THE ROOT SYSTEM of the squash vine develops a surprising amount of mileage in its daily search for food. The actual space covered by the 15 miles of roots amounts to but a square foot, however, for most of the immense mileage is made up of delicate root hairs, almost microscopic in size, which are to be found sticking out of the larger roots. By the process known as "osmosis," these root hairs absorb the food compounds so necessary to the growing plant.

Unveil Memorial Today

Statue of the late James Cardinal Gibbons to be unveiled today at Washington, D. C.

The outstanding feature of the Golden Anniversary Convention of the Knights of Columbus will be the dedication, today, at Washington, D. C., of the memorial statue of the late James Cardinal Gibbons and its presentation to the American people as the gift of the Order.

One of his most notable traits was what may be termed his "new" outlook. He was neither afraid of innovation or fettered by precedent. More than once he said and did things which were out of harmony with the settled past.

STOCKS CLOSE TRIFLE LOWER

Table with columns for stock prices, including 'STOCK MARKET AVERAGES' and 'NEW YORK STOCKS (Last Sales)'.

BY JOHN L. COOLEY (Associated Press Financial Writer) New York, Aug. 13. (AP)—The stock market was churned up considerably today as conflicting cross currents swept over it...

Today's buying was apparently of two-fold character, some of it representing new purchases by bullish investors who had missed the previous rally and wished to enter the market once it reacted...

The bond market reacted after a week of rising prices and this may have imparted fresh momentum to the selling of stocks. However, most bankers appeared to feel that the moderate setback in the primary investment market was in order and its action today was interpreted as a belated...

The weekly trade reviews sounded a somewhat more cheerful note. While no important reaction of better industrial feeling was reflected in the heavy industries, aside from a somewhat firmer tendency for scrap iron, a fairly substantial increase in movement of some textile lines was reported...

DAY'S MARKETS IN BRIEF

New York, Aug. 13. (AP)—Stocks steady; leaders supported after early dip. Easy profit taking resumed. Bonds heavy; rails weak. Curb irregular; leaders more erratically. Foreign exchange steady; Sterling easier. Cotton steady; trade buying. Sugar and coffee closed. Wheat: easy; bearish government weather forecast. Corn: easy; good rain in Kansas and Nebraska. Cattle: steady. Hogs: quiet.

CHICAGO PRICES

CHICAGO GRAIN Chicago, Aug. 13.—Well-defined reports that Great Britain would give a substantial measure of preference to Canadian and Australian wheat put prices here under new pressure today. Unsettling of the New York stock market had a contributing bearing, and despite prospects of a further decrease of the amount of wheat on ocean passage, foreign advice furnished no hint of any more desire to purchase. Much noise was taken of a statement from Chicago trade authorities that to give the market any real basis for an advance enlarged export business in United States wheat would be a necessity.

CHICAGO LIVESTOCK Chicago, Aug. 13.—Cattle: 1900; combed week ago weights steady to higher; all grades light steers and long hampers fully 25¢ higher; instances 50¢ higher; bulls 10-15¢ up; weaners 1.00 higher; stockers and feeders very scarce and largely 25-50¢ over week ago. Sheep: 2000; today's market nominal; for week ending Friday 18¢ higher than feed steers, 18.25¢ direct; better grade lambs strong to 25¢ higher; others mostly steady; lower in instance; sheep and feeding lambs unchanged; small receipts and broad shipping demand marked the late trade; choice 7.84-10, range lambs 6.98-7.25; good to choice natives 5.50-6.00; good 4.25 and 6.40; lattice price extreme low for week; market through to 4.75 to 5.00; native 3.50-4.00; yearlings 4.00-4.50; fat ewes 1.00-1.25; around 78-100; feeding lambs 4.50-5.00; choice 1.15; black market 4.75-5.00. Hogs: 9000; including 8.50 direct; steady to weak with Friday's average; market 7.75-8.00; corn 1.25-1.30; packing 3.50-4.00; compared week ago 15-25¢ higher; shippers took 99; however 1.00.

BONDS SUFFER PRICE DECLINE

Table with columns for bond prices, including 'BOND MARKET AVERAGES' and 'NEW YORK CUBS (Closing Quotations)'.

New York, Aug. 13. (AP)—Despite some wide fluctuations in speculative lens, and a sharp drop in United States treasury issues, the worst that could be said of the bond market today was that it closed the week on a slight minor note. The day's turnover was somewhat larger than for a Saturday short session, sales totaling \$7,481,000. The average for 60 selected corporate loans declined two-tenths of a point, the second fractional recession in around a month and a half.

Losses of 1/2 to more than a point were suffered by the treasury group following a ruling late yesterday by Attorney General Mitchell of the effect that currency issues against the 3-3-8s, 3-1-8s and 3s under the Glass-Bradley bill must be cancelled at the end of the three-year period stipulated in the act and the bonds redeemed by the bank which had issued money against them.

Some of the railroad bonds, which have jumped like pool stocks in the last week or so, nose-dived in early trading. Higher-grade issues, however, showed resistance and later recoveries enabled the transportation list to close at about its level of Friday.

A number of the utilities were under pressure and failed to carry over the close, while others showed resistance to realizing. The industrials were moderately firm. Foreign obligations were unusually quiet with fractional changes being in the majority. The Germans steadied, as did the French and British, while loans of Japan showed some rallying tendencies.

Narrow Changes In Curb Mart Prices

New York, Aug. 13. (AP)—A highly confused price movement characterized the curb market today, due to alternating periods of profit taking and fresh buying. Realizing carried the most weight in the first hour, but thereafter many of the leaders picked up rather sharply and closed a little to the good. Transactions totaled 240,000 shares. Utilities fluctuated over considerable ground, and while several closed a point or so lower, such leaders as Electric Bond & Share, American Gas & Electric and United Gas Preferred stepped on the plus side after steep recoveries from their early lows. Cities Service Preferred, Electric Bond & Share per cent. Preferred and National Power & Light were the heaviest losers, showing declines of 1 to 2 points.

CORNELL NEWS

Cornell, Mich. (Special)—For the first time in many years—Cornell has a baseball team. It is composed of the young men of the locality and up to date is doing quite strong. Owing to their lack of experience the number of games won by them is very small but with more experience the team will surely do better as the boys are cooperating and showing signs of real sportsmanship. Seven games in all were played, two of which were won by the boys, one from the Finn team and one from the married men of Cornell. Owing to a rain storm the Cornell-Flatrock game was called off Tuesday evening at the end of the first inning, at which time the score was 8 to 1 in favor of Flatrock. Julius LaRosa and family and Mrs. Tillie LaRosa who have been visiting at the Harvey Dahn and Earnest Burson homes for the past week returned to Green Bay Tuesday morning. Luke Fleming who has been away to the Citizens Military Training Camp at Sault Ste. Marie has returned to his home. The threshing season opened last week with Frank Sahn threshing his own grain. Joseph Jolly opened his tour with his own grain also. The yield seems to be a little better than last year. West Winfield, Pa., has constructed a modern recreation room and dance hall in an old mine 300 feet under ground.

