Before the House adjourned, Saturday, Representative Kilgore, of Texas, prevented the passage of a bill by unanimous consent, allowing all G. A. R. men in the employ of the Government in this city seven days leave with pay during the National encampment in September. Mr. Kilgore enjoys nothing better than rapping the old Union soldiers over the knuckles at every opportunity.

The Democracy now has to face a party which has its blood up and has already caught its second wind.

The Woman's Missionary meeting of the Baptist Society will be held on Friday afternoon at 3 o'clock in the session room of the church.

It is remarkable how rapidly all Republicans are coming to think everything at Minneapolis was for the best.

We are told that there is little or no margin in iron this season, and still we have only one furnace that has suspended operations, and that one the Pioneer, of Negaunee, on account of its being worn out after a thirty years run.

The grading and ditching of Lakeside streets is well started; the old ditch on Garden avenue, which was near the centre of that thoroughfare is being filled up and a new ditch dug near the sidewalk. Good ditches are being dug on Arbutus avenue.

Democrats began yesterday to talk about getting up a steamer for Cleveland and Gray. Should they be the nominee there will be one or two un-terrified here that will have to eat crow. No matter, the whole party will have that kind of a feast in November.

Summer visitors have begun to arrive, but most of them only come to stay a week or two. The Ossawinimakee has several of that kind. Later on those to visit here for months will put in appearance. Hot weather south of here always causes people to come to the north shore.

Go over and be served in grand style with strawberries and cream. The ladies of that town never make any mistakes when they set out to entertain visitors.

Rev. Andrew McLean Dead.
Such was the news received here yesterday from Waukesha, Wisconsin. He died early that morning. For months that Rev. gentleman had been failing rapidly and the most of his acquaintances were prepared to hear at any moment the announcement that came yesterday. For the past two years Mr. M. has been on the sick-list with Diabetes, and everything that could be done to ward off the fatal consequences usually attendant upon such an attack, had been put forth by both he and his friends; the very best physicians in the country were consulted; he went abroad in search of good health, visited specialists on both sides of the Atlantic and finally resigned his pastorate here and with his family moved to the famous resort a few months ago. Every word that has reached us from that point for weeks has been to the effect that he was growing worse. He leaves a wife and two children, a large number of warm personal friends here and elsewhere to mourn his loss. Four years ago he was ordained pastor of the Presbyterian church here, and was greatly respected by the members of that society. The family have the most profound sympathy of this people in these sad hours of their greatest loss.

A Pleasant Surprise.
Tuesday evening the 21st inst. being the twenty-fifth anniversary of Mr. and Mrs. D. W. Bennett of Thompson their friends concluded to give them a lasting remembrance of the occasion. Early in the evening one of them taking Mrs. B. out for a drive while Mr. B. was quietly detained at the office until the company assembled.

On returning to their home about 9 P. M. they found the house well filled with a merry crowd who had taken possession of everything and each vied with the other in making everything pleasant.

Mr. John A. Robinson in his usual happy vein on behalf of the assembled guests presented the happy couple with an elegant Silver Tea Service; there were also numerous other valuable presents. To say that Mr. and Mrs. B. were completely surprised would but faintly express it; in fact words failed them entirely and they could but look their appreciation.

After refreshments were served and the reunion of the couple by Rev. Polkumhorn the company enjoyed themselves in games, music and dancing until a late hour.

The occasion was one which will long be remembered by Mr. and Mrs. B. and their numerous friends. The only drawback being the unavoidable absence of their second daughter Edith.

