MET director visits area

Discusses college savings with residents

MANISTIQUE - Saving for college can be a daunting task, but Robin Lott, executive director of the Michigan Education Trust, was in the area Tuesday to help simplify the process. Lott's presentation, held at St. Francis de Sales School, supplied information on two state-run college savings programs - the Michigan Education Trust and the Michigan Education Savings Program.

The MET and MESP programs are operated under the Michigan Department of Treasury and offer

those with children a variety of options to save for college.

"The higher level of education your child completes, the better their ability to earn will be," Lott began, adding that due to this earning potential, the cost of college continues to rise. "This is another reason we want you to start saving early. As these numbers (costs) grow in the future, you'll have something to help you."

She explained college expenses are rising due to inflation and the need for universities and colleges to keep their campuses appealing

Feeding America Food Truck set to return April 25

MANISTIQUE - Due to generous community donations, the Feeding America Mobile Food Truck will visit Manistique April 25. Distribution will take place from 10 a.m.-12 p.m. at Schoolcraft Memorial Hospital, located at 7870W U.S. Highway 2, Manistique.

Anyone residing in Schoolcraft County may participate. If picking up a box for another resident, bring a signed note with their address and permission to issue the box.

Participants are asked to bring a large empty cardboard box.

Distribution is set up drive-through style. Vehicles must enter on Southtown Drive, following signs, and will be directed to SMH exits after pick up.

Future distribution dates have been scheduled for May 30 and June 27.

Residents may also have a box of food delivered to their door by calling Schoolcraft County Public Transit at 341-2111 at least 24 hours in advance. The cost for delivery is \$1 per box for a delivery to housing complexes and \$2 per box to residential homes.

If interested in volunteering or sponsoring a food truck, contact Sara Giles, marketing director at Schoolcraft Memorial Hospital at 341-3293.

Feeding America is the nation's largest domestic hunger-relief organization. They feed 46 million people at risk of hunger, including 12 million children and seven million seniors. Locally, the 20,000-pound trucks help feed 400 households in Schoolcraft County monthly.

For more information about food assistance services in Schoolcraft County, contact Good Neighbor Services at 341-3927.

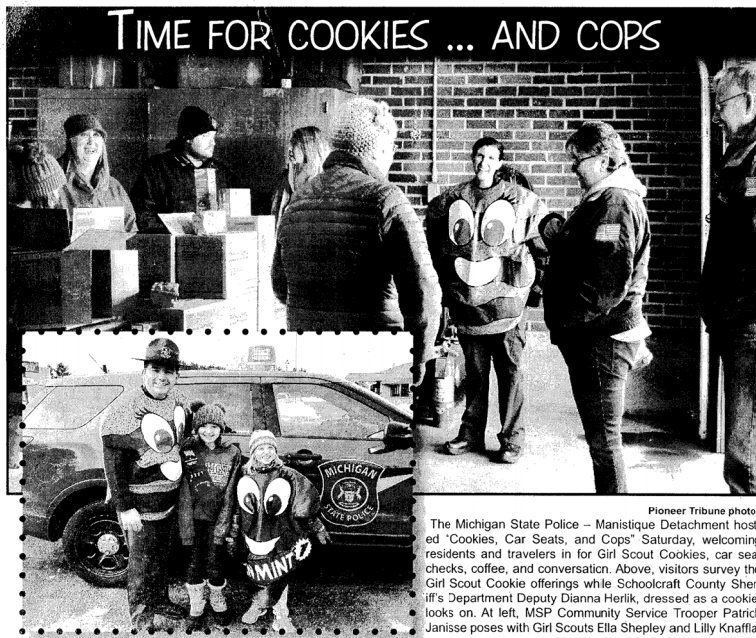

Local woman sentenced to prison term for drug charge

MANISTIQUE - A Manistique woman has been sentenced to prison for a drug charge stemming from a recent bust.

Katy Marie McGinnis, 33, of 100A Main St., was sentenced April 5 in 11th Judicial Circuit Court to serve a minimum of 16 months up to a maximum of seven years in prison for one count of controlled substance - delivery/manufacture of the substance Suboxone.

As part of her plea agreement, an additional count of the same charge and a habitual offender - second offense notice were dismissed.

McGinnis was given credit for 56 days served and ordered to pay \$928 in court fines and costs.

The Michigan State Police - Manistique Detachment hosted "Cookies, Car Seats, and Cops" Saturday, welcoming residents and travelers in for Girl Scout Cookies, car seat checks, coffee, and conversation. Above, visitors survey the Girl Scout Cookie offerings while Schoolcraft County Sheriff's Department Deputy Dianna Herlik, dressed as a cookie, looks on. 'Power of Words' project seeks local artists

Mural will be painted on south wall of People's Store

MANISTIQUE - The Power of Words Project, a creative initiative of the Svetlata Foundation, has announced a new opportunity for local artists to participate in the first Power of Words Project mural in Manistique.

Partnering locally with Lake Effects Community Arts Center and Schoolcraft Tourism and Commerce, the Power of Words Project mural will be created on the south facing wall of People's Store building from July 6-Aug. 6. Four \$500-\$1,000 stipends are available for local emerging artists who are willing to put in 40-80 hours of work on the project.

There are also additional volunteer opportunities for artists who would like to contribute.

All artists will work with Mia Tavonatti, internationally renowned artist and muralist, and her team of professional artists. Artists from any of the surrounding communities are welcome to apply.

These stipends are determined on a competitive basis and require the submission of an art portfolio and complete application and Statement of Purpose. Artists are encouraged to participate in this process. The

amount of the stipends are based on number of hours worked and can accommodate varying schedules depending on artist availability.

Requirements are as follows:
Portfolio: Each portfolio should include eight to 10 high-resolution jpeg files. Portfolio artwork may include drawings, painting, mixed media, self-portraits, landscapes, still life, figure studies, and public work completed. Artwork should have been created within the last five years.

Artist Statement: Statements should include the reasons for wanting to participate in the project, artistic goals, education and experience, if any, working on large scale

projects as a team or individually. Be sure to include a name at the top of the statement.

Artist Resume (optional): Include current artist resume or biography, if available. This should be no more than three pages.

Deadline: Completed applications, along with digital portfolio and Artist Statement, and resume must be received by email no later than May 1 to be considered for the stipends. All artists selected to work on the project must be able to climb scaffolding and be available to complete their required

Manistique's National Guard unit returned home Tuesday about 2 p.m. after being called to active duty for part of combat in downstate areas. The two platoons, part of Co. D., 107th Engineer Bn., were stationed in Lansing during the emergency, and saw no actual riot duty with Lt. Howard Handorf in command, the 60-man unit left about 1:30 a.m. Saturday in a truck convoy. They were housed in the Lansing armory during their stay.

Attorney General Frank Kelly moved Monday to prevent the abandonment of a ferry run by the Ann Arbor Railroad and on stoppage of freight service by the Minneapolis and Lake Superior Railroad. Kelly was able to hold up the termination of the Ann Arbor train service between Frankfort and Manistique and the freight service between Manistique and Doty by his appeal to the I.C.C. The railroad asked to discontinue the ferry service because it is a losing proposition, Kelly stated that while present operations are conducted at a loss, evidence shows that abandonment of the ferry service will not result in any service to the Ann Arbor Railroad. Business interests located in Manistique would have no other

facilities by which to ship such commodities as coal and scrap irons Kelly said. He asked the commission to refer its findings and deny the request of the two railroads. Work has started on the new elementary school, immediately adjacent to the existing Lakeside School, and board of education members were on hand Monday for a brief ground-breaking ceremony. Members present were Mrs. Jeannette Larson, Norman Jahn, Robert Orr, President Denton Nelson, Supt. Edwin Wuehler, Ralph Gilliam, Mrs. Margaret Waters and Earl LeBrasseur.

A Manistique High School senior won the top prize in the annual Northern Michigan Science Fair held Saturday in Marquette. Karl S. Johnson, son of Mr. and Mrs. Eugene Johnson, 223 Main St., took first place in the 10-12 grade competition at Northern Michigan University with his exhibit on "Gas Chromatography." His prize is an all expense paid trip to Detroit to compete in the National Science Fair there May 15-18. Karl, who was accompanied to the fair by Mr. Earl Williams, his chemistry teacher, has also received a certificate from the National Aeronautics and Space Administration for outstanding achievement in recognition of creative scientific endeavor in aerospace research, as well as a letter of commendation from the U.S. Air Force.

