News Brief

Christmas parade, Triangle Park treats set for Friday

MANISTIQUE - The annual Manistiquette Christmas Parade takes place the day after Thanksgiving, Nov. 23.

Parade line-up will begin at 6 p.m. at the Habitat for Humanity - Hiawathaland building. The parade begins at 6:30 p.m., traveling to the Manistiquette Post Office.

During and after the parade, popcorn balls and hot chocolate will be served, free of charge, in Triangle Park.

Santa's Workshop, provided by the Fraternal Order of Police - Manistiquette Paul Bunyan Lodge, will also be available for viewing, and "Santa" and "Mrs. Claus" will be on site for visits with children.

To register for the parade, call Manistiquette City Hall at 341-2290.

City plans to repave Chippewa Avenue

The project, which may include a lane change, begins next year

MANISTIQUE - Chippewa Avenue in Manistiquette will be getting an updated look in 2019-20. The repaving of the road, which stretches from Deer Street to U.S. Highway 2, was discussed recently by the Manistiquette City Council.

According to Manistiquette City Manager Sheila Aldrich, the funding for the repaving will be provided via the county's rural task force.

The Michigan Department of Transportation website states that Michigan's Local Rural Transportation Program, established in 1987 under the Transportation Economic Development Fund Act, recommended the creation of regional rural task forces to administer and fund rural transportation projects and programs in counties with populations of 400,000 or less. Each rural task force is required to contain a representative of each county road commission, plus an equal number of representatives from incorporated cities with a population of 5,000 or less, and a representative from each rural transit provider.

MDOT provides two main sources of funding for the Local Rural Transportation Program: federal Surface Transportation Program-Rural funds and state Transportation Economic Development Fund-Category D funds. Both sets of funds are distributed by MDOT to each rural task force based on a statewide formula.

Aldrich stated that the Schoolcraft County Rural Task Force is comprised of the city, Schoolcraft County Transit Authority, and the Schoolcraft County Road Commission.

"We get a pot of money every year from the state - it's about \$400,000-\$450,000," she explained. "The three of us get together and every-

one has their wish list of projects and we decide which ones are most important that year."

Aldrich noted that the majority of the time, the funds are split up amongst the group, with the bulk going to the road commission.

"There's only certain streets we could use it on - it has to be on the Rural Taskforce map," she said.

This year's rural task force meeting went a little differently, as the city had a special request.

"We asked them to give us a little additional consideration because we'd like to repave Chippewa Avenue," Aldrich explained. "That whole stretch is going to be about \$400,000."

The pitch was successful, she added, as the road commission and transit authority both agreed to forfeit their portion of the funds to complete the project.

"We will do (pave) half of it this coming year and half of it the following year," Aldrich explained. "We have to get the engineers on board to write the engineering for it, do the proposal for rural task force, and get it ready to bid out."

She pointed out that Coleman Engineering, the city's retained engineering firm, had compiled a proposal to complete the engineering work for \$44,500.

Councilperson Rick Hollister asked whether ownership of the railroad crossing on Chippewa Avenue would be addressed, as it remains unclear whether the tracks are part of the paper mill's property or under the purview of Canadian National Railway Company.

"We'll be doing a title search on the railroad crossing," Aldrich said. "It's certainly a concern... It needs to be addressed."

Mayor Mike Perilloux noted that there is also

Ladies, all the ladies

The annual Ladies Night took place last Thursday in downtown Manistiquette. The event featured plenty of sales and giveaways and the streets and stores brimmed with shoppers.

LFCU wins award for The Grind

Credit union recognized for 'socially responsible' project

MANISTIQUE - Limestone Federal Credit Union was recently awarded for its involvement in founding The Grind Coffee House. The award was presented by the Credit Union National Association, national association that advocates on behalf of every credit union throughout the United States.

CUNA's Louise Herring, Dora Maxwell, and Alphonse Desjardins Awards recognize credit unions for exemplary community service and financial education efforts. LFCU was named as a first place winner of the Dora Maxwell Award, which is presented to credit unions for outstanding social responsibility projects in their communities.

The Grind Coffee House, a student-operated small business located in Manistiquette, was originally founded as an idea to

Feeding America Food Truck returns to area November 28

MANISTIQUE - The Feeding America Mobile Food Truck will visit Manistique Nov. 28 from 10 a.m.-12 p.m. The location for pick up is Schoolcraft Memorial Hospital, 7870W US Highway 2, Manistique.

Anyone residing in Schoolcraft County with a food need may participate. If obtaining a box for another family, bring a signed note with their address and permission to issue the box.

USDA slips, required for personal boxes and boxes being picked up for others, will be provided on location.

This month's food truck has been sponsored by two local businesses - NAPA Auto Parts and Petique.

"It's that time of year to give back. We think it's important to invest in our community," said Lisa and Steve Roschush, owners of NAPA Auto Parts. "We are amazed at how many families are fed with this mobile food truck and we are happy to contribute."

Beth Atkinson and Shannon Handel from Petique added: "We are proud to partner with Good Neighbors to make this truck available for the Thanksgiving season. The community has been good to us and we want to give back."

Empty cardboard boxes will not be accepted in November of December.

The distribution is set up drive-through style and all cars must enter on Southtown Drive and exit at the SMH exit after pick-up.

The next truck has been scheduled for Dec. 14.

Residents may also have a box of food delivered to their door by calling Schoolcraft Transit Authority at 341-2111. Residents may schedule deliveries 2.5 weeks prior to the scheduled food truck arrival. The cost for delivery is \$1 per box for a delivery to housing complexes and \$2 per box to a residential home.

The Dec. 14 food truck is sponsored locally by several groups,

including the Manistique Lion's Club, Manistique Kiwanis Club, Manistique Rotary Club, the Mafsons, and Meg and Jody Wnuk.

If interested in volunteering, contact Sara Giles, marketing director at Schoolcraft Memorial Hospital, at 341-3293.

Feeding America is the nation's largest domestic hunger-relief organization. They feed 46 million people at risk of hunger, including 12 million children and seven million seniors.

In 2016, Feeding America West Michigan provided 24 million meals across 46 Michigan counties, which equates to an estimated 492,100 people each year. Locally, the 20,000-pound trucks help feed 400 households in Schoolcraft County monthly.

Businesses and individuals interested in sponsoring a food truck, may contact Giles.

For more information about food assistance services in Schoolcraft County, contact Good Neighbor Services at 341-3927.

John Carstensen, Schoolcraft County Director of Civil Defense has announced that 3,000 additional fallout shelter spaces have been licensed and supplied by a new Federal government arrangement with the Inland Lime and Stone Co. and the Manistique Pulp and Paper Co. There are about 850 at the Manistique Pulp and Paper Co. and 2,050 at Inland Lime and Stone Co. These will be furnished with two weeks supply of food, medical supplies, sanitation supplies and radiological monitoring equipment for the use of the public.

The Post Office has advised persons sending Christmas cards that all cards weighing one ounce or less must carry six cents postage. In previous years, unsealed cards without a written message (only signature of the sender) could be sent one cent less than first class postage. These would be delivered as third-class mail, without the provision for forwarding or return if undeliverable. The postage rate legislation which went into effect last January raised the single rate third class postage to six cents for the first two ounces. Since virtually all greeting cards weigh less than

an ounce, the first class and the third class rates are, in effect, the same. Thus, the post office notes, all greeting cards bearing six cents postage which are undeliverable as addressed shall be forwarded if a new address is available. The Department stressed the importance of a return address to assure that undeliverable cards will be returned. This allows mailers to keep their address lists up to date.

