

THE PRESIDENT'S RECORD.

1. The President sent a substitute to the war when he was elected in 1863. Subsequently he went to the poorhouse, and so on.

2. While a resident of Buffalo, Mr. Cleveland was asked to contribute toward sending a veteran society to the Yankton reservation. He replied, saying: 'I am sick and tired of this old soldier business; you fellows have been well enough cured for, and I object to this on principle; you went to the war on \$13 a month and got it, what more do you want?'

3. In 1882, as Mayor of Buffalo, Mr. Cleveland vetoed the resolution of the Common Council appropriating \$500 for the expenses of the G. A. R. on Memorial Day. This allowance had been made by the city annually for several years, and taken from the amount appropriated, under the charter, for Fourth of July and the reception of distinguished guests. No taxpayer in Buffalo had ever objected to the expenditure. Yet the Mayor vetoed the appropriation. Every year since 1882, the appropriation has been regularly made, as it had been before, and has been approved by the Mayor.

4. As Governor of New York, Mr. Cleveland vetoed a bill for which the G. A. R. petitioned, making it a misdemeanor for any man not a member of the G. A. R. to wear the badge which has been adopted by the order. This badge is held in the highest veneration in the order, and its use for advertising or other mercenary purposes is strictly prohibited. As Governor he also vetoed a bill providing for the relief of James Young, a one-armed Union veteran, who was made an almost helpless cripple by an accident while in discharge of his duties as an employe in the Capitol at Albany. He also vetoed a bill providing that every honorably discharged soldier or sailor from this state should be furnished with an engraved certificate of his discharge.

5. The President has manifested indifference for the feelings of the Union veterans by various acts in addition to his vetoes of bills for their relief. Hardly had his inauguration begun before the flags were lowered on the public buildings as a token of respect for the memory of one of the leaders of the Rebellion. He ordered the return of the captured rebel flags, and only rescinded the order when its illegality had been demonstrated and he had been warned by expressions of indignation throughout the country that he had made a fatal mistake. Union soldiers have been dismissed from every branch of the public service in order to make room for Democratic placemen and spoilsmen.

6. The Dependent Pension bill for the relief of 40,000 poor and disabled veterans was defeated by the President's veto. He has vetoed 209 special pension acts and neglected to sign fifty-five additional acts of the same class, and in his veto messages he has not scrupled to speak contemptuously of Union veterans and their services.—New York Tribune.

A gang of Italian railroad laborers working on the Canada, Superior branch of road, about twenty miles from the latter place, pronounced upon the foreman, with whom they had some trouble, and after riddling his body with bullets, cut him into pieces with hatchets, knives and picks. They then fled into the thick woods, and at last accounts had evaded capture. An armed posse are scouring the country, and if they are caught, several necktie parties will be the result.—(Ontario Herald.)

The executive campaign committee of the Democratic National Committee is composed of ten members, seven of whom are officers of railroad corporations, representing thirty of the leading lines of the country.

Home Evidence

Another preparation has seen success at home—equal to Hood's Sarsaparilla. In Lowell, Mass., where it is made, it is now, as it has been for years, the leading medicine for purifying the blood, and for strengthening the system. This "good name at home" is "a tower of strength abroad."

It would require a volume to print all Lowell people who have said in favor of Hood's Sarsaparilla. Mr. Albert Lowell, Esq., living at 25 East Pine Street, Lowell, for 15 years employed as boss carpenter by J. W. Bennett, president of the Erie Telephone Company, had a large running sore on his leg, which troubled him a year, when he began to take Hood's Sarsaparilla. The sore soon grew less in size, and in a short time disappeared.

Just Danby, 24 Central Street, Lowell, had a swelling and lump on his face and neck, which Hood's Sarsaparilla completely cured. Mrs. C. W. Marrott, wife of the First Assistant Fire Engineer of Lowell, says that for 15 years she was troubled with stomach disorder and sick headaches, which nothing relieved. The attacks came on every fortnight, when she was obliged to take her bed, and was unable to endure any noise. She took Hood's Sarsaparilla, and after a time the attacks ceased entirely.

Many more might be given had we room. On the recommendation of people of Lowell, who know us, we ask you to try.

Dress the Hair

Ayer's Hair Vigor. Its beneficial effects on the scalp, and its effect on the hair, are well known. It keeps the hair soft and shining, preserves its color, prevents it from falling out, and, if the hair has become thin, promotes a new growth.

Efficacy

"I was afflicted some three years with dandruff. My hair was falling out, and what remained turned gray. I was induced to try Ayer's Hair Vigor, and in a few weeks the disease in my scalp disappeared and my hair resumed its natural color."—(Rev.) S. S. Sims, pastor of the Church, St. Bernard, La. "A few years ago I suffered the entire loss of my hair from the effects of dandruff. I had tried after a time nature would supply the loss, but I waited in vain. Many remedies were suggested, none, however, with such good results as Ayer's Hair Vigor, and I began to use it. A growth of hair soon came out all over my head, and grew to be as soft and heavy as ever. I had a natural color, and finally set."—A. H. Pratt, St. Paul, Texas.
