

HAUSNER OFF ON FLIGHT TO POLAND

GARNER'S AID PROGRAM HAS DEMO BACKING

IRON-CLAD CAUCUS RULE SUPPORTS SPEAKER

BY CECIL B. DICKSON (Associated Press Staff Writer) Washington, June 3. (P)—After wrangling for nearly four hours in caucus, Democrats tonight bound themselves to shove the \$2,320,000,000 Garner relief program through the house Tuesday.

The iron-bound rule of caucus was clapped on the majority party as President Hoover left for his mountain retreat in Virginia with plans to discuss over the weekend methods of bringing about a solution of the relief and fiscal problems of the nation.

Determined to fight for substitution of the administration's relief program for the Democratic proposal, house Republicans are to confer Monday to lay their plans.

Meanwhile, William Green, president of the American Federation of Labor, said in a statement more than 10,500,000 persons were out of employment in March and "are looking to congress for help and work."

Vote 123 to 18 The Democrats met behind closed doors in the house chamber and debated the advisability of giving President Hoover \$100,000,000 to distribute in direct relief and other provisions of the bill calling for a gigantic public construction program and an increase to \$3,000,000,000 in the capital of the construction finance corporation.

It was the first time since the Underwood tariff act was passed before the World War that the Democrats resorted to the caucus to secure a majority for legislation. The final vote to bind themselves was 123 to 18, but it came only after strenuous efforts of the speaker's followers were made to marshal the necessary 111.

The action pledges 219 members to vote for the bill against the 211 Republicans. Two Democrats, Representatives Rankin, of Mississippi, and Cannon of Missouri, asked to be excused. There are one Farmer Laborite and two vacancies in the house.

The dissent in the Democratic ranks and Republican opposition caused the leaders to abandon a tentative plan to bring the measure up under a suspension of the rules Monday, which would require a two-thirds vote. Majority Leader Rainey said it would be shoved through under a special rule Tuesday.

Earlier in the day the house ways and means committee approved the big bill by a strict party vote of 15 to 9.

That the Republican senate will revise the measure appears certain in view of President Hoover's desire for his own program, which calls for an issue of \$1,500,000,000 in securities by the reconstruction finance corporation and a \$300,000,000 fund for loans to states for direct relief.

Byrns Leads Foes Going to the Rapidan tonight, the president included among his week-end guests, Undersecretary Ballantine of the treasury, President Dawes of the reconstruction finance corporation, and Eugene Meyer, chairman of its board of directors, and governor of the federal reserve board.

Record Crowd Expected for Relays

Detroit Tinsmith Held For Smuggling Pistols To Marquette Convicts

BULLETIN Detroit, June 3. (P)—Judge Harry J. Dingsman, presiding judge of the circuit court, today appointed Judge Victor E. Sprague, of Cheboygan, to conduct a one-man grand jury investigation into the smuggling of guns and ammunition into the Michigan branch prison at Marquette last summer, just previous to a fatal escape attempt in which six men died.

Judge Dingsman made the appointment on the request of Circuit Judge Frank A. Bell, of Marquette, and declared the investigation will open Saturday morning in Marquette.

Months of Probing Four men made the break for liberty from the prison on the morning of August 27, 1931. They shot and killed the acting prison doctor, A. W. Hornbogen, and fatally wounded a trusty, Fred Olgenschlager. Then, cornered in the prison workroom, they killed themselves. The four were Andre Germann, Leo Duver, Frank Hober and Charles Roseburg, all of Detroit.

Months of Probing (Continued) Scatko's arrest came after months of investigation by state police, prison officials and Detroit detectives. He was brought into the affair, police said, by underworld characters, who hired him to seal the weapons in the cans and kegs. Then, the officials said, the cans and kegs were taken to Marquette by automobile. No shipments were received by prison officials.

Three men, now serving prison terms, were named as accomplices. They are Walter Tylezak, now serving a term in Marquette prison for robbery armed; Alex Zydowski, in the Michigan state prison at Jackson, and Chester Kolodzeski, in the state reformatory at Ionia. Detective Lieutenants Edward Graft and Harry Schouw of the Detroit police obtained information from them, police said, when the three were arrested recently on robbery armed charges.

Scatko, following his arrest in a Chene street rooming house, was started for Marquette at once accompanied by a guard of state police. The officials said they planned a stopover in Bay City.

Detroit, June 3. (P)—A grandmother and two of her grandsons, all unable to swim, were drowned in the Detroit river near the police boathouse on Belle Isle before the eyes of hundreds of spectators tonight.

The dead are: Mrs. Hattie Hannan, 52, Wilber Herring, 8, and his brother Conrad, 9. The bodies were recovered.

Conrad and an older brother, Jack, 11, had gone to the park in the morning for a picnic, accompanied by two girls. Early in the afternoon they were joined by Mrs. Hannan, Wilber, a sister of the boys, Virginia, 4, and another girl.

Wilber became separated from the others early this evening, found a log floating close to shore in an area forbidden to visiting children, but straddled it and was paddling when the grandmother and the others approached.

He called to them and waved, but somehow lost his grip on the slippery log ten feet from shore where there is a sharp drop-off. He screamed. Conrad, likewise unable to swim, plunged in and attempted rescue but sank.

Before she could be stopped Mrs. Hannan had entered the water, fully clothed. She floundered helplessly in the deep water and went under. Patrolman John Godelski, attracted by the screams of children, arrived only a minute after the grandmother went under.

Wilber Butler, 14, a boy scout, aided the patrolman in recovering the bodies, the last being taken from the water a half hour after Wilber had gone down. Resuscitation attempts were futile.

175 ATHLETES COMPETING IN ANNUAL EVENT

METCALFE TO SHOW SPEED TO FANS HERE TODAY

Sports enthusiasts of northern Michigan will converge at Escanaba today to attend the Fifth Annual Upper Peninsula Relays, featuring 175 high school athletes from seventeen schools and to witness exhibition performances by Ralph Metcalfe and Jack Tierney, Marquette university sprinter, and Leon (Dick) Schram, Escanaba boy who now is a pole vault performer for Marquette university. The meet will start at two o'clock.

Metcalfe, Tierney and Schram arrived in Escanaba early this morning with their coach, Conrad Jennings, director of athletics at Marquette university. Metcalfe, regarded as the latest world's fastest human and an American hero in the Olympic games at Los Angeles this summer, Tierney, his teammate, is also one of the fastest mid western sprinters and is co-holder of the central intercollegiate dash records which Metcalfe tied in the races at Milwaukee last night. Metcalfe and Tierney will run in two exhibition performances, a 100 yard dash and a 220-yard dash.

Expect Record Crowd Schram will give pole vault exhibitions. He is the present holder in any single athletic event in the state, will give to schools winning the various relays and special events.

Because of the large entry lists preliminaries will be run off in the high and low hurdles this morning with qualifiers meeting in the finals this afternoon.

From all indications, the crowd that will see the Relays this afternoon will shatter all records for crowds at a track event in the upper peninsula. With admission prices reduced and with fans at a high peak of enthusiasm it is expected that several thousands will be on hand to witness the races and special events.

The seventeen high schools entered in the Relays are: class B, Iron Mountain, Ironwood, Escanaba, Kingsford, Manistique, Sault Ste. Marie, Menominee and Wakefield; class C, St. Joseph, Gladstone, Rock, L'Anse and J. D. Pierce; class D, Alpha, Detroit, Rock River and Quinnesec.

In addition to the high school relays, two grade school events are offered. The first is the eighth grade 440-yard relay for Escanaba schools and the second a seventh grade 440-yard relay for Escanaba schools.

Interesting Races Coaches and athletes from five schools arrived last evening and were accommodated in private homes. The schools which sent their athletes to Escanaba were Detroit, Ironwood, Wakefield, L'Anse and Soo.

In addition to the relay races fans are promised some interesting competition in the special event. In the low hurdles the (Continued on Page 12).

Freight Shipments At Canal Decrease

Sault Ste. Marie, Mich., June 3 (P)—Total freight shipments at the St. Mary's Falls canal have fallen off almost one fifth as compared with the first two months of 1931, according to the May statistical report issued today by Isaac De Young, superintendent.

Wheat shipments, the largest single commodity shipped, thus far this year, are half what they were June 1, 1931. Total wheat shipments amounted to 22,850,378 bushels. Coal and iron ore also dropped far below former years for the same period.

Seabury Will Forward Case Against Walker to Governor Roosevelt

BY ROBERT ST. JOHN (Associated Press Staff Writer) New York, June 3. (P)—Governor Roosevelt, last night, announced that he would ask action tomorrow on charges against Mayor Walker squared on the Hofstadter legislative committee and Samuel Seabury.

A few hours later the committee counsel, telephoning from Pittsburgh, authorized his associates to issue the following statement from him: "I have read the statement of Governor Roosevelt with interest. I will be in my office Monday morning and I will see to it that a transcript of the record and an analysis of the testimony concerning Mayor Walker reaches the governor as early next week as is possible."

Roosevelt in his statement said: "The only information before the governor is in the form of very incomplete newspaper stories," he said. "It is not even clear from Judge Seabury's statement to Chairman Hofstadter whether he has fully completed the investigation."

"I act in each case definitely, positively and with due promptness. Get the law straight. It is the duty of the legislative committee and its counsel, if they believe they have sufficient cause, to present evidence to the proper authorities without waiting to make formal report to next year's legislature."

"You cannot get away from that obvious public duty. In the case of Sheriff Farley (Tammany office-holder removed because of huge unexplained bank deposits), Judge Seabury asked the legislative committee to present the evidence to the governor, and the committee refused."

"Judge Seabury sent it himself. (Continued on Page 12). Powers Is Charged With Wife's Death

Subsequently investigating officers discovered steel supports used in a woman's shoe in ashes in the cook stove at the Powers home. Mrs. Powers' shoes and coat have not been found.

Vote Today In House On Taxes Looms

BY FRANCIS M. STEPHENSON (Associated Press Staff Writer) Washington, June 3. (P)—Bulging with new taxes sufficient to meet the government's 1933 budget demands, the billion dollar revenue bill today sped along the final lap of its course on Capitol Hill.