A Garden man called the Manistique State Police Post at 2:22 a.m. Tuesday to report that his pickup truck had been stolen. He said the truck was taken from in front of a bar in Garden. The man called again later Tuesday morning to report that he'd found the truck. It was parked in back of the bar.

State police reported Tuesday that many hunters were heading back home downstate, despite the heavy snow and slippery roads. They reported that two hunters had been lost overnight since the season opened on Friday, but had walked out of the woods the next morning unharmed. Many other hunters were also reported lost, they said, but walked out of the woods that same night after darkness. A total of 311 hunters was registered at the local post.

35 years ago

November 23, 1983

The consensus is the bucks are coming in bigger and in larger numbers for the 1983 hunting season. According to Jack Cook, wildlife biologist of the Newberry Department of Natural Resources District Office, the deer kill is up 15 to 20 percent more than last year, although the number of hunters has decreased as compared to last year. The high numbers and the large sizes can be attributed to the mild winter of last year. More yearlings survived the winter and as a result there is an abundance of four and six pointers. Cook said. Two years ago, Cook said, 60 percent of the yearlings were lost to starvation as a result of a harsh winter.

This year an estimated 20,000 deer will be bagged without guns—they'll be killed by the front end of vehicles. The Michigan Department of Transportation warns drivers to be especially alert for deer running across highways and roads during the next six weeks. More than half of all deer-vehicle accidents occur in the last three months

of the year. This is their mating season, and with firearm deer seasons open, deer are moving in large numbers. State Police have already received reports of 9,000 deer-vehicle accidents during the first seven months of 1983, and they expect that figure to double. During 1982, more than 18,000 deer were killed by motorists, resulting in an estimated \$32 million in property damage. The accidents took their toll on people too, with one fatality and 1,049 injuries reported.

Area sports fans will be noticing a difference in the format of the Pioneer Tribune's sports page. Sports writer Don Vedeich has recently been named to the position of head basketball coach for Rapid River and will be replaced by Nancy Krusic, Nancy, 16, is a junior at Manistique High School. She has been actively involved in all aspects of the sport's programs offered by the school and the community. From now on Nancy will be a common site at most athletic events, not only as an avid sports fan, but as the new sports reporter for the Pioneer Tribune.

City of Manistique officials believe a lawsuit regarding closure costs for the defunct city landfill in Hiawatha Township will go to trial. A trial date of Monday, Dec. 14 has been scheduled in 11th Circuit Court Judge Stark's courtroom. City attorney John Filoramo, and City Manager Al Houser discussed the lawsuit, and a hearing with Judge Stark earlier in the day, with City Council members at their Nov. 23 meeting. Following the Monday afternoon court hearing, both Filoramo and Houser said they believe the lawsuit will go to trial. Two defendants originally listed in the landfill lawsuit, Manistique Rentals, Inc. and the eight townships in Schoolcraft County,

settled out-of-court with city officials earlier this year.

Preliminary plans for a consolidated elementary school on the current A.F. Hall Stadium site were discussed by school officials and architect Donald Morgridge at the Manistique Area Schools Board of Education meeting; Nov. 23. Morgridge, MAS Superintendent Ken Groh and school board members presented five different plans for a new school at the site of the football stadium, directly across Maple Street from the MAS Middle and High School building. Morgridge was hired by the board earlier this year to design plans for a consolidated elementary school, new athletic stadium and other facilities that would be funded by a new millage.

10 years ago

November 27, 2008

Monday night's City Council meeting included a special tribute for Jim Barr, who retired this month after 30 years as Manistique Township Supervisor. Public Safety Director Ken Gohat and Mayor David Peterson honored Barr for his years of service—in particular, his cooperation with a long line of Public Safety directors on law enforcement and fire protection, including the successful agreement through which the city provides firefighting services in the township. Gohat praised the working relationship between the governmental units and called the township "good neighbors." "He's been very active as a community leader. He's really given his life to Schoolcraft County," Gohat said.

It looks finished from the outside, but inside work is continuing at a steady pace, as crews hurry to finish the new Junior High Academy wing at St. Francis de Sales School. The addition, which connects the school and church buildings, is scheduled to be dedicated just over a week from now, on Sunday, Dec. 7.

The 2008-2009 Lady Emeralds junior varsity basketball team will be looking to repeat as Mid-Peninsula Conference champions as they kick off the new season at Manistique next Tuesday. The team includes Taylor Lockwood, Kim Schuetter, Mindy Miller, Krandy Mickelson, Chantal Albright, Kalysa Jencrou, Bracie Gould, Ashley Vaughn, Jesse Zellner, Alecia Goudreau and Coach Craig Hepker.

Letters to the Editor

Dear Editor,

Veterans week, I had the honor to visit the displays at the Manistique Water Tower, which had pictures of local and prior military individuals that had served in many earlier wars and conflicts plus associated uniforms, along with equipment used and news articles for the above periods. Many of them I was able to recognize.

Volunteers and fellow military individuals were able to guide you through the displays. Let's hope these past and current military individuals will never be forgotten.

Thanks for making this display available for our community

during Veterans week.

Wilbur LaBar
Manistique

Dear Editor,

I recently traveled downstate and went through many counties and I have to say Schoolcraft County was the best I dove through.

Keep up the great work, thank you!
Debbie Kneff
Manistique.

Dear Editor,

I want to thank you for publishing

the picture entitled "the building of the fox farm" in your Nov. 15 edition. I was also pleased that the caption listed the mint farm and the Indian Lake Golf Course as additional business ventures of George Banzhaf.

My father had great faith in Manistique as evidenced by his investment in the three enterprises he started in the 1920s. The fact that he achieved all of this by the time he was 28 years old was, in my mind, quite remarkable.

Bill Banzhaf

Pantries seeking canned goods

MANISTIQUE — The TV 6 Canathon is well underway in the community. Though the campaign occurs simultaneously throughout the Upper Peninsula, non-perishable items collected locally stay in the area.

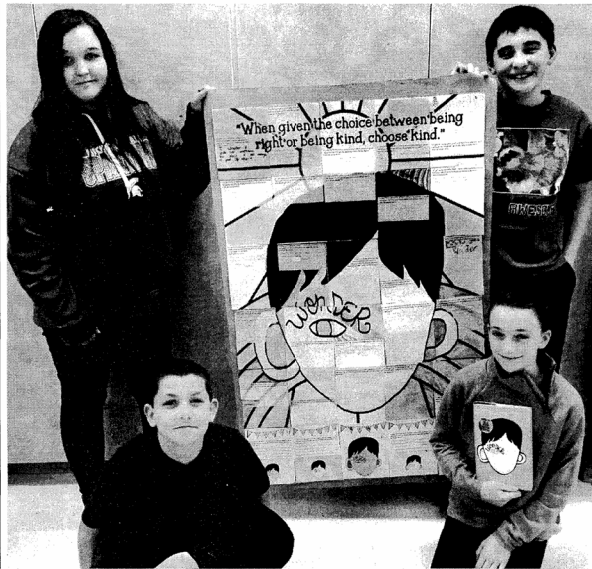

Donation boxes, for cash or food, will be located throughout the area, including at: Three Seasons Café; State Savings Bank; Jack's Fresh Market; Limestone Federal Credit Union; Kewadin Casino (donate three perishable items and get \$5 credit on Northern Rewards Card until Nov. 30); BP stations; Shopko Hometown; mBank locations; Linda's Bread Box; Dollar General; and Fresh from the Farm.

Additionally, Thompson Veterinary Clinic will be offering an entry to win a \$100 calico gift basket for a three-item, non-perishable donation from now until Nov. 30.

