction between productive and non-productive public works and characterized a "pretty large" sum of the "assumption that all of the so-called self-liquidating projects entered into by the reconstruction finance corporation will actually liquidate themselves and pay back 100 cents on a dollar."

"That," he asserted, "would be pretty close to a miracle."

He said he had "entire sympathy" with the president as to the honest balancing of the federal budget, credit expansion by federal reserve banks and continuation of the work of the reconstruction body.

Favors Public Works The Smith statement said "the main thing overlooked by the president is the need of finding immediate productive employment for millions of people. This problem transcends all technicalities, all hair-splitting and all fine-pointing of financing."

He suggested as the first step toward restoring prosperity the immediate listing of all public works ready to be started which will at once employ men, but which are not moving because of lack of funds.

The list, he said, should include national, state and local semi-public undertakings, "even corporations affected with a public interest."

"I know of dozens of highways, boulevards and parkways on main routes on which construction could be started in ninety days which will not only employ labor promptly but will raise property values and otherwise redound to the permanent prosperity of the community and the country," he said.

In that classification he mentioned grade-crossings, low cost new housing and the attendant development of streets, sewerage systems and other facilities.

Smith, himself a proponent of a federal bond issue for promotion of public works as an unemployment relief measure, asserted he was "entirely unable to follow the president's distinction between the issuance of federal bonds and the use of federal credit."

"I have proposed to meet the cost of public works by a tax on beer or a sales tax or both," he continued. "Nobody doubts that a reasonable beer tax over a few years would take care of as much of a public works bond issue as is needed. This also is true of the general manufacturers sales tax."

"If we don't tackle this problem now in a big way, we shall be driven to much more drastic measures a few months from now, when the millions of unemployed will not be so patient with quibbling over words."

Vets Surrender Train; To Travel By Autos, Trucks

Caseyville, Ill., May 24 (AP)—A motor caravan of World War veterans tonight took up a march on the nation's capital to urge upon congress immediate bonus payment. They thus resumed a transcontinental journey from Portland, Ore., which began two weeks ago by train and which ended—on a rail trip—here early today when the nearly 400 ex-soldiers surrendered a Baltimore and Ohio freight train on which they had hoped to ride to their destination.

While the veterans waited for the arrival of truck and automobiles provided by St. Clair county and the east St. Louis, Ill., American Legion Post, to carry them to Washington, Ind., on the first leg of their motor trip, six companies of Illinois national guardsmen were concentrated at east St. Louis, a dozen miles away from the "bonus army," but the troops found no demand for their service, so orderly was the assembly of the unemployed veterans.

Furniture For Sale?

Washington, May 24 (AP)—Joseph I. France, former senator from Maryland and contender for the Republican presidential nomination, said today in a statement that 413 delegates to the national convention were "against Hoover."

"I am unable to find where Hoover has more than 152 delegates, if we grant him California, uncommitted, and Ohio, which is doubtful," France said. "I have 231 instructed delegates and there are 52 from state faves which are definitely anti-Hoover and 42 more delegates from states presumably against the administration making 413 delegates in all against Hoover."

ONE OF GANG CAUGHT; HUNT THREE OTHERS

Grand Rapids, Mich., May 24 (AP)—Arrested near Smyrna, Mich., this afternoon, a man who said he was James Gallagher, 39, of Detroit, tonight was definitely identified as one of four robbers who today held up a Grand Rapids Savings bank branch and killed a deputy sheriff in their flight.

John Smits, manager of the branch bank, from which \$6,072 was taken, first described to Sheriff Fred Kelley the man who had leveled a gun at him during progress of the holdup, and then picked out Gallagher as the bandit from a lineup of seven men.

Ocean Flier Received by British Heir

London, May 24 (AP)—Mrs. Amelia Earhart Putnam, a new hat hiding her tousled tresses, was received by the Prince of Wales today and "talked shop."

"We just did some ground flying," she said as she rode back to the American embassy where she is staying. "He congratulated me warmly on my flight from Newfoundland and I told him the story of the flight."

For three quarters of an hour, the American woman here after a solo flight across the Atlantic exchanged flying experiences with the British heir in a room at York House.

Mrs. Putnam wore a borrowed dress to see the prince at his invitation. Although she had made some purchases for herself, she still had on the chic blue wool suit lent to her by Mrs. David E. Finley, wife of the first secretary of the embassy.

Husband to Sail The invitation to see the prince was a signal honor for the slim young woman who landed near Londonderry, Ireland, last Saturday, the first woman ever to fly the Atlantic alone.

"I found him just as I expected, charming and delightful," she said.

She went to the palace from a luncheon at the embassy with numerous notables assembled by Mrs. David K. E. Bruce, daughter of Ambassador Andrew W. Mellon, who serves as the ambassador's hostess.

Her husband, George Palmer Putnam, New York publisher, is coming over to meet her and return with her to the United States after she has seen Paris, she announced. He leaves New York Friday and they sail homeward on June 9.

Her plan to visit Rome had been cancelled, she said, because the conference of trans-oceanic fliers there, which she had intended to attend, is ending Thursday.

WET PLATFORM FOR SOCIALISTS

National Convention at Milwaukee on Record For Repeal

Milwaukee, Wis., May 24 (AP)—The Socialist party will enter the presidential campaign with a wet platform.

The national convention in a riotous session today committed the party to government ownership of breweries and distilleries and to local option for each state. The wet plank carried by a vote of 31 to 71.

Introduced by Mayor Daniel W. Hoan of Milwaukee, Heywood Brown of New York, and Oscar Ameringer of Oklahoma City, the platform was phrased as follows: "The Socialist party favors the repeal of the eighteenth amendment and the taking over of the liquor industry under government ownership and control with the right of local option for each state to maintain prohibition within its borders."

Judge Asks Trial For Uncle, Youth Held for Murder

Detroit, May 24 (AP)—Pleaded guilty in Hamtramck justice court to a charge of murdering John Chamacki, 7, on May 15 when he, Frank Jackimovitch, 22, the boy's uncle, and Frank Kaminski, 18, retracted their plea and stood mute before Circuit Judge Theodore J. Richter.

After Judge Richter had talked to Jackimovitch and Kaminski in his private chamber he ordered a not guilty plea entered for them and said he thought they "deserved a trial." The court said the judge had denied the confession to detectives Monday night, stating he admitted the crime to get rid of the officers. They had questioned him for nine days.

France Protests Hoover's Delegates

Washington, May 24 (AP)—Joseph I. France, former senator from Maryland and contender for the Republican presidential nomination, said today in a statement that 413 delegates to the national convention were "against Hoover."

"I am unable to find where Hoover has more than 152 delegates, if we grant him California, uncommitted, and Ohio, which is doubtful," France said. "I have 231 instructed delegates and there are 52 from state faves which are definitely anti-Hoover and 42 more delegates from states presumably against the administration making 413 delegates in all against Hoover."

Furniture For Sale?

An inexpensive WANT-AD will bring a buyer. Why continue to carry that old rug-chair or other odd piece of furniture from cellar to garret and back again, trying to get it "out of the way"? It's an expense to YOU but someone WANTS it, and is willing to pay you for taking it away. Get rid of it by selling it through a Want-AD.

PROBATION

THIEVES GET \$6072 LOOT IN GRAND RAPIDS

Grand Rapids, Mich., May 24 (AP)—Arrested near Smyrna, Mich., this afternoon, a man who said he was James Gallagher, 39, of Detroit, tonight was definitely identified as one of four robbers who today held up a Grand Rapids Savings bank branch and killed a deputy sheriff in their flight.

John Smits, manager of the branch bank, from which \$6,072 was taken, first described to Sheriff Fred Kelley the man who had leveled a gun at him during progress of the holdup, and then picked out Gallagher as the bandit from a lineup of seven men.

Admits Connection Faced with the identification, Sheriff Kelley said that Gallagher, who previously had denied all knowledge of the holdup, admitted, "I might have had something to do with the robbery, but I had nothing to do with the murder."

"Later, officials said, Gallagher denied that he had participated in the hold-up and said he was hitchhiking back to Detroit after failing to find a job here, and became lost. Deputies said, however, he had offered a farmer \$20 to drive him the four miles to Belding just a few minutes before his arrest."

"Gallagher was being questioned further tonight in an effort to identify the robbers and the gunman who fired, and fatally wounded Deputy Sheriff Charles Knapp of Lowell as he sought to stop the bandits when they sped through that city eastbound on M-21 after the robbery.

Search for the three members of the gang still at large increased in intensity around Smyrna with the identification of Gallagher as one of the bandits.

Large Posses Search More than 300 state and county police and armed posse were searching the woods and hills of the vicinity. The robbers are believed to have abandoned their car and fled on foot after a shot by pursuers punctured a rear tire.

