City moves forward with CDBG, approves architectural services

Eight downtown businesses plan to participate in façade, MCRP program

MANISTIQUE — Eight buildings in downtown Manistigue will receive updates through the Michigan Economic Development Corporation. The Manistigue City Council voted Monday to contribute to the cost of the architectural renderings for the projects.

The MEDC administers the Community Development Block Grant program on behalf of the Michigan Strategic Fund. The CDBG is a federal program that provides grants for economic development, community development, and housing projects to eligible municipalities with populations under 50,000.

Without a low-to-moderate income community status, it is more difficult for municipalities to receive CDBG program funds. Recently, it was announced that the city of Manistigue would be returning to its low-to-moderate income community status, which was revoked in 2014.

due to 2007 Census data used by the CDBG.

CDBG façade improvements are designed to add or improve multiple façades for businesses along a local commercial district that serves a low-to-moderate income neighborhood or community. Typically, the projects are funded with 75 percent grant, 25 percent match.

Lisa Wrate, an architect who has completed CDBG façade projects in other Upper Peninsula cities, recently met with the local businesses hoping to participate in CDBG programs.

"I have been focusing on simply façades and downtown renovations for at least the last 10 years of my career," she explained. "I have done work in Sault Ste. Marie, Mackinac Island, Negaunee, Ishpeming ... nine buildings in Escanaba."

In addition to the CDBG program, Wrate also has experience in the Michigan Community Revitalization Program. The MCRP is an incentive program available from the Michigan Strategic Fund, in cooperation with the MEDC, which encourages and promotes structural renovations and redevelopment of brownfield and historic preservation sites located in traditional downtowns and high-impact corridors. MCRP provides gap financing

in the form of performance-based grants, loans, or other economic assistance for eligible investment projects in Michigan.

"That one is more in-depth, where you're doing interior work and exterior work," Wrate explained. "There are eight buildings totals — two of which would fall into a (M) CRP category and the rest would be simply lateral façade improvements."

The two buildings participating in the MCRP are Putvin Health Mart and the former Downtown Restaurant.

"With those programs (MCRP), it does work out to be a ... 50/50 (grant and match)," said Wrate. "The 50/50 is still ... a good grant portion."

Wrate explained she will work with each one of the store owners participating in either the MCRP or CDBG façade program to create an architectural rendering based off how the building appeared in historical pictures. Additionally, Wrate said those with rental units downtown may want to consider the CDBG Rental Rehabilitation Program, which

Quick facts

- Manistigue's second large-scale mural, courtesy the Power of Words Project, will be revealed Monday.
- The newest mural will feature the word "imagine" at its center.

Reveal for new mural planned

MANISTIQUE — The new "Imagine" mural — the second Power of Words Project mural in Manistigue — will be revealed Monday. The mural adorns the side of the planned mBank Arts and Cultural Center on Oak Street in Manistigue.

The "Imagine" mural is the second local mural to be painted in just one year. In 2018, a grant from the Svetlata Foundation, as well as one from Central Upper Peninsula Planning and Development, funded Manistigue's first mural — the largest public mural in the Upper Peninsula — also on Oak Street. With the assistance of Mia Tavonatti, designer and lead artist of the Power of Words Project murals and founder of the Svetlata Foundation, visiting

Events

July 26,27 — Schoolcraft County Fair, Schoolcraft County Fairgrounds, Friday, 4-10 p.m., Saturday, 10 a.m.-10 p.m.

July 26 — Schoolcraft County Fair pageants, Schoolcraft County Fair Building, beginning at 7 p.m.

July 27,28 — Manistigue Trout and Salmon Derby, Manistigue Municipal Boat Launch

July 29 — Power of Words Mural Reveal, mBank Arts and Cultural Center, 5 p.m.

July 29 — Schoolcraft County Veterans Stress Management Series, Schoolcraft County Courthouse second floor conference room, Mondays from 4-5:30 p.m.

July 31 — Manistigue Farmers' Market, Little Bear West Arena, Wednesdays, 4-6 p.m.

July 31 — Music in Manistigue Summer Concert Series, Manistigue Central Park Bandshell, Wednesdays, 7 p.m.

August 4 — Sidewalk Sales, downtown Manistigue, 9 a.m.-4 p.m.

August 5 — "NERF Mobile Games", check in at the Manistigue School and Public

County fair set to bring the fun

New additions will hit Midway this weekend

MANISTIQUE — The Schoolcraft County Fair returns this weekend with plenty of fun for the whole family. A full lineup of activities and entertainment takes place both Friday and Saturday at the Schoolcraft County Fairgrounds.

The fair officially opens at 4 p.m. Friday with exhibits and rides on the Midway. Games this year include a zip line, Laser Tag Wipeout Battleground, Dixie Twister Swings, Bumper Cars, and Gotta Go Toilet Racers.

Additionally, there will be an inflatable obstacle course, double slide, "Puppyland", and "Pyramid Palooza", as well as a visit with the "Balloon Princess". Midway activities remain open until 10 p.m.

From 4-9 p.m., the Barnyard Petting Zoo and pony rides will also be available.

At 7 p.m., Schoolcraft County "royalty" for 2019 will be selected during the Studio 906 Royalty Pageant.

Music from "Beats by Pete" will take place from 12-10 p.m. The fair closes at 10 p.m.

On Saturday, the fair opens at 10 a.m., with the American

Pioneer Tribune photo

A section of the Manistigue Boardwalk washed away following high winds Thursday night and Friday.

The section was located near the parking lot across from Range Street in Manistigue (pictured at bottom left). According to Manistigue City Manager Sheila Aldrich, the area that collapsed is under the jurisdiction of the Michigan Department of Environment, Great Lakes, and Energy and the U.S. Army Corps of Engineers, and the city promptly contacted the agencies after the damage became apparent. Representatives from the agencies visited this week and recommended steps for emergency repairs, which were completed by Wednesday morning (pictured at left). Aldrich said multiple

points along the boardwalk will need to be reinforced, as they are affected by the high water levels of Lake Michigan. She noted the city is exploring possible grant opportunities to complete this reinforcement. Additionally, Aldrich said the Manistigue Marina and local business Mackinaw Trail Winery and Brewery also hit roadblocks last week with water rising to the fuel pumps at the marina and flooding occurring at the winery. According to the National Oceanic and Atmospheric Administration, this flooding was caused by a "seiche" (pronounced saysh) which is typically caused when strong winds and rapid changes in atmospheric pressure push water from one end of a body of water to the other. When the wind stops, the water rebounds to the other side of the enclosed area. The water then continues to oscillate back and forth for hours or even days. "The high water is definitely an issue," Aldrich said. "But it's not unique to us."

