Sheriff's department offers home-checking program

MANISTIQUE – The Schoolcraft County Sheriff's Department is offering a new, free program for residents who leave their homes for extended periods of time.

According to Undersheriff Darrell Dixon, the department recently uncovered a need for a residence-checking service. This service will be offered to those who have a residence vacated for long periods of time.

Once a resident fills out a form detailing the address to be checked, a phone number and address where the resident will be returning, a Schoolcraft County Sheriff deputy will begin checking the residence.

The service is available to all Schoolcraft County residents and will be dependent on weather.

Those interested may call the Schoolcraft County Sheriff's Department to get more information or have a form delivered to them. Residents may also visit the department to pick up a form.

Indian Lake illegal gill net case comes to a close

MANISTIQUE – A case involving the use of an illegal gill net on Indian Lake has come to an end.

Troy Matthew Herro, 55, of 6415W-Faketty Road, pleaded guilty in 93rd District Court Wednesday morning to purchasing fish for wholesale distribution without a license.

The co-defendant in the case, Landon James Edwards, 29, 131 N. 3rd St., was sentenced in August after he pleaded guilty to illegally netting fish in Indian Lake.

According to a press release from Schoolcraft County Prosecuting Attorney Tim Noble, the Michigan Department of Natural Resources conservation officers had observed Edwards illegally netting fish and subsequently transferring those fish to Herro for further distribution.

"In addition to probation, both parties received fines, costs, and restitution totaling more than \$3,100," Noble stated, adding that Edwards' fishing license was also suspended for remainder of 2017, 2018, 2019, and 2020 and he was ordered to perform 96 hours of community service.

"Various organizations have spent significant time and resources developing the quality of fishing on Indian Lake," Noble said. "My hope is that the restitution ordered in this case will be used by the DNR to assist in restocking Indian Lake so that it can continue to be a quality fishing lake for all anglers."

The DNR did an excellent job in this investigation. These cases remain difficult to prosecute due to the complexities of state, tribal, and federal laws," he added. "I encourage our legislators to continue working with all levels of government to simply hunting and fishing regulations across Michigan."

New offerings, family fun at Health Fair Saturday

MANISTIQUE – Ready to get health? Attend the Schoolcraft County Health Fair Saturday.

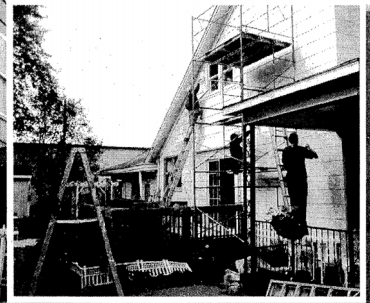

The event, under the theme of "Uniting for Quality Health", will take place 8:30 a.m.-12 p.m.

The fair will include: a Teddy Bear Clinic; Southtown Sprint; Outdoor Harvest and Artisan Tents; Fast Pass scheduling; screening and lab testing; mini-spa services; alternative health and wellness vendors; diabetic feet and nail checks; computer "brain games" and information about mental health services; and Health Talks.

For more information visit www.scmh.org/community/schoolcrafthealthfair2017/.

Volunteers with the local Habitat for Humanity – Hiawathaland have spent the summer painting photos of the town. The initiative has given many area homes renewed curb appeal.

For the love of home

Habitat for Humanity spends summer 'painting the town', remains focused on community

MANISTIQUE – Volunteers with Habitat for Humanity – Hiawathaland have spent the summer working to transform the aesthetic of the city and assisting homeowners with repairs. The organization's recent "Paint the Town" initiative, along with the countless other efforts it undertakes each year, has solidified its status as a philanthropic mainstay within the community.

According to Habitat Office Manager Ann MacGregor, the local branch of Habitat works with a small group of community volunteers, as well as traveling volunteer groups, to complete projects.

"A lot of people don't really know what's in this (Habitat) building," she explained. "We have our offices and our ReStore on the main floor and our upstairs is a volunteer center. We have two dorms, we have shower

rooms, and we have a recreation room for them to use, plus they use our kitchen as a dining facility. We have volunteers in the building all summer long."

MacGregor noted that volunteer groups usually stay for approximately one-week, working on whichever project is underway at that time.

"We have groups back to back – we'll have one leave and another one come in right away," she said. "We have a little gap now because we're at the end of our season ... we have coming on Sunday ... and that's the last scheduled one for this year."

While the majority of projects must be completed in the summer months, as they involve the exterior of occupied family homes, MacGregor said the organization does other work throughout the winter.

"We have three houses that we currently own that we're rehabbing," she explained, adding that any groups visiting outside of the summer work assist in these projects. "Some of the groups also work within our building to help improve the building for other groups."

Once the three Habitat-owned homes are rehabilitated, they are used in one of two ways.

"If they meet the guidelines for Habitat ... we will try to place a family if we have a qualified applicant," MacGregor explained. "Otherwise, we sell the house and then we use the proceeds from the house to put into our

DEQ discusses impending deadline for CSO correction

Additional projects, worth millions, needed to eliminate combined sewer overflow

MANISTIQUE – An impending Department of Environmental Quality deadline was the topic of Tuesday's Manistique City Council meeting. Meeting the deadline will involve the replacement of more water and sewer lines throughout the city.

According to City Manager Sheila Aldrich, the city has a CSO (combined sewer overflow) issue that needs to be corrected prior to Dec. 31, 2019. The city is currently working with the DEQ to ensure the deadline is met and the city incurs no financial penalties.

Steve Casey, district coordinator for the DEQ's Water Resources Division Upper Peninsula District Office, was present at the meeting to discuss the city's situation and the steps needed to correct it.

"It's illegal to discharge raw sewage ... into the waters of the state of Michigan and it has been for decades," he explained. "In the 1980s, as the wastewater treatment plants were improved, the focus in this country became the combined sewers that discharged

raw sewage every time it rains."

When establishing deadlines for communities to correct CSO issues, Casey said most were given five to 10 years to complete the work.

"There were a few communities in Michigan that we realized it was going to be especially difficult to do and Manistique is one of those," he explained. "Manistique's difficulty comes primarily from geology – there's bedrock here, and bedrock is almost twice as expensive ... to put in sewers."

This difficulty was apparent in the city's \$8.6 million infrastructure project that wrapped up in 2012. This project saw the addition of blasting through shale beneath the surface on the east side of Manistique.

Casey pointed out that the second factor in Manistique's extended deadline is the configuration of the city's old water and sewer lines.

"The water and sewer, when they were put in, were put in the same trench, and that's not safe," he said. "If the sewer leaks and

The Eva Burrell Animal Shelter's annual Fall Fest was held Saturday. Despite rainy conditions, the event, which serves as a fundraiser for the organization, was a success. Overall, the event boasted 12 crafters, with attendees painting 40 pumpkins and making 10 scarecrows.