Also until Nov. 30, Good Neighbor Services, Christ Fellowship Ministries, and St. Vincent de Paul will be offering an entry into a drawing for a 32-inch flat

Fires cause little damage Saturday

MANISTIQUE — Two separate, local fires ended with minimal damage and no injuries Saturday.

According to a Manistique Department of Public Safety press release, the first fire was reported at 11:50 a.m. Nov. 17 at UP Papers, located at 402 W. Elk St. Upon arriving on the scene, Manistique Public Safety and volunteer fire officers found that a fire had started on a conveyor system located in the basement and that paper mill staff had immediately activated the automatic extinguishing system, which helped control the fire.

Paper mill staff also used on-site facility fire hoses to further control the fire. The blaze was completely extinguished when public safety and volunteer firefighters arrived, assisting paper mill staff.

In the press release, the MPSD extended congratulations to UP Papers' staff for their quick actions in controlling the fire, which averted a major loss to the company.

MPSD officers and volunteer firefighters also responded to a fire

reported at 7:30 p.m. Nov. 17, at 104 Ardubus Ave. The report stated that a residential home was filled with smoke.

Upon arriving on scene, officers and firefighters found the entire home filled with thick smoke, prompting their entry with self-contained breathing apparatuses. Officers then located the source of the smoke, a box of belongings which had been placed on top of an electric stove by the home's occupant.

When placing the box on the stove, a burner control had been turned on accidentally, which ignited the filled box.

Officers quickly eliminated the fire and cleared the home of smoke.

There was no fire damage sustained by home or any other belongings.

MPSD credited the home's occupant with immediately calling the fire department and for not attempting to enter the home, which could have endangered lives.

News Brief

National Forest welcoming holiday tree seekers

GLADSTONE — Holiday trees are available for cutting on Hiawatha National Forest land. For the price of a "tree tag" — \$5 — residents can cut a tree from the National Forest.

To obtain a permit, in the form of a tree tag, stop at the local Ranger District office beginning Nov. 15. Along with a permit, residents will receive tree-cutting guidelines, information regarding cutting areas, and suggestions for flame-proofing the tree.

If buying a tree tag and cutting a tree on the Hiawatha National Forest, residents are invited to send

a photo of their tree-cutting outing via the Forest's Facebook page www.facebook.com/HiawathaNF/.

Photo release forms are available and are available at www.fs.usda.gov/Internet/FSE_DOCUMENTS/fseprd478711.pdf or at district offices. They will use the photos to create an online holiday tree-cutting photo album.

For more information about tree tags, contact one of the following U.S. Forest Services offices Monday through Friday 8 a.m.-4:30 p.m.: Munising (906) 387-2512; Rapid River (906) 474-6442; or St. Ignace (906) 643-7900.

State Fire Marshal warns Thanksgiving still leading day for home cooking fires

LANSING — State Fire Marshal Kevin Schlmeyer urges fire safety on Thanksgiving Day, which is the leading day for home cooking fires. Consumers who use portable deep fryers to cook turkeys should know the dangers involved and consider an oil-less fryer which is a safer alternative to cook their turkey.

Schlmeyer also emphasized that portable propane fueled turkey fryers, a popular and faster cooking method for your Thanksgiving turkey, poses a considerable fire risk if not done correctly. "Incorrect methods of deep frying a turkey in several gallons of hot oil over 350 degrees is as flammable as gasoline, if the cooking oil vapors ignite," said Schlmeyer. "Never use a portable deep fryer in a garage, on or under a deck, breezeway, porch or inside any structure. Improperly deep frying turkeys can be dangerous and accounts for the high number of house and garage fires reported each year." According

to the National Fire Protection Association, portable deep fryers that use oil, as currently designed, are not suitable for acceptably safe use by even well-informed and careful consumers.

Portable deep fryers use a lot of oil, and vapors coming off the heated cooking oil is highly combustible. Care must be used to not overfill the cooking oil in a portable deep fryer or you will get splash-back and boil over when immersing the turkey. Grease fires commonly start with cooking oil spilling over the sides of the fryer onto the flames below. Vapors can ignite if the unit is heated beyond its cooking temperature of 350 degrees. If rain or snow hits the hot cooking oil, the cooking oil may splatter or turn to steam that can lead to burns.

Schlmeyer said oil-less electric or infrared models are much safer methods of cooking your Thanksgiving turkey, provided instructions are followed carefully.

Safety precautions to take when using a portable propane deep fryer include:

- Read and follow the manufacturer's user guide.
- Always use the portable deep fryer on a flat surface, well away from houses, garages, decks, trees, bushes and other outdoor hazards.
- Use a portable deep fryer with a gas valve controller.
- Make sure your turkey is completely thawed and dry the

turkey prior to putting it in the fryer. Extra water or placing a frozen turkey in the fryer will cause the cooking oil to bubble and spill over.

- Never leave the portable deep fryer unattended.
- Keep children and pets away from the portable deep fryer.

Alex J. Vandenhouten

POTTER, Wis. — Alex Joseph Vandenhouten, 16, of Potter, Wis., died on Saturday, Nov. 17, 2018, at his family hunting cabin in Marinette, Wis. He was born on Oct. 27, 2002, son of Adam and Sheila (Doyle) Vandenhouten.

Alex J. Vandenhouten

Alex was a lifelong member of Trinity Lutheran Church in Rantoul, Wis., where he had also attended school for many years. He also attended Chilton Middle School, and Chilton High School. With an outgoing personality, Alex was well regarded as a character who could strike up a conversation with just about anyone and a smile that ran from ear to ear brightening the lives and moments of everyone he came across.

Alex was a witty, kind hearted, and caring teenager who was a joy to be around. He loved to crack a good joke, laugh, kid around, bug his brother and sister every once and while, and appreciated moments spent with his family and friends. Alex was funny and cared about everyone, no matter where they came from or their background.

Alex had a great passion for the outdoors, and was always excited to be out on the hunting land and cabin, fishing, or cruising the trails with the ATV's.

Alex, like most teenagers, liked to play video games, but his heart was always focused on the great nature that was around him.

Although the outdoors and video games kept him occupied, Alex did dabble in games of Dungeons and Dragons and was a voracious reader who could easily get lost in a series of books.

Alex's big heart and charming personality will be greatly missed and fondly remembered by all those who knew and loved him. He will be especially missed by his parents, Adam and Sheila; his sister, Ella Vandenhouten; his brother, Gus Vandenhouten; maternal grandparents, Bill (Sandy) Doyle and Sigrid Doyle and fiancé Bob Bosonic; paternal grandparents, Glenn and Candy Vandenhouten; uncles, Chris Doyle, Tony Vandenhouten and Jana; cousins Sarah, Matthew, Jacob, Hope, and Justin. Alex will be missed by many other relatives and friends.

Funeral services were held at 11 a.m. on Wednesday, Nov. 21, at Trinity Lutheran Church in Rantoul (Hilbert). Friends called at Wieting Family Funeral Home (411 W Main St, Chilton) on Tuesday, Nov. 20, from 4-7 p.m. and Wednesday, Nov. 21, at church from 9-11 a.m.

Joyce Halvorson

DENMARK, Wis. — Former Garden, Mich., resident Joyce Halvorson, 87, of Denmark, Wis., passed away peacefully on Monday, Nov. 12, 2018. She was born on June 5, 1931, in Marinisco, Mich., the daughter of Elmer and Hazel (Fox) Bonifas. On March 26, 1954, she married John "Jack" Halvorson in Menominee, Mich.

Joyce Halvorson

Joyce was proud of her education; she became an LPN and worked at Schoolcraft Memorial Hospital in Manistique, Mich., for several years.

