Symptoms of Cancer Removed - Rheumatism Cured

A Chicago Clergymen's Faith in Hood's Sarsaparilla.

"Dear Sir: I am profoundly impressed with the moral virtues of Hood's Sarsaparilla. I was decreased with cancer, and disagreeable eruptions on my back and other places. The cancer was disappearing on the use of Hood's Sarsaparilla, and by the time it was gone, the eruptions had every disappeared. I have used two bottles, and I believe it has saved me from premature death."

Weather Signals.
The storm days have been revived and will be displayed from the flag staff on the Company office. Below we give description of the flags and what they indicate.

A red flag with a white center indicates that the winds expected will not be severe, but well-fogged, seasonally vessels can meet them without danger.

A red flag with a black center indicates that the storm is expected to be of a marked violence.

The points of display of said flags indicate the direction of wind; but, eastward from northeast, to south, westerly from southwest to north. The points above the flag indicate that the wind is expected to blow from the north or north-westerly, from the south or south-westerly.

The "Inauguration Signal" consists of a red pennant, and indicates that the local officer has received information from the central office of a storm covering their carrying capacity with Gillmore E. Cooper, the result would have been a Republican walk-away. It was a foregone conclusion that N. X. Nevin's nomination for the people of Goodwin and Whiteville would be a Republican walk-away.

Royal Baking Powder

ABSOLUTELY PURE

The Rhode Island Wave.
In a survey of the grand triumphal march of the Republican party through the cities, Territories, and States in which elections recently have been held there is no doubt of the successful campaign in Rhode Island being over-looked.

The changes from a Democratic plurality of 1,274 for Davis in 1891 to a Democratic plurality of 1,187 for Baker in 1892, and to a Republican plurality of 5,000 for Brown in 1894, mark distinctly the effect of free trade legislation upon popular votes. When such legislation was first brought into the State in 1891, it was a Democratic plurality of 1,274 for Davis in 1891, a Democratic plurality of 1,187 for Baker in 1892, and a Republican plurality of 5,000 for Brown in 1894.

A Republican victory was to be expected in Rhode Island, for it is a State of wage-payers, and neither Tom Johnson nor the support of alliteration which can convince wage-payers that they are better off when wages are low than when they are high. No one can say that in the lifetime of the present generation, at any rate—again convince them that high wages can be maintained when the prices of the things made by wage-payers are falling steadily. Good pay for the wage-payers must go hand in hand with fair profits to the wage-payer, and both result in a wage-payer, cannot result in a wage-payer to the wage-payer. Voluntary or written and spoken stipulations may will their weight against these axioms, but they cannot dislodge them.

They are answering into deep, and the signs of Rhode Island's wave is heard in the joyful clamor. There is a partial revival of every intelligence of Republican victory. When the Congressional election of November next, give sure presence of a Republican President, the restoration of confidence will be complete throughout the world of trade and agriculture.—Inter Ocean.

The number of this paper will be paid to learn that there is a least one dread disease that science has been able to cure in all instances; and that is Catarrh. Hall's Catarrh Cure is the only positive cure known for this medical infirmity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the formation of the disease, and giving the patient strength by building up the constitution and assisting nature in its work. The proprietor has in his possession a few bottles of this medicine for sale at 100 cents per bottle. Address: J. C. Cassatt & Co., 100 N. O. St., Sold by all Druggists, etc.

Bright Spring Days.
The spring should be pre-eminently a season of contentment, happiness and hope. In these bright and pleasant months the country should enjoy its highest degree of tranquility and prosperity. But spring, it is well known, is often a period of discontent and disturbance in the physical system. Important organs of the body become torpid or irregular in their action, and the fact is naturally reflected in the mental condition of the individual. A disorder of the brain means disordered nerves and a dull and unsteady brain. Anything which will bring the physical system into harmony with nature, and thereby indicate a permanent benefit upon the nation, besides the healthful effects of physical discomfort. Hall's Sassafras does, this as thousands of grateful and happy men and women can testify, and increased vigor of this standard giving medicine is of more real and practical importance in promoting health and vitality in the business world than means of abstract theorizing.