Gladstone News

Clifton Hill Books Two Speaking Dates Pertinent Comment Bulletin No. 52 of the federal bureau of home economics is a striking example of the departure of government into matters which are ridiculous, if nothing more. This bulletin presents to the housewives of the country a design for a very simple pair of pants and under-waist for the small boy, with instructions as to teaching the young man how to dress and undress himself. Accompanying the design is this advice: "It is suggested that, until a child has become entirely familiar with the intricacies of buttons and buttonholes, all his trousers be made from the same pattern, with fastenings in the same place."

SOCIAL

Entertains Friends Miss Jane Warner entertained a group of friends Saturday afternoon at her home, 226 Central avenue, in observance of her seventeenth birthday. At the close of the afternoon a delightful 5:00 luncheon was served at the Green Lantern Tea Room. The guests were: Misses Mary Watson, Margery Farley, Violet Boldus, Dorothy Brockaert, and Ruth Warner.

Miscellaneous Shower Mrs. Chas. Beck, daughter of Mr. and Mrs. Henry Lucier, 1320 Dakota avenue, was feted at a shower party given Thursday evening at the home of her parents. Thirty guests were present. Card games and huncos were the main diversions of the evening. In five hundred, Mrs. Wilfred Hood was high. Mrs. Frank Hood, second, and Mrs. Alphonse Maska Stock received high and Mrs. Albert LeGault, low. In huncos, high, second high, and low went to Mrs. Axel Frank, Mrs. Gust Maska, Kipling, and Mrs. Gunter Holmberg, Kipling, respectively. Mrs. Chas. Beck received the door award.

Shower Party Miss Linnea Anderson was honored at a pre-nuptial shower held Friday evening at the Lindberg cottage at Schaeve's Lake. During the evening a mock wedding was presented and card games were enjoyed. In the bride games high honors went to Miss Edith Lindberg and consolation, to Miss Lillian Johnson. Mrs. Vels Granberg received high and Miss Ellen Glenfield, low. Mrs. Chas. Bradley scored high in smear. A tasty luncheon concluded the evening and the honored guest received a lovely gift.

Miss Anderson is a daughter of Mr. and Mrs. Chas. Anderson, 517 Wisconsin avenue, and is a graduate of the Gladstone high school. She is a teacher at the Home and Training School, LaPere, Michigan. Miss Anderson will become the bride of Jari Bernard Oster, Detroit, next Friday at the Anderson home, with Rev. C. E. Olsson performing the ceremony.

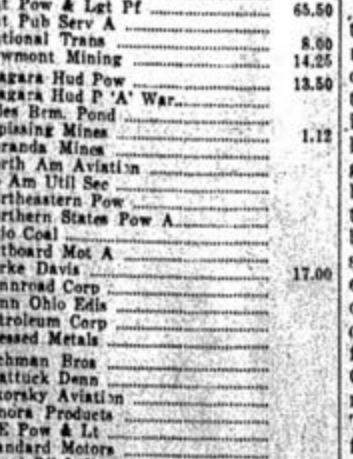

THEATRES

That the romantic troubles of young love during the first year are mostly fleeting is the dramatic thesis of the latest Janet Gaynor and Charles Farrell comedy drama, "The First Year," at the Rialto Theatre today and Monday. Adapted from the Frank Craven stage play of the same name, it presents Janet and Charles as two entirely understandable youngsters of the present day. Miss Gaynor, as the charming, marriageable young daughter of an average American parent, is said to combine her characteristic wit-tfulness with a deep understanding of dramatic values. Charles Farrell is her lover again, but this time he marries her and starts an era of hilarious strife. Events, taking the stars to two typical American cities in the Middle West and putting them through the usual difficulties of young people made in love with each other, quickly come to a climax. There is the matter of a going business given up for the sake of the young wife, a big real estate deal, a spat, a parting and a reconciliation. The adjustment of their differences is said to provide one of the most humorous episodes in Gaynor-Farrell screen history.

Take Speed Boat For Night Ride

Paul Louis, of the Louis Grocery, reported yesterday morning that his speed boat had been stolen from the docks at the point in East Gladstone. Police started a search for the boat but before they could learn a great deal, the boat was returned. The boat had been used by persons who are now known to the owner and the police. It has been taken from the dock at about 9 o'clock the night previously. Louis had removed his motor from the boat but the parties using it had provided their own motor. Where they went has not been learned. Whether or not the parties will be prosecuted has not been determined.

ISLAND TO GET A FIRE TOWER

Visitors May Get Bird's Eye View of Entire Straits Country A forest fire tower rising 60 feet above the highest point on Mackinac Island and giving a commanding view of the entire "Straits" country will be built this summer, it is announced by the Division of Field Administration of the Department of Conservation. The tower will be one of seven to be erected this season. The Mackinac Island tower will not be one of the standard type but will have a spiral staircase within the steel structure for the convenience and safety of visitors. It is probable that thousands of visitors to Mackinac Island State Park will take advantage of the opportunity to obtain a "bird's eye view" of an area considered as outstanding for its scenic beauty. The tower will facilitate forest fire detection for Les Cheneaux and southern Mackinac County and the entire northern tip of the lower peninsula.

Lockman's Mystery Show At Coliseum

"Locks don't lock him," they say of E. A. Lockman, magician and escape artist, who will present an hour and a half mystery show at the Coliseum tonight, starting at eight o'clock. Lockman has been in the business for 20 years, and has been coming to Escanaba about every three years. He was here in 1922, 1926 and 1929, and has many acquaintances in this vicinity. His home is at Chicago, and during the summer he likes to be in the peninsula to get away from hay fever. Since his previous visit to Escanaba, Lockman has toured to the west coast and back. He carries a trailer-load of paraphernalia, mystery and escapes. Regulation police department equipment is used in his escapes, and officers present are invited to inspect the equipment used in the show.

Lockman's Mystery Show At Coliseum

"Locks don't lock him," they say of E. A. Lockman, magician and escape artist, who will present an hour and a half mystery show at the Coliseum tonight, starting at eight o'clock. Lockman has been in the business for 20 years, and has been coming to Escanaba about every three years. He was here in 1922, 1926 and 1929, and has many acquaintances in this vicinity. His home is at Chicago, and during the summer he likes to be in the peninsula to get away from hay fever. Since his previous visit to Escanaba, Lockman has toured to the west coast and back. He carries a trailer-load of paraphernalia, mystery and escapes. Regulation police department equipment is used in his escapes, and officers present are invited to inspect the equipment used in the show.