She moved to the Green Bay area where she worked at Syble Hopp and helped manage the Danish Villa Apartments in Denmark for 30 years. Joyce traveled to all 50 states, Mexico and Canada, was an avid reader and enjoyed knitting winter hats, afghans and dishcloths. Through the years she donated hundreds of hats.

She is survived by her children, Louise (Charles) Reetz of Maribel, Wis., Jackie Halvorson of Seymour, Wis., John Halvorson of Garden, Elaine LaTulip of Seymour and a daughter-in-law, Carla Halvorson of Mishicot, Wis.; grandchildren, Luke Reetz, Emily (Jared) Anderson, Desiree (Mike Titus), Jace, Brianna, Kai-

lin, and Noah Halvorson, Jason (Emily), Dan and Logan (Courtney) LaTulip and Alyssa Halvorson; great-grandchildren, Alexander and Elena Reetz, Marcus, Jack and Sawyer Anderson, Dominic and Morgan LaTulip, Zaylee, Autumn and Adaline LaTulip, Jasper, Harper and River Titus; brother-in-law, Gary Lang of Fayette, Mich.; sister-in-law: Kathy Seaman of Fairport, Mich.; and several nieces and nephews.

Joyce was preceded in death by her husband John "Jack" Halvorson and their son, Terry; five brothers and two sisters; several sisters and brothers-in-law, nieces and nephews.

Family and friends may visit at All Saints Catholic Church, 145 St. Claude St. in Denmark, on Saturday, Nov. 24, from 10 a.m. until 10:45 a.m. Mass of Christian Burial will be celebrated at 11 a.m. Cotter Funeral Home-Denmark Chapel is assisting the family. Online condolences may be expressed at www.cotterfuneralhome.com.

The family wishes to thank NorthernCare Hospice and the caregivers at Century Ridge, for their kindness and patience they extended to their mom over the past two years.

Jeanne L. Dyer

MANISTIQUE — Jeanne Louise Dyer, 70, of Manistique, Mich., passed away peacefully on Thursday, Nov. 15, 2018, at Schoolcraft Medical Care.

She was born Oct. 25, 1948, in Manistique, the daughter of Clarence and Helen (Smart) Peterson. The family moved to Curtis and later to Thompson as a child. The family moved to Manistique in 1949. Jeanne attended and graduated from Manistique High School.

She met and married the love of her life John Dyer of Manistique on June 3, 1974. Manistique is where they made their home.

Jeanne was employed with the State of Michigan Department of Social Services right out of high school. She worked as an adminis-

trator until her retirement. Jeanne loved to go shopping with family and friends. She loved caring for her dogs. She especially enjoyed the times that she could spend with her family and friends.

She is survived by her brother, John (Priscilla) Peterson of North Fort Myers, Fla.; niece, Amy Peterson Stokes of Lansing, Mich.; nephew, John (Kelly) Peterson II of Dimondale, Mich.

She is preceded in death by her loving husband and sister, June Ann Smith.

A memorial service will take place at a later date. Memorial donations may be directed to Eva Burrell Animal Shelter. Family and friends may send condolences or share a memory at mbfuneral.com.

Daniel R. Purcell

Daniel R. Purcell

GERMFASK — Daniel R. Purcell Sr., 84, of Germfask, Mich., passed away suddenly on Sunday, Nov. 11, 2018, at Schoolcraft Memorial Hospital.

He was born on Sept. 20, 1934, in Saginaw, Mich., the son of Albert and Ethel (Steller) Purcell. He attended and graduated from Harrison High School.

Daniel worked as a truck driver delivering propane in the Harrison area for many years. He enjoyed hunting, fishing and camping. He loved nature and being outdoors. He was a leader in the Boy Scouts as a younger man. He loved to be around family and friends and could strike up a conversation with just about anyone.

Daniel is survived by his lov-

ing wife Joan; daughters Lorie Butler of Waukegan, Ill, Peggy (Scott) Backer of Gillette, Wyo., Kathleen Purcell of Kannapolis, N.C.; son, Daniel (Cher) Purcell Jr. of Sugar Island, Mich.; eight grandchildren and seven great-grandchildren; sister, Ha Welsh of Saginaw, Mich.

He is preceded in death by his first wife Delores Anne; brothers, Ed, Al, Bill; and two great-grandchildren.

A memorial service will take place at a later date. Memorial donations may be directed to the family for future designation. Family and friends may send condolences or share a memory at mbfuneral.com.

Thanksgiving fires

continued from A3

- Allow at least two (2) feet of space between the liquid propane tank and the portable deep fryer burner.
- ONLY use cooking oil recommended by the deep fryer manufacturer. Do not use cheaper or different types of cooking oil for the portable deep fryer because the cooking oils have different ignition temperatures when heated.
- Do not overfill the portable deep fryer with cooking oil that can result in the overflow of the cooking oil and a flash fire when immersing the turkey into the cooking oil.
- Use well-insulated potholders or oven mitts as the deep fryer lid and handle can become very hot, wear safety goggles to protect eyes from cooking oil splatter.
- Be careful with marinades. Cooking oil and water do not mix and water causes the cooking oil to spill over, causing a fire or even an explosion hazard during cooking oil boil over.
- If the cooking oil begins to smoke, immediately turn the propane tank to OFF by closing the propane tank valve.
- Keep a fire extinguisher (dry-powder) ready at all times. Never use water to extinguish a cooking oil or grease fire.
- Cooking in the kitchen has its own fire risks with stoveops and ovens working overtime, and busy cooks becoming distracted preparing the holiday feast while entertaining guests. According to the U.S. Fire Administration, the average number of reported residential fires more than doubles on Thanksgiving Day compared to any other day of the year. Two-thirds (67 percent) of home cooking fires start when food or cooking materials catch on fire. More than half (55 percent) of home cooking fire injuries happened when people tried to fight the fire themselves. "Always keep an all-purpose fire extinguisher nearby and know how to use it," said Sehlmeier. If you don't know how to use a fire extinguisher, don't try and fight a fire yourself. Immediately call 9-1-1 in such emergencies and quickly evacuate your family and friends out of the home.
- "Unattended cooking is the leading cause of residential fires, especially on Thanksgiving when

- busy cooks can be distracted," said Sehlmeier. "Never leave cooking unattended, not even for a second. Cooking fires can easily be prevented by following a few simple precautions."
- Start with a clean stove and oven.
- Remove food and grease buildup from burners, stovetop, and oven.
- Turn pot handles toward the back of the stove to prevent pot tipping by young children to prevent burns.
- Wear short sleeves or roll sleeves up, so not to catch your clothing on fire during cooking.
- Check food regularly while it's simmering, baking, boiling or roasting.
- Set timers to keep track of turkeys and other foods that require extended cooking times.
- Turn off the stove if you must leave the kitchen for even a short period of time.
- Keep children away from cooking areas; do not hold children while cooking.
- Keep kitchen clutter, potholders, towels, and food wrappers well away from the stove

- burners.
- Keep a pan lid or cookie sheet nearby; always use an oven mitt.
- For an oven fire, turn off the oven and keep the door closed.
- Michiganders are reminded to test the smoke alarms of elderly family members when visiting them during the Thanksgiving holiday. The Michigan Community Risk Reduction Task Force has identified that people over the age of 60 are at the greatest risk to die in residential fires in Michigan according to fire reports submitted for 2017-2018.
- Methods to reduce your chance of dying in a fire:
 - Check each smoke alarm monthly.
 - Change smoke alarms every ten years.
 - Change the batteries in 9volt smoke alarms every six months.
 - Your home should have a smoke alarm on every level and in every sleeping area.
- The Bureau of Fire Services wishes everyone a safe and Happy Thanksgiving. Visit the Bureau of Fire Services website at www.michigan.gov/bfs for more fire safety information.