The Hiawatha Township Board approved its budget for the 1983-84 fiscal year April 7, which sets aside \$75,000 to be used for starting up a township fire department. Currently, Hiawatha relies on the City of Manistique's department for fire protection. This costs the township \$2,000 a year plus \$400 for every fire call made. People in Hiawatha decided to follow the example of Cooks and organize their own volunteer fire squad. There are 22 men taking a 66-hour training course that will end in June. It is being taught locally by Vern Annelin and involves first aid, firefighting tactics, use of equipment, how to handle toxic materials and other necessary skills. When the training is over, the men will be tested to see if they meet state standards for a fire department. If they pass, they can draw up a charter and elect officers. If the volunteer fire department gets off the ground, it will be a separate entity,

unconnected to the township government. Schoolcraft County will hire a new sheriff's deputy to guard the upstairs section of the jail this week. He will be paid with money taken away from the Department of Social Services, as a result of action taken by the county board of commissioners Tuesday night. On Friday, Tom Shampine is scheduled to start work as a second story guard at the county jail. Hiring another guard is one of the changes recently demanded by the state corrections department. Shampine, a Hiawatha Township resident, has worked with the sheriff's department for several years as a deputy. He was employed full-time in 1981, then worked part-time with the department until he was chosen as the new guard. The initial \$14,500 of Shampine's salary will be shifted out of the county's \$18,000 allocation to the social services department. Last year, the DSS did not use any of the county appropriation.

More than four years after the original gas leak, cleanup efforts on and around the Holiday Gas Station property continue to slowly move forward. Charles Wheeler, a geologist with the state's Department of Environmental Quality, said groundwater cleanup continues at the River Street site and is expected to last until the year 2000. A gas leak at the station in February 1994 resulted in the evacuation of an eight-unit apartment building to the southwest of the Holiday property. The building's owners, Bob and Gloria Ehl, and the residents eventually received a settlement from the Minneapolis-area company, which obtained the apartment building at 110

Main Street. Officials with North Woods Home Nursing and Hospice of Manistique announced Tuesday, April 14, that they have sold their downtown office building to the MFC First National Bank. The Marquette-based bank is planning to open a branch in Manistique, with the office to be run by Wendy Beckman. Along with the sale agreement, North Woods signed a long-term lease to keep its offices in the building. Julie Mallard, director of outreach and community service for the home health care company, said North Woods will keep its offices in the back part of the building, with the bank occupying the front.

The Manistique Area Schools will be changing to an all-day kindergarten program next year. Wasting no time during a brief special meeting Monday night, the Board of Education voted 6-0 to switch from half-day to full-day kindergarten classes - a move expected to cost the district up to \$70,000.

13-year-old Haley Marie Norton of Cooks is continuing to burn up the felt in pool competition. Norton has been a regular fixture in the winners' circles of Upper Peninsula tournaments for several years now. Last weekend she did it again, taking first place in the 12-to-14 year old division at the tenth annual Gary Shane Memorial

young pool tournament in Negaunee. Haley is the daughter of Randy and Sue Norton and granddaughter of Lee Rarolon.

A portion of County Road 440 (State Road) was shut down to deal with a spring high-water situation late Monday afternoon. It began with a blocked culvert on a private drive, which caused water to start backing up during last weekend's warm spell. Once the water was freed, it washed out a portion of the road. Attempts by the Schoolcraft County Road Commission to make repairs collapsed the culvert running underneath the road, forcing it to be closed. Crews working during the night, repairs were completed, and the road reopened Tuesday morning.

Letters to the Editor

Dear Editor,
When will Mr. Bergman learn? It must be campaign season. Why else are we suddenly hearing from Representative Bergman almost weekly? In his most recent communication, Mr. Bergman noted that the city of Manistique, Alger, Schoolcraft, and Charlevoix counties were successful recipients of USDA Rural Development funds to assist in purchasing vehicles for emergency services in the 1st District.

Specifically, he stated, "I applaud USDA and the Trump Administration for realizing the importance of our rural communities and prioritizing these investments in the 1st District."

His hypocrisy is overwhelming. We all remember that Mr. Bergman voted to approve the American Health Care Act of 2017 that would have had a dire impact on Michigan's 1st District. Many highly respected organizations, including the University of Michigan Institute for Healthcare Policy, the Kaiser Family Foundation, the Wall Street Journal, the George Washington University Department of Health Policy and Management, and others determined that the bill would:

- Severely threaten our vulnerable rural hospitals that provide the medical services needed for those being transported in the new vehicles Bergman is suddenly celebrating.

- Increase insurance premiums, making coverage unaffordable for many in our district.

- Jeopardize the health coverage of nearly 44,000 residents by eliminating Medicaid expansion.

- Eliminate emergency services and other essential benefits such as hospitalization, mental health, substance abuse services, and prescription drugs.

For Mr. Bergman to celebrate grant funding for buying emergency vehicles when he voted for a bill that would reduce access and availability of emergency health services in communities across the district is the height of hypocrisy.

When will Mr. Bergman learn that he may run for office, but he cannot hide from his record? We deserve better.

Dear Editor,
Something doesn't smell right, Jack Bergman recently received the Guardian Award from "60 Plus", an organization which bills itself as the conservative alternative to the AARP. The award is supposedly in appreciation of Bergman's "tireless efforts on behalf of senior citizens."

Bergman voted for the recent Republican tax cut for the wealthy, which blows a \$1.5 trillion hole in the federal budget over the next decade - a hole the GOP hopes to fill by cutting Social Security, Medicare, and Medicaid. That's bad for seniors and would also threaten the survival of several

critical care hospitals in the 1st Congressional District.

Bergman also supported repealing the ACA and replacing it with the AHCA, the ultimately unsuccessful Republican healthcare plan. According to the CBO, if the AHCA had become law, premiums for seniors would have skyrocketed and millions would have lost their health insurance.

So who would give Bergman an award for his efforts on behalf of seniors? 60 Plus is an "astro-turf" organization - designed to look like a grass roots group, but funded over the years by folks such as the Koch brothers and the pharmaceutical and fossil fuel industries. It favors privatizing Social Security and opposes the ACA. And it is a member of the "Cooler Heads" coalition, which consists of organizations that deny climate change.

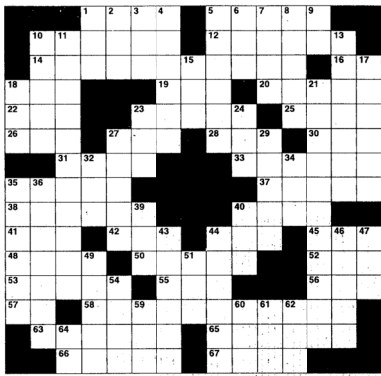

I don't believe for a minute that Bergman got this award for working on behalf of senior citizens. I think he received it for his "tireless efforts" representing major GOP donors who are mostly interested in lowering their own taxes, maximizing their business opportunities, and shrinking or eliminating any government program that might get in their way.

On a scale of 0-100, where does MAS rank among other districts in Michigan?

In an article released by MLive, you can find out more about the state's new school index system...

While a total of six categories were used to determine each school's overall score, not all categories counted equally.

So how did Michigan schools perform? The median rating was 71.89.

Some schools only received a rating for one or two areas, because data for the other areas was unavailable.

On the other end of the spectrum, there were 26 schools that received a rating of zero.

MDE is using the ratings to determine which schools need additional oversight and support to improve student performance.

These are the lowest performing schools statewide and include any high school with a graduation rate of 67 percent or less...

Quitting? Free supplies offered

Quitline offers nicotine gum, patches, lozenges

LANSING — Thinking about quitting tobacco? The Michigan Department of Health and Human Services is expanding its telephone coaching and nicotine replacement therapy program to all Michigan residents through May 31.

During this time, the Michigan Tobacco Quitline will offer a free, two-week supply of nicotine gum, patches or lozenges for all new enrollees who want to quit smoking or chewing tobacco.