The farmers took Gallagher into custody when he was walking along a highway. He told them he was a hitch-hiker, but they held him when they noticed there was no dust on his shoes.

Later he told police his car had broken down on account of motor trouble, and that he was walking to seek aid when he approached. He was taken back to the point where he said he had left his car, but there was no automobile to be found. He told police he believed the machine had been stolen.

Story Is "Phoney" He was described by police as about 30 years old, weighing about 150 pounds and of a "pasty-faced" complexion. He said he was employed at the Motor Tool company in Detroit, and gave police a telephone number which he said was his home phone number.

A check in Detroit revealed there was no such phone. Detroit police said that Gallagher was released three weeks ago after investigation in connection with a \$35,000 robbery of diamond pointed tools from an automobile plant in Detroit.

Several companions of Gallagher, who were arrested with him at the time and who later were released with him when they could not be implicated in connection with the robbery, were being sought by Detroit police for questioning tonight as to their whereabouts at the time the bank was robbed at noon today.

Police here said that the lining of Gallagher's right coat pocket was ripped out, and pointed out

that frequently gunmen rip out pocket linings to conceal pistols.

While one group of police was near Smyrna, another group was reported in pursuit of a car near Cannonsburg.

State police stationed over Grand River on US-111 thirteen miles northeast of here were ordered by radio to cut off the bandit car should it attempt to flee north on the main highway.

Officer Shot Down "These men are killers. Take no chances. Shoot if necessary," the state police instructed.

Knapp was shot down in Lowell when he ran his motorcycle alongside the bandit car, speeding through the city, and motioned it to stop.

Several shots blazed from the machine and Knapp dropped, mortally wounded. He drew his own pistol as he lay in the street and sent five shots after the car. He died in an ambulance enroute to Grand Rapids. A bullet had penetrated his chest.

Kenneth Smith, 19, who was standing in the street at Lowell, was grazed on the right cheek by a stray shot.

Several businessmen and pedestrians, attracted by the shots, seized arms and raced in hot pursuit of the speeding bandit car. They pumped numerous shots at the vehicle, but apparently none of the shots took effect.

The pursuers were soon outdistanced by the much speedier bandit car, which continued east on M-21 toward Ionia. It is believed the car veered to a side street and trace of its was lost.

The holdup of the bank was carried out swiftly and with precision. Three men rushed into the bank and covered Manager John Smith, two employees, and two women patrons with pistols.

They then scooped up currency which was lying on a money desk, after which they forced Clifford Zinn, a teller, to open the safe in the vault and hand over currency and \$500 in gold, all of which was in a small denomination, and totaling \$6,072.

Employees were then compelled to lie prone and the women patrons were ordered to bend down and keep their faces turned to a glass counter.

The robbers fled the building and leaped into an automobile waiting at the curb with the motor running and a fourth man behind the wheel.

After the machine had sped away, the bandits turned several corners and stopped to switch cars, and then headed out M-21 toward Lowell.

The holdup of the bank was accomplished in less than three minutes, so well had the bandits worked out their plans in advance.

Neither bank employees or patrons could describe the bandits. They agreed the gunmen were swarthy, but could give no clear description of clothes, heights, ages or weights.

Sheriff Kelley revealed tonight that a lynching was narrowly averted in Lowell this afternoon.

While removing Gallagher from Smyrna to jail here the sheriff and deputies escorting the prisoner stopped a few minutes at the Lowell jail.

Word that one of the players was in the jail spread and within a short time a group of citizens, infuriated at the wanton killing of Deputy Sheriff Knapp, were milling in front of the jail clamoring that Gallagher be turned over to them.

Forming a cordon around Gallagher, the sheriff and five deputies escorted him to an automobile after dispatching a decoy car to lure the Lowell residents away from the vicinity, and whisked the prisoner away to Grand Rapids.

DO-X FINISHES ATLANTIC HOP

Cheers Greet Airliner As 16,000-Mile Trip Ends At Home

Berlin, May 24 (AP)—The German flying boat DO-X, largest heavier-than-aircraft, completed its trans-Atlantic travels of almost two years with a mad sprint through storm areas over northern Germany today, alighting at Mueggel Lake, on the outskirts of Berlin, without incident.

Thousands gathered along the wooded lake shores in the southeastern environs of Berlin cheered wildly when the airliner appeared against the evening sky to complete a voyage of approximately 16,000 miles, in which it visited both South and North America, as well as Africa.

The huge seaplane described a circle around the lake and alighted as easily as a feather, while roars of greeting came from surrounding motorcraft of all description.

The smartly dressed Fraulein Antonia Strassman, who was one of the DO-X crew, was the first European woman to cross the Atlantic by plane, was enraptured by the experience. She boarded the boat in the United States as passenger-purser.

She said she was convinced that the present voyage opened a new era in aviation, proving the suitability of a plane for inter-oceanic transportation, as well as for sporting purposes.

The supporters of the candidacy of the speaker of the house, bent upon a harmonious state convention at all cost, met with success in initial efforts to smother outspoken factional strife over the liquor problem.

The resolutions committee declined to include any declaration on national prohibitions in the resolutions it will suggest to the convention.

Rockford, Minn., May 24 (AP)—A break for liberty made by Jess Summers, 35, of Clare, while enroute to Jackson prison to serve 15 to 30 years as an habitual criminal was short lived today.

With an hour after he jumped from Sheriff David Core's car and fled into the woods here he was back in custody and again on the way to the penitentiary.

Summers made his break when Sheriff Core stopped at a filling station to make a telephone call. Although handcuffed he jumped from the machine and fled. Floyd Nickerson, proprietor of the filling station, fired a rifle shot at the fleeing man but the shot went wild.

Still handcuffed, Summers was recaptured by Stanley Gerou, member of a hastily organized posse, just north of here.

Detroit, May 24 (AP)—Southern Michigan police tonight were investigating a telephone call which Mrs. Marjorie Pittaway, Detroit, reported she received shortly after noon today from her niece, Marion Hofert, 17, missing since Monday.

Mrs. Pittaway said the girl, excited and crying, told her she was being held prisoner near Ypsilanti by three men who kidnaped her near her home here, and that she thought they were going to Coldwater. The conversation was stopped suddenly as if the girl had been dragged away from the phone, said Mrs. Pittaway.

Police said they had traced the call to a farm house near Ypsilanti but that state police had not reported the result of their investigation.

Battle Creek, Mich., May 24 (AP)—Eastern Michigan cities are menaced by attack from the air as enemy "Red" forces continue to press their assault on a line established west of Battle Creek during the army's "war game" now in progress with Camp Custer as the base of defense operations.

So far, in theory, enemy bombing operations have been centered in the area immediately behind the lines in an effort to break up communication lines, destroy supplies and transportation mediums.

The "battle" enters its second phase Wednesday. It is understood, with the defending sixth "Blue" army having consolidated their forces preparatory to launching a counter offensive.

Jack Jones, 34, Clyde township farmer, today was arrested on a charge of statutory rape of his eight-year-old daughter after a complaint had been filed with authorities by Jones' wife. She said he had served long prison terms in New York and Ohio.

SENATE BARS WAY TO MORE TARIFF ITEMS

(Continued from Page One)

increase and indicated he would seek a vote on this proposition tomorrow.

Votes also will be in order tomorrow on the passenger automobile levy and the tax on accessories.

The house voted rates of three per cent on passenger cars and one per cent on accessories. The senate compromise boosted these to four and two per cent, respectively.

The house automobile schedule would yield \$56,000,000 against \$73,000,000 from the senate levies.

Conceding that he favored a general sales tax, Senator Reed (R. Pa.) told the senate that, nevertheless he was going to support the special excise taxes to make sure that the budget is balanced.

Among the foes of the sales tax who switched over the voted for retention of the two per cent auto tax after voting against the three per cent rate, were Senators Borah, Idaho; Norris of Nebraska; and LaFollette of Wisconsin, Republicans, and Shipstead (F. L. Minn.).

Hits at Coalition Senator Walsh (D. Mass.) revived the sales tax issue during the day by offering a general levy of 1.3-4 per cent on sales, exempting food, clothing, agriculture necessities and publications.

Norris, in a last minute appeal for the export debenture, assailed the tariff coalition which stood together to preserve the four import duties in the bill.

The farm relief roll call showed an entirely new lineup from any hitherto on the tax voting. Twenty-one Democrats, 11 Republicans and the Farmer Labor member, Shipstead, supported it while 16 Democrats and 30 Republicans opposed it.

President Hoover has strongly opposed the export debenture system which contemplates giving to farmer exporters one half of the value of the tariff against products they sell abroad.

Declaring the tariff coalition had forced the tax bill open to this manner of legislation, Norris said it was only right that the farm relief proposal aimed at giving the farmers a share of the benefits of the tariff should get a place in the bill.

Rockford, Minn., May 24 (AP)—A break for liberty made by Jess Summers, 35, of Clare, while enroute to Jackson prison to serve 15 to 30 years as an habitual criminal was short lived today.

With an hour after he jumped from Sheriff David Core's car and fled into the woods here he was back in custody and again on the way to the penitentiary.

Summers made his break when Sheriff Core stopped at a filling station to make a telephone call. Although handcuffed he jumped from the machine and fled. Floyd Nickerson, proprietor of the filling station, fired a rifle shot at the fleeing man but the shot went wild.

Still handcuffed, Summers was recaptured by Stanley Gerou, member of a hastily organized posse, just north of here.

Detroit, May 24 (AP)—Southern Michigan police tonight were investigating a telephone call which Mrs. Marjorie Pittaway, Detroit, reported she received shortly after noon today from her niece, Marion Hofert, 17, missing since Monday.

Mrs. Pittaway said the girl, excited and crying, told her she was being held prisoner near Ypsilanti by three men who kidnaped her near her home here, and that she thought they were going to Coldwater. The conversation was stopped suddenly as if the girl had been dragged away from the phone, said Mrs. Pittaway.

Police said they had traced the call to a farm house near Ypsilanti but that state police had not reported the result of their investigation.

Battle Creek, Mich., May 24 (AP)—Eastern Michigan cities are menaced by attack from the air as enemy "Red" forces continue to press their assault on a line established west of Battle Creek during the army's "war game" now in progress with Camp Custer as the base of defense operations.

So far, in theory, enemy bombing operations have been centered in the area immediately behind the lines in an effort to break up communication lines, destroy supplies and transportation mediums.

The "battle" enters its second phase Wednesday. It is understood, with the defending sixth "Blue" army having consolidated their forces preparatory to launching a counter offensive.

Jack Jones, 34, Clyde township farmer, today was arrested on a charge of statutory rape of his eight-year-old daughter after a complaint had been filed with authorities by Jones' wife. She said he had served long prison terms in New York and Ohio.

NEW STORY OF SLAYING GIVEN

Wife Dead When He Buried Her, Husband States

Muskegon, Mich., May 24 (AP)—John Kozum, 41, who is awaiting sentence on a charge of having killed his wife and buried her body under a chicken coop, gave authorities a fourth version of the slaying today.

In two previous confessions Kozum told how he had buried his wife alive after having hit her on the head with a hammer last October 30. In his original statement he merely admitted killing the woman.

Today he revised the three earlier confessions and told police he was positive she was dead when he carried her body to the grave under the chicken coop. Later he hid the grave with a concrete floor.

The fight, Kozum said, resulted from the death of a pet lamb. In the quarrel, he said, he struck his wife with a hammer after she attacked him with an axe.

"She died during the night," he said today. "She forgave me before she died. She wanted me to call a nurse and a doctor but

SOILS TESTING TRUCK ARRIVES

Demonstration Will Be In Delta County Two Days

Arriving in Delta county for a two-day stay, the Michigan State College soils laboratory and exhibit truck starts out this morning with a meeting at the Alton Grange hall at 9:30 a. m. This afternoon it will be at the Flat Rock town hall from 2 p. m. on, and the conferences tomorrow, are Danforth Grange hall, 9:30 a. m., and E. J. Bergman's farm, Bark River, 2 p. m.

Farmers are invited to come to the meeting and bring their soil samples, particularly from the fields which they are getting ready for hay crops. The soil sample should be taken as a thin slice from the top to the bottom of the furrow cut. Samples should be taken for each kind of soil on the farm, marking each so that the owner will know where it came from and the soil test will tell a story that will be of value. Samples of subsoil taken from below the furrow

also will also prove interesting. The doors of the soils truck open like the covers of a book, showing panels on which are given the results of Upper Peninsula experiments with liming, fertilizing, and fitting seed beds. At the meetings, the panels will be explained and discussed, and after the meeting the soil samples will be tested.

Here are some of the questions which will be answered for Delta county farmers:

How can our soils be managed most profitably? How can we keep on cropping our fields and still maintain our soil fertility? Do our soils need lime? Is our soil suitable for growing alfalfa? Does it pay to use commercial fertilizer? How much is manure worth?

Concluding the Delta county stay Thursday night the truck will move on to Menominee county, where meetings will be held at the following places: John Soh's farm, Banat, Friday May 27, 9:30 a. m.; Jacob Liebstuekel's, Daggett, Friday May 27, 1:30 p. m.; D. H. Barlow's farm, Carney, Saturday May 28, 9:30 a. m.; Henry Nolde's farm, Powers, Saturday May 28, 1:30 p. m.

Polar Bear Vets To Gather May 28

Detroit, May 24, (AP)—From every state and Canada veterans of the World War's most unique expedition will assemble in Detroit May 28, 29 and 30 for the national reunion of the Polar Bear Association.

For those who fought in the frozen swamps of northern Russia the occasion will be both a memorial and an armistic celebration. The final shots were fired and the final American casualties were suffered more than six months after the World War had ended. Three years ago the last of those who fell on Russian soil were brought "home" by a Michigan commission.

MUNISING BRIEFS

MUNISING BRIEFS

Dr. and Mrs. A. A. Mellon are back from a visit with relatives at Iron Mountain.

Mrs. H. A. Wood and Mrs. W. H. Munson were visitors at Marquette yesterday.

Mr. and Mrs. L. Platt Rose and son Lloyd of Marquette were the guests of Mr. and Mrs. O. G. Hanson the first of the week.

Mr. and Mrs. R. B. Hill and son, Jimmie, of Escanaba, were guests of Mrs. Hill's parents, Mr. and Mrs. G. A. Lelphart last Sunday.

A daughter was born to Mr. and Mrs. Vernon Anderson, Brown's Addition, last Monday.

Mr. and Mrs. J. A. Viscena were visitors at Manistique Monday.

Marquette visitors here yesterday were: H. R. Harris, A. Syverston, R. C. Young, W. A. St. John and E. Pearce.

J. M. Bush of Negaunee was a visitor here yesterday.

Bert King of Escanaba was a visitor in the city yesterday.

Farmers at Cooks Shipping Potatoes

Cooks, Mich., May 24—Recent activities in the potato market here have just about cleaned up the surplus stock of tubers. B. I. Hillson has shipped fifteen carloads to a Wisconsin company and William Hartman has shipped six carloads to St. Louis. Prices received by producers were somewhat better than any previous quotations of the season.

In spite of the fact that potato prices have been so disappointingly low, farmers are not discouraged, and indications are that the coming season will see a largely increased acreage. One farmer, Mark Wehner is planting over one hundred acres, most of which are Irish Cobblers. Mr. Wehner shipped-in a six hundred bushel car load of certified seed from Wisconsin last fall. Besides these, Rural Russets and some other varieties are being planted on the Wehner farm this spring. Other farmers are also increasing their plantings, assured that there will be a reaction from present low prices.

City Issues 500 Bushels Potatoes

Since the central distribution system was adopted early this spring, the city has given out about 500 bushels of table potatoes to needy families. An additional supply was purchased this week by the city to keep up with the demand.

The potatoes are put up in peck sacks for convenient handling, and are given out at the police station.

Another supply of seed potatoes has also been received for city distribution, and are given to those who wish to plant their own gardens, on order slips issued by the city welfare officer. A large number have taken advantage of the offer to plant gardens on city property near the sewage treatment works.

Fire Chief Makes Annual Inspection

Fire Chief Arvid Johnson has just completed his spring inspection of Escanaba business places, and reports conditions satisfactory on the average. A re-check will be made at places where fire hazards were found, to see if recommendations made in the inspection are being carried out. In most cases, Chief Johnson says, basements and storage places where rubbish accumulates are being kept cleaned up by the owners or tenants. Several buildings in the business district are being remodeled and improved. The spring cleanup is also being carried out in the residential districts. Many householders, through a curtailment of employment, are finding more time to clean up and repair around their homes and grounds.

Lansing (AP)—Fred G. Palliser, of Detroit, was appointed Tuesday to succeed James Gibbons of Jackson, as a deputy labor commissioner. Samuel Rhoades, chairman of the commission, announced Gibbons' resignation without explanation.

Luce, Schoolcraft, Have Had No Fires

Luce and Schoolcraft counties, ordinarily among the hardest hit by spring forest fires have not reported a single fire so far this season while other upper peninsula counties have reported a total of 136 fires, according to the Division of Field Administration of the Department of Conservation.

Mackinac county is leading the list with 36 reported fires, with Iron county second with 20 fires. The lower peninsula so far this spring has reported 139 fires with Alpena leading the number with 29.

