## Michigan Works! expands services, job training locally

Manistique office offers more than unemployment assistance

MANISTIQUE – Michigan Works! is expanding its services in the area – many of which are unknown to those seeking employment. The organization's offerings were recently presented to the Manistique City Council.

Rose Pann, a representative from Michigan Works!, presented the new information to council members and the audience.

"Everybody thinks of Michigan Works! as just being unemployment, and we are not just unemployment anymore," she said. "We're doing a lot of different programs."

Additionally, the Michigan Works! office has undergone an expansion – jumping from four public computers to 12.

"We went from the main floor of the (Schoolcraft County) Courthouse ... to the sec-

ond floor in Suite 264," Pann said. "We're open on Monday, Tuesday, and Friday right now from 9 a.m. to 5 p.m. We're closed from 12-1 p.m. We have private appointments, for when we need to discuss things such as a person's income levels and things like that, on Wednesdays and Thursdays."

Pann explained the organization assists those looking for work, exploring the job market, building a career plan, and seeking to upgrade skills. Services and resources available to residents, through the Michigan Works! Career Center, include: access to computers/internet; access to a fax machine; resume resources and paper, copy machine; envelopes and postage; and access to job opening on [mitalent.org](http://mitalent.org).

"Michigan Works! really hasn't had a footprint in our community since April 2017, which is when we lost our full-time person working in this office."

Currently, Pann said she and Amy Kraatz maintain and operate the office.

"We will be there regardless of ... wind, rain, snow – we'll be there," she said.

Pann also noted that beyond the Career Center resources, Michigan Works! is offering personalized resume and cover letter development, interview preparation and mock interviews, job leads and referrals to employers, career planning and mentorship; and support services based on eligibility.

"I can attest that we have two gentlemen right now getting their CDL (commercial driver's license), Class A, at Midwest Truck Driving School in Escanaba," she said. "We're currently paying for their entire tuition, as well as their hotel and breakfast ... We're trying to keep them here in Schoolcraft (County) – we're hoping that once they graduate from their CDL class that they will be able to find employment

### News Briefs

#### Four officials subject to recall on Nov. ballot

GARDEN – Four elected officials from Garden and Fairbanks Township are facing recall after a Declaration of Sufficiency of Recall Petitions was released Tuesday.

Morgan Tatrow, Garden Township supervisor; Ron Collins, Fairbanks Township supervisor; Kathryn Denholm, Fairbanks Township clerk; and James Dalgord, Fairbanks Township trustee will appear on the ballot for possible recall in Garden and Fairbanks townships in Delta County. The recall election coincides with the General Election Nov. 6.

The Delta County Election Commission met in May to approve the language clarity to recall.

#### Manistique man faces felony CSC charges

MANISTIQUE – A Manistique man is facing multiple felony charges related to criminal sexual conduct.

Thomas Lee Munson, 35, of 302 Weston Ave., was recently bound over to 11th Judicial Circuit Court on four counts of criminal sexual conduct, first degree, a felony punishable by up to life in prison and lifetime electronic monitoring; and one count of criminal sexual conduct, second degree, a felony punishable by up to 15 years in prison and as well as lifetime electronic monitoring.

Munson stood mute during his preliminary hearing in 93rd District Court and was subsequently bound over. He is scheduled to appear for a pretrial hearing Oct. 18 at 10 a.m.

### Events

#### Sept. 6-15 – Kiwanis

"School Tools" project, supplying enrichment materials for area teachers, resident may participate by donating \$1 at local banks.

County Health Fair, Schoolcraft Memorial Hospital, 8:30 a.m.-1 p.m.

## CRUISIN' FOR A PERUSIN'

Pioneer Tribune photos  
The Manistique Car Show took place Saturday, boasting plenty of options for both car enthusiasts and casual onlookers. Despite cloudy and humid weather, residents and visitors lined the streets of downtown Manistique to catch a glimpse, and, sometimes, an up close and personal view of the show's selection. See more pictures on page A7.

## 'I Heart Manistique' event deemed success

DHHS, local partners rally to bring area children supplies.

MANISTIQUE – Nearly 150 students in Schoolcraft County are going back to class with backpacks loaded with school supplies and school clothes, thanks to the volunteer efforts of employees at the local Michigan Department of Health and Human Services office, I Heart Manistique, and other community members.

The volunteers served 148 elementary-school-aged students – with 136 of the children receiving backpacks full of school supplies – when donations were distributed Aug. 28.

"MDHHS employees on a daily basis see the needs that some families in Schoolcraft County experience," said Shirley Young, family independence specialist for MDHS

Courtesy photo

Above, just some of the donated school supplies for the "I Heart Manistique" are shown.

in Schoolcraft County. "We know that a lack of school supplies and school clothes can be a barrier to children going to school, so we want to make sure they have what they need to make the school year a success." Nearly every backpack contained the fol-

lowing items: pencils, pens, square and pencil top erasers, loose-leaf paper, two spiral notebooks, a composition notebook, scissors, glue, glue sticks, water bottles, lip balm, a box of tissues, anti-bacterial wipes; hand sanitizer, pencil boxes, book marks, post-it notes, a box of markers, two boxes of crayons, a box of colored pencils, a pencil sharpener, rulers, file folders, and a CD of "My Busy Day" tunes from Junior Jukebox. The average cost of the loaded back packs was \$35.

Last school year had just ended when MDHHS staff began their efforts in June. They partnered with I Heart Manistique, a local organization that works to gather supplies and new or gently used clothing for children.

Over the summer, MDHHS staff reached

# MBA: 25K participate in annual Labor Day walk

ST. IGNACE — Despite significant operational changes to the Mackinac Bridge Annual Walk in 2018, more than 25,000 people participated in the 61-year tradition this Labor Day.

"The comments we heard both during the walk and those submitted through our website afterward have been very positive," said Bob Sweeney, executive secretary of the Mackinac Bridge Authority. "We had no major issues and no traffic backups during the event, so we're very pleased with how everything went."

The most significant change to the walk was that it started from both ends of the bridge,

eliminating the need for buses transporting participants from Mackinaw City to St. Ignace. Many people reported walking the entire bridge, either in one or both directions, and arranged their own transportation, if needed. No participants were turned away when the starting points were closed at 11:30 a.m.

The bridge was closed to public traffic from 6:30 a.m. to noon during the event, as it was in 2017. Again, no traffic backups were reported on the highways and freeways approaching the bridge during the walk, and the bridge reopened at noon as planned.

Starting the walk from both ends of the bridge offered new

options for participants, including turning around at the midpoint of the bridge and returning to the city they started from, walking the entire bridge and arranging their own transportation, or walking the entire bridge twice and returning to the city they started from.

The MBA decided to close the bridge to public traffic during the walk beginning in 2017, based on recommendations from the Michigan State Police and U.S. Department of Homeland Security. Emergency vehicles are still permitted to cross the bridge during the event, but no public vehicles were allowed until the walk concluded and participants were off the bridge.

## Flashback

# On the Line

Pioneer Tribune Archive photo

From the Sept. 5, 1968 edition, proof that there's plenty of other fish in the sea (beside coho) came from these three young anglers who reported in with their catch last Thursday afternoon. From left, Everett Wood, 11; Don St. John, 12, and Ricky St. John, 10, with four northern pike caught in the Manistique River on 12-pound test line. The largest was 34 inches long, and weighed in at nine and a half pounds.

## The Archives

This week in the Pioneer Tribune

50 years ago

September 5, 1968

The Manistique Area Schools — reorganized into one large district two years ago, and starting its third year in business — will be teaching more than 2,000 kids this year, preliminary enrollment estimates show. Students returned to classes Wednesday following the summer vacation. Estimates row put 1,040 youngsters in kindergarten through the sixth grade, another 310 in grade seven and eight, and close to 700 in the high school. Total increase will be about 150 youngsters, it was estimated, with 128 new registrations expected through the eighth grade, and the remainder in the high school. School workers estimated that about 85 percent of the new enrollees were children of pipeline employees now working in the area.

