Regular Examinations on the first Thursday of September and the first Thursday of October at Manistique on the first Thursday of April and October. Special Public Examinations last Friday of April and October. Examinations commence at 8 o'clock a. m. W. F. HIGGS, Secretary. C. H. MERRILL, Chairman. School No. 1. H. STANLEY, Examiner.

WANTED—Atonce or 10 men that would like to take farms on easy terms; good location. For particulars call on D. W. Thompson at the Court House, Manistique.

POLITICAL.

Mr. Blaine will speak at Detroit next Wednesday.
The Probabls in Antrim county have nominated a full set of county officers.
Hill, of New York, wants to be governor whether Grover is president or not.
Free trade is an enemy to the laboring men of this country that should be shunned.
Funds is what the democratic managers seem to want most now. Office holders must "shell out."
Political parties on this peninsula are getting along this fall pretty well, without any professional leaders.
Bandwagons will come into use after the election—wiping away the tears over the Democratic defeat.

The Democratic party isn't much of a success in firing the popular heart but it has no equal at firing old soldiers out of office.
Manistique township Republicans should attend the caucus next Friday night. Select the right kind of men to represent the party in the county convention.
The Congressional nomination made at Menominee on Thursday leaves no sure spots in this county, only what are carried by the Democrats. He will make John Power score another defeat.

Wellington R. Burt is having a hard time covering up his declarations made years ago. They are all against his present attitude in politics. If he was honest then, he is far from it now, and vice versa.
Every Republican should be at the Club-room to-night. Our delegates to the Congressional convention will be there to report their doings. These meetings are growing more interesting as the campaign progresses.

People here talk over the political situation very calmly; Democrats and Republicans each have confidence in the success of their party, and so express themselves; but nothing like street corner talk is indulged in.

By a telegram received yesterday morning we learn that Hon. Sam. Stephenson, of Monominee, was nominated for Representative from this Congressional district. No particulars. That means an increased Republican majority. Our delegates are slow about getting home.
Some men are very timid about announcing their names in the paper as candidates for office, and still they expect their party papers to support them. We do not complain of this because of the few attached, but because a newspaper is the proper channel through which candidates should be brought before the public.

One more convention—county—and the Republicans will have their ticket complete. We have not the least idea at this writing, who the nominees in this county will be; but we hope they will all be men of ability and have the good will of every voter in the party, and many outside of it. We have a good ticket so far, but we want it unexceptionable clear through.
The fact of the Treasury surplus the amount of which is variously estimated, has directed public attention to a consideration of the methods by which a national income may be reduced to the level of wise and necessary expenditure. This position has been seized upon by those hostile to protective customs and duties as an advantageous base of attack upon our tariff laws. They have magnified and nursed the surplus, which they affect to deprecate, seemingly for the purpose of exaggerating the evil, in order to reconcile the people to the extreme remedy they propose. The proper reduction of the revenue does not necessitate, and should not supplant the abandonment or impairment of the protective system.—[Gen. Harison's letter of acceptance.]

LOCAL NOTES.

Now is the time to buy your fall fruit.
Farmers busy taking cart of their crops.
So far the Republicans have strong ticket.
Norton is "getting there" with his dock work.
Very little sickness reported in this vicinity now.
Small-boats will do well to keep near the shore.
Make wool contracts before cold weather sets in.
Frost at Rome, Georgia, the fore part of this week.
The Allegheny and barges got away Wednesday night.
Mail yesterday from the west was several hours late.
Rough weather causes a falling off in travel by water.
Country roads are reported getting quite muddy again.
The advertisers are holding tent meetings at Battle Creek.

Correspondence solicited from all parts of the county.
There was a good attendance at the rink Thursday night.
Merchants busy getting their fall goods in shape for sale.
Harrison barges getting to be quite fashionable hereabouts.
"Billy" Button is getting his new building in shape rapidly.
Be sure and attend the Republican club meeting this evening.
The board next month will fix the salaries of county officers.
That planning will be ready for business in a very short time.
Plenty of water in the river now to keep the mills running steadily.

Views, the handsomest that can be taken of local scenery, at Howaris.
A few more trips of the barges and the shipping season will be at an end.
Farmers are now making contracts for delivering wood to our townspeople.
Just the right time to put up stoves and get all things in readiness for winter.
The upper peninsula has been placed in the tenth division of the U. S. mail service.
A summer hotel on the banks of Indian Lake would be well patronized every season.
We hope every township in the county will be fully represented in the county convention.
A pledge to support a man if nominated by his party is all that should be asked of any voter.
Candidates cannot make friends by speaking disparagingly of their opponents in their own party.
Very quiet in town this week—wonder if the exposition at Minneapolis had anything to do with it.
The Weston Mfg. Company are getting a large amount of material piled up to work this winter.
Capt. Cliff Hart is now in command of the C. W. Moore and Capt. H. W. manages the Fannie C. Hart.

Considerable interest is being manifested in our public schools. A great change has taken of that of last year.
Blacksmiths are about the busiest set of mechanics we know of in Manistique. They always have plenty to do.
Several have expressed to us the wish that the G. A. R. Post would have another camp-fire meeting soon.
Read the advertisement of Mrs. Lewis and Miss Mills in another part of the paper. Full particulars next week.
Milton Weston, the Chicago millionaire, serving a sentence in the state prison of Pennsylvania for shooting a rioter, was granted a pardon last week by the board of pardons.

We look for a big winter's work in the planing mill. There promises to be a demand for all they can manufacture.
Almost every day now we hear of some man that would like to have a nomination for some office forced upon him.
The Anderson has been in the "swing" for a day or two having some repairs made on her steering apparatus.
The mill in the 3rd story of the Bowen-McKinney block is being finely carpeted. It is the finest room of the kind in town.
The lamps will be distributed to the members of the uniform companies at the roller rink this evening at eight o'clock sharp.
The Brown, Capt. Carter, is unloading 400 tons of coal here for the Booth tugs. It is from the Tuscarawas Valley mines in Ohio.
Now look out for a lively hunting season. Get your guns ready boys, for the time is at hand. Please wait until Monday morning.

If laboring men and mechanics feel that they are getting "entirely" too much wages they can get them reduced by voting the free trade ticket.
Local news very scarce outside of the announcement of births. The latter is a staple article and we rarely issue a paper without such items.
The people of Manistique are anxious to have a call from some of the best stump speakers. The right kind can draw a big crowd at any time.
Daniel Heffron is making very extensive improvements this season on the farm he bought from James Lolls. It is a fine body of land and well located.
We are a listener to all that may be said about the county canvass, but have only this advice to give: Nominate a ticket that will defeat the Democratic party.

A meeting will be held at the residence of W. H. Hill, this evening, for the purpose of re-organizing the Chautauque Circle. All interested are invited to be present.
Very few old men that had to work for a living years ago under the free trade law are anxious to vote that way this year. They cannot afford to cut their own throats by doing so.
The uniforms are on hand for the three companies of Harrison and Morton wide awakes, and now look out for a grand parade. They are ready to respond to all calls.
The question about the stoppage of work, and the removal of the furnace at Fayette, is still in doubt. The Company may have decided what to do, but if they have they have not chosen to make it public.
All quiet at Sonoy. The only thing we learn from there, politically, is that they are becoming somewhat interested in whom the Republicans should nominate for the different county offices. Their township canvass has not been called yet.
And still Manistique is without a regular book store; but we really believe that one would pay well. The drug stores make a practice of keeping some of the articles usually kept in regular establishments, but nothing like a complete assortment.
Our business is to work for the whole ticket, and this we shall do until the polls close in November. We are anti-Democratic; have no sympathy with the "third" party movement, and we believe in the success of the Republican party and its principles.

Charles Coon is now alone in the grocery business and his aim is to get a stock of goods on hand that will meet the wants of his customers. He always sells as cheap as he can afford to. Go there for anything in the grocery line. New advertisement next week. Remember the place, Oak street.

THE PEOPLE.

Mr. Holmes, of Germfask, was in the village Thursday.
D. W. Thompson returned from Minneapolis yesterday.
Born, the first part of this week to Mr. and Mrs. McKelvey, a daughter.
Mr. Osgood, of Thompson, was a caller at this office Thursday afternoon.
Harry Adkins has a pretty bad hand. He got it hurt some time since and caught cold.
Rev. Mr. Whitney left yesterday for Iron Mountain, where he is to preach the coming year.
Rev. J. B. Lambly started out on his missionary work yesterday. His field is the entire upper peninsula.
Ed. L. Clapp will engage in business at Detroit about New Years. We have not learned yet who his successor is to be.

Rev. Mr. Polkinhorne has been heard from and he expects to reach here to-day, and preach at the M. E. church to-morrow.
Thanks for a very pleasant call from Hon. F. A. Husher, Thursday forenoon. Mr. H. is the editor of a Scandinavian paper at Minneapolis.
Born on Thursday last to Mr. and Mrs. Lee Witter, of South Manistique, a boy. He claims it as another addition to the Democratic party.

Ed. Huley got the ends of two fingers clipped off by the jointer to one of the shingle machines, the other day. Dr. Walker attended to the trimming.
We knew it, but neglected to say in Thursday's issue, that on Wednesday there was born to Mr. and Mrs. Burton an 13 pound boy. Another victory for Oak street.
Mrs. Hopkins, of Ludington, is here canvassing for a number of important works, and among others one of the greatest importance to us just at this time is the Life of Gen. Ben. Harrison, written by Gen. Lew Wallace. Every Republican should have this book. Gen. Wallace is one of the prominent writers of the day.

SOMETHING NEW.—A. M. Miller has started an orchestra band in connection with the M. C. Band, containing six pieces. The following are the names of the members: A. M. Miller, Henry Barling, Geo. McCracken, Was. Gillingham, Harry Ruggles and Fred Greenwood. The organization is called the White Wing Orchestra, and will be ready for business in a few weeks.

CLUB MEETING.—It has been thought best for the Michigan Republican club to meet at the rink this evening. Turn out everybody. Companies A and B will devote an hour to drill, and the torches will be distributed to all the members present. Preparations are making for a grand parade some time next week.
GESSY'S FURNISHING GOODS.—Archie MacArthur has opened a stock of the very best of goods in the show line in the store-room of MacArthur Bros., next side. All the latest styles of hats, caps, neck-wear, shirts, drawers, etc. Give him a call.
FOR SALE.—Household goods, bed-room suits, dishes, etc., must be sold at once. Will sell cheap for cash.
MRS. C. D. WILDECK, Westside, Schoolcraft Avenue.

Small-pox at Toronto.
Grand Rapids city tax, this year amounts to \$300,000.
Last Saturday the Wilmington, Delaware, authorities used the whipping post to punish 17 men for crime.
Be careful in buying the biography of Gen. Sheridan that you get the duly authorized edition. There are several publishers putting out unauthorized books, purporting to be the biography of the General.

Yellow fever is alarmingly on the increase in the south.

"Marquette, Wis., voted for \$500 saloon license last week. Of course the saloonists are kicking.

Norman Johnson, a Bay City pine land dealer, is alleged to have bought 20,000 acres of pine land in Chippewa county.

Keely pleaded before the court yesterday that his misdeed was not by levity of his poverty. It will require \$10,000 to complete it.

No Democratic president, since Jackson, has ever been re-elected, although all of them desired it. Such will be the case this fall.

P. B. Wachtel, of Potosky, who came within several thousand votes of being elected secretary of state two years ago, has been nominated for the legislature.

The boundary line between Alaska and British Columbia has never been definitely settled, and Dominion officials are now claiming that the rich gold fields on the Yukon are in the territory of the Dominion.

The military spirit is dominant in the world. The Swiss government, whose mountain fastness no nation covets, has asked its parliament for a credit of 25,000,000 francs for the equipment of the army and the manufacture of new guns.

"Ah, it fills my heart with joy," said a country minister as the last notes of the organ died away, "to see so many strangers among us this beautiful Sabbath morning. The Good book says: 'He was a stranger, and I took him in.' The collection will now be taken up."—"Life."

