Good, wholesome and cheap.

G. Stands for Graves,
Over which we often weep

Yes, that is a fact. Many a poor, fretful household has gone to an untimely grave on account of over-work. Nothing is more injurious to health than baking bread over a hot stove in this hot weather. Why not save the patient and long-suffering wife a little annoyance, by buying Grier's bread? You really wonder how your favorite loaf ever was as hard as does your wife's.

Another fact.

"Any Old Shoe"

won't pinch your foot if it's sufficiently too big—but you might as well wear a meat bag.

Selz Royal Blue
\$4.00 Shoe
Manufactured by Selz, Schwab & Co.

has a way of fitting the foot's curves and keeping its shape. You can wear a Royal Blue that's your size. It's a handsome shoe, and how it does last!

It was said on Monday by a reliable informant that the next sheriff of Schoolcraft county spent Sunday in this city. Our reporter did not see or hear of a man here that day, but he has a good idea of a show. It may be possible that the next democratic candidate was here at the time mentioned, but he has long way from being elected to that office. The next sheriff of the county will be chosen by the people in a few weeks from now. Mark that.

Judge Hixson was seen to come down town Monday with a smiling countenance, an elastic step and putting on airs as though he was preparing to join Manistique's "400," and what was the reason? Simply because his wife had the day before presented him with a beautiful \$100.00 gold watch. The judge is able to attend to business. Congratulations are extended by the many friends of the family, including the "Pioneer."

Mrs. Andrew Foley died. Our citizens have been called upon today to pay their last tributes of respect to Mrs. Mary C. Foley, the departed wife of Hon. Andrew Foley, who until recently resided here, and filled responsible positions in our city. Mrs. Foley died on Thursday last at 11 p.m., at the home of her son, Hermon. Some of the party were tired out. Fred and Will say it was Norm, but he don't talk that way. "Little bit."

Last Friday evening as the K. O. M. members sat about leaving their parlors they were surprised by the L. O. T. M. taking them by storm.

The old kitchen was in order until the evening was completed. It is being given over to an outsider to serve the duty there in its existence.

Last week Charles Dockhage, departed, issued a proclamation that so many must observe the Sabbath day more peacefully.

Joseph Fountain invested a car which he claims in a month's time. Joe is always ready to answer all questions. Care will do.

The biggest man we see in town is Henry Landis and he is a young man arrived at his residence last Monday evening. Mother and babe are doing well.

The dipping waters of the brook may cause to insure, but section 4 man McTullough, as of yore, keeps his track up in a creditable manner. So we learn from the Road master.

These days our township clerk, D. Spillmeyer, receives a great many letters from teachers desiring a school. The following is one of the epistles:

"Hearing of your school board wishing to engage either male or female teachers, having been both in demand for the past year, I would think you to consider me an applicant."

This week the Iron Cliff furnace company, of Neogame, will have their engines here surveying the railroad track from the Soo line through the Parson tract of land.

Ralph Sullivan and his sons, Leonard and Tague, departed Tuesday for Chicago, where the latter will attend school. Many here will miss Leo's cheerful countenance.

Mrs. M. O'Brien and Mrs. N. McDonald one day last week had a peculiar experience in keeping away from the ankles of a bear.

Still the town well is holding the fort, so far as giving up the factored drill to Gray & Howe. We understand these gentlemen are purchasing another set of drills, in order to complete their contracts.

The residence of Mrs. Mike O'Brien was pleasantly invaded last Monday evening by the scholars of our village school. It was a surprise party, and no advantage was taken of the occasion to present master Leonard Tague with an address, accompanied by a gold pencil. The address was as follows:

Dear Lads—We, the pupils of our village school, and you one—associate, cannot permit this golden opportunity to pass without showing the esteem we hold in store for you. The footprints that you have left in the sand of our memory will not soon be forgotten, and are in every way worthy of being remembered by your admiring friends. Now, as our relation with you of school days are soon to be severed we beg of you to accept this gold pencil as a token of our constant association with you in our school-days, hoping you will advance towards increasing fields of usefulness, and that the severance of our scholastic life will strengthen the bond of friendship. We ask of you not to measure the warmth of our attachment by the brevity of our words or the trifling gift of our offering. May God bless you, and may He guide you through the tempest storm and the second sea by your incursions into a harvest of good fruit, signed on behalf of the scholars, One Thousand.

MELVINA LEVISON, HENRY THEBERGER, PERIN DEWEY.

Aphorisms—Laconics—Proverbs. Plain dealing is a jewel. Works, not words, are the proof of love. The spirit of truth dwelleth in meekness. Enough to live in temper; die in pain. He makes no friends who never made a foe. The wages of sin are not paid in gold.

irritation of the mucous membrane, caused by the continuous use of food prepared with the alum or alum phosphate powders, are familiar in the general case from abundance.

It is not possible that any prudent housewife, any loving mother, will knowingly use an article of food that will injure the health of her household, or perhaps cause the death of her children.

How shall the dangerous alum powders be distinguished? And how shall the danger to health from their use be avoided?

Generally, alum powders may be known from the price at which they are sold, for from the fact that they are so cheaply made, they are sold at a price of under one cent per pound.

It is impossible to fill all the alum powders in the market, but any baker who is sold at a low price, or advertised as being only half as much as cream of tartar powder, or as being sold by a press, or dispensed under any scheme, is of this class, detrimental to health, and to be avoided.

But the very safe and correct protection of our health, health and safety from all danger of unwholesome food is in the use of the Royal Baking Powder only. This powder is mentioned because of the innumerable reports in its favor by high medical authorities, by the U. S. Government, and by the official chemists and Boards of Health will leave no doubt as to its entire freedom from alum, lime and ammonia, its absolute purity and wholesomeness. While its use is thus a safeguard against the poisonous alum powders, it is satisfactory at the same time to know that, owing to its greater strength it is more economical than others.

These facts should induce consumers to turn to a dealer or to all opportunities to buy the inferior powder. The wise housekeeper will decline in all cases to take them.