The compromise measure providing \$1,119,000,000 was laid before the house and will be taken up tomorrow morning. The senate will consider it as soon as the house has acted and predictions were confidently made tonight that the legislation would be in the hands of President Hoover early next week.

Congressional leaders said the revenue bill would balance off the treasury's deficit with the aid of \$250,000,000 in economies and eyes turned intently then on the pending senate contest over the \$238,000,000 national economy bill.

10% Wage Slash Another day was spent in debate on the major dispute—whether to make a one year ten percent cut in government salaries. This provision, calling for a saving of \$121,000,000 is the heart of the economy measure. Various substitutes were offered and argued over.

Representative Crisp, of Georgia, acting chairman of the house ways and means committee, laid the revenue measure agreed upon last night by the senate and house conferees before the house with a brief explanation and announced he would ask action tomorrow.

Confidence was expressed that the record-breaking speed made recently in consideration of the tax problem would be maintained to a conclusion of the task. House approval tomorrow was predicted. Forced to reach out for every available source of revenue, the congressional conferees put into the legislation most of the in-

Boatbuilder Will Face Arraignment Today In Hoax Case

Flemington, N. J., June 3. (P)—John Hughes Curtis, the Norfolk, Va., boatbuilder, will plead guilty, it was authoritatively learned today, when he is arraigned tomorrow on a reported indictment accusing him of gross deception in the Lindbergh kidnaping mystery.

In view of his confession that he hoaxed Col. Charles A. Lindbergh in the search for the abductors of his infant son, it had been believed up to now he would plead non vult and cast himself on the mercy of the court.

But Prosecutor Anthony Hauck of Hunterdon county indicated that defense counsel would ask for a reduction in bail from \$100,000 to \$5,000 when court convenes and the possibility arose that Curtis might be released in a few days.

Defense counsel requested that the arraignment be conducted in Curtis' cell in the local jail to avoid publicity but Judge Adam O. Roberts said he would preside in open court. It is likely that the trial will be set for June 27.

Splatalo Arrested Another intermediary re-entered the spotlight today when Salvatore Splatalo, one of three men appointed by Colonel Lindbergh himself to comb the underworld, was arrested in a raid on a Broadway night club in New York and charged with violating the Sullivan anti-firearms law.

He and Abe Kettler, 38, of Troy, N. Y., were later liberated in West Side court when evidence was produced that they had permits to carry the loaded revolvers found on them.

A third intermediary, Dr. John F. Condon (Jafise) was quoted by the Springfield (Mass.) Union as having asserted he paid \$50,000 ransom for the baby in a Bronx cemetery only because Col. Lindbergh insisted and contrary to his (Condon's) better judgment.

LEAVES FIELD AT NEW YORK FOR LONG TRIP

AMATEUR 'MYSTERY' PILOT HOPES TO SPAN OCEAN

New York, June 3. (P)—Along in a flame-colored monoplane, Stanislaus Felix Hausner, "mystery" flier of Newark, N. J., rode eastward into the darkness tonight headed for his native Poland.

A wave of farewell and shouted wish of good luck from his young wife, Martha, sent the reticent 31-year old amateur pilot on his projected 4,400-mile flight soon after he lifted his heavily loaded Belanca plane from Floyd Bennett field at 8:46 a. m. (Eastern Standard Time).

Mrs. Hausner, who stayed close by his side and prepared food for his aerial jaunt, accompanied Hausner to Land's End as he headed out above the cold waters of the North Atlantic. She then instructed her pilot, John Coyne, to take her to Newark airport from where, accompanied by the Rev. Paul Knappick, a family friend, she went to St. Camir's church to pray for her husband's safety.

Although no reports were received from ships along the eastern coast that might have sighted Hausner as he sped northeastward toward the great circle course, a plane, described as orange-colored, circled Sydney, Nova Scotia, at 5 p. m. (EST), then headed toward the sea and disappeared.

Carries Mail Sack Aviator friends of the pilot said "that must be Hausner" pointing out that observers might have mistaken the third of his plane for orange in the approaching twilight hours. They also computed the distance to Sydney as approximately 850 miles which, at Hausner's cruising speed of about 100 miles per hour, would be the distance he might have been expected to cover in the eight hours and 14 minutes which had elapsed.

Should his 525 gallons of gasoline be near exhaustion at that time, Hausner planned to set down at Croydon airport in London. If his plans are carried out without a hitch, he merely will sail above the straits, drop a packet of mail and continue toward Paris, where he will repeat the mail delivery at Le Bourget field.

Then he will wing his way toward Warsaw, in a gesture of friendship from the land of his adoption to the land of his birth. The four year old plane, the same Santa Rosa Maria built four years ago for a Chicago syndicate for an ocean flight which never materialized, is powered by a motor similar to those which drove Colonel Charles A. Lindbergh's "Spirit of St. Louis" to Paris and Clarence Chamberlain's "Columbia" to Germany five years ago.

It has a cruising speed of 100 miles an hour which should enable Hausner to reach London in around 31 hours, Paris in around 33 and Warsaw in about 44.

Hausner was supplied with four chicken sandwiches, two ham sandwiches, a gallon of coffee and a gallon of water, and carried six parachute flares for use in event of serious trouble.

WIRE-TAPPING FRAUD CHECKED

Western Union Offices In State Mulcted Of \$11,000

Lansing, Mich., June 3 (AP)—An extensive wire-tapping fraud was revealed today as private and public investigators pushed their search for a gang alleged to have defrauded Michigan Western Union offices of more than \$11,000 in the last two weeks.

Investigations showed that a gang of three men and one woman had established a base at Eaton Rapids this week, plugging into the trunk line Western Union wire, intercepting and transmitting messages at will. While an experienced operator sent fake money order messages, the woman appeared at offices in Howell and Eaton Rapids to receive the money. Two men stood on guard at a point in the woods near Eaton Rapids where the telegraph station had been installed.

More than \$5,000 was mulcted from Western Union offices this week. The largest payment of \$5,000 was made at Howell. The Eaton Rapids office paid the woman two orders totalling \$850. Another \$495 was obtained from an office in Detroit. State police revealed that \$5,000 had been paid out at the Hudson, Michigan, office of the company last week under similar conditions.

Order Questioned—Farmers near Eaton Rapids took state police to the telegraph station in the woods and were authorized for the revelation that there were three men and one woman in the gang. It was at first believed the fraud was the work of a man and woman. Western Union investigators said the tappers had plugged their set to the trunk line from 2:30 a. m. to 1:15 p. m. Wednesday and looked over every message to and from Detroit.

The Western Union operator at Howell questioned the order for \$5,000 in view of a company ruling restricting payments there to \$2,000. Her message to Detroit challenging the amount was intercepted by the tapper who ordered the restriction lifted. There was an indication that the operator of the gang is a former employe of the Western Union Co. He used a coded company word to order a waiver of identification of the woman receiving the payments.

Organization Asks Sharp Slashes In Federal Expenses

Chicago, June 3 (AP)—The national organization to reduce public expenditures was formed today by American business men and its first demand was for a slash of \$750,000,000 in the federal budget.

The organization also voiced protest against a public works program at this time, unless it can "clearly be demonstrated that such expenditures will be productive of savings or earnings adequately justifying the cost."

The organization was created by representatives of 500 commercial organizations in 39 states at the conference on reduction of taxes and governmental costs called by the Chicago association of commerce.

Harris, president of the Upper Peninsula organization, and the other will be the thirty-seventh annual convention of the Episcopal diocese of Marquette, with the Rt. Rev. Hayward S. Ablewhite, bishop of the Marquette Episcopal diocese, presiding.

The convention is composed of the clergymen, three lay representatives from each parish and one lay representative from each mission in the diocese. It is expected that there will be 150 persons in attendance at the two meetings.

RASKOB FACES SENATE PROBE

Demo Chair is Charged With Short Selling But Denies It

Washington, June 3 (AP)—The chairman of the Democratic national committee, John J. Raskob, was charged with short selling today but he vehemently denied it in tones that hang through the senate banking committee's hearing room.

"There is no language that you can use that would be too strong to condemn a man who would sell short in a time of panic for personal profit," he said. The committee's counsel, William A. Gray, made the accusation, saying that while Raskob was an official of General Motors he sold 40,000 shares of that stock short at 159. That was on March 10, 1928. Gray also described a sale of 58,000 shares in 1927 as a "pure short transaction."

"At no time," the Democratic chairman replied, "will you find that I sold General Motors short, except on what might be called two technical occasions." These were in 1928 and 1930, he said. "I have always had," he added, "more long stock in my regular account than I sold, except in the two cases I mentioned."

"As chairman of the Democratic national committee, I don't like to have the information given out that I resorted to that kind of thing because it isn't true."

"While I am taking great pains to show that I have not been selling short, I think it is perfectly proper when it is properly conducted."

Politics Neglected—"As chairman of the Democratic national committee, I don't like to have the information given out that I resorted to that kind of thing because it isn't true."

Appearing as a surprise witness, Raskob readily acknowledged he sold 58,000 shares of General Motors in 1927 for "income tax purposes."

Gray described the sale as "a pure short transaction" despite the fact that Raskob held a similar amount of stock in another account.

The counsel pointed out that though Raskob held stock in another account he actually "covered" the 1927 sale by purchases in the open market in March 1928.

Raskob submitted a complete account of his transactions in General Motors since January 1928, showing that he dealt through two accounts, one for purchasing and the other for selling.

GIGANTIC BOND POOL PLANNED

Wall Street Banks Hope To Plug Gaps In Security Markets

BY CLAUDE A. JAGGER (Associated Press Financial Writer)

New York, June 3 (AP)—The might of the Morgan, Rockefeller and other large banks of Wall Street is about to be thrown against the stream of selling in the securities markets, particularly bonds, it was announced today, after the close of a session which saw rapidly recovering prices in the New York Stock Exchange.