MSU Extension to host 'Mindfulness' series

MANISTIQUE – Mindfulness is an attention practice that helps calm the mind by focusing on the present moment in an accepting manner free from judgment. Michigan State University Extension will provide a five-week series, "Stress Less with Mindfulness," beginning Nov. 7.

The series will take place in the Manistique High School's Community Room and meet four weeks: Nov. 7, 14, 28, and Dec. 5 and 19. Each week participants will learn different techniques and practice skills. Topics are as follows: Mindful Breath, Mindful Eating, Mindful Walking, Be Kind to Your Mind and Mindful Humor.

MSU Extension Health Educator and certified Laughter Leader Tracie Abram will be teaching the series and encourages teens, adults and seniors to participate. Participants are asked to wear comfortable clothing and closed-toe shoes. Registration is required. Call Tracie Abram at MSU Extension at (906) 235-2985 or email her at tracie.abram@msu.edu. The series cost \$20 per person or family or \$5 per person, per session.

MARSP to told personnel meeting October 18

GARDEN – The Michigan Association of Retired School Personnel meeting will take place Oct. 18. Superintendent Dee Dee Thill will present "Updates from Big Bay de Noc School".

The meeting will take place at 11:30 a.m. at the Sidetracked Restaurant, 15710 18th Road in Garden. All retired school personnel from Schoolcraft and Eastern Delta counties welcome and encouraged to attend.

The Archives

This week in the Pioneer Tribune...

50 Years Ago October 12, 1967

- Approval to advertise for bids for the new elementary school building was given at the regular meeting of the Board of Education of the Manistique Area Schools Tuesday night. Estimated to cost \$210,000 the new building will provide seven classrooms to replace the old Lakeside School, and will be constructed directly to the north of that building.
- The Manistique Area Schools Board of Education will not ask voters for extra school millage until next year, the board decided at its regular meeting Tuesday night. Action was required Tuesday if the board had wanted to ask for millage in November or December. President Denton Nelson said that he felt the board should have more time to develop understanding of school problems and issues, and to also develop support before additional millage is again requested.
- A county budget totaling almost \$250,000 was approved by the Schoolcraft County Board of Supervisors at their annual meeting here Thursday. The \$249,845.03 total is \$38,398.36 higher than this year's budget total of \$211,446.67. Biggest increases in the budget include a \$15,000 provision for debt retirement, missing last year, and a \$7,900 increase in the budget for the sheriff's department. The sheriff's increase was explained by the fact that he did not submit a budget estimate, and that this year's expenditures will exceed last year's budgeted figure of \$18,100 by almost \$8,000. This cost should be accurately reflected in the budget, the board agreed, rather than covered by supplemental appropriations later in the year.
- An Open House and dedication of the new Schoolcraft County Medical Care Facility is tentatively planned for Nov. 25 and 26, it was announced Monday by Harold O. Carlson, chairman of the county's medical care facility committee. Tentative plans also call for the first patients to move into the new structure, adjacent to the hospital, around Dec. 1.
- Ken Doyle and son spotted a full grown timber wolf at Pine Stamp Junction, north of Newberry on Sept. 29. He drove within 20 feet of the animal.
- Michigan's new income tax went into effect Oct. 1 and preliminary reports indicate that although no one is enthusiastic about having to pay another tax, the collection machinery set in motion to handle the new tax, proceeding as smoothly as could be expected. The Michigan statute provides that every employer who is required to withhold for federal purposes is also required to withhold and report for state income taxes.

35 Years Ago October 14, 1982

- Workers at Inland Lime and Stone Co. in Gulliver have been hard hit by the current economic recession. Last week they received a double whammy: 13 workers were put on temporary layoff and the company announced that supplemental unemployment benefits paid to them would be reduced and then terminated altogether. John Hendricks, superintendent at the limestone quarrying operation, said Tuesday that 13 workers were laid off last week as one of a series of temporary and callbacks that has continued back and forth all summer. Due to the depressed steel industry, orders for the limestone quarried at Gulliver from Inland Steel, Inland Lime and Stone's parent company, have fallen to the lowest level in years.
- Public Safety Director Joe McDonough was grilled by the City Council Tuesday night over the amount of overtime hours his department has logged in the last six months. The number of overtime hours—1,600 in the past six months—a drain on the financially strapped city and prompted Council Member Wally Leggett to ask "isn't there some way we can cut down on the amount of overtime?" McDonough explained that he has little choice in most cases but to allow the overtime. For example, by far the biggest single chunk of overtime, 612 hours, was logged by public safety officers serving as ambulance attendants.
- Plans are afoot to establish an arcade of video and other games in Manistique and the operator hopes to open as soon as this Saturday. Dennis Kampainen of St. Ignace said he hopes to have his "fun-a-rama," as he prefers to call it, operating in the old All-Seasons Sports building on US-2 by Saturday. In any event, he said the arcade should be open for business by the following Monday. Kampainen, owner of Vert-Fine Vending in St. Ignace, signed a lease this week to rent the front portion of the All Seasons building.

20 Years Ago October 16, 1997

- Visits by meteorologists from the National Weather Service may have confirmed what area residents thought right away: a tornado was part the nasty storm system that ripped through the area on Oct. 5. Lingering wind damage to homes, camps and property remains from the quick moving system that passed through eastern Delta and Schoolcraft counties a week and a half ago.
- Organizers of a meeting last week that addressed the need for a new stray animal shelter in Schoolcraft County were pleasantly surprised by the number of concerned residents who attended. Kathy White, owner of Trillium Forest Kennels, said about 30 people attended the meeting in the county courthouse. White and Eva Burrell of the Schoolcraft County Humane Society prompted Thursday's meeting by their appearance at a county board meeting last month. They and other residents are seeking a new facility to house stray animals as the City of Manistique considers building a new animal care and eliminating the dog pound housed in the current building. In addition, Burrell has indicated her wish to retire from the duty of housing the area's stray cats and dogs at her residence. To address this issue, the group that met Thursday elected officers and established committees to begin planning for a new shelter.

10 Years Ago October 18, 2007

- Manistique High School football players, coaches and fans will be gathered around their television sets this Sunday to find out who the Emeralds will face in round one of the state playoffs. The Emerald varsity picked up its sixth win of the year last Friday, when they defeated Westwood 20-7. The victory qualified the team for postseason play for the first time since 2004 and only the second time since the state football tournament began in 1975.
- Despite legislative efforts and the persistent hopes of local residents, it still appears that the Camp Manistique correctional facility will close down for good two days from now, on Saturday, Oct. 20.
- Schoolcraft County's Pine Park has a new name. At their regular meeting Tuesday night, the Schoolcraft County Board of Commissioners voted to rename the park on US-2 in honor of former Commissioner Lindsey B. Frenette, who died Sept. 24. Frenette, who served in local politics for 53 years and was a county commissioner for most of that time until his retirement last December, was widely acknowledged as a strong advocate for local recreation facilities.

LETTERS TO THE EDITOR

Dear Editor,

As a former officer in the MDOC: a safe critical level of staffing is a recognized necessity in the delivery of services in any institution to maintain a safe work environment and insure the health, safety and welfare of all persons involved.