The Selective Service Board announced this week that 10 young men will be leaving on Sept. 10 for pre-induction physicals at Milwaukee. They are William Howe, leader; Roger Vanderville, Allan Patz, Thomas Boyd, Dietmar Krumrey, Andrew Dixon, Donald Leonard, David Krzyzanski and Roger Brown, all of the city and Carl Jackson of Gulliver. Paul Berger of Manistique will leave with them for induction.

35 years ago

September 8, 1983

Studies conducted by the Department of Natural Resources indicate a low level of polychlorinated biphenyls (pcb) contamination has been found in soil samples recently dredged up from the Manistique Harbor, according to Deborah Mulcahey, DNR environmental enforcement specialist. The current dredging operations are being done in preparation for the construction of the new US-2 bridge in Manistique. According to Mulcahey the levels of contamination found in the soil are very low and do not create any health hazards. Low levels of pcb were first discovered in the area of the Manistique Harbor in testing done by the DNR around 1976, Mulcahey said. Due to the low levels of the pcb, the DNR says that no further measures need to be taken in isolating either the material removed from the harbor or other potentially contaminated materials in the area. Mulcahey stated the DNR is "playing it safe" in relocating the waste.

20 years ago

September 10, 1998

"The dates for ice skating and how the concession stand will be operated were among the issues discussed at the City of Manistique's Recreation Board's Tuesday, Sept. 1, meeting. Board members heard from representatives of the Manistique Youth Hockey Association and learned it will need ice in Little Bear West Arena from Nov. 3 through March 18. The board then accepted a proposal from the association to operate the concession stand inside the arena during hockey games and open skating times. The proposal will give 10 percent of concession receipts to the recreation department with the hockey association keeping the rest.

September 11, 2008

Manistique's new Central Park recreation area will stay much cleaner thanks to the recent donation of nearly 40 trash receptacles from Wand Peters of Lakeshore Oil. The cans are placed strategically around the Quarry Lake walking path and other areas of the park, and city officials note that they may have enough to use at other city parks as well. City Manager Sheila Aldrich said they are grateful for the donation. "It's a big help for us," Aldrich said. "Maintaining a park this size and keeping it clean are a big challenge, and this will make it so much easier." Senior signal caller Josh Mickelson made his pres-

Last Friday night's opening football game between Manistique and Ishpeming at A.F. Hall stadium drew a near-capacity crowd of local gridiron supporters. This in spite of the fact that classes did not begin until the following Wednesday. It was anything but ideal football weather. The temperature was mild enough, but a ground fog hung over the field most of the second half. In spite of the not too desirable weather, the Manistique High School Band, majorettes and cheerleaders added a lot of color to the festivities. The band, with limited practice, put on a fine halftime show along with the majorettes. The 33-7 defeat was a rough opening contest for new Emerald coach John LaPointe and his team, but there were a number of bright spots, especially in the second half. The running of Keith Aldrich and Bob Males gave indications of better things to come. Kendall Neeson did a good job at quarterback in spite of the fact that he has had very little experience at the position. The defense stiffened considerably in the second half with Paul Babladelis leading the charge. Manistique's next opponents, Sault Ste. Marie lost a close contest to Negaunee last Friday, 21 to 13. The Emeralds will journey to the Soo next Friday with the game beginning at 8:15 their time.

Manistique Postmaster Dennis Livermore has announced the U.S. Post Office in Manistique can now accept Next Day Express Mail with a guarantee of next day delivery if mailed by 5 p.m. Since July 1, the Manistique Post Office has been accepting Next Day Express Mail to many ZIP Code areas including Detroit, Lansing and Chicago. Overnight Express Mail has a guarantee to be delivered the next day or the Postal Service will refund the postage. Cost is \$9.35 for the first two pounds to any place in the country and includes insurance up to \$500.

Richard Hughson of Manistique won first prize in the recent antique car show held Labor Day weekend in Manistique. Hughson won with a 1949 Cadillac. Second place was shared by Jay Tuttle, Manistique, with a 1956 Ford Truck and Robert Multhaup, also of Manistique, with a 1953 Buick. Dan Barber chaired the event with the help of Keith White.

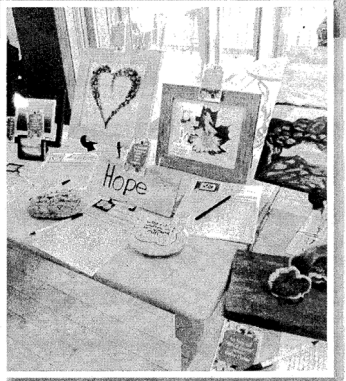

A total of 67 cars were on display during the Manistique Merchants Association's annual Labor Day weekend car show Saturday, Sept. 5. Winning cars included a 1971 Chevy Chevelle SS, Russ and Sandy Mayou, Menominee; a 1952 Chevy, Robert Latorneau, Manistique; a 1934 Ford, Don and Ruth Brock, Manistique; a 1964 Chevy Malibu SS, Tim Neadow, Cooks; a 1973 Chevy Chevelle SS, Dave Menard, Escanaba; a 1969 Chevy Camaro, Charlie Salewski, Menominee; a 1965 Pontiac GTO, James Sciotte, Marquette; a 1952 Chevy pickup, Chuck Baker, Manistique; a 1968 Chevy Camaro, Marty and Robby Heikkinen, Cornell; and a 1971 AMC Javelin, D.J. Neadow, Manistique.

Thirty-seven students received their off-road vehicle safety certification following a class held at Manistique High School last Saturday. The program, sponsored by the local SCORVA group and provided by the Schoolcraft County Sheriff's Department, was the first of its kind in the county, but organizers expect it to become a regular program.

# Wine & Art (and funds)

The Schoolcraft Memorial Healing Garden Project recently held "An Evening of Wine and Art" fundraiser. With the support of community and employees contributions, the event, held at Upper Crust Cafe, was a success, collecting more than \$2,000 to help maintain and expand the Healing Gardens at Schoolcraft Memorial Hospital. Partnering with SMH was The End of the Road Winery and the Manistique Elks Lodge. Also participating in the event was Jim Weber, who provided musical entertainment. A note of appreciation was extended to the following artists who donated their creations: Mindy Asp, Brenda Miotke, Diane Bargender, Theresa Neville, Jenna Bradshaw, The Family of Robin Mulligan, Mykaella Bouchard, David Pratt, Sharon Boyd, Vase Scudider, Mary Ellen Debelak, Donna Swayer, Kathy Fetterley, Jose Trujillo, Cathy Flores, Roseanne Weber, Leah Goudreau, Mary Weber, Judy Heinoski, and Tara LaCroix.

## Letters to the Editor

**Dear editor,**  
The state of Michigan is certainly resilient. After numerous economic downturns we always make a comeback, especially when the playing field is level.  
The state of Michigan is also somewhat unique. We, the voters in Michigan, have the rare opportunity to amend our state constitution by popular vote. In amending our state constitution, we will clarify first principles for fairness and transparency in Michigan's elections, and we will add our voices to the growing chorus of states that seek to amend the United States Constitution, specifically a 28th Amendment concerning campaign finance reform.

Since 1837, Michigan citizens have served our country's and state's interests with distinction.

Who is better qualified than many of our current legislators are quite content to be "at-will employees" for these donors while loudly proclaiming they are still "the voice of the people".  
Let us all level the playing field. Research your politician's finances. See who they actually represent. Demand they support campaign finance reform and the 28th Amendment.  
Their answers and actions will reveal who their real constituent is. It should come as no surprise that it may be neither you or I.  
Until there is reform and full transparency in campaign financing, we will remain pawns on someone else's chess board.

The dark monies that flow into our representatives' campaigns essentially turn them into nothing more than a "paid shill" for their sponsors. Unfortunately, far too

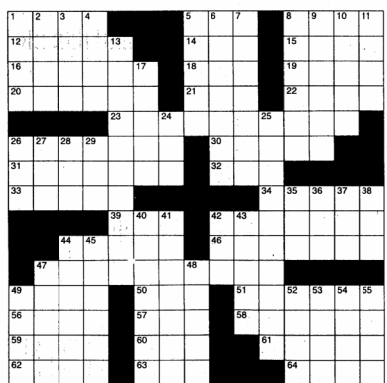

many of our current legislators are quite content to be "at-will employees" for these donors while loudly proclaiming they are still "the voice of the people".  
Let us all level the playing field. Research your politician's finances. See who they actually represent. Demand they support campaign finance reform and the 28th Amendment.  
Their answers and actions will reveal who their real constituent is. It should come as no surprise that it may be neither you or I.  
Until there is reform and full transparency in campaign financing, we will remain pawns on someone else's chess board.