Thomas W. Lamont, one of the leading partners of J. P. Morgan & Co., announced the formation of one of the most extraordinary corporations in the history of American finance. The corporation is to be known as "The American Securities Investing Corp."

It is expected to begin operations next week with initial funds of \$100,000,000, subscribed by the 18 leading New York banks, and this leading private houses.

This is the "bond pool" which has been rumored for several days in Wall Street. The rumors go so definite today that the bond market enjoyed its swiftest upturn of 1932, many issues advancing \$20 to \$50 per bond of \$1,000 face value. Stocks also recovered briskly for a time, and while the advances in shares were reduced substantially in a late sag, closing prices found many of the principal issues up \$1 to \$3, or more.

May Be Permanent—Organizers of the corporation explained that its funds would not necessarily be limited to \$100,000,000, and insisted that "bond pool" or "stabilization corporation" were misnomers, inasmuch as the concern was not planned as a temporary measure, and may stay in operation for some time.

It was also asserted that the corporation was strictly an investing organization formed for the purpose of making profits.

Mr. Lamont, who heads the organization as its president, declined to state when it would begin operations. The formal announcement said, "its policy in acquiring investments must manifestly be based in large measure upon its confidence in final action by congress in effectively balancing the budget, and thus manifesting its determination to maintain intact the government's credit."

In addition to Mr. Lamont as president of the corporation, another Morgan partner, George Whitney, will serve as chairman of the executive committee. Lansing P. Reed, prominent lawyer, will serve as secretary, and Longstreet Hinton, a member of the Morgan firm's staff, as treasurer.

for direct relief was led by Chairman Byrns of the appropriations committee, who has been one of the leaders in the campaign for economy. Speaker Garner spoke for the provision, which was retained by 72 to 50.

An amendment sponsored by Rainey to prevent the reconstruction finance corporation from advancing money to the farm board for the disposal of its surplus wheat and cotton in foreign markets was adopted. However, the provision will permit money to be loaned to private interests seeking to sell farm products abroad.

In his statement, Green said the ten and a half million persons out of work would vote in the November elections and that the "measuring rod labor will apply to legislative records, is influence in creating jobs."

Auto Company And Railroad Fined In Federal Rate Case

Detroit, June 3 (AP)—Fines of \$10,000 and \$12,000 respectively were assessed the DeSoto Motors corp., and the New York Central Railroad Co., today in federal court when their representatives pleaded guilty to violating the Elkins act, following indictments involving rate discriminations.

Interstate commerce commission investigators charged the railroad company was providing 40-foot cars for automobile shipments and were charging for 36-foot cars. On this finding, the government based their charges of rate discrimination. Federal Judge Edward J. Moineau levied the fines.

The Olds Motor Works and the Reo Motor Car Co. of Lansing, Mich., have elected to go on trial on similar indictments. The Grand Trunk Railway Co. is involved in the latter indictments.

There are four former premiers in the ministry—Herriot, Painleve, Leygues and Chautemps.

Several members of the cabinet are well known in the United States, including the premier, who visited America in 1923. M. Painleve, who crossed in 1920, and M. Sarraut, who attended the Washington conference.

Patrolmen Charged With Bribery Plot

Detroit, June 3 (AP)—Two Detroit patrolmen were suspended Friday pending investigation of charges that they attempted to "shake down" a bootlegger for \$1,000. The two, Bert D. Spencer and Ervin Pollman, denied the charges.

had been in Oliver, Wis., but denied that he and his brother were guilty of the murders or had knowledge of how they were committed.

He said that they had been questioned along with others in the Sundell slaying, but were released when it was shown they had nothing to do with it. Asked about the Urban murder, Kunasiewicz stated that he had purchased booze from an Oliver bootlegger and then re-sold it, but added that he did not know there was a store in the small farming settlement.

"I'm not afraid of either of these two charges," Kunasiewicz asserted. "The Hermansville job is the first stick-up in which we ever took part. If I'd been afraid of these murders I wouldn't have given the officers here my real name. I was in Oliver, but only bought liquor from a bootlegger there and then peddled it. I was never in a store and didn't know there was one. As far as the Minnesota case is concerned, they've got nothing on my brother or myself. We were talked to along with a lot of others and then let go, because we didn't know anything about it."

Killed Without Warning—The Oliver grocer was killed without warning by three men who entered his store. Sheriff Frank Carlson, of Douglas county, Wisconsin, was authority for the statement that the Kunasiewicz brothers were suspected of the killing.

George Curran, assistant cashier at the Hermansville bank, was still confined to his home Friday, suffering from the nervous ordeal of the robbery. His watch, which was taken away from him by one of the bank robbers, was found by Fred Monosso of Niagara near the spot where the bandits said they divided the loot. Edward Kunasiewicz, 19, third, third member of the quartet to be captured, told officers that he was the one that took the watch, and that he lost it in the excitement of making a get-away after dividing the spoils. He also said that he was the one who stood guard over Curran and Miss Naomi Allen, bookkeeper, with a gun, while they were lying on the floor during the robbery.

A number of Hermansville residents viewed the robbers' car, a mud-spattered Oldsmobile sedan with a Minnesota license, when it was brought in by Deputy Reind of Menominee. The car was abandoned near Niagara.

and probably would reach Marquette some time tomorrow. Detective Dan A. Loomis, of the state police, and I. A. Capizzi, assistant attorney general, who have been investigating the smuggling for several weeks, are in Marquette, and the investigation, they said, will be continued there.

Officials refused to comment on whether further arrests will follow. They indicated they planned to question Tyrczak in the Marquette prison, and possibly the other two involved.

Chester Tutu, Detroit, was arrested with Seacott, but police said he was not wanted for the smuggling plot. They said however, they believed him to be the man who drove the bandit car in the holdup of the Detroit street railway car barn on Jefferson avenue in 1927.

A new process has been perfected to make the basic color of Portland cement tan instead of gray.

THE U. P. RELAYS

The fifth annual Upper Peninsula Relays will be held in the Escanaba athletic field this afternoon.

The Relays carnival is probably the most unique and outstanding high school athletic event in the state.

The Relays carnival is probably the most unique and outstanding high school athletic event in the state.

The appearance of these college stars has been a proved source of inspiration to the many high school boys who have watched them.

Today, Dick Schram, former Escanaba high school athlete, who was inspired to essay greater heights in the pole vault when Elton Hess appeared at the Relays.

That the Upper Peninsula Relays has been able to bring together such a collection of sports personages is remarkable, indeed.

NO FIREWORKS?

WHETHER money should be spent for fireworks when there are so many persons unemployed and needing welfare relief is the problem that puzzles many officials as their communities make plans to have the usual Independence Day and other celebrations.

There has been a general disposition to forego fireworks displays or else greatly reduce the expenditure for them because it has been felt that "shooting off" money in this manner was a "sinful act in view of present conditions."

"If the businessmen of Sault Ste. Marie were to decide against contributing to a fund for fireworks for July 4th, would that help the needy of this city and community?"

"That question must be answered before the move for a 'business-as-usual' Fourth of July celebration is killed here."

"The complaint against expending six or seven hundred or a thousand dollars for a fireworks display such as has always brought tens of thousands of persons to the Sault each Independence Day in the past few years, is based solely on the declaration that 'it is a shame to burn money up for fireworks at a time when men are out of work and people are hungry.'"

"Great argument — provided that the abstention from the fireworks display would redound to the benefit of the unemployed and the hungry."

"There is small likelihood that any business house or industry which customarily has been donating to the July 4th celebration will turn the same amount of money over to any fund for the relief of the needy. So, on this confused plea, it is possible that not only will the unemployed NOT be helped, but the children of Chippewa county will be deprived of the annual eye-foam and celebration of the birth of their country. We're taken away from the national Independence Day and any other community celebration."

Madish troops, also, had a successful day, recovering Thulian equipment of the Germans.

hibition, will not a more forward-looking community take advantage of the situation and attract the thousands that we should have in his city? Will it not mean that Sault citizens, instead of staying at home, being entertained at the expense of the businessmen, will get in their cars and scatter far and wide, taking their spending money with them to other cities?

"How will this help the needy of Sault Ste. Marie?"

"The surest way for a town to die on its feet is to convince itself that it should quit doing everything a normal town should do."

HONOR DAY

HONOR DAY exercises, such as held at the Escanaba high school auditorium yesterday afternoon, must be great events in the lives of those boys and girls, who have worked hard in the classroom and at home during the months past.

It seems to the adult, who observes the various inspiring and interesting activities that are provided present day students, that the boys and girls of a score or more years ago were not given much encouragement to do their best. True there were some incentives in those days, such as gold and silver stars offered as rewards for merit, but it was nothing compared to what is provided in the modern schools.

Going to school must be the most enjoyable activity for the youth of the land. Time was when the student who studied hard was looked down upon by his schoolmates as being somewhat peculiar, but now the boy or girl who earns the coveted awards, such as those presented on Honor Day, wins the admiration of the student body and townspeople.

Three more skeletons of Neanderthal men have been found by scientists. Now we have almost enough to start a Neanderthal club.

That Harvard explorer who found white-haired Indians in South America merely proved that Hollywood was not the leader in making platinum blonds, after all.

Whatever else Gaston B. Means may say about his "persecution," he cannot claim he was damned by faint praise.

Congress' poor showing in trying to balance the budget seems to have affected even the Washington ball club, which had been considered foolproof.

The Noise Abatement commission overlooked a good bet when they let the new spring suits get by without a protest.

A movie magnate says the only solution is for exhibitors to raise the price of admission. Then the question will be, can the customers raise it?

Correct this sentence: The Senate will investigate charges that the stock market was manipulated in a deal by which the public cleaned up \$5,000,000.

Anniversary

ALLIED SUCCESS

On June 4, 1918, French and American troops combined staged one of the most bloody battles since the late German offensive began. Massed west of Chateau Thierry, the allied forces beat off repeated attacks of desperate German troops who were mercilessly driven "on to Paris."