REPUBLICAN PLATFORM.
Adopted by the National Convention at Minneapolis, June 10.
The representatives of the Republican of the United States assembled in general convention on the shores of the Mississippi river, the everlasting bond of an indelible republic, whose most glorious chapter of history is the record of the Republican party, congratulate their countrymen on the majestic march of the nation under the banners inscribed with the principles of our platform of 1856, vindicated by the polls and prosperity in our fields, workshops and mines, and make the following declaration of principles:
First—We reaffirm the American doctrine of protection. We call attention to a growth abroad. We maintain that the prosperous condition of our country is largely due to the wise revenue legislation of the Republican congress. We believe that all articles which cannot be produced in the United States except luxuries, should be admitted free of duty, and that on all imports coming in competition with the products of American labor there should be levied duties equal to the difference between wages abroad and at home. We assert that the prices of manufactured articles of general consumption have been reduced under the operations of their tariff act of 1856. We denounce the efforts of the Democratic majority of the house of representatives to destroy our tariff by the tariff act of 1890, manifested by their attacks upon wool, lead and lead ores, the chief products of a number of states, and we ask the people for their judgment thereon.
Second—We point to the success of the Republican policy of reciprocity, under which our export trade has vastly increased and new and enlarged markets have been opened for the products of our farms and workshops. We remind the people of the bitter opposition of the Democratic party to this practical business measure, and claim that, executed by the Republican administration, our present laws will eventually give us control of the trade of the world.
Third—The American people from tradition and interest in, or attachment to, and the Republican party demands the use of both gold and silver as standard money, with such restrictions and one or such provisions to be determined by legislation as will secure the maintenance of the parity of values of the two metals, so that the purchase and sale of paper money shall be at all times equal. The interests of the producers of the country—the farmer and workmen—demand that every dollar, paper or coin issued by the government shall be as good as any other. We commend the wise and patriotic steps already taken by our government to secure an international conference to adopt such measures as will insure a parity of value between gold and silver for use as money throughout the world.
Fourth—We demand that every citizen of the United States shall be allowed to cast one free and unrestricted ballot in all public elections, and that such ballot shall be counted and returned—cast that such laws shall be enacted and enforced as will secure to every man, white or black, the sovereign right, guaranteed by the constitution, the free and honest popular ballot; the just and equal representation of all the people as well as their just and equal protection under the laws are the foundation of our republican institutions, and the party will never relax its efforts until the integrity of the ballot and the parity of elections shall be fully guaranteed and protected in every state. We denounce the continued human outrages perpetrated on American citizens for political reasons in certain southern states of the Union.
Fifth—We favor the extension of our foreign commerce; the restoration of our mercantile marine; the development of the fisheries; the creation of a navy for the protection of our national interests and the honor of our flag.

Merit as the measure of success. Geo. Meabe & Co.'s Cigars sell by the million.

The Hill at the Chicago Convention appears to be only a small affair, if the conjectures in Tuesday's papers be true.

William Simmons left on the afternoon train yesterday for Waukegan, Wisconsin, to attend the funeral of Rev. A. McLean.

Mr. and Mrs. Norman McDonald and Master Willie Worth left yesterday to spend a couple of months visiting friends in Canada.

Disgruntled Republicans make the poorest kind of Democrats; a fact that the rank and file of that party are thoroughly cognizant of.

Local offices will have much to do this fall with the votes for state and national candidates. That is true especially on this peninsula.

We want every business man in Manitowish to display a streamer of the party he works with this fall. Come to the front gentlemen and be counted.

Have not heard of any Senatorial or Representative aspirants in this District yet. Don't believe Schoolcraft county asks for anything that line.

Weinig & Thompson are not in it as candidates, but they are before the people as reliable dealers in meats, lard, garden stuff, etc. Call on them and leave your order.

Married on Tuesday by Rev. S. Polkinton, at the residence of Mr. Fowler, their daughter Eliza to Mr. John C. Watson. The DIXONS wish for long lives and general prosperity to this young and happy couple.

The band excursion Tuesday evening on the Hunter was well patronized and all report a grand time. The two bands furnished splendid music. The lake was smooth as glass, consequently there was no disposition manifested to feed the fishes.

The steamer Geo. H. O. is advertised to cross Indian Lake twice next Sunday, thus giving all that want a chance to view that great natural wonder—the Big Spring. The boat will leave the Indian buying ground at 11 A. M. and 2 P. M.

Roe Bros. cordially invite young boys from town and vicinity to visit their store on Saturday morning at 10 o'clock when they will be presented with a handsome gift, which is just nothing for boys. Come on time and get your present.

Yours Respectfully, ROSE BROS.

D. L. Goodrich, Gen. Agent for The National Loan and Investment Co., of Detroit, desires all Stock Holders of the Local Branch in Manitowish to meet him Saturday evening, this week at 8:30 in the Parlor of the Osawinimac; also any one desiring to borrow money or invest make their wants known. This company has a record of never refusing a good loan to its members, and Mr. Goodrich is here for that purpose now.