DTE purchases Fairbanks wind farm

Heritage-owned project goes to Detroit-based company

DETROIT — DTE Energy is purchasing the Fairbanks Wind from Heritage Sustainable Energy, a Traverse City-based wind developer. Heritage, a renewable energy provider,

announced plans in 2018 to commence construction of a proposed Garden Wind Farm expansion in Fairbanks Township. The company currently operates a 14-turbine wind farm in Garden.

Heritage planned to install turbines at 20 of its 36 approved sites in two stages in 2019 and 2020, with five turbine sites installed in 2019 and the remaining 15 turbine sites

planned for installation by the end of 2020.

DTE Energy recently announced that the Michigan Public Service Commission has provided conditional approval for its proposed purchase of three new Michigan wind

DTE purchase

continued from A1

parks, increasing the company's renewable energy portfolio nearly 50 percent and furthering DTE's commitment to providing clean, affordable and reliable power to its customers.

DTE will assume ownership and operation of all three projects upon completion, slated for the fourth quarter of 2020. The new wind parks will add 455 MW of renewable energy to DTE's generation mix, enough to power 107,000 homes. The company will use at least two of the new wind projects to meet the renewable energy needs of its largest commercial and industrial customers, including Ford, General Motors and the University of Michigan, who have enrolled in MGreenPower, DTE's voluntary renewable energy program.

"Investing in renewable energy is a key part of our commitment to reduce carbon emissions by at least 80 percent by 2040," said Jerry Norcia, president and CEO, DTE Energy. "Adding these new wind parks to our portfolio will help us meet the clean energy needs of our largest customers who have chosen MGreenPower. We also have aggressive plans to expand

our voluntary renewable energy programs, enabling more customers to reduce their carbon footprint and meet personal or business sustainability goals. We are proud of the environmental and economic benefits these projects will bring to Michigan."

DTE will introduce a suite of voluntary renewable energy programs under the MGreenPower umbrella designed to meet a wide range of customer interests. These will complement the company's two existing programs, one for residential and small business customers and one for large commercial and industrial customers.

The MPSC decision clears the way for DTE to purchase Michigan's largest wind parks, Isabella I and Isabella II, from Apex Clean Energy. The two projects, totaling 383 megawatts and located in mid-Michigan's Isabella County, will be the largest clean energy projects in the state as well as the largest renewable energy projects in DTE's portfolio when they begin commercial operation in 2020. Apex will start construction on the projects later this year.

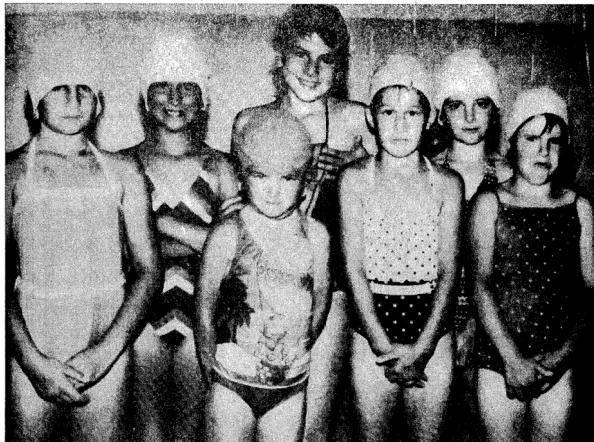

DTE also will purchase Fairbanks Wind from Heritage Sustain-

able Energy, a Traverse City-based wind developer. The 72-megawatt park will be located in Delta County in Michigan's Upper Peninsula. While this park was approved as part of DTE Energy's renewable energy plan, it may alternatively be used to support additional sales under the company's MGreenPower program.

DTE's renewable energy projects are intended to benefit the environment, and drive Michigan's economy. DTE has driven investment of more than \$2.8 billion in renewable assets since 2009 and will invest an additional \$2 billion over the next five years. DTE's renewable energy projects have created or sustained more than 4,000 Michigan jobs while powering the equivalent of more than 500,000 homes with clean energy. At DTE's newest wind park, Pine River, 90 percent of the labor during construction was completed by Michigan workers.

The Pioneer Tribune reached out to Heritage Sustainable Energy for comment on the sale of Fairbanks Wind to DTE, but the company was not yet prepared to issue a press release as of Wednesday at press time.

News Briefs

Chamber Concert Series will host its final concert of season August 4

MANISTIQUE - The Manistique Chamber Concert Series concludes Aug. 4. The final concert takes place at 7:30 p.m. inside the Church of the Redeemer-Presbyterian in Manistique.

The "True North Quartet", a string quartet group from the Ann Arbor area, is celebrating its 10th anniversary of bringing an annual concert to Manistique by inviting a musical guest. Violinists Paul Lundin, David Lamse, violist Joseph Deller and cellist Daniel Thomas are joined by cellist Katri Ervamaa to perform a program entitled

"There's Always Room for Cello". Ervamaa is a native of Finland and performed with the quartet as Thomas' substitute in 2017.

This year's program will feature the "Major String Quintet by Franz Schubert. This work was composed in 1828 and finished just weeks before Schubert died at age 31.

Music historian William Mann describes this work as "his masterpiece, and perhaps the greatest of all his works in range of emotion, quality of material and formal perfection."

The first half of the program

has two short movements of string quintets by 18th century cellist and composer Luigi Boccherini. The "Rondo" from his C Major quintet and the "Fandango" from the D Major quintet opens 40.

The concert will include an art show featuring painter, Nancy Sherman, along with students from the art department of Manistique High School during intermission.

Reception with light refreshments follows the concert. Tickets are \$10 and will be available at the door before the performance. Those under 18 will be admitted free.

Bay College will offer BLS for Healthcare Providers training in August

ESCANABA - Bay College Training and Development will be offering BLS for Healthcare Providers training on several dates in August: Wednesday, Aug. 7 from 4-8 p.m.; Thursday, Aug. 15 from 9 a.m.-1 p.m.; and Thursday, Aug. 22 from 4 p.m.-8 p.m. This training is designed to teach a wide variety

of healthcare professionals how to recognize several life-threatening emergencies, instruction on how to provide CPR and properly use an automated external defibrillator and relieve choking in a timely and effective manner.

This course meets the requirements of clinical facilities utilized

by Bay College.

Cost of the training is \$75, and includes a mask and the required manual. Classes are limited to six participants. To register or view all course offerings, visit <https://mytraining.baycollege.edu>.

For more information, call (906) 217-4200.

Letters to the Editor

Dear Editor,
"Thank you" - two little words that mean so much but on occasion go unspoken. However, this is one time they cannot be expressed enough.

I've cannot find the words to express the gratitude to the men and women who organized, worked and made St. Francis de Sales School's Vacation Bible School such a huge success. Each day was so blessed and active.

The work in planning this beautiful "Christian" gathering for 60 faith-filled children cannot go unnoticed.

The "seeds" that were planted will flourish for years to come. Again, I/we say thank you for all of your hard work in planning and making this VBS at St. Francis a huge success.

May God bless each of you abundantly.

Sylvia Raredon
Manistique

Dear Editor,
At age 74 I have been around the block of life a few times. By making rightful choices we avoid inevitable regrets. Right and truth are words that mean the same for all of us.

When we dilute or shade the words self-right or self-truth with little white self-lies the pureness of right and truth become lost.

The abortion (murder) issue has become tainted by diluting and shading the act with little white self-lies. When we abuse our God given ability to create life and mix it with destroying life, we shade and lessen the honor to create life with trust, and purity. There is absolutely no substitution for the words right and pure.

There is no justification for tainting or demeaning the value of these words.

The word abortion softens the end results of murder being committed by the woman, doctor, or non-professional butcher. Murder of a God-given life that's been entrusted to a woman for a gestation period of six days, six weeks, or nine months is life. Not wanting to produce a life cannot justify murder in any head, heart or court.

Women were created to nurture and protect. No amount of protesting can change that.

Rowe[sic] v. Wade has legalized the process but in our heart of hearts we know there is no part of right in this decision. There are loving women waiting to experience the natural satisfaction of nurturing a life. A longing that cannot be stilled by lack of labor pains.

The conscience will not be stilled of a sex act that has gone beyond the point of no return resulting in murder of an unwanted pregnancy.

There are unwanted pregnancies and responsibilities but not unwanted babies. There are open hearts and aching arms available to nurture babies, anybody's baby.

If a life can be willfully terminated at full gestation from the womb, I wonder if mouthy, headstrong, unruly teenagers are in danger.

They're too big to flush but much harder to love and enjoy. How will the courts justify the need to secure their lives. Are any of us fit to decide the fate of born and unborn babies. Obviously not a person who is capable of committing murder but who will one day regret this irreversible choice.

Babies of unwanted pregnancies can be secure in this world with loving people. There's no need for them to be victims of unloving parents, unloving homes, incest, uncle Johns hanging around, or starvation.

A protest rally sign today proudly stated abortion is a human right. Would you be able to whisper that to an unborn human baby?

Secondary treatment of paper mill effluent will eventually be a major factor in helping to relieve effluent disposal problems of the Manistique Pulp and Paper Co., President Frank S. Hoholik said this week. Hoholik said that opening of the upper gates on the flume last week may have flushed some of the sludge that accumulates. The ponding area, where the effluent is stored, is sealed at both ends and should not leak, he said. The local harbor area was covered with sludge Friday evening, but had cleared by Saturday morning. Hoholik explained that the local mill gives a primary treatment to the effluent, which is non-organic in nature compared to the organic composition of regular sewage. He pointed out that the mill is currently discussing joining with the city in expansion of the waste water treatment plant to allow the mill to process its effluent there. It was also pointed out that the mill is bothered by material coming from Western Creek into the area. This water carries raw sewage, he pointed out, and the mill is constantly having to screen and clean it as it passes through.

Victories Friday and Saturday at Manising gave the Manistique Top O' Lake Michigan Little League team

the district championship and the right to progress to Iron Mountain for regional play this coming weekend. Manistique won the title by defeating Munising 7-4 Friday, then turning back Escanaba by a 5-1 margin Saturday. Backed by two home runs by Bill Pistulka, Jay Ketekis was the winning pitcher Friday, allowing six hits. Manistique's seven runs came on seven hits. The locals committed three errors, while Munising was assessed four. Pistulka turned his attention from hitting to pitching on Saturday, and yielded only one hit while his teammates banged out six safeties, including a home run by Jeff Miller. Manistique will play Iron Mountain Friday at 3 p.m., and if they win, will play again Saturday.

William F. Hood of Manistique will be sworn in as Circuit Judge for the Eleventh Judicial Circuit of Michigan in ceremonies Friday, Aug. 1, at the Schoolcraft County Courthouse. An associate Circuit Judge will administer the oath of office. The 2 p.m. ceremonies are open to the public. Hood was appointed to the post last Friday by Gov. William Milliken. He will succeed the late George Baldwin, and serve until Jan. 1, 1971. The post is elective, and will be on the ballot in November, 1970.

35 years ago

July 26, 1984

After 35 years as an educator, coach and administrator, Manistique Superintendent Richard Bonifas is heading for retirement. Bonifas has notified the Board of Education of his intention to retire effective July 1, 1985, and plans to start a search for his successor were approved at the regular board meeting Tuesday night. A Purple Heart Marine veteran of both World War II and the Korean conflict, Bonifas came to Manistique in 1952 as a coach and junior-senior high teacher. His 1958 and 1959 football teams went undefeated, with the 1959 squad being named State Class B champs. Bonifas was named U.P. Coach of the Year in 1958. He has also served as Athletic Director and City Recreation Director, and in 1966 was named as director of the new Community Schools program here. In November of 1971 he was named to succeed Edwin E. Wheelie as superintendent, and has served in that job ever since.