A safe minimal staffing level and reasonable shift scheduling is absolutely essential in the delivery of health care services.

I applaud and stand with the MNA in their strike against Duke LifePoint to insure that their patient's safety always come first before profits.

Sincerely,
Wade Roberts

Dear Editor,

U.P. values, our most endearing principles that the late honorable John Kivela embodied and defended fiercely. However, many of us are still perplexed on why Sara Cambensy primary challenged Rep. John Kivela?

So, who is Sara Cambensy? Upon a closer look, we now see Sara Cambensy represents the far "left fringe" of the Democratic Party who on its face has dramatically shifted towards social liberalism and identity politics.

Ms. Cambensy claims to be on the side of labor? However, Ms. Cambensy opposed John Kivela, Tom Casperson, and Scott Dianda on County Road 595. Heck, even Sen. Stabenow supported its construction.

The construction of CR 595 would not only create many jobs, but would protect the environment by cutting fuel consumption by 464,000 gallons a year and be a far safer route of travel, diverting those trucks off NMU's campus.

However, CR 595 is also about the Upper Peninsula's future and the role radical environmentalists play in regards to our individual property rights, job creation, and future development in the U.P., which is who Ms. Cambensy chose to side.

Michigan's 109th State House district is home to many hunters who only support pro-Second Amendment candidates. John Kivela, like iconic U.P. Democrats Mack, and Jacobetti, stood for the Second Amendment – John Kivela had no problem standing up against his party who advocated taking away our gun rights.

Rich Rossway is endorsed by the NRA – where's Sara Cambensy endorsement from the NRA – she didn't even get a rating. We

believe silence is consent on this important U.P. issue – Sara Cambensy stands with her party who wants to literally seize our firearms contrary to our heritage and way of life in the U.P.

Further, Ms. Cambensy wants to immediately close down Embridge No. 5 – which unfortunately has become a political football. While most reasonably minded people concur a replacement line should be planned for the future, to shut it down now would be devastating to the U.P. – creating a "heating our homes emergency" by literally putting U.P. families in the cold.

Line 5 safely supplies 65 percent of propane demand here in the U.P., heating approximately 50,000 of our homes. I read (or I am told) that roughly 2,512 tanker trucks would have to traverse the Mackinac Bridge daily if No.

5 were to shut down, driving up costs for U.P. families that are already struggling.

On Nov. 7, voters have a clear choice. They can reaffirm their commitment to our values, our way of life and U.P. sensibility by rejecting Sara Cambensy – who represents the extreme left of the Democratic Party. Yoopers are fiercely independent – its why we so often split the ticket and vote the person and position before party.

I urge you do exercise that independence and vote for the candidate that best represents U.P. values and traditions.

Vote proud Army Veteran Rich Rossway. U.P. roots, U.P. values.

Sincerely,
Paul Walker

in which Graymont employees and spouses are invited to work with us. We had 11 participants and they were able to complete a couple of projects for us.' The organization also recently enrolled in Thrivent Financial's Thrivent Choice program. By directing Choice Dollars, eligible Thrivent members can recommend which nonprofit organizations they feel should receive charitable grant funding from Thrivent.

CSO correction

you lose pressure in the water main, you've got people drinking sewage.' For this reason, Casey explained the law requires water and sewer lines be placed 10 feet apart. 'When we do the separation, not only are you working with rock, but you have to put a new trench in,' he said. As the city approaches the end of its 30-year deadline, Casey explained that the CSO will not likely be fully completed. 'Manistique needs to move very resolutely to solve the problem,' he said, noting that it is aware the city is currently working with USDA Rural Development to obtain loans and/or grants to work toward closing the CSO. 'That's a good step, but it's only one of probably three projects, maybe four, that you need to finish this job.'

continued from A1

In other business, council also approved the contracts for its union members, including: AFSME (American Federation of State, County, and Municipal Employees); Teamsters supervisory unit; Teamsters public safety; and personal services contract members. 'Every few years we go through the contracts for our city employees, our supervisors, and I can tell you, unequivocally, that we have probably the best folks that do their jobs every day without complaint,' said Hollister. 'I'm glad when we can sit down and kind of help all these folks out because they do a tremendous job. We have public safety that wear three hats (providing police, fire, and ambulance services) every single day... they are absolutely top notch. Our DPW (Department of Public Works), they do so much with so little that you just wonder how they get everything done every day. We have some great folks here in our county and I'm glad they work for us,' he added. 'Every little thing that we can do for them - I'm happy to do it.'

Enjoy the moment... Knowing your local independent agent, and the company that stands behind them, has your family covered.

Christmas program seeking applicants, donors, sponsors

MANISTIQUE — The Schoolcraft County Department of Health and Human Services is now taking applications for the Christmas Program. The Schoolcraft Community Giving Christmas Program for Families with Children provides Christmas gifts for children in need as well as a food voucher for their families to help with a Christmas meal.

The program is county-wide and is managed by the Schoolcraft Co MDHHS and the volunteers from the Christmas Committee.

To be eligible a family must have minor children living with them and be on the Food Assistance Program with MDHHS in Schoolcraft County. Applications are only mailed to eligible families that were on last year's list so most families will have to pick up an application at the MDHHS office in Manistique.

If a family lives in an outlying area, they can call and request that an application be mailed to them. The applications must be returned to MDHHS by the deadline, which is Nov. 6 (must be turned in to MDHHS or postmarked by that date).

Applications are made available each year Oct. 1.

Those who wish to support that program can take a gift tag from one of the area community giving trees located in area churches,

banks and credit unions and buy a gift for a child in need. For those late holiday shoppers please note: in order to get everything lined up in this busy time the gifts from the area giving trees are due back Dec. 7.

The Schoolcraft Community Giving Program is also in need of monetary donations to assist with the food vouchers that are given to families to help with a Christmas meal. Checks can be out and sent to the Schoolcraft Co MDHHS-Christmas Program, 300 Walnut St., Room 175A, Manistique, MI 49854.

All donations are tax-deductible and will remain entirely in Schoolcraft County for this Christmas Program to help neighbors in need.

In addition, any groups, businesses, organizations or individuals can sponsor a family for Christmas, providing gifts for all of the children in the same family (and can also provide gifts for the parents as an option) by contacting MDHHS.

The deadline for applying to sponsor a family is Oct. 30.

For more information about the Schoolcraft County Community Giving Christmas Program, contact John Sherman-Jones, Community Resource coordinator for Schoolcraft County DHHS, at 341-4511.

Helen R. Barton

Helen R. Barton

MANISTIQUE — Helen R. Barton, 87, of Manistique, Mich., passed away peacefully at her home on Tuesday, Oct. 10, 2017, surrounded by her loving family. She was born Nov. 22, 1929, in Manistique, the daughter of Sam and Mary (Rodman) Bosanic. She attended the Kendall School and Manistique Area Schools.