In these attacks the Germans suffered severe losses. French and American troops were firmly entrenched, and made no effort to take any ground. The object seemed to be to take such a heavy toll of lives that the German rank and file would lose its morale.

"Leap Year Bride"

(By NEA Service)

By LAURA LOU BROOKMAN

BEGIN HERE TODAY

CHERRY DIXON, 19 and pretty, tells her mother she is going to a club meeting but instead meets DAN PHILLIPS, newspaper reporter with whom she is in love.

Her wealthy parents do not know she is acquainted with Dan. Cherry goes with him to interview a bank robber's sweetheart. She blunders into underworld headquarters and a bullet strikes her arm.

Dan takes her to a doctor's office and then home. He is trying to explain what has happened when MR. DIXON appears. He is very angry and brandishes a newspaper containing Cherry's picture and an account of the shooting.

Mr. Dixon orders Dan from the house. Days pass and SARAH, Cherry's maid, discovers Dan has telephoned and been told the girl is out of town.

Cherry steals out of the house, meets Dan and explains. He tells her he loves her. When Cherry arrives home her father is waiting and accuses her of having met the reporter.

Cherry defies her father and he orders her to apologize or leave. She says, "I'll go!" and runs out of the house. Later that evening she finds Dan and tells him what has happened. He offers to take her to a friend's home but Cherry says, "Let's get married. Tonight!"

Now go on with the story CHAPTER IX THEY were married a little before 10:30 that night by a justice of the peace in a dingy room of the court house. Bill Pringle, who covered court house news and a man neither Cherry nor Dan had ever seen before, were

the witnesses. Dan had appealed to Pringle to help locate the clerk of courts to issue the license. It was a ceremony entirely without sentiment or any element of the sacred. A few words mumbled in a wheezing, half-audible monotone. Cherry, rather pale, still wearing the polo coat and her small brown hat. Dan's "I do" ringing clear and loud in the stillness. Except for the small group in the clerk's office and two old men scrubbing the floor of the central corridor the court house seemed deserted.

"I-herby-pronounce-you-man-and-wife" sang out the justice. That was all there was to it. They were married! Dan placed a folded bill in the official's hand. He drew Cherry toward him and kissed her. There was some joking and the bride scarcely heard. Then she and Dan were outside in the night.

Bill Pringle stood beside them on the steps. "Well," he said gaily, "now for the honeymoon! You two want a cab, don't you?"

He held up two fingers, whistled shrilly and a cab that had been cruising down the opposite side of the street swerved to the curb.

Dan and Cherry got into the cab. Pringle waved and disappeared down the street.

"The Bismark hotel," Dan instructed the cab driver. He said to Cherry, "It's all right, isn't it? We'll find some place you'll like better in a day or two."

"It's all right, Dan. Of course." The Bismark was less than a dozen blocks away. The streets

seemed singularly quiet, for it was still early. In the darkness of the cab Cherry's face was barely visible. A misty blur of whiteness. Dan's arms gathered her close.

"You darling!" he whispered. She raised her lips for the kiss but at that moment the glaring rays of a street lamp sheathed them with yellow electricity. The cab halted for a traffic signal.

Happily the girl smiled up at him. "My—husband." She said the words as though they were a litany.

Dan's arm tightened. "You're going to be happy!" he said almost sternly. "We're going to make a go of it, Cherry. I know I don't deserve anyone half so sweet and fine as you are but I'm going to make you happy! Oh, you're so wonderful!"

THE ecstasy was interrupted abruptly as the cab jolted to a stop. Cherry, stepping to the sidewalk, could scarcely believe that she was the same girl who two hours earlier had left the hotel, frightened and miserable. She glanced at Dan and thought how handsome and dependable he looked.

And he was her husband! "Cap" Graham was still on duty at the hotel desk and Dan led Cherry forward.

"I'd like to introduce an old friend," he said. "This is Mr. Graham. Generally known as 'Cap.' Cap—I want you to know my wife."

"What? Say—I'm glad to meet you, Ma'am. But this is a surprise! Why—why, for mercy sake! Ain't you the one who was here a while ago? I mean—say—"

Phillips grinned. "Take it easy, Cap. And aren't you going to congratulate me. You're the first one to hear the news."

"You mean you've just been married? Well, say—! Is it really true?"

"Certainly it's true." "Well, I declare! She's a pretty one, she is, though. And you've picked a good husband, too, Ma'am." The old man assured Cherry. "One of the finest!" I want to congratulate both of you. Yes, sir. Indeed I do!"

The outer door opened and Dan turned. At his half-smothered exclamation Cherry whirled about.

A dozen men and women, laughing and calling out gaily, crowded into the hotel. They swarmed about Dan and Cherry. Bill Pringle appeared to be in the lead.

"Here they are!" the court house reporter cried. "Here's the bride and bridegroom. Look at 'em blushing, folks! Who's going to be first to kiss the bride?"

Dan stepped out, smiling. "Just a minute," he protested. "Say, what is this anyhow?" "We've come to help you celebrate," put in a small girl wearing a green hat. "We're all going out to Casey's and we're going to have a party."

GOOD KEEPERS

The fruits that keep the winter through Are not the fruits that ripened grew In May or June—you wait till fall For apples any good at all As keepers—and in living, too, Though hard the task, and long the mile, You work and wait for things worth while.

The fortune that is won with ease, The early fruit of fragile trees, Will quickly ripen, and decay— For fortunes are not made that way. It is the slow economies Of thrifty years, investments wise, That grow in safety and in size.

And friendships ripen slowly—men And women met again, again, And long and intimately known, Friends you can really call your own. For not from strangers now and then, So quick to flatter, will you reap The friendship that will really keep.

Body of Harry DeShambo Found at Camp Near Mashek

Harry DeShambo, 38, employed by his brother, Oliver, jobber for the I. Stephenson company, as a cook at the company camp near Mashek, was found dead on the floor of his camp house this morning at 5 o'clock. Death, resulting from a sudden heart attack, had evidently come just after Mr. DeShambo had gotten out of bed to start his morning's duties.

He had complained of a toothache before retiring but was not believed to be seriously ill. When members of the camp crew awakened and noticed no sign of activity about his camp house, they investigated, found the door locked, and looking through a window discovered his body on the floor a few feet from the bed.

The body was taken to the Allou Funeral Home to be prepared for burial, and lie in state at the funeral home this afternoon. Funeral services will be at Sacred Heart church, Schaffer, at 9 a. m. Monday, with the Rev. Fr. P. N. Juras officiating.

clating Military honors will be rendered by a body of ex-service men.

Mr. DeShambo was a veteran of the World war, serving 18 months with the 18th Engineers, Thirty-second Division. He was unmarried. Surviving him are one brother, Oliver, and two sisters, Mrs. William Rouchard of Gladstone and Mrs. Harvey Harper of Fort Worth, Texas.

Woman's Club Will Present Summer Show

Announcement of a summer style show sponsored by the Escanaba Woman's club to be presented the evening of June 3, at the Fair Store, was made Friday by Mrs. E. J. MacMartin, program chairman.

The show, which will be an unusually attractive event, is the only affair which the club has sponsored this year to raise funds for its treasury and in view of the fact that solicitation of funds direct or through ticket sales has been carefully avoided, it is certain that the summer show will receive the heartiest support from townspeople in all parts of the city.

The program of the evening will include a program of music, featuring a string ensemble directed by Frank Karas, selections by a quartet and accordion numbers by Manley Anderson.

The summer fashions will be displayed by attractive young women, debs and matrons, and by a group of children who will present the children's fashion show. There will be two shows.

All arrangements for the show are being made without cost to the club and all funds obtained from the nominal admission fee which will be charged, will go directly to the club treasury.

Arrangements are in charge of the officers of the Woman's club working in cooperation with Charles Gessner.

EVANGELIST HAS GOOD MEETINGS

Large Crowds Attend Services at Swedish Baptist Church

Good crowds have been attending the evangelistic services conducted during the week by Evangelist David E. Anderson, of Brooklyn, at the Swedish Baptist church. The services will be continued during next week, meetings being scheduled for Tuesday, Thursday and Friday nights, with a closing service on Sunday. No service will be held tonight or tomorrow evening, but morning services are scheduled for tomorrow at 11 o'clock. The morning service will be in the Swedish language, all other meetings being English.

Evangelist Anderson announces that special services are planned for each of the evenings of next week, the Tuesday service being "Family Night," the Thursday service "Visitor's Night" and the Friday service "Sunday School Night." On Visitor's night a large group from Escanaba is expected to be present.

Rev. Anderson is a forceful speaker and has had 20 years of experience in the evangelistic field. He spent five years of this time among the mountaineers of North Carolina and Tennessee. During his career he has travelled extensively and has held services in practically every state of the union. For several years he has made his headquarters in St. Paul. His main work has been in the Swedish Baptist churches.

He has previously been in Gladstone on two occasions, the last time about four years ago, and is known to many Gladstone people. It was upon their invitation that he returned here.

Immediately previous to coming to Gladstone, the evangelist conducted a series of meetings in Escanaba and Manistique.

Says Gladstone Tax Dollars Are Spent Wisely

The June issue of the Upper Peninsula Development Bureau News, published at Marquette, in a column headed "Current Comment," quoted by P. O'Brien, dean of upper peninsula editors, as follows: "Gladstone is a municipality whose tax dollars are expended with the same care as in private business. By wise planning and administration, it has followed a definite improvement program that is a masterpiece of management."

Editor O'Brien is an ardent advocate of the Commission-Manager form of government and continuously points to Gladstone as a striking example of the results that may be obtained from this form of government.

FORD PURCHASE IS A YEAR OLD

Gladstone Industrial Site Transferred a Year Ago Yesterday

One year ago yesterday, June 3, 1931, the Ford Motor company closed negotiations for the purchase of an industrial site in Gladstone and assumed possession of 130 acres of land within the city limits at a cost of approximately \$100,000.00.

Most of the land within the site had been purchased and received deeds to the land. The purchase of the land, the city had been in a turmoil of excitement in procuring options from 46 individuals who held title to the various parcels secured from owners of lots throughout the city for those who were required to vacate the Ford land. More than two months of work was required from a committee of the City Club to clear the way for a transfer of the property.