95 Swimmers to Compete in Meet Here Today

LARGE CROWD TO SEE RACES

Diving Events Will Be Feature of Day's Program

A crowd of 2,000 or more persons are expected to line the shore of the municipal beach this afternoon to witness the second annual Ranger's swimming meet which will be held starting at 2:15 o'clock. Approximately 95 swimmers of all ages will compete in the various events.

The officials of the meet will be: chairman, John P. Norton; referee and starter, W. A. Thompson; clerk of course, Ken Gunderman; announcer, Bob Russell; awarder of medals, George Genesse, president of E. A. A.; diving judges, J. H. Ladd, Herman Gessner, Joel Olson, Timers, W. J. Schmitt, Harold Lindsay, Kelly Christensen; finish judges, Harry Brackett, Fred Earle, Oscar Kraus. The meet is under the direction of Joel Olson, beach director.

The swimming meet is being sponsored by the Escanara Athletic Association which is the Ranger organization in cooperation with the Ludington park board.

Fourteen events will be offered on the program. Competition is divided into four divisions: 12 years and under; 13 to 15 years; 15 to 18 years; and free for all.

Diving is featured. Gold, silver and bronze awards will be made to winners of first, second and third in each of the events.

The winners of the boys' events will receive medals and the winners of the girls' events will get pins.

The aquatic features will be the diving events for men and the diving for girls. In the men's events each contestant will make four required dives and four optional dives. The girls will make only the four required dives.

All swimming events will be swum in the 25 yard course already laid out. The depth of the water is 3 1/2 feet and the height of the take off is 12 inches.

Each event will be timed and the winner will be the contestant who swims the distance in the fastest time. This rule is made to eliminate confusion among the contestants. It is also planned to save time in conducting the meet.

The race will be started by a pistol shot fired by the official starter. The start is just "Get on your mark" and then the pistol shot. There is no pause for "Get set" as in the start of track races.

In the breast stroke races, the contestant must push both hands forward together and to draw them back simultaneously. Competitors using a side stroke movement will be disqualified.

The events and contestants follow:

12 Years and Under

THE BABE IS OUT-FOXED

Although he was one of the last to subscribe to the idea, Babe Ruth now believes that Jimmy Foxx may surpass the Ruthian home run record of 60 this season. And here is the Bambino extending his best wishes to the young Mack Mauler, who is many games ahead of Ruth's record pace of 1927.

Necos, North Star And Bakers Title Winners

As the 22 men's diamond ball teams in the three city leagues swing into the final week of the league schedule, champions have been crowned in each of the three divisions with the Necos, North Stars and Bakers capturing the American league flag, the North Stars winning the National league championship and the Bakers grabbing the gonfalon in the Old Timers league.

The final week in the league schedule will not be without interest, however, as the teams that will meet in the city tournament will be decided on the results of several of the games scheduled for the week. The American and National leagues each will have three teams in the city tournament and Old Timers league will be entitled to two teams in the tourney.

One five teams have already been qualified for the tournament playoffs. They are the Necos, North Stars, and Bakers, league champions, Insurers, second place American league team, and Majors, second place National league team.

Cardinals Have Chance
The Wells Plant, two times holder of the city championship, and the Cardinals have excellent chances to qualify for tournament positions as they now hold third place in their respective leagues and if they win their final game this week they will be assured of places in the tournament. However, the Cleaners and Badgers, each one full game behind the Plant will be ready to fall in for a tie with the Wells Plant for the third qualifying position in the

Ten Teams Entered In Junior Baseball Meet At Iron Mt.

Iron Mountain—Ten cities will send teams here next week for the upper peninsula American League Junior league baseball tournament. They are: Ewen, Bessemer, Calumet, L'Anse St. Ignace, Iron River, Ramsay, Crystal Falls, Kingsford and Iron Mountain.

It is by far a larger number than the committee had anticipated and a fine exhibition of boys' baseball is expected.

Use Two Fields
Games will be played Friday and Saturday with two diamonds in use. One, of course, will be the Iron Mountain high school stadium and the other will either be the Kingsford Heights field, on Woodward avenue, or the Kingsford lot, on Carpenter avenue.

Five games will be played Friday, Aug. 19, two in the Kingsford area and three at Iron Mountain. Each field will be the scene of one game Friday morning, two will be played here Friday afternoon and one over in the other field. Saturday morning each field will be the scene of one game, while the championship struggle, carded for 2:30 o'clock a week from next Saturday, will be staged in the Iron Mountain stadium. A very small admission will be charged at the Iron Mountain field and a collection will be taken at the other lot. E. J. Dundon, chairman of the tournament committee for the American League, stated today that the purpose of the admission and collection is to raise funds to meet the expenses.

Accommodations will be found for some of the visitors, others will return home over night, while others plan to camp out at the city park.

Indians Stage Six-Run Attack in Eighth To Win Game

Cleveland, Aug. 13, (AP)—A wild eighth inning in which ten Cleveland players cooperated to score six runs on three hits, a sacrifice, a walk and three Detroit errors, enabled the Indians to defeat the Tigers, 8 to 3. All the runs came in after two were out.

The Tribe had come from behind to tie the score in the seventh after Elton Hogsett held them to one hit in the first six innings.

The victory was Willis Hudlin's fifth in a row.

CRYSTAL FALLS PACER ARRIVES

Fauri, Casagrande Enter Horses in Races At Escanara

Fede Fauri of Crystal Falls and his trainer, Peter Robare, arrived in Escanara Saturday with Fauri's horse, "My Girl" to be in readiness for the races at the Upper Peninsula state fair, Aug. 22 to 27. His first entry will be in the 2:28 pace Aug. 22.

"General Motors," Fede's other horse, has not been well this summer and will not be taken to the fair. Both of these horses raced in the Fourth of July races at the Cassagrande track and were much admired.

Guy Casagrande will enter "Trump Beyond" in the 2:14 pace and "Ethel Badge" in the 2:28 pace on the same day at the fair race. "Hattie Oaks" owned by Mike Roach of Florence will go in the 2:28 pace.

Wes Meyers is in Darlington, Wis., racing his horse and Ed. Cassagrande is racing his horse at Superior, Wis. this week. "Hattie Oaks" and "My Girl" will be transported to the fair

Ruffing Drives Out Homer In Tenth To Win His Own Game

Washington, Aug. 13, (AP)—Big Charlie Ruffing broke a scoreless tie between the New York Yankees and the Washington Nationals today by driving out a home run after two men were out in the New York half of the tenth inning.

The Yankee pitcher struck out 12 and won his own game 1 to 0, after holding the Washingtonians to three hits during the ten innings. In the tenth he struck out two men. The third, Carl Reynolds, batting as a pinch-hitter and making his first appearance since July 4 when Bill Dickey, Yank catcher, broke his jaw, went out on a long fly to center.

Thomas, on the mound for Washington struck out four and held the Yankees to seven widely separated hits.

LANDIS PROBES RAJAH'S ACTS

Hornsby Did Little Betting But Borrowed From Players

St. Louis, Aug. 13, (AP)—That Rogers Hornsby, recently deposed manager of the Chicago Cubs, was not involved in any great extent in betting on horse races, but that he had borrowed \$5,000 from members of the team, was indicated in a statement issued here today by Baseball Commissioner K. M. Landis.

In the main, the testimony gathered by Landis failed to connect Hornsby with any recent betting on horses, and testimony of all parties seemed to clear the deposed manager of charges of having been associated in betting with members of his team.

Hornsby told Landis today that he had not "placed a bet on a horse since 1929 or 1930." Leslie O'Connor, secretary to Commissioner Landis, elicited a contradictory statement to the effect that Hornsby had won a \$530 bet on a horse race since that time and was paid in a check which was valueless because the bank it was drawn on failed.

The check was still in the hands of the party who sponsored him when he made the bet, Hornsby testified.

The investigation of Hornsby began last Thursday when Commissioner Landis went to Pittsburgh to talk to members of the Cubs' team, following publication in Chicago of a story which inferred that Hornsby was heavily in debt to some of them as a result of this.

Hornsby said the money he borrowed was used in defraying income taxes, mortgage interest and other necessary obligations. Bush testified that about a year ago he had endorsed a \$5,000 note for Hornsby, the note being payable to a Murray McLeod, now dead, president of the Albany Park National Bank, Chicago. Bush said Hornsby had taken up this note.

Galveston, Tex. (AP)—It may not have been a record, but the circumstance drew attention when one ball was used for half of a game with Fort Worth in the Texas league.

Members of the Oak Crest club of Norway will come here today to play the Highland Golf club members in an inter-club tournament. The play will start at 2 p. m. Improvements at the Highland course are progressing satisfactorily. The No. 8 fairway and the extension of No. 9 are ready for seeding this week. Widening of the No. 4 fairway, which is under construction, was completed last week.

Sisters Seize Tennis Honors
East St. Louis, Ill. (AP)—Four sisters—Mercedes, Margaret, Ellen and Lillian Tribout—are prominent in East St. Louis tennis tournaments. This year the finals of the women's singles and doubles were Tribout family affairs, while Lillian also played in the finals of the mixed doubles.

Camera Supports Metcalfe

When the Olympic 200-meter finals was won by Eddie Tolan, it was charged by Ralph Metcalfe that the starting mark assigned to him was at least four feet off key. This remarkable picture of the start of the much-discussed race indicates that Metcalfe's claim was justified, though the judges did nothing about it. The arrow points to the spot in lane 2 where Metcalfe's starting mark should have been. Tolan, in lane 1 (on he inside) is shown by the camera to have a decided advantage over Metcalfe, according to the space between the other contestants.

DOWN BUT NOT OUT, IN DAVIS CUP PLAY

At a critical point in the Davis Cup matches in Paris, when Henri Cochet and Jacques Brugnon of France were threatening to defeat John Van Ryn, left, and Wilmer Allison, the latter American slipped and fell. Allison was down, but not out of the play, and the camera here caught one of the most dramatic split-seconds of the tournament. He raised himself to meet a volley by one of the Frenchmen, safely returned the ball (indicated by arrow), and sprang to his feet. The Americans won the doubles match, but lost the Davis cup in singles play.

Michigan's "Old 83" Illegal Under Rules

BY MERLE OLIVER (Associated Press Staff Writer)

Ann Arbor, Mich., Aug. 13 (AP)—A new play to replace the oldest and most successful deception in the bag of tricks invented by Fielding H. Yost must be devised this fall by Harry Kipke, head coach of the University of Michigan football team.

"Old 83," the play which has scored more touchdowns than the Wolverines than any other, is said to be doomed by rule changes made since the 1931 season. The new rules declare the ball dead if any part of the player's body other than his hands or feet touch the ground while the pigskin is in his possession. On "Old 83" the quarterback dropped to one knee, and this no longer is allowed.

Play Was Deceiving
The rule, in Section 7 of Rule 7 of 1932 regulations, says: "The ball is dead and shall be so declared by the referee: "When a player having the ball goes out of bounds, cries 'down,' or is so held that his forward progress is stopped, or (except the holder of the ball in a place kick) when any portion of his person except his hands or feet touches the ground."

"Old 83" was used both as a scoring play from anywhere inside the opponents' 40-yard line and as a threat which helped execution of other plays. To be successful it had to be tried at the right time and the right place. A half dozen previous plays were used to lead up to it, including the end round and line plunges with the fullback hitting the right side of the line. The more active and anxious the opposing right end became, the better were chances in "Old 83."

In the play itself the Michigan eleven line up as for an end around try with the left end taking the ball from the quarterback or a line plunge by the fullback through right tackle. As the ball was snapped the left end raced back and to the right passing the signal caller who faked a pass to him, at the same time taking one step to the right, pivoting behind the right guard and dropping to his knees, the fullback went through the line, adding to the impression that the play was at the right side.

The right halfback went to right tackle and helped block opposing linemen. The right tackle and right end cut through the line to take out the opposing right halfback. Left tackle, left guard, center and right guard merely stood their ground to protect the quarterback. These maneuvers sometimes drew the entire defending team to the right. Meanwhile the Michigan left halfback took three steps to the right to help the impression of an attack on that side and then raced to the left. The quarterback tossed the ball to the left half as he went by. It fooled officials.

For thirty years this play fooled Michigan's opponents, the spectators and many times even the officials. The late Walter Eckersall spotted it on three occasions by losing sight of the ball and colliding with the left halfback. Another referee muffed up "Old 83" in the 1930 Michigan-Harvard game, when Jack Wheeler stumbled over him, with the ball on Harvard's 12-yard line.

"The best time to use 'Old 83,'" according to Kipke, was on second or third down with only one or two yards to gain after several line plunges and end around plays had been tried.

"Old 83" was a thriller to the spectators because it didn't really get started until it appeared from the stands that the play was over and the ball downed for no gain. Then the ball seemed to pop out from the pile of struggling bodies to the lone half back who sprinted around left end. One of the most successful Michigan "Old 83" combinations was Bennie Friedman, Bennie Oosterbaan and Louis Gilbert. Friedman did the faking behind the line, Oosterbaan was the ball toting end feared by all opponents, and Gilbert carried the ball.

"Why didn't other teams adopt 'Old 83'?" Kipke's explanation is that it required several years for any outfit to gain the necessary confidence in the play, since it did not look well in practice. "Old 83" often was "wasted" in order to make the foe wary and help other plays succeed. It warned the opposing right end to stay back and not rush in to upset other plays which looked the same at the start.

St. Louis Grooms Grimm As New Manager and He Responds

St. Louis, Aug. 13, (AP)—Today was Charley Grimm day in St. Louis and the new leader of the Chicago Cubs responded by bringing in two runs to defeat the Cardinals, 3 to 1.

Grimm was presented with a chest of silver by friends in St. Louis, his home town. It was Grimm's double in the fifth that accounted for the first Cub run. Stephenson scored on a line drive in the seventh by Grimm. Watkins slipped and fell as he was about to catch the drive.

Commissioner Landis viewed the game from the box of Sam Breadon, owner of the Cardinals.

Peninsula Trapshooters Seek Honors Here Today

EXPECT 60 AT ANNUAL EVENT

Singles, Doubles and Team Contests To Be Featured

The second annual Upper Peninsula Trapshooting tournament will swing into action this morning at nine o'clock on the Chicago and North Western Gun club grounds here with all indications pointing to an even more successful meet than that of last year.

Events to be shot during the day are 50 bird singles, a 50 bird five-man team event and 25 pair of doubles. The trophy list has grown until now twenty prizes all of value to sportsmen are to be awarded the winners of today's shoot.

Trapshooters from all parts of the peninsula, representing clubs at Norway, Bessemer, Wakefield, Sault Ste. Marie, Marquette, Iron Mountain and Engadine will take part. As last year, the Sturgeon Falls Gun club of Norway promised to bring the largest out-of-town contingent of gunners. A number of professional trapshooters representing various arms and ammunition manufacturers will be present. Among them Clyde Mitchell of Milwaukee, winner of the world's all-around championship at Vandalia, Ohio, last year of the Wisconsin professional championship this year is expected.

High Scores Predicted

Following a practice shoot on Saturday afternoon it was freely predicted that the scores of last year would be surpassed in all events. A number of outside shooters who took part in the warming up yesterday expressed themselves as very favorably impressed with the shooting conditions.

The winners of the various events last year and their scores were: 25-bird singles, Bob Henderson, Escanaba, 24; doubles, H. J. Brotherton, Escanaba, 43; five man team, Lou Villumur, J. T. Shapenstein, E. C. Voght, W. A. Corson, G. Stegath, Escanaba, 202. Out of some seventy shooters in 1931 only G. Roberts of Engadine was able to achieve a straight run of 25.

Leading the Escanaba contingent of shooters will be H. O. Brotherton, dean of Upper Michigan trapshooters. It was uncertain last night whether Bob Henderson would be in town to defend his title but among the other Escanabans expected to show fine scores are: Lou Villumur, E. L. Thornton, J. T. Shapenstein, George Lehr and C. R. Henderson. Visiting shooters to be seen in action include: H. J. Richards, Vulcan; O. A. Walstead, Mrs. O. A. Walstead and H. West of Engadine; S. England, Carl Hooper, Max Valmiedt, H. K. Myers, W. Marinelli and O. Marinelli of Vulcan.

Plenty of Trophies
Plenty of ammunition and targets are on hand at the local gun club and with the weatherman's promise of fair weather many entrants will make the competition trophies keen and interesting. The awards include a Marble's hunting knife for each member of the winning five-man team. Members of the second place team each receive a box of shells. High gun in the singles will receive a one-piece steel casting rod and second high an auto clock. While all shooters may compete in these events, only visiting gunners are eligible for the trophies.

All contestants are eligible for the doubles trophies, a thermos bottle for first place and a Marble's hunting axe for second. To the trapshooter scoring the longest run an electric lantern will be given. A fish reel and slider will be given for first and second in the club event for local shooters with averages of 75 per cent or under. For the three high guns in all events prizes will be given or which all may compete. First place wins a high grade fish, second a slider and third a flashlight.

Officials of the shoot: H. O. Brotherton, general manager; Lou Villumur, field captain; E. L. "Lester" Brotherton, quad hustler; Victor Powers, bulletin board; J. T. Shapenstein, referee; C. R. Henderson, cashier; H. D. Sandsburn and Tom Folger, scorers; Jack Raymond, Jack Fisher and Bob Finley, trapmen.

Eddie Tolan Finds It Hard to Get Out of Olympic City

Los Angeles, Aug. 13 (AP)—It took an architect, a chamber of commerce secretary and railroad officials to get Eddie Tolan, newly crowned 100 meter and 200 meter Olympic champion, out of town today.

DID HE BET?

Starting out as a sensational major league scandal, the report that Guy Bush, above, star Chicago Cub pitcher, and other members of the team were gambling heavily on the ponies, seems to have fallen flat as just another wild rumor. Bush pitched and won a game for the Cubs the day the charge broke. His manager, Charley Grimm, declared Bush was "okay." And Judge Landis, baseball commissioner, denied he was digging up anything on the Cubs.

Frank Parker Wins Junior Net Title at Culver, Indiana

HAPPY GAL IS RACE WINNER

Equipoise Also Romps Home Ahead of Field at Saratoga

Saratoga Springs, N. Y., Aug. 13. (AP)—Happy Gal, a game little filly from the stab's made famous by Gallant Fox, answered the challenge of the turf's best two-year olds today with a brilliant victory in the 30th running of the Saratoga Special.

Carrying the silks of William Woodward's Bellair stud, the sturdy daughter of Sir Gallahad III, came from last place to defeat W. R. Coe's Ladyman and C. V. Whitney's Caterwaul in a six-furlong battle for the leadership of the juvenile division. C. V. Whitney's Equipoise, the big train of the turf, again defeated Morton L. Schwartz's three-year old Gusto in the Whitney stakes but that was expected as evidenced by the odds of 1 to 7 on the Whitney ace. In contrast Happy Gal was the third choice in betting, paying 9 to 2.

Happy Gal traveled the six furlongs in 1:13, beat Ladyman, winner of the Arlington futurity and United States hotel stakes and the even-money favorite, by one length and left Caterwaul, victor in the national stallion stakes, reeling another six lengths to the rear. Then followed Glory from the Middleburg stable, The Darb from Coe's barn and Whitney's old baby. With all of the purse going to the winner, Happy Gal earned \$9,250 and increased her total earnings for the year to \$29,025. Equipoise had nothing more than a good workout as he set all of the pace to run the mile and a quarter in 2:05 3-5. Gusto finished eight lengths in front of Rocky News, the only other starter.

The victory, worth \$5,450, increased Equipoise earnings for the year to \$33,425 and for three years to \$243,460.

