which he read the address and to which, Washington, presented the written reply, both of which documents are preserved but perhaps are too long to read here.

Again, during our visit our general confidence of 1861 toward an address to President Lincoln. This was read by appointed authorities of our church, and to "Abraham Lincoln" replied as follows:

Dear Sir: In response to your address, allow me to attest the accuracy of 18 historical statements, endorse the sentiments it expresses, and thank you in the nation's name for the sure promises it gives.

Not only sustained by the government has been by all the churches. I would not say nothing which might in the least appear to have excited any party. Let me say, it may fairly be said that the Methodist Episcopal church has been devoted to the best of its greater numbers the most important of all. It is not faulted others that the Methodist church sends more soldiers to the field, more nurses to the hospitals, more prayers to heaven than any other. God bless the Methodist church and bless all the churches, and blessed be that God who in this great trial gives us the churches.

Fire-bugs Abroad.
Monday night, at about 10 o'clock, fire was discovered in one of the rooms of the residence of Miss Jennie Rankin, adjoining the home of Edmund Ashford, which, until recently, was occupied by the family of Eugene Howard. The alarm was given by a lady who was passing by, calling on Mrs. Rankin, stopping at Henry O'Brien's, two doors away. Upon gaining admittance to the building it was found that the fire was in a pile of paper and other inflammable material, which was thoroughly saturated with kerosene, making it appear that it was the work of fire-bugs. It took some little time to get the fire under control. But the damage was done. The building is owned by the U. S. Co. Had the fire gotten under headway Mr. Ashford's residence would have had a narrow escape from burning. No one.

Brevé Turment at Marquette.
The citizens of Marquette have arranged for a bicycle tournament to take place at Riverside Park in the city July 17 and 18. Prizes of the value of over \$1000 are put up. The first prize nearly every man is a dollar diamond or gold watch. These rewards open to all riders of bicy-

cles and joggers, drop a fair profile of the race, and expect that the riders of World's Fair sourest. The on-lookers were well pleased with the marvelous performance.

Thomas B. Petrie, of Detroit, arrived in the city Monday, and will take up his residence with his having been engaged to succeed Charles J. Thoen as manager of the C. L. Co. store. During the past four years Mr. P. has resided in this country, the Pioneer Hardware Co. and Freeman, Bennett & Co. Co. Detroit, and having visited here regularly during that period, he is not an entire stranger. He is thoroughly posted in the hardware business, is a jovial, pleasant gentleman, and we expect that Marquette will bid him welcome as one of its residents. His family, now residing at Marquette, will take their residence in this city about September 1.

The following party will be given by successful competitors in the bicycle races on the 14th of July:
