

SENATE FIGHT OVER SALES LEVY RAGES

CAMPAIGN FOR ROOSEVELT IS GAINING SPEED

NEW YORKER IS FAR IN LEAD IN DEMO CONTEST

BY HAROLD D. OLIVER (Associated Press Staff Writer) Washington, May 28 (AP)—With the recording of twenty convention votes from Colorado and Utah for Governor Franklin D. Roosevelt today, the Democratic presidential nomination race came to its first full pause since the New Hampshire primaries on March 8.

During the next week no primaries or state conventions are scheduled in either party, although a total of 122 Democratic delegates and 42 Republican remain to be selected.

At this point in the pre-convention campaign, Governor Roosevelt still is far in the lead for the Democratic nomination with 418 of the 770 delegates necessary to win formally pledged or instructed for him. In addition, his supporters say definite claim to 181 more delegates already chosen and confidently expect to pick up, virtually undisputed, a maximum of 98 of the remaining 122 to be named. This would bring the Roosevelt total to 697, or only 73 votes shy of the necessary two-thirds.

Prohibition Troublesome On the Republican side of the picture, President Hoover this week was assured of more than enough votes for renomination from pledged delegates alone. In this category he has 642 with only 678, or a majority of the 1154 total convention vote, required to nominate. With renomination of Hoover and Curtis regarded by administration leaders as a convention formality, prohibitions and examination worries are heard upon the party chieftains. A batch of dry, wet, and moist planks already are drafted, but leaders still are far from an agreement on the question.

Senator Borah of Idaho, a dry champion, has shaped a plank opposing a declaration for a referendum, but since he has decided not to attend the convention it remains to be seen how far he will press his proposal.

Chairman Fess of the national committee denied in the senate today he had discussed a referendum play with the president. He said he had talked over convention arrangements at the White House and it now appeared that congress would not get through in time for the June 14 conclave. He and Senator Dickinson, of Iowa, the key-note, will have to go anyway, he added. Fourteen other Republican senators so far have been named delegates.

Roosevelt Will Be in Tough Spot if Seabury Asks Walker's Ouster

BY ROBERT ST. JOHN (Associated Press Staff Writer) New York, May 28 (AP)—Intense curiosity was manifested today in political circles over what Governor Roosevelt's answer will be if he is asked to remove Mayor Walker, and how his stand on the question might affect his drive for the presidential nomination. From Tammany Hall, where the interest is particularly acute, to the governor's own campaign headquarters, the discussion transcended all other political talk.

Samuel Seabury, counsel for the Hofstadter legislative committee, which has spent nearly \$750,000 in the last fourteen months investigating Walker's administration, has not indicated whether he will make a demand for the mayor's removal. But Walker himself and Democratic members of the committee have said publicly that such is his aim.

Seek Mayor's Brother Ten witnesses already have testified about the affairs of Walker and his missing friend, Russell T. Sherwood, \$350,000-a-year accountant who transacted financial deals running close to \$1,000,000 in six years. Others will be called next week by Seabury in a continued attempt to show that the mayor and Sherwood shared bank accounts and that their personal finances were intertwined.

A hunt is still going on for the mayor's brother, Dr. William H. Walker. Ope of Seabury's assistants said he had been unable to locate the doctor since May 19, the day after an agent for a street cleaning equipment company testified he paid Dr. Walker for medical services \$2800.

Predicting their discussions on the likelihood of a demand for Walker's removal, political observers are asking these questions: Would removal of Walker hamper or enhance Roosevelt's chances of being nominated? What would be the effect of a refusal? What would be the effect of removal on the voting of the 94 unattached New York state delegates, 40 to 50 of whom Tammany claims to control?

If Roosevelt were to win the nomination, after having removed the mayor, would he be able to carry New York state in November? Without New York state's 45 electoral votes, could he roll up a big enough majority in other sections to be elected? What would the effect be in November if he should refuse to oust the mayor?

Associates of John F. Curry, Tammany leader, are loud in their prediction that any action against Walker would "kill" Roosevelt politically.

The fierce-faced Henry Marshall, 47; Harry Goldberg, 27, "baby" of the case, and Jack Scherr, 33, its enigma, all demanded preliminary hearings at their arraignment this noon. Marshall, who once made an oral confession that involved him and Galloway in the slaying of Deputy Sheriff Charles Knapp when he attempted to thwart their getaway, maintained the sullen mien he adopted in repudiating the statement.

Hearings Wednesday "I have nothing to say," he replied when arraigned before Police Judge Frank A. Hess. The court entered a demand for preliminary hearing. Goldberg and Scherr demanded examinations, and the date for all three was set for next Wednesday. Bond was set at \$20,000 each, which none of the four could meet.

Prosecutor Bartel J. Jonkman said he planned to take no immediate action toward charging the men with murder for the death of Knapp. He said he intends to charge Marshall with this crime, as well as the holdup, but did not state when the charge will be made.

In the meantime search was continued without results for two other men involved by Galloway in the robbery. They are Vincent Henry and Carol Johnson, residents of Detroit like the other four. They disappeared after the robbery.

Today's developments brought order into one of the most confusing crimes in police annals here. Galloway maintained, even in plea of guilty, that he left the other bandits in the city within a few minutes after the robbery and hitch hiked to the vicinity of Smyrna where he was captured that afternoon.

Two Men Arrested, Beer Cargo Seized

Niles, Mich., May 28 (AP)—Two men and a truck and trailer loaded with beer and malt syrup were held by state police today, while an investigation was being made as to ownership of the consignment originating in Milwaukee and destined for Flint.

State police seized the shipment near New Buffalo Friday night after sudden application of the truck's brakes caused the trailer of overturn. The men arrested are William Gellert, Milwaukee, driver of the truck, and Charles Reese of Detroit, who said he was just "taking a ride" with Gellert.

The officers said the beer, which was in 650 cases, tested five and one-half per cent alcohol and that the labels purporting to be those of a Milwaukee brewing company proclaimed that it did "not contain one-half of one per cent of alcohol by volume." The officers noted the variation from the usual form "does not contain more than one-half of one per cent of alcohol by volume."

Leland Collection Of Lincoln Relics Will Be Auctioned

Detroit, May 28 (AP)—Wilfrid C. Leland, administrator for the estate of his father, the late Henry M. Leland, automobile manufacturer, today announced that the collection of Lincolniana owned by the Leland estate, one of the prominent collections in the country, will be held at auction.

The collection comprises 171 pieces of Lincoln relics, among them an ambrotype of the Civil War president, which for many years was the personal property of Mrs. Lincoln. The picture, collectors have reported, was taken on the day Lincoln made his Cooper union speech, the address often referred to as "the speech that made Lincoln president."

The collection will be sold in Chicago on June 2. Wilfrid Leland and Eugene S. Clarkson, Detroit attorney, are administrators for the estate.

PACKER DIES IN SIX-STORY FALL

Edward F. Swift Killed In Chicago; Company Stocks React

Chicago, May 28 (AP)—Edward F. Swift, head of one of the first families of Chicago and chairman of the great packing house his father built, dropped six stories to instant death today from a window of his Gold Coast apartment home.

He was 68 years old, second son of the late Gustavus Franklin Swift, the Massachusetts packer who came west to make Chicago the capital of the meat packing industry.

Only the family chauffeur, seated at the rear of the North State street apartment building where a number of the leading families of the city reside, witnessed the headlong plunge. Only a wide open window in the living room, the curtain thrown up and ruffled, told from where he had fallen.

Executives of the packing company, shocked, went into conference immediately and Charles H. Swift, a brother and vice chairman of the board, issued the terse statement: "Edward F. Swift had been in his usual good health and spirits. He had been attending to business as usual. His affairs are in excellent condition."

Attendant rumors of financial worries were dismissed by one banker on La Salle street, intimate with the Swifts: "In our opinion, his personal finances could have no connection with the tragedy." A coroner's jury found that death was accidental.

Swift securities reacted nervously on the Chicago Stock Exchange. Swift and company stock dropping two points to 47 and recovering to 47.38 while Swift International, the South American affiliate of which Edward Swift was president, dropped five points to 49.25 and closed at 41.75.