Quitline users who would like to quit may call the Quitline phone number at (800) 784-8669. Enrollment is available 24 hours a day, seven days a week.

The Quitline serves all ages, however, callers seeking NRT must be over 18 and meet basic health requirements.

Enrollees will receive a coach who will assist them in setting a quit date, choosing a nicotine replacement product that is right for them and making an individualized quit plan.

The coach will provide support with up to four telephone coaching sessions scheduled around the caller's quit date.

"Callers using NRT along with coaching, such as through a telephone-based service like 800-QUIT-NOW, can increase their chances of becoming smoke-free by five times the rate of someone quitting cold turkey," said Dr. Eden Wells, MDHHS chief medical executive.

"Providing access to free NRT during this promotion might just be the jump start someone needs to quitting smoking tobacco for good."

The Michigan Tobacco Quitline is an evidence-based service providing free telephone coaching for the uninsured, pregnant women, residents enrolled in Medicaid and Medicare, veterans, cancer patients and American Indians.

More than 100,000 calls have been received since the Quitline service was launched in October 2003.

The Quitline offers English, Arabic and Spanish-speaking counselors, as well as interpretive services for a wide variety of languages.

For more information about the Quitline, call 800-QUIT-NOW or visit Michigan.gov/tobacco.

Marcella M. Quick

Marcella M. Quick

MANISTIQUE — Marcella M. Quick, 86, of Dodge Lake, Manistique, Mich., died Wednesday, April 4, 2018, at the Schoolcraft Medical Care Facility in Manistique.

She was born Aug. 3, 1931, in Brevort, Mich., the daughter of Floyd and Violet (Moralson) Miller and moved to the Manistique area as a child. She attended Manistique area schools and was a graduate of Manistique High School with the Class of 1949. She continued her education at the Augustana Hospital School of Nursing in Chicago where she received her R.N. degree.

On Oct. 11, 1952, the former Marcella M. Miller married John Paul Quick in Manistique. They made their home and raised their family in Manistique and at Dodge Lake. "J.P." unexpectedly preceded her in death on Dec. 22, 1989.

Marcella worked at the Community Hospital in Big Rapids, Mich. and the Schoolcraft Memorial Hospital in Manistique where she held several staff and supervisory positions. For many years, she was employed as the R.N. at the Manistique offices of Dr. James H. Fyvie and Dr. Duane L. Waters at their downtown location and at the Manistique Medical Center.

She was a member of the Zion Lutheran Church of Manistique where she served as the President of the Church Council, was the Zion Choir Director, and also taught Sunday school for many years. She was also a member of the Lutheran Church Women.

She was a Past-President of the Manistique Women's Club, a member of the Elkettes, and the Indian Lake Golf and Country Club.

Very community minded. She

was a Brownie leader, a member of the Fourth of July Committee, and was the Chairman of the Kiddie Parade for years. She was also an active member of the Schoolcraft County Bay Cliff Health Camp board.

In her free time, she loved to entertain family and friends, play cards, golf, dance, and grow roses.

Marcella is survived by her children, Pamela A. Quick of West Allis, Wis. and John H. (Christy) Quick of Battle Creek, Mich.; loving companion, Donald Carlson of Manistique; grandchildren, Steven Berghoef, Sara Berghoef, Katie Berghoef, Kaylee Cooper, Taylor Balczak, and Paige Balczak; great grandchildren, Mason, Madison, Asher, Zayde, and Everly; sisters, Helen Lynt of Manistique and Eleanor Talley of Jacksonville, Fla.; brother, Lloyd (Karolyn) Miller of Naples, Fla.; along with nieces and nephews.

In addition to her parents and husband, she was preceded in death by her sister, Alice Knuth; and her brothers, Richard, Keith, Floyd, and Kenneth "Tim" Miller.

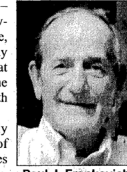

Visitation will be held from 1-3:45 p.m. Monday, April 9, at the Messier-Broulliere Funeral Home in Manistique.

Funeral services will follow at 4 p.m. Monday, at the Zion Lutheran Church in Manistique. Burial will be in the Hiawatha Township Cemetery.

Memorial donations may be directed to the Manistique Area Schools Scholarship Foundation, Zion Lutheran Church or the Alzheimer's Association.

Online condolences may be expressed at www.mbfuneral.com.

Paul J. Frankovich

Paul J. Frankovich

MANISTIQUE — Paul Jerome Frankovich, 78, of Manistique, Mich., passed away Friday, April 6, 2018, at his home in Manistique after a long battle with cancer.

He was born July 26, 1939, the son of Nicholas and Frances (Frankovich) Frankovich and attended school in Manistique.

In his earlier years, he proudly served in the United States Army, in the Artillery Unit. He later moved downstate to Highland, Mich., where he spent the majority of his working career at Holloway Construction Company. He was employed as a heavy equipment mechanic under the Union of Operating Engineers Local No. 324. He retired after 30 plus years.

Paul was an active and faithful member of the St. Francis de Sales Catholic Church in Manistique where he was always willing to lend a hand wherever needed.

He enjoyed mechanic work, woodworking and construction projects. He especially enjoyed building and remodeling houses.

His latest interest and hobby involved model railroads, specifically Lionel Trains.

Paul's greatest happiness came from helping others. There are many family members and friends that can attest to this, with all the remodeling and building jobs that he helped with throughout the years.

He is survived by his brothers, Joseph (Beverly) Frankovich of Great Falls, Mont. and James (Laurel) Frankovich of Highland; sisters, Clara (Richard) Grall of Rockford, Ill., Mary (Wayne) Gonder of Highland, and Barbara Smith of Princeton, Mo.; brother-in-law, Joseph Wolf, and sister-in-law, Phyllis Frankovich and Kathleen Frankovich; along with several nieces and nephews.

In addition to his parents, he was preceded in death by his brothers, Nicholas and John; sisters, Angela and Phyllis; nephews, Michael Frankovich, Joseph Wolf, James Gonder, Paul Wayne Frankovich, Craig Gonder and Tyler Frankovich; and his nieces, Janelle Smith and Mary Crossley.

Visitation was held from 4-7 p.m. Tuesday, April 10, at Messier-Broulliere Funeral Home in Manistique.

A Mass of Christian Burial was held on Wednesday, April 11, at noon, at St. Francis de Sales Catholic Church in Manistique with Father Ben Paris officiating. Burial will follow in the Lakewood Cemetery followed by a luncheon in the parish center.

Messier-Broulliere Funeral Home of Manistique is assisting the family with arrangements. Online condolences may be expressed at www.mbfuneral.com.

WETMORE — David Kane, 63, of Wetmore, Mich. and formerly of Manistique, Mich., died unexpectedly Wednesday, April 4, 2018, at his home following a lengthy illness.

He was born in Manistique on March 27, 1955, to the late Charles and Dorothy (Scoon) Kane. Visitation was held on Sunday, April 8, at Bowerman Funeral Home in Munising. Rev. Sandra Kolder conducted the 3 p.m. funeral service. His obituary and online guestbook may be viewed and signed at bowermanfuneralhome.net.

MANISTIQUE — Beginning this month, the Centers for Medicare and Medicaid Services will begin mailing new Medicare cards to those with Medicare. A new alpha-numeric identifier will replace the current Social Security Number-based identifier. The roll-out will occur over a several-month period, based upon the geographic location of the Medicare beneficiary. There are concerns that people might believe that this is a "scam" and ignore notifications or throw new identification cards away.

beneficiaries will receive a card with a unique number, regardless of geographic location. Distribution of cards for current beneficiaries will be randomized by geographic location. People in Louisiana, Arkansas, Mississippi and Texas will not begin to receive their new cards until after June. However, they may begin to receive notifications relating to this change before that time. Starting this month, those with Medicare will be able to visit Medicare.gov/newcard to sign up for emails about the card mailing, as well as to check the card mailing status in their state. People with Medicare should use the new card once they receive it, but either the Social Security Number-based (old) card or the new random alphanumeric-based numbers may be used through December 2019. Beginning January 1 2020, only the new card will be accepted.