The 265 reported fires have burned over approximately 4,000 acres, a figure far below that reported during the same period in 1931.

The number of fires reported by counties are as follows:

| Upper Peninsula | |
|-----------------|-----|
| Alger | 2 |
| Baraga | 7 |
| Chippewa | 10 |
| Delta | 8 |
| Dickinson | 11 |
| Gogebic | 13 |

THE COPPER TARIFF

ACTION of the senate in placing a four cents a pound tariff on copper as a revenue raising measure will lend some comfort to the people of the northwestern section of the upper peninsula, which is known as the Copper Country.

Although depressed business conditions have been largely responsible for the inactivity in copper mining industry, foreign competition has seriously aggravated the situation.

Copper mining is the life-blood of Houghton and Keweenaw counties. If this industry is not saved, stores, schools and even some churches will be forced to close their doors.

BUYERS' WEEK

NATIONAL BUYERS' WEEK, from June 27 to July 2, is the next battle the American Legion will launch in its "war against depression," according to an announcement by Mark T. McKee, executive director of the American Legion's Employment Commission.

For several weeks, Legion posts throughout the country have been conducting campaigns to get jobs for unemployed. Home owners have been canvassed and urged to make needed repairs, and employers of labor have been asked to devise means of distributing employment so as to benefit more persons.

MANY START GARDENS

THAT the American people still desire to help themselves is demonstrated by the eagerness with which the jobless are grasping the opportunity to plant gardens to raise their own vegetables this summer.

FORTUNES SHRINK

THE extent of the decline in security values brought about by the depression was never better illustrated than in the shrinkage of the estate of the late Samuel Mather, famous Ohio philanthropist.

Mr. Mather, who had extensive holdings in steel companies and in Great Lakes steamship lines, had an estate that was worth upwards of \$40,000,000 in the summer of 1925.

THE FIRST FLYER

THE republic of Brazil is about a monument to one Bartholomeu Cusmao; and if you don't know who he was, you may learn now that he built and, apparently, flew an airplane upwards of a century ago.

Long before the Wright brothers were born Cusmao constructed his flying machine; and contemporary records indicate that he actually succeeded in getting off the ground with it.

CHAPTER XLVIII THE church was dark and old. There was about it none of the feverish activity usually associated with a wedding.

Outside were the high winds and blue sky of one of spring's more benevolent days. A group of chattering girls broke away from the door as the unseen organist began to finger the strains of the memorable music.

LYRICS OF LIFE

By Douglas Malloch (Copyright 1932 by Douglas Malloch)

HAPPIEST Some twenty years (it must be twenty) Ago, when youth and love were plenty. I walked to work, and glad to find it.

And with the first faint blush of heaven (So I might start to work at seven) She rose and set the little table.

Now time has brought us, new successes. New roofs, new wealth, new happinesses. If one is happy with a penny.

the 20 or 30 guests gathered in the church, nearly all were women. The whippers were hushed as Susan, unwontedly pale, approached on the arm of a smiling, sandy-haired gentleman in immaculate morning attire.

She was all in white, ivory white crepe dress with long sleeves, small white hat made entirely of flower petals. Her eyes were lowered. There was something unreal, something unworlly about her.

Even Aunt Jessie blinked and fumbled for her handkerchief. It had been so nice of that Mr. Waring to offer to give Susan away. Of course he wasn't a member of the family but it seemed more proper to have a man do it.

THE music was crashingly triumphant now as the bridal pair turned to leave. The little swarm of guests followed.

Rose was whispering to the chubby girl. "Yes, I ran down this morning and picked out the hat and dress for her, while they went to City Hall."

Quotations

Hollywood is the intellectual center of the world today—John Emerson, writer.

The cost of government must and can be reduced. It is a grim necessity. The annual earnings of the people have been reduced 50 per cent during this period.

I am optimistic enough to believe that we have rounded the corner of the so-called depression, and it occurs to me that we should stop talking depression and bank in the sunshine of prosperity.

It is imperative that we remodel our credit structure and that we bring about a regulation of banking that will prevent in the future the suffering that has been inflicted upon millions of people through bank failures and through inadequate credit.

When Escanaba had a bicycle club? It was more than thirty years ago, and some of the active members were Martin Anderson, P. A. Aronson, Ed. F. Bolger and W. J. Pirkus.

What Escanaba hotel was named for a prominent financier and a unsuccessful candidate for president? It was the Tilden house, built by the North Western railway in the sixties and situated in the block now occupied by the Richard Hoyer residence.

ENGINEER DIES AFTER ILLNESS

James E. Murphy Entered C. & N. W. Service Sept. 11, 1902

James E. Murphy, well known Chicago & North Western engineer, died Tuesday afternoon at 2 o'clock at his home, 319 North Fifteenth street, following a three months' illness.

Mr. Murphy was taken ill with influenza shortly after the holidays, and suffered a relapse which left him in a critical condition. A few weeks ago his daughter, Mrs. Guy Kuhn of Gregory, Mich., and a son, James L., of New York City, were called here. They left for their homes just a few days ago, believing their father to be on the way to recovery.

The body was taken to the Allo funeral home to be prepared for burial. Funeral arrangements are incomplete pending word from relatives, but the services will be at St. Patrick's church with burial in St. Joseph's cemetery.

James Edward Murphy was born in Chelsea, Quebec, on October 26, 1873. He entered the service of the Chicago & North Western railway as a locomotive fireman September 11, 1902, and was promoted to locomotive engineer on October 14, 1907, holding that position until the time of his illness.

He is a member of the Knights of Columbus and of the Brotherhood of Locomotive Engineers.

Surviving are Mrs. Murphy, and the following children: Mrs. Guy Kuhn, Gregory, Mich.; James L., New York City, and Eileen, Edward, and George of this city. Two sisters, Miss Cecelia Murphy, R. N., Escanaba, and Mrs. George Dunnigan, Ottawa, Canada, and two brothers, Edward Murphy, Escanaba, and William of Kingsmere, Quebec, also survive.

Aronson Appointed Contracts Manager On Michigan Daily

Ann Arbor, Mich. (Special)—Orville Aronson, son of Mr. and Mrs. P. A. Aronson, 609 South Tenth street, was selected as contracts manager in the business department of the Michigan Daily, University of Michigan campus publication, at the annual selection of officers for the ensuing year here this week.

Orville is a sophomore on the campus who has been working with The Daily since his freshman year, and was one of six to get department head jobs for the junior year, out of 40 candidates who started out.

Since the job is one of the three most important in the junior year, Aronson is among the leading competitors for the coveted position of business manager of The Daily in his senior year, a position of much influence in extra-curricular activities at the university. His immediate activities next year will entail supervision of contracts amounting to \$40,000.

Aronson is a member of Pi Kappa Alpha, social fraternity, of which he was elected treasurer at a recent meeting, having served as assistant treasurer of the organization during the past year.

Graduated from Escanaba High School in 1920, Aronson was awarded the University of Michigan Club prize, entering here in the fall of 1920 in a business administration course.

Voter Registration Proceeds Steadily

Registration of Escanaba voters under the new Michigan law is going ahead steadily, and a large number of cards have been filed out this week at the city clerk's office.

All those who wish to vote in the fall primaries must register by Aug. 24, which is the last day. Once registered, it is not necessary to register again under the new permanent registration system. A card index system keeps a record of each voter and the number of times they vote. Citizens by naturalization must be prepared to give registration data when applying for registration.

Registrations at the Escanaba city hall are received any day but Sunday or legal holidays, from 8 a. m. to noon and 1 p. m. to 5 p. m. Personal application is required.

BRIEFLY TOLD

Dynamite Stolen—The theft of 200 pounds of dynamite from the Delta Hardware storage house, north of the city on US 241, was reported to the Escanaba police. The powder house was broken into Saturday night or Sunday, it is believed.

Firing Squad Prepares—In preparation for the Memorial Day program at Escanaba, the American Legion firing squad will meet Friday evening at 7:30 with the Legion drum and bugle corps. The firing squad will carry out memorial rites at local cemeteries Monday morning, and will march in the parade to Ludington park which starts at 9:30 a. m.

DeMolay Meeting Tonight—Delta Chapter, Order of DeMolay, will hold an important business meet at its regular time tonight. All members, both from Escanaba and Gladstone, are requested to make a special effort to be present.

Return From Marquette—M. S. Malsack, Dr. G. A. Cotton and Emil Dittich returned from Marquette, where they attended the course on golf course construction and maintenance, sponsored by the extension department of Michigan State college.