Some reaction, however, had been anticipated because of the halving of Swift and company's dividend by the directors yesterday, placing the stock on a \$1 annual basis. Other Chicago pioneer families, like the Armours, have slowly relinquished the industries they built, but not the Swifts. The five sons of Gustavus—Louis, 71; Edward, 68; Charles, 60; Gustavus F. Jr., 51, and Harold, 47, all had carried on the Swift Packing House dynasty. Harold is in London. He is chairman of the trustees of the University of Chicago.

Edward F. Swift was married to Hortense Newcomer in 1888. She was dressing in her boudoir today when the chauffeur hurried in with word of the tragedy. The Swifts had two sons and a daughter. Edward F. Jr., who is in California, Philip, and Mrs. Annie May Swift Henry.

Bonus Seekers May Stay Only 48 Hours In Nat'l Capital

Washington, May 28 (AP)—Faced by a threatened occupation of the capital by hundreds of war veterans, Pelham D. Glassford, chief of metropolitan police, appealed today to the governors of Virginia and Maryland not to transport veterans to the District of Columbia unless they agreed not to stay longer than 48 hours. Glassford's telegram to the governors was inspired by reports of the advance of veterans through Ohio and Pennsylvania and preparations of others in New York State to march upon the capital to demand full payment of the bonus.

Chief of Illinois Coal Operators Dies

Springfield, Ill., May 28 (AP)—Joseph D. Zook, 47, of Highland Park, Ill., president of the Illinois Coal Operators association, died in a hospital today from cerebral hemorrhage. He was stricken while standing in a hotel lobby here this morning.

GARNER SEEKS SPEED ON HIS RELIEF PLANS

HITS AT PRESIDENT FOR ATTACKING MEASURE

Washington, May 28 (AP)—Speaker Garner slapped back today with a stinging thrust at President Hoover and steadily moved forward with plans for speeding his relief bill through the house.

In a vigorous reply to the president's charge that the public works phase of the speakers' two billion dollar relief bill was "pork barrel" legislation, Garner asserted that the same appellation might be applied to the reconstruction corporation for which non-partisan support was elicited by Mr. Hoover.

The Texan said the tax he proposed on gasoline would prevent the works from interfering with balancing the budget.

"President Hoover's opposition to the bill to relieve destitution, to broaden the lending powers of the reconstruction finance corporation and to create employment by authorizing and expediting a public works program was not unexpected," Garner said.

"The Democrats did not expect to receive real cooperation from the president in any matter benefiting the masses and those who might be termed the middle class of American people."

Garner said the reconstruction finance corporation act, sponsored by the president, could logically be referred to as a "pork barrel" for the banks, insurance companies, railroads and financial institutions, if the appellation were applied to his public works program.

Measure Revised The speaker added that Mr. Hoover's campaign speeches in 1928 urging a billion dollar building program, "illustrate the utter inconsistency of the president's present attitude."

Garner issued his statement shortly after Majority Leader Rainey made public a summary of the revised bill which increased the total from \$2,146,874,468 to \$2,309,084,337 or by \$162,209,869.

As it goes to the ways and means committee, the bill provides a total of \$1,209,084,337 for public works construction, including federal buildings, highway and waterway improvements; a \$1,000,000,000 increase in the funds of the reconstruction corporation for loans to states, political subdivisions and private industry, and \$100,000,000 for direct relief.

A tax on one fourth of a cent a gallon on gasoline estimated by the speaker to yield \$42,500,000 would be sufficient, he said, to meet the interest and sinking fund requirements of bonds to be issued by the treasury under existing law to finance the public building program.

Hearings before the ways and means committee will begin Tuesday, with Garner as the first proponent to testify. Opponents will be heard Wednesday and Secretary Mills and Charles G. Dawes, president of the reconstruction corporation, will conclude administration testimony Thursday. Indications are the measure will be brought up early in the following week.

Ideals Brought On Crisis, Says Speaker

Kalamazoo, Mich., May 28 (AP)—The very ideals which made America great have because of our failure to adjust them to changing conditions, brought on the present crisis in the nation's life, according to Prof. M. S. Pittman, Michigan State Normal college, who explained his views in an address Saturday evening at the 15th annual convention of the Michigan Federation of Business and Professional Women, Inc.

President Impressed By Plea of Children Orders Father Freed

Washington, May 28 (AP)—A plea from three children for their father's freedom was so appealing today that President Hoover promised to consider carefully the case of an obscure prisoner in a Detroit jail.

Busy with many things, President Hoover laid them aside to listen as blue-eyed Bernice Feagan, 13, told him with convincing fervor that her father, Charles R. Feagan, is innocent and should be released.

Feagan is charged with unlawfully transporting an automobile from St. Joseph, Mo., to Detroit. "He told us we could go home cheerfully," Bernice said confidently before leaving the White House.

The president impressed the children but the children also impressed Mr. Hoover. He let it be known that he felt that a man whose children were so well behaved and showed such loyalty must have a lot of good in him.

The papers in the Feagan case were not in Washington. The chief executive directed the department of justice to look into the matter and his promise that he would use his good offices made Bernice certain that her father would soon be free.

The impressions that Mr. Hoover left with the Feagan children were almost identical. "A fine man," Clifford said solemnly. "A nice man," said Irene timidly. "A very fine and a very nice man," said Bernice confidently.

MYSTERY FLIER BACK AT PORT

Hausner Started on Way To Europe But Hit Bad Weather

New York, May 28 (AP)—Stanislaus Felix Hausner, "mystery flier" of Newark, N. J., returned to Floyd Bennett Field at 9:20 p. m. (Eastern Standard Time) tonight, slightly more than six hours after he started on a projected non-stop flight to Europe.

Hausner said he had got about 300 miles out to sea and was flying in a blind fog when the artificial horizon, the "brains" of an aviator's blind flying instruments, stopped functioning.

He turned his heavily loaded flame-colored monoplane about and "felt" his way back to Floyd Bennett field as best he could with the aid of a compass only.

His return, despite such odds, made those who had murmured "flying fool" when he hopped off at 8:05 p. m. despite warnings against hazardous conditions, to wonder if Hausner, the silent, non-committal amateur pilot, possibly knew more about aviation than they had given him credit for.

As the pilots at the field crowded about Hausner and patted him on the back with exclamations of "fine going," "nice work, kid," the 32-year-old flier told of his experiences.

He had got about 100 miles beyond Nantucket Light, although the fog was so thick he couldn't see through it when the artificial horizon went completely dead. He turned about, dumped about 200 gallons of gasoline near Martha's Vineyard, and picked his way carefully through the darkness.

Heavy clouds hung just above the fog and he had never been able to climb to more than 3,000 feet because of the heavy load. The tail skid snapped as he bogged down and part of the fabric on the rudder was torn off as Hausner set his plane down on the field.

A bit shaky from his experience, Hausner said he would make preparations for a fresh start immediately. Hausner's flight is being backed by the Polish newspaper, Varchotsky of Warsaw, Poland.

VOTE MONDAY EXPECTED ON DISPUTED TAX

BOTH SIDES CLAIM ENOUGH SUPPORT FOR VICTORY

BY FRANCIS M. STEPHENSON (Associated Press Staff Writer) Washington, May 28 (AP)—A raging controversy over the sales tax focusing on President Hoover and the press—swept the senate today and temporarily stalled the billion dollar revenue bill.

The upshot of the fierce debate was a demand from Senator Connolly (D. Texas) for a statement by the president on his position and the circulation of a round robin petition pledging members to vote against the disputed levy.

Intimations reached the capitol that Mr. Hoover was prepared to take a hand in the tax contest and a message from him was expected Monday.

Senator Harrison of Mississippi, Democratic tax leader, challenged the proponents of the sales tax for an immediate showdown and then drew up the round robin petition.

He claimed 34 Democratic signatures tonight and predicted more than 50 of the senate—a majority—would be pledged by Monday noon. Advocates of the 1.75 per cent sales levy, sponsored by Senator Walsh (D. Mass.) claimed they had a majority.

Opponents, however, pointed to refusal of the house to accept the proposition and placed the blame on proponents of the sales tax for any delay in enactment of the revenue bill.

The opponents also contended some large newspapers were "propagandizing" the country for the sales levy and denounced the president for calling in publishers last Wednesday night.

Senator Watson of Indiana, the Republican leader, told the senate that Secretary Mills estimated the pending revenue bill would fall short by \$56,000,000 of the \$1,025,000,000 budget balancing goal.

"How are we going to raise the \$56,000,000?" asked aton. Harrison and Couzens (R. Mich.) both promptly endorsed the proposal of Senator Connolly (D. Tex.) for a higher income schedule as the means of meeting the margin.

Senator Couzens took Alfred B. Smith to task for assailing Governor Roosevelt of New York. Couzens said "The great governor of the state of New York rises in defense of the great industries of New York, the great banking industries, and charges Governor Roosevelt with being a demagogue because he raises his voice in defense and in support and in protection of the group of our citizens who need the most consideration."

"And yet the amendment now submitted proposes to take hundreds of millions of dollars out of the pockets of the greatest purchasing group of the United States—what for? To relieve other tax payers."

No Wedding Bells For 2 Years After Ensigns Graduate

Washington, May 28 (AP)—Believing that young graduates of the Naval Academy should not be "bothered with brides and babies," the Navy plans to bar the marriage of ensigns within two years after leaving Annapolis.

This was the way naval officials today explained a decision to revive an order abolished 20 years ago by Josephus Daniels, then secretary of the navy in the Wilson administration.

The ruling, which will remove the sound of wedding bells from the graduation exercises, will go into effect next year. A previous order, however, prevents the graduates this year from marrying until the day after the commencement exercises next week.

# SLUG AND ROB JUNK DEALER

### Powers Man Victim of Holdup; Police Seek Two Thugs

State police and sheriff's department officers were searching for two men who last night slugged and robbed Abraham Tennabaum, 71, at his home in Powers, and left him injured and trussed with cloth.

The holdup occurred about 8:45 p. m. Surprising Tennabaum, the holdup men at the point of a gun demanded \$150 or the life of the aged junk dealer would be forfeited. When Tennabaum disclaimed possession of any such sum he was slugged, gagged and bound and the bandits departed with \$150 in cash, a watch and several fountain pens.

Found nearly an hour later, the holdup victim was released, and taken to the office of a Powers physician where examination disclosed three lacerations in the man's head. He will recover.

Members of the Iron Mountain constabulary of state police and of sheriff's departments in the surrounding counties were notified and a search for the pair. It is believed that they are afoot and all trains are being closely watched. Tennabaum could give but vague descriptions of the two men. One, he said, was short and dark and about 35 years of age, while the other was a little more than medium height, slim, of light complexion and was wearing a light mackinaw and hat.

In the field, tucked neatly away under the qualifying limit of 180 strokes, were all the members of the American team that defeated a British girls' team recently at Wentworth, with the sole exception of the non-playing captain, Marlon Hollins, of Santa Barbara, Calif.

Miss Hollins just missed the match play by a single stroke, with her score of 89-92-181. Mrs. Harley Higbie, of Detroit, shaved the line, taking a 96 today to bring her total to an even 180.

# CURTIS TO FACE TRIAL JUNE 27

### Jury Indicts Hoaxer for Obstructing Justice In Baby Case

Flemington, N. J., May 28 (AP)—John Hughes Curtis of Norfolk will go on trial the week of June 27 for hoaxing the Lindberghs and police seeking the kidnap-murderers of their baby son.

Prosecutor Anthony Hauck made this announcement after indictments were handed down today by the grand jury which heard the Curtis case Thursday.

Three indictments were presented to Justice Thomas Trenchard by the foreman of the grand jury. Only three cases had been considered by the grand jury at its most recent sitting, a murder case, a manslaughter case, and the Curtis hoax.

Justice Trenchard announced that one of the indictments dealt with the murder case. The other two he sent to quarter sessions court and declined to divulge their contents.

Because only three cases had been considered and because of Hauck's statement as to the trial date and a further announcement by him that Curtis would be arraigned for pleading next Saturday in quarter sessions, it was taken for granted that one of the closed indictments named Curtis.

Hauck had planned to begin the Curtis trial on June 13 but he postponed it today on receipt of a telegram from W. C. Pender, who will defend Curtis, saying he could not be ready to proceed so early.

### Lacoste Looks Great in First Round of Men's Singles

Auteuil, France, May 28 (AP)—After a lapse of a year, Helen Wills Moody and Elizabeth Ryan re-established themselves today on the French tennis championships as the best women's doubles team in the world.

In straight sets the American women defeated Mrs. Ellen Bennett Whittinghall and Betty Nuthall, defending champions, 6-1, 6-3, outclassing one of the best of all the women's doubles combinations.

Rene Lacoste, brilliant Frenchman, after three years of retirement, returned to tournament play with an easy victory over Georges Kragny, young Czechoslovakian player, in the first round of men's singles. The scores were 6-3, 6-1, 6-4.

Lacoste's steady, even play considerably strengthened the already commanding position of the French Davis Cup forces. His first real test should come when he faces Sidney Wood, young American Davis Cup player, in the third round.

Wood, Wimbledon singles champion and seeded second in the French play, easily defeated Marcel Combemale in the first round of the singles, 6-4, 3-6, 6-2, 6-2.

Gregory Mangin, only other American in the men's singles, did not play. Unless the unexpected happens, he will meet Henri Cochet in the quarter-finals.

Mrs. Wills will play her first singles match tomorrow against Marcelle Beaune.

The men's doubles will be an all-French affair. The youngsters Christian Bonassus and Marcel Bernard defeated Jean Borotra and Antoine Centen 6-2, 6-1, 10-8, to qualify for the final against Cochet and Jacques Brugnon.

# BURGOO KING LOSES WITHERS

### Places Sixth as Boat- swain Captures Mile Race

BY ORLO ROBERTSON  
New York, May 28 (AP)—Shades of the mighty Man O'War flashed across Belmont park today as Walter M. Jefford's Boatswain repeated the triumph of his famous sire and ended the reign of E. R. Bradley's Burgoo King in the 57th running of the Withers Mile.

Burgoo King, conqueror of Boatswain in the Peakesness, was not the same great horse that spread-eagled his heels in the Kentucky Derby and a week later won a nose decision in the Peakesness. He finished sixth in the field of seven, trailing the off-spring of Man O'War by ten lengths.

In Lead All Way  
Boatswain, split favorite with the King at eleven to five, ran the same type of race that made his daddy famous. He broke from the barrier in front and never relinquished the lead as he stepped the muddy mile in 1:39 4-5.

Trailing by one and one-half lengths at the finish was Oculator, one half of the W. R. Coe entry, while another half length to the rear followed Mrs. John D. Hertz Pair By Pair, an outsider in the wagering. Then followed Willis Sharp Kilmer's Sun Melus, Coe's Pompeius, Burgoo King, and the Anall stable's Larranaga.

The historic stake carried a purse of \$21,600 to the winner's owner. It was Boatswain's third victory in six starts. He finished third in the Peakesness, less than half a length back of the King, after setting the pace for a mile.

The King, again ridden by Eugene James, evidently did not like the heavy going as he never was a factor in the race.

"The race proves he does not like mud," said Colonel E. R. Bradley after the race.

## Barber Shop "War" At Iron Mountain Is Probed By Jury

Iron Mountain, May 28 (AP)—Acting swiftly in the inquiry into the wrecking of the Verbest barber shop and beauty parlor by hoodlums some time late Thursday night or early Friday morning, in reprisal, it is believed, because of a price cut, Prosecuting Attorney Paul Rahm late yesterday afternoon called a one-man grand jury investigation at which certain officials of the Iron Mountain barbers' union and some of the other members were closely questioned.

Municipal Judge James R. Spencer constituted the one-man grand jury and the various witnesses were brought before him. The proceedings were secret.

Damage to the shop, located in the basement of the Central Drug store building, corner of Stephenson avenue and East A street, was estimated at \$2,000 by Arthur LaFave, owner. Almost everything breakable was destroyed. LaFave, until Thursday afternoon a mem-

ber of the union and who, on that day, announced a reduced schedule of prices, blamed union sources for the destruction. The attack was the newest development in a barbers' war which has been waged within the city for more than a year.

MEMORIAL DAY

THE observance of Memorial day on Monday finds its motivating influence deep in the human heart, and prototypes of the day and the service are common all through history.

Memorial Day came into our calendar as a holiday largely through an order issued by Gen. John A. Logan, who on May 5, 1868, while commander of the Grand Army of the Republic, issued an order to the members of that organization setting aside May 30 as the date on which they would pay tribute to the memory of their fallen comrades.

On this day the graves of soldiers who fell in all our wars are decorated with flowers and flags. Battles which were no more than bothersome names to schoolboys came to have a real meaning as the lads watched bent, gray old men kneel beside a grave and heard them say: "Jim never came back from the Wilderness."

To these names, English and easily remembered, have come others: The Marne, Belleau Wood, Verdun and a hundred others at which some of those schoolboys gave their all.

CITY IMPROVEMENTS

ESCANABA'S unemployment relief program, besides providing work for the last several months to many jobless, has brought about extensive improvements of the community.

An automobile drive about the city will satisfy anyone that great progress has been made. In the outlying residential sections, many sand and dirt streets have been graded, thereby improving their riding qualities and enhancing their appearance.

Improvements in the park and playground system are among the outstanding benefits accruing from the unemployment program of the city administration.

The extension of Ludington park to include the area near the light-house, the building of a scenic drive to connect Ludington and Lake Shore road, and the planting of trees will greatly increase the attractiveness of this public property.

The new sewage treatment plant is another of the city's valuable assets, the construction of which was partially made possible by the demand for work for the unemployed.

bad situation in which the entire nation is involved.

WHY GANGSTERS FEEL SECURE

A CHICAGO gangster named "Three-Fingered Jack" White was set free the other day when the courts finally dismissed a seven-year-old charge of murdering a policeman; and in that story of unconscionable legal delays there is a pretty fair explanation of gangland's notorious feeling of immunity.

THE TWELVE WISE MEN

THIS depression isn't all sadness and gloom; there are a few good laughs left in it yet. Today's merry cackle is the spectacle of 12 big shots, leaders of finance and industry, headed by Owen D. Young, who met yesterday in New York to see if something couldn't be done to help the Federal Reserve banks pump money out into the country.

Ever since February the Federal Reserve has been buying liberty bonds on the open market in an effort to put cash back into the country, which, they believe, will stimulate credit expansion and thereby raise prices.

Their reasoning runs like this: whenever prices are high, there is a big demand for credit. Now that prices are low, all we have to do is to offer the farmer, the manufacturer and the business man plenty of credit, and prices will go whooping back up.

Here is another piece of logic exactly like it: a healthy man can run a mile in about 10 minutes. So if you have a man who is critically ill with pneumonia, and want to effect a miraculous cure, just drag him out of his hospital cot, throw away the ether cone, put him on the cinder track, give him a kick in the rear of his nightshirt, whereupon he will run a mile in 10 minutes and thus recover his health.

Dumb, isn't it? And the Federal Reserve policy of trying to stimulate prices by offers of credit is just as hopeless. It is confusing cause with effect. The big Federal Reserve bankers are so close to the forest that they can't see it because of the trees in the way.

Now that cash from the sale of these Liberty bonds is pouring from the treasury into the Federal Reserve and the big bankers are blaming the little bankers for not forcing it out into the country. They are organizing a committee to see what can be done about it.

But what can the small banker do? The farmer and the business man, to whom he lends money, has a well-founded horror of going deeper into debt, with prices at their present level. No man who is a good financial risk wants to borrow money under present conditions, he wants to pay off his present debts instead.

The big boys want to "cheepen" the dollar. Well and good. But this can't be done by offering to lend more dollars. The only way to cheapen the dollar is to cheapen it—to reduce its gold backing so that prices can rise to their old levels, and the farmer, business man and manufacturer can pay off their present debts and do business at a profit.

The spectacle of these 12 men, gathered together to see how prices can be raised by forcing agriculture and industry deeper into debt, would be tragic if it weren't so uproariously funny.

LYRICS OF LIFE

By Douglas Malloch

(Copyright 1932 by Douglas Malloch)

"DECORATION DAY" How shall we honor these our dead Who for some dear tradition bled, And, dying, won a deathless fame? Well, some of us will look ahead To Monday's golf or Monday's game— The sort of patriots are they Who call it "Decoration Day."

Yet sacred as the Sabbath dawn This day that now we kneel upon— Yes, sacred as life's holiest hour— A day we bring to some green lawn, More than a banner or a flower, A day we do not "decorate" But our own hearts reconsecrate.

Oh, use it not, this thoughtless word, So lightly spoken, lightly heard, To name this day when we recall The debt that with their death occurred And pay with this memorial, A day for tribute, not for play, But call this day Memorial Day.

"Leap Year Bride"

(By NEA Service) By LAURA LOU BROOKMAN

BEGIN HERE TODAY CHERRY DIXON, 19, tells her mother she is going to a "shab meeting" but instead meets DAN PHILLIPS, reporter on the Wellington News. Cherry has few friends because her wealthy parents consider most of the other young people of the town socially inferior. She has become acquainted with Phillips without her parents' knowledge.

She and Dan lunch together and are about to start for a drive in Cherry's roadster when ANOTHER reporter tells Dan that DUKE SMITH, a bank robber, has escaped jail and the city editor wants Dan to find INEZ MALLOY, Smith's sweetheart, and get an interview. Dan and Cherry drive to the apartment where Inez is staying. He enters, promising to return in 10 minutes. When he does not come Cherry grows nervous and goes into the apartment to find him. She becomes frightened, runs up a stairway and a shot strikes her arm. Cherry faints and recovers consciousness to find herself in a strange room. Dan has bandaged her arm temporarily. He takes her to a doctor's office.

NOW GO ON WITH THE STORY CHAPTER IV

"WHAT is it, Dan?" Cherry demanded. "What's happened?" "Oh, nothing much. Bates says 'he Sentinel's found Inez Malloy. Already have an extra out.'" "Then what are you to do?" Phillips' smile was not mirthful. "The Boss gave me some instructions," he said, "but, lady, I wouldn't sell your pretty pink ears by repeating 'em. I'm not very popular right now with Hiram J. Bates. Well, shall we push along?" He extracted a wallet from his pocket and handed Dr. Ryland a bill. A moment later Cherry and Phillips were out on the street. The sunshine had disappeared and the wind was sharper. The girl drew her coat about her closely when she was seated in the roadster.

Once more Phillips took the wheel. The engine purred faultlessly. Neither of them thought of the beige purse Cherry had dropped in the Taylor avenue apartment. "Must be getting late," Phillips said. He stole a quick glance at his wrist watch and reported, "Ten after four."

A little gasp came from the girl. "Ten after four," she repeated. "Why, I didn't dream—" Phillips glanced at her. "Guess they'll be wondering at your home what's happened to you." "Oh, no," she assured him in a faint voice. "They'll—they'll know I'm all right."

"Yes?" The young man's voice was taunting. "All right, are you? With a bullet hole in one arm and about a mile of bandage wrapped around it. Oh, yes, you're 'all right.' Honestly, Cherry, I'll never forgive myself for getting you into this!"

Well I see by Paper they have not got that budbit balanced yet to Washington and it seems they have run out of things to put a tax on so why not bring up again the proposition to put a Batchelors tax on the unmarried men and a War Tax on the Married men but one thing about the Climate in Washington DC it gets hot there pretty soon and they will be anxious to get home for their fishing and Garner will have to be looking after his peacan crop after he gets through with filling the Pork Barrel of

OLAFSON Washington and if they want to have another Holiday they should put one on the day after Congress Adjourns Well from what I hear it seems these days there are fewer people riding on the street cars and Busses and more riding on the water Wagon and the fellow which used to give you a receipt for Home Brew now has one for and the Hard Times and I see a College professor says that a Colledge professor will permit Colledge boys to spend a night at the tap

and still come to class with a clear head the next day and there should not be any Harm in trying it as nothing elst ever gave a Colledge boy a clear head And I notice Mayor Walker the Shlek, says that more people should walk to work and I think more of them would if they knew where it was Well from all you hear around about planting Gardens, this seems to be the Garden spot of the country, like they use to tell about and for my part the ground where they plant cauliflower, carrots and spinnish is only just wasted but some may like it and who was it invented the slogan about the U. P. which says —earth is here so kind that tickel her with a hoe And she laughs with a harvest— And the only trouble about this harvest is the grasshoppers or the potato Bugs or the cut worms or something elst gets to the harvest first By Andy P. Olafson P. S. — If your stumck is still bothering you let me know and I will call with my new Worlds Best Stumck Strengthener and after taking it you will never want to take anything elst.