**John Hunter**

## UP, UP AND UPGRADE

Courtesy photos  
Eighteen months later, the Schoolcraft County Airport has finally received their new Western Star plow truck for the county airport and is painting all runways and taxiways. Schoolcraft County Airport Manager Steve Videtich applied for funding through the Michigan State Block of Aeronautics program. The federal grant dollars included: painting, \$27,000 (airport share \$3,100); new plow truck \$277,500 (airport share \$13,875).

## All Vets plan flag pick-up

MANISTIQUE — Members of the community are invited to join the Schoolcraft All Vets in the recovery of American flags currently marking the final resting place of deceased veterans in Schoolcraft County cemeteries. Those interested and capable are requested to meet at the VFW Hall on Maple Street in Manistique at 9 a.m. Sept. 8 for assignment. Appropriate attire for the weather is suggested. Rain day is Sept. 9. Schoolcraft County cemeteries holding the remains of veterans include Lakeview, Fairview, Hiawatha Township, Inwood Township-Cooks, Inwood Township-Old Cooks, Advent, Thompson, Township, Woods, Blamey Park, Old Germfask, Riverside at Germfask, and Seney. The Schoolcraft All Vets is an organization comprised of Disabled American Veterans Chapter 26, The American Legion Post 83, and the Veterans of Foreign Wars Post 4420. The flags have flown day and night, through sun and storm, since May 19 and are currently worn and tattered. They will be retired by burning following collection.

## News Briefs

### Fundraiser for Feeding America Truck planned

MANISTIQUE — Fundraising efforts have begun for the 2019 Feeding America Truck distributions in Schoolcraft County. For the month of September only, Amable Goudreau Junior Memorial (1588-1931) handmade wood fishing lures will be offered for sale at the Seul Choix Point Lighthouse gift shop. Only 36 will be available. The lures will work for salmon, northern pike, lake trout, as well as muskies. They are one-inch in diameter and six inches long with a 5/0 treble hook. In addition, all 36 buyers will be provided with a raffle ticket for a chance to win the book, "Anatomy of the Lighthouse", by Michael J. Rhein.

### Retired school personnel meeting scheduled

MANISTIQUE — The next Michigan Association of Retired School Personnel meeting is set for Sept. 12. The meeting will take place in Garden at the Sidetracked Restaurant on 15710 18th Road. Attendees are asked to gather at 11:30 a.m. for lunch and enjoy a presentation by a representative from the Village Artisan/Garden Gallery. All retired school personnel from Schoolcraft and Eastern Delta counties are welcome to attend.

## A helping hand

Pioneer Tribune photo

Jan Jeffcott, area resident and former Manistique mayor, recently donated \$1,000 to the Schoolcraft County Sheriff's Department's Care Trak Program. The program assists with the challenge of locating those with Alzheimer's disease, down syndrome, autism, and others at risk of wandering from the safety of their homes. Those participating in the program are outfitted with a device which allows law enforcement or first responders to quickly locate them if missing. Accepting the donation is Under-sheriff Darrell Dixon.

### Kristen Males-Carl

PORT HURON, Mich. — Kristen Males-Carl, 40, of Port Huron, Mich., passed away unexpectedly at her home on Wednesday, Aug. 29, 2018. Kristen was born on Sept. 26, 1977, in Flint, Mich. and moved with her parents to Manistique in 1979 and spent the next 12 years living in the Upper Peninsula. She lived for four of those years in Gladstone, Mich. In 1991, she and her family moved to Bad Axe, Mich., where she graduated from Bad Axe High School in 1995.

Kristen graduated from the University of Michigan Flint in 2005 where she majored in French. She went on to teach French at North Branch High School for 10 years.

Kristen is survived by her parents, John and Melissa Males of Manistique and her sister Dyana (Bradley) Gebauer of Laingsburg, Mich. and her son Landen who was

her joy. Kristen was an advocate for autism awareness, a passionate lover of animals, all things French, and had a beautiful compassionate heart.

She was preceded in death by her grandparents, Raymond and Ione Males and C. Erind and Mary Nordstrom.

"We were blessed to learn many valuable lessons from Kristen in her 40 years. Among them, high heels are always appropriate, 80's rock fixes everything, learn French and love each other deeply."

Kristen was buried on Sept. 1, at Colfax Township Cemetery with Rev. Michele Hile officiating.

If you would like to honor her, please consider a donation to the Huron Intermediate Schools Learning Center-Transition House for students with cognitive impairments.

Kristen Males-Carl

### David Anderson

MANISTIQUE — David "Tex" Anderson, 67, of Manistique, Mich., died Thursday, Aug. 30, 2018, at the UP Health System Hospital in Marquette, Mich.

He was born Oct. 4, 1950, in Manistique, the son of York and Bernice (Cody) Anderson and attended Manistique area schools. He was a graduate of Manistique High School with the Class of 1968.

David was the owner/operator of Anderson Excavating in Manistique throughout his life and at the time of his passing.

In August of 2000, he married the former Dixie L. Burnis in Manistique and they made their home in Manistique Township.

Tex was a member of the Manistique Eagles Club, Manistique Elks Club, and Schoolcraft County Sports Fishing Association. He enjoyed the outdoors: fishing, hunting, and trapping. He was a good and loyal friend to many.

David Anderson

David is survived by his wife, Dixie L. Anderson of Manistique; children, Jennifer Anderson of Rock, Mich., Jamison Anderson of Rock, Robert Pickrell of Boston, Mass., John Pickrell of Boston, and Richard Klagstad of San Francisco, Calif.; two grandchildren, brother-in-law, David

Gilroy of Rodney, Mich.; his best friend, "Eddie"; along with nieces and nephews.

In addition to his parents, he was preceded in death by his sister, Mary Lou Gilroy.

Visitation will be held from 2 – 4 p.m. Wednesday, Sept. 5, at Messier-Broulliere Funeral Home in Manistique. Funeral services celebrating David's life will follow at 4 p.m., at the funeral home, with Reverend Eleanor Russey officiating. Burial will be held in the Fairview Cemetery at Manistique.

Online condolences may be expressed at [www.mbfuneral.com](http://www.mbfuneral.com).

### Kay Merlo

PORT WASHINGTON, Wis. — Kay Merlo, of Port Washington, Wis., formerly of Gladstone, Mich., went to her heavenly home on Tuesday, Aug. 28, 2018, surrounded by her loving family. She was 71 years old.

Services were held Sept. 1. She will be laid to rest next to her husband in Lakeview Cemetery in Manistique, Mich.

band in Lakeview Cemetery in Manistique, Mich.

The Skradski Funeral Home, Gladstone, Mich., and the Eernisse Funeral Home, Port Washington, are honored to serve the family. Online condolences may be left at [www.skradskifuneralhomes.com](http://www.skradskifuneralhomes.com) or [www.eernissefuneralhome.com](http://www.eernissefuneralhome.com).

### Christopher S. Bryant

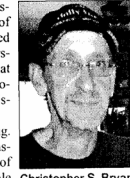

GERMFASK — Christopher S. Bryant, 54, of Germfask, Mich., died unexpectedly on Thursday, Aug. 30, 2018, at the Schoolcraft Memorial Hospital in Manistique, Mich.

He was born Aug. 15, 1964, in Mt. Pleasant, Mich., the son of Kenneth and Lola Dale (Fitzpatrick) Bryant and moved to Newberry, Mich., as a child. The family moved to Germfask in 1976.

Chris attended school in Germfask and was a graduate of Manistique High School. He served in the Michigan Army National Guard for 17 years out of the Manistique Armory.

Through the years, he worked at various Germfask area businesses and was currently employed as a bartender at the Jolly Inn in Germfask.