Upon the acquisition of the site by Ford, Gladstone became one of the busiest cities in the upper peninsula. Construction work reached its highest peak for a number of years. Houses removed from old locations to new sites were rebuilt, new homes were built and business blocks were remodelled.

Impetus given by optimistic reports concerning the plans of the Ford Motor company carried the city through the year and the depression which was rampant in the nation was barely felt here.

A celebration of Ford Day to mark an era for the city was planned and carried out on June 13. Exceeding any previous celebration in the county, the affair attracted thousands from all parts of the upper peninsula. State officials, including Governor Wilbur Brucker, Ford officials, Soo Line officials and other celebrities from near and far were in attendance.

No definite information as to the plans for the development of the site was given out by the Ford interests, but it was generally accepted that furnaces and steel mills would be built here to refine and convert the ore from upper peninsula mines into iron and steel to be used in the construction of Ford cars.

Purchases of large bodies of ore lands and limestone quarries in the upper peninsula, during the year, gave credence to these rumors.

After the purchase of the site Henry Ford, the motor magnate paid a visit to Gladstone and while here inspected the site and the harbor upon which the land is located. He gave no hint as to his intentions.

Shortly after the visit here by Mr. Ford, more than 500 acres of land on the Escanaba river two miles from Gladstone were added to his holdings in the upper peninsula and a crew of 100 men were put to work clearing the land. These clearing operations are still under way. This land, it is said, will provide locations for

LEAP YEAR BRIDE

ing to take you with us. For goodness sake, Dan, introduce us, cart you!"

DAN raised a hand. "Ladies and gentlemen," he began, "allow me to present the one and only Mrs. Daniel Phillips, who has so graciously consented to bear the name and share the ancestral fortune of the house of Phillips—\$9.15!"

There were cheers and applause. In a few moments all of them were outside. Cherry found herself wedged into the rear seat of an automobile intended for five passengers and carrying eight.

Cherry, a trifle bewildered, agreed. All of these strangers who laughed and joked and said such odd things were Dan's friends. She was sure they were trying to be cordial but she felt timid.

A half hour's ride brought them to a large apartment house. The Casseys lived on the second floor. By elevator and staircase the crowd of 14 arrived at the foot almost at the same time.

Cherry, who had been introduced to Mr. Casey himself. She liked him instantly for his gray hair and crinkly blue eyes and the way that he smiled at her.

"Trying to steal a march on us, were you?" Casey demanded of Dan. "Well, we couldn't let you get away with it. Lucky devil you are, though. Going to let me kiss the bride?"

Cherry looked about for Dan and could not find him. Bill Pringle came up, grinning. "Well," he asked, "did we surprise you?"

"Oh, you certainly did! I've never been more surprised in my life. I don't see how you managed it."

"Easy." Bill told her. "As soon as I got hold of Frederick (the clerk who had issued the license) I telephoned Shannon and Casey. They got the rest together and met at the office. When I knew you'd gone back to the Bismark I gave them a call. Presto—that's all there was to it!"

THE young man at the piano had been persuaded to abandon Lohengrin to provide accompaniment for a quartette. The singers' voices had more to recommend them in the way of volume than in tone. The quartette attempted "Oh, Promise Me," but

save it up abruptly for "Call Me Sweetheart." They liked this so well that they sang it twice. There were four young women in the crowd besides Dixie Shannon. Two were the wives of reporters. A slim girl with red hair cut short and wearing a tailored tweed suit was introduced as Doris Ware. Someone told Cherry that Doris covered news assignments on an equal footing with the men and was considered one of the best feature writers in Wellington. Cherry was not sure she liked her. She thought Miss Ware rather reserved.

The fourth girl was Connie Randolph from the society department, a tall, slender brunette whose black satin frock outlined her figure frankly. She had barely shaken hands with Cherry and then drifted away.

Suddenly Cherry saw that rugs had been pulled back in the next room and that couples were dancing. She looked about again, rather anxiously, for Dan. There he was sitting in the far corner beside Connie Randolph. They seemed to be in earnest conversation.

Dixie Shannon's gaze followed Cherry's. "Don't mind Connie," Dixie said in an undertone. "She's the office vamp but nobody takes her seriously. Connie was missing when they passed out the brains—and she's been missing ever since!"

Louder she said, "Bill, will you tell Dan we want him over here. Tell him to make it pronto." The words were casual but Cherry thought that beneath this assumed air Dixie was displeased.

Casey appeared bearing a tray with glasses and a plate of sandwiches. There was an instant chorus of applause. Bill Pringle complied with Dixie's instructions and a moment later Dan reached Cherry's side.

"Getting acquainted?" he asked, smiling. "They're a great bunch, Cherry. You'll be crazy about them all. Would it be too much of a favor to ask my wife if she'd have the next dance with me?"

Cherry flushed with pleasure as she arose. An orchestra half way across the continent was playing a melodic German waltz. The notes floated out sweet and clear from the radio. Dan and Cherry had never danced together before but their steps matched perfectly.

Dan whispered, "The next time we pass that door slip through it. We're going to make a getaway. Mrs. Casey will help us."

Five minutes later they were hurrying down a rear stairway. Another five minutes and Dan was helping Cherry into a taxicab.

As the cab rolled along through the darkness Cherry thought, "This can't really be me! I can't believe so much could happen in 24 hours."

Fortunate for her that she could not foresee the next 24 hours.

It is perfectly right that if a country has no money to pay its debts it has no right to spend the taxpayers' money on an armaments race between people who have all-outlived war.

LEGION REJECTS STATE AIR TOUR

Expense Is Deemed Too Great; Curley to Go To U. P. Meeting

Possibility that Manistique would be on the schedule of the Fourth Annual Michigan Air Tour was spiked Thursday evening at the regular monthly meeting of Manistiqu Post No. 82 of the American Legion.

This spring in considering the plausibility of having the tour stop here, the Legion voted against it. About a week ago, however, two Pathfinder planes mapping out a schedule for the tour, came here of their own volition and asked that the matter be reconsidered.

Curley Is Delegate

Other business consummated at the meeting was the appointment of Robert D. Curley as a delegate to the Upper Peninsula Legion convention which will be held on June 24, 25, and 26, at Sault Ste. Marie.

Further organization of the American Legion Junior baseball league was made with the appointment of managers for the four teams which will compete here this summer.

Norman Lang of Chicago attended his brother as best man, while ushers included two other brothers, William Lang of Rochester and Malcolm Lang of Manistique.

Eugene Dressler, tenor, formerly of Rockford college faculty and now of Chicago, sang during the ceremony.

A small wedding reception was given at the Purdy home following the service. Bouquets of pink and blue flowers formed the decorations.

Mrs. Purdy attended her daughter's wedding in a gown of gray lace and georgette, while Mrs. Lang, mother of the bridegroom, was attired in a gown of blue lace. Both wore gardenia corsages.

Following the reception the couple left for a motor trip to the east after which they will make their home in Manistique, Mich., where Dr. Lang is practicing. As a going-away costume the bride wore a blue crepe suit with figured red blouse, and dark blue hat.

The bride was graduated from Rockford college, and later was a member of the faculty there. She did research work in the biologic department of Mayo clinic.

Dr. Lang was graduated from the Northwestern university school of medicine where he was a member of Phi Rho Sigma, national medical fraternity. He later did research work at the Mayo clinic and is now practicing in Manistique.

Out of town guests for today's nuptials included Mrs. Frederick C. Lang of Minneapolis, Minn.; Malcolm Lang of Minneapolis; Norman Lang of Chicago; Mr. and Mrs. William Lang of Rochester; Mr. and Mrs. George Brooks of Haverhill, Mass.; and from Rochester, Dr. Stuart McQuiston, Miss Charlotte Conner, Dr. and Mrs. Norman Cook, Dr. and Mrs. Charles Sheard, Dr. and Mrs. Raymond Allen, Miss Julia Herrick, and Margaret Drew.

Miss Nellie Purdy and Richard Purdy, both of Middletown, N. Y., Dr. Irene Sandford of the University of Chicago; and Miss Marjorie McDonald of Nashville, Tenn., were also among the guests from other cities.

Lang-Purdy Nuptials

The Rockford Register, Rockford, Illinois, on Saturday carried the following story on the wedding of Miss Charlotte Purdy, of Rockford, to Dr. V. F. Lang, of this city:

In an impressive ceremony performed in Rockford chapel this afternoon at 4:40 o'clock, Miss Charlotte Purdy, daughter of Mr. and Mrs. George Carr Purdy, 1816 National avenue, became the bride of Dr. Valorous Frederick Lang, son of Mrs. Frederick C. Lang, of Minneapolis, Minn.

The Rev. John Gordon, pastor of Second Congregational church, read the nuptial service before an altar banked with huckleberry, calla lilies, palms and ferns, and flanked with tall altar tapers.

The bride wore a gown of shell pink satin fashioned with a lace yoke and with long sleeves. She wore the veil worn by her sister, Mrs. Leslie Geddes, a veil of pink tulle fastened to two strands of orange blossoms. The bridal bouquet was a sheaf of Regal lilies tied with a satin bow.

Mrs. Geddes, matron of honor, was attired in a gown of blue chiffon, with a deep ruffled flounce at the hemline, and with elbow length sleeves. A pink hair-band with a flat bouquet of pink and blue French flowers for decoration, and pink lace mitts completed the costume. Her bouquet was of pink roses with a touch of blue delphinium.

Other attendants were Miss Catherine Needham, maid of honor; Miss Carol Breed of Wauwatosa, Wis., and Miss Frances Brown of Wilmot, bridesmaids. Their costumes were similar to that of the matron of honor, but in pink. They wore matching hats and mitts and carried blue delphiniums and pink roses.

Norman Lang of Chicago attended his brother as best man, while ushers included two other brothers, William Lang of Rochester and Malcolm Lang of Manistique, and Dr. Stuart McQuiston of Rochester.