A Home is as Young or Old as it Looks

IMPROVEMENTS MAKE EVERY MEMBER OF THE FAMILY MORE COMFORTABLE, MORE CONTENT

You, personally, may be as old as you feel. But not your home! Your home is as young or old as it looks. And the younger it looks, the more pleasant and comfortable it is. The more homelike it is! "Yet," you say, "I must take my home the way it is. Whatever its shortcomings, I cannot change it. I cannot afford to." On the contrary, you cannot afford not to. Because the cost of bringing your home up to date, of giving back its lost youth, is much, much lower than you could ever imagine. Today, with the prices of materials and labor down to bedrock, you can have remodeling done for the proverbial pittance.

If you do not believe this to be true, ask your contractor to look over your home over and furnish you with plans and an estimate on the remodeling that is needed. He will gladly give you such a service without any charge or obligation to you; and you will realize, perhaps for the first time, how easy and economical it is to remodel your home. You will realize, too, that you can increase the value of your home far out of proportion to the cost of modernization.

Help Make Home Brighter More important, however, is to think of home remodeling in terms of convenience, health, pride, domestic happiness. Improvements in the home can do something to make every member of the family more comfortable, more content. Bright surroundings can make all of life a little brighter.

Many an old-fashioned house is cut up into small cubby-hole rooms. They are stuffy, depressing. How simple to remove a wall and make two tiny rooms into one large, cheerful, airy room. This is recommended in the case of bedrooms, and where a living room and parlor can be combined in one fine living room. Then closets! Just think what a few dollars will do for them. You can have shelves or drawers built in, or shoe-racks, or mod-ern clothes-hangers. Small changes, but changes which will save

Do You Remember?

When the Jackson Iron company was operating a charcoal iron furnace at Fayette? The village then had a population of about eight hundred. The furnace abandoned operations in the early nineties when the supply of hardwood gave out, and the use of coal in other furnaces made the charcoal process uneconomical.

When the Sons of Herman held most enjoyable picnics at South Park? When the observance of St. John the Baptist day, June 24, was big event in the lives of the French people of the city? Members of the French societies used to parade on that day and enjoy a big picnic at South Park.

When one of Escanaba's quaint characters, known as "Old Calico," used to drive his cart about the streets of the town, shouting, "Apples, Apples." "Old Calico" used a team, composed of a donkey and a dog, for the hauling of his cart. It was said that he was a member of a family of royal blood in Germany.

## AMUSEMENTS

The explosive war-time career of a famous "mystery ship" is re-insarated for the purpose of numerous scenes in "The World and the Flesh," latest George Bancroft picture, which comes to the Delft Theatre today.

The ship is the "Playa de Ensenada, one-time American army transport which was subsequently used for many months as a North Sea scourge of rapacious enemy submarines in those submarine-infested waters, during the World War.

In making the scenes for "The World and the Flesh," the Playa de Ensenada was used in and out of San Pedro Harbour, California, in the pier and sea sequences of this film, a romance of a Red pirate in the days of the Russian revolution in 1917.

The Ensenada has a 65-foot beam, and was constructed to be a transport. After several trips across the Atlantic she was re-equipped with numerous hidden guns and sent out as a camouflaged mystery ship to trap enemy submarines.

**MONDAY'S PROGRAM**  
Whooping it up in good old Wild West fashion to the tune of Gerahwin melodies, RKO-Radio Pictures' all-star comedy "Girl Crazy" is set to open at the Delft Theatre Monday.

The picture, which is an animated and augmented screen reproduction of the successful stage comedy, stars the two laugh "rioters" of the screen, Bert Wheeler and Robert Woolsey in a "roaring, tongue-in-the-cheek satire of the West.

The film tells the story of a playboy, Eddie Quillan, who is sent to supposed isolation on a ranch because he is girl crazy. However, he chases the cows and bulls off the place and substitutes a bevy of pretty girls and invites his friends.

THE CARNIVOROUS Driver Ants are nomadic, and wherever they travel, all living creatures must get out of their path, or perish. In a single night they will strip every particle of flesh from the bones of a large animal. When crossing a stream the ants roll up into large balls and float across. The biting jaws of these insects do not release their hold on an object even when detached from the body, and natives employ them as surgical clips for holding together the lips of a cut.

Farce Comedy At Bark River Monday, Tuesday

One of the cleverest farce comedies written in recent years, a talented cast, and expert direction will combine to give the best of entertainment to audiences attending the presentation of "Listen to Leon," the three-act play, which will be presented Monday and Tuesday evenings, May 30 and 31, at the auditorium of St. George's church, Bark River, under the direction of Rev. Father Tom Drengez, for the benefit of the church.

The play, written by Janice Gard, concerns itself with Leon who has what amounts to a genius for lying and who has no intention of letting his talents rust for lack of use. When his valet points out that his lies are likely to get him into trouble, Leon airily states that if he lies himself into troubles he can get himself out of them again.

His valet backs him up as well as he can but often he's not sure just which lie he's backing. For Leon really has something to conceal. One can't very well explain to a devoted and rich uncle who has planned to marry one of his ward, that a schoolboy infatuation for a much older woman led to a marriage, that the woman had a daughter older than Leon himself, that since her death the daughter persistently tags after Leon, calling him "daddy" and warning him to scare up a husband for her.

In the meantime Leon has fallen in love with a girl, though he has her name mixed up with that of her friend which results in complication upon complication. The cast of characters is as follows:

Archibald Darby, a friend of Leon—Harvey Gauthier.  
Anne Cushman, Carolyn's friend—Miss Marion Flynn.  
Carolyn Jamison, Colonel Bryan's ward—Miss Blanche Fillion.  
Leon Bryan, himself—Stephen Bergman.  
George, his man—Patrick DeLonghery.  
Colonel Bryan, Leone's uncle—Edwin Bergman.  
Babe, Leon's step-daughter—Mrs. Otto Perket.  
Nellie, Babe's maid—Miss Beatrice Rheaume.

The time of the play is the present and the place, a lounge in a summer resort hotel in western New York.

Firemen Answer Pool Room Call

Newberry, May 29 — Discovery of flames in the Pell pool room at midnight narrowly averted a bad fire on Friday night. Moxie Erickson, night watchman, saw the fire and gave the alarm. The fire department made an excellent run and the damage to the structure was slight. Investigation showed that the south door had been forced and the fire set of shavings and sticks, soaked with oil, in a corner of the pool room. Sheriff John T. Turnbull and other officials are conducting an investigation. This building is one of a row of wooden structures, among the older buildings of the town. If the fire had gotten any sort of a start it would doubtless have cleaned up the corner. Why any one would want to burn out the Pell place no one knows. Earl Pell, owner and proprietor, is township clerk and is a popular official and well liked by the people of the community.

GOVERNMENT FLOUR A carload of flour from the National Red Cross has been received by the local Good Fellows' Club and distributed to the needy families of the county. The flour was shipped from Davenport, Ia., and comes as a result of local business men who organized a Red Cross chapter about three weeks ago. County Engineer S. C. Sleeper and his force of road men handled the distribution of the flour and it is being given out through the proper channels and through a careful check up so that proper reports are sent back to the National Red Cross office. Lists prepared through the cooperation of the county poor commission, the county nurse and the United Service were the basis for the list of families receiving flour.