On June 1, 1946, the former Helen R. Bosanic married Vernon J. Barton in Manistique. They made their home and raised their family in Manistique. Vernon preceded her in death unexpectedly on Jan. 8, 1971.

Helen worked at the Wyman State Nursery in Manistique and was also the area Mary Kay Cosmetics representative for 35 years.

She was a member of St. Francis de Sales Parish of Manistique. She was also a lifetime member of the National Catholic Society of Foresters and the Schoolcraft County V.F.W. Post No. 4420 Auxiliary.

She loved to play bridge at the senior center and also enjoyed gardening, playing other card games, baking, and having coffee and bars with family and friends. She cherished the time she was able to spend with her children and grandchildren.

Helen is survived by her daughters, Sandy (Richard) Gumuski

and Judy (Duane) Sundin, both of Manistique; sons, David (Tooter) Barton, Daniel Barton, and Dennis (Rhonda) Barton, all of Manistique; 13 grandchildren; 30 great-grandchildren; and nine great-great-grandchildren; brothers, Emeric (Theresa) Bosanic, Joseph (the late Carolyn) Bosanic, Robert (Sigrid Doyle) Bosanic, Peter (Jan) Bosanic, Larry (Candy) Bosanic, all of Manistique; sisters, Ruth (Jack) Roemer and Betty (the late Merton) LaBar, both of Manistique; sister-in-law, Betty Bosanic of Lansing, Mich.; along with many nieces and nephews.

In addition to her parents and husband, she was preceded in death by her granddaughter, Amanda Barton; sisters, Amelia Bosanic and Mary Ann (the late Elton) Sample; brother, John Bosanic; and her sister-in-law, Sheila Bosanic.

Visitation will be held from 12-2 p.m. Saturday, Oct. 14, at the Messier-Broullier Funeral Home in Manistique. Funeral services will follow at 2 p.m., at the funeral home, with Father Ben Paris officiating. Burial will be held in the Fairview Cemetery at Manistique.

Memorial donations may be directed to the charity of your choice. Online condolences may be expressed at www.mbfuneral.com.

George William Sweeny

George William Sweeny

MANISTIQUE — George William Sweeny, 83, of Manistique, and formerly of the Foot Lake area, died on Friday morning, Sept. 29, 2017, at the Schoolcraft County Medical Care Facility. He was born Jan. 16, 1934, in Chelsea, Mich., to Donovan and Lulu (Barnes) Sweeny. He graduated from Chelsea High School in 1952.

In 1953, he joined the Naval Reserve, was drafted, and enlisted into active duty with the US Navy. He served in Korea during the Korean War as a Medal Smith General Third Class on the USS Elokomin. He was discharged on July 10, 1955. He married Doris Weinberg on May 19, 1956 and she preceded him in death in 1975.

George worked as a superintendent for Koch and Sons Sheet Metal Heating and Air Conditioning for 19 years. On Sept. 1, 1971, he went to work for the University of Michigan as a general foreman. He also ran a heating and cooling business on the side, and for 17 years was an instructor at Washtenaw Community College. In addition, he served a term as the Sylvan Township Supervisor. He married Mary Lou Paul in 1976 and she also preceded him in death in 1988. George retired from U of M in January 1990. After retirement, he moved to the Upper Peninsula. He was a member of Christ Lutheran Church in Shingleton where he was instrumental in the construction and maintenance of the church and

also served as the Church Council President. He was a life member of Livingston Lodge No. 76 Free and Accepted Masons in Pinckney, the American Legion Post No. 131 in Munising, and the Royal Order of the Moose No. 1971 in Manistique. He was a Boy Scout leader and a beloved baseball coach as well. He enjoyed fishing, hunting and cooking. He was also a member of the USS Elokomin Crewmember Association and enjoyed attending their reunions in Florida.

George is survived by two sons, Michael George Sweeny of Pinckney, and Timothy John (Patti) Sweeny of Chelsea; three grandchildren, Jayden, Evan, and Kayla; and brother Frank Sweeny. In addition to wives Doris and Mary Lou, he was preceded in death by his parents.

Memorial contributions in George's name may be made to the Christ Lutheran Church in Shingleton, Mich.

A celebration of life service will be held on Saturday, Oct. 14, at 2 p.m., at Christ Lutheran Church, N5271 M-94 in Shingleton, with visitation beginning at 1 p.m. The American Legion and Vietnam Veterans Honor Guard will conduct military honors at 2 p.m. just prior to the memorial service.

Bowerman Funeral Home is assisting the family with arrangements. Online condolences may be directed to www.bowermanfuneralhome.net.

Area section of U.S. 2 now a scenic byway

NAUBINWAY — A 92-mile section of U.S. Highway 2 along the north shore of Lake Michigan in the Upper Peninsula officially became the latest Pure Michigan Byway in a ceremony Oct. 6, in Naubinway attended by local and state officials, Michigan Department of Transportation staff, and residents.

The new U.S. 2 Top of the Lake Scenic Byway is located in Mackinac and Schoolcraft counties, running from St. Ignace to Thompson, following Lake Michigan's picturesque north shore in the southeastern U.P. It was chosen for the designation based on its outstanding recreational and scenic qualities. It joins 20 other showpiece highways around Michigan in the Pure Michigan Byways program, now encompassing 1,152 miles of state trunkline.

The president of the Top of the Lake Communities Association, Dean Brodberg, praised the efforts of dozens of communities and groups that came together to back the byway project, and he explained the new route's name. "It's interesting to me that many people don't realize that where you're sitting today is basically at the top of Lake Michigan."

Dave Nyberg, Gov. Rick Snyder's northern Michigan office director, said he frequently travels the byway

in his travels throughout the region. "When traveling back from Lansing or lower Michigan, I always feel that I'm finally home when greeted by the scenic vistas along this special stretch of Pure Michigan," he said the route is a great fit for the program, right down to the appearance of the byway signs.

"As a matter of fact, looking at the sign, I think all you're missing is some dunes there," Nyberg said. "This sign may be inspired by your scenic byway."

Motorists can follow the new byway from downtown St. Ignace all the way west through Manistique to Thompson. Built on the traces of an ancient Native American trade route, U.S. 2 winds along tall bluffs and then dives down to skirt miles of deserted beaches. Along the way, the route passes villages like Brevort, Epoufette, Naubinway, Gould City, and Gulliver; scenic roadside turnouts; state and federal campgrounds; and many all-season recreation opportunities.

Byways aren't a new concept, but there have been some recent changes to the state's program. Established by the Michigan Legislature in 1993, the Michigan Heritage Route program was founded as a grassroots effort uniting local residents, government officials, landowners, and other interested groups

in a common cause to preserve the state's unique scenic, historic or recreational highways.

In 2014, MDOT and the Michigan Economic Development Corp. collaborated to reinvent the program. The name change from Heritage Route to Pure Michigan Byway required legislative action. Along with the name change came a new design for route marking signs.