Schoolcraft County recorded its first drowning

July 29, 1999

The third annual Buckshot's Bar Salmon and Trout Derby will be held in Manistique, Saturday, July 31 and Sunday, August 1. There will be prizes for first, second and third place, with 100 percent payback. All prizes will be awarded at 5 p.m. at Buckshot's Bar. There will be food and drinks available and numerous door prizes will be given away. The fee to enter is \$20. Register at Buckshot's Bar in downtown Manistique on or before 9 a.m. July 31.

The Widdis Racing Team will donate ten percent of this season's winnings to Good Neighbor Services. The donation will be matched by the racing team's sponsor, Steve Rosebush Enterprises doing business

as Napa Auto Parts. Racing is a family tradition for the Widdis family. Racing this year along with Boyd is Bert, Alison, Pete and cousin Mike. "It is not known how much money we will donate this year, but Bert has placed second twice this year," stated Boyd Widdis. "Racing is a fun hobby for us and we are happy to donate a portion of our winnings to a worthwhile organization like Good Neighbor Services."

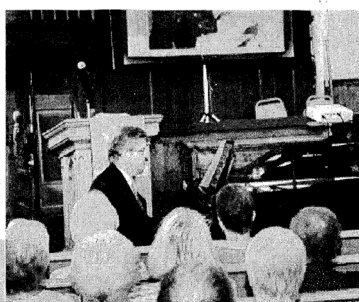

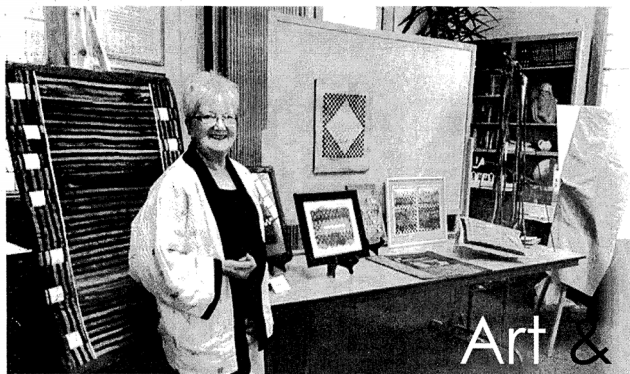

Nick Wheaton is the Pioneer Tribune's photo editor during the week, but this past weekend, Friday, July 23, he tried his hand at the Tough Truck competition in Escanaba. At the end of the first heat, he was in third place. However, due to a broken frame sustained in the first round, his racing career was cut short.

10 years ago

July 30, 2009

It's been a topic of speculation for nearly a year. Now it's official. The Jack's SuperValu grocery store in Manistique is moving to a new, much larger home on US-2. The announcement was made late last week by store owners Jack and Lynn Ziminski and their sons, Jon and Mike. The new store will be located on a parcel of land just east of Parrida, accessible from either the highway or by using a new road that will be built by the Manistique Downtown Development Authority, running into the property from Park Avenue. Schoolcraft County's new search and rescue boat hit

the water for the first time last Friday, going down the west side ramp into the Manistique River. The launching was followed by "a great shakedown cruise," according to Sheriff Grant Harris. "It was foggy and raining, with two to three-foot waves," Harris said. "Those aboard practiced working with the radar and GPS equipment, looking for boats and then navigating to them. The boat and all of the equipment worked splendidly." The real work was yet to come, however, as Sheriff's Department personnel patrolled the waters of Lake Michigan during the annual Manistique Trout and Salmon Derby Saturday and Sunday.

Courtesy photos
The Manistique Chamber Concert Series presented "The Victory Vertical Project" recently. The WWII era project was conceived by Steirway Pianos to make pianos that could be easily crated and shipped to the troops to improve moral. Garik Pederson, pianist (pictured at left), told the story of the pianos, provided period photos, and entertained with the music of that era. In addition, this concert featured the fiber art work of artist, Renee Engel (at far left) and the art work of Manistique high school senior Katie Troyer (below). The final concert of the Manistique Chamber Concert 2019 Series is Aug. 4. The concert, "There's Always Room for Cello" will feature The True North Quartet, a string quartet from the Ann Arbor area.

Feeling the (drum) beat

Pioneer Tribune photos
The Petoskey Steel Drum Band made its annual appearance at the Music in Manistique series last week, once again drawing in a large crowd. The performance also brought out some big fans, one of whom posed with the band (below, right). The remaining line-up for the series is: July 31, Fiat Broke Blues Band; Aug. 7, Whitewater; Aug. 14, Chasin' Steel; Aug. 21, Bear Walkers; and Aug. 28, Truth Be Told.

Obituaries

Donna F. Walker

MANISTIQUE — Donna Fay Walker, 102, of Manistique, Mich., passed away at the Schoolcraft Medical Care Facility on Saturday, July 20, 2019, with her family at her side.
She was born on Jan. 28, 1917, in Pocahontas, Iowa, the daughter of James and Minnie (Hansen) Hubble. There, she attended Marblehead Schools.
On May 31, 1936, the former Donna Hubble, married William F. Walker in Rapid River, Mich. They spent the greater part of their lives in Manistique where the couple raised their six children. William preceded her in death on Nov. 1, 1945.
Donna was Presbyterian in faith and was self-employed, doing domestic work and cleaning. She also cooked for Fairview Schools. She enjoyed gardening, especially planting flowers. She loved doing hand craft work and volunteering at the food pantry.
She is survived by her son, Gary (Ginger) Walker of Grand

Ledge, Mich.; daughters, Avis Faye (Howard) Stick of Manistique, Gail Jean (Mark) Busack of Mequon, Wis.; brothers, Allen "Mick" (Ann) Hubble of Manistique; sisters, Carole (Lloyd) Johnson of Manistique; as well as many grandchildren and great-grandchildren.
In addition to her husband and parents, she was preceded in death by her children, Ward W. Walker, Patsy Marlene (Richard) Rodgers, and Margaret Arlene Walker; siblings, Shannon Hubble, William (Myrna) Hubble, Robert Hubble, Maurice Hubble, Mildred Klarich, and Nancy Golacker.
The family has decided to remember Donna privately at this time. Memorials may be directed to the Food Pantry of Manistique. Fausett Family Funeral Homes of Manistique and Garden is assisting the family with arrangements.
Family and friends may send condolences or share a memory at fausettfh.com.