GOLF COURSE IS OPENED TODAY

Regional H. S. Tourny Officially Pried Off Lid Yesterday Local golfers yesterday prepared themselves for the opening of the Indian Lake Golf course today by shing up their favorite sticks and equipping themselves with balls, tees, and other necessary equipment. The official opening of the course took place yesterday afternoon with the holding of the Upper Peninsula High School Regional Golf tournament. A substantial reduction in membership rates is being made this year for cash payments, but no reduction will be made on last year's rate on a time payment plan, course officials stated. Greens fees will remain the same, the fees being set by the Upper Peninsula Golf association. Later on in the season, competitive golf matches will be played with members of the club competing. The experiment was tried last season for the first time and was found highly successful. Benjamin Gero, Jr., who will be in charge of the course this year, last week attended a meeting of greens keepers held by M. S. C. at Marquette. The course is reported as being in splendid condition considering the earliness of the season.

Helen Chapman In Receipt Of Letter From Gov. Roosevelt

An unusual and extraordinary honor was accorded Miss Helen Chapman, local high school girl, last week when she received a personal letter from Franklin D. Roosevelt, governor of the State of New York and Democratic candidate for the presidency. Miss Chapman wrote to Gov. Roosevelt for information as to how he stood on various questions of the day in connection with the recent Democratic national mock convention held at the high school. In the convention Miss Chapman delivered a fine address for the nomination of Roosevelt. The typewritten letter received by Miss Chapman bore the gold seal of the State of New York, underneath which are the words: "State of New York, Executive Chamber, Albany." The letter carries the personal signature of Mr. Roosevelt, written in ink, and is not stamped. In his letter, Mr. Roosevelt requests Miss Chapman to inform him as to the result of the high school convention, which incidentally was won by Gov. Albert C. Ritchie of Maryland. Miss Chapman, accordingly sent Mr. Roosevelt a clipping of the account of the election as contained in the Escanaba Daily Press. Mr. Roosevelt's letter is as follows: "My Dear Miss Chapman: First let me say that I am very glad to know of the mock convention which your high school is holding. I am a firm believer in this form of education for good citizenship, and I approve heartily of your desire to inform yourself both of party principles, and of the record and policies of Democratic leaders. I am enclosing a set of pamphlets which will give you full information as to my own stand on various questions of the day. I can assure you that my belief as to prohibition has been made public property for a long time, and that any attempt to interpret my stand as "straddling" is most unfair and unjust. The date of the letter to Senator Wagner of New York will show you how long it has been since this statement of mine was made public. If you have any questions not covered by this printed matter please write me again, and I shall endeavor to answer you as promptly and as fully as I can. Helen Chapman In Receipt Of Letter From Gov. Roosevelt

An unusual and extraordinary honor was accorded Miss Helen Chapman, local high school girl, last week when she received a personal letter from Franklin D. Roosevelt, governor of the State of New York and Democratic candidate for the presidency. Miss Chapman wrote to Gov. Roosevelt for information as to how he stood on various questions of the day in connection with the recent Democratic national mock convention held at the high school. In the convention Miss Chapman delivered a fine address for the nomination of Roosevelt. The typewritten letter received by Miss Chapman bore the gold seal of the State of New York, underneath which are the words: "State of New York, Executive Chamber, Albany." The letter carries the personal signature of Mr. Roosevelt, written in ink, and is not stamped. In his letter, Mr. Roosevelt requests Miss Chapman to inform him as to the result of the high school convention, which incidentally was won by Gov. Albert C. Ritchie of Maryland. Miss Chapman, accordingly sent Mr. Roosevelt a clipping of the account of the election as contained in the Escanaba Daily Press. Mr. Roosevelt's letter is as follows: "My Dear Miss Chapman: First let me say that I am very glad to know of the mock convention which your high school is holding. I am a firm believer in this form of education for good citizenship, and I approve heartily of your desire to inform yourself both of party principles, and of the record and policies of Democratic leaders. I am enclosing a set of pamphlets which will give you full information as to my own stand on various questions of the day. I can assure you that my belief as to prohibition has been made public property for a long time, and that any attempt to interpret my stand as "straddling" is most unfair and unjust. The date of the letter to Senator Wagner of New York will show you how long it has been since this statement of mine was made public. If you have any questions not covered by this printed matter please write me again, and I shall endeavor to answer you as promptly and as fully as I can. # LEAP YEAR BRIDE

By Laura Lou Brookman

(Continued from Page Four)

strange young man would be as grave a sin in the eyes of her parents as to come home with the injured arm and ruined costume? How could she tell him of the inflexible Dixon pride? Cherry made feeble efforts, floundering for words until Dan stopped her.

"Now, listen," he said firmly. "I got you into this thing and I'm going to get you out. Think I'd let you go home alone? What kind of an insect do you take me for? I'm going to tell your family exactly what happened!"

Try as she would she could not dissuade him. Dan Phillips, once his mind was made up, was a determined young man. There was no question in his mind how to meet the situation.

BETWEEN Dan's firmness and her own indecision Cherry was helpless. Wild schemes—an invented traffic accident or perhaps a hold-up—came to mind but she was not experienced in deceit. Cherry knew she could never invent a tale that would be believable.

"There's nothing to worry about!" Dan repeated. "I'll explain what happened. Listen, you aren't afraid of those parents of yours, are you?"

"No," she said, none too convincingly.

"Then what's the trouble? Everything'll be all right I tell you. This was as they were gliding down Sherwood boulevard. Another five minutes and they would reach Briarport, the Dixon home. There was no protection from the chilly wind now. Sherwood boulevard residences were set back from the road. They were large houses with spacious grounds, almost as impressive as the two dozen palatial homes making up aristocratic Sherwood Heights. Briarport had been one of the first half dozen homes erected in the Heights.

"It's the second house on the left," she told him as they rounded a curve.

The second house was half hidden in trees. There was a low stone fence and gate of ironwork. Behind the fence the ground rose gradually to the site where 50 yards back from the street stood the massive gray stone dwelling.

Dan Phillips whistled shortly as he turned the roadster into the drive. "Nice cottage," he said. "Must be about the size of Buckingham Palace."

"Really, Dan," Cherry's voice was a trifle unsteady. "I think I'd better go in alone."

"Can't let you do it."

Exactly before the cobblestone walk he brought the roadster to a halt. Cherry still wore her coat with one arm in its sleeve and the other dangling. The creamy tweed was smudged with dark marks. Her hat was not quite at the proper angle and her nose and cheeks were gleaming and powderless.

Together they walked to the entrance. Before Cherry could put a hand on the door it swung open. A middle-aged woman wearing a cap and apron appeared. "Your mother's waiting for you, Miss Cherry," she said. "You'd better go right into the living room." Seeing the empty coat sleeve, she exclaimed, "Oh, has anything happened?"

"It's all right, Martha. In the living room, you said?"

The servant nodded. She seemed to look askance at Phillips but took his hat as the young man followed Cherry through the broad hall.

He caught a hasty impression of dark woodwork and rich, subdued colorings. The furniture looked like old stuff—"antiques," Phillips told himself though he had no knowledge of period decoration.

THERE was a fireplace at the opposite side of the long room they entered. Yellow, dancing flames flickered on the grate. There was a bowl of red tulips on a table. Standing near the table was a small, slender woman dressed in gray. She was very much like Cherry. Brown eyes the same oval face—and yet there was a difference. More than the difference between age and youth.

"Cherry!" the woman cried. "How could you do this?"

The girl advanced. "I'm terribly sorry, Mother. Everything's all right, really! Mr. Phillips insisted on coming himself to tell you—"

"Mr. Phillips?"

"Oh, I forgot. Excuse me. This is Mr. Phillips—of the News, Mr. Phillips, my mother."

The older woman did not put out her hand. Her features seemed to freeze into place. "Of the News?" she repeated, bringing out each word separately. "Not a REPORTER?"

Dan stepped forward. "I'm afraid I'll have to plead guilty, Mrs. Dixon. That's what I am, all right. And it's my fault. Cherry got into this mix-up this afternoon. She hadn't a thing to do with it—"

Mrs. Dixon turned toward her daughter. "Cherry," she said frigidly, "who is this man and why has he come here?"

"Why, I told you, Mother. He's Mr. Phillips. He came because he wanted to tell you just what happened."

"And what did happen? Didn't you tell me you were going to a club meeting at Geeschen's? Didn't you want to get down just before three hours today?"

the first time, apparently, Mrs. Dixon noticed the girl's flapping coat sleeve and generally disheveled appearance. "Cherry!" she exclaimed, "where have you been? What's happened?"