Local student completes Eagle Scout project at Bishop Baraga

MANISTIQUE — Local resident Darren Hicks recently installed his Eagle Scout project at Bishop Baraga Shrine.

Custom cedar log benches were constructed and placed in three locations: the shrine to the Virgin Mary; overlooking the lake; and overlooking the chapel and burial ground. An all-weather display case for various artifacts related to the site was placed near the street, where the old display case had been previously.

The General Federation of Women's Clubs — Manistique was the sponsor for the project. They provided a general idea, funds for materials, while Hicks executed the plan, working with Kevin Brown, Manistique Middle and High School teacher, to create plans for the pieces.

Brenda Fleck, who had originally contacted Boy Scout Troop 400 about the potential project, said she was happy with the results.

"I couldn't be happier with how this turned out," said Fleck. "It really fits with the shrine's purpose and is a wonderful addition to our community."

Scoutmaster Alan Barr also said he was pleased with the outcome of the project.

"Darren did an amazing job of creating items that fit with the time period of Bishop Baraga's mission here, and these pieces will welcome people to enjoy the site for many, many years to come," he said.

Courtesy photos

Above, Darren Hicks stands beside a portion of his Eagle Scout project. Below, members of the women's club are shown testing one of the benches created by Hicks, shown standing in back. From left to right are: Brenda Fleck, Pat Mickelson, Sandy Oas, Kathy White, and Becky Anderson.

Give 'Gifts that grow' this season

It's a jungle in there. Every window, surface and brightly lit corner is filled with decorative or edible greenery. There is no doubt what to gift this person for the holidays. More of the same.

A lack of outdoor growing space, limited growing seasons, and time constraints have many people filling their apartments and homes with fiddle leaf figs, palms, succulents, herbs and vegetables.

And you have probably heard of the houseplant craze amongst millennials. Perhaps the need to destress after a long work day, concern for purer air, an interest in safe fresh food and a desire to be close to nature contribute to this craze. No matter the reason, gifting a millennial a trendy houseplant is sure to be a hit.

No matter your age, living in a green space and tending plants has many benefits. It reduces stress, improves one's mood and provides a sense of emotional well being. Planting seeds and watching them grow generates feelings of hope. It's edible, even better. Indoor herb and vegetable gardens provide fresh, nutritious food to harvest and enjoy.

Newbies and those making the gardening transition indoors may find it challenging. Limited light, a different pallet of plants and variable watering regimes can be intimidating. Those who have killed philodendrons and succulents in the past may have given up, but fortunately there are solutions and easy-care options for those looking to expand their indoor green spaces.

Take the guesswork out of wa-

tering with hydroponics. Water and nutrients are available and delivered via a wick or similar system to the plants when needed. Colorful Mason-type canning jar planters fitted with hydroponic grow kits are perfect for starting seeds and growing plants on window-

sills or countertops. Add a sleeker touch with a colored glass cylinder like Modern Sprout's Hydroponic Tumbler Grow Kit.

Children of all ages need lots of exercise and fun outdoor play but there are times when quieter indoor play is on the schedule. Reading with your children is always a very enjoyable and important activity. Another source of quiet fun is puzzles. Available in all shapes and sizes, they instill interest and learning for children as young as six months. Working together with an adult to complete the picture goal provides the individual attention children crave, encouragement, and helpful hints. Completing the puzzle fosters persistence and working toward a goal.

Learning with Puzzles
Puzzles come in many types, sizes, scenes and degrees of difficulty. For the very young child, large wooden jigsaw puzzles with easy to handle pieces are just right to develop hand muscles. Look for a matching picture on the frame and box. There may be easy geometric shapes or a sound effect when the right piece is placed. Pictures of animals, toys, or foods are often the subjects. There are also foam puzzles which feature

Grandparents Teach, Too

animals, shapes or letters. All are great gifts.

For somewhat older children, more complex and large floor puzzles provide the right amount of challenge. When working with children show them strategies. Organize piles of the same color to help them choose pieces. You can show them how fit the correct piece by turning and sliding. Those are geometric skills tested in school.

Young children need to manipulate real puzzles to develop their finger muscles and their brains. Many libraries allow puzzle checkout. Older school age children may like computer based puzzles. Look for free online jigsaw puzzles. They are easy to find on the web or app store. One site is helloworld.com. These are appropriate for school age children and have up to 36 pieces. Then they can progress to thousands of pieces and help adults.

Making Puzzles

To make homemade puzzles gather colored pictures, glue, and heavy paper. Glue the picture on heavy paper. When dry, cut the picture into a few pieces like squares, triangles, and rectangles. Leave a frame around the picture so it is easier to find the correct place for each piece. Teach children how to sort similar colors and put edge pieces together first.

Another puzzle uses tongue depressors. Craft tape, wood cut tongue or craft sticks, and markers. Tape seven craft sticks together to make a rectangle. On the other side, your children can make a big simple picture with colored markers. Then, remove the tape and scramble the pieces. Reassemble the sticks to show the picture again. Puzzles are most rewarding and effective early learning tools when children learn by working with someone else who can sit close and help with strategies, encouragement, and hints.

LFCU award

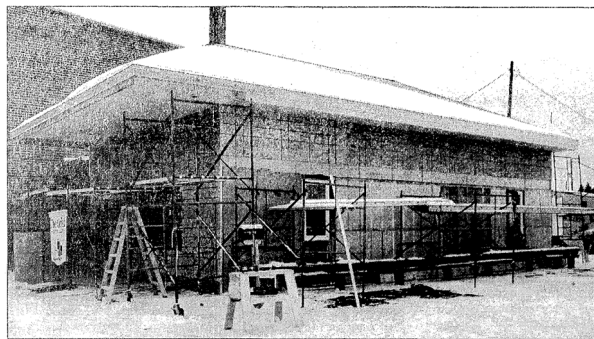

continued from A1

increase youth education surrounding entrepreneurship, career options, and business opportunities. The Grind, which Limestone leveraged a \$20,000 Michigan Credit Union Foundation Community Reinvestment Grant to start, held its soft opening in November 2017 after nearly three years of hard work and dedication, countless volunteer hours, and constant fundraising.

"This project embodies the true meaning of the Dora Maxwell Social Responsibility Award, bringing together educators, community members, students, member owners, credit union staff and volunteers to develop a live 'classroom' for students. A classroom which provides a safe environment for students to learn, grow, and develop skills that will help them progress into our future business owners, board members, employees, and citizens," said Jennifer Watson, LFCU CEO. "Limestone is incredibly proud that our project was selected as the first-place national winner and hope this will inspire others to dream big."

The Grind held its official grand opening in January 2018.

Currently, The Grind is undergoing an external transformation, with the construction of a new roof and installation of new siding. During a recent Manistique City Council meeting, Watson explained that the

Above, rehabilitation work on The Grind is currently underway. The work includes the construction of a new roof and the installation of new siding. Pioneer Tribune photo

next project will involve developing a parking lot and, possibly, outdoor seating.

During that same meeting, city council approved a commercial rehabilitation tax abatement request for The Grind building. Rehabilitation was projected to cost approximately \$94,647.40 and contribute to job creation and retention. The abatement request

was approved for 10 years, and was sent to the Michigan Department of Treasury for final approval.

According to the treasury department, a specific tax, known as the commercial rehabilitation tax, is levied upon every owner of a rehabilitated facility to which a Commercial Rehabilitation Exemption Certificate is issued. The property taxes are based upon

the previous year's (prior to rehabilitation) taxable value. The taxable value is frozen for the duration of the certificate.

For more information on The Grind Coffee House, visit their Facebook page. For more information on Limestone Federal Credit Union, visit limestonefcu.com. For more information about CUNA, visit cuna.org.