Rapid River Man's Sister Succumbs

Green Bay, Wis.—Mrs. O. Solomon, 73, native Green Bay resident and pioneer storekeeper, died last evening at the home of her daughter, Mrs. James Nejedlo, 125 Elm st., after an illness of three months, before which she operated a grocery store at 635 S. Jefferson st.

Mrs. Solomon and her husband established a hostelry in the town of Allouez forty years ago. It was a combination hotel, grocery and dance hall on the lower De Pere road near the Hochgreve brewery. Several years later, they moved to the top of the hill and opened a grocery store now owned by Ted Denessen. The Solomons disposed of it to the Kurtz's, it was then bought by Christensen's, and finally became the Denessen property.

For many years before his death in 1926, Mr. Solomon was an invalid and his wife carried on the grocery business. From Allouez they moved to the 600 block on Main Bay, across from Baum's store. Their next store was on S. Jefferson st. near St. John's school, later on the corner of Mason and Madison sts., and finally at 635 S. Jefferson st. Until her recent illness, Mrs. Solomon had complete charge of the store, despite her advanced age.

Surviving are one daughter, Mrs. Nejedlo, one son, Clifford of Green Bay, three brothers, Henry Pfeiffer, Rapid River, Mich., Gus Pfeiffer, Manitowoc, and William Pfeiffer, Green Bay. There are five grand-children. Mrs. Chester Racine, Green Bay, Willard Nejedlo, Green Bay, Fred Powers, Green Bay, and Mrs. W. J. Hughes, Beloit, There are also several great grandchildren.

Funeral services will be held today at 9 a. m. at St. John's church. Mrs. Solomon was a member of the League of the Sacred Heart and of the Christian Mothers Confraternity which said the rosary at the residence on Elm st. at 7:30 Tuesday evening. Burial will be in Allouez.

Mrs. Hennessey Has Real Smart Terrier

Garden, Mich., May 24 (Special)—Skip is an eight months old Mexican terrier weighing about ten pounds but what he lacks in size he makes up in "dog" sense. He is owned by Mrs. Mary Hennessey who got him from Escanaba for a pet. Nevertheless he is developing characteristics which give promise of much usefulness.

His owner keeps just one family cow and when the calf broke in the garden Skip put it right back in its place without any prior training in the art of cattle herding. This he did afterwards whenever occasion demanded. He considers it his special business to keep the chickens where they belong and on one occasion he rounded the entire flock of about twenty five into the kitchen while his mistress was in the home of a neighbor.

There was no excitement and not one of the birds appeared to have been abused in the herding process. On another occasion, one of the same chickens strayed across to a neighbor's place and was in the act of stealing the cat's food when Skip's watchful eye caught sight of her. He did not act wildly but quietly walked behind the bird as she leisurely returned to her own quarters. All of these activities are on his own initiative and those who have seen him in action marvel and wonder what he would do had he a little training.

St. Joseph's Senior Class Play Tonight

What promises to be the best play put on by a senior class at St. Joseph school will be held tonight in St. Joseph auditorium at 8 o'clock. "The Clay's the Thing."

The cast includes the best of the senior class and the last practices indicate that the audience will be kept in an uproar from start to finish.

Tickets may be secured from the seniors or at the Hill and the Groos drug stores, or at Blomstrom & Peterson's jewelry store.

Miss Marie Rahr, 1214 First avenue south, is leaving the latter part of the week for Milwaukee where she will spend the Memorial Day holidays visiting with relatives and friends.

Theatres

Warren William, stage hero on the screen a little more than a year, reveals the stuff of which stars are made in "The Mouthpiece," a Warner Bros. picture which opened at the Deilt theatre yesterday.

William, dashing swashbuckler of "The Honor of the Family," breaker of hearts in "Beauty and the Boss," has a role in "The Mouthpiece" which fits him like the proverbial glove.

It gives him a chance to demonstrate the great dramatic talent which made him a legend on Broadway and the charm which brings him thousands of new fans in each city in which he is seen.

"The Mouthpiece" deals with the tragic fate of a great legal light who sends an innocent youth to the electric chair in an excess of prosecuting zeal.

His conscience destroys his value as a prosecutor. In a revulsion of feeling he turns to the defense of persons accused of crime, bringing all the energy and skill that had won him fame as the criminal's nemesis to the defense of those same criminals.

It is a powerful drama all the way through, modern and up-to-the-moment in theme. There is stirring action, high-lighted by intense scenes in the death house and the courtroom.

First Mass of Father Seifert In Home Church

An event of interest here took place Sunday morning in Menominee, the celebration by Rev. Joseph H. Seifert, brother of Rev. Father Frank A. Seifert of Daggett, of his first mass.

The celebration of the first mass took place Sunday morning at 10 o'clock at the Epiphany church, in which the newly ordained pastor was baptised twenty-six years ago.

The ceremonies opened with a procession from the school to the church in which were the cross bearer and thirty altar boys, members of the Catholic Order of Foresters and of St. John's Society, the clergy, the mother of the pastor, and the other members of his family, and immediately preceding Father Seifert, six flower girls, two pages and a little bride, all of the children in costume.

Rev. Father Seifert, celebrant of the mass, was assisted by his brother, Rev. F. A. Seifert of Daggett as arch priest; Rev. Father Frank Schneider, Milwaukee, deacon; Rev. Father George Laforet, Flat Rock, sub-deacon and Glenn Sanford of Kenrick Seminary, St. Louis, Mo., as master of ceremonies.

Among the large number of priests in the sanctuary were Rt. Rev. Msgr. Raymond G. Jacques, V. G. of this city; Rev. Father Joseph Schaul, Spalding; Rev. Father Sperlein, Nadeau; Rev. Father Gerald Harrington, St. Patrick's, this city; Rev. Father Joseph Neumar, pastor of Epiphany church; Very Rev. Cleary, Dean; Rev. Father Victor Karch, Rev. Father F. Geynet and Rev. Fr. James Miller, Menominee; Rev. F. Joseph Zyrd, Marquette; Rev. Fr. John Zimmerman, New Zealand, N. D.; Rev. Father Charles Fox, Birch Creek; Rev. Fr. O. J. LaMothe, Rapid River; Rev. F. H. Schmitt, and Rev. Fr. Theriault, Marinette; and Tom Kelly of St. Paul Seminary.

Rev. Father Simmerman, an old friend of the family, preached the sermon. The music of the mass was sung by a choir of forty voices, with organ and orchestra accompaniment.

Banquet After Service Immediately following the services a banquet was served to immediate friends of the church in the basement of the church, by the Ladies Mother Society.

Rev. Father Schmitt was toastmaster, and the banquet program included a response to the toast, "The Priesthood," by Rt. Rev. Msgr. Jacques, a talk on "The Church," by Rev. Father Laforet; one on "Our Parish," by Rev. Father F. A. Seifert, and on "Our Classmate," by Rev. Father Schneider. A talk by the honored pastor concluded the program.

A reception followed in the evening at the home of the pastor's mother, Mrs. Mary Seifert. Father Seifert will be celebrant at a solemn high mass Sunday at 10 o'clock at the church of which his brother is pastor, in Daggett, where he will spend his vacation before being assigned to a parish.

Three New Shows On Broadway May Be Three Hits

New York, May 24. (AP)—Only three shows are due to arrive on Broadway next week, but their potentialities indicate there may be three new hits in what ordinarily would be a dull spring week.

After trying it out in most every town on the Atlantic seaboard which has a playhouse, Jane Cowell will bring her new play to the West Forties on Tuesday night. It is "A Thousand Summers," authored by Merrill Rogers.

It was her original intention to begin Shakespearean repertoire this season, but Miss Cowell chose this modern play instead, she has surrounded herself with an imposing cast which includes such tried performers as Osmond Perkins, the managing editor of "The Front Page," Franchot Tone and Josephine Hull, both of whom have played leads for the Theater Guild and Florence Edney, one of the town's best known character players.

The private lives of crooners will be dissected in "Heigh Ho Everybody," which is due Wednesday night with Joseph Santley, of musical comedy fame, as the man who sings through a megaphone. He has able support in Edna Hibbard, the Dorothy of "Gentlemen Prefer Blondes," Harry Rosenthal, the orchestra leader who turned actor so he could play a part in "June Moon," and Margaret Sullivan, an ingenue of major importance. On Thursday night is scheduled the first of the intimate revues of summer. It is called "Hey Nonny Nonny," and was mostly written by Dr. Nathaniel Lief, who is a dentist when he can be lured away from Broadway, and Mike Cleary, a song writing Irishman who once played tackle for West Point.

Mr. and Mrs. Joseph Asselin have returned from Munising where they spent a few days at their cottage.

Miss Alice Kvam, president of the Escanaba Business and Professional Women's club, and its delegate, Mrs. Lillian H. Reynolds, and Mrs. Caroline Nystrom are leaving this morning by automobile for Kalamazoo, Mich., where they will attend the annual convention of the Michigan State Federation of Business and Professional Women's clubs.