"The 2014 rebranding tied the byway program much more closely to the successful Pure Michigan travel and tourism campaign," said Vince Bevins, transportation planner for MDOT's Superior Region. "Byways are a great way to highlight our rich heritage of local highways

and roadsides, and they can play an important role in improving Michigan's economy and quality of life."

In addition to promoting the communities and the scenic, recreational, historical, cultural, natural, and archaeological features along a byway, the designation also helps routes compete for state and federal funding to assist with future route planning. "Historically, planning projects for byways have included sign studies, nonmotorized trail planning, marketing plans, and corridor management plan updates.

For more information on Pure Michigan Byways and a statewide driving guide to all of the routes, visit www.michigan.gov/byways.

SMH seeking donations for chemotherapy bags

MANISTIQUE — The Community Staff Relations Team at Schoolcraft Memorial Hospital has been working with Shirley's Angels to keep an important initiative active for cancer patients in the Ambulatory Care Department. Currently, every new chemotherapy patient receives a bag of comforting essentials during their first treatment of chemotherapy.

"This is an extremely difficult time for patients and this simple act of kindness has brought smiles and hope to many of our patients," said Nikki Burton, member of the Community Staff Relations Team. The committee's goal is to collect enough items to provide chemotherapy bags for all new chemotherapy patients in 2018. There is a table set up in the atrium for the month of October and there will be a booth at the Health Fair Oct. 14 for item drop-off.

- Community members are asked to donate the following items:
- Kleenex, travel size
 - Wet wipes, travel size
 - Lip balm
 - Mouth rinse for dry mouth
 - Herbal teas
 - Pens
 - Crossword puzzles, word search or Sudoku books
 - Writing journals
 - Magazines
 - Thank you note cards or stationary with envelopes
 - Cozy throw blankets
 - Hats, buffs or scarves
 - Hard candy or mints

Yoga classes have resumed at SMH Thursdays at 7 p.m. in the SMH atrium. All yoga donations collected in the month of October will benefit the chemotherapy comfort bag project. To register for a yoga class, visit: <http://www.scmh.org/community/yoga/> For more information, contact Sara Giles, SMH Marketing coordinator, at 341-3293.

Schoolcraft Memorial Hospital Auxiliary planning quarterly meeting

MANISTIQUE — The Schoolcraft Memorial Hospital Auxiliary will hold its quarterly meeting Oct. 16. The meeting will take place at 11:30 a.m. in the conference room of the hospital. Lunch will be provided by the hospital for \$10. The meeting's speaker is SMH Marketing Coordinator Sara Giles. Attendees can call 341-2863

of the hospital. Lunch will be provided by the hospital for \$10. The meeting's speaker is SMH Marketing Coordinator Sara Giles. Attendees can call 341-2863

by Oct. 15 to register for the luncheon. Attendees are asked to bring items for the Chemotherapy Comfort Bag Donation Drive. New members are always welcome.

'Essentials for an Efficient Government' workshop set for October 26

IRON MOUNTAIN — Schenck is hosting a workshop, "Essentials for an Efficient Government," that will help government organizations stay up-to-date with ever-changing regulatory requirements, technology and processes. The workshop will be held Oct. 26 at the Bay College

Campus in Iron Mountain. The workshop will take place from 9 a.m. to 3 p.m. (CST). Registration begins at 8:30 a.m. Steve Hyde, MS, MBA, CIO and director of IT services at Schenck, will share how small government entities, increasingly targeted by hackers,

can implement cybersecurity best practices. Cost is \$50 per person, which includes seminar materials, continental breakfast and lunch. To register, visit schencksc.com/events. Contact (920) 996-1261 or karie.mathias@schencksc.com with questions.

Bonifas Arts Center to host 'Young Hemingway' documentary Oct. 20

ESCANABA — A new documentary outlines Ernest Hemingway's relationship with Michigan. The Upper Peninsula premiere of "Young Hemingway and His Enduring Eden" will take place Oct. 20 at 7 p.m. at the Bonifas Arts Center. The 60-minute film uses Hemingway's words to explore his life during the times he spent near Walloon Lake, south of Petoskey, in "Windemere," his family's summer cottage, between 1899 and 1921 — just after his birth, during his boyhood, and as a young man — as well as Michigan's influence on his writing.

He'd hoped to marry. The film features insights from Hemingway scholars, family members, other writers, editors of the Hemingway Letters Project at Pennsylvania State University, and Michigan residents from the area where Hemingway lived. This summer, a sculpture of Hemingway as a young man, created by Gladstone artist Andy Sacksteder, was unveiled at Pennsylvania Park in downtown Petoskey. The statue was commissioned and put in place

to honor Hemingway's life and work and highlight his connection to the region — just as the film aims to do. During a post-viewing "afterglow," Sacksteder (www.andysacksteder.com) and filmmaker George A. Colburn (www.georgecolburn.com) will answer questions. Tickets, on sale now, may be purchased at the Bonifas or by calling 786-3833, for \$10 each or \$15 per pair.

MAMMOGRAPHY MATTERS

When it comes to breast cancer, early detection is a woman's best defense. Mammograms can detect breast cancer before signs or symptoms of the disease occur, making treatment easier and more successful.

If you are a woman over the age of 40, or you have a family history of breast cancer, be sure to schedule an annual screening mammogram. Your future could depend on it.

Let us schedule your mammography screening today.

Quick facts

- The Michigan Department of Transportation is reminding residents of a U.S. Highway 2 closure slated for Oct. 16-20.
- The closure will detour motorists around the current Escanaba River Bridge project.
- MDOT says that closing and detouring the highway provides motorists with the safest route possible through the area and also protects workers.

MSP seeks information on impersonator

MANISTIQUE — The Michigan State Police is seeking the public's help in identifying a man believed to be impersonating a police officer. There have been multiple reports of a man with no law enforcement affiliation conducting traffic stops in Schoolcraft County. Troopers and a detective as-

Quick facts

- The Michigan State Police is seeking information on a man believed to be impersonating a police officer.
 - Those who have seen, been approached or pulled over by the man are asked to call (906) 643-7582.
- signed to the Manistique area are investigating the incidences. The man is described as being approximately 30 years old with short, dark hair and wearing a brown uniform with a gold

badge. His clothing does not have patches or any identifying tags, though he claims to be a recently hired deputy working for the Schoolcraft County Sheriff's Department. In the reported cases, he is driving a dark car, possibly a Dodge Charger, which may have a black brush guard on the front, spotlight

and be equipped with a removable red and blue flashing light bar on the interior of the windshield. Anyone with information about the identity of this man is asked to call the St. Ignace Post at (906) 643-7582. Anyone who may have had contact with him or has been stopped by him should call and report the encounter.

Esky bridge detour planned

U.S. 2 closure will be second of the project

ESCANABA — Northbound and southbound U.S. Highway 2/U.S. Highway 41/M-35 will be closed at the Escanaba River Oct. 16-20 for work on the Michigan Department of Transportation's bridge project.