"In Memory of Marcy"

On April 4, 2018, Manistique and the world lost a truly remarkable woman, Marcella M. Quick. Words cannot express what she meant to us, and the void left from her loss is palpable. She was petite yet powerful, charmingly poised, lit up every room with her beautiful smile and for more than 30 years working as a registered nurse, she inspired others through selfless care and compassion. Never one to sit still for too long, Marcy always managed to keep her house spotless, plant flowers in every garden, dance to Sinatra, feed the hummingbirds and still find time to chase the black bears off the deck. To her children she was a pillar of strength and comfort, to her grandchildren she was a true class act, and to her great grandchildren she was simply an angel. The summers spent with her made a lasting impression but no memory would be complete without a sunset pontoon ride around Dodge Lake. What we all wouldn't give to take one more trip around the lake to hear you laugh and see you smile. You will forever be missed but never forgotten. We love you always Marcy.

Paper ballots can be dropped off at The Welcome Center, Limestone Federal Credit Union, Habitat for Humanity Hiawathaland, Peoples Store, Wheaty's, Bostique, the Mustard Seed and Putvin's.

Students in the Health Occupation class at Manistique High School recently competed at the state level in Grand Rapids. Those in attendance included, front row, from left: Lexi Johnson, Mrs. Kristen Demers, Fiona Wing, Regina Moloney, Lexi Russell, Cadence Richmond, Rylie Lawrence, Mackenna Ozanich, and Shelby Misriakiewicz. Back row: Emily Baker, Kendra Coumaya, Sydnee MacPhail, China Collison, Sam Rethman, Brooke Dalgord, Lexi Mercier, and Brenden Jenerou. At right, Regina Moloney, who received second in the state in the Home Health Aide competition is shown.

HOSA places at competition

GRAND RAPIDS — Sixteen students from the Health Occupations class at Manistique High School traveled to Grand Rapids recently to compete in the HOSA State Leadership Conference. The students competed with 3,300 other students from around the state.

According to Health Occupations teacher Kristen Demers, each student put forth exceptional effort to participate in the conference and represented the Delta-Schoolcraft

Intermediate School District Manistique Satellite HOSA.

Of those students, six excelled and made it to the top 20 in the state in their respective competitive fields.

Those students included: Kendra Coumaya, Veterinary Science; China Collison and Cadence Richmond, Home Health Aide.

Competing in CPR/First Aid, the team of Emily Baker and Fiona Wing placed eighth in the state.

The final student to place was

Regina Moloney. She took second in the state competing in Home Health Aide and received a silver medal.

With this accomplishment, Moloney now qualifies to compete at the HOSA International Conference in Dallas, Texas in June. She was one of the only two students from the Upper Peninsula to qualify.

Moloney plans to fundraise for travel expenses and attend the conference.

3 ways stress takes a toll

Did the latest challenge at work bring on a tightening in your stomach? Does constant worry about a loved one's health make you physically ill yourself?

Everyone at some point feels the effects of stress. Not everyone deals with stress in the best way, though.

"Often stressed-out people seek relief through alcohol, tobacco or drugs, but that just makes matters worse," says Richard Purvis, a health and wellness practitioner and author of Re-calibrate: Six Secrets to Resetting Your Age (www.richardpurvisauthor.com).

"Instead of relieving stress, those toxic substances tend to keep the body in a stressed state, causing even more physical problems."

April is Stress Awareness Month, a good time to reflect on how the demands and anxieties of daily life put a strain not just on our minds, but on our bodies as well.

Stress, of course, is not always a bad thing. It does serve a positive purpose.

"It can keep us alert and prepares us to avoid danger," Purvis says. "But stress becomes a negative factor when a person faces continuous challenges without any time mixed in for relief or relaxation."

As a result, he says, people become overworked, and stress-related anxiety and illness can occur. The strain leads them to suffer from such ailments as headaches, upset stomach, elevated blood pressure, chest pain and problems sleeping.

Purvis says a few examples of how stress can play havoc on our bodies include:

Musculoskeletal system. When we experience stress, it's natural for our muscles to tense up. "It's the body's way of guarding against injury and pain," Purvis says.

Usually, the muscles relax once the stressful event passes. But chronic stress keeps the muscles in a constant state of guardedness.

"When muscles are taut and tense for long periods of time other

reactions in the body are triggered," he says. Chronic muscle tension in the shoulders, neck and head can lead to tension-type headaches and migraines.

Respiratory system. Stress causes people to breathe harder. "That's not a problem for most people," Purvis says. "But if you suffer from asthma or a lung disease such as emphysema, getting essential oxygen can be difficult." He says some studies show that acute stress events — such as the death of a loved one — can trigger asthma attacks in which the airway between the nose and the lungs constrict. Also, rapid breathing associated with stress — or hyperventilation — can result in a panic attack in some people.

Gastrointestinal system. Sometimes people who are stressed will eat much more than usual. Sometimes they will eat less. Neither is healthy. "You can get heartburn or acid reflux if

Study: Boomers unprepared

WASHINGTON — A new study confirms what others already have concluded: Many Baby Boomers haven't saved a dime for retirement, which can't help but mean trouble as they reach retirement age.

This is National Retirement Planning Week, an effort by consumer advocates, educators and financial-service organizations to promote comprehensive retirement planning. However, according to Cathy Weatherford, president and chief executive of the Insured Retirement Institute, 42 percent of Baby Boomers have no retirement savings at all. Still, there are things they can do to prepare for the future.

"It's never too late to sit down with a financial professional, assess where you are and see what you can do to improve your financial well being," she said.

Weatherford added that many people have assets they had not

taken into consideration that can contribute to a more secure retirement. Assistance is available at retireyou.com/terms.org.

Of Boomers who have saved money, the study said, only one in four is confident that their savings will last through their retirement years. Weatherford emphasized that planning later in life isn't all about trying to catch up on missed opportunities but trying to do the best you can with the options that are still available.

"That might be working a little longer," she said. "It might be planning on downsizing out of a bigger house to a smaller house. It might be moving to a less costly city or area."

Weatherford said paying down credit-card debt is a good first step, but the most important step is saving. Experts generally recommend putting aside 10 to 20

percent of your monthly income toward retirement, and Weatherford said that for many Boomers, there are still years of earnings ahead.

"The youngest Boomer is just 54," she said, "so there's still some time yet to really get a plan in place and work towards a good, clear goal."

About 50 million Baby Boomers will reach age 65 over the next 10 years. The study is online at myironline.org.

GFWC honors LeDuc, hears Bay Cliff update

MANISTIQUE - GFWC Manistique Women's Club recently held their March meeting at the Comfort Inn.

Bennett spoke of many aspects of the camp and of the programs for the children. There are now year-round programs, along with some adult programs.

The adult programs include the Becoming an Outdoors Woman and the Post Polio survivors - those people who are having late onset symptoms.

There are also family camps for the families who have a disabled child.

Bennett also informed the GFWC members that approximately 90 percent of the campers are from the Upper Peninsula and the other 10 percent are usually referrals from others who attended camp or were counselors there.

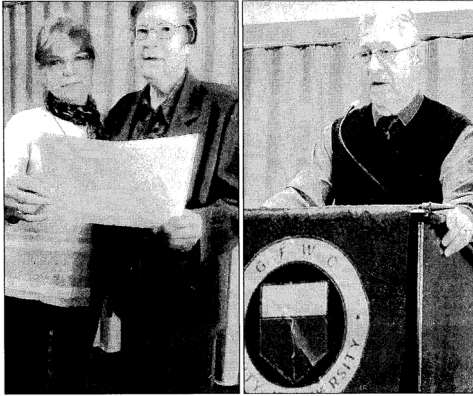

GFWC Women's Club held a "shower" for Bay Cliff with a gift of towels. The camp is always in need of these and other items. A list can be found in the CBC tabloid recently distributed county-wide.

GFWC Manistique Club also honored Vencil LeDuc with a certificate for 30 years membership and volunteer work.

The club will host a New Member Tea at the Comfort Inn May 8, at 12 p.m. The event is open to the public. Tickets are \$15.

There will be tea, crumpets, entertainment, and a chair auction. Hats and Gloves are welcome.

Tickets may be purchased at the front desk of the Comfort Inn or by calling 341-6791.