Gar Wood Optimistic Over His Chances of Keeping Racing Plaque

BY DAVID J. WILKIE (Associated Press Staff Writer) Detroit, Aug. 13. (AP)—Miss England III, present holder of the world's speedboat championship—a mark of nearly two miles a minute—will arrive in Walkerville within the next few days to be prepared for the race in Lake St. Clair September 2 to 5 with Gar Wood, with the Harmsworth Plaque as the prize.

Kaye Don, who will drive the challenger in the race is scheduled to arrive next Thursday. Meanwhile Wood, with his Miss America X, latest of a long line of Harmsworth defenders he has built since he first won the trophy in 1920, is making frequent tests. Wood intimated today that the new craft with its four 12-cylinder motors developing 6,400 horse power have not yet been opened up to determine the greatest speed possible.

Wood conceded today that he was "fairly optimistic" over his prospect of defeating the British challenger. "We have had some troubles," he said, "but they appear to be minor ones, and we are ironing them out." He said he planned no public trials for the craft. "Until the race," he said, "we probably will never open her up for all she's worth for any length of time."

Don, who defeated Wood in one heat of the Harmsworth last year, and with the defender was disqualified for a premature start in what was to have been the second heat, is scheduled to arrive in New York on Tuesday. He probably will come direct to Detroit after disposing of a few engagements in New York. His hydroplane already has arrived at Montreal on another ship. On still a third ship, a freighter due in Montreal later, will come the special gasoline and oil to be used in the mystery motor of Miss England III, as well as extra wheels, shafts and other parts that might be needed to replace in case of a mishap.

The courses over which the Harmsworth trophy will be run has been staked off in Lake St. Clair just above the old course in the Detroit river. With two three-mile straightaways it is expected both Miss England III, and Miss America X, can be let out to their utmost and probably exceed a 100-mile an hour speed.

He said he planned no public trials for the craft. "Until the race," he said, "we probably will never open her up for all she's worth for any length of time."

DELPHINE IV COPS REGATTA

Horace Dodge's Craft, is Winner of Gold Cup at Montauk

BY EDWARD J. NEILL (Associated Press Staff Writer) Montauk Beach, N. Y., Aug. 13. (AP)—Like a white porpoise, leaping at times clear out of the sun-drenched Montauk Lake, Horace Dodge's Delphine IV raced three 30-mile heats in the Gold Cup regatta today to win the historic trophy in the fastest time of all the 29 annual speed tests of America's fastest motor boats.

From the opening gun of the first heat of the 90-mile battle of speed and endurance, Young Bill Horn, driving Dodge's boats for the fourth time, spread-eagled all except one boat in the field of six as he twice shattered the gold cup record for 30-mile heats and set a new standard for the full distance.

Ellipses Former Mark
Horn pushed the bounding White Silver from Detroit around the 2 1/2 mile course for an average of 33.98 miles an hour in the first heat and took the second at the rate of 59.21 to wreck the mark Dick Hoyt set at 56.77 miles an hour winning a heat of the 90-mile race on Redbank, N. J., in the Imp. His total time for the 90-miles was one hour, 33 minutes, 31 seconds, eclipsing the mark of 1:40:48 set in last year by the retired Hotsy Toty, winner of the event in both 1930 and 1931.

If it hadn't been for the Delphine IV, El Lagarto, the mahogany lightning streak George Reis, of Lake George, N. Y., named "The Lizard" in Spanish, would have made racing history today in finishing second to the Detroit craft in the first two heats while winning the third.

El Lagarto's time for the 90 miles, 1:34:16 also bettered Hotsy Toty's old record. Of the six craft that went to the starting line, only these two—Delphine IV and El Lagarto—were really in the race. Two of the remaining four, Delphine V, owned and driven by Horace Dodge himself, and John Shibe's Arctic Tern, of Philadelphia, driven by Armond Pugh, broke down with engine trouble early in the first heat and were towed away.

The two remaining boats never changed positions once the racing started. John Wanamaker's Louisa, with Victor Kitzler's driving and defending the Hotsy Toty's championship for the Montauk Club, finished third in all three heats, miles behind the winners. Likewise Miss Columbia, from the Redbank, N. J. club, driven by Ted Hall, took fourth position in every heat.

Mrs. Pittman Cops Grass Court Title
Rye, N. Y., Aug. 13. (AP)—Mrs. Elsie Goldsack Pittman of England led in the women's singles title in the Eastern Grass Court Tennis championship today as play in men's singles reached the final round with Cliff Sutter of New Orleans and Gregory Mangin of Newark the sole survivors.

Mrs. Pittman, defeated her country-woman, Joan Ridley, 6-1, 6-2 in a renewal of their controversial struggle in the final round of this summer tournament last year. In 1931 they played two sets, one going to Mrs. Pittman and one to Miss Ridley, and then declined to play any more despite vehement objection by the tournament committee.

Sutter gained the finals of men's singles by eliminating the last remaining British hope, Henry Wilfred (Bunny) Austin, in easy fashion, 6-1, 6-3.

Escanaba Doubles Team Survives In Iron Mt. Tourney
Iron Mountain, Aug. 13 (AP)—The Escanaba doubles combination of Boddy and Groesbeck in tennis tournament here reached the semi-finals today and are rated one of the favorite teams in the doubles event. Escanaba singles players were eliminated when Boddy fell before Ed Brafort of Kingsford, tournament favorite, 6-3, 4-6, 6-2. In the first round, Leo Coan, owner Escanaba singles entrant, bowed to Jimmy Rouman of Gladstone in the quarter finals tonight, 4-6, 9-7, 6-1. Both Rouman and Coan won second round matches after drawing first round byes.

Damitz of Gladstone was eliminated today by Dillon of Iron Mountain. After getting a first round bye, Boddy and Groesbeck eliminated in Iron River combination, 6-1, 6-2, to move into the semi-finals.

SECOND HALF SEASON OPENS

Four County League to Resume Play This Afternoon

The second half of the split season in the Four County League will get under way Sunday afternoon, and a series of six games will be played, with the season ending on September 11. President Orville Wieland, of Trenary, this week issued the information to the managers of the teams in the league. The plan is to have two separate circuits, composed of four teams each, one to include the four teams who finished highest in both divisions of the league during the first half of the season. The other circuit will be composed of four teams who finished at or near the bottom of the league during the first half of the season.

The teams making up the higher percentage of the circuit are: Nahma, Shingleton, Masonville and Rock. The latter team, however, will not be able to play for financial reasons, and it is expected that some other club nearby will take Rock's place. The lower half of the league is composed of Manistique, Cooks, Perkins and Trenary.