Paving project

continued from A1

discussion about possibly converting Chippewa Avenue into a two lane road with a turn lane down the center – identical to the stretch of U.S. 2 that travels adjacent to Manistique.

When asked by Hollister if changing the lane layout of Chippewa Avenue would be a Michigan Department of Transportation decision, Aldrich said the decision could likely be made by the city.

"I'm sure we'd want to run it by them for safety," she said, adding that the U.S. 2 "road diet" had actually been brought to city council for approval.

Aldrich noted that if the lanes were changed, it would allow for bike lanes on each side of the road, like U.S. 2.

Councilperson Paul Walker said there may be an issue, if the lanes were reduced, with semi-trucks with trailers trying to exit the paper mill property.

"There's a whole host of issues – that's why it will be examined closely," Perilloux said.

Scott Nowak, a representative from Coleman Engineering, said MDTOT would support a lane reduction if bike lanes are added.

"Any time you put bike lanes into a project, they'll back it," he said, adding that MDTOT wouldn't have the power to reduce the lanes, but the city would. "By statute, they cannot take lane miles away from you without asking in your municipal district – they have to ask permission."

Manistique Department of Public Safety Director Ken Golat expressed concern about a possible lane reduction.

"We've got semi traffic, and that can be a very heavily traveled portion of road in the summer time – we've got four lanes that are, basically, all filled going north and south," he said. "A bike trail could be attractive, but are we impeding the free flow of traffic?"

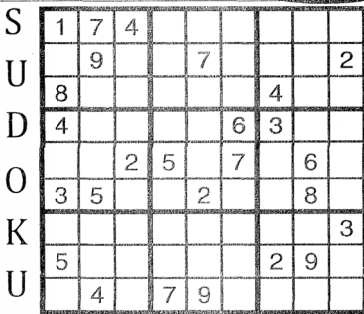

Nowak said they are proposing repaving the section from the railroad tracks, and then heading south toward U.S. 2, beginning in 2019.

"What that leaves you with the following year (2020) is actually a two-piece project – one on each side of that," he said. "If that is where this goes, you couldn't make

the transition into a three-lane section until the second (phase of the) project was complete, so you have some time to make that decision," Aldrich added regardless of the decision about the lane structure, the road commission and transit

authority should be thanked. "It's because of them giving up money that allowed us to have the money," she said. "That was very nice of them."

Council members unanimously approved signing and approving the Chippewa Avenue engineering work order for Coleman Engineering in the amount of \$44,500. Councilperson Kimberly Shiner was absent.

mBank supports Beacon House with \$20K donation to campaign

MARQUETTE — mBank has announced a \$20,000 donation to the Beacon House Legacy of Love Campaign, presenting a check Nov. 14 at the mBank Downtown Ishpeming Branch.

For 16 years, Beacon House on Third Street in Marquette has been a home away from home for patients and their families receiving critical medical care at UPHS. The hospital is moving, and in order to continue their mission as the Upper Peninsula's only hospitable house, a new facility is needed. The grassroots campaign "Legacy of Love" includes every UP community coming together to support Beacon House in its efforts, and mBank is proud to be able to contribute.

In September, mBank announced an outreach campaign titled "Make the Move" where \$100 was pledged to Beacon House for each qualifying CD, checking, savings, or money market account opened through October 31, 2018 at its branches in Marquette, Negaunee, Ishpeming, Manistique, Escanaba, Newberry, Stephenson, and Sault St. Marie. The donation allowed their support for Beacon House through their everyday banking.

"We are so appreciative of mBank and to all those who participated in this campaign," said Mary Tavernini-Dowling, Beacon House CEO. Their generous donation shows how much they believe in supporting their customers and communities across the Upper Peninsula."

"Beacon House is such an invaluable asset to our UP community members. It provides a place

where families can be comfortable during a medical crisis, so they have one less thing to worry about, and mBank is proud to help support that mission and make the 906 Pledge," said Kelly W. George, mBank President and CEO.

To learn more about the plans for the new Steve Mariucci Family Beacon House or to make a donation please visit www.beacon-house.org.

Headquartered in Manistique,

Michigan, mBank proudly serves Michigan and Northern Wisconsin with 30 branch locations. With assets in excess of 1.3 billion, the community bank empowers individuals and small to medium sized businesses with smart financing and depository solutions for peace of mind. For more information, visit: bankmBank.com. Member FDIC. Equal Housing Lender.

Beacon House becomes a "Home away from home" for patients and

families that travel across the UP to receive specialty medical care at UP Health System- Marquette and the Upper Peninsula Medical Center. The private, nonprofit, donation-based organization ensures that families never have to ask, "Where am I going to stay and how am I ever going to be able to afford it?" during a medical crisis. Beacon House is a charitable 501c3 organization and is solely reliant on donations.

News Brief

State searches for homes for foster care kids

LANSING — More than 320 children who are in foster care in Michigan need loving, permanent homes as the state marks Adoption Month.

Gov. Rick Snyder has proclaimed November to be Adoption Month. Nov. 20 is Adoption Day in Michigan.

Anyone interested in adopting from foster care can contact the Michigan Adoption Resource Exchange at 800-589-6273 or learn more about children available for adoption at www.mare.org.

The Michigan Department of Health and Human Services — in partnership with adoption agencies and the courts — works to find and create forever families through adoption. In fiscal year 2018, 1,931 children were adopted from the Michigan foster care system, according to MDHHS.

People can adopt whether they're single or married. They don't have to be wealthy or own their own home, but must have adequate financial resources to provide for a family.

Children in the foster care system become eligible for adoption following termination of parental rights due to abuse or neglect.

There were 13,710 children in the foster care system as of Sept. 30, 2018, but the goal for most children is safe reunification with their families.

New families are becoming "official" at Adoption Day ceremonies around the state this month, including Nov. 26 at the Michigan Supreme Court Hall of Justice in Lansing.

For more information about adoption in Michigan, visit www.michigan.gov/adoption.

MAS News

Maryann Boddy

CTE classes, all students at MAS have a niche where their talents and interests can be cultivated.

I am thankful for the coaches who do their teaching beyond the classroom. These individuals teach life lessons in the heat of competition while continually pushing the students to be better and work to their greatest potential.

I am thankful for the seven members of the board of education who volunteer their time to guide the district into the future. They work countless hours without compensation to ensure that all students who attend Manistique Area Schools will be safe at school and have access to a world class education by professionals who are dedicated to educating all children.

I am thankful for parents who want nothing but the best for their children. They do whatever it takes to be supportive and provide for their child to be successful. MAS parents understand the overwhelming responsibility of raising a child to be a productive member of society knowing that with so many external influences including social media, access to substances and broken homes, this is not an easy task.

I am thankful to work with all of the children of the Manistique Area School District. We have great kids who want to learn and be a part of a school where exciting things are happening. Whether it's earning Explorer Badges and getting your name on the Emerald marquee, wearing a MHS jersey or uniform, being on stage or getting their hands dirty in the

Happy Thanksgiving.

Emeralds swim: New season, new leadership, records to be broken

MANISTIQUE — The Manistique Emerald swim team will be hitting the pool after the holiday break for their first home meet of the 2018-19 season Nov. 26. The Rodmen from Marquette will be making the trek down south for the 5 p.m. match-up.

Although swim is a team sport each squad is looking to fill all events to gather as many points possible — it is also an individual sport. Swimmers are often looking to finish the year dropping seconds from their times, setting personal records, and, possibly, knocking a name off the wall by setting a new school record.

The current Manistique High School records are as follows (and shown in the chart below).

For the boys, Cody Kayser holds the most with five — all set in 2011.