Marni A. Engelhart

MANISTIQUE — Marni Ann Engelhart, 47, passed away on Monday, July 15, 2019, at her home in Manistique, Mich., surrounded by her family.
She is survived by her sons, William (Jennifer Gagnon) Trainor and Michael (Alexis Ofcharsky) Trainor; and her brothers, Shawn Engelhart and Mike Engelhart.
The family has chosen to remember Marni privately at this time.
Fausett Family Funeral Homes of Manistique and Garden is assisting the family with arrangements. Family and friends may send condolences or share a memory at fausettfh.com.

Above, campers, junior counselors and 4-H staff pose for a photo at the recent camp. Below, Schoolcraft County campers were, back row, from left to right: Helena Snyder, Jerise Marcella, Briseis Seeley, Ally Renk, Bella LaVigne, Gabe Harrison, and MaKenna Davis. Middle row: Kaylynn McDougale, Olivia Tiglas, Adeline Irving, and Leslie Conrin. Front row: Janis Faketty, Bri Tiglas, Paige Stoll, Cal King (front), Natalie Gauthier, Donnis Seeley, and Cheyenne Williams (on shoulders).

Camper numbers on rise for 4-H

18 Schoolcraft County youth participated

MANISTIQUE — The third annual U.P. 4-H Camp was recently held at Clear Lake Education Center in northern Schoolcraft County. Schoolcraft, Alger, Delta, Marquette and Mackinac county 4-H staff collaborated on the planning and operating of this three-day camp for youth ages three to 13.

This year's camp theme was young-adult literature. Each child was provided a free book to keep, and there were many rounds of Quidditch (from the Harry Potter series), blackout poetry, a wizards' ball — complete with character costumes, mindfulness activities, "Choose Your Own Adventure" time, and a story walk along Clear Lake.

Eighteen youth from Schoolcraft County attended this year, which is the highest number yet, reflecting the growth in the county's 4-H program. Plans are already in the works for camp in July of 2020 with registration opening in early spring.

There's still time to make changes to the landscape

The cool wet spring delayed planting, deck and patio installations and other outdoor projects. Fortunately, there is still time to complete much of your outdoor work.

Many gardeners missed or limited spring planting due to the weather. You can still add vegetables to your garden, mixed borders and containers. Just check the seed packets for the number of days from planting to harvest. Then calculate the number of days left in the growing season and plant those veggies that have enough time to reach maturity before the first fall frost. Leaf lettuce, radishes, spinach and peas are just a few to consider.

Late August is a good time to patch bare spots, overseed, or start a new lawn. The soil is warm, air temperatures are starting to cool and rain showers are often less intense. This means the grass seed will germinate more rapidly and the young seedlings will thrive in the cooler temperatures.

Fill voids in the garden with fall blooming annuals. These add color to the late summer and fall landscape. Many provide needed nectar for the pollinators, helping them prepare for winter hibernation or their long migration home. Look for nemesis, pansies, stocks, di-

anthus and other plants that thrive in cooler weather.

Plant perennials to add color and texture to your landscape throughout the year. Get the most out of every inch of your landscape by selecting plants with multiple seasons of interest. Select perennials with colorful flowers, attractive foliage and seed heads that provide winter interest and food for the bees, butterflies and hummingbirds to enjoy.

Survey your landscape and look for opportunities to use plants to screen unwanted views, maintain desirable lines of sight or create the perfect space for relaxing and entertaining. Remember to look up as you begin this process. Avoid planting trees and large shrubs under overhead utilities. When these small transplants reach their mature size they can create a hazardous situation and require removal or severe pruning that leaves you with an unattractive plant.

As you begin planning and at least three business days before you put the first shovel in the ground always call 811. They'll contact all the appropriate companies who will mark the location of their underground utilities in your

work area. This helps eliminate the danger and inconvenience of accidentally knocking out power, cable or other utilities while you create a beautiful landscape.

Help new plantings get off to a healthy start with proper care. Check new plantings often and water thoroughly whenever the top few inches of soil are crumbly and moist. This encourages deep roots that are more drought tolerant and better able to compete with weeds and tolerate pests.

Spread a layer of shredded leaves, evergreen needles or wood chips over the soil surface to conserve moisture, suppress weeds and keep the roots cool and moist. Keep mulch off the crowns of plants and trunks of trees. Mulching now reduces time spent watering and weeding.

Take advantage of the remaining season to make the changes you'd like to see in your landscape. You'll enjoy the adding beauty and improvements this fall and for years to come.

Owning a business is a labor of love. But FRANKLY, your insurance shouldn't make more work for you.

Ready to have a frank conversation about business insurance? At Savings Insurance Agency we believe the best relationships are honest, up front and fair. So if you are looking for a proactive partner and not a part-time assistant, let's talk.

Contact us at 906.341.2525 or www.savingsagency.com.

Let's have a frank conversation.

Life policies written by a subsidiary, Patriot Life Insurance Company.

The senior center's Open House will take place Thursday, Sept. 5 this year. Mark your calendars so you don't miss this annual get together. Be sure to watch the newsletter and this article for updates.

We are dwindling down on the remaining Senior Project Fresh coupon books. If you haven't stopped in and received yours yet, make sure you do.

Once they are gone, they are gone and we won't be getting anymore for this year. In order to qualify you have to meet income guidelines, be aged 60 or older, and reside within Schoolcraft County.

Coming up in Oct. 12, we will once again have a bus trip to Munising for a country music concert. Keep watching this article for further information.

We now have eight seats (four double rooms) available for the bus trip coming up Oct. 6-12. The destination for this year's trip is Pigeon Forge and the Smoky

Mountains Show Trip

If you missed the initial sign up, take advantage now. For questions, call the senior center at 341-5923.

Down here at the senior center, we have a large library of books that are available to anyone to borrow, read and return.

There is no formal system, we just ask that you return it when you've finished it so someone else can enjoy it as well. Much like the books we have, we also have puzzles for people's enjoyment. Many people borrow puzzles, put them together and then bring them back. Others purchase a puzzle for 25 cents.