At the end of the season, the winners of the two circuits will meet in a series of three games to determine the first and second place winners. Suitable trophies will be awarded these teams. As an incentive to better playing, President Wieland has offered prizes to the players in the league who lead in batting and base stealing at the end of the season. The first game of the second half will be played Sunday at Shingleton, with Nahma furnishing the opposition. Rock was to have played Masonville, but since they dropped out this game has been cancelled. The team taking Rock's place will be announced in a few days.

Jose Jurado, Argentine golf champion, is playing in the Detroit district this season. He came to the United States for the national open tournament, won by Gene Sarazan.

GOLDEN BEARS WIN OAR TEST

Californians Victorious in Thrilling Race at Olympics

BY ALAN GOULD Marine Stadium, Long Beach, Calif., Aug. 13 (AP)—In a nerve-ringing finish that left a crowd of 60,000 spectators gasping with excitement, the University of California's unbeaten crew came from behind with a closing surge to whip Italy's powerful boatload today by just 15 inches, one-fifth of a second, and win the crowning event of the Olympic regatta for the United States.

Facing defeat with barely 100 meters to go as the blue-shirted Italians drove their shell ahead in a sensational bid for victory, the American collegians responded with a remarkable closing spurt that was just enough to send the prow of their boat first across the finish line.

Duel Of Speed
It was a battle every sweep of the way down the 2,000 meter Olympic straightaway, packed with roaring crowds.

Never separated by more than a dozen feet, the Americans and Italians waged a dazzling duel of speed, oaranship and stamina. Bow to bow in the last few strokes, it was so close as both crews swept across the line that it was not until the official decision came over the loud speakers that the crowd let loose its ovation for the triumphant Californians.

The official times were 6 minutes, 37 3-5 seconds for the United States; 6:37 4-5 for Italy. Almost unnoticed in the terrific din of excitement, even though they were close enough to make it a "blanket" finish, Canada's Leanders and the Cambridge University crew of Great Britain finished third and fourth in a battle that was almost as sensational as that between the first two boats.

The Canadians, on a re-check by the judges, got the third position by two-fifths of a second. Their time was 6:40 2-5 and Great Britain's 6:40 4-5.

Keeping their own unbeaten record for 1932 intact, thereby duplicating the triumph of their California predecessors in 1928, and likewise maintaining the unbroken string of American triumphs in Olympic eight-oared competition, the great Golden Bear boatload also clinched the Olympic rowing championship for the United States.

It was the third victory in two days and seven finals for the Americans. It followed the decisive triumph of Garrett Gillmore and Kenneth Myers of Philadelphia in the double-sculls and gave the United States the winning total of 38 points for the regatta.

Great Britain, with two championships won, finished second with 26 points. Germany third with 20 and Italy fourth with 17. Other points were distributed as follows: Poland, 13; Australia, 10; Canada, 8; New Zealand, 8; France and Uruguay, 4 each; Holland and Brazil, 3 each.

The crowd was the biggest of the regatta, packing the grand stands, lining the shores of the lagoon and even perching in the skeleton work of nearby oil derricks.

Open Hospital Bids Here On August 31

Plans to care for around 300 persons are going ahead here for August 31, the event being the opening of bids for the construction of the new receiving hospital. It is expected that the representatives of the companies bidding will bring their families and will remain here two days at least.

C. L. Bystrom has been appointed as chairman of arrangements. He is organizing the community in such a manner that everyone will have a comfortable place to spend the night. A registration center will be placed in the community building and from there, each visitor will receive his assignment. Mr. Bystrom is asking all who have rooms to get in touch with him at his office in the high school not later than August 29 and let him know how many rooms they have, baths and whether or not they are prepared to serve breakfasts or other meals.

Other plans are also being made for the entertainment of the guests, the idea being to get in some good publicity concerning this locality as a tourist attraction. The plans made include golf, fishing trips and a trip on the Tahquamenon. These plans will be announced later.

INJURED GIVING AID

A Detroit daily on Friday featured a story concerning Trooper Melvin Edwards, a former Newberry boy.

Edwards is stationed at Flint and on Wednesday was given the assignment of racing to Detroit to get a serum for a patient in Hurley hospital, Flint, the patient suffering from a rare blood disease. Edwards made the trip to Detroit at night but failed to make a turn on the return trip and went off the road. He was picked up, given first aid, and with the help of local officials rushed to the Hurley hospital and placed in a room near the patient for whom the serum was wanted. It was found that he had suffered a broken arm and possible broken leg.

Edwards is a son of George Edwards of this place, has two sisters, Miss Winifred and Miss Grace, here, and another sister, Miss Bertha, a nurse in Detroit. He is a graduate of the Newberry high school and has been with the state police about a year and a half.

MAID OF HONOR

Miss Francis Beaulieu left on Friday for Royal Oak where she will be maid of honor for a big wedding on August 31, when her friend and schoolmate, Miss Josephine Gleason, will be the bride of Thomas Connell. Miss Gleason has visited here and has made a number of friends among the younger set.

BRUCKER FOR GOVERNOR

On Tuesday evening at 8 in the community building a meeting will be held for the purpose of organizing a Brucker for Governor committee. It is expected that it will be largely attended.

In Luce county and in outlying communities Brucker appears to be strong for it is believed that he has proven himself a friend of the Upper Peninsula and to Luce county in particular.

The great need for an enlargement of the state hospital facilities especially for the cases which have the greatest chance of cure, has been recognized by Mr. Brucker and he has taken particular pains to look into this matter personally before accepting the word of politicians as to

the handling of the case. Luce county got its first and only piece of concrete highway under the present administration, the road fronting the state institution. Other important highway work is on the way, giving Luce county its share of better roads and assisting in unemployment.

HELD FOR WRECK

Joseph Garrow, who lives east of the state hospital, is held in jail for investigation in connection with the wrecking of the automobile belonging to his brother-in-law, E. H. Bennett, on the curve near the institution sometime during Thursday night. Bennett is a night attendant. His car was taken from its usual parking place without his knowledge and was found upset along the highway next morning.

NEWBERRY BRIEFS

William V. Johnson left on Thursday evening for Pembine, N. D., to visit with his wife's parents and bring back Mrs. Johnson and son, William, Jr. He will be gone about two weeks.

Fay Hunter of Minneapolis has been visiting his mother, Mrs. J. H. Hunter, for a few days.

Howard Sommerville, son of Mr. and Mrs. William Sommerville, of Muskegon, is spending a vacation with his aunt, Mrs. Charles Fyvie at the Helmer resort. Howard, a former Newberry high school student, graduated from the Muskegon system in June and will enter Junior college in that city this fall.

Miss Mabel Johnson, a student at Michael Reese hospital in Chicago, has been spending her vacation with her parents, Mr. and Mrs. Victor Johnson.

Mrs. John Stark, Lowell Sundstrom and Margaret Case have returned from a trip down state, visiting in Detroit.