The closure is scheduled to begin at 9 p.m. Oct. 16 and end at 6 a.m. Oct. 20. This closure is required for the removal of the old railroad bridge. In order to expedite the work and minimize closure time, crews will work at night. The nighttime work will potentially create bright lights and noise.

During the closure, northbound traffic will be detoured via Delta County roads 426, 420, and 531, and M-35. The detour will be reversed for southbound traffic. Motorists should be patient and expect delays.

To accommodate traffic and reduce conflicts along the detour route, Delta County Road 420 will be closed to through-traffic at the east leg of the intersection with Delta County Road 531. Also, Rivers 22nd Road will be closed between Delta County Road 531 and M-35. Law enforcement will be present at intersections along the detour route to improve traffic flow and reduce backups.

Parts of County Road 426 are closed to oversized loads. Drivers with oversized loads should contact the Delta County Road Commission at (906) 786-3200 Monday through Thursday to determine the most appropriate route.

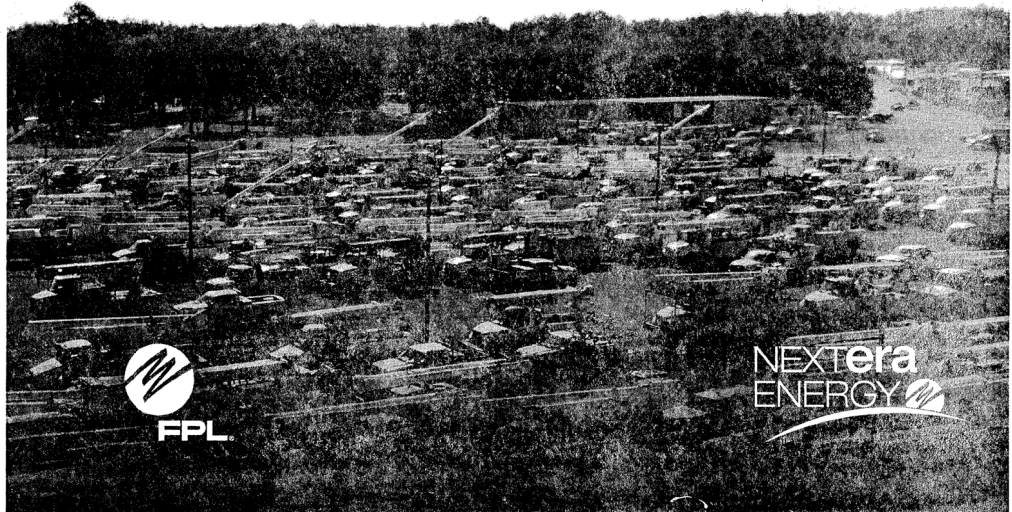

This detour will be the second of four planned detours for the replacement of the Escanaba River Bridge. The third detour for 2017 will be announced in the near future. The fourth and final detour will occur in spring 2018.

MDOT is investing \$20.5 million to replace both the US-2 bridge over the Escanaba River and the Escanaba and Lake Superior Railroad bridge over US-2. This two-year project will also include reconstructing and realigning 0.8 miles of roadway and replacing 3,000 feet of E&LS Railroad track.

Schoolcraft County health FAIR

New this year - FAST PASS

Community Members can call ahead to schedule Screening Tests and Health Talks. Not all appointments will be available prior to the health fair so people can still walk in and register for a test if there is space.

Screens you can pre-register for include: Skin Cancer Checks, Pulmonary Function Tests, Bone Density, Peripheral Artery Disease, Diabetic Foot Checks and \$5 Spa Manicures.

You can also RSVP with Sara Giles at 341-3293 for any of the scheduled Health Talks.

Southtown Sprint

9am-12pm

IQ Designs staff will be organizing a 1 mile course on Southtown Drive. You can walk or run and try to beat the time you guess for yourself. Start times are every 30 minutes. Runners can do more than 1 mile if they desire during the 30 minute period. Participation is FREE and open to all ages.

Teddy Bear Clinic

Children can take their favorite stuffed animals to see Dr. Kristi King & Dr. K. Kusnier and their nurses for a thorough check up. SMH will be giving out stuffed animals and a surprise gift to all of the children who attend.

Flu Vaccine Clinic Open

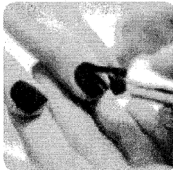

Insurance & Cash Payments Accepted

Lab Tests

- NEW - Vitamin D test \$10
 - Lipid Panel, TSH, A1C \$15
- Registration required day of fair.

Mini Spa Manicures

6032 Cutting Crew will be providing on site mini-manicures in the new "wellness wing" of the health fair with other alternative health and wellness vendors. Appointments can be scheduled ahead of time by calling (906) 341-3293. The mini spa manicures will be \$5.

WELLNESS WING

Visitors can learn more about alternate health services including: chiropractic, essential oils, life coaching, spa & therapeutic massage in the new Wellness Wing.

Promoting Brain Health

Computer "brain games" and information on mental health services at SMH with Janet Pratt, Psychiatric Nurse Practitioner.

Diabetic Feet & Nail Check

SMH Wound Care Specialist Brenda Barber will assess feet during the fair to promote preventative care at home.

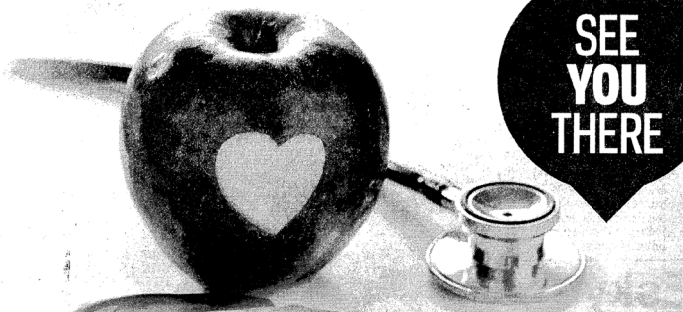

FREE Public Transit Rides

Free Public Transit Rides Available after 10 am. To schedule ride in advance call 341-2111.

Ashbrook commits to Division 1 program

LINCOLN, Neb.—Lincoln Stars forward Tristan Ashbrook has announced his commitment to Rensselaer Polytechnic Institute, in Troy, New York, a NCAA Division I program in the Eastern College Athletic Conference.

Tristan Ashbrook

In a recent Lincoln Stars' press release dated Oct. 10, Ashbrook was quoted as saying, "RPI is a first-class school with a great hockey program that's going to compete for championships. I'm very excited to be part of that and have the

chance to continue my pursuit of playing in the NHL, which is the ultimate goal."

Ashbrook, 19, made his United States Hockey League debut with the Stars Friday night against the Muskegon Lumberjacks after being drafted 314th overall (20th Round) by the Stars in the 2017 USHL Entry Draft. The Manistique native made his junior hockey debut with the Bismarck Bobcats of the North American Hockey League, recording 13 goals and 21

assists for 34 points with 78 penalty minutes and a -10 rating through 54 games. Prior to his time with the Stars, Ashbrook first traveled to Nebraska to join the Omaha AAA Lancers program for two seasons.