He enjoyed hunting, fishing, gardening, and reading. He was a member of the Amvets and in his

Christopher S. Bryant

younger years, he was a member of Cub Scouts and Boy Scouts. Most importantly, he enjoyed spending time with his family and friends. He was always one to help others before himself.

Chris is survived by fiancée, Deonne Tovey of Germfask; his children, Shawna Bryan of Escanaba, Mich. and Christopher Bryant of Escanaba; and his brother, Scott (Deb) Bryant of Newberry.

He was preceded in death by his parents.

Visitation will be held from noon to 1 p.m. Saturday, Sept. 8, at the Germfask Community Center in Germfask. A memorial service will follow at 1 p.m., at the center, with Pastor J.D. Livermore officiating. A luncheon will follow.

Messier-Broulliere Funeral Home of Manistique is assisting the family with arrangements. Online condolences may be expressed at [www.mbfuneral.com](http://www.mbfuneral.com).

## Report: Pathways to Potential helps students attend school

LANSING, Mich. — An annual report on Michigan's Pathways to Potential project shows how placing MDHHS caseworkers in schools continues to remove barriers to student and family success.

The Michigan Department of Health and Human Services recently released its annual report on Pathways to Potential to detail its impact during the 2016-17 school year.

The report shows chronic absenteeism decreasing by more than 20 percent in several counties since caseworkers known as success coaches were first assigned there; interventions by caseworkers that helped more than 45,000 students, parents and others; and more than 20,000 cases in which Pathways provided basic needs to students and families through donations.

"This report demonstrates the positive effects of providing human services in locations where clients are already going — their community schools," said Matt Lori, deputy director of Policy Planning and Legislative Services for MDHHS. "When we work one-on-one with families to identify and remove barriers to success and connect them to a network of community services, they can become self-sufficient, find the pathway to success and realize their dreams."

Pathways to Potential targets five outcome areas: student attendance, education, health, safety and self-sufficiency. During the 2017-18 school year, success coaches assisted families in 300 schools in 41 counties. Among the findings in

the report, with all data being for the 2016-17 school year.

Schools in six counties decreased chronic absenteeism by more than 20 percent in their Pathways schools since they became part of the program. They are: Kalkaska (28 percent), Newaygo (26 percent), Ontonagon (25 percent), Ottawa (24 percent), Oakland (22 percent) and Jackson (21 percent).

Pathways to Potential had 131,307 interventions with 45,975 individuals — 32,019 were students, 11,080 were parents or caregivers and 2,804 were community members, which could include siblings of students or other adults in the home. Interventions can include face-to-face meetings, phone calls and other forms of communication.

Pathways addressed attendance in 49,813 interventions, making attendance the No. 1 purpose for intervention. Ranked from second to seventh, in order, were: family support, students' basic needs, physical and mental health, academic success, home and family life issues, and student behavior.

Pathways is fulfilling its focus of making sure students go to school by providing students and families with basic needs such as donated clothing, hygiene items, household supplies and school supplies in 20,654 cases. Students who don't have these basic needs met often do not go to school.

In looking at actions that resulted from interventions, the most common action was meeting a basic need, such as providing students

or families with donated clothing, hygiene items, or household or school supplies. Referring the family to a community resource was the second most common action taken. The third most common action was providing student incentives for good attendance — such as donated toys or bikes or pizza or ice cream parties.

The report includes success stories about students and families in Macomb and Gladwin counties.

Pathways began in Detroit, Flint, Pontiac and Saginaw schools during the 2012-13 school year and has expanded to locations around the state since then. Gov. Rick Snyder has said that Pathways demonstrates a better way of providing government services by making caseworkers available to provide services to families in locations that they already visit rather than having them visit government offices to seek assistance.

Learn more about Pathways and find the annual report at [www.michigan.gov/pathwaystopotential](http://www.michigan.gov/pathwaystopotential).

Dear Friends,

Good Neighbor Services is into the fifth month at our new location. We are experiencing much success and our patrons like the new space. There are a few glitches, but these are expected and the volunteers are hard at work solving the problems.

We are asking you to join with us in making this venture go smoothly and grow as a community asset.

Here is how you can help:

1. **Contribute a gift of money.** Checks may be made to Good Neighbor Services and sent to 200 Deer Street, Manistique, MI 49854. All gifts are tax deductible and will be matched by a local donor up to \$100,000.00. We have received over \$27,000.00 to date.
2. **We will be needing a new roof and have a "36 Club".** This will be comprised of 36 or more women and 36 or more men each contributing \$36.00 per month for 36 months. This will bring us just about \$100,000.00, the amount needed for this project. Checks may be sent to Good Neighbor Services, P.O. Box 70, Gulliver, MI 49840. Please consider becoming a member of this club.
3. **Offer to volunteer.** Just a few hours a month. It is joyful work and fulfilling. Stop in or call Margo at Good Neighbors 341-3927.

Thank You for Your Consideration  
Steve Haarman and Ellen Derter

## Free falling: Business owners sky dive

ESCANABA — The Delta County Airport in Escanaba recently hosted skydiving operations for the first time. Skydive Harbor Springs provided the aircraft, instructors, and the tandem jumping gear.

A master freefall parachutist, Jim Snider, co-owner of the Mustard Seed, asked Kathy Jerde if she would be interested in making a tandem skydive. Jerde "jumped" at the chance.

With her instructor Paulo Silva firmly attached to her back, Jerde made the leap from a Cessna 182 at 10,000 feet over the skies of Escanaba. Silva pulled the parachute at 5,000 feet and they enjoyed a five-minute parachute ride to the ground. Snider, who jumped at the same time, captured the event on video in freefall.

After performing a baseball slide landing, Jerde simply stated, "There is nothing like it. It's hard to describe unless you try it."

Snider is interested in attempting to organize a similar event next year at the Schoolcraft County airport.

"Tandem skydiving operations are a great way to generate interest at the airport and make a fun and exciting way to enjoy a day of aviation related activities," he said.

If anyone is interested in assisting in bringing the event to the area, they are asked to stop by the Mustard Seed to speak with Snider.

"I enjoy talking anything aviation related, especially skydiving," Snider added.

The video and pictures of the jump are available on the Mustard Seed and Boutique Facebook pages.

Courtesy photo

Following her successful skydive landing; Kathy Jerde poses with her tandem instructor Paulo Silva (left) and Jim Snider (right), a licensed master freefall parachutist who captured the moment on video for Jerde.

## News Briefs

### Bay changes First Aid Training date to Sept. 20

ESCANABA — Bay College Training and Development will be offering CPR and First Aid training Sept. 20, from 2-9 p.m. This course is designed for those who want to learn the skills, but are not required to obtain certification in CPR for employment.

Participants will learn how to respond to and manage choking or a sudden cardiac arrest until emergency help arrives; this includes instruction on how to properly use an AED, or automated external defibrillator. The first aid portion of the course will cover adult and pediatric first aid that includes how to treat bleeding,

broken bones, sprains, shock, and other first aid emergencies.

According to the American Heart Association, each year there are more than 350,000 cases of out-of-hospital sudden cardiac arrest. The average survival rate is 10 percent, however, that rate increases to 31 percent when cardiac arrest is witnessed by a bystander and an AED is used.

The cost of the training is \$85, and includes a mask and the required manual. To register or view all course offerings, visit [mytraining.baycollege.edu](http://mytraining.baycollege.edu).

For questions or more information, call (906) 217-4200.

## Erickson takes home Bay's TORCH award

ESCANABA — Bay College has announced its quarterly September-November 2018 TORCH Award winner. Manistique resident Edie Erickson works at Bay College as an instructional designer.

Edie Erickson

She is recognized for her work as noted in the following:

"Edie was nominated for consistently being responsive to faculty in supporting the instructional design of their online courses. Edie is organized, efficient, and friendly. Edie has assisted faculty in making sure their syllabus is accessible to all students. She has helped with the technical back-end design to make efficiencies, which provided a positive experience for the student and the instructor. She proactively communicates with faculty each term on the end of the semester process which contributes to student success. Edie is never one to shy away from diving into troubleshooting within our learning management

systems. A quote from the nomination stated, 'I appreciate Edie's contribution to student success, a culture of success, and community success and feel she is most deserving of this award.'