Mr. and Mrs. Arnold Pratt and children of Detroit have been the guests of Mrs. Sophie Carlson for a few days.

Ralph Harper and family arrived on Friday and will spend a vacation with their parents, Mr. and Mrs. J. F. Harper. They are located in Galesburg now.

Mr. and Mrs. Norman Fraleigh of Detroit are the guests of Mr. and Mrs. Elmer Fraleigh at the hospital community.

Miss Ora Beaulieu is visiting at the home of Mrs. William Cleerman in Escanaba and will also visit friends in Menominee.

Find Gun in Ashes

Iron Mountain—Discovery of a .30 calibre Winchester rifle in the ruins of the Sagola lumber yards fire was reported today by Sheriff Rudolph Freeman, who added that he and other officials investigating the incendiary origin of the blaze had "every hope" of apprehending the guilty persons.

The rifle, loaded and with the trigger cocked, was discovered in the ashes in the southwest part of the yards, where the fire was started. The stock was burned off, only the barrel and other metal parts remaining. It is the assumption, of course, that the gun was left at the scene by the person or persons stationed there to get the fire. In the excitement of getting away after setting a match to the one or more gasoline-saturated piles of lumber it would be only natural to forget a weapon.

BEAVER SEASON OPEN IN DELTA

Trapping Permitted from December 5 to 20, Inclusive

No changes were made by the Conservation Commission at its July meeting in the open muskrat and racoon hunting and trapping seasons, or in the seasons or regulations for taking other game and fur-bearing animals except beaver.

Increase in the season's limit for beaver from five to eight and reduction of the registration fee for each pelt taken from \$1.50 to \$1 was voted by the commission. The 1932 open beaver trapping season will be the same as last year, December 5-20 inclusive.

Refuges Closed

Beaver trapping will be permitted from December 5 to 20 inclusive in the following counties: Gogebic, Iron, Marquette, Dickinson, Menominee, Delta, Alger, Schoolcraft, Luce, Chippewa, Mackinac, Alpena, Montmorency, Otsego, Antrim, Charlevoix, Cheboygan, Presque Isle, and Emmet.

Trapping on all game refuges including the Cusino and Escanaba river tracts, state parks, state and national forest areas and other areas closed to all trapping by commission orders, is again forbidden.

A fee of \$2 will be charged for each beaver license. In addition trappers must pay \$1 for each pelt taken at the time a seal is attached.

Muskrats Dwindle

While the Department of Conservation has received complaints from trappers concerning the regulation forbidding them from setting their traps within 500 feet of a beaver house, lodge, hole or dam, the commission said it had no authority to change or amend it.

During the 1931 beaver trapping season, the first in years, 756 licenses were issued by the department and approximately 2,100 beaver were taken.

Muskkrat trapping dates are unchanged from 1931 with the state divided into three zones. Shrinkage in Michigan's muskrat supply was reported but the commission did not want to close the muskrat season on account of present economic conditions.

In 1928-29, 666,104 muskrats were sold to licensed Michigan fur dealers. The following season the number dropped to 503,966. In 1930-31 the number was 561,746 and last year the number of muskrat pelts sold to Michigan fur dealers reached the low figure of 354,247. Dry weather and continued trapping are reasons given for the diminished "take."

In addition to the regular fish and game exhibit of the Department of Conservation, a large sturgeon, over four feet in length will be on display at the Upper Peninsula state fair, Aug. 22 to 27.

BRIEFLY TOLD

Held for Sentence—John Lindstrom, 46, arrested by Escanaba police on a third offense charge of disorderly conduct, is being held for circuit court. He was previously sentenced by Judge Frank A. Bell in 1931 for the same offense.

Normonia Picnic—The Normonia Sleek Benefit society will hold their annual picnic on the north side of the highway at Pioneer Trail Park, today. All members are requested to be present. Coffee and ice cream will be served by the society.

Rotary Meeting—Lee McGinley, chairman of the Michigan state board of accountancy, will be the principal speaker at the meeting of the Escanaba Rotary club at Peterson's Tea Room, Ford River, Monday noon. Mr. McGinley is also division manager of Lawrence Scudder & Co.

Beaver Island Reunion—Several Escanabans are planning to attend the homecoming celebration on Beaver Island. The steamer Ossian Bedell will leave Manistique for Beaver Island Saturday, Aug. 20, at 8 a. m. and will leave the island Monday noon, giving the passengers two full days on the island.

Entertainers Club

Miss Betty Vogt entertained her club, the Barr School Secret Six, Saturday afternoon at the home of her parents, Mr. and Mrs. Kenneth Vogt, 1306 Eleventh avenue south. The girls enjoyed a swimming party during the early part of the afternoon, returning to the Vogt home for games and supper, at 6 o'clock.

The director of conservation has assured the board of managers of the fair that the huge fish will be placed in a large tank, so that all fair visitors may view it at close range.

The Board of Control of the Couzens Clinic have announced that they will have on display for the examination and education of the patrons maps, diagrams, etc., showing the extent of the services.

A great deal of interest has been established in the horse pulling contest which takes place each morning in front of the grandstand at 10 o'clock. In addition, to the prizes already offered, there is an additional \$15.00 award to the contestant that breaks the present pulling record. In the light weight class this record is held by Dan McDonald, Dattler, 2,650, 1929; and in the heavy weight class, Lenzi Brothers, Rock, 2,900—1931.

There is also the horseshoe pitching tournament, at which time the upper peninsula champion will be selected and the winner of the first grand prize will receive a banner emblematic of the championship. This championship is now held by Eskil Erickson of Stambaugh, Mich.

New champions are to be selected in the cow calling, husband calling, hog calling and rolling pin contests.

Jury In Lancaster Trial Visits Scene Of Fatal Shooting

Miami, Fla., Aug. 12. (P)—The jurors trying Captain W. N. Lancaster for the death of Haden Clarke late today visited the scene of the shooting after they had seen Clarke's skull introduced in evidence and had heard his death described as suicide by a criminologist.

The jury, accompanied by attorneys for the state and defense, Judge H. F. Atkinson and court bailiffs, inspected the former home of Mrs. J. M. Keith-Miller,

where Clarke was mysteriously shot on the night of April 21, Lancaster, who had lost the love of the Australian aviatrix to Clarke, was in the room with him when he was shot. He said it was suicide.

To the obvious astonishment of the jury and the court room spectators, the skull of Clarke was brought into the court room today by a member of the medical commission which conducted an autopsy.

Potato Disease Hits Lower State Crop

McBain, Mich., Aug. 12. (P)—H. L. Barnum, county agricultural agent, reported Friday that a potato blight known as "yellow sword disease" is damaging that important crop of this section

and that extensive studies are being made in a search for a method of checking it.

More serious crime in England are due to betting than to any other single cause.