RPI is the country's oldest technological research university focusing on the sciences and mathematics as part of its core programs. The hockey program, now in its 116th season since its founding in the 1901-02 season as an independent NCAA Division I team, has won three ECAC Tournament Championships and two NCAA Championships, most recently in 1985, while making the NCAA Tournament

nine times and the Frozen Four five times. Ashbrook received a significant athletic scholarship and will be enrolling in the fall of 2018 or 2019.

He becomes the 17th player on the Stars roster to commit to a NCAA Division I program.

Ashbrook also became the second current or former Bobcat to commit to a Division I program this season, joining current Bobcat center Grant Johnson, who committed to Northern Michigan University in August.

Tristan is the son of Travis and Laurel Ashbrook.

Emeralds hand Gwinn first conference loss

MANISTIQUE — With Gwinn sitting undefeated on top of the Mid-Peninsula Conference and a need to rectify their early-season loss to the Modeltowners, the Emeralds were prepared for a battle in the Richard Bonifas Gymnasium Tuesday evening.

Going into the conference match-up, Manistique was coming off three straight wins against Westwood, Ishpening, and Negaunee, looking to add Gwinn as the fourth.

After an initial slow start in set one, the Emeralds beat Gwinn 3-2 (10-25, 25-17, 25-16, 24-26, 17-15).

"Coming into this match Gwinn was undefeated, so we were prepared for a battle," said Head Coach Amy Nixon. "We got off to a slow start in set one, but responded in set two by outworking

at left, Joslyn Muth at the net earlier in the season. Muth finished Tuesday's win over the Modeltowners leading with 19 assists.

Sports Brief

Demers comes out on top as club champion

MANISTIQUE — In a three-way shoot-off for Club Champion, Kevin Demers prevailed over Jon Johnson and Tom Bronz. Featuring a round each of skeet and five stand, the Manistique Rifle and Pistol Club Championship shoot closes out the competitive season for the shotgunners.

All championship and league activities are handicapped to equalize the contests.

Bronz, who shot the only perfect round of the afternoon, took home the Class A first place trophy for skeet while Johnson finished second. Jake Verbunker rounded out the top three.

Dick Rogers topped the Class B skeet shooters, with Denny McBurney as runner up and Dana Demers taking the third spot.

Crowned Class A Five Stand Champion was Frank Buckley. Jim Creighton secured second place and Jon Johnson finished a close third. Class B Five Stand Champ was Jim LaFave with Ron Avery close behind for second and Dana Demers winning third.

While the Championship Shoot signals the end of the organized shotgunning activities, many members continue shooting all year. The clubhouse is open every Wednesday except holidays and the outside rifle, pistol, and archery ranges are open to members every day except Wednesday afternoons when the shotgun ranges are open. The club offers skeet, five stand, trap, rifle, and archery ranges along with an indoor pistol and archery range.

Memberships are \$40 per year with reduced rates for spouses and students. There is a minimal charge for shotgun targets and indoor range use. Enjoying the shooting sports under safe conditions is a great way to mentor beginners and also maintain familiarity with your own firearms. Informal help or instruction is always available if asked for.

For more information visit the club on Wednesdays. Also check out the photos on Facebook.

Big plays keep Miners in the playoff hunt

NEGAUNEE — As luck would have it, the Manistique Emeralds' varsity football team caught the Negaunee Miners in the middle of a playoff hunt. After starting the regular season with a 0-3 record, the Miners made it 4-0, keeping their playoff hopes alive with a 42-8 win over Manistique last Friday night.

Up by six points on a short touchdown run by Jake Hill, Negaunee's Jason Waterman went to the air, connecting with Drew DuShane for a 70-yard score. After missing on their first extra point attempt, Erik Salminen split the uprights to put the Miners up 13-0 early in the contest.

Taking advantage of an Emerald turnover, Negaunee went up 20-0 off a touchdown run by Robbie Williams to end the opening quarter of the Mid-Peninsula Conference match-up.

The Miners added two more scores

continued from B1

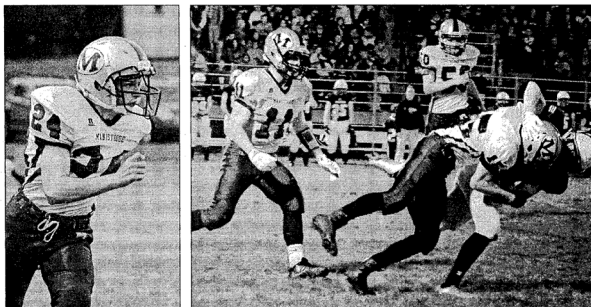

in the second period including a 70-yard punt return by DuShane to push their advantage to 34-0 at the half. With two scores of 70 yards each, DuShane took the opening kick of the second half back 80 yards.

Trailing 42-0, Manistique scored on a short run by DJ Bowers in the fourth. Christian Aldrich added two when he crossed the goal line on the conversion.

Things won't get any easier for the green and white. Manistique will continue their trip around the U.P. with a stop this Friday in Westwood to take on the 6-1 Patriots whose lone loss came at the hands of the 6-1 Gladstone Braves.

They will wrap up their trip with a color tour of the Keweenaw Peninsula to take on Lake Linden-Hubb-3 (3-3) Oct. 20 in their final game of the season.

Manistique rushed for 81 yards

Courtesy photo

and added 40 in the air. Schyler Anderson got the majority of the work, rushing for 43 yards on 25 attempts. Quarterback Alex Oas went two-for-two for 40 yards, both to Logan Savage.

Bears struggle on road and at home

GARDEN CORNERS - With both the Bears and Rockets on the court looking for a victory Tuesday night, it came down to who wanted it more.

Starting out slow in the first set, Big Bay de Noc dropped the match to their guests 3-1 (10-25, 25-17, 15-25, 9-25).

Coming back stronger in the second set for the win, the Bears dwindled in the third and lost more steam in the fourth set.

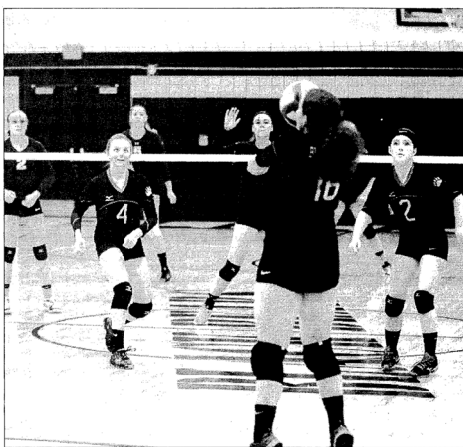

For Bay de Noc, Meagan Yonker had three aces, one kill, two assists, and eight digs; Madison McPhee posted one ace, one kill, two assists, four digs; Rylie Lawrence had one ace, eight assists, three digs; Brooke Dalgord recorded eight kills and five blocks; Hollis Stapleton had two kills and one dig; and Larissa Jones had five digs on the night.