The purpose of the TORCH Award is to give personal

recognition to those employees on Bay College's campuses dedicated to the mission of the college because of their attitude, commitment, and dedication toward the higher education learning environment. TORCH stands for: Team Player; Outstanding Performance; Responsive to Others; Conscientious to Mission of Bay; Helpful to All.

This award is given to one employee on a quarterly basis. Nominees are accepted from employees, students, and the community. Nomination forms for the TORCH award may be found on Bay College's website by visiting [www.baycollege.edu/employment](http://www.baycollege.edu/employment).

## Dinner Diva

Leanne Ely

Leanne Ely

In a medium sauce pan, add medium heat, add butter. Once melted, add in maple syrup and coconut sugar. Whisk together well.

Using a candy thermometer\*, bring mixture to about 300 degrees, then remove from heat and quickly whisk in vanilla extract and baking soda. Once thoroughly combined, immediately pour mixture over the scattered chia seeds and needs, using a spatula to evenly cover all of them.

Place in freezer for about 45 minutes, or until it sets and hardens.

While waiting on the brittle to set, prepare the coconut cream.

In a small pot, over medium low heat, add full fat coconut milk. If the water and coconut fat have separated, do not add the water! Just get the creamy 'good stuff'! Once it thins slightly over the heat, add in the vanilla bean. Whisk together and remove from heat (do not let it boil).

Then slice the stone fruit and distribute them to small bowls or plates.

Pour coconut cream over the top of the fruit, and top with a couple pieces of the finished brittle. enjoy!

Recipe Notes

\*if you don't have a candy thermometer, keep the mixture boil-

ing over medium heat for about 3 to five minutes, until it starts smelling slightly of burnt sugar and becomes really, really thick.

Leanne Ely is a NYT bestselling author and the creator of <http://SavingsDinner.com>, the original menu planning website, bringing families back to the dinner table for over 15 years.

Late summer is code for: stone fruit. This incredibly delicious recipe is layered in multiple textures, the perfect level of sweetness, and has the edge of refreshment necessary during the warm summer days.

The best part? It's 100 percent Paleo-Approved!

**Stone Fruit with Almond Hazelnut Chia Seed Brittle and Vanilla Bean Coconut Cream**  
Servings: 4 to 6 people

**Ingredients**  
2 tablespoons chia seeds  
1/2 cup chopped OR slivered almonds

1/2 cup chopped hazelnuts  
1/2 cup unsalted grass fed butter (1 stick)

1 cup pure maple syrup  
1 1/2 tablespoons coconut sugar  
1 teaspoon vanilla extract  
1 teaspoon baking soda  
1 1/2 cups canned full fat coconut milkshaken well so fat and water doesn't separate

1 whole vanilla bean (or 1/2 teaspoon vanilla bean paste) halved length-wise and scraped

1 pound stone fruit of choice, we used peaches and nectarines - but it's also excellent with cherries, plums, apricots, pluots, cherries, etc.

**Instructions**  
Line a small baking sheet with parchment paper, and evenly scatter the chia seeds, almonds, and hazelnuts. Keep them relatively close together so there isn't a lot of negative space in between.

## Michigan Works!

continued from A1

here in Schoolcraft County." Beside informing council members and the public about services provided by Michigan Works!, Pann said the purpose of her presentation was also to detail funds currently available. "We have a lot of money available that people don't know about," she said. "Thirty-eight percent of Schoolcraft (County) residents are on the poverty line right now, and we have, through the Workforce Innovation and Opportunity Act, we have a lot of money available if someone is a dislocated worker, an adult worker, an in-school youth, or

an out-of-school youth. There's money available to assist if they meet these guidelines," she continued. "If you know someone who you think might qualify, send them in." Pann reiterated that there are funds available for a plethora of job service and/or training. "We're sending people to welding school, we're sending people to CNA (certified nursing assistant) classes - anybody who wants to better themselves, who meets the poverty guidelines, there's money available," she said. Pann added that Michigan Works!

also cooperates with the Michigan Department of Health and Human Services - assisting those seeking jobs. "They come to us for 21 days and we teach them job search skills, we teach them how to write a resume, cover letter, references, thank you notes - that kind of thing," she said. "We also teach them soft skills. A lot of people who come in don't have customer service or teamwork experience, so we teach them soft skills when they come in." For more information on Michigan Works! visit [www.upmichigan-works.org](http://www.upmichigan-works.org) or call (906) 586-4255.

## Jail tours

continued from A1

that will appear on November's General Election ballot. The current jail was built in 1957 as a home for the sheriff and a small lock-up. In May, the Schoolcraft County Board of Commissioners opted for an approximately \$7.1 million retrofit of the former Manistique army to serve as the new Schoolcraft County Jail. The county board intends to place the millage request on November's General Election ballot. The request is for a 3-mill in-

crease per \$1,000 of taxable value on all property in Schoolcraft County for a period of 20 years - 2018 to 2037, inclusive. In an effort to expose the public to the deterioration of the current jail, tours have been set up for: Sept. 8, Sept. 22, Oct. 13, and Oct. 27. Each tour will take place from 12-3 p.m. The tours will provide an up close look at current jail conditions, information about the upcoming millage request, and information about the services and duties of the Schoolcraft County Sheriff's Department. Cameras, cellphones or any other devices with recording capability will not be permitted during the tour. Schoolcraft County Sheriff Paul Furman, Undersheriff Darrell Dixon, and sheriff deputies will be on hand during the tour to answer questions. Inmates will not be in view of the public. For more information about the tours, millage request or functions of the Schoolcraft County Sheriff's Department, contact 341-2122 or search for their page on Facebook.

## Event success

continued from A1

out to local businesses and organizations, looking for any kind of help to make the beginning of the school year easier for children in the area. Some put notes out to collect school supplies. Others had donation cans for monetary donations. Still others provided gift cards to purchase what was needed. "The support we received was

overwhelming," Young said. She said organizers want to thank the following organizations and businesses, as well as their employees: Manistique Elks Lodge No. 632; Manistique Moose Lodge No. 1972; Hardees; Bowman Gas Company in Gulliver; Petique; State Savings Bank; Limestone Federal Credit Union; mBank; Manistique

Federal Credit Union; the First Baptist Church; Schoolcraft County MDHHS; and I Heart Manistique. The LMAS District Health Department donated approximately 30 backpacks with school supplies directly to I Heart Manistique. Volunteers are planning to work on the backpack project again during 2019 summer vacation.

### Hot Lunch Guidelines

Delta-Schoolcraft Intermediate School District, on behalf of its constituent districts Bark River-Harris, Big Bay de Noc, Escanaba, Gladstone, Manistique, Mid Peninsula, Rapid River, Nah Tah Wahsh PSA, and Holy Name, announce the policy for free and reduced price meals and/or free milk for children unable to pay the full price of meals or milk served under the National School Lunch, School Breakfast or Commodity School Programs. The following household size and income criteria will be used for determining eligibility.

Please note: All students in the Escanaba Area Public School District in grades kindergarten through eighth grade, students at the Learning Center and students at the Escanaba Student Success Center, and kindergarten through sixth grade at Bark River Harris will be participating in a new option as part of the National School Lunch and School Breakfast Program called the Community Eligibility Provision (CEP). All students enrolled at these schools are eligible to receive, each day for the 2018/2019 school year, a healthy school breakfast and lunch, at no cost to families.

Total Family Size	Scale for Free Meals or Free Milk		Scale for Reduced Price Meals	
	Annual	Monthly	Annual	Monthly
1	\$15,782	\$1,316	\$22,459	\$1,872
2	\$21,398	\$1,784	\$30,451	\$2,538
3	\$27,014	\$2,252	\$38,443	\$3,204
4	\$32,630	\$2,720	\$46,435	\$3,870
5	\$38,246	\$3,188	\$54,427	\$4,536
6	\$43,862	\$3,656	\$62,419	\$5,202
7	\$49,478	\$4,124	\$70,411	\$5,868
8	\$55,094	\$4,592	\$78,403	\$6,534
*For each additional household member add:				
	\$5,616	\$468	\$7,992	\$666

Children from households whose income is at or below the levels shown are eligible for free or reduced-price meals or free milk.