The convention, with the Park American hotel as its headquarters, is opening Friday and continuing through Sunday.

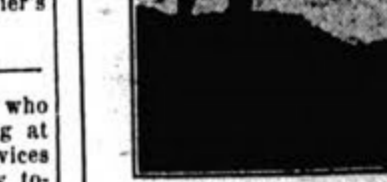

Mrs. Reynolds is appearing on the convention program in a talk on "Insurance."

NEARLY \$3,000 CUT IN BUDGET

Funds for Unemployment Relief To Be Taken From Surplus

A reduction of \$2,943.00 in city operating expenses during the coming fiscal year was contained in the tentative budget submitted to the council Monday evening by Mayor Harry Erikson, acting city manager. The 1932 tentative budget was received by the council and will come up for public hearing at the city hall at the next regular meeting on Monday, June 13, 1932.

The amount to be raised by taxation and incidental revenues will be \$57,377.00 as compared with \$60,320.00 for the year previous when city operating expenses were given the largest reduction in history, a slice of \$10,850 over that of 1930.

Reflected in the decreased budget are the salary reductions which will go into effect on June 1. Unemployment relief work funds were not considered in the preparation of the budget as monies expended for this purpose will come out of the surplus, thus forcing no additional burden upon the taxpayers.

1932 Appropriations
Due to reductions in expected tax receipts and estimated revenues, an increase of \$356.50 was found to be necessary in the general fund, an increase of \$347.50 in the sewer fund, and an additional sum of \$450 necessary in the park fund because of contemplated improvements in city parks. The street department fund was also increased \$150.00. The budget calls for reductions of \$985.00 in the police department, \$2,044.00 in the fire department, \$18.00 in the health department, \$659.00 in the engineering department, and an increase of \$550.00 in the interest fund, due principally to the retirement of the water and sewer bonds.

The appropriation summary in the 1932 budget is as follows:

| | 1931 | 1932 |
|-------------|-------------|-------------|
| General | \$10,000.00 | \$10,356.50 |
| Street | 11,000.00 | 11,150.00 |
| Lighting | 10,000.00 | 10,000.00 |
| Sewer | 2,000.00 | 2,347.50 |
| Police | 5,400.00 | 4,415.00 |
| Fire | 8,800.00 | 6,756.00 |
| Health | 1,500.00 | 1,482.00 |
| Engineering | 900.00 | 250.00 |
| Park | 2,400.00 | 2,850.00 |
| Bonds | 2,000.00 | 2,000.00 |
| Interest | 5,770.00 | 6,320.00 |
| Total | \$60,320.00 | \$57,377.00 |

Warns Mothers to Watch Children for Scarlet Fever Signs

Mothers whose children are attending the public schools are urged to watch their children for any signs of scarlet fever which may be in evidence. Children having indications of rash or whose skin is peeling, should be kept out of school and a physician should be called, according to Dr. A. R. Tucker, city health officer.

COUNCIL HAS BUSY SESSION

\$750 Appropriation Given C. C. for Tourist, Resort Publicity

An appropriation of \$750 was made Monday evening to the chamber of commerce by the city council for the purpose of tourist and resort publicity, advertising the city for the coming season. The appropriation, which was reduced \$250.00 from that of last year, is made annually by the council for the purpose of attracting tourists to Manistique. W. S. Crowe, president of the chamber of commerce, and W. B. Thomas, secretary of the organization, made the request.

In speaking for the appropriation, Mr. Thomas stated that the tourist and resort business ranked third among the industries in the lower peninsula and second in the upper peninsula. He pointed out the numerous advantages which accrue to local citizens as a result of the money spent here by tourists. J. W. Gilligan was the only dissenting member of the council on the appropriation vote.

Councilman Gilligan made a motion to rescind the vote by which the council appropriated \$500 to the W. O. W. band, but as there was no second to the motion the action was dropped. It was also resolved at the instance of Mr. Gilligan that the vote by which the council conditionally appropriated the sum of \$2,200.00 for the purpose of diphtheria immunization at the meeting of May 9, 1932, be reconsidered, which motion was unanimously adopted at that time. The question was then upon the resolution that there be included in the annual budget the sum of \$2,200.00 for the purpose of diphtheria immunization. The motion was then unanimously voted down.

On the motion of Councilman Cayla, seconded by Councilman Lied, it was resolved that the mayor and a member of the council be appointed to investigate the installation of a lighting plant for the city. The motion was passed unanimously and Councilman Cayla selected to aid Mayor Erikson in the investigation.

Other business consummated by the council included the transfer from the water fund to the general fund the sum of \$5,000. for the payment of the water and sewer bond due March 1, 1932; the purchase of a truck rented by the city from W. B. Orr at the price of \$100.00; approval for the removal of the monument honoring the soldiers and sailors who passed away in the World War, from its present location to Fairview cemetery. A communication received from the Cloverland Dairy, of Lee Wood, and the Nelson Dairy, regarding a new milk ordinance, was deferred until a later date.

Pathfinders Stop In City Yesterday

Two planes on the Fourth Annual Michigan Pathfinders Air Tour stopped at the local airport yesterday morning for a short time and then sped on to Petoskey. The planes were met by Tom Crawford, commander of the local Legion post, Arthur Drevdahl, member of the executive committee of the post, and J. W. Gilligan who welcomed the fliers in behalf of the city. Messrs. Crawford and Drevdahl accompanied the fliers on a ten minute trip to Blaney Park and return.

The Pathfinders wired Commander Crawford Monday evening that they would land here, despite the fact that the Legion had voted down the proposal that Manistique be listed on the tour itinerary. It is understood that the Legion may reconsider the matter and if favorable, the state air tour may visit Manistique about the middle of July. The tour is being sponsored by the state department of the American Legion.

Bert Hulshof, second, and Otto Winkle, third. The honored guests were each presented with a beautiful gift in remembrance of the occasion. Club members present were Mr. and Mrs. Albert Huescher, Mr. and Mrs. Otto Winkle, Mrs. William Winkle, and Jake Dano of Cooks, Mr. and Mrs. Bert Hulshof and Mr. and Mrs. William Hemb.

COUNCIL CUTS SALARIES 15%

No Uniform Reduction Is Made; Wages Computed On Monthly Basis

Salary reductions averaging approximately 15 per cent, to go into effect June 1, were passed unanimously Monday evening by the city council at their regular semi-monthly meeting. All salaries were computed on a monthly basis with the understanding that they may either be raised or lowered according to economic conditions. The reductions were computed at an informal meeting held some time ago, but were not passed until Monday evening.

City officials were given a straight ten per cent cut on December 1 of last year. The reduction given Monday evening is a cut on the reduced wages which went into effect January 1, 1932, thereby making a total cut averaging 25 per cent. No uniform percentage cuts were made at Monday's meeting, salaries ranging from no reduction to that of 20 per cent.

| | Present Salary | After Cut |

USE DYNAMITE FOR TRENCHING

Drainage Ditches Constructed With Single Explosion at Farm

Two drainage ditches approximately three feet deep, six feet wide and a quarter of a mile in length are the most recent developments at the Ford farm west of Gladstone. The two ditches were constructed by the simple expedient of placing dynamite charges along the course of the ditch and with one explosion removing dirt, stumps and roots throughout its length.

The first ditch was opened up Monday and the second yesterday noon. The force of the explosions caused buildings in Gladstone to shake and the sound was distinctly heard. A third ditch parallel to the two already completed is to be blown later this week. These three ditches will provide for the drainage of 80 acres of land which lies adjacent to the county road and at the extreme eastern end of the Ford holdings. The water to be drained will follow the course of a creek along the highway to the Escanaba River. On its way to the river this water is diverted into a group of pools which have been made a part of the landscaping plan at the entrance to the farm.

Pulling of stumps from the land which is being drained will probably start next week. This piece of ground is one of the finest in the entire tract bought by the Ford interests. It is practically level and the soil is a deep black muck, with a sand sub-soil. Whether the land will be ready for use this year will depend largely upon the amount of rainfall within the next few weeks. If it remains dry, it is likely that the ground can be cleared and plowed in time for late crops.

Invite City Club To Basket Social

Members of the Gladstone City Club have been extended an invitation to attend a basket social to be given at the Flat Rock town hall on Thursday night, June 2. In a letter received yesterday by the club secretary, the club has held two meetings in the Flat Rock hall during the past year and the letter states that in appreciation of the cooperation shown by the club, this invitation is extended.

The letter of invitation says, in part: "There will be prize awards for the prettiest baskets and good music has been arranged for. We are sure that members of the City Club who have attended past events will want to attend this one."