At left, the GFWC - Manistique honored Vencil LeDuc, at right, at their recent meeting. At right, Tim Bennett, director of Bay Cliff Health Camp is shown speaking during the meeting.

Just a quick reminder that we need to have you sign up as soon as possible if you are interested in joining us for the Annual Pancake Supper, which is scheduled for April 19. We need the count to purchase the groceries.

We are asking for a donation of \$5 per person. In turn you will receive pancakes, scrambled eggs, American fries, sticky buns and ham, along with orange juice and coffee.

Have you practiced your trivia? We are proud to announce that Darrell Dixon will be volunteering his time to make your evening enjoyable. Entertainment will begin at 4 p.m. with dinner served at approximately 5 p.m. This is a fun evening, so I encourage you to invite a few friends to join us.

In 1974, UPCA was designated as the Upper Peninsula Area Agency on Aging. The AAA ensures the provision of quality services through the selection, funding, contracting and monitoring of local service providers.

We are one of those providers. The Center offers Homemaking and Long-Distance Transportation from this funding.

Arca Agencies on Aging are non-profit organizations that plan and develop services for older adults age 60 and over. The services are designed to help older adults maintain their health and dignity and remain in their homes for as long as possible.

Some of the services include:

- Adult Day Care

- Aging and disability Resources
• Caregiver Support and Training
• Congregate Meals at Senior Centers and Home-Delivered Meals (Meals on Wheels)
• Health Screening along with Health and Wellness Training.
• Elder Abuse Education and Prevention
• Help with understanding Medicare, Medicaid and Medicaid Insurance.
• Help with Prescription Drugs for those who qualify
• Home Care Assistance, including help with bathing, dressing, eating, etc.
• Home Safety Assistance
• Housing Options
• Information and Referral
• Kinship Care (Help for grandparents/grandchildren)
• Legal Assistance
• Ombudsman Services to help resolve complaints for people living in long-term care facilities.
• Relief for Caregivers (Respite)
• Transportation
• Public Awareness
Because funding is limited and local needs differ, not all services are available in every community. There is no cost for services, but donations are encouraged. Certain services have eligibility criteria.
To find out more about the above programs, all you have to do is dial 2-1-1 (not 911) or (800) 338-7227.

With flu season hitting our area so hard this year, I would like to share with you the Must-Have Shots:

Influenza: You need to get the shot every fall before flu season begins. Why? Older people are at higher risk for complications such as ear and sinus infections. In extreme cases flu can even be fatal.
Pneumonia: You need to get a vaccine once, at age 65 or older. Why? Pneumonia is a major cause of death among older people. The vaccine protects against 23 variations of the disease.
Shingles: You only need to get the vaccine once, at age 60 or older. Why? Anyone who's had chicken pox is at risk of getting this painful condition. The vaccine is safe and effective.

Tdap: You need a booster for the tetanus, diphtheria and pertussis vaccine every ten years. Why? Pertussis, or whooping cough, is on the rise in the US.
The Feeding America Food Truck will be returning to Manistique on April 25 from 10 a.m.-12 p.m. It will be located the drive past Schoolcraft Memorial Hospital (on the same side of the road).

They ask that you bring a sturdy non-returnable container. This program is available for anyone living in Schoolcraft County that needs a little boost.

Stress effects

continued from A5

So what's to be done? Purvis points out that stress is a natural occurrence in life and happens to everyone.
"Since you can't avoid your job, bills, or other life experiences, the best thing to do is learn to manage stress," he says. "You won't avoid stress entirely, but it is possible to minimize the effects by eating healthy, exercising regularly, getting enough sleep, and taking care of yourself in general."

MET director

to both existing and incoming students.

"Tuition is rising and, over time, we've seen a 7.3 percent average tuition increase at the Michigan public colleges," Lott said. "On average, nationwide, it's been a little higher than that."

Most families who save for tuition and college costs are placing their money in traditional savings accounts, she explained.

"Some families are considering using some of their retirement, which we don't really advise," she said. "Some are just writing checks."

The other families, approximately 37 percent, are taking advantage of 529 plans, such as the MET and MESP programs.

Financial aid packages mostly consist of loans, Lott said, increasing the debt load of students before they step foot in an institution of higher learning.

"That's another reason we're trying to encourage parents to start early, save as much as you can -- help reduce those loans," she explained.

The Treasury offers three types of programs -- MET, a prepaid tuition program; MESP, a "direct sold" investment-based program; and MAP, another investment-based program, but one that requires direct communication with a broker.

"MESP and MAP are investment-based programs very similar to your 401(k)," Lott said, noting that, for her presentation, she would focus on the MET and MESP programs, as the MAP program comes with higher broker-related fees.

"With the MET or with the MESP, your account will be used anywhere at a qualified institution nationwide or abroad," Lott said.

"If the school has a college code within the U.S. Department of Education's system, then it's probably a qualified institution."

That means they offer federal financial aid to their students," she continued. "So you can send your money there and not pay any tax on that at all."

If the student decides not to attend college, Lott said the funds may be transferred to another fam-

ily member, including first cousins.

"Refunds can be sent out either if the student receives a full scholarship or decides not to attend college," she explained. "All the funds are refundable, so you don't lose your money if the student does not attend college."

Lott pointed out that the money put into the MET and MESP accounts are "tax deferred" going in, meaning that the money is taken from net pay.

"It's after tax dollars going in, it's tax deferred as it grows, and when you pull it out, it's tax exempt as long as you use it for qualified higher education expenses," she explained. "If you just pull it out (for other reasons), then there are tax consequences on the earnings portion only ... you never pay tax on that principal amount."

While students can choose to attend college anywhere, Lott explained that students who choose to attend an in-state college would get the best benefit from the MET program, which pays actual tuition. She also noted that the total dollar amount put into the MET savings account is tax deductible.

"On the MESP side, your deduction is limited to \$5,000 if you're a single filer or \$10,000 if you're a joint filer," Lott said.

Both the MET and MESP programs offer payroll, or ACH, deduction as a method of getting money to the account.

"You can send in a paper check and you can also have giving from family and friends," Lott explained.

She pointed out that college savings should have minimal impact on a student's eligibility for need-based aid, as the U.S. Department of Education only considers 5.6 percent of the value of the savings when making calculations.

"There is some legislation pending in Congress that will wipe that totally out," Lott said. "So we're hopeful that may still happen -- where you wouldn't even have to put MET/MESP on the financial aid application."

Focusing specifically on the MET program, Lott explained that it is essentially buying credit hours at today's rate.

"You're locking in that price, so

whatever you buy at that rate, we never come back to you and increase the price," she said. "When your child is ready to attend college, we're going to pay out those numbers of credits you purchased ... at the end of the day, we promise to pay in-state tuition, plus mandatory fees, if your child attends a Michigan public college or university."

If the child decides to attend an out-of-state college or university, MET will calculate the average tuition of public colleges and pay out credits at that rate. If the child decides to attend a private college, credits will be paid out according to the weighted average tuition of public colleges.

"Worst case ... we won't give you back less than you paid in," Lott said.

There are three types of contracts -- all at different prices -- available in the MET program: Full Benefits, Limited Benefits, and Community College. Full benefits is the most costly contract, as it covers all 15 public four-year institutions in Michigan.

"The Limited Benefits contract is a little lower in cost because the price of that contract is based on 10 percent of the weighted average tuition," Lott explained. "What that means is not that they can't go to the higher-cost schools, but if they go there, we reduce the number of credit hours we pay out."

The Community College contract is self-explanatory, she said, with those credit hours available to only community colleges.

Some participating in the MET program choose to purchase two years of Community College contract credits and two years of credits at either a Full Benefit or Limited Benefit contract, Lott added.

Contract prices can be paid in

five purchase plans: lump sum, four year, seven year, 10 year, or 15 year. There is also a "Pay-As-You-Go" option, where credit hours may be purchased by depositing any amount until one credit hour is purchased, then moving on to the next credit hour.

Lott recommended setting up one MET or MESP fund for each child. She also noted that the credits purchased are transferable if the student decides to switch colleges.

If a child receives a partial scholarship, Lott explained that the excess money in the MET account can be transferred to the school for room and board or the student can request a refund from the MET account to pay for off-campus expenses.