Eugene Dressler, tenor, formerly of Rockford college faculty and now of Chicago, sang during the ceremony.

Central Baseball League Having Six Contests on Sunday

The Central Markets took the Creighton Fords into camp Thursday evening at the court house grounds in a see-saw battle while the Schuster Grocers held a bait-fest at the expense of the Island Steels and won by a score of something like 28-3.

Garnering two runs in the first inning on Kasun's homer with Hutt on base, the Fords took the lead until the third inning when the Centrals knotted the count at three runs apiece. The lead switched in the fourth frame when the Centrals filled twice while the Fords counted a solitary run.

In the fifth, however, the Fords took a one run lead by counting three times to the Centrals one, but a five run splurge by the latter team in the sixth frame put the game on ice. The Centrals counted two more in the seventh to place the final score at 13-7.

Financial reports on extra circular activities at Manistique high school during the past year show gains for football, the high school opera and carnival, and losses for basketball, debate, and according to figures compiled by R. H. Wilson, high school principal, in the Annual Students' association report.

Football, which has not been on a paying basis in the last five years (with the exception of 1931 when the books showed a gain of \$5.10), showed a surprising balance of \$117.06. Of this sum \$57.90 was donated to the milk fund. In 1927 football showed a loss of \$199.64, in 1928 a loss of \$90.58, a small gain in 1929, and a loss of \$136.73 in 1930. The 1931 football figures do not include the expenditure of football equipment made by the board of education.

Cage Sport Declines

Basketball, which for the two years previous, had more than been financially independent, nearly offset the gain showed by grid activities. A loss of \$82.94 was suffered for the 1931-32 season as compared with a profit of \$34.95 in 1930-31. \$143.29 in 1929-30, a loss of \$124.27 in 1928-29, and a gain of \$71.34 in 1927-28.

Debate work has financially never been on a paying basis. The loss this year was \$63.65 as compared with \$69.95 the year before. \$77.28 in 29-30, \$60.14 in 28-29, and \$157.88 in 27-28.

The operetta, held this March, turned in the neat sum of \$135.28, the carnival showed a gain of \$76.24, and oratory-declamation a loss of \$37.77. In 1928-29, net receipts from the carnival were \$166.32, while in 29-30, the last previous year it was held, \$135.94 was the total profit.

Football receipts for last fall were distributed as follows: Tickets sold at gate \$475.00 Student ticket sale 66.50 Net on foreign games 19.50 Total receipts \$761.30 Expenditures 644.24 Net Profit \$117.06

BOUND OVER TO CIRCUIT COURT

Walter LaLonde Waives Examination; Charged With Drunk Driving

Walter LaLonde was bound over to the coming term of circuit court and released on a \$500 recognizance bond when he waived examination in justice court Thursday afternoon when arraigned on a charge of operating an automobile while under the influence of intoxicating liquor.

LaLonde was charged with a second offense, having been previously arrested on the same charge.

LaLonde, accompanied by Charles Schooley, drove off into the swamp on Highway US-2 while attempting to negotiate the turn into the Thompson road. Persons, seeing the men covered with blood, thought they were seriously injured and sent in a call for the ambulance. Neither, proved to be seriously hurt.

The law provides at least a six-month mandatory sentence on a second conviction on this charge.

Hold-Up Man Loses Nerve; Walks Out

Four hard boiled men and a young woman drove up in a big high powered car and parked in front of a local drug store late Thursday afternoon. One of the tough looking characters got out and entered the store, his right hand clutching something in his outside coat pocket.

He walked back of the counters and behind the soda fountain, leisurely glancing here and there and taking note of "the lay of the land."

The clerk inquired as to what he wanted. The stranger inarticularly mumbled something in a deep guttural voice. "Bog pardon, what did you say?" answered the clerk. Nervous, his hand still buried in his pocket, the gentleman failed to reply.

He walked out onto the sidewalk, hastily glanced up and down the street, and re-entered the store. His nerve evidently failed him, for he soon walked out, joined his companions in the car, and slowly drove off. As he was leaving the store his hand dropped from his pocket, revealing the butt of a revolver. The car bore a lower peninsula license plate.

Edwin Nelson arrived yesterday morning by motor from Chicago to visit with his mother, Mrs. Herman Larson, Maple street.

DETROIT DROPS TWO TO TRIBE

Tigers Subdued in First By 3-1 and Second By 10 to 7

Detroit, June 3 (AP)—Detroit's Tigers clung to third place by only six percentage points today after having been wallowed in both games of a disastrous double header with the Cleveland Indians. The Tigers were subbed out in the first, 3 to 1, and were nudged out in the nightcap, 10 to 7.

Previous to today the Tigers had taken five of seven games played this season with Cleveland. The two lost were to Wes Ferrell, the star twirler of the Indians, who proved as much of a tartar as ever in the opener, holding Detroit in check throughout and winning his own game in the fifth by slamming a homer over the scoreboard with Montague on base.

Tommy Bridges held a one-run advantage in a pitching duel with Ferrell until the latter decided to take matters into his own hands. The Tigers had scored in the third on Rogell's walk and singles by Stone and Gehring.

Second Game Wild

The two runs accounted for by Ferrell were sufficient to win, but for good measure Cleveland added another in the eighth on successive singles by Morgan, Sewell and Kamm. Detroit had two on after one was out in the sixth when Davis and Rogell singled, but a double play killed the rally.

The second struggle was a wild affair. Detroit took an early lead, scoring two in the first on Stone's double, a fumble by Montague and singles by Walker and Johnson, but lost it when Cleveland tallied one in the second and two in the third, and trailed thereafter.

Herring relieved Wyatt in the fifth after Porter had singled. Clissell had sacrificed and Averill had gained a triple when Walker misjudged his line drive to score Porter. Averill scored on Vosmik's fly to Walker before the festivities were halted. In the Detroit half of the frame Rogell singled, stole second and tallied on Walker's double.

Each side scored two in the sixth. Singles by Kamm, Montague and Harder scored Kamm and sent Herring to the showers, and Goldstein replaced him. Before he could retire the side Montague had counted. Hayworth singled, Goldstein doubled and Rogell singled to give Detroit its pair.

Cleveland chalked up two more in the seventh on two walks, a sacrifice and Harder's single. Detroit came back in its half with one run on a single by Gehring and double by Johnson, the latter's coming after Connally had replaced Harder.

The eighth resulted in one more apiece. Hogsett relieved Goldstein. Clissell singled through the box, took third when Hogsett threw wild and scored on Averill's fly. Hogsett doubled, went to third as Davis grounded out and home on Rogell's fly to Porter. Both sides were retired in order in the ninth.

First Game: R. H. E. Cleveland 000 020 010—3 10 1 Detroit — 001 000 000—1 9 1 Ferrell and Sewell; Bridges and Ruel.

Second Game: R. H. E. Cleveland 012 022 210—10 11 1 Detroit — 200 012 110—7 15 1 Harder, Connally and Myatt; Wyatt, Herring, Goldstein, Hogsett and Hayworth.

Boston Braves Win From Brooklyn, 6-5

Brooklyn, N. Y., June 3 (AP)—Bob Worthington's double in the ninth inning broke up a tight ball game and gave the Boston Braves a 6 to 5 decision over the Dodgers today.

The Dodgers took a three run lead early in the game but the Braves hammered Lefty Clark out of the box in the sixth, tying the score. Hack Wilson hit his third home run in two days, off Frankhouse in the third inning. Ill Health Forces Him to Quit; Reins Handed to Terry, First Sacker

BY ALAN GOULD (Associated Press Sports Editor)

New York, June 3 (AP)—After thirty years as manager of the New York Giants, baseball's most dynamic leader, John Joseph McGraw, suddenly announced his resignation today and turned over the management of the club to the management of the club's 33-year-old first baseman, William Harold (Bill) Terry.

Illness, which he had fought for the past few years with the same aggressive, unyielding spirit that characterized his 42 years in the game, forced McGraw to relinquish his pilot's job. He has been affected for some time by a sinus condition.

He reached his decision to resign, he said, after being advised he could make no further trips with the Giants this season. He then selected Terry to succeed him because: "It was my desire that man be appointed who was thoroughly familiar with my methods and who had learned his baseball under me."

Will Not Retire McGraw made it plain, however, he will not retire from baseball. He will retain his stock holdings in the Giants and remain as vice-president, assisting President Charles A. Stoneham in the executive affairs of the organization.

He declared he would be "on hand at all times, my health permitting, when needed" for counsel or advice by Terry, but made it clear the first baseman will have "full, complete charge and control of the team and will have to assume entire responsibility thereof."

The appointment of Terry caught the baseball world with even greater surprise than the retirement of McGraw from the field of action. For several years, the veteran's prospective successor has been subject of debate and conjecture. At one time the finger pointed to Rogers Hornsby, but the Rajah's mysterious departure to Boston squelched this idea.

To quiet rumors over a year ago, President Stoneham announced McGraw had signed a new five-year contract. Then it was supposed Dave Bancroft, former shortstop and so far this year McGraw's first assistant, was being groomed for heavier responsibilities. Bancroft ran the team when McGraw was absent and apparently held the place of confidence.

Now, however, with the selection of Terry, there is doubt as to whether Bancroft will remain with the club at all. Neither the club's officers, McGraw nor Terry committed themselves as to Bancroft's future status today, Terry, while saying the matter

Bobby Brown Is Sensation With Braves

BY GAYLE TALBOT (Associated Press Sports Writer)

New York, June 3 (AP)—It was three years ago, about this time, that Scout Jack Slattery of the Boston Braves decided to go to Hull, Mass., and have a look at young Bobby Brown, a high school hero.

Bobby, up to that time, had won nine straight games for the Hull Hornets. Slattery sat in the stands as the 18-year-old phenom made it ten straight and ran his strike-out record for the year to a round 150.

Brown soon became a member of the Braves family. It was only this season, however, that Manager Bill McKechnie decided to unveil him before a major league public.

