I have the courage of my convictions and I honor every man who has it. It is no easy matter for me to forsake the democratic party...

Had McKinley visited England and Mr. Wilson would not have been petted and pampered as was the latter...

It is longer wages you are after, keep right along voting the Democratic ticket.

Quite a number of democrats in this county make no very faces when they say, 'I shall vote the republican county ticket this fall, for if ever we needed a change it is now.'

A vote for the democratic ticket is an avowal for free trade.

By voting the republican ticket you make a record for protecting American industries and American laborers.

The voters of Schoolcraft county cannot do better than to elect Hon. Richard Mann to the state senate.

Work for the whole republican ticket. Every name on that ticket represents a man well known to the voters of the county.

The contest in this county is really between the democratic and republican; the populist only taking a hand in some candidate where they could get a promise of fusion with the democrats.

Republican candidates for the county offices feel highly encouraged about the outlook.

J. C. Messenger, of Cooks, our candidate for coroner here, Dr. Satter, of this city, is an old soldier, a man eminently fitted for the position and if elected, as he will be, not a single duty will be neglected.

E. D. Carr, the republican candidate for sheriff is too well known to require any extended notice at this time.

These who are in doubt as to whom to vote this fall cannot do better than watch the election of the republican state and county tickets.

F. F. Wheeler, a prominent Wisconsin man and for many years a democrat, says: 'I may call me what they will but I have the courage of my convictions.'

in elections. It cannot be otherwise. Uphold your republican principles at the polls.—Menonite Herald.