The two oldest records still standing were set in 1987. The first was the 200 Medley Relay, set by Lawrence Hedberg, Jeff Jewett, Robert Barnes, and Dennis Dempsey. The second is held by Jeff Jewett in the 100 Breaststroke.

For the girls, Allison Halpin holds the most records with six set

in 2014 and 2015.

The oldest record yet to be broken was set in 1989 by Stacy Kennedy in diving.

The Emeralds will be coached this season by former Manistique Emeralds swimmer, Jennifer (VanDyck) Niemer.

Thanksgiving Turkey recipes from the DNR

LANSING — It's time to pull those favorite stretchy pants out of the back of the closet and get the TV ready to watch parades and football games. Thanksgiving Day is almost here, and with that comes delicious food, time with family and friends and great memories to be made.

What's Thanksgiving dinner without a juicy turkey on the table? From the Michigan Department of Natural Resources family to yours, we'd like to offer some recipes and tips for making the perfect Thanksgiving turkey. From wild turkey appetizers to deep-fried turkey delights, we've got you covered for the 2018 holiday season.

"Wild turkey meat is very flavorful and can be used in almost any recipe," said AJ Stewart, DNR Upland Game Bird Specialist. "There is nothing more rewarding than to serve a wild turkey that you harvested for Thanksgiving Day dinner."

Wild turkey appetizer
Maybe you were lucky enough to shoot a wild turkey this fall, or perhaps you still have a bird in the freezer from the spring season that could make a tasty appetizer to serve at your Thanksgiving feast.

Joe Robison, DNR Wildlife Division southeast region supervisor, offers a great recipe for turning a wild bird into a delectable hors d'oeuvre. "Cut your wild turkey breast into one-quarter or one-half-inch cubes and marinate them overnight in Italian dressing," Robison said.

The next day, lightly coat the cubes in your favorite breading — Robison likes to use either Young's or Drake's batter mix — and lightly fry them in peanut oil. Serve them with a side of ranch or blue cheese dressing or cocktail sauce.

The most traditional way to cook turkey, whether store-bought or wild, is to roast it in the oven. Two DNR staffers suggest their favorite ways to prepare an oven-roasted turkey.

Starkema Jackson, secretary with the Finance and Operations Division at the DNR's Detroit Metro Customer Service Center, likes to use a boatload of butter in the preparation of her Thanksgiving turkey.

"I rub the outside of the turkey with butter and then sprinkle that butter layer with plenty of pepper, garlic powder and seasoning salt," said Jackson. "Then I bake the turkey as directed on the packaging. With all that butter, the skin gets nice and crispy and so, so tasty!"

Jackson also places a stick of butter in the turkey's body cavity instead of stuffing the bird with dressing. The butter melts down through the meat and adds a delicious rich flavor that her family loves.

Eric Hilliard, digital media specialist for the DNR Wildlife Division, roasts his turkey upside-down. "We always cook our turkey upside-down so the breast soaks in the juices continually while it cooks," Hilliard said. "This makes for a juicy, tender bird."

DNR encourages residents to #OptOutside this Black Friday

LANSING — Ready for a new day-after-Thanksgiving tradition? How about fresh air, time with family and friends, and a healthy dose of the great outdoors? The DNR invites residents to #OptOutside on Black Friday, and enjoy free admission to Michigan state parks all day long.

The #OptOutside movement — started in 2015 by outdoor recreation cooperative REI Inc. — encourages people to spend more time outside and highlights the health and well-being benefits of being outdoors. Hundreds of agencies across the country, including the DNR, have joined the movement.

On Friday, burn those Thanksgiving calories, recover from shopping excursions and explore some of the state's best outdoor destinations.

To help residents #OptOutside, the DNR is waiving the regular Recreation Passport entrance fee that permits vehicle access to Michigan state parks, trails and boating access sites, though other permit and license fees still apply. There are plenty of things to do outdoors:

Hike, bike, snowshoe, cross-country ski or ride some of the more than 12,500 miles of state-designated trails.

Mountain or fat-tire bike across rugged terrain or pedal a paved trail.

Find a new hunting spot by exploring one of Michigan's recreation or state game areas or state forest lands.

Enjoy the peace and quiet of camping or staying in a rustic

cabin in the off-season.

Seek out Michigan's back-story and visit a historic site. #OptOutside is a great reminder to take a break from holiday shopping, connect with the outdoors and, even, build new traditions over the Thanksgiving weekend," said Ron Olson, DNR Parks and Recreation Division chief. "The best part is that it's easy to incorporate into your day since you're never more than an hour away from a state park, state forest campground, state trail, historic site, hunting spot or body of water."

Visit michigan.gov/dnr to learn more about camping, fishing, hunting and other outdoor exploring opportunities.

For more on #OptOutside at state parks, contact Ron Olson at (517) 243-1477.

LEGAL NOTICES

Notice of Foreclosure by Advertisement
 NOTICE is hereby given pursuant to MCL 600.3212, that the following will be foreclosed by a sale of the mortgage premises, or some part of them, at public auction at the place of holding the circuit court within Schoolcraft County, Michigan, on December 21, 2018.

Name(s) of the mortgage(s): Lawrence J. Finch, a single man
 Original Mortgage: The State Savings Bank of Mississippi Foreclosing Assignee (if any): Detroit Financial LLC, FKA Green Tree Servicing LLC.
 Date of Mortgage: January 18, 2005.
 Amount claimed due on date of notice: \$52,945.61
 Description of the mortgaged premises: Situated in Township of Thompson, Schoolcraft County, Michigan, and described as: Part of the Northeast Quarter of Section 13, Township 40 North, Range 17 West, described as: from the North quarter corner of Section 13, Township 40 North, Range 17 West, measure East a distance of 1655.08 feet to the centerline of a 66 foot wide easement recorded in Liber 444, Pages 360-362 of Schoolcraft County Records; thence South 64 degrees 39 minutes 47 seconds

LEGAL NOTICES

Default has been made in the conditions of a mortgage made by Richard R. Parker IV and Jackie L. Parker, husband and wife, to Wells Fargo Bank, N.A., Mortgagee, dated December 12, 2012 and recorded December 12, 2012 in Instrument Number: 201202011. Schoolcraft County Records, Michigan. There is claimed to be due at the date hereof the sum of Fifty-Five Thousand and Twenty-Five and 21/100 Dollars (\$55,428.21), including interest at 3.875% per annum.

The redemption period shall be 6 months from the date of such sale, unless determined abandoned in accordance with MCL A. 600.3241a, in which case the redemption period shall be 30 days from the date of such sale.

If the property is sold at foreclosure sale, pursuant to MCL 600.3278, the borrower will be held responsible to the person who buys the property at the mortgage foreclosure sale or to the mortgage holder for damage to the property during the redemption period.

Date: November 1, 2018
 File No. 18-013973
 File Name: Orleans PC (11-1)(11-22)

LEGAL NOTICES

Notice of Foreclosure by Advertisement
 NOTICE is hereby given pursuant to MCL 600.3212, that the following will be foreclosed by a sale of the mortgage premises, or some part of them, at public auction at the place of holding the circuit court within Schoolcraft County, Michigan, on December 7, 2018.

Name(s) of the mortgage(s): David Osterheld a single man
 Original Mortgage: Wells Fargo Bank, N.A.
 Foreclosing Assignee (if any): None
 Date of Mortgage: June 8, 2011
 Date of Mortgage Recording: June 9, 2015
 Amount claimed due on date of notice: \$37,199.44

Description of the mortgaged premises: Situated in Township of Doyle, Schoolcraft County, Michigan, and described as: Part of the Southeast Quarter of the Southwest Quarter of said Section 20, Town 42 North, Range 14 West, Doyle Township, Schoolcraft County, Michigan, beginning at the Southwest corner of the Southeast Quarter of Southwest Quarter; thence East along the South Section line a distance of 366 feet; thence North and parallel to the West Section line a distance of 160 feet; thence West and parallel to the South Section line a distance of 366 feet; thence South and parallel to the West Section line a distance of 160 feet to the point of beginning, excepting the South 33 feet of the above described parcel which is reserved for road purposes.