A suit of law at Moscow and various investigations disclose that tea is being shamelessly adulterated. Forty-four samples analyzed four consisted of a mixture of tea and certain kind of grass; four of the grass alone and five of ten that had already been used. In Moscow the police have found a number of barrels of sweepings intended for admixture with tea.

The action of the last conference of the M. E. church to which the upper peninsula is attached, in passing a resolution sanctioning the "child" party movement, being but the expression of a lot of fanatical ministers does not affect the standing of the laity by a long ways. The Republican members of that church will continue to vote with their party just the same.

The Hocking Valley railroad case, in which the president sued former directors to recover \$3,000,000, said to have been fraudulently issued in stock and sold, has been decided in favor of the defendants.

Kansas settlers in the vicinity of the neutral strip are about to organize 200 troopers and retake stolen stock and other property, and capture the thieves, who are entrenched in an almost inaccessible fortress.

The Michigan synod of Lutherans has notified the general council, now in session at Minneapolis, of its intention to withdraw from the council. The lone of contention is a rule relating to the exchange of pulpits.

The largest steamer that ever floated, the Great Eastern, after numerous unsuccessful efforts to make her pay, has recently been taken apart and the material of which she was composed will be used for other purposes.

A correspondent wants to know how the President can give \$10,000 to a fund to elect himself, when he could give only \$20 to the Charleston earthquake sufferers. The question answers itself. He wouldn't have had so much money to put up for a second term if he had been in the habit of fooling away his substance on earthquakes.—New York "Tribune."

The lumber kings of the country have recently been made happy by an order of the land department of the government, which was ostensibly made in the interest of those persons who might wish to take up pine lands as homesteads. It takes all the government pine lands out of the market, where they have hitherto been offered in large areas, and opens them up for settlement in 160 acre tracts, under the homestead act. The immediate effect of this action, will be to increase the value of all pine lands outside the government holdings, and also to send up the price of lumber.—N. Y. "Tribune."

It is self evident that the more things we manufacture in this country, and the less we buy of other nations, the more work and wages shall we have for our own workmen. Therefore the Republicans are in favor of a protective tariff that will furnish the greatest amount of work and wages for our own people. On the other hand, the more we buy of Europe, the less work and wages we have for our own workmen at home. Therefore the Democrats favor free trade, or reducing protection, so as to buy more abroad and manufacture less at home; thus taking work and wages away from our own workmen and giving work and wages to the cheaper workmen of Europe.—Lansing "Republican."

Mr. W. J. Vanderhoof, a business man of Sydney, Australia, writing to the New York "Press" speaks thus of the contrast between protection and free trade as illustrated by his experience there:
"Those who favor free trade should come to this colony and see its utter failure. With only 1,000,000 people in this great colony they cannot find employment for them, while taxes are enormously high, the national debt is overwhelming, £45 per head for every man, woman and child and a deficit of \$800,000 every year. In the province in which Melbourne is situated where they go for the American plan of protection everything is flourishing, £700,000 to £800,000 surplus annually, business booming and prosperity everywhere."

English Newspaper, Enterprise.
The ignorance I speak of reflects the indifference of the London newspapers with respect to American affairs. The presence of Mr. Blaine in London was of no account to them. At one and the same time there were staying in London four such men as Simon Cameron, Senator Joseph R. Hawley, Senator Eugene Hale and Gov. Alger, of Michigan. The newspapers did not have a line about them. Supposing for a moment that Chamberlain, Lord Randolph Churchill, Groschen and Bradlaugh arrived in New York; the whole country would know of it the next morning and their views on every subject of vital interest would be reproduced at length. Gov. Waller gave a dinner to Senator Hawley and Simon Cameron, and again not the slightest mention was made of the occurrence.—Chancey M. Depey.

For State Senator. ALBERT O. BLACKWELL. For Representative. ELMER N. ORR.

ANNOUNCEMENTS. In Proceeding.—You will announce the name of Edward Ashford as a candidate for clerk, subject to the decision of the Republican county convention.