Schoolcraft County Commission on Aging has a transportation program that is available to seniors aged 60 or older who are unable to provide their own transportation to health-related long-distance

medical appointments.

We have a pool of volunteer drivers who are ready to assist you in getting to and from the appointments. Schoolcraft County Commission on Aging also has a Homemaker Program available to qualifying Seniors aged 60 or older who need assistance with light duty housework.

If you or someone you know could benefit from these services, please contact the senior center for more information.

Coming up in November and December, we will be offering a Matter of Balance class here at the Senior Center. This class will be free of charge. Be sure to keep your eyes open for further information.

The Senior Board and the SCCOA Board are both searching for individuals who would like

Senior Center

Jennifer VanDyck

to volunteer their time as board members. For more information call at the senior center at 341-5923.

Any interested individual should submit a letter of interest to Jennifer VanDyck, director, Manistique Senior Center, 101 Main Street, Manistique, MI 49854.

Robert R. Lustila, 63, County Road 135, McMillan, charged with cause/allow to be operated over width (6/19). Assessed \$150.

Women's club celebrates 100 years of voting

MANISTIQUE - The General Federation of Women's Clubs had been successful in campaigning for the women's suffrage movement and the passage of legislation for the right of women to vote.

The formal beginning of the 72-year long suffrage movement took place at the Seneca Falls convention July 19, 1848, New York.

Other dates of the GFWC's involvement with the suffrage movement were:

-April 24, 1890, 63 women's clubs officially formed the General Federation of Women's Clubs by ratifying the GFWC Constitution.

-In 1890, two major suffrage organizations reunited to form the National American Woman Suffrage Association.

-By 1914, GFWC had 2 million members.

-In 1914, Carrie Chapman Catt, National American Woman Suffrage Association, president, and founder of the League of Women Voters in 1920, addressed the GFWC Chicago Biennial, at which GFWC endorsed the suffrage resolution on behalf of all its members.

-Alice Paul, president of the National Woman's Party, organized an equal rights parade in Washington, DC, March 3, 1913. GFWC led the parade.

-The significant advocacy and support by GFWC's large mem-

Members of the GFWC Booth are shown in their booth at the recent Pioneer Day celebration. From left to right are: Rita Rossier, Judy Slingsby, Ellie Russey, Chris Sanders, Shirley Leitgeb, Jan Hickey, and Brenda Fleck.

bership of middle-class women was instrumental in getting the 19th Amendment passed in 1920.

-It has been 100 years, as of June 4, 1919, since the U.S. Congress passed the 19th Amendment, giving women the right to vote.

-Burn, GFWC member/friend of Carrie Chapman Catt, and mother of Harry T. Burn, Ten-

nessee General Assembly, wrote an encouraging message to her son, she said, "Hurrah and vote for suffrage! Don't keep them in doubt! I notice some of the speeches against. They were bitter. I have been watching to see how you stood, but have not noticed anything yet. Don't forget to be a good boy and help Mrs. Catt put the "rat" in ratification. Your mother". Harry T. Burn cast the deciding vote to ratify the 19th amendment on August 18, 1920.

-In 2017, GFWC endorsed the development of the national Turning Point Suffragist Memorial to commemorate and honor all the millions of suffragists who fought over seven decades to win the vote including tens of thousands of GFWC members.

GFWC Manistique Women's Club members attended the Schoolcraft County Historical Society's Pioneer Day recently to celebrate 100 years of women winning the right to vote. The members performed a skit informing the public of some of the indignities they had to endure in order to win the vote.

CDBG programs

also provides an up to 75 percent match for renovations up to \$60,000. She noted that there is still time for interested businesses to participate in the programs, but they would have to decide soon.

According to Manistique City Manager Sheila Aldrich, the next step in the process is for city council members to approve the fee schedule and deliverables for Wrate's services, which includes the architectural renderings, engineering, and submittal of the CDBG grant application at \$3,400 per building in the facade program; \$5,400 per building in the MCRP program.

city's involvement because it shows that you are supporting your community," Wrate said. "Keep in mind that this is not the only cost that it will be for these building owners, this is just the preliminary part."

the business owner, and that if the city does not enter into a grant agreement with the MEDC within six months of Wrate's contract approval date, that a \$500 additional fee per building be required from business owners in order to update and revise estimates as required by the MEDC.

continued from A1

Mural reveal

and local artists spent a month completing the work of art, which was revealed Aug. 5, 2018. Prominent features of the "Discover" mural include: a depiction of the Manistique East Breakwater Lighthouse, Kitchi-iki, Seney National Wildlife Refuge, the Lake Michigan shoreline, the Manistique boardwalk, the historic Manistique water tower, the Manistique River, and the all-encompassing rings, which represent tree rings - a nod to Manistique's logging history.

Center. As with the 2018 mural, the public was asked for their input on which word would be featured at the center of the mural. Ultimately, voters selected "Imagine" as the second mural's featured word. In addition to Manistique's project, murals are also being painted in Gladstone and Marquette. Prior to the 2019 projects commencing, the Power of Words Project raised approximately \$23,000 through the Michigan-based crowdfunding platform Patronicity, securing a matching grant from the MEDC's Public Spaces Community Places program.

The public is invited to attend the "Imagine" Power of Words Project mural reveal Monday at 5 p.m. The event will also feature music and pizza, as well as chalk and bubbles for children.

We're working to protect Michigan's water.

The Great Lakes are important to Michigan, and we all want to protect the Straits of Mackinac.

That's why we've implemented enhanced safety measures to protect the environment, including increased monitoring and alerts to ships to prevent anchor strikes.

We're also replacing Line 5 at the St. Clair River with a new, state-of-the-art pipeline crossing far below the riverbed using horizontal directional drilling technology.

Line 5 is critical infrastructure that provides the energy Michigan residents and businesses use every day. It would be irresponsible to shut down a safe pipeline that's essential to Michigan and the region.

We are committed to doing what it takes to uphold our pledge to protect our Great Lakes while safely meeting Michigan's energy needs.