"I've been trying to tell you," the girl began, but Phillips interrupted.

"She's been with me, Mrs. Dixon. There was an accident, and Cherry hurt her arm. A doctor dressed it but he said she should have rest and quiet. Shock, you know. She ought to lie down. I think. I'll tell you about everything—"

Mrs. Dixon was at her daughter's side, was helping her out of her coat. She cried out at sight of the bandaged arm.

"It's—all right, Mother. It isn't anything—"

There was a sound in the doorway. All three of them turned. A tall man, livid-faced, strode forward. In one hand he held a crumpled newspaper. He cried out, "Cherry—what's the meaning of this?"

Before the girl's eyes glared a headline, "SOCIETY GIRL REFUSED TO SHOOTER."

## FIRE—THE RED POACHER

Last year more than 4,000 forest fires were reported in Michigan. These fires burned over 250,000 acres. The damage that was done could not be estimated in dollars and cents. There are too many elements involved to make even a guess.

Of course, we have the actual timber damage, the value of the trees had they been converted into lumber. But in addition, there is the damage to the fertility of the soil, fertility that is never regained after the flames have destroyed its life. There is the destruction of the normal drainage of the land through the loss of the trees and other vegetation.

Often these fires destroy farms and buildings, and occasionally a human life is lost.

But aside from these dollars and cents losses, forest fires cause other damages, equally if not more serious, but which are often overlooked. These are the losses of our forests as places of recreation, of rest and of beauty; of our choice scenic spots that attract others to our county; of our wild life and their homes.

Deer, rabbits, partridges—and scores of other species of birds and animals are always seen fleeing before the flames of a forest fire. Many of them have been overcome by smoke and heat and have dropped, to be consumed as the fire rushes on. Far behind them have been left charred dens and nests—and all too often these dens and nests were occupied by the young that didn't have a chance to escape. These birds and animals will never return. Their homes are gone; their food is destroyed. They are leaving a place that will be a waste, uninhabited and unwanted.

Be careful with fire while you are in the woods and the fields!

## Repeats Warning Concerning Dogs

Chief of Police Torval Kallerson stated yesterday that little attention was being paid to a warning recently issued in which dog owners were cautioned to license and leash their dogs. Gardens and lawns are being ruined by the dogs that run at large and, unless there is strict compliance with the order of the police department, he said, it will be necessary to impound the dogs or shoot them.

Chief Kallerson indicated that no further warnings would be given, but that the officers would proceed upon the theory that dogs running at large were strays or considered unworthy of protection by the owners.

Miss Kathleen Davidson, Petoskey, accompanied Mr. Van Horn at the piano.

## THEATRES

The training in timing and building light comedy derived from the musical comedy stage is invaluable to players who work in films of similar character recently declared Ernest Lubitsch, director of Maurice Chevalier's latest picture, "One Hour With You."

"One Hour With You," clearly illustrates the point, said Lubitsch.

"Although the picture has none of the familiar chorus numbers of musical comedy, it is a breezy, lightning-fast, almost farcical production with musical numbers," Lubitsch explains.

Chevalier's entire career before entering pictures was in this realm of entertainment with his seasons in the Follies Bergere and his London musical comedy successes, "Hello America" and "White Birds."

Jeanette MacDonald like Chevalier, always played in musical shows before going cinematic.

Genevieve Tobin, a talented musician with a trained soprano voice and an ability to dance is co-starred.

"One Hour With You," with Maurice Chevalier in the stellar role and Jeanette MacDonald in the leading feminine role, comes to the Rialto Theatre for two days.

STOCK PRICES CLIMB A TRIFLE

STOCK MARKET AVERAGES (By The Associated Press) Table with columns for Date, Index, etc.

BY JOHN L. COOLEY (Associated Press Financial Writer)

New York, May 28 (AP)—Stocks squeezed an average net gain out of today's fairly active short session after an early decline had deposited many leaders into new low ground.

Foreign exchanges made another advance against dollars, some rates rising sharply. Bonds were weak, especially in rail and utility sections, and their action lent strength to the assumption that the late gain in stocks was of a technical nature.

Offers brought numerous losses of 1 to 2 points during the first half hour, with tobacco, merchandising and utility issues showing most weakness. There was, however, fairly good support for U. S. Steel, American Can, General Motors and a few other stalwarts, which may have had something to do with the gradual lessening of pressure. Both Steel and Can closed with fractional gains; so did Allied Chemical, Du Pont, National Biscuit, Case, North American, Santa Fe and Westinghouse. American Telephone, after touching 90 1/2, regained all but 3/4 of its point drop, while American Tobacco, Liggett & Myers, Woolworth, Consolidated Gas and Penney recovered appreciably. Transactions totaled 672,363 shares.

CHICAGO GRAIN Chicago, May 28—Helped by a better export demand, wheat prices rallied late today from early downturns that were associated with unsettledness of securities. Export purchases of North American wheat totaled 1,000,000 bushels, including some United States wheat. On the other hand weather indications for next week are construed as bearish, pointing to more moisture and reasonable temperature anticipations for crop.

Wheat closed irregular, 5-8 down to 3-8 up, compared with yesterday's finish, corn unchanged to 1/2 lower, oats at a shade up to 1/2 advance, and provisions unchanged to a decline of 2 cents.

Corn and oats were listless. Offerings included volume, a circumstance attributed to statements that the market for corn was below production cost.

Provisions sagged responsive to weakness of hog values.

# Boxers Ready for Amateur Show Monday Night

## FANS PROMISED SNAPPY SCRAPS

### Johnson and Anderson Both Out for Victory in Final

At least seven and possibly eight or nine snappy bouts are on the card for fans who will see the amateur boxing show sponsored by the American Legion at the exhibit building of the state fairgrounds on Monday evening. The show is limited by state boxing regulations to two hours and promoter Russell announced yesterday that every effort will be made to speed the show in order to get in the additional rounds of boxing for the fans. The first bout will start at 8:45 o'clock.

The windup bout on the card is between Tiger Johnson, speedy Escanaba amateur, and Joe Anderson of Gladstone, another boy that has shown lots of class. They will weigh in under the 155 pound class.

The entire card for the show follows:

Ken Cathcart vs. Fay Gallagher, 118 pounds.

Eddie Shimbreg vs. Walter Groff, 130 pounds.

Ralph Sundquist vs. Glen Erlandsen, 135 pounds.

Francis Shimbreg vs. Fred LaFleur, 145 pounds.

Roy Anderson, Gladstone vs. Jerry Clark, 135 pounds.

Delore Perk vs. Donald Rheume, Bark River, 145 pounds.

(X) Joe LaFleur vs. Earl Palmer, 176 pounds.

(X) Harry Norton, Gladstone vs. Roy Nanton, 116 pounds.

Chester (Tiger) Johnson vs. Joe Anderson, Gladstone 155 pounds.

(X) denotes alternate bouts which will be put on if time permits.

Everything is readied for the show. Russell said yesterday. The boxers have all signed A. A. U. pledges and will receive cards which permit them to fight in any boxing show under A. A. U. regulations in the country. The boxers have been working out regularly for the past few weeks and are in excellent condition for the fights.

Both Seek Victory Although every fight promises plenty of action for the fans, the bout which promises to receive the lion's share of popular interest is the windup match with Johnson and Joe Anderson.

Tiger, rugged and ready, said yesterday, "I'm in the best condition for the fight and have confidence that I'll at least take the decision by a comfortable margin. If my luck holds out, I hope to land a knockout before the final round."

Anderson who has Golden Gloves experience behind him replied, "I'm going out to win this fight early. I want a place on the windup event for the next boxing show on July 2 and I realize I'll have to turn in a good performance to gain that. Naturally I figure I can beat Johnson."

The boxers are asked to report at four o'clock Monday afternoon at Dr. Defnet's office in the city hall building for final physical examination and to weigh in.

The Legion drum and bugle corp will parade from the corner of Sixth and Ludington streets starting at 7:30 Monday evening to the exhibition building at the fairgrounds.

Approximately half of the ring-side seats were sold up to last evening and it is expected that the remainder will go fast during the last two days. If all the reserved seats are not sold in advance they will be placed on sale at the ticket office at the exhibition building.