The social is being given by the young ladies of the community and the profits to be derived will go to the Flat Rock church.

Reckless Driver Given Stiff Fine

A charge of reckless driving was placed against Henry Borstrom, Iron Mountain, Tuesday as the result of a slight accident on the Bay Shore Drive, Borstrom II was charged, passed John Sullivan, Escanaba, at a high rate of speed and cut in too close with the result that the two cars collided. Borstrom entered a plea of guilty when arraigned in the court of Justice A. D. Algire and was assessed a fine of \$25.00 and costs or 30 days in the county jail. A stay of execution of sentence was granted until Saturday.

Mrs. Cliff Murker Given Past Matrons Jewel Monday Night

Mrs. Clifford Murker, Worthy Matron of the Minnawasca Chapter, O. E. S. during the year 1931, was presented with the Past Matrons Jewel following a banquet in honor of the Past Matrons at the Masonic Temple Monday night. Seventy persons, including Past Matrons and Patrons of the Escanaba and Gladstone lodges, were present at the banquet. Mrs. A. S. Nelson made the jewel presentation.

The banquet was served at 6:30 by a committee of the Minnawasca Chapter, of which Mrs. Fred Traylor was chairman. Mrs. Archie Cowan was in charge of the dining room. The honor guests, Past Worthy Matrons and Patrons, were grouped at a special table. At the close of the banquet an excellent program including the following numbers, was presented:

Vocal Solo—Mrs. M. Brink. Address of Welcome—Miss Marie Harris. Response—Mrs. A. N. Nelson, Past Worthy Matron, Escanaba. Welcome—Mrs. Ole Peterson, present Worthy Matron. Violin Solos—Miss Winifred Jackson accompanied by Anne Zervic.

Roll call of Past Matrons. At this roll call each Matron responded by reciting their experiences in the O. E. S. Chapter. Responses by Past Worthy Patrons. Vocal Solo—Mrs. W. H. Bainter. "Auld Lang Syne"—Entire group.

When the program had been completed, the Past Matrons exemplified the initiatory degree work.

European Tour Thursday Night

On Thursday night, Adjutant H. Rossett, of the Salvation Army, will take Gladstonians on a tour of Europe with a presentation of a series of motion pictures taken by him on a visit to Europe in 1931. The showing will be made at the Legion hall starting at 8 o'clock. Included in the pictures are scenes of Sweden, including the land of the midnight sun and every province, scenes from Norway, Denmark, France and England and a picture taken at the funeral of Archbishop N. Soderblom in Upsala, Sweden.

Adjutant Rossett lived in Gladstone in 1920, at which time as a Salvation Army Captain he established the post here.

Tigers Nip Browns, 6-5; Cards Beat Cubs, 8 to 6

DETROIT BLOWS ARE EFFECTIVE

Goldstein Is Wobbly But Gets Credit for Victory

Detroit, May 24 (AP)—Although he wobbled precariously in the eighth inning and had to be relieved, Izzy Goldstein, recruit pitcher for the Detroit Tigers, got credit for a 6 to 5 victory over the St. Louis Browns today. Whitlow Wyatt, called to Goldie's rescue, stopped the Browns' rally by fanning Burns and Campbell.

The Browns got all their 10 hits off Goldstein but the Tigers' six blows were more opportune. One of them was a homer by Johnson that followed a base on balls; two others were coupled with a pass and a sacrifice, and two others followed a hit batsman to produce Detroit's six runs. Coffman started Detroit in the eighth.

St. Louis scored in the first on a single by Burns and Campbell's double. In the second Storti tripled and scored on a wild pitch. The Tigers registered in the third when Richardson walked. Hayworth and Goldstein singled and Rogell hit a long loft to left center.

Goldie Put Away

In the fourth for the Tigers White walked and Johnson smashed a home run into the bleachers. A pass to Burns followed by singles by Goslin and Ferrell netted one for the Browns in the fifth.

In the Tigers' seventh Hayworth was hit by a pitched ball, Goldstein filed out and Davis singled. Hayworth stopping at second. Both runners advanced on Rogell's out and scored when Stone got an infield hit. Storti made a poor throw on the play.

Goldie was driven to the showers in the eighth after Jenkins, batting for Coffman, singled to center and Schulte hit over the center field fence for a home run. With one out, Wyatt replaced Izzy and fanned Burns and Campbell. Gehring nearly booted the game in the ninth for the Browns when he fumbled Goslin's grounder. Goslin stole second, but was left stranded on third when Ferrell filed to Stone. Mellilo grounded to Rogell and Storti grounded to Gehring.

Gene Venzke Will Run In Sectional Olympic Mile Race

New York, May 24 (AP)—Gene Venzke, world's record holder for the mile indoors, will run his first and only pre-Olympic mile on June 11 at the Yankee stadium in the Senior Metropolitan track and field championships, which also serve as a sectional trial for the Olympic semi-finals.

Venzke lost to Otto Rosner, former Princeton star, in a 1,000-yard race at the New York Curb Exchange meet recently but a mile is more to his liking. He may meet Rosner again June 11.

The Pottstown, Pa., high school boy, who set a world standard of 4:10 in Madison Square Garden last winter, has the finest mile average over the last three years of any American runner. Over that period he has averaged around 4:14 and for his four efforts indoors 4:12.8.

MANY TO ENTER RELAYS JUNE 4

Ironwood to Have Team In Annual Event This Year

Despite retrenchment programs in some of the peninsula high schools in which track has been eliminated as a major sport, the entry list for the Fifth Annual U. S. Relays will be as large and probably larger than in preceding years. It was indicated in answers to a questionnaire sent out by the Escanaba high school officials recently.

At least one and possibly more major schools will be entered here for the Relays for the first time. Ironwood has signified intention to send a squad to the Relays and if they do it will be the first time that Ironwood has been represented in the meet. Wakefield, a neighbor of Ironwood in the western end of the peninsula, entered for the first time last year and will be represented again.

One Class D school which heretofore has not been represented at the Relays but which signified an intention of sending a squad here on June 4th this year is Perkins. Detour and Rock River and other Class D schools certain to enter while Amasa and Quinnesec are expected.

The Class B schools unofficially entered to date are: Iron Mountain, Ironwood, Kingsford, Manistique, Menominee, Soo, Wakefield, and Escanaba. Crystal Falls and Negaunee, two schools entered last year, have not yet entered. Class C schools in the competition will include Gladstone, J. D. Pierce, L'Anse, Rock, and St. Joseph.

Referee of the Relays will again be C. B. Hedgecock of Marquette, with Conrad Jennings, director of athletics at Marquette University, Milwaukee, honorary referee.

13 Strikeouts Hung Up By Brilliant Yank Left Hander

New York, May 24 (AP)—Vernon Gomez, the slim Castilian who does some left handed pitching for the Yankees, turned in his best job of the season today to defeat the Philadelphia Athletics, 3 to 1, for his third triumph over the 1931 American League champions and his seventh in eight starts.

Gomez allowed only three hits and one unearned run in a brilliant mound duel with Rube Walberg and struck out 13 rivals, one more than any other major league pitcher has whiffed in a single game this season. He granted only one walk.

Babe Ruth got his eleventh home run of the season in the first inning.

Mrs. Moody Paired With Sidney Wood, Jr., in Mixed Doubles

Auteuil, France, May 24 (AP)—Americans swept the boards today in their play in men's and mixed doubles in the French tennis championships.

Mrs. Helen Willis Moody, American champion, paired with young Sidney Wood, Jr., to win a first round match in the mixed play. Wood and Gregory Mangin, American indoor tennis holder, swept into the quarter-finals of men's doubles play and Elizabeth Ryan and her French partner, Jacques Brugnon, went into the quarter-finals of mixed play with a straight set victory.

Mrs. Moody was nervous and Wood wild as they started their match with the Dutchman, Frau Dros Canters, and the Austrian, Davis copper, Franz Matejka, but when they finally got their strokes to working they quickly ran out the match. The scores were 9-11, 6-3, 6-0.

Wood and Mangin had a difficult time with the Egyptian pair of Jean and Pierre Grandguillot, but finally prevailed, 8-6, 8-6, 1-6, 6-4, outstaying the Egyptian entry in the final set. Miss Ryan and Brugnon, the French Davis cup player, won from the Anglo-French combination of J. S. Ollif and Mme. Bella Pons, 6-2, 6-1.

Wood and Mangin face the winner of the match between Christian Boususs and Marcel Bernard, of France, and R. Miki and Jiro Satoh, of Japan, in the quarter-finals. Either combination promises plenty of trouble for the American youngsters.