The success of the annual Manistique Area Sport Fishing Club Derby is due to the generosity of several area businesses. The Manistique Area Tourist Council recently presented the club with their donation of \$5,000. Pictured above are, from left: Brett Tallman, Chris Gogola, and Greg Schuetter. Also making their donation recently was Graymont, who sponsors the pre-fishing tournament held Monday-Wednesday. Jeff Segerstrom presented club members with the check in the amount of \$1,800. From left to right are: Tallman, Segerstrom, and Nick Benedetto.

Annual derby this weekend

MANISTIQUE — Months of preparation will come to fruition this weekend as fisherman and women convene at the Port of Manistique for the 34th annual Manistique Trout and Salmon Derby.

As in years past, the derby boasts large guaranteed cash payouts of \$3,000 for first place salmon and \$2,000 for the first place trout. Additional payouts are awarded for second through eighth place in each category. Additionally, an optional 3-3-3 Side Tournament will also be available for participants.

New this year, a Women's Tournament takes place Friday. Entry into the event is \$75 per boat. Individuals must also be entered into the main tournament to participate.

Winners will be determined by weighing the heaviest three-fish per boat. Payout will be \$1,000 for first, \$500 for second, and \$250 for third.

There will be a 6 a.m. shotgun start and boats must be back in the harbor by noon. Men are allowed to drive the boat, set up the poles, net the fish, and even set the hook, if necessary, but participating women must reel fish in.

Top prize is \$250 for the heaviest salmon and a \$250 for the heaviest trout. The event is sponsored by Moonshine Lures.

Sign up for this year's derby will take place at the Captain's meeting at 8 p.m. July 26 at the Westside Boat Launch. Derby tickets are

also available at Wheaty's Pub, Top-O-Lake Sport and Gift Shop, Linda's Bread Box and Sporting Goods, and Roy's Place. All registration tickets must be purchased before the start of fishing Saturday. No tickets will be sold after 9 a.m. Saturday.

Due to the construction at the Manistique Marina and the inability to dock boats there ahead of time, organizers will be launching boats into the harbor an hour earlier than normal starting at 3 a.m., Saturday and Sunday. The 5:30 a.m. release time will remain the

MAYS season underway

Courtesy photos

Maine Family Chiropractic and Manistique Oil recently meet on the field. The close game ended with a final score of 5-4. Above, Kaylynn McDougle, Cole Watchorn, Tom Clark, Ethan, Kayden Smith and Berkley Hoholik all focus on the ball. At right, the new MAYS sign located at the soccer field located in the Lindsley Frenette Pines Park. Below, Kale Dillon and Landon Papple go after the ball.

MANISTIQUE — Manistique Area Youth Soccer recently started their 2019 season.

According to MAYS President Sheila Clark, there has been a strong showing by all teams.

"There were lots of close games that were exciting to play in and to watch," stated Clark. "It is impressive to see kids of all ages get into the competition."

There has also been a couple of new additions to the fields, located in the Lindsley Frenette Pines Park, this year. Thanks to donations from Graymont and mBank, as well as man power from Schoolcraft county staff, the east side of the soccer field now has a new

chain-link fence.

Commenting on the fence, Clark stated, "It is a definite improvement over the orange snow fence that was falling down and past its prime."

The association also has a new sign, thanks to local artist and Big Boy Coach Ryan Gilroy. The sign commemorates when the field was dedicated in 1996.

Manistique has seven teams participating this season. Grover Real Estate, the five-six year old league is coached by Beth Aldrich.

In the 9U league age group, Maline Family Chiropractic is coached by Sheila Clark. Manistique Oil is also competing in that

category and is coached by Matt Mioke.

Manistique has two teams playing in the 12U league. Gilroy coaches the Big Boy team and John Ziembra leads Jacob's Dental.

The 15U team, sponsored by State Savings Bank, is coached by Mary Lou Lund.

Lund also coaches the 19U team sponsored by mBank.

Team schedules are available on the association's website at www.manistiquesoccer.com/forms/.

State Savings Bank (15U) is scheduled to play the Garden/Munising team tonight (Thursday) at home. Game time is set for 6:30 p.m.

Fishing derby

continued from B1

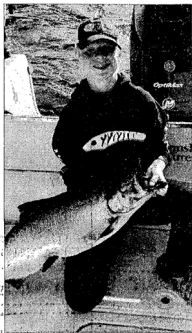

same. Three days of pre-fishing took place July 22-24. On Monday, Jeff Segerstrom took first place with his king weighing in at 24.39. P.J. Stoll placed second with a weight of 23.76, and Trevor Bosanjic was third with a weight of 23.16.

Tuesday and Wednesday winners were not available at press time.

Fishing officially begins at 5:30 a.m. and ends at 4 p.m. Saturday and runs from 5:30 a.m. to 2 p.m. Sunday. Any rule changes will be discussed at the Captain's Meeting Friday night. Prizes will be based on the greatest weight, with length serving as a tie-breaker. The fish must be an indigenous salmon or trout caught in Lake Michigan during derby hours, by a registered contestant, from a registered boat.

Spectators will have the opportunity to feast on Croatian chicken beginning at 1 p.m. each day.

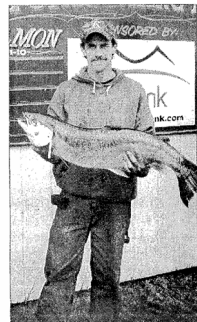

For more information, contact Brett Tallman at (906) 286-0234.

Above, fishing earlier this week, Trevor Bosanjic (right) and Ryan McEvers (left) were both successful fishing out of the Port of Manistiquie. McEvers landed this 29.48-pound, 40.5-inch king salmon. McEvers is pictured with his parents, Jason and Trisha McEvers. Below, looking forward to the Women's Tournament, Jennifer Benedetto and Breanna Bosanjic flaunt recent catches.

Pioneer Tribune photos Throwing back to 2009, Ken Mattson (above) of AuTrain took first place in the salmon category with his 28.65-pound, 38.5-inch catch. Alfred Burns took first in the trout category with his catch at 18.5 pounds, 36 inches.

ACE HOHOLIK'S Inc. advertisement featuring various tools and products like SmartMax, Blue Clean, and Ready-To-Use Wood & Grass Killer III.