Has Fast Ball In the meantime the tall, somewhat bushy lad picked up valuable experience, first in the Three-Eye league and then, last year, with Binghamton in the New York-Penn. He didn't burn up either circuit, but he won 18 games last year and learned how to control a fast ball, his chief stock in trade.

"That's what I'm mostly using now," he said today explaining the string of five straight triumphs that has made him one of the most discussed rookies in either league. "I'm pitching just like I always have, giving them a fast ball with a hop and putting it right where my catcher, Al Spohrer, says."

Rabbit Maranville, the 40-year-old youngster who shares Brown's quarters while on the road, insisted on getting in his share of the interview: "And to what, Mr. Brown, do you attribute your great ability?" "To my great room mate," Brown answered obediently.

CHICUBS LOSE TO PIRATES, 6-5

Tony Piet's Home Run in 11th Inning Turns Back Bruins

Pittsburgh, June 3 (AP)—A long home run into the lengthening shadows in center field gave the Pirates a 6 to 5 victory over the Chicago Cubs after 11 innings of good and bad baseball today.

It was Tony Piet, hustling Pittsburgh second sacker, who broke up the game. With none on and none out, Tony cracked Jackie May's first pitch out to the flagpole and then jogged home.

The Cubs threatened in their half of the eleventh. The first two batters singled, but Steve Swetonic, who went the route, tightened up to fan Hornsby. The next two were easy.

Swetonic registered his fifth consecutive win under difficult conditions. Three errors behind him stretched the game.

Both teams hit hard and often. Smith, starting for the Cubs, made way for May in the eighth after the Cubs had grabbed a one run lead. The Cubs, however, tied it up in the ninth.

Herman and Jurgas came through with three hits apiece to lead the visitors' attack.

Chiefs Sorry McGraw Quit As Manager

(By The Associated Press)

John A. Heydler, National league president—"It was with great regret that I learned of the resignation of John McGraw. He was our foremost manager and an unquestioned asset to the game. We joined the National league at practically the same time."

Connie Mack—"The whole baseball fraternity will feel keenly the passing of such a man from active participation in it. To lose his brilliant mind is a blow to the game."

Kid Gleason, Oriole teammate—"I can't believe it. I just can't imagine him moving out of the picture."

Emil Fuchs, president Boston Braves—"I'm sorry he has stepped aside. It's hard to believe he no longer is a manager in our league."

Joe McCarthy, Yankees manager—"McGraw must have been pretty sick, for he is not the kind to give up baseball without a reason."

Max Carey, Dodgers manager—"The change is the biggest surprise of the baseball season. Bill Terry is a smart player, knows the game, and should make a capable manager. As McGraw's successor he has a big job."

Bill McKechnie, Braves manager—"It's a most unexpected and drastic change in our league. McGraw has left behind a notable record. He'll be missed in baseball circles."

Judge Kenesaw Landis, high commissioner of baseball—"John J. McGraw has been a great character in the development of the game and I am very, very sorry to see him go."

"Gabby" Street, manager of the St. Louis Cardinals—"It's too bad McGraw has left baseball after so many years as a leader. I'm sorry to hear it. He has been one of the shrewdest men in baseball."

Rogers Hornsby, manager of the Chicago Cubs—"Baseball is going to miss the color, fire and council of McGraw. He has been a great leader, not only for the New York Giants, but for all baseball."

Mrs. Moody Last Yankee in French Tennis Championships

Auteuil, France, June 3 (AP)—Mrs. Helen Wills Moody, already holder of the doubles title with Elizabeth Ryan, tonight remained as sole hope of the United States to annex another crown in the French tennis championships.

Mrs. Moody, three times holder of the singles title, will seek her fourth Sunday in the finals against Mme. Rene Mathieu, France's leading woman player, who defeated Betty Nuthall, England, in the quarter-finals today, 6-2, 6-4.

Henry Cochet, leading player of France and the world, took care of the last American invader in men's singles, Gregory Mangin, in the quarter finals. He gave the American indoor champion a tennis lesson to win almost as he pleased, 6-3, 7-5, 5-7, 6-3.

Monzel, veteran Davis Cup player, sprang an upset in defeating Fred Perry, English internationalist, 3-6, 6-1, 1-6, 6-3, 7-5, and Destefani caused a mild flutter by eliminating another English player, H. G. N. Lee, 6-2, 9-7, 6-2. It was Lee who put out Rene Lacoste, French star attempting a comeback after three years retirement, yesterday.

Bernard gained his semi-final berth by defeating G. Littleton Rogers, the giant Irishman, 6-4, 6-3, 6-4, 3-6, 6-2.

Leading Batsmen in Big Leagues

The heavy hitting of the Yankees and the Athletics was reflected in the standing of the leading hitters of the American League yesterday.

Tony Lerner, who connected five times in six trips to the plate, made the biggest gain and came back to the Big Six, replacing Gerald Walker of Detroit. Tony's average shot up 24 points to .357 while Walker lost ten points. Jimmie Foss gained five points with two hits in three official times at bat and Bill Dickey hit two out of four for a three point rise. Paul Waner, the only National Leaguer to play, held his mark at .401 with two hits in five tries. The standing:

Lou Gehrig Hits Four Homers Against Athletics

YANKEES TAKE GAME BY 20-13

Nine Circuit Blows Are Features, Many Records Set

Philadelphia, June 3 (AP)—Lou Gehrig performed a feat that is unequalled in "modern" major league history, that of hitting four home runs in one game, to carry the Yankees along into a series of record-breaking slugging stunts today as they pounded out a 20 to 13 victory over the Athletics.

Not since 1896, when Ed Delahanty of the Phillies turned the trick, had a player hit four homers in a game, and the only one who ever hit four in a row before was Robert Lowe of the Boston Nationals, who did it in 1894.

Lou touched big George Earnshaw for his first three homers and Leroy Mahaffey for the fourth, all but one of them coming with the bases empty. The homers came on Gehrig's first four trips to the plate.

Three other Yankees, Babe Ruth, Earle Combs and Tony Lazzeri, hit homers while Mickey Cochrane and Jimmie Foxx of the A's hit for the circuit to tie the two other standards. They were the major league record of seven in a game by one team and the American League mark of nine by two clubs.

Other records which fell were the modern major league mark for total bases by one team and the American League standard for both teams. The Yanks hit for 50 bases and Philadelphia for 27. The marks that fell were 46 by Brooklyn and 75 by the Yankees and Athletics in 1930.

Foxx' homer, which came in the ninth, was his 19th of the season, leaving him four up on Ruth, who clouted No. 15. Lazzeri's four bagger, coming with the bases full in the ninth inning, finally settled the game and topped off a slugging performance which included a triple, a double and two singles.

Other records which fell were the modern major league mark for total bases by one team and the American League standard for both teams. The Yanks hit for 50 bases and Philadelphia for 27. The marks that fell were 46 by Brooklyn and 75 by the Yankees and Athletics in 1930.

Golfing

BY ART KRENZ

—NOTICE—
THAT THE LEFT HAND AND ARM ARE THE DOMINATING FACTORS IN THE SWING OF CHARLES KOCSIS

(Copyright 1932, NEA Service, Inc.)

If you've played this spring and your tee shots have not been straight, it probably can be blamed on the long winter layoff. After some corrective practice, you ought to straighten out easily.

The reason is that the left hand, missing the exercise it gets in the golf swing, has lost some of its strength. This leaves the right hand in command for the first few times. The overpowering right turns the club face out of position, cutting across the line of flight from the outside.

To correct this, grip the club lightly with the right hand and take a firmer grip with the left. Let the left dominate both the backswing and the downswing.

Collectors Buy Lincoln Relics At Fancy Prices

Chicago, June 2 (AP)—The Henry M. Leland collection of Lincolnia was sold at auction here tonight at prices regarded by collectors as being "very good considering the times."

Lithograph prints of the Civil war era, in which the collection of the late Detroit man was unusually rich, sold at prices better than those received in many previous sales. Autographs, however, were under former prices.

A considerable part of the 171 items were purchased for Brown University. Eastern collectors also bought many times.

A letter written by the emancipator to the Illinois Central railroad, which he was representing in a law suit in 1854, was sold for \$475. A letter Lincoln, as president, wrote to his secretary of war relative to the wish of the governor of New Hampshire to have the Fifth Regiment of that state returned for use in event of draft trouble brought \$475.

Detroit (AP)—A motion for a new trial for Lonnie Jenkins, Detroit street car conductor now serving a life term in prison for the slaying of his wife, is under reconsideration by Recorder Judge Christopher E. Stein. Arguments on the motion were completed by attorneys for Jenkins Wednesday, and Judge Stein is studying the case.

MARQUETTE U. MEET WINNER

Metcalfe Leads Team to Victory in Track and Field

Milwaukee, Wis., June 3 (AP)—Ralph Metcalfe, negro sophomore, led Marquette university to victory tonight in the seventh annual Central intercollegiate track and field meet under the floodlights of Marquette stadium. Marquette had 38 1/2 points; the University of Wisconsin 33; and Notre Dame 28.

One national intercollegiate record, the high jump, was broken as Bert Nelson of Butler cleared the bar at six feet, 7 7/8 inch to beat the six feet 7 1/4 mark set by W. C. Haggars of Texas in 1926.

Nine meet records were blasted and three others were tied. Taking the spotlight with Nelson was Metcalfe, winner of the dash events and pace man for the winning Marquette relay team.

Other entrants finish as follows: Michigan Normal 22; Michigan State 21; Bradley Tech 8; Illinois Normal 8; Butler 5; University of Chicago 5; Detroit City college 5; Western State of Michigan 5; De Paul 1 and University of Detroit 1.

A national intercollegiate record fell in the high jump as Bert Nelson of Butler sealed the bar at 6 feet 7 7/8 inches. The national collegiate record of six feet 7 1/4 inches had been held by W. C. Haggars of Texas since June 1926. In his jump Nelson beat his own central intercollegiate mark of six feet 1 1/4 inches set last year.

Reed of Bradley Tech annexed a meet record in the 220 yard low hurdles by clearing them in :24.1 to better the :24.5 mark set by Thompson of Marquette two years ago.