The Bears lost matches 3-0 last week to both Hannaville (20-25, 21-25, 9-25) and Mid-Peninsula (13-25, 19-25, 21-25).

With five of their regular players in dual sports, the Bears struggled on the court.

"Five of my regularly starting players played 80 minutes of soccer before our match," stated Head Coach Angie Paulson in reference to the Hannaville game. "They played hard and gave it everything, but it is hard to come back and get hyped up after running for 80 and resting for 10. Overall, we had some good stats and we're peaking at the right time."

The Bears will host Bark River tonight with games set to begin at 6 p.m.

Joe LeBlanc photo

Madison McPhee (4) and Rylie Lawrence (2) look for a bump for teammate Kaitlin Halvorson in the Bears 3-1 loss to the Rockets Tuesday night at home. Additional photos from the match can be viewed at www.mstapioneertribune.smugmug.com/sports.

FISH REPORT

BY RET. SGT. JOHN WALKER

Well, how has your fall season been so far? For me it has been rather busy and not all of it involved hunting but other activities out in the woods. I have always said I enjoy being out in the woods and the fact that I am still capable of getting out whenever I can. Life is just too short for one not to take time to have fun.

One of my pet peeves has always been people who call themselves sportsmen or lovers of the outdoors and litter like crazy wherever they go. Thus the years when I was working not only did I run across the normal litter of bottles and cans but everything from furniture, household goodies, washer and dryers, to anything else you could think of and motor vehicles. You name it, you could usually count on finding it thrown out in the woods.

It was also one of the hardest violations to get the prosecutor to be willing to go to court on and this only compounded the problem.

After I retired I got involved with the Schoolcraft County Conservation District mainly because in a lot of ways a good number of things they are involved with fall into what I spent 25 years working on. The people that make up the board for the conservation district are a great group that are interested in many of the same things most of us that love the great outdoor want to see preserved.

A number of years ago Wife went to an educational class put on by the Forest Service on the problems with all the invasive species that come into an area and if not controlled can become a real problem. Being aware of this problem I was glad when I got on the conservation board to learn that they work hand in hand with people from the Alger County Conservation Board to try and control these invasive plants.

Just this past summer the Schoolcraft Conservation Board received a

grant to collect old tires from county residents that were looking for a way to get rid of their old tires. A lot of times when grants are received the conservation board has to come up with some matching funds in order to receive these grants. Most of these grants are a great way to help preserve the great county and beautiful area we enjoy so much.

The Schoolcraft County Conservation Board also holds a yearly tree sale where you can purchase everything from fruit trees, to shrubs for wildlife cover and feed, to conifers

if you want to have some cover or grow a few Christmas trees. This tree sale has always been a big hit for a lot of Schoolcraft County residents. In fact, right now, the conservation district is holding an early bird tree sale for next spring because at times when people wait until the last minute the trees they would like to get are not available.

I say all this about the Schoolcraft Conservation District because next month the district has a millage proposal on the ballot. In order to continue to serve the people of

our county and do even more to help preserve so many things we love to enjoy in the great outdoors they need your help. If you wonder just what the conservation district does feel free to stop by their office at the courthouse and talk to the manager for the district, he will gladly give you any information on the district that would show you all they do.

This old fossil that loves the great outdoors and the other members of the Schoolcraft Conservation Board would greatly appreciate your support on the millage next month.

continued from B1

them." Carrying that momentum into the third set, the Emeralds won that as well, forcing Gwinn to make errors. "In set four, Gwinn put up more of a fight," said Nixon. "We almost had the match won in four sets, but Gwinn blocked our attack to send us to a fifth set."

Down by three points right away in the fifth set, Nixon called a timeout to regroup her squad. Manistique continued to trail the Model-towners by two or three points until they were eventually able to tie the game at 14.

The Emeralds then made a hitting error to give their opponent match point. Determined more than ever to get the necessary two-point win, the Emeralds tied it up at 15 then took the lead with back-to-back kills. Match point was scored by the Emeralds with a tip over the net by their outside hitter.

The Emeralds hope to continue their match reversal when they host Iron Mountain tonight. The Emeralds lost to the Mountaineers 3-0 earlier in the season.

Freshman Kayla Muth finished the night leading in kills with five.

Sydney Peterson and McKenna Chartier lead in digs, each recording

21 and 19, respectively. Renae Schuetter lead in aces with four.

In reviewing the top 10 player stats in the conference through Oct. 9, the following individuals are included:

Aces - Lenna Smith and Joslyn Muth, 15
Blocks - Kayla Muth, 16; Emilee McDaniel 15
Digs - Sydney Peterson, 126; Joslyn Muth, 117; Lenna Smith 116
Kills - Emilee McDaniel, 57; Lenna Smith, 56; Abby Burnham, 38
Serve Receives - Sydney Peterson, 191; Renae Schuetter, 73; McKenna Chartier, 44
Assists - Joslyn Muth, 155

Food, coats, and caring

Pioneer Tribune photos
A Feeding America Food Truck visited the area Wednesday morning, distributing food to any Schoolcraft County residents in need. At far left, volunteers are shown sorting the boxes of food to ready for distribution. In addition to food, jackets were also distributed to those in need. At left, volunteers work to hand out the jackets. A group of Schoolcraft Memorial Hospital physicians and practitioners raised enough money to host another food truck for the community. The SMH medical staff decided to use the extra funds raised to purchase new winter coats and jackets for children. The coats and jackets will be distributed to families that have a need during the Oct. 11 distribution.

NEWS FROM MAS By MARYANN BODDY

This week's submission is provided by Mr. John Shiner, principal Manistique Middle/High School.

STEM is an acronym commonly used in the media when referencing public education. It stands for science, technology, engineering and math. The value of STEM related classes has been recognized at both state and federal levels, but how does it impact your child's learning at the Manistique Middle and High School?

High school students have access to a number of STEM related classes. Computer Aided Drafting, Advanced Placement computer programming, automotive, building trades, health occupations, welding and independent living are all elective classes that have STEM content embedded in the curriculum. Core math and science teachers, from chemistry and biology to physics and pre-calculus commonly integrate science, technology, engineering and math concepts into daily lessons. These valuable courses

strengthen our students STEM related skill sets and provide a direct transition into the world of work or postsecondary education. Middle school students, in addition to required math and science classes, interact with STEM related concepts in classes such as computers, introduction to manufacturing and a survey course aptly named STEM.

MAS teachers commonly use technology devices such as chromebooks, ipads, and smartphones to reach the multitude of learning styles that exist in today's classroom. These devices connect our students to an almost limitless source of classroom reinforcement strategies and likewise keep them current with the STEM skills required to enter into today's increasingly competitive job market.

Note: You may also encounter the term STEAM in connection with science, technology, engineering, art and math. STEAM classes take the traditional STEM classes and add a creative component by incorporating art.
