An Error.

Northern working men are beginning to gather the fruits of error and wrong that have been industriously instilled in their minds, thoughts and actions by the democratic party for the last thirty years; and has been one of the primary ingredients, or principles, of democratic thought since my earliest remembrance—though at times somewhat silent thunder, but effective when rambling in the ear of ignorance and prejudice. The error that I have in mind is that this government and country over which the stars and stripes wave is a "white man's government," by the whites, for the whites; and people of any other color have no rights or privileges that the whites are bound to respect.

I have been at times, within the last few years, among gatherings of working men where the sentiment seemed to prevail that this idea or principle should be carried further than this. When I have heard the expression "I am the Swede, of 4—5—6—7—8—9—10—11—12—13—14—15—16—17—18—19—20—21—22—23—24—25—26—27—28—29—30—31—32—33—34—35—36—37—38—39—40—41—42—43—44—45—46—47—48—49—50—51—52—53—54—55—56—57—58—59—60—61—62—63—64—65—66—67—68—69—70—71—72—73—74—75—76—77—78—79—80—81—82—83—84—85—86—87—88—89—90—91—92—93—94—95—96—97—98—99—100—101—102—103—104—105—106—107—108—109—110—111—112—113—114—115—116—117—118—119—120—121—122—123—124—125—126—127—128—129—130—131—132—133—134—135—136—137—138—139—140—141—142—143—144—145—146—147—148—149—150—151—152—153—154—155—156—157—158—159—160—161—162—163—164—165—166—167—168—169—170—171—172—173—174—175—176—177—178—179—180—181—182—183—184—185—186—187—188—189—190—191—192—193—194—195—196—197—198—199—200—201—202—203—204—205—206—207—208—209—210—211—212—213—214—215—216—217—218—219—220—221—222—223—224—225—226—227—228—229—230—231—232—233—234—235—236—237—238—239—240—241—242—243—244—245—246—247—248—249—250—251—252—253—254—255—256—257—258—259—260—261—262—263—264—265—266—267—268—269—270—271—272—273—274—275—276—277—278—279—280—281—282—283—284—285—286—287—288—289—290—291—292—293—294—295—296—297—298—299—300—301—302—303—304—305—306—307—308—309—310—311—312—313—314—315—316—317—318—319—320—321—322—323—324—325—326—327—328—3

A placard placed by order of government in the Belgian schools states that of 125,000 deaths one-fifth of the number, or 25,000, are attributed to alcohol. In one period in which the population increased 14 per cent the use of alcohol grew to 37 per cent. The cases of insanity increased 45 per cent, the criminals 47 and suicides 80 per cent. Finally might be mentioned that in the same period the number of beggars roving, unemployed persons increased 156 per cent.

At the recent dressmakers' conference, they were recommended to wear as a costume black gowns with gathered, or plaited skirts, turn-down collars and white cuffs, the hair to be worn plain and no jewelry to be worn save for ornament. The young ladies protested against giving up frizzy hair and the resolution was voted down.

The smartest act of Cleveland's administration was couched in the resolution to adjourn to Hog Island for snips and buns. It will give the President time to think. There is no better time for a man's thinker than when ailing for buns, and Mr. Cleveland has great reason to think just at this time. He has come near exhausting the patience of the American people than any man since the days of Andrew Johnson.

"Teeth Braces Without Pain." Probably no city in town enjoys a job better than that of a dentist. He never allows to pass unimproved an opportunity of making one. At the party at Mr. Roberts the other evening he said, "I have recently come to this office and asked a question on a high point which he was a question to answer. As the district attorney was present and as the question and answer would interest every one present, he would repeat them. The question was, 'Could a man in North Dakota marry his widow's sister?' The district attorney promptly answered that he could if he wanted to, and the company concurred in his decision. But when the major justice remarked that this was the first time he had heard of a dead man marrying, there were explosions of laughter which continued for several minutes." -North Dakota Republican.

In a piano factory, and it being Christmas time they were specially busy. "Bill," said the manager to the man who sweeps the office, "I want you to go down the street and buy a piano for a family. They're in a great hurry, or I wouldn't ask you to do it, but the regular time has gone for the day." "Oh, I can't do that," replied the man. "I've got to sweep, you see, and you'll see me to get the piano." "Give 'em a few trials see a lot of keys." "Give 'em a few trials see a lot of keys. Thompson on the keyboard like a crazy man for 15 minutes. Change them a thing or two and come back in time to get the coal on the fire." And the sweepster did it. That evening the daughter of the house remarked to her father: "How charmingly he tamed it! I was never able to play Wagner's music so deliciously." -Boston Transcript.

Consular History. There is considerable commercial rivalry between Houston and Dallas. A merchant of the former city said to a Dallas merchant: "We do a tremendous business. At one time we had three defaulting customers in Galveston." "That shows you were doing a pretty fair business, but it is nothing to what we do in Dallas. We have to use a garden hose to moisten the postage stamps, our correspondents is so large," replied the Dallas man. -Texas Siftings.

Washington Letter. Never within the memory of the oldest habitue of the Capitol has the majority of the Senate allowed itself to be managed by the minority as the republicans have managed the democrats since those four hundred amendments to the tariff bill were presented to the Senate. Although Senator Brewster had that 43 democratic Senators are

pledged to support the tariff bill after these amendments are adopted, yet the single democrat has held the courage to defeat the amendments. The nearest anyone of them came to it was when Senator Harris said: "The democratic party have never in their history been so much in the wrong as they are now."

Sufficient rations to feed the men staying in the hotel. The argument for a new trial for Coxey, Beaumont, Jones, convicted of violating the law for the protection of the Capitol building and grounds, will be heard to-morrow.

an \$800 job that even now pays but little that amount, and now see the result: Ellis has cursed every dollar he has drawn from the state—that much must be said for him. He has been a hard worker, it must be said he has done no unnecessary. Verily glory, notoriety—call it whatsoever name you will—is dearly bought sometimes. But Ellis has no one to blame but himself and his own inexperience and folly. It is not regret that Ellis' garments were torn in the struggle to get him into politics—Detroit Tribune.

The Lansing Journal is authority for the statement that Lard Commissioners have agreed to do all the securing for the state board of auditors. Recently the board wrestled over an enormous bill and became considerably exercised. Finally Treasurer Wilkinson said, "Confound it," and French said, "Damn it," and Secretary Gardner who, as is well-known, is a Methodist clergyman, was compelled to admit that he agreed with both of them.