There will be a Republican County Convention held at the Republican club room in the city of Manistiquette, Michigan, on Friday, October 10th, at two o'clock p. m., for the purpose of nominating county officers to be supported at the ensuing election.

Republican Township Caucuses. The Republican electors of the township of Manistiquette are requested to meet at the Court House on Friday evening, Oct. 4th, at eight o'clock, for the purpose of electing eight delegates to attend the County Convention called for Oct. 10th.

A large box, received at St. Petersburg yesterday from Warsaw, was found to contain the body of a lady dressed in a costly dress with a profusion of lace and jewels. It is supposed she was murdered by nihilists.

The search for the sunken treasure ship Frank at the Delaware breakwater has ended. The company refused to furnish any more funds on what has proved a delusion, and the whole thing ends in a row.

The territorial office holders in Dakota will have to give up about \$30,000 to the Democratic campaign fund. No wonder a Democratic administration doesn't want to make a state of the big territory. The "milking" is too good.

Hereafter convicts at the Michigan State prison may earn the right to wear plain gray suits. Instead of the prison stripes. Men who obey the prison rules for six months may discard the stripes, but if after that period they become obnoxious again, they must once more don the objectionable clothing.

The Reed City Clarion has this to say of Mr. Burt who recently made a speech at a Democratic rally in that city. In general his language on the South Side was about the same.

"Perfection" was one of the themes of his discourse, and "beam me up" was the pleasure of listening to the "whirl" of his can rest assured that they will yet hear a political speech in the 6th "leg" which will not be interrupted so beautifully with the profane utterance "damn" used in connection with some "sinful" by the speaker and which the "sinful" were loudly applauded. The bores of our language are made forcibly apparent to us in view of the fact that Mr. Burt thinks we are taxed too much to support State Educational Institutions. Doubtless his political confederates who sit within the sound of his voice on Saturday evening, wished some times that he had taken a "primary course" at some of those same "tax-supported" institutions, during a period of his earlier existence.

The Old Doctors

Draw blood, modern doctors cleanse it; hence the increased demand for Alteratives. It is now well known that most diseases are due, not to over-abundance, but to impurity, of the blood; and it is equally well attested that no blood medicine is so efficacious as Ayer's Sarsaparilla.

Recommended above all others, we used it with marvellous results. The sore healed and health and strength rapidly returned. "I find Ayer's Sarsaparilla to be an admirable remedy for the cure of blood diseases. I prescribe it, and it does the work every time."—E. L. Pater, M. D., Manhattan, Kansas.

JUST BEYOND

Just beyond the hills,
Past the fragrant hay fields,
Past the forest with their yields
Of dark wood, and the green
That are worn with the feet of the deer...

Taken at His Word

Nellie Palmer was lying on the lounge in her pretty bedroom, crying and looking very unhappy. And yet she had been married only six months, and to such a nice handsome man...

As a tempo, he advised, severely. "I wish you'd amused yourself in society, as I do, instead of moping about in this fashion. You can't expect to have me feel to your apron strings, and I'd much rather see you flirting a little with yourself than sulking away in holes and corners, like a spider, watching your butterfly of a husband to see if you can detect him in the apartment."

The same things, books, music, scenery; indeed, everything and have the same opinion of most subjects. You know how pleasant it is to meet with one who can talk to you on any subject, and who is not merely, but with a sort of soul sympathy."

A DESPERATE OUTLAW

His Pursuit and Capture by a Norvy

A Canadian officer at Calgary, N. W. T., tells a New York Post correspondent this story of an adventure with a desperate whisky-trader: "I have had some close calls with whisky-traders in my time, and still," he added, meditatively, "I never had to kill one yet."

"What's that?" asked the rider, as he took the glass in his hand...

"It's mint," said the farmer. "Give us a little of it," said his guest.

"The man rode away. Three years later he visited the spot again. He remembered it, but he noticed that a great change had taken place...

"Where's your husband?" asked the man, recalling that drink and wanting another.

"Dead," she replied, laconically. "Well, well," he said. He didn't look as if he were going to die...

"The woman looked at him and said slowly: "There was a man came along here about three year ago, and he learnt my ole man how to mix grass with his whisky..."