Subscriptions to the 4th of July fund should all be paid in to Mr. Putnam this week and next so that the committee can pay promptly every prize awarded. Do this and when the shadows of night shall put an end to the enjoyment of that day the committee will have every debt paid. That is the proper way to have a celebration and when it is over all obligations are met. Let us have nothing to hang fire awaiting slow collections.

A member of the Massachusetts legislature was guilty the other day of charging a fellow-member, at the conclusion of a red-hot speech in favor of temperance, with a fondness for champagne. A man with a champagne palate and a cold water tongue is a freak who is exposed to moments of much embarrassment.

The warden of the California prison dresses in a flaming red shirt and cap all his prisoners who show signs of restlessness and a desire to escape. In this way all their movements can be watched. Their fellow convicts call them "salvation army" and those hall club, and altogether they wish they hadn't tried to get out.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder ABSOLUTELY PURE

The great thing to be possessed home on every Republican is the fact that a victory of the Democracy this fall would in all probability give that party control of both branches of Congress as well as the Presidency. It would put them in complete control and in a position to give the country Democratic rule in all that the name implies. It is this state of affairs which should speedily convert every lukewarm or indifferent Republican into an enthusiastic determined worker.

Ice Cream. Mrs. Payne wishes to announce to the people of Manitowish and vicinity that she is ready to serve them with the best of ice-cream. Give her a call. Elk street, between Cedar and River.

A Boston woman went the rounds of the charitable institutions in that city trying to place the baby of a respectable married woman, who is obliged to go out to domestic service because her drunken lout of a husband will not support her. The lady declares that had the child's mother been wicked and the child illegitimate she would not have had half as much trouble. There is no romance about a baby not of that sort.

Pure Leghorn. Mr. Ashford has the finest strain of Leghorn hens to be found anywhere in the west, and those wanting the best kind of poultry can purchase "sections" of eggs. It pays to raise the best.

The editor that banks on the coming campaign as one that will be characterized by rank personalities, bitter sarcasms, political and slinging we hope has no foundation for such a thought. It looks to us a bottle to be fought on the open field of honest political differences of opinion.

For Sale. A even room handsome residence, nicely situated in Lakeside, only built two years ago will be sold cheap for cash or part cash and recurred payments for the balance. Possession given within 30 days after sale. Enquire at this office.

Large bottles 50 cents and \$1.

Dyspepsia

Makes the lives of many people miserable, and often leads to self-destruction. Distress after eating, sour stomach, sick headache, heartburn, loss of appetite, a faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels, are some of the more common symptoms. Dyspepsia does not get well of itself. It requires careful, persistent attention, and a remedy like Hood's Sarsaparilla, which acts gently, yet surely and efficiently. It tones the stomach and other organs, regulates the digestion, creates a good appetite, and by thus overcoming the bad symptoms removes the symptoms. Headache, the effects of the disease, banishes the headache, and refreshes the tired mind. "I have been troubled with dyspepsia, I had but little appetite, and what I did eat distressed me, or did me little good. In an hour after eating I would expect hence a faintness, or tired, all-gone feeling, as though I had not eaten anything. My trouble, I think, was aggravated by my business, which is that of a painter, and from being more or less shut up in a room with fresh paint. Last spring I took Hood's Sarsaparilla—took three bottles. It did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced."

HOOD'S SARSAPARILLA Sold by all druggists. B1 at the U. S. Dispensary only by C. L. HOOD & CO., Apothecaries, Lowell, Mass. 100 Doses One Dollar

In New York City it is given out that 27,000 women support their husbands, and of these 26,000 do not even claim that they ought to be accorded the right to vote.

Senator Hale gave voice to an important truth when, in the temper of the fight over the Presidential nomination, he said:

"Those people who talk of any rupture over the result of the convention are mistaken in their judgment of the composition of the Republican party. A convention where there is a contest, and the blood of the delegates is stirred with excitement and feeling is always better for the party than when the convention is dull and stupid and partakes of the character of a mere ratification meeting. It is the latter which the party has need to fear, and not the former."

Happy Hosiery. Wm. Timmons, Postmaster of Ixville Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that had feeling arising from my Kidney and Liver troubles." John LeVine, farmer and stockman, of same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine, and me to feel like new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man whose all run down, and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a good year on life. Only 50c, a bottle at Thompson and Putnam's Drugstore."