Enrollment in the MET program is open from now until Sept. 30, Lott said, and the \$25 online registration fee will be waived if residents use the "2018UP" code on the enrollment screen at www.setwithmet.com.

As for the MESP program, Lott said to think of it as a 401(k), as it involves investment.

"Your balance of your account can pretty much be used anywhere in the United States or abroad as long as it's considered a qualified institution -- which can include technical/vocational schools," she said. "The total amount in your account balance is also able to be applied to room and board, books, it can be used for computers, tuition fees ... lab fees."

In MESP, the account owner has all control of the money and when it will be dispersed to the college or student. As in MET, the earnings portion of any non-qualified withdrawal is subject to tax. Non-qualified withdrawals are also subject to a 10 percent federal penalty on the earnings portion.

continued from A1

Lott explained that if the student earns a scholarship and the account owner decides to withdraw for personal reasons, the 10 percent federal penalty is waived.

In the MESP program, there are nine investment options from which to choose. Lott pointed out that there is a conservative investment option, but the rest will be based on market conditions.

"Using the moderate age-based allocation as an example, if the child is a newborn to three years old, the portfolio is like 85 percent equity and 15 percent fixed income," she explained. "As the child gets older, the portfolio automatically shifts on its own to be more conservative, so that by the time the child is 16 to 18, that portfolio is 85 percent fixed income and 15 percent equity because we know it's almost time for you to pull it out and use it for school. So it reduces your risk level over time."

Lott noted that you can deposit funds in more than one investment option.

"You don't have to put all your eggs into one investment option," she said. "Twenty-five dollars opens the (MESP) account, and then any amount \$25 or more (can be deposited) any time you wish."

Residents may opt for a payroll deduction to make deposits on a regular basis.

"If you commit to payroll (deductions), it's only \$15 to open the account and you just have to commit to \$15 a pay period," Lott explained. "A trip to McDonald's and Starbucks -- that's \$15 right there."

As with MET, others can "gift" to the MESP account. Lott noted that the MESP program tends to offer more flexibility for the amount deposited, as well as the expenses covered.

Seniors take on Delta County Law Enforcement

COOKS – The annual Delta Dunkers basketball game featuring the Big Bay de Noc Seniors vs. Delta County Law Enforcement will be held April 12 (tonight). The event takes place at 7 p.m. in the Big Bay de Noc School gym.

Cost is \$6 for adults; children five-12, \$3; and family passes, \$10.

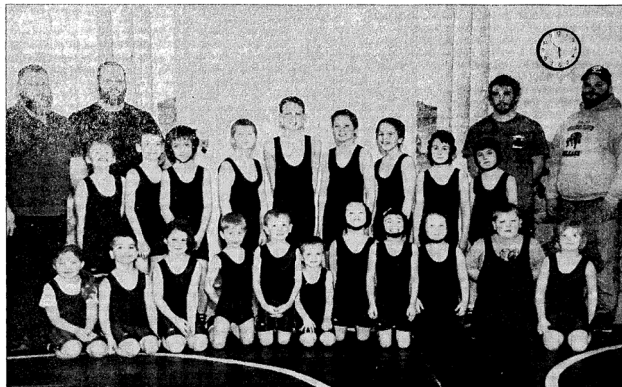

A concession with popcorn, pizza, hot dogs, and beverages will be available. Activities include the jail and bail, 50/50 raffles, paper airplane toss, and free throw and half court shots.

All proceeds go toward this year's alcohol/drug free graduation party.

Annual 'Yooper Hooper' scheduled for Saturday

MANISTIQUE – The 17th Annual "Yooper Hooper" will be held at Manistique Middle and High School April 14.

The event starts at 8 a.m. in the Richard Bonifas Gymnasium and ends when the last team finishes. All start and end times will be dependent on the number of teams competing.

Young grapplers successful on the road

Twenty-five wrestlers strong, the Manistique Youth Wrestlers hit the road April 7 and traveled to Munising. Each of the young grapplers earned medals in the competition. As a team, the athletes achieved second, just missing out on first place. The Manistique Youth Wrestling Club will be holding the annual Manistique Youth Wrestling Tournament in the Richard Bonifas Gymnasium April 21. Competition is set to begin at 10 a.m. and the public is invited. Fans are welcome to enjoy concessions, raffles, 50/50, and to watch future members of the Emerald wrestling program.

Pigs vs. Punks

The annual "Pigs vs. Punks" basketball game was held last Thursday at the Manistique Middle and High School gymnasium. Held yearly, the fundraiser helps finance graduation night activities for the senior class. The game features Manistique police, fire, and EMS, as well as officers from the Schoolcraft County Sheriff's Department, Michigan State Police, and Michigan Department of Natural Resources playing against Manistique High School seniors. After all the shenanigans, and at the end of the final buzzer, the seniors topped the law enforcement squad 61-59. The evening also included announcement of who would "kiss the pig". At right, Julie Schuetter appears to comfort Nikki Tryan to reassure her "It will be over before you know it." Luckily, it was only a guinea pig giving out the kisses this year.

TRACK STREET SEASON

Pioneer Tribune photos
Making the best of a weather-controlled situation, the Emerald track team took to the streets Tuesday afternoon to get some time trial work done. With snow still covering the track, the team has been holding practices indoors, making it difficult to get distance work in. Their first meet of the year will be at the Superior Dome April 18.

From the April 14, 1983 issue: The Junior Bowling League held its awards banquet recently. First place team this season was the Rookies, and the Raiders wound up second. The Rookies in the front row, from left to right were: Eric Oas, Jason Springer, and John Benish. Rookie Tom Mercier was not present. The Raiders in back row, from left to right: Scott Hewitt, Doug Demers, Dean Deloria, and John Krusic. Oas had the high series and high game this year, and Bill Lee was the Most Improved Bowler.

MHSAA accepting student advisory council applications

EAST LANSING — The Michigan High School Athletic Association is seeking student-athletes to become members of its Student Advisory Council beginning with the 2018-19 school year.

Four boys and four girls from the Class of 2020 will be selected to two-year terms, and will meet on matters related to maintaining and promoting a proper perspective and sensible scope for high school sports in Michigan. Eight members from the Class of 2019 already are serving on the Council, while eight members of the

Class of 2018 are leaving the Council this spring.

To be eligible for the committee, candidates must be a member of the Class of 2020, complete the official application including answering the three short-answer questions, submit a letter of recommendation from a school administrator, have a cumulative GPA of at least 3.0 (on a 4.0 scale) and be available for all scheduled meetings.

In addition, candidates should show a history of leadership on athletic teams as well as with other ex-

tracurricular activities, community service projects, or in the workplace, and show an understanding of the role of school sports and have ideas for promoting a proper perspective for educational athletes.

Applications are due in the MHSAA office by 4:30 p.m. on April 18. Applications can be downloaded from the Student Advisory Council page of the MHSAA Website, filled out on the computer or handwritten, and returned to the MHSAA office by e-mail, fax or any mail delivery service. The link to the MHSAA page

is <https://www.mhsaa.com/Schools/Students/Student-Advisory-Council>.

The eight new members of the Student Advisory Council will be notified by April 27. The 2018-19 meetings are tentatively scheduled for Aug. 26, Oct. 7, Dec. 2, Feb. 17, April 28 and May 19. Meetings will take place at the MHSAA Office in East Lansing. Two conference call meetings will be held on Jan. 13 and Jan. 27.

Softball updated stats and schedule

MANISTIQUE — Last week's issue of the Pioneer Tribune included the records for the Manistique Emeralds girls softball program. Unfortunately, for those in this year's program, the bar has been set a little bit higher as posted records were not updated through the 2016 season. In some categories, records were changed significantly.

As inclement weather continues to challenge this year's schedule, the following changes have been made.

The April 10 home game against Gladstone has been postponed to May 3.

Rescheduling of the April 11 home game against Westwood has yet to be determined.

The April away game in Rudyard is cancelled and will not be rescheduled.

Well, for all you people that came home from Florida thinking spring has arrived are about to wish you had stayed a while longer again this week if the weather reports hold true. If what I hear is true there could be up to a foot of snow in some areas just when we think it is leaving. I told the people at the Soil Conservation meeting this week if this keeps up we will have to issue snowblowers and ice spuds at our tree sale the end of the month.