Well, I have to admit that this weather with nice overcast nights and then nice warm summer type days is my kind of weather. It is what makes living up here so special when your air conditioning is open a window and letting Lake Michigan do all the work.

From what I hear, the super-hot weather has made for real slow fishing right now for a lot of fishermen. They also told me if you are not careful you will either be well done or at least medium rare when you return to shore.

There seems to be a good crop of fish this year with a good number of twins running around. This kind of surprises me after the hard winter we had.

If you are poking around out in the woods remember it is super dry out there right now and will stay this way

until we have some long steady rains to soak things up good. If you are camping and building a campfire make sure it is cleared around the area of the fire and make sure it is out good when you call it a day.

It has always amazed me how we can have all the high water we are having in areas and there still be a lack of rain. I guess we may be able to be thankful we have not received all the rain they have in some areas of the country.

This falls under "Tell me it isn't so" but I have always said in my articles that it seems that those down in the "Big House" (Lansing) are out of touch with those of us from the U.P. and once again it may be proven true.

I am going to have to apply for a crop damage permit because the deer

Fish Report

Ret. Sgt. John Walker

are raiding my garden here in town eating my cucumbers, beans, tomatoes, and lettuce. It sure is a cruel world after all the problem we had getting our garden started then finally hoping we may even get something out of our garden only to be under a deer attack.

This is the best time of year to hit the woods looking for blueberries to see if this is one of those years when there is a super crop of them. You know you have reached the level of becoming one of the "over-the-hill" gang when you get down to pick blueberries and wonder if you are going to be able to get back up.

It is so funny thinking back through all those years and remembering how when berry picking season came a boy could make a few extra bucks picking berries and selling them. Of course back then you sold them for twenty-five cents a quart but back then that was a lot of money.

From the Forester

Bill Cook

Managing a forest is an exercise in both personal gain and providing benefits for many others...

The casual drive through the sugar maple forest was a deep, dark green, even though the day was about as clear and sunny as a day could possibly get...

Then, all of a sudden, the world lightened up. The trees looked larger and there were far more birds singing for territories and mates...

The deep forest of dark hues was not a "natural" forest, at least not in the sense of what might have been found on this site, say, 200 years ago...

Sugar maple was about the only tree species, overstocked with the good, the bad, and, yes, even the ugly. Those trees were quietly moaning under stress for the lack of sunlight...

Enter the foresters with paint guns. The first trees to receive paint were those not likely to live another decade or so...

Completed, the job was far from completed. This winter, a logger had harvested the painted trees. Undoubtedly, the timber sale bid was competitive...

I exited the car and entered the

freshly-opened forest. I needed to take a look around. This forest would be a bit warmer and drier. The snow would have melted somewhat sooner...

It was a pleasure to view work done by those who care about what they do.

This forest was within the Lake Superior snowbelt, so deer over-browsing in the spring was not going to be a major issue with the recruitment of seedlings into saplings...

Subsequent harvests will provide for multiple generations of new trees that would eventually replace the current single-aged second growth. Yes, this will be a very high quality stand of sawlog sugar maple in the future...

The tree spacing throughout the part of the harvested area was about right. It wasn't entirely even, as various sized gaps were left in order to encourage tree species other than sugar maple...

With the encouragement from clouds of mosquitoes and black flies, I got back into the car. We continued to slowly drive down the seasonal county road, marveling at the skillful forest management...

"Doing the right thing" has much to do with defining "right." In this case, it's all about correcting mistakes of the past and providing as many benefits to people, forests, and wildlife as possible...

As an MSU Extension forester, Bill Cook provides educational programming for the entire Upper Peninsula. His office is located at the MSU Forest Biomass Innovation Center near Escanaba.

DNR looking for volunteers for Pocket Park at UP State Fair

LANSING - If you're looking for a volunteer opportunity to help young people experience outdoor recreation - helping instill in them a sense of Michigan's great natural resources heritage and traditions - then the Michigan Department of Natural Resources is looking for you.

Mentors are needed to help staff the DNR's Pocket Park during the Aug. 12-18 Upper Peninsula State Fair. Activities volunteers assist with include helping kids catch and release bluegills in the U.P.-shaped pond, shoot pellet guns, or bow and arrow, staffing the fire tower or greeting visitors.

"Most folks who volunteer at the Pocket Park find it to be a very rewarding experience, with many returning to offer their help again this year," said Kristi Dahlstrom, one of the DNR volunteer organizers.

The DNR Pocket Park is a 1-acre site located off U.S. 2, within the fairgrounds. The park caters especially to youngsters who are seeking an outdoor adventure or to learn an outdoor skill.

The U.P. State Fair draws more than 80,000 visitors annually, many of whom visit the Pocket Park to participate in the recreation activities, experience nature programs, visit with conservation officers or enjoy a relaxing, shaded spot to sit in a natural resource setting.

"Volunteering at the Pocket Park is a positive and rewarding experience all the way around," said Jo Ann Alexander, one of the DNR volunteer organizers.

Businesses and organizations, or clubs and groups, may wish to sponsor shifts during the fair by having their employees or members volunteer as a group.

Volunteer training for all activities is provided. Shifts during fair week include:

4:30-8:30 p.m. Monday (fair opening day - Aug. 12) 11 a.m.-3:30 p.m. and 3-7:30 p.m. Tuesday through Saturday (11:30 a.m.-3:30 p.m. Sunday (final day of the fair - Aug. 18)

Volunteers must be at least 16 years old (unless under special pre-approved circumstances) and pass a background check. A meal, T-shirt and small gift will be provided.

Anyone interested in volunteering should contact Kristi Dahlstrom at (906) 226-1331 or dahlstromk@Michigan.gov or Jo Ann Alexander at (906) 786-2351 or alexanderj7@Michigan.gov.

(906) 786-2351 or alexanderj7@michigan.gov

The Pocket Park is open Memorial Day to Labor Day by appointment to host family gatherings, picnics, youth organizations, school groups, sports associations, scouting campsouts, and public events that include some introduction to fishing, shooting or outdoor recreation.

Those interested in booking an event at the Pocket Park can call (906) 789-0714 or (906) 786-2351 to reserve a date.