Application forms, along with a letter to parents or guardians, will be sent home with students at the beginning of the school year. To apply for free or reduced-price meals, households should fill out the form and return it to the school. Additional copies of the application form are available at the principal's office in each school. Households should answer all questions on the form.

Each school and the central office have a copy of the complete policy, which may be reviewed by any interested party.

In the operation of the child feeding programs, no child will be discriminated against on the basis of race, color, religion, national origin, age, gender, marital status, arrest record, or disability. To file a complaint, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-19410 or call (800) 795-3272 or (202) 720-6382.

Cody James Bridges, 23, Ivan Carlson Rd., Manistique, charged with driving 60 miles per hour in a 55 mph zone (8/18). Assessed \$115.

Christopher James Griffith, 34, Cooks School Rd., Cooks, charged with defective equipment - fail to maintain (6/18). Assessed \$170.

Chad David Gregurash, 32, N. Third St., charged with defective equipment - windshield (5/18). Assessed \$170.

Jasor Michael Blowers, 40, Garden Ave., Manistique, pled guilty in 93rd District Court to drove while license s/r/d - let suspended person operate (7/18). Assessed \$50 state costs, \$75 crime victim rights assessment, \$150 statute fine, \$300 statute costs, \$210 probation oversight fee, \$785 total. Sentenced to serve seven days in the Schoolcraft County Jail with credit for seven days served. Placed on six months probation. Optional jail 180 days.

Emily Jane Perry, 28, Quarry

## District Court

### 93rd District Court

Lane, Manistique, pled guilty in 93rd District Court to operate while impaired by liquor and possession of marijuana (7/18). Assessed \$50 state costs, \$75 crime victim rights assessment, \$440 statute fine, \$660 statute costs, \$173 restitution \$420 probation oversight fee, \$200 other costs, \$2,018 total. Sentenced to serve three days in the Schoolcraft County Jail with credit for three days served. Placed on 12 months probation. Optional jail 36 days.

Mason Neil McDaniel, 26, Pine St., Gersfask, pled guilty in 93rd District Court to using an illegal fishing device (7/18). Assessed \$50 state costs, \$200 statute fine, \$1,450 statute costs, \$10 conservation fee, \$495 miscellaneous fees, \$2,205 total. Placed on six months probation. Fishing license privileges revoked through 2021. Optional jail 45 days.

Notes: This is a reprint of the 8-23-18 article addressing the new Board of Education bussing policy.

At the regular meeting of the Manistique Area Schools Board of Education Monday night, new language was approved for both the Emerald Elementary and middle/high school student handbooks.

The new language in reference to transportation procedures states:

"The district provides bus transportation to and from school for students living one or more miles from the school. A list of bus stops will be published at the beginning of the school year. Parent/guardians must, by the first Friday of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off.

Students are not permitted to ride a bus other than the bus to which they are assigned. Emergency exemptions must be presented to the building principal by 10 a.m. on the day the emergency exemption is being requested."

This is a very significant change in procedure that all parents' guardians need to be aware of. What this means is that if a student goes back and forth between parents, the parents will have to agree on the best place for that child to be picked up and dropped off and make arrangements accordingly. This language comes directly from the school's legal counsel and was discussed at a committee level before being brought to the full board for approval.

If you have questions on the new policy, please contact Maryann Boddy at 341-4330 or (906) 286-2802.

On another note, every student will be starting the school year

with a clean slate. It is not too early to start discussing expectations regarding attendance with your student.

Recently, the district had to report to the Michigan Department of Education the number of students who had more than 10 absences during the 2017-18 school year.

That number at Emerald Elementary exceeded 200 of 325 students.

The reason that the Department of Education collects this information is that research has proven that students who miss more than 10 days of school per year are at risk of not meeting grade level academic standards as measured by local, state and national testing.

Attendance is particularly important at the lower elementary level as, beginning with the 2019-20 school year, third grade students (students going into second grade this year) who are not reading at the third grade level will be required to be retained in third grade.

This legislation commonly referred to as "the third grade reading law" is not new and schools have been preparing for this for the past two years.

Whether the issue is reading at third grade or algebra in ninth grade, attendance impacts the academic success rate for all students.

Students who miss school tend to struggle more with academics and hence, not perform well on high stakes testing.

As parents better understand the academic expectations for their students the hope is that they will also better understand the value of being in school on a regular basis.

## News Brief

### Schoolcraft County Community Foundation now accepting mini-grant application, due Sept. 30

MANISTIQUE – The Schoolcraft County Community Foundation will be awarding mini-grants at its November meeting.

Deadline for applying for a mini-grant is Sept. 30. Application forms are available at the Pioneer Tribune, at www.schoolcraftcountycommunityfoundation.com, on the SCCF Facebook page, by emailing sccommunityfoundation@gmail.com or by writing to the foundation at P.O. Box 90, Manistique, MI 49854.

In addition to 16 designated, or "donor advised" funds, the community foundation may provide mini-grants from an unrestricted fund. Deadlines for applications are March 31 and September 30 of each year.

Use the SCCF form for any funding requests. Make sure to fill out all three pages of the form.

Since it was established in 1994, the SCCF has awarded more than \$141,000 in mini-grants and scholarships for a variety of causes, including education, historical organizations, medical facilities, senior citizens' activities, area beautification, youth sports and recreation, arts and cultural events, and social welfare programs.

### STUDENT RECORDS NOTICE OF RIGHT TO ACCESS AND PRIVACY OF RECORDS

To all Residents of Delta-Schoolcraft Intermediate School District:  
 This notice is presented in Compliance with the Family Education Rights and Privacy Act of 1974, Section 99.6, Annual Notification of Rights.

The Act and rules grant the right to consent divulging of records, to see records, and to challenge records to parents of a minor student and to students who are at least 18 years old. But the parents of the student who are 18 or older cannot be allowed access to the records of the student unless the student is a dependent for income tax purposes. Such a parent cannot exercise the right of consent to access by others or challenge the records. In the case of divorced or separated parents of a minor student, the school may rely on the word of either parent unless given proof of a court order of agreement limiting the rights of either parent.

Parents and/or students eligible for disclosure have the right to have the administration hear evidence that any part of the record is inaccurate, misleading or violates a student's privacy or other rights, to have the record changed if the administration agrees with the applicant's evidence and to insert an explanation in the record if the administration disagrees.

When information regarding more than one child appears on any printed, list, or roster, the parent requesting to review has access privilege to only those students under his/her guardianship.

- Designated Directory Information
- Name, address, telephone number
  - Birth date
  - Participation in school activities
  - Dates of school attendance
  - Honors and awards
  - Bus lists & routes
  - Other information generally associated with school activities, newsletters, yearbooks, programs

Parents wishing not to have any or all of the directory information disclosed must contact the superintendent of their local school district or the Delta-Schoolcraft Intermediate School District within thirty (30) days of this notice.

High school students and their parents/guardians may prevent disclosure of a student's name, address, and telephone number to military recruiting representatives (who can only use that information to provide information to students concerning educational and career opportunities available in the U.S. Armed Forces or service academies) by submitting a signed written request to that effect to the high school principal.

Procedure for Access  
 Anyone wishing to review or have access to student records should contact the superintendent of the school system in which the child participates.

Bark River-Harris Schools P.O. Box 350 Harris, MI 49845 Phone: 466-9983 Mr. Jason Lockwood, Supt. Mr. DieDee Thil, Supt.

Escanaba Area Public Schools 1500 Lurdington Street Escanaba, MI 49829 Phone: 786-5411 Dr. Coby Fletcher, Supt. Dr. Jay Kubertus, Supt.

Manistique Area Public Schools 100 N. Cedar Street Manistique, MI 49854 Phone: 341-4300 Mr. Maryann Boddy, Supt. Mr. Eric VanDamme, Supt.

Rapier River Public Schools 10070 US Hwy 2 Rapier River, MI 49878 Phone: 474-6411 Dr. Jay Kubertus, Supt. Mr. Doug Leisenring, Supt.

Nah Tah Wahsh, PSA N14911 Hannahville B-1 Road Wilson, MI 49896 Phone: 466-2952 Mr. Rod Lovell, Supt.