Speaking of the yearly Soil Conservation tree sale, if you plan to order some trees to plant this year you will have to get your order in quickly or you will miss out. There are tree catalogs and order forms at the District Soil Conservation office on the second floor of the court house. I don't really know if my little tree planting projects do a whole lot of good for the wildlife but I would like to think planting crab apples and other trees for food helps out. So get out there and order a few trees to plant on your hunting property and create a little food plot for the wildlife.

It is really hard to believe how busy this time of year used to be for the game warden compared to what you see out there in today's world. Back in those good old days this time of year everybody was hitting the streams running off Lake Michigan looking for those smelt that always seems to run best going into the middle of April or as I always told people the third week.

Then you were also out there looking for trappers because the beaver

trapping season was always in the spring of the year back then. On top of this the game warden sold the trapping license from his home and he had to tag the beaver and other back then.

On top of this you were watching the steelhead streams watching for those checking them out with a spear. For some reason it seemed when you tried certain people figured to cut down on the odds of getting some steelhead by using a spear.

This time of year working as a game warden was some of the busiest and when you had some of the most fun and enjoyment in doing your job. When you throw on top of this the fact that your area of responsibility went from Thompson over to the Black River then up to White Fish Point then over to Grand Maris and back down to Thompson.

Then if you add to this the time lapse between when the activity started and happened along the southern edge, the Lake Michigan area, and worked its way to the northern Lake Superior area. Needless to say this meant you put a whole lot of miles on some back roads and through the mud.

You have to remember that some of the best rivers spring fishermen liked to hit for steelhead were running into Lake Superior between Munising and Paradise. Can you

believe that a person can be paid to travel through all these pristine parts of Michigan have someone provide the vehicle, and pay for the gas as you do it? Life sure could not get any better as far as a job goes for a boy who grew up in the U.P.

Can you just imagine getting paid to go out on a nice sunny spring day

and find, where a few steelhead are laying side by side in the shallows of a little stream, then find a nice place up on a ridge overlooking the spawning area where you can sit against a tree in the sun and wait for someone to come along and go after the steelhead.

Life sure was good back then and

even now I enjoy getting out in the woods and checking things out in the spring of the year. But I have to admit my steps may be a whole lot slower and the distances I walk somewhat shorter but the enjoyment is still there.

So if I can say anything I would encourage you to make it a point

to take advantage of all we have up here and go out and enjoy life for all its worth. Of course I will say remember to leave those spawning steelhead that won't bite alone, in other words leave your spear at home and make sure you get your 2018 fishing license before you go out.

ORDINANCE NO. 2018-2

AN ORDINANCE TO AMEND CERTAIN PROVISIONS OF ORDINANCE NO. 2018-1 OF THE VILLAGE OF GARDEN:

AN ORDINANCE TO PROVIDE FOR THE ACQUISITION, CONSTRUCTION, FURNISHING AND EQUIPPING OF IMPROVEMENTS TO THE WATER SUPPLY SYSTEM OF THE VILLAGE OF GARDEN AND TO PROVIDE FOR THE REFUNDING OF CERTAIN OUTSTANDING BONDS OF THE VILLAGE; TO PROVIDE FOR THE ISSUANCE AND SALE OF REVENUE AND REVENUE REFUNDING BONDS TO PAY THE COST THEREOF; TO PRESCRIBE THE FORM OF THE BOND; TO PROVIDE FOR THE COLLECTION OF REVENUES FROM THE SYSTEM SUFFICIENT FOR THE PURPOSE OF PAYING THE COSTS OF OPERATION AND MAINTENANCE OF THE SYSTEM AND TO PAY THE PRINCIPAL OF AND INTEREST ON BONDS OF THE SYSTEM; TO PROVIDE AN ADEQUATE RESERVE FUND FOR THE BOND; TO PROVIDE FOR THE SEGREGATION AND DISTRIBUTION OF THE REVENUES; TO PROVIDE FOR THE RIGHTS OF THE HOLDERS OF THE BOND IN ENFORCEMENT THEREOF; AND TO PROVIDE FOR OTHER MATTERS RELATING TO THE BOND AND THE SYSTEM.

WHEREAS, on February 7, 2018, the Village Council of the Village of Garden, County of Delta, State of Michigan (the "Village"), adopted Ordinance No. 2018-1 and authorized the issuance of its Water Supply System Revenue and Revenue Refunding Bond, Series 2018 (Taxable), in an amount not to exceed Seven Hundred Ninety-Four Thousand Dollars (the "Bonds") to acquire, construct, furnish and equip improvements to the Village's water supply system, consisting generally of water mains, valves, water meters, redundant looping, and treatment improvements together with all interests in land, appurtenances and attachments thereto and to refund certain outstanding bonds of the Village; and

WHEREAS, the Village desires to amend Section 12(B) (3) of Ordinance No. 2018-1 to revise the amount required to be deposited into the Repair, Replacement and Improvement Fund

THEREFORE, THE VILLAGE OF GARDEN ORDAINS:

Section 1. Amendment of Section 12 of Ordinance No. 2018-1. Section 12(B)(3) of Ordinance No. 2018-1 is hereby amended to read as follows:

Repair, Replacement and Improvement Fund. The separate fund designated REPAIR, REPLACEMENT AND IMPROVEMENT FUND (the "RRI Fund") is hereby continued and maintained. After the transfers required in (1) and (2) above, commencing June 1, 2018 revenues shall be transferred at the beginning of each quarter of each Fiscal Year from the Receiving Fund and deposited in the RRI Fund in an amount not less than \$2,360 (\$9,440 annually), less the amount, if any, deposited in the Bond Reserve Account at the beginning of the same Fiscal Year quarter. Moneys in the RRI Fund shall be used and disbursed only for the purpose of paying the cost of (a) repairing any damage to and emergency maintenance of the System, (b) repairing or replacing obsolete, deteriorating, deteriorated or worn out portions of the System, (c) acquiring and constructing extensions and improvements to the System and (d) when necessary, for the purpose of making payment of principal and interest on the Bonds. If the amount in the Bond and Interest Redemption Fund and the Bond Reserve Account is not sufficient to pay the principal of and interest on the Bonds when due, the moneys in the RRI Fund shall be transferred to the Bond and Interest Redemption Fund and used for that purpose. Moneys in the RRI Fund may be invested in accordance with Section 13 of this Ordinance.

Section 2. **Conflict and Severability.** All ordinances, resolutions and orders or parts thereof in conflict with the provisions of this Ordinance are to the extent of such conflict hereby repealed, and each section of this Ordinance and each subdivision of any section hereof is hereby declared to be independent, and the finding or holding of any section or subdivision thereof to be invalid or void shall not be deemed or held to affect the validity of any other section or subdivision of this Ordinance.

Section 3. **Publication and Recordation.** This Ordinance shall be published in full in the Pioneer Tribune, a newspaper of general circulation in the Village, qualified under State law to publish legal notices, promptly after its adoption, and shall be recorded in the Ordinance Book of the Village and such recording authenticated by the signatures of the President and the Village Clerk.

Section 4. **Effective Date.** This Ordinance is hereby determined by the Village Council to be immediately necessary for the preservation of the peace, health and safety of the Village and shall be in full force and effect from and after its passage and publication as required by law.

Adopted and signed this 4th day of April, 2018.