The possibility of an Anglo-American final in women's doubles becomes more probable as the championships continue with Mrs. Moody and Miss Ryan dominating one-half of the draw and Mrs. Eileen Bennett Whittinghall and Betty Nuthall, the other. The American combination should meet either the Spanish-French pair of Senorita Ella de Alvarez and Joseana Sigart or Mrs. Kitty McKane Godfree and Freda James in the semi-finals.

The seedings for the men's and women's singles were announced today with Mrs. Moody heading the foreign list, and Miss Jacobs fifth. Wood was second to Fred Perry, English Davis cup star, in the men's list. None of the Americans has formidable competition in the first round.

René LaCoste, returning to championship play after a long vacation because of ill health, was unseeded in men's singles. He is in the same half of the draw with Wood and Perry.

Paul Gingras Only Representative Present At "Meeting" Of U. P. Football League Scheduled At Iron Mountain

Iron Mountain, May 24 (Special)—Paul Gingras, secretary of the Upper Peninsula Football association, has given the reason for the absence of Sunday's football meeting here.

There was no meeting. At the appointed time, Paul went to the meeting place and after an hour's wait elected himself chairman, secretary, sergeant-at-arms and janitor. He then presented himself with his credentials as Iron Mountain's official delegate, made a motion that the meeting adjourn, recognized himself from the chair, called for a vote, voted for adjournment, then locked the door and went out talking to himself.

FOUR AMERICAN GOLFERS LOSE

Only Three from U. S. In British Amateur Survive Tests

Muirfield, Scotland, May 24 (AP)—Four more Americans fell by the wayside in the British amateur golf championship today, leaving only three of the invaders to contend for the coveted crown when second and third round matches get under way tomorrow.

Dave Martin, amateur champion of California, and the two Sweeney brothers, Robert and Charles, American students at Oxford university, alone remained to represent Uncle Sam of the eleven who teed off yesterday.

Martin, playing a first round match held over from the opening day by darkness, defeated L. G. Crawley, English champion in 1931, by one up after a ding-dong match. The Californian had to sink a 21-foot putt on the final green to win.

Charles Sweeney likewise won a delayed first round match, defeating E. B. Tipping, 1821 Irish champion. 4 and 3. Charles is captain of the Oxford golf team.

Robert Sweeney reached the third round of the championship when he upset Roger Wethered, former British amateur champion and Walker Cup veteran, by the overwhelming margin of 6 and 5.

Leonard Martin, metropolitan champion of New York, who in yesterday's first round eliminated the defending champion, Eric Martin Smith of London, met unexpected defeat today at the hands of M. Crowley, a little known Irish golfer. 2 up.

Douglas Grant, former California champion, bowed in the second round to Edward R. Tipping, 2 and 1. Boss Thompson of Canton, Pa., lost to E. L. H. Turner of Luffenham Heath, 4 and 2, and Joshua Craig, the Boston veteran, was eliminated in the first round by S. Forsyth of Edinburgh, 2 up.

1932 ESCANABA BUDGET PASSED

Total Levy for Next Fiscal Year Will Be \$106,492.90

Adoption of the annual city budget for 1932, as submitted by the city manager, calling for a total levy of \$106,492.90, was approved at a meeting of the Escanaba city council last night. The yearly appropriation ordinance covering the budget levy was given its first reading, and will be passed at a special meeting called for Friday afternoon.

Two changes were made in the printed budget schedule. The bond fund was reduced from \$4,250 to \$3,825 as the result of a voluntary 10 per cent cut which will be accepted by the bond members without curtailment of the season's musical program. An error was made in listing the salary item of the police fund, and this now reads \$15,521 instead of \$16,521. Salary reductions throughout the list of city employees were previously authorized by the council, and are embodied in the budget, which is more than \$10,000 lower than last year.

In response to a previous request from local Spanish American war veterans, the council last night voted to furnish the city band for the 34th Infantry reunion in Escanaba July 2, 3 and 4.

A request asking the extension of Eighth avenue north through to 23rd street was tabled temporarily. The project would entail the purchase of land from private interests and the altering of the city plan previously adopted for the area involved.

A report of expenditures for the poor fund showed a total of \$1,541.31, which is about \$300

Pike-Perch Hatch, Largest In State, Is Being Planted

The largest single season's hatch of pike-perch in the history of the Department of Conservation is now being planted in Michigan waters. The total plant will probably reach well over 200,000,000 fish. The bulk of the young fish are being planted in Saginaw Bay, the other being placed in other Great Lakes waters bordering Michigan and in a few of the larger inland lakes.

The fish being planted were hatched from spawn gathered early in April by commercial fishermen operating along Saginaw Bay. During the period April 11 to April 29 these commercial fishermen took a yield of 640,000 pike-perch in the bay and it was from these fish that the eggs were hatched.

About half of the eggs were hatched at the Bay City Station. The Thompson Hatchery in Schoolcraft county and the Lydell Hatchery at Comstock Park also assisted in the work.

The large hatch of pike-perch according to Fred A. Westerman, head of the Fish Division, was attributed to ideal weather conditions during the spawning period and to the excellent cooperation given the state by the commercial fishermen.

CURTIS NEWS

Curtis, Mich. (Special)—The Curtis grade schools closed last Thursday. Fourteen pupils took the state examinations a few days before school closed. Among those taking the examinations were four pupils from the Dillar school. The high school, taught by Mr. Walsh, will continue a few weeks longer.

Mrs. Christie, of New Cumberland, West Virginia, returned to Curtis the latter part of last week, to look after her resort business on Manistique Lake. She will be here for the summer.

Geo. Sanford, W. D. Humphrey and Mrs. M. O. Hoig drove to St. Ignace Monday to be present at the reading of the will made by Mr. Hoig.

The Curtis ball team lost heavily to the Strongs team in a game played at Curtis last Sunday.

Mr. and Mrs. Dan Bays returned from Lower Michigan last Tuesday, after an absence of several weeks spent in disposing of property down there. They expect to make Curtis their permanent home.

A birthday party was given for Thelma Alcorn Tuesday night, at the home of her parents. This was also a farewell party for Miss Munson, the teacher of the Sandtown school near the Alcorn home. Those from Curtis who attended the party were: Harold Sanford, Bert Feneley, Mrs. Jack McGahan and daughters, Lurli and Veretta.

The Calico Club met at the little old school house last Wednesday and a double wedding ring quilt was put on for Mrs. Jas. Painter, to be quilted in a very pretty design. This will be the last quilt for this season. As usual, pot-luck dinner was served at noon.

Mr. and Mrs. Russel Taylor of Lansing, arrived in Curtis last Wednesday to spend the summer.

Mr. and Mrs. Henry Morgan of Montgomery, Mich., arrived at their cottage on Whitefish Lake last Wednesday, to spend the summer.

Mr. and Mrs. Harry Strom moved to Newberry Wednesday. Mr. Strom has work in Newberry.

Mr. and Mrs. Mel White of Hillsdale, Mich., have arrived to spend the summer in their cottage on Whitefish Lake.

Miss Negrinelli returned to her home in Gwinna, Mich., after school closed Thursday afternoon. Miss Negrinelli taught the intermediate room. It is expected she will return for the next term this fall.

Mr. Kropps and Mr. Adams of East Portage, have each taken up homestead land in that community, near the Alcorn farm.

Mr. and Mrs. John Painter and Mrs. Jas. Painter visited at the home of Mr. and Mrs. Junior Painter in McMillan last Thursday afternoon.

Don Will Go After Speedboat Record

Gardone, Italy, May 24 (P)—Kaye Don of England probably will attempt to shatter Gar Wood's world speedboat record Thursday in his Miss England III.

Don has not yet filed his 24-hour notice with the racing commission, hence there was no possibility of his making the record attempt before Thursday. He did not have his craft in the water today.

Flint (P)—Mrs. Melzer C. Day, 48, wife of the register of deeds of Genesee county, is dead at her home here after an extended illness. She is survived by her husband and one daughter.

::: Newberry News :::

A special meeting of the members of the board of supervisors, presidents of all of the township school boards and members of the road commission has been called for this afternoon in the community building. Although no announcement has been made as to the object of the meet, which is reported to be closed to the public, the fact that John Bush, head of the land department of the Cleveland Cliff company of Negawick, will be present, indicates that matters of county finance will form the subject of discussion.

BAND CONCERT
The first of the out door concerts of the McMillan township band will be held on Thursday evening on the green near the

Observance of Corpus Christi At Perronville

Fitting observance of the Feast of Corpus Christi will be made in St. Michael's Catholic church at Perronville on Thursday. Services will open with a high mass at 10 o'clock (Central Standard Time), with Rev. Fr. Tom Drengacz, pastor, as celebrant. Following the mass a lunch will be served in the parish hall to all visitors and parishioners by the ladies of St. Michael's parish. A nominal sum will be charged for the latter.