If eligibility requirements are met in accordance with Family Education Rights and Privacy Act, a date will be scheduled convenient for the requesting party and the school system responsible for the records, not to exceed 45 days. Prior to any access, a form will be provided by the superintendent and must be completed and placed in the child's file for future reference.

It is the operational procedure of the above school districts to forward educational and disciplinary records on request to a school in which a student seeks or intends to enroll.

In the event that copies are requested, a fee for copies may be charged, not to exceed the cost of reproduction.

If you feel your rights under this law are being violated, you may file a complaint with: Ms. Jeney Cortigan, Compliance Coordinator Delta-Schoolcraft Intermediate School District 2525 Third Avenue South Escanaba, MI 49829

or The Family Educational Rights and Privacy Act Office Department of Health, Education & Welfare Washington, D.C. 20201

EQUAL EDUCATIONAL OPPORTUNITIES Board of Education Statement of Assurance of Compliance with Federal Law

The Delta-Schoolcraft Intermediate School District and Area Public School Districts' Boards of Education comply with all federal laws and regulations prohibiting discrimination and with all requirements and regulations of the United States Department of Education. It is the policy of the Boards of Education that no person on the basis of race, color, religion, national origin or ancestry, age, gender, marital status, disability, or arrest record shall be discriminated against, excluded from participation in, denied the benefits of or otherwise be subjected to discrimination by any program or activity for which it is responsible or for which it receives financial assistance from the United States Department of Education. In addition, arrangements can be made to ensure that the lack of English language proficiency is not a barrier to admission or participation.

Authorized by: Mr. Doug Leisenring, Superintendent Delta-Schoolcraft Intermediate School District 2525 Third Avenue South Escanaba, MI 49829

### Sports Brief

#### Scot roster includes former Emerald player

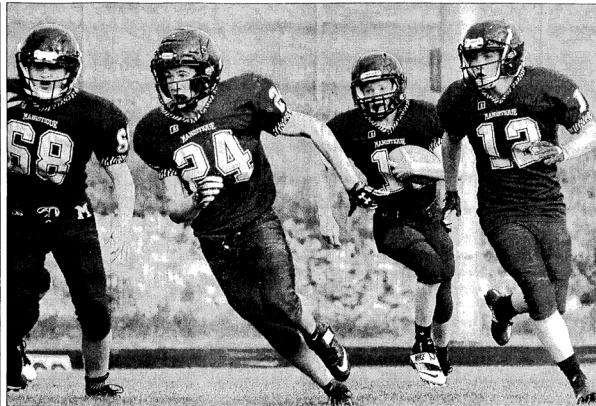

Nick Knudson

ALMA, Mich. — The Alma College football team opened its 2018 season on the road, traveling to Berea, Ohio to face the Baldwin Wallace Yellow Jackets in non-conference play Aug. 30. The Scots lost the Division III opening game 63-21. Playing defensive lineman in the game was former Big Bay de Noc graduate Nick Knudson.

While playing for Manistique in high school, Knudson had earned All-Mid Peninsula Conference honors as a center, guard, and defensive tackle. He was also named to the All-U.P. Team as a defensive tackle. Knudson, now a senior at Alma, is attending school for pre-engineering.

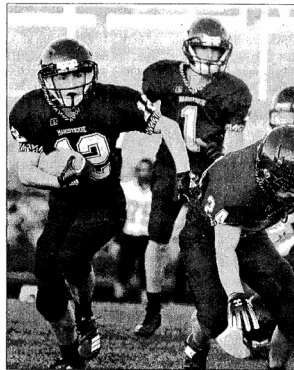

The Scots will take on Manchester University at home Sept. 8.

### JV on early winning streak

Katie Troyer photos

Two games into their 2018 season, the Manistique junior varsity squad is toting a 2-0 record after their win over Gwynn Aug. 29. Above, Lucas Weber (68), Mason Miller (24), and Rusty Schroeder (12) clear a path for the ball carrier, Sam Warren, to advance down field. Below left, with the ball close to his chest, Mason Miller attempts to get yardage of his own. Lower right, Rusty Schroeder scans the field for an opening.

### Communication Bears' downfall

COOKS — Falling to their visitors from Rapid River, the Big Bay de Noc Black Bears' volleyball lost Aug. 30 at home 3-0 (25-19, 25-9, 25-13).

Failure to communicate on the court and lack of energy were the culprits for the Bears' loss. The team is currently in its rebuilding year.

"We had some difficulty communicating tonight," said head coach Angie Paulson. "That was our biggest crutch. We pulled back to close the gap in the first set, but couldn't

continue the momentum to win. At one point, we were down 23-11 and ended up at 19 at the end of the match. Ryfie had some solid serves (eight consecutive) and I hoped that would keep us going, but we just couldn't execute.

"After that, we had a hard time keeping our energy up," she continued. "We had the lead in the second

### Still playing ball

Courtesy photos

Growing up in the same neighborhood, Jay Ketok and Bill Fistulka played alot of sports together. The two were Little League baseball champs, high school teammates, and college roommates while playing basketball. They joined up again recently to participate in the ASC Senior Slow Pitch over 60 softball tournament held in Burlington, N.C. last weekend on the "Yoopers and Trolls" team.

### MHSAA survey sets benchmark for work to promote multi-sport participation

EAST LANSING — Nearly 43 percent of athletes at Michigan High School Athletic Association member high schools participated in more than one sport during the 2017-18 school year, according to the first-ever Multi-Sport Participation Survey conducted this spring and inspired by the work of the MHSAA's Task Force on Multi-Sport Participation.

Early and intense sport specialization has become one of the most serious issues related to health and safety at all levels of youth sports, as overuse injuries and burnout among athletes have been tied to chronic injuries and health-related problems later in life. In early 2016, the MHSAA appointed the Task Force on

Multi-Sport Participation as part of a continued effort to promote and protect participant health and address the issues leading to early sport specialization.

While there is a growing amount of research detailing the negative effects of early sport specialization, there is little research on the prevalence of sport specialization, including at the high school level. This MHSAA survey received responses from 79.9 percent of member high schools and will be conducted annually to measure how

Well, as the old saying goes up here in the U.P. after Labor Day you can usually count on the fact that with all the tourist and the native campers moving out you can roll up the sidewalks because summer is over. In a lot of areas it appears that the summer season was really good for those businesses that count on people spending time in the area during the summer.

Needless to say you can feel a touch of fall in the air now and in some areas there is color showing up on some of the trees. The one thing I find interesting is with all the driving on the back roads and 2-tracks I can count on one hand with some fingers left over how many Pats I have seen. If there are any numbers of them out there they sure have not been in the areas where I have been.

There are a lot of fishermen getting their gear ready for the fall fish runs. It is nothing like it used to be when fishermen were both out in the big lake and lined up in the river shoulder to shoulder. How many of you remember what a zoo Thompson Creek used to be back in the day? There is no way you could convince fishermen now days how this little creek was literally full of fish from

bank to bank. Those were the days to be a game warden covering the Manistique area.

As the fall hunting seasons get into full swing remember to play safe. Remember to check out all your safety gear and make sure you have the right gear for how you plan on hunting. I was reading where a hunter fell out of his tree stand and got tangled in his safety harness where he hung upside down for two days tangling 20 feet off the ground.

This 70 year old hunter was found by another hunter who after finding him had to drive to an area where he had cell phone reception to call for help. While they were getting him down with the aid of a bucket truck he lost consciousness and his heart stopped beating. He was taken to an area where a helicopter could pick him up. He was placed in a drug-induced coma where he is still in critical condition.

If you plan on going out hunting make sure someone knows where you are going, when you plan to return, and if you are going to be hunting alone. It is so important that you do this just in case some things like the story above should happen,

someone will come looking for you.

The other important thing to remember is to have the proper fitting safety harness if you plan to hunt from a tree stand. You can never be too "safe" when you are out in the woods enjoying all it has to offer.

For those that know me it is no secret my feeling about kayaks. In real life I had enough problems with canoees let alone trying to use a kayak. Looking at life from my vantage point and having grown up on Lake Superior I find it hard to believe a father would take his family out in a kayak on Lake Superior. All five of them had on life jackets but the water was both cold and rough.