The referee for the fights will be Doctor Fiskus, a veteran ring arbiter. Judges will be Dr. J. J. Walsh and Oscar Kraus.

The fights will be scored in the following manner: Using ten points as a basis for each round, the referee and judges will rate the boxers after each round. Thus if one boxer is given a slight edge in a round he would get six points and his opponent four. With a total of 30 points for each round and 90 points for the three rounds, it is unlikely that bouts will end in a draw.

## Former Local Stars To Play Here Monday With Germfask Club

Manistique, Mich., May 28—Manistique baseball fans will be given a real treat here Monday afternoon when the strong Lakeside team, an aggregation of local ball players, will meet the Germfask nine, contenders for the Big Ten league pennant.

The same is a "natural" as far as Manistique is concerned, for Bill Caffery's Germfaskers include several local ball players of note who will endeavor to defeat the "homestowners."

Included in the invaders' lineup are such local stars as Bill Vassau who is scheduled to do mound duty, "Tut" Arrowood, slugger deluxe, Otmar Schuster and John Kelly, former M. S. C. diamond stars now residing in Manistique, Sharkey, and others who have entertained Manistique fans in recent years.

The Lakesiders will have a formidable lineup and a great game is expected to result. The game will be played at the fairgrounds and will begin at 3:30 o'clock.

## RACERS READY FOR LONG GRIND

### 40 Cars Will Start in Indianapolis Memorial Day Event

Indianapolis, May 28 (AP)—A week's bitter struggle for places in next Monday's 500 mile automobile race here ended late today with the completion of the fastest field in the history of the event.

## ESCANABA BALL CLUB Meets Manistique in Opener Here Monday

### Real baseball will make its first comeback attempt in Escanaba in several years on Memorial Day when the Escanaba city team plays the Manistique club at the fairgrounds diamond.

The game was arranged by Manager Ernie Bourke yesterday afternoon after efforts to schedule a game for Sunday afternoon had failed.

However, there will be a spirited workout at the diamond today and all ball players who seek berths on the Escanaba roster are requested to report for practice. It is likely that the squad will be split for a practice game.

Some of the baseball veterans who will be seen in action in the Escanaba lineup include Murray Boyle, team captain, Whitey Moberg, catcher; Pete Deroin, third base; John Andrews, outfielder; Gus Moreau, Bill Schram, Jonas

and VanEffen. The latter two are pitchers. McGovern, youthful outfielder, has caught the fancy of Manager Bourke and he will be given an opportunity to secure a place on the team roster.

However, few jobs are secure and all aspirants will be given a fair tryout. A call for a shortstop was issued by Manager Bourke as he is sorely in need of a player who can adequately fill that gap.

The Manistique ball club is composed of the best talent in Manistique and is rated as a stalwart aggregation. It is believed they will send Clausen, their southpaw ace, or Vassau, veteran mound performer, against the Escanaba team.

At least one more pitcher is sought for the Escanaba roster. Bourke was undecided whether he would start Jonas or VanEffen against Manistique.

The Escanaba team will play the Manistique club at the fairgrounds diamond at 3:30 p. m. Monday afternoon.

## Escanaba Legion Firing Squad to Assemble at 7:30 a. m.

Escanaba's observance of Memorial Day will start early Monday morning. The American Legion firing squad, colors, and buglers will assemble at 7:30 a. m. and visit both local cemeteries before the starting time for the parade to Ludington Park. The firing squad will wear overseas uniforms, and will assemble at the police station.

The Legion drum and bugle corps will assemble at 1700 Ludington street at 8:45 a. m. and will march east on Ludington to Eleventh street, where other units of the parade will assemble to move off at 9:30 a. m. The corps will wear their red and blue military uniforms, and will be the leading marching unit in the column, followed by the American Legion members, Spanish American War Veterans, Legion Auxiliary, Scouts, and other organizations. The W. R. C. Civil War Veterans and Gold Star Mothers will ride in automobiles at the head of the parade. These will be the only cars in the parade, in order to avoid congestion at Ludington park.

The program at the park will start at 10 a. m., and all those taking part are asked to go directly to the bandstand. Reservation has been made for seating members of the clergy and religious orders. The municipal band, junior high school band, Escanaba high school band, and St. Joseph's high school drum corps will be among the other units in the parade.

Bits of Seasoning in Local News for Today

### WISE CRACKS FROM DUMB BELLES

We may be shot for this, but Salt and Pepper feels duty bound to pass on the latest cute remark of our colleague, a young lady writer of modest and innocent mien. When she heard that Saturday was Poppy Day in Escanaba she lisped:

"Why, I thought Father's Day always came on Sunday!"

### JUST A MATTER OF ADDITION

En passant, as Manthel Howe of Les Journal des Mines would say, we heard an Escanaba papa receive pointers on arithmetic from his daughter, age 11, the other day.

"You and mother have been married 17 years, haven't you?" she says.

"How do you figure that out?" queried the father.

"Well," said the daughter, "I'm eleven and sister is six; that makes 17, doesn't it?"

### HE COULDN'T PASS UP THE BUCK

It may be late, but Salt and Pepper has just heard how Ted Abrams shot his deer at Blaney Park with a bow and arrow, and we have it on the unquestioned authority of Buck Steer, both of aviation fame in Michigan. "Ted was having a great time hunting at

water in memory of sailor dead. Lincoln's Gettysburg Address—Lawrence Girard, St. Joseph's high.

Spanish American War Veterans' ritual—Fred Cram.

Municipal band—"Battle Hymn of the Republic."

American Legion ritual—Philip Bruce, post commander.

Prayer—Rev. R. C. G. Williams, pastor of Methodist Episcopal church.

Colors fluttered.

Firing squad fires salute.

"In Flanders Fields"—Marcel McGinn, Escanaba high school.

Speaker—Senator H. J. Rushton.

Municipal band—"America."

## Memorial Day Proclamation

Ever mindful of the sacrifices made by the men and women of this nation, from the time this great republic was erected, through the various periods of conflict, including the War of 1812, the Mexican war, the Civil war, the Spanish-American war, and the World war, it is befitting that we should honor the dead and pay tribute to the living on the recurrence of each Memorial Day.

Therefore, I hereby ask the people of Escanaba to close all places of business on Monday, May 30, and all together join in paying solemn tribute to the memory of the dead, the defenders of this nation, on this hallowed day.

Dated May 28, 1932. CARL J. SAWYER, Mayor.

Blaney Park, shooting his arrows into trees, and never seeing a deer," relates Steer. "He was down to his last arrow, and was all ready to sock that into a sapling when from the bush sallied forth two deer. Now Ted can't see very well, and his eyesight was worse at that moment, so he couldn't tell which was the buck and which was the doe, but he had always heard that when the two travel together the buck goes first, so he let fly his last arrow at the first one. Due to his practice on the trees, he scored a hit, and ran over only to find that the dead deer was a doe. To his surprise, the other deer, which he then recognized as a buck, continued to hover around confused, walking in circles and bumping into trees.

"Ted finally came to the conviction that the buck was blind, and had been following the doe by the sense of touch and smell, so with great presence of mind he cut off the dead doe's tail and held it to the buck's nose. His surmise was right, and the blind buck followed Ted out of the woods and to Blaney Park like a dog, believe it or not. The two circled the buildings a couple of times until the photographer put a film in his camera. Then somebody handed Ted another arrow and he dispatched the buck while shutters clicked to record his fame for posterity."

Detroit (AP)—Police Commissioner James K. Watkins said Tuesday that so far this year there have been 654 holdups in Detroit, compared with 542 for the same period last year. He expressed the belief many of them are traceable to the laying off of 167 uniformed and 97 civilian employees of the police department.

**FREE** Talking Pictures Afternoon & Eve. Showing the New Ford Under Construction EVERYBODY INVITED

Delta County's Relationship to Ford Motor Co.'s Future Made Possible

3 Great Days of This Showing

Escanaba was the only Upper Michigan city to be favored with more than one day of this complete Ford show and demonstration. The 8-day visit here was alone made possible due to the fact that the future of Delta County and the Ford Motor Company are in a great measure closely identified. No one should miss this very interesting educational event. Final day Monday, May 30th.