Illinois State Normal came through to win the two mile run when Fricke came from behind in the stretch to trot the distance in 9:40.5.

Metcalfe again scored for Marquette by leading the hitlop relay team to victory in the 880 yard event in 1:29.1 for another new meet record. The previous relay record of 1:30 was set by Michigan State in 1927.

Another meet record toppled as Pongrace, Harvey, Warren and Keast made the mile relay in 3:20.6 to win for Michigan State. Notre Dame was second; Michigan Normal third, and Wisconsin fourth. The previous record was 3:22.5, made by De Pauw in 1929.

Brooks of the University of Chicago leaped 23 feet 7 1/2 inches to better the old mark of 22 feet 9 inches set by Alderman of Michigan State in 1926.

In the pole vault McKinley of Michigan Normal soared 13 feet 4 1/2 inches to win.

Schram of Marquette, Escanaba vaulter, tied for second in the pole vault with Rohrbach of Notre Dame.

WAR VETS ARE GIVEN WARNING

Small Funds Available To Feed Marchers At Washington

By MELBOURNE CHRISTERSON (Associated Press Staff Writer) Washington, June 3 (AP)—With the "On-to-Washington" parade of war veterans demanding bonus payment gaining recruits from coast to coast, Washington police today served notice that their role as hosts was being overplayed and the end was in sight.

Brigadier General Pelham D. Glassford, superintendent of police, announced that when the funds and food on hand and the meagre donations promised are exhausted, he would no longer assume responsibility for the care of the thousands already here and expected.

What will be the lot of the invading former soldiers then was not disclosed. Glassford intimated he had made plans for evacuating the campers now bivouacked in vacant buildings and open fields, but he declined to reveal his intentions.

Besiege Congress
Tonight Glassford had \$78 in cash, \$178 in food and a promised check of \$500 as his total resources for feeding and housing approximately 1,000 campers. About 1,000 more are drifting through the city's charitable houses.

Meanwhile, the veterans besieged congress, seeking signatures to the Patman petition to call up the bonus bill for a vote. Fourteen more names were gained today. The petition now has 132 of the necessary 145 signatures.

From the Far West, the South and the North, hordes of veterans continued their march today—some riding on freight trains, some in passenger coaches, some on trucks and some afoot. Police here have reports of 5,400 enrollees.

As they filter in, the newcomers are routed to Anacostia Park, near the navy yards, where a rough shelter—no walls or sides—is being erected.

If possible, police will concentrate them all in Anacostia. Some six hundred are billeted in three abandoned buildings, widely separated, where strict military rules prevail and radicalism is forewarned.

Nevertheless, two communist leaders, Emanuel Levin and Samuel J. Stember, called upon the veterans' leaders this afternoon. They seek to stage a mass demonstration June 5—the night after the benefit show in Griffith stadium.

Although General Glassford keeps his silence, it is believed that if the campers join, their stay here will be cut short with swiftness and precision.

SEABURY WILL PRESENT CASE AGAINST MAYOR

facted.
"If the evidence in any case now before the legislative committee in their judgment or that of their counsel warrants, it is time for the legislative committee and their counsel to stop talking and do something."
"It is not the time for political sniping or buck-passing."
The statement was Roosevelt's answer to an intimation from Seabury that he was delaying the filing of charges to allow the governor to take the initiative if he chose. It brought a variety of reactions and comments.

State Senator Samuel Hofstadter, committee chairman, and other Republican members of the inquiry boards read the statement in silence.

Supports Walker
Assemblyman Irwin Steingut, Democratic minority committee member, declared:
"The governor has hit the nail on the head when he refers to sniping and buck-passing. All Judge Seabury is attempting to do is to toss the whole situation into the realm of politics."
"He knows full well he has nothing upon which to base charges against Mayor Walker."

Roosevelt's campaign managers said the governor had demonstrated in vigorous manner he will not allow himself to be made the dupe in any plan to embarrass him on the eve of the national convention, at which he hopes to be nominated for the presidency.

The mayor himself refused to comment.
Meantime, James A. Farley, field marshal of the Roosevelt forces, eyed with satisfaction what he called the growing sentiment for Roosevelt in the "favorite son" states of Illinois, Texas and Oklahoma.

As the convention approaches political observers are watching with interest a complex situation centering around the question of who will put Roosevelt in nomination at Chicago.

The custom is for the nominating speech to be made by a delegate from the candidate's own state. Roosevelt, with his famous "happy warrior" speech, nominated Alfred E. Smith in 1928.

This year Smith is not in a position to return the honor. He has broken politically with the governor, and is a candidate himself.

The present preference of Roosevelt managers is Robert F. Wagner, U. S. senator from New York. Wagner is a close friend of both Roosevelt and Smith and is a Tammany man. He will be a candidate for re-election in November.

Do You Remember?

When Gladstone had a merchant's dock at the end of South Tenth street? Considerable package freight was received at this dock back in the days when the boats were running. When boat service was abandoned, the warehouse and office was moved to the corner of Tenth and Washington avenues. Gladstone, and used for a garage for several years. Later, the garage building was torn down and on old station erected on the site.

When the old Gladstone cemetery was located at Lake Minnawasca on the top of the bluff, north of the present Fernwood cemetery? A fox farm is now located near the old cemetery site.

When George Perry, a dignified old gentleman, with a reddish goatee, was mayor of Gladstone? That was about twenty years ago.

When the Fair Store was located in the old Ben's Theatre building, 1000 block in Ludington street, and in the springtime there were tube filled with marbles in front of the cashier's window? Those were the days when the boys could get all the marbles they could hold on in one hand for a penny.

175 ATHLETES COMPETING IN ANNUAL EVENT

outstanding men are V. Johnson of Iron Mountain and Yatchak of Wakefield. The high hurdles will bring together Olson of Kingsford against these two men and a close race seems in the offing. The pole vault is expected to be a thrilling duel between Anderson of Escanaba and Olson of Kingsford with the relay record of 11 feet, 8 inches, held by Schram very much in danger.

The Eakymos are good prospects in two of the relay events—the mile and two mile relays but expect little in the class B medley. The Soo will make a big for the class B medley, a race which they won three times in a row. Kingsford appears to be the outstanding foe of the Soo for this cup.

Ore Shipments Hit Low Level in May

Docks at Escanaba and Marquette were without ore movement during the month of May for the first time in many years. Duluth and Two Harbors docks were also idle, while the two docks at Ashland and three at Superior shipped 110,825 tons. This was a decrease of 93.74 per cent under 1931. Escanaba's first cargo of the season came this week, with 9,500 tons consigned to the steamer Louis W. Hill for Detroit.

A comparative statement issued by the Lake Superior Iron Ore Association shows the 1932 decrease of 1,790,317 tons in ore shipments from upper lake ports to June 1, a decrease of 92.04 per cent.

The Hill arrived at the C. & N. W. docks Friday afternoon, delayed about 24 hours by fog.

Quinn Is Likely Winner At Chicago
Chicago, June 3 (AP)—Tim Quinn, sturdy little half miler from Ludington, Mich., who last year cracked the Stag interscholastic meet record for the event by covering his favorite distance in 1:57.2, is regarded as the likely winner in the event at the twenty-eighth annual renewal of the meet on the midway tomorrow.

Close to 500 track and field stars from twenty states will wage assaults on the national records, lured on by a chance to land positions on America's Olympic team. Oak Park (Chicago) Illinois State champion for three straight years, and Roosevelt High of Dayton, Ohio, led by its great hurdle star, Amsden Oliver, were regarded as favorites for the team championship.

VOTE TODAY IN HOUSE ON TAXES LOOMS

(Continued from Page One)

Increased rates voted by the senate, including the high income tax schedule.

The bill also retained the four tariff items which caused so much dispute before the senate—levies on oil, coal, copper and lumber.

A compromise was reached on the corporation tax with a figure of 13 1/2 percent for single corporation returns and 14 1/2 percent for consolidated returns.

The boost in second class postal rates voted by the senate was kept in the bill together with the three cents rate on first class mail.

Gas Levy Approved
All of these rates and the special excise taxes are to be effective only until July 1, 1934.

The language of the senate schedule on the communications taxes was retained with exemptions for radios and newspapers. This calls for telephone taxes of ten cents on messages of fifty cents to one dollar; fifteen cents on one dollar to two dollars; and twenty cents on calls of more than two dollars; five percent on telegraph messages; and ten cents on cable and radio messages.

The lower exemption of 41 cents on the admission tax of ten percent, voted by the senate, was approved.

The last minute taxes added by the senate in response to the appeal of President Hoover and Secretary Mills for new funds—the levies on gasoline and electrical energy—were approved.

The three percent electrical tax, however, was changed from a levy on gross income of the power companies to a consumers' tax on electrical energy.

The controversial minimum tax of one fourth of one percent on stock transfers was eliminated but the conferees agreed to increase the flat four cents a share tax to five cents a share on stocks selling for more than \$20.

The flat rate of four cents for each \$100 of face value of bonds was kept in the bill. Senate exemptions from the admissions tax for the Olympic games and for collegiate sports were knocked out.

Haight Appointed On Aviation Board
Lansing, Mich., June 3 (AP)—Dr. A. L. Haight, of Crystal Falls has been appointed a member of the state board of aeronautics by Governor Brucker. He succeeds S. R. Elliott, of Ishpeming.

Von Hindenburg Is Virtual Dictator
Berlin, June 3 (AP)—President Paul Von Hindenburg became virtual dictator of Germany today with the apparent approval of Adolf Hitler and his stormy Nazis.

The formal action which put the veteran commander of the kaiser's imperial armies in the saddle was a decree he personally issued dissolving the reichstag—a move which sidestepped certain veto of the new "titled" cabinet of Franz Von Papen.

The dissolution, however, means that a general election will be mandatory within sixty days. It was indicated that the date would be set by emergency decree for sometime late in July. Such an election would give Hitler his chance to make good the claim that the Fascists could control the reichstag if a general election were held.