The mother finally got a text message out to her sister but with the poor cell service it was over five hours before rescue boats arrived in the area. The mother was located because of the light on her cell phone but the father and children ages three, six and nine were found deceased.

Life has some interesting twists at times because all of them had life

## Fish Report

Ret. Sgt. John Walker

jackets on but with the cold water and choppy waves it proved to be the perfect storm for this young family. This story proves too that it is so important to have the proper equipment when enjoying our great north woods.

Closing on a lighter note, the boy with his two sons were up to spend Labor Day with Wife and myself out at camp. They have this dog that is a "golden-doodle" and is really a great dog. During our time out at camp we found out what this great hunting dog was good for. It did not take long for us to realize that his calling was to be a toad dog. He would spot a toad and go into a perfect point all the while keeping an eye on his quarry. Then when it would hop away our "golden-doodle" toad dog would literally hop after it.

We sat around the fire watching this comedy and laughing at each move the dog made. Sometimes just the small things in life can make your day and put a smile on everyone's face. Life is good so take time to enjoy it.

## Weekly U.P. Fish Report

Department of Natural Resources Aug. 30

should cool with a northerly wind and slightly cooler evenings.

**Fox River:** Trout anglers had success when using worms or spinners. Two Heated River: Trout anglers had moderate success.

**Manistique Lake:** Perch and panfish are being caught on both lakes.

**Manistique River:** Was producing some walleye.

**Brevort Lake:** Was producing some good size walleye but anglers had to put their time in because fishing was slow.

**St. Marys River:** Walleye were caught in the shipping channel when trolling a crawler harness.

**Detour:** Had good walleye action to the north off Swedes Point with bottom bouncers and a crawler harness with yellow and red blades trolled in eight to 12 feet off the rocky points and underwater humps. Those jigging dark orange or green tube baits at Pipe Island caught smallmouth bass. Target the rocky points and rock piles. The waters of Lake Huron and the mouth of the St. Marys River turned over which brought the thermocline upward. A mix of Chinook, Atlantics, lake trout and a few pink salmon were caught

around Fry Pan Island, just below the ferry boat lane to Drummond Island and near the green buoy northwest of the lighthouse. The Atlantics were hitting black, purple and white spoons 55 feet down in 80 to 100 feet.

**Cedarville and Hessel:** Anglers are still reporting a few nice catches of yellow perch one mile south of the Cedarville launch off Meridian Road. Try drifting minnows and worms in the 12-foot channel between Connors Point and La Salle Island. Rock bass were caught between Connors Point and Urie Bay in four to six feet. Pike fishing was good between the Middle Entrance and the Yacht Entrance at Government Island with creek chubs in eight to 14 feet. Dollar Island in Musky Bay was producing pike for those trolling bucktail spinners or shallow running crank baits in six to eight feet. At Hessel, there were no perch reports from the finger docks at the Hessel Marina. Salmon and lake trout were slow at Goose Island and St. Martins Point. The panfish bite was good in Mackinaw Bay. Young angler's bobber fishing caught rock bass at Lone Susan Island and Echo Island in five to six feet.

### Upper Peninsula

**Little Bay De Noc:** Had another good week for walleye anglers though windy conditions have limited access. Strong south winds made for good catches off the mouth of the Whitefish River where limits were taken when trolling a crawler harness or using stick baits in 12 to 22 feet and near Brezzy Point in 12 to 14 feet. Fair to good catches were reported along the "Black Bottom" in 20 feet and Gladstone Bay straight out from the Terrace Inn in 35 feet. Fair to good perch fishing off the mouth of the Escanaba River in 28 feet, off Kirtling in 23 to 30 feet and south of the "Narrows" in 30 feet. Good smallmouth action near Round Island with plastics in eight to 14 feet. Pike were active throughout but the best areas were the Escanaba Yacht Harbor and just north of the Escanaba River.

**Big Bay De Noc:** Had fair to good smallmouth catches throughout the bays and coves. Ozone anglers moved into waters near St. Vitals Island and reported very good catches in eight to 14 feet with plastics, dropshots and leeches. Off Nahma, anglers fished off Butlers Point in 10 to 12 feet or Ansell's Point, Puffy Bay and Garden Bluff in six to 18 feet. Off Fairport, strong winds have kept many

off the lake. Catch rates were spotty when trolling 60 to 80 feet down in 105 to 130 feet. Salmon fishing was not as good but some very large fish have been reported.

**Marquette:** Had very good lake trout fishing with the majority caught 40 to 70 feet down in 100 to 150 feet. The fish ranged anywhere from 2-10 pounds however there was one fish caught that weighed in at 28 pounds. Stannard Rock continues to produce lots of smaller lake trout. Very few salmon were caught.

**Au Train:** Had only a few boats heading out. Decent numbers of lake trout were caught east and north of Au Train Island in 130 feet. The bite was hit-or-miss but look for a pod of fish and stay on them. Wood Island Reef continues to produce lake trout.

**Munising:** Had very low fishing pressure. The rain and north winds should bring cooler water to the bay. No salmon to report. A few lake trout anglers did well in the west channel and towards Wood Island Reef.

**Grand Marais:** Lake trout anglers reported excellent fishing from Au Sable Point to Big Reef and Five Mile Reef. Most anglers were getting limit catches of smaller fish. A few were trying for salmon but had no luck. Water temperatures

## MHSAA survey

ber high schools and will be conducted annually to measure how multi-sport participation exists at schools of different sizes and also the progress being made to increase it at all schools.

"It's now well-known that students who specialize in one sport year-round are prone to all kinds of health hazards. This is serious business; we have to find out the ways and means to promote the multi-sport experience." MHSAA Executive Director John E. "Jack" Roberts said. "This survey will help us identify best practices. If I'm an administrator, and another school of the same size and same demographics has twice the multi-sport participation as my school, I want to know why. What are they doing to encourage that culture?"

From schools that responded to this year's survey, 42.5 percent of students participated in athletics in 2017-18 - 46.3 percent of boys and 38.7 percent of girls. As anticipated, Class D schools enjoyed the highest percentage of athletes among the entire student body, at 55.2 percent, followed by Class C (50.1), Class B (45.1) and Class A (39.0).

Of those athletes counted by responding schools, 42.8 percent participated in more than one sport - including 44.6 percent of boys and 40.6 percent of girls. Class D again enjoyed the highest percentage of multi-sport athletes, 58.1 percent, followed by Class C (55.2), Class B (46.7) and Class A (36.0).

Similar results for overall sport participation and multi-sport participation relative to enrollment

size were seen by further breaking down Class A into schools of fewer than 1,000 students, 1,000-1,500 students, 1,501-2,000 students and more than 2,000 students. For both sport participation as a whole and multi-sport participation specifically, the smallest Class A schools enjoyed the highest percentages, while percentages then decreased for every larger size group of schools.

The MHSAA Task Force on Multi-Sport Participation also recommended measuring multi-sport

participation in MHSAA member schools to recognize "achievers" - that is, schools that surpass the norm given their enrollment and other factors that affect school sports participation. An achievement program is being developed for future years, and this year's survey results will assist in setting a benchmark for that recognition.

In Class A, Marquette (82.6 percent) and Jenison (81.2) posted the highest percentages of multi-sport athletes. In Class B, four schools

achieved at least 80 percent multi-sport participation - Birch Run (87.1), Gladstone (83.8), Clawson (81.0) and Shepherd (80).

Class C saw 13 schools with more than 80 percent of its athletes taking part in more than one sport, led by Ubly (90.2 percent) and Detroit Southeastern (89.2). Four Class D schools responded at higher than 90 percent multi-sport participation - Brethren (95.4), DeTour (94.3), Jackson Christian (91.7) and Waterford Our Lady (90.8).

## MANISTIQUE HOCKEY ASSOCIATION 2018 REGISTRATION DATES

Open registration for ALL TEAMS will be on September 12 & 13 from 6:00 -8:00pm at the Manistique School & Public Library or register online at [www.manistiquehockey.com](http://www.manistiquehockey.com)