HOROSCOPES

April 15 - April 21
ARIES - Mar 21-Apr 21
Aries, you may have to admit that the major plan you have set up has a few flaws. You don't have to abandon it, just modify. These modifications may be relatively simple.
TAURUS - Apr 21-May 21
Prices, you may think that you have missed an important opportunity, but don't get too worried just yet. With a few new strategies, you can regain what you've lost.
GEMINI - May 21-Jun 21
Gemini, you may be easily swayed this week by someone who is smooth-talking. Figure out if this person can be trusted or not, but give them a chance.
CANCER - Jun 21-Jul 21
You may find yourself in a position where you can take on a leadership role. Cancer, do not hesitate to jump on board because this can be just what you need for your career.
LEO - Jul 21-Aug 21
Responsibilities will soon be easier to handle. Leo, not because the tasks are less difficult, but because you have more people on your side helping you out.
VIRGO - Aug 21-Sep 21
Planning a vacation can be almost as fun as traveling. Virgo, when someone asks you to help planning up a travel itinerary, just do your part and enjoy the ride.
LIBRA - Sep 21-Oct 21
Some sort of breakthrough in your life is soon to become a reality. Lib, it may be a financial windfall or a new job opportunity. Keep your eyes open to any and all possibilities.
SCORPIO - Oct 21-Nov 21
You can achieve great things this week. Scorpio, ultimately, your accomplishments depend on how much you can focus on the task at hand. The ball is in your court.
SAGITTARIUS - Nov 21-Dec 21
Sagittarius, you can't move this week, but it is best to have a plan and not leave things to chance. Look ahead to all the possible scenarios that have the potential to trip you up.
CAPRICORN - Dec 21-Jan 21
Caution, it is easy to get carried away with an idea. Just do not mistake extension for focus. You need to pace yourself if you are going to be effective.
AQUARIUS - Jan 21-Feb 18
You may wish to postpone some thing you had hoped to finish this week. Aquarius, as long as it does not get pushed too far into the back burner, you should be fine.
PISCES - Feb 18-Mar 21
Focus, a setback of some kind may occur this week. Don't get too worried just yet. Adversity can be a learning experience.

ORDINANCE NO. 323 of 2018

AN ORDINANCE ADOPTING AND ENACTING A NEW CODE FOR THE CITY OF MANISTIQUE, MICHIGAN; PROVIDING FOR THE REPEAL OF CERTAIN ORDINANCES NOT INCLUDED THEREIN; PROVIDING A PENALTY FOR THE VIOLATION THEREOF; PROVIDING FOR THE MANNER OF AMENDING SUCH CODE; AND PROVIDING WHEN SUCH CODE AND THIS ORDINANCE SHALL BECOME EFFECTIVE.

THE CITY OF MANISTIQUE ORDAINS:

Section 1. Short title. This ordinance shall be known as the "Code of Ordinances adopting ordinance" and may be so cited.

Section 2. Adoption of Code of Ordinances. The Code entitled "Code of Ordinances, City of Manistique, Michigan," published by Municipal Code Corporation, consisting of chapters 1 through 50, each inclusive, is adopted.

Section 3. Repealer. All ordinances of a general and permanent nature enacted on or before March 28, 2016, and not included in the Code or recognized and continued in force by reference therein, are repealed.

Section 4. Prior ordinances not revived. The repeal provided for in section 3 hereof shall not be construed to revive any ordinance or part thereof that has been repealed by a subsequent ordinance that is repealed by this ordinance.

Section 5. Penalty. Except as otherwise provided by law and by this Code, a person convicted of violation of this Code shall be guilty of a misdemeanor and punished by a fine not to exceed \$500.00, imprisonment for a period of not more than 90 days, or both; however, unless otherwise provided by law, a person convicted of a violation of any provision of this Code that substantially corresponds to a violation of state law that is a misdemeanor for which the maximum period of imprisonment is 93 days shall be punished by a fine of not more than \$500.00, imprisonment for a term of not more than 93 days, or both. A person convicted of a violation of this Code shall be responsible for costs.

Each act of violation and each day upon which any such violation shall occur shall constitute a separate offense. The penalty provided by this section, unless another penalty is expressly provided, shall apply to the amendment of any Code section, whether or not such penalty is reenacted in the amendatory ordinance. In addition to the penalty prescribed above, the City may pursue other remedies such as abatement of nuisances, injunctive relief and revocation of licenses or permits.

Section 6. Code additions or amendments. Additions or amendments to the Code when passed in such form as to indicate the intention of the City Council to make the same a part of the Code shall be deemed to be incorporated in the Code, so that reference to the Code includes the additions and amendments.

Section 7. Later ordinances. Ordinances adopted after March 28, 2016, that amend or refer to ordinances that have been codified in the Code shall be construed as if they amend or refer to like provisions of the Code.

Avoid oak wilt: Don't prune trees during high risk period

LANSING — Have an oak tree on your property? To keep it healthy, don't prune it from mid-April through the summer. That's a key time for infection with oak wilt, a serious disease that can weaken white oaks and kill red oak trees within weeks.

Oak wilt, caused by a fungus, has been reported throughout the Midwest, including Michigan, said Ryan Wheeler, invasive species biologist with the Michigan Department of Natural Resources.

Red oaks are most susceptible to the disease. These trees have leaves with pointed tips and include black oak, northern red oak and northern pin oak. Trees in the white oak group have rounded leaf edges and include white oak and swamp white oak.

They are less susceptible.

Symptoms most often appear from June until September.

"Affected trees will suddenly begin to wilt from the top down, rapidly dropping leaves, which can be green, brown or a combination of both colors," Wheeler said.

Oak wilt is spread above ground mainly by sap-feeding beetles that carry the disease spores from an infected tree, or wood cut from an infected tree, to fresh wounds, including pruning cuts, on healthy trees. The infection also spreads below ground, through root grafts among neighboring trees.

The highest risk of infection occurs April 15-July 15, but it is prudent to avoid pruning or injuring oak trees until they have lost leaves for the

winter, typically from November through mid-March, Wheeler said. If you must prune or remove oaks during the risk period, or have a tree that gets damaged, immediately cover wounds with tree-wound paint or latex-based paint.

Don't move firewood, especially if it comes from oak wilt-killed trees, as it can harbor the fungus. If you suspect your oak trees have this disease:

Communities that Care Collaborative lists locations of drug take backs

MANISTIQUE — Schoolcraft County Communities That Care Collaborative is making an effort to publicize local drug take back locations as communities across the country seek to stymie the growing epidemic of opioid addiction. In Schoolcraft County, residents

can safely dispose of unwanted prescription pills at Putvin Health Mart, Monday through Saturday from 9 a.m. to 5 p.m.; and Sundays, 9 a.m. until 12 p.m.; and at the Schoolcraft County Sheriff's Department, 24 hours a day, seven days a week.

Schoolcraft County Communities That Care is working to make Schoolcraft County a safer and healthier place for youth. For more information on drug take back sites or the SC3, contact Jennifer Levis at (906) 286-0159.

First Adopt-A-Highway litter pick-up planned from April 14 until April 22

LANSING — Highway roadsides across lower Michigan will get a spring cleaning beginning Saturday as volunteers in the Michigan Department of Transportation Adopt-A-Highway program head out to pick up litter from April 14 to 22.

Due to snow still on the ground in some areas, the first Adopt-A-Highway pickup for the northern Lower Peninsula and Upper Peninsula will be later, from April 28 to May 6.

"The thousands of Adopt-A-Highway volunteers deserve our thanks for helping keep Michigan roadsides clean and attractive," said State Transportation Director Kirk T. Steudle. "We all benefit

from their community spirit and pride. We ask all motorists to watch out for the volunteers and drive carefully during the pickup periods."

Volunteers pick up litter three times each year. Statewide, there will be a summer pickup from July 14 to 22 and a fall pickup from Sept. 22 to 30.

The AAH program began in Michigan in 1990. Today, more than 2,800 groups have adopted more than 6,300 miles of state highway. These volunteers collect 65,000 to 70,000 bags of trash annually, an estimated \$5 million value for the state. AAH groups wear high-visibility, yellow-green safety vests required by federal

regulations when working within a highway right of way. MDOT provides free vests and trash bags, and arranges to haul away the trash.

Volunteers include members of various civic groups, businesses and families. Crew members have to be at least 12 years old and each group must number at least three people.

Sections of highway are still available for adoption. Groups are asked to adopt a section for at least two years. Adopt-A-Highway signs bearing a group's name are posted along the stretch of adopted highway. There is no fee to participate.

The Manistique Moose Lodge recently hosted the annual Easter party, sponsored by the Manistique Moose Lodge, Eagles Club, and Elks Club. This year, the Manistique Merchants Committee used the event as a replacement to their annual Easter egg hunt. The event boasted lunch, games, prizes, and a bunny hop. Children also had an opportunity to take a photo with the MMA Easter Bunny, above at left. At right, one child poses with an Easter basket.