The redemption period shall be 6 months from the date of such sale, unless determined abandoned in accordance with MCL 600.3241a, in which case the redemption period shall be 30 days from the date of such sale.

If the property is sold at foreclosure sale under Chapter 32 of the Revised Judicature Act of 1961, pursuant to MCL 600.3278 the borrower will be held responsible to the person who buys the property at the mortgage foreclosure sale or to the mortgage holder for damage to the property during the redemption period.

This notice is from a debt collector.

LEGAL NOTICES

NOTICE OF MORTGAGE FORECLOSURE SALE
 Default has occurred in a Mortgage, dated March 14, 2006, made by Shannon A. Tillman and Kristie E. Delone (the latter now being deceased), as mortgagors, to Limestone Federal Credit Union, a body corporate organized and existing under the laws of the United States of America, as mortgagee, and recorded on March 14, 2006, in Liber 442 of Mortgages, at Pages 4-16. No proceedings, legal or equitable, have been instituted to recover all or any part of the debt that is secured by the Mortgage, and the amount of the debt claimed to be due as of the date of this notice is \$35,768.19; and the power of sale contained in the Mortgage has become operative by reason of the default.

The Mortgage will be foreclosed by a sale of the mortgaged property at public auction to the highest bidder, on Friday December 21, 2018, at 10:00 o'clock, a.m., at the front entrance of the Schoolcraft County Courthouse, in the City of Marquette, County of Schoolcraft, State of Michigan, the place of holding Circuit Court in said County. The property will be sold to pay the amount then due on the Mortgage, together with interest at 8.25% per annum, legal costs and attorney's fees permitted by law, and also any taxes or insurance premiums that the mortgagee pays on the property.

The mortgaged property is located in the City of Marquette, County of Schoolcraft, State of Michigan, and is more particularly described as follows:
 Lot 5, Block 2, of Lakeside Addition to the Village of Marquette, according to the recorded plat thereof.
 The street address of the mortgaged property is 626 Michigan Avenue, Marquette, Michigan 49857. Under Michigan Compiled Law

LEGAL NOTICES

600.3278, if the mortgaged property is sold at the foreclosure sale, the mortgagors and any other person liable on the mortgage will be held responsible to the person or entity who buys the property at the mortgage foreclosure sale or to the mortgage holder for damage to the mortgaged property during the redemption period.

The length of the redemption period will be six (6) months from the date of the sale. However, if the mortgaged property is deemed abandoned in accordance with Michigan Compiled Law 600.3241a, the redemption period for an abandoned property shall be thirty (30) days from the date of the sale or until the time to give the notice required by said Michigan Compiled Law 600.3241a(c) expires, whichever is later.

HOROSCOPES
 Nov. 25 - Dec. 1

ARIES - Mar 21/Apr 20
 Try to avoid overindulgences. Aries, there's much of a good thing you can start to turn sour. Learning moderation in all things is a valuable lesson to remember.

Taurus - Apr 21/May 21
 Taurus, honesty with the people you care about is important, but work to avoid being too blunt when getting your point across. Try tempering the information shared.

Gemini - May 22/Jun 21
 Gemini, your horns can seem like a major travel hub at times, with people coming and going all the time. Find your quiet zone and relax there when you need to recharge.

Cancer - Jun 22/Jul 22
 Cancer, you probably have a lot of running around to do this week and wonder how you are going to meet all of your obligations. Delegation can help with that.

Leo - Jul 23/Aug 23
 Do not be surprised if many visitors pop in to say hello. Letting important social events can be enjoyable and even put you up when you could go solo.

Virgo - Aug 24/Sept 22
 Spend time exercising at the gym or go on a hike this week to relieve some feelings of anxiety. Yoga will help calm you down and relax.

Libra - Sep 23/Oct 23
 A busy week is ahead and you will need a good night's sleep in the next few days, speaking all sorts of changes in your life. Just push through all the options.

Scorpio - Oct 24/Nov 22
 Scorpio, you may want to participate in social activities or make a few new friends but do not know where to start. It's all in the way you present yourself.

Sagittarius - Nov 23/Dec 21
 A powerful burst of energy has the potential to turn you into a workaholic this week. Settle down. You must keep yourself in check so you do not burn out quickly.

Capricorn - Dec 22/Jan 20
 Capricorn, frustration can rear its ugly head when you don't need it. Try to overcome this obstacle if you focus on positivity and the light at the end of the tunnel.

Aquarius - Jan 21/Feb 18
 A busy week is ahead and you will need a good night's sleep in the next few days, speaking all sorts of changes in your life. Just push through all the options.

Pisces - Feb 19/Mar 20
 Pisces, there's a lot of work to do at the moment. Stay focused on the tasks in the right frame of mind to stay. Wait to start until you're ready.

DEC. 1, Zoe Kravitz, Actress (30)

Timber Products Company
 THE TREMENDOUS BENEFIT
IT MANAGER

POSITION SUMMARY:
 The IT Manager is responsible for working with corporate IT leadership and local operators to maintain the existing IT infrastructure and to develop tactical plans to incorporate new technology. Identifies opportunities to use technology to address challenges and enhance business processes. The incumbent will work with the successor for a considerable period of time to ensure a smooth transition.

MAJOR TASKS:

- Implement process and system improvements to align with a focus of continuous improvement.
- Lead development of new IT opportunities, discern requirements and assist with deployment of new technologies to enhance process capabilities.
- Map business needs to systems capabilities ranging from ERP applications, Distributed Control Systems, HMI applications and PLC programming.
- Ensure users are assisted with troubleshooting, data analysis and associated tasks.
- Maintain data integrity and perform maintenance of the plant wide systems.
- Align IT initiative with business strategy and production goals.
- Day to Day support and system administration of ERP system at the local facility with alignment to the corporate system requirements.
- Communicate IT strategy to business team members.
- Manage vendor relationships with key application providers.

SKILL REQUIREMENTS:

- BA/BS degree from an accredited college or university or an equivalent combination of education and/or experience
- 5+ years of work experience with a progression of work responsibility.
- 3+ years of proven leadership in technology and strategy implementation.
- Basic Network Administration - Ethernet infrastructure, software based network support, security and management applications
- Microsoft Windows Server Environment - Network implementation, client/server communications, enterprise and domain level applications
- Microsoft Windows Desktop Environment - Network Implementation, client/server communications, desktop office application suites
- Strong analytical, problem solving and troubleshooting skills
- Demonstrate leadership skills including people development and training
- Demonstrate the ability to work with cross functional teams
- Experience in leading a team through detailed project development, requirement analysis, planning, reporting and tracking.
- Minimal travel may be required.

COMPENSATION & BENEFITS OVERVIEW:
 A comprehensive benefits package includes Life Insurance; Health, Dental, Vision and Prescription Coverage; Vacation and Holiday Pay; Flexible Spending Accounts; and 401(k) Retirement Plan with employer contributions.

Timber Products Company is an Equal Opportunity Employer, including protected veterans and people with disabilities, supporting a drug free / tobacco free workplace. This description provides general information about the functions and principal duties of the job. It is not a detailed description of all the work requirements of the job. All work requirements are subject to possible modification to reasonably accommodate individuals with disabilities.
